President Miller presided and conducted. The Board of Education met in a study session to discuss the following:

A. Discussion on Options for Redistricting Process

Michael Anderson, Associate Superintendent, reported this decennial process requires school districts to create recommendations for proposed changes that will be sent to Salt Lake County. Guiding principles from the County and Board and 2020 census data was used to create block maps with options for redistricting in Jordan District.

Travis Hamblin, Director of Student Services, presented four color-labelled draft redistricting maps and noted differences between each one. After discussion and evaluation, a majority of Board members decided the Blue map best meets Board redistricting criteria and voted to recommend this option to the Salt Lake County Redistricting Commission.

B. Discussion and Review of Feedback on Policy AA419 Student Conduct and Dress

Mike Anderson, Associate Superintendent, reviewed the timeline and process to revise Policy AA419 which included presentations to Board members, Administrators, the JEAC committee, School Community Council and PTA members, public open house and town hall meetings. He reported proposed changes and video presentations were posted on the district webpage with links sent to

parents and employees and currently 54 emails have been received from dresscode@jordandistrict.org, an email address used for patrons to give feedback.

Travis Hamblin, Director of Student Services, stated overall there has been positive feedback for the gender/culturally neutral policy. He said the largest concerns were changes regarding wearing hats in elementary school and implementation. Mr. Hamblin also noted the Federal Court of appeals recently ruled Title IX does apply to dress codes and can't discriminate based on sex.

A majority of Board members agreed to move forward with adding this to the October 26, 2021 Board meeting agenda with intent for a vote of approval. Board members also agreed that proposed policy changes would be effective immediately upon Board approval. Staff was authorized to have informational materials ready to send out to parents and employees immediately after the vote if it passes.

C. Update on Administrative DP380 Maternity/Parent Leave

Dr. Anthony Godfrey, Superintendent of Schools, asked the Board about flexibility in the Maternity/Parent Leave policy for extraordinary medical circumstances requiring nonconsecutive weeks. The Board agreed with adding a phrase to allow further flexibility for extraordinary circumstances that may affect the timing of the leave. Administration will bring back a draft to an upcoming Board meeting for review so a final version could be placed on the agenda for a vote of approval at the November 30, 2021 General session.

D. Update on Pandemic Response

Dr. Anthony Godfrey, Superintendent of Schools, reported the Esser III plan has been submitted and Esser II funds are currently being used. Administration is working on an RFP for audio/video systems for school classrooms. He feels this project should be expedited due to supply chain issues, time for installation, and training for staff, and would like to have systems installed by fall 2022.

Dr. Godfrey informed Board members that a few Covid letters have been sent (per Board request) to elementary households when a school reached the threshold of 15 cases at the elementary level. Board members agreed with providing optional rapid Covid testing before or after school, with signed parent consent, when an elementary school has a concentration of positive cases in an individual class. They also agreed to allow more flexibility for Administration to work with the County Health Department to address class or grade-level Covid-19 outbreaks. Dr. Godfrey assured Board members the District is working with the County to rapidly communicate the most current Covid information.

E. Continued Discussion on Proposed Updates to Board Policy GP111 *Types of Meetings*

Tracy Miller, Board President, reminded the Board the revision allows for Board members to meet electronically if extenuating circumstances prevent their physical presence. She proposed this be added to the October 26, 2021 Board meeting agenda for a final vote of approval. A majority of Board members agreed.

Ms. Miller requested a short break at 6:11 p.m., after which Study Session resumed.

G. Addressing Deficit Spending

Marilyn Richards, Finance & Audit Advisory Committee Chair, shared a list of ideas the committee created to address the issue of deficit spending. She said last year's deficit is about \$19.4 million and reported the Board levy is .000617, which is significantly lower than the average state levy of .001651. John Larsen, Business Administrator, said increasing the Board levy to cover the loss would amount to approximately \$175/average household per year, resulting in a 10.84% increase.

Board members reviewed the suggestions and the projected fund balance at the end of this fiscal year. Board President, Tracy Miller, stated this important information will factor into the next Bond. She mentioned the decision to increase the Board levy only happens once per year in August and thanked the Finance Committee for their work.

H. Bond Committee Report

Travis Hamblin, Director of Student Services, presented information to the Board for consideration in preparing for a bond for the November 2022 election ballot. He highlighted nine schools with the most potential growth: Ridge View Elementary, Antelope Canyon Elementary, New Herriman Elementary, Mountain Point Elementary, Herriman High, Copper Hills High, Copper Mountain Middle School, Sunset Ridge Middle School, and Aspen Elementary. Mr. Hamblin gave a timeline for each school when options should be considered to address growth needs including: pocket bussing/alternate schedules, boundary considerations, and new construction.

Bryce Dunford, Board First Vice President, asked for a chart showing empty seat count by level (current use and optimal use capacity minus enrollment) over the next ten years. This would be used to determine if busing options could alleviate growth issues. Mr. Hamblin agreed to send this to the Board.

President Miller mentioned the Lighthouse survey results from July may be reviewed on BoardDocs from July 27, 2021 and recent focus group information may be provided to Board members by the next Board meeting to aid Board members in making a decision on a future bond.

I. Licensed Employee Advisory Committee (LEAC) Report

Jen Atwood, Board Member, reported the LEAC committee is comprised of 85 members, over half of which are new this year. Ms. Atwood said all LEAC members will receive notes from the current meeting and prior meetings (if available). She informed members they can email questions or concerns to leac@jordandistrict.org.

Ms. Atwood said topics discussed at the meeting were: Extra Mile Pay, transparency in the District, and better communication. They also shared concerns about the Friday schedule and Board members considered discussing this topic at a future meeting. After consulting Dr. Godfrey, the Board decided this should be tentatively placed on a future Board meeting agenda for further discussion.

The Board agreed the next LEAC meeting will tentatively be held January 26 or 27, 2022 where Board members will give information about Board, Administrator, and State Legislator assignments and responsibilities as well as Legislative priorities and ask for feedback on safety in the classroom and schools.

J. Board Member, Committee, and Superintendent Reports and Comments

Board President Miller reminded the Board USBA award applications must be completed by December 1, 2021 and said the USBA requires Board members to complete training to become Board certified. Ms. Miller also announced February 22, 2022 is USBA and District Day on the Hill.

Board members discussed the opportunity of attending City Council meetings in the fall and the possibility of including City Council members in District Board meetings. The Facilities Committee agreed to provide hotspot maps, properties maps, and summer projects lists for discussion between Board and City Council members. Administration agreed to coordinate these visits and the Government Relations committee will discuss this further.

Superintendent Godfrey announced Jordan School District was ranked by Forbes magazine as one of the top 20 best employers in the State.

A. Social Emotional Wellness Update

Travis Hamblin, Director of Student Services, explained that Social and Emotional Learning increases academic performance, assists with suicide prevention, increases connections with others, and helps educators identify and address risk factors in students and colleagues. McKinley Withers, Consultant of Health and Wellness, added the focus is on suicide prevention measures, response training, and increasing awareness about mental health.

Mr. Hamblin and Mr. Withers reviewed a list of thirty-five ways the District is addressing Social and Emotional needs including: mental health screening nights, Second Step program, the Jordan Family Education Center, training for mental health teams and educators, increasing counseling staff at schools, and the Mental Health Access Program.

Mr. Withers said the Second Step school-wide program teaches fundamental life skills, is fully grant funded, and has a national reputation for improving academic outcomes. He said any concerns with the curriculum can be directed to the Health and Wellness team at wellness@jordandistrict.org.

Niki George expressed her gratitude for this Social Emotional Wellness tool. Ms. Miller also shared her appreciation for the Health and Wellness team and their efforts.

B. Building Capacities and Permit Priorities

Caleb Olsen, Consultant in Planning and Student Services, reported on open enrollment school permits noting that 51% of elementary, 44% of middle school, and 77% of high school permits were approved this year. After reviewing building capacity and permit priorities, Board members agreed there was no need to change permit priorities this year.

C. Enrollment Growth Projections

Scott Festin, Consultant in Planning and Student Services, reported Jordan is a “growth” District with projected 1.2% annual growth. He highlighted prospective major developments including: Olympia Hills in Herriman, Jones Ranch and Wood Ranch in West Jordan, and additional Daybreak developments in South Jordan. Mr. Festin indicated there are a few declining schools in West Jordan between Jordan Landing and the Jordan River. He also noted large scale trends that affect growth projections include declining birth rates, housing affordability and remote learning.

Michael Anderson, Associate Superintendent, thanked the Planning and Enrollment team for their efforts. He confirmed that the District growth capacity Google spreadsheet is continuously updated.

Bryce Dunford said the Facilities Committee is monitoring the need for additional land and has provided the Board with a “hotspot” map and building priorities list.

D. Information and Discussion on Redistricting Process

Mr. John Larsen, Business Administrator, and Paul VanKomen, Board Attorney discussed the pending Board level redistricting process that occurs every ten years. This process attempts to balance population in all areas of the District and create equality in Board member seats.

Mr. Larsen relayed information he obtained from the Salt Lake County Redistricting Commission about the process, the timeline, and the rules surrounding redistricting. He said County school districts with more than one municipality may submit proposals to the Salt Lake County Redistricting Commission who then submits their proposals to the Salt Lake County Council who approves the final boundaries. The Commission is requesting all recommendations by the first week of November, 2021.

Mr. Larsen read guiding principles for redistricting from State Statute and County Ordinances. Referencing these guidelines, Board members proposed five principles to guide the development of the redistricting proposal. They recommended where possible each district 1) include a high school or future high school, 2) be limited to two high school boundaries, 3) be assigned to the current Board member over that district, 4) be designed not to exceed 10% variance in current populations but anticipate developing areas to allow for future growth, and 5) include no more than two cities.

Board members assigned Administration to develop options for redistricting the Board of Education districts within priorities established by the Board and bring back to the October 12, 2021 study session for discussion. Superintendent Godfrey noted the redistricting boundaries would become effective January 1, 2022 as part of the election cycle, but actual districts would be in effect in January 1, 2023.

E. Olympia Development

Bryce Dunford, Board First Vice President, led a discussion on the procedural agreement related to the Olympia Development. He reported the Facilities Committee met with stakeholders to determine no impact fees would be charged. Olympia developers agreed to specify in the agreement Jordan District will not be charged impact fees and they will assume all responsibilities for utilities and development of

roads. Mr. VanKomen, Board attorney, drafted the proposal included on BoardDocs and it will be added to the agenda for the study session on October 12, 2021 with intent for Board approval.

At 6:15 p.m., it was decided to take a break and continue the study session after the general session. The general session started at 6:35 p.m.

IV. **Information Items**

A. **Superintendent's Report**

Superintendent Godfrey thanked elementary teachers who are doing a great job with new literacy initiatives. He said District specialists and Administrators of Schools are supporting teachers by meeting with kindergarten through third grade teams in school PLC meetings.

V. **Discussion Items**

A. **Committee Reports and Comments by Board Members**

Tracy Miller attended Ag Day at JATC South and said it was a great day. She also attended the Hidden Valley Middle School "Salute to Patriot Day," and toured the new virtual schools located at Hidden Valley.

Marilyn Richards reported on the Finance and Audit Committee which met to discuss a proposed Riverton City CRA. The committee will come back to the next Board study session with a recommendation for discussion.

Jen Atwood attended the District retirement dinner which she said was a great event. She also attended the West Jordan High School football game and reported that the new restrooms, ticket booth and storage area are now open. Ms. Atwood reported that the committee assigned to look at the District Controversial Issues Policy is still working hard on that policy and members have heard parent concerns.

Niki George reported on the new committee looking into the possibility of authorizing future charter schools through the District. The committee drafted parameters that would warrant consideration, should a charter school seek authorization from Jordan District. These include: if a charter school offers a certain specialty the District does not offer; it is a mutually beneficial situation; and consideration has been given to the financial stability, educational standards, location of the charter school and how employee workload would be increased. Should a charter school request consideration from the District, the committee would evaluate the proposal based on these parameters and bring a recommendation to the Board.

Darrell Robinson requested Administration look into ways: 1) the Board could recognize more students and their achievements in Board meetings, 2) communication could be sent more regularly from the Board to employees, and 3) Board members can consistently be informed about significant events happening in their districts. Mr. Robinson will email this proposal to Board members for review.

At 8:43 p.m., President Miller declared the meeting adjourned and announced that the Board would return to study session at 9:00 p.m.

SUBJECT: STUDENT CONDUCT, DRESS, AND APPEARANCE

I. Board Directive

Jordan District schools are to provide a safe, positive, inclusive and healthy in-person or virtual educational environment where academic learning, personal development, and accomplishment can flourish. Part of the educational process is learning self-discipline and appropriate behavior. Therefore, it is the philosophy of the Jordan School District Board of Education to enforce all Utah laws related to conduct on school premises and school buses and to see that students are taught to preserve public property including all school facilities and equipment.

The Board also recognizes that dress and appearance seriously affect the behavior of students attending school or school sponsored activities and may also impact health, sanitation and safety conditions. Because experience has demonstrated that the learning atmosphere is improved when students both look and act appropriately, the Board hereby authorizes establishment of standards of student conduct, dress, and appearance. The Board delegates to the Administration responsibility to see that each school adheres to the conduct, dress, and appearance standards established in the provisions of this policy in a consistent manner. Further, all District and school staff members shall have a share of responsibility in seeing that these standards are implemented and enforced in classrooms, in school buildings, on school grounds, on school buses, at school activities, and other occasions as appropriate. With the approval of district administration and the School Community Council, schools may make minor changes and/or adaptations to the dress and appearance standards in order to address local needs. Schools should seek input from various stakeholder groups.

II. Administrative Policy

The Administration shall implement Board philosophy according to the following administrative policy provisions:

A. Definitions

1. "Conduct" means the act, manner, or process in which a person behaves on a particular occasion or in a particular context.
2. "Disruption" means any action, disturbance, problem, or reaction which materially or substantially interrupts an event, activity or process, or causes school personnel to lose the attention of the students, to modify or cease any instruction or school activity, or to deal with student confrontations or complaints.
3. "School" means any building, property, space, learning environment, sponsored activity or place (in-person or virtual/online) under the direct or indirect control or influence of the District.
4. "School sponsored activity" means (but not limited to) field trips, tours, performances, ceremonies, competitions, assemblies, events, clubs, camps, classes, games, dances, or travel that is produced, financed, arranged, supervised, or coordinated by school or district personnel.
5. "School personnel" means the same as defined in DP300-Personnel Philosophy including authorized individuals engaged in a school sponsored activity or purpose by the school or district.
6. "School administration" means the school principal, assistant principal, or designee responsible for the daily functioning and overall operation of a school.
