PUBLIC SCHOOLS - PINE RIVER, MN

Report from transportation:

1 new driver was hired beginning of January, he is a great fit and doing a wonderful job. We are still needing 1 afternoon route covered. We have been trying to get new drivers, but it has been tough.

Activity vans (after sports practices) usage has been very low. I was hoping to see more students utilize this service.

Behaviors on the buses have been manageable. Lately the referrals have been very low compared to what they were in September and October.

We have been able to cover our extracurricular activity runs in house.

The drivers have all been doing a fantastic job this winter driving in the winter weather conditions. I know I say all the time, but PRB is lucky to have the drivers we have.

Thank you for all of your support from the transportation department.

Charity Crannell  
Transportation Director

### Community Ed

- Completed a Safe Routes to Schools planning grant up to \$5000. This money would be to pay for assistance from Region V in the planning process prior to applying for Safe Routes to Schools.
- RDT Dance Clinic is going great with over 40 PRB kids signed up. Students in grades K-6 will perform at the Boys Basketball game on Feb 16th and the RDT show in Pequot Lakes the following week.
- Ice Skate checkout night went well even though our rink is still not open, families are getting out to various places and staying active.
- Snowshoes are getting used by Elementary Classrooms and Mr. Casperson. It is great to see all the activity and resources Community Ed can share and integrate into the classroom.
- After School Enrichment (ASE) classes are going well and our classes fill up very quickly. We have a high demand for more ASE classes. Nature Club and Mary Jo classes are full and students are having fun and learning. This spring we are adding a gardening club through one of the grants we received for the garden. Some options for in-class presentations and projects will be available for students/teachers.
- Adult classes - expanding some of our current fitness offerings this winter. Also starting to work with Fitness 218 to add more options for students and the community using our facilities. More to come as we figure out how to make this all work together.
- B2B - Saturday Feb 11th from 8-5 lots of good workshops and vendors. This will be our first year back fully in-person since the COVID pandemic so I am very excited about that. It will be a Big Day with 47 workshops, over 50 vendors, and a keynote speaker: Carrie Jennings from Freshwater.

### Communications and Marketing

- Tiger Talk every 2 weeks has been going well. Deadlines are Friday by noon because paper is delivered through the mail now. I hope you all have been enjoying the articles.
- Tiger Pride - hope to have proof done this weekend so the printing process can start Monday Jan. 30th. Some of the pieces will include: Transportation, Nurse Office, Yearbook, Mr. Gentry, Strive, CTS, Community Ed, and Community Info. Going to also send the link out through campus so people can see it earlier and closer to the quarter end from the website.
- Facebook slower this month but when you look at the past 90 day compared to the prior 90 days we are up substantially (62% engagement rate increase) that is huge!
- The Branding and Marketing committees have been meeting and lining up work to complete phase 1 and start phase 2 this summer along with the other construction projects happening.

Thank you,  
Troy Gregory

## Facility Report

January 2023

We just finished our 3 year Fire Marshal Inspection 1-18-2023. Went well with five infractions that were very minor violations.

A big thank you to the wood shop and Niel Travis for repairing and sanding the holes in the sheetrock in the mezzanine.

One of the write ups is to repair or replace the main Fire Panel for the Elementary Commons and the High School Panel. We will need to replace the fire panel. The current system is no longer reliable and replacement parts are no longer available. In 1995 we replaced the system to meet code and now when we replace this panel there is a new code. We will have speaker strobes in all restrooms, locker rooms, classrooms, gym and corridors.

The new Fire Alarm Control panel will have a live Microphone for paging and or instructions during an Emergency Lockdown.

I will send the report to Mr. Clark for the board.

Working on the Capital Outlay list for 2023/2024 with Jolene. Principals will be sending me their requests and then prioritize the needs of the district.

We have some people stepping up for subbing for the custodial. Two from the bus garage and two of the students and one adult that have been helping us out.

Bids for the project is closing today for the DCD and Nurses addition

We have had some minor repairs throughout the district that needed to be taken care of otherwise the buildings are running well.

Karl Flier  
Director Building/Grounds

## 603 CURRICULUM DEVELOPMENT

***[Note: Minn. Stat. § 120B.11 requires school districts to adopt a comprehensive long-term strategic plan that addresses the review of curriculum, instruction, student achievement, and assessment. MSBA/MASA Model Policies 601, 603, and 616 address these statutory requirements. In addition, MSBA/MASA Model Policies 613-615 and 617-620 provide procedures to further implement the requirements of Minn. Stat. § 120B.11.]***

### I. PURPOSE

The purpose of this policy is to provide direction for continuous review and improvement of the school curriculum.

### II. GENERAL STATEMENT OF POLICY

Curriculum development shall be directed toward the fulfillment of the goals and objectives of the education program of the school district.

### III. RESPONSIBILITY

- A. The superintendent shall be responsible for curriculum development and for determining the most effective way of conducting research on the school district's curriculum needs and establishing a long range curriculum development program. Timelines shall be determined by the superintendent that will provide for periodic reviews of each curriculum area.
- B. A district advisory committee shall provide assistance at the request of the superintendent. The advisory committee membership shall be a reflection of the community and, to the extent possible, shall reflect the diversity of the district and its school sites, and shall include parent, teacher, support staff, student, community residents, and administration representation, and shall provide translation to the extent appropriate and practicable. Whenever possible, parents and other community residents shall comprise at least two-thirds of advisory committee members.
- C. Within the ongoing process of curriculum development, the following needs shall be addressed:
  - 1. Provide for articulation of courses of study from kindergarten through grade twelve.

2. Identify minimum objectives for each course and at each elementary grade level.
  3. Provide for continuing evaluation of programs for the purpose of attaining school district objectives.
  4. Provide a program for ongoing monitoring of student progress.
  5. Provide for specific, particular, and special needs of all members of the student community.
  6. Develop a local literacy plan to have every child reading at or above grade level no later than the end of grade 3, including English learners, and teachers providing comprehensive, scientifically based reading instruction consistent with law.
  7. Integrate required and elective course standards in the scope and sequence of the district curriculum.
  8. Meet all applicable requirements of the Minnesota Department of Education and federal law.
- D. The superintendent shall be responsible for keeping the school board informed of all state-mandated curriculum changes, as well as recommended discretionary changes, and for periodically presenting recommended modifications for school board review and approval.
- E. The superintendent shall have discretionary authority to develop guidelines and directives to implement school board policy relating to curriculum development.

## 604 INSTRUCTIONAL CURRICULUM

### I. PURPOSE

The purpose of this policy is to provide for the development of course offerings for students.

### II. GENERAL STATEMENT OF POLICY

A. Instruction must be provided in at least the following subject areas:

1. Language arts and basic communication skills including reading and writing, literature, and fine arts;
2. Mathematics and science;
3. Social studies, including history, geography, economics, government, and citizenship that includes civics (see II.I);
4. Health and physical education;
5. The arts;
6. Career and technical education; and
7. World languages.

***[Note: World languages programs should be developed and implemented to acknowledge and reinforce the language proficiency and cultural awareness that non-English language speakers already possess and encourage students' proficiency in multiple world languages. Programs also must encompass indigenous American Indian languages and cultures, among other world languages and cultures. School districts may award Minnesota World Language Proficiency Certificates or Minnesota World Language High Achievement Certificates consistent with Minn. Stat. § 120B.022, Subd. 1.]***

B. The basic instructional program shall include all courses required for each grade level by the Minnesota Department of Education (MDE) and all courses required in all elective subject areas. The instructional approach will be nonsexist and multicultural.

C. Elementary and middle schools shall offer at least three, and require at least two, of the following four art areas: dance, music, theater, and visual arts. High

schools shall offer at least three, and require at least one, of the following five art areas: media arts, dance, music, theater, and visual arts.

- D. The school board, at its discretion, may offer additional courses in the instructional program at any grade level.
- E. Each instructional program shall be planned for optimal benefit taking into consideration the financial condition of the school district and other relevant factors. Each program plan should contain goals and objectives, materials, minimum student competency levels, and methods for student evaluation.
- F. The superintendent shall have discretionary authority to develop guidelines and directives to implement school board policy relating to instructional curriculum.
- G. The school district will provide onetime cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) instruction as part of its grade 7 to 12 curriculum for all students in that grade beginning in the 2014-2015 school year and later.
  - 1. In the school district's discretion, training and instruction may result in CPR certification.
  - 2. CPR and AED instruction must include CPR and AED training that have been developed:
    - a. by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or
    - b. using nationally recognized, evidence-based guidelines for CPR and incorporate psychomotor skills to support the instruction. "Psychomotor skills" means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.
  - 3. The school district may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training.
  - 4. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability.

***[Note: If a school district requests resources, the Minnesota Resuscitation Consortium must provide them to the school district for instruction and training provided to students under this section.]***

H. The school district shall assist all students by no later than grade 9 to explore their college and career interests and aspirations and develop a plan for a smooth and successful transition to postsecondary education or employment. All students' plans must be designed to:

1. provide a comprehensive academic plan for completing a college and career-ready curriculum premised on meeting state and local academic standards and developing 21<sup>st</sup> century skills such as team work, collaboration, and good work habits;
2. emphasize academic rigor and high expectations;
3. help students identify personal learning styles that may affect their postsecondary education and employment choices;
4. help students gain access to postsecondary education and career options;
5. integrate strong academic content into career-focused courses and integrate relevant career-focused courses into strong academic content;
6. help students and families identify and gain access to appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;
7. help students and families identify collaborative partnerships of kindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and employers that support students' transition to postsecondary education and employment and provide students with experiential learning opportunities; and
8. be reviewed and revised at least annually by the student, the student's parent or guardian, and the school district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.

The school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select a career, career interest, employment goals, or related job training.

***[Note: Minn. Stat. § 120B.125 requires school districts to provide the services set forth in Section II.H. beginning in the 2013-2014 school year.]***

- I. A student enrolled in a public school must correctly answer at least 30 of 50 civics test questions. A school or district may record on a student's transcript that the student answered at least 30 of 50 civics test questions correctly.
  1. "Civics test questions" means 50 of the 100 questions that, as of January 1, 2015, United States citizenship and immigration services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by federal law. The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to MDE and to the Legislative Coordinating Commission, which must post the 50 questions it receives on the Minnesota's Legacy website by August 1 of that year.
  2. A school or district may exempt a student with disabilities from this requirement if the student's individualized education program team determines the requirement is inappropriate and establishes an alternative requirement.
  3. A school or district may administer the civics test questions in a language other than English to students who qualify for English learner services.
  4. Schools and districts may administer civics test questions as part of the social studies curriculum.
  5. A district must not prevent a student from graduating or deny a student a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.
  6. The school district cannot charge a fee related to this requirement.

***[Note: This requirement is effective for students enrolling in grade 9 in the 2017-2018 school year and later.]***

## **614 SCHOOL DISTRICT TESTING PLAN AND PROCEDURE**

### **I. PURPOSE**

The purpose of this policy is to set forth the school district's testing plan and procedure.

### **II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to implement procedures for testing, test security, documentation, and record keeping.

### **III. DUTIES OF SCHOOL DISTRICT PERSONNEL REGARDING TEST ADMINISTRATION**

***[Note: This listing of school personnel may not be consistent with the personnel in the school district and, consequently, should be amended to reflect the personnel with responsibility for testing in the particular school district.]***

#### **A. Superintendent**

1. Responsibilities before testing.
  - a. Designate a district assessment coordinator and district technology coordinator.
  - b. The superintendent, or a designee who has been authorized to be the identified official with authority by the school board, pre-authorizes staff access for applicable Minnesota Department of Education (MDE) secure systems.
  - c. Annually review and recertify staff who have access to MDE secure systems.
  - d. Read and complete the *Assurance of Test Security and Non-Disclosure*.

***[Note: This form is included in the 614 Form file of the Policy Reference Manual.]***

- e. Establish a culture of academic integrity.

- f. Fully cooperate with MDE representatives conducting site visits or Minnesota Test of Academic Skills (MTAS) audits during testing.
- g. Ensure student information is current and accurate.
- h. Ensure that a current district test security procedure is in place and that all relevant staff have been provided district training on test administration and test security.
- i. Confirm the district assessment coordinator has current information and training specific to test security and the administration of statewide assessments.
- j. Confirm the district assessment coordinator completes Pre-test Editing in the Test Web Edit System (WES).

2. Responsibilities after testing.

- a. Confirm the district assessment coordinator and Minnesota Automated Reporting Student System (MARSS) coordinator complete Post-test Editing in Test WES.
- b. Verify with the district assessment coordinator that all test security issues have been reported to MDE and are being addressed.
- c. Confirm the MARSS coordinator has updated all student records for Post-test Editing.
- d. Confirm the district assessment coordinator has finalized the district's assessment information prior to the close of Post-test Editing in Test WES.
- e. Confirm the district assessment coordinator, or designee, has access to the Graduation Requirements Records (GRR) system and enters necessary information.
- f. Discuss assessment results with the district assessment coordinator and school administrators.

B. District Assessment Coordinator

1. Responsibilities before testing.

- a. Serve as primary contact with MDE regarding policy and procedure questions related to test administration.

- b. Read and complete the *Assurance of Test Security and Non-Disclosure*.
- c. Confirm all staff who handle test materials, administer tests, or have access to secure test content have completed the *Assurance of Test Security and Non-Disclosure*.
  - (1) Maintain the completed *Assurance of Test Security and Non-Disclosure* for two years after the end of the academic school year in which testing took place.
- d. Review with all staff the *Assurance of Test Security and Non-Disclosure* and their responsibilities thereunder.
- e. Identify appropriate tests for students and ensure student data sent to service providers for testing are correct.
- f. Establish district testing schedule within the testing windows specified by the MDE and service providers.
- g. Prepare testing conditions, including user access to service provider websites, preparing readiness for online testing, preparing a plan for tracking which students test on which computers or devices, ensure accommodations are indicated as necessary, providing students with opportunity to become familiar with test format, item types, and tools prior to test administration; establishing process for inventorying and distributing secure test materials where necessary; preparing procedures for expected and unexpected situations occurring during testing; planning for addressing technical issues while testing; identify staff who will enter student responses from paper accommodated test materials and scores from MTAS administration online.
- h. Train school assessment coordinators, test monitors, MTAS test administrators, and ACCESS (test for English language learners) and Alternate ACCESS test administrators.
  - (1) Provide training on proper test administration and test security.
  - (2) Verify staff complete any and all test-specific training.
- i. Maintain security of test content, test materials, and record of all staff involved.
  - (1) Receive secure paper test materials from the service provider and immediately lock them in a previously

identified secure area, inventory same, and contact service provider with any discrepancies.

(2) Organize secure test materials for online administrations and keep them secure.

(3) Define chain of custody for providing test materials to test monitors and administrators. The chain of custody must address the process for providing test materials on the day of testing, distributing test materials to and collecting test materials from students at the time of testing, keeping test materials secure between testing sessions, and returning test materials after testing is completed.

j. Confirm that all students have appropriate test materials.

2. Responsibilities on testing day(s).

a. Conduct random, unannounced visits to testing rooms to observe staff adherence to test security and policies and procedures.

b. Fully cooperate with MDE representatives conducting site visits or MTAS audits.

c. Contact the MDE assessment contact within 24 hours of a security breach and submit the *Test Security Notification* in Test WES within 48 hours.

d. Address invalidations and test or accountability codes.

3. Responsibilities after testing.

a. Ensure that student responses from paper accommodated test materials and MTAS scores are entered.

b. Arrange for secure disposal of all test materials that are not required to be returned within 48 hours after the close of the testing window.

c. Return secure test materials as outlined in applicable manuals and resources.

d. Collect security documents and maintain them for two years from the end of the academic school year in which testing took place.

e. Review student assessment data and resolve any issues.

f. Distribute Individual Student Reports no later than fall

parent/teacher conferences.

- g. Enter Graduation Requirements Records in the GRR system.

C. School Principal

1. Responsibilities before testing.

- a. Designate a school assessment coordinator and technology coordinator for the building.
- b. Be knowledgeable about proper test administration and test security as outlined in manuals and directions.
- c. Read and complete the *Assurance of Test Security and Non-Disclosure*.
- d. Communicate the importance of test security and expectation that staff will keep test content secure and act with honesty and integrity during test administration.
- e. Provide adequate secure storage space for secure test materials before, during, and after testing until they are returned to the service provider or securely disposed of.
- f. Ensure adequate computers and/or devices are available and rooms appropriately set up for online testing.
- g. Verify that all test monitors and test administrators receive proper training for test administration.
- h. Ensure students taking specified tests have opportunity to become familiar with test format, item types, and tools prior to test administration.

2. Responsibilities on testing day(s).

- a. Ensure that test administration policies and procedures and test security requirements in all manuals and directions are followed.
- b. Fully cooperate with MDE representatives conducting site visits or MTAS audits.

3. Responsibilities after testing.

- a. Ensure all secure test materials are collected, returned, and/or disposed of securely as required in any manual.

- b. Ensure requirements for embargoed final assessment results are followed.

D. School Assessment Coordinator

- 1. Responsibilities before testing.
  - a. Implement test administration and test security policies and procedures.
  - b. Read and complete the *Assurance of Test Security and Non-Disclosure*.
  - c. Ensure all staff who handle test materials, administer tests, or have access to secure test content read and complete the *Assurance of Test Security and Non-Disclosure*.
  - d. Identify appropriate tests for students and ensure student data sent to service providers for testing are correct.
  - e. Prepare testing conditions, including the following: schedule rooms and computer labs; arrange for test monitors and administrators; arrange for additional staff to assist with unexpected situations; arrange for technology staff to assist with technical issues; develop a plan for tracking which students test on which computers or devices; plan seating arrangements for students; ensure preparations are completed for Optional Local Purpose Assessment (OLPA), Minnesota Comprehensive Assessment (MCA), and ACCESS online testing; ensure accommodations are properly reported; confirm how secure paper test materials will arrive and quantities to expect; address accommodations and specific test administration procedures; determine staff who will enter the student responses from paper accommodated test materials and scores from MTAS administrations online.
  - f. Train staff, including all state-provided training materials, policies and procedures, and test-specific training.
  - g. Maintain security of test content and test materials.
    - (1) Receive secure paper test materials from the service provider and immediately lock them in a previously identified secure area, inventory same, and contact service provider with any discrepancies.
    - (2) Organize secure test materials for online administrations and keep them secure.

- (3) Follow chain of custody for providing test materials to test monitors and administrators. The chain of custody must address the process for providing test materials on the day of testing, distributing test materials to and collecting test materials from students at the time of testing, keeping test materials secure between testing sessions, and returning test materials after testing is completed.
- (4) Identify need for additional test materials to district assessment coordinator.
- (5) Provide MTAS student data collection forms if necessary.
- (6) Distribute applicable ACCESS and Alternate ACCESS *Test Administrator Scripts* and *Test Administration Manuals* to test administrators so they can become familiar with the script and prepare for test administration.
- (7) Confirm that all students taking ACCESS and Alternate ACCESS have appropriate test materials and preprinted student information on the label is accurate.

2. Responsibilities on testing day(s).

- a. Distribute materials to test monitors and ACCESS test administrators and ensure security of test materials between testing sessions and that district procedures are followed.
- b. Ensure *Test Monitor and Student Directions* and *Test Administrator Scripts* are followed and answer questions regarding same.
- c. Fully cooperate with MDE representatives conducting site visits or MTAS audits, as applicable.
- d. Conduct random, unannounced visits to testing rooms to observe staff adherence to test security and test administration policies and procedures.
- e. Report testing irregularities to district assessment coordinator using the *Test Administration Report*.

***[Note: This form is included in the 614 Form file of the Policy Reference Manual.]***

- f. Report security breaches to the district assessment coordinator as soon as possible.

3. Responsibilities after testing.
  - a. Ensure that all paper test materials are kept locked and secure and security checklists completed.
  - b. Ensure that student responses from paper accommodated test materials and MTAS scores are entered.
  - c. Arrange for secure disposal of all test materials that are not required to be returned within 48 hours after the close of the testing window.
  - d. Return secure test materials as outlined in applicable manuals and resources.
  - e. Prepare materials for pickup by designated carrier on designated date(s). Maintain security of all materials.
  - f. Ensure requirements for embargoed final assessment results are followed.

E. Technology Coordinator

1. Ensure that district is prepared for online test administration and provide technical support to district staff.
2. Acquire all necessary user identifications and passwords.
3. Read and complete the *Assurance of Test Security and Non-Disclosure*.
4. Fully cooperate with MDE representatives conducting site visits or MTAS audits.
5. Attend district training and any service provider technology training.
6. Review, use, and be familiar with all service provider technical documentation.
7. Prepare computers and devices for online testing.
8. Confirm site readiness.
9. Provide all necessary accessories for testing, technical support/troubleshooting during test administration and contact service provider help desks as needed.

F. Test Monitor

1. Responsibilities before testing.
  - a. Read and complete the *Assurance of Test Security and Non-Disclosure*.
  - b. Attend trainings related to test administration and security.
  - c. Complete required training course(s) for tests administering.
  - d. Be knowledgeable about how to contact the school assessment coordinator during testing, where to pick up materials on day of test, and plan for securing test materials between test sessions.
  - e. Be knowledgeable regarding student accommodations.
  - f. Remove or cover any instructional posters or visual materials in the testing room.
2. Responsibilities on testing day(s).
  - a. Before test.
    - (1) Receive and maintain security of test materials.
    - (2) Verify that all test materials are received.
    - (3) Ensure proper number of computers/devices or paper accommodated test materials are present.
    - (4) Verify student testing tickets and appropriate allowable materials.
    - (5) Assign numbered test books to individual students.
    - (6) Complete information as directed.
    - (7) Record extra test materials.
  - b. During test.
    - (1) Verify that students are logged in and taking the correct test or using the correct grade-level and tier test booklet for students with paper accommodated test materials.
    - (2) Follow all directions and scripts exactly.
    - (3) Follow procedures for restricting student access to cell

phones and other electronic devices.

- (4) Stay in testing room and remain attentive during entire test session. Practice active monitoring by circulating throughout the room during testing.
- (5) Be knowledgeable about responding to emergency or unusual circumstances and technology issues.
- (6) Do not review, discuss, capture, email, post, or share test content in any format.
- (7) Ensure all students have been provided the opportunity to independently demonstrate their knowledge.
- (8) Fully cooperate with MDE representatives conducting site visits or MTAS audits.
- (9) Document students who require a scribe or translated directions or any unusual circumstances and report to school assessment coordinator.
- (10) Report any possible security breaches as soon as possible.

c. After test.

- (1) Follow directions and scripts exactly.
- (2) Collect all materials and keep secure after each session. Upon completion return to the school assessment coordinator.
- (3) Immediately report any missing test materials to the school assessment coordinator.

## G. MTAS Test Administrator

1. Before testing.

- a. Read and complete the *Assurance of Test Security and Non-Disclosure*.
- b. Attend trainings related to test administration and security.
- c. Complete required training course(s) for tests administering.
- d. Be knowledgeable as to when and where to pick up MTAS

materials and the school's plan for keeping test materials secure.

- e. Prepare test materials for administration, including objects and manipulatives, special instructions, and specific adaptations for each student.

2. Responsibility on testing day(s).

a. Before the test.

- (1) Maintain security of materials.
- (2) Confirm appropriate MTAS materials are available and prepared for student.

b. During the test.

- (1) Administer each task to each student and record the score.
- (2) Be knowledgeable about how to contact the district or school assessment coordinator, if necessary, and responding to emergency and unusual circumstances.
- (3) Fully cooperate with MDE representatives conducting site visits or MTAS audits.
- (4) Document and report and unusual circumstances to district or school assessment coordinator.

c. After the test.

- (1) Keep materials secure.
- (2) Return all materials.
- (3) Return objects and manipulatives to classroom.
- (4) Enter MTAS scores online or return data collection forms to the district or school assessment coordinator.

H. MARSS Coordinator

1. Responsibilities before testing.

- a. Confirm all eligible students have unique state student identification (SSID) or MARSS numbers.

- b. Ensure English language and special education designations are current and correct for students testing based on those designations.
  - c. Submit MARSS data on an ongoing basis to ensure accurate student demographic and enrollment information.
2. Responsibilities after testing.
- a. Ensure accurate enrollment of students in schools during the accountability windows.
  - b. Ensure MARSS identifying characteristics are correct, especially for any student not taking an accountability test.
  - c. Work with district assessment coordinator to edit discrepancies during the Post-test Edit window in Test WES.

#### **IV. TEST SECURITY**

- A. Test Security Procedures will be adopted by school district administration.

***[Note: A sample procedure that has been approved by MDE is included in the 614 Form file of the Policy Reference Manual.]***

- B. Students will be informed of the following:

- 1. The importance of test security;
- 2. Expectation that students will keep test content secure;
- 3. Expectation that students will act with honesty and integrity during test administration;
- 4. Availability of the online Test Security Tip Line on the MDE website for reporting suspected incidents of cheating or other improper or unethical behavior.

- C. Staff will be informed of the following:

- 1. Availability of the online Test Security Tip Line on the MDE website for reporting suspected incidents of cheating or other improper or unethical behavior.
- 2. Other contact information and options for reporting security concerns.

#### **V. REQUIRED DOCUMENTATION FOR PROGRAM AUDIT**

A. The school district shall maintain records necessary for program audits conducted by MDE. The records must include documentation consisting of the following:

1. Signed *Assurance of Test Security and Non-Disclosure* forms must be maintained for two years after the end of the academic year in which the testing took place.
2. School district security checklists provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
3. School security checklists provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
4. Test Monitor Test Materials Security Checklist provided for each group of students assigned to a test monitor must be maintained for two years after the end of the academic school year in which testing took place.

***[Note: This form is included in the 614 Form file of the Policy Reference Manual.]***

5. ACCESS and Alternate ACCESS Packing List and Security Checklist provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
6. Documentation of school district staff training on test administration and test security must be maintained for two years after the end of the academic school year in which testing took place.
7. *Test Security Notification* must be maintained for two years after the end of the academic school year in which testing took place.
8. *Test Administration Report* must be maintained for one year after the end of the academic school year in which testing took place.
9. Record of staff trainings and test-specific trainings must be maintained for one year after the end of the academic year in which testing took place.

## **615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS**

***[Note: In 2013, the Minnesota legislature modified state graduation requirements by making the Graduation-Required Assessments for Diploma (GRAD) tests optional for school districts. A district may decide whether individual students will meet graduation assessment requirements by meeting the GRAD requirements in reading, mathematics, and written composition; by taking the WorkKeys job skills assessment, the Compass college placement test, the ACT assessment for college admission, or a nationally recognized Armed Services Vocational Aptitude Battery test (ASVAB); or by receiving a score on an equivalent assessment. Refer to the Minnesota Assessment System and Requirements Changes 2014-2017 document, which is posted to the Test Administration page of the Minnesota Department of Education (MDE) website. While a district may choose not to include GRAD retests on the testing calendar, an individual student who requests a GRAD retest must be provided the opportunity to retest.]***

### **I. PURPOSE**

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 (504) accommodation, or limited English proficiency (LEP) needs to meet the graduation requirements of basic skills testings and graduation-required assessments for diploma (GRAD) tests.

### **II. GENERAL STATEMENT OF POLICY**

- A. The school district will utilize the existing annual review of IEPs or 504 accommodation plans to review, on a case-by-case basis, the extent of student participation in basic skills testing and GRAD testing. For students subject to GRAD testing, the student's IEP or 504 accommodation plan must identify one of the following decisions for each subject area of GRAD:
1. the student is expected to achieve the statewide standard with or without testing accommodations resulting in a "pass" or "p" notation on the record when achieving a passing score; or
  2. the student is expected to achieve the statewide standard at an individually modified level of difficulty, resulting in a "pass" or "p" notation on the record when achieving the modified level. A Minnesota alternative assessment must be used when an IEP team chooses to replace the GRAD. Adoption of modifications for a student must occur concurrently with the adoption of transition goals and objectives as required by Minn. Stat. § 125A.08(a)(1). The IEP or 504 accommodation plan must define an appropriate assessment of the statewide standard at a modified level of difficulty. Achievement of the

individually modified standard shall be certified only through documented student performance of the defined assessment.

Students subject to GRAD testing also must be tested under standard conditions as specified by the developer of the test except those students whose IEP or 504 accommodation plan specifies other decisions consistent with the above stated requirements.

- B. Students with LEP needs must be identified and accommodations made for students subject to basic skills testing. Students subject to GRAD testing are required to pass the GRAD if they have been enrolled in any Minnesota school for at least four consecutive years. An English language learner (ELL) student who first enrolls in a Minnesota school in grade 9 or above who completes the coursework and any other state and district requirements to graduate within a four-year period is not required to pass the GRAD.

### **III. DEFINITION OF TERMS**

See the current “Procedures Manual for the Minnesota Assessments” which is produced by the Minnesota Department of Education and available through [pearsonaccess.com](http://pearsonaccess.com).

### **IV. GRANTING AND DOCUMENTING ACCOMMODATIONS, MODIFICATIONS, OR EXEMPTIONS FOR BASIC SKILLS AND GRAD TESTING**

See Chapter 5 of the current “Procedures Manual for the Minnesota Assessments”

### **V. RECORDS**

All test accommodations, modifications, or exemptions shall be reported to the School District Test Administrator. The School District Test Administrator shall be responsible for keeping a list of all such test accommodations, modifications, and exemptions for school district audit purposes. Testing results will be documented and reported.

## **619 STAFF DEVELOPMENT FOR STANDARDS**

### **I. PURPOSE**

The purpose of this policy is to establish opportunities for staff development which advance the staff's ability to work effectively with the Graduation Assessment Requirements and with students as they progress to achievement of those Graduation Assessment Requirements and meet the requirements of federal law.

### **II. GENERAL STATEMENT OF POLICY**

The school district is committed to developing staff policies and processes for continuous improvement of curriculum, instruction and assessment to ensure effective implementation of the s Graduation Assessment Requirements and federal law at all levels.

### **III. STANDARDS FOR STAFF DEVELOPMENT**

- A. The Advisory Committee for Comprehensive Continuous Improvement of Student Achievement (the "Committee") shall address the needs of all staff in prioritizing staff development which will ensure effective implementation of the Graduation Assessment Requirements and federal law at all levels. The Committee will advise the school board on the planning of staff development opportunities.
- B. The school district shall place a high priority on staff development including activities, programs, and other efforts to implement the Graduation Assessment Requirements effectively and to upgrade that implementation continuously.
- C. Staff development plans for the school district shall address identified needs for Graduation Assessment Requirements implementation throughout all levels of the school district programs.
- D. In service, staff meeting, and district and building level staff development plans and programs shall focus on improving implementation of the Graduation Assessment Requirements at all levels for all students, including those with special needs.

### **IV. TRAINING AND PROFESSIONAL DEVELOPMENT**

- A. Paraprofessionals. The school district will provide each paraprofessional who assists a licensed teacher in providing student instruction with initial training. Such training will include training in emergency procedures, confidentiality, vulnerability,

reporting obligations, discipline, policies, roles and responsibilities, and building orientation. Training will be provided within the first 60 days a paraprofessional begins supervising or working with students.

**B. Teachers/Administrators**

1. The school district will provide high quality and ongoing professional development activities as required by state and federal laws.
2. The school district will assign an administrator to serve as a highly objective uniform state standard of evaluation (“HOUSSE”) reviewer. The administrator shall meet with teachers and, where appropriate, certify the teacher’s application for highly qualified status.

## 801 EQUAL ACCESS TO SCHOOL FACILITIES

***[Note: The provisions of this policy substantially reflect statutory requirements.]***

### I. PURPOSE

The purpose of this policy is to implement the Equal Access Act by granting equal access to secondary school facilities for students who wish to conduct a meeting for religious, political, or philosophical purposes during noninstructional time.

### II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is not to deny equal access or a fair opportunity to, or to discriminate against, any students who wish to conduct a meeting, on the basis of the religious, political, philosophical, or other content of the speech at such meetings.
- B. The school board has created a limited open forum for students enrolled in secondary schools during which noncurriculum-related student groups shall have equal access and a fair opportunity to conduct meetings during noninstructional time.
- C. Student use of facilities under this policy does not imply school district sponsorship, approval, or advocacy of the content of the expression at such meetings.
- D. The school district retains its authority to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.
- E. In adopting and implementing this equal access policy, the school district will NOT:
  - 1. influence the form or content of any prayer or other religious activity;
  - 2. require any person to participate in prayer or other religious activity;
  - 3. expend public funds beyond the incidental cost of providing the space for student-initiated meetings;
  - 4. compel any school agent or employee to attend a school meeting if the content of the speech at the meeting is contrary to the beliefs of the agent or employee;
  - 5. sanction meetings that are otherwise unlawful;
  - 6. limit the rights of groups of students based on the size of the group;

7. abridge the constitutional rights of any person.

### **III. DEFINITIONS**

- A. "Limited open forum" means that the school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.
- B. "Secondary school" means any school with enrollment of pupils ordinarily in grades 7 through 12 or any portion thereof.
- C. "Sponsorship" includes the act of promoting, leading, or participating in a meeting. The assignment of a school employee for custodial, observation, or maintenance of order and discipline purposes does not constitute sponsorship of the meeting.
- D. "Meeting" includes activities of student groups which are permitted under a limited open forum and are not directly related to the school curriculum. Distribution of literature does not constitute a meeting protected by the Equal Access Act.
- E. "Noninstructional time" means time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends, including such other periods that occur during the school day when no classroom instruction takes place.

### **IV. FAIR OPPORTUNITY CRITERIA**

Schools in this school district shall uniformly provide that:

- A. A meeting held pursuant to this policy is voluntary and student-initiated;
- B. There is no sponsorship of the meeting by the school or its agents or employees;
- C. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
- D. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- E. Nonschool persons may not direct, control, or regularly attend activities of student groups.

### **V. PROCEDURES**

- A. Any student who wishes to initiate a meeting under this policy shall apply to the principal of the building at least 48 hours in advance of the time of the activity or meeting. The student must agree to the following:
  1. All activities or meetings must comply with existing policies, regulations, and

procedures that govern operation of school-sponsored activities.

2. The activities or meetings are voluntary and student-initiated. The principal may require assurances of this fact.
- B. Student groups meeting under this policy must comply with the following rules:
1. Those attending must not engage in any activity that is illegal, dangerous, or which materially and substantially interferes with the orderly conduct of the educational activities of the school. Such activities shall be grounds for discipline of an individual student and grounds for a particular group to be denied access.
  2. The groups may not use the school name, school mascot name, school emblems, the school district name, or any name that might imply school or district sponsorship or affiliation in any activity, including fundraising and community involvement.
  3. The groups must comply with school policies, regulations and procedures governing school-sponsored activities.
- C. Students applying for use of school facilities under this policy must provide the following information to the principal: time and date of meeting, estimated number of students in attendance, and special equipment needs.
- D. The building principal has responsibility to:
1. Keep a log of application information.
  2. Find and assign a suitable room for the meeting or activity. The number of students in attendance will be limited to the safe capacity of the meeting space.
  3. Note the condition of the facilities and equipment before and after use.
  4. Assure proper supervision. Assignment of staff to be present in a supervisory capacity does not constitute school district sponsorship of the meeting or activity.
  5. Assure that the meeting or activity does not interfere with the school's regular instructional activities.
- E. The school district shall not expend public funds for the benefit of students meeting pursuant to this policy beyond the incidental cost of providing space. The school district will provide no additional or special transportation.
- F. Nonschool persons may not direct, conduct, control, or regularly attend meetings and activities held pursuant to this policy.

- G. School district employees or agents may not promote, lead, participate in, or otherwise sponsor meetings or activities held pursuant to this policy.
- H. A copy of this policy and procedures shall be made available to each student who initiates a request to use school facilities.

## **802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL**

***[Note: The provisions of this policy substantially reflect statutory requirements.]***

### **I. PURPOSE**

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

### **II. GENERAL STATEMENT OF POLICY**

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

### **III. DEFINITIONS**

- A. "Contract" means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. "Official newspaper" is a regular issue of a qualified legal newspaper.

### **IV. MANNER OF DISPOSITION**

#### **A. Authorization**

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

#### **B. Contracts Over \$100,000**

1. If the value of the equipment or materials is estimated to exceed \$100,000, sealed bids shall be solicited by two weeks' published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.
2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.

3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.
5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$100,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$100,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be

made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment by conveying the property and title to:

1. another school district;
2. the state department of corrections;
3. the board of trustees of Minnesota State Colleges and Universities; or
4. the family of a student residing in the district whose total family income meets the federal definition of poverty.

## **805 WASTE REDUCTION AND RECYCLING**

***[Note: The obligations stated in this policy are substantial and are virtually all governed by statute. Accordingly, you will see statutory references throughout the policy. Obviously a school district may choose to add obligations by policy.]***

### **I. PURPOSE**

The purpose of this policy is to establish a resource recovery program to promote the reduction of waste, the separation and recovery of recyclable and reusable commodities, the procurement of recyclable commodities and commodities containing recycled materials, the disposition of waste materials and surplus property, and the establishment of a program of education to develop an awareness of environmentally sound waste management. (Minn. Stat. § 115A.15, Subd. 1)

### **II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to comply with all state laws relating to waste management and to make resource conservation an integral part of the physical operations and curriculum of the school district.

### **III. DEFINITIONS**

- A. “Lamp recycling facility” means a facility operated to remove, recover, and recycle for reuse mercury or other hazardous materials from fluorescent or high intensity discharge lamps. (Minn. Stat. § 116.93, Subd. 1)
- B. “Mixed municipal solid waste” means garbage, refuse, and other solid waste that is aggregated for collection but does not include auto hulks, street sweepings, ash, construction debris, mining waste, sludges, tree and agricultural wastes, tires, lead acid batteries, motor and vehicle fluids and filters, and other materials collected, processed, and disposed of as separate waste streams. (Minn. Stat. § 115A.03, Subd. 21)
- C. “Packaging” means a container and any appurtenant material that provide a means of transporting, marketing, protecting, or handling a product and includes pallets and packing such as blocking, bracing, cushioning, weatherproofing, strapping, coatings, closures, inks, dyes, pigments, and labels. (Minn. Stat. § 115A.03, Subd. 22b)
- D. “Postconsumer materials” means a finished material that would normally be discarded as a solid waste having completed its life cycle as a consumer item. (Minn. Stat. § 115A.03, Subd. 24b)

- E. “Rechargeable battery” means a sealed nickel-cadmium battery, a sealed lead acid battery, or any other rechargeable battery, except certain dry cell batteries or a battery exempted by the Commissioner of the Pollution Control Agency (PCA) (Commissioner). (Minn. Stat. § 115A.9157)
- F. “Recyclable commodities” means materials, pieces of equipment, and parts which are not reusable but which contain recoverable resources. (Minn. Stat. § 115A.15, Subd. 1a(a))
- G. “Recyclable materials” means materials that are separated from mixed municipal solid waste for the purpose of recycling or composting, including paper, glass, plastics, metals, automobile oil, batteries, source-separated compostable materials, and sole source food waste streams that are managed through biodegradative processes. Refuse-derived fuel or other material that is destroyed by incineration is not a recyclable material. (Minn. Stat. § 115A.03, Subd. 25a)
- H. “Recycling” means the process of collecting and preparing recyclable materials and reusing the materials in their original form that do not cause the destruction of recyclable materials in a manner that precludes further use. (Minn. Stat. § 115A.03, Subd. 25b)
- I. “Resource conservation” means the reduction in the use of water, energy, and raw materials. (Minn. Stat. § 115A.03, Subd. 26a)
- J. “Reusable commodities” means materials, pieces of equipment, parts, and used supplies which can be reused for their original purpose in their existing condition. (Minn. Stat. § 115A.15, Subd. 1a(b))
- K. “Source-separated compostable materials” means materials that:
  - 1. are separated at the source by waste generators for the purpose of preparing them for use as compost;
  - 2. are collected separately from mixed municipal solid waste and are governed by state licensing provisions;
  - 3. are comprised of food wastes, fish and animal waste, plant materials, diapers, sanitary products, and paper that is not recyclable because the Commissioner has determined that no other person is willing to accept the paper for recycling;
  - 4. are delivered to a facility to undergo controlled microbial degradation to yield a humus-like product meeting the PCA’s class I or class II, or equivalent, compost standards and where process rejects do not exceed 15 percent by weight of the total material delivered to the facility; and
  - 5. may be delivered to a transfer station, mixed municipal solid waste

processing facility, or recycling facility only for the purposes of composting or transfer to a composting facility, unless the Commissioner determines that no other person is willing to accept the materials.

(Minn. Stat. § 115A.03, Subd. 32a)

- L. “Waste reduction” or “source reduction” means an activity that prevents generation of waste or the inclusion of toxic materials in waste, including:
  - 1. reusing the product in its original form;
  - 2. increasing the life span of a product;
  - 3. reducing material or the toxicity of material used in production or packaging; or
  - 4. changing procurement, consumption, or waste generation habits to result in smaller quantities or lower toxicity of waste generated.

(Minn. Stat. § 115A.03, Subd. 36b)

#### **IV. WASTE DISPOSAL**

- A. The school district will attempt to decrease the amount of waste consumable materials by:
  - 1. reduction of the consumption of consumable materials whenever practicable;
  - 2. full utilization of materials prior to disposal;
  - 3. minimization of the use of non-biodegradable products whenever practicable.
- B. Each school district facility shall also collect at least three recyclable materials, such as, but not limited to, the following: paper, glass, plastic, and metal. (Minn. Stat. § 115A.151)
- C. The school district will transfer all recyclable materials collected to a recycler and, to the extent practicable, cooperate with, and participate in, recycling efforts being made by the city and/or county where the school district is located. (Minn. Stat. § 115A.151)
- D. Prior to entering into a contract for the management of mixed municipal solid waste, the school district will determine whether the disposal method provided for in the contract is equal to or better than the waste management practices currently employed in the county or district plan in the county where the school district is located and whether the contract is consistent with the solid waste plan. If the waste management method provided for in the contract is ranked

lower than the waste management practices employed by the county or district, the school district will:

1. determine the potential liability to the school district and its taxpayers for managing waste in this manner;
2. develop and implement a plan for managing the potential liability; and
3. submit the information in (1) and (2) above to the PCA.

If the contract is inconsistent with the county plan or if the school district's waste management activities are inconsistent with the county plan, the school district should obtain the consent of the county prior to entering into a binding contract or developing or implementing inconsistent solid waste management activities. (Minn. Stat. § 115A.46, Subd. 5; Minn. Stat. § 115A.471; Minn. Stat. § 458D.07, Subd. 4)

E. The school district may not knowingly place motor oil, brake fluid, power steering fluid, transmission fluid, motor oil filters, or motor vehicle antifreeze (other than small amounts of antifreeze contained in water used to flush the cooling system of a vehicle after the antifreeze has been drained and does not include de-icer that has been used on the exterior of a vehicle) in or on:

1. solid waste or solid waste management facilities other than a recycling facility or household hazardous waste collection facility;
2. the land unless approved by the PCA; or
3. the waters of the state, an individual sewage treatment system, or in a storm water or waste water collection or treatment system unless:
  - a. permitted to do so by the operator of the system and the PCA;
  - b. the school district generates an annual average of less than 50 gallons of waste motor vehicle antifreeze per month; and
  - c. the school district keeps records of the amount of waste antifreeze generated, maintains these records on site and makes the records available for inspection for a minimum of three years following generation of the waste antifreeze.

(Minn. Stat. § 115A.916)

F. The school district may not place mercury or a thermostat, thermometer, electric switch, appliance, gauge, medical or scientific instrument, fluorescent or high-intensity discharge lamp, electric relay, or other electrical device from which the mercury has not been removed for reuse or recycling:

1. in solid waste; or

2. in a wastewater disposal system.

(Minn. Stat. § 115A.932, Subd. 1(a))

G. The school district may not knowingly place mercury or a thermostat, thermometer, electric switch, appliance, gauge, medical or scientific instrument, fluorescent or high-intensity discharge lamp, electric relay, or other electrical device from which the mercury has not been removed for reuse or recycling:

1. in a solid waste processing facility; or

2. in a solid waste disposal facility.

(Minn. Stat. § 115A.932, Subd. 1(b))

H. The school district will recycle a fluorescent or high-intensity discharge lamp by delivery of the lamp to a lamp recycling facility or to a facility that collects and stores lamps for the purpose of delivering them to a lamp recycling facility, including, but not limited to, a household hazardous waste collection or recycling facility, retailer take-back and utility provider program sites, or other sites designated by an electric utility under Minn. Stat. § 216B.241, Subds. 2 and 4. (Minn. Stat. § 115A.932, Subd. 1(c))

I. The school district may not place a lead acid battery in mixed municipal solid waste or dispose of a lead acid battery. The school district also may not place in mixed municipal solid waste a dry cell battery containing mercuric oxide electrode, silver oxide electrode, nickel-cadmium, or sealed lead-acid that was purchased for use or used by the school district. The school district also may not place in mixed municipal solid waste a rechargeable battery, a rechargeable battery pack, a product with a nonremovable rechargeable battery, or a product powered by rechargeable batteries or rechargeable battery pack, from which all batteries or battery packs have not been removed. (Minn. Stat. § 115A.915; Minn. Stat. § 115A.9155, Subd. 1; Minn. Stat. § 115A.9157, Subd. 2)

J. The school district may not place yard waste:

1. in mixed municipal solid waste;

2. in a disposal facility;

3. in a resource recovery facility, except for the purposes of reuse, composting, or cocomposting; or

4. in a plastic bag unless exempt as specified in Minn. Stat. § 115A.931(c), (d), or (e).

(Minn. Stat. § 115A.931)

- K. The school district may not place a telephone directory:
  - 1. in solid waste;
  - 2. in a disposal facility; or
  - 3. in a resource recovery facility, except a recycling facility.

(Minn. Stat. § 115A.951, Subd. 2)

- L. The school district may not:
  - 1. place major appliances in mixed municipal solid waste; or
  - 2. dispose of major appliances in or on the land or in a solid waste processing or disposal facility.

(Minn. Stat. § 115A.9561)

- M. The school district may not place in mixed municipal solid waste an electronic product containing a cathode-ray tube. (Minn. Stat. § 115A.9565)

- N. The school district, on its own or in cooperation with others, may implement a program to collect, process, or dispose of household batteries. The school district may provide financial incentives to any person, including public or private civic groups, to collect the batteries. (Minn. Stat. § 115A.961, Subd. 3)

## **V. PROCUREMENT OF RECYCLED COMMODITIES AND MATERIALS**

- A. When practicable and when the price of recycled materials does not exceed the price of nonrecycled materials by more than 10 percent, the school district may purchase recycled materials. In order to maximize the quantity and quality of recycled materials purchased, the school district may also use other appropriate procedures to acquire recycled materials at the most economical cost to the school district. (Minn. Stat. § 16C.073, Subd.3(a))
- B. When purchasing commodities and services, the school district will apply and promote waste management practices with special emphasis on the reduction of the quantity and toxicity of materials in waste. (Minn. Stat. § 16C.073, Subd. 3(b))
- C. Whenever practicable, the school district will:
  - 1. purchase uncoated copy paper, office paper, and printing paper unless the coated paper is made with at least 50 percent postconsumer material;

2. purchase recycled content copy paper with at least 30 percent postconsumer material by weight and purchase office and printing paper with at least 10 percent postconsumer material by weight;
3. purchase paper which has not been dyed with colors, excluding pastel colors;
4. purchase recycled content copy, office, and printing paper that is manufactured using little or no chlorine bleach or chlorine derivatives;
5. use reusable binding materials or staples and bind documents by methods that do not use glue;
6. use soy-based inks;
7. purchase printer or duplication cartridges that:
  - a. have 10 percent post-consumer material; or
  - b. are purchased as remanufactured; or
  - c. are backed by a vendor-offered program that will take back the printer cartridges after their useful life, ensure that the cartridges are recycled, and comply with the definition of recycling in Minn. Stat. § 115A.03, Subd. 25b;
8. produce reports, publications, and periodicals that are readily recyclable;
9. purchase paper which has been made on a paper machine located in Minnesota; and
10. print documents on both sides of the paper where commonly accepted publishing practices allow.

(Minn. Stat. § 16C.073, Subd. 2)

- D. The school district may not use a specified product included on the prohibited products list published in the State Register. (Minn. Stat. § 115A.9651)
- E. In developing bid specifications, the school district will consider the extent to which a commodity or product is durable, reusable or recyclable, and marketable through applicable local or regional recycling programs and the extent to which the commodity or product contains postconsumer material. (Minn. Stat. § 16C.073, Subd. 3(b))
- F. When a project involves the replacement of carpeting, the school district may require all persons who wish to bid on the project to designate a carpet recycling company in their bids. (Minn. Stat. § 16C.073, Subd. 3(b))

## VI. OTHER

The policy of the school district is to actively advocate, where appropriate, for resource conservation practices to be adopted at the local, regional, and state levels.

## 806 CRISIS MANAGEMENT POLICY

***[Note: The Commissioner of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minn. Stat. § 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy was originally the result of a collaborative effort between the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]***

### I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

### II. GENERAL INFORMATION

#### A. The Policy and Plans

The school district’s Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school

emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. 1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

***[Note: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]***

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school

building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

***[Note: State law requires a minimum of five school lock-down drills each school year. See Minn. Stat. § 121A.035.]***

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

***[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]***

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

***[Note: The Comprehensive School Safety Guide (2011 Edition) has sample lock-down procedures, evacuation procedures, and sheltering procedures.]***

2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

***[Note: The Comprehensive School Safety Guide (2011 Edition) includes crisis-specific procedures.]***

3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

***[Note: The Comprehensive School Safety Guide (2011 Edition) has a sample School Emergency Response Team list.]***

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

### III. PREPARATION BEFORE AN EMERGENCY

#### A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.
2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

#### B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

***[Note: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]***

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary

emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.

4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

***[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]***

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]***

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]***

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on

file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

***[Note: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans on a CD-Rom and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]***

***[Note: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minn. Stat. § 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]***

#### D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]***

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]***

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]***

#### H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

#### I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

***[Note: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]***

### IV. **SAMPLE PROCEDURES INCLUDED IN THIS POLICY**

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. Additional

sample procedures may be found in the Response section of the Comprehensive School Safety Guide (2011 Edition). After approval by the school board, an adopted procedure will become an addendum to the Crisis Management Policy.

## V. MISCELLANEOUS PROCEDURES

### A. Chemical Accidents

Procedures for reporting chemical accidents shall be posted at key locations such as chemistry labs, art rooms, swimming pool areas, and janitorial closets.

***[Note: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]***

### B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

### C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

***[Note: The Every Student Succeeds Act, 20 U.S.C. § 6301, et seq.; Title IX, 20 U.S.C. § 1681, et seq.; and the Unsafe School Choice Option, 20 U.S.C. § 7912, require school districts to establish such transfer procedures.]***

### D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]

School districts within a 10 mile radius of the Monticello or Prairie Island nuclear power plants will implement crisis plans in the event of an accident or incident at the power plant.

Questions relative to the creation or implementation of such plans will be directed to the Minnesota Department of Public Safety.

## 807 HEALTH AND SAFETY POLICY

***[Note: To receive health and safety revenue for any fiscal year, school districts must submit an application to the Commissioner of Education, along with a health and safety budget adopted and confirmed by the school board as being consistent with the school district's health and safety policy. This policy has been approved by the Minnesota Department of Education.]***

***The subdivisions of Minn. Stat. § 123B.57 that relate to a school district's ability to apply for health and safety revenue have been repealed effective fiscal year 2017. The provisions of this policy substantially reflect statutory requirements.]***

### I. PURPOSE

The purpose of this policy is to assist the school district in promoting health and safety, reducing injuries, and complying with federal, state, and local health and safety laws and regulations.

### II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.
- B. All school district employees have a responsibility for maintaining a safe and healthy environment within the school district and are expected to be involved in the health and safety program to the extent practicable. For the purpose of implementing this policy, the school district may form a health and safety advisory committee to be appointed by the superintendent. The health and safety advisory committee will be composed of employees and other individuals with specific knowledge of related issues. The advisory committee will provide recommendations to the administration regarding plans and procedures to implement this policy and to establish procedures for identifying, analyzing, and controlling hazards, minimizing risks, and training school district staff on safe work practices. The committee will also recommend procedures for investigating accidents and enforcement of workplace safety rules. Each recommendation shall include estimates of annual costs of implementing and maintaining that proposed recommendation. The

superintendent may request that the safety committee established under Minn. Stat. § 182.676 carry out all or part of the duties of the advisory committee or the advisory committee may consider recommendations from a separate safety committee established under Minn. Stat § 182.676.

### **III. PROCEDURES**

- A. Based upon recommendations from the health and safety advisory committee and subject to the budget adopted by the school board to implement or maintain these recommendations, the administration will adopt and implement written plans and procedures for identification and management of hazards or potential hazards existing within the school district in accordance with federal, state, and local laws, rules, and regulations. Written plans and procedures will be maintained, updated, and reviewed by the school board on an annual basis and shall be an addendum to this policy. The administration shall identify in writing a contact person to oversee compliance with each specific plan or procedure.
- B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety advisory committee shall evaluate other available resources and generally accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.
- C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

### **IV. PROGRAM AND PLANS**

- A. For the purpose of implementing this policy, the administration will, within the budgetary limitations adopted by the school board, implement a health and safety program that includes specific plan requirements in various areas as identified by the health and safety advisory committee. Areas that may be considered include, but are not limited to, the following:
  - 1. Asbestos
  - 2. Fire and Life Safety
  - 3. Employee Right to Know
  - 4. Emergency Action Planning
  - 5. Combustible and Hazardous Materials Storage
  - 6. Indoor Air Quality
  - 7. Mechanical Ventilation
  - 8. Mold Cleanup and Abatement
  - 9. Accident and Injury Reduction Program: Model AWAIR Program for Minnesota Schools
  - 10. Infectious Waste/Bloodborne Pathogens
  - 11. Community Right to Know
  - 12. Compressed Gas Safety
  - 13. Confined Space Standard
  - 14. Electrical Safety

15. First Aid/CPR/AED
16. Food Safety Inspection
17. Forklift Safety
18. Hazardous Waste
19. Hearing Conservation
20. Hoist/Lift/Elevator Safety
21. Integrated Pest Management
22. Laboratory Safety Standard/Chemical Hygiene Plan
23. Lead
24. Control of Hazardous Energy Sources (Lockout/Tagout)
25. Machine Guarding
26. Safety Committee
27. Personal Protection Equipment (PPE)
28. Playground Safety
29. Radon
30. Respiratory Protection
31. Underground and Above Ground Storage Tanks
32. Welding/Cutting/Brazing
33. Fall Protection
34. National Emission Standards for Hazardous Air Pollutants for School Generators established by the United States E.P.A.
35. Other areas determined to be appropriate by the health and safety advisory committee.

If a risk is not present in the school district, the preparation of a plan or procedure for that risk will not be necessary.

- B. The administration shall establish procedures to ensure, to the extent practicable, that all employees are properly trained and instructed in job procedures, crisis response duties, and emergency response actions where exposure or possible exposure to hazards and potential hazards may occur.
- C. The administration shall conduct or arrange safety inspections and drills. Any identified hazards, unsafe conditions, or unsafe practices will be documented and corrective action taken to the extent practicable to control that hazard, unsafe condition, or unsafe practice.
- D. Communication from employees regarding hazards, unsafe or potentially unsafe working conditions, and unsafe or potentially unsafe practices is encouraged in either written or oral form. No employee will be retaliated against for reporting hazards or unsafe or potentially unsafe working conditions or practices.
- E. The administration shall conduct periodic workplace inspections to identify potential hazards and safety concerns.
- F. In the event of an accident or a near miss, the school district shall promptly cause an accident investigation to be conducted in order to determine the cause of the incident and to take action to prevent a similar incident. All accidents and near misses must be reported to an immediate supervisor as soon as possible.

## V. BUDGET

The superintendent shall be responsible to provide for periodic school board review and approval of the various plan requirements of the health and safety program, including current plan requirements and related written plans and procedures and recommendations for additional plan requirements proposed to be adopted. The superintendent, or such other school official as designated by the superintendent, each year shall prepare preliminary revenue and expenditure budgets for the school district's health and safety program. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for this program and make such adjustments within the expenditure budget to carry out the current program and to implement new recommendations within the revenues projected and appropriated for this purpose. No funds may be expended for the health and safety program in any school year prior to the adoption of the budget document authorizing that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year. The health and safety program shall be implemented, conducted, and administered within the fiscal restraints of the budget so adopted.

## VI. ENFORCEMENT

Enforcement of this policy is necessary for the goals of the school district's health and safety program to be achieved. Within applicable budget limitations, school district employees will be trained and receive periodic reviews of safety practices and procedures, focusing on areas that directly affect the employees' job duties. Employees shall participate in practice drills. Willful violations of safe work practices may result in disciplinary action in accordance with applicable school district policies.

## **425 STAFF DEVELOPMENT**

***[Note: The provisions of this policy substantially reflect statutory requirements.]***

### **I. PURPOSE**

The purpose of this policy is to establish a staff development program and structure to carry out planning and reporting on staff development that supports improved student learning.

### **II. ADVISORY STAFF DEVELOPMENT COMMITTEE AND SITE PROFESSIONAL DEVELOPMENT TEAMS**

A. The School Board will establish an Advisory Staff Development Committee to develop a Staff Development Plan, assist Site Professional Development Teams in developing a site plan consistent with the goals of the Staff Development Plan, and evaluate staff development efforts at the site level.

1. The majority of the membership of the Advisory Staff Development Committee shall consist of teachers representing various grade levels, subject areas, and special education. The Committee also will include nonteaching staff, parents, and administrators.
2. Members of the Advisory Staff Development Committee shall be appointed by the School Board. Committee members shall serve a two-year term based upon nominations by board members, teachers, and paraprofessionals. The School Board shall appoint replacement members of the Advisory Staff Development Committee as soon as possible following the resignation, death, serious illness, or removal of a member from the Committee.

B. The School Board will establish the Site Professional Development Teams.

1. Members of the Site Professional Development Teams will be appointed by the School Board. Team members shall serve a two-year term\* based upon nominations by board members, teachers, and paraprofessionals. The School Board shall appoint replacement members of the Site Professional Development Teams as soon as possible following the resignation, death, serious illness, or removal of a member from the Team.
2. The majority of the Site Professional Development Teams shall be teachers representing various grade levels, subject areas, and special education.

### III. DUTIES OF THE ADVISORY STAFF DEVELOPMENT COMMITTEE

- A. The Advisory Staff Development Committee will develop a Staff Development Plan which will be reviewed and subject to approval by the School Board twice a year.\*
- B. The Staff Development Plan must contain the following elements:
  - 1. Staff development outcomes which are consistent with the education outcomes as may be determined periodically by the School Board;

***[Note: The Board-determined education outcomes for your district could be inserted here.]***

- 2. The means to achieve the Staff Development outcomes;
- 3. The procedures for evaluating progress at each school site toward meeting educational outcomes consistent with relicensure requirements under Minn. Stat. § 122A.18, Subd. 4;
- 4. Ongoing staff development activities that contribute toward continuous improvement in achievement of the following goals:
  - a. Improve student achievement of state and local education standards in all areas of the curriculum, including areas of regular academic and applied and experiential learning, by using researchbased best practices methods;
  - b. Effectively meet the needs of a diverse student population, including at-risk children, children with disabilities, English learners, and gifted children, within the regular classroom, applied and experiential learning settings, and other settings;
  - c. Provide an inclusive curriculum for a racially, ethnically, linguistically, and culturally diverse student population that is consistent with state education diversity rule and the district's education diversity plan;
  - d. Improve staff collaboration and develop mentoring and peer coaching programs for teachers new to the school or district;
  - e. Effectively teach and model violence prevention policy and curriculum that address early intervention alternatives, issues of harassment, and teach nonviolent alternatives for conflict resolution;
  - f. Effectively deliver digital and blended learning and curriculum and engage students with technology; and

- h. Provide teachers of English learners, including English as a second language, and content teachers with differentiated instructional strategies critical for ensuring students long-term academic success, the means to effectively use assessment data on the academic literacy, oral academic language, and English language development of English learners, and skills to support native and English language development across the curriculum; and
  - i. Provide opportunities for staff to learn about current workforce trends, the connections between workforce trends and postsecondary education, and training options, including career and technical education options.
- 7. Staff development activities may include curriculum development and curriculum training programs and activities that provide teachers and other members of site-based teams training to enhance team performance.
  - 8. The school district may implement other staff development activities required by law and activities associated with professional teacher compensation models.

***[Note: To the extent the School Board offers K-12 teachers the opportunity for more staff development training under Minn. Stat. § 122A.40, Subds. 7 and 7a, or Minn. Stat. § 122A.41, Subds. 4 and 4a, such additional days of staff development should include peer mentoring, peer gathering, continuing education, professional development, or other training which enable teachers to achieve the staff development outcomes enumerated above in Section III.B.4.]***

- C. The Advisory Staff Development Committee will assist Site Professional Development Teams in developing a site plan consistent with the goals and outcomes of the Staff Development Plan.
- D. The Advisory Staff Development Committee will evaluate staff development efforts at the site level and will report to the School Board on a quarterly basis\* the extent to which staff at the site have met the outcomes of the Staff Development Plan.
- E. The Advisory Staff Development Committee shall assist the School District in preparing any reports required by the Department of Education relating to staff development including, but not limited to, the reports referenced in Section VII. below.

#### **IV. DUTIES OF THE SITE PROFESSIONAL DEVELOPMENT TEAM**

- A. Each Site Professional Development Team shall develop a site plan, consistent with the goals of the Staff Development Plan. The School Board will review the site plans for consistency with the Staff Development Plan twice a year.\*

- B. The Site Professional Development Team must demonstrate to the School Board the extent to which staff at the site have met the outcomes of the Staff Development Plan. The actual reports to the School Board can be made by the Advisory Staff Development Committee to avoid duplication of effort.
- C. If the School Board determines that staff development outcomes are not being met, it may withhold a portion of the initial allocation of revenue referenced in Section V. below.

## **V. STAFF DEVELOPMENT FUNDING**

- A. Unless the School District is in statutory operating debt or a majority of the School District Board and a majority of its licensed teachers annually vote to waive the requirement to reserve basic revenue for staff development, the School District will reserve an amount equal to at least two percent of its basic revenue for: in-service education for violence prevention programs to help students learn how to resolve conflicts within their families and communities in non-violent, effective ways; staff development plans; curriculum development and programs; other in-service education; teachers' workshops; teacher conferences; the cost of substitute teachers for staff development purposes; preservice and in-service education for special education professionals and paraprofessionals; and other related costs for staff development efforts. The school district also may use the revenue reserved for staff development for grants to the school district's teachers to pay for coursework and training leading to certification as either a college in the schools teacher or a concurrent enrollment teacher. In order to receive a grant, the teacher must be enrolled in a program that includes coursework and training focused on teaching a core subject.
- B. The School District may, in its discretion, expend an additional amount of unreserved revenue for staff development based on its needs.
- C. Release time provided for teachers to supervise students on field trips and school activities, or independent tasks not associated with enhancing the teacher's knowledge and instructional skills, such as preparing report cards, calculating grades, or organizing classroom materials, may not be counted as staff development time that is financed with staff development reserved revenue under Minn. Stat. § 122A.61.

## **VI. PROCEDURE FOR USE OF STAFF DEVELOPMENT FUNDS**

- A. On a yearly<sup>\*</sup> basis, the Advisory Staff Development Committee, with the assistance of the Site Professional Development Teams, shall prepare a projected budget setting forth proposals for allocating staff development funds reserved for each school site. Such budgets shall include, but not be limited to, projections as to the cost of building site training programs, costs of individual staff seminars, and cost of substitutes.
- B. Upon approval of the budget by the School Board, the Advisory Committee shall be responsible for monitoring the use of such funds in accordance with the Staff

Development Plan and budget. The requested use of staff development funds must meet or make progress toward the goals and objectives of the Staff Development Plan. All costs/expenditures will be reviewed by the School Board and/or Superintendent for consistency with the Staff Development Plan on a quarterly basis.\*

- C. Individual requests from staff for leave to attend staff development activities shall be submitted and reviewed according to school district policy, staff procedures, contractual agreement, and the effect on school district operations. Failure to timely submit such requests may be cause for denial of the request.

## VII. REPORTING

- A. The School District and site staff development committee shall prepare a report of the previous fiscal year's staff development activities and expenditures as part of the school district's world's best workforce report.

- 1. The report must include assessment and evaluation data indicating progress toward district and site staff development goals based on teaching and learning outcomes, including the percentage of teachers and other staff involved in instruction who participate in effective staff development activities.
- 2. The report will provide a breakdown of expenditures for:
  - a. curriculum development and curriculum training programs;
  - b. staff development training models, workshops, and conferences; and
  - c. the cost of releasing teachers or providing substitute teachers for staff development purposes.

The report also must indicate whether the expenditures were incurred at the district level or the school site level and whether the school site expenditures were made possible by the grants to school sites that demonstrate exemplary use of allocated staff development revenue. These expenditures must be reported using the uniform financial and accounting and reporting standards (UFARS).

- B. The report will be signed by the superintendent and staff development chair.

## Sourcewell Board of Directors Election Biographies

### Sub Region I

#### **Julia Kicker**

Julia has served on the Menahga School Board for 6 years as the Treasurer, and vice chair, and has been involved in multiple committees as a school board member. Julia is an active member of our school and community. She has volunteered her time to countless organizations in our community, such as the “Get Hooked on Fishing Program” for 4th-grade students, for 21 years. She also started the Cal Ripken Summer League 16 years ago. She has done all this while being a mother to her 13 children, all of whom have been involved in school-related activities. Her love of children drives her to better Menahga Schools. I can’t think of a more deserving person than Julia for this position.

#### **Chuck Wolf**

### Sub Region II

#### **Sara Nagel**

Sara has been a lifelong resident of Region 5 and the Pillager area, where she attended school and graduated. Her three children have all attended Pillager, where Sara has been on the School Board for the past twelve years. She has been the Board chair for the past two years and was recently re-elected for another four-year term.
