Board of Education Meeting: January 21, 2026

Strategic Priority: Priority 4 - Community, Trust, Unity and Partnership

Agenda Category: Consent Item

Item Title: Approval of Lone Star Governance Monitoring Report: Board Constraint 3

BACKGROUND:

In interviews with hundreds of board members and staff across the districts, researchers found that high-performing boards focus on establishing a vision supported by policies that target student achievement. Yet poor governance is characterized by factors such as micro-management by the board; confusion of the appropriate roles for the board member and superintendent; interpersonal conflict between board chair and superintendent; and board member disregard for the agenda process and the chain of command. Board members set goals and guardrails to ensure they are accountable to their community. This monitoring report measures Board Constraint 3. (Board members will not give operational advice or instructions to District personnel or District Leadership).

RATIONALE:

Effective school boards have a collaborative relationship with the Superintendent and the community and establish a strong communications structure to inform and engage both internal and external stakeholders about progress towards meeting goals in setting board constraints. We will revisit these constraints throughout the year to ensure we are making progress and honoring the values of our community.

Item Title: Approval of Lone Star Governance Time Use Tracker Report - January 7, 2026

BACKGROUND:

The most effective school boards focus on improving student outcomes and codify their commitment to this by tracking how they spend their time during board meetings, spending upwards of 50% of their time discussing student outcomes. When we track how we spend our time, our board behaviors begin to become more closely aligned with our values. By adopting a vision, mission, goals, goal progress measures and constraints that are focused on improving student outcomes, we have shared what is important to us with our community and board behaviors should reflect such a focus by spending at least 50% of their time discussing student outcomes.

La Joya Independent School District Board Agenda Item Submission

Board of Education Meeting: January 21, 2026 **Strategic Priority:** Priority 2 - Empowered Graduates

Agenda Category: Action Item

Item Title: Approval of recommendation to permanently close four campuses (Benavides ES, Leo ES, Peña ES, Ann Richards MS) and temporarily close and restructure one campus (Salinas MS) and approve campus zoning boundaries as presented.

BACKGROUND:

Currently, La Joya ISD has 47% of students in A- and B-rated schools, with a goal of 90%. The district has lost 27% of our enrollment in the last decade (~8000 students), in line with enrollment declines across the state and nation. These recommendations free up to approximately \$27,000,000 that can be reinvested into student support and programs. In each recommendation, students would be enrolled in a higher-rated, higher-quality school.

RATIONALE:

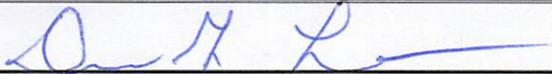

La Joya ISD is fully committed, through our Strategic Plan and Lone Star Governance Goals, to achieve our Vision of "Educational Excellence: The Right of Every Student." We must achieve our North Star Goal of 90% of students attending A- and B-rated schools. These recommendations advance our pursuit of academic excellence, respond to enrollment declines, and ensure financial sustainability for the district.

3.1 **Consultant** shall provide the Services set forth more particularly on the attached Exhibit A ("Services") in exchange for the fees also described in Exhibit A. Consultant shall invoice the District within thirty (30) days of the date the Services are performed, and payment will be due within thirty (30) days of the District's receipt of an invoice, subject to the Texas Prompt Payment Act.

3.2 The Services shall be performed in a commercially reasonable manner. Consultant covenants that in performing the Services, it shall: a) comply with all federal, state and local

statutes, codes, rules, regulations and guidelines including but not limited to safety and health matters, b) comply with any applicable generally accepted appraising standards, protocols and guidelines or other relevant professional standards, c) perform the Services in a professional manner, and d) perform all requirements that are generally performed by similar professionals in conducting the type of services required by this Agreement.

3.3 The Services shall be performed on a non-exclusive basis. The District shall not be required to retain Consultant to perform any additional services not specifically set forth herein. The Parties acknowledge and agree that the District in its sole discretion may select any other consultant of its choosing upon a decision by the District to conduct similar services. In performing the Services, Consultant shall identify necessary information that should be provided by the District and related processes required to accurately perform the Services and shall provide needed advice to the District in relation to such information and processes.

4.0 Confidentiality

4.1 Consultant shall take reasonable precautions so that access to information relating to the Services is limited to those persons within its employ or under contract with Consultant for whom it is necessary and appropriate. Any release of information outside of those mentioned herein must be immediately reported to the District. All communications pursuant to this agreement whether oral or written between the Consultant and the District, as well as any documents or reports generated during or as a part of the Services shall be regarded by Consultant as confidential unless otherwise determined by the District or as provided by any applicable law or District policies, including without limitation the Texas Public Information Act or the Texas Open Meetings Act. To this end, Consultant shall keep all such communications and information confidential, except as provided by the District.

Before beginning any work under this Agreement, Consultant will provide written certification to the District that Consultant has complied with the statutory requirements as of that date, or, in the event Consultant is not legally permitted to comply with such requirements, Consultant shall cooperate with the District as set forth below. Upon request by District, Consultant will provide, in writing, updated certifications and the names of any other requested information regarding covered employees, so that the District may obtain criminal history recommended information to the covered employees. Consultant shall assume all expenses associated with obtaining criminal history record information.

5.2 Consultant will not assign any "covered employee" with a "disqualifying criminal history," as those terms are defined below, to work under this Agreement. If Consultant receives information that a covered employee has a reported disqualifying criminal history, including any

such information shared by District, then Consultant will immediately remove the covered employee from District property and notify the District in writing within three (3) business days. If the District objects to the assignment of any covered employee on the basis of the covered employee's criminal history record information, then Consultant agrees to discontinue using that covered employee to provide services at the District. If Consultant has taken precautions or imposed conditions to ensure that the employees of Consultant will not become covered employees, Consultant will ensure that these precautions or conditions continue throughout the time the contracted services are provided.

5.3 For the purposes of this Section, "covered employees" means employees, agents, or subcontractors of Consultant or any of Consultant's consultants who has or will have continuing duties related to the services to be performed under this Agreement and has or will have direct contact with District's students. The District will decide what constitutes direct contact with District's students. 5.5 On request of District, Consultant shall provide all necessary identifying information to allow District to obtain criminal history record information for covered employees/contractors of the Consultant and all subcontracting entities. Consultant shall update this list on District's request. Consultant shall further cooperate in all respects with any reasonable request by District to assist District in obtaining criminal history record information on the employees/contractors of Consultant, including without limitation paying any fees or costs reasonably requested by District to enable District to obtain needed criminal history record information.

**2 CFR SECTION 200 REQUIRED PROVISIONS
FOR CONTRACT FUNDED BY U.S. FEDERAL GRANT**

The following certifications and provisions are required and apply only when the District expends federal funds for any contract resulting from this procurement process. **In the event of a conflict or inconsistency between the following terms and conditions and any provision of any contract, agreement, or Purchase Order, the following terms and conditions shall control. Accordingly, the parties agree that the following terms and conditions apply to this agreement between La Joya ISD and Vendor in all situations where Vendor has been paid or will be paid with federal funds:**

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY
CONTRACTS UNDER FEDERAL AWARDS
APPENDIX II TO 2 CFR PART 200

- (A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- (B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
- (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
- (D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor

regulations ([29 CFR Part 5](#), "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act ([40 U.S.C. 3145](#)), as supplemented by Department of Labor regulations ([29 CFR Part 3](#), "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

- (E) Contract Work Hours and Safety Standards Act ([40 U.S.C. 3701-3708](#)). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with [40 U.S.C. 3702](#) and [3704](#), as supplemented by Department of Labor regulations ([29 CFR Part 5](#)). Under [40 U.S.C. 3702](#) of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of [40 U.S.C. 3704](#) are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- (F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under [37 CFR § 401.2 \(a\)](#) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of [37 CFR Part 401](#), "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
- (G) Clean Air Act ([42 U.S.C. 7401-7671q](#).) and the Federal Water Pollution Control Act ([33 U.S.C. 1251-1387](#)), as amended—Contracts and subgrants of amounts in excess of

\$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

- (H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- (I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- (J) Procurement of recovered materials - A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- (K) Domestic preferences for procurements - As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award. For purposes of this section: “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United

States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber. Federal agencies providing Federal financial assistance for infrastructure projects must implement the Buy America preferences set forth in 2 CFR part 184.

As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to

procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

It is the policy of the District not to discriminate on the basis of race, color, national origin, gender, limited English proficiency or handicapping conditions in its programs. Vendor agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Contract, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), sex (except where based on a bona fide occupational qualification) or race, color, religion, national origin, or ancestry. Vendor further agrees that every subcontract entered into for the performance of this Contract shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor. Breach of this covenant may be regarded as a material breach of the Contract.

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

La Joya Independent School District Board Agenda Item Submission

Board of Education Meeting: January 21, 2026

Strategic Priority: Priority 5 - Operational Excellence and Financial Stability

Agenda Category: Action Item

Item Title: Consider and Take Possible Action to Approve Resolution 2026-01 Adopting Program Change and Removing of Campus Specialty Designations

BACKGROUND: This resolution begins that transition by removing the current specialty designations and initiate staffing processes so the district can develop a more coherent and future-focused system of campus models and pathways.

RATIONALE: La Joya ISD currently uses campus specialty designations to describe certain schools and programs. Over time, these labels have become misaligned with actual instructional models, student access, staffing, and community understanding. While campuses may carry a specialty title, many do not consistently operate with the academic pathways, staffing structures, enrollment priorities, or programmatic depth that those designations imply.

The current campus designation structure does not reliably reflect how schools are actually serving students, nor does it clearly communicate the academic, career, or enrichment pathways families expect. Maintaining labels that do not match reality creates misalignment between community expectations, staffing, funding, and student outcomes.
