Reimagining, redesigning, and redefining education to ensure learning and development for all.

Letter From the Superintendent

Welcome to Shawnee Public Schools!

It is a sincere honor to welcome you to Shawnee Public Schools, where our mission is to ensure every student is equipped to graduate ready for success—whether that path leads to college, career, military service, or technical and trade opportunities. From early childhood education through the senior year of high school, we are committed to providing purposeful experiences that help students discover their strengths, develop their talents, and prepare for a successful future.

At Shawnee Public Schools, we are dedicated to fostering safe, supportive, and engaging learning environments where students feel valued, challenged, and empowered. Our goal is to ensure every learner has access to meaningful instruction and experiences that build academic achievement, personal responsibility, and lifelong skills.

High school represents a pivotal and exciting stage in a student's journey, filled with both opportunities and challenges. During this time, students are encouraged to explore a broad range of academic pathways and electives that align with their interests and future ambitions. Some students arrive with clearly defined goals, while others are still exploring possibilities and both experiences are welcomed and supported within our schools.

This course catalog has been carefully designed to assist students and families in navigating the wide variety of academic programs, electives, and enrichment opportunities available. Each offering is intentionally structured to help students identify and pursue a pathway that aligns with their aspirations and long-term goals.

We encourage students to begin thoughtfully and intentionally planning for life after high school as they select courses that reflect their interests and future direction. Whether a student plans to attend college, enter the workforce, enlist in the military, or pursue career and technology education, Shawnee Public Schools provides rigorous and relevant coursework to support every postsecondary goal.

For students who are still determining their direction, we offer a variety of exploratory opportunities designed to broaden awareness of different careers and industries. Our educators and counselors are committed to providing guidance, support, and encouragement as students make informed and purposeful academic decisions.

We encourage every student to approach their educational choices with focus, purpose, and ambition. Preparation, perseverance, and dedication are essential to long-term success, and we are honored to walk alongside students and families throughout this journey. We believe deeply in the potential of every learner and take pride in supporting their growth and achievement.

Together, we look forward to a year filled with growth, opportunity, and accomplishment in Shawnee Public Schools.

SHAWNEE PUBLIC SCHOOLS

Career Opportunities by Academy Pathway

The Shawnee Public Schools Academy Pathways are designed to help students connect their interests, strengths, and future goals with meaningful academic and career-focused experiences throughout high school. Each pathway provides a structured four-year plan that combines rigorous academic coursework with elective opportunities aligned to specific career fields and industries. By participating in an academy pathway, students gain valuable knowledge, develop technical and professional skills, and explore potential career options while still in high school.

Academy pathways allow students to make intentional course selections that support their individual aspirations, whether their plans include attending a university, enrolling in a career technology program, entering the workforce, serving in the military, or pursuing industry certifications. Through pathway coursework, students have opportunities to engage in hands-on learning, career exploration, leadership development, internships, concurrent enrollment, and real-world applications that help connect classroom learning to future careers.

For parents, academy pathways provide a clear framework for academic planning and career readiness. The pathway model helps students build a purposeful educational experience rather than simply selecting courses year by year. Families can work alongside counselors, teachers, and administrators to create a four-year plan that aligns with a student's interests while ensuring graduation requirements are met and postsecondary opportunities remain open.

Students should also understand that choosing an academy pathway is not a permanent decision. High school is a time of growth, exploration, and self-discovery, and it is common for interests and career goals to evolve. As students learn more about themselves and potential career fields, they may choose to transition to a different pathway that better reflects their developing interests and aspirations. Shawnee High School counselors work closely with students and families to make pathway adjustments when appropriate, helping ensure students remain on track for graduation while pursuing the opportunities that best fit their future goals.

Participation in a pathway does not limit future options. Rather, pathways are designed to broaden opportunities by helping students discover interests, develop transferable skills, and gain exposure to a variety of careers and industries. Housing and Transportation Costs

Standards:

A1.A.1.3 – Analyze, use and apply mathematical models to solve problems involving systems of linear equations with a maximum of two variables by graphing, substitution, and elimination.

A1.F.3.1 – Identify and generate equivalent representations of linear functions, graphs, tables, and real-world situations.

Consumer Decision Making

Standards:

A1.F.3.2 – Use function notation; evaluate a function at a given point in its domain algebraically and graphically. Interpret the results in terms of the original context.

A2.F.1 – Understand functions as descriptions of covariation (how related quantities vary together).

§ 3.1.14.2 In claims against any person or entity indemnified under this Section 3.1.14 by an employee of the Design-Builder, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.1.14 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Design-Builder or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.1.15 Contingent Assignment of Agreements

§ 3.1.15.1 Each agreement for a portion of the Work is assigned by the Design-Builder to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Sections 14.1.4 or 14.2.2 and only for those agreements that the Owner accepts by notifying the Design-Builder and the Architect, Consultants, and Subcontractors whose agreements are accepted for assignment; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of an agreement, the Owner assumes the Design-Builder's rights and obligations under the agreement.

§ 3.1.15.2 Upon such assignment, if the Work has been suspended for more than 30 days, the compensation under the assigned agreement shall be equitably adjusted for increases in cost resulting from the suspension.

§ 3.1.15.3 Upon assignment to the Owner under this Section 3.1.15, the Owner may further assign the agreement to a successor design-builder or other entity. If the Owner assigns the agreement to a successor design-builder or other entity, the Owner shall nevertheless remain legally responsible for all of the successor design-builder's or other entity's obligations under the agreement.

§ 3.1.16 Design-Builder's Insurance and Bonds. The Design-Builder shall purchase and maintain insurance and provide bonds as set forth in Article 11 and AIA Document A141®–2024, Standard Form of Agreement Between Owner and Design-Builder for a Traditional Design-Build Project, Exhibit A, Insurance and Bonds.

ARTICLE 5 WORK FOLLOWING EXECUTION OF THE DESIGN-BUILD AMENDMENT

§ 5.1 Construction Documents

§ 5.1.1 Upon the execution of the Design-Build Amendment, the Design-Builder shall prepare Construction Documents. The Construction Documents shall establish the quality levels of materials and systems required. The Construction Documents shall be consistent with the Design-Build Documents.

§ 5.1.2 The Design-Builder shall provide the Construction Documents to the Owner for the Owner's information. If the Owner discovers any deviations between the Construction Documents and the Design-Build Documents, the Owner shall promptly notify the Design-Builder of such deviations in writing. The Construction Documents shall not modify the Design-Build Documents unless the Owner and Design-Builder execute a Modification. The failure of the Owner to discover any such deviations shall not relieve the Design-Builder of the obligation to perform the Work in accordance with the Design-Build Documents.

§ 5.2 Construction Work

§ 5.2.1 Commencement. Except for any Early Release Work described in Section 5.2.2, the date of commencement of the Construction Work shall be the date identified in the Design-Build Amendment.

§ 5.2.2 Early Release Work

§ 5.2.2.1 The Design-Builder shall prepare, for the Owner's review and acceptance, a procurement proposal for Early Release Work which includes (a) portions of the Design Services or Construction Work that will be issued for procurement and construction in advance of the Design-Build Amendment, and (b) materials or equipment that must be procured prior to execution of the Design-Build Amendment.

§ 5.2.2.2 If the Owner accepts the Design-Builder's procurement proposal for Early Release Work, the Design-Builder shall prepare, for the Owner's review and acceptance, an authorization to proceed with Early Release Work describing the scope, schedule for performance, compensation, payments, retainage, insurance and bonds, and other terms and conditions applicable to procurement and performance of the Early Release Work. The Design-Builder has no obligation to commence procurement and performance of Early Release Work until the Owner and Design-Builder execute such authorization.

§ 5.2.2.3 Following execution of the authorization, the Design-Builder shall expedite and coordinate the procurement and performance of Early Release Work in accordance with this Agreement and such authorization. Following execution of the Design-Build Amendment, compensation for the Early Release Work shall be included in the Contract Sum and the time for performing the Early Release Work shall be included in the Contract Time.

§ 5.2.2.4 Early Procurement of Materials or Equipment by Owner

§ 5.2.2.4.1 If the Owner agrees to procure any materials or equipment prior to execution of the Design-Build Amendment, the Owner shall procure the materials or equipment on terms and conditions acceptable to the Design-Builder. After execution of the Design-Build Amendment, the Owner shall assign all contracts for these materials or equipment to the Design-Builder and the Design-Builder shall thereafter accept responsibility for them.

§ 5.2.3 Supervision. The Design-Builder shall supervise and direct the Construction Work, using the Design-Builder's best skill and attention. The Design-Builder shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Construction Work under the Contract, unless the Design-Build Documents provide other specific instructions concerning these matters.

§ 5.3 Submittals

§ 5.3.1 Submittals consist of Shop Drawings, Product Data, and Samples.

.1 **Shop Drawings.** Shop Drawings are drawings, diagrams, schedules, calculations, and other data specially prepared for the Construction Work by the Design-Builder or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor, to illustrate some portion of the Construction Work.

.2 **Product Data.** Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Design-Builder to illustrate materials or equipment for some portion of the Construction Work.

.3 **Samples.** Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Construction Work will be judged.

§ 5.3.1.4 Submittals are not Design-Build Documents. Their purpose is to demonstrate how the Design-Builder proposes to conform to the information given and the design concept expressed in the Design-Build Documents for those portions of the Construction Work for which the Design-Build Documents require submittals. Review by the Owner is subject to the limitations of Section 5.3.3.1. Informational submittals upon which the Owner is not expected to take responsive action may be so identified in the Design-Build Documents. Submittals that are not required by the Design-Build Documents may be returned by the Owner without action.

§ 5.3.1.5 Submittal Schedule. If the Design-Build Documents require the Design-Builder to submit Submittals to the Owner during performance of the Construction Work, the Design-Builder, prior to submitting any submittals, and thereafter as necessary to maintain a current submittal schedule, shall provide a submittal schedule for the Owner's approval. The Owner's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Design-Builder's construction schedule, and (2) allow the Owner reasonable time to review submittals. If the Design-Builder fails to submit a submittal schedule or fails to provide submittals in accordance with the approved submittal schedule, the Design-Builder shall not be entitled to any increase in the Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 5.3.1.6 Documents and Submittals at the Site

The Design-Builder shall make available, at the Project site, the Design-Build Documents, including Change Orders,

Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during performance of the Construction Work, and the approved Submittals. These shall be in electronic form or paper copy, available to the Owner, and delivered to the Owner upon completion of the Work as a record of the Construction Work as constructed.

§ 5.3.2 Design-Builder's Submittal Responsibilities

§ 5.3.2.1 The Design-Builder shall review for compliance with the Design-Build Documents, approve, and submit to the Owner, Submittals required by the Design-Build Documents, in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Construction Work or in the activities of the Owner or of Separate Contractors.

§ 5.3.2.2 By submitting Submittals, the Design-Builder represents to the Owner that the Design-Builder has (1) reviewed and approved them, (2) determined and verified materials, field measurements, and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Construction Work and of the Design-Build Documents.

§ 5.3.2.3 The Design-Builder shall perform no portion of the Construction Work for which the Design-Build Documents require submittal and review of Submittals, until the respective submittal has been approved by the Owner.

§ 5.3.2.4 The Construction Work shall be in accordance with approved submittals except that the Design-Builder shall not be relieved of responsibility for deviations from the requirements of the Design-Build Documents by the Owner's approval of Submittals, unless the Design-Builder has specifically notified the Owner of such deviation at the time of submittal and (1) the Owner has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Change Directive has been issued authorizing the deviation. The Design-Builder shall not be relieved of responsibility for errors or omissions in Submittals by the Owner's approval thereof.

§ 5.3.2.5 The Design-Builder shall direct specific attention, in writing or on resubmitted Submittals, to revisions other than those requested by the Owner on previous submittals. In the absence of such notice, the Owner's approval of a resubmission shall not apply to such revisions.

§ 5.3.3 Owner's Submittal Responsibilities

§ 5.3.3.1 The Owner will review, approve, or take other appropriate action upon, the Design-Builder's Submittals, but only for the limited purpose of checking for conformance with the information and design concept expressed in the Design-Build Documents. The Owner's action will be taken in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Design-Builder as required by the Design-Build Documents. The Owner's review of the Design-Builder's Submittals shall not relieve the Design-Builder of the obligations under Sections 3.1.3, 3.1.11, and 5.3.2. The Owner's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Owner's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 5.3.3.2 Upon review of the submittals required by the Design-Build Documents, the Owner shall notify the Design-Builder of any non-conformance with the Design-Build Documents the Owner discovers.

§ 5.3.3.3 The persons or entities, in addition to the Owner's representative, who are required to review the Design-Builder's Submittals are as follows:
(List name, address, and other information.)

None.

§ 5.4 Services Necessary to Support Construction Work

§ 5.4.1 The Design-Builder shall provide the services required to complete the Construction Work including services required to carry out the Design-Builder's responsibilities for construction means, methods, techniques, sequences, and procedures. The Design-Builder shall perform such services in compliance with applicable law.

§ 5.4.2 If the Design-Build Documents require services, certifications, or approvals by a licensed design professional during Construction, the drawings, calculations, specifications, certifications, Shop Drawings, and other Submittals

prepared under the Design-Build Documents shall be signed and sealed by such design professional.

§ 5.4.3 The Owner shall be entitled to rely upon the services, certifications, and approvals provided by the design professionals under Section 5.4.2. The Owner shall provide prompt notice to the Design-Builder if the Owner observes or otherwise becomes aware of any errors, omissions, or inconsistencies in such services or information. The Owner is not required to ascertain that the services, certifications, and approvals performed or provided by the Design-Builder or the licensed design professional in connection with the Construction Work are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Owner shall promptly report to the Design-Builder any nonconformity discovered by, or made known to, the Owner.

§ 5.5 Labor and Materials

§ 5.5.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, transportation, and other facilities and services, necessary for proper execution and completion of the Construction Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the construction. The Cost of the Work shall include all labor, material, and equipment identified as general conditions. Said general conditions shall be identified in the Guaranteed Maximum Price cost summary as a lump sum amount to be billed and paid in equal monthly installments with each application for payment.

§ 5.5.2 When a material or system is specified in the Design-Build Documents, the Design-Builder may make substitutions only with the consent of the Owner and in accordance with a Change Order or Change Directive.

§ 5.5.3 The Design-Builder shall enforce strict discipline and good order among the Design-Builder's employees and other persons carrying out the Construction Work. The Design-Builder shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 5.6 Taxes

The Design-Builder shall pay sales, consumer, use and similar taxes, for the Construction Work provided by the Design-Builder, that are legally enacted when the Design-Build Amendment is executed, whether or not yet effective or merely scheduled to go into effect. The Owner shall designate the Design-Builder and its subcontractors as agents for tax exempt purchases made for the project on their behalf. In the event the Design-Builder suffers (or will suffer) delay and/or incurs (or will incur) additional costs as a result of Change of Law (as defined below), the Design-Builder shall be entitled to an adjustment to the Guaranteed Maximum Price by Change Order equal to the additional costs incurred (or to be incurred), as well as an adjustment to the Contract Time to the extent of any delay encountered (or to be encountered), as a result of such Change of Law. The Design-Builder shall deliver written notice to the Owner within ten (10) working days of the date that the Design-Builder a) becomes aware of the Change of Law and b) is able to reasonably quantify its potential impact on the Guaranteed Maximum Price and Contract Time. Any such adjustment to the Guaranteed Maximum Price and/or Contract Time as a result of a Change of Law shall be negotiated in good faith between the Design-Builder and Owner. As used in this section, "Change of Law" means the coming into effect after the date of execution of this Agreement of any law, statute, ordinance, decree, regulation, by-law, rule, directive, license, consent, permit, authorization, concession, or other requirement issued by any authority which has jurisdiction over the Design-Builder, the Work, or the Project. "Change of Law" shall expressly include, without limitation, changes or increases to applicable taxes, as well as the institution of applicable tariffs.

§ 5.7 Permits, Fees, Notices and Compliance with Laws

§ 5.7.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall secure and pay for the building permit as well as any other permits, fees, licenses, and inspections by government agencies, necessary for proper execution of the Construction Work and Substantial Completion of the Project.

§ 5.7.2 The Design-Builder shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, applicable to performance of the Construction Work.

§ 5.7.3 Concealed or Unknown Conditions. If the Design-Builder encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Design-Build Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Design-Build Documents, the Design-Builder shall promptly provide notice to the Owner before conditions are disturbed and in no event later than 14 days after the conditions are first observed. The Owner shall promptly investigate such conditions and, if the Owner determines that they differ materially and cause an increase or decrease in the Design-Builder's cost of, or time required for, performance

of any part of the Work, the Contract Sum or Contract Time, or both, shall be equitably adjusted. If the Owner determines that the conditions at the site are not materially different from those indicated in the Design-Build Documents and that no change in the terms of the Contract is justified, the Owner shall promptly notify the Design-Builder, stating the reasons. If the Design-Builder disputes the Owner's determination, the Design-Builder may submit a Claim as provided in Article 15.

§ 5.7.4 If, in the course of the Construction Work, the Design-Builder encounters human remains, or recognizes the existence of burial markers, archaeological sites, or wetlands, not indicated in the Design-Build Documents, the Design-Builder shall immediately suspend any operations that would affect them and shall notify the Owner. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Design-Builder shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 5.8 Allowances

§ 5.8.1 The Design-Builder shall include in the Contract Sum all allowances stated in the Design-Build Documents. Items covered by allowances shall be supplied for such amounts, and by such persons or entities as the Owner may direct, but the Design-Builder shall not be required to employ persons or entities to whom the Design-Builder has reasonable objection.

§ 5.8.2 Unless otherwise provided in the Design-Build Documents,

.1 allowances shall cover the cost to the Design-Builder of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 the Design-Builder's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance items, shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 5.8.2.1 and (2) changes in Design-Builder's costs under Section 5.8.2.2.

§ 5.8.3 The Owner shall make selections of materials and equipment with reasonable promptness for allowances requiring Owner selection.

§ 5.9 Subcontracts and Other Agreements

§ 5.9.1 Those portions of the Construction Work that the Design-Builder does not customarily perform with the Design-Builder's own personnel shall be performed under subcontracts or other appropriate agreements with the Design-Builder. The Owner may designate specific persons from whom, or entities from which, the Design-Builder shall obtain bids. The Design-Builder shall obtain bids from subcontractors, and from suppliers of materials or equipment fabricated especially for the Construction Work, who are qualified to perform that portion of the Construction Work in accordance with the requirements of the Design-Build Documents. The Design-Builder shall deliver such bids to the Owner with an indication as to which bids the Design-Builder intends to accept. The Owner then has the right to review the Design-Builder's list of proposed subcontractors and suppliers and, subject to Section 5.9.1.1, to object to any subcontractor or supplier. Any approval or objection by the Owner shall not relieve the Design-Builder of its responsibility to perform the Construction Work in accordance with the Design-Build Documents. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection.

§ 5.9.1.1 When a specific subcontractor or supplier (1) is recommended to the Owner by the Design-Builder; (2) is qualified to perform that portion of the Construction Work; and (3) has submitted a bid that conforms to the requirements of the Design-Build Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Design-Builder may require that a Change Order be issued to adjust the Contract Sum by the difference between the bid of the person or entity recommended to the Owner by the Design-Builder and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ 5.9.2 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement and shall not be awarded on the basis of cost plus a fee without the Owner's prior written approval. If a subcontract is awarded on the basis of cost plus a fee, the Design-Builder shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Design-Builder in Article 9.

§ 5.10 Use of Site
The Design-Builder shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Design-Build Documents, and shall not unreasonably encumber the site with materials or equipment.

§ 5.11 Cutting and Patching
The Design-Builder shall not cut, patch, or otherwise alter fully or partially completed construction by the Owner or a Separate Contractor except with written consent of the Owner and Separate Contractor. Consent shall not be unreasonably withheld. The Design-Builder shall not unreasonably withhold, from the Owner or Separate Contractor, its consent to cutting or otherwise altering the Construction Work.

§ 5.12 Cleaning Up
§ 5.12.1 The Design-Builder shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Construction Work, the Design-Builder shall remove waste materials, rubbish, the Design-Builder's tools, construction equipment, machinery and surplus materials from and about the Project.

§ 5.12.2 If the Design-Builder fails to clean up as provided in the Design-Build Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Design-Builder.

§ 5.13 Access to Construction Work
The Design-Builder shall provide the Owner and its Separate Contractors and consultants with access to the Construction Work in preparation and progress wherever located. The Design-Builder shall notify the Owner regarding Project safety criteria and programs, which the Owner, and its Separate Contractors and consultants, shall comply with while at the site.

§ 5.14 Construction Work by Owner or by Separate Contractors
§ 5.14.1 Owner's Right to Perform Construction and to Award Separate Contracts
§ 5.14.1.1 The term "Separate Contractor(s)" shall mean contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under provisions substantially similar to those of this Agreement. The Owner will identify in the Design-Build Amendment the extent of construction or operations related to the Project that will be performed by Separate Contractors, and will notify the Design-Builder promptly after execution of any agreement with a Separate Contractor.

§ 5.14.1.2 The Owner shall coordinate the activities of the Owner's own forces, and of each Separate Contractor, with the Construction Work of the Design-Builder, who shall cooperate with them. The Design-Builder shall participate in a joint review of the construction schedules of the Owner and any Separate Contractors and after mutual agreement the Design-Builder shall revise its construction schedule. The construction schedules shall then constitute the schedules to be used by the Design-Builder, Separate Contractors, and the Owner until subsequently revised.

§ 5.14.1.3 Unless otherwise provided in the Design-Build Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Design-Builder has under the Contract.

§ 5.15 Owner's Right to Clean Up
If a dispute arises among the Design-Builder, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and will allocate the cost among those responsible.

§ 5.16 Mutual Responsibility
§ 5.16.1 The Design-Builder shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Design-Builder's construction and operations with theirs as required by the Design-Build Documents.

§ 5.16.2 If part of the Design-Builder's Construction Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Design-Builder shall, prior to proceeding with that portion of the Construction Work, promptly notify the Owner of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Design-Builder's Construction Work. Failure of the Design-Builder to notify the Owner of apparent discrepancies or defects prior to

proceeding with the Construction Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction or operations is fit and proper to receive the Design-Builder's Construction Work. The Design-Builder shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 5.16.3 The Design-Builder shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Design-Builder's delays, improperly timed activities, or defective Construction Work. The Owner shall be responsible to the Design-Builder for costs the Design-Builder incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Construction Work or defective Construction Work.

§ 5.16.4 The Design-Builder shall promptly remedy damage that the Design-Builder causes to completed or partially completed Construction Work or to property of the Owner or Separate Contractors as provided in Section 10.2.5.

§ 5.16.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching the Construction Work as the Design-Builder has with respect to the Construction Work of the Owner or Separate Contractors in Section 5.11.

§ 5.16.5.1 The Owner shall be responsible for failures by its Separate Contractors to comply with the obligations in this Agreement.

ARTICLE 6 CHANGES IN THE WORK

§ 6.1 General

§ 6.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order or Change Directive, subject to the limitations stated in this Article 6 and elsewhere in the Design-Build Documents.

§ 6.1.2 A Change Order shall be based upon agreement between the Owner and Design-Builder. The Owner may issue a Change Directive without agreement by the Design-Builder.

§ 6.1.3 Changes in the Work shall be performed under applicable provisions of the Design-Build Documents. The Design-Builder shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order or Change Directive.

§ 6.2 Change Orders

A Change Order is a written instrument signed by the Owner and Design-Builder stating their agreement upon all of the following:

.1 The change in the Work;

.2 The amount of the adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation; and

.3 The extent of the adjustment, if any, in the Contract Time.

§ 6.3 Change Directives

§ 6.3.1 A Change Directive is a written order signed by the Owner directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, Contract Time, or both. The Owner may by Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions. The Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, or Contract Time, or both, shall be adjusted accordingly.

§ 6.3.2 A Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 6.3.3 If the Change Directive provides for an adjustment to the Contract Sum or, if prior to execution of the Design-Build Amendment, an adjustment in the Design-Builder's compensation, the adjustment shall be based on one of the following methods:

.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;

.2 Unit prices stated in the Design-Build Documents or subsequently agreed upon;

.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee. The Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized

accounting together with appropriate supporting data; or

.4 As provided in Section 6.3.4.

§ 6.3.4 If the Design-Builder does not respond promptly or disagrees with the method for adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the method for adjustment in the Design-Builder's compensation, the Owner shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase, an amount for overhead and profit as set forth in this Agreement, or if no such amount is set forth in this Agreement, a reasonable amount. In such case, the Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Design-Build Documents, costs for the purposes of this Section 6.3.4 shall be limited to the following:

.1 Additional costs of professional services;

.2 Costs of labor, applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Owner;

.3 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;

.4 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Design-Builder or others;

.5 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and

.6 Costs of supervision and field office personnel directly attributable to the change.

§ 6.3.5 Upon receipt of a Change Directive, the Design-Builder shall promptly proceed with the change in the Work involved and advise the Owner of the Design-Builder's agreement or disagreement with the method, if any, provided in the Change Directive for determining the proposed adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, or Contract Time.

§ 6.3.6 A Change Directive signed by the Design-Builder prior to execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in compensation and schedule, or the method for determining them. A Change Directive signed by the Design-Builder after the execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in Contract Sum and Contract Time, or the method for determining them. Any such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 6.3.7 If the Design-Builder disagrees with the adjustment in Contract Time, the Design-Builder may make a Claim in accordance with the applicable provisions of Article 15.

§ 6.3.8 The amount of credit to be allowed by the Design-Builder to the Owner for a deletion or change that results in a net decrease in the Contract Sum or, if prior to execution of the Design-Build Amendment, in the Design-Builder's compensation, shall be actual net cost. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 6.3.9 Pending final determination of the total cost of a Change Directive to the Owner, the Design-Builder may request payment for Work completed under the Change Directive in Applications for Payment. The Owner will make an interim determination for purposes of certification for payment for those costs deemed to be reasonably justified. The Owner's interim determination of cost shall adjust the Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, on the same basis as a Change Order, subject to the right of Design-Builder to disagree and assert a Claim in accordance with Article 15.

§ 6.3.10 When the Owner and Design-Builder agree with a determination concerning the adjustments in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Owner and Design-Builder shall execute a Change Order. Change Orders may be issued for all or any part of a Change Directive.

ARTICLE 7 OWNER'S RESPONSIBILITIES

§ 7.1 General

§ 7.1.1 The Owner shall designate in writing a representative who shall have express authority to bind the Owner with

respect to all matters requiring the Owner's approval or authorization.

§ 7.1.2 The Owner shall render decisions in a timely manner and in accordance with the Design-Builder's schedule. The Owner shall furnish to the Design-Builder, within 15 days after receipt of a written request, information necessary and relevant for the Design-Builder to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 7.1.3 The Owner shall furnish and coordinate the services of the Owner's consultants and Separate Contractors with those services provided by the Design-Builder. Upon the Design-Builder's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants or Separate Contractors. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 7.1.4 The Owner shall furnish the services of consultants required by a material change in the Owner's Criteria or authorize the Design-Builder to furnish them pursuant to a Change Order or Change Directive.

§ 7.1.5 If the Owner identifies a Sustainable Objective, the Owner shall fulfill its responsibilities as required in AIA Document A141–2024 Exhibit C, attached to this Agreement.

§ 7.1.6 Except as otherwise provided in the Design-Build Documents or when direct communications have been specially authorized, the Owner shall communicate through the Design-Builder with persons or entities employed or retained by the Design-Builder, including the Architect and Subcontractors.

§ 7.1.7 The Owner shall purchase and maintain insurance as set forth in Article 11 and AIA Document A141–2024 Exhibit A.

§ 7.1.8 Visits to the site by the Owner shall not be construed to create an obligation on the part of the Owner to make on-site inspections to check the quality or quantity of the Work. The Owner shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences, or procedures, or for the safety precautions and programs in connection with the Work.

§ 7.1.9 The Owner shall not be responsible for the Design-Builder's failure to perform the Work in accordance with the requirements of the Design-Build Documents. The Owner shall not have control over or charge of, and will not be responsible for, acts or omissions of the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 7.1.10 The Owner may reject Work that does not conform to the Design-Build Documents. The Owner may require inspection or testing of the Construction Work in accordance with Section 16.5.2, whether or not the Construction Work is fabricated, installed, or completed. However, neither this authority of the Owner nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Owner to the Design-Builder.

§ 7.1.11 The Owner shall determine the date or dates of Substantial Completion in accordance with Section 9.8 and the date of final completion in accordance with Section 9.10.

§ 7.1.12 The Owner acknowledges that accelerated or fast-track design and construction, or phased construction, provides a benefit, but also carries with it associated risks. Such risks include the Owner incurring costs for the Design-Builder to coordinate and redesign portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Design-Build Documents, and costs for the Design-Builder to remove and replace previously installed Construction Work. If the Owner approves accelerated or fast-track design and construction, or phased construction, the Owner agrees to include in the budget for the Work sufficient contingencies to cover such costs.

§ 7.2 Information and Services Required of the Owner

§ 7.2.1 The Owner shall furnish information or services required of the Owner by the Design-Build Documents with reasonable promptness.

§ 7.2.2 The Owner shall provide, to the extent under the Owner's control and if not required by the Design-Build Documents to be provided by the Design-Builder, the results and reports of prior tests, inspections, or investigations

conducted for the Project involving structural or mechanical systems; chemical, air and water pollution; hazardous materials; or environmental and subsurface conditions and information regarding the presence of pollutants at the Project site.

§ 7.2.3 The Owner shall promptly obtain easements, zoning variances, and legal authorizations or entitlements regarding site utilization where essential to the execution of the Project.

§ 7.2.4 The Owner shall cooperate with the Design-Builder in securing building and other permits, licenses, and inspections.

§ 7.2.5 The services, information, surveys, and reports required to be provided by the Owner under this Agreement, shall be furnished at the Owner's expense. Except as otherwise specifically provided in this Agreement or elsewhere in the Design-Build Documents or to the extent the Owner advises the Design-Builder to the contrary in writing, the Design-Builder shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of, services, information, surveys, and reports furnished by the Owner.

§ 7.2.6 If the Owner observes or otherwise becomes aware of a fault or defect in the Work or non-conformity with the Design-Build Documents, the Owner shall give prompt notice thereof to the Design-Builder.

§ 7.2.7 Evidence of the Owner's Financial Arrangements

§ 7.2.7.1 Prior to execution of the Design-Build Amendment, the Design-Builder may request that the Owner furnish reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract.

§ 7.2.7.2 Following the execution of the Design-Build Amendment and upon written request by the Design-Builder, the Owner shall furnish to the Design-Builder reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Design-Builder as the Design-Build Documents require; (2) the Design-Builder identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Design-Builder's request, the Design-Builder may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Design-Builder may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 7.2.7, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Design-Build Documents.

§ 7.2.7.3 After the Owner furnishes evidence of financial arrangements under this Section 7.2.7, the Owner shall not materially vary such financial arrangements without prior notice to the Design-Builder.

§ 7.2.7.4 Where the Owner has designated information furnished under this Section 7.2.7 as "confidential," the Design-Builder shall keep the information confidential as set forth in Article 16.

§ 7.2.8 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall furnish the services of geotechnical engineers or other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. Such services may include, but are not limited to, test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, ground corrosion and resistivity tests, and necessary operations for anticipating subsoil conditions. The services of geotechnical engineer(s) or other consultants shall include preparation and submission of all appropriate reports and professional recommendations.

§ 7.2.9 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements, and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning or deed restrictions, and boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 7.2.10 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall, upon request from the Design-Builder, furnish the services of other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. In such event, the Design-Builder shall identify the services required.

§ 7.2.11 The Owner shall furnish all legal, insurance, and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 7.3 Owner's Right to Stop Construction Work

If the Design-Builder fails to correct Construction Work which is not in accordance with the requirements of the Design-Build Documents as required by Section 12.2 or persistently fails to carry out Construction Work in accordance with the Design-Build Documents, the Owner may issue a written order to the Design-Builder to stop the Construction Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Construction Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Design-Builder or any other person or entity, except to the extent required by Section 5.14.1.2.

§ 7.4 Owner's Right to Carry Out the Construction Work

If the Design-Builder defaults or neglects to carry out the Construction Work in accordance with the Design-Build Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. The Owner may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies. If current and future payments are not sufficient to cover such amounts, the Design-Builder shall pay the difference to the Owner. If the Design-Builder disagrees with the actions of the Owner, or the amounts claimed as costs to the Owner, the Design-Builder may file a claim pursuant to Article 15.

ARTICLE 8 TIME

§ 8.1 Progress and Completion

§ 8.1.1 Time limits stated in the Design-Build Documents are of the essence of the Contract. By executing the Design-Build Amendment, the Design-Builder confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.1.2 The Design-Builder shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.2 Delays and Extensions of Time

§ 8.2.1 If the Design-Builder is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or consultant, or of a Separate Contractor; (2) changes ordered in the Work; (3) labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, unusual delays by public authorities related to permits, licenses, and inspections, or other causes beyond the Design-Builder's control; (4) delay authorized by the Owner pending mediation and binding dispute resolution; or (5) other causes that the Owner determines justify delay, then the Contract Time shall be extended for such reasonable time as the Owner may determine.

§ 8.2.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.2.3 This Section 8.2 does not preclude recovery of damages for delay by either party under other provisions of the Design-Build Documents.

ARTICLE 9 PAYMENT APPLICATIONS AND PROJECT COMPLETION

§ 9.1 Contract Sum

The Contract Sum is stated in the Design-Build Amendment.

§ 9.1.1 If unit prices are stated in the Design-Build Amendment or subsequently agreed upon, and if quantities set forth in the Design-Build Amendment are materially changed in a proposed Change Order or Change Directive, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values or Control Estimate

Where the Contract Sum is based on a stipulated sum or Guaranteed Maximum Price, the Design-Builder shall submit a schedule of values to the Owner prior to the first Application for Payment after execution of the Design-Build

Amendment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Owner. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment. Any changes to the schedule of values shall be submitted to the Owner and supported by such data to substantiate its accuracy as the Owner may require, and unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's subsequent Applications for Payment.

§ 9.2.1 Where the Contract Sum is the Cost of the Work plus the Design-Builder's Fee without a Guaranteed Maximum Price, the Design-Builder shall prepare and submit to the Owner a Control Estimate within 14 days of executing this Agreement. The Control Estimate shall include the estimated Cost of the Work plus the Design-Builder's Fee.

§ 9.2.2 The Control Estimate shall include:

.1 The documents enumerated in Article 17, including all Modifications thereto;

.2 A list of the assumptions made by the Design-Builder in the preparation of the Control Estimate to supplement the information provided by the Owner and contained in the Design-Build Documents;

.3 A statement of the estimated Cost of the Work organized by trade categories or systems and the Design-Builder's Fee;

.4 A project schedule upon which the Control Estimate is based, indicating proposed architects, subcontractors, and consultants, activity sequences and durations, milestone dates for receipt and approval of pertinent information, schedule of shop drawings and samples, procurement and delivery of materials or equipment, the Owner's occupancy requirements, and the date of Substantial Completion; and

.5 A list of any contingency amounts included in the Control Estimate for further development of design and construction.

§ 9.2.3 When the Control Estimate is acceptable to the Owner, the Owner shall acknowledge it in writing. The Owner's acceptance of the Control Estimate does not imply that the Control Estimate constitutes a Guaranteed Maximum Price.

§ 9.2.4 The Design-Builder shall develop and implement a detailed system of cost control that will provide the Owner with timely information as to the anticipated total Cost of the Work. The cost control system shall compare the Control Estimate with the actual cost for activities in progress and estimates for uncompleted tasks and proposed changes. This information shall be reported to the Owner, in writing, no later than the Design-Builder's first Application for Payment and shall be revised and submitted with each Application for Payment.

§ 9.2.5 The Owner shall authorize the Design-Builder to prepare revisions to the Design-Build Documents that incorporate the agreed-upon assumptions contained in the Control Estimate. Based upon the Owner's authorization, the Design-Builder shall revise the Design-Build Documents to incorporate the agreed-upon assumptions contained in the Control Estimate.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Design-Builder shall submit to the Owner an itemized Application for Payment for completed portions of the Work. The Application for Payment shall be notarized, if required, and supported by all data substantiating the Design-Builder's right to payment that the Owner requires, such as copies of requisitions, and releases and waiver of liens from the Architect, Consultants, Subcontractors, and suppliers, and shall reflect retainage if provided for in the Design-Build Documents.

§ 9.3.1.1 As provided in Section 6.3.9, Applications for Payment may include requests for payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders. As provided in Section 2.1, compensation for Work prior to execution of the Design-Build Amendment may include payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Design-Builder does not intend to pay the Architect, a Consultant, a Subcontractor, or a supplier, unless such Work has been performed by others whom the Design-Builder intends to pay.

§ 9.3.2 Unless otherwise provided in the Design-Build Documents, payments shall be made for services provided as well as materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon

compliance by the Design-Builder with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Design-Builder warrants that title to all Work, other than Instruments of Service, covered by an Application for Payment will pass to the Owner no later than the time of payment. The Design-Builder further warrants that, upon submittal of an Application for Payment, all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Design-Builder's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Design-Builder, Architect, Consultants, Subcontractors, suppliers, or any other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

The Owner shall, within seven days after receipt of the Design-Builder's Application for Payment, either (1) issue to the Design-Builder a Certificate for Payment in the full amount of the Application for Payment; (2) issue to the Design-Builder a Certificate for Payment for such amount the Owner determines is properly due, and notify the Design-Builder of the Owner's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Design-Builder of the Owner's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Owner may withhold a Certificate for Payment in whole or in part to the extent reasonably necessary to protect the Owner due to the Owner's determination that the Work has not progressed to the point indicated in the Design-Builder's Application for Payment, or the quality of the Work is not in accordance with the Design-Build Documents. If the Owner is unable to certify payment in the amount of the Application for Payment, the Owner will notify the Design-Builder as provided in Section 9.4. If the Design-Builder and Owner cannot agree on a revised amount, the Owner will promptly issue a Certificate for Payment for the amount that the Owner deems to be due and owing. The Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued to such extent as may be necessary to protect the Owner from loss for which the Design-Builder is responsible because of

- .1 Failure to perform Work in accordance with the Design-Build Documents;
- .2 Third-party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Design-Builder;
- .3 Failure of the Design-Builder to make payments properly to the Architect, Consultants, Subcontractors, suppliers, or others, for services, labor, materials, or equipment;
- .4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- .5 Damage to the Owner or a Separate Contractor; or
- .6 Reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay.

§ 9.5.2 If the Design-Builder disputes the Owner's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, the Design-Builder may submit a Claim in accordance with Article 15.

§ 9.5.3 When the above reasons for withholding certification are removed, the Owner shall certify amounts previously withheld.

§ 9.5.4 If the Owner withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Design-Builder and to any other persons or entities providing Work for the Design-Builder to whom the Design-Builder failed to make payment for Work properly performed or material or equipment suitably delivered.

§ 9.6 Progress Payments

§ 9.6.1 After the Owner has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Design-Build Documents.

§ 9.6.2 In taking action on the Design-Builder's Applications for Payment, the Owner shall be entitled to rely on the accuracy and completeness of the information furnished by the Design-Builder, and such action shall not be deemed to be a representation that (1) the Owner has made a detailed examination, audit, or arithmetic verification, of the documentation submitted in accordance with Section 9.3.1 or other supporting data; (2) that the Owner has made exhaustive or continuous on-site inspections; or (3) that the Owner has made examinations to ascertain how or for what

purposes the Design-Builder has used amounts previously paid on account of the Contract. Such examinations, audits, and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

§ 9.6.3 The Design-Builder shall pay each person or entity providing Work for the Design-Builder, no later than seven days after receipt of payment from the Owner. Payment shall be the amount to which the person or entity providing Work for the Design-Builder is entitled, reflecting percentages actually retained from payments to the Design-Builder on account of the portion of the Work performed by the person or entity. The Design-Builder shall, by appropriate agreement with each person or entity providing Work for the Design-Builder, require each person or entity providing Work for the Design-Builder to make payments to subconsultants and subcontractors in a similar manner.

§ 9.6.4 The Owner will, on request and if practicable, furnish to the person or entity providing Work for the Design-Builder, information regarding percentages of completion or amounts applied for by the Design-Builder and action taken thereon by the Owner on account of portions of the Work done by such person or entity providing Work for the Design-Builder.

§ 9.6.5 The Owner has the right to request written evidence from the Design-Builder that the Design-Builder has properly paid any other persons or entities providing Work for the Design-Builder, amounts paid by the Owner to the Design-Builder for the Work. If the Design-Builder fails to furnish such evidence within seven days, the Owner shall have the right to contact the other person or entity providing Work for the Design-Builder to ascertain whether they have been properly paid. The Owner shall have no obligation to pay, or to see to the payment of money to any other person or entity providing services or Work for the Design-Builder, except as may otherwise be required by law.

§ 9.6.6 The Design-Builder's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.3, 9.6.4 and 9.6.5.

§ 9.6.6.1 Except with the Owner's prior written approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment.

§ 9.6.7 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Design-Build Documents.

§ 9.6.8 Unless the Design-Builder provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Design-Builder for Work properly performed by the Architect, Consultants, Subcontractors, and other persons or entities providing Work for the Design-Builder, shall be held by the Design-Builder for the Architect and those Consultants, Subcontractors, or other persons or entities. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Design-Builder, create any fiduciary liability or tort liability on the part of the Design-Builder for breach of trust, or entitle any person or entity to an award of punitive damages against the Design-Builder for breach of the requirements of this provision.

§ 9.6.9 Provided the Owner has fulfilled its payment obligations under the Design-Build Documents, the Design-Builder shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Architect, Consultant, Subcontractor, or any other person or entity providing Work for the Design-Builder. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Design-Builder. If approved by the applicable court, when required, the Design-Builder may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.6.10 The Owner and Design-Builder shall agree upon (1) a mutually acceptable procedure for review and approval of payments to the Architect, Consultants, and Subcontractors, and (2) the percentage of retainage held on agreements with the Architect, Consultants, and Subcontractors, and the Design-Builder shall execute subcontracts in accordance with those agreements.

§ 9.7 Failure of Payment

If, through no fault of the Design-Builder, the Owner fails to issue a Certificate for Payment or make payment of the certified amount within the time required by the Design-Build Documents, then the Design-Builder may, upon seven additional days' notice to the Owner, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay, and start-up, plus interest as provided for in the Design-Build Documents.

§ 9.8.1 Substantial Completion is the stage in the progress of the Construction Work when the Construction Work or designated portion thereof is sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work for its intended use. The date of Substantial Completion is the date certified by the Owner in accordance with this Section 9.8.

§ 9.8.2 When the Design-Builder considers that the Construction Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Design-Builder shall prepare and submit to the Owner a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Design-Builder to complete all Work in accordance with the Design-Build Documents.

§ 9.8.3 Upon receipt of the Design-Builder's list, the Owner shall make an inspection to determine whether the Construction Work or designated portion thereof is substantially complete. If the Owner's inspection discloses any item, whether or not included on the Design-Builder's list, which is not sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work or designated portion thereof for its intended use, the Design-Builder shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Owner. In such case, the Design-Builder shall then submit a request for another inspection by the Owner to determine Substantial Completion.

§ 9.8.4 Prior to issuance of the Certificate of Substantial Completion under Section 9.8.5, the Owner and Design-Builder shall discuss and then determine the parties' obligations to obtain and maintain property insurance following issuance of the Certificate of Substantial Completion.

§ 9.8.5 When the Construction Work or designated portion thereof is substantially complete, the Design-Builder will prepare for the Owner's signature a Certificate of Substantial Completion that shall, upon the Owner's signature, establish the date of Substantial Completion; establish responsibilities of the Owner and Design-Builder for security, maintenance, heat, utilities, damage to the Construction Work, and insurance; and fix the time within which the Design-Builder shall finish all items on the list accompanying the Certificate. Warranties required by the Design-Build Documents shall commence on the date of Substantial Completion of the Construction Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.6 The Certificate of Substantial Completion shall be submitted by the Design-Builder to the Owner for written acceptance of responsibilities assigned to it in the Certificate. Upon the Owner's acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Payment shall be adjusted for Construction Work that is incomplete or not in accordance with the requirements of the Design-Build Documents.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Construction Work at any stage when such portion is designated by separate agreement with the Design-Builder, provided such occupancy or use is consented to, by endorsement or otherwise, by the insurer providing property insurance and authorized by authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Design-Builder have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Construction Work, and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Design-Build Documents. When the Design-Builder considers a portion substantially complete, the Design-Builder shall prepare and submit a list to the Owner as provided under Section 9.8.2. Consent of the Design-Builder to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Construction Work shall be determined by written agreement between the Owner and Design-Builder.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner and Design-Builder shall jointly inspect the area to be occupied, or portion of the Construction Work to be used, in order to determine and record the condition of the Construction Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Construction Work shall not constitute acceptance of Construction Work not complying with the requirements of the Design-Build Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Design-Builder's notice that the Construction Work is ready for final inspection and acceptance, and upon receipt of a final Application for Payment, the Owner will promptly make such inspection. When the Owner finds the Construction Work acceptable under the Design-Build Documents and the Contract fully performed,

the Owner will, subject to Section 9.10.2 and 9.10.3, promptly issue a final Certificate for Payment.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Design-Builder submits to the Owner (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Construction Work, for which the Owner or the Owner's property might be responsible or encumbered, (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Design-Build Documents to remain in force after final payment is currently in effect, (3) a written statement that the Design-Builder knows of no reason that the insurance will not be renewable to cover the period required by the Design-Build Documents, (4) consent of surety, if any, to final payment, (5) an as-constructed record copy of the Construction Documents marked to indicate field changes and selections made during construction, (6) documentation of any special warranties, such as manufacturer's warranties, product data, and maintenance and operations manuals, and (7) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, and releases and waivers of liens, claims, security interests, or encumbrances, arising out of the Contract, to the extent and in such form as may be designated by the Owner. If an Architect, Consultant, Subcontractor, or any other person or entity providing services, labor, materials, or equipment relating to the Construction Work, refuses to furnish a release or waiver required by the Owner, the Design-Builder may furnish a bond satisfactory to the Owner to indemnify the Owner against such liens, claims, security interests, or encumbrances. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Design-Builder shall refund to the Owner all money that the Owner may be compelled to pay in discharging such liens, claims, security interests, or encumbrances, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Construction Work, final completion thereof is materially delayed through no fault of the Design-Builder or by issuance of Change Orders affecting final completion, the Owner shall, upon application by the Design-Builder, and without terminating the Contract, make payment of the balance due for that portion of the Construction Work fully completed, corrected, and accepted. If the estimated cost to complete or correct the Construction Work is less than retainage stipulated in the Design-Build Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Construction Work fully completed and accepted shall be submitted by the Design-Builder to the Owner prior to issuance of payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

.1 liens, Claims, security interests or encumbrances arising out of the Contract and unsettled;
.2 failure of the Work to comply with the requirements of the Design-Build Documents;
.3 terms of special warranties required by the Design-Build Documents; or
.4 audits performed by the Owner, if permitted by the Design-Build Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Design-Builder shall constitute a waiver of claims by the Design-Builder except those previously made in writing and identified by the Design-Builder as unsettled at the time of final Application for Payment.

§ 9.11 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.
(Insert rate of interest agreed upon, if any.)
Prime rate established by the Wall Street Journal plus one percent (1.00%).

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Design-Builder shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Construction Work.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Design-Builder shall be responsible for precautions for the safety of, and reasonable protection to prevent damage, injury, or loss to

.1 employees and persons performing the Construction Work and others who may be affected thereby;
.2 the Construction Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Design-Builder, a Subcontractor, or any other person or entity; and
.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, or

structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Design-Builder shall comply with, and give notices required by, applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on the safety of persons or property, or their protection from damage, injury, or loss.

§ 10.2.3 The Design-Builder shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods, are necessary for execution of the Construction Work, the Design-Builder shall exercise utmost care, and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Design-Builder shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Design-Build Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3, caused in whole or in part by the Design-Builder, the Architect, a Consultant, a Subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Design-Builder is responsible under Sections 10.2.1.2 and 10.2.1.3. The Design-Builder may make a Claim for the cost to remedy damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, or anyone directly or indirectly employed by the Owner, or by anyone for whose acts the Owner may be liable, and not attributable to the fault or negligence of the Design-Builder. The foregoing obligations of the Design-Builder are in addition to the Design-Builder's obligations under Section 3.1.14.

§ 10.2.6 The Design-Builder shall designate a responsible member of the Design-Builder's organization, at the site, whose duty shall be the prevention of accidents. This person shall be the Design-Builder's superintendent unless otherwise designated by the Design-Builder in writing to the Owner.

§ 10.2.7 The Design-Builder shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property. If the Owner or Design-Builder suffers injury or damage to person or property because of an act or omission of the other, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials

§ 10.3.1 The Design-Builder is responsible for compliance with any requirements included in the Design-Build Documents regarding hazardous materials or substances. If the Design-Builder encounters a hazardous material or substance not addressed in the Design-Build Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Design-Builder, the Design-Builder shall, upon recognizing the condition, immediately stop Construction Work in the affected area and notify the Owner of the condition.

§ 10.3.2 Upon receipt of the Design-Builder's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Design-Builder and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Design-Build Documents, the Owner shall furnish in writing to the Design-Builder the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Design-Builder will promptly reply to the Owner in writing stating whether or not the Design-Builder has reasonable objection to the persons or entities proposed by the Owner. If the Design-Builder has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Design-Builder has no reasonable objection. When the material or substance has been rendered harmless, Construction Work in the affected area shall resume upon written agreement of the Owner and Design-Builder. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Design-Builder, the Architect, Consultants, and Subcontractors, and employees of any of them, from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Construction Work in the affected area, if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to, or destruction of, tangible property (other than the Construction Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Design-Builder brings to the site unless such materials or substances are required by the Owner's Criteria. The Owner shall be responsible for hazardous materials or substances required by the Owner's Criteria, except to the extent of the Design-Builder's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Design-Builder shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Design-Builder brings to the site and negligently handles, or (2) where the Design-Builder fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Design-Builder, the Design-Builder is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Construction Work as required by the Design-Build Documents, the Owner shall reimburse the Design-Builder for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Design-Builder shall act, at the Design-Builder's discretion, to prevent threatened damage, injury, or loss.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Design-Builder's Insurance and Bonds

§ 11.1.1 The Design-Builder shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. Prior to commencement of the Work, the Design-Builder shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner shall be named as an additional insured under the Design-Builder's commercial general liability policy or as otherwise described in the Design-Build Documents.

§ 11.1.2 The Design-Builder shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Design-Build Documents. The Design-Builder shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Design-Build Contract, the Design-Builder shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Design-Builder's Required Insurance. Within three (3) business days of the date the Design-Builder becomes aware of an impending or actual cancellation or expiration of any insurance required by the Design-Build Documents, the Design-Builder shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Design-Builder, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Design-Builder. The furnishing of notice by the Design-Builder shall not relieve the Design-Builder of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in this Agreement or elsewhere in the Design-Build Documents, the Owner shall inform the Design-Builder in writing prior to commencement of the Construction Work. Upon receipt of notice from the Owner, the Design-Builder may delay commencement of the Construction Work and may obtain insurance that will protect the interests of the Design-Builder, Subcontractors, and Sub-Subcontractors in the Construction Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Design-Builder is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Design-Builder for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Design-Build Documents, the Owner shall provide notice to the Design-Builder of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Design-Builder; (1) the Design-Builder, upon receipt of notice from the Owner, shall have the right to stop the Construction Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Design-Builder; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Design-Builder purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Design-Builder waive all rights against (1) each other and any of their consultants, subcontractors, sub-subcontractors, agents, and employees, each of the other; and (2) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by this Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Design-Builder, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Separate Contractors, consultants, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this Section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If, during construction of the Project, the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Design-Builder for loss of use of the Owner's property, due to fire or other hazards however caused.

§ 11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by this Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Design-Builder its just share of insurance proceeds received by the Owner, and by appropriate agreement the Design-Builder shall make payments to its consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Design-Builder of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Design-Builder shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Design-Builder does not object, the Owner shall settle the loss, and the Design-Builder shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Design-Build Contract for convenience, the Owner and Design-Builder shall execute a Change Order for reconstruction of the damaged or destroyed Construction Work in the amount allocated for that purpose. If the Design-Builder timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Design-Builder arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Change Directive for the reconstruction of the damaged or destroyed Construction Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF CONSTRUCTION WORK

§ 12.1 Uncovering of Construction Work

The Owner may request to examine a portion of the Construction Work that the Design-Builder has covered to determine if the Construction Work has been performed in accordance with the Design-Build Documents. If such Construction Work is in accordance with the Design-Build Documents, the Design-Builder shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Construction Work is not in accordance with the Design-Build Documents, the costs of uncovering the Construction Work, and the cost of correction, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2 Correction of Construction Work

§ 12.2.1 Before Substantial Completion. The Design-Builder shall promptly correct Construction Work rejected by the Owner or failing to conform to the requirements of the Design-Build Documents, discovered before Substantial Completion, and whether or not fabricated, installed, or completed. Costs of correcting such rejected Construction Work, including additional testing and inspections and the cost of uncovering and replacement, and compensation for any consultant employed by the Owner whose expenses and compensation were made necessary thereby, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Design-Builder's obligations under Section 3.1.12, if, within one year after the date of Substantial Completion of the Construction Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Design-Build Documents, any of the Construction Work is discovered not to be in accordance with the requirements of the Design-Build Documents, the Design-Builder shall correct it promptly after receipt of notice from the Owner to do so unless the Owner has previously given the Design-Builder a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of the Construction Work, if the Owner fails to notify the Design-Builder of the condition and give the Design-Builder an opportunity to make the correction, the Owner waives the rights to require correction by the Design-Builder and to make a claim for breach of warranty and breach of the standard of care for that condition. If the Design-Builder fails to correct nonconforming or defectively designed Construction Work within a reasonable time during that period after receipt of notice from the Owner, the Owner may correct it in accordance with Section 7.4.

§ 12.2.2.2 The one-year period for correction of Construction Work shall be extended with respect to portions of Construction Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Construction Work.

§ 12.2.2.3 The one-year period for correction of Construction Work shall not be extended by corrective Construction Work performed by the Design-Builder pursuant to this Section 12.2.

§ 12.2.3 The Design-Builder shall remove from the site portions of the Construction Work that are not in accordance with the requirements of the Design-Build Documents and are neither corrected by the Design-Builder nor accepted by the Owner.

§ 12.2.4 The Design-Builder shall be liable for the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Design-Builder's correction or removal of

Construction Work that is not in accordance with the requirements of the Design-Build Documents except as otherwise permitted in this Agreement.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Design-Builder has under the Design-Build Documents. Establishment of the one-year period for correction of Construction Work as described in Section 12.2.2 relates only to the specific obligation of the Design-Builder to correct the Construction Work, and has no relationship to the time within which the obligation to comply with the Design-Build Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Construction Work.

§ 12.3 Acceptance of Nonconforming Construction Work

If the Owner prefers to accept Construction Work that is not in accordance with the requirements of the Design-Build Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 COPYRIGHTS AND LICENSES

§ 13.1 Drawings, specifications, and other documents furnished by the Design-Builder, including those in electronic form, are Instruments of Service. The Design-Builder, and the Architect, Consultants, Subcontractors, and any other person or entity providing Work for any of them, shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements, or for similar purposes in connection with the Project, is not to be construed as publication in derogation of the reserved rights of the Design-Builder and the Architect, Consultants, and Subcontractors, and any other person or entity providing Work for any of them.

§ 13.2 The Design-Builder and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 13.3 The Design-Builder grants to the Owner a nonexclusive license to use the Design-Builder's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering, and adding to the Project. The license granted in this Section 13.3 shall terminate only if (1) the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1 or (2) the Owner terminates this Agreement for convenience as provided in Section 14.1.5 and does not compensate the Design-Builder as required under Sections 14.1.6 and 14.1.7. The license granted under this section permits the Owner to authorize the Owner's consultants to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.1.5, solely and exclusively for use in performing services for the Project.

§ 13.3.1 In the event the Owner uses the Instruments of Service (1) for purposes inconsistent with Section 13.3, (2) after completion of the Project for purposes of altering or adding to the Project without retaining the authors of the Instruments of Service for such purposes, (3) after the Owner terminates this Agreement for convenience, or (4) after the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1, the Owner releases the Design-Builder from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Design-Builder from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 13.3.1. The terms of this Section 13.3.1 shall not apply if the Owner terminates this Agreement for cause under Section 14.1.4 or 14.2.2. The payment of a Termination Fee or Licensing Fee under Section 14.1.7 shall not relieve the Owner of the release or indemnity obligations of this Section 13.3.1.

§ 13.3.2 The Design-Builder shall obtain non-exclusive licenses from the Architect, Consultants, and Subcontractors, that will allow the Design-Builder to satisfy its obligations to the Owner under this Article 13. The Design-Builder's licenses from the Architect and its Consultants and Subcontractors shall also allow the Owner, in the event this Agreement is terminated for any reason other than the default of the Owner or in the event the Design-Builder's Architect, Consultants, or Subcontractors terminate their agreements with the Design-Builder for cause, to obtain a non-exclusive license solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner (1) agrees to pay to the Architect, Consultant or Subcontractor all amounts due, and (2) provides the Architect, Consultant or Subcontractor with the Owner's written agreement to indemnify and hold harmless the Architect,

Consultant, or Subcontractor from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's alteration or use of the Instruments of Service.

§ 13.3.3 Except as otherwise stated in this Section 13.3, the provisions of this Article 13 shall survive the termination of this Agreement.

ARTICLE 14 TERMINATION OR SUSPENSION

§ 14.1 Termination or Suspension Prior to Execution of the Design-Build Amendment

§ 14.1.1 If the Owner fails to make payments to the Design-Builder for Work prior to execution of the Design-Build Amendment in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination under Section 14.1.4 or, at the Design-Builder's option, cause for suspension of performance of services under this Agreement. If the Design-Builder elects to suspend the Work, the Design-Builder shall give seven days' notice to the Owner before suspending the Work. In the event of a suspension of the Work, the Design-Builder shall have no liability to the Owner for delay or damage caused by the suspension of the Work. Before resuming the Work, the Design-Builder shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.2 If the Owner suspends the Project, the Design-Builder shall be compensated for the Work performed prior to notice of such suspension. When the Project is resumed, the Design-Builder shall be compensated for expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Design-Builder, the Design-Builder may terminate this Agreement by giving not less than seven days' notice.

§ 14.1.4 Either party may terminate this Agreement upon not less than seven days' notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 14.1.5 The Owner may terminate this Agreement upon not less than seven days' notice to the Design-Builder for the Owner's convenience and without cause.

§ 14.1.6 In the event of termination not the fault of the Design-Builder, the Design-Builder shall be compensated for Work performed prior to termination, together with Reimbursable Expenses then due and any other expenses directly attributable to termination for which the Design-Builder is not otherwise compensated. In no event shall the Design-Builder's compensation under this Section 14.1.6 be greater than the compensation set forth in Section 2.1.

§ 14.1.7 In addition to any amounts paid under Section 14.1.6, if the Owner terminates this Agreement for its convenience pursuant to Section 14.1.5, or the Design-Builder terminates this Agreement pursuant to Sections 14.1.3 or 14.1.4, the Owner shall pay to the Design-Builder the following fees:
(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

The termination fee shall be fifty percent (50.00%) of the Design-Builder's Fee for the balance of the remaining Cost of the Work at the time of termination.

.2 Licensing Fee if the Owner intends to continue using the Design-Builder's Instruments of Service:

If the Owner elects to continue using the Instruments of Service following termination, the Licensing Fee shall be the unpaid balance of the fees established within the Cost of the Work for the Architect and any consultants responsible for preparation of the Instruments of Service. The Owner's continued use and interpretation of the Instruments of Service shall be at the Owner's sole risk.

User Notes:

§ 14.2.1.1 The Design-Builder may terminate this Agreement if the Work is stopped for a period of 30 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, for any of the following reasons:

.1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;

.2 An act of government, such as a declaration of national emergency that requires all Work to be stopped;

.3 Because the Owner has not issued a Certificate for Payment and has not notified the Design-Builder of the reason for withholding certification as provided in Section 9.5.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Design-Build Documents; or

.4 The Owner has failed to furnish to the Design-Builder reasonable evidence as required by Section 7.2.7.

§ 14.2.1.2 The Design-Builder may terminate this Agreement if, through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.2.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.2.1.3 If one of the reasons described in Section 14.2.1.1 or 14.2.1.2 exists, the Design-Builder may, upon seven days' notice to the Owner, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, or the Design-Builder's Fee on Work not executed if the Contract Sum is based upon the Cost of the Work plus a Fee with or without a Guaranteed Maximum Price, and costs incurred by reason of such termination.

§ 14.2.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Design-Build Documents with respect to matters important to the progress of the Work, the Design-Builder may, upon seven additional days' notice to the Owner, terminate the Contract and recover from the Owner as provided in Section 14.2.1.3.

§ 14.2.2 Termination by the Owner for Cause

§ 14.2.2.1 The Owner may terminate this Agreement if the Design-Builder:

.1 fails to submit the Proposal by the date required by this Agreement, or if no date is indicated, within a reasonable time consistent with the date of Substantial Completion;

.2 repeatedly refuses or fails to supply enough properly skilled workers or proper materials;

.3 repeatedly refuses or fails to supply a qualified architect, consultant, or subcontractor, where required;

.4 fails to make payment to the Architect, Consultants, Subcontractors, or suppliers in accordance with their respective agreements with the Design-Builder;

.5 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or

.6 is otherwise in breach of a material provision of the Design-Build Documents.

§ 14.2.2.2 When any of the reasons described in Section 14.2.2.1 exist, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Design-Builder and the Design-Builder's surety, if any, seven days' notice, terminate employment of the Design-Builder and may, subject to any prior rights of the surety:

.1 Exclude the Design-Builder from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Design-Builder;

.2 Accept assignment of the Architect, Consultant, and Subcontractor agreements pursuant to Section 3.1.15; and

.3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Design-Builder, the Owner shall furnish to the Design-Builder a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.2.3 When the Owner terminates this Agreement for one of the reasons stated in Section 14.2.2.1, the Design-Builder shall not be entitled to receive further payment until the Work is finished.

§ 14.2.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Design-Builder. If such costs and damages exceed the unpaid balance, the Design-Builder shall pay the difference to the Owner. The obligation for such payments shall survive termination of this Agreement.

§ 14.2.3 Suspension by the Owner for Convenience

§ 14.2.3.1 The Owner may, without cause, order the Design-Builder in writing to suspend, delay, or interrupt the Work in whole or in part for such period of time as the Owner may determine.

§ 14.2.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.2.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

.1 that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Design-Builder is responsible; or

.2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.2.4 Termination by the Owner for Convenience

§ 14.2.4.1 The Owner may, at any time, terminate this Agreement for the Owner's convenience and without cause.

§ 14.2.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Design-Builder shall

.1 cease operations as directed by the Owner in the notice;

.2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and,

.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing Project agreements, including agreements with the Architect, Consultants, Subcontractors, and purchase orders, and enter into no further Project agreements and purchase orders.

§ 14.2.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Design-Builder for: Work properly executed; Termination and Licensing Fees set forth in Section 14.1.7; and any other costs incurred by reason of the termination, including costs attributable to termination of Subcontracts.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Design-Builder arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims. The Owner and Design-Builder shall commence all claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in Section 1.3, within the time period specified by applicable law, but, in any case, not more than 10 years after the date of Substantial Completion of the Work. The Owner and Design-Builder waive all claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Prior To Final Payment. Prior to final payment, Claims by either the Owner or Design-Builder must be initiated by notice to the other party within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims Arising After Final Payment. After final payment, Claims by either the Owner or Design-Builder that have not otherwise been waived pursuant to Sections 9.10.4 or 9.10.5, must be initiated by prompt notice to the other party. The notice requirement in Section 15.1.3.1 and the provisions for Initial Resolution of Claims in Section 15.2 shall not be required as a condition precedent to mediation in Section 15.3.

§ 15.1.4 Continuing Contract Performance. Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Design-Builder shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Design-Build Documents.

§ 15.1.5 Claims for Additional Cost. If the Design-Builder wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Design-Builder wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Design-Builder's Claim shall include an estimate of cost and of the probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Design-Builder and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business, and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Design-Builder for principal office expenses including the compensation of personnel stationed there, for losses of financing, business, and reputation, and for loss of profit except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Design-Build Documents.

§ 15.2 Initial Resolution of Claims

§ 15.2.1 Meet and Confer

§ 15.2.1.1 If the parties select Meet and Confer as the initial method of dispute resolution, the Owner and Design-Builder shall endeavor to resolve Claims subject to the meet and confer session. The meet and confer session shall be attended by representatives who have the authority to bind the Owner and Design-Builder. The Owner or Design-Builder may request senior representatives from the Architect, Subcontractors, or other interested parties to attend the meet and confer session. The meet and confer session shall take place within thirty (30) days after a request by either party to this Agreement unless the parties mutually agree otherwise.

§ 15.2.1.2 Discussions held during the meet and confer process shall be treated as settlement discussions and, as such, will be confidential.

§ 15.2.1.3 If the Owner and Design-Builder reach a mutually acceptable resolution, appropriate documentation memorializing the resolution shall be prepared. If the resolution results in a change to the Contract Sum or the Contract Time, the parties shall execute a Change Order.

§ 15.2.1.4 If the Owner and Design-Builder cannot reach a mutually acceptable resolution at the meet and confer session, or if the meet and confer session does not take place within the time specified in Section 15.2.1, either party may proceed to mediation in accordance with Section 15.3.

§ 15.2.2 Project Neutral

§ 15.2.2.1 If the parties select a Project Neutral to serve as an initial decision maker of Claims, the Owner and Design-Builder shall share the expense of the Project Neutral.

§ 15.2.2.2 The Project Neutral will review Claims and, within ten days of the receipt of a Claim, take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim in whole or in part, (4) suggest a compromise, or (5) advise the parties that the Project Neutral is unable to resolve the Claim if the Project Neutral lacks sufficient information to evaluate the merits of the Claim or if the Project Neutral concludes that, in the Project Neutral's sole discretion, it would be inappropriate for the Project Neutral to resolve the Claim.

§ 15.2.2.3 In evaluating Claims, the Project Neutral may, but shall not be obligated to, consult with or seek information from persons with special knowledge or expertise who may assist the Project Neutral in rendering a decision. The retention of such persons shall be a shared expense of the Owner and Design-Builder.

§ 15.2.2.4 If the Project Neutral requests either party to provide a response to a Claim or to furnish additional supporting

data, such party shall respond within ten days after receipt of the request and shall either (1) provide a response or the requested supporting data, (2) advise the Project Neutral when the response or supporting data will be furnished or (3) advise the Project Neutral that no response or supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Project Neutral will take one of the actions described in Section 15.2.2.2(2)-(5).

§ 15.2.2.5 Pursuant to Sections 15.2.2.2 through 15.2.2.4 the Project Neutral will render an initial decision approving or rejecting the Claim in whole or in part or indicating that the Project Neutral is unable to resolve the Claim. The initial decision shall (1) be in writing, (2) state the reasons therefore, and (3) identify any change in the Contract Sum or Contract Time or both. The initial decision shall be binding on the parties, but subject to mediation in accordance with the process set forth in Section 15.3 and, if the parties fail to resolve their dispute through mediation, subject to binding dispute resolution in accordance with Section 15.4.

§ 15.2.2.5.1 If an initial decision has not been rendered within 30 days after the Claim has been referred to the Project Neutral, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Project Neutral and all affected parties agree, the Project Neutral will not decide disputes between the Design-Builder and persons or entities other than the Owner.

§ 15.2.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.3.

§ 15.2.2.7 Either party may, within 30 days from the date of a Project Neutral's initial decision, demand in writing that the other party file for mediation within 60 days of the initial decision. If such a demand is made and the party receiving the demand fails to file for mediation within the time required, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 15.2.3 In the event of a Claim against the Design-Builder, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Design-Builder's default, the Owner may, but is not obligated to, notify the surety, and request the surety's assistance in resolving the controversy.

§ 15.2.4 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 15.3 Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, 15.1.7, and 15.2.2.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 15.3.2 The Parties shall endeavor to resolve their Claims by mediation which, unless the Parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the Parties or court order. If an arbitration proceeding is stayed pursuant to this Section 15.3.2, the Parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 Either Party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the Party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both Parties waive their rights to binding dispute resolution proceedings with respect to the initial decision rendered by the Project Neutral or with respect to Claims that were the subject of the Meet and Confer process.

§ 15.3.4 The Parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction.

§ 15.4 Arbitration

§ 15.4.1 If the parties have selected arbitration as the method for binding dispute resolution in Section 1.3, any Claim

subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of this Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations or statute of repose. For statute of limitations or statute of repose purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction.

§ 15.4.3 The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 15.4.4 Consolidation or Joinder

§ 15.4.4.1 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either Party may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the Party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 15.4.4.3 The Owner and Design-Builder grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Design-Builder under this Agreement.

§ 15.5 The provisions of this Article 15 shall survive the termination of this Agreement.

ARTICLE 16 MISCELLANEOUS PROVISIONS

§ 16.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

§ 16.2 Successors and Assigns

§ 16.2.1 The Owner and Design-Builder, respectively, bind themselves, their partners, successors, assigns, and legal representatives to the covenants, agreements, and obligations contained in the Design-Build Documents. Except as provided in Section 16.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 16.2.2 The Owner may, without consent of the Design-Builder, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Design-Build Documents. The Design-Builder shall execute all consents reasonably required to facilitate the assignment.

§ 16.2.3 Certifications. If the Owner requests the Design-Builder to execute certificates, the proposed language of such certificates shall be submitted to the Design-Builder for review at least 21 days prior to the requested dates of execution.

If the Owner requests the Design-Builder to execute consents reasonably required to facilitate assignment to a lender, the Design-Builder shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Design-Builder for review at least 21 days prior to execution. The Design-Builder shall not be required to execute any certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 16.3 The Design-Builder, Architect, Consultants, Subcontractors, or their agents, or any other persons or entities performing portions of the Work, shall have the right to include video, photographic, or artistic representations of the design of the Project among their respective promotional and professional materials. The Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work, shall be given reasonable access to the completed Project to make such representations. However, such material shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Design-Builder in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work, in the Owner's promotional materials for the Project. This Section 16.3 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 14.2.2.

§ 16.4 Rights and Remedies

§ 16.4.1 Duties and obligations imposed by the Design-Build Documents, and rights and remedies available thereunder, shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 16.4.2 No action or failure to act by the Owner or Design-Builder shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 16.5 Tests and Inspections

§ 16.5.1 Tests, inspections, and approvals of portions of the Construction Work shall be made as required by the Design-Build Documents and by applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of public authorities. Unless otherwise provided, the Design-Builder shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals, unless otherwise provided in the Design-Build Amendment. The Design-Builder shall give the Owner timely notice of when and where tests and inspections are to be made so that the Owner may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after execution of the Design-Build Amendment. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 16.5.2 If the Owner determines that portions of the Construction Work require additional testing, inspection, or approval not included under Section 16.5.1, the Owner will instruct the Design-Builder to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Design-Builder shall give timely notice to the Owner of when and where tests and inspections are to be made so that the Owner may be present for such procedures. Such costs, except as provided in Section 16.5.3, shall be at the Owner's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.3 If procedures for testing, inspection, or approval under Sections 16.5.1 and 16.5.2 reveal failure of the portions of the Construction Work to comply with requirements established by the Design-Build Documents, all costs made necessary by such failure shall be at the Design-Builder's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Design-Build Documents, be secured by the Design-Builder and promptly delivered to the Owner.

§ 16.5.5 If the Owner is to observe tests, inspections, or approvals required by the Design-Build Documents, the Owner will do so promptly and, where practicable, at the normal place of testing.

§ 16.5.6 Tests or inspections conducted pursuant to the Design-Build Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 16.6 Confidential Information

§ 16.6.1 If the Design-Builder or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 16.6.2. The obligations in this Section 16.6 shall survive the termination of this Agreement.

§ 16.6.2 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, contractors, or subcontractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants, contractors, and subcontractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 16.6. In the event either party knows or reasonably believes that "confidential" or "business proprietary" information received from the other party has been subject to any circumstance where the security, integrity, or confidentiality of any of the "confidential" or "business proprietary" information has been compromised, damaged, lost, corrupted, destroyed, or the "confidential" or "business proprietary" information has been accessed, acquired, modified, used, disclosed, or rendered inaccessible, by any unauthorized person, by any person in an unauthorized manner, or for an unauthorized purpose, the party experiencing the breach will provide written notice to the other party as soon as reasonably possible after it becomes aware of any breach.

§ 16.6.3 "Confidential" or "business proprietary" information shall not include information:

.1 in the public domain, or which later enters the public domain, through no action on the receiving party's part in violation of this Agreement;

.2 already in the receiving party's possession and not marked as "confidential" or "business proprietary" when received;

.3 obtained by the receiving party on a non-confidential basis from a third party not known by the receiving party to be under an obligation of confidentiality; or

.4 that is independently developed by the receiving party without access to, or use of, any "confidential" or "business proprietary" information.

§ 16.7 Capitalization

Terms capitalized in the Contract include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other AIA Contract Documents.

§ 16.8 Interpretation

§ 16.8.1 In the interest of brevity the Design-Build Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 16.8.2 Unless otherwise stated in the Design-Build Documents, words which have well-known technical or construction industry meanings are used in the Design-Build Documents in accordance with such recognized meanings.

§ 16.9 The invalidity of any provision of this Agreement shall not invalidate this Agreement or its remaining provisions. If it is determined that any provision of this Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case this Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing this Agreement.

§ 16.10 In accordance with Section 1.1.5, the Design-Builder shall coordinate with the Owner in establishing building information modeling and digital data protocols for the Project governing the development, use, transmission, and exchange of, and reliance on, digital data.

§ 16.10.1 Any use of, or reliance on, all or a portion of a building information model without agreement to written protocols governing the use of, and reliance on, the information contained in the model shall be at the using or relying party's sole risk and without liability to the other party and its subcontractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

§ 5.5.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, ~~water, heat, utilities,~~ transportation, and other facilities and services, necessary for proper execution and completion of the Construction Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the construction. The Cost of the Work shall include all labor, material, and equipment identified as general conditions. Said general conditions shall be identified in the Guaranteed Maximum Price cost summary as a lump sum amount to be billed and paid in equal monthly installments with each application for payment.

The Design-Builder shall pay sales, consumer, use and similar taxes, for the Construction Work provided by the Design-Builder, that are legally enacted when the Design-Build Amendment is executed, whether or not yet effective or merely scheduled to go into effect. The Owner shall designate the Design-Builder and its subcontractors as agents for tax exempt purchases made for the project on their behalf. In the event the Design-Builder suffers (or will suffer) delay and/or incurs (or will incur) additional costs as a result of Change of Law (as defined below), the Design-Builder shall be entitled to an adjustment to the Guaranteed Maximum Price by Change Order equal to the additional costs incurred (or to be incurred), as well as an adjustment to the Contract Time to the extent of any delay encountered (or to be encountered), as a result of such Change of Law. The Design-Builder shall deliver written notice to the Owner within ten (10) working days of the date that the Design-Builder a) becomes aware of the Change of Law and b) is able to reasonably quantify its potential impact on the Guaranteed Maximum Price and Contract Time. Any such adjustment to the Guaranteed Maximum Price and/or Contract Time as a result of a Change of Law shall be negotiated in good faith between the Design-Builder and Owner. As used in this section, "Change of Law" means the coming into effect after the date of execution of this Agreement of any law, statute, ordinance, decree, regulation, by-law, rule, directive, license, consent, permit, authorization, concession, or other requirement issued by any authority which has jurisdiction over the Design-Builder, the Work, or the Project. "Change of Law" shall expressly include, without limitation, changes or increases to applicable taxes, as well as the institution of applicable tariffs.

Attachment A – Preconstruction Services Proposal Letter

Shawnee, OK 74801

Re: Shawnee Press Box Elevator Phase 1 – Investigation Work Only

LBI has prepared a lump sum proposal for the investigation work only portion of the Shawnee Press Box Elevator. This proposal is considered Phase 1 for investigation work only. Depending on the results from structural review and analysis, an additional Phase 2 cost will be incorporated for the additional work from LBI and our design consultants. This phase 2 fee will be $15,250 and includes Civil, Architectural, and Structural design services to create contract documents and our preconstruction fee to handle bidding out the project to establish the G-Max Cost. This phase 2 fee also includes $5,000 allowance for addressing structural issues that may be identified in Phase 1.

LBI feels that it is in the School's best interest to phase this project into 2 phases in case the School District decides to not move forward with the project after phase 1 is complete.

Our Phase 1 price inclusive of all labor, material, equipment, labor insurance, taxes & fringes, and markup for overhead and profit is $39,675.

This scope of investigation work includes:

- Supervision by LBI Superintendent.
- Supply and install of Waco scaffolding in elevator shaft – price is for 3 months of rental ($1150/month).
- Structural scanning of cmu block wall elevator shaft structure, top to bottom of existing shaft.
- Structural Engineer's review and analysis of scanning reports.
- Labor, Insurance, Taxes and Fringes.
- CM Fee.

This investigation only proposal excludes:

- Material sales tax.
- Phase 2 work including but not limited to:
- TK Elevator's scope of modifications and installation of elevator.
- Demo work or shaft modifications.
- Concrete demo and ADA concrete ramps/walks to elevator.
- Mass Architects design fees for ADA sidewalk/ramp.
- Additional structural engineering fees if existing structure is deemed insufficient.
- No more than 3 months of scaffold rental.

We estimate this Phase 1 investigation work will require 3 weeks to complete from date of mobilization. If this proposal is accepted, LBI will then issue AIA document 144-2014 Design Build Contract for your review and acceptance. If you have any questions or comments about the proposal, please feel free to contact me.

Respectfully submitted,

PREFACE

This Letter is meant to serve as a transparent view of what we do behind the scenes in our efforts to strive for success with Current Public School Districts, how that will apply to Shawnee Public Schools and how we specifically intend to approach Shawnee Public Schools to any that may be reading it.

While certain operational structures, supervisory frameworks, and quality-control mechanisms outlined in the following pages may initially appear to be standard industry expectations, it is important to recognize that many contractors operating within this market do not possess the organizational depth, administrative infrastructure, financial stability, or scalable management systems required to execute them consistently. What may be perceived as baseline capability on paper often proves to be aspirational rather than operational in practice — School Districts such as Shawnee Public Schools, where staffing scale, compliance requirements, performance documentation, and logistical coordination demand a level of internal capacity that extends well beyond minimal industry thresholds. It also requires disciplined oversight, continuous evaluation of site-specific needs and areas for improvement, and the organizational confidence to make strategic financial reinvestments while fully assuming responsibility for a contract of this magnitude.

The following initiatives reflect 18 years of operational refinement and industry acumen within the K-12 sector. Our philosophy is grounded in disciplined reinvestment — strengthening service quality, supervisory structure, and measurable accountability to ensure both performance consistency and long-term partnership stability.

The initiatives detailed herein are specific to and structured for Shawnee Public Schools. They are not representative of generalized company-wide standards or nearby Oklahoma operations, but rather deliberate investments calibrated to the scale, expectations, and outlined requirements of this district.

COMPANY OVERVIEW

Headquartered in Northeast Oklahoma, we are a family-owned-and-operated regional leader with the proven infrastructure to dominate our home state and the scalable capacity to provide seamless managed services. Since 2004, we have evolved from a local office/light industrial/manufacturing/retail-cleaning operation into a K-12 specialist serving over 85 schools across seven states.

Our growth is deliberate and strategic. We are **not a franchise**, and we never outsource our accounts to third parties. With a workforce of over 600 employees and a culture of promoting from within, we only partner with new school districts that align with our administrative depth. This ensures we never outgrow our infrastructure or compromise the high level of service our existing partners expect.

We specialize in the public and private school sector with high barriers to entry, providing a level of quality control and competitive rating that generalized contractors cannot match. As a full-service partner, we provide and take full responsibility for all equipment, machinery, and chemical needs. Our relationships are built on **performance and satisfaction rather than fine print**, focusing on maximizing service quality without placing unnecessary financial strain on the school districts we serve. We offer the stability and resource-depth of a national firm, delivered with the agility and personal accountability of a local, family-run business.

STATEWIDE MANAGEMENT DEPLOYMENT & TRANSITION OVERSIGHT

Upon contract award, Statewide will deploy senior management personnel to lead the full onboarding and transition process for Shawnee Public Schools. Executive-level oversight will be established immediately to ensure structured workforce onboarding, supervisory alignment, quality-control implementation, and operational stabilization.

This initial deployment phase includes direct involvement from senior leadership to oversee staffing confirmation, training calibration, supply chain setup, inspection protocols, and communication cadence with district administration. Transition is treated as a controlled operational rollout — not a gradual adjustment period. **As part of our commitment to operational stabilization, Statewide secures a local satellite office and warehouse within a 35-mile radius of the district to ensure immediate supply-chain support and management accessibility.**

To ensure undivided focus during this critical phase, Statewide will defer or decline any competing operational expansions that could dilute executive attention or resource allocation. Shawnee Public Schools will be prioritized to ensure stability, performance consistency, and measurable execution from day one.

Shawnee Public Schools will be our Flagship School for our growth toward the Oklahoma City Market.

STATEWIDE INVESTMENT

Statewide agrees to provide, own, and fully maintain all specialized machinery at no charge or upsell to SPS —specifically including autoscrubbers, Kaivac systems, carpet extractors, and grout machines—which will be dedicated to and stationed permanently at the district for the duration of the contract (See page 7).

Statewide will implement its standardized operational benchmarks and inspection metrics across all personnel. These measurable performance standards, which have been successfully deployed across our existing district partnerships, will guide training reinforcement, corrective action, and role alignment decisions.

Based on experience within comparable districts, we anticipate opportunities to optimize staffing structure to better align labor allocation with square footage, production standards, and performance accountability. Any workforce adjustments will be guided by measurable output, service quality expectations, and long-term operational efficiency — with the objective of strengthening overall contract performance and sustainability.

Additionally, significant attention will be devoted to identifying individuals best suited for leadership roles within the Shawnee Public Schools structure — including District Manager and Supervisor positions. All leadership appointments will undergo a structured vetting process aligned with our operational standards.

This evaluation process will assess performance history, leadership aptitude, reliability, communication ability, and demonstrated capacity to execute within structured accountability systems. Leadership placement will not be assumed based solely on tenure, but determined through measured evaluation and alignment with Statewide's procedural expectations.

Our objective is to establish a leadership team that embodies consistency, accountability, and operational discipline from the outset — ensuring that supervisory authority within SPS reflects both competence and alignment with district performance standards.

EMPLOYEE ATTRACTION & RETENTION

Statewide attracts and retains high-performing personnel through a structured approach centered on competitive compensation, measurable accountability, and defined advancement opportunities. Compensation is strategically positioned within market benchmarks to ensure workforce stability and reduce turnover risk. Our compensation model prioritizes frontline team retention while maintaining responsible contract sustainability.

In addition to base pay, Statewide implements performance-based incentive programs tied to objective standards such as attendance reliability, inspection scores, productivity metrics, and customer feedback. These incentives reinforce consistency and reward measurable contribution to contract performance.

High-performing employees are provided with defined pathways for advancement into supervisory and middle-management roles. Advancement is earned through sustained performance, leadership aptitude, and alignment with operational standards. Select leadership roles may include additional responsibility-based incentives, including enhanced compensation and company resources where appropriate.

This structured approach establishes clear expectations, reinforces accountability, and cultivates a performance-driven culture in which reliability, quality, and initiative are recognized and retained.

- **Professional Development**
    - Shawnee hosted the OSDE's first "Pages Across the Plains: HEROES Regional Summer Literacy Workshop" for 2026. The first of eight stops across the state provided two main events on June 4th and 5th:
        - Thursday evening was "Camp Read-A-Lot" with reading activities and free resources for families and community members.
        - Friday educators from across our region attended a keynote and several breakout sessions. Teachers and education professionals were able to learn new instructional strategies, discuss best practices with the Science of Reading, hear clarifying information regarding MTSS and the updated SRA law as well as many other topics.
    - We offered an ACT Instructional Mastery training for approximately 45 middle and high school teachers on June 2nd and 3rd. The course included information such as test specifications, content, test-taking strategies, and test-preparation practices. Upon completion of the training each teacher had the opportunity to take an assessment and earn an instructional mastery certificate/badge (AIMS certification).
- **Instruction/Curriculum**
    - SHS had approximately 45 students participate in Summer School in June
    - We had around 180-200 first through fifth grade elementary students attend our 21st CCLC summer program in June.

    - Our office worked to update the SHS/JTA Pathways & Course Catalog. Our next steps include requesting state codes and finalizing curriculum for new courses.

- **Assessment Updates**
    - Preliminary OSTP results have been released, and we are disaggregating the data to get an initial idea of how our students performed. Final results are expected be released in July or August.

Student Services Board Report - June 29, 2026

- SPS received a letter closing the state complaint filed against us in October 2025. SDE stated that the district has satisfied all directives included in the initial report and Shawnee is in full compliance. The final piece, which was roughly 20 hours of compensatory services, was delivered during the first two weeks of June during SPS Kids at Will Rogers.

- Special Services is reviewing discipline data for the school year, particularly focusing on disproportionality by race of removals/suspensions. All categories appear to be within acceptable range. Much appreciation to the site administrators who help us monitor this data throughout the year and work to avoid any disproportionality.

- The district's End of Year Data Report (due 6/30/26) is in process. A new format is being utilized by which the numbers are pulled directly from data entered into Ed Plan throughout the year. As with any new program, there are bugs to work out, and we are in communication with the state department to correct several inaccuracies in our data as this will negatively reflect our District Data Profile in the fall. Dr. James will certify the report in July - once all of the information is displaying accurately.

- Special Services is required to conduct an annual audit of inactive records, pulling files of individuals who were expected to have graduated five years prior. Those records have been identified and written notification is being prepared to notify families of the option to collect these paper documents. Letters will be mailed mid July, and individuals will have 60 days to pick up the records. If not, they will be destroyed.

Shawnee Public Schools – Communications Department Board Report
BOARD UPDATES | June 29, 2026

Professional Development
I attended the CCOSA Summer Leadership Conference in Oklahoma City, where I had the opportunity to connect with education leaders from across the state. While there, I also met with the Metro Communicators Group, allowing us to share best practices, discuss emerging communications trends, and collaborate on strategies to better serve our school communities.

Summer Planning & Strategic Work
Summer provides an opportunity for our department to focus on long-range planning and continuous improvement. Current projects include:

- Updating the district's Brand Guidelines for the 2026-27 school year to ensure consistency across all schools, departments, and communications.
- Developing the 2026-27 Communications Strategic Plan, which will guide our efforts in family engagement, district storytelling, crisis communications, and community outreach.

Back-to-School Communications
Preparations are underway for the new school year. A dedicated Back-to-School Landing Page will soon be available on the district website. This page will serve as a central hub for families, housing enrollment information, school supply lists, schedules, events, and other important updates. Information will continue to be updated throughout the summer as details become available.

We're also excited to roll out new Back-to-School Spirit Gear in the coming weeks. New shirt designs are being finalized and will provide students, staff, families, and community members additional opportunities to show their Wolf pride as we begin the 2026-27 school year.

Save the Date
Mark your calendars for the Community Pep Rally on August 25. This event continues to be a great opportunity to bring together students, families, staff, and community members as we celebrate the start of another exciting year for Shawnee Public Schools.

Community Partnership Spotlight
We are excited to celebrate the completion of the new Fitness Court, made possible through a partnership with National Fitness Campaign and Blue Cross Blue Shield of Oklahoma. A ribbon-cutting ceremony took place on June 25.

The Fitness Court is now installed and available for public use. Designed for individuals ages 14 and older, the facility provides a free and accessible way for community members to improve their health and wellness. Users can download the Fitness Court app to access guided workouts tailored to their individual fitness levels and goals.

As a district, we are grateful for partnerships that expand opportunities for healthy lifestyles and active living for our students, staff, and community.

Operations Board Update – June 29, 2026

- **Nutrition** – Nutrition has been working hard to feed all of the summer school kiddos at the three sites that are housing our summer school programs. Nutrition has been closing out the previous year's books and are preparing for the students to return in August.
- **Transportation** – June is the month of closing out budgets and working on new plans for next year. We lack installation of a software update to complete the setup for bi-directional charging. We will be the only district in the state that is involved in this "extra" use of our electric vehicles. Bi-directional charging will allow our buses to generate revenue for the district while they sit idle in the June, July and August timeframe as well as on weekends. All buses are undergoing their annual vehicle inspections.
- **Technology** – The summer technology crew are doing a fantastic job. They have completed work at Sequoyah, Jefferson, and the Early Childhood Center. They are now working on preparing middle school devices for the upcoming school year. We have successfully set up a Mobile Device Manager (MDM) for our Newline boards. This will allow us to centrally manage all Newline boards throughout the district. Teachers are continuing to pick up their new devices. Device distribution will continue through June 30.
- **Maintenance/Construction** –Stucker construction is on schedule and the dome is up. The interior work on the dome should be complete by the end of July. Sequoyah is moving along. We have had several issues arise from the original construction of the building that we have had to work around. Our decision to move the grounds crew in-house is going well. We have 2 SHS students that are interning (with pay) with the grounds crew this summer and they are doing fantastic. The buildings are currently being stripped and waxed and the carpets are being cleaned. Many sites are getting upgrades, paint, etc.

B. CRIMINAL/CIVIL SANCTIONS: The Act specifically provides civil remedies, 5 U.S.C. Sec. 552a(g), including damages, and criminal penalties, 5 U.S.C. § 552a(i), for violations of the Act. The civil action provisions are premised violations of the Act committed by parties subject to this Agreement or regulations promulgated thereunder. An individual claiming such a violation by parties subject to this Agreement may bring civil action in a federal district court. If the individual substantially prevails, the court may assess reasonable attorney fees and other litigation costs. In addition, the court may direct the parties subject to this Agreement to grant the plaintiff access to his/her records, and when appropriate direct an amendment or correction of records subject to the Act. Actual damages may be awarded to the plaintiff for intentional or willful refusal by parties subject to this Agreement to comply with the Act.

1. Civil Remedies.

a. In any suit brought under the provisions of 5 U.S.C. § 552a(g)(1)(C) or (D) in which the court determines that the parties subject to this Agreement acted in a manner which was intentional or willful, shall be liable in an amount equal to the sum of—

(1) actual damages sustained by the individual because of the refusal or failure, but in no case, shall a person entitled to recovery receive less than the sum of $1,000; and

(2) the costs of the action together with reasonable attorney fees as determined by the court.

b. An action to enforce any liability created under 5 U.S.C. § 552a may be brought in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the records are situated, or in the District of Columbia, without regard to the amount in controversy, within two years from the date on

which the cause of action arises, except that where parties subject to this Agreement have materially and willfully misrepresented any information required under this section to be disclosed to an individual and the information so misrepresented is material to establishment of the liability of the agency to the individual under 5 U.S.C. § 552a, the action may be brought at any time within two years after discovery by the individual of the misrepresentation. Nothing in this section shall be construed to authorize any civil action because of any injury sustained as the result of a disclosure of a record prior to September 27, 1975.

2. Criminal Penalties

a. Any officer or employee of an agency, who by virtue of his employment or official position, has possession of, or access to, agency records which contain individually identifiable information the disclosure of which is prohibited by this section or by rules or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000. See 5 U.S.C. § 552a(i)(1).

b. Any officer or employee of any agency who willfully maintains a system of records without meeting the notice requirements of subsection (e)(4) of this section shall be guilty of a misdemeanor and fined not more than $5,000. See 5 U.S.C. § 552a(i)(2).

c. Any person who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than $5,000. See 5 U.S.C. § 552a(i)(3).

V. Child Support FPLS Requirements (If applicable)

A. Contractor and the applicable State of Oklahoma agency must comply with the security requirements established by the Social Security Act, the Privacy Act of 1974, the Federal Information Security Management Act of 2002 (FISMA), 42 United States Code (USC) 654(26), 42 UCS 654a(d)(1)-(5), the U.S. Department of Health and Human Services (HHS), the U.S. Department of Health and Human Services Administration of Children and

Families Office of Child Support Enforcement Security Agreement and the Automated Systems for Child Support Enforcement: A Guide for States Section H Security and Privacy. Contractor and applicable State of Oklahoma agency also agree to use Federal Parent Locator Service (FPLS) information and Child Support (CS) program information solely for the authorized purposes in accordance with the terms in this agreement. The information exchanged between state Child Support agencies and all other state program information must be used for authorized purposes and protected against unauthorized access to reduce fraudulent activities and protect the privacy rights of individuals against unauthorized disclosure of confidential information.

1. This is applicable to the personnel, facilities, documentation, data, electronic and physical records and other machine-readable information systems of the applicable State of Oklahoma agency and Contractor, including, but not limited to, state employees and contractors working with FPLS information and CS program information and state CS agency data centers, statewide centralized data centers, contractor data centers, state Health and Human Services' data centers, comprehensive tribal agencies, data centers serving comprehensive tribes, and any other individual or entity collecting, storing, transmitting or processing FPLS information and CS program information. This is applicable to all FPLS information, which consists of the National Directory of New Hires (NDNH), Debtor File, and the Federal Case Registry (FCR). The NDNH, Debtor File and FCR are components of an automated national information system.

2. This is also applicable to all CS program information, which includes the state CS program information, other state and tribal program information, and confidential information. Confidential information means any information relating to a specified individual or an individual who can be identified by reference to one or more factors specific to him or her, including but not limited to the individual's Social Security number, residential and mailing addresses, employment information, and financial information. Ref. 45 Code of Federal Regulations (CFR) 303.21(a).

VI. FERPA Requirements (If applicable)

A. In performance of this Agreement, Contractor agrees to comply with and assume responsibility for compliance by its employees with the Family Educational Rights and Privacy Act; (20 U.S.C. § 1232g; 34 C.F.R. Part 99)

("FERPA") and the Oklahoma Student Data Accessibility, Transparency, and Accountability Act of 2013; (70 O.S. § 3-168), where personally identifiable student education data is exchanged.

VII. CJIS Requirements (If applicable)

A. INTRODUCTION

The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation ("FBI"), Criminal Justice Information Services (CJIS) Division's CJIS Security Policy ("CJIS Security Policy" or "Security Policy" herein). The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer ("CSO") and the FBI CJIS Division's Audit Staff.

B. CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information ("CJI"). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency ("CJA") and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. Per Appendix "A" to said Security Policy, "access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI."

C. DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI AND CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the

noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System ("OLETS") which is operated by DPS.

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices "A" & "B";
2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices "D", "E", "F" & "H"; and
5. the Supplemental Guidance in Appendices "J" & "K".

This FBI Security Policy is located and may be downloaded at:

https://www.fbi.gov/file-repository/cjis_security_policy_v5-9-1_20221001.pdf/view

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

RE: Membership Proposal Effective 7/1/2026

Dear James, Jason:

We are very pleased to provide you with the attached proposal for insurance coverages with Oklahoma Schools Insurance Group (OSIG).

OSIG is not a conventional insurance program. We are a public entity in the state of Oklahoma formed by an Interlocal Agreement and made up of member public school districts. Our organization is non-profit, **member owned** and controlled by a board of your peers. Our sole mission is to serve our member schools. Our promise is to provide quality insurance coverage and superior service at stable pricing. We are pleased that 541 school districts are members of OSIG. Our membership is strong and committed.

OSIG's financial position is excellent. No other Oklahoma school insurance program can provide you with this security. Our organization is continuously growing, improving and looking for new ways to serve Oklahoma schools. The group purchasing power of OSIG and a non-profit structure provides competitive insurance rates even in tough financial times.

Included in this proposal is information on OSIG's financial condition and summaries of enhanced coverages that only OSIG provides.

For the 2026-2027 plan year, we are requiring the resolution to be signed by the member's Board of Education and returned to OSIG before close of business 6/30/2026 in order to bind coverage effective 7/1/2026. **Coverage will not be bound if resolution letter is not received by June 30, 2026**

Loss control, risk management services and specialized insurance coverages included in OSIG program are:

- Enhanced Property and Liability Coverage
- Cyber Liability, Crime, Pollution, Deadly Weapons Protection
- Loss Control Site Surveys/Safety Inspections

Overview

Background

The Oklahoma Schools Insurance Group (OSIG) is a public entity of the State of Oklahoma, formed as an Interlocal Agreement in accordance with 74 O.S. 1004(f), for the purpose of joining together a group of Oklahoma public school districts. OSIG will allow member districts to more efficiently and more economically obtain and manage their insurance programs.

OSIG obtained approval to operate from the Oklahoma Attorney General on June 28, 2001. Effective July 1, 2002, OSIG began full operation by providing its member districts with broad insurance coverage through “A” rated insurance carriers and professional risk management services. Over the past 24 years, OSIG's membership has grown to 541 and the program insures more than $32 Billion in school property across Oklahoma.

Structure

OSIG is a non-profit, member-owned, public entity program whose management is completely controlled by a Board of your peers.

"The mission of Oklahoma Schools Insurance Group (OSIG) is to provide quality, cost effective risk management products and services to member schools."

The group purchases insurance and reinsurance from "A"-rated carriers. OSIG's insurance providers are long-term partners and committed to OSIG and Oklahoma schools.

OSIG has contracted with Risk Program Administrators in Tulsa to administer the program. RPA is one of the largest insurance brokers in the world and manages programs similar to OSIG across the country.

It is important to know that the insurance coverage provided by OSIG was specifically tailored to meet the needs of Oklahoma schools. The coverage is what you need to protect your school’s property, your students and patrons.

Losses are a part of life. Only OSIG has the collective strength and staying power to provide the protections you need. By remaining together as a group, OSIG will be able to continue to provide you with the quality, fair-priced **insurance and risk management** services you need to protect your school’s assets, your board, your staff and, most importantly, your children.

Financial Strength

OSIG is financially strong and we have the funds (cash) we need to pay your claims. OSIG has returned more than $9 million to our members over the years as distributions. Surplus at year ended 6/30/2025 was more than $21 million and our assets were more than $105 million.

We believe in complete transparency. We submit to an annual financial audit each year end and share our operating results with our members each year.

The financial condition of an insurance group should be of utmost importance to you when choosing an insurance partner for your district.

Statement of Net Assets

As of 06/30/2025

Cash	$67,503,673

We urge you to obtain and review audited financial statements from every insurance provider that may offer your school district a quote. Financial statements are required by law and can be obtained at ok.gov/oid. Click on Interlocals under the Quick Links section of the homepage. Your school's auditor can help in analyzing the statements.

Important Plan Information

It is important to understand that OSIG is not an insurance company, but rather a non-profit, cooperative risk management program owned and directed by Oklahoma Schools. Its mission is to reduce insurance costs and stabilize rates by aggregating purchasing power **with an intense focus on controlling member losses**. When losses are controlled, OSIG's member schools retain the underwriting profit and investment income thereby increasing fund reserves for future years. OSIG purchases per occurrence and liability aggregate protection for its member schools. The per occurrence insurance protects member schools up to $2,000,000,000 for property losses and $2,000,000 for liability claims in **each and every occurrence subject to a $10M annual aggregate limit**. The aggregate insurance protection is purchased in the unlikely event that sum total of all OSIG losses are significantly more than actuarially projected. Additional excess liability limits are available for members requiring higher limits.

This proposal is an outline of the coverages proposed by insurers based on the information provided by your school district. It does not include all the terms, coverages, exclusions, limitations and conditions of the actual contract language. Please refer to the plan document for the details.

Actuarial Review

An independent actuary has been retained by OSIG to make projections as to anticipated claims and losses the program should expect on an annual basis. The OSIG actuary has relied on the historical loss experience and exposures provided to OSIG by the member school districts to make projections of OSIG's expected losses. OSIG adequately funds to, or in excess of, the expected loss projections through member contributions (insurance cost) and our own surplus.

Membership contributions are used to buy insurance, pay administrative expenses and fund for members' claims. Similar successful programs throughout the country for schools and municipalities are protected using the same insurance structure as OSIG has deployed. As with any insurance mechanism, OSIG does not guarantee full funding in the event unimaginable losses would materialize that are many times greater than what is indicated by past history. The OSIG board is charged with developing a plan to address under funding in this unlikely event.

Procedure to Renew Coverage

Notify your agent of your acceptance of this insurance renewal proposal. Your agent will advise the OSIG administrative staff in writing that you wish to renew the insurance coverage.

The signed Resolution by the member's Board of Education should be returned to OSIG before June 30, 2026 in order to bind coverage effective 7/1/2026.
