Title: Relations With Booster Organizations

Adopted: April 19, 2010

Purpose

For the purpose of this policy, a **booster organization** is a group of parents and/or community members that supports a school curricular, cocurricular or extracurricular activity financially or by other means. Participation is completely voluntary. Booster organizations for the Southern Columbia Area School District are uniquely important to the continuation of excellence in instructional and extracurricular activities for the students of the district. The purpose of booster organizations is to provide positive support to the students, the program and the personnel in a particular area or activity; i.e., music, athletics, parent/teacher organizations, etc. Booster organizations shall comply with district policies, established guidelines and administrative rules and with the review and revision of the guidelines and administrative rules, as charged to the Superintendent. The following shall be implemented by each booster organization.

Authority

The Board agrees that approved booster organizations may provide the following services in conjunction with and subject to the approval of the administration:

1. Provide support to enhance instructional and extracurricular programs within the schools.
2. Arrange various activities to provide positive interaction among staff, parents and students.
3. With their own tax identification number, establish bank accounts that are independent of and separate from school district funds.
4. Expend funds with the approval of their membership and in accordance with their bylaws to supplement district programs and activities.

Guidelines

It is the responsibility of the Superintendent or his/her designee to inform the booster organization of any occasion when the planned booster activity may be in conflict with district practices governing extracurricular activities. If a concern exists regarding whether a proposed practice is in compliance, any person so concerned should bring the concern to the Superintendent.
