- Elementary students began using secure ID cards to scan on and off when they board and exit the bus. Dr. Wilkerson thanked John Wiles and Jackie Noble for their work on this project. This system ensures that parents and guardians have instant access to their child's bus activity through the *My Ride K-12* app. With the app, families can see exactly when and where their child scans onto and off of the bus, providing peace of mind and up-to-the-minute information. This is a prelude to instituting ID cards for the entire student body.
