Motion passed with a 6-0 vote.

The School Board received testimony from: David Evensen, Paula Mohr, John Wolhaupter, Jon Kohnen, Laura Schultz-Olson, and Sheighlyn Berbig.

Superintendent McIntyre gave a report to the Board and reviewed the Board calendar: Anoka High School senior Mabel Gauslin earned a spot on Minnesota's All-State Speech team, an honor that recognizes outstanding performance along with dedicated service to team, school and community. The All-State award is presented to high school seniors who meet criteria including two or more state appearances and three or more years of speech experience in addition to extensive and excellent leadership service to their team amongst other standards. Mabel is a two-time section champion in the Discussion category, has competed and won multiple invitational tournaments and served as speech team Captain. Gauslin is the lone Anoka-Hennepin School District recipient of the All-State Award, an honor presented to 127 students from 48 schools statewide in 2026. Anoka-Hennepin's efforts to ensure efficient and effective use of financial resources received statewide recognition as Tiffany Audette, Anoka-Hennepin's Director of Purchasing, has been named Minnesota's School Business Official of the Year for 2026. Tiffany has been relentless in her approach to serving as a steward of taxpayer resources. The School Business Official of the Year Award is presented to a person for their contributions to their districts, their communities, and to the profession, regardless of the size of the school districts or job title. The recognition honors current accomplishments and is not intended to be a capstone award at the end of a career. Tiffany certainly meets those criteria. Her work to organize bidding on contracts and the procurement process makes a noticeable difference in how efficiently our schools operate. The award is presented annually by MASBO, the Minnesota Association of School Business Officials, an organization with over 700 members statewide serving in roles such as business administration, accounting, buildings and grounds, transportation, food service, personnel/payroll/benefits, and purchasing. The Anoka-Hennepin School District's annual parent/guardian satisfaction survey is rolling out in the month of May. Feedback from the confidential online survey helps to improve service delivery to students and families. New this year, the District will be sharing the survey link by email on May 11 and the survey will remain open through June 12. We're asking that parents and guardians remain alert for this change and participate in the survey. This replaces our traditional notification by mail, saving money and making more effective use of resources. Thanks in advance for your participation in this important effort to help shape our schools to meet community expectations. Anoka-Hennepin will be celebrating and honoring staff members and the impact they make during Employee Appreciation Week, May 4-8, 2026. The events in our district coincide with National Teacher Appreciation Week and there are many activities scheduled throughout the district by volunteer groups in our schools to show support for staff. The district's mission is to effectively educate each of our students for success and this is a time to say THANK YOU and show our appreciation for all staff does for our students and our communities. Perhaps the group that appreciates our staff the most are the students.

They are the ones who are most impacted by their efforts. So, when it came time to produce a video message that shows the true appreciation for all we do as a school system, students stepped up to deliver that message. The School Board and community were presented with a short video as part of the report at the meeting.

Michelle Vargas, chief financial officer, presented the preliminary FY27 General Fund Budget timeline for decision making, which includes a series of financial planning assumptions for the district. A more detailed presentation will take place at the Regular Board Meeting on May 18. The School Board is expected to consider approval of the 2026-27 budget in June. By state law, the School Board is required to approve a budget by July 1, 2026.

Dr. Jennifer Cherry, chief human resource officer, and Todd Mensink, director of labor relations and benefits, provided the School Board with an overview of the 2026-27 health and dental insurance rates and requested approval. The motion was approved with a 6-0 vote.

Director Deschene highlighted the student volunteer award ceremony and praised the exceptional student speakers, noting their impressive participation. She also mentioned the show “Anything Goes” at CPHS and informed that there are three additional performances available, should community members be interested in attending over the weekend or for Mother’s Day. Director Simon attended the required consultation with tribal nations and shared that Anoka-Hennepin’s four-year graduation rate for American Indian students is 86.6%, compared to the state’s rate of 67.6%. He expressed appreciation for the program coordinator, advisors, and the entire team working with these students, recognizing their excellent results. Director Arco attended Sunrise Elementary’s 4th and 5th grade choir concert last week, noting that the students performed very well, particularly with the state songs. Co-chair Langenfeld highlighted two events: Hoover Elementary’s Parent Night, sponsored by their PTO, which she described as a very enjoyable evening, and Adams Elementary’s showcase night, which featured performances by various student groups. She also noted the numerous projects at each grade level focused on CKLA curriculum, with teachers mentioning that students are writing more than ever before. Additionally, she attended the annual MSBA meeting as a representative and shared that there will be a statewide initiative to raise awareness about the role and positive impact of public schools in Minnesota, launching during the State Fair.

Co-Chair Michelle Langenfeld recessed the meeting at 7:59 p.m. Jeff Simon moved and Matt Audette seconded the motion to adjourn the meeting. Motion passed.

**MINUTES OF SPECIAL MEETING
SCHOOL BOARD OF INDEPENDENT SCHOOL DISTRICT NO. 11
(Anoka-Hennepin School District)
STATE OF MINNESOTA**

The School Board of Anoka-Hennepin Independent School District No. 11 held a Special Board meeting to discuss the Superintendent Search Selection Process, on **Monday, May 11, 2026**, at Sandburg Education Center, Anoka, Minnesota.

Co-Chair Michelle Langenfeld called the special meeting to order at 6:30 p.m.

The following members were present: Zach Arco, Matt Audette, Kacy Deschene, Linda Hoekman, Dr. Michelle Langenfeld and Jeff Simon.

Jeff Simon motioned to approve the Board Agenda as presented. Kacy Deschene seconded. Motion passed with a 6-0 vote.

The special board meeting contained two items on the agenda presented by Mike Riche, Hazard, Young and Attea Vice President: Superintendent Search Selection Process and Semi-Finalists Selection, as Determined by the Board, for the Role of Superintendent for Anoka-Hennepin Schools.

Jeff Simon motioned to advance Candidate A forward for a semi-finalist interview. Matt Audette seconded. Motion passed with a 6-0 vote.

Matt Audette motioned to advance Candidate F forward for a semi-finalist interview. Kacy Deschene seconded. Motion passed with a 6-0 vote.

Matt Audette motioned to advance Candidate J forward for a semi-finalist interview. Zach Arco seconded. Motion passed with a 6-0 vote.

The Board will interview the semi-finalists on May 13. The Board will bring forward candidates for Final Interviews on May 20, with a final decision on the same day.

Co-Chair Michelle Langenfeld recessed the meeting at 7:08 p.m. Matt Audette moved and Jeff Simon seconded the motion to adjourn the meeting. Motion passed.

APPENDIX B

Moved that the Board accepts the personnel recommendations and authorizes the appropriate Board officer(s) or School District administrator(s) to sign all documents necessary to effectuate these agreements.

COMMUNICABLE AND INFECTIOUS DISEASE POLICY

I. PURPOSE

To promote and protect the health and safety of our students and staff by implementing guidelines for communicable disease prevention and education. This Policy is intended to provide guidance for district staff members, reassurance to families and the community, and support for persons with communicable and infectious diseases.

II. GENERAL STATEMENT OF POLICY

- A. Utilizing guidelines established by agencies responsible for establishing policies related to communicable disease, ~~including the Minnesota Department of Health and the Centers for Disease Control,~~ Students and staff will be allowed to participate in the school setting. Guidelines relied upon by administration may include but are not limited to the County Public Health, the Minnesota Department of Health, the Centers for Disease Control, American Family of Pediatrics and/or the Center for Infectious Disease Research and Policy.*
- B. If the health status of a student deteriorates enough to interfere with their ability to safely attend school, the District may request a licensed health care provider's exam to establish the safety and appropriateness of attending school.
- C. If the health status of an employee deteriorates to the extent that it interferes with their ability to attend work, the District, as governed by applicable law, may require a licensed health care provider's exam in order to establish whether the employee is fit for duty.
- D. Health data relating to students is private data and as such will not be released without permission of the student's parent/guardian or the permission of an eligible student (i.e. a student over 18 years of age with legal capacity to act on their own behalf).
- E. Health data related to employees is private data and as such will not be released except where allowed by law.

III. DEFINITIONS:

Communicable Disease: disease due to an infectious agent that may be transmitted directly or indirectly from one individual to another; examples of communicable diseases include hepatitis, tuberculosis, and human immunodeficiency virus.

Standard Precautions: infection control methods that define all body fluids and substances as infectious.

Blood Borne Pathogen: infectious organism that lives in the bloodstream including, but not limited to, human immunodeficiency virus, hepatitis B and hepatitis C.

Human Immunodeficiency Virus (HIV): virus that causes acquired immune deficiency syndrome; persons with HIV may be asymptomatic for extended periods of time, often years.

Personal Protective Equipment: materials provided for staff that minimize exposure to potentially infectious substances or environmental hazards; may include but not limited to gloves, aprons, or face shields.

* This section was modified to broaden the potential expert resources administration can draw upon to make decisions about responding to communicable disease outbreaks.

IV. BACKGROUND INFORMATION ON COMMUNICABLE DISEASES IN THE SCHOOL

SETTING

The risk of transmitting blood-borne pathogens, including hepatitis B, hepatitis C, or HIV, is extremely low in school settings when standard precautions to prevent disease transmission are followed. Standard precautions dictate that all blood and body fluids be handled as though they are infectious. Staff in the school setting need information about the appropriate measures to take when coming in contact with blood or body fluids.

Young persons engaging in high-risk behaviors such as unprotected sexual activity are at risk of becoming infected with HIV as well as other sexually transmitted diseases, and education remains the major tool for fighting the spread of such diseases. The district has a critical role to play in providing accurate up to date information regarding prevention of HIV and sexually transmitted infections consistent with state statute.

A. School Attendance

A student with a communicable disease has the same right to attend school and receive services as any other student, and is subject to the same school policies. School guidelines for communicable disease exclusion will follow recommendations from local, state and federal agencies that address communicable disease standards.

When indicated, the educational placement of a student with a communicable disease will be determined by school authorities following established procedures for students with disabilities. The most appropriate environment for the student will be recommended. Federal guidelines for the Individuals with Disabilities Education Act (IDEA) will be complied with, and school accommodations made as needed.

Staff members will maintain a respectful school climate and disallow any physical or verbal harassment of an individual with a communicable disease, or anyone associating with a person or persons with a communicable disease.

B. Employment

It is the policy of the District that staff with communicable diseases will not be excluded from attending to their employment so long as the staff is physically, mentally and emotionally able to safely perform their assigned tasks and their attendance at work does not create a risk of transmission of the illness to students, staff, or others in the District. In the event the District can take reasonable steps to reduce the risk of transmission of the disease, such steps will be undertaken.

C. Privacy

No information regarding an individual's communicable disease status will be divulged to any individual or organization except where allowed or required by law.

Health records and documents that reference the communicable disease status of a student or staff will be kept in a secure location. Information regarding communicable disease status will be protected as required by law.

D. Infection Control

The District will operate according to the standards promoted by the U.S. Occupational Health and Safety Administration for the prevention of bloodborne infections. All staff will consistently follow infection control guidelines to prevent bloodborne pathogen exposure at all times. Personal protective equipment will be supplied by the district in order for the staff to meet infection control standards. Concerns regarding unsafe practices will be reported to the Buildings and Grounds Health and Safety Manager and the District Health Services Coordinator.

In the event of a District staff member's communicable disease exposure, staff will be

directed to their private physician or a school nurse. The staff will complete an accident investigation report and forward it to the Human Resources Department.

E. Communicable Disease and Extracurricular Activities

Following the guidelines ~~supported by evidenced based practice established by the Centers for Disease Control and Minnesota Department of Health~~, students with a communicable disease may participate in physical education classes, athletic programs, organized sports, and school sponsored activities. Reasonable accommodations will be made to allow students with communicable diseases to participate in these activities.

Infection control guidelines will be adhered to in all locker rooms and athletic settings. Personal protective equipment will be available as needed at athletic events.

G. Communicable Disease Prevention Education

In accordance with Minnesota Statute 121 A.23, the school district will develop a comprehensive education plan to prevent communicable diseases.

H. Information and Resources

Students and staff will be provided with information to assist them in obtaining confidential care regarding communicable disease education and services. Administration will provide such information without breaking confidentiality standards. Current information regarding communicable diseases will be available through the District Health Office.

I. Staff Development

As required by federal regulations, relevant staff will be trained with current information regarding bloodborne pathogen exposure and procedures for handling blood exposure in the school setting. Staff whose positions require additional training relevant to their positions and responsibilities will receive this training on a yearly basis.

Staff with responsibility for teaching students about communicable disease prevention will receive the necessary training and materials to assist students to develop the knowledge, attitudes, and behavior that will help prevent communicable diseases.

STUDENT ENROLLMENT AND ENROLLMENT OPTIONS POLICY

I. PURPOSE

The school district desires to participate in the Enrollment Options Program (Open Enrollment) established by Minn. Stat 124D.03 and provide for in-district enrollment options for resident students. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making these determinations.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school district to ensure that enrollment in its schools is available to all legally eligible students. The school district must administer open enrollment consistent with the provisions of Minnesota Statute. The school board establishes specific standards for acceptance and rejection of open enrollment applications as set forth in this Policy. Additionally, it is the policy of the school district to administer its in-district enrollment options process in a fair and orderly manner according to the requirements of this Policy. Consistent with Minnesota Statute, a student's attendance at a particular public school is a privilege not a right for a pupil. Enrollment of homeless students must comply with the requirements of the McKinney Vento Act.

III. DETERMINATION OF ENROLLMENT ELIGIBILITY AND RESIDENCY

A. **General Residency and Enrollment Expectations.** Students are generally enrolled in their neighborhood school based on their parent/guardian home address. If the parent/guardian of the student are separated or divorced and both maintain legal rights to determine the student's education, but are living in different districts, the district of residence is the district in which the student primarily resides for the greater part of the school year. Residents of Anoka-Hennepin Independent School District No. 11 attend district schools tuition-free.

To qualify as a legal resident eligible to enroll in the school district, a student must satisfy the following criteria:

- **Primary Residency:** Reside within the district's legal boundaries for reasons other than purely educational purposes. The student must receive personal care, supervision, and full emotional and financial support within that home.
 - **General Age Requirement:** Be at least five years old on or before September 1, and not have exceeded their 21st birthday by the time of high school completion.
 - **No High School Diploma Issued:** If the student has a diploma (excluding GED) they are not eligible to enroll.
 - **Special Education Provision:** Students with disabilities are eligible from birth through the completion of high school, provided they do not exceed their 22nd birthday by September 1 of that academic year.
- B. **Residency Status and Transportation Expectations.** At any point where the area of home residency and the school's attendance area do not match, transportation of the student becomes the responsibility of the parent/guardian, or student. Students not living inside their school's assigned attendance area may register to ride buses to/from active, existing bus stops within the school's designated transportation area (i.e. border stops) or attend a day care facility/other alternate residence inside the school's designated transportation area. Routes and stops will not be created outside of the school's regular attendance area(s).

- C. Residency Disputes. If the school district reasonably believes that a student does not meet residency requirements, the student may be removed from the school only after the school district sends the student's parents/guardian written notice of the school district's belief, including the facts upon which the belief is based, and an opportunity to provide documentary evidence of residency in person to the superintendent or designee, or, at the option of the parents/guardians, by sending the documentary evidence to the superintendent, or a designee, who will then make a determination as to the residency status of the student.

Documentary evidence can include: property documents (purchase agreement, mortgage documents, or lease/rental agreements); utility records: (utility bills (electric, water, gas) showing the parent/guardian name and address); and government identification/records (parent/guardian driver's license or state ID card reflecting the new address, voter registration card, military records, or other official state records).

- D. Age Eligibility Disputes. If the school district reasonably believes that a student has exceeded age limits permitted to receive a public education under Minnesota law, the student may be denied enrollment/may be removed from the school only after the school district sends the student's parent/guardian or to an eligible student (i.e. over 18 years of age and legally competent), written notice of the school district's belief, including the facts upon which the belief is based, and an opportunity to provide documentary evidence of the student's age in person to the superintendent or designee, or, at the option of the parents/guardians, by sending the documentary evidence to the superintendent, or a designee, who will then make a determination as to the age eligibility of the student.

IV. OPEN ENROLLMENT FOR NON-RESIDENT STUDENTS

- A. Capacity Limits. Applications for Open Enrollment consistent with Minn. Stat. 124D.03 will be approved provided that acceptance of the application will not exceed the capacity of a program (excluding special education services); class; grade level; or school building; as established by school board resolution and provided that:
1. Space is available for the applicant under enrollment cap standards established by school board policy or other directive.
 2. In considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. 124D.03.
 3. The applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.
 4. The district has sole discretion to determine school of attendance for open enrolled student.

If the school district limits enrollment of nonresident students pursuant to this section, the school district shall report to the Commissioner of the Minnesota Department of Education (MDE) by July 15 on the number of nonresident students denied admission due to the limitations on the enrollment of nonresident students.

- B. Applications. Open Enrollment applications are accepted year round. The following parameters apply:
1. Applications submitted before January 15 receive priority consideration. Any application received after January 15 will go into a second or third round lottery. April 1 is the deadline for an application to be considered in the second round lottery, and June 1 is the deadline for the third and final round lottery.

2. The school district shall notify the parent/guardian in writing by February 15, or within ninety (90) days for applications submitted after January 15.
3. Parents/guardians must confirm the intent to enroll by March 1, or within ten (10) business days of acceptance for applications submitted after January 15. This obligates the student to attend the new school for one year, unless the boards of both districts agree to allow the student to transfer back to the resident school district.
4. For applications made by January 15 and accepted, assignments to schools will be made by February 15 and resident school districts will be notified by March 15.
5. Once enrolled: the student may remain enrolled in the district; is typically eligible to remain in the feeder school path until 12th grade and is not required to submit annual or periodic applications.

C. Basis for Decisions

1. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
 - a. previous academic achievement of a student;
 - b. athletic or extracurricular ability of a student;
 - c. disabling conditions of a student;
 - d. a student's proficiency in the English language;
 - e. the student's district of residence; or
 - f. previous disciplinary proceedings involving the student.
2. Standards that may be used for rejection of application. In addition to rejecting an application because space is unavailable as discussed in Section IV. A., the school district may deny enrollment for a student who is expelled for the following reasons:
 - a. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, at school or a school function;
 - b. possessing or using an illegal drug at school or a school function;
 - c. or soliciting the sale of a controlled substance while at school or a school function; or
 - d. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
3. Notwithstanding the standard set forth in paragraph E.1 and E.2 above, the school district reserves the right to pursue expulsion/exclusion proceedings against an enrolling student for conduct which constituted grounds for expulsion in their prior school of enrollment.

D. Lottery

When the maximum number of applications exceeds the established maximum, approvals will be made by random lot.

The district shall give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) that meets the requirements of Minn. Stat. 124D.03 subd 5a.

The lottery process will be posted on the district website.

E. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven

school days per school year if the child is in elementary school or for one or more class periods on seven school days per school year if the child is in middle school, junior high school or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days per school year and who has not lawfully withdrawn from school under Minn. Stat. 120A.22, Subd. 8.

2. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. 120A.22, Subd. 8.

V. IN-DISTRICT TRANSFER ENROLLMENT OPTIONS FOR RESIDENT STUDENTS

A. In-District Transfer Defined

“In-district transfer” means enrollment for a student who is a legal resident of the District in a school building other than the building assigned by district attendance boundaries. In-district transfers take precedence over outside enrollment requests.

B. Attendance Area Enrollment

Students are generally enrolled in the school that is designated for the attendance area where their parent/guardian resides. Students who reside within the boundaries of the District will be permitted to attend the schools of said district tuition free.

If the attendance area is changed due to the boundary change process, exceptions to this policy may be made at the discretion of the School Board.

At any point where the residence area and assigned boundary area do not match, transportation of the student becomes the responsibility of the parent/guardian, or student. If space is available on a bus traveling to the school, the student may be picked up at a scheduled stop and ride this bus to the school, and may include corresponding transportation fees.

An employee of the District may elect to have their children attend the school and school feeder path aligned with where they are assigned, coach or advise co-curricular activities.

C. Eligibility and Process for In-District Transfer

1. Capacity Limits. Applications for enrollment under the In-District Transfer option will be approved provided that acceptance of the application will not exceed the capacity of a program, class, grade level, or school building.
2. Application. The student and parent/guardian must complete and submit an application for In-District Transfer.
 - a. The priority application window is December 1 to January 15, for enrollment the following year for consideration. Assignments to schools will be made by February 15 and schools will be notified March 15. Parents/guardians must confirm their intent to enroll by March 1. This obligates the student to attend the new school for one year.
 - b. The secondary application window deadline is April 1.
 - c. The third application window deadline is June 1.

For secondary and third application window, parents/guardians must confirm the intent to enroll within 30 days of notification of acceptance.

3. Random Lot

- a. When the maximum number of applications exceeds the established maximum, approvals will be made by random lot.

b. If approved, the student will be eligible to stay in the feeder school path through 12th grade.

F. Termination of In-District Transfer Status

The District may terminate the In-District Transfer status of a student if family transportation concerns result in the student being excessively absent or tardy or the student remaining at school past pick up time multiple days. In-District Transfer may also be terminated at district discretion due to health and safety concerns.

SCHOOL SECURITY AND VISITORS TO ANOKA-HENNEPIN SCHOOL DISTRICT BUILDINGS AND SITES DURING THE INSTRUCTIONAL DAY

I. PURPOSE

The purpose of this policy is to inform the school community and the general public of the position of the School Board on visitors to school buildings and other school property and leased sites during the instructional day.

II. GENERAL STATEMENT OF POLICY

- A. The School Board encourages interest on the part of parents/guardians and community members in school programs and student activities. The School Board welcomes visits to school buildings and school property by parents/guardians and community members, provided the visits are consistent with the health, education, and safety of students and employees and are conducted consistent with the policy and procedures, and requirements established by the Anoka-Hennepin School District.
- B. The School Board emphasizes the importance of maintaining a school environment that is safe for students and employees and free of activity that may be disruptive to the student learning process or employee working environment. The School Board authorizes school principals to exercise their discretion to manage school visits by parents/guardians and community members so as to ensure minimal disruption to the educational and workplace environment.
- C. The School Board strives to keep schools a welcoming place for our community to share educational experiences while providing heightened security for students and employees during the instructional day.

III. VISITOR EXPECTATIONS

- A. Visits to school sites should be pre-approved with the building principal or their designee.
- B. All visitors to Anoka-Hennepin buildings and sites must register their visit using the visitor management system before entering the building and must check-in with the administrative office upon arrival and departure. Doors will be locked and visitors will be expected to present identification at the designated main entrance of the school building.
- C. Visitors to Anoka-Hennepin buildings and sites will receive name label stickers through the visitor management system which they must always wear on the front of their shirt at eye level while they are within the building.
- D. Visitors to school buildings should not enter into classrooms, other educational spaces, student designated restrooms or locker rooms without the knowledge and permission of the school principal or their designee. Visitors should avoid engaging with any students unless they are accompanied by school staff or they are a parent/guardian interacting with their own student.
- E. All visitors to the building are expected to engage with staff in a professional and respectful manner. Loud, profane, threatening or harassing conduct/language is strictly prohibited.
- F. **With the exception of school programs or activities which are made open to parents/guardians, families or community members** visitors to schools during normal operations should not take pictures, videos or audio recordings of students and staff without the tacit approval of the subject of the picture/recording and school officials. ~~School programs or activities which are made open to parents/guardians, families or community members are generally not subject to these limitations.~~

- G. Visitors who wish to meet with teachers must schedule appointments in advance and register with the administrative office upon arrival.
- H. If school district personnel or volunteers see a visitor in the building without a name label sticker they will courteously escort the visitor to the administrative office or immediately notify the administrative office of the presence of the visitor.
- I. Pursuant to this policy, an individual or group may be denied permission to visit a school or school site, or such permission may be revoked if: the visitor does not comply with school board policy/school procedures; the presence of the visitor(s) is disruptive or is otherwise not in the best interest of students, employees, or the school at the time of the visit.
- J. Pursuant to state statute, an individual who enters school property and does not comply with the policy and its requirements may be reported to local law enforcement for criminal trespass and thus may be subject to criminal penalty.
- K. Parents/Guardians of students in Adventures Plus before and/or after school will be issued equipment to allow them access into areas used for the program.
- L. Post-Secondary Enrollment Options Students: A student enrolled in a post-secondary enrollment options course may remain at the school site during regular school hours in accordance with established building procedures; and may be provided with reasonable access, during regular school hours, to a computer and other technology resources that the student needs to complete coursework for a post-secondary enrollment course in accordance with established procedures.

IV. PARENT/GUARDIAN CONTACT WITH STUDENTS DURING THE SCHOOL DAY

- A. Parents/guardians visiting their student's school must comply with visitor expectations stated in this policy.
- B. Parent/guardian contact with students (phone, virtual or in-person) during the school day is generally discouraged absent an emergency or unique circumstances. In the event of circumstances which require parent/guardian contact with a child during the school day, the parent/guardian should telephone or go to the office of the building principal to request that the student be called to the office to meet with the parent/guardian.
- C. Parents/guardians may not go to classrooms, cafeterias, or other school locations to meet with their children unless they first check into the principal's office and receive expressed permission from the principal or their designee to do so.
- D. The principal or their designee may determine if the student may leave class at that time to meet or talk with the parent/guardian and they may select the meeting place and determine the length of time the student may be away from class. If appropriate, the principal or their designee may be present when the parent/guardian meets with the child.

THIRD LEASE AMENDMENT AND EXTENSION

This THIRD LEASE AMENDMENT AND EXTENSION (the “**Third Amendment**”) is made effective as of the ____ day of _____ 2026 by and between Trach Properties, Inc., a Minnesota corporation (“**Lessor**”) and the Anoka-Hennepin Independent School District #11 (“**Lessee**”).

RECITALS

Lessee currently leases existing Premises of 42,714 square feet at the Coon Rapids Family Center Mall, with addresses of 11224 Crooked Lake Boulevard and 2941 Coon Rapids Boulevard, Coon Rapids, Minnesota, pursuant to that certain Lease by and between Lessor and Lessee dated June 21, 2006, as amended by that certain Lease Amendment and Extension dated June 5, 2014, and the (Second) Lease Amendment and Extension dated June 18, 2015 (hereinafter collectively referred to as the “**Lease**”).

The Lease currently expires July 31, 2026. The parties are entering into this Third Amendment in order to extend the Term of the Lease to **September 30, 2026** (the new “**Expiration Date**”) and to provide certain other understandings and agreements.

NOW, THEREFORE, in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Lessor and Lessee hereby agree as follows:

1. Amendment of Article 3, Term.

The Term of the Lease is hereby extended to expire on the Expiration Date of **September 30, 2026**. On the Expiration Date, Lessee shall surrender the Premises to Lessor in good condition and repair, broom clean, and with all personal property removed and any damage caused by such removal having been repaired at Lessee’s cost and expense. Any holding over by Lessee after the Expiration Date (which includes a failure to surrender the Premises as provided herein) shall be on a month-to-month basis with rent payable as provided below.

2. Amendment of Article 5, Rental Rate (Base Rent and Additional Rent/CAM and Taxes).

For the months of August and September 2026, Lessee agrees to pay Lessor each month as rental for the leased premises a monthly base rent installment of \$28,476 Dollars per month along with the monthly installment of common area costs of \$19,400, for a total monthly Rent of \$47,876.00. In the event Lessee fails to surrender the Premises in the condition required on or before the Expiration Date, the base rent Lessee shall be obligated to pay shall be **125%** of the regular monthly base rent installment. In addition, Lessee shall indemnify Lessor for any damages, consequential or otherwise, that Lessor may incur because of Lessee’s failure to so surrender the Premises by the Expiration Date in the condition required herein.

3. Binding Effect.

The parties acknowledge, confirm and agree that except as may be explicitly inconsistent with this Third Amendment, the terms and conditions of the Lease shall continue to be in full force and effect and are hereby ratified and confirmed.

4. Submission.

Submission of this Third Amendment by Lessor to Lessee for examination shall not in any manner bind Lessor and no obligation of Lessor shall arise under this Third Amendment, unless and until this Third Amendment is fully signed and delivered by each party to the other.

5. Counterparts.

This Third Amendment may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement. Counterparts may be delivered via facsimile, electronic mail (including .pdf or any electronic signature complying with the U.S. Federal ESIGN Act of 2000, e.g., www.docuSign.com) or other electronic transmission or method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

IN WITNESS WHEREOF, the parties have executed this Third Amendment to be effective as of the date first written above.

Briefing Notes

DATE: May 18, 2026

CLASSIFICATION: Decision

AUTHORS: Sarah Hunter, Executive Director of Learning and Achievement

SUBJECT:

Summary of the timeline for implementation of the 2021 Social Studies Standards in fall 2026

BACKGROUND:

New materials were approved by the Anoka Hennepin Board of Education for use starting in fall of 2025 for grades 7 and 11. Curriculum writers wrote Understanding by Design documents (UbDs) for each grade level aligned to both the 2011 and 2021 standards. The board approved use of the 2011 UbDs for the 2025-2026 school year.

PURPOSE:

The purpose of this document is to share the timeline and next steps related to implementation of the 2021 Social Studies Standards, which must be implemented statewide in the fall of 2026 in grades K-12.

REVIEW OF KEY CONSIDERATIONS & TIMELINE:

In order to have UBD documents prepared before the school year begins, such that teachers can be trained on them and new curricular materials prior to the start of the school year, the following is our proposed timeline in the event the board approves piloting new materials:

- **May 18th:** Present the proposed top two resources recommended by course to the school board (listed in the table at the end of this document) for a board vote for implementation in fall 2026
- **May 2026-July 2026: If approved,** curriculum writing would begin May 2026 into summer of 2026 to ensure readiness of pilot materials and updated UbDs would be presented **for approval at school board meetings in July and/or August** for fall of 2026
- **September 1st & 2nd, 2026: If approved,** Pilot training would occur during workshop week for all teachers for the first resource being piloted
- **October/November 2026: If approved,** on district professional development days, teachers would be trained on the second pilot resource
- **September 2026-March 2027:**
 - Piloting of two resources in each course would occur during trimester 1 and 2
 - Concurrent with the pilots, feedback would be collected and documented

NEXT STEPS:

May 18, 2026 – Board Action:

The School Board will be asked to vote on the recommended pilot resources by course to support implementation of the 2021 Social Studies Standards.

If Pilots Are Approved:

05-18-26 O-2

- Proceed with procurement and preparation of selected pilot materials.
- Launch curriculum writing (May–Summer 2026) to develop aligned UbD units and ensure readiness for pilot implementation.
- Implement professional development and pilot timeline as outlined (Fall 2026–Spring 2027), including ongoing feedback collection to inform final adoption decisions.

If Pilots Are Not Approved:

- Move forward with curriculum writing focused on addressing gaps between the 2011 and 2021 Social Studies Standards.
- Prioritize development of district-created materials and resources to ensure standards alignment by fall 2026.
- Adjust professional development to support teachers in implementing revised UbDs and supplemental materials in place of piloted resources.

Pilot recommendations by course:

Course	Resource A	Resource B
K-5 (Supplementary Resources Selected for integration)	Studies Weekly (24.4)	TCM: Exploring Minnesota (24.3)
Grade 6 (Minnesota Studies)	Grade 6: Northern Lights Third Edition	N/A, there is only one resource written for this Minnesota specific course
Grade 8 (Global Studies)	National Geographic: World Cultures & Geography (23.7)	Savvas: myWorld Interactive: World Geography (22.5)
Grade 9 (Human Geography)	National Geographic: Human Geography (22.8)	Traverse: World Geography (22)
Grade 9 (Civics)	Savvas: Civics Interactive (23.3)	McGraw Hill: US Government & Civics (22)
Grade 10 (US History) <i>Recommendation to pilot from 10th grade curriculum study committee from 2023-2025. This work was paused for the 25-26 school year.</i>	McGraw Hill: US History	Saavas: US History Interactive
Grade 12 (Government & Politics)	National Geographic: American Government (23.6)	Savvas: American Government (22)

Anoka-Hennepin School Board

Briefing Notes

DATE: 5/6/26

AUTHOR: Dr. Jennifer Cherry, Chief Human Resources Officer

SUBJECT: District Calendar, 2027-28 School Year

PURPOSE:

Provide a first reading of the proposed 2027-28 school calendar, as recommended by the district Calendar Committee.

BACKGROUND:

The district Calendar Committee met three times this year to review calendar implications and make recommendations for the School Board to consider prior to adopting a 2027-28 school calendar. The Calendar Committee includes teachers, principals, paraeducators, school office staff, and district administrators. Through this committee, the District fulfills our statutory and contractual obligation to Meet & Confer with AHEM regarding the annual school calendar.

CONSIDERATIONS:

The Calendar Committee reviewed the following parameters for development of the 2027-28 District Calendar:

1. Legal guidelines
 - a. State holidays when school is not allowed (MN Statutes 645.44, Subd. 5)
 - b. School commences after Labor Day (MN Statutes 120A.40)
 - c. State testing dates
 - d. Student contact days include 170 days for elementary and 171 days for secondary students (Kindergarten is variable) to meet required minutes of instruction (MN Statutes 120A.41)
 - e. Para training requirements (MN Statutes 121A.642, Subd. 1)
2. Collective bargaining agreements
 - a. 187 teacher duty days
 - b. No teachers on MEA (Minnesota Educator Academy conference is October 21, 2027)
 - c. Between November 1 and April 30 there shall be 15 days or more during which school shall not be in session per teacher contract
 - d. Two days off during Spring Break per non-teaching bargaining group agreements
3. District practice
 - a. Four teacher work days are used for conferences
 - b. Teacher professional development and staff planning
 - c. Grading/planning day (no students) follows the conclusion of each trimester
 - d. Instructional days balanced across the trimesters
 - e. Election days closed for student safety/security
4. Additional items considered:
 - a. Timing of Spring Break, length of Winter Break, placement of non-students contact days. Current calendar avoids 1 day school weeks and limits 2 day school weeks, balances non-school days throughout the school year

- b. Attendance trends on religious, cultural, and other significant non-religious activity dates that are not currently state or federal holidays (Good Friday/Easter Monday, fishing opener, deer opener, etc)
- c. End of year activities and graduation dates
- d. Previous calendars and expectations/feedback received from various stakeholders

OPTIONS/CONCLUSIONS:

The calendar committee considered six different calendar options and recommended the Proposed 2027-2028 School Calendar (attached). Significant school dates include:
