Mancos Schools Mission Statement

In our partnership with community, we will foster positive, safe and rigorous learning experiences.

Mancos Schools Vision Statement

Every student will graduate with a broad academic foundation which enables each to demonstrate the skills of critical thinking, problem solving, teamwork and independent judgment. All students will understand democratic principles and recognize their civic responsibilities, and will be capable of ambitiously and appropriately participating in an age of dynamic technological change within a global context.

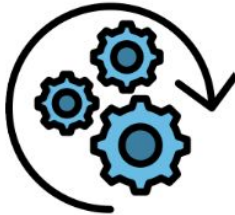

2025-26 District Goals

Healthy Community: We will cultivate a connected community where students, staff and families feel agency and belonging.

Engaging Learning: We will create learning environments that are rich with challenging, student-led learning experiences.

Cohesive Systems: We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

- ❖ Community-centered learning environments
- ❖ **Whole-child development and supports**
- ❖ **Proactive and restorative approaches**

Goal & Actions

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

Belonging is the foundation of learning.

MELC Healthy Community Focus

Strengthen relationships and a sense of belonging through outdoor play, shared experiences, and authentic community connections.

- Outdoor learning and community experiences
- Relationship-based practices and Conscious Discipline
- Family engagement and documentation
- Partnerships with local organizations and families

Results

The Language of Connection

- Relationship-based practices supported emotional regulation and peer collaboration
- Family partnerships strengthened through communication, documentation, and community events
- Children developed a stronger sense of belonging within classroom and community spaces

Add School Climate data

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

Looking Forward

- Continue expanding community-based learning experiences
- Deepen family partnerships and visibility of learning
- Strengthen PK–2 alignment around belonging and regulation
- Continue building environments where children feel agency, safety, and connection

Children thrive when they feel connected to people, place, and community.

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

Goal & Actions

Goal: MELC students demonstrate positive developmental growth in language, literacy, mathematics, problem-solving, and social-emotional development through meaningful, student-centered learning experiences.

Children learn through play, inquiry, relationships, and real experiences.

MELC Focus

Extend children's curiosity and inquiry through hands-on, real-world learning connected to the world around them.

At MELC, engaging learning looks like:

- project-based investigations
- storytelling and dramatic play
- construction and design
- sensory exploration
- documentation and reflection
- community-connected learning

Engaging Learning

We will create learning environments that are rich with challenging, student-led learning experiences everyday.

***Teaching Strategies GOLD

and individualized instruction.***

Actions: The Languages of Learning at MELC

The Language of Building

Children tested ideas, solved problems, designed structures, and learned through hands-on exploration and collaboration.

- Constructing ideas together
- Learning through design and problem-solving
- Testing, revising, and creating
- Building persistence through play

“One side can be Sonic’s house and one side can be a castle.”

Engaging Learning

We will create learning environments that are rich with challenging, student-led learning experiences everyday.

Actions: The Languages of Learning at MELC

The Language of Storytelling

Children used dramatic play, drawing, conversation, dictation, and imagination to communicate their thinking and make meaning.

- Sharing ideas through stories and play
- Using imagination to build understanding
- Communicating thinking in many ways
- Giving voice to ideas and experiences

"I will draw you inspiration."

Engaging Learning

We will create learning environments that are rich with challenging, student-led learning experiences everyday.

Actions: The Languages of Learning at MELC

The Language of Wonder

Children asked questions, investigated materials, revisited ideas, and explored the world with curiosity and creativity.

- Curiosity leading learning
- Investigating the world together
- Asking questions and seeking meaning
- Learning through exploration and inquiry

Engaging Learning

We will create learning environments that are rich with challenging, student-led learning experiences everyday.

Actions: The Languages of Learning at MELC

The Language of Connection

Children developed friendships, practiced empathy, navigated challenges, and built a sense of belonging within their classroom and community.

- Learning together through relationships
- Building belonging and community
- Navigating friendships and shared experiences
- Growing through connection and collaboration

TS GOLD Growth Highlights

- Literacy average growth: **16.9**
- **94%** met/exceeded literacy growth expectations
- Mathematics average growth: **11.2**
- **83%** met/exceeded mathematics growth expectations
- Overall developmental areas met expected growth ranges
- Full end of year [data available here](#)

Area	Average Growth	Meeting/Above Growth
Literacy	16.9	94%
Mathematics	11.2	83%

These outcomes reflect the power of inquiry-based, relationship-centered, developmentally appropriate learning.

Looking Forward

- Continue making learning visible through documentation and reflection
- Expand project-based and community-connected learning experiences
- Strengthen PK–2 conversations around inquiry and developmentally appropriate practice
- Continue refining individualized instruction through observation and assessment
- Explore additional ways children communicate learning through the “languages” of play, art, movement, storytelling, construction, and collaboration

Engaging Learning

We will create learning environments that are rich with challenging, student-led learning experiences everyday.

Goal & Actions

Develop clear, connected PK–2 systems that reflect our values and create consistent experiences for children, families, and staff.

- PK–2 collaboration and transition work
- Alignment with district goals and Portrait of a Graduate
- NAEYC and Colorado Shines systems alignment
- Reflective coaching and professional learning
- Consistent communication and documentation systems

Cohesive Systems

We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Results

Aligning systems with children, families, and learning.

- Maintained NAEYC Accreditation +
- Maintained Colorado Shines Level 4 rating
- Increased intentional use of observation and reflection
- Expanded shared language around developmentally appropriate practice

Cohesive Systems

We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Looking Forward

- Continue strengthening PK–2 alignment and transitions
- Build sustainable systems for coaching, reflection, and collaboration
- Increase visibility and understanding of early childhood learning across the district
- Continue aligning instructional practices with district goals and Portrait of a Graduate competencies

Cohesive Systems

We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Our work is rooted in the belief that children are capable, curious, and full of potential.

Dear ...,

One morning, we sat together at the table talking about our farm stand project. I told you I was going to grab photos of different farm stand signs for inspiration as we thought about what our own sign might become.

Without hesitation, you looked at me and said, "I will draw your inspiration."

You quickly gathered pink paper and colored pencils and got to work. But this was not simply drawing to you. This was an experience you were creating.

You instructed me not to look while you worked, though you kindly allowed me to make guesses along the way. You gave me clues and encouraged me to pay attention to the colors you were choosing. I guessed and guessed while you smiled and continued creating, carefully protecting your work until it was time for what you called "the big reveal."

Mancos Elementary School

Goal & Actions

Creating community for elementary students and staff.

Creating community circles for elementary students builds a safe, inclusive environment that strengthens relationships, boosts social-emotional skills (like empathy and active listening), and gives every child a voice. These daily or weekly gatherings, often featuring a talking piece and a centerpiece, help students manage emotions, resolve conflicts, and feel connected

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

Action - Example

The Obstacle in Our Path (Inspirational Short Stories)

Healthy Community

We will cultivate a connected community where students, staff and families feel agency and belonging.

In ancient times, a King had a boulder placed on a roadway. He then hid himself and watched to see if anyone would move the boulder out of the way. Some of the king's wealthiest merchants and courtiers came by and simply walked around it. Many people loudly blamed the King for not keeping the roads clear, but none of them did anything about getting the stone out of the way. A peasant then came along carrying a load of vegetables. Upon approaching the boulder, the peasant laid down his burden and tried to push the stone out of the road. After much pushing and straining, he finally succeeded. After the peasant went back to pick up his vegetables, he noticed a purse lying in the road where the boulder had been. The purse contained many gold coins and a note from the King explaining that the gold was for the person who removed the boulder from the roadway.

Moral of the story: Every obstacle we come across in life gives us an opportunity to improve our circumstances, and whilst the lazy complain, the others are creating opportunities through their kind hearts, generosity, and willingness to get things done.

Tell us of a challenge you are currently facing and how you are trying to overcome it.

Circle Up for Debrief

1. How do you feel?
2. What did you notice?
3. What value are you taking away?
4. What did you learn?
5. How do/might you connect this experience with your life?

Results

Elementary SEL circles (community/restorative) build trust, empathy, and social skills by gathering students for daily check-ins, using talking pieces, and conducting shared discussions. Proven to enhance school climate, these practices improve relationships, reduce conflict, and help students feel safe, connected, and heard.

- Two newsletters were sent to parents about these circles, sharing explanation of circles and offering opportunities to discuss with their students at home.

Goal: SEL & Behavior

Ultimate Goal is Common Language, teaching skills, and Building Community

Cohesive Systems

We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Belonging- everyone feels accepted for who they are, where they come from, how they identify, and their life experience.

Dignity- Given. Self worth and value. Respect is earned.

Accountability - Ownership of conflict goes to those who caused it. Equal parts harmer and harmed. All voices are heard. Consequences involve repairing the harm done and changing behavior.

Making Community Whole - The hard work to reintegrate harmer back, create safety, and teach understanding and empathy.

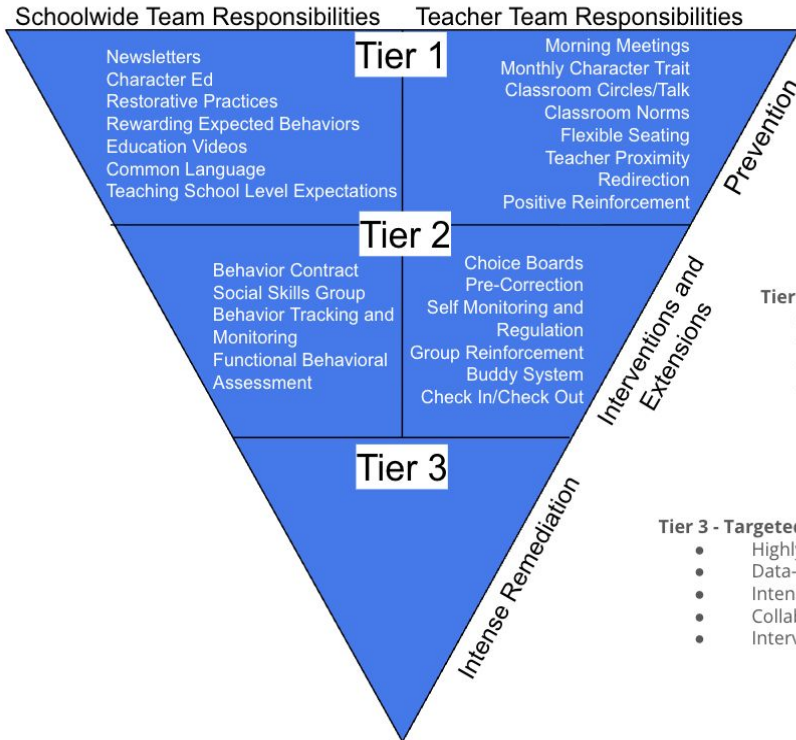

Goal & Actions

ID School Wide/Teacher Team Responsibilities

Cohesive Systems

We will improve and build sustainable systems that reflect our values ensuring continuity throughout our district.

Tier 1 - Universal Supports for ALL students

- Provided to all students in all settings
- Focuses on prevention
- Taught explicitly and modeled regularly

Tier 2 - Targeted Supports for about 10-15% of student population

- Interventions are efficient and quickly implemented
- Data-Driven
- Still accessing Tier 1 supports
- Interventions delivered by small teams

Tier 3 - Targeted Supports for about 1-5% of student population

- Highly individualized
- Data-Driven
- Intensive progress monitoring
- Collaborative services
- Interventions sustained over time and revised often

- Expectations posted in all common areas (hallways, cafeteria, playground)
- School-wide routines taught, modeled, and reinforced regularly
- Positive school climate initiatives (morning announcements, assemblies, recognition programs)
- Consistent discipline system with common language across staff
- Regular data review (office discipline referrals, attendance patterns)

Classroom Expectations

- Classroom-specific rules aligned with school-wide expectations
- Predictable routines for transitions, work time, entry/exit, materials use
- Clear, positively stated rules posted and taught explicitly
- Active supervision (scanning, moving, interacting)
- High rates of positive reinforcement (behavior-specific praise)
- Engaging, instruction to reduce problem behavior
- Preventative strategies (seating arrangements, structured choices)

Mancos School District Policy Review Protocol

Policy Review Schedule

Purpose: This protocol has been developed to be used as guidance for reviewing current policies and adopting CASB policy revisions in accordance with *Mancos School District Policy BG School Board Policy Process*.

Resource:

- *Leadership Guidebook for School Board Directors*, Colorado Association for School Boards. 2025. Chapter 4, pgs 89-116.
- Monica Johnson, CASB Executive Educational Consultant

Current Policy Procedure Language (BG School Board Policy excerpt):

UNDER REVISION - See BOE Notes

Policy Review Guidance - Management

- Policies should be reviewed regularly with the following priorities in mind:
 - High: Emergency policy adoption or revision recommendations
 - High: Policies named as “Notable Policies” in **CASB guide, Page 95**.
- A policy review system should be followed to stay up on current policy recommendations and for continuous review:
 - Policy review specifics should be mapped out in the BOE Planning Calendar
 - Policies should be reviewed and discussed at Work Sessions
 - The Board should review policies as categories and like groups
 - When planning for policy review before the Work Session:
 - Board Members should plan to lightly pre-read ALL of the assigned policies
 - Board Members should divide the policies up across the board (1-5 policies) for in-depth review and analysis
 - At the Work Session, each member should report on their assigned policies to the board with a brief summary of the following questions and drafted recommendations (if any) using the following process:
 - **Preparation & Analysis**
 - Use guiding questions listed below and on Page 94 of *CASB Leadership Guidebook (See below)*
 - **Highlights, Questions and Recommendations:** Bring highlights, questions and recommendations to the board.

When considering policy options, these questions should be asked:

How does the policy advance the best educational interests and equity of all students?

How does this policy support the mission and goals of the district?

What do current educational literature and research say that is relevant to the policy?

What is the relationship of the policy to recent changes in education?

How is the policy related to other Board policies? Does it duplicate or contradict another policy? Is it relevant?

Is compliance with the policy likely to be consistent?

How can the board evaluate the effectiveness of the policy?

What external support does the policy require?

What will it cost, in human and fiscal terms, to implement the policy?

What steps will be taken to implement and enforce the policy?

Is the policy clear and realistic?

How is the policy affected by federal and state law?
