Our Commitment to You:

- We will only accept client-authorized compensation
- We will provide a Compensation Disclosure Form annually, for both direct and indirect compensation
- All “carrier bids” will show our compensation

CLIENT COVERAGE ACKNOWLEDGMENT AND COMPENSATION DISCLOSURE STATEMENT FOR SAMPLE CLIENT

This form documents that Gallagher Benefit Services, Inc. (Gallagher) will apply its professional judgment to access those insurance companies it believes are best suited to insure the Client's risks. The final decision to choose any insurance company or vendor has been made by the Client in its sole and absolute discretion. The Client understands and agrees that Gallagher does not take risk, and that Gallagher does not guarantee the financial solvency or security of any insurance company. The Client, or other policy owner, is responsible for immediate payment of premiums for all insurance placed by Gallagher on Client's behalf. If any premium amounts or fees, as applicable, are not paid in full when due, the applicable insurance company for the Client's risks may cancel any applicable policies in accordance with the terms of such policies.

The following is the disclosure of commissions and/or fees to be paid to Gallagher for brokerage and/or consulting services to Client's Group Health and Welfare Plan and any relationships, or agreements Gallagher has with any insurance companies or vendors selected by Client as noted above. Gallagher will receive the following initial and renewal sale commissions expressed as percentage of gross premium payments, or fees, as agreed upon by Client:

Line of Coverage / Services ¹	Company	Commission ^{2,3}	Third Party Compensation	Direct Fees ⁴	Effective Date
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx
					xx/xx/xx

¹ Services provided relative to the above lines of coverage include Benefits strategy consulting and design, to include funding evaluation options, financial reporting, as appropriate, based on funding environment, and vendor support. Plan management services, to include plan monitoring and evaluation services. Renewal support, coordination, and oversight. Annual enrollment support, including drafting assistance for employee communications, legislative compliance support in the form of updates, materials, and guidance. Administrative support as mutually agreed to by the parties. Refer to your consulting agreement for further details on services, if applicable.

² Commissions include all commissions paid to Gallagher that are attributable to a contract or policy between a plan and an insurance company, insurance service, or vendor. This includes indirect fees that are paid to Gallagher paid by a third party, and includes, among other things, the payment of "finder's fees" or other fees to Gallagher for a referral to the plan.

³ Gallagher may receive supplemental compensation from insurance carriers and vendors, normally calculated at the end of each calendar year, that are contingent on a number of factors including the overall number of employer plans represented, plan renewal rates, and overall premium growth. Historically, supplemental compensation has ranged, on average, between 2-5% based on specific carrier programs. These plans have no effect on premiums. Historically, Gallagher may receive non-cash compensation from plan vendors or service providers that are not in connection with any particular client. If you have any questions regarding direct or indirect compensation received by Gallagher, please contact your designated Gallagher advisor or refer to the Gallagher Detail.

⁴ Direct Fees include compensation to Gallagher paid for directly by the plan sponsor/Client.

GENERAL INFORMATION

INTRODUCTION

Welcome to Carlton School District! We are excited to have you as a part of our team. Our mission is to educate, empower and inspire. We work hard every day to make that mission come alive, and all employees in our school district play an important role in ensuring this goal is achieved.

The purpose of this handbook is to provide you with general information and guidelines about your employment. It is not intended to be comprehensive and it does not confer any contractual rights, either expressed or implied. It is your responsibility to read this handbook and understand its contents. Any questions should be addressed to the district office. All district policies can be accessed on our school web page.

Although every effort will be made to update the handbook on a timely basis, ISD 93's Board of Education reserves the right, and has the discretion, to change any policies, procedures, benefits, and terms of employment without notice, consultation, or publication, except as may be required by contractual agreements and law. The district reserves the right, and has the discretion, to modify or change any portion of this handbook at any time.

Students and staff must respect another person's right to make that choice.

DRESS CODE

Employees are expected to project a professional image that sets positive dress and grooming examples for students. Employees must adhere to standards of dress and appearance that are compatible with an effective and professional learning environment and job duties. The building administrator may designate days when reasonable modifications to this policy may be made such as spirit days.

The following attire is prohibited:

- Apparel promoting products or activities that are illegal for use by minors.
- Objectionable emblems, signs, words, objects or pictures on clothing communicating a message that is racist, sexist or otherwise derogatory.

DOOR SECURITY

Doors to enter the school facilities are generally locked during the school day. Teachers with exterior doors in their classrooms must keep those doors locked and closed also. Staff are given access cards that enable them to enter through doors with card readers. If the access doors are locked, visitors and students must request entrance to the building by utilizing the video/speaker system at the designated doors. **It is extremely important that staff and students NOT open doors for visitors or students.** Office staff need to know who has entered the building. Staff should model and enforce this expectation with students.

EMERGENCY PLANS/PROCEDURES

All staff must be familiar with the Crisis Management Plan and actively adhere to all procedures in drills or in the case of an actual incident. If there are any questions about Emergency Plans/Procedures, talk to your supervisor.

EMAIL COMMUNICATION AND INTERNET USE

Email is our primary way of communication. Employees of the school district are assigned a school email address and access to the school network at the time of their hire. Employees are expected to check their school email at appropriate times during the work day to obtain communications from their supervisors or other district employees. If an email includes a specific question or concern, employees are expected to respond within 24 hours. Teachers and administration must respond to a parent/guardian question or concern within 24 hours. School emails and an employee's use of the internet via the school network or any district owned device are not private and may be accessed by supervisors if there is a concern of inappropriate email or internet use.

Chain of Command/Communication for Carlton School District #93

You will likely need to contact and communicate with district colleagues, teachers, administrators, and other staff members. While there's nothing wrong with talking to district level staff or board members, keep in mind that questions, concerns, or complaints should follow an established chain of communication. Additionally, please understand that individual board members do not have authority to direct the work of district staff members. Directing requests through your immediate supervisor, administrator, or the superintendent can assist with appropriate prioritization, identifying information that may be readily available, and determining when it may be appropriate to have the full board weigh in regarding certain requests and/or solutions.

The following steps outline how information and decisions should flow in a structured and efficient manner. Adhering to these steps will ensure accountability, clarity, and the proper escalation of concerns or directives.

EMPLOYEE ATTENDANCE

Employees are expected to report to their assigned work location on time each scheduled work day. Regular attendance is an essential duty of all positions. If you are unable to come to work, you must notify your supervisor as soon as possible.

Teacher Hours

- South Terrace Teacher Hours: 7:50 a.m.- 3:35 p.m.

- MS/HS Teacher Hours: 8:00 a.m. - 3:45 p.m.

If you want to request an absence from your position, you need to fill out a leave request using the Employee Self Service (ESS) system. Each employee is responsible for knowing if s/he has the relevant leave (e.g., medical, personal, etc.) available when requesting a leave from work. This information is available on the ESS system. All leave requests should be entered into the system immediately, but within 24 hours if extended time is needed.

If there are any questions about leave availability, contact the district office. If an employee is absent from work and does not have the necessary leave available, disciplinary action may be taken. Leave Without Pay is generally not allowed. It should be considered a rare occurrence and must be pre-approved by the superintendent.

Requests for Leave Without Pay will not be considered (unless authorized by the superintendent). If an employee has exhausted all available leave and needs Leave Without Pay, the employee may be put on an improvement plan. Family Medical Leave Act may apply in some cases of a serious health condition.

EMPLOYEE GROUPS AND WORK AGREEMENTS

All school district job classifications have been assigned to particular employee groups. The district's teachers, educational support professionals, and custodians have collectively bargained employee contracts. All remaining employees have terms and conditions of employment that are approved by the School Board. All staff are expected to follow district policies, procedures, federal and state laws. The school district's Board approved policies are on the school website.

FOOD ACCOUNTS FOR EMPLOYEES

Employees are allowed to have a food service account through the food service program. Charges should not exceed a \$5 deficit. Charges must be paid in full by the end of the school year or the school district may withhold the balance against compensation.

GRANTS

Employees are encouraged to pursue grant funding to support programming and activities not funded by the district. Grant applications must be pre-approved by the building principal or superintendent. Copies of all grants submitted must also be given to the Business Manager.

LICENSURE / CERTIFICATION

Each employee who works in a position that requires licensure or certification must maintain a current license or certificate with the district office. Employees are responsible for maintaining their license (s) and ensuring validity at all times.

PHONE USAGE

Staff should model appropriate cell phone use and only use phones for personal use during designated break times.

Personal long distance calls made over the school lines should be charged to your home number or made from your personal cell phone. For an official school call that requires a long distance number, you will be prompted to enter your password. Phone charges will be monitored and the amount will be charged against your department.

Classroom phones should not interrupt instruction. If you receive a call during class time, please let the call go to voicemail so classroom time is not interrupted. To access your voicemail, press *97 and you will be prompted to enter your password.

PHOTO IDENTIFICATION BADGE

All employees will be issued a photo identification badge. Employee identification badges are an important part of providing a secure environment for our students and employees. Badges should be worn at all times while on district property and should be worn in a visible spot on your body. Should your employment with the district end, you are required to return your photo identification badge to your supervisor.

PURCHASING / REIMBURSEMENT

Items that need to be purchased need to be pre-approved by your supervisor and ordered through the district office. Employee requests for reimbursement of purchases made by the employee are not guaranteed and must be pre-approved by your supervisor. The district is unable to reimburse for any taxes that were paid at the time of purchase.

PURCHASE REQUESTS USING DISTRICT FUNDS

Staff may request the use of school funds to purchase materials to support the education of students or to support the work the employee is required to perform. To make this request, the employee must complete a Purchase Request Sheet that is available by your supervisor. It is important to provide complete ordering information on the Form. A follow up email that you submitted a request should be submitted to the Principal (school office and classroom related purchases) or the superintendent (facility, grounds, kitchen and other administrative purchases). Funding approval will be dependent upon need and budget availability.

It is important to allow at least a one-week lead time for the purchasing approval and ordering process to be completed. Delivery time will vary depending on the vendor. This one week lead time also applies to written checks that may be needed for field trips, band contests, athletic events, etc.

Any requisitions for general classroom or curriculum materials must be given to the principal by **May 1st**. Current year budgets are intended to be used in the current school year. Exceptions to this (e.g., year end needs) must be discussed with the Principal prior to April 15th. If you have questions about the availability of funds consult with your principal or the Business Manager.

SCHOOL/WORK RELATED TRAVEL

Requests to attend out of district workshops or work related training or meetings must be approved by the principal or superintendent. Staff development request forms are available and all anticipated costs should be completed on the form. It is important to remember that the approval of a staff development request does not automatically assure registrations and hotel reservations are in place. These expenses should be put on a requisition form with the staff development approval form attached. The staff member must also complete a Leave Request form with the school office. The district office will place any pre-registration that is required and place hotel reservations if needed. Allow a minimum of two weeks for this process to be completed.

Requests for reimbursement for meals and mileage need to be submitted within 1 week of return. Receipts must be detailed, showing items purchased and not just credit card receipts. The forms for reimbursement are in the school offices and on the website. The district does not reimburse for taxes paid or tips.

SMUDGING

The smudging ceremony is a custom of Native American and other indigenous cultures. For centuries smudging has been used as a way to create a cleansing smoke bath that is used to purify the body, aura, energy, ceremonial/ritual space or any other space and personal articles. Smudging is performed to remove negative energy as well as for centering and healing. In the smudging ceremony, plants such as sage, cedar, sweet grass, juniper or lavender are placed in a shell or other fireproof bowl and lit and burned. The smoke is directed with a single feather or a fan made of several feathers. The smoke is then wafted around oneself and environment creating a bath of smoke.

The Carlton School district respects the importance of the smudging ceremony and coordinates with First Nations staff and students who wish to hold a smudging ceremony. This coordination will include a mutually agreed upon location for the smudging to occur, prior notification procedures of a smudging ceremony and a scheduling process for having smudging ceremonies.

Parents/ guardians of First Nations middle and high school students will be informed that they may notify the school if they do not wish for their child to participate in smudging. Non First Nations middle and high school students and all elementary aged students are expected to specifically provide written permission for their child to participate.

The Carlton School district also recognizes that the smoke from smudging may cause breathing difficulties and irritations for some individuals. All efforts will be made to minimize this impact as mutually agreed upon by administration and First Nations staff. Any student or staff member who may or who experiences such a reaction should immediately notify administration.

STAFF ATTENDANCE AT EXTRACURRICULAR ACTIVITIES

All staff are strongly encouraged to attend as many extra-curricular activities and events as possible to support our students and schools. Staff presence at these events is very important to students, parents/guardians and the community. If an event has an admission fee (not including tournaments), staff members can get in free IF you are wearing your school ID badge. You are representing the district at these events and excellent sportsmanship is expected. Please also be available if game supervisors or administration need assistance in responding to a major situation at the event- e.g., serious injury, significant student or adult conflicts, building evacuation if the fire alarm goes off, etc.

YEAR END RESPONSIBILITIES

Teachers and office staff are expected to complete all clean up and organization as part of the end of year procedures. This includes, but not limited to, putting all materials on shelves in boxes. There should not be any loose materials on desks. Teachers are expected to continue to work full days until all check out procedures are completed and approved by the principal.

Employees are paid on the fifteenth day and the last day of each month. If the fifteenth or the last day of the month occurs on a Saturday, Sunday or a holiday, the payday will be the preceding work day. Employees wishing to change their withholding allowances or marital status should provide a completed W-4 form to the district office. W-4 forms are available on the district's website and in the district office.

EMPLOYEE BENEFITS

BENEFITS INTRODUCTION

Eligibility and the school district's contribution toward these benefit plans are determined based on your specific employee group. The Carlton School district provides an array of healthcare benefits to eligible employees including health, dental, life and long-term disability insurance, and medical and daycare flexible spending accounts. If you have any questions, please contact the district office.

FLEXIBLE SPENDING ACCOUNTS (MEDICAL AND DEPENDENT CARE)

The school district currently offers both medical and dependent care flexible spending accounts to eligible employees. Eligible employees can elect to participate in these plans by setting aside money from their paychecks on a pre-tax basis to pay for certain eligible health care and dependent care expenses.

403 (b) PLAN/TAX SHELTERED (TSA) PLAN

A 403 (b) plan allows an employee to make pre-tax contributions from his/her paycheck into an account. You do not pay income tax on allowable contributions until you begin making withdrawals from the plan, which usually occurs when you retire. Penalties for early withdrawal do occur if funds are withdrawn prior to the time allowed by the IRS.

Employees have the opportunity to enroll in the Carlton School district 403 (b) Plan if stated in their current work agreement. Matching contributions are available for some employees based on position and years of service. Match contribution details can be found in the applicable employee work agreement. Information about the school district's approved vendors and financial advisors is available in the district Office.

EMPLOYEE ASSISTANCE PROGRAM

The school district currently provides employees with access to an employee assistance program through National Insurance (EAP). This benefit is provided to all benefit-eligible employees and their immediate family members. EAP provides confidential counseling and referral services to help resolve personal problems that may be affecting your life at work or at home.

Skilled counselors are available 24 hours a day, 7 days a week including holidays, and can help with:

- Stress or burnout
- Financial concerns
- Relationship and family problems
- Alcohol or chemical dependency
- Work-related problems
- Parent-child difficulties

FAMILY AND MEDICAL LEAVE ACT OF 1993

Employees are eligible if they have worked for the district for at least 12 months and have worked a minimum of 1,250 hours during the 12 months prior to the requested leave. The district will require the employee to use their paid sick leave for any part of the 12-week period.

The employee will let the district office know, by written communication, as soon as possible, but a minimum of 30 days in advance when it's an unforeseeable reason. The employee will fill out an FMLA form and get doctor's approval.

EMPLOYEE-STUDENT RELATIONSHIPS

At all times, whether on or off duty and on or off of school district locations, students will be treated by school district employees with respect, courtesy, and consideration and in a professional manner. Each school district employee is expected to exercise good judgment and professionalism in all interpersonal relationships with students. Such relationships must be and remain on a teacher-student basis or an employee-student basis. This expectation includes any communication that may occur via social media or other electronic communications.

Upon receipt of a report regarding a potentially inappropriate relationship or communication, the school district will take appropriate action. Such action may include, but not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. It also may be reported to appropriate state or federal

authorities, including the Board of Teaching or the appropriate licensing authority and appropriate agencies responsible for investigating reports of maltreatment of minors and/or vulnerable adults. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, Minnesota and federal law, and school district policies.

Employees are placed on notice that if an employee acts outside the performance of the duties of the position for which the employee is employed or is guilty of malfeasance, willful neglect of duty, or bad faith, the school district is not required to defend or indemnify the employee for damages in school-related litigation.

An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, or school district property, at school functions or activities, or on school transportation. This policy also applies to students who directly engage in the act of bullying but also students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to an act of cyberbullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

The school district will act to investigate all reported complaints of bullying. Consequences for employees who permit, condone, or tolerate bullying or engage in an act or reprisal or intentional false reporting or bullying may result in disciplinary action up to and including termination of employment.

The school district provides employees with access to the school district computer network, which includes internet access. The school district network is limited to use for educational purposes, which includes use of the system for classroom activities, educational research, and professional or career development activities. JOB SAFETY

Safety is important to all of us. Help prevent injury to yourself and others by observing general safety rules, removing hazards from your work space, and immediately reporting unsafe conditions to your supervisors. The district is committed to developing and maintaining a safe working environment.

It is very important for all employees to follow safety guidelines to avoid injuries on the job. The following is a list of safety suggestions. This is not an exhaustive list, but it provides some ideas for ways to help keep you safe:

- Know the locations of exits, fire extinguishers, and alarms in your work area.
- Seek information or training from the appropriate person if you are required to operate any equipment or handle any type of chemical.
- Do not attempt to lift or carry an object that is too heavy for you to handle. Seek help from another employee.
- Know the nearest location of First Aid materials.
- Immediately report any safety hazards to your supervisor.
- Be aware of your surroundings.

WORKERS COMPENSATION / REPORTING ACCIDENTS

Worker's Compensation benefits, which are specified by law, are provided to protect employees in the event of a work-related injury or illness resulting in medical care and/or loss of time from work.

In order to avoid possible delays in processing worker's compensation claims, it is very important that all work-related injuries are reported immediately.

In the event of an injury, you should immediately contact your supervisor and the, Business Manager, in the district Office. To be most beneficial, the call should be made as soon as the injury occurs.

For more information about this process, please contact our Business Manager, in the district Office.

SOUTH TERRACE OPERATIONS AND PROCEDURES

SCHOOL HOURS

South Terrace School day starts at 8:05 am. Classes end at 3:20 pm. **Students are not to arrive at school prior to 7:45 am.**

Students who arrive prior to 7:45 need to be enrolled in the Bulldogs Kid Care program as there is no supervision available until 7:45am. Students arriving prior to the start of school will remain outside until 8:05 am with the following exceptions:

1. Attending morning Bulldogs Kid Care; students may go on the playground at 7:45 am.
2. Students having breakfast at school may eat between 7:45 and 8:05 am.
3. Poor weather-students will come inside and wait in their designated areas when indicated to do so by school personnel (large gym or small gym).

DISMISSAL

Classes are dismissed at 3:20 pm.

School buses pick up students in the front of the building at dismissal time at Door 1 and 2. Parent pick up takes place at Door 10 (side door). Parents are not permitted to go to classrooms for pickup. Please do not park in front of the school where you will interfere with the school buses.

Please do not plan to have your child dismissed before 3:20 pm. Calling the office to locate or notify your child at the end of the day can be problematic and cause confusion for staff and your child. We understand that emergencies arise, but please make this an exception and not common practice. **Students not picked up by 3:30 will be taken to the Bulldogs Kid Care program. Parents will then be charged for the 1st hour of service time.**

To make the end of the day dismissal run efficiently, the office requests and expects that all student end-of-the-day changes be communicated by 1:00 pm. If you are making a change with Bulldogs Kid Care, you must also phone the worker on staff.

Students are not to remain after school unless there is a parent and/or teacher permission.

VISITORS/SECURITY ENTRANCE

The front doors to the building are locked by 8:05 am each morning and will be unlocked at 3:20 pm. Visitors during the school day (including parents) must use Door 1 (the front entrance) to enter the building. Visitors must push the intercom button and talk to staff. There is also a camera so that office staff can see the visitor. Visitors will be asked to identify themselves and explain why they wish to enter the building. If the staff feels your request is legitimate, then the office staff will electronically unlock the doors.

All visitors to our school must first report to the office to sign in and receive a visitor's pass. This is to assure that all visitors are identified and to eliminate any unnecessary classroom interruptions. The front office door is open from 7:30 am to 3:45 pm. All visitors, including parents, must sign in at the office.

STUDENT ABSENCES

If your child is ill, please keep him/her home from school so that he/she does not expose the other children at school. Please call the office at 384-4225 x 210 before 9:00 am. If your child is expected to be out for an extended period of time, you may wish to pick up assignments for your child. (Provide at least a day to prepare these assignments for you.) If your child contracts any communicable disease, keep him/her home and notify the school

nurse. When you call in your child's illness, please state if symptoms include sore throat, headache, stomach ache, vomiting, fever, coughing, etc. Phone calls to find out why a student is absent will be automatically generated through Infinite Campus Messenger. These calls will take place at approximately 9:30 am each day.

If you believe that your child may be using illness as an excuse to not attend school, please talk with your child's teacher. Please alert him/her about the situation so that you may work together to remedy the situation before it becomes a problem.

Illness at school: If your child should become sick at school we will allow him/her to rest on one of our cots. If no improvement is seen, or a child has a temperature of 100 or greater, we will notify you using the telephone numbers provided on your child's emergency card. **Please keep the emergency card up to date.**

If you are planning an **extended family trip** (2 or more days), contact the classroom teacher **and office** to notify in advance of your plans. You will need to receive school work in advance and return work completed upon arrival back to school. PLEASE TRY TO ARRANGE TRIPS OVER SCHOOL SCHEDULED HOLIDAYS.

If a child is absent from school for more than 15 consecutive days as the result of a serious accident or illness, he/she may be eligible for homebound instruction. Contact the principal for more information.

Absence Letters are sent to families of students who are absent 15 days, 20 days, 25 days, and 30+ days. These letters are required by law, and contain information on additional resources that may be available to help chronically absent students have more consistent attendance at school.

Tardy Students must report to the office before going to their classrooms.

TESTING OPT-OUT

Parents wishing to opt-out of state testing should contact the Principal to ensure proper protocol is followed.

BUS ROUTES

Bus routes and approximate pick up or drop off times can be obtained by calling the bus garage at 218-380-0191. Pick up times vary, especially as the weather changes. Be sure to have your child waiting at the designated location several minutes prior to the scheduled time. Our buses cannot wait for late students. It is helpful to have a name tag on early elementary students for the first several days of school to help the driver learn your child's name.

If you have a complaint with the activities on a bus route, contact the Director of Transportation, 4.0 Bus Services at 218-380-0191 or the Principal.

TEACHER & ADMINISTRATION CONTACTS

The best time to talk to your child's teacher is between 7:50-8:05 am and 3:20-3:35 pm or on Friday during the staff day. You may call at other times and leave a voicemail for the teacher, however, please know that teachers usually do not check their messages until school dismisses. Unless it is a known emergency, teachers are not expected to answer the phone when students are in the classroom. We also encourage you to email your child's teacher with any concerns or questions if that is a comfortable form of communication for you.

If you have any questions about school or issues concerning your child at school, call or email your child's teacher. Your child's teacher is the closest person to your child at school and is the first person to be contacted. If after you

talk to your child’s teacher and you still have questions or concerns, please contact the Principal. If you still feel that your questions or issues are not resolved, please contact the Superintendent.

CLASSROOM VISITS

You are encouraged to visit your child’s classroom. We consider your visits to be an indication of your interest in your child and his/her school. As a matter of courtesy, it is expected that arrangements for the visit will be made beforehand with your child’s teacher. Please check in at the office to obtain a visitor’s pass.

STUDENT GUESTS

Students occasionally ask to bring cousins and friends to school for the day. This can be disruptive to the students and to the class. Therefore, we generally do not allow special guests in school.

BIRTHDAYS

Birthdays are a special time. In school, please check in advance with the teacher if you wish to bring treats. Due to allergy and food safety requirements, *policy requires that birthday treats must be store bought, not homemade.*

PARTY INVITATIONS

If you are having a birthday party at home, please mail the invitations or phone parents, unless you are inviting the entire class. We have hurt feelings if invitations are passed out in school and some children are excluded. Arrangements for transportation should **not** include the use of school buses to transport multiple students to a home for a party (There may not be room on a bus to accommodate a large increase in riders.)

FOOD SERVICE PRICES (2025-26)

The Minnesota Free School Meals Program provides state reimbursement to schools that participate in the National School Lunch Program and School Breakfast Program so that students can have one breakfast and one lunch at no cost at school.

The approved cost for breakfast/lunch is as follows:

Regular price student lunch:	First Meal Free, additional for purchase
Regular price breakfast:	First Meal Free, additional for purchase
Milk:	First Carton Free, additional for purchase
Adult breakfast:	\$2.40
Adult lunch:	\$5.00

RECESS - WEATHER GUIDELINES

All grades have 30 minutes of outdoor recess before lunch when weather allows. Students should always have clothing appropriate for outside weather at school. Weather often changes during the school day. Students should be dressed appropriately for the weather. Staff will check the current temp and wind-chill prior to recess to determine if the students will be going outdoors. Most days we will be outside even in the winter.

- We will use The Weather Channel and the National Weather Service to make the decision.

- We will hold indoor recess when the temperature is at 0 degrees or below and a windchill of -5 or below. We measure this by the wind speed compared to the temperature.

Two examples (use the National Weather Service Chart below):

1. If it's 10 degrees outside with a wind speed of 10, it puts us at a -4. Because we're over 0 and under -5, we'd be outside for recess. (See chart below)

2. If it's 0 degrees outside and we have a wind speed of 5, that puts us at -11 and we'd be inside for recess. (See chart below)

DAILY SPECIALISTS' SCHEDULES

[Click here to view the Daily Specialists' Schedules](#)

STUDENT'S MESSAGES/CHANGE OF PLANS

Calling the school to change your child's after school plans should only be done in the event of emergencies. **Plans should be made prior to the start of school.** Please know that because of the number of phone calls and situations that office staff and teachers (and substitute staff) are responding to on a daily basis, it can happen that changes during the school day about after school plans can become very confusing for your child, staff and bus drivers.

CONFERENCE NIGHTS

South Terrace Elementary School will have two in person conference days and then additional flexible communication days.

Fall: IN PERSON CONFERENCE DATE: 10/9/25

Spring: IN PERSON CONFERENCE DATE: 2/12/26

During conferences, you will be updated on your child's progress and performance in class and on standardized tests. Conferences may be scheduled throughout the year by parent or teacher. Please call to schedule a conference any time you need to meet with the classroom teacher or other staff members. We will also call you if

we feel a meeting is necessary. Conferences need to be scheduled in advance. This will allow you and the staff to meet without interruptions and limits the interruptions that may occur for classes as well.

APPROPRIATE CLOTHING

We like our students to wear comfortable, neat and weather appropriate clothing. Our building is kept cool in early fall and late spring, so it is a good idea to send an extra sweatshirt or sweater. Please label all clothing items. At least a light jacket or sweatshirt is needed nearly year round on the playground or for outside gym classes. In the winter, we require that students wear hats, mittens, gloves, winter coats, snow pants/snow suits, and boots on the playground. Please make sure that your child is dressed appropriately for the weather.

FOOTWEAR

Tennis shoes are required for gym class. It is suggested that students' have a pair of shoes that can be left at school just for gym. This pair of shoes should have non-marking soles. **Flip-flops, sandals, open toe or heeled shoes pose a safety issue and are not approved for use in school.**

Skateboards, wheeled shoes, rollerblades, or other wheeled items are prohibited at school and on the school buses unless they are used AND approved by the school and staff for specific instructional purposes.

GUM

Gum will not be allowed at school, unless use is approved by the classroom teacher. Inappropriate use of gum can result in loss of privileges to chew gum at school.

LOST AND (BUT NOT) FOUND

Students often 'lose' clothing and other items at school. Proof exists in our mounds of sweaters, mittens, hats, and shoes that accumulate throughout the year. Please label all items that are brought to school. Lost and found items will be on display each conference day and/or school community events. In addition, you are welcome to check for a missing item at any time.

PLEDGE OF ALLEGIANCE

Minnesota Statutes 121A.11 mandates that the Pledge of Allegiance be recited once a week in public schools. "Anyone who does not wish to participate in reciting the pledge of allegiance for any reason may elect not to do so. Students must respect another person's right to make that choice."

MANDATED REPORTING - POLICY 414

All school personnel are legally required to immediately report any suspected child neglect, physical abuse, or sexual abuse. "Immediately" means as soon as possible, but no later than 24 hours after becoming aware of the concern. Reports must be made to the appropriate local welfare agency, law enforcement, or the Minnesota Department of Education.

School staff who fail to report suspected maltreatment may face criminal penalties and employment discipline. The school district protects employees who report in good faith from retaliation.

Investigations of reported abuse or neglect are conducted by the proper authorities and may include interviews on school property. The school will notify parents about incidents that may involve maltreatment unless the investigation requires confidentiality.

All reports and related records are kept confidential and only shared as required by law. This policy is reviewed annually and training is provided to ensure all school staff understand their legal responsibilities.

MONEY/VALUABLES/TOYS

Students are discouraged from carrying money during school. If they need to have money, please put it in an envelope with their name on it. This should be given to the teacher for safekeeping during the day. Valuable items, such as jewelry, computer games, musical devices, phones, toys, etc. should not be brought to school. If you feel your child must have a cell phone, the phone must be turned off and kept in their locker for the entire day. Please refer to the cell phone policy later in this handbook. **The school is not responsible or liable for loss or damage to personal property of the student, this includes on the school bus.**

PARENT PORTAL

The Carlton School District continues to strive to improve communication and parent involvement by offering a Parent Portal Web site via the Campus software system. The Parent Portal will allow families to view the progress of their student(s) at any time, from any computer that has Internet access. Parents can view attendance and academic information and make online food service payments. Parents can also update their contact information for school closings and important school related messages.

Parent Portal can be accessed off of the main Carlton School District website or by following this URL: <https://arcc.infinitecampus.org/campus/carlton.jsp>. You can log in using your provided username and password. After three (3) unsuccessful attempts, your login will be disabled. Contact Ina Kennedy if you need help desk support: (218)384-4225 x 111 or ikennedy@carlton.k12.mn.us.

EMERGENCY SCHOOL CLOSINGS/EARLY DISMISSAL

The Infinite Campus Messenger system alerts families of weather related events. Phone calls, texts, and emails will be automatically generated through our student management system. It is up to the families to notify office staff of any changes to contact information.

Before School: During severe winter storms when the Superintendent deems it unsafe for our buses to run, school will be closed or will have a later starting time. Our official radio station for school closing is WKLK, 1230 AM in Cloquet and KDAL, 610 AM in Duluth. Please listen (DO NOT CALL THEM) any morning the weather looks severe. Or tune in to the multiple LOCAL TV Stations.

During School: In the event of any school issues—such as power outages, water problems, or severe weather warnings—we will announce closings on the stations listed above. **It is essential that you complete the school closing information on the back of your emergency card. This ensures your child knows where to go and that their teacher is aware of their destination in case of an early dismissal.**

Please note, elementary students will not be dropped off at a home if no one appears to be there. We kindly ask that you do **not** call the school to inquire about early dismissals, as this ties up phone lines and prevents us from reaching parents who may need urgent contact.

If we are unsure where to send your child, we will contact you before dismissing students.

DATA PRIVACY

If your child is referred to special education for an assessment, the district will enter your child's name and date of birth into the Minnesota Medicaid System to find out if your child is receiving Medical Assistance or Minnesota Care. If you do not want the district to enter your child's name and date of birth into the Minnesota Medicaid System, please inform Principal Solarz in writing that you do not want the district to check the Medicaid System.

HEALTH INFORMATION

WELLNESS POLICY

At South Terrace, we are deeply committed to supporting the health and wellness of every student. As part of our district-wide wellness policy, we strive to promote lifelong healthy habits that help children grow, learn, and thrive—both in and out of the classroom. You can access any of our policies on our school board page website:

<https://www.carlton.k12.mn.us/page/board-of-education>

To support these efforts, we are asking for your partnership in a few important areas that we feel need to be addressed currently:

Healthy Snacks and Beverages

We encourage families to send nutritious snacks with students—think fruits, vegetables, whole grains, and items low in added sugars. Please do not send cookies or candy. Healthy snacks help fuel students' learning and keep their energy levels steady throughout the day.

Please note that we are asking all families to send only plain water in water bottles. Soda and energy drinks are not permitted at school. Water is the best choice to keep kids hydrated and focused.

Daily Physical Activity

We're proud to offer 30 minutes of physical education class every day for all students in grades K–6. In addition, students enjoy 30 minutes of outdoor recess each day, weather permitting. These daily opportunities for movement are a vital part of your child's health, helping them build strong bodies and better focus in the classroom.

We believe that fostering a healthy environment at school works best when it's supported at home. Thank you for helping us create a community where students can thrive physically, emotionally, and academically.

If you have any questions or need suggestions for healthy snacks or lunches, feel free to reach out to your child's teacher or the school office.

MEDICATIONS/PRESCRIPTIONS

Please follow Student Medication Policy 516 for medications.

FOOD ALLERGY INFORMATION

Food allergies have become a growing concern. Food allergies are very serious and can be life threatening. Strict avoidance of the food allergen is the only way to prevent a reaction. As parents, you may be asked to make certain accommodations if there is a student with a food allergy in your child's classroom. Please be understanding in regards to these accommodations. The school nurse or classroom teacher will notify you if there are any concerns in your child's room. Our goal is to create a safe and healthy learning environment for all of our students.

ACCIDENTS AT SCHOOL

If your child is seriously injured at school, you and the school nurse will be notified. If emergency treatment is needed and we cannot contact you, we will notify your family physician or take your child to the hospital. The school carries no insurance on students and is not responsible for accidental injuries.

SAFETY AND BEHAVIOR EXPECTATIONS

DISCIPLINE

Teachers are delegated the authority to maintain good order and discipline in each classroom and the school in general. Each teacher should take care of disciplinary problems as they arise, and the principal will be available when needed. Teachers are expected to notify families of their classroom behavior plans and will have one on file in the office.

STUDENT EXPECTATIONS

Be Kind

Be Safe

Be Respectful

Be Responsible

SCHOOL DISCIPLINE

At South Terrace, we believe that learning how to build positive relationships, respect others, and contribute to a safe, supportive community is just as important as academic growth. When conflicts or challenges arise, we use restorative practices to help students understand the impact of their actions, repair harm, and restore trust. We value and rely on parental partnership in reinforcing these skills at home.

While most situations are addressed directly in the classroom through teacher-led conversations, problem-solving, and skill-building activities, the office may become involved if a situation is more serious or if classroom interventions have not resolved the concern. When this happens, our focus will be on guiding the student to reflect, take responsibility, and make things right. Restorative responses may include, but are not limited to: guided reflection, restorative conversations, agreements to repair harm, in-school support, or—if necessary—more formal consequences in line with district policy.

If your child's behavior or choices result in office involvement, you will be notified by email and/or phone. Our hope is that this communication helps you continue the conversation at home and supports your child in learning and growing from the experience. See Policy 506 for more information.

PBIS- POSITIVE BEHAVIOR INTERVENTION STRATEGIES

South Terrace Elementary is a PBIS school and will play a major role in school discipline. As such we will have common language and expectations for all parts of the school both inside and on the playground. While PBIS focuses on dealing with problems in a positive light, it also focuses on data collection of where issues are taking place, how frequently, and who is involved. "Majors" are offenses committed by students that would be reported to the principal immediately. "Minors" will be dealt with by teaching staff and paraprofessionals. If similar "Minor" behaviors continue, at a rate set by the staff of South Terrace the infractions could lead to receiving a "Major" and being reported to the principal.

The main goal of PBIS is to create a uniform system for discipline, to remain consistent in dealing with behavior issues, and to teach students how to treat one another with respect and safety.

EXPECTATIONS FOR THE PLAYGROUND

1. Play in a fair and safe manner.
2. Respect one another.
3. Respect and obey all adults.

PLAYGROUND EQUIPMENT GUIDELINES

The district is not responsible for stolen or misplaced cell phones. It is strongly recommended that student cell phones be left at home.

Consequences for not following cell phone rules may include having an adult take the cell phone to the office and the parent or guardian will need to retrieve the cell phone.

TEACHER REQUESTS

Teacher requests need to be in by **May 1st** of every school year for the next year. The following are also used as guidelines for teacher requests. Requests should not be done every year, but when there is an actual need or reason, including if the teacher is a family relative, or neighbor. A perception of one teacher being better than another will not be processed as a reason for a teacher request.

1. All requests will be considered, but not guaranteed, reasoning is a part of the decision.
2. Requests shall be made with the principal in writing by May 1st.
3. Requests should come with a reason for the request.

IMPORTANT DISTRICT POLICIES

The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, status with regard to public assistance, sexual orientation, or disability.

501: WEAPONS

Possession of a firearm or other weapon on one's person, or in an area subject to one's control, on any school property (including transportation), or off school grounds at any school related activity, will result in the immediate expulsion of the student. As per state statute, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm, or other weapon to school; except that the board may modify this expulsion requirement for a student on a case-by-case basis.

"Weapon" means any firearm (whether loaded or unloaded), any device or instrument which through its use is capable of threatening or causing injury or great bodily harm. Examples shall include, but not limited to guns (including pellet guns and look-alikes), all knives, martial arts instruments, mace, explosive devices, ammunition, or any device or instrument designed as a weapon.

503: STUDENT ATTENDANCE

Carlton School District has adopted the following student attendance policy for students in grades kindergarten through twelfth grade:

1. Students are expected to attend school on a regular basis in order to be successful in their academic schedules and also to become familiar with the requirements of future employment
2. The district is aware that there are many situations that may necessitate absences, such as medical emergencies, chronic illnesses, family crisis, and other unusual circumstances. Every effort will be made to work with families in these situations to ensure the child has educational support to achieve success. The "awareness provision" is designed to monitor and separate valid absences from school, or is neglectful in their duties to ensure an education for their children.
3. The following are considered as valid student excuses:
 - Doctor's written excuse regarding illness
 - Medical appointments
 - Court appearance
 - Funerals

EXCESSIVE EXCUSED ABSENCES

Students and parents/guardians must understand that each school has the right to not give credit or promote to the next grade due to inadequate seat time. It must also be understood that each school reserves the right to request a physician's notes for a student who has had excessive excused absences.

504: WEARING OF OFFENSIVE CLOTHING/OBJECTS

The policy of the school district is to encourage students to be dressed appropriately for school activities and in keeping with community standards. This is a joint responsibility of the student and the student's parent(s) or guardian(s).

Students wearing t-shirts, or other clothing and/or objects which are deemed inappropriate or offensive by school administration (principal, administrative assistant, superintendent) will be sent home from school or until the inappropriate/offensive item has been removed or changed. These clothing items would include but are not limited to:

1. Short shorts, skimpy tank tops, tops that expose the midriff and other clothing that is not in keeping with community standards.

514: BULLYING PROHIBITION

An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

520: STUDENT SURVEYS

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys. Surveys will be administered anonymously and in an indiscernible fashion.

524: INTERNET ACCEPTABLE USE AND SAFETY

This section of the policy deals with the consequences with the misuse or inappropriate use of the internet or school computers.

USE OF SYSTEM IS A PRIVILEGE: The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

525: VIOLENCE PREVENTION

This policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior. In general, the school district is to enforce its weapons policy and act promptly in investigating all acts, or formal or informal complaints of violence. This would include periodic review of discipline policies and implement approved violence prevention strategies.

526: HAZING

This policy is to maintain a safe learning environment for students and staff that are free from hazing. Hazing activities of any type are prohibited at all times. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, permit, condone, or engage in or tolerate hazing. This policy applies to behavior that occurs on or off school property and during and after school hours.

529: STAFF NOTIFICATION OF VIOLENT BEHAVIOR BY STUDENTS

The purpose of this policy is to address the circumstances in which data should be provided to classroom teachers and other school staff members about students with a history of violent behavior. Notification of violent behavior will be communicated with assigned classroom teachers if such acts against others, including staff, have occurred in the same year or previous year of school.

EMERGENCY SCHOOL CLOSING/EARLY DISMISSAL

Before School: During severe winter storms when the superintendent deems it unsafe for our buses to run, school will be closed or will have a later starting time. Our official radio station for school closing is [WKLK, 1230 AM in Cloquet](#). Please listen (DO NOT CALL THEM) any morning the weather looks severe. If we are having any problems at school (power outage, water problems, etc.) we will announce closing or delays on the above-mentioned radio station. Infinite Campus Messenger will also call, text and/or send you an email.

During School: When serious storms develop during the school day and the superintendent feels it would be better to send students home early, we will send out an Infinite Campus Message Alert. We will also have the radio stations announce the closing. The same will occur if we need to close due to other problems such as power or electrical failures. IT IS CRUCIAL THAT YOUR CHILD KNOW WHERE TO GO IF THIS SITUATION ARISES so that we are not sending the child to a locked or empty house. If the weather looks threatening and no one is home, discuss with your child ahead of time a safe alternative plan if no one will be home. Please do not call the school to see if we are letting out early. This ties up phone lines and we are unable to call parents of children who may have concerns.

- Confirmation of successful completion of the experience/course must be given to the counseling office.

ATTENDANCE

Regular attendance is an important requirement for all students. When it is necessary for the student to be absent, parents are to notify the school by calling 384-4225 before 9:00 AM. Following any absence, a student must present an excuse from a parent stating the reason for the absence and the date(s) of the absence.

TYPES OF ABSENCES:

1. **Excused** – Any absence falling into the categories of personal illness or family emergency. Examples include medical appointments, dentist appointments, counseling appointments, court appearances, driver license exam, death in the family and prearranged family vacations. All incomplete assignments may be made up if proper procedures have been followed. **All appointments need to have an excuse from the appointment office or it will be an unexcused absence.**
2. **Advanced Make-Up** – May be obtained from the office with a parent request before the date of absence. All work can be made up. Examples would include medical appointments, family trips, driver's exam, court appearance, etc.
3. **Unexcused** – Any absence not directly covered by the preceding excused absences will be considered an unexcused absence. Examples of unexcused absences include errands and appointments with no further explanation, truancy, leaving school without proper clearance, forgery on excused, babysitting, luncheons, work, missed bus, car trouble, shopping, hair appointments, tanning appointments, oversleeping, behind the wheel driving, etc. In the case of a student being needed at home, parental contact by phone is necessary to explain the extenuating circumstances. A decision will then be made as to whether an absence is excused or unexcused. Make up work will be provided with the option for full credit upon administrative approval. **Attendance issues can be determined at the discretion of the principal.**
4. **Excessive Excused Absences** – Students and parents/guardians must understand that each school has the right to not give credit or promote to the next grade due to inadequate seat time. It must also be understood that each school reserves the right to request physicians notes for a student who has had excessive excused absences (if a note has been requested and not provided, the school can determine that day to be absent unexcused).
In the circumstance that your son/daughter has accumulated 20 days of excused or unexcused absences, increased absence documentation is required. After the 15th day, you are required to provide a signed note from a Medical Professional or our School's Nurse indicating your child had a medical reason for his or her absences." The truancy officer will send home a letter notifying the parent/guardian that their son/daughter is truant according to Minnesota Statute 250A.02, subdivision 3 and request a meeting to address the issue further. Other school officials may be requested to attend this meeting. School services or other outside services will be offered to assist with the problem when appropriate. A parent/student contract may be ordered.
The truancy office will become officially involved in a student's truant behavior when the number of unexcused absences approaches eight (8). However, the principal meets with the officer on a weekly basis to discuss students in trouble with truancy issues. The officer may begin working with the student and family on a preventative program.
5. **Tardiness** – The fourth accumulated unexcused tardy in a grading quarter and each additional unexcused tardy

thereafter. Students will be notified by the principal or his designee of any detentions issued for tardiest. Parents will receive a copy of the infraction in the mail.

It is the responsibility of each student and parent/guardian to read attendance policies within their school's handbook. Refer to school administration for questions or clarification.

All policies and procedures listed pertain to K-12 students enrolled in Carlton County Schools.

HONOR CODE

Carlton High School is committed to providing a positive learning environment in which all students can do their best to succeed. In order to achieve this environment, academic honesty is essential. Simply stated cheating in any form jeopardizes the quality of any educational program and minimizes the genuine achievement of others.

CHS policy on cheating and academic dishonesty can include but not limited to:

CHEATING: Possessing a “cheat sheet” (including use of a cell phone or electronic device) or other notes for use on a quiz or test. Copying work from another student in or out of the classroom (see plagiarism) getting answers or information about a quiz or test that another student has already taken.

PLAGIARISM: Intentionally taking/copying someone else’s words or ideas and presenting them as your own. Doing another student’s work for him/her.

AI (ARTIFICIAL INTELLIGENCE): Is a game changing technology that will have a tectonic shift in how we teach, learn, and use resources in the future. That future is now. Staff will be trained and share with their students how this technology can be used, or not used in their classrooms.

GUIDELINES FOR STUDY HALL

Students need to understand that study hall is, first and foremost, a “work” hour. Students need to be “taking care of business” in the classroom. Students need to bring assignments to work on or reading materials to their study hall.

LASER LIGHTS, CELL PHONES, AIRPODS, SKATEBOARDS/RIP-STICKS

Laser lights of any type are prohibited in school buildings, on school grounds, or at school sponsored activities both on and

off campus. Unless school issued, mobile devices are not to be used during class time this includes calls or video taking, and watching of inappropriate videos and sites. No riding of skateboards or rip-sticks on school grounds. When a device has been confiscated from a student, the device will be held in the school office and the student or student's parent/guardian will be asked to pick up the confiscated device, depending on the incident.

Therefore, this district-wide school discipline policy has been adopted.

It is the responsibility of the school board, administrators, and teachers to safeguard the health and safety of each student. The school board and district administrators will support district personnel who, in dealing with students on disciplinary matters, act in accordance with state statute, state board of education regulations and this policy. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for the longer suspension. This definition does not apply to dismissal from school for one school day or less, except as provided in federal law for a student with a disability. Each suspension action may include a readmission plan. The readmission plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension.

Consistent with section 125A.091, subdivision 5, the

Approved by School Board July 2022

readmission plan must not obligate a parent to provide a sympathomimetic medication for the parent’s child as a condition of readmission. The school administration may not impose consecutive suspensions against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 school days.

Sub. 11. **Alternative educational services.** “Alternative educational services” may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessment, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under section 120B.02 although in a different setting.

121A.42 Policy

No public school shall deny due process or equal protection of the law to any public-school pupil involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

121A.43 Exclusion and expulsion of pupils with a disability

(a) Consistent with federal law governing days of removal and section 121A.46, school personnel may suspend a child with a disability. When a child with a disability has been suspended for more than five consecutive school days or 10 cumulative school days in the same school year, and that suspension does not involve a recommendation for expulsion or exclusion or other change of placement under federal law, relevant members of the child’s individualized education program team, including at least one of the child’s teachers, shall meet and determine the extent to which the child needs services in order to continue to

participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's individualized education program. That meeting must occur as soon as possible, but no more than 10 days after the sixth consecutive day of suspension or the tenth cumulative day of suspension has elapsed.

(b) A dismissal for one school day or less is a day or a partial day of suspension if the child with the disability does not receive regular or special education instruction during that dismissal period. The notice requirements under section 121A.46 do not apply to a dismissal of one day or less. (c) A child with a disability shall be provided alternative educational services to the extent a suspension exceeds five consecutive school days.

(d) Before initiating an expulsion or exclusion under sections 121A.40 to 121A.56, the district, relevant members of the child's individualized education program team, and the child's parent shall, consistent with federal law, determine whether the child's behavior was caused by or had a direct and substantial relationship to the child's disability and whether the child's conduct was a direct result of a failure to implement the child's individualized education program. When a child with a disability who has an individualized education program is excluded or expelled under sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of the child's disability, the district shall continue to provide special education and related services during the expulsion or exclusion.

121A.44 Expulsion for possession of firearm

(a) Notwithstanding the time limitation in section 121A.41, subdivision 5, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm to school except the board may modify this expulsion requirement for a pupil on a case-by-case basis. For the purposes of this section, firearm is as defined in United States Code, title 18, section 921.

(b) Notwithstanding chapter 13, a student's expulsion or withdrawal or transfer from a school after an expulsion action is initiated against the student for a weapons violation under paragraph (a) may be disclosed by the school district initiating the expulsion proceeding. Unless the information is otherwise public, the disclosure may be made only to another school district in connection with the possible admission of the student to the other district.

Approved by School Board July 2022

121A.45 Grounds for dismissal

Subdivision 1. **Provision of alternative programs.** No school shall dismiss any pupil without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property.

Sub. 2. **Grounds for Dismissal.** A pupil may be dismissed on any of the following grounds: (a) willful violation of any reasonable school board regulation. Such regulation must be clear and definite to provide notice to pupils that they must conform their conduct to its requirements; (b) willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or (c) willful conduct that endangers the pupil or other pupils, or surrounding persons, including school district employees, or property of the school.

Sub. 3. **Parent Notification and Meeting.** If a pupil's total days of removal from school exceeds 10 cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the pupil and the pupil's parent or guardian prior to subsequently removing the pupil from school, and with the permission of the parent or guardian, arrange for a mental health screening for the pupil. The district is not required to pay for the mental health screening. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the pupil assessed or diagnosed to determine whether the pupil needs treatment for a mental health disorder.

121A.46 Suspension procedures

Subdivision 1. **Informal administrative conference before suspension.** The school administration shall not suspend a pupil from school without an informal administrative conference with the pupil. The informal administrative conference shall take place before the suspension, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension.

Sub. 2. **Administrator notifies pupil of grounds for suspension.** At the informal administrative conference, a school administrator shall notify the pupil of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the pupil may present the pupil's version of the facts.

Sub. 3. **Written notice of grounds for suspension.** A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of sections 121A.40 to 121A.56, shall be personally served upon the pupil at or before the time the suspension is to take effect, and upon the pupil's parent or guardian by mail within 48 hours of the conference. The district shall make reasonable efforts to notify the parents of the suspension by telephone as soon as possible following suspension. In the event a pupil is suspended without an informal administrative conference on the grounds that the pupil will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the pupil and the pupil's parent or guardian within 48 hours of the suspension. Service by mail is complete upon mailing.

Sub. 4. **Suspension pending expulsion or exclusion.** Notwithstanding the provisions of subdivisions 1 and 3, the pupil may be

suspended pending the school board's decision in the expulsion or exclusion hearing; provided that alternative educational services are implemented to the extent that suspension exceeds five days.

121A.47 Exclusion and expulsion procedures

Subdivision 1. **Requiring a hearing; pupil may waive hearing.** No exclusion or expulsion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the pupil and parent or guardian. The action shall be initiated by the school board or its agent.

Approved by School Board July 2022

Sub. 2. **Written notice.** Written notice of intent to act shall:

(a) be served upon the pupil and the pupil's parent or guardian personally or by mail; (b) contain a complete statement of the facts, a list of the witnesses and a description of their testimony; (c) state the date, time, and place of the hearing;

(d) be accompanied by a copy of sections 121A.40 to 121A.56;

(e) describe alternative educational services accorded the pupil in an attempt to avoid the expulsion proceedings; and

(f) inform the pupil and parent or guardian of the right to:

(1) have a representative of the pupil's own choosing, including legal counsel, at the hearing. The district shall advise the pupil's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the department of education; 1 The list may be found electronically at <http://education.state.mn.us>.

(2) examine the pupil's records before the hearing;

(3) present evidence; and

(4) confront and cross-examine witnesses.

Sub. 3. **Hearing schedule.** The hearing shall be scheduled within ten days of the service of the written notice unless an extension, not to exceed five days, is requested for good cause by the school board, pupil, parent or guardian.

Subd. 4. **Convenient time and place of hearing.** The hearing shall be at a time and place reasonably convenient to pupil, parent or guardian.

Subd. 5. **Closed or open hearing.** The hearing shall be closed unless the pupil, parent or guardian requests an open hearing.

Subd. 6. **Impartial hearer.** The hearing shall take place before:

(1) an independent hearing officer;

(2) a member of the school board;

(3) a committee of the school board; or

(4) the full school board;

as determined by the school board. The hearing shall be conducted in a fair and impartial manner.

Subd. 7. **Creating hearing record.** The school board shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense. Testimony shall be given under oath. The hearing officer or a member of the school board shall have the power to issue subpoenas and administer oaths.

Subd. 8. **Access to pupil's records.** At a reasonable time prior to the hearing, the pupil, parent or guardian, or representative, shall be given access to all public-school system records pertaining to the pupil, including any tests or reports upon which the proposed action may be based.

Subd. 9. **Pupil's right to compel testimony.** The pupil, parent or guardian, or representative, shall have the right to compel the attendance of any official employee or agent of the public-school system or any public employee or any other person who may have evidence upon which the proposed action may be based, and to confront and to cross-examine any witness testifying for the public-school system.

Subd. 10. **Pupil's right to present evidence and testimony.** The pupil, parent or guardian, or representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

Subd. 11. **Pupil not compelled to testify.** The pupil cannot be compelled to testify in the dismissal proceedings.

Subd. 12. **Hearer's recommendation limited to evidence at hearing; service within two days.** The recommendation of the hearing officer or school board member or committee shall be based solely upon

Approved by School Board July 2022

substantial evidence presented at the hearing and must be made to the school board and served upon the parties within two days of the end of the hearing.

Subd. 13. **Basis of school board decision; opportunity for comment.** The school board shall base its decision upon the recommendation of the hearing officer or school board member or committee and shall render its decision at a meeting held within five days after receiving the recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's recommendations provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the commissioner of education of the basis and reason for the decision.

Subd. 14. **Admission or readmission plan.**

(a) A school administrator shall prepare and enforce an admission or readmission plan for any pupil who is excluded or expelled from school. The plan may include measures to improve the pupil's behavior, including completing a character education program, consistent with section 120B.225, Sub. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the pupil of not improving the pupil's behavior.

(b) The definition of suspension under Minnesota Statute Section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. A readmission plan must provide, where appropriate, alternative educational services, which must not be used to extend the student's current suspension period. Consistent with Minnesota Statute Section 125A.091, subdivision 5, a readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of the administration of a psychotropic drug or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect or medical or education neglect. **Effective Date.** This section is effective the day following final enactment.

121A.48 Good faith exception

A violation of the technical provisions of the Pupil Fair Dismissal Act, made in good faith, is not a defense to a disciplinary procedure under the act unless the pupil can demonstrate actual prejudice as a result of the violation.

121A.49 Appeal

A party to an exclusion or expulsion decision made under sections 121A.40 to 121A.56 may appeal the decision to the commissioner of education within 21 calendar days of school board action. Upon being served with a notice of appeal, the district shall provide the commissioner and the parent or guardian with a complete copy of the hearing record within five days of its receipt of the notice of appeal. All written submissions by the appellant must be submitted and served on the respondent within ten days of its actual receipt of the transcript. All written submissions by the respondent must be submitted and served on the appellant within ten days of its actual receipt of the written submissions of the appellant. The decision of the school board must be implemented during the appeal to the commissioner. In an appeal under this section, the commissioner may affirm the decision of the agency, may remand the decision for additional findings, or may reverse or modify the decision if the substantial rights of the petitioners have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (1) in violation of constitutional provisions;
- (2) in excess of the statutory authority or jurisdiction of the school district;
- (3) made upon unlawful procedure, except as provided in section 121A.48;
- (4) affected by other error of law;
- (5) unsupported by substantial evidence in view of the entire record submitted; or (6) arbitrary or capricious.

Approved by School Board July 2022

The commissioner or the commissioner's representative shall make a final decision based upon the record. The commissioner shall issue a decision within 30 calendar days of receiving the entire record and the parties' written submission on appeal. The commissioner's decision shall be final and binding upon the parties after the time for appeal expires under section 121A.50.

121A.50 Judicial review

The decision of the commissioner of education made under sections 121A.40 to 121A.56 is subject to judicial review under sections 14.63 to 14.69. The decision of the commissioner is stayed pending an appeal under this section.

121A.51 Reports to service agency

The school board shall report any action taken pursuant to sections 121A.40 to 121A.56 to the appropriate public service agency, when the pupil is under the supervision of such agency.

121A.52 Nonapplication of compulsory attendance law

The provisions of section 120A.22, subdivision 5, shall not apply to any pupil during a dismissal pursuant to sections 121A.40 to 121A.56.

121A.53 Report to the commissioner of education

Subdivision 1. **Exclusions and expulsions.** The school board must report through the department electronic reporting system each exclusion or expulsion within 30 days of the effective date of the action to the commissioner of education. This report must include a statement of alternative educational services given the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race and special education status.

Subd. 2. **Report.** The school board must include state student identification numbers of affected pupils on all dismissal reports required by the department. The department must report annually to the commissioner summary data on the number of dismissals by age, grade, gender, race, and special education status of the affected pupils. All dismissal reports must be submitted through the department electronic reporting system.

121A.54 Notice of right to be reinstated

Whenever a pupil fails to return to school within ten school days of the termination of dismissal, a school administrator shall inform the pupil and the pupil's parents by mail of the pupil's right to attend and to be reinstated in the public school.

121A.55 Policies to be established

(a) The commissioner of education shall promulgate guidelines to assist each school board. Each school board shall establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of sections 121A.40 to 121A.56. The policies shall emphasize preventing dismissals through early detection of problems and shall be designed to address students' inappropriate behavior from recurring. The policies shall recognize the continuing responsibility of the school for the education of the pupil during the dismissal period. The alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress towards meeting the graduation standards adopted under section 120B.02 and help prepare the pupil for readmission. (b) An area learning center under section 123A.05 may not prohibit an expelled or excluded pupil from enrolling solely because a district expelled or excluded the pupil. The board of the area learning center may use the provisions of the Pupil Fair Dismissal Act to exclude a pupil or to require an admission plan.

Approved by School Board July 2022

(c) Each school district shall develop a policy and report it to the commissioner on the appropriate use of peace officers and crisis teams to remove students who have individualized education plans from school grounds.

121A.56 Application

Subdivision 1. **Prohibition against discrimination remains in effect.** Sections 121A.40 to 121A.56 shall not be deemed to amend or otherwise affect or change section 363.03, subdivision 5, clause (2).

Subd. 2. **Portions of school program for credit.** Sections 121A.40 to 121A.56 shall apply only to those portions of the school program for which credit is granted.

Re: Carlton School District DEI Training Proposal

Dear Gracie and Laura,

Northspan is pleased to submit this proposal in response to your request for professional development training for Carlton School District staff focused on diversity, equity, and inclusion (DEI). We are excited about the opportunity to support your efforts by providing a data-informed approach to guide and enhance this important initiative.

Our team brings extensive experience in survey design and analysis, program development, and DEI resource navigation. We've successfully led similar efforts through our Inclusion Learning Cohorts across four counties in Northeast Minnesota including Carlton, Itasca, Koochiching, and Cook. For this engagement, Consultants Amber Lewis and Stefanie Sjelin will co-lead the project, with support from myself and additional team members as needed to ensure a thorough and timely delivery.

We propose a structured process that includes:

- A comprehensive staff survey and analysis
- A detailed report with actionable recommendations for educators and programming
- Optional ongoing coordination and feedback gathering through Spring 2028

The project is scheduled to begin on August 1, 2025, with the final survey report delivered by September 15, 2025.

We would welcome the opportunity to further discuss and refine our approach to best align with your goals. Thank you for considering our proposal, and we look forward to the possibility of working together.

Be well,

Elissa Hansen
President & CEO

OUR DEVELOPMENT PHILOSOPHY: ENGAGING AND ELEVATING SINCE 1985

With over 40 years in community and economic development, we are known for creating tailored strategies for each engagement. We build long-term partnerships with communities and organizations, often working behind the scenes to enhance the capacity of those providing essential services. Trust is fundamental to our work, and we uphold high standards of professionalism.

Our extensive network includes state and local governments, private companies, philanthropic organizations, nonprofits, and community leaders. Successful community engagement requires buy-in from a diverse network, and we strive for this in every project. Our ten-person team provides research and administrative support, streamlining processes and offering cost-effective services. Our professionalism, responsiveness, and fresh energy ensure quick progress and client satisfaction.

FLEXIBLE AND INCLUSIVE ENGAGEMENT STRATEGIES

Northspan's approach emphasizes inclusive participation and respect, adapting our processes to these principles. Facilitators listen to all perspectives and encourage participation from everyone. Our flexible facilitation adapts to client needs, attendees, and new developments. We incorporate non-traditional methods, including arts and active engagement, to reach communities in new ways and inspire a renewed vision for their future. These processes enhance public life, create strong communities, and foster economic growth.

Northspan's facilitation is based on the Institute of Cultural Affairs-USA Technology of Participation (ToP) methods, transforming how groups think, talk, and work together. We immerse ourselves in communities to understand their challenges and opportunities, identify potential changes, and pilot ideas. We collaborate with communities to bring these ideas to life, understanding their dynamics through observation and data analysis.

We build partnerships and collaborations to foster trust, changing perspectives and inviting long-range thinking. We test new ideas, gather input, and engage all community members. By listening, observing, and engaging, we make the best recommendations to elevate growth, recovery, and change.

ELEVATING DIVERSE VOICES AND PERSPECTIVES

Northspan embraces a holistic vision of community and economic development, understanding how partners can collaborate to best serve their communities. We navigate the broader development ecosystem, helping organizations find their unique niches and avoid service duplication.

We diligently research and understand the internal politics and histories of the communities and organizations we serve, breaking down historical divides and building new connections. Our experience in both public and private sectors equip us to handle tough conversations around organizational and community change.

We prioritize not only recognizing attendees at community meetings but also actively encouraging participation from underrepresented groups. We conduct direct outreach, meeting community members where they are to build bridges based on common interests and goals. Our expansive view of diversity spans age, race, faith, gender, and sexual orientation.

Well-connected with state and local governments, private companies, philanthropic organizations, nonprofits, and community leaders, we ensure successful community engagement through broad buy-in from diverse networks. We strive for comprehensive connection in every engagement process.

PROPOSED METHODOLOGY AND TIMELINE

Northspan is a resource of knowledge for DEI resources and educators and provides expert data collection and analysis, program coordination, and facilitation in supporting cultural fluency and advancing inclusion and belonging in Northeast Minnesota. Our team is well-versed in the challenges faced in designing programming to fit a wide range of individual needs and learning styles. We recognize the importance of deeply understanding staff readiness and experience with various DEI related training and topics to best meet current professional development needs for the Carlton School District.

Our experience working with diverse communities as well as a wide variety of DEI related consultants, nonprofits, and businesses across the region has equipped us to approach this work with cultural competence, a grounding in research based best practices, and a commitment to inclusive stakeholder engagement, ensuring that our recommendations are both actionable and aligned with the values and goals of Carlton School District.

GOAL

The goal of this proposal is to design and implement a multi-year DEI training and engagement initiative for Carlton School District staff. This initiative will begin with a comprehensive staff survey and analysis to assess current knowledge levels and perceptions, followed by tailored training and educator coordination, with feedback and analysis throughout. The project will support the district's goals of increasing cultural awareness, reducing disparities, and fostering an inclusive learning environment.

RECOMMENDED APPROACH

To meet the objectives outlined by Carlton School District, we propose a phased, multi-year approach that includes a DEI readiness survey, stakeholder-informed training design, and ongoing educator coordination. The project will begin on August 1, 2025, with a final survey report delivered by September 15, 2025. Training and engagement activities will continue through Spring 2028.

FULLY COORDINATED APPROACH

YEAR 1

1. Engagement Kickoff Meeting Objectives

Northspan will collaborate with district leadership to finalize the engagement design and identify key participants. We will:

- Confirm and clarify project goals and deliverables
- Establish a schedule for regular coordination check-ins

2. Survey Design and Analysis

Timeline: August - September 2025

We will conduct a baseline assessment of staff DEI knowledge and needs by:

Designing and distributing a staff-wide survey:

This survey will assess current understanding, attitudes, and experiences related to diversity, equity, and inclusion among Carlton School District staff.

Analyzing results to identify trends, gaps, and training needs:

We will use both quantitative and qualitative methods to uncover patterns in responses, highlighting areas of strength and opportunities for growth.

Virtually delivering a final report with actionable insights:

The report will include a summary of findings, suggested training pathways, and strategic recommendations.

3. Training Design & Recommendations

Timeline: September 2025 - May 2026

Based on survey results, we will:

Develop educator recommendations

Based on our deep knowledge of DEI trainers across the region, the proposed training content will be customized to meet staff where they are, ensuring relevance and engagement across varying levels of cultural fluency. We suggest training opportunities on select Fridays (non-instructional days) to avoid in-service conflicts.

Suggest a variety of engagement options (e.g., workshops, community events, readings, online courses, reflective activities, DEI “bingo cards” with reflection components)

A flexible menu of learning opportunities will encourage voluntary participation and allow staff to engage in ways that resonate with their learning styles. These tools will gamify participation with built-in reflection to deepen understanding and accountability.

Coordinate with DEI educators

We will prioritize working with facilitators who bring both professional expertise and cultural authenticity, ensuring respectful and impactful learning experiences.

FULLY COORDINATED APPROACH YEAR 2 & 3

Ongoing Coordination & Evaluation

Timeline: June 2026 - May 2027 and June 2027 - May 2028

To ensure long-term impact, we will:

Support educator coordination and feedback gathering

- Designing and distributing a staff-wide survey to gather feedback
- Analyzing results to identify trends, gaps, and training needs
- Delivering an update report with actionable insights

Adjust training recommendations annually based on feedback and evolving needs

- Each year's educator recommendations will be refined to reflect staff input, emerging best practices, and shifting district priorities.
- Coordinate with DEI educators

SURVEY ONLY APPROACH

This approach begins with an Engagement Kickoff Meeting to confirm and clarify project goals and deliverables. It is followed by the design and distribution of a staff-wide survey to gather input across the organization. The collected data is then analyzed to identify key trends, gaps, and training needs. A final report is delivered virtually, offering actionable insights. Ongoing support includes gathering feedback to ensure continuous improvement and alignment with project objectives in years 2 and 3.

RELEVANT EXPERIENCE

Northspan brings extensive experience in analyzing and coordinating programming such as the Northeast Minnesota Inclusion Learning Cohorts and the Rural Minnesota Community Safety Project. Our team has led numerous evaluations that assess stakeholder and community needs, helping identify strengths, address challenges, and uncover opportunities for growth. We have worked with a variety of groups and organizations across the Upper Midwest, tailoring our approach to reflect each organization's unique mission, community context, and stakeholder needs. Our proven methodology combines data analysis, stakeholder engagement, and strategic insight to deliver clear, actionable recommendations that drive meaningful impact.

WILDERNESS HEALTH LISTENING SESSIONS & ACTION PLANNING | 2024

Challenge: Wilderness Health—a collaborative of independent healthcare providers in northeast Minnesota and northwest Wisconsin—sought facilitation support for five community listening sessions focused on improving mental and behavioral health care. Sessions were held in Silver Bay, Ely, Virginia, Hibbing, and Cohasset, with the goal of engaging community members in identifying barriers and solutions to care.

Role: Wilderness Health partnered with Northspan Group, Inc., a regional consulting organization, and Nelle Rhicard of ReFrame Ideas, a graphic recorder. Northspan facilitated the sessions and synthesized findings, while Rhicard visually captured key themes and personal stories. Using the ORID (Observe, Reflect, Interpret, Decide) method, participants shared experiences and proposed solutions, which were grouped into common themes to inform regional strategies.

Results: The sessions resulted in eight community-driven strategies for improving mental and behavioral health care:

1. Improve Fair & Equitable Access
2. Develop Community-Based Support Networks
3. Recruit & Retain Workforce
4. Advance Integrated Health System Changes
5. Increase Acceptance & Reduce Stigma
6. Empower Care Support Through Education
7. Enhance Early Detection
8. Implement Trauma-Informed Intake Processes

Northspan then facilitated an action planning workshop with Wilderness Health staff to prioritize and implement these strategies.

CLOQUET AREA RURAL COMMUNITY SAFETY PROJECT SAFE TOGETHER | 2023–2025

Challenge: In recent years, rural communities across the United States have experienced rising tensions and threats of violence related to culture, political affiliation, religion, and sexual orientation. These challenges, compounded by limited access to resources and historical trauma, have created a pressing need for proactive, community-centered approaches to safety. In the Cloquet area, including within neighboring tribal lands of the Fond du Lac Band of Lake Superior Chippewa, these challenges have intersected with broader community concerns such as school-based incidents, mental health, and addiction crises. Underlying many of these issues are deeper fractures in trust, belonging, and safety. Recognizing this, international humanitarian organization Nonviolent Peaceforce (NP), Northspan and additional partners asked a critical question: What does safety mean here, and how can we build it together?

Role: NP with support from the Bush Foundation contracted Northspan to launch the Rural Minnesota Community Safety Project in Cloquet. This initiative was built on the foundation of a previous Inclusion Learning Cohort and began with a community-wide safety survey to identify local tensions and concerns. Northspan led community outreach, surveying, project coordination, and local engagement efforts. Evaluation partners, Voices for Rural Resilience (VfRR) & The Department of Public Transformation (DoPT), supported community sensing through a series of story circles and reporting.

The project featured a full-day Safe Together Workshop at the Cloquet Forestry Center led by educators from Nonviolent Peaceforce. It included:

- A cultural welcome and closing by Ojibwe Elder Ricky DeFoe (Fond du Lac Band of Lake Superior Chippewa).
- Interactive sessions on de-escalation, upstander intervention, and the situational awareness.
- Scenario-based learning and reflection
- Inclusive meals and ASL interpretation to ensure accessibility

Participants were engaged throughout the project and helped guide the work. This included reflection sessions and Accelerated Action Planning (a facilitated planning method to invite cooperation in determining steps for successful project completion) facilitated by Northspan. The final engagement opportunity included a virtual Threat Assessment and Early Warning/Early Response (EWER) training, with NP educators guiding participants in learning how to identify and respond to potential threats using community-based tools.

The project culminated in the creation of a gamified final report by VfRR & DoPT —[Safe Together: A Quest for Rural Community Safety](#)—which serves as both a reflection and a guidebook for other communities.

Results: The Rural MN Community Safety Project in Cloquet has become a model for rural safety rooted in the power of relationships among community members. Key outcomes include:

- 100 survey responses identifying top safety concerns and community needs
- A full-day workshop including community members from diverse backgrounds and lived experiences
- Hands-on training in nonviolent conflict intervention, including the Window of Tolerance, OODA Loop, and the CLARA model.
- A creative, community-centered guidebook that reimagines safety as a shared journey

Community participants now have:

- Tools to center themselves and de-escalate tense situations
- A deeper understanding of how to be upstanders rather than bystanders
- A distinction between immediate de-escalation and long-term conflict resolution
- A tool to identify threats and create a plan for effective response

Northspan and Nonviolent Peaceforce’s approach, rooted in humility and consideration for the full participation of participants with various aspects of diversity, has proven especially effective in rural contexts. It has shown that safety is not enforced; it is cultivated through relationships, care, and shared responsibility.

CLOQUET AREA INCLUSION LEARNING COHORT BUILDING A WELCOMING COMMUNITY | 2022–2023

Challenge: The Cloquet area, like many rural communities in Northeast Minnesota, faces challenges related to inclusion, belonging, and equitable access. Community members expressed a desire to better understand the experiences of historically marginalized populations and to build stronger, more inclusive relationships across differences. With limited local capacity and resources, the need for a structured, community-centered approach to inclusion became clear.

Role: Northspan, through its Welcoming Community programming, launched the Cloquet Area Inclusion Learning Cohort (ILC) in 2022. The initiative began with an Inclusion Readiness Assessment to establish a baseline understanding of community dynamics. Over the course of seven months, Northspan facilitated monthly workshops at the Cloquet Public Library, each designed around themes identified in the assessment and refined through community input.

Workshops featured local, regional, and national educators and focused on experiential learning, intercultural fluency, constructive dialogue, and community visioning. Topics included understanding implicit bias, sharing local histories, youth perspectives, and inclusive leadership. The workshops emphasized relationship-building, reflection, and action planning.

Results: The Cloquet ILC fostered deep community engagement and learning. Participants explored their own identities and community roles, built new relationships across generations and sectors, and developed a shared vision for a more inclusive Cloquet. Highlights included:

- Experiential learning activities such as the ABC’s Constructive Dialogue, cultural storytelling, and youth-led panels.
- Cultural ceremonies like traditional smudging and Ojibwe teachings, grounding the cohort in local Indigenous perspectives and including local educators from the Fond du Lac Band of Lake Superior Chippewa.
- Collaborative action planning, resulting in two community-driven project proposals. Progress was made in forming the Inclusive Garden Group with a goal to create a community-wide gardening and agricultural project to connect across local cultures.
- Increased leadership capacity, with new voices—especially youth and nontraditional leaders—emerging as advocates for inclusion.

One participant reflected, “It was so encouraging to hear how each of us wanted what is best for our community—to live in harmony with one another—working, playing, learning together. Helping each other, making sure our neighbor is OK—no matter what differences we may have with that person.”

The Cloquet ILC is part of a broader regional effort to host Inclusion Learning Cohorts in every county of Northeast Minnesota. With these efforts Northspan continues to build momentum toward a more welcoming region.

SECTION IV – EXAMPLES OF WORK

COOK COUNTY AREA INCLUSION LEARNING COHORT BUILDING A WELCOMING COMMUNITY | 2022–2023

Challenge: Cook County, located in the far northeastern corner of Minnesota, is a rural region with a rich cultural heritage and a growing awareness of the need for greater inclusion and belonging. Community members expressed a desire to better understand the diverse histories and lived experiences of their neighbors, particularly Indigenous communities, and to build stronger relationships across difference. With limited local capacity, the community needed a structured, locally grounded approach to support greater intercultural understanding and connection across differences.

Role: Northspan, through its Welcoming Community programming, launched the Cook County Area Inclusion Learning Cohort (ILC) in October 2022. The cohort met monthly at the Cook County Higher Education building in Grand Marais with one session hosted on the neighboring land of the Grand Portage Band of Lake Superior Chippewa. The participants engaged in a seven-month series of experiential workshops, which led to the completed Community Inclusion Project, 6 months later. Each session was designed around themes identified in the Inclusion Readiness Assessment and refined through community input.

Workshops featured local, regional, and national educators and focused on topics such as constructive dialogue, implicit bias, Indigenous history, and allyship. A highlight of the series was the Blanket Exercise; a powerful participatory experience providing a deeper understanding of the history and impacts of colonization. This experience was so impactful that the cohort organized a public event in January 2024 to share it with the broader community for their Community Inclusion Project.

[The Blanket Exercise Experience, Community Discussion, & Shared Meal Coming to Grand Marais | North Shore Journal | Two Harbors, Silver Bay & Lake Superior](#)

Results: The Cook County ILC created a space for honest dialogue, cultural learning, and community visioning. Participants explored their own identities and histories, built new relationships, and developed a shared understanding of what it means to be a welcoming community. Key outcomes included:

- Experiential learning through activities like the Blanket Exercise, storytelling, and ABCs of Constructive Dialogue practice.
- Deep engagement with Indigenous perspectives, including local authors and educators from Grand Portage.
- Collaborative action planning resulted in a community-driven project proposal which came to fruition with funding provided as part of the ILC.
- Public outreach, including a community-wide Blanket Exercise event that extended the cohort's impact beyond its members.

The Cook County ILC is part of Northspan's broader goal to host Inclusion Learning Cohorts in every county of Northeast Minnesota. With these efforts, Northspan continues to build momentum toward a more welcoming region.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

[NOTE: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- C. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- D. "Physical holding" means physical intervention intended to hold a child immobile or limit a child's movement, where body contact is the only source of physical restraint, and where immobilization is used to effectively gain control of a

child in order to protect a child or other individual from physical injury.

[NOTE: This definition is added to provide clarity for discussion of physical holds later in this policy and in light of recent Minnesota legislative action.]

E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.

F. “School Resource Officer” means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer’s regular responsibilities through the terms of a contract entered between the peace officer’s employer and the designated school district or charter school.

[NOTE: The 2024 Minnesota legislature enacted this definition of “school resource officer.” MSBA deleted the definition of “police liaison officer” as part of this change. School districts should use the term that reflects their local circumstances.]

G. “Student with an IEP” or “the student” means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).

H. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student’s behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student’s behavior cannot be safely managed, school personnel may immediately request assistance from the school resource officer or a peace officer.

B. Removal By School Resource Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team, building administrator, or the building administrator’s designee, may request that the school resource officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student’s IEP team must meet to determine if the student’s IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

[NOTE: If the school district uses a different reference name for its student records policy, insert that name in place of the reference to Protection and Privacy of Pupil Records, which is the title of MSBA/MASA Model Policy 515.]

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

1. In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the school resource officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another
2. In removing a student with an IEP from school grounds, school resource officers and school district personnel are further prohibited from engaging in the following conduct:
 - a. Corporal punishment prohibited by Minnesota Statutes, section 121A.58;
 - b.. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
 - c. Totally or partially restricting a child's senses as punishment;
 - d. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
 - e. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minnesota Statutes, Chapter 260E;
 - f. Physical holding (as defined above and in Minnesota Statutes, section 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;

- g. Withholding regularly scheduled meals or water; and/or
- h. Denying a child access to toilet facilities.

3. Any reasonable force used under Minnesota Statutes, sections 121A.582; 609.06, subdivision 1; and 609.379 which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred shall be reported to the Minnesota Department of Education as a restrictive procedure, including physical holding or seclusion used by an unauthorized or untrained staff person.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes, section 125A.0942, subdivision 5, and otherwise comply with the requirements of section 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

531 THE PLEDGE OF ALLEGIANCE

[Note: Recitation of the Pledge of Allegiance by students and instruction of students as provided in this policy are required by statute. Also, the statement in Part III., below, must be included in the student handbook or a policy guide. A local school board or a charter school board of directors may waive these statutory requirements by a majority vote taken annually. If the local school board or charter school board of directors waives the requirement to recite the Pledge of Allegiance, it may adopt a district or school policy regarding the reciting of the Pledge of Allegiance.]

I. PURPOSE

The school board recognizes the need to display an appropriate United States flag and to provide instruction to students in the proper etiquette, display, and respect of the flag. The purpose of this policy is to provide for recitation of the Pledge of Allegiance and instruction in school to help further that end.

II. GENERAL STATEMENT OF POLICY

Students in this school district shall recite the Pledge of Allegiance to the flag of the United States of America one or more times each week. The recitation shall be conducted:

- A. By each individual classroom teacher or the teacher's surrogate; or
- B. Over a school intercom system by a person designated by the school principal or other person having administrative control over the school.

III. EXCEPTIONS

Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. Students and school personnel must respect another person's right to make that choice.

IV. INSTRUCTION

Students will be instructed in the proper etiquette toward, correct display of, and respect for the flag, and in patriotic exercises.

526 HAZING PROHIBITION

[Note: School districts are required by statute to have a policy addressing these issues. The Minnesota Department of Education (MDE) will maintain and make available a model policy on student and staff hazing in accordance with Minnesota Statutes section 121A.69. The MDE model policy differs from the MSBA/MASA model policy as it incorporates state and federal requirements related to harassment and discrimination which extends beyond the mandate of Minnesota Statutes section 121A.69. Topics of harassment and discrimination are addressed in other MSBA/MASA policies. While school districts are required to adopt a policy governing student and staff hazing, school districts are not required to adopt any particular policy. MSBA recommends this policy.]

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.
- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.
- F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:
 - 1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 - 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 - 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who

is the target or victim of hazing.

E. "Student" means a student enrolled in a public school or a charter school.

F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.

D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.

E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.

F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

[Note: Proper reference should be made to the appropriate handbooks in each school district.]

- A. This policy shall appear in each school's student handbook and in each school's

building and staff handbooks.

- B. The school district will develop a method of discussing this policy with students and employees.

524.5 PERSONAL ELECTRONIC COMMUNICATION DEVICES

I. PURPOSE

The objective of this policy is to support the school district's focus on learning in alignment with the district's mission to ignite students' passion for learning, cultivate a strong foundation of knowledge, and foster a sense of community within our schools. Possession and use of personal electronic communication devices must be regulated to ensure that such devices do not disrupt or interfere with the education process or school operations, impair the safety, welfare, and privacy of students and staff, or are used as part of an act of academic dishonesty.

II. GENERAL STATEMENT OF POLICY

To minimize the impact of personal electronic communication devices on student behavior, mental health, and academic attainment and to support school environments in which students can engage fully with their classmates, their teachers, and instruction, the school board has determined the use of personal electronic communication devices by students during school hours should be limited.

III. DEFINITIONS

- A. "Bell-to-Bell" means from when the first bell rings at the start of the school day to begin instructional time until the dismissal bell rings at the end of the academic school day. "Bell-to bell" includes lunch and time in between class periods.
- B. "Cell Phone" means a personal device capable of making calls, transmitting pictures or video, or sending or receiving messages through electronic means. The definition of cell phone includes a non-smart phone that is limited to making phone calls or text messages and a smart phone that encompasses the above features.
- C. "Cyberbullying" means bullying using technology or other electronic communication, including but not limited to a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device.
- D. "Instructional Time" means any structured or unstructured learning experiences that occur from when the first bell rings at the start of the school day until the dismissal bell rings at the end of the academic school day.
- E. "Personal Electronic Communication Device" means any personal device capable of connecting to a cell phone, the internet, a cellular or Wi-Fi network, or directly connects to another similar device. Personal electronic communication devices may include cell phones, wearable devices such as smart watches, personal headphones, earbuds or pods, laptops, tablets, virtual reality devices, and other personal electronic communication devices with the abovementioned characteristics.
- F. "Stored" means a cell phone or personal electronic communication device not being carried on the student's person, including not in the student's pocket. Storage options may include, but are not limited to, in the student's backpack, in the student's locker, in a locked pouch, or in a designated place in the classroom, as determined by school administration.

IV. PERSONAL ELECTRONIC COMMUNICATION DEVICE USE AND STORAGE

A. Personal Electronic Communication Device Use

1. Students are prohibited from using personal electronic communication devices _____
2. Elementary Schools (K-5).
 - a. Students are prohibited from using personal electronic communication devices on school premises from bell-to-bell, which includes but is not limited to instructional time, lunch periods, recess, school-sponsored programs, events or activities, or any other time during the designated school day.
 - b. All personal electronic communication devices shall be kept in designated areas and turned off.
3. Middle Schools/Junior High Schools
4. High Schools (9-12).
 - a. Students are prohibited from using personal electronic communication devices during instructional time, which includes the entire period of a scheduled class and other times when students are directed to report to and participate in any instructional activity.
 - b. Students may wear smart or electronic watches but may not use any communication applications or features that are prohibited from use on other personal electronic communication devices and all notifications must be turned off.
 - c. All personal electronic communication devices shall be kept in designated areas and turned off during instructional time. Personal electronic communication devices may be used during passing times and lunch periods; however, such use is discouraged.

B. Off-Campus School-Sponsored Activities

School administration may establish guidelines for personal electronic communication device possession and use during off-campus school-sponsored activities, such as extracurricular activities, outdoor and service trips, and school field trips. These guidelines will be provided at pre-activity meetings, activity-specific permission slips, and by other means as appropriate in the circumstances.

V. LIMITATIONS ON USE OF AND STORAGE OF PERSONAL ELECTRONIC COMMUNICATION DEVICES

A. Limitations on Use of Personal Electronic Communication Devices

1. Personal electronic communication devices may not be used in any manner that causes or results in disruption of the educational environment or school-sponsored extracurricular activities or events or impairs or interferes with school district operations.
2. Devices, including but not limited to personal electronic communication devices, with audio, video, or photo-taking capabilities shall not be used at any

time in locker rooms, bathrooms, or other locations where the presence of such devices poses an unreasonable risk to the safety, welfare, or privacy of others. Confiscation and search of such devices will occur if found in these areas.

3. Students may not use a device to record, transmit, or post audio, videos, or photos of a person or persons on school grounds or on a school bus without the express permission of school staff in addition to the express consent of the individual or individuals that are the subjects of the recording.
4. Personal electronic communication devices may not be used to engage in bullying, cyberbullying, harassment, discrimination, or other activity prohibited under federal or state law or under school district policy.
5. Personal electronic communication devices shall not be used during a lockdown drill, a fire drill, or a similar safety drill.

B. Storage of Personal Electronic Communication Devices

Students shall keep their personal electronic communication devices in a secure place, such as the student's locker, a closed backpack, a storage device provided by the school, or an area designated by the classroom teacher at all times when personal electronic communication device use is prohibited.

V. EXCEPTIONS

- A. Nothing in this policy prohibits a student from using a personal electronic communication device for a purpose documented in the student's individualized education program, a plan developed under section 504 of the Rehabilitation Act of 1973, or a health care plan in force regarding the student.
- B. A student may use a personal electronic communication device to monitor or address a health concern or medical condition upon permission granted by school administration.
- C. Students may use a personal electronic communication device when the use is necessary to respond to or report an emergency. For purposes of this policy, "emergency" means an actual or imminent threat to the health or safety of students and/or school personnel, which may result in death, bodily injury, or substantial property damage.
- D. A student may use a personal electronic communication device during a time at which use would otherwise be prohibited when the student has been granted permission from a staff member to use the device. If the school district implements a curriculum that uses technology, students may be allowed to use their own personal electronic communication devices to access the curriculum. Students who are allowed to use their own devices to access the curriculum will be granted access to any application or electronic materials when they are available to students who do not use their own devices, or provided free of charge to students who do not use their own devices for curriculum.
- E. A personal electronic communication device may be stored in student vehicles parked on school district property provided that the device is not removed from the vehicle while on school district property.
- F. Students who need to make a call may request permission to use a telephone in the building office.

VI. DISCIPLINE

If a student violates this policy, a teacher or administrator shall take the following progressively serious disciplinary measures:

- A. Give the student a verbal warning and require the student to store the student's personal electronic communication device in accordance with this policy.
- B. Securely store the student's personal electronic communication device in a teacher- or administrator-controlled locker, bin, or drawer for the duration of the class or period.
- C. Place the student's personal electronic communication device in the school's central office for the remainder of the school day.
- D. Place the student's personal device in the school's central office to be picked up by the student's parent or guardian.
- E. Schedule a conference with the student's parent or guardian to discuss the student's personal device use.
- F. Apply discipline as provided under school district policies and as appropriate.
- G. Other (insert as needed).

VII. SCHOOL DISTRICT RESPONSIBILITY

- A. The school district is not responsible for, nor is it required to investigate, any lost, stolen, or damaged personal electronic communication devices brought onto school grounds or the bus or school-sponsored activities or events.
- B. The school board directs the superintendent and school district administration to establish additional rules and procedures regarding student possession and use of personal electronic communication devices in schools as the superintendent and school district administration find appropriate. These rules shall be consistent with this policy and other applicable school district policies. These rules and procedures should seek to minimize the impact of personal electronic communication devices on student behavior, mental health, and academic attainment. These rules and procedures may be designed for specific school buildings, grade levels, or pursuant to similar criteria.

522 TITLE IX SEX NONDISCRIMINATION POLICY, GRIEVANCE PROCEDURE AND PROCESS

I. GENERAL STATEMENT OF POLICY

- A. The school district does not discriminate on the basis of sex in its education programs or activities, and it is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.
- B. The school district prohibits sexual harassment that occurs within its education programs and activities. When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.
- C. This policy applies to sexual harassment that occurs within the school district's education programs and activities and that is committed by a school district employee, student, or other members of the school community. This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the school district's education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district's education programs or activities.
- D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district's Title IX Coordinator(s) is/are:

[INSERT: NAME(S) TITLE(S) PHONE NUMBER(S) OFFICE ADDRESS(ES) EMAIL ADDRESS(ES)]

Questions relating solely to Title IX and its regulations may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

- E. The effective date of this policy is August 14, 2020, and applies to alleged violations of this policy occurring on or after August 14, 2020.

II. DEFINITIONS

- A. "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the school district's Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.
- B. "Complainant" means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a

formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.

- C. "Day" or "days" means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).
- D. "Deliberately indifferent" means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.
- E. "Education program or activity" means locations, events, or circumstances for which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.
- F. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.
 - 1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.
 - 2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.
- G. "Informal resolution" means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.
- H. "Relevant questions" and "relevant evidence" are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.
- J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.
- K. "Sexual harassment" means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a person in the United States:

1. *Quid pro quo* harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);
 2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
 3. Any instance of sexual assault (as defined in the Clery Act, 20 United States Code, section 1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 United States Code, section 12291).
- L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minnesota Statutes, section 121A.41, as amended, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.
- M. "Title IX Personnel" means any person who addresses, works on, or assists with the school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:
1. "Title IX Coordinator" means an employee of the school district that coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.
 2. "Investigator" means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Decision-maker or the Appellate Decision-maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.
 3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.
 4. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.

5. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.

III. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS

A. Equitable Treatment

1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.
2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it has completed this grievance process and the respondent has been found responsible.
3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.

B. Objective and Unbiased Evaluation of Complaints

1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.
2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.

- C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

D. Confidentiality

The school district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 United States Code, section 1232g, FERPA regulations, 34 Code of Federal Regulations, part 99, Minnesota law under Minnesota Statutes section 13.32, or as required by law, or to carry out the purposes of 34 Code of Federal Regulations, part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and

respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

E. Right to an Advisor; Right to a Support Person

Complainants and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

F. Notice

The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.

G. Consolidation

The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

H. Evidence

1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the school district obtains the party's voluntary, written consent.

I. Burden of Proof

1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.
2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.

J. Timelines

1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.
2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.
3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the school district.
4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the school district.
5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.

K. Potential Remedies and Disciplinary Sanctions

1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.
2. If the Decision-maker determines a student-respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

IV. REPORTING PROHIBITED CONDUCT

- A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student)

with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.

- B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.
- C. A report of unlawful sex discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR

- A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.
- B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.
- C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.
- D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:
 - 1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 - 2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - 3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;

4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;
5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false information; and
6. A copy of this policy.

VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT

A. Emergency Removal of a Student

1. The school district may remove a student-respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:
 - a. The school district undertakes an individualized safety and risk analysis;
 - b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student-respondent; and
 - c. The school district determines the student-respondent poses such a threat, it will so notify the student-respondent and the student-respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506 – Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.

B. Employee Administrative Leave

The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.

VII. INFORMAL RESOLUTION OF A FORMAL COMPLAINT

- A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school district.
- B. The school district may not require as a condition of enrollment or continued enrollment, or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.

- C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.
- D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

VIII. DISMISSAL OF A FORMAL COMPLAINT

- A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:
 - 1. Would not meet the definition of sexual harassment, even if proven;
 - 2. Did not occur in the school district's education program or activity; or
 - 3. Did not occur against a person in the United States.
- B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:
 - 1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;
 - 2. The respondent is no longer enrolled or employed by the school district; or
 - 3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.
- C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.
- D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.

IX. INVESTIGATION OF A FORMAL COMPLAINT

- A. If a formal complaint is received by the School District, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.
- B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.

- C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.
- D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.
- E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.

X. DETERMINATION REGARDING RESPONSIBILITY

- A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.
- B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.
- C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.
- D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:
 - 1. Identification of the allegations potentially constituting sexual harassment;
 - 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - 3. Findings of fact supporting the determination;

4. Conclusions regarding the application of the school district's code of conduct to the facts;
 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and
 6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.
- E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.
- F. The written determination of responsibility must be provided to the parties simultaneously.
- G. The Title IX Coordinator is responsible for the effective implementation of any remedies.
- H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

XI. APPEALS

- A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:
1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);
 2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision-maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.
- C. After reviewing the parties' written statements, the Appellate Decision-maker must issue a written decision describing the result of the appeal and the rationale for the result.
- D. The written decision describing the result of the appeal must be provided simultaneously to the parties.

- E. The decision of the Appellate Decision-maker is final. No further review beyond the appeal is permitted.

XII. RETALIATION PROHIBITED

- A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex discrimination.
- C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

XIII. TRAINING

- A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:
 - 1. The Title IX definition of sexual harassment;
 - 2. The scope of the school district's education program or activity;
 - 3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;
 - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
 - 5. For Decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and
 - 6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.
- B. The training materials will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints.

- C. Materials used to train Title IX Personnel must be posted on the school district's website. If the school district does not have a website, it must make the training materials available for public inspection upon request.

XIV. DISSEMINATION OF POLICY

- A. This policy shall be made available to all students, parents/guardians of students, school district employee, and employee unions.
- B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.
- C. The school district must provide applicants for admission and employment, students, parents or legal guardians of secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:
 - 1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator;
 - 2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;
 - 3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and
 - 4. Notice of the school district's grievance procedures and grievance process contained in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

XV. RECORDKEEPING

- A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:
 - 1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;
 - 2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and
 - 3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.
 - 4. The documentation of certain bases or measures does not limit the

recipient in the future from providing additional explanations or detailing additional measures taken.

B. The school district must also maintain for a period of seven calendar years records of:

1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;
2. Any appeal and the result therefrom;

520 STUDENT SURVEYS

[Note: School districts are required by statute to have a policy addressing student surveys.]

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 United States Code section 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act), 20 United States Code section 1232g (Family Educational Rights and Privacy Act) and 34 Code of Federal Regulations Part 99.
- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION

PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
 - 1. political affiliations or beliefs of the student or the student's parent;

 - 1. The following policies are to be adopted in consultation with parents:
 - a. The right of a parent to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent's request for reasonable access to such survey within a reasonable period of time after the request is received.

"Parent" means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.
 - b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a

student which contains one or more of the items listed in Section IV.B., above, including the right of a parent of a student to inspect, on request, any such survey.

- (b) book clubs, magazines, and programs providing access to low cost literary products;

- (c) curriculum and instructional materials used by elementary and secondary schools;

- (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;

- (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
 - (3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable access to such an instrument within a reasonable period of time after the request is received.
2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.
- a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations or screenings that are permitted without parental

506 STUDENT DISCIPLINE

[NOTE: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices

include but are not limited to the policies and practices under Minnesota Statutes, sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
 3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

38. Committing an act which inflicts great bodily harm upon another person, even though accidental or a result of poor judgment;
39. Violations against persons, including, but not limited to, assault or threatened assault, fighting, harassment, interference or obstruction, attack with a weapon, or look-alike weapon, sexual assault, illegal or inappropriate sexual conduct, or indecent exposure;

40. Verbal assaults or verbally abusive behavior including, but not limited to, use of words, symbols, acronyms, or language, whether oral or written, that are discriminatory, abusive, obscene, threatening, intimidating, degrading to other people, or threatening to school property;
41. Physical or verbal threats including, but not limited to, the staging or reporting of dangerous or hazardous situations that do not exist;
42. Inappropriate, abusive, threatening, or demeaning actions based on race, color, creed, religion, sex, marital status, status with regard to public assistance, disability, national origin, or sexual orientation;
43. Violation of the school district's Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees Policy;
44. Violation of the school district's one-to-one device rules and regulations;
45. Violation of school rules, regulations, policies, or procedures, including, but not limited to, those policies specifically enumerated in this policy;
46. Other acts, as determined by the school district, which are disruptive of the educational process or dangerous or detrimental to the student or other students, school district personnel or surrounding persons, or which violate the rights of others or which damage or endanger the property of the school, or which otherwise interferes with or obstruct the mission or operations of the school district or the safety or welfare of students or employees.

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;
 2. the student's parent or guardian specifically consents to the use of recess detention; or
 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.

- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;

- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or
- U. Other disciplinary action as deemed appropriate by the school district.

XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
- 4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed

from class.

[NOTE: The following Sections C. - J. must be developed and inserted by each school district based upon individual district practices, procedures, and preferences. School districts may consider developing and inserting procedures identified in Sections K-N.]

O. Unscheduled Student Removal From Class

A public school is encouraged to adopt a school policy on parental notification for unscheduled student removal from class. The public school must consult with child abuse prevention experts to incorporate best practices into the school policy. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.

[NOTE: The 2024 Minnesota legislature enacted this provision, which does not require a school board to adopt policy language. School districts may determine whether to adopt policy language.]

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an

immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

- D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee

as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section

120B.02, although in a different setting.

7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent

enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or

guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

410 FAMILY AND MEDICAL LEAVE POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. "Covered active duty" means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 United States Code section 101(a)(13)(B).

B. "Covered servicemember" means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. "Eligible employee" means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-

covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless: (1) the break is occasioned by the employee's fulfillment of his or her USERRA-covered service obligation; or (2) a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.
- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
 - 1. a military medical treatment facility as an outpatient; or
 - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
 - 1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 - 2. to attend military events and related activities of a covered military member;
 - 3. to address issues related to childcare and school activities of a covered military member's child;
 - 4. to address financial and legal arrangements for a covered military member;
 - 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 - 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;

7. to attend post-deployment activities related to a covered military member;
 8. to address care needs of a covered military member's parent who is incapable of self-care; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 United States Code section 101.

IV. LEAVE ENTITLEMENT

- A. Twelve-week Leave under Federal Law
1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
 2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.

[Note: An employer is permitted to choose any one of the following

methods for determining the 12-month period in which the 12 weeks of FMLA leave entitlement occurs: (a) the calendar year; (b) any fixed 12-month leave year, such as a fiscal year, a year required by State law, or a year starting on an employee's anniversary date; (c) the 12-month period measured forward from the date any employee's first FMLA leave; or (d) a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. It is recommended, however, that school districts use the 12-month rolling measurement as it prevents employees from stacking 12-week leave entitlement that could occur if, for example, a calendar or fiscal year is utilized. Where a calendar, fiscal or similar period is used, an employee could use 12 weeks at the end of the period and then again at the beginning of the period, providing an entitlement to a leave of 24 consecutive weeks. If a school district changes its definition of a "year" in this policy, it must give employees notice of at least 60 days before implementing this change.]

3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:
 - (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or

- (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
- 6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
- 7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
- 8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
- 9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
- 10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.

11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.
14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed to by the school district. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the school district so that the total leave does not exceed 12 weeks, unless agreed to by the school district, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the school district reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the workdays in the leave period may be required to:
 1. take leave for the entire period or periods of the planned medical treatment; or

2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 2. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 3. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the semester.
 4. If the school district requires an instructional employee to extend leave through the end of a semester as set forth in this paragraph, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the school district to the end of the school term is not counted as FMLA leave but as an unpaid or paid leave, to the extent the instructional employee has accrued paid leave available and the school district shall maintain the employee's group health insurance and restore the employee to the same or equivalent job, including other benefits, at the conclusion of the leave.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.
- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. A poster prepared by the U.S. Department of Labor summarizing the major provisions of the Family and Medical Leave Act and informing employees how to file a complaint shall be conspicuously posted in each school district building in areas accessible to employees and applicants for employment.
- B. This policy will be reviewed at least annually for compliance with state and

federal law.

214 OUT-OF-STATE TRAVEL BY SCHOOL BOARD MEMBERS

[Note: School districts are required by statute to adopt a policy addressing this issue.]

I. PURPOSE

The purpose of this policy is to control out-of-state travel by school board members as required by law.

II. GENERAL STATEMENT OF POLICY

School board members have an obligation to become informed on the proper duties and functions of a school board member, to become familiar with issues that may affect the school district, to acquire a basic understanding of school finance and budgeting, and to acquire sufficient knowledge to comply with federal, state, and local laws, rules, regulations, and school district policies that relate to their functions as school board members. Occasionally, it may be appropriate for school board members to travel out of state to fulfill their obligations.

III. APPROPRIATE TRAVEL
