BOARD POLICY

209 Health Examinations/Screenings

POLICY NUMBER	ADOPTED	REVISED	VERSION
209	5/25/2002	10/25/2021	v3.3
DOCUMENT STATUS	WORKFLOW	LAST REVIEWED	
First Reading	Board Review	9/28/2026	

AUTHORITY

In compliance with applicable law and regulations, and Board-approved health and safety plans, the Board shall require that district students submit to health and dental examinations, screenings and health monitoring in order to protect the school community from the spread of communicable disease and to ensure that the student's participation in health, safety and physical education courses meets the student's individual needs and that the learning potential of each student is not lessened by a remediable physical disability.[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)

GUIDELINES

Each student shall receive a comprehensive health examination conducted by the school physician upon original entry, in sixth grade, and in eleventh grade.[\[2\]](#)[\[4\]](#)[\[5\]](#)

Each student shall receive a comprehensive dental examination conducted by the school dentist upon original entry, in third grade, and in seventh grade.[\[3\]](#)[\[4\]](#)[\[5\]](#)

A private health and/or dental examination conducted at the parents'/guardians' request and expense shall be accepted in lieu of the school examination. The district shall accept reports of privately conducted physical and dental examinations completed within one (1) year prior to a student's entry into the grade where an exam is required.[\[5\]](#)

The school nurse or medical technician shall administer to each student vision tests, hearing tests, tuberculosis tests **and** other tests deemed advisable, ~~and height and weight measurements,~~ at intervals established by the district. Height and weight measurements shall be used to calculate the student's weight-for-height ratio.[\[2\]](#)[\[4\]](#)[\[6\]](#)

The school nurse or other health care practitioner shall conduct measurements of height and weight for each student for the purpose of tracking growth patterns. Height and weight measurements will be conducted at intervals established by the district and in a manner that protects student confidentiality. Parents/Guardians have the right to request an exemption from height and weight measurements for their child, and the district must provide notification of the exemption request procedure.[\[2\]](#)[\[25\]](#)

Parents/Guardians of students who are to receive physical and dental examinations or screenings shall be notified. The notice shall include the date and location of the examination or screening and notice that the parents/guardians may attend. The notice shall encourage the parent/guardian to have the examination or screening conducted by the student's private physician or dentist at the parent's/guardian's expense to promote continuity of care. Such statement may also include notification that the student may be exempted from such examination or screening if it is contrary to the parent's/guardian's religious beliefs.[\[7\]](#)[\[8\]](#)[\[9\]](#)

A student who presents a statement signed by the parent/guardian that a health examination is contrary to the student's or parent's/guardian's religious beliefs shall be examined only when the Secretary of Health determines that facts exist indicating that certain conditions would present a substantial menace to the health of others in contact with the student if the student is not examined for those conditions.[\[10\]](#) [\[11\]](#)

Where it appears to school health officials or teachers that a student deviates from normal growth and development, or where school examinations reveal conditions requiring health or dental care, the parent/guardian shall be notified of the apparent need for a special examination by the student's private physician or dentist. The parent/guardian shall report to the school whether a special examination occurred. If the parent/guardian fails to report whether the examination occurred within a reasonable time after being notified of the apparent need and the abnormal condition persists, appropriate school health personnel shall arrange a special health examination for the student.[\[2\]](#)[\[4\]](#)[\[12\]](#)

In the event that the parent/guardian objects to or refuses to obtain a regular or special health or dental examination or refuses to permit the child to be examined as arranged by the school nurse or school physician, the school nurse, in consultation with the school physician, shall determine whether the student appears to have unaddressed health conditions such that under the circumstances the refusal should be reported to the PA Department of Health or other appropriate authorities.

Where school health officials or staff have reasonable cause to suspect that a student may be the victim of child abuse, the school employee shall make a report of suspected child abuse in accordance with law and Board policy.[\[13\]](#) [\[14\]](#)

Health Monitoring

The Board directs district staff to monitor student health in accordance with applicable Board policy and the Board-approved health and safety plan. [\[15\]](#)

A student may request an alternative method of monitoring as a religious accommodation, and designated district staff shall assess and respond to such request in accordance with applicable law, regulations and Board policy. A request for an accommodation that would unreasonably impair safety or cause undue hardship will not be granted. [\[16\]](#)

A student with a health condition that may render a monitoring method ineffective should notify designated staff so that alternative or supplemental methods may be considered. [\[16\]](#) [\[17\]](#)

Students who may be exhibiting symptoms that indicate health concerns shall be referred to the school nurse or designated staff for further assessment and response, in accordance with Board policy. [\[15\]](#)

The district shall maintain for each student a comprehensive health record which includes a record of immunizations and the results of tests, measurements, regularly scheduled examinations and special examinations. [\[2\]](#)

The Board encourages students who believe they or others have been bullied to promptly report such incidents to the building principal or designee.

~~Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The basis for the delay must be documented, and parent/guardian notification shall occur as soon as legally and safely practicable.^[3]^[4]

RE: Invitation to Participate in Pennsylvania's Statewide School Facility Condition Assessment

Dear David Koma,

On behalf of SitelogIQ, I am writing to invite Girard School District to participate in a proposed statewide facility condition assessment initiative focused on identifying the true deferred maintenance costs of Pennsylvania's public-schools.

SitelogIQ is in receipt of state grant funds that allow us to provide a facility condition assessment and one-year of mysiteIQ access to Pennsylvania's public-school districts at no cost to the school district. As part of this proposal the school district does agree to be included in SitelogIQ's Statewide Facility Condition Assessment study and report. This report shall be shared with the key stakeholders, lawmakers and policymakers, as requested by the Senate of Pennsylvania.

This initiative offers a definitive opportunity to establish the most comprehensive baseline of public-school infrastructure needs in Pennsylvania to date. Institutional participation from your district is necessary to ensure the resulting dataset accurately reflects the diverse operational realities of schools across the Commonwealth.

To better understand these challenges and provide decisionmakers, stakeholders, educational leaders, and communities with reliable data, SitelogIQ is undertaking a comprehensive effort to assess the physical condition of public-school facilities across the Commonwealth.

The objective of this initiative is to establish a rigorous, data-driven baseline of public-school infrastructure across the Commonwealth. By aggregating localized facility conditions and capital asset requirements, this project provides a unified statewide perspective to optimize long-term funding allocations and strategic planning decisions.

District participation would occur during the months of September 2026-November 2026 and involve all or some of the following:

- Providing access to facility information and relevant building documentation;
- Coordinating site visits and facility walkthroughs,
- Identifying a district point of contact to assist with assessment activities; and
- Reviewing district-specific findings for accuracy.

Name of Schools to be included	Address of schools to be included
Girard High School	1135 Lake Street, Girard, PA 16417

Participating districts will gain access to their facility condition assessment information through mysiteIQ, providing information regarding the condition of their facilities. Additionally, this will include helping support local planning, budgeting, and long-range capital improvement efforts.

We respectfully request that you notify SitelogIQ in writing no later than October 31, 2026 if you would like to be included in this assessment.

We recognize that some information provided by school districts may be sensitive in nature. Accordingly, SitelogIQ will treat all non-public information as confidential and will not publicly disclose district-specific sensitive details, security-related information, proprietary data, or other materials identified as confidential. Any statewide reporting will focus on aggregated findings, trends, and infrastructure needs unless otherwise authorized by the district.

SitelogIQ brings extensive experience in facility assessments, capital planning, and educational infrastructure analysis. Our team has conducted over 400 individual facility condition assessments statewide and has helped 48 Pennsylvania public school districts develop strategic, data-informed approaches to facility management and investment.

We would welcome the opportunity to discuss this initiative with you and answer any questions regarding the assessment process, anticipated timeline, or district involvement.

SitelogIQ is in receipt of state grant funds that allow us to provide a facility condition assessment and one-year of mysiteIQ access to Pennsylvania's public-school districts at no cost to the school district. As part of this proposal the school district does agree to be included in SitelogIQ's Statewide Facility Condition Assessment study and report. This report shall be shared with the key stakeholders, lawmakers and policymakers, as requested by the Senate of Pennsylvania.

Thank you for your consideration and for your continued commitment to providing safe, healthy, and effective learning environments for Pennsylvania students and educators.

Sincerely,

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (“Agreement”) is by and between the Girard School District (“District”), Girard Federation of Teachers (“Federation”), and Nicole Fries (“Fries”).

The Parties state as follows:

- A. The District and Federation are Parties to a Collective Bargaining Agreement that is effective from July 1, 2026 until June 30, 2029.
- B. Fries is a bargaining unit member of the Federation.
- C. In April of 2026, Fries submitted a request for Family and Medical Leave Act (“FMLA”) leave for child rearing purposes.
- D. The District approved Fries for FMLA leave effective from May 14, 2026 through October 28, 2026 and for unpaid child-rearing leave effective from October 28, 2026 through January 1, 2027.
- E. Due to changes in circumstances, the Parties have agreed to revisit Fries’ leave.
- F. The District acted in good faith when engaging with Fries and the Federation in the requests for Fries’ leave, and no Party is admitting fault.
- G. The Parties acknowledge that this Agreement serves as an opportunity to review FMLA leave procedures.

THEREFORE, intending to be legally bound, the Parties agree as follows:

- 1. The District shall change Fries’ original FMLA leave designation to instead be effective from October 1, 2026 through September 30, 2027, not to exceed 60 days, in accordance with Board Policy 335. This request replaces and nullifies the FMLA request approved at the June 22, 2026 Board of Education meeting.

2. The District shall recalculate Fries' hours worked to determine Fries' FMLA eligibility, taking into account the new FMLA leave start date as well as Fries' time worked during the Summer Academy Professional Development and in the Special Education Liaison Position.

3. The District shall re-code Fries' days absent from May 19, 2026 through June 2, 2026 (half-day) from Sick-FMLA to SICK-FAMILY, totaling eight and a half (8.5) days of paid family sick days.

4. Within thirty (30) days after the execution of this Agreement, the District and Federation shall meet and discuss FMLA procedures.

5. This Agreement and arrangement are specific to this situation for Fries. This Agreement does not set a practice nor precedent, regardless of the similarity of circumstances.

6. This Agreement and any related discussions thereof shall not limit the District's managerial authority.

The parties have executed this Agreement on _____, 2026.

Federal and State Programs

The Federal and State Programs Department is very busy throughout the summer months:

- o The Adult Education team held a GED Graduation for the 2025-26 IU5 class on June 18, 2026, at PennWest University. 36 GEDs were attained this fiscal year, an all-time high for the program. Over 100 were in attendance celebrating this milestone for the graduates.

PA School Districts Face Rising Special Education Costs As Federal Funding Falls Short As school districts across Pennsylvania finalize their budgets, many are facing difficult financial decisions tied to the rising cost of special education services. Educators and school leaders say growing enrollment, increasingly complex student needs, years of federal underfunding and recent cuts to federal special education programs are putting pressure on local budgets and taxpayers.

This week, the U.S. Department of Education announced two new interagency agreements that would move key education offices and functions outside of ED. The first agreement would shift day-to-day management of the Office of Special Education and Rehabilitative Services to the U.S. Department of Health and Human Services.
