What Is A Bond?

26

A school bond is similar to a home mortgage. It is a contract to repay borrowed money over time with a fixed, **tax-exempt** interest rate.

Bonds are approved/authorized by voters and later sold by a school district to lenders/underwriters to raise funds to pay for the costs of construction, acquisitions, renovations and/or equipment.

Bond authorizations can be sold in one bond issuance or multiple issuances over a multi-year period, typically two to five years or longer.

School districts in Texas utilize voted bonds to finance new facilities and major renovation projects.

Capacity For Potential Future Bonds

27

- **Assumes May 2026 or November 2026 possible bond election**
- **Assumes issuance over 3 year time period**
- **\$350 million program supportable maintaining \$0.2907 I&S tax rate**
 - Maintains capacity for future bond program after 2028
- **\$450 million program supportable with I&S tax rate increased to \$0.3007**
 - Capacity for future bond program at the increased I&S tax rate

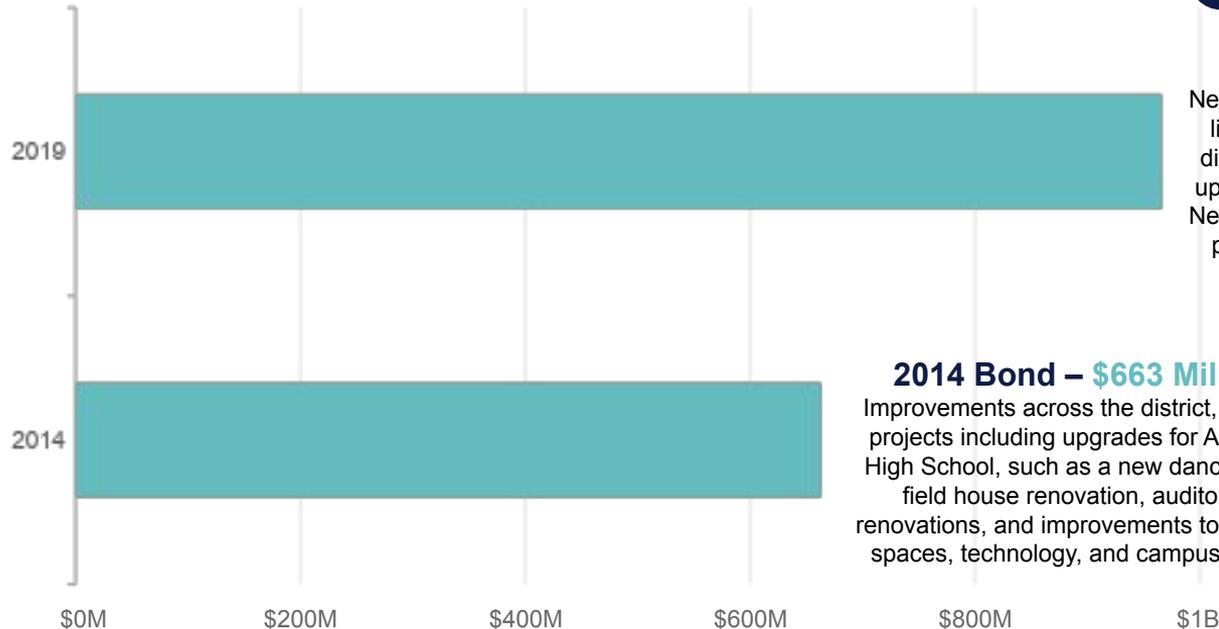

Successful Past Elections

28

Bond Elections

2020 VATRE – Passed

Provided additional local revenue to support teacher and staff compensation, maintain competitive salaries, and sustain district programs

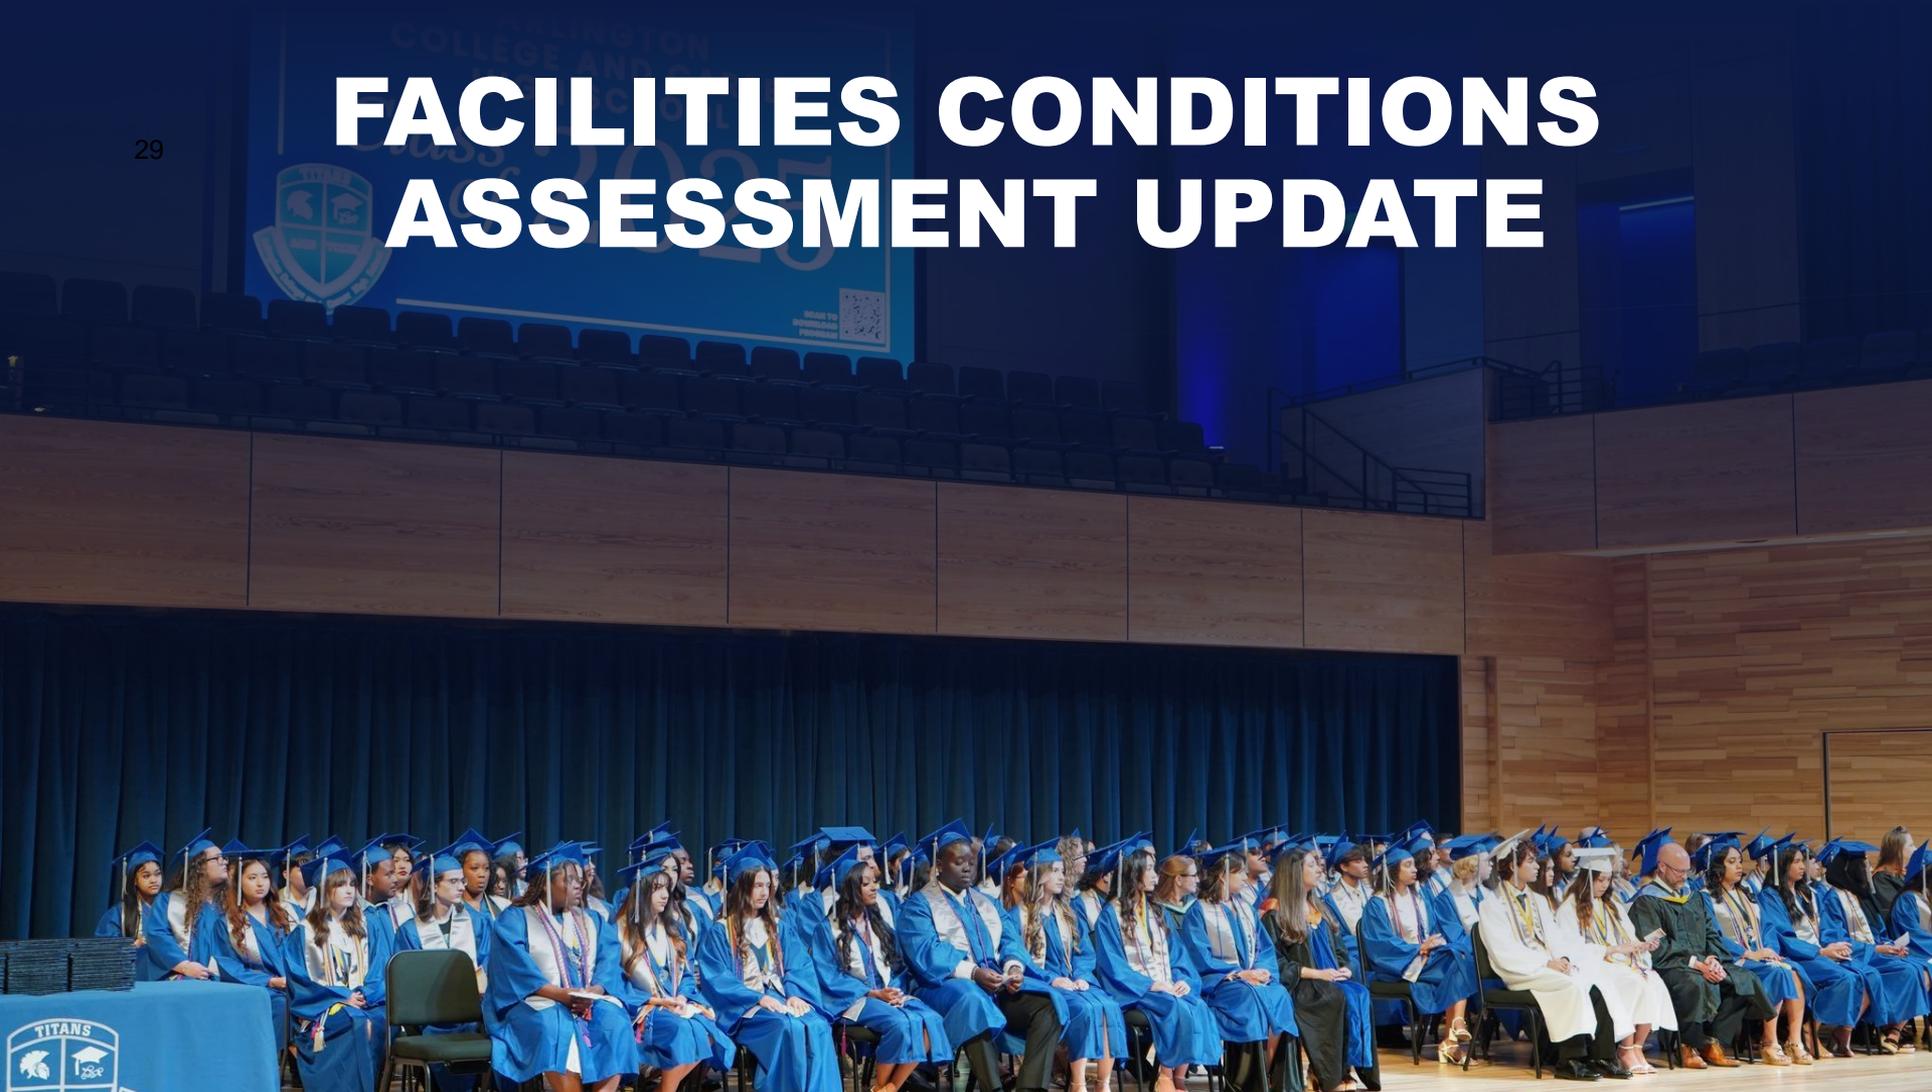

2019 Bond – \$966 Million

New construction and condition needs and life cycle improvements for all schools, districtwide safety, security & technology upgrades, Fine arts facility upgrades, and New school buses and service vehicles for program needs, hazardous routes and replacement of older vehicles.

2014 Bond – \$663 Million

Improvements across the district, with key projects including upgrades for Arlington High School, such as a new dance room, field house renovation, auditorium renovations, and improvements to fine arts spaces, technology, and campus safety.

STUDENT SURVEY RESULTS REPORT

Genéa Stewart, Ph.D.

PURPOSE

To present key findings from the 2024 – 2025 Student Survey, highlighting strengths and challenges while demonstrating alignment with district priorities.

What's Our "Why"?

Student surveys tell us how students feel about school—and those feelings shape how well they learn, connect, and succeed.

By listening to students, we can **invest in the right strategies**, **direct resources** where they matter most, and **make improvements** that truly impact learning, belonging, and safety.
