Ensuring a Safe and Welcoming School Environment

Dear Mahanomen Public Schools Community,

As we begin the 2025–2026 school year, I want to share an important update about our commitment to safety in our school buildings.

Beginning this fall, **all visitors will be required to check in at the main office and wear a visitor pass** while in the building during school hours. In addition, **all staff will be wearing visible ID badges** throughout the day.

These practices are not meant to discourage family or community engagement — quite the opposite! We *want* you in our schools. Whether you're visiting a classroom, attending an event, or simply stopping in to drop something off, you are a valued part of our school community.

That said, **student safety is our top priority**. Wearing visitor passes and staff badges helps ensure that everyone in the building is accounted for and recognized. It's a simple way to help us maintain a secure environment for all our students and staff.

We're grateful for your understanding and support as we implement this updated procedure. If you have any questions or concerns, please feel free to reach out to the school office or my office directly.

We look forward to seeing you in our buildings and working together for a safe, successful year!

Warmly,

Dr. Andrea Simon

2. Operations & Facility Updates

- Construction remains on schedule, with major work now focused on interior finishes (ceiling materials have arrived!), furniture installation, and exterior site improvements.
 - **Parking Lot Project – Scope Extension:** Discussion on the possibility of extending the scope of the current parking lot project. Convert the grassy area to more gravel parking.

Still seeking paraprofessionals, with active recruitment efforts underway, including targeted outreach and expanded posting locations.
- Unable to secure a pool teacher for this year, but will continue to explore options tied to the pool for the future.
- Continuing search for an Ojibwe Language teacher with the goal of hiring for the second semester if a candidate is found.

5. Committee Meetings Summary

Examples include consistent enforcement of the no “F-word” policy, alignment of eligibility procedures, and creation of a shared code of conduct for both districts.
- **Policy Committee** – Met this evening immediately preceding the board meeting; a summary will be provided at the next board meeting.
 - *Special Note* – **Visitor Policy Update:** Beginning Fall 2025, all visitors must check in at the main office and wear a visitor pass during school hours. All staff will wear visible ID badges daily. Goal: Strengthen safety while maintaining a welcoming, engaged school community.

6. Leadership Evaluation Procedures

- **Board Self-Evaluations:** Proposal for an annual process to strengthen governance, identify areas for growth, and reinforce continuous improvement.
- **Principal & District Staff Evaluations:** Reviewing state guidelines and best practices to implement a consistent, evidence-based process supporting leadership, climate, and achievement. Procedure and timeline will be presented at the next board meeting.

7. NAFIS State Chair Role

- Superintendent Simon has accepted the role of **Minnesota State Chair for the National Association of Federally Impacted Schools (NAFIS)**, continuing a tradition Mahnomen has held since the 1980s. The State Chair serves as the primary communicator to federally impacted districts in Minnesota and organizes twice-yearly congressional visits to advocate for Impact Aid.

Mahnomen Public Schools

E-Learning Plan

In 2017, legislators passed a law allowing Minnesota public schools to hold up to Five (5) e-Learning days on days for bad weather. This means students will receive learning activities and assignments provided by their classroom teachers that students would complete at home or wherever they go on a snow day. Students would receive instruction in each of their classes on an E-Learning day. Therefore, even though the weather may prevent staff and students from coming to the school building, students can have a school day that does not have to be made up later.

This concept currently exists with the components of Pandemic Distance Learning the past year and the integration of technology into our classrooms. Teachers and students utilize Google Classroom (or other digital learning systems) to post instructional materials, assignments and some grade levels send paper assignments home. Students can submit assignments to Google Classroom or turn in paper copies.

E-Learning days look slightly different for each grade level. Those without internet access or devices at home will be doing lessons prepared and sent ahead of time that will include assignments and activities for each subject they have. Learning activities for all students will also be posted through Google Classroom (or other digital learning systems) so that both students and parents can have access to all subjects and assignments.

Teachers will be available to answer questions by email or other communication methods designated by the classroom teacher. Student assignments and instructions will be posted by 9:00 AM. Accessibility to teachers will be provided to the students from 9:00 a.m. and 3:00 p.m. by multiple formats including: email, Google Classroom, and phone. Students will have two days following the E-Learning day to turn in assignments to their teachers, allowing for individual family situations. Attendance for bad weather days will be based on homework completion within the two-day window.

All staff will be expected to work during E-Learning days. If they are not able or willing to complete work assignments on that day it will go unpaid unless an alternative make-up day is designated by their supervisor. Expectations and assignments include:

- Classroom & Special Education Teachers - direct instruction to students and answering student questions via Google Classroom, email and phone.
- Non-Classroom Teachers, Counselors, Interventionists, Clerical, Etc. - submit a work plan to the supervising administrator. Maintain access to email & phone for questions and communications.
- Paraprofessionals & Kitchen Staff - (depending on assignment) may be assigned to provide on-line tutoring and student support or assigned to complete on-line professional development or other job related duties.

Mahnomen Public Schools E-Learning Plan

Vision

The vision of E-Learning is that when school is canceled due to weather conditions, students and teachers will wisely utilize this time to continue with the learning that has taken place in their classrooms. The content and lessons will be related to the current classroom curriculum goals and skills. A maximum of up to 5-days can be used as E-Learning days.

Procedure

On a school cancellation day, the superintendent will inform all staff and students of the E-Learning day. All students are required to submit a STUDENT INFORMATION FORM and report any medical concerns and any special procedures to care for the student when the situation arises. Students are responsible to report any injury to a staff member immediately by filing an INJURY REPORT with the school office.

Student Illness

Students who become ill at school may call home to ask parents to pick them up. If no one is at home, the student will be allowed to lie or sit down in an assigned area. If parents cannot be contacted the school will call an emergency number if it has been provided to the school. If school officials believe the situation warrants immediate medical attention, the student will be escorted to the Mahnomon Sanford Clinic or emergency facilities.

Prescription and Non-prescription Medications

The school nurse and/or a designee will distribute prescription medications and non-prescription drugs.

When a student is required to take prescription medications while in attendance at school, the school will require:

Head Lice

If head lice are detected on a student a parent/guardian will be called to pick up the student from school. A parent/guardian is required to accompany their child upon return to school for a recheck before the student is allowed back in school. In most cases, students should not miss more than two days of school for head lice; therefore absences beyond two days will not be excused. This information will be kept confidential. Other students may be checked and notes sent home as appropriate.

ATTENDANCE POLICY

General Information

Attendance is important for student achievement. Regular attendance is critical to provide a positive learning experience. Regular attendance instills self-discipline and exposes students to teachers and peers daily. The federal No Child Left Behind legislation specifies good attendance and holds public schools accountable for improving student attendance. Students 18 years of age or older must comply with the attendance policy. **In accordance with the regulations of the Minnesota Department of Education and the Minnesota Compulsory Instruction Law, M.S. 120.101, the students of the school district are required to attend all assigned classes every day school is in session.**

Truancy and Educational Neglect

Minnesota State Statute 260C.007, Subdivision 19 defines “habitual truant” as a child under the age of 17 years who is absent from attendance at school without lawful excuse for seven (7) days if the child is in elementary school or for one or more class periods on seven (7) if the child is in junior high school, or high school; or a child who is 16 to 18 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven (7) school days and who has not lawfully withdrawn from school under section 120A.22 subdivision 8.

Students who are more than 5 minutes tardy or absent from class without permission are considered skipping.

Students will be referred to the truancy intervention program and/or county and tribal social services when continued truant.

Whether excused or unexcused (15) consecutive absences will result in your child being officially dropped at Mahnomen schools.

Continued Truant

Under Minnesota law, a student who is absent unexcused 5 or more class periods on three days during the school year is considered continued truant. Possible consequences include: suspension, delay in receiving driver's license, or parent accompanying student to school. The school will file a report with the county attorney and ICW.

Hall Passes

Students need a pass to be in the hallway during class time. Each teacher is responsible for having a pass for students to use or the teacher needs to write a yellow pass.

Tardiness

A student is tardy when he or she is not in the classroom at the sound of the bell. Teachers must provide a pass to students when they remain with them longer than the scheduled time. Students arriving to school late must report to

the office to obtain an admit pass to class. Unexcused tardies to school will result in the students' cell phone being turned into the office for the day.

GUIDELINES FOR SPECIAL ACTIVITIES

Dance rules - Music at school sponsored dances and activities held on school property will be screened to eliminate profanity and language that is suggestive, promotes illegal activities, and offends community standards.

1. The doors are to be locked 30 minutes following the scheduled beginning of the dance. A student leaving after this time will not be allowed to re-enter.
2. A student may be restricted from dances as a disciplinary consequence and students with unserved disciplinary consequences (NR, ISS, OSS, etc.) will be restricted from dances.
3. Upon arriving at the dance, students are to sign in. If a student leaves before closing time, the student is to indicate the time left. Parents interested in when their child left the dance may call the school office the next school day.
4. Guests--generally the school dances are restricted to MHS students (7-12) (enrolled in Mahanomen High School or Mahanomen ALC) and having attended for at least 1 week). If a dance is scheduled to allow guests, the MHS students must sign up their guests in the principal's office by the end of the school day prior to the dance. Most dances will be limited to specific grades.
5. A telephone is available for emergency use and for getting rides home.
6. All Student-Parent Handbook rules apply.

7. The dance approval form is to be used when requesting a dance. This form needs to be completed and submitted to the principal by the advisor or teacher one (1) week prior to the date of the dance.

7. No alcohol, tobacco, vaping device, or other illegal substances is allowed. Anyone found with alcohol or under the influence of alcohol or other substances must leave. The chaperones will call the parents and request that they come and get their son/daughter, and if the parents can't provide a ride, law enforcement will be called to take the person home. MAHNOMEN PUBLIC SCHOOL DISTRICT 432

Mr. Melby, Elem. Principal

P. O. Box 319
310 Madison Ave.
Mahnomen, MN 56557
Phone: 218-935-2581
Fax: 218-935-5827

Dear Parents and Students,

Greetings, I hope this letter reaches you well and that you were able to spend time together as families and with your friends doing fun summer activities. As many of you are aware, we have a construction project that is slated to be completed prior to the start of the school year. We are excited about this whole process and excited for the fall open house so families can tour the new addition to our school! A little recap. of our recent building improvements. In 2017 we added on to our school creating a seven classroom addition for our PreK-Kindergarteners followed by updating classrooms in our 1st-2nd grade wing in 2022. During this summer of 2024 was updated to match other classrooms.

When looking over the handbook, you will notice there have been some updates on visitors in the building and stricter consequences for vaping and inappropriate language. As we know vaping continues to be an issue. In 2024 approximately 5.9% of middle age students reported vaping within the past 30 days.

At Mahnomen we are about showing T-Bird Pride. Pride stands for P-roud, R-esponsible, I-nvolved, D-etermined, E-ducation. We teach our students expectations throughout the building and reward them for showing T-Bird Pride. What we are asking of you is to reinforce our school expectations, focus on your child's actions, and spread the word in the community that bullying and violent behaviors are not acceptable and alternatives to inappropriate behaviors need to be reinforced at home. Students who exhibit extreme behaviors will be sent home and a readmittance meeting will need to take place prior to returning to school.

For the safety of your child, requests made for your child's after school schedule, must be phoned to the elementary office by 2:30 PM. I will evaluate any extreme emergency situations.

Instant Alert is in place for notifying any changes in the school day. Please notify the Elementary office of any changes to contact information. You will receive a phone call **ONLY if the correct phone number is in the instant alert system.**

I am excited about having your child in our school and getting the new year under way. If there is anything I can do to assist you or your child, please let me know. I am looking forward to a successful and great year!

Sincerely,

Mr. Melby
Elementary Principal

GENERAL INFORMATION

Academic/E-Learning Expectations

Students are expected to complete all assignments assigned to them by their classroom teacher. When absent from school, students have two school days to complete their assignments. All 1st-6th grade parents may view their child's grades, missing assignments, as well as upcoming assignments using a parent app.. If you would like to have this setup, please call the elementary office at 218-935-2581. Once in place it will automatically move from school year to school year.

In the event of a **E-learning day**, families will be notified by the school's instant alert system. At the beginning of the school year, teachers will send homework packets to be completed for E-Learning days. The work packets can also be found on our school website. Teachers will be available from 9-3pm and will have google meets from 10-11am & 1-2pm to assist with classroom assignments. Students have two school days to submit their E-Learning school work.

Activity Tickets:

Activity tickets can be purchased in the elementary office. The price is Elementary students - \$20, High School students - \$20, Adult - \$40, Family - \$100, Sr. Citizen (55 yrs. & older) - Free. The ticket will admit the student to all the regular season athletic events. This does not include the tournament or play-off games. Admission price per game is \$3.00 Students, \$5.00 Adults.

Admittance: New Students/Exiting Students

All student records must be submitted to the elementary office prior to the student's first day of attendance. Parents must state the name of the school your child last attended. The office will request records to the school last attended. If your child will be transferring to another school, please stop in or call the elementary office to inform school officials of your student's last day of attendance. Records will be sent once the new school requests them.

After school Academic Programming:

The district offers tutoring, targeted services, and homework club to help students with their homework and in specific learning areas. Each program begins at 3:30 and ends at 5:45 which includes a snack and late bussing.

Engineering Club & STEAM Club

Engineering & STEAM clubs are two separate after school enrichment programs in the areas of Science, Technology, Engineering, Arts, & Math. All afterschool programs are from 3:30-5:45 and include a snack and late bussing.

Attendance

Attendance is necessary for your child to succeed at school. If your child is absent, please call the Mahnomen Elementary Office between 7:30-8:45 a.m. at (935-2581) or send a note explaining the absence. According to MN STAT. 120A.22 the school can require a parent or guardian to verify in writing the reason for a child's absence from school. Excused absences are illness, medical, dental, orthodontic or counseling appointments, family emergencies, death or serious illness or funeral of an immediate family member or other exemptions included in the district's attendance policy. **In order to be excused for medical appointments families need to bring in a Dr. or Physician's note.** Students who are chronically absent due to illness will be expected to submit a Dr. note.

School District policy expects students to arrive at school on time. Arriving late interrupts his/her learning as well as their peer's learning. If a student arrives after 8:30 a.m., he/she will be recorded tardy. Excessive

unexcused tardiness follows District policy and procedure and may lead to the filing of a truancy petition under Minnesota Statute 260A.02.

Parents are urged to plan their annual vacations so as to not conflict with school attendance. However, should this not be possible, the principal and teachers should be informed ahead of time so homework can be provided. According to Minnesota Statute 260A.02, three (3) unexcused absences per school year in elementary school are considered Continuing Truant. A school attendance officer or other designated school official will notify the parent/guardian the child is truant. Seven (7) unexcused absences per school year is considered Habitual truant. Whether excused or unexcused (15) consecutive absences will result in your child being officially dropped at Mahnomen schools. Legal steps will be taken by the school to control truancy in our school. Legal steps may include filing for Children In need of Protection (CHIPS) petition with either the Tribal Court or the Mahnomen County Court systems. If chronic absenteeism continues because of illness, a doctor's excuse may be required.

Attendance & Extracurricular Activities

Students may not participate in extracurricular activities or any program on the day of an absence if;

- * More than one half of the classes were missed
- * A student is suspended
- * Assigned detention
- * Any unexcused absence

Behavior: Positive Behavioral Intervention Strategies (PBIS)

To be a successful member of society, students must take responsibility for their own behavior. All students are expected to be courteous to each other and to the adult members of the staff. Students are expected to conduct themselves in such a manner they will not disrupt the instructional program or interfere with the rights of others. Therefore, the district will support implementing PBIS to continue to further achieve the goals of the district to remove all barriers to education.

Bicycles, Rollerblades, Skateboards:

It is assumed students using bicycles, rollerblades, and skateboards to get to school have permission to do so from their parents/guardians. Due to competency and safety, the school suggests only students **above** third grade use bicycles, rollerblades, and skateboards to get to school. Use of such items is not allowed on school grounds including the track, during the school day. Students **are to walk** bicycles, rollerblades, and skateboards off the school grounds at dismissal. If the student has shoes with roller blades built into them, the rollerblades must be kept inside the shoes during school.

Breakfast and Lunch Programs and Billing:

All student meals will be free in 2024-2025.

It is important for all families to complete a lunch form application as the district receives additional revenue based on the free and reduced percentage of the district.

Cell Phones/Smart Watches/Electronics

Students are expected to turn in their device to their teacher when they enter the building and pick them up at the end of the day. Students are not allowed to use cell phones/smart watches/electronic devices on school grounds during school hours. If a device has not been turned in and is seen by a staff member, it will be confiscated and turned into the Principal's office. The student can pick up the device at the end of the school day. Should there be a **second offense**; the device will be held until the student's parent/guardian can pick it up from the Principal, where a plan will be set up for any further offenses. The Mahnomen School District and the Minnesota State High School League prohibits any recording device in locker rooms at any time.

Child Abuse and Neglect Law:

As required by Minnesota State Statute 626.556 all cases where there is reasonable cause to believe a child is neglected, or physically or sexually abused, shall immediately be reported to the local welfare agency or to law enforcement.

Classroom Celebrations:

Classroom celebrations will encourage the use of healthy choices and portions. The staff will limit the use of food and beverages as rewards for students. When possible the celebration will take place during the last hour of the school day so it does not interfere with school meals. The Wellness Committee recommends parents bring healthy snacks for birthday celebrations.

Communications:

The school will be making a concentrated effort to maintain good communication with parents. Working together will help students be successful! Parents are expected to complete a Student Information Form to be used by the school personnel and notify the school anytime addresses/phone numbers change including emergency contact information.

Digital/Citizenship:

Recognizing the student of today as a citizen of tomorrow, the school does everything possible to promote good citizenship. Every attempt will be made during the school year to promote the patriotic ideals of our American system of government. This will be done through class work, reciting the Pledge of Allegiance, programs, singing, and other means at our disposal. Anyone who does not wish to participate in reciting the pledge for any personal reason may elect to do so. Students are expected to respect another person's right to make that choice.

Directory Information

Public information shall include names and pictures of students participating in or attending extracurricular activities and school events. If you do not want your child's name or picture used in the local paper, notification must be made in writing.

Elementary Newsletter:

An elementary newsletter is sent home each week with your child. The newsletter is also available on our web site, school app.-Apptegy, and on our Facebook page. If you have any contests, fundraisers, events, etc.you would like the school to know about, we encourage you to use the newsletter. Please call the elementary office at 935-2581 or email ewytaske@mahnomen.k12.mn.us with the information.

Field Trips:

The school is supportive of trips enhancing student learning. The principal approves the number of field trips any one class may take. Decision for approval rests upon the correlation between the trip and classroom curriculum, as well as budgetary concerns. Students will not be allowed to participate without a parent/guardian permission consent box checked on the student registration form.

Fire, Tornado, & Lockdown Drills:

Minnesota State Law requires every school to hold a minimum of five (5) fire and lockdown drills per year. Mahnomen Public School complies with the law and records the date and time of each drill. A tornado drill is

practiced during the statewide date.

Invitations:

Invitations to birthday parties or other special events are to be handled outside of school to avoid confusion and hurt feelings.

Law Enforcement and Local Officials

The school will require formal contact with students, **when appropriate**, by the Sheriff's Department, Probation, Human Service, Mental Health, and Indian Child Welfare staff be done only after documented proof of contact with parents or repeated attempts to contact parents. If one of the named agencies is conducting an investigation or there is an emergency that involves child protection concerns, the parents will NOT be notified by the school but by the appropriate agency. All visitors are asked to check in and sign in at the office before contact is made. If a student violates a district policy that also violates a law, the student will be referred to law enforcement. The school may ask law enforcement officials and trained dogs to search the school, parking lot, and school grounds for illegal substances. Violators will be prosecuted and parents notified.

Locker/Cubby Coat areas

School lockers are property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. School authorities, for any reason, may conduct an inspection of the interior of the lockers at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. After searching a student's personal possessions and/or lockers, the school authorities must provide notice of the search to students unless disclosure would impede an ongoing investigation by police or school officials.

Loss of Textbooks/Library Books

Students may be required to pay for issued computer devices, textbooks, library books, and/or materials owned by the school that have been lost or irresponsibly damaged.

Lost and Found/ Personal items

Lost articles of clothing are placed outside of the office. Please encourage your child to inquire about and look for these articles. The school encourages families not to send items of value to school and is not responsible for any items missing from a student's desk, locker or backpack. Students that have items missing or stolen must report it to the teacher.

Physical Activity:

Elementary students may have 30 minutes of supervised recess time during the day. The activity should encourage moderate to vigorous physical activity. The classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate. Elementary students arriving before class begins will participate in a walking program in the mornings.

Promotion/Retention

Decisions concerning satisfactory student progress for grade promotion and/or retention will consider all dimensions of student development. (1) **Academic Performance**—Teachers will annually evaluate student academic progress as satisfactory or insufficient with respect to the following measures: (a) teacher observations and informal classroom assessments; (b) measures of academic performance (reading, math and writing); (c) progress toward content standards in each grade level as measured by grade level appropriate performance

scores on MCA assessments; (d) other measures considered reliable by the student support team including, but is not limited to, progress monitoring assessments, retention/promotion checklist or a similar tool. (2)

Attendance—Students are expected to attend all classes every day school is in session. In the event of an absence, the student will be required to make up missed work. Failure to make appropriate academic progress as a result of excessive absences may result in retention. (3) **Other developmental factors**—In addition to academic measures, promotion/retention decisions will be based on social, psychological, behavioral, emotional, language, and physical development. Informal or formal assessment instruments may be used to assess development.

A Promotion Review Team will be established for the purpose of making recommendations about students who may be ineligible for promotion to the next grade.

Report Cards/Conferences/Progress Monitoring:

Report cards are issued at the end of each quarter. Conferences will be held in Nov. and Feb. You may arrange for a special conference at any time you wish. To do so, please call the teacher at school if you have any questions or concerns. Parents may view their child's progress online through parent portal access on the district website. Please contact the office to have this set up.

School Hours, Breakfast, Start & Dismissal Time:

Elementary office hours: 7:30 a.m. -4:00 p.m. Official class start time is 8:30 a.m.

Early Childhood: 8:20 - 11:45 p.m.

K-3: 8:30 a.m. - 3:13 p.m.; 4 - 6: 8:30 a.m. - 3:15 p.m.

Breakfast is served 7:45 a.m. - 8:20 a.m. Students are not allowed in the classroom until 8:25 a.m. unless approved by the teacher. Students who arrive before class time will participate in a walking program in the gym or may go to study hall in the library. Students should not leave or be picked up before dismissal time. Parents are to wait for their children in designated areas until the children are dismissed. Please do not go to the classrooms.

School Visitation: Parents

Parents/guardians and community members are welcome to visit the school. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the school office upon entering the building, with the exception of events open to the public. All outside doorways will be locked during school hours. This is not meant to discourage parents/guardians from visiting school, but as a means to keep students safe from an intruder.

All visitors are required to SIGN IN and WAIT IN THE OFFICE, showing a government issued photo ID (such as a driver's license). Parents are allowed to visit with their child in the school office, but cannot attend/visit the classroom because of the safety and confidentiality of other students. Office personnel will contact the teacher to send the student to the office.

We consider your visits to be an indication of your interest in your child and his/her school. Calling ahead and making arrangements prior to your visit will give the teacher an opportunity to make the visit worthwhile. Visitors must have the approval of the principal before visiting a classroom during instructional time. Visitors that are granted access MUST wear a "visitor name tag" at all times while in the building and return it to the office upon leaving. Any visitors not approved by the Principal will NOT be allowed access to the building.

An individual or group may be denied permission to visit a school or school property if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the

school district. Students are not allowed to bring visitors to school. Any person who is in the building during the school day without permission may be charged with trespassing.

Special Education:

A full range of special education programs are offered at Mahnomen Schools. Special education identification and placement rests upon a complex system of referrals, individualized assessment, and the identification practices based on the state and federal eligibility criteria. The main objective of the special education programs at Mahnomen School is to provide an environment in which all learners are able to develop positive attitudes toward themselves and others while experiencing success in school. Individualized academic and behavioral programs are based on the learner's needs. Mahnomen School supports the concept of providing service in the least restrictive environment as required by law. Special needs learners are included in regular classroom environments to the maximum extent possible, based on data collected, ensuring continuous progress. The student's Individual Education Plan (IEP) team will determine the appropriate placement for the student. The IEP team will also address the Minnesota State Tests for each student.

Storm/Emergency Closings:

The school will make emergency announcements on the following Radio & TV stations: Mahnomen-KRJM (101.5 FM); Ada –KRJB (106.3 FM); Fargo –KVLV TV (channel 11). If the weather is threatening please listen to one of these broadcast stations for cancellation, late start, or early dismissal announcements. These announcements will also be posted on the District's website and facebook pages. The school has an automated calling system to help us contact families in the event of an early dismissal, late start or school closing. It is essential the school has current parent and emergency contact information in case of a school closing or emergency. Please contact the school whenever you change phone numbers or address to update your contact information.

Telephone Use:

Parent phone calls to students:

Students **will not** be interrupted during school hours unless deemed necessary. **For the safety of your child, requests made for your child's after school schedule, including busing, must be phoned to the elementary office by 2:30 PM (935-2581). The building Principal will evaluate extreme emergency situations after 2:30 PM.**

Calls to Teachers:

If you wish to speak with your child's teacher by telephone, please call before school, during their prep time, or right after school. Phone calls occurring at other times will go to the teacher's voice mail.

Student Use:

School phones are for business purposes, and are not to be used by students, unless an emergency arises. Students will not be allowed to use the telephone to make arrangements to stay with a friend, etc. These arrangements should be made the previous evening. Students will also be discouraged from making calls home because they forgot a book or their homework, shoes, instruments, etc. It is important the student assumes the responsibility for bringing items they need each day.

Vending Machines: Elementary students are not allowed to use the vending machines anytime during the school day, including before and after school.

HEALTH ISSUES:

Head Lice

The school has periodic head checks but it is the HOME responsibility to check and recheck for the best control. All of the family members need to be checked. If lice are detected in your child's hair, you will be called and asked to pick up your student from school. Students will be screened upon returning to school. Absences beyond **one** day will not be excused. Children sent home on a Friday are required to return to school on Monday. This information will be kept confidential. Other students may be checked and notes sent home as appropriate.

Illness at School

If a child needs to go home because of illness, the parent will be notified by the health office. Students need to receive permission from their classroom teacher in order to go to the health office. It is very important to have emergency telephone numbers to reach someone who can pick up their son/daughter in the event we cannot reach you.

Immunization

Minnesota Statutes 1980, Section 123.70, requires all children who are enrolled in a Minnesota school be immunized against Diphtheria, Pertussis, Tetanus, Polio, Measles, Mumps, Rubella, and Hepatitis B allowing for certain specified exemptions. All students are expected to be in compliance on the first day of their entry into school. An immunization record will be kept on file for each student as required by law.

Medication

Minnesota law and Mahnommen School Policy state: unless a school has a licensed school nurse only school personnel may administer medication. In order to do so, the school personnel must have the following:

1. Written permission from parents or legal guardians.
2. Written authorization from the doctor. Please get this sheet from the office or nurse for the doctor to complete.

Prescription medicine MUST be in the original medication bottle from the pharmacy with the label.

Nonprescription medication, commonly called "over-the-counter" medications, will require a doctor's signature and parent signature in order to administer at school. The same form will be used for prescription-medications. Parents/guardians are to bring medications to school. School personnel are compelled by law to comply with the above requirements.

Physical Education and Swimming Policy:

Physical education is a graded and required course for all elementary students. Some clothing and jewelry can be a safety concern or limit a student's participation. Students may be asked to remove any articles deemed unsafe or inappropriate by the PE instructor. Parents/guardians are to notify the teacher of any limitations your child may have. A Dr. note will be required to excuse your child from PE for illnesses lasting more than three days.

Public Health Records

A health record is kept for each student. It follows the students from Early Childhood through Grade 12. The health record is updated each year by information obtained from parents/guardians. Please inform the school each school year regarding a student's health problems.

Vision and Hearing, Scoliosis

Vision and hearing and Scoliosis screening will be completed according to State Health Department recommendations. Parents/Guardians will be notified if a professional examination is necessary.

White Area Crisis Hotline

1-877-380-3621

SCHOOL BEHAVIORAL EXPECTATIONS/POLICIES:

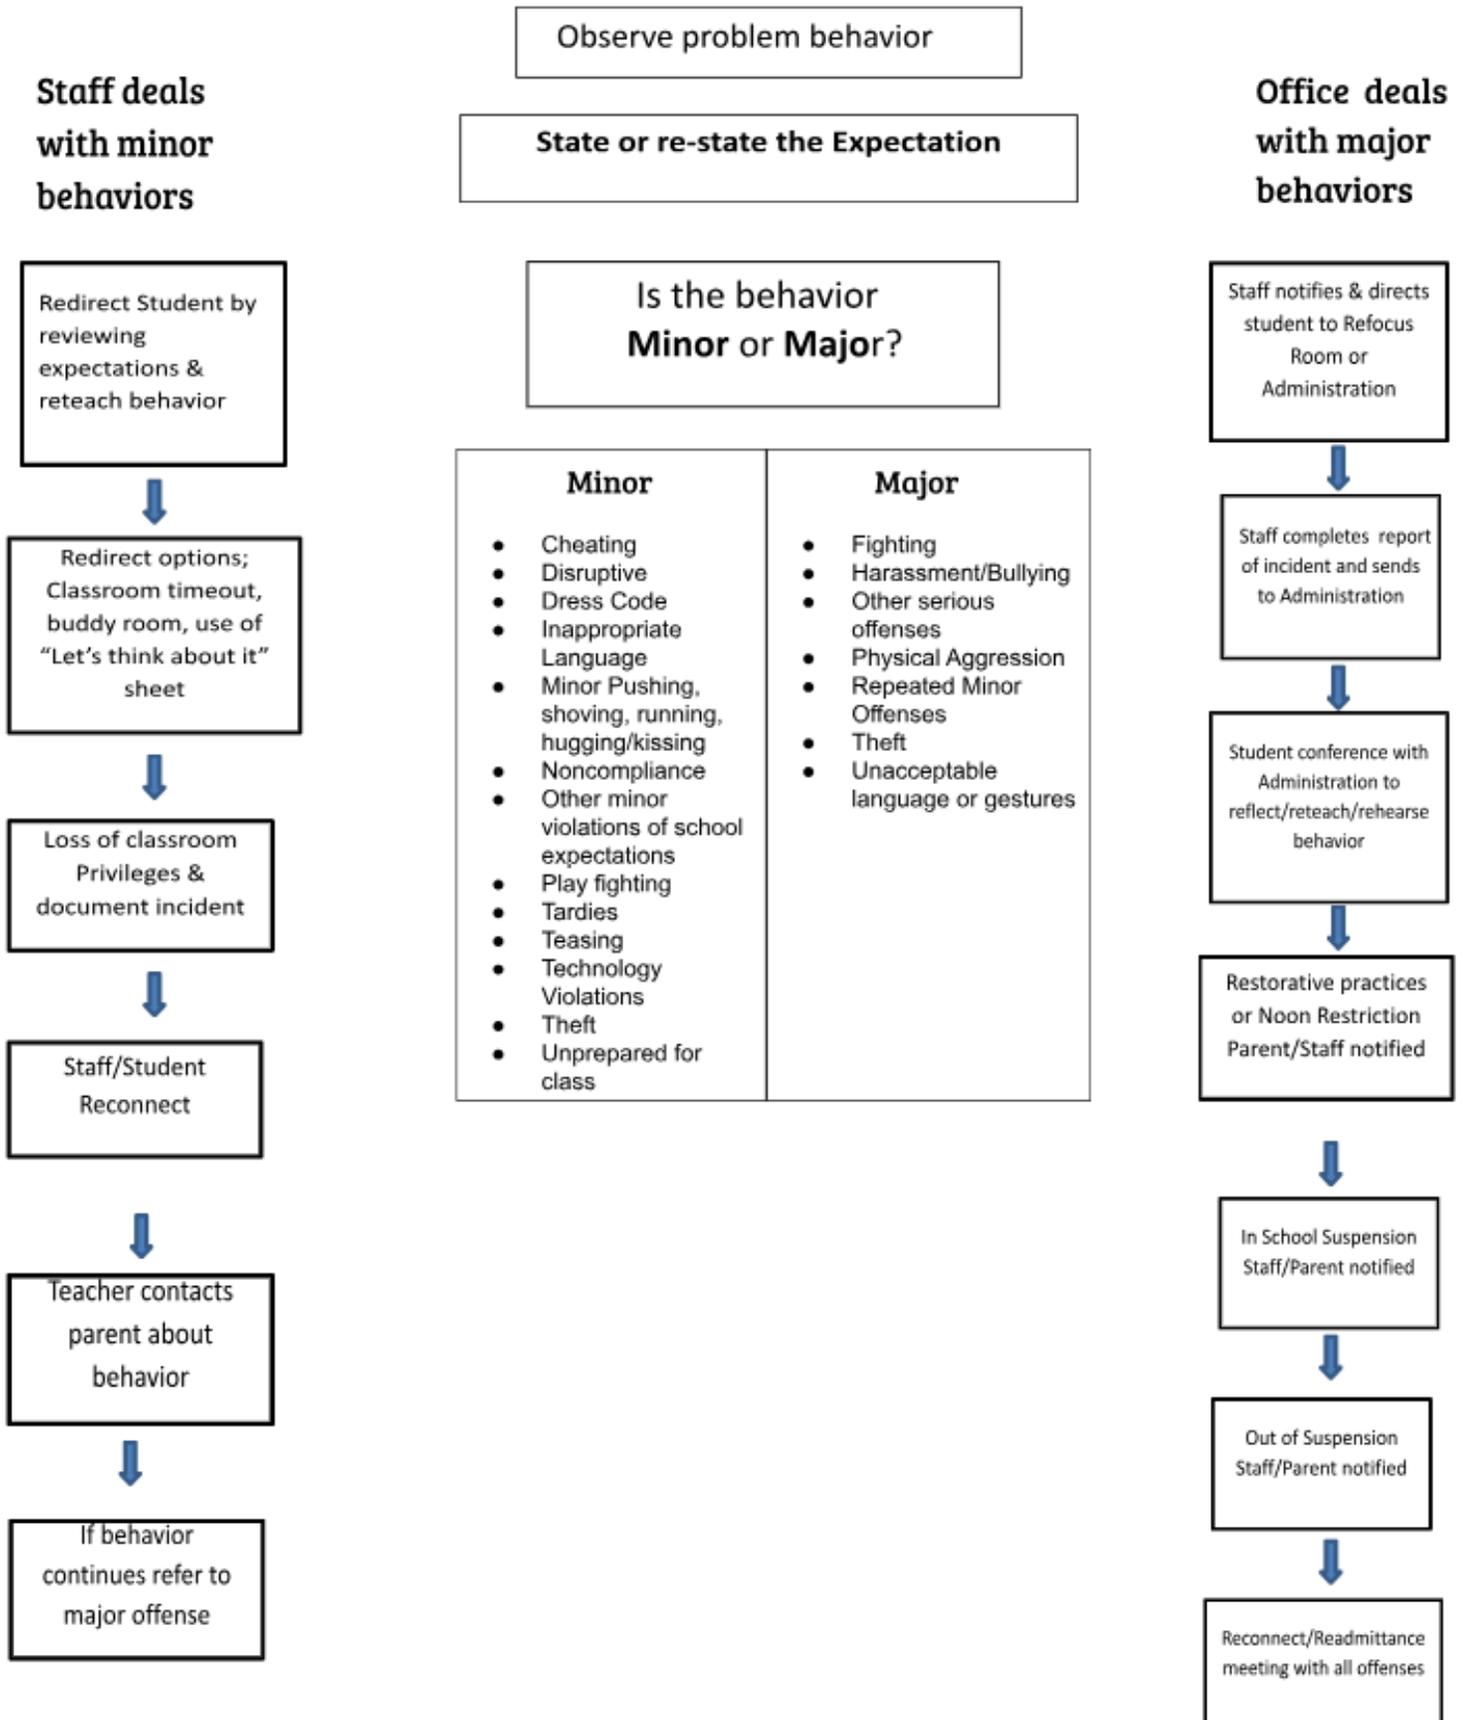

All students are expected to be respectful to themselves, peers, staff members, and school property. Students are expected to conduct themselves in a non-disruptive manner which does not disrupt the instructional program or interfere with the rights of others. Successful learning is contingent upon the self-discipline of students. Any type of fighting, harassing, or threatening others, verbal abuse (including arguing and talking back), profane language or gestures is not acceptable. Depending on the level of bullying/harassment or threatening statements, the district's Harassment and Violence Policy may be used instead of a behavior referral. The school has an automated system to notify parents of discipline incidents.

For students that do not follow the expectations and have served in-school suspension, **out of school suspension** will be the next step. Some incidents, such as possession or use of illegal drugs, possession of a weapon, out of control behavior, will result in out of school suspension on the first occurrence. Out of school suspension will result in a parent meeting to occur before the student may return to school. In and Out of School Suspensions are at the discretion of administration.

Suspension - Expulsion

Occasionally it becomes necessary to suspend or expel a student from school. In this event, all procedures will be governed by MSA 121A.40 more commonly known as MN Pupil Fair Dismissal Act. The regulations of IDEA (special education) will be followed also.

Under the provisions of the law, students may be suspended or expelled from school for any of the following reasons:

- * Willful violation of any reasonable school board regulation
- * Willful conduct which materially or substantially disrupts the rights of others to an education
- * Willful conduct which endangers the student, other students, or school property

Weapons/Federal Gun-Free Schools Act:

In 1994, the President and legislature enacted the Federal Gun-Free Schools Act. In order for schools to be eligible for **any** federal funds they must adhere to its guidelines. The school board shall expel, for a period of at least one year, a pupil who is determined to have brought a firearm (as defined in 18 U.S.C. Section 921) to school, subject to modification of the expulsion on a case-by-case basis. A firearm is defined as a weapon capable of firing a projectile object.

Mahnomen Public Schools has a no tolerance policy for the possession of any weapon or use of any item as a weapon. Minnesota Statute 609.02, subd. 6, defines a dangerous weapon as any firearm or any device designed as a weapon and capable of producing death or great bodily harm.

The intent and the manner in which the weapon is used will be considered during the investigation and the

consequence. The school will search a student's person and/or locker. Minnesota Statute 609.66, subd. 1d(b) recites "whoever possesses, stores, or keeps a replica firearm or a BB gun on school property is guilty of a gross misdemeanor." If a person also uses, or brandishes, such a weapon on school property, they would be guilty of a felony. If any such item is found, law enforcement will be notified.

Mission Statement: The purpose of the Mahnomen/Waubun-Ogema-White Earth activity cooperative is to provide a comprehensive and balanced activity program that will provide more opportunities and experiences for our students that either school may not be able to provide individually.

Statement of Philosophy: A comprehensive and balanced athletic/activity program is an essential complement of the basic program of instruction. The activity program should provide opportunities for students to further develop interests and talents in activities and other health-related areas. The opportunity for participation is a privilege that carries with it responsibilities to the school, to the sport, to the student body, to the communities, and to the students themselves.

While Mahnomen/Waubun-Ogema-White Earth takes great pride in winning, it does not condone “winning at any cost” and discourages any and all pressures that might tend to neglect good sportsmanship and good mental health. Participation in these activities should provide many students with a lifetime basis for personal values, for work and leisure activities.

The interscholastic activity program shall be conducted in accordance with existing School Board policies, rules, and regulations. At all times, the activity program must be conducted in such a way so as to justify it as an educational activity. Activities play an important part in helping an individual student develop a healthy self-concept as well as a healthy body. Activities add to both schools’ spirit and help all students and spectators develop pride in their schools.

Every effort will be made to support the activity programs with the best facilities, with the necessary equipment, and with the most qualified staff available. The ultimate goals of the activity should be:

1. To realize the value of teamwork and participation including, but without overemphasizing, the importance of winning.
2. To develop and improve positive citizenship traits among the program’s participants

From Insideoutinitiative.org

Mahnomen/Waubun-Ogema-White Earth believes that:

- **Activities engage** more individuals, families, and communities.
- **Activities present** countless teachable moments where ethical values such as empathy, moral courage, fairness, responsibility, and respect for self and others can be developed.
- **Activities connect** students to caring adults in their learning community who foster social-emotional intelligence and academic success.
- **Activities provide** students with opportunities for moral, social, emotional, and civic growth.

Continue to participate in *Why We Play: Courage/Confidence/Failure/Belonging/Growth.*

Consider further training from Inside Out Initiative:

The Philosophy (excerpt from Inside Out.org)

The Inside Out philosophy focuses on the purpose, power, possibility, and privilege of leading and coaching. It requires educational leaders, athletic directors, coaches and school communities to take an in-depth look at four key questions:

- *Why do I coach?*
- *Why do I coach the way I do?*
- *How does it feel to be coached by me?*
- *How do I define success?*

“The growth and success of each student’s human potential can only be fostered if the adults who are in charge are aware of and intentional about their transformative purpose”.

Cooperative Advisory Committee: A cooperative advisory committee will consist of three board members from each district; the Activities Director, and the Superintendent from each district. The advisory committee will meet quarterly, or as needed. The advisory committee will take no action, but will provide recommendations for policies, rules, and procedures to be approved through each individual district’s Board of Education. A post-season review with the head coach will be part of the quarterly meeting. A joint board meeting will be held if necessary for discussion on this handbook and improvements that can be made for a successful cooperative sponsorship.

4. Coaches will not be required to submit an application each year. If there is sufficient cause to open a coaching position, the coach will be asked to submit a new application. Parent complaints cannot be the only cause for opening a coaching position.
5. Every effort will be made to have coaching representation from each district. This will hopefully help to increase participation at each school.
6. Existing coaches will be paid by the current school. New hires that are part of the school district staff will be paid on that school's schedule. Community and district affiliation will be considered for salary schedule placement as determined by Activities Directors and Superintendents.

1. To be upstanding, ethical, and moral individuals that set the example of sportsmanship for all our students.

2. Practices and home events will be alternated between schools as evenly as possible, if adequate facilities exist. The locations of the visiting team and their expected attendance will be considered when determining locations of games. Host school will determine cancellations.
3. Tournaments, triangular, and double headers held on the same day will count as one contest for the sake of this agreement.

Changes will be proposed and discussed during the cooperative advisory meetings at least annually. This agreement, and any changes made, will be approved by each district's Board.

Attendance

Attendance at practice is extremely important. It is almost as important as attendance at school. Attending practice everyday demonstrates dedication and commitment to the team. Athletes should make every attempt to schedule appointments around practice times. Sometimes athletes must miss practice due to things out of their control. Some examples of acceptable absences include: illness, medical appointments, family emergencies, church activities, or school related activities. Other things will come up but **a coach should be notified when an athlete is going to be absent from practice.**

Unexcused absence from practice will result in missed game time. Each Coach will communicate their rules in regards to the severity of missing practice at the start of the season in the parent and player meetings. Again, unexcused absences will result in missed game time. Examples of unexcused absences: haircuts, shopping, hunting, going with friends, and detention.

Communication is key. The athlete should let the coach know in advance if he/she is going to be gone. Telling a friend to tell the coach is not an excuse. It is the player's (or parents) responsibility to communicate absences to the coach.

Additionally, please reference your district student handbook regarding attendance during the school day and ability to participate in after-school activities on such date.

Respect

Every athlete will be expected to show respect for themselves, their teammates, coaches, officials, opponents, parents/guardians, school staff, and community members. Athletes are ambassadors of the Mahnomen and Waubun High School and should exhibit respectful behavior at all times.

Athletes who are removed from a game for misconduct will not be allowed to play in the following game. This is per the MSHSL and it will be enforced. Please note that any student who demonstrates poor citizenship (cheating, theft, vandalism, physical or verbal abuse, harassment, defiance of staff, etc.) may lose their eligibility to participate in extracurricular activities.

All athletes are viewed as important to the team/program. All athletes are expected to be productive team players. Athletes who are not willing to be team players may be dismissed from the team. The Mahnomen/Waubun Athletic Program will not tolerate any incidents of bullying, harassment, or intimidation of athletes to other athletes. **Negative or insulting comments toward our school, teammates, coaches, officials, or opponents using social media (facebook, twitter, etc.) will not be tolerated. If this rule is violated immediate suspension or removal from the team will result. Parents, please help lead by example with this rule.**

Playing Time

The Mahnomen/Waubun coaching staff does not guarantee equal playing time for everyone. Athletes are evaluated in several areas throughout the season that establish the amount of playing time earned by each athlete.

1. Fundamental athletic ability and improvement of offensive and defensive skill level

2. Consistency of performance and development in practice
3. Ability to effectively contribute in competition
4. Attitude and work ethic in practice and competition

In the early season, all athletes will be encouraged and directed to develop skills in all aspects of the game. Those athletes who are able to develop a complete game will have the most playing time opportunities. As the season progresses, or based on physical necessity, athletes will become more specialized into specific roles. An athlete's ability to contribute positively to the team will be a factor which impacts playing time as well. How an athlete adds to or distracts from the team's performance in practice and competition as compared to a teammate who performs a similar role will directly impact the playing time a player earns. During games and tournaments, coaches are constantly adjusting and evaluating lineups, considering individual match-ups with opponents, and addressing opportunities for individual growth and improvement. This means that there are a number of considerations why some athletes may receive more playing time than others. Athletes (and parents) are expected to understand and accept their roles as defined by the coach and concede that the collective performance of the team unit as priority. **Athletes will be given every opportunity to earn playing time in practice.**

Safety and Injuries

The safety of our athletes is our foremost concern. If a player should become injured during practice or a game, they should report their injury to their coach immediately. Sometimes athletes do not want the coaches to know about an injury. Parents/guardians should contact one of the coaches regarding an injury or other medical condition involving your athlete. An athletic trainer will be available to diagnose and treat injuries. We have a lot of faith in our trainers, please use them as a first contact if possible. Save the doctor visits for emergencies if at all possible.

CONTACTING COACHES

Coaches have been instructed by District and Athletic program administration that they are asked not to address concerns from parents during their off duty hours. This includes phone calls at home, out in the public, etc. It is very difficult to accept your child not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for ALL students involved.

There are situations that may require a conference between the coach, activities director, and the parent. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue of concern. Below you will find the 8 Step Parent Protocol for Conflict Resolution.

*Only begin this protocol if your son or daughter has talked to the coach first.

*Both Parties will be allowed to speak in an uninterrupted manner. The conference will be in a non-threatening environment. Coaches/Advisors/Administration will refer to the following protocol:

- **Step 1** – Contact the Head Coach via school phone, or e-mail, to arrange a meeting time.

Please do not make this initial contact immediately after a game or contest.

- **Step 2**– Attend meetings on a set date and discuss concerns and come to a resolution.

Concerns are limited to your student-athlete only. Discussion of any other student athletes is means for meeting termination. Playing time is not an appropriate discussion topic, but discussion about how your athlete can improve is appropriate. The athlete will be present at this meeting.

- **Step 3**– Contact the Athletic Director, via school phone, or email to arrange a meeting time if a satisfactory resolution to the concern is not reached through Step 2. Head coach will be invited to this meeting.
- **Step 4**- Attend a meeting on a set date and discuss the concern and the proposed resolution to the concern by the Head Coach. The athlete will be present at this meeting.
- **Step 5**- Contact the HS Principal, via school phone, or email to arrange a meeting time if a satisfactory resolution(s) to the concern is not reached through Step 4.

Head Coach and Athletic Director will be invited to this meeting

- **Step 6**- Attend a meeting on a set date and discuss the concern and the proposed resolution to the concern by the Head Coach and Athletic Director. The athlete will be present at this meeting.
- **Step 7**– Contact the Superintendent, via school phone, or e-mail, to arrange a meeting time if a satisfactory resolution to the concern is not reached through Step 6.

The Head Coach, Athletic Director, and High School Principal will be invited to this meeting.

- **Step 8**- Attend a meeting on a set date and discuss the concern and the proposed resolution(s) to the concern by the Head Coach, Athletic Director, and Principal. The athlete will be present at this meeting.

If the above procedures are not followed, the following steps will take place:

- i. 1st Violation of Procedure: The coach will suggest a meeting at a later date and an email or letter will be sent to the parent outlining our procedure for handling athletic/activity complaints.
- ii. 2nd Violation of Procedure: Removal from the next contest.
- iii. 3rd Violation of Procedure: Removal from all remaining contests.

Guidelines for Communication

The following are communication guidelines put in place by the Mahnomen-Waubun athletic department. All coaches, parents, and athletes are expected to follow these guidelines.

Communication Parents Can Expect From a Coach:

1. Philosophy of the coach
2. Expectations of the athlete and the team
3. Location of all practices and games
4. A copy of the team rules

***Discussion of your son's or daughter's role on the team will be between the coach and the athlete only.

Communication Coaches Expect From Parents:

1. Concerns related to your son or daughter's mental, physical, or emotional well-being
2. Specific questions about a coach's expectations of parents
3. Notification of any injuries or illnesses
4. Prior notification of any student absences from practices or games

Appropriate Parental Concerns to Discuss with Coaches:

1. Mental or physical wellbeing of your son/daughter
2. Ways in which you can help your son/daughter improve
3. Concerns about your son/daughter's behavior

Inappropriate Parental Concerns to Discuss with Coaches:

1. Playing Time *Playing time discussions will be between the coach and athlete only
2. Team Strategy
3. Play Calling
4. Team Selection
5. Another Athlete

***If conversations with a coach moves to any of those five topics, our coaches are instructed to immediately end the discussion. Parents can reschedule a meeting with the coach to continue an appropriate discussion at a later date. Further, any vulgarity, rude behavior, or threats will signal an immediate end to any discussion.**

24 Hour Rule- No conflict between a parent, student, official, or coach should be addressed during or immediately following a contest or production. The contest site, practice field, lobby, or locker rooms are not appropriate places to handle conflict. Coaches or Activity Supervisors are not to meet or deal with conflict at these times or places. Most conflicts are better resolved with an appropriate cooling down period.

Group Conflict- No parent group shall meet at the school to discuss team problems without representatives from the school which will include the A.D. or coach. At group meetings, individuals must speak for and represent themselves, not other individuals or groups.

ACADEMIC PROGRESS

A student/athlete's academic success is the most important aspect of their student life. All student athletes are students first and athletes second. It is imperative to follow each student/athlete's progress in the classroom. Once a problem is detected the student/athlete may require a tutoring program that will become available.

The grades of in-season student-athletes will be checked weekly by building activities directors. If passing all classes, they are cleared to participate in the practice and contest. If a player is failing the same course for 2 consecutive weeks, he/she will be ineligible for one week (until weekly grade checks reoccur). If a student is ineligible at the end of a season or grading period, it will carry over into the next season and/or school year.

During any ineligibility period, the athlete must remain a member in good standing of the team. He/she must follow all team rules and attend all practices, unless the coach gives permission to attend alternative programming such as conditioning or tutoring services.

Additionally, student-athletes that are deemed academically ineligible will not be allowed to travel with the team to away games.

ALC/ALP Students - Students enrolled in the ALC Program need to be making adequate progress towards receiving credit for the courses that they are enrolled in. Specific criteria will be determined by program directors and will be communicated with student-athletes, parents/guardians, and coaches.

Practices

- While there are a few sports with exceptions, all sports should be practicing or playing games a minimum of five days per week. Practices are expected to go from 3:30-5:45pm. All coaches are expected to remain at the school and supervise until the final student-athlete has left the building. If you wish to practice or play at an unusual time or in a place that is different from usual, you may need to make facilities requests to your school. NO SPORTS are allowed to practice or play on SUNDAYS and ALL practices must be complete by 5:45 pm on Wednesday evenings.
- Practices may be scheduled during vacations.
- Students should not attend morning practices prior to school unless they are well enough to attend morning classes.
- In the event school is released early due to inclement weather or other emergencies, there shall be no after school activities. School facilities will be closed. Any exceptions must be made by school administration. (See E-Learning policy)

E-Learning Policy

- In the event of school being canceled and students being dismissed early, all after school activities will be canceled. E-Learning Days due to severe weather are the same as bad weather days and all activities will be canceled. However, in the event that there are significant changes in conditions that allow all students from both districts to participate, administration from both districts will re-evaluate the situation. Determinations will be made on a case-by-case basis. Factors include, but are not limited to: future weather forecast, travel destination, road conditions, post season implications, etc.
- When weather conditions present possible danger, the final decision to travel will be made by the Athletic Directors and Superintendents with input from transportation staff, coaches, directors, and advisors as appropriate.

BYLAW 403.00 INTERPRETATION

Q. What procedure should be followed when an additional school is to be added to an existing cooperative sponsorship agreement?

A. Cooperative sponsorship is an agreement between two or more member schools. When a third or fourth school is to be added to an existing cooperative sponsorship agreement, a new application must be submitted on behalf of all of the schools that are going to be involved in the new agreement. At the same time application for dissolution should be submitted for the existing agreement.

BYLAW 404.00

LOCAL CONTROL

Member schools may, if they so desire, prescribe eligibility bylaws that are more restrictive than those of the League. They may not adopt bylaws which lessen the effect of or change League bylaws except as noted in 302.00

BYLAW 405.00

MINIMUM REQUIREMENTS FOR PARTICIPATION IN LEAGUE-SPONSORED TOURNAMENTS

Team: A member school must schedule a minimum of three interscholastic varsity games, meets or matches to qualify for League-sponsored tournament participation in that sport.

Individual: Nordic and Alpine skiers must compete in at least three separate high school meets to be eligible to enter section competition.

BYLAW 406.00**PHYSICAL DEVELOPMENT PROGRAMS**

Group and individual physical development programs open to all students between the close of one season and the opening of the next season are encouraged. The use of high school gymnasiums and other athletic facilities during the same period is also encouraged. Coaching of sport techniques and skills to students who have participated on high school teams is a violation of the bylaws and should not be included in a program which emphasizes physical development rather than skills and techniques of specific sports. Chalk talks/“skull sessions” emphasizing sport skills and techniques are a violation of the bylaw. There shall be no requirement for athletes to participate in the program as a criteria for being on a high school team. Activities conducted by secondary students and sanctioned camps or clinics are exceptions to this bylaw.

BYLAW 407.00**PROTESTS AGAINST DECISIONS OF CONTEST OFFICIALS**

1. Protests against decisions of contest officials will not be honored.
 - A. League officials will render an interpretation to all parties involved as to the proper application of contest rules in cases protested if the complete facts are presented, in writing, to the League office. Such interpretations, however, will not alter the outcome of the contest. The decisions of contest officials are final.
 - B. It is recognized that errors interpretations and application of bylaws and in judgment situations are inevitable. However, the orderly and sportsmanlike conduct of high school activities requires that officials' decisions must be honored and be final.
 - C. Video recordings will not be used to overrule an official's decision or change the outcome of the game, meet or contest.
2. It is strongly recommended that contest officials be agreed upon well ahead of the date for all duel and tournament contests. School officials are expected to employ the best-qualified contest officials available and to place the operation of the contest entirely in their hands. Contest officials include referees, umpires, judges, timers, scorers and others responsible for the direct operation of a contest.

BYLAW 408.00**REPORTING VIOLATIONS OF LEAGUE BYLAWS**

1. Any protests against a member school for violation of League bylaws shall be made in writing to League officials. The protest shall:
 - A. be made within 24 hours after receipt of information, and;
 - B. set forth the known facts, sources of information, witnesses and the time such data became known.Failure to make the report as required will not relieve the offending school of its responsibility. Such negligence may jeopardize the standing of the official and or the school for withholding evidence.
2. League officials shall make an immediate report of the information received to the superintendent or principal of the school in which a violation is suspected.
3. If there is insufficient time to complete an official investigation and to rule on it prior to the next contest or contests, the students) may participate subject to the condition that the full penalty of the bylaw will apply to such contests and to the student(s) if the charges are substantiated. The school must determine who is responsible for the violation and censure the responsible party or apply other administrative sanctions as may be appropriate. The school must notify the League of its action.
4. Nothing in this section may be considered as voiding the responsibility and duty of League officials to investigate the eligibility of students or violation of bylaws received in an unofficial or less official form.

BYLAW 409.00**RESPONSIBILITY FOR****PARTICIPATING TEAMS,
STUDENTS AND SPECTATORS****1. Faculty Representative**

Contesting teams or individual contestants shall be accompanied by a member of a school's administration, faculty or coaching staff. The school representative shall be responsible to act on behalf of the member school.

Further, the member school should monitor its compliance with League eligibility requirements.

BYLAW 409.00 INTERPRETATION

Q. What action should be taken if the coach of a school team who is the only coach present at a contest, is ejected from the contest and removed from the immediate playing area?

A. With no remaining coach present, the school may not continue to participate. The contest should be terminated and forfeited to the opponent, and a Special Report should be filed with the League by the officials involved.

BYLAW 411.00

SCHEDULING OF CONTESTS

1. All contests in which member schools participate shall be scheduled and arranged by the official representative of the schools concerned. Contests may be scheduled and played only when all of the Bylaws of the League are observed.
2. Member schools may schedule contests with non-member schools, provided that:
 - A. The non-member school follows all of the eligibility guidelines and bylaws of the state high school athletic/activity association in the state where the school is located; and
 - B. The state high school athletic/activity association is a member of the National Federation of State High School Associations and offers the athletic activity as one of the state association's official list of competitive activities; and
 - C. The participation by the non-member school has been approved for competition by that state high school athletic/activity association and the MSHSL.
3. All contests in which member schools participate shall be covered by a contract signed by the official representative of the schools involved. Such contracts may be canceled only:
 - A. by written mutual consent of the official representatives of the school parties to the contract;
 - B. by written approval of the Region Committee or Board of Directors respectively for subsection, section and state contests.
4. Member schools shall not:
 - A. schedule or play contests with schools under suspension from League membership (violation of this bylaw is sufficient grounds for suspension of the offending school from League membership),
 - B. schedule or participate in games with any "all-star" team or teams,
 - C. schedule or play a preliminary game to a professional contest,
 - D. schedule or participate in a contest, game or meet following the state tournament in that sport,
 - E. schedule a game or practice on Sunday, (dance team and cheerleading may request an exception to the policy to perform at a national event),
 - F. schedule their J.V. or B-squad to participate in a game, meet or tournament against another school's varsity

unless all participating schools count that contest/tournament as one of the total allowed varsity contests,
G. engage in any meet or meets, training, practice or other activities between the end of the season and the opening of the next season in that sport.

5. Precinct Caucus Day

Games, meets or contests are not to be played after 6:00 p.m. on Precinct Caucus Day. Precinct Caucus Day is established as the first Tuesday in February in all even-numbered years.

6. Election Day

Public secondary schools. Except for regularly scheduled classes, public secondary schools, located in the political subdivision in which an election is held, may not hold a school sponsored event between 6:00 p.m. and 8:00 p.m. on the day that an election is held. National, state and local elections apply equally.

A. "regularly scheduled" election is one which:

- 1) is a primary election; or
- 2) is a general election; or
- 3) is a township election.

B. NOT included in the above is an election which:

- 1) is a special election; or
- 2) is a postponed election; or
- 3) is an election whose date is difficult to anticipate.

7. Sundays and Legal Holidays

A. Sundays: League bylaws prevent the scheduling of practice, games, meetings, pictures or scrimmages on a Sunday for all League-sponsored activities including dance team and cheerleading.

B. Legal Holidays: League bylaws do not prevent scheduling games on a legal holiday; however, the Board discourages schools from scheduling games on legal holidays and withholds sanctions for those events requiring a sanction.

8. Jamborees

A. All Jamborees may be conducted following five separate complete days of organized practice. Participation in a jamboree will not count as a game or match.

B. Basketball, football, hockey, lacrosse, girls' volleyball: Each participating team is limited to a maximum of one-half of the length of a regulation contest. It is strongly recommended that all squad members have an opportunity to participate.

C. Wrestling: Each individual contestant will be limited to one two-minute match (period).

9. Lightning/Threatening Weather

When weather conditions present a threat to the safety of participants and spectators, the host school superintendent or his/her designee has the authority to postpone or suspend the contest. The policies for each sport would determine whether and how the contest would be resumed.

10. Definitions:

A. End of the Week:

Thursday shall be defined as being the end of the week for purposes of scheduling the first game of any sport season. Contests can be scheduled for that Thursday.

B. Practices Required Before Game:

This bylaw does not apply to an individual athlete but is a team requirement. Obviously there should be great concern in deviating from the team policy for individuals. This is a health and safety regulation and compromise on it could raise serious questions should an injury be associated with inadequate conditioning or training.

C. End of Season:

1) Student Participation on a Non-School Team While the Season is Still in Progress:

- a) The season shall end when the student or the student's team has been eliminated from further participation in a League tournament series.
- b) Students who have been eliminated from further participation in a League tournament series may participate as an individual or as a member of a non-school team in that sport.

2) School Team Practice and Competition

The “end of season” shall be defined to be the last date of the state tournament in that sport.

- a) Schools may continue to conduct practice and training for all squad members, including the students who have been eliminated from further individual competition in a League-sponsored series, until completion of the state tournament conducted by the League in that activity.
- b) Dual contests may be scheduled after the start of the official League tournament series providing the school does not exceed the maximum number of games/matches/meets permitted in that activity.

D. Practice:

Practice shall be defined as sport-specific training and instruction involving students from your school and the approved coaches and instructors from your school.

E. Contest:

Any event involving two or more schools as identified in the MSHSL-approved sport-specific rules book and which follow the MSHSL rules, policies and Bylaws. All contests will count as one toward the maximum number of games allowed during that sport season.

F. Inter-School Scrimmage:

Any sport-specific training, instruction or interaction that involves members of your high school program with individuals or students who are not members of your high school program and who are not students at your school.

The intent of the scrimmage rule has always been to allow interscholastic scrimmages. By definition, an interscholastic scrimmage involves high school students only. Scrimmages or practices with college, community college or other non-school programs are not allowed.

Each athletic program is allowed three calendar dates to hold three days of scrimmages or two days of scrimmages and one jamboree day.

Schools participating in scrimmages:

- MAY—use a time clock in order to approximate certain game situations during which coaches may want to give instruction to their athletes.
- MAY NOT—participate in sessions that approximate or equal actual game conditions. For example, a hockey scrimmage cannot have three, seventeen minute periods.
- MAY—use officials.
- MAY NOT—use a scoreboard or other device to keep score or show points scored.
- MAY NOT—keep an official or unofficial score.
- MAY NOT—keep an official or unofficial scorebook.
- MAY—use practice jerseys.
- MAY NOT—use game uniforms or any other school identifying apparel.
- MAY NOT—advertise or promote the scrimmages.
- MAY NOT—charge admission of any kind, or accept free will donations. G.

G. G. Alumni Participation in Practice:

- 1) Alumni from your school may participate in your school’s sport-specific practices and not count against one of your three allowable scrimmage dates.
- 2) All alumni practice participation must be approved in advance by the athletic director. **MSHSL catastrophic insurance will not cover any participation that involves current students from your school and alumni from your school.**
- 3) An Alumni game, if not played under the conditions described in F, must count toward the limit of games allowed.

H. Alumni Coaches:

All alumni or any other individuals who volunteer to assist with the coaching or instruction of student athletes at your school must be approved in advance by the athletic director and must be identified as volunteer assistant coaches for your school. Minnesota Statute 123B.03 subdivision 1, requires background checks for all individuals who provide athletic coach services for your programs.

Minnesota Statutes 2006, section 123B.03, subdivision 1, as amended by Laws 2008, chapter 75, section 1, is amended to read: “*Subdivision 1. **Background check required.** (a) A school hiring authority shall request a criminal history background check from the superintendent of the Bureau of Criminal Apprehension all individuals who are offered employment in a school and provide athletic coaching services or other extracurricular academic coaching services in a school regardless of whether any compensation is paid.*”

I. Summer:

Summer shall be defined as the period from the Saturday following the Fourth Friday in May through Labor Day. Summer for the sport of Soccer shall be defined as the day following the Fourth Friday in May through the Sunday immediately prior to the official starting date of the MSHSL high school Soccer season. Note: Students may participate in activities during the summer, as defined above, even though their high school Sport season is in the same sport has begun, i.e. students may play tennis tournaments or participate in road races through Labor Day. Soccer is excluded from dual participation as defined above.

J. Shared Facilities:

Two or more schools sharing a facility for sport-specific training and instruction will be defined as a practice as long as there is no interaction between the students from each of the schools. For example, if two schools share a swimming pool, it will be a practice if school A trains in lanes 1-3 and school B trains in lanes 4-6.

BYLAW 411.00 INTERPRETATION

1. Q. *Is an alumni game counted as a scrimmage?*

A. *The information in Bylaw 411 clearly defines scrimmages and contests. Depending on how the participation with the Alumni is set up it will either be a practice or game. Scrimmaging against alumni does not count toward the three allowable calendar dates for scrimmages.*

2. Q. *Can we use paid officials for a scrimmage?*

A. *Yes. Officials can be compensated at a rate mutually agreed upon by the official and the school.*

Office of Civil Rights (OCR) Statement: Determining whether an activity is a sport:

In determining whether an activity is a sport, OCR will consider on a case-by-case basis:

- Whether selection for the team is based upon objective factors related primarily to athletic ability;
- Whether the activity is limited to a defined season;
- Whether the team prepares for and engages in competition in the same way as other teams in the athletic program with respect to coaching, recruitment, budget, try-outs and eligibility and length and number of practice sessions and competitive opportunities;
- Whether the activity is administered by the athletic department; and,
- Whether the primary purpose of the activity is athletic competition and not the support or promotion of other athletes.

OCR may also consider other evidence relevant to the activity, which might demonstrate that it is part of an institution's athletic program. Such evidence that may be considered includes, but is not necessarily limited to, the following:

- Whether organizations knowledgeable about the activity agree that it should be recognized as an athletic sport;
- Whether the activity is recognized as part of the interscholastic or intercollegiate athletic program by the athletic conference

to

- which the institution belongs and by organized state and national interscholastic or intercollegiate athletic associations;
- Whether state, national and conference champions exist for the activity;
- Whether a state, national, or conference rule book or manual has been adopted for the activity;

- Whether there is a state, national, or conference regulation of competition officials along with standardized criteria upon which the competition may be judged; and,
- Whether participants in the activity/sport are eligible to receive scholarships and athletic awards (e.g. varsity awards).

Use of Non-Registered Officials or Less Than the Minimum Required

When there has been a determination that less than the minimum number of officials as stated above or a non-registered official has been used as an official in a varsity contest, without the school having received a waiver from the MSHSL office, the following will occur:

- The home team or whoever is responsible for hiring the officials will be fined: \$250 first offense, \$350 second offense (during the same school year), \$500 third offense (during the same school year).
- Activities/Athletic Administrator will be censured.
- When an unregistered official is used, the offending person will be suspended from completing the registration process, as a minimum, for the next four consecutive varsity, interscholastic contests or four weeks (28 calendar days), whichever is greater.
- When an Assignor is involved they will be censured and the Association will drop to probationary status as a Charter/Legacy Association—no official may be recommended to the State Tournament and the association may not have representation at MSHSL Meetings for one calendar year.

In order to avoid situations in which non-registered officials are used, officials must double check to make sure they are fully eligible, and that their partners are fully eligible, before working any varsity assignment. Assignors must check the MSHSL Directory (after the registration deadline) to make sure they only assign officials who are listed in the directory. Schools must check to make sure that only officials listed in the MSHSL Directory actually work their varsity events.

To aid in this process, all officials will be required to show proof of their eligibility by showing a copy of their MSHSL registration card, which includes a recent photo. This can be downloaded and printed from the Official's Corner or can be shown with a phone or other digital device. Someone representing the home school shall ask the officials to show their ID prior to working a varsity event. This can be done by the Athletic/Activities Director; site manager; coach, or other authorized school personnel. An event shall not start until all officials have proven that they are currently eligible in that sport; or a waiver to use less than the minimum required or a non-registered official has been granted by the MSHSL.

400.00 BYLAWS: ADMINISTRATION OF ATHLETIC PROGRAMS BOARD POLICIES

WOMEN IN OFFICIATING: EMPLOYMENT

It is the policy of the Minnesota State High School League to work affirmatively to encourage, promote and ensure fair and equal treatment in the employment of women as officials for high school activities and sports contests at the local level through League tournaments.

CLASS COMPETITION (1/10/96) (12/2/10)

A. Criteria for Sponsorship of an MSHSL State Tournament: At least one of the following criteria must apply:

- 1) A sufficient number of teams have registered for an activity as defined below.
- 2) The Board of Directors, at their discretion, may approve a state tournament if substantial evidence indicates that the conduct of this event would encourage equitable and statewide growth in that activity

B. Criteria for Sponsoring State Tournaments if Fewer Than 32 Teams Participate:

- 1) The Board of Directors may choose to cease sponsorship of a state tournament when the number of participating teams is fewer than 32 for three (3) consecutive years or at any time as deemed appropriate by the Board of Directors.
- 2) The tournaments in that activity will terminate at the conclusion of the regular season.

C. Criteria for Limiting Tournament Competition at the Section Level When More Than 32 Teams Participate:

- 1) The Board of Directors may sponsor a state tournament in an activity which is an exception to the bylaws if it is determined that non-school competition and training opportunities have not created statewide competitive inequities for the high school program.
- 2) The Board of Directors may elect to discontinue League sponsorship of a state tournament which is an exception to the bylaws if it is determined that the non-school competition and training bylaws have created statewide competitive inequities for the high school programs; or

D. Class Competition

1) **Philosophy**

The philosophy of tournament competition for the League is to extend the opportunity for student participation in a variety of activities at the section and state level. Region committees conduct contests, meets and tournaments in accordance with League rules and regulations which advance student participants to the next level of competition. (4/28/83)

2) **Classification Formula for Administrative Regions**

Effective with the 2011-2012 school year, the largest 128 schools shall be assigned to Class AA administrative regions. The rest of the schools shall be assigned to Class A administrative regions. Unless otherwise determined by the Board of Directors, these assignments shall be in place for a minimum of four (4) years.

3) **Multiple Class Tournament Competition**

The Board of Directors may request input from the member schools to assist in determining the classification and format of any League-sponsored tournament, but the Board of Directors shall have sole discretion for determining the classification of schools and the tournament format(s). Input regarding tournament formats may be submitted to the League office by any interested party (ies).

Recommendations regarding multiple classes in any League-Sponsored activity may be forwarded to the Board of Directors by:

- a) Five (5) member schools' designated representatives; or,
- b) Any member of the Board of Directors; or,
- c) The Minnesota State High School Coaches Association; or
- d) the advisory committee for that activity.

The Board will consider the following information, but they are not limited in their tournament format decisions:

- a) Administrative Region management of section tournaments
- b) Anticipated loss of class time
- c) Classification issues
- d) Existing format/structure/history of the tournament
- e) Facility availability
- f) Financial implications for member schools and the League as a whole
- g) Implementation date
- h) Input from school administrators i) MSHSL staff input
- j) State tournament management issues, including quarterfinal and consolation play
- k) Tournament enhancements

Each recommendation will be evaluated on its merits.

4) **Classification Formula for Activities Conducted in Multiple Classes**

Unless otherwise determined by the Board of Directors, tournament competition may be conducted in multiple classes as identified below:

- a) 32-63 teams competing within a class shall have a four (4) team tournament.
- b) 64 or more teams competing within a class shall have an eight (8) team tournament.

Currently Girls' Badminton and Girls' Synchronized Swimming do not meet the required number of registered teams for state tournament consideration. Dance Team shall be an exception to the classification formula and shall be classified each placement cycle as determined by the Board of Directors.

ONE (1) CLASS TOURNAMENT:

Option 1: When there are a minimum of 32 teams registered for a League sponsored activity, a four (4) team state tournament may be held.

Option 2: When there are 64 or more teams registered for a League sponsored activity, a single eight (8) team, or a festival formatted State Tournament may be held.

TWO (2) CLASS TOURNAMENT: When there are 96 or more teams registered for a League sponsored activity the

divisions will be identified as follows:

Option 1

CLASS AA: 128 registered teams with the largest enrollment.

CLASS A: The rest of the registered teams.

Option 2

Divide the registered teams either by the top 64 teams by enrollment or by the bottom 64 teams by enrollment, provided that activity meets the minimum requirement for two classes.

THREE (3) CLASS TOURNAMENT*: When there are 288 or more teams registered for a League sponsored activity, the divisions will be based on enrollment as follows:

Class AAA: The 96 largest teams by enrollment Class

AA: The next 128 largest teams by enrollment Class

A: The balance of the registered teams

FOUR (4) CLASS TOURNAMENT*: When there are 320 or more teams registered for a League activity, the divisions will be based on enrollment as follows:

Class AAAA: The 64 largest teams by enrollment

Class AAA: The next 64 largest teams by enrollment

Class AA and Class A: If fewer than 256 teams remain, the classes will be divided equally. If more than 256 teams remain, Class AA will be the largest 128 teams and the remainder of the teams will be Class A.

MORE THAN FOUR CLASSES IN A TOURNAMENT: Tournament formats for more than four classes shall be determined by the Board of Directors on a case-by-case basis.

5) Tournament Formats/Reduction in the Number of Classes/Enrollments for Classification Purposes/"Opt-Up" Requests/ Classification Appeals

- a) When the number of competing schools in an activity falls below the minimum number for multiple-class tournaments, the classes will be reduced to bring the activity into compliance with the classification policy unless the classification divisions are otherwise determined by the Board of Directors.
- b) Unless otherwise determined by the Board, all tournament formats shall be in place for a minimum of four (4) years and shall be completed in three (3) calendar days. Recommendations for format changes will be received by the Board of Directors two (2) years prior to any proposed implementation date.
- c) Enrollments for classification shall be determined every even-numbered year by the Board of Directors using the most current MARRS Report to the Minnesota Department of Education (MDE) for grades 9, 10, 11 and 12. From those enrollment numbers the Board of Directors shall subtract 40 percent of the free/reduced lunch count reported to the MDE for each school for the same time period.
- d) Students whose attendance is included in the enrollment information provided by the Minnesota Department of Education, but whose educational programming prohibits them from participating in athletic and/or fine arts activities in any school during the school year, shall not be counted toward the final enrollment of that school for purposes of administrative or tournament classification.
- e) Schools which have all male or all female students shall have their enrollments doubled.
- f) The assignment of schools into competitive sections and classifications shall be for a two-year period. League staff shall have authority to balance the section assignments each year with approval from the Board of Directors.
- g) Schools may "opt-up" to a higher classification in an activity sponsored by their school according to the following criteria:
 - 1.1 A request must be made in writing to the League Office with the rationale for the "opt-up" request.
 - 1.2 The request to "opt-up" must be a two-year commitment to compete in the new classification.
 - 1.3 Application period will coincide with the competitive placement cycle.
- h) Prior to any classification determination, schools who believe their school demographics unfairly place their team sports (Football, Hockey, Basketball, Baseball, Lacrosse, Soccer, Softball, and Volleyball) in a larger tournament classification may appeal their placement to the MSHSL office provided that the criteria below is met:
 - 1.1 The schools' free/reduced lunch counts provided to the League office by the Department of Education exceeds 50% of the school's grade 9-12 enrollment.
 - 1.2 The appeal must be documented in writing and shall include, but is not limited to the following: travel distance; community/region economic conditions; attrition; unique school population; other specific school community information that will support the school's presentation for a classification reduction
 - 1.3 The information regarding the school's appeal shall be presented by the designated school representative(s) to the Athletic Directors Advisory Committee who will review the request and provide a recommendation for the MSHSL Board of Directors.
 - 1.4 The MSHSL staff will record the minutes of the meeting and will provide the recommendation from the Activity Directors Advisory Committee to the Board of Directors for their consideration.
 - 1.5 The decision of the Board is final, and there shall be no appeal.

6) Placement of Teams in Competitive Sections

 - 1.3 *During the school year prior to the end of a competitive section placement cycle, the League office uses the student enrollment data for grades 9-12 for each member school. Alternative learning center (ALC) and similar alternative enrollment data are omitted from the total student count.*
 - 1.4 *As soon as the MDE information is verified, the League office will consider the number of registered teams for each sport/activity and make the determination about the numeric division between the classes.*
 - 1.5 *The League office will divide each class into competitive sections. When feasible, sections will be balanced to avoid a bye or a "pig-tail" game. League staff will make the placements and the Athletic Directors Advisory Committee will review the placements for balance and geographic contiguity. The League Board of Directors will affirm the placement of each school in each activity.*

- c) *The recommended placement of a school into an Administrative Region is four (4) years, but the Board of Directors has the sole responsibility to determine the length of time a school is placed into an Administrative Region.*

COACHES

Two or more schools may share the same head coach in a given activity. It is to be understood that all athletes, while being coached by the same coach, would compete under the name of her/his resident high school. (4/7/76)

BOARD POSITION STATEMENT: CODE OF ETHICS FOR COACHES

Statement of Philosophy. The Minnesota State High School League has established policies and standards which will cultivate the ideals of good sportsmanship. It shall be the responsibility of each member school to ensure that all individuals employed or directly associated with the interscholastic program conduct themselves in a sportsmanlike manner. The coach is an official representative of the school at interscholastic athletic activities. It is the responsibility of the head and assistant coaches to serve as role models for students and the public.

Code of Ethics. A coach will be in violation of the standards for good sports established by the Minnesota State High School League by: A. making degrading/critical remarks about officials during or after a contest either on the field of play, from the bench, through any

Public news media, social media or other electronic media;

B. arguing with officials or goes through motions indicating dislike/disdain for a decision;

C. detaining the officials following the contest to request a ruling or explanation of actions taken by the official; or

D. being ejected from any contest.

Actions and Response. Negative actions by a coach shall be reported to the League by the school and by the head contest official. Cheerleading, as an extracurricular activity, is not a competitive activity as sponsored by the Minnesota State High School League.

re BYLAW 402.00 - COACHES ATTENDANCE AT RULES INTERPRETATION MEETING

Each member school shall be represented by the head coach for that sport at an annual rules interpretation meeting sponsored by the Minnesota State High School League.

Penalty: A head coach who does not attend the annual sport rule interpretation meeting must take the rules test and pass at a level of

80%. Failure to do so will result in \$100.00 fine. On a repeated offense the coach will not be allowed to coach in the post season.

MEDIA INTERVIEWS AT MINNESOTA STATE HIGH SCHOOL LEAGUE TOURNAMENTS

A. Team/Individual locker rooms will be closed to all media (print and electronic) for all Minnesota State High School League- sponsored tournaments.

B. Coaches and players will be available for interviews in areas outside of their locker room.

C. Because state tournament games are played in a very competitive and electric atmosphere, it is natural that disappointment will follow a loss and excitement will accompany a victory. In fairness to the emotions of the players and coaches, and in respect for the unity that follows a contest, the Minnesota State High School League strongly recommends that media honor a five-minute "cooling off" period before interviewing representatives from the participating teams.

CERTIFIED MEDICAL PERSONNEL AT GAMES

A. the Board strongly recommends the presence of a certified medical personnel at all interscholastic games/contests.

Certified medical personnel include:

BANDS AT ATHLETIC EVENTS – PEP BAND AND MARCHING BAND PERFORMANCE GUIDELINES

The League recommends that individual schools develop performance guidelines that meet the expectations of their school and community. Guidelines should be developed with the input of band director(s), school administration and others as may be

appropriate for your school. The following areas should be considered when developing these guidelines:

- A. The number of appearances at athletic events should be set in advance, excluding postseason events. This could be done on a per season or per year basis. A limitation for the number of performances within a week, or a limitation on which nights of the week are used, may also be considered/included.
- B. Guidelines as to when the band will play for postseason events (section and state tournaments) should be established. These guidelines may need to include when a pep band will play and when a marching band or the "full" band will play.
- C. Weather guidelines should be developed to help in making decisions as to when to cancel outdoor performances. The Minnesota Music Educators Association (MMEA) recommends that bands not perform outside at a temperature of 40 degrees or below.
- D. How long a band will perform at an event should be pre-determined.
- E. A schedule of when the band will perform should be set well in advance—by the season or by the year.
- F. The band director should coordinate or be consulted regarding any musical performance at an athletic event that involves high school band members.
- G. Bands should perform at an equal number of boys' and girls' events.

re BYLAW 409.00 – RESPONSIBILITY FOR PARTICIPATING TEAMS, STUDENTS AND SPECTATORS

Host schools are responsible for providing appropriate supervision, other than the coach(es), when crowd control may be a factor.

re BYLAW 410.00 – SANCTIONS (OUT-OF-STATE)

Schools may participate in out-of-state meets or tournaments, but to do so must complete the sanction forms as required by NFHS Interstate Competition Guidelines. Schools are discouraged from scheduling tournaments during the regular season which would cause students to be absent from classroom activities.

re BYLAW 411.00 – TRAVEL FOR OUT-OF-STATE PRACTICE AND SCRIMMAGES

If a member school's League-sponsored athletic team requests out-of-state travel for a practice or a scrimmage for the varsity, junior varsity or "B" squad teams, the school board must complete the following steps PRIOR to any travel by the team.

The school board must:

1. Review a complete copy of the itinerary planned for the school team.
2. Review the financial aspect of the trip including the funds to be received from, and expended by the school team.
3. Identify the manner in which the school board will comply with Title IX relative to travel opportunities for each gender.
4. Approve travel for the school team at a regularly scheduled school board meeting.

Once complete, the Designated School Representative shall notify the League office, in writing, and identify the team(s) that has/have been approved for out-of-state travel in order to practice or scrimmage and affirm that all of the above steps have been completed. Notification to the League office must be completed at least 21 days prior to any travel by the approved team(s).

DISTRICT FOOTBALL

Definition: District Football is the official name given to the method of scheduling all regular season football games in Minnesota. In this system, each school is assigned to a district based on geography, enrollment and "like schools" with natural rivalries preserved whenever possible. This system for scheduling covers the regular season only. The postseason Section Football system remains in place.

District Football vs. Section Football: Section classifications are determined by enrollment and geography (as determined by MSHSL Board policy), with a balanced number of schools in each section. These classifications are strictly followed. District scheduling also uses school enrollment as a key factor in placing schools in districts, but Districts are not confined to enrollment classifications, as in section football, and are also not restricted to a specific number of schools, thus allowing each district to be formed in a way that best works for the schools of a similar size in a particular geographical area.

District Assignment and Realignment: Schools will be assigned to Districts every two years, with the assignments finalized no later than June MSHSL Board Meeting. This will be done in even numbered years, opposite of when sections are realigned. A District Placement Committee is made up of ten AD's, coaches and/or other administrators, who represent different geographical regions of the state and a variety of school sizes. The committee will be selected by League staff in consultation with the Minnesota Football Coaches Association and the AD's Association. The final committee will be approved by the MSHSL Board of Directors. After the initial District Assignments in April of 2014, the placement committee will be kept intact for the redistricting process that takes place in 2016. After that process has been completed three - four members of the committee will rotate off each cycle, with each member staying on the committee for at least four years—two rounds of realignment.

Enrollment Data: Enrollment data from October 1 of the school year in which the placement process is completed will be used as criteria for District placement. Enrollments will be calculated using the enrollment for grades 9-12 as provided by the Minnesota Department of Education, less 40% of the free and reduced lunch number

9-Man: Prior to the initial alignment process and for all future realignment processes, schools that qualify for 9-man Football must declare whether or not they will compete in 9-man football for the two years for which the new realignment will be in effect.

Class A schools who do not qualify for 9-man, may appeal to play 9-man during the regular season. This appeal will be go the Placement Committee. That committee will make recommendations to the Executive Committee of the Board of Directors, who will make District

the final decision. Schools allowed to play 9-man during the regular season must return to Class A for the Section playoffs.

School Information and Input: During each realignment process all schools will be given the opportunity to file an information form that will allow them to share specific information about their program; indicate schools that they feel they must play; and provide any other information that will be helpful to the committee during the placement process. These forms must be filed by April 1 of the year in which realignment takes place.

Placement Process: The District Placement Committee will meet at least two times to assign schools to Districts. Their final recommendation will go to the Athletic/Activities Directors Advisory Committee for review at their May meeting. The AD's Advisory Committee will review all placements and pass these placements on to the full Board of Directors with any recommended adjustments. The Board will review and give final approval at the June meeting in even numbered years.

The committee will work to place schools according to geography, and "school size." While the membership of districts may include schools that are more than twice as big as another school, the Placement Committee recommends that when developing sub-districts, Districts should not place schools with enrollments more than twice as large as another School, in the same sub-district; unless smaller school approves of that placement, or such a placement will work based on competitive balance.

The goal will be to have Districts with at least sixteen schools (although that may not always be possible), and all will have an even number unless there is an odd number of 9-man teams or an odd number of 11-man teams. When there is an odd number, that district may use the Zero Week concept to make sure that all schools have a full schedule. Another option may be to find a school from an adjacent state to fill in the bye weeks; or schools may choose to have a bye and only play seven games. All schools within a District must have an eight game regular season schedule, unless there is an odd number of schools and the District members decide to only play seven games. Districts will have flexibility in how those schedules are developed.

District Structure: Schools within each District will determine the "structure" of their District and how they will schedule regular season games. Once Districts have been assigned, a District Committee, made of Athletic/Activities Directors from the schools of that District shall meet and determine, with input from all District schools, the best way to form sub-districts. Each District shall have a minimum of two sub-districts, with sub-districts named Red, White, Blue, Maroon; or sub-districts may be named by "direction," for example

9-man South District may name their sub-districts East and West. Final sub-district alignment shall be voted on by all member schools, with a two-thirds majority (of those voting) needed to pass.

Schedules: Regular season schedules will be developed with all of the schools in a sub-district playing each other. Games scheduled to fill out the schedule will be cross-over games with schools in another sub-district of the District to which they are assigned (Intra-District games); or with permission from the MSHSL Placement Committee, these games may be played against schools in another District

(Inter-District games). Once the District Committee has determined the schedule for all District Schools, all members of the district will have the opportunity to vote on this schedule, with a two-thirds majority (of those voting) necessary in order to approve the schedule. Once the original two-year schedule has been approved, if there is a need to adjust schedules based on changes with co-ops, or schools adding or dropping programs, those adjustments may be made by the District Committee.

Sub-Varsity Schedules: District football governs varsity schedules only. Schools within each District will decide how to schedule sub- varsity levels. These schedules may be aligned with the varsity schedule, or schools may schedule sub-varsity on their own. Sub-varsity schedules are not restricted to District opponents. The procedures for scheduling sub-varsity, and rules and policies to govern sub-varsity shall be included in District Bylaws.

Sub-District Champions: A champion will be determined for each sub-district. Trophies for Sub-District Champions shall be purchased directly from the MSHSL Trophy vendor by the championship teams. Each District may also name an all-district team based on their sub- districts. The criteria for these awards and any other awards (Coach of the Year, MVP, etc.); and how these award winners are selected,

is to be determined by the District Committee and included in the District Bylaws. Each District shall determine what the awards will be (trophies, plaques, certificates, etc.) and shall arrange for the purchase of the awards, with each school paying for the individual awards they receive.

District Committee: Membership on the District Committee shall be determined by each District, with equal representation (as close as possible) from each sub-district. Members of the District Committee shall elect a chairperson from those that are on the committee. The recommendation is to have seven or nine members of the District Committee. Each committee shall finalize the Bylaws for their District, as per the model provided by the MSHSL. Bylaws shall be approved by a vote of all members of the District, with a two-thirds majority (of those voting) needed to pass. The Bylaws shall be on file in the MSHSL office. Districts are to operate without having a separate financial structure. If there is a need to collect and disburse funds, a procedure for doing so must be included in the Bylaws. Those

Funds must be accounted for through the financial operation of a school that is a member of that district.

Resolution of Issues: The District Committee is expected to resolve issues that may occur within their district. They may contact MSHSL staff for guidance. If necessary, the District Placement Committee will mediate and assist in resolving any internal conflicts. Conflicts that cannot be resolved at the District level or with assistance from staff and/or the District Placement Committee will go to the Executive Committee of the Board of Directors. The decision of the Executive Committee is final.

MSHSL member schools who choose not to participate or do not fully cooperate with District Football Policy will not be allowed to participate in the Section Playoffs.

MINNESOTA STATUTE 122A.15 – TEACHERS, SUPERVISORY AND SUPPORT PERSONNEL, DEFINITIONS, LICENSURE
Subdivision 1. Teachers.

The term “teachers” for the purpose of licensure, means all persons employed in a public school or education district or by a service cooperative as members of the instructional, supervisory, and support staff including superintendents, principals, supervisors, secondary vocational and other classroom teachers, librarians, counselors, school psychologists, school nurses, school social workers, audio-visual directors and coordinators, recreation personnel, media generalists, media supervisors, and speech therapists.

Subdivision 2. Supervisory personnel.

“Supervisory personnel” for the purpose of licensure means superintendents, principals, and professional employees who devote 50 percent or more of their time to administrative or supervisory duties over other personnel, and includes athletic coaches.

MINNESOTA STATUTE 122A.33 – LICENSE AND DEGREE EXEMPTION FOR HEAD COACH

Subdivision 1. Employment.

Notwithstanding section 122A.15, subdivision 1, a school district may employ as a head varsity coach of an interscholastic sport at its secondary school a person who does not have a license as head varsity coach of interscholastic sports and who does not have a bachelor’s degree if:

- (1) In the judgment of the school board, the person has the knowledge and experience necessary to coach the sport;
- (2) can verify completion of six quarter credits, or the equivalent, or 60 clock hours of instruction in first aid and the care and prevention of athletic injuries; and
- (3) Can verify completion of a coaching methods or theory course.

Subdivision 2. Annual contract.

Notwithstanding section 122A.58, a person employed as a head varsity coach has an annual contract as a coach that the school board may or may not renew as the board sees fit.

Subdivision 3. Notice of nonrenewal: opportunity to respond.

A school board that declines to renew the coaching contract of a licensed or unlicensed head varsity coach must notify the coach within 14 days of that decision. If the coach requests reasons for not renewing the coaching contract, the board must give the coach its reasons in writing within ten days of receiving the request. The existence of parent complaints must not be the sole reason for a board not to renew a coaching contract. Upon request, the board must provide the coach with a reasonable opportunity to respond to the reasons at a board meeting. The hearing may be opened or closed at the election of the coach unless the board closes the meeting under section 13D.05, subdivision 2, to discuss private data.

MINNESOTA STATUTE 122A.58 – COACHES, TERMINATION OF DUTIES

Subdivision 1. Termination; hearing.

Before a district terminates the coaching duties of an employee who is required to hold a license as an athletic coach from the commissioner of education, the district must notify the employee in writing and state the reasons for the proposed termination. Within 14 days of receiving this notification, the employee may request in writing a hearing on the termination before the board. If a hearing is requested, the board must hold a hearing within 25 days according to the hearing procedures specified in section 122A.40, subdivision

14, and the termination is final upon the order of the board after the hearing.

Subdivision 2. Final decision.

Within ten days after the hearing, the board must issue a written decision regarding the termination. If the board decides to terminate the employee’s coaching duties, the decision must state the reason on which it is based and include findings of fact based upon competent evidence in the record. The board may terminate the employee’s duties or not, as it sees fit, for any reason which is found to be true based on substantial and competent evidence in the record.

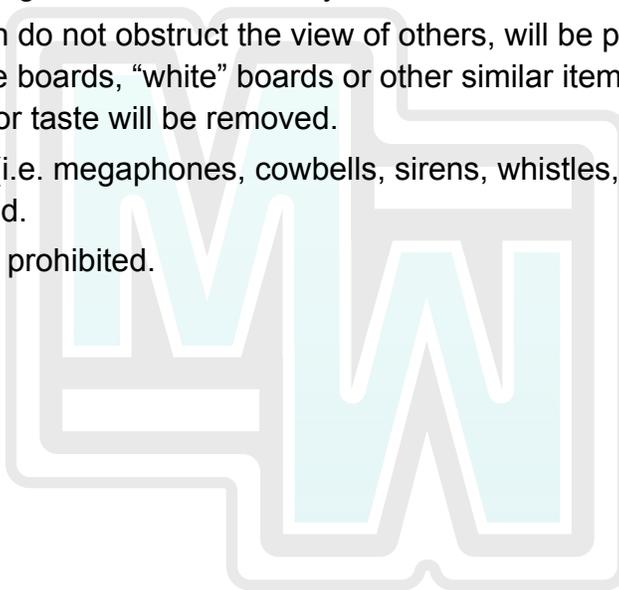

Subdivision 3. Non-application of section.

This section shall not apply to the termination of coaching duties pursuant to a district transfer policy or as a result of the non renewal or termination of the employee’s contract or the employee’s discharge, demotion or suspension pursuant to section 122A.40 or 122A.41.

This section shall not apply to the termination of an employee’s coaching duties before completing the probationary period of employment.

MSHSL MINIMAL BEHAVIOR EXPECTATIONS FOR REGULAR AND POSTSEASON TOURNAMENT COMPETITIONS:
