## Overview

This document serves as a proposal for services to be delivered during the 2023-2024 school year. Proposal includes digital copies of materials for copying as appropriate; and travel and per diem expenses. This proposal reflects assistance in providing vision, planning, and professional learning for school improvement incorporating data analysis, data tracking, student engagement, and standards-based instruction.

## Goals

1. Provide initial professional learning for the administrative team to set goals and processes for school improvement.
2. Build capacity in leaders for designing structures to support students and teachers.
3. Provide professional learning for administrators and teachers throughout the 2023-2024 school year regarding data analysis, data tracking, and standards-based instruction.
4. Provide ongoing professional learning for the administrative team and teachers in the use of data in increasing student engagement, academic achievement and academic growth.
