STRATEGIC ENROLLMENT MANAGEMENT

JULY 14. 2026

Core Components — Part 1: Strategy & Pipeline

1 Mission & Institutional Alignment

Ties enrollment goals to the college's mission, shaping who is recruited and why — especially given the residential model.

2 Data & Environmental Scan

Demographic trends, competitor analysis, and internal metrics: yield, retention, persistence, and time-to-completion.

3 Enrollment Goals

Specific, measurable targets for headcount, FTE, program mix, geographic reach, and residential vs. commuter balance.

4 Recruitment & Marketing

A defined funnel from inquiry to enrollment, with messaging that reaches beyond the local service area.

5 Admissions & Financial Aid

Aid-leveraging and pricing decisions — scholarships and tuition discounting — that drive yield within a limited budget.

6 Retention & Student Success

Advising models, early-alert systems, and first-year programming; every lost student is felt acutely at small colleges.

Core Components — Part 2: Experience & Operations

7

Residential Life & Campus Experience

Housing capacity, room & board planning, and student life programming — central to a residential community college.

8

Academic Program Portfolio

Ongoing review of program viability and demand, matched to what a small institution can realistically support.

9

Organizational Structure & Governance

A cross-functional SEM committee spanning admissions, aid, academics, and student affairs, with clear ownership.

10

Technology Infrastructure

CRM and data systems that track the enrollment funnel and retention metrics in real time.

11

Budget & Resource Alignment

Enrollment goals matched to realistic staffing, marketing, and financial aid budgets.

12

Assessment & Continuous Improvement

KPIs and dashboards reviewed on a regular cycle — often annual — to adjust tactics based on results.

THE ENROLLMENT FUNNEL

Small Residential Community Colleges

From first inquiry to fall-to-fall persistence: where prospective students enter, where they drop off, and what makes residential programs distinct.

- *A six-stage view, with a focus on the residential melt problem*

The Funnel at a Glance

Six stages, narrowing from broad inquiry to year-over-year persistence

Illustrative proportions for a typical small residential community college — actual figures vary by institution and recruiting cycle.

Stage-by-Stage Detail

What happens at each step, and why it matters

Not currently captured

Inquiry / Prospect

Names from PSAT/SAT/ACT lists, fairs, web forms, digital ads. Widest stage; weakest intent.

Unknown

Applicant

Open or near-open admissions mean applying is less of a filter than at selective schools.

100%

Admit

Most applicants are admitted under the open-door mission. Real filtering happens later.

57%

Accepted, Not Enrolled

FAFSA, deposits, housing decisions, orientation. The biggest drop-off point — summer melt.

43%

Enrolled / Registered

Students who register for courses. Residential students add a housing sub-funnel.

47.28%

Persisting

Fall-to-fall retention often runs 50–60% nationally, compounding the funnel over time.

The Melt Zone: Where Residential CCs Lose Ground

Admit-to-enrollment is the single largest leak in the funnel

20–40%

typical summer melt between admit and
first day of class

50–60%

national fall-to-fall retention benchmark
for community colleges

Financial aid friction

Incomplete FAFSA filings or unresolved aid packages stall the decision.

Housing commitment

Many students default to commuting; a housing deposit is a real extra hurdle.

Orientation no-shows

Missed orientation and course registration windows quietly drop students from rolls.

First-gen / lower-income barriers

These students, a large share of CC populations, melt at higher rates.

What Makes Residential CCs Different

Compared to larger, commuter-focused community colleges

Housing adds a sub-funnel

Deposit → assignment → move-in creates its own drop-off points layered on top of admissions.

Smaller pools, bigger swings

With fewer applicants overall, one recruiting cycle's hiccup shows up clearly in the numbers.

Channel-driven enrollment

Athletics or specific programs (agriculture, trades, etc.) often drive a disproportionate share of residential students.

Commuting is the default

Most prospective students assume they'll commute, so choosing to live on campus is an added commitment to win.

- Tracking in Teams
- Collaborative effort amongst all of student affairs
 - Athletic Rosters, Housing Spreadsheet, Student lists from Financial Aid & Marketing

Additional Details

- Weekly goals based on enrollment from 1 year ago & total semester
 - Example:
 - Date Goal
 - FA25 as of 6/7 = 903 students in 7834 credit hours
 - FA26 as of 6/7 = 739 students in 6964 credit hours
 - Based on date comparison = NEED 164 students and 870 credit hours this week
 - Total Semester Goal
 - FA25 total enrollment = 1829 students in 14633 credit hours
 - $1829 - 739 = 1090$ students
 - $14633 - 7669 = 7669$ credit hours
 - Dividing each of these numbers by 8 (total weeks in MIHM) =
 - NEED 136 students per week
 - NEED 958 credit hours per week

LET'S GET LIT!

Designing a First Year Experience (FYRE) program
for students at Allen Community College

PURPOSE

- **Original Purpose**

- Creating a First Year Experience program for students on the Iola Campus

- **Program Purpose**

- *Align New Student Orientation with First Year Experience*
 - Creation of SPARK, which introduces concepts quickly for new students and ties into the FYRE program
 - *Support the Transition*
 - Provide structured support to help new students overcome academic and personal challenges throughout their first year
 - *Improving Retention*
 - Foster early and consistent engagement to reduce isolation and improve retention rates
 - *Academic Preparedness*
 - Equip students with learning strategies, time management, and an understanding of college expectations
 - *Sense of Belonging*
 - Build a supportive community that makes students feel valued and connected to the college community
-

STRATEGIES

- Structured Bi-Weekly Sessions
 - Bi-weekly sessions focused on skill-building and introducing essential campus resources
 - Cross-Department/Campus Collaboration
 - Collaboration with various departments including Academic divisions to provide consistent, aligned support and break down institutional silos
 - English Composition classes will help market participation as a gateway course
 - Personal and Career Development
 - Focus on goal setting, financial literacy, and career exploration to motivate student persistence
 - Assessment and Feedback Integration
 - Continuous feedback and assessment to ensure the program adapts to student needs effectively
-

TIMELINE

- Fall 2025
 - Research of promising practices
 - Spring 2026
 - Develop proposal for Allen's Administration
 - Meet with Marketing
 - April 2026
 - KCCLI Presentation
 - Board of Trustees Presentation
 - Summer 2026
 - Finalize materials
 - Market FYRE & SPARK
 - Fall 2026
 - Launch FYRE & SPARK
-

EVALUATION

- Student Participation
 - Bi-weekly attendance and return rates
 - Pre- and Post-Program Surveys
 - Measure confidence, belonging, resource awareness, and college preparedness before and after participation
 - Institutional Retention
 - Compare retention rates between program participants and non-participants, along with historical data
 - Qualitative Feedback
 - Reflections and open responses capture student experiences, enriching the evaluation with personal insights
-

OUTCOMES TO DATE

Program Framework Completion

- Strategic Alignment
 - Retention, equity, and student engagement for broader impact
- Stakeholder Engagement
 - Collaboration builds shared ownership and supports program sustainability
 - English Department, Administration, Students
- Assessment Preparation
 - Assessment tools and evaluation methods are being developed to measure program success effectively

2023 National Community College Cohort Fall to Spring retention was 75.5% and Fall to Fall retention was 62.5% (Dembicki, 2025).

ANTICIPATED IMPACT

- Increased Student Retention*
 - Aims to boost retention of on-campus students by addressing challenges
 - Enhanced Sense of Belonging
 - Foster connection to faculty, staff, and peers improving motivation and satisfaction
 - Improved Academic Readiness
 - Students develop various skills related to academics and academic success
 - Sustainable Success Model
 - A scalable framework to improve future student success initiatives
-

OUT OF THE FLAMES...

- **SPARK**
 - A new New Student Orientation (NSO) program beginning in Fall 2026
- **Cool EF**
 - Monthly drop-in workshops on executive functioning skills for students
- **“Adulting” Programming**
 - Poster education, activities, speakers

MINUTES OF THE REGULAR MEETING OF THE
BOARD OF TRUSTEES OF ALLEN COMMUNITY COLLEGE
IOLA, KANSAS, JUNE 9, 2026

Rebecca Nilges called the meeting to order at 6:00 PM; also present:

Trustees: Gena Clouch
 Vicki Curry
 Corey Schinstock
 Jenny Spillman
 Jessica Thompson

Other Attendees: Dr. Lyvier Leffler, Dr. Kara Wheeler, Cami Keitel, Melanie Wallace, Karen Gillespie, Brad Henderson, Vince DeGrado, Ryan Sigg, John Collins, Christine Freelove, Tracy Lee, Dr. Susie McKinnis, Josiah D'Albini, Leslie Crane, Richard Luken (Iola Register), Brett Parker (KNEA), Jacob Strecker (INA Alert), Shawn Corkell (INA Alert), Eric Armstrong (INA Alert).

Agenda Approval Corey Schinstock moved to approve the agenda as amended. Gena Clouch seconded, motion carried 6-0.

Presentations

HLC Dr. Kara Wheeler, Acting VP for Finance and Operations, presented the Higher Learning Commission (HLC) mission and vision statements, highlighting rules and laws, and KBOR guidelines. Allen follows all rules, laws, and guidelines for accreditation. Allen is currently on an open pathway that involves a quality initiative/internal project. A yearly financial and nonfinancial update is required and is well above the composite financial index. The 2023 HLC report showed no issues but did provide suggestions.
 Melanie Wallace, Acting VP for Academic Affairs, gave a recap on the year-four accreditation process and the feedback with recommended suggestions. Allen is continuing to work on and has completed several of the recommendations from the report.
 Dr. Wheeler shared that the Accreditation Committee is in place to begin initiating the approved Qualitative Initiative. The committee will meet in August to provide oversight and direction on the Qualitative Initiative, led by Cami Keitel, VP for Student Affairs. The next HLC site visit is in 28-29; a mock visit will be scheduled before the 2028 site visit.
 Trustees Gena Clouch and Jessica Thompson attended the conference, each highlighting sessions they attended.

Agenda/Reports:

Consent Agenda Jessica Thompson moved to approve the consent agenda as presented to include the May 12, 2026 regular board minutes, the financial documents, pay bills, and approve the statement of claims. Vicki Curry seconded, motion carried 6-0.

Administrative Reports No questions or concerns to report.

Board Reports KACC – Jessica Thompson, Trustee, attended the KACC Sunday evening meeting that consisted of federal and state changes for the upcoming year. Becky Nilges, Trustee, attended the Sunday meeting and added that data collection is going to be very vital. Gena Clouch, Trustee, attended the Monday meeting that consisted of various presentations.

Iola Industries – Corey Schinstock, Trustee, was not able to attend the Iola Industries annual meeting due to a scheduling conflict.

ACC Endowment – Vicki Curry, Trustee, was not able to attend the May meeting due to a scheduling conflict.

Board Finance Committee – Gena Clouch and Vicki Curry met with Dr. Wheeler to review general information on outstanding receipts and discussed J1 issues with the new format. Schinstock requested to add account numbers on the payables.

Policy Committee - Jessica Thompson was not able to attend the meeting but did report that the policies being submitted for approval were updated on verbiage and format.

Resident Hall Committee - Corey Schinstock reported that the committee proposed options with the next step RFP to design the building and collect documentation for funding. There are requests for the new hall that will be considered in the planning.

Hall of Fame Committee - Becky Nilges, Trustee, no new information to report.

Other – Nilges shared that the fireworks display is July 2, 2026 at the ACC baseball fields; Allen's presence at Waters Hardware store was noticed; and the Innovation Day held on campus was well received with the community.

New Business

Policies

The following student policies have been updated with an updated format and pulling procedure out of the policy to be reviewed for approval at the July board meeting:

- BP 6.1 Drug Free Schools and Communities
- BP 6.2 Tobacco and Alcohol Use
- BP 6.3 Student Conduct
- BP 6.4 Student Discipline
- BP 6.5 Student Appeals
- BP 6.6 Student Senate
- BP 6.7 Recognized Student Organization
- BP 6.8 Student Housing
- BP 6.9 Tuberculosis Screening
- BP 6.10 Missing Student Notification
- BP 6.11 Campus Parking

Josiah D'Albini, Director of Student Life, explained the reasons for requesting approval to archive six student policies.

Jessica Thompson moved to approve VIII-C-1.6 Intramurals, VIII-F-1.24 Public Health Disclosures, III-F-1.1 College Parking, VIII-A-1.9 Orientation, VIII-E-1.1 Student Support Services, and VIII-E-1.3 Student Activities Office to retire/archive as recommended. Seconded by Vicki Curry, motion carried 6-0.

Karen Gillespie, Executive Director of HR, presented the BP 7.11 Wage and Salary Administration updated policy for review and feedback. With the updated policy, the longevity pay will be paid as a bonus to keep the wage bracket from offsetting. The monetary level will stay the same.

Athletic Gear	Dr. Wheeler presented recommendations from the RFP evaluation committee to award athletic apparel, footwear, and equipment a 5-year contract to BSN Sports and approve the associated five-year Under Armour partnership agreement. Vicki Curry moved to approve the RFP Committee recommendation to contract with BSN Sports and approve associated Under Armour partnership agreement. Seconded by Gena Clounch, motion carried 6-0.
INA Alert	Ryan Sigg, Director of Physical Plant Operations, presented INA Alert interior door access controls to replace old locks on 184 interior doors. The new system will provide security, remote access to lock and unlock doors, and immediate badge deactivation when badges are lost or employees leave. Jacob Strecker, INA, explained plans for the security of the badge-locking system. The funds are in the budget for next year; Sigg is requesting approval to use the funds now. Corey Schinstock moved to approve the agreement with INA for the interior door access controls for \$659,076.42. Seconded by Jenny Spillman, motion carried 6-0.
J1 Update	Wallace reported on the J1 conference, with eleven staff members attending the conference. The academic side of J1 is going smoothly after several issues have been resolved. Dr. Wheeler reported that there are many financial issues not working effectively. There are too many random issues, and many hours have been spent working on resolving these issues. The HR module is scheduled to go live next year. Dr. Wheeler commented that other institutions using Jenzabar are unhappy and recommended not using the HR module. Discussion ensued about the possibility of changing the SIS system and researching what other institutions use. An RFP committee will be established to submit recommendations.
<u>Old Business</u>	
Board Future Statement	Dr. Lyvier Leffler, President, requested approval to remove the date, "By 2028," from the Board Future Statement. This will remove the time constraint. Vicki Curry moved to approve to remove the date "By 2028" from the Board Future Statement. Seconded by Gena Clounch, motion carried 6-0.
Budget Workshop	Dr. Wheeler requested to schedule a board budget workshop to go over expected revenue, budget line items, timelines, and answer detailed questions. It was agreed to meet on August 11, 2026 at 4:30 PM in the Ambler Board Room.
Policy Approval	Gillespie presented the revised BP 7.34 Nepotism policy for approval. It was suggested to remove the first sentence from the fourth paragraph and adjust the wording to the following sentence. Corey Schinstock moved to approve the BP 7.34 Nepotism policy as amended. Seconded by Vicki Curry, motion carried 6-0.
Facility Updates	Dr. Wheeler reported on the Milling Design meeting with the 2 to 4 pipe replacement. Schinstock reported that the job would be less expensive, provide good quality service, and accommodate student and employee work schedules. Milling looked for potential future projects to be considered for updates/replacement. Vicki Curry moved to accept the Milling Design contract pending approval by the board attorney. Seconded by Jessica Thompson, motion carried 6-0.

Gym Floor Payment	Cami Keitel, VP for Student Affairs, presented the Von Lintel Refinishing, Inc. invoice for the gym floor with additional cost from water damage repair under bleacher and drainpipe area. Vicki Curry moved to approve the gym floor invoice for \$46,480. Seconded by Gena Clouch, motion carried 6-0.
Patron Concerns	Dr. Susan McKinnis, English Instructor, voiced that information requested by the faculty negotiation team has not been received in a timely manner according to the Kansas Open Meeting Act timeline.

Executive Sessions

At 8:20 PM, Corey Schinstock moved to enter executive session to discuss employer-employee negotiations, whether or not in consultation with the representative or representatives for the public body or agency, for 15 minutes, to include the board, Karen Gillespie, Melanie Wallace, Dr. Wheeler, and Dr. Leffler. Seconded by Jessica Thompson, motion carried 6-0.

At 8:35 PM, returned to open session, no action taken.

At 8:36 PM, Gena Clouch moved to enter executive session to discuss and strategize regarding the potential purchase/lease of real property, for 20 minutes, to include the board, Dr. Leffler, Cami Keitel, Ryan Sigg, and Dr. Kara Wheeler. Seconded by Vicki Curry, motion carried 6-0.

At 8:56 PM, Vicki Curry moved to extend the executive session for 15 minutes. Seconded by Jessica Thompson, motion carried 6-0.

At 9:11 PM, returned to open session, no action taken.

BOARD REPORT

JULY 2026

PREPARED BY CHRIS FREELOVE

PRESIDENT LYVIER L. LEFFLER, PHD, LMHC

01

PRESIDENT'S REPORT

President – Dr. Lyvier Leffler

Meeting/Engagement Dates:

- June 7-9th – KACCT @ Allen
- June 15-16th – President's Cabinet Leadership Retreat
- June 30th – America 250 Employee Appreciation BBQ

Grant Administrator and Government Relations Officer – Sonia Gugnani

Grants:

- EDA Grant: Allen's application for the EDA grant was denied, because the entire City of Iola is a designated Superfund site by the EPA. The site is the former United Zinc and Lead Smelter, but it impacts the entire city. EDA will not participate until the entire clean-up is completed, which is expected to be in 2027. Once the project is closed out by EPA, EDA may be able to participate in the project.
- Specialty Crop Grant Block Program: I checked with the Kansas Department of Agriculture on the status. The funding proposal is with USDA, and awards will be announced in August or September.
- Kansas Office of Apprentice Grant: Submitted the monthly expenditure report to Kansas Department of Commerce. I shared all the documents with Kelly so that she can submit the quarterly report next month.
- COPS Grant: 6 COPS grants were released by the Department of Justice in early June. Kara had requested information regarding the COPS grants. Reviewed the literature for all of them and shared the notes with Kara.
- Patterson Foundation Grant: The final application for the Patterson Foundation Grant was submitted on June 2. Award notifications are expected to be sent in September, with grant disbursements scheduled for October.

Meetings:

- Monthly KBOR meetings
- TEA meetings
- Weekly President's meeting
- Attended the Workforce Pell Webinar
- Latest Action in Washington Live Webinar

Director of Institutional Effectiveness and Research – Jacob Reichard

- I attended the Benchmarking Conference hosted by the National Community College Benchmarking Project at Johnson County. There I was able to attend sessions about gathering and reporting data that will allow an institution to compare itself to other institutions. I also attended a pre-conference session about the use of Power BI, a reporting tool that will allow the average user to see data in a visual manner. I will be working on using Power BI to visually present our data in the future.
- With the Academic Year report opening this month, we are finalizing the information the reports need to allow the system to create the submission. I am working with Jenzabar and others on campus to finalize the reports.
- I attended the Data Driven Decision training with the ACC Board and am creating similar reports for my monthly board report. The first set of reports has been included in this report.
- We are working through minor issues in our J1 implementation as they are discovered. Depending on what is causing the issue, we are either making changes to workflows or making changes to the backend process. These issues are expected as part of the implementation and the number of them being found is decreasing.

Upcoming Conferences, Events, and Reports:

- AY reports for KBOR – Opens July 1, closes late August.
- Annual Perkins Training – August 4-6 – Johnson County Community College

Director of Advancement – Vince DeGrado

Endowment/Advancement

No report for July.

Director of Human Resources – Karen Gillespie

HR Projects:

- 30 Minute Virtual Leadership / Employee Education Opportunities
- June: *The Pursuit of Happiness*, via Teams by presenter Karen Gillespie, Exec Director of Human Resources, June 25, 2026
- July: Staff CourseDog Training – July 21, 2026 at 2 pm, presenter.

Policies from last Month:

- (Human Resources / Personnel)
BP 7.11 Wage and Salary Administration
- (Student)
BP 6.1 – Drug Free Schools and Communities
BP 6.2 – Tobacco and Alcohol Use

Quality Education in a Caring Atmosphere.

- BP 6.3 - Student Conduct
- BP 6.4 - Student Discipline
- BP 6.5 - Student Discipline Appeals
- BP 6.6 - Student Senate
- BP 6.7 - Recognized Student Organizations
- BP 6.8 - Student Housing
- BP 6.10 - Missing Student Notification
- BP 6.11 - Campus Parking

Policies for this Month:

- (Administrative Services)
 - 4.50 - Purchasing
 - 4.51 - Competitive Solicitation Requirements
 - 4.52 - Contract Approval and Signature Authority
- (Student)
 - 6.13 - Hazing Proposal
 - 6.14 - Title IX and Sexual Harassment
 - 6.15 - Sexual Misconduct

Proposed Policies to Archive:

IX - A - 1.8 Procurement and Contracts

- **Engagement of new attorney resource:** This is a follow up on the opportunity to engage with specialized higher education legal counsel to provide additional support in employment, labor, education law, and collective negotiations. The proposed agreement (attached email) includes a monthly retainer for consultation services, with additional support available as needed, and would also provide assistance with board policy and handbook reviews. Based on positive feedback from other Kansas community colleges and initial HR interactions currently utilizing the firm, Administration requests engagement approval of this additional legal resource.
- **Staff Increases:** Following the Board's approval of the 3% staff salary increase, Human Resources is communicating pay adjustment details to eligible 12-month staff by July 10. Communications to eligible 10-month and part-time staff will be distributed by August 10, based on their respective effective dates. Updated faculty contracts will be issued following the completion of negotiations. Staff hired on or before February 1, 2026, are eligible for the salary increase.
- **Benefit Update:** We met with Blue Cross and Blue Shield in June to discuss 2026-27 rates/plans. To stay with our current plan reflects a **24.47% increase** for the health plan and a **13.2%** increase in the dental plan. We will work with the benefits committee to come up with our plan recommendation and any follow other related steps as we finalize our benefit plans for the 2026-2027 plan year. As a reminder, we received three new proposals for benefit

administration, Health and Dental. We will evaluate the RFP's after our BCBS meeting.

- **Position Updates:** We are in the hiring process for Head Track and Cross Country. We are still collecting applications for Livestock Judging Coach, Assistant Men's Soccer, Assistant Volleyball Coach, Business Office Assistant, Grant Administrator and Government Relations Officer, Computer Technician, Head Track and Cross Country Coach, Head Women's Soccer Coach, evening Custodian, Bookstore Assistant (part-time), and Theater Costume Assistant (part-time).
- Working with VP's to review all job descriptions for posting on the website in August 2027. Job Descriptions are due back to HR by July 20th.
- Working on setting up Employee Well Being Platform Strive (through BCBS). Looking at an August 1, go live for all employees and offering FREE Biometric Screenings in January 2027.

Director of Public Relations & Marketing – Brad Henderson

ACADEMIC AFFAIRS REPORT

Acting Vice President for Academic Affairs – Melanie Wallace

Academic Affairs

- Coursera
 - Still moving forward with Implementation and so far all is going well.
- Newman University Partnership
 - Meeting with local business and industry to present information on the partnership. Will have a formal signing ceremony in August.
- Melanie attended the CAO retreat on June 17th and 18th in Topeka.
- All open instructor positions have been filled.
- Activity scholarship table at the end of this report.

Faculty Senate (Anne Marie Foley):

- No new report – Faculty are off contract until August

Faculty and Classes (Melanie Wallace/Jerald Johnson):

- Positions have been accepted for two full-time faculty. Vocal Music and Education instructors have both accepted positions and have started onboarding. There will be a few adjunct positions posted soon to improve the depths of "pools" in a couple of departments.

- Adjuncts are currently being assigned to the remaining fall classes. The Deans are meeting with Enrollment Management weekly to double-check scheduling and course offerings to ensure it meets the demand of our students.
- Continuing meetings with community organizations- Iola Chamber, K-State Extension, Thrive, KSU College of Agriculture, Allied Healthcare roundtable, and SEKansas, Inc.
- Working with Kelly to submit final Perkins report and prepare for 26-27 application period.
- Developing workflow for future apprenticeship development.

Early Childhood Education (Beth Toland):

- Summer camp is underway a morning session and an afternoon session will take place July 6th – 9th.
- Melanie and Beth met with Marc Nepote from the Kansas Department of Wildlife and Parks who will oversee Lehigh State Park. Some sessions for the summer camp will be held at the park.

Online Learning (Jerald Johnson):

- In online learning, the team is reviewing courses that were created last spring and early summer to provide feedback to the designers. There will be approximately 5 new course designs that will launch this fall. Online Learning is also working on creating course copies for the fall course shells.

Concurrent/Dual Credit (Lauren Moots):

- Enrolling HS Students for the fall semester should see an increase in enrollment in both concurrent and dual credit when HS counselors return at the end of July.
- Created an Attestation form for any High School Partners who have students taking Excel in CTE classes with us this fall to track the new KBOR requirements. I am managing all of the tracking and data collection for these new requirements. It is an extremely manual process to gather, store and record all of this information for each students enrolling in an Excel in CTE course. Also is a manual process for tracking failed courses for billing accuracy.
- Drafting more direct and easier CTE Pathway outlines for high school students with Tara Lindahl. Hopes this better communicates our CTE pathways and General Studies Pathway for HS students, costs, time of program and specific course work each one entails. Building these out for better visuals for our students for marketing purposes.
- Prepared Maternity Leave Plan for my absence and communicated with those needed to cover tasks.
- Planning a High School Partnership Day at Allen, mainly targeted towards our concurrent school partners in our service area. This will be in conjunction with the Admissions team as well.

- Planning the training and reminders for our semester counselor meetings that are for all concurrent and dual credit school partners.
- Cleaning up incorrect high school student data in J1, regarding majors, classification and graduation credentials.
- Pulling Data for SEKMHC Grant report that promotes our Mental Health Certificate to HS students. Open to Iola, Humboldt, Moran and Yates Center students now. So far, 1 completer, but the grant was published late to those students that were eligible. We look to have more complete by the end of 26-27AY.
- Attending State-wide Deans & Directors online meeting regarding the changes in Excel in CTE we are all facing. Learning how other colleges are managing this adoption. Working with marketing for more targeted high school marketing flyers, ads, etc.
- Working on designing a high school student orientation class in Canvas and in person tour (if desired) similar to full-time students attend at Allen.

CTE & Apprenticeships (Kelly Baker):

- Perkins:
 - Perkins final report for 26/27 submitted to Pitt State
 - Since I will be filling in for Katie, Angie Clemmer will be the Perkins Coordinator effective immediately. Jacob Reichard is still the backup coordinator.
- Other:
 - 6/3/26 – Tara, Kelly, Melanie met with Beth and Julie at B&W. Discussed current state of MMT (Machining and Manufacturing Technology) program and ways we could support each other.
 - 6/9/26 – Tara, Kelly, Melanie toured NCCC's Mitchell Center.
 - 6/11/26 – Tara, Kelly met with Kelly Sigg at Iola Chamber. Discussed ways we can support local businesses.

Academic Support (Virginia):

- No new update at this time.

Upcoming Events:

- Summer Semester – ends July 31st.
- First faculty contract day for Fall – August 6th.
- Fall Inservice day – August 11th.

FINANCE AND OPERATIONS REPORT

Interim Vice President for Finance and Operations – Dr. Kara Wheeler

Business Office – Alicia Sterling

- Initiatives and projects currently in progress:
 - The company working on AI for our bank rec has developed a manual solution, which I will be testing.
 - We have decided to transition away from J1 Payroll. We have already held an initial meeting with ADP and are in the process of scheduling additional time with our regional representative.
 - We continue to explore every available option on our end to correct the refund tables so it functions properly. It does take multiple departments to complete as it pulls in information from all.
 - Kelly has begun training with Katie on the various aspects of accounts receivable to ensure coverage during Katie's absence.

- The Business Office interview committee will be scheduling another meeting to review additional applicants who have recently applied for the position. While we have already interviewed two candidates, we want to ensure we find the best fit for the role before moving forward with a final decision.
- Recent or upcoming events:
No events to report at this time.
- Accolades or recognitions for team members or departments:
The team continues to collaborate effectively while navigating J1 challenges, demonstrating persistence and teamwork.
- Key statistics and data relevant to your area of responsibility:
No new data to report at this time.

Bookstore Manager – Austin Hendrix

- No new update at this time.

Director Physical Plant and Operations – Ryan Sigg

- Custodial Maintenance:
 - Our Custodial Maintenance Department is underway with the summer cleaning process for student housing and academic buildings.
 - Grounds Maintenance:
 - Our Grounds crew is continuing construction on the Disc Golf Course.
 - We have installed new landscaping around the main entrance sign and planted trees along the main drive.
 - The crew is in progress to update all ADA parking with signage and required markings.
 - With the Spring weather, our campus mowing has had some challenges. They are working hard to keep up with the grass in the limited opportunities.
 - Automotive/Equipment Maintenance:
 - Our Automotive/Equipment Tech has been working to keep the grounds equipment clean with the Spring weather.
 - The seven new 15 passenger vans will be getting wraps installed on them beginning July 7th.
 - Maintenance Techs I & II:
 - Both of our Maintenance Techs continue with the service requests filed through MicroMain on a daily schedule.
 - Below is data collected for our maintenance request in MicroMain:
 - January 1, 2025 – December 31, 2025 – 1,002 completed requests
 - January 1, 2026 – June 30, 2026 – 695 completed requests
 - May 26, 2026 – June 30, 2026 – 145 completed requests
- Quality Education in a Caring Atmosphere.

Note: Data only reflects maintenance requests filed through MicroMain.

- The Kansas State Fire Marshal was on campus for their annual inspections. We had several deficiencies but have been approved for our corrective actions and have 60 days to complete the corrective actions. Our maintenance crew are currently working on this process.
- Maintenance Projects:
 - Updates to Facilities Assessment are limited this month.
 - Please see Facilities Assessment Timetable Tab June 2026 for reference.

Budget Timeline

If exceeding Revenue Neutral Rate (RNR), follow procedure outlined in KSA 79-2988

- **June 15:** Assessed property valuation estimate and RNR issued from County Clerk
- **July 20:** Last day to notify County Clerk of intent to levy above RNR
 - County Clerk will notify tax payers via mail/email of all taxing subdivisions exceeding RNR 10 days prior to first hearing in the county
- **August 20 - September 20 (only if exceeding RNR):** Hold RNR hearing prior to or in conjunction with budget hearing
 - Publication at least 10 days prior to RNR hearing (newspaper and website, if maintained)*
 - Governing body passes resolution to exceed RNR, records roll call vote, and then formally adopts budget anytime AFTER resolution passes
 - Resolution MUST be passed at the RNR hearing at the conclusion of the public comment period BEFORE the hearing is closed.
 - Roll call vote is recorded & submitted with budget docs even if resolution fails
- **By September 20:** Hold budget hearing
 - Publication at least 10 days prior to budget hearing*
- **By October 1:** Governing body certifies budget to County Clerk
 - If certified budget not received by 5:00 PM, County Clerk shall use the previous year's budget information and amount of ad valorem tax to be levied for taxing subdivision
- **By December 31:** County Clerk submits budget to Municipal Services as a PDF.

***Best Practice:** Contact newspaper(s) in advance to confirm publication content due dates, procedure, and contact information! There is no remedy if the RNR hearing newspaper publication is missed.

Whereas Section 114(a) of 2026 House Bill 2513 contains a \$12,419,311 appropriation for Community and Technical College Capital Outlay Aid to be distributed to the community colleges and technical colleges within Fiscal Year 2027 by the Kansas Board of Regents;

Whereas Section 114(a) of 2026 House Bill 2513 also contains a \$14,300,000 appropriation for the Two-Year College Business/Industry and Apprenticeship Act to be distributed to the community colleges and technical colleges for the development of apprenticeships, business and industry outreach, and development of programming to meet the emerging needs of Kansas businesses within Fiscal Year 2027 by the Kansas Board of Regents;

Whereas the two appropriations cited herein require a certification of eligibility by the community college to the Kansas Board of Regents before a community college may receive its designated amount of state aid from the two appropriations:

“...Provided, however, That prior to any expenditures being made to any community college by the above agency from such account in fiscal year 2027, the agency shall receive a certification from each such community college certifying that the board of trustees of such community college has not adopted and will not adopt a resolution that increases the 2027 tax levy on the taxable tangible property of the community college district: And provided further, That, if any such certification is made, the above agency shall deliver a copy of such certification to the director of legislative research and the director of the budget: And provided further, That on June 30, 2027, the sum of the amounts appropriated in such account to any community college that does not submit a certification is hereby lapsed.”

Whereas this certification by the Board must substantiate that the community college is eligible for the specified amount of state aid by certifying there will be no increase to the 2027 tax levy on the taxable tangible property of the community college district;

Be it hereby resolved that the president and the board of trustees' chairperson of the community college named in this document hereby certify that the board has not and will not adopt any resolution that increases the 2027 tax levy on the taxable tangible property of the community college district.

The community college understands that this certification is a condition precedent to receiving the applicable state appropriation in Fiscal Year 2027 and that failure to submit this certification will result in lapse of appropriated funds on June 30, 2027; and that if the college receives the applicable state appropriation and is later found to have increased the 2027 tax levy on the taxable tangible property of the

community college district, the college will return the state aid prior to June 15, 2027, for which the college is not eligible.

ACKNOWLEDGMENT

It is hereby acknowledged that pursuant to 2026 House Bill 2513, Section 114(a), community colleges are eligible to receive specified amounts from the Community and Technical College Capital Outlay Aid and from the Two-Year College Business Industry and Apprenticeship Act accounts during the fiscal year ending June 30, 2027, only upon certification that the board of trustees of such community college has not adopted and will not adopt a resolution that increases the 2027 tax levy on the taxable tangible property of the community college district. Further, it is hereby acknowledged that a copy of this certification will be transmitted by the Board of Regents to the Director of Legislative Research and the Director of the Budget.

Purpose: The purpose of this Policy is to govern the expenditure of College Funds.

Definitions:

“College Funds” are defined as funds administered or held by the College in an account controlled by the College.

“Expenditure” means payment or other disbursement for goods or services using College Funds.

Statement:

The Expenditure of College Funds should be handled in a manner that assures the greatest ultimate value per dollar expended.

Where goods or services have been approved for purchase either individually or by inclusion in the budget the Board of Trustees (the “Board”) has adopted for the College, the President or designee is authorized to process such purchases in accordance with policies and procedures administered by the business office.

The Board retains the right to deviate from its procurement policies, as the Board shall determine from time to time, for the acquisition of products, goods and services or a combination thereof.

Under Kansas law, all contracts relating to purchase of goods or services must be governed by and interpreted in accordance with the laws of Kansas, and the College may not agree to submit to the jurisdiction of any court other than a court of the state of Kansas.

The Board reserves the power to omit or modify any of the otherwise mandatory contract provisions determined or annunciated from time to time by the Department of Administration of the state of Kansas to the extent permitted by and in accordance with procedures required by Kansas law.

<i>Cross Reference:</i>	<i>IX-A-1.8</i>

Purpose: The purpose of this Policy is to ensure that purchases are administered in a manner that maximizes open and free competition by using the following solicitation methods unless otherwise provided for by College policy.

Definitions:

“Requests for Quotes” or “RFQs” refer to requests made to potential vendors to establish pricing and terms and conditions under which a vendor offers to provide the goods or services sought by the College. RFQs may be solicited informally via email, fax, mail, written documentation, or verbally.

“Requests for Bids” or “RFBs” refer to announcements that the College intends to purchase goods or services and include an invitation for potential vendors to submit a response outlining the pricing and terms and conditions under which a vendor offers to provide such goods or services. RFBs may be invitation-only or open to the public and bids may be solicited in sealed or unsealed format.

“Requests for Proposals” or “RFPs” refer to announcements that the College intends to purchase goods or services and include an invitation for potential vendors to submit a response outlining the pricing, terms and conditions, vendor qualifications and manner in which a vendor offers to provide the goods or services. RFPs are utilized when the College determines that the nature and complexity of the goods or services to be acquired require detailed proposals rather than quotations or bids.

Policy:

When procuring goods or services, the following dollar thresholds, based on the estimated total transaction amount, shall serve as guidelines for the minimum requirements of competition and for the Board of Trustees review and approval prior to committing the College. Exceptions to the requirements for seeking competitive solicitations are defined below.

1. \$0.00 - \$9,999.99 - Selection of potential vendors may be made by unrestricted open-market processes in a manner that maximizes value to the College. While competitive solicitations are not required, necessary steps should be taken to ensure price reasonableness.
2. \$10,000.00 – \$34,999.99 - Quotations or proposals will be requested from three (3) or more qualified sources. The Vice President of Finance and Operations may select a vendor without verifying three (3) or more qualified sources if current market conditions provide evidence of competitiveness or price reasonableness.
3. \$35,000.00 - \$149,999.99 – Quotations or proposals will be requested from three (3) or more qualified sources. The Vice President of Finance and Operations may select a vendor without verifying three (3) or more qualified sources if current market conditions provide evidence of competitiveness or price reasonableness. After appropriate administrative evaluation for the purchase of goods or services, a recommendation for approval shall be submitted to the Board of Trustees prior to the issuance of a purchase order or execution of a contract or agreement
4. \$150,000 and above - Formal, sealed RFBs or RFPs shall be solicited from at least three (3) qualified sources. Such RFBs or RFPs shall be advertised via the College's website and in the College's approved newspaper(s) at least ten (10) calendar days prior to the scheduled bid opening. After appropriate administrative evaluation for the purchase of goods or services, a recommendation for approval shall be submitted to the Board of Trustees prior to the issuance of a purchase order or execution of a contract or agreement.

Awards following competitive solicitation shall be made to the lowest qualified bidder(s) meeting specifications unless it is determined not to be in the College's best interest. The selection by the College of any vendor will be at the College's sole discretion.

Nothing contained herein shall preclude the College from negotiating with the lowest qualified bidder, issuing change orders modifying any bid received, or from rejecting any and all bids.

In the event other criteria are equal, the purchase will be made from the vendor that provides the best services to the College or best meets the College's needs. Preference may be given, when quality and price are comparable, to the purchase of goods or services offered by vendors with offices or plants located in the College's Service Area.

Federal and State Awards:

In the event that the college is awarded a federal or state grant, the college will maintain compliance with the terms and conditions of the award for purchasing and contracts, and/or will follow federal or state guidelines outlined in such resources such as the EDGAR Handbook.

Exceptions:

Purchases exceeding \$35,000.00 that fall within one of the exceptions below (except for sole source purchases and goods or services purchased for resale) shall be approved by the President or designee and reported to the appropriate committee.

1. Sole source purchases that are available only from one supplier including but not limited to:
 - A. Utility services (e.g., electricity, gas, or water);
 - B. Government-issued permits, licenses, or certificates, or authorities-having-jurisdiction (AHJ); or
 - C. Real property.
2. Single source purchases that are reasonably available only from one supplier due to substantial reasons including but not limited to:
 - A. Films, manuscripts, books and media publishers, or works of art (including live performances and productions) for which competition is precluded because of the existence of patents or copyrights;
 - B. Internet, fiber, and other telecom services;
 - C. Goods or services required to meet specific educational objectives;
 - D. Goods or services that ensure compatibility with existing equipment, infrastructure, software, or systems; or
 - E. Advertising (including TV, radio, print, billboard, and electronic mediums) to reach a target audience.
3. Products or services that are offered for purchase under K.S.A. 75-3317 to 75-3322 (purchase of products and services of nonprofit entities for blind or disabled persons), and any amendments thereto.
4. Articles or products that are produced, manufactured, or provided by inmates under K.S.A. 75-5273 to 75-5282 (the Prison-made Goods Act of Kansas), and amendments thereto.
5. Materials, goods, or wares required for reconstructing, remodeling, repairing, or equipping buildings when such purchases are necessitated by the occurrence of a loss covered by property or casualty insurance.
6. Motor fuels and alternative energy sources, such as electrical vehicle (EV) charging equipment, required for College-owned vehicles.
7. Emergency situations that necessitate the immediate purchase of goods or services. Emergency purchasing procedures may be designated by the President and delegated to appropriate College personnel.
8. Goods or services that are purchased for resale.
9. Pre-owned goods available for purchase deemed to be in the College's best interest.
10. Items that are acquired when the College is serving as a facilitating agent or trustee.
11. Items where negotiation would render a more favorable pricing and product condition for the College.
12. The College may contract for goods and services provided by state of Kansas agencies, or by federal agencies, political subdivisions of Kansas, agencies of other states or subdivisions thereof, or private nonprofit educational institutions.
13. Services of any kind when it is determined to be in the best interest of the College.
14. Items with unit or contract prices stated in cooperative contracts and purchasing cooperatives that are in the College's best interest.

Purpose: The purpose of this Policy is to set forth the approvals required to contractually bind the College with third parties and establish the process for delegating signatory authority.

Definitions:

“Business Agreement” means any agreement, contract, or other business relationship which legally and contractually binds or obligates the College including, but not limited to, purchase agreements for goods, services, and real property, leases, affiliation agreements, sales agreements, grant contracts, memoranda of understanding, letter and arrangement agreements, and commitments.

Policy:

The power to enter into Business Agreements on behalf of the College is vested in the Board of Trustees (the “Board”). No individual has authority to enter into a Business Agreement on behalf of the College or in any other way obligate the College for procurement or contractual liability unless authorized to do so by the Board. The Board has delegated to the President and the Vice President for Finance and Operations authority to execute Business Agreements on behalf of the College when such agreements have been approved in accordance with College policies and operating procedures, and the President may delegate such signatory authority to Allen employees or officers in leadership positions related to such agreements.

Business Agreements for the purchase of goods or services by the College are subject to review by the Vice President for Finance and Operations prior to being finalized. Communication with vendors pertaining to negotiations affecting purchases, prospective purchases, or purchase orders (“POs”), which involve prices, terms, conditions, or delivery of any service or product shall be conducted in coordination with the business office. The College shall only accept written proposals for such services at the College's request, and all such quotations, bids, and proposals must be submitted through the business office. Direct contact with College employees (other

than Business office employees) by vendors regarding future contracts or contract solicitations shall be permissible only on matters such as product information, technical specifications, and literature review, and only when the College is not actively soliciting bids or proposals for goods or services.

Business Agreements that are not reviewed, approved, and executed in accordance with this Policy or otherwise approved by the Board are considered unauthorized and will be null and void with respect to the College, and the employee making the purchase or entering into the agreement may be subject to discipline up to and including termination of employment in accordance with current policies and procedures, and be deemed to have personal liability for the purchase or agreement.

The Board of Trustees of Allen Community College is committed to providing a safe, respectful, and supportive environment for all students, employees, and participants in College programs and activities. Hazing is strictly prohibited in any form.

The College shall maintain policies, procedures, and prevention programs designed to eliminate hazing and promote healthy student engagement, in compliance with applicable federal and state laws.

Hazing is defined as any intentional, knowing, or reckless act committed by an individual or group against another person, regardless of consent, in connection with initiation into, affiliation with, or continued membership in any organization, team, or group, that creates a risk of physical or psychological harm.

This prohibition applies to all students, student organizations, athletic teams, and any other groups or individuals affiliated with the College. It includes conduct occurring on or off campus when connected to College-related activities.

Individuals and organizations found responsible for hazing may be subject to disciplinary action, up to and including suspension, expulsion, loss of organizational recognition, and referral to law enforcement.

The President or designee is authorized to develop and implement procedures necessary to enforce this policy.

Student Code of Conduct; Employee Conduct Policies; Non-Discrimination Policies; Grievance Procedures; IV-A-1.7 Sexual Misconduct

The Board of Trustees is committed to maintaining an educational and working environment free from sex-based discrimination, including sexual harassment, sexual assault, dating violence, domestic violence, and stalking.

The College prohibits conduct that constitutes sexual harassment under Title IX and will respond promptly and equitably to all reports in accordance with federal law and College procedures.

The College shall utilize a formal or informal grievance process as appropriate that provides for fair, consistent, and impartial resolution of complaints. The process may include notice of allegations, an investigation, opportunity to review evidence, a live hearing, a written determination, and an appeal process, in compliance with applicable federal regulations.

The Title IX Coordinator(s) is/are responsible for overseeing compliance with Title IX, including intake of reports, provision of supportive measures, and administration of the grievance

process. The Title IX Coordinator shall not serve in multiple decision-making roles within the same case.

The College shall ensure that all individuals involved in the Title IX process, including investigators, decision-makers, and appeal officers, are trained and free from conflicts of interest or bias.

The College shall provide supportive measures to complainants and respondents, as appropriate, to preserve access to educational programs and activities, regardless of whether a formal complaint is filed.

Retaliation against any individual for reporting, participating in, or refusing to participate in a Title IX matter is strictly prohibited.

Violations of this policy may result in disciplinary action in accordance with College policies and procedures. When appropriate, matters may be referred to law enforcement or other authorities.

This policy applies to all students, employees, contractors, and third parties participating in College programs or activities and to conduct occurring within the College's education programs or activities as defined by federal regulation.

The Board authorizes the administration to establish and implement procedures necessary to carry out this policy in compliance with federal law, including the designation of investigators, decision-makers, and appeal officers, provided that no individual serves in more than one role in the same matter.

The determination issued through the Title IX grievance process shall be subject to appeal as defined by College procedures. The decision of the designated Appeal Officer shall be final. The President and Board of Trustees shall not serve as appellate bodies in Title IX matters.

~~POLICIES AND PROCEDURES~~

~~SEXUAL MISCONDUCT~~

~~I. POLICY~~

~~1.00 GENERAL STATEMENTS~~

~~1.01 Allen County Community College is committed to maintaining a positive and safe learning and working environment. Allen Community College students and employees are responsible for assuring that the College maintains an environment for study and work free from Sexual Misconduct or related retaliation and all members of the Allen community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Allen Community College prohibits Sexual Misconduct, specifically including sexual assault, sexual exploitation, rape, acquaintance rape, domestic/dating violence, sexual harassment, stalking, cyber-stalking/bullying, or facilitating the commission of a violation, and retaliation.~~

~~1.02 Sexual Misconduct violates the dignity of individuals, impedes the realization of educational goals, is unlawful and will not be tolerated. Specifically, Sexual Misconduct is a form of illegal discrimination in violation of Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, The Violence Against Women Act of 1994, and the Kansas Act Against Discrimination and could lead to criminal prosecution.~~

~~2.00 SPECIFIC STATEMENTS~~

~~2.01 Definitions~~

~~Sexual Misconduct is a broad term that includes, but is not limited to sexual assault, sexual exploitation, rape, acquaintance rape, domestic/dating violence, sexual harassment, stalking,~~

cyber-stalking/bullying, or facilitating the commission of a violation of sexual misconduct, and retaliation.

Sexual assault is defined as actual or attempted sexual contact with another person without that person's consent. Sexual assault includes, but is not limited to: physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

Sexual exploitation is defined as a person taking non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited.

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object or oral penetration by a sex organ of another person, without consent.

Acquaintance rape occurs when the parties involved in a rape know each other.

Domestic/Dating Violence is defined as violence committed by a current or former spouse or intimate partner. It can include both physical and emotional abuse.

Sexual harassment is defined as encompassing non-consensual or unwelcome sexual advances, requests for sexual favors and any other verbal or physical conduct of a sexual or gender-based nature, whether intentional or unintentional, where:

- An individual's submission to or rejection of the conduct is made, either explicitly or implicitly, a term or condition of employment or of status in a course, program or activity, or is used as a basis for an employment or academic decision; or
- The conduct is sufficiently severe, persistent or of creating an intimidating, hostile, humiliating or offensive working or educational environment.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or suffer substantial emotional distress.

Cyber-stalking is defined as the use of electronic communication to harass or threaten someone with physical harm.

Cyber-bullying is defined as the verbal bullying of someone (as a classmate) through the use of often anonymous electronic communication (as online posts or text messages).

Retaliation is defined as any action taken against a person or persons because they have opposed any practices forbidden in policy, or have filed a report, assisted, or participated in any manner in an investigation or proceeding under this policy. This includes any action taken by a bystander who intervenes to stop or attempt to stop discrimination, harassment, sexual misconduct, stalking, or cyber bullying.

Consent is defined as a willingness or agreement to engage in conduct. Consent must be freely given with full information of the facts and circumstances. A person cannot give valid consent in Kansas if he/she is:

- Overcome by force or fear;
- Unconscious or powerless;
- Mentally incapacitated, whether due to a mental disease or alcohol/drug intoxication;
- Under the minimum age required to give consent in Kansas or
- Providing apparent consent due to fraud or misrepresentation.

Consent to engage in sexual activity must be informed, freely given, and mutual. Consent must be ongoing, throughout each instance of sexual activity, and for each sexual contact. Consent to one form of sexual contact does not mean consent to all forms of sexual contact. Consent may not be inferred from silence, passivity, lack of resistance, or lack of active response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent. In the absence of an outward demonstration, consent does not exist. It is the responsibility of the initiator of the sexual activity to ensure he or she has the other person's consent to engage in sexual activity. At any time, a participant can communicate that he or she no longer consents to the continuing activity.

2.02 Reporting

Individuals with questions or concerns about Sexual Misconduct, or those wishing to file a complaint of Sexual Misconduct, should contact the Vice President for Student Affairs, Allen Community College, 1801 N. Cottonwood Street, Iola, Kansas 66749, 620-365-5116, vpsa@allencc.edu. In an emergency, please call 911 for immediate assistance.

Allen Community College is committed to fostering community that promotes prompt reporting of all types of Sexual Misconduct and timely and fair resolution of Sexual Misconduct complaints. It is a violation of this Policy for anyone acting knowingly and recklessly either to make a false complaint or to provide false information regarding a complaint of Sexual Misconduct.

Every reasonable effort will be made by the Title IX Coordinator to protect the confidentiality of the parties during an investigation. After an investigation, any person who is found to have violated this policy or retaliated against another will be subject to discipline, up to and including expulsion from Allen and/or termination of employment, to help ensure that such actions are not repeated.

~~Students and employees are encouraged to file a criminal complaint with local law enforcement in addition to reporting sexual misconduct to the College. The College will not wait for the conclusion of any criminal investigation or proceedings to commence its own Investigation and take interim measures to protect the complainant and the College community.~~

~~Campus Crime should be reported to a Dean, a Vice President, the Director of Student Life, or student housing staff members. Those crimes involving sexual misconduct will then be reported to the Title IX Coordinator. All other employees are expected to report knowledge of any suspected Sexual Misconduct.~~

~~Any person may file a Sexual Misconduct complaint against a college student or employee under these complaint procedures. A “college student” means any student who is registered or enrolled at the College at the time of the alleged Sexual Misconduct. A “college employee” means any full or part-time employee who is employed at the time of the alleged Sexual Misconduct. These complaint procedures apply to any allegation of Sexual Misconduct against a student or employee, regardless of where the alleged Sexual Misconduct occurred. The College reserves the right to determine if the complaint constitutes a sufficient risk to the College community to warrant processing the complaint. Complaints against individuals not associated with the College should be reported to local law enforcement.~~

~~2.03 Complainant’s Safety and Welfare~~

~~The College will take prompt and effective action as is reasonably practicable under the circumstances to support the complainant, including taking appropriate interim steps before the final outcome of complaint.~~

~~The College may impose a “no contact” order, which typically will include a directive that the parties refrain from having contact with one another, directly or through proxies, whether in person or via electronic means, pending the investigation.~~

~~The College also may take any further protective action that it deems appropriate concerning the interaction of the parties both during the investigation and as part of the outcome of the investigation, including, without limitation, directing appropriate college officials to alter the students’ academic and/or college employment arrangements, and if applicable, working with the individuals involved to alter living or dining arrangements. When taking steps to separate the complainant and the respondent, the College will seek to minimize unnecessary or unreasonable burdens on either party; provided, however, every reasonable effort will be made to allow the complainant to continue in his/her academic and/or college employment arrangements. Violations(s) of the College’s directive and/or protective actions will constitute related offenses that may lead to additional disciplinary action.~~

2.04 Respondent's Rights

The respondent will be provided with a statement of the complaint in writing, and the complainant will be provided a copy of this notification. The respondent will be provided an opportunity to meet with the investigator(s) who are investigating the complaint and to respond to the allegation. Respondents may respond in person or in writing within a reasonable time to be determined by the investigator(s). If a respondent chooses not to participate or refuses to answer a complaint, his/her nonparticipation will not prevent the investigation from proceeding and could result in a finding based only on the information provided by the complainant. Both the complainant and the respondent have the opportunity to bring a representative/advisor to the meeting with the investigator(s). However, the representative/advisor is present only to advise the represented party. He/she may not address or communicate directly with the investigator(s) or any other person involved with the investigation.

2.05 Investigation and Disciplinary Process

Upon receipt of notice of any allegation of Sexual Misconduct, the Title IX Coordinator will first schedule an individual intake meeting with the complainant in order to

- Provide to the complainant a general understanding of college policy and complaint procedures;
- To identify forms of support or immediate interventions available to the complainant such as academic support, disability services, health and mental health services, victim advocacy, and legal assistance; and
- Provide a general overview of how the allegation of Sexual Misconduct could potentially be addressed at both the College level and as a criminal matter with local law enforcement.

An investigation will be conducted by an individual who has been trained on Allen's Sexual Misconduct Policy and Procedures, and may include review of documentation, interviews with the complainant, respondent, and other witnesses, and any other necessary inquiries.

College personnel will utilize a preponderance of the evidence standard during the investigation, and determine and implement a resolution and discipline, if necessary. A preponderance of the evidence means that the information shows that it is "more likely than not" that the respondent violated college policy.

Allen Community College disciplinary procedures will be followed for students and employees. The complainant and the respondent will be entitled to the same opportunities to have others present during any disciplinary proceeding (including an advisor of his/her choice), and both the complainant and the respondent are entitled to be simultaneously notified in writing of the

~~outcome of the disciplinary proceeding, the college's appeal procedures, any subsequent change to the outcome of the disciplinary proceeding and the date the results are considered final.~~

2.06 Education

~~Allen Community College has programs in place to provide education on sexual misconduct. These programs include:~~

- ~~• Annual training to all employees on sexual misconduct or active bystander during staff convocations.~~
- ~~• *Know What To Do* is an online educational program developed by the college for students and employees on issues of bullying, dating and domestic violence, sexual assault, stalking, substance abuse, online violence and being an active bystander.~~
- ~~• Sexual misconduct education is included in the College Career Success Seminar course.~~
- ~~• Training and information on sexual misconduct provided to all new employees.~~
- ~~• Monthly sexual misconduct and prevention education provided through *Student Health 101* for students, faculty, and staff.~~
- ~~• Personal safety programs for students provided by the Student Life Office on dating violence, bullying, drug and alcohol issues, and stalking.~~

<i>Cross Reference:</i>	<i>Student Code of Conduct; Employee Conduct Policies; Non-Discrimination Policy; Campus Safety Procedures</i>

The Board of Trustees is committed to maintaining an educational and working environment free from all forms of sexual misconduct and sex-based inappropriate behavior.

The College prohibits sexual misconduct that does not fall within the jurisdiction or definition of Title IX but may impact the safety, well-being, or participation of individuals in College programs, activities, or the College community.

Non-Title IX sexual misconduct may include, but is not limited to:

- Sexual harassment that does not meet the Title IX definition
- Sexual assault occurring outside Title IX jurisdiction
- Dating violence, domestic violence, or stalking not covered under Title IX
- Sexual exploitation
- Inappropriate conduct of a sexual nature that interferes with the educational or work environment

The College will address such conduct through established student conduct and employee conduct procedures, ensuring a fair, prompt, and equitable process for all parties.

The Board authorizes the administration to determine whether reported conduct falls under the Title IX Sexual Harassment Policy or this policy and to assign the appropriate process accordingly.

The College shall ensure that individuals reporting misconduct are provided with appropriate support resources and, when necessary, interim or protective measures to maintain access to educational programs and activities.

Retaliation against any individual for reporting or participating in a misconduct matter is strictly prohibited.

Violations of this policy may result in disciplinary action in accordance with College policies and procedures and may be referred to law enforcement or other authorities when appropriate.

This policy applies to all students, employees, contractors, and visitors on property owned or controlled by Allen Community College, at College-sponsored activities, or in situations that impact the College community.

The College shall provide supportive measures to complainants and respondents, as appropriate, to preserve access to educational programs and activities, regardless of whether a formal complaint is filed.

Retaliation against any individual for reporting, participating in, or refusing to participate in a Title IX matter is strictly prohibited.

Violations of this policy may result in disciplinary action in accordance with College policies and procedures. When appropriate, matters may be referred to law enforcement or other authorities.

This policy applies to all students, employees, contractors, and third parties participating in College programs or activities and to conduct occurring within the College's education programs or activities as defined by federal regulation.

The Board authorizes the administration to establish and implement procedures necessary to carry out this policy in compliance with federal law, including the designation of investigators, decision-makers, and appeal officers, provided that no individual serves in more than one role in the same matter.

The determination issued through the Title IX grievance process shall be subject to appeal as defined by College procedures. The decision of the designated Appeal Officer shall be final. The President and Board of Trustees shall not serve as appellate bodies in Title IX matters.

~~SEXUAL MISCONDUCT~~

~~I. POLICY~~

~~1.00 GENERAL STATEMENTS~~

~~1.01 Allen County Community College is committed to maintaining a positive and safe learning and working environment. Allen Community College students and employees are responsible for assuring that the College maintains an environment for study and work free from Sexual Misconduct or related retaliation and all members of the Allen community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Allen Community College prohibits Sexual Misconduct, specifically including sexual assault, sexual exploitation, rape, acquaintance rape, domestic/dating violence, sexual harassment, stalking, cyber-stalking/bullying, or facilitating the commission of a violation, and retaliation.~~

~~1.02 Sexual Misconduct violates the dignity of individuals, impedes the realization of educational goals, is unlawful and will not be tolerated. Specifically, Sexual Misconduct is a form of illegal discrimination in violation of Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, The Violence Against Women Act of 1994, and the Kansas Act Against Discrimination and could lead to criminal prosecution.~~

~~2.00 SPECIFIC STATEMENTS~~

~~2.01 Definitions~~

~~Sexual Misconduct is a broad term that includes, but is not limited to sexual assault, sexual exploitation, rape, acquaintance rape, domestic/dating violence, sexual harassment, stalking, cyber-stalking/bullying, or facilitating the commission of a violation of sexual misconduct, and retaliation.~~

Sexual assault is defined as actual or attempted sexual contact with another person without that person's consent. Sexual assault includes, but is not limited to: physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.

Sexual exploitation is defined as a person taking non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited.

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object or oral penetration by a sex organ of another person, without consent.

Acquaintance rape occurs when the parties involved in a rape know each other.

Domestic/Dating Violence is defined as violence committed by a current or former spouse or intimate partner. It can include both physical and emotional abuse.

Sexual harassment is defined as encompassing non-consensual or unwelcome sexual advances, requests for sexual favors and any other verbal or physical conduct of a sexual or gender-based nature, whether intentional or unintentional, where:

- An individual's submission to or rejection of the conduct is made, either explicitly or implicitly, a term or condition of employment or of status in a course, program or activity, or is used as a basis for an employment or academic decision; or
- The conduct is sufficiently severe, persistent or of creating an intimidating, hostile, humiliating or offensive working or educational environment.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or suffer substantial emotional distress.

Cyber-stalking is defined as the use of electronic communication to harass or threaten someone with physical harm.

Cyber-bullying is defined as the verbal bullying of someone (as a classmate) through the use of often anonymous electronic communication (as online posts or text messages).

Retaliation is defined as any action taken against a person or persons because they have opposed any practices forbidden in policy, or have filed a report, assisted, or participated in any manner in an investigation or proceeding under this policy. This includes any action taken by a bystander who intervenes to stop or attempt to stop discrimination, harassment, sexual misconduct, stalking, or cyber-bullying.

Consent is defined as a willingness or agreement to engage in conduct. Consent must be freely given with full information of the facts and circumstances. A person cannot give valid consent in Kansas if he/she is:

- Overcome by force or fear;
- Unconscious or powerless;
- Mentally incapacitated, whether due to a mental disease or alcohol/drug intoxication;
- Under the minimum age required to give consent in Kansas or
- Providing apparent consent due to fraud or misrepresentation.

Consent to engage in sexual activity must be informed, freely given, and mutual. Consent must be ongoing, throughout each instance of sexual activity, and for each sexual contact. Consent to one form of sexual contact does not mean consent to all forms of sexual contact. Consent may not be inferred from silence, passivity, lack of resistance, or lack of active response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent. In the absence of an outward demonstration, consent does not exist. It is the responsibility of the initiator of the sexual activity to ensure he or she has the other person's consent to engage in sexual activity. At any time, a participant can communicate that he or she no longer consents to the continuing activity.

2.02 Reporting

Individuals with questions or concerns about Sexual Misconduct, or those wishing to file a complaint of Sexual Misconduct, should contact the Vice President for Student Affairs, Allen Community College, 1801 N. Cottonwood Street, Iola, Kansas 66749, 620-365-5116, vpsa@allencc.edu. In an emergency, please call 911 for immediate assistance.

Allen Community College is committed to fostering community that promotes prompt reporting of all types of Sexual Misconduct and timely and fair resolution of Sexual Misconduct complaints. It is a violation of this Policy for anyone acting knowingly and recklessly either to make a false complaint or to provide false information regarding a complaint of Sexual Misconduct.

Every reasonable effort will be made by the Title IX Coordinator to protect the confidentiality of the parties during an investigation. After an investigation, any person who is found to have violated this policy or retaliated against another will be subject to discipline, up to and including expulsion from Allen and/or termination of employment, to help ensure that such actions are not repeated.

Students and employees are encouraged to file a criminal complaint with local law enforcement in addition to reporting sexual misconduct to the College. The College will not wait for the conclusion of any criminal investigation or proceedings to commence its own Investigation and take interim measures to protect the complainant and the College community.

~~Campus Crime should be reported to a Dean, a Vice President, the Director of Student Life, or student housing staff members. Those crimes involving sexual misconduct will then be reported to the Title IX Coordinator. All other employees are expected to report knowledge of any suspected Sexual Misconduct.~~

~~Any person may file a Sexual Misconduct complaint against a college student or employee under these complaint procedures. A “college student” means any student who is registered or enrolled at the College at the time of the alleged Sexual Misconduct. A “college employee” means any full or part-time employee who is employed at the time of the alleged Sexual Misconduct. These complaint procedures apply to any allegation of Sexual Misconduct against a student or employee, regardless of where the alleged Sexual Misconduct occurred. The College reserves the right to determine if the complaint constitutes a sufficient risk to the College community to warrant processing the complaint. Complaints against individuals not associated with the College should be reported to local law enforcement.~~

~~2.03 Complainant’s Safety and Welfare~~

~~The College will take prompt and effective action as is reasonably practicable under the circumstances to support the complainant, including taking appropriate interim steps before the final outcome of complaint.~~

~~The College may impose a “no contact” order, which typically will include a directive that the parties refrain from having contact with one another, directly or through proxies, whether in person or via electronic means, pending the investigation.~~

~~The College also may take any further protective action that it deems appropriate concerning the interaction of the parties both during the investigation and as part of the outcome of the investigation, including, without limitation, directing appropriate college officials to alter the students’ academic and/or college employment arrangements, and if applicable, working with the individuals involved to alter living or dining arrangements. When taking steps to separate the complainant and the respondent, the College will seek to minimize unnecessary or unreasonable burdens on either party; provided, however, every reasonable effort will be made to allow the complainant to continue in his/her academic and/or college employment arrangements. Violations(s) of the College’s directive and/or protective actions will constitute related offenses that may lead to additional disciplinary action.~~

~~2.04 Respondent’s Rights~~

~~The respondent will be provided with a statement of the complaint in writing, and the complainant will be provided a copy of this notification. The respondent will be provided an opportunity to meet with the investigator(s) who are investigating the complaint and to respond~~

~~to the allegation. Respondents may respond in person or in writing within a reasonable time to be determined by the investigator(s). If a respondent chooses not to participate or refuses to answer a complaint, his/her nonparticipation will not prevent the investigation from proceeding and could result in a finding based only on the information provided by the complainant. Both the complainant and the respondent have the opportunity to bring a representative/advisor to the meeting with the investigator(s). However, the representative/advisor is present only to advise the represented party. He/she may not address or communicate directly with the investigator(s) or any other person involved with the investigation.~~

~~2.05 Investigation and Disciplinary Process~~

~~Upon receipt of notice of any allegation of Sexual Misconduct, the Title IX Coordinator will first schedule an individual intake meeting with the complainant in order to~~

- ~~• Provide to the complainant a general understanding of college policy and complaint procedures;~~
- ~~• To identify forms of support or immediate interventions available to the complainant such as academic support, disability services, health and mental health services, victim advocacy, and legal assistance; and~~
- ~~• Provide a general overview of how the allegation of Sexual Misconduct could potentially be addressed at both the College level and as a criminal matter with local law enforcement.~~

~~An investigation will be conducted by an individual who has been trained on Allen's Sexual Misconduct Policy and Procedures, and may include review of documentation, interviews with the complainant, respondent, and other witnesses, and any other necessary inquiries.~~

~~College personnel will utilize a preponderance of the evidence standard during the investigation, and determine and implement a resolution and discipline, if necessary. A preponderance of the evidence means that the information shows that it is "more likely than not" that the respondent violated college policy.~~

~~Allen Community College disciplinary procedures will be followed for students and employees. The complainant and the respondent will be entitled to the same opportunities to have others present during any disciplinary proceeding (including an advisor of his/her choice), and both the complainant and the respondent are entitled to be simultaneously notified in writing of the outcome of the disciplinary proceeding, the college's appeal procedures, any subsequent change to the outcome of the disciplinary proceeding and the date the results are considered final.~~

~~2.06 Education~~

~~Allen Community College has programs in place to provide education on sexual misconduct. These programs include:~~

- ~~• Annual training to all employees on sexual misconduct or active bystander during staff convocations.~~
- ~~• *Know What To Do* is an online educational program developed by the college for students and employees on issues of bullying, dating and domestic violence, sexual assault, stalking, substance abuse, online violence and being an active bystander.~~
- ~~• Sexual misconduct education is included in the College Career Success Seminar course.~~
- ~~• Training and information on sexual misconduct provided to all new employees.~~
- ~~• Monthly sexual misconduct and prevention education provided through *Student Health 101* for students, faculty, and staff.~~
- ~~• Personal safety programs for students provided by the Student Life Office on dating violence, bullying, drug and alcohol issues, and stalking.~~

ALLEN COUNTY COMMUNITY COLLEGE
BOARD OF TRUSTEES
POLICIES AND PROCEDURES

PROCUREMENT/CONTRACTS

~~I. POLICY~~

~~1.00 GENERAL STATEMENT~~

~~1.01 The college will maintain compliance with the terms and conditions of the Federal award for purchasing and contracts.~~

~~2.00 SPECIFIC STATEMENTS~~

~~2.01 Micro purchase is defined as an acquisition of supplies or services, the aggregate amount of which does not exceed the current Federal threshold as set by the Federal Acquisition Regulation, (the current threshold amount in 2015 is \$3,000. Current amount, if different, is listed in the current EDGAR Handbook). The college may complete micro purchases without soliciting quotations if the price is reasonable.~~

~~2.02 Equipment is defined as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the awarding agency or pass-through entity for financial statement purposes, or \$3,000. Purchases between \$3,000 and \$150,000 are considered small purchases and require informal procedures, requiring getting bids from an adequate number of sources. For purchases of more than \$150,000, sealed bids or competitive proposals are required. (The amounts listed are for 2015; current amount, if different, is listed in the current EDGAR Handbook).~~

~~2.03 General purpose equipment is not limited to technical activities. Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment, and motor vehicles.~~

2.04 — ~~Special purpose equipment is defined as equipment used only for research, medical, scientific, or other technical activities, such as microscopes.~~

2.05 — ~~Supplies are defined as all tangible personal property other than those described in 2.03.~~

2.06 — ~~Computing devices are defined as machines used to acquire, store, analyze, and process public data and other information electronically. Included are accessories for printing, transmitting and receiving or storing electronic information.~~

2

2.07 — ~~A computing device is a supply if acquisition cost is less than the lesser of the capitalization level established by the college for financial statement purposes or \$5,000, regardless of its useful life. (amount listed is for 2015; current amount, if different, is listed in the current EDGAR Handbook).~~

2.08 — ~~The college will remain in federal compliance by abiding by the following methods of procurement for micro-purchases:~~

- a. ~~To the extent practicable, the college will distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the college considers the price to be reasonable.~~
- b. ~~The college will follow the same procedures for micro-purchases with Federal funds as are followed for all smaller amount purchases, which include using price or rate quotations from an adequate number of qualified sources.~~

2.09 — ~~The college will remain in federal compliance by abiding by the following methods of procurement for equipment:~~

- a. ~~The purchase of major college equipment and supplies and the contract for basic services shall be made on the basis of competitive bids detailing like, kind and quality of merchandise or service from separate vendors (minimum of three).~~
- b. ~~If low price is not selected, a record in writing justifying the rationale behind the selection will be maintained.~~
- c. ~~The college will maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.~~
- d. ~~For all procurements, the college will follow the same Conflict of Interest policy as stated in college policy IX-A-1.4.~~
- e. ~~When appropriate, an analysis will be made of lease versus purchase alternatives, consolidating or breaking out procurements, and any other appropriate analysis to determine the most economical approach.~~

- f. ~~All procurement transactions will be conducted in a manner providing full and open competition. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work or invitations for bids, or requirements for proposals will be excluded from competing for such procurements.~~
 - g. ~~The college will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.~~
- 2.10 ~~The preferred method for procuring construction is the Sealed Bid method (formal advertising). Sealed bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price.~~
- 2.11 ~~If low price is not selected, a record in writing justifying the rationale behind the selection will be maintained.~~
- 2.12 ~~The college will use the sealed bid method for procurements and construction when considered feasible according to the following conditions:~~
- a. ~~A complete, adequate, and realistic specification or purchase description is available;~~
 - b. ~~Two or more responsible bidders are willing and able to compete effectively for the business; and~~
 - c. ~~The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.~~
 - d. ~~The invitation for bids will be publically advertised. Bids will be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids (at least ten days).~~
 - e. ~~The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;~~
 - f. ~~All bids will be opened publically at the time and place prescribed in the invitation for bids, with at least two institutional personnel, outside of purchasing office, will be present at the opening of the sealed bids.~~

- g. ~~A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, _____ transportation costs, and life cycle costs will be considered in determining which bid is _____ lowest. Payment discounts will only be used to determine the low bid when prior _____ experience indicates that such discounts are usually taken advantage of;~~
 - h. ~~Any or all bids may be rejected if there is sound documented reason.~~
- 2.13 ~~When conditions are not appropriate for sealed bids, the college will use procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost reimbursement type contract is awarded.~~
- 2.14 ~~The college will use competitive proposals when considered feasible according to the following conditions:~~
- a. ~~Requests for proposals will be publicized and identify all evaluation factors and their _____ relative importance. Any response to publicized requests for proposals will be _____ considered to the maximum extent practical.~~
 - b. ~~Proposals will be solicited from an adequate number of qualified sources;~~
 - c. ~~The college will conduct technical evaluations of the proposals received for selecting recipients.~~
 - d. ~~Contracts will be awarded to the responsible firm whose proposal is most _____ advantageous to the program, with price and other factors considered;~~
 - e. ~~The college may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional _____ services. It cannot be used to purchase other types of services, although A/E firms are a _____ potential source to perform the proposed effort.~~
- 2.15 ~~Procurement by noncompetitive proposals is procurement through solicitation of a _____~~
- ~~proposal from only one source and may be used only when one or more of the following conditions apply:~~
- a. ~~The item is available only from a single source.~~
 - b. ~~The public exigency or emergency for the requirement will not permit a delay resulting _____ from competitive solicitation.~~

- ~~e. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response from a request in writing from the college.~~
- ~~d. After solicitation of a number of sources, competition is determined inadequate.~~
- 2.16 — Single source procurement is defined as the one among others. It will be followed when, although two or more vendors supply the commodities or services, the department selects one for substantial reasons, eliminating the competitive bidding process.
- 2.17 — Sole source procurement is defined as the one and only. It will be followed when only one vendor is capable of supplying the commodity or service. This may occur when the goods or services are specialized or unique in character. Written justification will be provided.
- 2.18 — Sole Source/Single Source Procurement will be used by the college in cases where there is no practical value in soliciting competition for materials or equipment and where only one source is available, and procurement will be made without formal bidding.
- 2.19 — The Vice President for Finance and Operations will evaluate each request and make a determination whether a sole source acquisition is appropriate. Careful distinction will be used when determining between “sole source” and “sole product” If only one product will do the job, but the product is available from different vendors, a “sole source” acquisition is not appropriate.
- 2.20 — Sole/Single source procurements will be justified in sufficient detail to explain the basis for suspending the usual competitive procurement process. Sole/Single source procurements may require board approval prior to purchase, if no prior resolution authorizing the purchases of the goods/services exists.
- 2.21 — For a sole source procurement a justification request will include:
 - a. A product description, including quantity and technical features.
 - b. History of prior purchases and their nature (competitive vs. noncompetitive).
 - c. Statement as to the unique circumstances that require award by noncompetitive ——— bid/proposal.
 - d. An explanation of why the product is unique, if applicable: either (1) The product has special technical qualities, essential to the proposed use/function, and no acceptable ——— substitutes are available from another supplier/manufacturer; or (2) The product is a — replacement or auxiliary part to match existing specialized equipment with unique ——— physical design and quality requirements serving a particular function/use.
 - e. Proof on no known equal, including a description of attempts to find an equal from ——— other vendors and verification/information of only one available source.

- ~~f. An explanation that the purchase price is reasonable: (1) attaching documents that _____ prove that the manufacturer offers the best price available because a purchase from a _____ distributor includes the distributor's mark-up. (2) Attaching a written certification letter _____ from the vendor that its sales price is the best price it offers to any similarly situated _____ educational or non-profit customer.~~
 - ~~g. Description of the efforts made to find competitive sources.~~
 - ~~h. Statement as to the efforts that will be taken in the future to promote competition for _____ the requirement.~~
 - ~~i. The letter of justification must be approved by the appropriate Dean, and the Vice _____ President for Finance and Operations.~~
 - ~~j. Sole source requests may go before the board for approval if determined necessary by the President's Council.~~
- ~~2.22 The college will avoid acquisition of unnecessary or duplicative items, and will use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.~~
- ~~2.23 The college will perform a cost or price analysis for every procurement action in excess of the Simplified Acquisition Threshold (the current threshold amount in 2015 is \$3,000. Current amount, if different, is listed in the current EDGAR Handbook) including contract modifications. The method and degree of analysis will be dependent on the facts surrounding the particular procurement situation, but will at the least make an independent estimate before receiving bids or proposals.~~
- ~~2.24 The college will use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item to task to ensure that its essential function is provided at the overall lower cost.~~
- ~~2.25 The college will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.~~
- ~~2.26 The college will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.~~
- ~~2.27 The college will maintain records sufficient to detail the history of procurement. The records will include, but are not necessarily limited to the following: rationale for the~~

method of procurement, selection of contract type, contractor selection or rejection, and the basis for contract price.

2.28 The college may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract is a contract whose cost to the college is the sum of the actual cost of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

2.28 The college will never use the cost plus a percentage of cost or percentage of construction cost methods of contracting.

2.30 The college will assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

2.31 To remain in compliance with Federal regulations the college will require the following provisions for all contracts as applicable:

- a. Contracts from more than the simplified acquisition threshold currently set at \$150,000 (amount listed is for 2015; current amount, if different, is listed in the current EDGAR Handbook) must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- b. All contracts in excess of \$10,000 must address termination for cause and for convenience by the college including the manner by which it will be affected and the basis for settlement.
- c. Contracts that meet the definition of “federally assisted construction contract” must include the legal equal opportunity clause as mandated by federal regulation.
- d. All prime construction contracts in excess of \$2,000 must include a provision for compliance with the Davis-Bacon Act as supplemented by Department of Labor regulations. Contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The college will report all suspected or reported violations to the Federal awarding agency or pass-through entity.
- e. All prime construction contracts in excess of \$2,000 must include a provision for compliance with the Copeland Anti-Kickback Act, as supplemented by department of Labor regulations. The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The college

will report all suspected or reported _____ violations to the Federal awarding agency or pass-through entity.

- f. ~~Where applicable, all contracts awarded by the college in excess of \$100,000 that _____ involve the employment of mechanics or laborers must include a provision for _____ compliance with 40 U.S.C. 3702 and 3704, as supplemented by the Department of _____ Labor regulations. Under 40 U.S.C. 3702 of the Act, each contractor must be required _____ to complete the wages of every mechanic and laborer on the basis of a standard work _____ week of 40 hours. Work in excess of the standard work week is permissible provided _____ that the worker is compensated at a rate of not less than one and a half times the basic _____ rate of pay of all hours worked in excess of 40 hours in the work week. The _____ requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no _____ laborer or mechanic must be required to work in surroundings or under working _____ conditions that are unsanitary, hazardous or dangerous. These requirements do not _____ apply to the purchases of supplies or materials or articles ordinarily available on the _____ open market, or contracts for transportation or transmission of intelligence.~~
- g. ~~If the award meets the definition of “funding agreement” and the recipient or _____ subrecipient wishes to enter into a contract with a small business firm or nonprofit _____ organization regarding the substitution of parties, assignment or performance of _____ experimental, developmental, or research work under that “funding agreement” the _____ recipient or subrecipient must comply with the requirements of the “Right to _____ Inventions Made by Nonprofit Organizations and Small Business Firms Under _____ Government Grants, Contracts, and Cooperative Agreements” and any implementing _____ regulations issued by the Federal awarding agency or pass-through entity.~~
- h. ~~Contracts and subgrants of amounts in excess of \$150,000 must contain a provision the _____ requires the college to agree to comply with all applicable standards, orders or _____ regulations issued pursuant to the Clean Air Act and Federal Water Pollution Control _____ Act as amended. Violations will be reported to the Federal Awarding agency and the _____ Regional Office of the Environmental Protection Agency (EPA).~~
- I. ~~A contract award will not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM) in accordance with the OMB guidelines that implement Executive Orders 12459 and 12689 “Debarment and Suspension”. _____ SAM Exclusions contains the names of parties debarred, suspended, or otherwise _____ excluded by agencies, as well as parties declared ineligible under statutory or regulatory _____ authority other than Executive Order 12549.~~
- j. ~~_____ Contractors that apply or bid for an award exceeding \$100,000 must file the required _____ certification. Each tier certifies to the tier above that it will not and has~~

not used ~~_____~~ Federal appropriated funds to pay any person or organization for influencing or ~~_____~~ attempting to influence an officer or employee of any agency, a member of Congress, ~~_____~~ officer or employee of Congress, or an employee of a member of Congress in ~~_____~~ connection with obtaining any Federal contract, grant or any other award covered by 1 ~~_____~~ U.S.C. 1352. Each tier must disclose any lobbying with the non-Federal funds that ~~_____~~ takes place in connection with obtaining any Federal award. Such disclosures will be ~~_____~~ forwarded from tier to tier up to the non-Federal award.

k. ~~_____~~ The college will procure only items that comply with the Solid Waste Disposal Act, as ~~_____~~ amended by the Resource Conservation and Recovery Act. The requirements of ~~_____~~ Section 6002 include procuring only items designated in guidelines of the ~~_____~~ Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest ~~_____~~ percentage of recovered materials practicable, consistent with maintaining satisfactory ~~_____~~ level of competition, where the purchase price if the item exceeds \$10,00 or the value ~~_____~~ of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring ~~_____~~ solid waste management services in a manner that maximizes energy and resource ~~_____~~ recovery, and establishing an affirmative procurement program for procurement of ~~_____~~ recovered materials identified in the EPA guidelines.

2.32 ~~_____~~ The college will present, upon request for review from the Federal awarding agency or ~~_____~~ pass-through entity, all records of pre-procurement documents or independent cost ~~_____~~ estimates for contracts.

2.33 ~~_____~~ The college will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to: source valuation, protests, disputes, and claims. These standards do not relieve the college of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgment for that of the college unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or Federal authority having proper jurisdiction.

THE LAW OFFICES OF
JOHN R. DIETRICK, P.A.

EMPLOYMENT, LABOR & CORPORATE LAW

JOHN R. DIETRICK
ADMITTED IN KANSAS AND LOUISIANA

KIMBERLY STREIT VOGELSBERG
ADMITTED IN KANSAS

June 9, 2026

Dear College President:

Thank you for considering our firm, The Law Offices of John R. Dietrick, P.A., (“Dietrick Law”) to represent _____ (“College”) beginning on or about July 1, 2026, with respect to covered legal services in the areas of employment, labor, and education law as set forth pursuant to the terms in the Addendum (“covered legal services”).

I and my colleague, Kimberly Streit Vogelsberg, will be personally responsible for managing any matters assigned to us by you or your designee. A Law Clerk may also provide legal assistance and/or research as well.

Dietrick Law will acknowledge all client communications within seventy-two (72) hours (excluding weekends and holidays) unless otherwise agreed upon. Substantive response times will be based upon the needs of the College and the scope and complexity of the legal matter. Both Dietrick Law and the College commit to timely and prompt communication and responses to aid in high-quality legal representation.

In consideration of Dietrick Law’s commitment to remain available and to avoid conflicts that would impair such availability during the retained month to provide legal services, Dietrick Law will bill the College a monthly fee of \$500 at the end of each retained month. This fee is earned upon the end of each month that Dietrick Law is retained.

Additionally, Dietrick Law will provide up to three (3) hours of covered legal services at \$0 per hour each retained month. These hours do not roll over to the next month if unused.

Any additional time spent providing covered legal services, i.e., billable time exceeding three (3) hours in a retained month, will be billed in accordance with Dietrick Law’s standard hourly billing policies. My hourly rate for working on these matters is \$300.00; Kimberly’s hourly rate is \$250.00. Our law clerk hourly rate is \$125.00. Generally, Dietrick Law will bill the College for all legal time worked on covered legal matters, including telephone calls, emails, and reasonable travel.

We will forward billing statements to your attention - or your designee - monthly. Statements will include a detailed description of services provided, including the date, the person rendering the service, the amount of time involved, as well as the associated cost.

The College retains the right to discharge Dietrick Law at any time. If and when that occurs prior to the end of a month, Dietrick Law will prorate the appropriate portion of the retainer fee for that month as well as the number of hours of covered legal services provided at \$0/hour for that month.

If this Engagement Letter fairly represents your understanding and agreement, please sign and date a copy of this Engagement Letter and return it to me either electronically or by mail to the below listed address.

We greatly appreciate the opportunity to work with you and the College and look forward to assisting you with your legal matters. If you have any questions or need additional information, please do not hesitate to contact me.

Very truly yours,

Addendum to Dietrick Law Engagement Letter

All covered legal services must be mutually agreed upon; parties acknowledge that Dietrick Law is bound by ethical rules for attorneys. Compliance with ethical duties may prohibit Dietrick Law's representation of clients in certain circumstances, e.g., when a conflict of interest exists or when matters cannot be pursued with competency and diligence.

Covered legal services generally include legal services in the areas of employment, labor, and education law, such as:

- **Board Governance Issues**
 - Bylaws and governance questions
 - KORA/KOMA
 - Fiduciary duty issues, including conflicts of interest questions
- **Policy Development and Review**
 - Board policies
 - Employee handbooks
- **Risk Management and Compliance with State and Federal Laws**
 - FERPA
 - Title VII complaints and workplace investigations
 - Evaluation of certified staff
 - Title IX investigations and hearings
 - Contract analysis and interpretation
 - Responses to the Kansas Human Rights Commission and the Equal Employment Opportunity Commission
- **Employment Law/HR and Personnel Issues**
 - ADA, FMLA, PWFA, USERRA, ADEA, etc.
 - FLSA and Kansas Wage Payment Act
 - Constitutional rights of employees
 - Hiring processes and job description review
 - Disciplinary issues
 - Workplace investigations
 - Terminations and nonrenewals, including settlements and due process hearings
- **Labor Relations**
 - Consultation regarding bargaining proposals
 - Strategic advice and analysis
 - Review of notice letters
 - Advice and counsel through professional staff negotiations, including bargaining and impasse (mediation and fact-finding)
 - Advice and counsel through grievance procedures, representation in grievance mediation and arbitration
 - Kansas Department of Labor hearings

- **Support for Governmental Affairs**
 - Testimony before governing or regulatory bodies on legal implications and impact
 - Legal analysis of bills or proposed regulations
- **Training for Boards and/or Staff**
- **Litigation Referrals and Consultation/Coordination**
- **Other services upon request of client and as agreed upon by Dietrick Law**

Excluded Legal Services:

- Litigation representation; however, Dietrick Law will make referrals and serve as a resource and liaison to litigators
- Real Estate transactions
- Legal issues requiring expertise beyond core competencies in employment, labor, and education law, or which Dietrick Law cannot ethically provide
- Representation, other than general advice, in student and academic matters

Again, all legal services must be agreed upon by both parties; parties acknowledge that the Law Offices of John R. Dietrick, P.A., is bound by ethical rules for attorneys.

The Board of Trustees affirms its commitment to ensuring fairness, equity, and due process in matters affecting students. Allen Community College shall maintain an appeals process that allows students to request review of disciplinary and academic decisions in accordance with established policies and procedures.

The Board authorizes the administration to develop and implement procedures governing student appeals to ensure decisions are reviewed consistently, impartially, and within a reasonable timeframe. Appeals shall be limited to the criteria established in administrative procedure and shall not constitute a rehearing of the original matter unless otherwise specified.

Decisions resulting from the student appeals process shall be final as provided in procedure. The role of the Board of Trustees is limited to policy oversight and shall not include routine review of individual student cases, except as required by law or Board policy.

STUDENT APPEAL PROCESS

I. ~~_____~~ POLICY

1.00 ~~_____~~ GENERAL STATEMENT

1.01 ~~_____~~ It is the desire of the Board of Trustees and college personnel that all students be treated fairly. The student appeal process is designed to ensure that the individual's rights to appropriate due process are guaranteed.

II. ~~_____~~ PROCEDURE FOR DISCIPLINARY APPEALS

2.00 ~~_____~~ SPECIFIC STATEMENTS

2.01 ~~_____~~ The Student

The Student Handbook is provided on the College website. Student residents are also provided a Residence Hall Handbook. These handbooks set forth the guidelines, rules, and regulations of the college. If a violation of these rules, regulations, occurs that results in disciplinary action by a college official, the student may appeal the college official's decision regarding the punishment to the Vice President for Student Affairs.

Upon receipt of the statement of disciplinary action from a college official, if the student does not concur he/she shall appeal in writing to the Vice President for Student Affairs within 24 hours. This appeal shall set forth the alleged violation and the student's account of it. It shall include the student's interpretation of the college official's decision. And specifically state why the student feels the action taken by the college official was incorrect or inappropriate. This appeal shall be delivered to the Vice President for Student Affairs.

2.02 ~~_____~~ The Vice President for Student Affairs

Upon receipt of the appeal by the student, the Vice President for Student Affairs shall confer with the student, the college official, and others who may act as witnesses or provide pertinent information regarding the incident. The Vice President for Student Affairs shall assess the violation and make a decision regarding disciplinary action, if any. Since it is impossible to

~~develop guidelines to fit all conceivable situations, the Vice President for Student Affairs is given broad authority to use subjective evaluation of disciplinary action necessary when~~

~~VIII-F-1.8~~

~~no clearly defined guidelines are available or if the Vice President for Student Affairs feels minor deviations from written guidelines are in the best interest of the student, the college, and others who may be concerned. The Vice President for Student Affairs shall advise the student in writing of the student's appellant rights and procedures.~~

~~If the student feels that he/she has been treated unfairly by the Vice President for Student Affairs, the student may appeal to the Student Appeals Committee. Upon receipt of the statement of disciplinary action from the Vice President for Student Affairs, the student shall appeal in writing to the Student Appeals Committee within 24 hours. This appeal shall set forth the alleged violation and the student's account of it. It shall include the student's interpretation of the college official's decision, and specifically state why the student feels the action taken by the college official was incorrect or too harsh. This appeal shall be delivered to the Vice President for Student Affairs. Upon receipt of written appeal, the Vice President for Student Affairs shall immediately notify the Student Appeals Committee and the President of the college. The Vice President for Student Affairs shall provide sufficient copies of all statements, letters, and the appeal of the student to all members of the Student Appeals Committee.~~

~~2.03—The Student Appeals Committee~~

~~The committee is a standing committee and consists of three members of the faculty and the President of the Student Senate. This committee shall be appointed annually by the President and sit for hearings for the academic year.~~

~~When the written appeal and accompanying papers are received from the Vice President for Student Affairs, the student shall be notified within 24 hours as to the time and place of the hearing.~~

~~The committee shall ask the Vice President for Student Affairs for a written account of the alleged offense and the action taken. The committee may call upon the student, the Vice President for Student Affairs, and others for information to assist the committee in its deliberations. The student shall be able to be present throughout the hearing and question any and all witnesses brought before the committee. The student shall not be present after the committee begins executive session to consider the evidence. The student may bring counsel or any advisor he/she wishes to the hearing, but at the student's expense. Student's counsel/advisor may only confer with the student and may not question the witness or the committee.~~

~~The committee's function is to determine if:~~

~~(a)——The allegation is correct.~~

~~(b) — The student is guilty.~~

~~VIII-F-1.8~~

~~(c) — The student had an adequate opportunity to present his/her position to — the Vice President for Student Affairs.~~

~~(d) — The Vice President for Student Affairs was fair, equitable, and just in his/her decision.~~

~~(e) — The student's rights were protected. —~~

~~If the committee discovers new information during the course of the hearing that was not available to the Vice President for Student Affairs, the information shall be made available to the Vice President for Student Affairs to give the Vice President an opportunity to re-evaluate his/her position.~~

~~If the committee does not agree with the findings or disciplinary action and the Vice President for Student Affairs and the committee cannot mutually agree upon the action to be taken, then the matter shall be referred to the President of the college for review and assistance in a resolution.~~

~~A written response of the findings shall be delivered to the student from the chairperson of the committee within 24 hours after the deliberations have been completed by the committee. If the student genuinely feels that he/she has been unfairly treated by the committee, then the student may appeal in writing directly to the President within 24 hours upon receipt of the committee's ruling.~~

~~2.04 — The President~~

~~The President shall review all unresolved issues between the committee and the Vice President for Student Affairs and render a decision. The President shall also receive any written appeal by a student in response to committee action. Within a reasonable period of time, not greater than 72 hours, the President shall:~~

~~(a) — Review all information relevant to the appeal;~~

~~(b) — Interview any individuals necessary to assist in resolving the appeal; and~~

~~(c) — Issue a written decision to the student, the committee chairperson and the~~

~~Vice President for Student Affairs.~~

~~The student shall be advised that he/she may also appeal to the Board of Trustees.~~

2.05—~~The Board of Trustees~~

~~A student who genuinely feels he/she has received unfair treatment may appeal in writing to the Board of Trustees in the same manner as to the Student Appeals Committee. The Board shall respond within 72 hours if at all possible.~~

~~The Vice President for Student Affairs and committee shall make their findings and decisions available to the Board in writing upon the Board's request. The~~

VIII-F-1.8

~~Board may call upon the student, Vice President for Student Affairs, Committee Chairperson, or others when the Board feels they may provide insight to the matter.~~

~~The function of the Board in this capacity shall be to determine whether or not the committee's decision and action was fair and just. The Board shall advise the student and his/her parent(s) or guardian(s) of its decision in writing within 24 hours if possible. A copy shall be sent to the Vice President for Student Affairs and committee. If a decision cannot be made within 24 hours the Board shall advise the student of a time when a decision will be given. In all cases it shall act as quickly as is administratively efficient and effective.~~

~~2.06—When the Board's decision is made it shall be final and the student who finds it necessary to pursue the matter must do so outside the realm of the college administrative structure.~~

III.—PROCEDURES FOR ACADEMIC APPEALS

3.00—SPECIFIC STATEMENTS

~~3.01—Students are provided with a Student Handbook that outlines general academic policies. Students also receive a course syllabus that indicates expectations, grading system, and other pertinent data regarding a particular course. It is the student's responsibility to become familiar with the contents of these publications.~~

~~3.02—If a student receives a grade that he/she feels is unfair and not in compliance with guidelines in the above publications, he/she may appeal the grade using the following process.~~

~~3.03—The student shall appeal in writing to the instructor who issued the grade with a copy going to the Vice President for Student Affairs and Dean for the Iola Campus, Dean for the Burlingame Campus, or Dean for Online Learning. This shall be done within seven (7) calendar days from the day the grade was issued for an assignment or test and within thirty (30) calendar days from the end of the semester for a final grade. Included in the appeal shall be the student's name, the class in which the grade was received, and the basis for the appeal. The instructor shall respond to the student in writing within five (5) calendar days of receipt of the notice, regarding the disposition of the appeal. A copy of the appeal and the instructor's response shall be filed with the Vice President for Academic, Vice President for Student Affairs and the appropriate Dean.~~

VIII-F-1.8

~~3.04—If the student feels that the instructor’s decision is not fair, he/she may appeal the matter to the Vice President for Academic Affairs with a copy going to the Vice President for Student Affairs. This appeal shall be in writing and shall be submitted within five (5) calendar days of the date of the instructor’s written response. The Vice President for Academic Affairs shall confer with both the student and the instructor and may review any other information relevant to the situation. The Vice President for Academic Affairs shall respond to the student in writing within seven (7) calendar days of receipt of the appeal regarding its disposition with a copy going to the Vice President for Student Affairs.~~

~~3.05—If the student feels the Vice President for Academic Affairs decision is not fair, he/she may within five (5) calendar days of receipt of the Vice President for Academic Affairs decision, appeal the matter to an Academic Appeals Task Force. This task force shall be composed of the Vice President for Student Affairs, the Dean for the Iola Campus, Dean for the Burlingame Campus, or Dean for Online Learning, an instructor of the student’s choice, and an instructor appointed by the Vice President for Academic Affairs. The instructor whose grade is being appealed shall not serve on the task force. The Academic Appeals Task Force shall confer with the student and instructor and review all pertinent information. The task force shall come to a decision regarding the appeal and respond to the student, in writing, within seven (7) calendar days of receipt of the appeal.~~

~~3.06—If the student still feels that he/she is being treated unfairly, an appeal may be made to the Board of Trustees through the President. A written appeal shall be filed with the President within five (5) calendar days after the Academic Appeals Task Force notifies the student. All pertinent information shall be forwarded to the President for dissemination to the Board of Trustees. The Board shall place the appeal on the agenda for their regularly scheduled meeting. The appeal may be heard in open or executive session depending on the wishes of the student. The President shall deliver the decision of the Board to the student in writing.~~

~~3.07—The Board’s decision is final. The student who finds it necessary to further pursue the matter must do so outside the realm of the college administrative structure.~~

The Board of Trustees recognizes the value of student organizations in promoting student engagement, leadership development, civic responsibility, and a vibrant campus community. Allen Community College supports student involvement in recognized student organizations consistent with the mission and values of the College.

The Board authorizes the Student Senate, in accordance with established policies and procedures, to recognize and provide funding to student organizations and to rescind recognition when organizations fail to comply with institutional requirements or governing standards.

The Board further authorizes the Office of Student Life to provide oversight of recognized student organizations and Student Senate actions to ensure compliance with College policies, procedures, and applicable laws. Recognized student organizations and their members are subject to the College Student Code of Conduct and other applicable institutional requirements.

Rules, expectations, and requirements governing the recognition, funding, operation, and accountability of student organizations shall be outlined in the Student Organization Handbook, the Student Senate Constitution, and related administrative procedures, which shall serve as an extension of this policy.

The Board of Trustees affirms its commitment to student health and safety and to compliance with applicable public health requirements.

In accordance with Kansas law, Allen Community College requires students to complete tuberculosis (TB) screening prior to enrollment, as determined by administrative procedure. The Board authorizes the administration to establish, implement, and enforce procedures necessary to ensure compliance with state and local public health requirements related to TB screening.

Failure to comply with required health screening requirements may result in administrative action as provided by College procedures.

~~TUBERCULOSIS PREVENTION~~

~~I. ——— POLICY~~

~~1.00 — GENERAL STATEMENTS~~

~~1.01 — Tuberculosis (TB) is a highly infectious disease that can be spread through the air from person to person. The bacteria can be transmitted through coughing, laughing, talking, or sneezing. More than 1/3 of the world's population has TB infection. Allen Community College students are required by Kansas statute to complete a TB screening before beginning their first semester.~~

~~2.00 — SPECIFIC STATEMENTS~~

~~2.01 — Students will answer a short screening survey after completing an admissions application. This screening is required for all new students prior to attending classes for their first semester.—~~

~~2.02 — For some students, the initial screening will indicate a need for additional testing. These students will be informed and must complete the additional required testing through the local Health Department. The cost of this testing is the responsibility of the student. Failure to complete this testing will result in an academic hold which will prevent the student from enrolling for the following semester. Allen Community College is required to keep records of students required to undergo additional testing.~~

~~II. ——— PROCEDURES~~

~~3.00 — SCREENING~~

~~3.01 — Screening Survey Questions~~

- ~~1. — Do you have any of the following symptoms: lasting cough, coughing up blood, fatigue, fever, loss of appetite, or weight loss?~~
- ~~2. — Have you been diagnosed with active TB?~~
- ~~3. — Have you been in contact with a person who has been diagnosed with active TB?~~
- ~~4. — Have you traveled, resided in for more than three months, or were born in a country other than the US?~~

If yes, what country?

4.0 TESTING

4.01—Additional Testing

If the initial screening designates a student at a high-risk for TB, s/he will be required to complete additional testing through the local Health Department. Test results from outside the United States will not be accepted. The additional testing may involve:

Tuberculin skin test (PPD) _____ Interferon blood assay _____

Chest x-ray _____ Sputum evaluation _____

Physical exam _____ Review of signs of symptoms _____

4.02—Contacting the Health Department

Students will be given the location of the nearest Health Department when they are notified that additional testing is needed. An evaluation form will be completed by the Health Department and the college will keep this form as a record that the student completed the additional testing required. The student is responsible for any testing costs.

The Board of Trustees is committed to the health, safety, and welfare of students residing in College-owned housing. In compliance with the Higher Education Opportunity Act of 2008, Allen Community College shall maintain a Missing Student Notification Policy for students who reside in on-campus housing.

The Board authorizes the administration to establish and implement procedures for responding to reports of missing students, including coordination with law enforcement agencies and notification of designated emergency contacts or parents or legal guardians, as required by law.

Procedures governing missing student response shall ensure timely action, compliance with applicable federal and state requirements, and coordination among appropriate College officials and external authorities.

~~MISSING PERSONS~~

~~I. — POLICY~~

~~1.0 GENERAL STATEMENTS~~

~~Allen Community College is committed to maintaining a positive and safe learning and working environment. The purpose of this policy is to establish procedures for the college's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in campus housing, including off-campus apartment units owned or leased by the college for student residents.~~

~~2.00 — SPECIFIC STATEMENTS~~

~~2.01 — For purposes of this policy, a student may be considered to be a “missing person” if the person's absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation or has been with persons who may endanger the student's welfare.~~

~~II. — PROCEDURES~~

~~3.00 — DESIGNATION OF EMERGENCY CONTACT INFORMATION~~

- ~~• Students age 18 and above and emancipated minors will be given the opportunity each semester to designate an individual or individuals to be contacted by the college no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.~~
- ~~• If a student under the age of 18 is determined to be missing pursuant to the procedures set forth below, the college is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.~~

~~3.01 — OFFICIAL NOTIFICATION FOR MISSING PERSONS~~

- ~~• Any individual on campus who has information that a residential student may be a missing person must notify the Vice President for Student Affairs and/or the Director of Student Life as soon as possible.~~

Note: In order to avoid jurisdictional conflicts when an off-campus and/or commuter student is believed to be missing, the reporting person should immediately notify local law enforcement authorities. The Vice President for Student Affairs and/or the Director of Student Life will assist external authorities with these investigations as requested.

- The Vice President for Student Affairs and/or the Director of Student Life will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental well-being of the student, an up-to-date photograph, class schedule, etc.). Appropriate campus staff will be notified to aid in the search for the student.

3.02—INITIAL SEARCH

- Verify student is not in the assigned residence hall room, in an academic class, and/or with an athletic or activity group
- If the student has a registered vehicle on campus, check all parking lots to determine if the vehicle is on campus
- Attempt to contact the student by both phone call and text
- If the student is an athletic or activity student, contact the coach or activity sponsor to identify last contact with the student
- Contact roommates to determine last contact with the student
- Contact instructors to determine last contact with the student
- Check any known social media accounts to look for the last update or use
- Conduct a quick but thorough campus search
- If the above actions are unsuccessful in locating the student or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), the Vice President for Student Affairs and/or the Director of Student Life will contact the appropriate local law enforcement agency to report the student as a missing person, and the local law enforcement agency will take charge of the investigation
- No later than 24 hours after determining that a residential student is missing, the Vice President for Student Affairs and/or the Director of Student Life will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

III.—COMMUNICATIONS

4.00—MISSING STUDENTS

In cases involving missing persons, law enforcement personnel are best situated to provide information to the media that is designed to elicit public assistance in the search for a missing person. Therefore, all communications regarding missing students will be handled by outside law enforcement authorities, who may consult with the college's Administration. All inquiries to the college regarding missing students, or information provided to any individual at the college about a missing student, shall be referred to the Vice President for Student Affairs and/or the Director of Student Life, who shall refer such inquiries and information to law enforcement.

~~authorities. Prior to providing the Allen community with any information about a missing student, the Vice President for Student Affairs and/or the Director of Student Life shall consult with the local law enforcement authorities to ensure that communications do not hinder the investigation.~~

Allen Community College (The College) aims to attract and retain qualified employees at all levels by offering fair and competitive salaries that align with the organization’s economic needs and reflect the community’s standards.

The College follows a systematic approach to classifying jobs and determining wages to ensure competitive and equitable pay for Staff. Total compensation considers all aspects of compensation, including base salary, variable compensation, benefits coverage and options, non-cash rewards, recognition programs, and the work environment. The College will balance the principles of fairness, equity, and market competitiveness with sound fiscal discipline. Compensation programs will support Allen’s mission, vision, and values and be consistent with the College’s compensation philosophy.

Pay for Professional Employees will be according to the negotiated Agreement.

JOB ANALYSIS

The College utilizes a job analysis process to identify the essential functions, responsibilities, qualifications, and requirements of each position. Job descriptions are maintained for positions and reviewed periodically to ensure accuracy and compliance with applicable laws, including the Fair Labor Standards Act (FLSA).

JOB EVALUATION

The College utilizes a job evaluation process that considers factors such as training, complexity, responsibility, market data, and internal equity to determine appropriate job classifications and salary grades.

SALARY STRUCTURE

The College maintains a salary structure consisting of pay grades and salary ranges designed to

support equitable and competitive compensation practices. Compensation decisions may consider knowledge, skills, experience, market conditions, job responsibilities, internal equity, and special licenses or certifications.

JOB CLASSIFICATION

Employees are assigned to positions based on the appropriate job classification and salary grade. Initial compensation and other pay-related decisions are administered in accordance with College compensation procedures and subject to applicable approvals.

PAY EVALUATION

The College may periodically review compensation practices and consider adjustments to maintain market competitiveness, internal equity, and fiscal responsibility. Compensation adjustments, including cost-of-living adjustments, merit increases, promotional increases, market adjustments, and pay differentials, may be recommended and implemented subject to administrative and Board approval processes where applicable.

Positions may be re-evaluated when job responsibilities substantially change, and compensation may be adjusted accordingly.

Employees may receive compensation changes associated with promotions, transfers, demotions, reclassifications, or market adjustments in accordance with College procedures.

ACC TALENT STRATEGY

The College may periodically review compensation practices and consider adjustments to maintain market competitiveness, internal equity, and fiscal responsibility. Compensation adjustments, including cost-of-living adjustments, merit increases, promotional increases, market adjustments, and pay differentials, may be recommended and implemented subject to administrative and Board approval processes where applicable.

Positions may be re-evaluated when job responsibilities substantially change, and compensation may be adjusted accordingly.

Employees may receive compensation changes associated with promotions, transfers, demotions, reclassifications, or market adjustments in accordance with College procedures.

LONGEVITY PAY

The College recognizes the contributions of long-term employees through longevity compensation programs for eligible employees. Longevity payments for Staff/Non-Faculty are separate from base salary and administered in accordance with College procedures and applicable negotiated agreements.

Full Time Professional Employees/Faculty are eligible for longevity incentive pay as outlined in the most current negotiated Agreement.
