**OFFICIAL NOTICE OF BOND SALE
(Bond Sale to Be Conducted Electronically)**

§ _____*
**GENERAL OBLIGATION SCHOOL BUILDING BONDS
(UTAH SCHOOL BOND GUARANTY PROGRAM), SERIES 201_**
OF THE
BOARD OF EDUCATION OF JORDAN SCHOOL DISTRICT, UTAH

Bids will be received electronically (as described under “PROCEDURES REGARDING ELECTRONIC BIDDING” below) by the Business Administrator of the Board of Education (the “*Board*”) of Jordan School District, Utah (the “*District*”), via the PARITY® electronic bid submission system (“*PARITY*®”), at [9:30:00] a.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_, for the purchase (all or none) of \$_____ * aggregate principal amount of the Board’s General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 201_ (the “*201_ Bonds*”). Pursuant to a resolution of the Board adopted on September 12, 2017 the Board has authorized the Business Administrator (or, in the event of his absence or incapacity, the Superintendent of the Board, or in the event of her absence or incapacity, the President of the Board), as the designated officer of the Board (the “*Designated Officer*”), to review and consider the bids on _____, _____, 201_.

DESCRIPTION OF 201_ BONDS: The 201_ Bonds will be dated as of the date of issuance and delivery¹ thereof, will be issuable only as fully-registered bonds in book-entry form, will be issued in denominations of \$5,000 or any whole multiple thereof, not exceeding the amount of each maturity, and will mature on June 15 of each of the years and in the principal amounts as follows:

YEAR	PRINCIPAL AMOUNT*	YEAR	PRINCIPAL AMOUNT*
	\$		\$

TERM BONDS AND MANDATORY SINKING FUND REDEMPTION AT BIDDER’S OPTION: The 201_ Bonds scheduled to mature on two or more of the maturity dates may be rescheduled, at bidder’s option, to mature as term bonds on one or more dates within that period, in which event such 201_ Bonds will mature and be subject to mandatory sinking fund redemption in such amounts and on such dates as will correspond to the above-designated maturity dates and principal amounts maturing on those dates.

ADJUSTMENT OF PRINCIPAL AMOUNT OF THE 201_ BONDS: The Board may adjust the aggregate principal amount of the 201_ Bonds maturing in any year as described in this paragraph. The adjustment

¹ The anticipated date of delivery of the 201_ Bonds is _____, _____, 201_.
* Preliminary; subject to change. See caption “ADJUSTMENT OF PRINCIPAL AMOUNT OF THE 201_ BONDS” in this Official Notice of Bond Sale.

of maturities may be made in such amounts as are necessary to properly size the issue so that proceeds available to the Board will be approximately \$ _____. Any such adjustment will be in an amount of \$5,000 or a whole multiple thereof. The dollar amount of the price bid by the successful bidder may be changed as described below, but the interest rates specified by the successful bidder for all maturities will not change. A successful bidder may not withdraw its bid as a result of any changes made within these limits, and the Board will consider the bid as having been made for the adjusted amount of the 201_ Bonds. The dollar amount of the price bid will be changed so that the percentage net compensation to the successful bidder (i.e., the percentage resulting from dividing (a) the aggregate difference between the offering price of the 201_ Bonds to the public and the price to be paid to the Board, by (b) the principal amount of the 201_ Bonds) does not increase or decrease from what it would have been if no adjustment was made to the principal amounts shown above. The Designated Officer expects to advise the successful bidder as soon as possible, but expects no later than 2:00 p.m., Mountain [Standard][Daylight] Time, on the date of sale, of the amount, if any, by which the aggregate principal amount of the 201_ Bonds will be adjusted and the corresponding changes to the principal amount of 201_ Bonds maturing on one or more of the above-designated maturity dates for the 201_ Bonds.

To facilitate any adjustment in the principal amounts, the successful bidder is required to indicate by facsimile transmission to Zions Public Finance, Inc., the Municipal Advisor (the "*Municipal Advisor*") to the Board, at fax number 801.844.4484 within one-half hour of the time the Municipal Advisor notifies the successful bidder that such bidder's bid appears to be the best bid received (as described under the caption "NOTIFICATION" below), the amount of any original issue discount or premium on each maturity of the 201_ Bonds and the amount received from the sale of the 201_ Bonds to the public that will be retained by the successful bidder as its compensation.

RATINGS: The Board will, at its own expense, pay fees of Fitch Ratings and Moody's Investors Service, Inc. for rating the 201_ Bonds. *Any additional ratings shall be at the option and expense of the bidder.*

PURCHASE PRICE: The purchase price bid for the 201_ Bonds shall not be less than the principal amount of the 201_ Bonds (\$ _____).

INTEREST RATES: Bidders must specify the rate of interest with respect to each maturity of 201_ Bonds. Bidders will be permitted to bid different rates of interest for each separate maturity of 201_ Bonds, but:

- (a) the highest interest rate bid for any of the 201_ Bonds shall not exceed _____ percent (____%) per annum;
- (b) each interest rate specified in any bid must be in a multiple of one-eighth or one-twentieth of one percent ($1/8^{\text{th}}$ or $1/20^{\text{th}}$ of 1%) per annum;
- (c) no 201_ Bond shall bear more than one rate of interest;
- (d) interest shall be computed from the dated date of a 201_ Bond to its stated maturity date at the single interest rate specified in the bid for the 201_ Bonds of such maturity;
- (e) the same interest rate shall apply to all 201_ Bonds maturing at one time;
- (f) the purchase price must be paid in immediately available funds and no bid will be accepted that contemplates the cancellation of any interest or the waiver of interest or other concession by the bidder as a substitute for immediately available funds;

- (g) any premium must be paid in the funds specified for the payment of the 201_ Bonds as part of the purchase price;
- (h) there shall be no supplemental interest coupons;
- (i) a zero percent (0%) interest rate may not be used; and
- (j) interest shall be computed on the basis of a 360-day year of twelve 30-day months.

Interest will be payable semiannually on June 15 and December 15 of each year, commencing _____ 15, 201_.

BOND REGISTRAR AND PAYING AGENT; PLACE OF PAYMENT: ZB, National Association, dba Zions Bank, Salt Lake City, Utah, will be the paying agent and bond registrar for the 201_ Bonds. The Board may remove any paying agent and any bond registrar, and any successor thereto, and appoint a successor or successors thereto. So long as the 201_ Bonds are outstanding in book-entry form, the principal of and interest on the 201_ Bonds will be paid under the standard procedures of The Depository Trust Company (“DTC”).

OPTIONAL REDEMPTION: The 201_ Bonds maturing on or after June 15, 202_, are subject to redemption prior to maturity in whole or in part at the option of the Board on _____ 15, 202_, or on any date thereafter, from such maturities or parts thereof as may be selected by the Board, and at random within each maturity if less than the full amount of any maturity is to be redeemed, upon not less than thirty (30) nor more than forty-five (45) days’ prior written notice, at a redemption price of one hundred percent (100%) of the principal amount of the 201_ Bonds to be redeemed, plus accrued interest thereon to the redemption date.

SECURITY; STATE OF UTAH GUARANTY: The 201_ Bonds will be full general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied without limitation as to rate or amount on all of the taxable property in the District, fully sufficient to pay the same as to both principal and interest.

Pursuant to the Utah School Bond Guaranty Act, Title 53A, Chapter 28 of the Utah Code Annotated 1953, as amended, the full faith and credit and unlimited taxing power of the State of Utah will, upon original issuance of the 201_ Bonds, be pledged to guarantee full and timely payment of the principal of (at stated maturity) and interest on the 201_ Bonds as such payments become due.

AWARD: Award or rejection of bids will be made by the Board, acting through its Designated Officer, on _____, _____, 201_. The 201_ Bonds will be awarded to the responsible bidder offering to pay not less than the principal amount of the 201_ Bonds and specifying a rate or rates of interest that result in the lowest effective interest rate to the Board. The effective interest rate to the Board shall be the interest rate per annum determined on a per annum true interest cost (“TIC”) basis by discounting the scheduled semiannual debt service payments of the Board on the 201_ Bonds (based on such rate or rates of interest so bid) to the dated date of the 201_ Bonds (based on a 360-day year consisting of 12, 30-day months), compounded semiannually and to the bid price.

PROMPT AWARD: The Designated Officer will take action awarding the 201_ Bonds or rejecting all bids not later than [6:00] p.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_, unless such time of award is waived by the successful bidder.

NOTIFICATION: The Municipal Advisor, on behalf of the Board, will notify the apparent successful bidder (electronically via PARITY®) as soon as possible after the Designated Officer’s receipt of bids, that such bidder’s bid appears to be the best bid received which conforms to the requirements of

this Official Notice of Bond Sale, subject to verification by the Designated Officer not later than [6:00] p.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_.

PROCEDURES REGARDING ELECTRONIC BIDDING: A prospective bidder must communicate its bid for the 201_ Bonds electronically via PARITY® on or before [9:30:00] a.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_. No bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in PARITY® conflict with this Official Notice of Bond Sale, the terms of this Official Notice of Bond Sale shall control. For further information about PARITY®, potential bidders may contact the Municipal Advisor at One S Main St, 18th Fl, Salt Lake City, UT 84133, 801.844.7373 or i-Deal LLC at 1359 Broadway, 2nd Fl, New York, NY 10018, 212.849.5021.

For purposes of PARITY®, the time as maintained by PARITY® shall constitute the official time.

Each prospective bidder shall be solely responsible to register to bid via PARITY® as described above. Each qualified prospective bidder shall be solely responsible to make necessary arrangements to access PARITY® for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Bond Sale. Neither the Board nor i-Deal LLC shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the Board nor i-Deal LLC shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by, PARITY®. The Board is using PARITY® as a communication mechanism, and not as the Board's agent, to conduct the electronic bidding for the 201_ Bonds.

FORM OF BID: Each bidder is required to transmit electronically via PARITY® an unconditional bid specifying the lowest rate or rates of interest and the purchase price, which shall not be less than the principal amount of the 201_ Bonds, at which the bidder will purchase the 201_ Bonds. Each bid must be for all the 201_ Bonds herein offered for sale.

For information purposes only, bidders are requested to state in their bids the effective interest rate for the 201_ Bonds represented on a TIC basis, as described under "AWARD" above, represented by the rate or rates of interest and the bid price specified in their respective bids.

No bids will be accepted in written form, by facsimile transmission or in any other medium or on any system other than by means of PARITY®; *provided, however*, that in the event a prospective bidder cannot access PARITY® through no fault of its own, it may so notify the Municipal Advisor by telephone at 801.844.7373. Thereafter, it may submit its bid by telephone to the Municipal Advisor at 801.844.7373, who shall transcribe such bid into written form, or by facsimile transmission to the Municipal Advisor at 801.844.4484, in either case before [9:30:00] a.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_. For purposes of bids submitted telephonically to the Municipal Advisor (as described above) or by facsimile transmission (as described above), the time as maintained by PARITY® shall constitute the official time. Each bid submitted as provided in this paragraph must specify: (a) an offer to purchase not less than all of the 201_ Bonds; and (b) the lowest rate of interest at which the bidder will purchase the 201_ Bonds at a price of not less than the principal amount of the 201_ Bonds, as described under "AWARD" above. The Municipal Advisor will seal transcribed telephonic bids and facsimile transmission bids for submission to an official of the Board. Neither the Board nor the Municipal Advisor assume any responsibility or liability from the failure of any such transcribed telephonic bid or facsimile transmission (whether such failure arises from equipment failure, unavailability of telephone lines or otherwise). No bid will be received after the time for receiving such bids specified above.

If requested by the Business Administrator, the apparent successful bidder will provide written confirmation of its bid (by facsimile transmission) to the Business Administrator prior to 2:00 p.m., Mountain [Standard][Daylight] Time, on _____, _____, 201_.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at its option, to cancel its obligation to purchase the 201_ Bonds if the Board shall fail to execute the 201_ Bonds and tender the same for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying its bid.

GOOD FAITH DEPOSIT: A good faith deposit in the amount of \$_____ (the “*Deposit*”), is required only from the successful bidder. The Deposit shall be payable to the order of the Board in the form of a wire transfer in federal funds as instructed by the Municipal Advisor no later than 12:00 p.m., Mountain [Standard][Daylight] Time, on the date of sale. As an alternative to wiring funds, a bidder may deliver a cashier’s or certified check, payable to the order of the Board, with its bid. If a check is used, it must precede each bid. Such check shall be promptly returned to its respective bidder whose bid is not accepted.

The Board shall, as security for the faithful performance by the successful bidder of its obligation to take up and pay for the 201_ Bonds when tendered, cash the Deposit check, if applicable, of the successful bidder and hold the proceeds of the Deposit of the successful bidder or invest the same (at the Board’s risk) in obligations that mature at or before the delivery of the 201_ Bonds as described under the caption “MANNER AND TIME OF DELIVERY” below, until disposed of as follows: (a) at such delivery of the 201_ Bonds and upon compliance with the successful bidder’s obligation to take up and pay for the 201_ Bonds, the full amount of the Deposit held by the Board, without adjustment for interest, shall be applied toward the purchase price of the 201_ Bonds at that time, and the full amount of any interest earnings thereon shall be retained by the Board; and (b) if the successful bidder fails to take up and pay for the 201_ Bonds when tendered, the full amount of the Deposit plus any interest earnings thereon will be forfeited to the Board as liquidated damages.

SALE RESERVATIONS: The Board, acting through its Designated Officer, reserves the right: (a) to waive any irregularity or informality in any bid or in the electronic bidding process; (b) to reject any and all bids for the 201_ Bonds; and (c) to resell the 201_ Bonds as provided by law.

MANNER AND TIME OF DELIVERY: The successful bidder will be given at least seven business days’ advance notice of the proposed date of the delivery of the 201_ Bonds when that date has been determined. It is now estimated that the 201_ Bonds will be delivered in book–entry form on or about _____, _____, 201_. The 201_ Bonds will be delivered as a single bond certificate for each maturity of the 201_ Bonds, registered in the name of DTC or its nominee. Delivery of the 201_ Bonds will be made in Salt Lake City, Utah, except that the successful bidder may at its option and expense designate some other place of delivery, that expense to include travel expenses of two Board officials or two representatives of the Board and closing expenses. The successful bidder must also agree to pay for the 201_ Bonds in federal funds that will be immediately available to the Board in West Jordan, Utah, on the day of delivery.

CUSIP NUMBERS: It is anticipated that CUSIP identification numbers will be printed on the 201_ Bonds, but neither the failure to print such numbers on any 201_ Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and pay for the 201_ Bonds in accordance with terms of the contract of sale. All expenses in relation to the providing of CUSIP numbers for the 201_ Bonds shall be paid for by the Board.

TAX-EXEMPT STATUS: In the opinion of Chapman and Cutler LLP, Bond Counsel, subject to the Board's compliance with certain covenants, under present law, interest on the 201_ Bonds is excludable from the gross income of the owners thereof for federal income tax purposes and is not included as an item of tax preference in computing the federal alternative minimum tax for individuals and corporations under the Internal Revenue Code of 1986, as amended (the "*Code*"), but is taken into account, in computing an adjustment used in determining the federal alternative minimum tax for certain corporations. Failure to comply with certain of such Board covenants could cause interest on the 201_ Bonds to be includable in gross income for federal income tax purposes retroactively to the date of issuance of the 201_ Bonds. Ownership of the 201_ Bonds may result in other federal tax consequences to certain taxpayers, and Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the 201_ Bonds.

It is further the opinion of Bond Counsel that under the existing laws of the State of Utah, as presently enacted and construed, interest on the 201_ Bonds is exempt from taxes imposed by the Utah Individual Income Tax Act. Bond Counsel expresses no opinion with respect to any other taxes imposed by the State of Utah or any political subdivision thereof. Ownership of the 201_ Bonds may result in other state and local tax consequences to certain taxpayers; Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the 201_ Bonds. Prospective purchasers of the 201_ Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

ISSUE PRICE: The winning bidder shall assist the Board in establishing the issue price of the 201_ Bonds and shall execute and deliver to the Board at Closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the 201_ Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as *Annex 1* with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the Board and Bond Counsel. All actions to be taken by the Board under this Official Notice of Bond Sale to establish the issue price of the 201_ Bonds may be taken on behalf of the Board by the Municipal Advisor and any notice or report to be provided to the Board may be provided to the Municipal Advisor.

The Board intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the 201_ Bonds) will apply to the initial sale of the 201_ Bonds (the "*competitive sale requirements*") because:

- (a) the Board shall disseminate this Official Notice of Bond Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (b) all bidders shall have an equal opportunity to bid;
- (c) the Board may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (d) the Board anticipates awarding the sale of the 201_ Bonds to the bidder who submits a firm offer to purchase the 201_ Bonds at the highest price (or lowest interest cost), as set forth in this Official Notice of Bond Sale.

Any bid submitted pursuant to this Official Notice of Bond Sale shall be considered a firm offer for the purchase of the 201_ Bonds, as specified in the bid.

In the event that the competitive sale requirements are not satisfied, the Board shall so advise the winning bidder. The Board shall then treat the first price at which 10% of a maturity of the 201_ Bonds (the “10% test”) is sold to the public as the issue price of that maturity, applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The winning bidder shall advise the Board if any maturity of the 201_ Bonds satisfies the 10% test as of the date and time of the award of the 201_ Bonds. The Board will *not* require bidders to comply with the “hold-the-offering-price rule” and therefore does not intend to use the initial offering price to the public as of the sale date of any maturity of the 201_ Bonds as the issue price of that maturity. Bids will *not* be subject to cancellation in the event that the competitive sale requirements are not satisfied. *Bidders should prepare their bids on the assumption that all of the maturities of the 201_ Bonds will be subject to the 10% test in order to establish the issue price of the 201_ Bonds.*

In the event the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the 201_ Bonds, the winning bidder agrees to promptly report to the Board the prices at which the unsold 201_ Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the 201_ Bonds of that maturity or until all 201_ Bonds of that maturity have been sold to the public.

By submitting a bid, each bidder confirms that: (a) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the 201_ Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to report the prices at which it sells to the public the unsold 201_ Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% test has been satisfied as to the 201_ Bonds of that maturity or all 201_ Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (b) any agreement among underwriters relating to the initial sale of the 201_ Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the 201_ Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to report the prices at which it sells to the public the unsold 201_ Bonds of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% test has been satisfied as to the 201_ Bonds of that maturity or all 201_ Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires.

Sales of any 201_ Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Official Notice of Bond Sale. Further, for purposes of this Official Notice of Bond Sale:

- (a) “public” means any person other than an underwriter or a related party,
- (b) “underwriter” means (i) any person that agrees pursuant to a written contract with the Board (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the 201_ Bonds to the public and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) to participate in the initial sale of the 201_ Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the 201_ Bonds to the public),

(c) a purchaser of any of the 201_ Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) “sale date” means the date that the 201_ Bonds are awarded by the Board to the winning bidder.

This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports.

If any part of the Annual Financial Information can no longer be generated because the operations to which it is related have been materially changed or discontinued, the Issuer will disseminate a statement to such effect as part of its Annual Financial Information for the year in which such event first occurs.

(ii) this Agreement, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(b) the amendment or waiver does not materially impair the interests of the beneficial owners of the Bonds, as determined either by parties unaffiliated with the Issuer or any other obligated person (such as Bond Counsel).

In the event that the Commission or the MSRB or other regulatory authority shall approve or require Annual Financial Information Disclosure or Reportable Events Disclosure to be made to a central post office, governmental agency or similar entity other than EMMA or in lieu of EMMA, the Issuer shall, if required, make such dissemination to such central post office, governmental agency or similar entity without the necessity of amending this Agreement.

Section 8. TERMINATION OF UNDERTAKING. The Undertaking of the Issuer shall be terminated hereunder if the Issuer shall no longer have any legal liability for any obligation on or relating to repayment of the Bonds under the Resolution. The Issuer shall give notice to EMMA in a timely manner if this Section is applicable.

Section 9. DISSEMINATION AGENT. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

Section 10. ADDITIONAL INFORMATION. If the Issuer chooses to include any information from any document or notice of occurrence of a Reportable Event in addition to that which is specifically required by this Agreement, the Issuer shall have no obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Reportable Event. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made and the Bond Registrar shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received. Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, whether or not the owner receives such notice. (d) In addition to the foregoing notice under subsection (c) above, further notice of such redemption shall be given by the Bond Registrar as set out below, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner affect the validity of a call for redemption if notice thereof is given as prescribed above.

(f) Upon the payment of the redemption price of Bonds being redeemed, each check or other transfer of funds issued for such purpose shall bear the CUSIP number or numbers identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

(g) The Bond Registrar shall also give any notice of the “defeasance” or redemption of the Bonds that may be required by the Continuing Disclosure Undertaking provided that the Issuer shall provide to the Bond Registrar any documents or other information that the Bond Registrar requests to provide such notice.

ARTICLE IV

BOOK-ENTRY SYSTEM; LIMITED OBLIGATION OF ISSUER; LETTER OF REPRESENTATIONS

Section 401. Book-Entry System; Limited Obligation of Issuer. (a) The Bonds shall be initially issued in the form of a separate, single, certificated, fully-registered Bond for each of the maturities set forth in the Certificate of Determination. Upon initial issuance, the ownership of

each such Bond shall be registered in the registration books kept by the Bond Registrar in the name of Cede, as nominee of DTC. Except as provided in Section 403 hereof, all of the outstanding Bonds shall be registered in the registration books kept by the Bond Registrar in the name of Cede, as nominee of DTC.

(b) With respect to Bonds registered in the registration books kept by the Bond Registrar in the name of Cede, as nominee of DTC, the Issuer, the Bond Registrar and the Paying Agent shall have no responsibility or obligation to any such Participant or to any Person on behalf of which such a Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the Issuer, the Bond Registrar and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede or any Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any Participant or any other Person, other than a Bondowner, as shown in the registration books kept by the Bond Registrar, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any Participant or any other Person, other than a Bondowner, as shown in the registration books kept by the Bond Registrar, of any amount with respect to the principal of or premium, if any, or interest on the Bonds. The Issuer, the Bond Registrar and the Paying Agent may treat and consider the Person in whose name each Bond is registered in the registration books kept by the Bond Registrar as the holder and absolute owner of such Bond for the purpose of payment of principal, premium and interest with respect to such Bond and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, for the purpose of giving notices of redemption and for all other purposes whatsoever. The Paying Agent shall pay all principal of and premium, if any, and interest on the Bonds only to the respective Bondowners, as shown in the registration books kept by the Bond Registrar, or their respective attorneys duly authorized in writing, as provided in Section 206 hereof, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to payment of principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than a Bondowner, as shown in the registration books kept by the Bond Registrar, shall receive a certificated Bond evidencing the obligation of the Issuer to make payments of principal, premium, if any, and interest pursuant to the Bond Resolution.

(c) Upon delivery by DTC to the Issuer of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede, and subject to the provisions herein with respect to Record Dates, the word "*Cede*" in this Bond Resolution shall refer to such new nominee of DTC; and upon receipt of such a notice the Issuer shall promptly deliver a copy of the same to the Bond Registrar and the Paying Agent.

Section 402. Letter of Representations. The Issuer's prior execution and delivery of the Letter of Representations shall not in any way limit the provisions of Section 401 hereof or in any other way impose upon the Issuer any obligation whatsoever with respect to Persons having interests in the Bonds other than the Bondowners, as shown on the registration books kept by the Bond Registrar. In the written acceptance of each Paying Agent and Bond Registrar referred to in Section 206 hereof, such Paying Agent and Bond Registrar, respectively, shall agree to take all action necessary for all of DTC's operational arrangements pertaining to the Paying Agent and Bond Registrar, respectively, to at all times be complied with.

Section 403. Transfers Outside Book-Entry System. At the option of the Issuer or upon receipt by the Issuer of written notice from DTC that DTC is unable or unwilling to discharge its responsibilities, and no substitute depository willing to undertake the functions of DTC hereunder can be found that is willing and able to undertake such functions upon reasonable and customary terms, the Bonds shall no longer be restricted to being registered in the registration books kept by the Bond Registrar in the name of Cede, as nominee of DTC, but may be registered in whatever name or names Bondowners transferring or exchanging Bonds shall designate, in accordance with the provisions of Article III hereof.

Section 404. Payments to Cede. Notwithstanding any other provision of this Bond Resolution to the contrary, so long as any Bond is registered in the name of Cede, as nominee of DTC, all payments with respect to principal of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in the Letter of Representations.

ARTICLE V

COVENANTS AND UNDERTAKINGS

Section 501. Covenants of Issuer. All covenants, statements, representations and agreements contained in the Bonds and all recitals and representations in the Bond Resolution are hereby considered and understood, and it is hereby confirmed that all such covenants, statements, representations and agreements are the covenants, statements, representations and agreements of the Issuer.

Section 502. Levy of Taxes; Bond Account. The Issuer covenants and agrees that to pay the interest falling due on the Bonds as the same becomes due, and also to provide a sinking fund for the payment of the principal of the Bonds at maturity, there shall be levied on all taxable property in the District in addition to all other taxes, a direct annual tax sufficient to pay the interest on the Bonds and to pay and retire the same. These taxes when collected shall be applied solely for the purpose of the payment of the interest on and principal of the Bonds, respectively, and for no other purpose whatsoever until the indebtedness so contracted under the Bond Resolution, principal and interest, shall have been fully paid, satisfied and discharged, but nothing herein contained shall be so construed as to prevent the Issuer from applying any other funds that may be in the Issuer's treasury and available for that purpose to the payment of such interest and principal as the same respectively become due and mature. The levy or levies herein provided for may thereupon be diminished to that extent. The sums herein provided for to meet the interest on the Bonds and to discharge the principal thereof when due are hereby appropriated for that purpose, and the required amount for each year shall be included by the Issuer in its annual budget and its statement and estimate as certified to the Board of County Commissioners of Salt Lake County, Utah, in each year. Principal or interest falling due at any time when there shall not be available from the proceeds of the levies described in this Section money sufficient for the payment thereof shall, to the extent of such deficiency, be paid from other funds of the Issuer available for such purpose, and such other funds shall be reimbursed when the proceeds of such levies become available.

The taxes or other funds that are referenced in the foregoing paragraph and that are to be used to pay the principal of or interest on the Bonds shall be deposited into the Bond Account. On or prior to the date preceding each principal or interest payment date for the Bonds on which monies are required by the Bond Guaranty Act to be on deposit with the Paying Agent sufficient for the payment of the principal of and interest on the Bonds, but in any event not later than the business day next preceding each such payment date, the Issuer shall transfer from the Bond Account to the Paying Agent for deposit into the Depository Account an amount sufficient to pay principal of and interest on the Bonds on such payment date. Moneys remaining on deposit in the Bond Account immediately after each such payment date, including any investment earnings thereon earned during the period of such deposit, shall be immediately withdrawn from the Bond Account by the Issuer and commingled with the general funds of the Issuer. Moneys remaining on deposit in the Depository Account immediately after each such payment date, including any investment earnings thereon earned during the period of such deposit, shall be immediately withdrawn from the Depository Account by the Paying Agent and paid to the Issuer and commingled with the general funds of the Issuer. The Bond Account and the Depository Account have been established primarily to achieve a proper matching of revenues and debt service on the Bonds. The Bond Account and the Depository Account shall be depleted at least once each year by the Issuer, except for a reasonable carryover amount not to exceed the greater of one year's earnings on the Bond Account or one-twelfth of the annual debt service on the Bonds.

Section 503. Arbitrage Covenant and Covenant to Maintain Tax-Exemption. (a) The President, the Business Administrator and other appropriate officials of the Issuer are hereby authorized and directed to execute such Tax Certificates as shall be necessary to establish that (i) the Bonds are not "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations, (ii) the Bonds are not and will not become "private activity bonds" within the meaning of Section 141 of the Code, (iii) all applicable requirements of Section 149 of the Code are and will be met, (iv) the covenants of the Issuer contained in this Section will be complied with and (v) interest on the Bonds is not and will not become includible in gross income of the owners thereof for federal income tax purposes under the Code and applicable Regulations.

(b) The Issuer covenants and certifies to and for the benefit of the owners from time to time of the Bonds that:

(i) it will at all times comply with the provisions of any Tax Certificates;

(ii) it will at all times comply with the rebate requirements contained in Section 148(f) of the Code and the Regulations, including, without limitation, the entering into any necessary rebate calculation agreement to provide for the calculations of amounts required to be rebated to the United States, the keeping of records necessary to enable such calculations to be made, the creation of any rebate fund to provide for the payment of any required rebate and the timely payment to the United States of all amounts, including any applicable penalties and interest, required to be rebated, except to the extent that the Bonds are not subject to such arbitrage rebate requirements;

(iii) no use will be made of the proceeds of the issue and sale of the Bonds, or any funds or accounts of the Issuer that may be deemed to be proceeds of the Bonds,

pursuant to Section 148 of the Code and applicable Regulations, which use, if it had been reasonably expected on the date of issuance of the Bonds, would have caused the Bonds to be classified as “arbitrage bonds” within the meaning of Section 148 of the Code;

(iv) it will not use or permit the use of any of its facilities or properties in such manner that such use would cause the Bonds to be “private activity bonds” described in Section 141 of the Code;

(v) no bonds or other evidences of indebtedness of the Issuer (other than the Bonds) have been or will be issued, sold or delivered within a period beginning fifteen (15) days prior to the sale of the Bonds and ending fifteen (15) days following the delivery of the Bonds, other than the Bonds;

(vi) it will not take any action that would cause interest on the Bonds to be or to become ineligible for the exclusion from gross income of the owners of the Bonds as provided in Section 103 of the Code, nor will it omit to take or cause to be taken in timely manner any action, which omission would cause interest on the Bonds to be or to become ineligible for the exclusion from gross income of the owners of the Bonds as provided in Section 103 of the Code;

(vii) it recognizes that Section 149(a) of the Code requires the Bonds to be issued and to remain in fully registered form in order that interest thereon is excludable from gross income of the owners thereof for federal income tax purposes under laws in force at the time the Bonds are initially delivered and the Issuer agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form without an opinion of Bond Counsel to the effect that such action will not adversely affect the excludability of interest on the Bonds from the gross income of the owners thereof for federal income tax purposes; and

(viii) it acknowledges that, in the event of an examination by the Internal Revenue Service of the exemption from Federal income taxation for interest paid on the Bonds, under present rules, the Issuer may be treated as a “taxpayer” in such examination and agrees that it will respond in a commercially reasonable manner to any inquiries from the Internal Revenue Service in connection with such an examination.

Pursuant to these covenants, the Issuer obligates itself to comply throughout the term of the issue of the Bonds with the requirements of Section 103 of the Code and the Regulations proposed or promulgated thereunder.

Section 504. Bond Guaranty Act. (a) The Issuer hereby finds and determines that it is in the best interest of the District for the Bonds to benefit from the guaranty provided by the State of Utah pursuant to the Bond Guaranty Act. Pursuant to the Bond Guaranty Act and subject to having a Certificate of Eligibility from the State of Utah in force at the time of the issuance of the Bonds, the guaranty of the State of Utah is pledged for the benefit of the Bonds pursuant to the Bond Guaranty Act. The Issuer hereby authorizes, empowers and directs the President, the Business Administrator and the employees, officers and agents of the District to do or perform all such acts

and to execute all such certificates, documents and other instruments as may be necessary or advisable in connection with the guaranty of the State of Utah for the benefit of the Bonds pursuant to the Bond Guaranty Act. All proceedings and actions of the Issuer, the President, the Business Administrator and the other officers of the District heretofore taken in connection therewith are ratified, confirmed and approved.

(b) The Business Administrator is hereby authorized and directed to take such actions as are required by the Bond Guaranty Act, including, without limitation, transferring monies sufficient for the scheduled payment of principal of or interest on the Bonds to the Paying Agent, for deposit into the Depository Account, at the times required under the Bond Guaranty Act and providing any notices with respect to the Bonds that the Business Administrator or the Issuer is required to provide under the Bond Guaranty Act.

(c) If sufficient funds have not been transferred to the Paying Agent, as required by the Bond Guaranty Act, the Paying Agent is hereby authorized and directed to take such actions as are required or authorized by the Bond Guaranty Act to obtain monies to provide for the payment of the principal of and interest on the Bonds when due, all in accordance with the provisions of the Bond Guaranty Act.

ZB, National Association dba Zions Bank, of Salt Lake City, Utah, is the initial bond registrar and paying agent of the Issuer with respect to the Bonds. This bond registrar and paying agent, together with any successor bond registrar or paying agent, are referred to herein, respectively, as the “*Bond Registrar*” and the “*Paying Agent*.”

To pay the interest falling due on the Bonds as the same becomes due, and also to provide a sinking fund for the payment of the principal of the Bonds at maturity, there shall be levied on all taxable property in the District in addition to all other taxes, a direct annual tax sufficient to pay the interest on the Bonds and to pay and retire the same.

No transfer of this Bond shall be effective until entered on the registration books kept by the Bond Registrar. The Issuer, the Bond Registrar and the Paying Agent may treat and consider the person in whose name this Bond is registered on the registration books kept by the Bond Registrar as the holder and absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes whatsoever, and neither the Issuer, the Bond Registrar nor the Paying Agent shall be affected by any notice to the contrary.

If notice of redemption shall have been given as aforesaid, the Bonds or portions thereof specified in that notice shall become due and payable at the applicable redemption price on the redemption date therein designated. default avoidance program established by the Bond Guaranty Act with respect to the Bonds until the Bonds, together with applicable interest, are fully paid and discharged. The Guaranty Act establishes the Utah School Bond Default Avoidance Program (the “Program” or the “Utah School Bond Guaranty Program”). The State’s guaranty is contained in Section 53A–28–201(2)(a) of the Guaranty Act, which provides as follows:

The full faith and credit and unlimited taxing power of the state is pledged to guarantee full and timely payment of the principal of (either at the stated maturity or by any advancement of maturity pursuant to a mandatory sinking fund payment) and interest on, bonds as such payments shall become due (except that in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments guaranteed shall be made in such amounts and at such times as such payments of principal would have been due had there not been any such acceleration).

In addition, the Guaranty Act provides that the State pledges to and agrees with the holders of bonds guaranteed under the Guaranty Act that the State will not alter, impair, or limit the rights vested by the Program with respect to said bonds until said bonds, together with applicable interest, are fully paid and discharged. However, this pledge does not preclude an alteration, impairment, or limitation if adequate provision is made by law for the protection of the holders of the bonds.

The Guaranty Act further provides that (i) the guaranty of the State does not extend to the payment of any redemption premium due on any bonds guaranteed under the Guaranty Act and (ii) bonds which are guaranteed by the State for which payment is provided by the deposit of direct obligations of the United States government under the provisions of the Refunding Bond Act, Title 11, Chapter 27, Utah Code, will no longer be secured by the State’s guaranty subsequent to such provision for payment. This is likely to occur only if such bonds are refunded in advance of their maturity. In such an event, such bonds would then be secured solely by the obligations pledged for their payment and not by the State’s guaranty.

Guaranty Procedures

Under the Guaranty Act, the Business Administrator of the Board (the “Business Administrator”) is required to transfer moneys sufficient for scheduled debt service payments on the 2017B Bonds to the Paying Agent at least 15 days before any principal or interest payment date for the 2017B Bonds. If the Business Administrator is unable to transfer the scheduled debt service payment to the Paying Agent at least 15 days before the payment date, the Business Administrator must immediately notify the Paying Agent and the Utah State Treasurer (the “State Treasurer”) by (i) telephone and (ii) a writing sent by (a) facsimile transmission and (b) first-class United States mail. In addition, if the Paying Agent has not received the scheduled debt service payment at least 15 days prior to the scheduled debt service payment date for the 2017B Bonds, then the Paying Agent must at least 10 days before the scheduled debt service payment notify the State Treasurer of that failure by (i) telephone and (ii) a writing sent by (a) facsimile transmission and (b) first-class United States mail. The Guaranty Act further provides that if sufficient moneys to pay the scheduled debt service payment have not been transferred to the Paying Agent, then the State Treasurer shall, on or before the scheduled payment date, transfer sufficient moneys to the Paying Agent to make the scheduled debt service payment. Payment by the State of a debt service payment on the 2017B Bonds discharges the obligation of the Board to the bondholders for that payment, to the extent of the State’s payment, and transfers the Board’s obligation for that payment to the State.

In the event the State is called upon to make payment of principal of or interest on the 2017B Bonds on behalf of the Board, the State will use cash on hand (or from other legally available moneys) to make the payment. Under the Guaranty Act, the State Treasurer is required to immediately intercept any pay-

ments from the Uniform School Fund or from any other source of operating moneys provided by the State to the Board. The intercepted payments will be used to reimburse the State until all obligations of the Board to the State, including interest and penalties, are paid in full. The State does not currently expect to have to advance moneys to the Board pursuant to its guaranty. If, however, at the time the State is required to make a debt service payment under its guaranty on behalf of the Board, sufficient moneys are not on hand and available for that purpose, then the Guaranty Act provides that the State may seek a short-term loan from the Permanent School Fund sufficient to make the required payment (the Permanent School Fund is not required to make such a loan) or issue short-term State debt in the form of general obligation notes as provided in the Guaranty Act. The provisions of the Guaranty Act relating to short-term debt provide that such debt will carry the full faith and credit of the State and will be issued with a maturity of not more than 18 months so that the State could, if necessary, obtain liquidity financing on short notice. Under the State Constitution, debt incurred for this purpose does not count toward the constitutional debt limit of the State.

As of the date of this OFFICIAL STATEMENT, the State has guaranteed the following (statistics include this issuer but not this bond issue) under the Guaranty Act:

Number of school districts (out of 41 school districts in the State)	40
Number of total bond issues	326

The approximate aggregate total annual principal and interest payments (interest payments include anticipated federal interest subsidies on “Build America Bonds” and “Qualified School Construction Bonds”) due on bonds guaranteed by the State under the Program during Fiscal Years 2018 through 2023, inclusive, is as follows (currently, the Program’s annual principal and interest payments extend to Fiscal Year 2037):

Fiscal Year 2018	\$356,117,180
Fiscal Year 2019	338,831,114
Fiscal Year 2020	319,283,786
Fiscal Year 2021	313,400,784
Fiscal Year 2022	283,870,923
Fiscal Year 2023	260,992,226

Purpose Of The Guaranty

The Guaranty Act is for the protection of the bondholders. Ultimate liability for the payment of the 2017B Bonds remains with the Board. Accordingly, the Guaranty Act contains provisions, including interception of State aid to the Board, possible action to compel levy of a tax sufficient to reimburse the State for any payments made to bondholders pursuant to its guaranty and various oversight provisions to assure that the Board, and not the State, will ultimately be responsible for debt service on the 2017B Bonds.

The Guaranty Act also charges the State Superintendent of Public Instruction with the responsibility to monitor and evaluate the fiscal solvency of each school board under the Program. He or she must immediately report to the Governor and the State Treasurer any circumstances suggesting that a school district will be unable to timely meet its debt service obligations and recommend a course of remedial action.

No Call On State Guaranty

Since the Guaranty Act's inception in January 1997, the State has not been called upon to pay the principal of and interest on any bonds guaranteed under the Guaranty Act.

State Of Utah—Financial And Operating Information

The CAFR of the State for Fiscal Year 2016 (the “State CAFR”), its most recent official statements and current continuing disclosure information for its general obligation (CUSIP® 917542) and lease revenue (CUSIP® 917547) bond debt are currently on file with EMMA (<http://www.emma.msrb.org/>). The financial and operating information with respect to the State contained in the State CAFR, such official statements and continuing disclosure information, and the Master Agreement are hereby included by reference in this OFFICIAL STATEMENT; provided, however, the Board has not reviewed or approved and taken the responsibility for such financial and operating information incorporated herein by reference.

As of the date of this OFFICIAL STATEMENT, the outstanding general obligation bonds of the State are rated “AAA” by Fitch Ratings (“Fitch”), “Aaa” by Moody’s Investors Service, Inc. (“Moody’s”), and “AAA” by S&P Global Ratings (“S&P”).

CONTINUING DISCLOSURE UNDERTAKING

Continuing Disclosure Undertaking For 2017B Bonds

The Board will enter into a Continuing Disclosure Undertaking (the “Disclosure Undertaking”) for the benefit of the Beneficial Owners of the 2017B Bonds to send certain information annually and to provide notice of certain events to the Municipal Securities Rulemaking Board (“MSRB”) through its Electronic Municipal Market Access system (“EMMA”) pursuant to the requirements of paragraph (b)(5) of Rule 15c2–12 (the “Rule”) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. The information to be provided on an annual basis, the events which will be noticed on an occurrence basis and other terms of the Disclosure Undertaking, including termination, amendment and remedies, are set forth in the proposed form of Disclosure Undertaking in “APPENDIX C—PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING.”

Based on prior disclosure undertakings the Board submits its comprehensive annual financial report for each Fiscal Year Ending June 30 (the “CAFR”) and other operating and financial information on or before January 16 (200 days from the end of the Fiscal Year). The Board will submit the Fiscal Year 2017B CAFR and other required operating and financial information for the 2017B Bonds on or before January 16, 2018, and annually thereafter on or before each January 16.

A failure by the Board to comply with the Disclosure Undertaking will not constitute a default under the Resolution and Beneficial Owners of the 2017B Bonds are limited to the remedies described in the Disclosure Undertaking. See “APPENDIX C—PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING.” A failure by the Board to comply with the Disclosure Undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the 2017B Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the 2017B Bonds and their market price.

The State has entered a Master Continuing Disclosure Agreement (the “Master Agreement”) for the benefit of the Beneficial Owners of the bonds, including the 2017B Bonds, guaranteed by the State pursuant to the Guaranty Act. See “STATE OF UTAH GUARANTY” below. In the Master Agreement, the State has undertaken to send certain information annually and to provide notice of certain events to MSRB through EMMA pursuant to the Rule, but solely as to its responsibilities under its guaranty. See

“STATE OF UTAH GUARANTY—State Of Utah—Financial And Operating Information” below. Based on prior disclosure undertakings the State submits its Fiscal Year Ending June 30 CAFR and other operating and financial information on or before January 15 (on or before 199 days from the end of the Fiscal Year). The State has agreed to submit the State’s Fiscal Year 2017 CAFR and other operating and financial information on or before January 15, 2018 (and annually thereafter on or before each January 15).

The Board is responsible for continuing disclosure under the Rule for all other matters relating to the 2017B Bonds.

Bond Counsel expresses no opinion as to whether the Disclosure Undertaking or the Master Agreement complies with the requirements of the Rule.

Notice Of Failure To Disclose Historical Operating Information

The Board has previously entered a continuing disclosure undertaking for the 2014 Bonds (dated and issued on April 29, 2014; base CUSIP® 480772) (the “2014 Disclosure Undertaking”).

On January 16, 2015 and January 16, 2016 (January 16 is the covenanted due date for annual continuing disclosure submission under the 2014 Disclosure Undertaking), the Board filed its audited comprehensive annual financial reports but failed to file its “annual operating and financial information” regarding Canyons School District pursuant to the 2014 Disclosure Undertaking.

The Board submitted the required annual operating and financial information regarding Canyons School District on December 13, 2016 (from January 16, 2015 (697 days late) and from January 16, 2016 (332 days late) and notified Municipal Securities Rulemaking Board by filing to EMMA of these failures to comply with its 2014 Disclosure Undertaking.

The Board has hired an independent third party for future continuing disclosure filings.

THE 2017B BONDS

General

The 2017B Bonds will be dated the date of their original issuance and delivery* (the “Dated Date”) and will mature on June 15 of the years and in the amounts as set forth on the inside cover page of this OFFICIAL STATEMENT. The 2017B Bonds will bear interest from their Dated Date at the rates set forth on the inside cover page of this OFFICIAL STATEMENT. Interest on the 2017B Bonds is payable semiannually on each June 15 and December 15, commencing [December 15, 2019]. Interest on the 2017B Bonds will be computed based on a 360–day year comprised of 12, 30–day months.

Zions Bank is the Bond Registrar (the initial “Bond Registrar”) and Paying Agent for the 2017B Bonds under the Resolution.

The 2017B Bonds will be issued as fully–registered bonds, initially in book–entry form, in the denomination of \$5,000 or any whole multiple thereof, not exceeding the amount of each maturity.

The 2017B Bonds are being issued within the constitutional debt limit imposed on boards of education of school districts in the State. See “DEBT STRUCTURE OF JORDAN SCHOOL DISTRICT, UTAH—General Obligation Legal Debt Limit And Additional Debt Incurring Capacity” below.

* The anticipated date of delivery is [Tuesday, November 7, 2017].

Redemption Provisions

Optional Redemption. The 2017B Bonds maturing on or after [June 15, 20__], are subject to redemption prior to maturity in whole or in part at the option of the Board on [June 15 or December 15, 20__], or on any date thereafter, from such maturities or parts thereof as may be selected by the Board, and at random within each maturity if less than the full amount of any maturity is to be redeemed, upon not less than 30 nor more than 45 days' prior written notice, at a redemption price of 100% of the principal amount of the 2017B Bonds to be redeemed, plus accrued interest thereon to the redemption date.

Selection for Redemption. If less than all 2017B Bonds of any maturity are to be redeemed, the 2017B Bonds or portion of 2017B Bonds of such maturity to be redeemed will be selected by lot by the Bond Registrar in such manner as the Bond Registrar in its discretion may deem fair and appropriate. The portion of any registered 2017B Bond of a denomination of more than \$5,000 to be redeemed will be in the principal amount of \$5,000 or a whole multiple thereof, and in selecting portions of such 2017B Bonds for redemption, the Bond Registrar will treat each such 2017B Bond as representing that number of 2017B Bonds of \$5,000 denomination that is obtained by dividing the principal amount of such 2017B Bond by \$5,000.

Notice of Redemption. Notice of redemption will be given by the Bond Registrar by registered or certified mail, not less than 30 nor more than 45 days prior to the redemption date, to the owner, as of the Record Date, as defined under the section "Registration And Transfer; Record Date" below, of each 2017B Bond that is subject to redemption, at the address of such owner as it appears on the registration books of the Board kept by the Bond Registrar, or at such other address as is furnished to the Bond Registrar in writing by such owner on or prior to the Record Date. Each notice of redemption will state the Record Date, the principal amount, the redemption date, the place of redemption, the redemption price and, if less than all of the 2017B Bonds are to be redeemed, the distinctive numbers of the 2017B Bonds or portions of 2017B Bonds to be redeemed, and will also state that the interest on the 2017B Bonds in such notice designated for redemption will cease to accrue from and after such redemption date and that on the redemption date there will become due and payable on each of the 2017B Bonds to be redeemed the principal thereof and interest accrued thereon to the redemption date.

Each notice of optional redemption may further state that such redemption will be conditioned upon the receipt by the Paying Agent, on or prior to the date fixed for redemption, of moneys sufficient to pay the principal of and premium, if any, and interest on such 2017B Bonds to be redeemed and that if such moneys have not been so received the notice will be of no force or effect and the Board will not be required to redeem such 2017B Bonds. If such notice of redemption contains such a condition and such moneys are not so received, the redemption will not be made and the Bond Registrar will within a reasonable time thereafter give notice, in the way the notice of redemption was given, that such moneys were not so received.

Any notice of redemption mailed as provided in the Resolution will be conclusively presumed to have been duly given, whether the Bondowner receives such notice. Failure to give such notice or any defect therein with respect to any 2017B Bond will not affect the validity of the proceedings for redemption with respect to any other 2017B Bond.

In addition to the foregoing notice, further notice of such redemption will be given by the Bond Registrar by posting to EMMA as provided in the Resolution.

For so long as a book-entry system is in effect with respect to the 2017B Bonds, the Bond Registrar will mail notices of redemption to DTC or its successor. Any failure of DTC to convey such notice to any Direct Participants or any failure of the Direct Participants or Indirect Participants to convey such notice to any Beneficial Owner will not affect the sufficiency of the notice or the validity of the redemption of 2017B Bonds. See "THE 2017B BONDS—Book-Entry System" below.

Mandatory Sinking Fund Redemption At Bidder's Option

The 2017B Bonds may be subject to mandatory sinking fund redemption at the option of the successful bidder(s). See "OFFICIAL NOTICE OF BOND SALE—Term Bonds and Mandatory Sinking Fund Redemption at Bidder's Option."

Registration And Transfer; Record Date

Registration and Transfer. In the event the book-entry system is discontinued, any 2017B Bond may, in accordance with its terms, be transferred, upon the registration books kept by the Bond Registrar, by the person in whose name it is registered, in person or by such owner's duly authorized attorney, upon surrender of such 2017B Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Bond Registrar. No transfer will be effective until entered on the registration books kept by the Bond Registrar. Whenever any 2017B Bond is surrendered for transfer, the Bond Registrar will authenticate and deliver a new fully-registered 2017B Bond or 2017B Bonds of the same series, designation, maturity and interest rate and of authorized denominations duly executed by the Board, for a like aggregate principal amount.

The 2017B Bonds may be exchanged at the office of the Bond Registrar for a like aggregate principal amount of fully-registered 2017B Bonds of the same series, designation, maturity and interest rate of other authorized denominations.

For every such exchange or transfer of the 2017B Bonds, the Bond Registrar must make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or transfer of the 2017B Bonds.

Record Date. The term "Record Date" means the day that is 15 days immediately preceding each interest payment date. The Bond Registrar will not be required to transfer or exchange any 2017B Bond (a) after the Record Date with respect to any interest payment date to and including such interest payment date, or (b) after the notice of redemption has been given by the Bond Registrar.

The Board, the Bond Registrar and the Paying Agent may treat and consider the person in whose name each 2017B Bond is registered in the registration books kept by the Bond Registrar as the holder and absolute owner thereof for receiving payment of, or on account of, the principal or redemption price thereof and interest due thereon and for all other purposes whatsoever.

Book-Entry System

DTC will act as securities depository for the 2017B Bonds. The 2017B Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2017B Bond certificate will be issued for each maturity of the 2017B Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. See "APPENDIX D—BOOK-ENTRY SYSTEM" for a more detailed discussion of the book-entry system and DTC.

In the event the book-entry system is discontinued, interest on the 2017B Bonds will be payable by check or draft of the Paying Agent, mailed to the registered owners thereof at the addresses shown on the registration books of the Board kept for that purpose by the Bond Registrar. The principal of all 2017B Bonds will be payable at the principal office of the Paying Agent.

JORDAN SCHOOL DISTRICT, UTAH

General

The District was established in 1905 and at that time included the southern portion of the County.

On July 1, 2009 the District was divided into two school districts. The cities of Buffdale, Herriman, Riverton, South Jordan, West Jordan; the Township of Copperton; and certain unincorporated areas in the southwestern portion of the County remained within the boundaries of the District. The town of Alta; the cities of Cottonwood Heights, Draper, Midvale, Sandy City; the Township of White City and certain unincorporated areas in the southeastern portion of the County became Canyons School District.

The District covers an area of approximately 182 square miles and based on the 2016 population estimate from the U.S. Census Bureau of incorporated cities within the District, population is estimated at 272,765 people. See “Population” below.

The Board’s main administration building is in West Jordan, Utah and the Board maintains a Web site at <http://www.jordandistrict.org>. *The information available at this Web site is provided by the Board as part of its business operation and has not been reviewed for accuracy or completeness. Such information is not a part of this OFFICIAL STATEMENT.*

The District presently operates 59 schools/buildings (consisting of 34 elementary schools, 10 middle schools, eight high schools. three special purpose schools and four other buildings). For a 10–year history of District facilities regarding square footage, capacity of students (if applicable), enrollment, percentage of capacity and average age see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Statistical Section—Capital Asset Information Last Ten Fiscal Years June 30, 2007 through June 30, 2016” (CAFR page 117).

The historical October 1 enrollment within the District for the past 10–years is as follows:

<u>October 1</u>	<u>Total</u>	<u>% Increase Over Prior Year</u>
[2017	_____	___%]
2016	52,509	0.4
2015	52,324	1.0
2014	51,806	(2.0)
2013	52,855	1.6
2012	52,043	2.9
2011	50,581	1.7
2010	49,729	2.7

Charter Schools. The District has 18 operating charter schools located within the boundaries of the District. The Utah State Board of Education has authorized two additional charter schools that could be built within the boundaries of the District. October 1, 2016 enrollment within these 18 charter schools is approximately 11,500 students. Students who attend charters schools in the District may live outside the boundaries of the District and the District cannot determine the number of charter school students who live outside the boundaries of the District. However, the decrease in student enrollment in the District on October 1, 2014 (as indicated above) can be attributed to openings of several new charter schools within the boundaries of the District. Funding for charter schools comes directly from the State based on student attendance.

Additional Information. For a history of Fiscal Year average daily membership, average daily membership and October 1 student enrollments within the District see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Statistical Section—Student Enrollment Statistics” (CAFR page 113).

Form Of Government

Board of Education. The determination of policies for the management of the District is the responsibility of the Board, the members of which are elected by the qualified electors within the District. Employee Workforce And Retirement System; Post–Employment Benefits

Employee Workforce and Retirement System. As of Fiscal Year 2016 the District employed approximately 4,123 full–time equivalent employees. The District participates in cost–sharing multiple employer public employee retirement systems which are defined benefit retirement plans covering public employees of the State and employees of participating local government entities administered by the Utah State Retirement Systems (“URS”). The retirement system provides refunds, retirement benefits, annual cost of living adjustment and death benefits to plan members and beneficiaries in accordance with retirement statutes. The District also participates in deferred compensation plans with URS. The retirement and deferred compensation plans are administered by the URS under the direction of the URS board, which consists of six members appointed by the Governor of the State and the State Treasurer.

For a detailed discussion regarding URS retirement benefits and contributions see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016–Notes to Basic Financial Statements–Note 9. Retirement Plans” (CAFR page 44).

Post–Employment Benefits. Beginning July 1, 2006, the District offers retirement benefit stipends to employees retiring under the guidelines of URS. These benefits are based on the tenure and salary of

those employees working in the District as of June 30, 2006, effectively eliminating the benefit over a period of time and “freezing” the total future liability of the District.

The District also provides post-employment healthcare benefits to employees who retire with URS. Retirees are permitted to participate with active employees in the health-care plan but retirees must pay all premiums assigned to them as described below. Those employees (employed before June 30, 2006) retiring after June 30, 2006 may purchase health insurance at a percentage above the total District premium. The number of participants (those employed before June 30, 2006) who received post-employment insurance benefits was 116 in the month of January 2016.

The District pays these benefit costs from moneys the Board set aside in the General Fund established for that purpose and which fund has a Fiscal Year 2016 balance of \$52,528,487 (the Board may authorize that these funds be used for other purposes at any time). As of the date of this OFFICIAL STATEMENT, the Board currently does not expect its current or future policies regarding these post-employment benefits to have a negative financial impact on the District. For a detailed discussion regarding these retirement benefits see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—Note 10. District Retirement Plans” (CAFR page 48).

Risk Management

The District is a member of a risk pool through which the State self-insures portions of certain property and liability claims and purchases commercial insurance for claims above the self-insured retention amounts. This is done through the State’s Administrative Services Risk Management Fund. The fund is maintained via premiums charged to its members—State agencies, institutions of higher education, school districts and charter schools.

As of Fiscal Year 2016, the Administrative Services Risk Management Fund contained approximately \$48.1 million in reserve available to pay for claims incurred. In the opinion of the State’s Risk Manager, the available balance will be adequate to cover claims through Fiscal Year 2016.

For a general discussion of insurance coverage, limits of coverage, health insurance benefits, dental insurance benefits, unemployment compensation and payment claims see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—Note. 11. Risk Management” (CAFR page 49).

Investment Of Funds

The State Money Management Act. The State Money Management Act, Title 51, Chapter 7 of the Utah Code (the “Money Management Act”), governs and establishes criteria for the investment of all public funds held by public treasurers in the State. The Money Management Act provides a limited list of approved investments, including qualified in-state and permitted out-of-state financial institutions, obligations of the State and political subdivisions of the State, U.S. Treasury and approved federal government agency and instrumentality securities, certain investment agreements and repurchase agreements and investments in corporate securities meeting certain ratings requirements. The Money Management Act establishes the State Money Management Council (the “Money Management Council”) to exercise oversight of public deposits and investments. The Money Management Council is comprised of five members appointed by the Governor of the State for terms of four years, after consultation with the State Treasurer and with the advice and consent of the State Senate.

The Board is currently complying with all provisions of the Money Management Act for all Board operating funds.

The Utah Public Treasurers' Investment Fund. A significant portion of Board funds may be invested in the Utah Public Treasurers Investment Fund (“PTIF”). The PTIF is a local government investment fund, established in 1981, and managed by the State Treasurer. All investments in the PTIF must comply with the Money Management Act and rules of the Money Management Council. The PTIF invests primarily in money market securities. Securities in the PTIF include certificates of deposit, commercial paper, short-term corporate notes, obligations of the U.S. Treasury and securities of certain agencies of the federal government. By policy, the maximum weighted average adjusted life of the portfolio is not to exceed 90 days and the maximum final maturity of any security purchased by the PTIF is limited to five years. Safekeeping and audit controls for all investments owned by the PTIF must comply with the Money Management Act.

All securities purchased are delivered versus payment to the custody of the State Treasurer or the State Treasurer’s safekeeping bank, assuring a perfected interest in the securities. Securities owned by the PTIF are completely segregated from securities owned by the State. The State has no claim on assets owned by the PTIF except for any investment of State moneys in the PTIF. Deposits are not insured or otherwise guaranteed by the State.

Investment activity of the State Treasurer in the management of the PTIF is reviewed monthly by the Money Management Council and is audited by the State Auditor. The PTIF is not rated.

See “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—Note 2. Deposits and Investments” (CAFR page 38).

Investment of 2017B Bond Proceeds. The proceeds of the 2017B Bonds will be held by the Board and invested to be readily available. The 2017B Bond proceeds may also be invested in the PTIF or other investments authorized under the Money Management Act.

Population

Based on the 2016 population estimate from the U.S. Census Bureau of incorporated cities within the District, population is estimated at 272,765 people (however, a specific population report on school districts from the U.S. Census Bureau for 2015 lists the population of the District at 236,559). *The District believes that the estimates of incorporated cities within the District more accurately reflects the population within the District and uses that number as its population estimate instead of the lower estimate from the report for school districts.*

DEBT STRUCTURE OF JORDAN SCHOOL DISTRICT, UTAH

Outstanding General Obligation Bonded Indebtedness

The year prior to the creation of the Canyons School District, the debt of the District was allocated for accounting and operation purposes between the two school districts based on the two-school district’s portion of taxable valuation of real property in Calendar Year 2006 (the year before the referendum regarding creation of Canyons). Accordingly, approximately 58% of the outstanding 2014 Bonds issued by the District will be paid by Canyons and approximately 42% will be paid by the District.

(a) **Rating applied for.**

- (1) For purposes of this OFFICIAL STATEMENT the 2017B Bonds will be considered issued and outstanding.
- (2) Rated “AAA” (State of Utah Guaranty; underlying “AAA”) by Fitch and “Aaa” (State of Utah Guaranty; underlying “Aaa”) by Moody’s, as of the date of this OFFICIAL STATEMENT.
- (3) At the issuance of the 2014 Bonds, Canyons opted to retain the same payoff date on the refunded bonds of June 15, 2022 and reduce its annual payments. The District opted to retire its portion earlier to reduce its interest payments. Therefore, the 2014 Bonds are not an equal split of 58% for Canyons and 42% for the District and percentages vary based on the year.

Additional Information. For the Board’s general obligation debt outstanding as of Fiscal Year 2016 see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—5. Long-Term Liabilities—General Obligation Bonds” (CAFR page 41).

Other Financial Considerations; Local Building Authority Of Jordan School District, Utah

Other Financial Considerations. Future Issuance of Debt. The Board anticipates the issuance of additional general obligation bonds from the 2016 Bond Election in [Fiscal Years 2018, 2019, 2020 and 2021].

Local Building Authority of Jordan School District, Utah. In September 2010, the Board created the Local Building Authority of Jordan School District, Utah (the “Authority”) as a nonprofit corporation in accordance with the provisions of the Utah Revised Nonprofit Corporation Act, Title 16, Chapter 6a, Utah Code (the “Nonprofit Corporation Act”) and as provided in the Local Building Authority Act, Title 17D, Chapter 2, Utah Code. *The Authority’s debt does not constitute legal debt within the meaning of any constitutional provision or statutory limitation of the Board. The Authority has entered annual leases with the Board for each school project constructed by the Authority. The leases may be terminated by the Board in any year and payments by the Board may be made only from moneys which are annually budgeted and appropriated by the Board for such purpose.*

Debt issued by the Authority is being paid from rental payments received by the Authority from the Board. The Board's rental payments are being made from the capital projects fund from property taxes and earnings on investments.

As of the date of this OFFICIAL STATEMENT, the Authority has outstanding the following lease revenue bonds:

In 2010, the Authority issued \$9,000,000, Lease Revenue Bonds, Series 2010 (the "2010 MBA Bonds"), under a 2010 Indenture (the "2010 Indenture"), which bond proceeds (together with other legally available moneys) were used for the construction and equipping of an elementary school building (the "2010 Project"). The Authority may, from time to time, issue additional bonds under the 2010 Indenture, but the Authority has not done so. The Authority has leased the 2010 Project to the Board, pursuant to a 2010 Master Lease (the "2010 Master Lease"). The Authority has granted to a trustee, for the benefit of the owners of the 2010 MBA Bonds, a security interest in all the Authority's right, title and interest in the 2010 Project financed with the 2010 MBA Bonds issued under the 2010 Indenture.

<u>Series</u>	<u>Purpose</u>	<u>Original Principal Amount</u>	<u>Final Maturity Date</u>	<u>Current Principal Outstanding</u>
2010 (1).....	Building/QSCB (elementary)	\$9,000,000	June 15, 2027	<u>\$9,000,000</u>

(1) These bonds were placed with a private investor and were not rated (no rating was applied for). These bonds are federally taxable, Qualified School Construction Bonds ("QSCB") and were issued with a coupon rate of 6.00% per annum. The 2010 Lease Revenue Bonds will mature on June 1, 2027. However, the Authority is required to make an annual sinking fund deposit of \$562,500 (or less, depending on interest earnings) into a sinking fund held by Zions Bank, as escrow agent for the 2010 Lease Revenue Bonds (the current deposit in this sinking fund is approximately [\$3,027,671 as of Fiscal Year 2016]).

General Obligation Legal Debt Limit And Additional Debt Incurring Capacity

The general obligation indebtedness of the Board is limited by State law to 4% of the fair market value of taxable property in the District. The legal debt limit and additional debt incurring capacity of the Board (after the issuance of the 2017B Bonds) are based on the estimated fair market value for 2016 and the calculated valuation value from 2016 uniform fees, and are calculated as follows:

(The remainder of this page has been intentionally left blank.)

* Preliminary; subject to change.

Estimated 2016 “Fair Market Value”	\$28,695,030,818
2016 valuation from uniform fees (1)	<u>556,882,075</u>
Estimated 2016 “Fair Market Value for Debt Incurring Capacity”	<u>\$29,251,912,893</u>
“Fair Market Value for Debt Incurring Capacity” times 4% (the “Debt Limit”)	\$1,170,076,516
Less: current outstanding general obligation debt (2)	<u>(193,476,018)*</u>
Estimated additional debt incurring capacity	<u>\$ 976,600,498*</u>

- (1) For debt incurring capacity only, in computing the fair market value of taxable property in the District, the value of all motor vehicles and state-assessed commercial vehicles (which value is determined by dividing the uniform fee revenue by 1.5%) will be included as a part of the fair market value of the taxable property in the District.
- (2) For legal debt limit purposes, the outstanding general obligation debt as shown above is increased by the premium associated with debt issued that is reported in the long-term debt notes of the Board’s financial statements. Thus, for accounting purposes, the total unamortized bond premium was [\$4,626,018 (as of June 30, 2016)]; and together with current outstanding debt of \$188,850,000* (including Canyon’s portion of the District’s outstanding general obligation bonds), results in total outstanding debt of \$193,476,018*.

Additional Information. For a 10-year Fiscal Year history of the Board’s legal debt margin limit and debt capacity see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Statistical Section—Legal Debt Margin Information Last Ten Years June 30, 2007 through 2016” (CAFR page 102).

Federal Funding Cuts

Federal Sequestration. Pursuant to the Budget Control Act of 2011 (the “BCA”), cuts to federal programs necessary to reduce federal spending to levels specified in the BCA (known as “sequestration”) were ordered in federal fiscal years ending September 30, 2013 through 2021, and were subsequently extended through September 30, 2024. These reductions include cuts to the subsidy payments to be made to issuers of QSCBs and various other federal expenditures.

The Authority anticipates that any future reductions of subsidy payments with respect to the Authority’s \$9,000,000 of outstanding QSCBs and reductions in other federal grants because of sequestration would have no material impact on its operations or financial position. The Authority cannot predict whether Congress will act to avoid or extend sequestration in the future.

No Defaulted Obligations

The Board has never failed to pay principal of and interest on its financial obligations when due.

FINANCIAL INFORMATION REGARDING JORDAN SCHOOL DISTRICT, UTAH

Fund Structure; Accounting Basis

The accounting policies of the District conform to all generally accepted accounting principles for governmental units in general and the State’s school districts.

The accounts of the District are organized based on funds or groups of accounts, each of which is a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balances, revenues and expenditures.

* Preliminary; subject to change.

District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and how spending activities are controlled. The various funds are grouped by type in the combined financial statements. See “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—Note 1. Summary of Significant Accounting Policies” (CAFR page 33).

Budgets And Budgetary Accounting

The District operates within the budget requirements for school districts as specified by State law and as interpreted by the State Superintendent of Public Instruction. The superintendent of each school district is the budget officer of each respective district.

For the fiscal year beginning July 1, the Business Administrator under the supervision of the Superintendent prepares a tentative budget for all funds which is presented to the Board by the Superintendent on or before June 1. State law requires budgets for all governmental fund types and the Board has adopted budgets for those funds.

After a public hearing has been held, the Board, by resolution, legally adopts the final budget prior to June 22. If the tax rate in the proposed budget exceeds the “certified tax rate,” the Board shall, if required by State law, comply with the notice and hearing requirements contained in the Property Tax Act, Chapter 2, Title 59, Utah Code (the “Property Tax Act”) in adopting the budget. See in this section “Tax Levy And Collection” and “Public Hearing On Certain Tax Increases” below.

Once adopted, the budget can be amended by subsequent Board action. Reductions in appropriations can be approved by the Board upon recommendation of the Superintendent; however, increased appropriations require a public hearing prior to amending the budget.

Adjustments in estimated revenue and revisions of appropriations due to operational changes in categorical program funding are integrated into the amended budget approved by the Board.

A final amended budget is legally approved by the Board prior to the end of the fiscal year.

The total budgeted expenditures of a given fund may not exceed the revenues expected to be received for the fiscal year plus the fund balance. Control of the budget is exercised at the fund level.

All governmental funds are prepared using the modified accrual basis of accounting, adjusted for encumbrances. Unencumbered appropriations lapse at year end.

Undistributed Reserve in School Board Budget. A local school board may adopt a budget with an undistributed reserve. The reserve may not exceed 5% of the maintenance and operation budget adopted by each local board in accordance with a scale developed by the State Board of Education. The scale is based on the size of the school district’s budget.

Each local board may appropriate all or a part of the undistributed reserve made to any expenditure classification in the maintenance and operation budget by written resolution adopted by majority vote of such board setting forth the reasons for the appropriation.

The board may not use undistributed reserves in the negotiation or settlement of contract salaries for school district employees.

Limits on Appropriations—Estimated Expendable Revenue. A local school board may not make any appropriation more than its estimated expendable revenue, including undistributed reserves, for the following fiscal year.

In determining the estimated expendable revenue, any existing deficits arising through excessive expenditures from former years are deducted from the estimated revenue for the ensuing year to the extent of at least 10% of the entire tax revenue of the school district for the previous year.

In the event of financial hardships, a local board may deduct from the estimated expendable revenue for the ensuing year, by fund, at least 25% of the deficit amount.

All estimated balances available for appropriations at the end of the fiscal year shall revert to the funds from which they were appropriated and shall be fund balances available for appropriation in the budget of the following year.

A local school board may reduce a budget appropriation at its regular meeting if notice of the proposed action is given to all board members and the district superintendent at least one week prior to the meeting.

An increase in an appropriation may not be made by a local school board unless the following steps are taken: (a) the local school board receives a written request from the district superintendent that sets forth the reasons for the proposed increase; (b) notice of the request is published in a newspaper of general circulation within the school district at least one week prior to a local school board meeting at which the request will be considered; and (c) the local school board holds a public hearing on the request prior to the board's acting on the request.

School District Interfund Transfers. The State Board of Education may authorize school district inter-fund transfers for financially distressed districts if the State Board of Education determines the following: (a) the school district has a significant deficit in its maintenance and operations fund which has resulted from circumstances not subject to the administrative decisions of the school district and which cannot be reasonably reduced under Section 53A-19-104 of the Utah Code; and (b) without the transfer, the school district will not be capable of meeting statewide educational standards adopted by the State Board of Education.

Adoption of Ad Valorem Tax Levy. The governing body of each taxing entity shall, before June 22 of each year, adopt a proposed or, if the tax rate is not more than the certified tax rate, a final tax rate for the taxing entity. The governing body shall report the rate and levy, and any other information prescribed by rules of the county commission for the preparation, review, and certification of the rate, to the county auditor of the county in which the taxing entity is located.

Additional Information. See "APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Notes to Basic Financial Statements—1. Summary of Significant Accounting Policies—Budgets and Budgetary Accounting" (CAFR page 34).

Management's Discussion And Analysis

The administration of the District prepared a narrative discussion, overview, and analysis of the financial activities of the District for Fiscal Year 2016. For the complete discussion see "APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016—Management's Discussion and Analysis" (CAFR page 11).

Economic Stabilization Fund. As directed by the Board, the District has increased its fund balance commitment to economic stabilization in the General Fund. For Fiscal Year 2016, the District has committed \$16.7 million of the General Fund fund balance to economic stabilization. For Fiscal Year 2016, the District has approximately \$36.5 million of unassigned fund balances in the General Fund. As defined in State law as an "undistributed reserve," the District maintains up to 5% of General Fund budgeted expenditures for economic stabilization. Potential State budget cuts, disasters, immediate capital needs, and

other significant events are circumstances or conditions that signal the need for stabilization. Additionally, the commitment is necessary to maintain liquidity (i.e., reducing any disparity between when financial resources are available to make payments and the maturity of related liabilities). Also, defined by State law, the commitment is not to be used “in the negotiation or settlement of contract salaries for school district employees” and the use of this reserve requires a written resolution adopted by a majority vote of the Board filed with the Utah State Board of Education and the Utah State Auditor.

The Management’s Discussion and Analysis for Fiscal Year 2017 is not available. Under State law the Board must complete its annual financial report for Fiscal Year 2017 by November 30, 2017.

Tax Levy And Collection

The Utah State Tax Commission (the “State Tax Commission”) must assess all centrally-assessed property (as defined under “Property Tax Matters” below) by May 1 of each year. County assessors must assess all locally-assessed property (as defined under “Property Tax Matters” below) before May 22 of each year. The State Tax Commission apportions the value of centrally-assessed property to the various taxing entities within each county and reports such values to county auditors before June 8. The governing body of each taxing entity must adopt a proposed tax rate or, if the tax rate is not more than the certified tax rate, a final tax rate before June 22; provided if the governing body has not received the taxing entity’s certified tax rate at least seven days prior to June 22, the governing body of the taxing entity must, no later than 14 days after receiving the certified tax rate from the county auditor, adopt a proposed tax rate or, if the tax rate is not more than the certified tax rate, a final tax rate. County auditors must forward to the State Tax Commission a statement prepared by the legislative body of each taxing entity showing the amount and purpose of each levy. Upon determination by the State Tax Commission that the tax levies comply with applicable law and do not exceed maximum permitted rates, the State Tax Commission notifies county auditors to implement the levies. If the State Tax Commission determines that a tax levy established by a taxing entity exceeds the maximum levy permitted by law, the State Tax Commission must lower the levy to the maximum levy permitted by law, notify the taxing entity that the rate has been lowered and notify the county auditor (of the county in which the taxing entity is located) to implement the rate established by the State Tax Commission.

On or before July 22 of each year, the county auditors must mail to all owners of real estate shown on their assessment rolls notice of, among other things, the value of the property, itemized tax information for all taxing entities and the date their respective county boards of equalization will meet to hear complaints. Taxpayers owning property assessed by a county assessor may file an application within statutorily defined time limits based on the nature of the contest with the appropriate county board of equalization for contesting the assessed valuation of their property. The county board of equalization must render a decision on each appeal in the time frame prescribed by the Property Tax Act. Under certain circumstances, the county board of equalization must hold a hearing regarding the application, at which the taxpayer has the burden of proving that the property sustained a decrease in fair market value. Decisions of the county board of equalization may be appealed to the State Tax Commission, which must decide all appeals relating to real property by March 1 of the following year. Owners of centrally-assessed property, or any county with a showing of reasonable cause, may, on or before the later of June 1 or a day within 30 days of the date the notice of assessment is mailed by the State Tax Commission, apply to the State Tax Commission for a hearing to contest the assessment of centrally-assessed property. The State Tax Commission must render a written decision within 120 days after the hearing is completed and all post-hearing briefs are submitted. The county auditor makes a record of all changes, corrections and orders, and delivers before November 1 the corrected assessment rolls to the county treasurers. By November 1,

each county treasurer furnishes each taxpayer a notice containing the kind and value of the property assessed to the taxpayer, the street address of the property, where applicable, the amount of the tax levied on the property and the year the property is subject to a detailed review.

Taxes are due November 30 (if a Saturday, Sunday or holiday, the next business day). Each county treasurer is responsible for collecting all taxes levied on real property within that county. There are no prior claims to such taxes. As taxes are collected, each county treasurer must pay to the State and each taxing entity within the county its proportionate share of the taxes, on or before the tenth day of each month. Delinquent taxes are subject to a penalty of 2.5% of the amount of the taxes or \$10 whichever is greater. Unless the delinquent taxes and penalty are paid before January 31 of the following year, the amount of delinquent taxes and penalty bears interest at the federal funds rate target established by the Federal Open Market Committee plus 6% from the January 1 following the delinquency date until paid (provided that said interest may not be less than 7% nor more than 10%). If delinquent taxes have not been paid by March 15 following the lapse of four years from the delinquency date, the affected county advertises and sells the property at a final tax sale held in May or June of the fifth year after assessment.

The process described above changes if a county or other taxing entity proposes a tax rate more than the certified tax rate (as described under “Public Hearing On Certain Tax Increases” below). If such an increase is proposed, the taxing entity must adopt a proposed tax rate before June 22. In addition, the county auditor must include certain information in the notices to be mailed by July 22, as described in the second preceding paragraph, including information concerning the tax impact of the proposed increase on the property and the time and place of the public hearing described in “Public Hearing On Certain Tax Increases” below. In most cases, notice of the public hearing must also be advertised by publication. After the public hearing is held, the taxing entity may adopt a resolution levying a tax more than the certified tax rate. A resolution levying a tax more than the certified tax rate must be forwarded to the county auditor by August 17. The final tax notice is then mailed by November 1.

Public Hearing On Certain Tax Increases

Each taxing entity that proposes to levy a tax rate that exceeds the “certified tax rate” may do so, by resolution, only after holding a properly noticed public hearing. Generally, the certified tax rate is the rate necessary to generate the same property tax revenue that the taxing entity collected for the prior year, with certain exclusions. For purposes of calculating the certified tax rate, county auditors are to use the taxable value of property on the assessment rolls, exclusive of new growth. New growth is any increase in taxable value of the taxing entity from the previous calendar year to the current year less the amount of increase to locally-assessed real property taxable values resulting from factoring, reappraisal, other adjustments, or changes in the method of apportioning taxable value. With certain exceptions, the certified tax rate for the minimum school levy, debt service voted on by the public and certain state and county assessing and collecting levies are the actual levies imposed for such purposes and no hearing is required for these levies.

Among other requirements, on or before July 22 of the year in which such an increase is proposed, the county auditor must mail to all property owners a notice of the public hearing. In most cases, the taxing entity must advertise the notice of public hearing by publication in a newspaper. Such notices must state, among other things, the value of the property, the time and place of the public hearing, and the tax impact of the proposed increase.

Property Tax Matters

The Property Tax Act provides that all taxable property is required to be assessed and taxed at a uniform and equal rate based on its “fair market value” as of January 1 of each year, unless otherwise provided by law. “Fair market value” is defined in the Property Tax Act as “the amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts.” Pursuant to an exemption for

residential property provided for under the Property Tax Act and Article XIII of the State Constitution, the “fair market value” of residential property is reduced by 45%. The residential exemption is limited to one acre of land per residential unit and to one primary residence per household, except that an owner of multiple residential properties may exempt his or her primary residence and each residential property that is the primary residence of a tenant.

The Property Tax Act provides that the State Tax Commission shall assess certain types of property (“centrally–assessed property”), including (i) properties that operate as a unit across county lines that must be apportioned among more than one county or state, (ii) public utility (including railroad) properties, (iii) airline operating properties, (iv) geothermal resources and (v) mines, mining claims and appurtenant machinery, facilities and improvements. All other taxable property (“locally–assessed property”) is required to be assessed by the county assessor of the county in which such locally–assessed property is located. Each county assessor must update property values annually based upon a systematic review of current market data and must also complete a detailed review of property characteristics for each parcel of property at least once every five years. The Property Tax Act requires that the State Tax Commission conduct an annual investigation in each county to determine whether all property subject to taxation is on the assessment rolls and whether the property is being assessed at its “fair market value.”

The State Tax Commission and the county assessors utilize various valuation methods, as determined by statute, administrative regulation or accepted practice, to determine the “fair market value” of taxable property.

Uniform Fees. An annual statewide uniform fee is levied on tangible personal property in lieu of the ad valorem tax. The uniform fee is based on the value of motor vehicles, watercraft, recreational vehicles, and all other tangible personal property required to be registered with the State. The current uniform fee is established at 1.5% of the fair market value of motor vehicles that weigh 12,001 pounds or more, watercraft, recreational vehicles and all other tangible personal property required to be registered with the State, excluding exempt property such as aircraft and property subject to an age–based fee. Motor vehicles weighing 12,000 pounds or less and certain other vehicles are subject to an age–based fee that is due each time the vehicle is registered. The revenues collected from the various uniform fees are distributed by the county to the taxing entity in which the property is located in the same proportion in which revenue collected from ad valorem real property is distributed.

STATE OF UTAH SCHOOL FINANCE

Sources Of Funds

Funding for schools in the State is provided from local school district sources consisting of property taxes imposed by the local school district (“Local District Funding”), State sources that are funded primarily by State imposed personal income taxes and corporate franchise taxes (“State Funding”) and federal sources (“Federal Funding”). For Fiscal Year 2016, approximately 54% of the District’s funding was provided by State Funding, approximately 39% was provided by Local District Funding, and approximately 7% was provided from Federal Funding. See “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF JORDAN SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2016.”

Local District Funding

School districts are authorized by State law to levy taxes, certain of which require voter approval, on real property for various purposes. Funding for operation and maintenance is derived primarily through a minimum tax levy (the “Minimum Tax Levy”) by each school district at a rate established each year by the State. Imposition of this Minimum Tax Levy is required for a school district to qualify for receipt of contributions by the State for such purposes. Additional tax levies for, among other things, educational programs and capital outlay and debt service to finance capital outlays may be made at the option of a school district. Certain of such levies will entitle a school district to State guaranteed levels of funding or receipt of specific additional contributions from the State. The Board has received all voter approval nec-

essary for the taxes it currently levies. See “FINANCIAL INFORMATION REGARDING JORDAN SCHOOL DISTRICT, UTAH—Historical Tax Rates Of The District” above.

State Funding

Under its school funding program, the State guarantees that in connection with the Minimum Tax Levy and certain of a school district’s additional tax levies each school district will receive certain amounts based primarily on the number of students attending schools in such district. To the extent that such levies do not generate receipts at least equal to such guaranteed amounts, the State contributes funds to the school district in the amount of the shortfall. If a school district’s receipts from such levies reach such prescribed levels, there is no State contribution to such district. Further, school district receipts from the Minimum Tax Levy more than the guaranteed amounts are required to be paid over to the State for distribution to other school districts.

In addition to any contributions relating to shortfalls described above, the State annually appropriates fixed amounts to fund certain programs and services statewide. Funds for contributions to school districts and for other programs and services are appropriated from the State Uniform School Fund and the Education Fund, which are funded primarily from personal income taxes and corporate franchise taxes. State Funding is also available, under certain circumstances, to school districts for payment of a portion of capital costs.

Federal Funding

Federal funding is provided for various school programs including child nutrition, vocational education and special education.

LEGAL MATTERS

Absence Of Litigation

The attorneys for the Board, Burbidge & White, LLC, Salt Lake City, Utah, have advised that, to the best of their knowledge after due inquiry, there is no pending or threatened litigation that would legally stop, enjoin, or prohibit the issuance, sale or delivery of the 2017B Bonds.

General

The authorization and issuance of the 2017B Bonds are subject to the approval of Chapman and Cutler LLP, Bond Counsel to the Board. Certain legal matters will be passed upon for the Board by Burbidge & White LLC, Salt Lake City, Utah. The approving opinion of Bond Counsel will be delivered with the 2017B Bonds. A copy of the opinion of Bond Counsel in substantially the form set forth in “APPENDIX B—PROPOSED FORM OF OPINION OF BOND COUNSEL” will be made available upon request from the contact persons as indicated under “INTRODUCTION—Contact Persons” above.

Bond Counsel has not been retained or consulted on disclosure matters and has not undertaken to review or verify the accuracy, completeness, or sufficiency of the OFFICIAL STATEMENT or other offering material relating to the 2017B Bonds and assumes no responsibility for the statements or information contained in or incorporated by reference in this OFFICIAL STATEMENT.

The various legal opinions to be delivered concurrently with the delivery of the 2017B Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

TAX MATTERS

Federal

Federal tax law contains a number of requirements and restrictions which apply to the 2017B Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and the facilities financed therewith, and certain other matters. The Board has covenanted to comply with all requirements that must be satisfied in order for the interest on the 2017B Bonds to be excludable from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the 2017B Bonds to become includible in gross income for federal income tax purposes retroactively to the date of issuance of the 2017B Bonds.

Subject to the Board’s compliance with the above-referenced covenants, under present law, in the opinion of Bond Counsel, interest on the 2017B Bonds is excludable from the gross income of the owners thereof for federal income tax purposes and is not included as an item of tax preference in computing the federal alternative minimum tax for individuals and corporations, but interest on the 2017B Bonds is taken into account, however, in computing an adjustment used in determining the federal alternative minimum tax for certain corporations.

In rendering its opinion, Bond Counsel will rely upon certifications of the Board with respect to certain material facts within the Board’s knowledge. Bond Counsel’s opinion represents its legal judgment based upon its review of the law and the facts that it deems relevant to render such opinion and is not a guarantee of a result.

The Internal Revenue Code of 1986, as amended (the “Code”), includes provisions for an alternative minimum tax (“AMT”) for corporations in addition to the regular corporate tax in certain cases. The AMT, if any, depends upon the corporation’s alternative minimum taxable income (“AMTI”), which is the corporation’s taxable income with certain adjustments. One of the adjustment items used in computing the AMTI of a corporation (with certain exceptions) is an amount equal to 75% of the excess of such corporation’s “adjusted current earnings” over an amount equal to its AMTI (before such adjustment item and the alternative tax net operating loss deduction). “Adjusted current earnings” would include certain tax-exempt interest, including interest on the 2017B Bonds.

Ownership of the 2017B Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the 2017B Bonds should consult their tax advisors as to applicability of any such collateral consequences.

The issue price (the “Issue Price”) for each maturity of the 2017B Bonds is the price at which a substantial amount of such maturity of the 2017B Bonds is first sold to the public. The Issue Price of a maturity of the 2017B Bonds may be different from the price set forth, or the price corresponding to the yield set forth, on the inside cover page hereof.

If the Issue Price of a maturity of the 2017B Bonds is less than the principal amount payable at maturity, the difference between the Issue Price of each such maturity, if any, of the 2017B Bonds (the “OID Bonds”) and the principal amount payable at maturity is original issue discount.

For an investor who purchases an OID Bond in the initial public offering at the Issue Price for such maturity and who holds such OID Bond to its stated maturity, subject to the condition that the Board complies with the covenants discussed above, (a) the full amount of original issue discount with respect to such OID Bond constitutes interest which is excludable from the gross income of the owner thereof for federal income tax purposes; (b) such owner will not realize taxable capital gain or market discount upon payment of such OID Bond at its stated maturity; (c) such original issue discount is not included as an item of tax preference in computing the alternative minimum tax for individuals and corporations under the Code, but is taken into account in computing an adjustment used in determining the alternative minimum tax for certain corporations under the Code, as described above; and (d) the accretion of original issue discount in each year may result in an alternative minimum tax liability for corporations or certain other collateral federal income tax consequences in each year even though a corresponding cash payment may not be received until a later year. Owners of OID Bonds should consult their own tax advisors with respect to the state and local tax consequences of original issue discount on such OID Bonds.

Owners of 2017B Bonds who dispose of 2017B Bonds prior to the stated maturity (whether by sale, redemption or otherwise), purchase 2017B Bonds in the initial public offering, but at a price different from the Issue Price or purchase 2017B Bonds subsequent to the initial public offering should consult their own tax advisors.

If a 2017B Bond is purchased at any time for a price that is less than the 2017B Bond’s stated redemption price at maturity or, in the case of an OID Bond, its Issue Price plus accreted original issue discount (the “Revised Issue Price”), the purchaser will be treated as having purchased a 2017B Bond with market discount subject to the market discount rules of the Code (unless a statutory de minimis rule applies). Accrued market discount is treated as taxable ordinary income and is recognized when a 2017B Bond is disposed of (to the extent such accrued discount does not exceed gain realized) or, at the purchaser’s election, as it accrues. Such treatment would apply to any purchaser who purchases an OID Bond for a price that is less than its Revised Issue Price. The applicability of the market discount rules may adversely affect the liquidity or secondary market price of such 2017B Bond. Purchasers should con-

sult their own tax advisors regarding the potential implications of market discount with respect to the 2017B Bonds.

An investor may purchase a 2017B Bond at a price in excess of its stated principal amount. Such excess is characterized for federal income tax purposes as “bond premium” and must be amortized by an investor on a constant yield basis over the remaining term of the 2017B Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium relating to a tax-exempt bond. The amortized bond premium is treated as a reduction in the tax-exempt interest received. As bond premium is amortized, it reduces the investor’s basis in the 2017B Bond. Investors who purchase a 2017B Bond at a premium should consult their own tax advisors regarding the amortization of bond premium and its effect on the 2017B Bond’s basis for purposes of computing gain or loss in connection with the sale, exchange, redemption or early retirement of the 2017B Bond.

There are or may be pending in the Congress of the United States legislative proposals, including some that carry retroactive effective dates, that, if enacted, could alter or amend the federal tax matters referred to above or affect the market value of the 2017B Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Prospective purchasers of the 2017B Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation.

The Internal Revenue Service (the “Service”) has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the 2017B Bonds. If an audit is commenced, under current procedures the Service may treat the Board as a taxpayer and the Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the 2017B Bonds until the audit is concluded, regardless of the ultimate outcome.

Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the 2017B Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any 2017B Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any 2017B Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

State

In the opinion of Bond Counsel, under the existing laws of the State, as presently enacted and construed, interest on the 2017B Bonds is exempt from taxes imposed by the Utah Individual Income Tax Act. Bond Counsel expresses no opinion with respect to any other taxes imposed by the State or any political subdivision thereof. Ownership of the 2017B Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the 2017B Bonds. Prospective purchasers of the 2017B Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

BOOK-ENTRY SYSTEM

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at <http://www.dtcc.com>.

Purchases of 2017B Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2017B Bonds on DTC's records. The ownership interest of each actual purchaser of each 2017B Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2017B Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2017B Bonds, except if use of the book-entry system for the 2017B Bonds is discontinued.

To facilitate subsequent transfers, all 2017B Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2017B Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2017B Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2017B Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2017B Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2017B Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2017B Bond documents. For example, Beneficial Owners of 2017B Bonds may wish to ascertain that the nominee holding the 2017B Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial

Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all the 2017B Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to 2017B Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2017B Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the 2017B Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Board or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2017B Bonds at any time by giving reasonable notice to the Board or the Paying Agent. Under such circumstances, if a successor depository is not obtained, 2017B Bond certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2017B Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.
