RE: College of Lake County IGA for College and Career Navigators

EXECUTIVE SUMMARY

The College of Lake County Intergovernmental Agreement for College and Career Navigators permits College and Career Navigators (CCNs) to provide support and guidance for District 113 students interested in attending the College of Lake County (CLC) after graduation. This support is provided to seven other high school districts in Lake County.

CCNs are responsible for providing college and career transition services to District 113 students. The College of Lake County assigns one non-embedded CCN each to Deerfield and Highland Park High Schools. CCNs visit at least once per month and partner closely with school-based Post-Secondary Counselors. CCN's responsibilities include, but are not limited to, helping students with CLC applications, course selection, placement testing, career exploration, apprenticeship and credentialing programs, reviewing college financial plans, and ensuring a successful transition to CLC.

In addition to clarifying the responsibilities of CCNs, the agreement outlines District 113 and CLC responsibilities. District responsibilities include providing the CCN with appropriate space, equipment, and access to relevant student information to carry out services, consistent with FERPA and the Illinois School Student Records Act.

The College of Lake County remains one of District 113's top college destinations, with 19 DHS seniors and 42 HPHS seniors committing to CLC in 2026. This partnership formalizes and strengthens the support structure that helps make the program successful.

FINANCIAL IMPACT

The financial impact to D113 is minimal. The College of Lake County is responsible for employing the College and Career Navigators. District 113 provides space and equipment to support CCNs in working with District 113 students while onsite.

MEMORANDUM

TO: Township High School District 113 Board of Education

Dr. Chala Holland, Superintendent

FROM: Dr. Kathryn Anderson, Deputy Superintendent / Chief Human Resources Officer

DATE: August 25, 2026

RE: Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer

EXECUTIVE SUMMARY

SB 1519, signed into law in August 2025, requires school districts using School Resource Officers to formalize their arrangements through a Memorandum of Understanding (MOU) agreement and restricts SROs from issuing fines or citations to students for school-based municipal violations. District 113 has proposed updated agreements with both the Village of Deerfield and the City of Highland Park to meet these requirements, with Deerfield approving its agreement on June 15, 2026, and Highland Park on July 10, 2026.

BACKGROUND

On August 20, 2025, Governor Pritzker signed SB 1519 into law. SB 1519 prohibits School Resource Officers (SROs) from issuing monetary fines, fees, tickets, or citations to students as a disciplinary measure for municipal code violations on school grounds during school hours or while taking school transportation. In addition, school districts that utilize SROs are mandated to execute a formalized Memorandum of Understanding (MOU) with their local law enforcement agency.

While District 113 maintains current Intergovernmental Agreement (IGA) contracts with both the Village of Deerfield and the City of Highland Park, the updated IGA revises language to ensure compliance with SB 1519. The IGA combines the necessary elements of an IGA and MOU, as required by law.

The Village of Deerfield approved the Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer on June 15, 2026.

The City of Highland Park approved the Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer July 10, 2026.

RECOMMENDATION

It is recommended that the Board of Education approve the Intergovernmental Agreements as presented, following discussion on Tuesday, August 25, 2026.

WHEREAS, the District and the Village are desirous of entering into this Agreement for the purposes of promoting safety, security, and order for the staff, students, and premises at the District and of establishing a cooperative relationship between the District's and the Village's law enforcement efforts;

NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions contained in this Agreement and other good and valuable consideration, the District and Village agree as follows:

I. COOPERATION AND AUTHORITY

A. General Cooperation

1. The Superintendent of the District will provide the Village Police Chief with a list of administrators (***"School Officials"***) to be contacted as needed. The list will contain regular and emergency telephone and mobile numbers (if applicable), and identify which administrators are to be contacted for various types of problems and the order in which the administrators are to be contacted. The administrators identified shall be considered the "Appropriate School Officials" for purposes of § 1-7(a)(8) of the *Juvenile Court Act*.

2. The Village Police Chief will provide the Superintendent of the District with the names and titles of a primary and at least two back up contacts (***"Police Officials"***) responsible for implementing this Agreement. The officers shall provide their regular and emergency telephone and mobile numbers (if applicable). The Police Officials shall represent the Police Department in the Department's capacity as "juvenile authorities" within the meaning of the federal *Family Educational Rights and Privacy Act* and the *Illinois School Student Records Act* for purposes of reciprocal reporting of student record information.

3. The Superintendent and Police Chief may, as they deem necessary and upon written notice, designate different persons to the respective positions of School Official and Police Official.

4. School Officials and Police Officials will meet to facilitate and review implementation of this Agreement as often as necessary.

5. Nothing in this Agreement is intended to limit or restrict the duty and authority of school personnel to request police services for disturbances or other emergencies occurring in or around any school building, nor is it intended to limit or restrict the duty or ability of any person attending or employed by the District to provide information or otherwise cooperate in law enforcement investigations, including but not limited to providing witness statements and testimony.

5. The Parties seek to implement a partnership that creates effective and positive school student discipline that (a) is part of the District's larger effort to address school safety and climate; (b) includes proactive and restorative methods rather than only punitive; and (c) is clear, consistent, and equitable.

6. Both Parties understand the privacy protections of federal and state law in the disclosure of student records. The District may refuse disclosure requests by Police Officials without a warrant, court order, or other exception enumerated by the *Illinois School Student Records Act*, 105 ILCS 10/1 *et seq.*, and the *Family Educational Rights and Privacy Act*, 20 U.S.C. 1232g.

II. RECIPROCAL REPORTING

Nothing in this Section II.A.1.a shall be interpreted to: (i) require the Village to pursue a criminal investigation or seek charges against a student if the Village determines that such action is not warranted or prudent; or (ii) prevent the District from imposing discipline against a student or providing other behavioral intervention, mental health, and social services to a student if the District deems it appropriate to do so.

b. Upon receipt of a written complaint from any school personnel, School Officials shall report all incidents of battery committed against teachers, teacher personnel, administrative personnel, educational support personnel, or school employees to Police Officials. 105 ILCS 5/10-21.7.

vi. A violation of Section 1-2 of the *Harassing and Obscene Communications Act* (720 ILCS 5/26.5);

vii. A violation of the *Hazing Act* (720 ILCS 5/12C-50); or

viii. A violation of Section 12-1, 12-2, 12-3, 12-3.05, 12-3.1, 12-3.2, 12-3.4, 12-3.5, 12-5, 12-7.3, 12-7.4, 12-7.5, 25-1, or 25-5 of the *Criminal Code* (720 ILCS 5/) (bodily harm and mob action).

b. As provided by Section 1-7(a)(8) of the *Juvenile Court Act*, and except as limited or prohibited by other laws or administrative regulations, Police Officials will share information with School Officials concerning a minor who is the subject of a current police investigation that is directly related to school safety unless Police Officials believe that sharing the information will: (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy. Such information may only be shared orally. An investigation means an official, systemic inquiry by Police Officials into actual or suspected criminal activity.

c. Upon request, as provided by 5 ILCS 140/2.15, Police Officials will share the following arrest and criminal history information with School Officials that relate to a student enrolled in one of the District's schools who is 18 years of age or older, unless Police

Officials determine that disclosure would: (i) create a threat of harm to any person, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy:

i. information that identifies the student, including the name, age, address, and photograph, when and if available;

ii. information detailing any charges relating to the arrest;

iii. the time and location of the arrest;

iv. the name of the investigating or arresting law enforcement agency;

v. if the individual is incarcerated, the amount of any bail or bond; and

vi. if the individual is incarcerated, the time and date that the individual was received into, discharged from, or transferred from the arresting agency's custody.

d. As required by Section 22-20 of the Illinois *School Code*, Police Officials shall report to the District's Principal or designee whenever a student is detained for proceedings under the *Juvenile Court Act* or for any criminal offense or any violation of a municipal or County ordinance. The report shall include the basis for the detention, the circumstances surrounding the detention, and the status of the proceedings. Police Officials shall periodically update the report as significant stages of the proceedings occur and with the disposition of the matter.

e. Nothing in this Section II.A.2 shall be interpreted to: (i) prohibit the Police Officials from sharing additional information with the District; or (ii) allow the Police Officials to withhold from the District any information or records that would otherwise be available to the District pursuant to the Freedom of Information Act or any other statute.

B. Confidentiality and Records

1. Content of Criminal Activity Information. All criminal activity information reported to the Village by the District shall include the names of all involved persons, including District students and minors, except in cases where the name of the victim is protected under the *Rights of Crime Victims and Witnesses Act*, 725 ILCS 120/1, *et seq.*, as amended, or other applicable law or where disclosure of the names of involved persons is prohibited by student records confidentiality or other confidentiality law.

2. Confidentiality of Records and Criminal Activity Information. Any law enforcement and student records subject to disclosure under this Agreement shall not be disclosed or made available in any form to any person or agency other than as set forth in this Agreement or as authorized by law or court order. Police Officials and School Officials shall develop procedures to ensure such nondisclosure of criminal activity information. Such procedures shall be designed to also ensure that any criminal activity information is not available to other employees, or any persons other than as authorized by this Agreement or by law.

3. Non-Educational or School Records.

   a. School Officials shall follow State and federal laws regarding student records.

   b. All reports and records shared by Police Officials with School Officials shall be kept in a secure location and shall not be a public record. Such information shall be kept separate from and shall not become a part of the student's official school record. The information shall be used by School Officials solely to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the schools.

C. No Restriction on Authority. This Agreement shall not act to restrict either Party's authority provided under law to release of information to the other Party made in accordance with applicable law, as may be amended from time to time.

D. Validity of Pre-Existing Reciprocal Reporting Agreement. By entering into this Agreement, the Parties do not disturb the continuing validity of either Party's participation in the countywide agreement entitled Reciprocal Reporting Agreement Between the Sheriff of Lake County and the Chiefs of Police of Lake County and the Boards of Education of the School Districts of Lake County, executed by the various parties over a period of several years, with most signatures added from 1999-2001

(***"Prior Agreement"***). However, this Agreement controls and supersedes, in its entirety, the Prior Agreement as it relates to the relationship between the Parties.

III. VILLAGE ACCESS TO IMAGES FROM DISTRICT DIGITAL CAMERAS

A. Provision of Access to Digital Camera System. The District shall provide the Village Police Department with the necessary login information in order to enable the Village Police Department to view real time video and recorded video created by District digital cameras. This Section III applies to District cameras in the Deerfield High School building, and does not apply to any cameras in other buildings or on school buses.

B. Limited Viewing

1. Authorized Viewers and Designated Devices. Individuals authorized to view images created by the District digital cameras shall be limited to the following individuals (collectively, ***"Authorized Viewers"***):

   i. The Village Police Chief;

   ii. Village Police Department employees authorized by the Chief or, in the absence of the Chief, the Chief's designee; and

   iii. The Village's IT employees and IT contractors authorized by the Chief, or in the absence of the Chief, the Chief's designee

2. The Authorized Viewers may log in to the District's camera software only from designated Village computers or other electronic devices meeting District's technical specifications and approved by the District. The IP address of each Village device approved by the District shall be registered in advance with the District's Chief Information Officer. The Village shall test the login from all designated devices on a quarterly basis.

C. Access to Live Feed and Recorded Video

The Village shall not permit any individual, including Authorized Viewers, to view real time video (live feed) from the District digital camera system or recorded videos maintained on the District's digital camera system on a routine basis. Authorized Viewers shall be permitted to view real time video streamed or recorded video stored on the District's digital camera system only when:

1. An emergency call (e.g. 911 or otherwise) is made from or regarding the Deerfield High School;

2. Necessary or prudent, as determined by the Village, for the Village Police Department to deter or protect against an imminent and substantial threat

that is likely to result in significant bodily harm or damage to District property;

3. Requested by the Superintendent of the District or Principal of the School;

4. Necessary or prudent for purposes of training for response to emergencies in the District buildings, with: (i) for the access of live video, advance notice of the date, time, and purpose to the School Principal or designee and consent in advance by the Principal; or (ii) for access to recorded video, consent in advance by the Principal in compliance with applicable laws; or

5. For investigative or other purposes, with consent in advance by the Principal in compliance with applicable laws.

D. **Limited Download and Retention.** The Village shall not download or record in any manner any footage or images from the District's digital camera system unless either the downloading or recording is done by the Village as part of an active or reasonably contemplated law enforcement investigation, is authorized by a court, or the Village receives permission from the District.

E. **Freedom of Information Act.** If the Village receives a Freedom of Information Act request for any footage or images downloaded by the Village from the District's digital camera system, the Village shall immediately notify the District and work in good faith with the District before responding to the Freedom of Information Act request.

F. **School Student Records**

1. The images created on the District's digital cameras are created for security purposes and are therefore not school student records as defined by Section 2 of the Illinois School Student Records Act, 105 ILCS 10/2, and Section 375.10 of Title 23 of the Illinois Administrative Regulations, 23 ILADC 375.10, and as interpreted by the U.S. Department of Education under the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g. Such images may, however, become school student records, such as if subsequently used by the District in a student disciplinary matter or for other official purposes.

2. The District shall notify the Village Police Chief of any recordings that become school student records. The Village shall, if requested by the District and permitted by law, erase any images that the Village has retained that have become school student records, unless such images are part of an active or reasonably contemplated police investigation into actual or suspected criminal activity.

3. Any images that the Village maintains that have become school student

records must be kept strictly confidential and only disclosed:

a. With prior approval of the Superintendent of the District or the Superintendent's designee;

b. In the case of an emergency as defined in Section 375.60 of Title 23 of the Illinois Administrative Regulations, 23 ILADC 375.60; or

c. In good faith consultation with the Superintendent of the District or the Superintendent's designee and in accordance with the *Illinois School Student Records Act*. 105 ILCS 10/6.

IV. THE SCHOOL RESOURCE OFFICER PROGRAM

A. Selection of the School Resource Officer

The District, through the Superintendent or designee, and the Village, through the Police Chief or his designee (***"Supervisor"***), will work collaboratively to select the SRO. The Village will not apply for a waiver of the school resource officer training requirement under the *School Code* without first providing notice to the Superintendent of the District; and if the Village applies for a waiver of the school resource officer training requirement, the Village will promptly enroll the officer in a school resource officer training course to obtain the training as soon as practicable;

4. Training on working with students with disabilities to ensure appropriate and effective interactions that support their educational and behavioral needs;

5. Willingness to serve as the SRO for at least four years;

6. Effective oral and written communication skills;

7. Ability to resolve conflict efficiently and effectively;

8. Excellent problem-solving skills;

9. Sound judgment and decision-making skills;

10. A calm and professional demeanor;

11. Flexible mindset with the ability to interact effectively with school administration, parents and students;

12. Self-reliance with the ability to work productively with minimal supervision;

13. Dedication to enhancing a positive relationship between youth, parents, community, police department and school staff;

14. Positive role model; and

15. Integrity and professionalism.

In addition, the Village recognizes that the District has a preference for an SRO that has previous experience serving as an SRO and at least five years of full-time experience as a police officer, and the Village will take this preference into consideration when considering who to appoint as the SRO.

The Village will include the District in the SRO candidate interview process and otherwise consult with the District in the SRO selection process. The Village shall assign the SRO only after receiving input and a recommendation from the Superintendent or the Superintendent's designee. The Village will give due consideration to, and make reasonable efforts to accommodate, the District's recommendations for SRO selection. Provided that this process set forth herein is followed, the District acknowledges and agrees that the Village shall have the sole and absolute discretion to make the final selection and appointment of the SRO.

B. **Relationship.** The SRO shall remain an employee of the Village and will at all times abide by all personnel rules of the Village and any applicable Collective Bargaining Agreement. As an employee of the Village and not the District, the SRO shall not be entitled to any benefits that the District provides to its employees. The Village shall be fully responsible to the SRO for the payment of all employee compensation and benefit obligations, subject to reimbursement from the District in accordance with Section IV.H of this Agreement.

C. **Supervision.** As an employee of the Village, the SRO shall be subject to the chain of command of the Police Department. When serving in the role of SRO, he/she shall

coordinate and communicate with the Superintendent or the Superintendent's designee regarding daily activities. In the event the SRO fails to abide by the terms of this Agreement or perform the duties outlined in Exhibit A, the Superintendent or designee shall notify the Supervisor of the specific problems. If the SRO fails to remedy the problems within 15 days of the date of notification, the Superintendent or designee may request a new SRO and the Superintendent or his or her designee and the Supervisor will work cooperatively to resolve the problem, which may include appointing a new SRO at the discretion of the Village.

D. **Scope of Duties.** The scope of the SRO's duties and responsibilities is set out in Exhibit A, which may be changed or redefined at any time when agreed upon in writing by both the Supervisor and the Superintendent or designee. The SRO shall not issue a fine, fee, ticket, or citation to a student as a school-based disciplinary consequence or for a municipal code violation on school property during school hours, during school-related events or activities, or while taking school transportation.

E. **Schedule.** The SRO shall be assigned to the District and on duty:

1. Every school day throughout each regular school year, commencing prior to the start of the first class period and ending after the last class period, unless: (i) the District informs the Village that the SRO is not needed during those times; (ii) as directed by the Village in an emergency; (iii) the SRO has training, provided that the times of absence are preapproved by the District; or (iv) as otherwise agreed to by the District and Village; and

2. During approximately 20 special events per school year, upon the prior mutual agreement of the Village and the District, which special events may include, without limitation, extracurricular events and school dances. Attendance at special events shall paid by the District in accordance with Section IV.H of this Agreement

F. **Summer Duty.** If requested by the District and agreed upon by the Village, the Village shall provide a police officer to serve as an SRO during summer events. If an SRO serves during summer events, the District shall pay to the Village for the hours worked by the SRO at an hourly rate to be agreed upon by the parties. The Parties agree that the officer who works during summer may be different from the officer who is assigned to work as the SRO during the regular school year.

G. **Data Collection and Reporting.** The parties agree that by no later than July 1, 2027, the parties shall reach agreement on procedures to document the number of K-12 students referred to the Police Department, including the SRO, wherein there will be documentation the number of total students referred, as well as documentation of the number of times each individual student was referred in instances that

occurred on school grounds, during school-related events or activities (regardless of whether it was in-person or virtual), or while taking school transportation.

H. **Evaluation of the Program.** Each year, the Superintendent or designee and Supervisor shall set goals for the program and agree on methods to monitor progress toward the established goals (e.g. data, surveys). At least once each year, the Superintendent or designee and Supervisor will meet to evaluate the Program with respect to the goals and may revise Exhibit A to address the goals.

I. **Cost.**

1. Amount. The District shall pay to the Village 75 percent of the total salary and costs for all benefits paid by the Village to the SRO or incurred by the Village as a result of employing the SRO, including, without limitation, healthcare and pension benefits, costs for any overtime duty that is the direct result of the SRO services rendered to the District, costs related to any *Public Safety Employee Benefits Act* benefits, or any other costs for the SRO while the SRO may be out on medical or other type of approved or required leave. The District acknowledges that the total wages and benefits paid to the SRO will be determined by the Village and subject to an annual cost-of-living adjustment and other increases in each calendar year, in an amount to be determined by the Village. The Village will provide advance notice to the District of any known annual increases in costs under this paragraph.

2. Training Costs. Upon the prior written approval of the District, which approval may not be unreasonably withheld, the District shall pay to the Village one-half of the costs incurred by the Village for training programs for the SRO in matters directly related to the SRO's duties at the District, provided that, at minimum, SRO has taken, or is enrolled in, the training programs necessary to meet the requirements for SRO training provided in the Illinois *School Code*, consistent with the recommendations issued by the Illinois Law Enforcement Training and Standards Board. Failure to enroll the SRO in an approved training program shall result in the Village forfeiting its right to the District's agreement to pay one-half of the costs incurred by the Village for training programs for the SRO, as detailed in this section IV.H.2. The Parties agree that the SRO will complete implicit bias training courses relevant to the SRO's duties, as approved by the District, with the costs to be shared equally by the Parties.

3. Invoices. The Village shall issue to the District monthly (12) invoices for the salary and benefits earned by the SRO, and the District agrees to pay each invoice in accordance with the *Local Government Prompt Payment Act*, 50 ILCS 505/1 *et seq.*

4. Grants. The District shall work cooperatively with the Village to pursue any grant funding that may be available to mitigate the costs of providing an SRO to the District pursuant to this Agreement.

5. Uniforms. The Village shall issue to the SRO polo shirts or other casual apparel, which the SRO may wear instead of their regular uniform as determined by the Village.

J. Student Records.

1. For purposes of the *Illinois School Student Records Act*, 105 ILCS 10/, and the *Family Educational Rights and Privacy Act of 1974*, 20 U.S.C. 1232(g), the SRO shall be considered a school official of the District. As such, the SRO shall have access to student records only as determined by the District to be necessary for the fulfillment of his/her duties as prescribed in this Agreement. The SRO shall keep all student records confidential except if disclosure is required by law. The SRO shall disclose student records only in circumstances and in a manner authorized by State and federal law. The parameters of SRO access to student records are further detailed in Exhibit B to this Agreement, attached hereto and incorporated herein.

2. Consistent with Section 10/2(d) of the *Illinois School Student Records Act*, reports of the SRO shall be deemed the reports of a law enforcement professional and shall not be considered a student record. 105 ILCS 10/2(d). For purposes of the *Family Educational Rights and Privacy Act of 1974*, 20 U.S.C. 1232(g), the SRO designated to work with the District pursuant to this Agreement shall be considered a law enforcement unit of the school such that the records created and maintained by SRO for the purpose of law enforcement shall not be considered educational records.

K. Body Worn Cameras.

1. All parties agree that any use of body worn cameras ("BWCs") on District Property must be subject to and in compliance with federal, state and local regulations.

2. The Village shall use its best efforts to notify the District at least two months before the SRO begins use of BWCs and provide a copy of the Village policy on use of BWCs required by statute, and the Village shall provide written information and training to the District and its administration regarding the same. The training shall include the objectives and procedures for the use of BWCs in public and in schools. The SRO shall be trained in the operation of the equipment prior to its use.

3. To maximize the effectiveness of the BWC and the integrity of the video documentation, the SRO shall adhere to the objectives and procedures outlined in this Agreement and the Village's written policy regarding the use of BWCs adopted in accordance with *Law Enforcement Officer-Worn Body Camera Act* (50 ILCS 701/10- 1 *et seq.*). The responsibilities of the SRO in the schools consist largely of the performance of non-enforcement related activities, including community caretaking, educational, and other non-law enforcement activities contemplated. As such, the SRO's BWC will normally remain in an inactivated (buffering) mode unless the SRO is responding to calls for service or engaged in any law enforcement-related encounter or activity.

4. The Village may, in its discretion, and if not otherwise prohibited by law, provide to the District copies of any such filming of students, parents, employees or others upon school property, upon request for such copies by the District, as a law enforcement record. In the event that the Village receives advice that providing a copy of such videos is prohibited, the Village agrees to utilize reasonable efforts to facilitate the availability of its officer(s) that made the video to testify, upon request by the District, in any school disciplinary hearing concerning his/her/their knowledge of the facts and circumstances of the videoed incident. Any such film or video taken by and kept in the possession of the SRO or the Village may be considered law enforcement records under the *Family Educational Rights and Privacy Act* (20 U.S.C. §1232g and 34 C.F.R. §99.8) and *Illinois School Student Records Act* (105 ILCS 10/2(d)). Any copy of such film or video, if permitted by law to be provided to the District, may become an educational record of the District.

K. Substitute SRO Services.

If the SRO is not able to report to duty at the School on a given day, the Village will make best efforts to provide a substitute law enforcement officer. If a substitute officer cannot be provided, the Village will make best efforts to have an officer check in with the Principal's Office, walk through the building, and drive through the parking lot. Both parties agree that, in the event the SRO is out on family or medical leave for any reason, the Village will assess availability and will use reasonable efforts to provide an interim SRO until the assigned SRO can return from leave, provided that the provision of an interim-SRO does not interfere with police operations or put additional strain on the Village's staffing levels. Further, both parties agree that, in such circumstances, the parties will coordinate and discuss additional options for ensuring SRO services are provided, to the extent possible, until the assigned SRO can return from leave. If possible, the substitute and interim officers will have SRO or juvenile officer training and experience. The District will reduce the scope of the SRO duties for substitute and interim officers to focus primarily on safety and security issues. The Parties may agree to increase the consistency or level of support to be provided by the Village during absences of the

SRO, such as by designating or providing additional officers, and will amend this Agreement pursuant to Section V.G to effectuate such agreement as appropriate.

L. Storage of Firearms on School Property

The SRO may store firearms on District property when unattended by the SRO or not within the SRO's vehicle. Such storage shall comply with the protocols attached to this Agreement as Exhibit C.

V. OTHER TERMS AND CONDITIONS

A. Complete Agreement. This Agreement sets forth all the covenants, conditions, and promises between the Parties. There are no covenants, promises, agreements, conditions or understandings between the Parties, either oral or written, other than those contained in this Agreement.

B. **Relationship of the Parties.** Nothing in this Agreement shall be construed to consider any party, or its respective employees or agents, as the agents or employees of the other party. Nothing contained in or done pursuant to this Agreement shall be construed as creating a partnership, agency, joint employer, or joint venture relationship between the Village and the District. No party shall become bound, with respect to third parties, by any representation, act, or omission of the other party. This Agreement is for the benefit of the Parties only and is not intended to raise or acknowledge any duty regarding conduct or other form of liability as to third parties.

C. **Indemnification.**

1. To the fullest extent permitted by law, the District agrees to indemnify and hold harmless the Village, its officers, officials, agents, volunteers, employees, and their successors and assigns, in their individual and official capacities (the ***"Village Indemnified Parties"***) from and against any and all liabilities, loss, claim, demand, lien, damage, penalty, fine, interest, cost and expense, including without limitation, reasonable attorneys' fees and litigation costs, incurred by the Village Indemnified Parties arising out of any activity of the District in performance of this Agreement, or any act or omission of the District or of any employee, agent, contractor, or volunteer of the District (the "School Indemnitors"), but only to the extent caused in whole or in part by any negligent act or omission of the School Indemnitors.

2. To the fullest extent permitted by law, the Village agrees to indemnify and hold harmless the District, its Board and its members, employees, volunteers, agents, their successors, and assigns, in their individual and official capacities (the ***"School Indemnified Parties"***) from and against any and all liabilities, loss, claim (including employment claims), demand, lien, damage, penalty,

fine, interest, cost and expense, including without limitation, reasonable attorneys' fees and litigation costs, incurred by the School Indemnified Parties arising out of any activity of the Village or the SRO in performance of this Agreement, or any act or omission of the Village or of any employee (including, but not limited to the SRO), agent, contractor or volunteer of the Village (the ***"Village Indemnitors"***), but only to the extent caused in whole or in part by any negligent act or omission of the Village Indemnitors.

3. Nothing contained in Section V.C or in any other provision of this Agreement is intended to constitute nor shall it constitute a waiver of the defenses available to the District or the Village under the *Illinois Local Governmental and Governmental Employees Tort Immunity Act*.

D. **Insurance.** Each Party shall keep in full force at all times during the term of this Agreement, Commercial General Liability Insurance, on an occurrence basis, with limits of not less than $3,000,000.00 per occurrence and in the aggregate. Within seven days of the last Party's execution of this Agreement, each Party shall furnish to the other a certificate of insurance evidencing the insurance obligations under this Agreement. Each Party may satisfy the insurance obligations under this Section V.D. by utilizing excess or umbrella insurance. Each party shall name the other Party's Indemnitors (defined in Section V.C.) as additional insured on all insurance required hereunder. To the fullest extent permitted by each insurance policy and without invalidating any coverage thereunder, the Parties waive any right of subrogation that they or any of their agents may have against the other Party's Indemnitors.

E. **Term and Renewal.** This Agreement shall take effect upon the execution of this Agreement and shall be in full force and effect for a period of one year thereafter. This Agreement shall automatically renew for successive one-year periods unless terminated as provided below. Commencing in Spring 2025, every two years the Parties shall meet and discuss their relationship under this Agreement.

F. **Termination.** This Agreement may be terminated by the Village at any time upon 60 days advance written notice to the District. This Agreement may be terminated by the District at any time upon six months advanced written notice to the Village. Section III (Village Access to Images From District Digital Cameras) of this Agreement may be terminated at any time upon 30 days advance written notice by either party without terminating the other Sections of this Agreement. Sections IV.H and V.C shall survive termination of this Agreement. In the event this Agreement is terminated by either party, the District shall be reimbursed for any excess payments made pursuant to Section IV.H. of this Agreement provided that the District is not in breach of this Agreement.

G. **Amendments and Modifications.** This Agreement may be modified or amended

from time to time provided, however, that no such amendment or modification shall be effective unless reduced to writing and duly signed by an authorized representative of each Party.

H. **Provisions Severable**. If any term, covenant, condition, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

I. **Assignment.** Neither party hereto may assign its respective rights or duties hereunder.

J. **Waiver of Breach.** If either party waives a breach of any provision of this Agreement by the other party, that waiver will not operate or be construed as a waiver of any subsequent breach by either party, nor shall it prevent either party from enforcing such provisions.

M. **Effective Date.** This Agreement shall be deemed dated and become effective on the date the last of the Parties signs as set forth below the signature of their duly authorized representatives.

IN WITNESS WHEREOF, the Parties hereto have executed this agreement by their property officers duly authorized to execute the same.

EXHIBIT A

SCHOOL RESOURCE OFFICER JOB DESCRIPTION TOWNSHIP HIGH SCHOOL DISTRICT 113

The goal of a School Resource Officer (SRO) is to strengthen the Police Department's bond with the District through the daily interaction with the students and school staff. The school setting provides an environment that can offer preventative programs to assist youth in making good decisions while also deterring involvement in criminal conduct, drug and alcohol use and gang-like behavior. The SRO, in conjunction with school staff, can mentor youth and steer them towards more positive choices. The intent of the SRO Program is to establish positive working relationships between the police, school administration, social service agencies, parents, teachers, students and the community, in order to maintain a safe and stable environment. The SRO must measure his/her safe response while carefully taking into consideration the best interests of the students and school.

The objectives of the SRO are:

1. To foster a more personal relationship between law enforcement and students with the goal of promoting a greater respect for the law.

2. To function as a resource to the school for students, staff and administration in legal matters and social issues.

3. To assist in the preparation of educational programs concerning social problems and violations of the law.

4. To assist in the protection of the school community from illegal activity both inside and outside of the school.

5. To assist school officials in the prevention of and effective response to criminal offenses.

The primary duties and responsibilities include, but are not limited to:

1. The SRO shall be assigned to District buildings by the District with input from the Village.

2. The SRO shall, whenever possible and in accordance with guidance from the District, participate in or attend school functions during the SRO's regular duty hours in order to assure the peaceful operation of school-related programs.

3. When requested, assistance with conducting inspections and searches of lockers, desks, parking lots and other school property and equipment owned or controlled by the District for illegal drugs, weapons or other illegal or dangerous substances or materials, including searches conducted using specially trained dogs. If a search produces evidence that the

student has violated or is violating the law such evidence may be seized by school authorities and/or turned over to law enforcement authorities, and disciplinary action may be taken. 105 ILCS 5/10-22.6 and 10-22.10a.

4. The SRO shall attend suspension review and/or expulsion hearings upon the request of District officials or the Superintendent. The SRO shall be prepared to provide testimony on any actions that were taken by the SRO and any personally observed conduct witnessed as permitted by law.

5. The SRO shall conduct himself or herself as a role model at all times and in all facets of the job; shall seek to establish a strong rapport with staff, faculty, students, parents and other members of the school community; and shall encourage students to develop positive attitudes toward the school, education, law enforcement officers and good citizenship in general.

6. Cooperation with the parent-teacher advisory committee to develop policy guideline procedures that establish and maintain a reciprocal reporting system between the District applicable local law enforcement agencies regarding criminal offenses committed by students. 105 ILCS 5/10-20.14 and see Board Policy 2:150, *Committees.*

7. Promoting a positive relationship and enhance communications among police officials, students, faculty and staff.

8. Assisting the school administration in the reporting and resolution of criminal behavior on school grounds or at school sponsored events. Special attention will be given to incidents involving violence, gang-like behavior, drugs and alcohol or other school safety issues.

ACCESS TO RECORDS

A. **District Records.** The Parties acknowledge and agree that the SRO may have access to District records as follows:

1) The SRO may have access to "directory information" of students as needed to perform duties.

2) In addition to as provided in this Agreement, the SRO may have access to live feed of security cameras in the District pursuant to authorization of the Superintendent or Principal. To the extent camera footage constitutes a student record as defined by the School Code, recorded camera footage will be treated as student record information pursuant to Paragraph A.3 below.

The SRO may receive personally identifiable information ("PII") from the District as a "school official" performing SRO duties under this Agreement when the SRO has a direct and legitimate educational interest in the student. A "legitimate educational interest" shall include promoting school safety and physical security of the students. The PII must remain under the direct control of the District, and the SRO may use information obtained as a school official only for the purposes for which it is obtained, and will not disclose such information to third parties, including other employees of the Police Department who are not acting as school officials, unless consent of the parent (or student age 18 or older or has otherwise succeeded to their rights under ISSRA) is obtained or an exception to the statutory consent rule applies.

SUBJECT: Request for Board Action – Resolution Approving an Agreement with School District 113 Regarding School Resource Officer and Reciprocal Reporting

On Monday, June 15, 2026, at the regularly scheduled meeting of the Mayor and Board of Trustees, the Police Department will seek the approval of a Resolution Approving an Agreement with District No. 113 for Reciprocal Reporting and a School Resource Officer.

BACKGROUND

In 2023, the Village entered into an intergovernmental agreement with the Board of Education of Township High School District No. 113 ("School District") regarding reciprocal reporting, digital image access, and a School Resource Officer (SRO). This agreement is critical to both the Village and the School District, as both organizations seek to promote the safety and security of the students, staff, and visitors who attend Deerfield High School. Since the Village and the School District entered into the prior agreement, the Illinois General Assembly adopted Public Act 104-0430. This legislation amended various provisions of the School Code and requires the Village and the School District to enter into an updated agreement to address the role of the School Resource Officer and the authority of the Village to issue citations to students.

The proposed updated agreement meets new requirements stipulating that the SRO will not be called upon by the school district to issue local ordinance citations for school disciplinary manners, and that the SRO will not issue students local ordinance citations on school grounds during school hours or while students are taking school transportation. The updated agreement also provides for new training requirements for the SRO that are mandated by the new legislation. These updates are consistent with the current practices of the Police Department. A copy of the new agreement is included with updates to the duties and responsibilities of the SRO. Exhibit C to the Agreement has not been included in the public packet because it contains confidential security protocols.

RECOMMENDATION

The Police Department recommends the Mayor and the Board approve a Resolution Approving an Agreement with District No. 113 for Reciprocal Reporting and a School Resource Officer.

NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions contained in this Agreement and other good and valuable consideration, the District and City agree as follows:

I. **COOPERATION AND AUTHORITY**

A General Cooperation

1. At least a week before the first day of student attendance of a school year, the Superintendent of the District will provide the City Police Chief with a list of administrators *("School Officials")* to be contacted as needed. The list will contain regular and emergency telephone and mobile numbers (if applicable), and identify which administrators are to be contacted for various types of problems and the order in which the administrators are to be contacted. The administrators identified shall be considered the "Appropriate School Officials" for purposes of § 1-7(a)(8) of the *Juvenile Court Act.*

2. At least a week before the first day of student attendance of a school year, the City Police Chief will provide the Superintendent of the District with the names and titles of a primary and at least two back up contacts *("Police Officials")* responsible for implementing this Agreement. The officers shall provide their regular and emergency telephone and mobile numbers (if applicable). The Police Officials shall represent the Police Department in the Department's capacity as "juvenile authorities" within the meaning of the federal *Family Educational Rights and Privacy Act* and the *Illinois School Student Records Act* for purposes of reciprocal reporting of student record information.

3. The Superintendent and Police Chief may, as they deem necessary and upon written notice, designate different persons to the respective positions of School Official and Police Official.

4. School Officials and Police Officials will meet to facilitate and review implementation of this Agreement as often as necessary.

5. Nothing in this Agreement is intended to limit or restrict the duty and authority of school personnel to request police services for disturbances or other emergencies occurring in or around any school building, nor is it intended to limit or restrict the duty or ability of any person attending or employed by the District to provide information or otherwise cooperate in law enforcement investigations, including but not limited to providing witness statements and testimony.

B. District Authority Over the Educational Environment

1. Collaboration between the District and the City and respect for the important role each party plays in connection with our community's youth are essential

to the success of the mission of both Parties.

2. The City recognizes the responsibility and authority of District Officials to manage the educational environment.

3. Both Parties recognize that, as an owner of Highland Park High School and its other properties, the District has authority in its sole discretion, and without consulting or seeking the approval of the City or the SRO, to lockdown District property and to send students home from school if it determines that there is a security risk.

4 Notwithstanding anything to the contrary contained in the Agreement, the Parties acknowledge and agree the City and the SRO are not security consultants for the District, and nothing in the Agreement shall be interpreted as: (i) transferring authority or responsibility to the City or SRO to manage or provide consultation services to the District related to school security; or (ii) alleviating the District of its responsibilities to manage its own security and seek professional support when prudent or deemed necessary by the District to manage its own security; provided that the District may seek the opinion of the SRO for consultation with the understanding that any final decisions by the District regarding security actions are the District's alone.

5. Both Parties recognize that disciplining students for violations of the Student Code of Conduct is appropriate for District Officials to manage.

6. The District recognizes that discretion regarding whether to investigate or charge a student or other individual with an ordinance, criminal, or traffic violation lies with Police Officials.

7. The Parties seek to implement a partnership that creates effective and positive school student discipline that (a) is part of the District's larger effort to address school safety and climate; (b) includes proactive and restorative methods rather than only punitive; and (c) is clear, consistent, and equitable.

8. Both Parties understand the privacy protections of federal and state law in the disclosure of student records. The District may refuse disclosure requests by Police Officials without a warrant, court order, or other exception enumerated by the *Illinois School Student Records Act,* 105 ILCS 10/1 *et seq.*, and the *Family Educational Rights and Privacy Act,* 20 U.S.C. 1232g.

The Parties further recognize that the District may share with Police Officials other information related to students determined by the District to otherwise be appropriate and lawful for sharing to support pre-adjudicatory intervention with a student by the City. Nothing in

this Section 11.A.I.a shall be interpreted to: (i) require the City to pursue a criminal investigation or seek charges against a student if the City determines that such action is not warranted or prudent; or (ii) prevent the District from imposing discipline against a student or providing other behavioral intervention, mental health, and social services to a student if the District deems it appropriate to do so.

b. Upon receipt of a written complaint from any school personnel, School Officials shall report all incidents of battery committed against teachers, teacher personnel, administrative personnel, educational support personnel, or school employees to Police Officials. 105 ILCS 5/10-21.7.

d. School Officials will immediately report to Police Officials any time a report is made of a verified incident involving drugs, not including cannabis or alcohol, in the school or on school owned or leased property, including any conveyance owned, leased, or used by the school for the transport of students or school personnel. 105 ILCS 5/10-27.IB. School Officials will report to Police Officials within a reasonable timeframe any time a report is made of a verified incident involving cannabis or alcohol.

e. Where violence or other activity poses an imminent threat to the safety of students or any other person, the information will be shared immediately. Where there is violent activity that does not pose an imminent threat to the safety of students, the information will be shared within a reasonable timeframe after the information becomes known to School Officials.

f. Information shared under Section 11.A.1.a above may be communicated orally and may also include the disclosure of student records in accordance with Section 10/6(a)(6.5) of the *Illinois School Student Records Act*. All information disclosed and communications made under this Agreement are therefore to remain confidential and will not be disclosed to any other party, except as provided by law or court order. Section 10/6(a)(6.5) of the *Illinois School Student Records Act* provides that the District may release school student records or information to juvenile authorities when necessary for the discharge of their official duties upon a request for information prior to

adjudication of the student and if certified in writing that the information will not be disclosed to any other party except as provided under law or order of court. "Juvenile authorities" include probation officers, law enforcement officers and prosecutors, and others as defined in Section 10/6(a)(6.5) of the *Illinois School Records Act.*

2. *By Police Officials to School Officials*

a As provided by Section 1-7(a)(8) of the *Juvenile Court Act,* and except as limited or prohibited by any laws or administrative regulations, Police Officials will share law enforcement records with School Officials that relate to the following offenses or suspected offenses (as this list may be revised pursuant to subsequent legislative amendment to the Juvenile Court Act) with respect to a minor enrolled in one of the District's schools who has been taken into custody or arrested when Police Officials believe that there is an imminent threat of physical harm to students, school personnel, or others will not (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, as determined by the City, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy:

i. Any violation of Article 24 of the *Criminal Code* (720 ILCS 5/24 *et seq.)* (weapons);

ii. A violation of the *Illinois Controlled Substances Act* (720 ILCS 570/100, *et seq.);*

iii. A violation of the *Cannabis Control Act* (720 ILCS 550/1, *et* seq.);

b As provided by Section 1-7(a)(8) of the *Juvenile Court Act,* and except as limited or prohibited by other laws or administrative regulations, Police Officials will share information with School Officials concerning a minor who is the subject of a current police investigation that is directly related to school safety unless Police Officials reasonably believe that sharing the information will: (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; or (vi) cause an unnecessary invasion of a person's privacy; provided that if there are precautions that can be taken to substantially mitigate the risks set forth in items (i)-(vi) and sharing the information would enable School Officials to make critical decisions regarding student safety and whether or not to dose the school due to safety concerns, Police Officials shall share such information. Such information may only be shared orally. An investigation means an official, systemic inquiry by Police Officials into actual or suspected criminal activity.

c. Upon request, as provided by 5 ILCS 140/2.15, Police Officials will share the following arrest and criminal history information with School Officials that relate to a student enrolled in one of the District's schools who is 18 years of age or older, unless Police Officials determine that disclosure would: (i) create a threat of harm to any person, (ii} jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; or (vi) cause an unnecessary invasion of a person's privacy; provided that if there are precautions that can be taken to substantially mitigate the risks set forth in items

(i)-(vi) and sharing the information would enable School Officials to make critical decisions regarding student safety and whether or not to close the school due to safety concerns, Police Officials shall share such information:

i. information that identifies the student, including the name, age, address, and photograph, when and if available;

ii. information detailing any charges relating to the arrest;

iii. the time and location of the arrest;

iv. the name of the investigating or arresting law enforcement agency;

v. if the individual is incarcerated, the amount of any bail or bond; and

vi. if the individual is incarcerated, the time and date that the individual was received into, discharged from, or transferred from the arresting agency's custody.

d. As required by Section 22-20 of the Illinois *School Code*, Police Officials shall report to the District's Principal or designee whenever a student is detained for proceedings under the *Juvenile Court Act* or for any criminal offense or any violation of a municipal or County ordinance. The report shall include the basis for the detention, the circumstances surrounding the detention, and the status of the proceedings. Police Officials shall periodically update the report as significant stages of the proceedings occur and with the disposition of the matter.

e. Nothing in this Section 11.A.2 shall be interpreted to: (i) prohibit Police Officials from sharing additional information with the District; or (ii) allow the Police Officials to withhold from the District any information or records that would otherwise be available to the District pursuant to the Freedom of Information Act or any other statute.

B. Confidentiality and Records

1. Content of Criminal Activity Information. All criminal activity information reported to the City by the District shall include the names of all involved persons, including District students and minors, except in cases where the

2. Confidentiality of Records and Criminal Activity Information. Any law enforcement and student records subject to disclosure under this Agreement shall not be disclosed or made available in any form to any person or agency other than as set forth in this Agreement or as authorized by law or court order. Police Officials and School Officials shall develop procedures to ensure such nondisclosure of criminal activity information. Such procedures shall be designed to also ensure that any criminal activity information is not available to other employees, or any persons other than as authorized by this Agreement or by law.

3 Non-Educational or School Records.

a School Officials shall follow State and federal laws regarding student records.

b All reports and records shared by Police Officials with School Officials shall be kept in a secure location and shall not be a public record. Such information shall be kept separate from and shall not become a part of the student's official school record. The information shall be used by School Officials solely to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the schools.

C. **No Restriction on Authority**. This Agreement shall restrict either Party's authority provided under law to release information to the other Party made in accordance with applicable law, as may be amended from time to time.

D. **Validity of Pre-Existing Reciprocal Reporting Agreement**. This Agreement does not invalidate either Party's participation in the countywide agreement entitled Reciprocal Reporting Agreement Between the Sheriff of lake County and the Chiefs of Police of lake County and the Boards of Education of the School Districts of lake County, executed by the various parties over a period of several years, with most signatures added from 1999-2001 *("Prior Agreement")* attached to this Agreement as Exhibit D. This Agreement, however, controls and supersedes, in its entirety, the Prior Agreement as it relates to the relationship between the Parties.

III CITY ACCESS TO IMAGES FROM DISTRICT DIGITAL CAMERAS

A. **Provision of Access to Digital Camera System**. The District shall provide the City Police Department with the necessary login information to enable the City Police Department to view real time video and recorded video created by District digital cameras. C. Access to live Feed and Recorded Video

The City shall not permit any individual, including Authorized Viewers, to view real time video (live feed) from the District digital camera system or recorded videos maintained on the District's digital camera system on a routine basis. If the City receives a Freedom of Information Act request for any footage or images downloaded by the City from the District's digital camera system, the City shall immediately notify the District and work in good faith with the District before responding to the Freedom of Information Act request.

F. School Student Records

When serving in the role of SRO, the SRO shall coordinate and communicate with the Superintendent or the Superintendent's designee regarding daily activities. If the SRO fails to abide by the terms of this Agreement or perform the duties outlined in Exhibit A, the Superintendent or designee shall notify the Supervisor of the specific problems. If the SRO fails to remedy the problems within 15 days after the date of notification, the Superintendent or designee may request a new SRO and the Superintendent or his or her designee and the Supervisor will work cooperatively to resolve the problem, which may include appointing a new SRO at the discretion of the City.

D **Scope of Duties**. The scope of the SRO's duties and responsibilities is set out in Exhibit A, which may be changed or redefined at any time when agreed upon in writing by both the City Manager and the Superintendent or designee. The SRO shall not issue a fine, fee, ticket, or citation to a student as a school-based disciplinary consequence or for a municipal code violation on school property during school hours, during school-related events or activities, or while taking school transportation. This restriction does not preclude requiring a student to provide restitution for lost, stolen, or damaged property. This restriction also does not apply to violations of traffic, boating, or fish and game laws.

E. Schedule. The SRO shall be assigned to the District and on duty:

1. Every school day throughout each regular school year, commencing prior to the start of the first class period and ending after the last class period, unless: (i) the District informs the City that the SRO is not needed during those times; (ii) as directed by the City in an emergency; (iii) the SRO has training, provided that the times of absence are shared with the District; or (iv) as otherwise agreed to by the District and City. Nothing in this subsection IV.E.1 shall be interpreted to limit the ability of the SRO to use personal time off, sick days, vacation days, Family Medical leave Act absences, or any other applicable right to take time off provided by statute or the City's collective bargaining agreements and employment policies. If the SRO is unable to be present for duty, a substitute SRO will be provided in accordance with Section IV.K of this Agreement; and

2. During approximately 20 special events per school year, upon the prior mutual agreement of the City and the District, which special events may include, without limitation, extracurricular events and school dances. Attendance at special events shall paid by the District in accordance with Section IV.H of this Agreement.

F. **Summer Duty**. If requested by the District and agreed upon by the City, the City shall provide a police officer to serve as an SRO during summer events. If an SRO serves

during summer events, the District shall pay to the City for the hours worked by the SRO at an hourly rate to be agreed upon by the parties. The Parties agree that the officer who works during summer may be different from the officer who is assigned to work as the SRO during the regular school year.

G. **Data Collection and Reporting**. The parties agree that by no later than July 1, 2027, the parties shall reach agreement on procedures to document the number of students referred to the Police Department, including the SRO, wherein there will be documentation the number of total students referred, as well as documentation of the number of times each individual student was referred in instances that occurred on school grounds, during school-related events or activities (regardless of whether it was in-person or virtual), or while taking school transportation. The District shall be solely responsible for preparing a report and providing it to the Illinois State Board of Education. Prior to providing the report to the Illinois State Board of Education, the District will provide a draft of the report to the City to confirm that the data is correct.

H. **Evaluation of the Program**. Each year, the Superintendent or designee and the City Police Chief or designee shall set goals for the program and agree on methods to monitor progress toward the established goals (e.g. data, surveys). At least once each year, the Superintendent or designee and the City Police Chief or designee will meet to evaluate the Program with respect to the goals and may revise Exhibit A to address the goals.

I. **Cost**.

1. Amount. The District shall pay to the City 75 percent of the total salary and costs for all benefits paid by the City to the SRO or incurred by the City as a result of employing the SRO, including, without limitation, healthcare and pension benefits, costs for any overtime duty that is the direct result of the SRO services rendered to the District, costs related to any *Public Safety Employee Benefits Act* benefits, or any other costs for the SRO while the SRO may be out on medical or other type of approved or required leave.

   The District acknowledges that the total wages and benefits paid to the SRO will be determined by the City and subject to an annual cost-of-living adjustment and other increases in each calendar year, in an amount to be determined by the City. The City will provide advance notice to the District of any known annual increases in costs under this paragraph.

2. Training Costs. Upon the prior written approval of the District, which approval may not be unreasonably withheld, the District shall pay to the City one-half of the costs incurred by the City for training programs for the SRO in matters directly related to the SRO's duties at the District, provided that, at minimum, the SRO has taken, or is enrolled in, the training programs necessary to meet the requirements for SRO training provided in the Illinois

School Code, consistent with the recommendations issued by the Illinois law Enforcement Training and Standards Board. Failure to enroll the SRO in an approved training program shall result in the City forfeiting its right to the District's agreement to pay one-half of the costs incurred by the City for training programs for the SRO, as detailed in this section IV.H.2. The SRO will comply with applicable State mandates for implicit bias training relevant to the SRO's duties as agreed by the Parties, with the costs to be paid for by the District.

3. Invoices. The City shall issue to the District at the end of each semester invoices for the salary and benefits earned by the SRO, and the District agrees to pay each invoice in accordance with the *local Government Prompt Payment Act,* 50 ILCS 505/1*et seq.*

4. Grants. The District shall work cooperatively with the City to pursue any grant funding that may be available to mitigate the costs of providing an SRO to the District pursuant to this Agreement.

5. Uniforms. The City shall issue to the SRO polo shirts or other casual apparel, which the SRO may wear instead of their regular uniform as determined by the City.

J **Student Records.**

1. For purposes of the *Illinois School Student Records Act,* 105 ILCS 10/, and the *Family Educational Rights and Privacy Act of 1974,* 20 U.S.C. 1232(g), the SRO shall be considered a school official of the District. As such, the SRO shall have access to student records only as determined by the District to be necessary for the fulfillment of his/her duties as prescribed in this Agreement. The SRO shall keep all student records confidential except if disclosure is required by law. The SRO shall disclose student records only in circumstances and in a manner authorized by State and federal law. The parameters of SRO access to student records are further detailed in Exhibit B to this Agreement, attached hereto and incorporated herein.

2. Consistent with Section 10/2(d) of the *Illinois School Student Records Act,* reports of the SRO shall be deemed the reports of a law enforcement professional and shall not be considered a student record. 105 ILCS 10/2(d). For purposes of the *Family Educational Rights and Privacy Act of 1974,* 20 U.S.C. 1232(g), the SRO designated to work with the District pursuant to this Agreement shall be considered a law enforcement unit of the school such that the records created and maintained by the SRO for the purpose of law enforcement shall not be considered educational records.

K. **Body Worn Cameras.**

1. All parties agree that any use of body worn cameras ("BWCs") on District Property must be subject to and in compliance with federal, state, and local regulations.

2. The City shall provide to the District a copy of the City policy on use of BWCs required by statute, and, upon request the City shall provide written information and training to the District and its administration regarding the same. The training shall include the objectives and procedures for the use of BWCs in public and in schools. The SRO shall be trained in the operation of the equipment prior to its use.

3. To maximize the effectiveness of the BWCs and the integrity of the video documentation, the SRO shall adhere to the objectives and procedures outlined in this Agreement and the City's written policy regarding the use of BWCs adopted in accordance with *Law Enforcement Officer-Worn Body Camera Act* (50 ILCS 701/10- 1 *et seq.)*. The responsibilities of the SRO in the schools consist largely of the performance of non-enforcement related activities, including community caretaking, educational, and other non-law enforcement activities contemplated. As such, the SRO's BWC will normally remain in an inactivated (buffering) mode unless the SRO is responding to calls for service or engaged in any law enforcement-related encounter or activity.

4. The City may, in its discretion, and if not otherwise prohibited by law, provide to the District copies of any such filming of students, parents, employees or others upon school property, upon request for such copies by the District, as a law enforcement record. In the event that the City receives advice that providing a copy of such videos is prohibited, the City agrees to utilize reasonable efforts to facilitate the availability of its officer(s) that made the video to testify, upon request by the District, in any school disciplinary hearing concerning his/her/their knowledge of the facts and circumstances of the videoed incident. Any such film or video taken by and kept in the possession of the SRO or the City may be considered law enforcement records under the *Family Educational Rights and Privacy Act* (20 U.S.C. §1232g and 34 C.F.R. §99.8) and *Illinois School Student Records Act* (105 ILCS 10/2(d)). Any copy of such film or video, if permitted by law to be provided to the District, may become an educational record of the District.

L. **Substitute SRO Services.**

If the SRO is not able to report to duty at the School on a given day, the City will make best efforts to provide a substitute law enforcement officer. If a substitute officer cannot be provided, the City will make best efforts to have an officer check in with

the Principal's Office, walk through the building, and drive through the parking lot. Both parties agree that, in the event the SRO is out on family or medical leave for any reason, the City will assess availability and will use reasonable efforts to provide an interim SRO until the assigned SRO can return from leave, provided that the provision of an interim-SRO does not interfere with police operations or put additional strain on the City's staffing levels. Further, both parties agree that, in such circumstances, the parties will coordinate and discuss additional options for ensuring SRO services are provided, to the extent possible, until the assigned SRO can return from leave. If possible, the substitute and interim officers will have SRO or juvenile officer training and experience. The District will reduce the scope of the SRO duties for substitute and interim officers to focus primarily on safety and security issues. The Parties may agree to increase the consistency or level of support to be provided by the City during absences of the SRO, such as by designating or providing additional officers, and will amend this Agreement pursuant to Section V.G to effectuate such agreement as appropriate.

M. Storage of Firearms on School Property

The SRO may store firearms on District property when unattended by the SRO or not within the SRO's vehicle. Such storage shall comply with the protocols attached to this Agreement as Exhibit C.

MEMORANDUM

TO: Chala Holland, Superintendent
Township High School District 113 Board of Education

FROM: David Bein, Interim Assistant Superintendent for Finance
Susan Harkin, Interim Assistant Superintendent for Finance

DATE: August 25, 2026

SUBJECT: FY27 Final Budget

Overview

The FY27 budget has been finalized with only modest adjustments compared to the tentative budget that was presented at the June 23, 2026 board meeting. While revenue projections remained essentially unchanged, expenditures increased by $325k or 0.25%. Overall, the District remains in a healthy financial position, with an anticipated FY26 year-end fund balance of $61.6 million for all funds (47.9% of expenditures) and $55.7 million for operating funds or 43.3%, reflecting strong fiscal stability.

Operating Fund Revenue Adjustments

Below is an overview of the totals from the tentative and final budget related to revenues:

- Tentative Revenue Budget (FY27): $133,429,079
- Final Revenue Budget (FY27): $133,429,080
- Net Change: +$1 (minor rounding adjustment)

Revenues from local, state, and federal sources remain consistent with tentative assumptions, and no material adjustments were required.

Operating Fund Expenditure Adjustments

Below is overview of the totals from the tentative and final budget related to expenditures:

- Tentative Expenditure Budget (FY27): $128,343,295
- Final Expenditure Budget (FY27): $128,669,157
- Net Change: +$325,862

Key drivers of this increase include:

- Purchased Services (+80,469): Increase in curriculum related purchases
- Supplies and Materials (+33,241): Fine tuning in Fund 10 and Fund 20 expenditures
- Capital Outlay (+$51,499): Reclassification from Non-Capitalized Equipment
- Other Objects (+194,151): Increase in private tuition for outplacements
- Non-Capitalized Equipment (-$33,500): Reclassification to Capital Outlay

Operating Fund Balance & Financial Position:

Below is an overview of the overall Operating fund balance and financial position:

- Unaudited FY26 Ending Fund Balance: $56,865,465
- Projected FY27 Ending Fund Balance: $55,714,984
- Fund Balance as % of FY27 Expenditures: 43.3%
- FY27 Surplus/(Deficit): $(1,150,484), slightly higher than the tentative $(826,873) primarily due to expenditure revisions

The District entered FY27 with a strong unaudited FY26 ending balance of nearly $56.9 million. The FY26 fund balance included the transfer of $3.5 million to the capital projects to provide the funding for the purchase of the transition program building.

With a planned deficit of $1.2 million in FY27, the projected year-end fund balance is estimated to be $55.7 million or 43.3% of fund balance for FY27. The District's Board policy is to maintain year-end fund balances representing 40% - 50% of the district's annual operating expenses, which will include the Education, Operations & Maintenance, Transportation, IMRF/FICA and Working Cash Funds. Therefore, the FY27 budget is in compliance with the Board's fund balance policy.

Conclusion:

The FY27 Final Budget reflects a fiscally responsible plan that maintains programmatic priorities while incorporating necessary cost adjustments. The District projects an FY27 ending fund balance of over $55.7 million (43.3% of expenditures) and is in compliance with the Board's policy.

Recommendations:

Administration recommends that the Board adopt the FY27 State of Illinois budget form and authorize it to file with the State of Illinois and the Regional Office of Education.

Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2026-2027 school district budget in which the operating funds listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: *The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.*

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2025-2026 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 22-26) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2027 Spending Plan
TOWNSHIP HIGH SCHOOL DIST 113

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1)	**What are the Organizational Unit's strategic goals for student success for the 2026-27 school year? What measures will be used to evaluate progress? (*No more than 2000 characters, including spaces.*)**
	District 113's Board-approved Strategic Plan (June 2025) is built around a shared mission to inspire a passion for learning and empower students for the future within a supportive, dynamic learning community. Two goals anchor student success work specifically. Goal One: Student Engagement and Growth - prepare students for future readiness through engagement, in service of growth and achievement. This goal is pursued through three strategies: developing career pathways and work-based learning experiences; implementing rigorous and engaging learning strategies that ensure all students receive comprehensive and targeted support leading to improved achievement; and creating opportunities for meaningful student voice in decisions shaping school policies, programs, and initiatives. Goal Two: An Inclusive Learning Ecosystem - create a safe, inclusive, and innovative learning environment that fosters strong relationships and engages all learners through challenging, relevant, and supportive experiences. This goal is pursued through: continuously assessing student learning to inform differentiated, responsive instruction that promotes growth; establishing a sustainable multi-tiered system of support (MTSS) framework with clear protocols for identifying needs, implementing evidence-based interventions, and monitoring progress toward growth and proficiency; and developing physically, emotionally, and culturally safe learning environments district-wide. Measures Used to Evaluate Progress: Progress is monitored through the district's public Strategic Plan Dashboard, tracking key performance indicators (KPIs) by goal, strategy, and objective, with formal Board updates delivered three times annually through full implementation in June 2030.

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2027 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity *- Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.*

	If "Other" was selected in question 4, please describe. (*No more than 1000 characters, including spaces.*) **Required**	Provide pupil support services and purchase or expand programs.		

5) **Cost Factor Table**

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2026 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least $5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at https://www.isbe.net/ebfspendingplan.

Column G: If the Organizational Unit will receive at least $5,000 in FY 2027 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2027 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2027 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

*The subtotal for Per Student Investments is a calculated figure that adjusts salary portions of Central Office and Maintenance & Operations to account for regional salary differences. As a result, the sum of each individual cost factor will not equal the subtotal.

**The total is the Final Adequacy Target (adjusted for Regionalization Factor) calculated in the Full FY 2026 EBF Calculation file. Due to differences in rounding, this figure may vary slightly from the sum of the subtotals in this table.

If some or all Tier Funding was invested outside of the cost factors, please describe. (*No more than 1000 characters, including spaces.*)	

Part III: Support for Special Student Groups

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statue these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in Question 1 below (cells G100-G102). If the Organizational Unit received at least $5,000 for any of the student groups, a response to Questions 2 through 4 below is required. For amounts less than $5,000, a response is optional for those questions. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity *- Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.*

SUBJECT: Summer 2027 Inspec HLS and Capital Improvement Projects

---

Executive Summary

In response to the comprehensive facility condition assessments conducted by Inspec during the spring of 2026, which evaluated roofing systems, pavement/hardscape, and exterior walls/masonry/windows, five standalone capital repair packages for Deerfield High School have been integrated into a unified program managed by Inspec. This initiative serves as an extension of the Health & Life Safety (HLS) projects scheduled for Deerfield High School in summer 2027.

The consolidation of these projects enabled the procurement of a reduced 7.40% sliding-scale fee structure. Engaging directly with Inspec as building envelope specialists yields substantial fiscal efficiencies by eliminating the necessity for architectural fees and Construction Management (CM) oversight fees. Under a single agreement, Inspec delivers both specialized technical engineering and direct oversight during the construction phase.

The total estimated program cost is **$5,163,407.50**, broken down as follows:

- **Estimated Construction Cost:** $4,799,000.00
- **Inspec Professional Fees:** $364,407.50

Scope Breakdown

- **Site Hardscape & Paving:** 160,000 sq. ft. of repairs across SW Parking Lot (Areas A & B), NW Stadium and Entrance Drives. Includes base aggregate, lime stabilization, concrete curbs, and ADA upgrades. 90,000 sq. ft. sealcoating across East Parking Lot.
- **Gymnasium Windows & Heating Demolition:** Full window replacement on East/West elevations and sill radiator demolition.
- **Window Spandrel Panel Remediation:** Exterior storefront spandrel repair across 25 building elevations.
- **Masonry & Exterior Doors:** Tuckpointing/wall repairs (Gym, Q-Wing, E-Wing) and door bottom replacements (50 locations).
- **Remedial Roof Repairs:** Patching documented membrane/flashing defects, seam separations, and drainage issues.

Funding Source

Funding for these projects will be sourced from a combination of Health/Life Safety and Capital Funds. A projection of how these projects will be funded is provided below.

1. Health & Life Safety (HLS) Bonds - $4,723,750.00
2. Capital Funds - $75,250.00
3. Engineering Fees - $364,407.50

Total - $5,163,407.50

Recommendation

The Administration requests Board approval to proceed with the 2027 HLS and Capital Improvement projects at a total cost of $5,163,407.50. This authorization will facilitate the finalization of contracts based on updated bids, allowing construction planning to commence for summer 2027.

RE: College of Lake County IGA for College and Career Navigators

EXECUTIVE SUMMARY

The College of Lake County Intergovernmental Agreement for College and Career Navigators permits College and Career Navigators (CCNs) to provide support and guidance for District 113 students interested in attending the College of Lake County (CLC) after graduation. This support is provided to seven other high school districts in Lake County.

CCNs are responsible for providing college and career transition services to District 113 students. The College of Lake County assigns one non-embedded CCN each to Deerfield and Highland Park High Schools. CCNs visit at least once per month and partner closely with school-based Post-Secondary Counselors. CCN's responsibilities include, but are not limited to, helping students with CLC applications, course selection, placement testing, career exploration, apprenticeship and credentialing programs, reviewing college financial plans, and ensuring a successful transition to CLC.

In addition to clarifying the responsibilities of CCNs, the agreement outlines District 113 and CLC responsibilities. District responsibilities include providing the CCN with appropriate space, equipment, and access to relevant student information to carry out services, consistent with FERPA and the Illinois School Student Records Act.

The College of Lake County remains one of District 113's top college destinations, with 19 DHS seniors and 42 HPHS seniors committing to CLC in 2026. This partnership formalizes and strengthens the support structure that helps make the program successful.

FINANCIAL IMPACT

The financial impact to D113 is minimal. The College of Lake County is responsible for employing the College and Career Navigators. District 113 provides space and equipment to support CCNs in working with District 113 students while onsite.

RECOMMENDATION

The Administration recommends the approval of the College of Lake County Intergovernmental Agreement for College and Career Navigators, as it enhances our commitment to post-secondary planning and support for students in District 113.

   b. The CCN's assignment (i.e., days and hours of work) will be scheduled by mutual agreement between the School District and the College. Generally, the embedded CCN's schedule will be similar to the schedule for Deerfield and Highland Park High Schools' counselors, but any deviation from that schedule shall be considered a breach of this Agreement. A non-embedded CCN's schedule shall be mutually agreed to by the Parties.

The College shall utilize the Regional Office of Education or other authorized vendor(s) to perform the fingerprint-based criminal history records check. If the College is unable to facilitate the finger-based criminal history records check, the College shall notify the School District, which shall then be responsible for doing so. g. The Parties to this Agreement will continue to comply with the Shared Data Agreement executed on November 16, 2020, respectively, and attached hereto as Addendum 2. Nothing in this Agreement is intended to eliminate or impact in any way the Shared Data Agreement.

h. Upon termination, cancellation, expiration, or other conclusion of this Agreement, the College and/or the CCN shall return all Student Data to the School District and shall delete all Student Data from the College's operational systems.

i. In the event that Student Data is breached or compromised while in the possession or control of the College, the College shall timely provide to the School District, in writing, the full particulars of the breach or compromise, and shall timely engage in reasonable commercial efforts to remedy the breach or compromise.

MEMORANDUM

TO: Township High School District 113 Board of Education

Dr. Chala Holland, Superintendent

FROM: Dr. Kathryn Anderson, Deputy Superintendent / Chief Human Resources Officer

DATE: August 25, 2026

RE: Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer

EXECUTIVE SUMMARY

SB 1519, signed into law in August 2025, requires school districts using School Resource Officers to formalize their arrangements through a Memorandum of Understanding (MOU) agreement and restricts SROs from issuing fines or citations to students for school-based municipal violations. District 113 has proposed updated agreements with both the Village of Deerfield and the City of Highland Park to meet these requirements, with Deerfield approving its agreement on June 15, 2026, and Highland Park on July 10, 2026.

BACKGROUND

On August 20, 2025, Governor Pritzker signed SB 1519 into law. SB 1519 prohibits School Resource Officers (SROs) from issuing monetary fines, fees, tickets, or citations to students as a disciplinary measure for municipal code violations on school grounds during school hours or while taking school transportation. In addition, school districts that utilize SROs are mandated to execute a formalized Memorandum of Understanding (MOU) with their local law enforcement agency.

While District 113 maintains current Intergovernmental Agreement (IGA) contracts with both the Village of Deerfield and the City of Highland Park, the updated IGA revises language to ensure compliance with SB 1519. The IGA combines the necessary elements of an IGA and MOU, as required by law.

The Village of Deerfield approved the Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer on June 15, 2026.

The City of Highland Park approved the Intergovernmental Agreement for Reciprocal Reporting, Digital Image Access, and School Resource Officer July 10, 2026.

RECOMMENDATION

It is recommended that the Board of Education approve the Intergovernmental Agreements as presented, following discussion on Tuesday, August 25, 2026.

WHEREAS, both the 1970 Illinois Constitution (Article VII, Section 10) and the *Intergovernmental Cooperation Act* (5 ILCS 220/1 et seq.) authorize and encourage intergovernmental cooperation; and

WHEREAS, Section 1-7(A)(8) and 5-905(1)(h) of the *Juvenile Court Act,* Sections 10-20.14, 10-21.7, 10-27.IA&B and 22-20 of the Illinois *School Code,* and Section 10/6(a)(6.5) of the *Illinois School Student Records Act* provide for and authorize agreements between local law enforcement agencies and school districts for reciprocal reporting of criminal offenses committed by students; and

WHEREAS, the District has installed digital camera systems at its Schools to enhance security and safety at the Schools, and the Parties believe that if the City Police Department were granted access to the images created by the District's digital camera systems, the Police Department would be better situated to assist the District in the case of an emergency situation that endangered students, employees, or District property; and

WHEREAS, the District desires to have a City police officer assigned to Highland Park High School on a contract basis to serve as a school resource officer ("SR0'1, and the City is willing to provide a police officer for that purpose in exchange for the payment referenced in this Agreement;

WHEREAS, the District and the City are desirous of entering into this Agreement for the purposes of promoting safety, security, and order for the staff, students, and premises at the District and of establishing a cooperative relationship between the District's and the City's law enforcement efforts;

NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions contained in this Agreement and other good and valuable consideration, the District and City agree as follows:

I. **COOPERATION AND AUTHORITY**

A General Cooperation

1. At least a week before the first day of student attendance of a school year, the Superintendent of the District will provide the City Police Chief with a list of administrators *("School Officials")* to be contacted as needed. The list will contain regular and emergency telephone and mobile numbers (if applicable), and identify which administrators are to be contacted for various types of problems and the order in which the administrators are to be contacted. The administrators identified shall be considered the "Appropriate School Officials" for purposes of § 1-7(a)(8) of the *Juvenile Court Act.*

2. At least a week before the first day of student attendance of a school year, the City Police Chief will provide the Superintendent of the District with the names and titles of a primary and at least two back up contacts *("Police Officials")* responsible for implementing this Agreement. The officers shall provide their regular and emergency telephone and mobile numbers (if applicable). The Police Officials shall represent the Police Department in the Department's capacity as "juvenile authorities" within the meaning of the federal *Family Educational Rights and Privacy Act* and the *Illinois School Student Records Act* for purposes of reciprocal reporting of student record information.

3. The Superintendent and Police Chief may, as they deem necessary and upon written notice, designate different persons to the respective positions of School Official and Police Official.

4. School Officials and Police Officials will meet to facilitate and review implementation of this Agreement as often as necessary.

5. Nothing in this Agreement is intended to limit or restrict the duty and authority of school personnel to request police services for disturbances or other emergencies occurring in or around any school building, nor is it intended to limit or restrict the duty or ability of any person attending or employed by the District to provide information or otherwise cooperate in law enforcement investigations, including but not limited to providing witness statements and testimony.

B. District Authority Over the Educational Environment

1. Collaboration between the District and the City and respect for the important role each party plays in connection with our community's youth are essential

to the success of the mission of both Parties.

2. The City recognizes the responsibility and authority of District Officials to manage the educational environment.

3. Both Parties recognize that, as an owner of Highland Park High School and its other properties, the District has authority in its sole discretion, and without consulting or seeking the approval of the City or the SRO, to lockdown District property and to send students home from school if it determines that there is a security risk.

4 Notwithstanding anything to the contrary contained in the Agreement, the Parties acknowledge and agree the City and the SRO are not security consultants for the District, and nothing in the Agreement shall be interpreted as: (i) transferring authority or responsibility to the City or SRO to manage or provide consultation services to the District related to school security; or (ii) alleviating the District of its responsibilities to manage its own security and seek professional support when prudent or deemed necessary by the District to manage its own security; provided that the District may seek the opinion of the SRO for consultation with the understanding that any final decisions by the District regarding security actions are the District's alone.

5. Both Parties recognize that disciplining students for violations of the Student Code of Conduct is appropriate for District Officials to manage.

6. The District recognizes that discretion regarding whether to investigate or charge a student or other individual with an ordinance, criminal, or traffic violation lies with Police Officials.

7. The Parties seek to implement a partnership that creates effective and positive school student discipline that (a) is part of the District's larger effort to address school safety and climate; (b) includes proactive and restorative methods rather than only punitive; and (c) is clear, consistent, and equitable.

8. Both Parties understand the privacy protections of federal and state law in the disclosure of student records. The District may refuse disclosure requests by Police Officials without a warrant, court order, or other exception enumerated by the *Illinois School Student Records Act,* 105 ILCS 10/1 *et seq.*, and the *Family Educational Rights and Privacy Act,* 20 U.S.C. 1232g.

The Parties further recognize that the District may share with Police Officials other information related to students determined by the District to otherwise be appropriate and lawful for sharing to support pre-adjudicatory intervention with a student by the City. Nothing in

this Section 11.A.I.a shall be interpreted to: (i) require the City to pursue a criminal investigation or seek charges against a student if the City determines that such action is not warranted or prudent; or (ii) prevent the District from imposing discipline against a student or providing other behavioral intervention, mental health, and social services to a student if the District deems it appropriate to do so.

b. Upon receipt of a written complaint from any school personnel, School Officials shall report all incidents of battery committed against teachers, teacher personnel, administrative personnel, educational support personnel, or school employees to Police Officials. 105 ILCS 5/10-21.7.

d. School Officials will immediately report to Police Officials any time a report is made of a verified incident involving drugs, not including cannabis or alcohol, in the school or on school owned or leased property, including any conveyance owned, leased, or used by the school for the transport of students or school personnel. 105 ILCS 5/10-27.IB. School Officials will report to Police Officials within a reasonable timeframe any time a report is made of a verified incident involving cannabis or alcohol.

e. Where violence or other activity poses an imminent threat to the safety of students or any other person, the information will be shared immediately. Where there is violent activity that does not pose an imminent threat to the safety of students, the information will be shared within a reasonable timeframe after the information becomes known to School Officials.

f. Information shared under Section 11.A.1.a above may be communicated orally and may also include the disclosure of student records in accordance with Section 10/6(a)(6.5) of the *Illinois School Student Records Act*. All information disclosed and communications made under this Agreement are therefore to remain confidential and will not be disclosed to any other party, except as provided by law or court order. Section 10/6(a)(6.5) of the *Illinois School Student Records Act* provides that the District may release school student records or information to juvenile authorities when necessary for the discharge of their official duties upon a request for information prior to

adjudication of the student and if certified in writing that the information will not be disclosed to any other party except as provided under law or order of court. "Juvenile authorities" include probation officers, law enforcement officers and prosecutors, and others as defined in Section 10/6(a)(6.5) of the *Illinois School Records Act.*

2. *By Police Officials to School Officials*

a As provided by Section 1-7(a)(8) of the *Juvenile Court Act,* and except as limited or prohibited by any laws or administrative regulations, Police Officials will share law enforcement records with School Officials that relate to the following offenses or suspected offenses (as this list may be revised pursuant to subsequent legislative amendment to the Juvenile Court Act) with respect to a minor enrolled in one of the District's schools who has been taken into custody or arrested when Police Officials believe that there is an imminent threat of physical harm to students, school personnel, or others will not (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, as determined by the City, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy:

i. Any violation of Article 24 of the *Criminal Code* (720 ILCS 5/24 *et seq.)* (weapons);

b As provided by Section 1-7(a)(8) of the *Juvenile Court Act,* and except as limited or prohibited by other laws or administrative regulations, Police Officials will share information with School Officials concerning a minor who is the subject of a current police investigation that is directly related to school safety unless Police Officials reasonably believe that sharing the information will: (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; or (vi) cause an unnecessary invasion of a person's privacy; provided that if there are precautions that can be taken to substantially mitigate the risks set forth in items (i)-(vi) and sharing the information would enable School Officials to make critical decisions regarding student safety and whether or not to dose the school due to safety concerns, Police Officials shall share such information. Such information may only be shared orally. An investigation means an official, systemic inquiry by Police Officials into actual or suspected criminal activity.

c. Upon request, as provided by 5 ILCS 140/2.15, Police Officials will share the following arrest and criminal history information with School Officials that relate to a student enrolled in one of the District's schools who is 18 years of age or older, unless Police Officials determine that disclosure would: (i) create a threat of harm to any person, (ii} jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; or (vi) cause an unnecessary invasion of a person's privacy; provided that if there are precautions that can be taken to substantially mitigate the risks set forth in items

(i)-(vi) and sharing the information would enable School Officials to make critical decisions regarding student safety and whether or not to close the school due to safety concerns, Police Officials shall share such information:

i. information that identifies the student, including the name, age, address, and photograph, when and if available;

ii. information detailing any charges relating to the arrest;

iii. the time and location of the arrest;

iv. the name of the investigating or arresting law enforcement agency;

v. if the individual is incarcerated, the amount of any bail or bond; and

vi. if the individual is incarcerated, the time and date that the individual was received into, discharged from, or transferred from the arresting agency's custody.

d. As required by Section 22-20 of the Illinois *School Code*, Police Officials shall report to the District's Principal or designee whenever a student is detained for proceedings under the *Juvenile Court Act* or for any criminal offense or any violation of a municipal or County ordinance. The report shall include the basis for the detention, the circumstances surrounding the detention, and the status of the proceedings. Police Officials shall periodically update the report as significant stages of the proceedings occur and with the disposition of the matter.

e. Nothing in this Section 11.A.2 shall be interpreted to: (i) prohibit Police Officials from sharing additional information with the District; or (ii) allow the Police Officials to withhold from the District any information or records that would otherwise be available to the District pursuant to the Freedom of Information Act or any other statute.

B. Confidentiality and Records

1. Content of Criminal Activity Information. All criminal activity information reported to the City by the District shall include the names of all involved persons, including District students and minors, except in cases where the

2. Confidentiality of Records and Criminal Activity Information. Any law enforcement and student records subject to disclosure under this Agreement shall not be disclosed or made available in any form to any person or agency other than as set forth in this Agreement or as authorized by law or court order. Police Officials and School Officials shall develop procedures to ensure such nondisclosure of criminal activity information. The information shall be used by School Officials solely to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the schools.

C. **No Restriction on Authority**. This Agreement shall restrict either Party's authority provided under law to release information to the other Party made in accordance with applicable law, as may be amended from time to time.

D. **Validity of Pre-Existing Reciprocal Reporting Agreement**. This Agreement does not invalidate either Party's participation in the countywide agreement entitled Reciprocal Reporting Agreement Between the Sheriff of lake County and the Chiefs of Police of lake County and the Boards of Education of the School Districts of lake County, executed by the various parties over a period of several years, with most signatures added from 1999-2001 *("Prior Agreement")* attached to this Agreement as Exhibit D. This Agreement, however, controls and supersedes, in its entirety, the Prior Agreement as it relates to the relationship between the Parties.

E. **Freedom of Information Act**. If the City receives a Freedom of Information Act request for any footage or images downloaded by the City from the District's digital camera system, the City shall immediately notify the District and work in good faith with the District before responding to the Freedom of Information Act request.

F. School Student Records

1. The images created on the District's digital cameras are created for security purposes and are therefore not school student records as defined by Section 2 of the Illinois School Student Records Act, 105 ILCS 10/2, and Section 375.10 of Title 23 of the Illinois Administrative Regulations, 23 ILADC 375.10, and as interpreted by the U.S. Department of Education under the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g. Such images may, however, become school student records, such as if subsequently used by the District in a student disciplinary matter or for other official purposes.

2. The District shall notify the City Police Chief of any recordings that become school student records. The City shall, if requested by the District and permitted by law, erase any images that the City has retained that have become school student records, unless such images are part of an active or reasonably contemplated police investigation into actual or suspected criminal activity.

In addition, the City recognizes that the District prefers for an SRO that has previous experience serving as an SRO and at least five years of full-time experience as a police officer, and the City will take this preference into consideration when considering who to appoint as the SRO.

The City will include the District in the SRO candidate interview process and otherwise consult with the District in the SRO selection process. The City shall assign the SRO only after receiving input and a recommendation from the Superintendent or the Superintendent's designee. The City will give due consideration to, and make reasonable efforts to accommodate, the District's recommendations for SRO selection. Provided that this process set forth herein is followed, the District acknowledges and agrees that the City shall have the sole and absolute discretion to make the final selection and appointment of the SRO.

B. **Relationship**. The SRO shall remain an employee of the City and will abide by all personnel rules of the City and any applicable Collective Bargaining Agreement. As an employee of the City and not the District, the SRO shall not be entitled to any benefits that the District provides to its employees. The City shall be fully responsible to the SRO for the payment of all employee compensation and benefit obligations, subject to reimbursement from the District in accordance with Section IV.H of this Agreement.

C **Supervision**. As an employee of the City, the SRO shall be subject to the chain of command of the Police Department. When serving in the role of SRO, the SRO shall coordinate and communicate with the Superintendent or the Superintendent's designee regarding daily activities. If the SRO fails to abide by the terms of this Agreement or perform the duties outlined in Exhibit A, the Superintendent or designee shall notify the Supervisor of the specific problems. If the SRO fails to remedy the problems within 15 days after the date of notification, the Superintendent or designee may request a new SRO and the Superintendent or his or her designee and the Supervisor will work cooperatively to resolve the problem, which may include appointing a new SRO at the discretion of the City.

D **Scope of Duties**. The scope of the SRO's duties and responsibilities is set out in Exhibit A, which may be changed or redefined at any time when agreed upon in writing by both the City Manager and the Superintendent or designee. The SRO shall not issue a fine, fee, ticket, or citation to a student as a school-based disciplinary consequence or for a municipal code violation on school property during school hours, during school-related events or activities, or while taking school transportation. This restriction does not preclude requiring a student to provide restitution for lost, stolen, or damaged property. This restriction also does not apply to violations of traffic, boating, or fish and game laws.

E. Schedule. The SRO shall be assigned to the District and on duty:

1. Every school day throughout each regular school year, commencing prior to the start of the first class period and ending after the last class period, unless: (i) the District informs the City that the SRO is not needed during those times; (ii) as directed by the City in an emergency; (iii) the SRO has training, provided that the times of absence are shared with the District; or (iv) as otherwise agreed to by the District and City. Nothing in this subsection IV.E.1 shall be interpreted to limit the ability of the SRO to use personal time off, sick days, vacation days, Family Medical leave Act absences, or any other applicable right to take time off provided by statute or the City's collective bargaining agreements and employment policies. If the SRO is unable to be present for duty, a substitute SRO will be provided in accordance with Section IV.K of this Agreement; and

2. During approximately 20 special events per school year, upon the prior mutual agreement of the City and the District, which special events may include, without limitation, extracurricular events and school dances. Attendance at special events shall paid by the District in accordance with Section IV.H of this Agreement.

F. **Summer Duty**. If requested by the District and agreed upon by the City, the City shall provide a police officer to serve as an SRO during summer events. If an SRO serves

during summer events, the District shall pay to the City for the hours worked by the SRO at an hourly rate to be agreed upon by the parties. The Parties agree that the officer who works during summer may be different from the officer who is assigned to work as the SRO during the regular school year.

G. **Data Collection and Reporting**. The parties agree that by no later than July 1, 2027, the parties shall reach agreement on procedures to document the number of students referred to the Police Department, including the SRO, wherein there will be documentation the number of total students referred, as well as documentation of the number of times each individual student was referred in instances that occurred on school grounds, during school-related events or activities (regardless of whether it was in-person or virtual), or while taking school transportation. The District shall be solely responsible for preparing a report and providing it to the Illinois State Board of Education. Prior to providing the report to the Illinois State Board of Education, the District will provide a draft of the report to the City to confirm that the data is correct.

H. **Evaluation of the Program**. Each year, the Superintendent or designee and the City Police Chief or designee shall set goals for the program and agree on methods to monitor progress toward the established goals (e.g. data, surveys). At least once each year, the Superintendent or designee and the City Police Chief or designee will meet to evaluate the Program with respect to the goals and may revise Exhibit A to address the goals.

I. **Cost**.

1. Amount. The District shall pay to the City 75 percent of the total salary and costs for all benefits paid by the City to the SRO or incurred by the City as a result of employing the SRO, including, without limitation, healthcare and pension benefits, costs for any overtime duty that is the direct result of the SRO services rendered to the District, costs related to any *Public Safety Employee Benefits Act* benefits, or any other costs for the SRO while the SRO may be out on medical or other type of approved or required leave.

   The District acknowledges that the total wages and benefits paid to the SRO will be determined by the City and subject to an annual cost-of-living adjustment and other increases in each calendar year, in an amount to be determined by the City. The City will provide advance notice to the District of any known annual increases in costs under this paragraph.

2. Training Costs. Upon the prior written approval of the District, which approval may not be unreasonably withheld, the District shall pay to the City one-half of the costs incurred by the City for training programs for the SRO in matters directly related to the SRO's duties at the District, provided that, at minimum, the SRO has taken, or is enrolled in, the training programs necessary to meet the requirements for SRO training provided in the Illinois

School Code, consistent with the recommendations issued by the Illinois law Enforcement Training and Standards Board. Failure to enroll the SRO in an approved training program shall result in the City forfeiting its right to the District's agreement to pay one-half of the costs incurred by the City for training programs for the SRO, as detailed in this section IV.H.2. The SRO will comply with applicable State mandates for implicit bias training relevant to the SRO's duties as agreed by the Parties, with the costs to be paid for by the District.

3. Invoices. The City shall issue to the District at the end of each semester invoices for the salary and benefits earned by the SRO, and the District agrees to pay each invoice in accordance with the *local Government Prompt Payment Act,* 50 ILCS 505/1*et seq.*

4. Grants. The District shall work cooperatively with the City to pursue any grant funding that may be available to mitigate the costs of providing an SRO to the District pursuant to this Agreement.

5. Uniforms. The City shall issue to the SRO polo shirts or other casual apparel, which the SRO may wear instead of their regular uniform as determined by the City.

J **Student Records.**

1. For purposes of the *Illinois School Student Records Act,* 105 ILCS 10/, and the *Family Educational Rights and Privacy Act of 1974,* 20 U.S.C. 1232(g), the SRO shall be considered a school official of the District. As such, the SRO shall have access to student records only as determined by the District to be necessary for the fulfillment of his/her duties as prescribed in this Agreement. The SRO shall keep all student records confidential except if disclosure is required by law. The SRO shall disclose student records only in circumstances and in a manner authorized by State and federal law. The parameters of SRO access to student records are further detailed in Exhibit B to this Agreement, attached hereto and incorporated herein.

2. Consistent with Section 10/2(d) of the *Illinois School Student Records Act,* reports of the SRO shall be deemed the reports of a law enforcement professional and shall not be considered a student record. 105 ILCS 10/2(d). For purposes of the *Family Educational Rights and Privacy Act of 1974,* 20 U.S.C. 1232(g), the SRO designated to work with the District pursuant to this Agreement shall be considered a law enforcement unit of the school such that the records created and maintained by the SRO for the purpose of law enforcement shall not be considered educational records.

K. **Body Worn Cameras.**

1. All parties agree that any use of body worn cameras ("BWCs") on District Property must be subject to and in compliance with federal, state, and local regulations.

2. The City shall provide to the District a copy of the City policy on use of BWCs required by statute, and, upon request the City shall provide written information and training to the District and its administration regarding the same. The training shall include the objectives and procedures for the use of BWCs in public and in schools. The SRO shall be trained in the operation of the equipment prior to its use.

3. To maximize the effectiveness of the BWCs and the integrity of the video documentation, the SRO shall adhere to the objectives and procedures outlined in this Agreement and the City's written policy regarding the use of BWCs adopted in accordance with *Law Enforcement Officer-Worn Body Camera Act* (50 ILCS 701/10- 1 *et seq.)*. The responsibilities of the SRO in the schools consist largely of the performance of non-enforcement related activities, including community caretaking, educational, and other non-law enforcement activities contemplated. As such, the SRO's BWC will normally remain in an inactivated (buffering) mode unless the SRO is responding to calls for service or engaged in any law enforcement-related encounter or activity.

4. The City may, in its discretion, and if not otherwise prohibited by law, provide to the District copies of any such filming of students, parents, employees or others upon school property, upon request for such copies by the District, as a law enforcement record. In the event that the City receives advice that providing a copy of such videos is prohibited, the City agrees to utilize reasonable efforts to facilitate the availability of its officer(s) that made the video to testify, upon request by the District, in any school disciplinary hearing concerning his/her/their knowledge of the facts and circumstances of the videoed incident. Any such film or video taken by and kept in the possession of the SRO or the City may be considered law enforcement records under the *Family Educational Rights and Privacy Act* (20 U.S.C. §1232g and 34 C.F.R. §99.8) and *Illinois School Student Records Act* (105 ILCS 10/2(d)). Any copy of such film or video, if permitted by law to be provided to the District, may become an educational record of the District.

L. **Substitute SRO Services.**

If the SRO is not able to report to duty at the School on a given day, the City will make best efforts to provide a substitute law enforcement officer. If a substitute officer cannot be provided, the City will make best efforts to have an officer check in with

the Principal's Office, walk through the building, and drive through the parking lot. Both parties agree that, in the event the SRO is out on family or medical leave for any reason, the City will assess availability and will use reasonable efforts to provide an interim SRO until the assigned SRO can return from leave, provided that the provision of an interim-SRO does not interfere with police operations or put additional strain on the City's staffing levels. Further, both parties agree that, in such circumstances, the parties will coordinate and discuss additional options for ensuring SRO services are provided, to the extent possible, until the assigned SRO can return from leave. If possible, the substitute and interim officers will have SRO or juvenile officer training and experience. The District will reduce the scope of the SRO duties for substitute and interim officers to focus primarily on safety and security issues. The Parties may agree to increase the consistency or level of support to be provided by the City during absences of the SRO, such as by designating or providing additional officers, and will amend this Agreement pursuant to Section V.G to effectuate such agreement as appropriate.

M. Storage of Firearms on School Property

The SRO may store firearms on District property when unattended by the SRO or not within the SRO's vehicle. Such storage shall comply with the protocols attached to this Agreement as Exhibit C.

NEW AGREEMENT

INTERGOVERNMENTAL AGREEMENT FOR RECIPROCAL REPORTING, DIGITAL IMAGE ACCESS, AND SCHOOL RESOURCE OFFICER

THIS INTERGOVERNMENTAL AGREEMENT (***"Agreement"***) is made and entered into by and between the Board of Education of Township High School District No. 113 (***"District"***), and the Village of Deerfield, a home rule municipal corporation (***"Village"***) (the District and Village are, collectively, the ***"Parties"***).

WHEREAS, both the 1970 Illinois Constitution (Article VII, Section 10) and the *Intergovernmental Cooperation Act* (5 ILCS 220/1 et seq.) authorize and encourage intergovernmental cooperation; and

WHEREAS, Section 1-7(A)(8) and 5-905(1)(h) of the *Juvenile Court Act*, Sections 10-20.14, 10-21.7, 10-27.1A&B and 22-20 of the Illinois *School Code*, and Section 10/6(a)(6.5) of the *Illinois School Student Records Act* provide for and authorize agreements between local law enforcement agencies and school districts for reciprocal reporting of criminal offenses committed by students; and

WHEREAS, the District operates Deerfield High School and Highland Park High School (***"Schools"***), and Deerfield High School is located within the Village; and

WHEREAS, the District has installed digital camera systems at its Schools to enhance security and safety at the Schools, and the Parties believe that if the Village Police Department were granted access to the images created by the District's digital camera systems, the Police Department would be better situated to assist the District in the case of an emergency situation that endangered students, employees, or District property; and

WHEREAS, the District desires to have a Village police officer assigned to Deerfield High School on a contract basis to serve as a school resource officer (***"SRO"***), and the Village is willing to a provide a police officer for that purpose in exchange for the payment referenced in this Agreement;

WHEREAS, the Parties believe the SRO will facilitate a more personal relationship between law enforcement agents and students, assist in educational programs, and promote the safety and security of students, staff, and the school premises; and

WHEREAS, the District and the Village are desirous of entering into this Agreement for the purposes of promoting safety, security, and order for the staff, students, and premises at the District and of establishing a cooperative relationship between the District's and the Village's law enforcement efforts;

NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions contained in this Agreement and other good and valuable consideration, the District and Village agree as follows:

I. COOPERATION AND AUTHORITY

A. General Cooperation

1. The Superintendent of the District will provide the Village Police Chief with a list of administrators (***"School Officials"***) to be contacted as needed. The list will contain regular and emergency telephone and mobile numbers (if applicable), and identify which administrators are to be contacted for various types of problems and the order in which the administrators are to be contacted. The administrators identified shall be considered the "Appropriate School Officials" for purposes of § 1-7(a)(8) of the *Juvenile Court Act*.

2. The Village Police Chief will provide the Superintendent of the District with the names and titles of a primary and at least two back up contacts (***"Police Officials"***) responsible for implementing this Agreement. The officers shall provide their regular and emergency telephone and mobile numbers (if applicable). The Police Officials shall represent the Police Department in the Department's capacity as "juvenile authorities" within the meaning of the federal *Family Educational Rights and Privacy Act* and the *Illinois School Student Records Act* for purposes of reciprocal reporting of student record information.

3. The Superintendent and Police Chief may, as they deem necessary and upon written notice, designate different persons to the respective positions of School Official and Police Official.

4. School Officials and Police Officials will meet to facilitate and review implementation of this Agreement as often as necessary.

5. Nothing in this Agreement is intended to limit or restrict the duty and authority of school personnel to request police services for disturbances or other emergencies occurring in or around any school building, nor is it intended to limit or restrict the duty or ability of any person attending or employed by the District to provide information or otherwise cooperate in law enforcement investigations, including but not limited to providing witness statements and testimony.

B. District Authority Over the Educational Environment

1. Collaboration between the District and the Village and respect for the important role each party plays in connection with our community's youth are essential to the success of the mission of both Parties.

2. The Village recognizes the responsibility and authority of District Officials to manage the educational environment.

3. Both Parties recognize that disciplining students for violations of the Student Code of Conduct is appropriate for District Officials to manage.

4. The District recognizes that discretion regarding whether to investigate or charge a student or other individual with an ordinance, criminal, or traffic violation lies with Police Officials.

5. The Parties seek to implement a partnership that creates effective and positive school student discipline that (a) is part of the District's larger effort to address school safety and climate; (b) includes proactive and restorative methods rather than only punitive; and (c) is clear, consistent, and equitable.

6. Both Parties understand the privacy protections of federal and state law in the disclosure of student records. The District may refuse disclosure requests by Police Officials without a warrant, court order, or other exception enumerated by the *Illinois School Student Records Act*, 105 ILCS 10/1 *et seq.*, and the *Family Educational Rights and Privacy Act*, 20 U.S.C. 1232g.

II. RECIPROCAL REPORTING

A. Reporting of Student Criminal Activity

1. *By School Officials to Police Officials*

a. School Officials will promptly report to Police Officials any activity of students who reside in the Village or attend Deerfield High School, which arises on school property or at a school-related function, that involves or is suspected to involve:

i. Criminal gang activity;

ii. Criminal sexual offenses;

iii. Any violation of Article 24 of the *Criminal Code*, 720 ILCS 5/24-1 *et seq.*, or weapons such as guns and knives, explosives, impact devices, or any item used as a weapon;

iv. Sale of drugs or other intoxicants;

v. Possession of drugs or other intoxicants;

vi. Fights or other violent activity which might reasonably carry over into the community;

vii. Abuse, neglect, lock-out, and runaway situations;

viii. Acts of vandalism;

ix. Hate crimes;

x. Other activities involving students which threaten the safety of students or any other person on or off District property; or

xi. Any state or federal crime occurring or which has occurred on school property or at a school event that might reasonably carry over into the community.

The Parties further recognize that the District may share with Police Officials other information related to students determined by the District to otherwise be appropriate and lawful for sharing to support preadjudicatory intervention with a student by the Village. Nothing in this Section II.A.1.a shall be interpreted to: (i) require the Village to pursue a criminal investigation or seek charges against a student if the Village determines that such action is not warranted or prudent; or (ii) prevent the District from imposing discipline against a student or providing other behavioral intervention, mental health, and social services to a student if the District deems it appropriate to do so.

b. Upon receipt of a written complaint from any school personnel, School Officials shall report all incidents of battery committed against teachers, teacher personnel, administrative personnel, educational support personnel, or school employees to Police Officials. 105 ILCS 5/10-21.7.

c. School Officials will immediately report to Police Officials any time a report is made that a person with a firearm has been observed on school grounds. 105 ILCS 5/10-27.1A.

d. School Officials will immediately report to Police Officials any time a report is made of a verified incident involving drugs in the school or on school owned or leased property, including any conveyance owned, leased, or used by the school for the transport of students or school personnel. 105 ILCS 5/10-27.1B.

e. Where violence or other activity poses an imminent threat to the safety of students or any other person, the information will be shared

as soon as possible; otherwise, the information will be shared not later than two business days after the information becomes known to School Officials.

f. Information shared under Section II.A.1.a above may be communicated orally and may also include the disclosure of student records in accordance with Section 10/6(a)(6.5) of the *Illinois School Student Records Act*. All information disclosed and communications made under this Agreement are therefore to remain confidential and will not be disclosed to any other party, except as provided by law or court order. Section 10/6(a)(6.5) of the *Illinois School Student Records Act* provides that the District may release school student records or information to juvenile authorities when necessary for the discharge of their official duties upon a request for information prior to adjudication of the student and if certified in writing that the information will not be disclosed to any other party except as provided under law or order of court. "Juvenile authorities" include probation officers, law enforcement officers and prosecutors, and others as defined in Section 10/6(a)(6.5) of the *Illinois School Records Act*.

2. *By Police Officials to School Officials*

a. As provided by Section 1-7(a)(8) of the *Juvenile Court Act*, and except as limited or prohibited by any laws or administrative regulations, Police Officials will share law enforcement records with School Officials that relate to the following offenses or suspected offenses (as this list may be revised pursuant to subsequent legislative amendment to the Juvenile Court Act) with respect to a minor enrolled in one of the District's schools who has been taken into custody or arrested when Police Officials believe that there is an imminent threat of physical harm to students, school personnel, or others will not (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, as determined by the Village, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy:

i. Any violation of Article 24 of the *Criminal Code* (720 ILCS 5/24 *et seq.*) (weapons);

ii. A violation of the *Illinois Controlled Substances Act* (720 ILCS 570/100, *et seq.*);

iii. A violation of the *Cannabis Control Act* (720 ILCS 550/1, *et seq.*);

iv. A forcible felony as defined in Section 2-8 of the *Criminal Code* (720 ILCS 5/2-8);

v. A violation of the *Methamphetamine Control and Community Protection Act* (720 ILCS 646/1 *et seq.*);

vi. A violation of Section 1-2 of the *Harassing and Obscene Communications Act* (720 ILCS 5/26.5);

vii. A violation of the *Hazing Act* (720 ILCS 5/12C-50); or

viii. A violation of Section 12-1, 12-2, 12-3, 12-3.05, 12-3.1, 12-3.2, 12-3.4, 12-3.5, 12-5, 12-7.3, 12-7.4, 12-7.5, 25-1, or 25-5 of the *Criminal Code* (720 ILCS 5/) (bodily harm and mob action).

b. As provided by Section 1-7(a)(8) of the *Juvenile Court Act*, and except as limited or prohibited by other laws or administrative regulations, Police Officials will share information with School Officials concerning a minor who is the subject of a current police investigation that is directly related to school safety unless Police Officials believe that sharing the information will: (i) create a threat of harm to any person that outweighs the preventative benefit of sharing the information, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy. Such information may only be shared orally. An investigation means an official, systemic inquiry by Police Officials into actual or suspected criminal activity.

c. Upon request, as provided by 5 ILCS 140/2.15, Police Officials will share the following arrest and criminal history information with School Officials that relate to a student enrolled in one of the District's schools who is 18 years of age or older, unless Police

Officials determine that disclosure would: (i) create a threat of harm to any person, (ii) jeopardize a pending or actually and reasonably contemplated investigation, (iii) interfere with a pending or contemplated law enforcement, administrative, or judicial proceeding; (iv) create a substantial likelihood that a person would be deprived of a fair trial or impartial hearing; (v) disclose unique or specialized investigative techniques; (vi) or cause an unnecessary invasion of a person's privacy:

i. information that identifies the student, including the name, age, address, and photograph, when and if available;

ii. information detailing any charges relating to the arrest;

iii. the time and location of the arrest;

iv. the name of the investigating or arresting law enforcement agency;

v. if the individual is incarcerated, the amount of any bail or bond; and

vi. if the individual is incarcerated, the time and date that the individual was received into, discharged from, or transferred from the arresting agency's custody.

d. As required by Section 22-20 of the Illinois *School Code*, Police Officials shall report to the District's Principal or designee whenever a student is detained for proceedings under the *Juvenile Court Act* or for any criminal offense or any violation of a municipal or County ordinance. The report shall include the basis for the detention, the circumstances surrounding the detention, and the status of the proceedings. Police Officials shall periodically update the report as significant stages of the proceedings occur and with the disposition of the matter.

e. Nothing in this Section II.A.2 shall be interpreted to: (i) prohibit the Police Officials from sharing additional information with the District; or (ii) allow the Police Officials to withhold from the District any information or records that would otherwise be available to the District pursuant to the Freedom of Information Act or any other statute.

B. Confidentiality and Records

1. Content of Criminal Activity Information. All criminal activity information reported to the Village by the District shall include the names of all involved persons, including District students and minors, except in cases where the name of the victim is protected under the *Rights of Crime Victims and Witnesses Act*, 725 ILCS 120/1, *et seq.*, as amended, or other applicable law or where disclosure of the names of involved persons is prohibited by student records confidentiality or other confidentiality law.

2. Confidentiality of Records and Criminal Activity Information. Any law enforcement and student records subject to disclosure under this Agreement shall not be disclosed or made available in any form to any person or agency other than as set forth in this Agreement or as authorized by law or court order. Police Officials and School Officials shall develop procedures to ensure such nondisclosure of criminal activity information. Such procedures shall be designed to also ensure that any criminal activity information is not available to other employees, or any persons other than as authorized by this Agreement or by law.

3. Non-Educational or School Records.

   a. School Officials shall follow State and federal laws regarding student records.

   b. All reports and records shared by Police Officials with School Officials shall be kept in a secure location and shall not be a public record. Such information shall be kept separate from and shall not become a part of the student's official school record. The information shall be used by School Officials solely to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the schools.

C. No Restriction on Authority. This Agreement shall not act to restrict either Party's authority provided under law to release of information to the other Party made in accordance with applicable law, as may be amended from time to time.

D. Validity of Pre-Existing Reciprocal Reporting Agreement. By entering into this Agreement, the Parties do not disturb the continuing validity of either Party's participation in the countywide agreement entitled Reciprocal Reporting Agreement Between the Sheriff of Lake County and the Chiefs of Police of Lake County and the Boards of Education of the School Districts of Lake County, executed by the various parties over a period of several years, with most signatures added from 1999-2001

(***"Prior Agreement"***). However, this Agreement controls and supersedes, in its entirety, the Prior Agreement as it relates to the relationship between the Parties.

III. VILLAGE ACCESS TO IMAGES FROM DISTRICT DIGITAL CAMERAS

A. Provision of Access to Digital Camera System. The District shall provide the Village Police Department with the necessary login information in order to enable the Village Police Department to view real time video and recorded video created by District digital cameras. This Section III applies to District cameras in the Deerfield High School building, and does not apply to any cameras in other buildings or on school buses.

B. Limited Viewing

1. Authorized Viewers and Designated Devices. Individuals authorized to view images created by the District digital cameras shall be limited to the following individuals (collectively, ***"Authorized Viewers"***):

   i. The Village Police Chief;

   ii. Village Police Department employees authorized by the Chief or, in the absence of the Chief, the Chief's designee; and

   iii. The Village's IT employees and IT contractors authorized by the Chief, or in the absence of the Chief, the Chief's designee

2. The Authorized Viewers may log in to the District's camera software only from designated Village computers or other electronic devices meeting District's technical specifications and approved by the District. The IP address of each Village device approved by the District shall be registered in advance with the District's Chief Information Officer. The Village shall test the login from all designated devices on a quarterly basis.

C. Access to Live Feed and Recorded Video

The Village shall not permit any individual, including Authorized Viewers, to view real time video (live feed) from the District digital camera system or recorded videos maintained on the District's digital camera system on a routine basis. Authorized Viewers shall be permitted to view real time video streamed or recorded video stored on the District's digital camera system only when:

1. An emergency call (e.g. 911 or otherwise) is made from or regarding the Deerfield High School;

2. Necessary or prudent, as determined by the Village, for the Village Police Department to deter or protect against an imminent and substantial threat

that is likely to result in significant bodily harm or damage to District property;

3. Requested by the Superintendent of the District or Principal of the School;

4. Necessary or prudent for purposes of training for response to emergencies in the District buildings, with: (i) for the access of live video, advance notice of the date, time, and purpose to the School Principal or designee and consent in advance by the Principal; or (ii) for access to recorded video, consent in advance by the Principal in compliance with applicable laws; or

5. For investigative or other purposes, with consent in advance by the Principal in compliance with applicable laws.

D. **Limited Download and Retention.** The Village shall not download or record in any manner any footage or images from the District's digital camera system unless either the downloading or recording is done by the Village as part of an active or reasonably contemplated law enforcement investigation, is authorized by a court, or the Village receives permission from the District.

E. **Freedom of Information Act.** If the Village receives a Freedom of Information Act request for any footage or images downloaded by the Village from the District's digital camera system, the Village shall immediately notify the District and work in good faith with the District before responding to the Freedom of Information Act request.

F. **School Student Records**

1. The images created on the District's digital cameras are created for security purposes and are therefore not school student records as defined by Section 2 of the Illinois School Student Records Act, 105 ILCS 10/2, and Section 375.10 of Title 23 of the Illinois Administrative Regulations, 23 ILADC 375.10, and as interpreted by the U.S. Department of Education under the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g. Such images may, however, become school student records, such as if subsequently used by the District in a student disciplinary matter or for other official purposes.

2. The District shall notify the Village Police Chief of any recordings that become school student records. The Village shall, if requested by the District and permitted by law, erase any images that the Village has retained that have become school student records, unless such images are part of an active or reasonably contemplated police investigation into actual or suspected criminal activity.

3. Any images that the Village maintains that have become school student

records must be kept strictly confidential and only disclosed:

a. With prior approval of the Superintendent of the District or the Superintendent's designee;

b. In the case of an emergency as defined in Section 375.60 of Title 23 of the Illinois Administrative Regulations, 23 ILADC 375.60; or

c. In good faith consultation with the Superintendent of the District or the Superintendent's designee and in accordance with the *Illinois School Student Records Act*. 105 ILCS 10/6.

IV. THE SCHOOL RESOURCE OFFICER PROGRAM

A. Selection of the School Resource Officer

The District, through the Superintendent or designee, and the Village, through the Police Chief or his designee (***"Supervisor"***), will work collaboratively to select the SRO. The Village will not apply for a waiver of the school resource officer training requirement under the *School Code* without first providing notice to the Superintendent of the District; and if the Village applies for a waiver of the school resource officer training requirement, the Village will promptly enroll the officer in a school resource officer training course to obtain the training as soon as practicable;

4. Training on working with students with disabilities to ensure appropriate and effective interactions that support their educational and behavioral needs;

5. Willingness to serve as the SRO for at least four years;

6. Effective oral and written communication skills;

7. Ability to resolve conflict efficiently and effectively;

8. Excellent problem-solving skills;

9. Sound judgment and decision-making skills;

10. A calm and professional demeanor;

11. Flexible mindset with the ability to interact effectively with school administration, parents and students;

12. Self-reliance with the ability to work productively with minimal supervision;

13. Dedication to enhancing a positive relationship between youth, parents, community, police department and school staff;

14. Positive role model; and

15. Integrity and professionalism.

In addition, the Village recognizes that the District has a preference for an SRO that has previous experience serving as an SRO and at least five years of full-time experience as a police officer, and the Village will take this preference into consideration when considering who to appoint as the SRO.

The Village will include the District in the SRO candidate interview process and otherwise consult with the District in the SRO selection process. The Village shall assign the SRO only after receiving input and a recommendation from the Superintendent or the Superintendent's designee. The Village will give due consideration to, and make reasonable efforts to accommodate, the District's recommendations for SRO selection. Provided that this process set forth herein is followed, the District acknowledges and agrees that the Village shall have the sole and absolute discretion to make the final selection and appointment of the SRO.

B. **Relationship.** The SRO shall remain an employee of the Village and will at all times abide by all personnel rules of the Village and any applicable Collective Bargaining Agreement. As an employee of the Village and not the District, the SRO shall not be entitled to any benefits that the District provides to its employees. The Village shall be fully responsible to the SRO for the payment of all employee compensation and benefit obligations, subject to reimbursement from the District in accordance with Section IV.H of this Agreement.

C. **Supervision.** As an employee of the Village, the SRO shall be subject to the chain of command of the Police Department. When serving in the role of SRO, he/she shall

coordinate and communicate with the Superintendent or the Superintendent's designee regarding daily activities. In the event the SRO fails to abide by the terms of this Agreement or perform the duties outlined in Exhibit A, the Superintendent or designee shall notify the Supervisor of the specific problems. If the SRO fails to remedy the problems within 15 days of the date of notification, the Superintendent or designee may request a new SRO and the Superintendent or his or her designee and the Supervisor will work cooperatively to resolve the problem, which may include appointing a new SRO at the discretion of the Village.

D. **Scope of Duties.** The scope of the SRO's duties and responsibilities is set out in Exhibit A, which may be changed or redefined at any time when agreed upon in writing by both the Supervisor and the Superintendent or designee. The SRO shall not issue a fine, fee, ticket, or citation to a student as a school-based disciplinary consequence or for a municipal code violation on school property during school hours, during school-related events or activities, or while taking school transportation.

E. **Schedule.** The SRO shall be assigned to the District and on duty:

1. Every school day throughout each regular school year, commencing prior to the start of the first class period and ending after the last class period, unless: (i) the District informs the Village that the SRO is not needed during those times; (ii) as directed by the Village in an emergency; (iii) the SRO has training, provided that the times of absence are preapproved by the District; or (iv) as otherwise agreed to by the District and Village; and

2. During approximately 20 special events per school year, upon the prior mutual agreement of the Village and the District, which special events may include, without limitation, extracurricular events and school dances. Attendance at special events shall paid by the District in accordance with Section IV.H of this Agreement

F. **Summer Duty.** If requested by the District and agreed upon by the Village, the Village shall provide a police officer to serve as an SRO during summer events. If an SRO serves during summer events, the District shall pay to the Village for the hours worked by the SRO at an hourly rate to be agreed upon by the parties. The Parties agree that the officer who works during summer may be different from the officer who is assigned to work as the SRO during the regular school year.

G. **Data Collection and Reporting.** The parties agree that by no later than July 1, 2027, the parties shall reach agreement on procedures to document the number of K-12 students referred to the Police Department, including the SRO, wherein there will be documentation the number of total students referred, as well as documentation of the number of times each individual student was referred in instances that

occurred on school grounds, during school-related events or activities (regardless of whether it was in-person or virtual), or while taking school transportation.

H. **Evaluation of the Program.** Each year, the Superintendent or designee and Supervisor shall set goals for the program and agree on methods to monitor progress toward the established goals (e.g. data, surveys). At least once each year, the Superintendent or designee and Supervisor will meet to evaluate the Program with respect to the goals and may revise Exhibit A to address the goals.

I. **Cost.**

1. Amount. The District shall pay to the Village 75 percent of the total salary and costs for all benefits paid by the Village to the SRO or incurred by the Village as a result of employing the SRO, including, without limitation, healthcare and pension benefits, costs for any overtime duty that is the direct result of the SRO services rendered to the District, costs related to any *Public Safety Employee Benefits Act* benefits, or any other costs for the SRO while the SRO may be out on medical or other type of approved or required leave. The District acknowledges that the total wages and benefits paid to the SRO will be determined by the Village and subject to an annual cost-of-living adjustment and other increases in each calendar year, in an amount to be determined by the Village. The Village will provide advance notice to the District of any known annual increases in costs under this paragraph.

2. Training Costs. Upon the prior written approval of the District, which approval may not be unreasonably withheld, the District shall pay to the Village one-half of the costs incurred by the Village for training programs for the SRO in matters directly related to the SRO's duties at the District, provided that, at minimum, SRO has taken, or is enrolled in, the training programs necessary to meet the requirements for SRO training provided in the Illinois *School Code*, consistent with the recommendations issued by the Illinois Law Enforcement Training and Standards Board. Failure to enroll the SRO in an approved training program shall result in the Village forfeiting its right to the District's agreement to pay one-half of the costs incurred by the Village for training programs for the SRO, as detailed in this section IV.H.2. The Parties agree that the SRO will complete implicit bias training courses relevant to the SRO's duties, as approved by the District, with the costs to be shared equally by the Parties.

3. Invoices. The Village shall issue to the District monthly (12) invoices for the salary and benefits earned by the SRO, and the District agrees to pay each invoice in accordance with the *Local Government Prompt Payment Act*, 50 ILCS 505/1 *et seq.*

4. Grants. The District shall work cooperatively with the Village to pursue any grant funding that may be available to mitigate the costs of providing an SRO to the District pursuant to this Agreement.

5. Uniforms. The Village shall issue to the SRO polo shirts or other casual apparel, which the SRO may wear instead of their regular uniform as determined by the Village.

J. Student Records.

1. For purposes of the *Illinois School Student Records Act*, 105 ILCS 10/, and the *Family Educational Rights and Privacy Act of 1974*, 20 U.S.C. 1232(g), the SRO shall be considered a school official of the District. As such, the SRO shall have access to student records only as determined by the District to be necessary for the fulfillment of his/her duties as prescribed in this Agreement. The SRO shall keep all student records confidential except if disclosure is required by law. The SRO shall disclose student records only in circumstances and in a manner authorized by State and federal law. The parameters of SRO access to student records are further detailed in Exhibit B to this Agreement, attached hereto and incorporated herein.

2. Consistent with Section 10/2(d) of the *Illinois School Student Records Act*, reports of the SRO shall be deemed the reports of a law enforcement professional and shall not be considered a student record. 105 ILCS 10/2(d). For purposes of the *Family Educational Rights and Privacy Act of 1974*, 20 U.S.C. 1232(g), the SRO designated to work with the District pursuant to this Agreement shall be considered a law enforcement unit of the school such that the records created and maintained by SRO for the purpose of law enforcement shall not be considered educational records.

K. Body Worn Cameras.

1. All parties agree that any use of body worn cameras ("BWCs") on District Property must be subject to and in compliance with federal, state and local regulations.

2. The Village shall use its best efforts to notify the District at least two months before the SRO begins use of BWCs and provide a copy of the Village policy on use of BWCs required by statute, and the Village shall provide written information and training to the District and its administration regarding the same. The training shall include the objectives and procedures for the use of BWCs in public and in schools. The SRO shall be trained in the operation of the equipment prior to its use.

3. To maximize the effectiveness of the BWC and the integrity of the video documentation, the SRO shall adhere to the objectives and procedures outlined in this Agreement and the Village's written policy regarding the use of BWCs adopted in accordance with *Law Enforcement Officer-Worn Body Camera Act* (50 ILCS 701/10- 1 *et seq.*). The responsibilities of the SRO in the schools consist largely of the performance of non-enforcement related activities, including community caretaking, educational, and other non-law enforcement activities contemplated. As such, the SRO's BWC will normally remain in an inactivated (buffering) mode unless the SRO is responding to calls for service or engaged in any law enforcement-related encounter or activity.

4. The Village may, in its discretion, and if not otherwise prohibited by law, provide to the District copies of any such filming of students, parents, employees or others upon school property, upon request for such copies by the District, as a law enforcement record. In the event that the Village receives advice that providing a copy of such videos is prohibited, the Village agrees to utilize reasonable efforts to facilitate the availability of its officer(s) that made the video to testify, upon request by the District, in any school disciplinary hearing concerning his/her/their knowledge of the facts and circumstances of the videoed incident. Any such film or video taken by and kept in the possession of the SRO or the Village may be considered law enforcement records under the *Family Educational Rights and Privacy Act* (20 U.S.C. §1232g and 34 C.F.R. §99.8) and *Illinois School Student Records Act* (105 ILCS 10/2(d)). Any copy of such film or video, if permitted by law to be provided to the District, may become an educational record of the District.

K. Substitute SRO Services.

If the SRO is not able to report to duty at the School on a given day, the Village will make best efforts to provide a substitute law enforcement officer. If a substitute officer cannot be provided, the Village will make best efforts to have an officer check in with the Principal's Office, walk through the building, and drive through the parking lot. Both parties agree that, in the event the SRO is out on family or medical leave for any reason, the Village will assess availability and will use reasonable efforts to provide an interim SRO until the assigned SRO can return from leave, provided that the provision of an interim-SRO does not interfere with police operations or put additional strain on the Village's staffing levels. Further, both parties agree that, in such circumstances, the parties will coordinate and discuss additional options for ensuring SRO services are provided, to the extent possible, until the assigned SRO can return from leave. If possible, the substitute and interim officers will have SRO or juvenile officer training and experience. The District will reduce the scope of the SRO duties for substitute and interim officers to focus primarily on safety and security issues. The Parties may agree to increase the consistency or level of support to be provided by the Village during absences of the

SRO, such as by designating or providing additional officers, and will amend this Agreement pursuant to Section V.G to effectuate such agreement as appropriate.

L. Storage of Firearms on School Property

The SRO may store firearms on District property when unattended by the SRO or not within the SRO's vehicle. Such storage shall comply with the protocols attached to this Agreement as Exhibit C.

V. OTHER TERMS AND CONDITIONS

A. Complete Agreement. This Agreement sets forth all the covenants, conditions, and promises between the Parties. There are no covenants, promises, agreements, conditions or understandings between the Parties, either oral or written, other than those contained in this Agreement.

B. **Relationship of the Parties.** Nothing in this Agreement shall be construed to consider any party, or its respective employees or agents, as the agents or employees of the other party. Nothing contained in or done pursuant to this Agreement shall be construed as creating a partnership, agency, joint employer, or joint venture relationship between the Village and the District. No party shall become bound, with respect to third parties, by any representation, act, or omission of the other party. This Agreement is for the benefit of the Parties only and is not intended to raise or acknowledge any duty regarding conduct or other form of liability as to third parties.

C. **Indemnification.**

1. To the fullest extent permitted by law, the District agrees to indemnify and hold harmless the Village, its officers, officials, agents, volunteers, employees, and their successors and assigns, in their individual and official capacities (the ***"Village Indemnified Parties"***) from and against any and all liabilities, loss, claim, demand, lien, damage, penalty, fine, interest, cost and expense, including without limitation, reasonable attorneys' fees and litigation costs, incurred by the Village Indemnified Parties arising out of any activity of the District in performance of this Agreement, or any act or omission of the District or of any employee, agent, contractor, or volunteer of the District (the "School Indemnitors"), but only to the extent caused in whole or in part by any negligent act or omission of the School Indemnitors.

2. To the fullest extent permitted by law, the Village agrees to indemnify and hold harmless the District, its Board and its members, employees, volunteers, agents, their successors, and assigns, in their individual and official capacities (the ***"School Indemnified Parties"***) from and against any and all liabilities, loss, claim (including employment claims), demand, lien, damage, penalty,

fine, interest, cost and expense, including without limitation, reasonable attorneys' fees and litigation costs, incurred by the School Indemnified Parties arising out of any activity of the Village or the SRO in performance of this Agreement, or any act or omission of the Village or of any employee (including, but not limited to the SRO), agent, contractor or volunteer of the Village (the ***"Village Indemnitors"***), but only to the extent caused in whole or in part by any negligent act or omission of the Village Indemnitors.

3. Nothing contained in Section V.C or in any other provision of this Agreement is intended to constitute nor shall it constitute a waiver of the defenses available to the District or the Village under the *Illinois Local Governmental and Governmental Employees Tort Immunity Act*.

D. **Insurance.** Each Party shall keep in full force at all times during the term of this Agreement, Commercial General Liability Insurance, on an occurrence basis, with limits of not less than $3,000,000.00 per occurrence and in the aggregate. Within seven days of the last Party's execution of this Agreement, each Party shall furnish to the other a certificate of insurance evidencing the insurance obligations under this Agreement. Each Party may satisfy the insurance obligations under this Section V.D. by utilizing excess or umbrella insurance. Each party shall name the other Party's Indemnitors (defined in Section V.C.) as additional insured on all insurance required hereunder. To the fullest extent permitted by each insurance policy and without invalidating any coverage thereunder, the Parties waive any right of subrogation that they or any of their agents may have against the other Party's Indemnitors.

E. **Term and Renewal.** This Agreement shall take effect upon the execution of this Agreement and shall be in full force and effect for a period of one year thereafter. This Agreement shall automatically renew for successive one-year periods unless terminated as provided below. Commencing in Spring 2025, every two years the Parties shall meet and discuss their relationship under this Agreement.

F. **Termination.** This Agreement may be terminated by the Village at any time upon 60 days advance written notice to the District. This Agreement may be terminated by the District at any time upon six months advanced written notice to the Village. Section III (Village Access to Images From District Digital Cameras) of this Agreement may be terminated at any time upon 30 days advance written notice by either party without terminating the other Sections of this Agreement. Sections IV.H and V.C shall survive termination of this Agreement. In the event this Agreement is terminated by either party, the District shall be reimbursed for any excess payments made pursuant to Section IV.H. of this Agreement provided that the District is not in breach of this Agreement.

G. **Amendments and Modifications.** This Agreement may be modified or amended

from time to time provided, however, that no such amendment or modification shall be effective unless reduced to writing and duly signed by an authorized representative of each Party.

H. **Provisions Severable**. If any term, covenant, condition, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

I. **Assignment.** Neither party hereto may assign its respective rights or duties hereunder.

J. **Waiver of Breach.** If either party waives a breach of any provision of this Agreement by the other party, that waiver will not operate or be construed as a waiver of any subsequent breach by either party, nor shall it prevent either party from enforcing such provisions.

M. **Effective Date.** This Agreement shall be deemed dated and become effective on the date the last of the Parties signs as set forth below the signature of their duly authorized representatives.

IN WITNESS WHEREOF, the Parties hereto have executed this agreement by their property officers duly authorized to execute the same.

If a search produces evidence that the

student has violated or is violating the law such evidence may be seized by school authorities and/or turned over to law enforcement authorities, and disciplinary action may be taken. 105 ILCS 5/10-22.6 and 10-22.10a.

4. The SRO shall attend suspension review and/or expulsion hearings upon the request of District officials or the Superintendent. The SRO shall be prepared to provide testimony on any actions that were taken by the SRO and any personally observed conduct witnessed as permitted by law.

5. The SRO shall conduct himself or herself as a role model at all times and in all facets of the job; shall seek to establish a strong rapport with staff, faculty, students, parents and other members of the school community; and shall encourage students to develop positive attitudes toward the school, education, law enforcement officers and good citizenship in general.

6. Cooperation with the parent-teacher advisory committee to develop policy guideline procedures that establish and maintain a reciprocal reporting system between the District applicable local law enforcement agencies regarding criminal offenses committed by students. 105 ILCS 5/10-20.14 and see Board Policy 2:150, *Committees.*

7. Promoting a positive relationship and enhance communications among police officials, students, faculty and staff.

16. Responding to calls for service at or around the school facility while on duty.

17. Enforcing federal and state laws.

18. Networking with area school resource officers in order to effectively monitor youth trends and behavior.

19. Observing and assisting the District with the annual law enforcement drill to address a school shooting incident as required by the *School Safety Drill Act*, 105 ILCS 128/20(c).

20. Participating in training with other school staff as requested by the District on topics including, but not limited to, proper student restraint techniques and crisis prevention intervention (CPI).

21. Participating, advising, and consulting in the annual review of the school's emergency and crisis response plan, protocols, and procedures, including procedures regarding the District's threat assessment team pursuant to Section 25 of the *School Safety Drill Act*, 105 ILCS 128/25, and serve as the law enforcement representative on the District and school threat assessment team(s) pursuant to 105 ILCS 128/45.

Detention and Questioning of Students on School Grounds

The SRO and the District shall comply with Section 22-88 of the *School Code* (105 ILCS 5/22-88), as may be amended, when detaining or questioning a student on school grounds who is under 18 years of age and who is suspected of committing a criminal act.

In accordance with Section 10-20.64 of the *School Code* (105 ILCS 5/10-20.64), there shall be no student booking station established or maintained on the grounds of any school.

EXHIBIT B

ACCESS TO RECORDS

A. **District Records.** The Parties acknowledge and agree that the SRO may have access to District records as follows:

1) The SRO may have access to "directory information" of students as needed to perform duties.

2) In addition to as provided in this Agreement, the SRO may have access to live feed of security cameras in the District pursuant to authorization of the Superintendent or Principal. To the extent camera footage constitutes a student record as defined by the School Code, recorded camera footage will be treated as student record information pursuant to Paragraph A.3 below.

3) The SRO may have access to other (non-directory) student record information pursuant to the following legal guidelines, as interpreted and approved by the Superintendent or Principal:

i) **As a School Official**. The SRO may receive personally identifiable information ("PII") from the District as a "school official" performing SRO duties under this Agreement when the SRO has a direct and legitimate educational interest in the student. A "legitimate educational interest" shall include promoting school safety and physical security of the students. The PII must remain under the direct control of the District, and the SRO may use information obtained as a school official only for the purposes for which it is obtained, and will not disclose such information to third parties, including other employees of the Police Department who are not acting as school officials, unless consent of the parent (or student age 18 or older or has otherwise succeeded to their rights under ISSRA) is obtained or an exception to the statutory consent rule applies.

ii) **Under the Reciprocal Reporting Agreement**. The SRO may receive from the District PII related to students pursuant to the reciprocal reporting provisions of this Agreement.

iii) **Emergencies**. In an emergency, as determined by the Superintendent or School Principal.

If the SRO receives PII from this District under Section 3.ii or 3.iii, the information shall not be governed by the terms of Section 3.i. Notwithstanding the termination of this Agreement for any reason, the confidentiality provisions set forth in this Agreement shall continue in full force and effect following such termination.

B. **Law Enforcement Records.** In accordance with law, the Parties understand that all records both generated and maintained solely by the SRO and the Village shall not constitute student records under FERPA/ISSRA.

SUBJECT: Request for Board Action – Resolution Approving an Agreement with School District 113 Regarding School Resource Officer and Reciprocal Reporting

On Monday, June 15, 2026, at the regularly scheduled meeting of the Mayor and Board of Trustees, the Police Department will seek the approval of a Resolution Approving an Agreement with District No. 113 for Reciprocal Reporting and a School Resource Officer.

BACKGROUND

In 2023, the Village entered into an intergovernmental agreement with the Board of Education of Township High School District No. 113 ("School District") regarding reciprocal reporting, digital image access, and a School Resource Officer (SRO). This agreement is critical to both the Village and the School District, as both organizations seek to promote the safety and security of the students, staff, and visitors who attend Deerfield High School. Since the Village and the School District entered into the prior agreement, the Illinois General Assembly adopted Public Act 104-0430. This legislation amended various provisions of the School Code and requires the Village and the School District to enter into an updated agreement to address the role of the School Resource Officer and the authority of the Village to issue citations to students.

The proposed updated agreement meets new requirements stipulating that the SRO will not be called upon by the school district to issue local ordinance citations for school disciplinary manners, and that the SRO will not issue students local ordinance citations on school grounds during school hours or while students are taking school transportation. The updated agreement also provides for new training requirements for the SRO that are mandated by the new legislation. These updates are consistent with the current practices of the Police Department. A copy of the new agreement is included with updates to the duties and responsibilities of the SRO. Exhibit C to the Agreement has not been included in the public packet because it contains confidential security protocols.

RECOMMENDATION

The Police Department recommends the Mayor and the Board approve a Resolution Approving an Agreement with District No. 113 for Reciprocal Reporting and a School Resource Officer.

Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2026-2027 school district budget in which the operating funds listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: *The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.*

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2025-2026 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 22-26) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2027 Spending Plan
TOWNSHIP HIGH SCHOOL DIST 113

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1)	**What are the Organizational Unit's strategic goals for student success for the 2026-27 school year? What measures will be used to evaluate progress? (*No more than 2000 characters, including spaces.*)**
	District 113's Board-approved Strategic Plan (June 2025) is built around a shared mission to inspire a passion for learning and empower students for the future within a supportive, dynamic learning community. Two goals anchor student success work specifically. Goal One: Student Engagement and Growth - prepare students for future readiness through engagement, in service of growth and achievement. This goal is pursued through three strategies: developing career pathways and work-based learning experiences; implementing rigorous and engaging learning strategies that ensure all students receive comprehensive and targeted support leading to improved achievement; and creating opportunities for meaningful student voice in decisions shaping school policies, programs, and initiatives. Goal Two: An Inclusive Learning Ecosystem - create a safe, inclusive, and innovative learning environment that fosters strong relationships and engages all learners through challenging, relevant, and supportive experiences. This goal is pursued through: continuously assessing student learning to inform differentiated, responsive instruction that promotes growth; establishing a sustainable multi-tiered system of support (MTSS) framework with clear protocols for identifying needs, implementing evidence-based interventions, and monitoring progress toward growth and proficiency; and developing physically, emotionally, and culturally safe learning environments district-wide. Measures Used to Evaluate Progress: Progress is monitored through the district's public Strategic Plan Dashboard, tracking key performance indicators (KPIs) by goal, strategy, and objective, with formal Board updates delivered three times annually through full implementation in June 2030.

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2027 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity *- Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.*

	If "Other" was selected in question 4, please describe. (*No more than 1000 characters, including spaces.*) **Required**	Provide pupil support services and purchase or expand programs.		

5) **Cost Factor Table**

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2026 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least $5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at https://www.isbe.net/ebfspendingplan.

Column G: If the Organizational Unit will receive at least $5,000 in FY 2027 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2027 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2027 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

**The total is the Final Adequacy Target (adjusted for Regionalization Factor) calculated in the Full FY 2026 EBF Calculation file. Due to differences in rounding, this figure may vary slightly from the sum of the subtotals in this table.

Part III: Support for Special Student Groups

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statue these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in Question 1 below (cells G100-G102). If the Organizational Unit received at least $5,000 for any of the student groups, a response to Questions 2 through 4 below is required. For amounts less than $5,000, a response is optional for those questions. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity *- Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.*

Re: Financial Reports – June 2026

Operating Fund Balances:
The operating fund balances contain no unusual activity.

Operating Fund Revenues and Expenditures:
The district collected $126,721,081 (99.52% of budgeted operating revenues) compared to FY25 revenues of $126,293,287 (102.49% of budgeted operating revenues) on the cash basis. After all FY26 audit adjustments have been made, it is anticipated that 99.10% of all property taxes levied for FY26 will have been received. 99.10% is also the collection rate experienced in regards to the monies levied to cover FY25 expenditures. The negative variance in state revenue is largely due to the State of Illinois prorating special education transportation and private facility grant funds more than expected. The proration, typically caused by a shortfall in available state funds, will result in the district receiving less in state special education transportation and private facility grant funds in FY26 than originally anticipated. The positive variance in federal revenue is largely due to the receipt of the final FY25 IDEA flow-through grant expenditure reimbursement, totaling $284,055, in October of 2025. Since the reimbursement was received more than sixty days after June 30, 2025, the revenue was deferred as of June 30, 2025, in accordance with governmental accounting rules, and was therefore recognized in revenue in FY26. After all FY26 audit adjustments have been made, it is anticipated that the district will have collected accrual basis operating fund revenues totaling approximately 100.55% ($128M) of the budgeted amount ($127.3M) for all revenue categories.

The district spent $117,675,480 (96.19% of budgeted operating expenditures) compared to FY25 expenditures of $116,696,949 (99.33% of budgeted operating expenditures) on the cash basis. The increase in FY26 salary expenditures between FY25 and FY26 resulted from pay increases approved by the board as part of the FY26 budget in accordance with negotiated agreements and in line with CPI increases for all staff members not affiliated with bargaining groups. FY26 benefit expenditures were also higher in FY26 than in FY25 because of a one-time $600,000 transfer from the educational fund to the district's self-insurance fund. This transfer was made to restore the self-insurance fund's bank balance, which had declined over the past three fiscal years due to several large PPO insurance claims. The total cost of those claims exceeded the employee and board premium deposits made during that period, reducing the fund's bank account balance. The $600,000 transfer returned the self-insurance fund's bank account to its historical balance level. Purchased services expenditures increased between FY25 and FY26 primarily due to the inception of three new bus leases, which collectively exceeded the cost of the bus leases in effect during FY25 by $325,523. The overage in capital outlay and non-capitalized equipment was primarily due to the completion of a number of large infrastructure projects and major repairs during FY26. Three notable examples of such projects included the installation of four new presentation projectors in the DHS cafeteria, the replacement of forty-five network switches at HPHS and the resurfacing and repair of the outdoor track at HPHS. After all FY26 audit adjustments have been made, it is anticipated that the district will have made accrual basis operating fund expenditures totaling approximately 99.84% ($122.1M) of the budgeted amount ($122.3M) for all expenditure categories.

Financial Results:

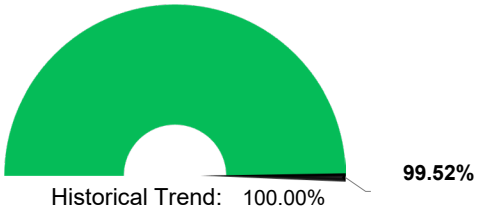

Based upon all information available as of the date of this report, it is anticipated that net revenue collections from all sources will exceed total district-wide expenditures for FY26. Notably, in regards to the non-operating funds, the capital projects fund received an unbudgeted federal reimbursement related to the solar equipment installed at DHS totaling $2,374,023. Those monies will be used to fund future board-approved capital projects. It is anticipated that actual FY26 expenditures will fall within the expected range of spending foreseen in the board-approved FY26 budget. Other sources and uses will exceed budgeted amounts because, on May 19, 2026, the board approved unbudgeted transfers of $3,500,000 from the educational fund to the operations and maintenance fund, and then from the operations and maintenance fund to the capital projects fund in order to fund the purchase of a building. After all accrual audit entries have been posted, it is expected that the district's fund balances will remain stable as compared to those held at the end of the prior fiscal year.

Re: Financial Reports – July 2026

Operating Fund Balances:
The operating fund balances contain no unusual activity.

Operating Fund Revenues and Expenditures:
The district collected $4,581,027 (3.43% of tentative FY27 budgeted operating revenues) compared to FY26 revenues of $3,562,780 (2.80% of budgeted operating revenues) on the cash basis. The increase in year-over-year revenue collections was primarily due to timing differences related to property tax receipts. State and federal revenues are tracking as anticipated and will be analyzed in greater detail as the fiscal year progresses.

The district spent $5,649,331 (4.39% of tentative FY27 budgeted operating expenditures) compared to FY26 expenditures of $4,398,354 (3.60% of budgeted operating expenditures) on the cash basis. The increase in FY27 spending through July is mainly due to the fact that most of the June 2026 accruals were not yet reversed at the time this report was written in FY27 but the corresponding reversals had been posted when the July 2025 report was written in FY26. Additional comprehensive reviews of FY27 expenditures will be conducted as the fiscal year progresses.

Financial Results:
At this early stage in the fiscal year, it is too soon to offer a comprehensive projection of FY27 financial results. However, we are closely monitoring financial performance and will provide additional detailed analyses and updated projections as the fiscal year progresses.

General Formatting Note: The fund balance reports that are generally included in the cash flow / treasurer's reports provided to the board have been excluded from this packet. They will be added back once the FY27 budget has been approved by the board. The reports were excluded because the software used to prepare the cash flow / treasurer's report was unable to properly generate the FY27 fund balance-related summary and line graph report without the FY27 budget being imported into it. NOTE: The FY26 budgeted amounts are currently loaded into the software used to prepare this report. The FY26 budgeted amounts will be replaced with the FY27 budget amounts after they have been approved by the board.
