Eddyville Charter School

We are engaged to audit the financial statements of the governmental activities and the major fund of Eddyville Charter School for the year ended June 30, 2025. Professional standards require that we provide you with the following information related to our audit.

Since a two-way dialogue can provide valuable information for the audit process, we have included with this letter a questionnaire for you to complete. We also encourage you to contact us with any questions you may have about the audit process, anything in this letter, or other areas of concern.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to the required supplementary information, which supplements the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

We have been engaged to report on the supplementary information, which accompanies the financial statements but is not RSI. Our responsibility for this supplementary information, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have not been engaged to report on the other information, which accompanies the financial statements but is not RSI. Our responsibility with respect to this other information in documents containing the audited financial statements and auditor's report does not extend beyond the financial information identified in the report. We have no responsibility for determining whether this other information is properly stated. This other information will not be audited and we will not express an opinion or provide any assurance on it.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit we will consider the system of internal control of the entity. Such considerations will be solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope, Timing of the Audit, Significant Risks and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including the system of internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We have identified the following significant risk(s) of material misstatement as part of our audit planning:

- Risk of management override of controls – during the audit, we review for any signs of management override of controls in all of our testing. There are specific tests in the general audit programs that address the risk of management override of controls.

Roy R. Rogers, CPA is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

Management Representations

Professional standards require that we obtain certain representations from management before we issue our audit report. We will provide you with a copy of the signed management representation letter near the end of the audit process, if you request them.

Additional Requirements

The standards require that the auditors document the adequacy of two-way communication with the governing body. In the wake of well-publicized audit failures and emerging best practices in corporate governance, expectations have increased for auditors to communicate openly and candidly with those charged with governance regarding significant findings and issues related to the audit. We will communicate significant findings from the audit in writing when we believe that oral communication would not be adequate. Additional communications will come from us after we have issued our audit reports.

Request for information from Governing Body

In connection with an audit of your financial statements, please furnish answers to the questions on the enclosed “Governing Body Questionnaire” form, and return the questionnaire directly to us, Pauly Rogers and Co., P.C., 12700 S.W. 72nd Avenue, Tigard, Oregon, 97223, or send the completed questionnaire to the email address below (email is preferred). The questionnaire is designed to obtain information in conjunction with the audit for the year ended June 30, 2025 in accordance with Professional Standards. **If we do not receive a response from you, we will assume that you have no issues to report to us. Also, if you submitted a questionnaire to us and other items come to your attention please feel free to send us another questionnaire back before we finish our audit.**

Eddyville Charter School

Thank you for your involvement and for completing the questionnaire. We believe audit standards will continue to expand and create additional requirements in years to come.

This information is intended solely for the use of the governing body and management and is not intended to be, and should not be, used by anyone other than these specified parties.

AUDIT FINDINGS AND RECOMMENDATIONS

Finding Type

* During our testing of bank reconciliations, we noted one bank reconciliation (Oregon State Credit Union - 7000 Savings - November 2024) was not reviewed timely. We recommend that bank reconciliations show evidence of when they were prepared and reviewed by someone other than the preparer, by the appropriate personnel initialing and dating the reconciliations when these actions occur within 60 days of the bank statement closing.

Best Practice

* An integral part of internal controls is the monitoring of financial activities by those charged with the governance (Board). This can be accomplished by asking specifically designed questions to senior staff, by reviewing basic financial statements and projections and by comparing financial results to pre-established benchmarks. While elected officials participate in the budget adoption process and receive staff prepared basic financial statements, these only partially fulfill the monitoring function.

Exit Comment

We recommend that the Board continue to articulate their monitoring practices and records in the minutes when those activities occur.

* During our testing of journal entries, we noted seven instances where the adjusting journal entries did not have evidence of approval. We recommend that all journal entries have evidence of approval from a person other than the Originator in the system.

Exit Comment

* During our review of Form I-9s we found that on the forms in Section 2, the employee's first day of employment, employer's information and verification signature were not filled. We recommend that I-9s be filled out in their entirety.

Exit Comment

OUTSTANDING ITEMS

- * Employee, Manager, and Board Qs (Auditor uploaded on 6/11/2025)
- * GASB 101 - Compensated Absences

FINDINGS KEY

- ML** { Material Weakness - a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.
- ML** { Significant Deficiency - a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
- BL** { OMS - Oregon Minimum Standards comment which will be included within the 'Independent Auditors' Report Required by Oregon State Regulations' letter in the back of the financial report.
- BL** { Best Practice - a method or technique that has consistently shown results superior to those achieved with other means, and that is used as a benchmark. Often, a best practice is a communication of risk for the Governing Body to be aware of when considering future action or changes in practice.
- Exit Comment - a finding or deficiency less severe than a significant deficiency yet still important enough to merit attention by management.

ML = Management Letter. Requires the entity to send an action plan including time frames (approved by the Governing Body and recorded in the minutes) to all Material Weakness and Significant Deficiencies directly to the Division of Audits of the Secretary of State within 30 days of filing the financial report, per ORS 297.466

BL = Board Letter. Requires no further action from any parties involved.
