ATTENDANCE POLICY
(REGULATION)

The board of education believes that attendance in regularly scheduled classes is a key factor in student achievement. However, it is important for ~~those~~ students who are ill to stay home when sick. Students who have a fever ~~or~~ a measured temperature greater than or equal to 100 degrees Fahrenheit should not be at school or school activities. The board recognizes, however, that the cocurricular program of the school also has educational benefit. Therefore, it shall be the policy of this board to minimize absenteeism from regular classes while providing students the opportunity to participate in cocurricular activities.

ABSENCES

Excused absence will be granted for the following reasons:

1. Personal or family illnesses
2. Medical appointments
3. Legal matters, including service on a grand, multicounty grand, or petit jury *
4. Extenuating circumstances deemed necessary by the principal
5. Observance of holidays required by student's religious affiliation.
6. Documented participation in in up to ten (10) extracurricular absences, including 4-H activities each school year. Students in good standing may apply for up to five (5) additional activity absences.
7. Documented speech therapy, occupational therapy, or any other service related to the child's Individualized Education Program (IEP).

It is the responsibility of the parent to notify the school if a child is to be absent from school within 48 hours. ~~for enumerated items 1-5 in a reasonable amount of time.one of the above reasons.~~ The school will contact those students' parents who do not call. If no contact is made, the parent must send a note or call the day the child returns before the student can be excused. The student may promptly make up all work missed without penalty. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up.

Absences identified in Items 6 and 7 shall be considered statutorily excused for students participating in 4-H activities or programs when the district is notified prior to the absence and documentation verifying participation is provided by the 4-H educator or service provider following the absence. Students shall be permitted to make up all schoolwork missed due to an approved 4-H absence.

A 4-H absence shall not be excused if the activity occurs during the statewide student assessment window established by the State Board of Education or if the student is subject to disciplinary action or suspension that prohibits participation in school field trips or extracurricular activities.

~~Enumerated items 6 and 7 are statutorily excused absences which will require notification to the school district prior to the absence and documentation from the 4-H educator or service provider after the absence to identify the absence as excused.~~

~~Students will be given the opportunity to make up any schoolwork missed while they are participating in activities or programs sponsored by 4-H. Grades cannot be adversely affected for lack of attendance or participation due to their participation in activities or programs sponsored by 4-H so long as the district was notified prior to the absence and the appropriate documentation was provided by the 4-H educator after the absence which substantiates the student's attendance at the 4-H event or activity.~~

ATTENDANCE POLICY, REGULATION (Cont.)

~~Students will not be provided an excused 4-H absence for any student who participates in an activity or program sponsored by 4-H if the 4-H activity occurs during the scheduled statewide student assessment window set by the State Board of Education or if the student has been disciplined or suspended by the school district and a condition of the punishment would preclude the student from participation in any school field trips or extracurricular activities.~~

The district will not require medical documentation to support personal or family illness that results in an excused absence. However, students will be required to make up any work that has been missed. Student absences due to a severe, chronic, or life-threatening physical or mental illness, injury, or trauma will be exempted from inclusion in the calculation of the chronic absenteeism indicator of the applicable school site so long as the determination of eligibility

is made by the district's medical exemption review committee. The district's medical exemption review committee will be designated by the superintendent on a yearly basis and shall report student absences that are medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability.

A student will not be considered absent from school if:

1. They are not physically present at school but are completing work in a distance learning program or virtual online program approved by the school district and are meeting the following attendance requirements:

    a. The student has completed instructional activities on no less than ninety (90%) of the time that services were provided in a virtual or distance learning format to include online logins to curriculum or programs, offline activities, completed assignments, testing, face-to-face communications or meetings with school personnel via teleconference, videoconference, email, text, or phone,

    b. The student is on pace for on-time completion of the course as required by the school district,

    c. The student has completed instructional activities within the time that services were provided in a virtual or distance learning format during the academic year; or

2. They have a medical condition that incapacities the student and precludes them from participating in instruction in a traditional school setting and the student is able to progress in instruction via alternative education delivery methods approved by the local board of education.

3. They are participating in a released time program held by an independent entity off school premises for no more than three class periods per week or a maximum of 125 class periods per school year provided that:

    a. The student's parent or legal guardian provides written consent prior to the student's participation in the released time course;

    b. No school funds other than de minimis administrative costs are expended and no school district personnel, equipment or resources are involved in providing the instruction;

    c. The independent entity maintains attendance records and makes the records available to the school district and board of education;

    d. Transportation is provided to and from the place of instruction by the independent entity, the student or the student's parent or legal guardian;

ATTENDANCE POLICY, REGULATION (Cont.)

e. The independent entity or the student's parent or legal guardian indemnifies the school district and holds it harmless with regard to any liability arising from conduct that does not occur on school property under the control or supervision of the school district and the independent entity maintains adequate insurance for that purpose;

f. The student assumes responsibility for any missed schoolwork; and

g. The student may not be excused to participate in a released time course during any class in which the subject matter being taught is subject to the assessment requirements of Section 1210.508 of Title 70.

is made by the district's medical exemption review committee. The district's medical exemption review committee will be designated by the superintendent on a yearly basis and shall report student absences that are medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability.

A student will not be considered absent from school if:

4. They are not physically present at school but are completing work in a distance learning program or virtual online program approved by the school district and are meeting the following attendance requirements:

   a. The student has completed instructional activities on no less than ninety (90%) of the time that services were provided in a virtual or distance learning format to include online logins to curriculum or programs, offline activities, completed assignments, testing, face-to-face communications or meetings with school personnel via teleconference, videoconference, email, text, or phone,

   b. The student is on pace for on-time completion of the course as required by the school district,

   c. The student has completed instructional activities within the time that services were provided in a virtual or distance learning format during the academic year; or

5. They have a medical condition that incapacities the student and precludes them from participating in instruction in a traditional school setting and the student is able to progress in instruction via alternative education delivery methods approved by the local board of education.

6. They are participating in a released time program held by an independent entity off school premises for no more than three class periods per week or a maximum of 125 class periods per school year provided that:

   h. The student's parent or legal guardian provides written consent prior to the student's participation in the released time course;

   i. No school funds other than de minimis administrative costs are expended and no school district personnel, equipment or resources are involved in providing the instruction;

   j. The independent entity maintains attendance records and makes the records available to the school district and board of education;

   k. Transportation is provided to and from the place of instruction by the independent entity, the student or the student's parent or legal guardian;

ATTENDANCE POLICY, REGULATION (Cont.)

l. The independent entity or the student's parent or legal guardian indemnifies the school district and holds it harmless with regard to any liability arising from conduct that does not occur on school property under the control or supervision of the school district and the independent entity maintains adequate insurance for that purpose;

m. The student assumes responsibility for any missed schoolwork; and

n. The student may not be excused to participate in a released time course during any class in which the subject matter being taught is subject to the assessment requirements of Section 1210.508 of Title 70.

School Activity

1. The student will be allowed to be absent from the classroom for a maximum of ten days per school year to participate in activities sponsored by the school. Any deviation from the ten days absence rule shall not exceed five days.

2. The student will be allowed to make up any work missed while participating.

Unexcused Absences

1. A student may make up all work missed without penalty. It is up to the student, on the day of return, to make arrangements to see that the work is made up.

2. In order to take an absence by arrangement, the parent, or guardian, must submit, at least two days prior to the absence, a written request for the student to be absent. If the request is not made as required, the absence will be treated as an unexcused absence.

3. Absences by arrangement will count against a student's exemption from semester tests.

4. Any student who is more than 15 minutes late or leaves more than 15 minutes early will be counted absent.

Unexcused Absence

This is any absence that does not fall within one of the above categories. Work may be made up. Fifty percent (50%) of the grade will be counted. ~~Unexcused absences Unexcused~~ All absences count towards the absence limit of excused absences for the semester.

Truancy

A student is considered truant when absent from the classroom without the knowledge of either the school or the parent. The student may be subject to further disciplinary action.

Tardies

1. A student is tardy who is not in the student's seat when the bell to begin the period sounds.

2. A student who is more than 15 minutes late is counted absent for the period.

3. Each 3 tardies will constitute an unexcused absence from that class.

ATTENDANCE POLICY, REGULATION (Cont.)

Any student who exceeds the ten (10) day limit for unexcused absences may appeal to the board of education for reinstatement of credit. Consideration will be given as to the reason for the absences as well as to the attempts by parents to minimize the absenteeism.

Chronic Absenteeism

Chronic absentee means a student who is absent 10 percent or more of the school days in the school year exclusive of a significant medical condition, when the total number of days the student is absent is divided by the total number of days the student is enrolled, and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays. When a student is identified as a chronic absentee, the Superintendent or designee shall communicate with the student and his/her parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance

A significant medical condition means a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma. Any COVID-19 related absences due to a child's medical needs will be considered a significant medical condition.

INTERLOCAL COOPERATION AGREEMENT FOR SHARED SCHOOL BUS TRANSPORTATION SERVICES

BETWEEN NOBLE PUBLIC SCHOOLS AND ROBIN HILL PUBLIC SCHOOLS

This Interlocal Cooperation Agreement (the "Agreement") is entered into and made effective this 12th day of October, 2026, by and between **Independent School District No. 14 of Cleveland County, Oklahoma**, otherwise known as **Noble Public Schools ("NPS")**, and **Independent School District No. 16 of Cleveland County, Oklahoma**, otherwise known as **Robin Hill Public School ("RHPS")**. Collectively, NPS and RHPS may be referred to as the "Districts" or the "Parties."

RECITALS

WHEREAS, the Oklahoma Interlocal Cooperation Act, 74 O.S. § 1001 et seq., permits local governmental entities, including public school districts, to enter into collaborative agreements with one another to perform functions and services efficiently; and

WHEREAS, Title 70 O.S. § 5-117b explicitly authorizes boards of education to enter into cooperative agreements and lease or share school transportation equipment for educational, athletic, or extracurricular functions; and

WHEREAS, RHPS operates as a K-8 school district and requires temporary access to high-capacity Type C or Type D transit school buses to transport its students to athletic away games, field trips, and school-sponsored activities throughout the academic year; and

WHEREAS, NPS maintains an active fleet of school transportation vehicles and has determined that it has surplus bus capacity available during specific non-routing hours that can be extended to RHPS without impacting NPS's statutory obligations or daily home-to-school transit routes;

NOW, THEREFORE, in consideration of the mutual covenants, conditions, and promises contained herein, the Parties agree as follows:

SECTION 1: PURPOSE AND SCOPE OF SERVICES

1.1 Scope of Use: NPS hereby agrees to lease or lend multi-passenger school buses (typically 72-passenger capacity) to RHPS on an intermittent, as-needed basis. This use is restricted to transporting students, coaches, faculty, and authorized chaperones to and from scheduled athletic away games, extracurricular competitions, and approved academic field trips.

1.2 Scheduling Priority: RHPS shall submit written or electronic scheduling requests to the NPS Transportation Department at least ten (10) business days prior to the date of intended use. NPS retains primary scheduling priority over all vehicles in its fleet. NPS shall notify RHPS of vehicle availability or conflict within three (3) business days of receiving the request.

SECTION 2: COST ALLOCATION AND FEES

2.1 Rate Framework: Because the exact administrative and maintenance baseline operational fees remain subject to final agreement between the transport departments of both Districts, the financial structure shall be calculated according to one of the following selections, as formalized upon reservation approval (the Parties must initial the agreed-upon provision):

Selection	Fee Structure Option	Description & Requirements
Option A: [ ]	Mileage Rate Basis	RHPS shall reimburse NPS at a rate of $_____ per mile driven. Mileage will be calculated from the time the vehicle departs the NPS storage facility until it returns to the same facility.
Option B: [ ]	Flat Per-Event Fee or Monthly Lease Rate	RHPS shall pay a flat lease fee of $_____ per event/day or $_____ per month for the use of the vehicle, regardless of total mileage incurred.
Option C: [X]	Fuel / Reciprocal Only	RHPS shall incur no equipment usage lease fee, provided that the vehicle is returned fully cleaned and with a completely replenished fuel tank.

2.2 Fuel Responsibility: For Options A and B, RHPS is fully responsible for returning the shared bus with a fuel tank filled to the exact level recorded at the time of pickup. If the vehicle is returned unfueled, NPS will bill RHPS for the cost of fuel plus an administrative fueling surcharge of $25.00.

2.3 Invoicing: NPS shall submit an itemized invoice to the RHPS business office within thirty (30) days of vehicle return. RHPS shall issue full payment within thirty (30) days of receiving the invoice in accordance with standard Oklahoma public school purchasing procedures.

SECTION 3: DRIVER CERTIFICATION AND STAFFING

3.1 Provider of Staff: RHPS shall supply and compensate its own drivers for all operations under this agreement. Under no circumstances shall NPS be required to provide driving personnel or oversight for RHPS functions.

3.2 Credentials and Mandates: RHPS covenants that any driver assigned to operate an NPS vehicle under this agreement shall be fully certified and meet all Oklahoma State Department of Education (OSDE) and federal regulations. Valid credentials must include:

- A current Commercial Driver's License (CDL) Class B or Class A.
- Active Passenger (P) and School Bus (S) endorsements.
- A valid Oklahoma School Bus Driver Certificate.
- Compliance with annual health physical mandates and current inclusion in an active, federally compliant DOT random drug and alcohol testing pool.
- Completion of all mandatory pre-trip inspection logs, to be filed with both the RHPS and NPS transportation offices upon vehicle return.
- All documentation must be submitted to NPS before using a NPS vehicle.

SECTION 4: INSURANCE AND LIABILITY

4.1 Liability Coverage: RHPS shall maintain primary automobile liability and property damage insurance that explicitly covers the operation of leased, hired, or borrowed vehicles (Hired and Non-Owned Auto endorsement). Coverage limits must meet or exceed the maximum statutory limits defined under the Oklahoma Governmental Tort Claims Act (51 O.S. § 151 et seq.). RHPS must be named as the liable party for any situation occurring while in possession of any buses. NPS will not be in control or custody of the aforementioned buses and will not be responsible for any portion of damages occurring during physical possession by RHPS.

4.2 Certificate of Insurance (COI): Prior to taking physical possession of any vehicle, RHPS shall furnish to NPS a Certificate of Insurance confirming Hired and Non-Owned Auto liability coverage and physical damage/collision protection. The COI must explicitly name Independent School District No. 14 (Noble Public Schools) as Loss Payee for the operational windows requested.

4.3 Fluid Fleet Provision: The Parties acknowledge that this agreement governs a general operational framework and does not tie coverage to specific Vehicle Identification Numbers (VINs). Insurance coverage applies globally to any vehicle transferred under this Interlocal Agreement, with separate vehicle tracking managed exclusively via pre-trip inspection manifest sheets.

SECTION 5: MAINTENANCE, CLEANING, AND REPAIRS

5.1 Mechanical Integrity: NPS is responsible for ensuring the baseline mechanical roadworthiness of all shared buses, including routine safety inspections, fluid updates, and compliance with OSDE safety baselines prior to vehicle handover.

5.2 Care and Upkeep: RHPS shall return the vehicle in a clean, debris-free condition. NPS reserves the right to charge an industrial cleaning fee of $100.00 per rental if needed.

5.3 Post-Incident Damages: RHPS assumes full responsibility for any physical damage, vandalism, or interior breakdown caused by student or staff negligence while the vehicle is under RHPS custody. In the event of an road accident, mechanical failure, or emergency, the RHPS driver shall immediately contact the NPS Transportation Director.

SECTION 6: TERM AND TERMINATION

6.1 Term: This Agreement shall commence upon execution by both school boards and shall remain valid for the duration of the 2026-2027 fiscal and academic school year, expiring June 30, 2027.

6.2 Mutual Termination: Either party may terminate this agreement without penalty by providing thirty (30) days of advance written notice to the administrative superintendent of the corresponding district.

IN WITNESS WHEREOF, the Parties have executed this Interlocal Cooperation Agreement on the dates set forth below.
