Equity Plan

Current Implementation Status as of 2026– 2027 School Year

Superintendent

Mrs. Lisa Piccini, Secretary to the Principal/Federal Programs Clerk

Revised 7/13/26

LEAs that choose to accept federal dollars are required by the federal Every Student Succeeds Act to develop an equity plan for how they place teachers in schools and classrooms to ensure that their poor and minority students are not being taught at a disproportionate rate by teachers who are inexperienced (in PA, "experienced" means 3 or more years of teaching), who are teaching out of field, or who are not HQ under NCLB.

Local Education Agencies (LEA) are required to address the issue of equity through district plans describing actions the LEA will implement outlining specific uses of Title I, Title II, and other funds to support the planned actions.

The mission of the East Allegheny School District, a K through 12th grade organization, is to provide all students programs of excellence that instill a passion for life-long learning while preparing them for the challenges of tomorrow. The East Allegheny School District will enhance students' self-esteem, help them discover and maximize their individual potential, and guide each to dignify, appreciate, respect, and accept human diversity.

Our vision is that equity in East Allegheny Schools is achieved when each student gains the requisite skills and knowledge needed to access meaningful opportunities beyond K-12 education.

Title II-A of Every Student Succeeds Act requires that all students, including poor and minority, have equitable opportunities with respect to quality instruction, teachers' instructional experience, class size, and teachers' ability to meet the diverse learning needs of all students. East Allegheny School District's Equity Plan is developed to insure the provision of equity for poor and minority students. The district's Title II-A funds are utilized to support equity needs as they are identified in the area of class size reduction.

Annual Needs Assessment

The District's annual needs assessment is designed to identify areas of need and address the equity components. A number of sources of information detail how the district addresses a) equitable access to highly qualified teachers b) equity in teacher experience c) equity in teacher training d) equity in class sizes, and e) recruitment and retention of highly qualified teachers. These include student test scores, new programs to be implemented, High Q data for certified personnel, anticipated shortages in certificate areas, and teacher evaluation data. Prioritized needs for the district include: 1) professional learning for novice teachers, 2) highly qualified teachers at schools in *AYP Warning* schools, and 3) class size reduction.

This equity plan focuses on the collaboration of all stakeholders including central office administrators, school administrators, teachers, paraprofessionals, parents and business partners. The needs assessment and planning process addresses equitable access of all students to highly qualified teachers and paraprofessionals, equity in teacher experience, equity in teacher training to meet the diverse needs

of all learners, equity in class sizes, and recruiting and retaining highly qualified teachers which results in full equity for all students, regardless of the demographics of the students served.

The LEA addresses class size equity by analyzing the individual class sizes within each school. If inequities are identified, the principal, along with central office administrators, will determine if students need to be moved to another class within the school to make the class sizes equitable or if a teacher must be hired to correct the discrepancy within the school. All initiatives are designed to assist in meeting our goal of providing a quality education for all children.

One of the most important factors in increasing student achievement is a highly qualified teacher. Every student Succeeds Act requires all teachers of core academic areas to be highly qualified. The District actively recruits highly qualified teachers. Teachers are recruited by posting vacancies on-line, in local and regional newspapers, PDE Educators and by advertising on the District's website. If it would become necessary to hire a teacher who is not highly qualified, a Highly Qualified plan is developed and closely monitored to ensure the teacher meets the plan's goal for obtaining appropriate certification within the first year of employment. Such teachers would be notified of this obligation as a pre-condition of an offer of employment.

All students deserve access to instruction by teachers who have equivalent experience. New and inexperienced teachers are placed throughout the system to ensure that low income and minority students are not taught more frequently than other students by inexperienced teachers. The Title I comparability report is used, as well as data from teacher assignments, to help in analyzing and monitoring that minority and low income students are not taught at higher rates than other students by inexperienced and unqualified teachers.

District Plan

The District's goal is equitable access for all students to the best instruction possible, provided by highly qualified teachers who are able to meet the diverse learning needs of all students. East Allegheny School District is committed to the following:

1. Implement best practices in all classrooms to improve the achievement of all students
2. Differentiate instruction to meet the needs of all students
3. Recruit and retain highly qualified teachers and paraprofessionals in core academic areas
4. Provide all students access to instruction by teachers who have equivalent teaching experience
5. Maintain comparable class sizes in all schools regardless of student demographics

East Allegheny School District's Equity Plan provides data on the following:

- School Accountability status

- School poverty percentage
- School minority percentage
- Teachers' HQT status
- Teacher experience percentage
- A general summary of finding
- A data report on core academic subject teaching vacancies that are difficult to fill with highly qualified teachers, by school and grade level.

During the course of the past five years, the vast majority of our teacher vacancies have resulted from retirements. Our data indicates that none of our buildings are particularly difficult to staff or subject to high rates of staff turnover. New teachers at the elementary and high school levels are assigned to the buildings in which the vacancies occur. At the elementary level, people are reassigned among grade levels in accordance with a number of factors, including the optimal grade level for a teaching assignment for a particular candidate or currently employed teacher, the seniority of other teachers at a particular grade level in a building, and teacher personality as it relates to the culture of the school building. New teachers are assigned at the junior and high school levels to the buildings in which the vacancies for which they are applying occur.

Elementary students in grades K-6 are very carefully placed in classes and that process is not at all random. Classrooms are heterogeneously grouped with careful consideration to a student's achievement levels, gender, ethnicity, economic status, special needs, and other criteria. Building principals meet with teachers of sending and receiving grades and carefully consider each student's placement on an individual basis. Care is given to match each student with a compatible teacher both in terms of personality and of instructional strengths and with classmates whose personalities would provide the best environment in which a particular student might be successful.

There are no indications that inequity exists among our school buildings. The District assures that 100% of District teachers are highly qualified and those with three or less years of experience are evenly distributed among our school buildings. None of our buildings has a particularly high rate of teacher turnover; in fact the vast majority of our teacher vacancies in any given year result from the retirement of professional employees.

List of Schools	**Subject**	**Grade(s)**	**# of Vacancies filled by Non-HQT Teachers**
Logan Elementary School	N/A	Grades K – 6	0
East Allegheny Jr./Sr. H.S.	N/A	Grades 7 - 12	0

The Strategies the District implements to ensure that poor and minority students are not taught at higher rates than other students by inexperienced, unqualified and/or out of field teachers.

East Allegheny School District firmly believes that the single-most influential factor in the academic success of our students is the classroom teacher. In accordance with this belief, we consider the recruitment, interviewing, and selection processes to be of vital importance among the many administrative functions that we perform each year. We do not hire a non-highly qualified teacher to serve in any capacity when there are highly-qualified alternative candidates. In the event that we would need to fill a position for which there are no highly-qualified candidates, we will hire a candidate with an emergency certificate. Candidates are only hired with emergency certification once defined, a time-bound plan for them to become highly qualified is articulated with them. We have no teachers employed who are not highly qualified at the current time. Recruitment of top candidates is a district priority that is advanced by district administration and approved by our school board each year. As a matter of routine, all professional vacancies are posted in our district buildings, advertised in our local newspaper, and posted on our district website.

Future Strategies

1. Advertising
   Explore on-line job fairs targeting hard-to-fill areas
2. Work with local colleges and universities to have opportunities for our administrators, principals and teachers to visit student teachers and discuss the benefits of working in the East Allegheny School District.
3. Maintain an ongoing database of prospective teachers and educational specialists. Continuing the use of PA-Educators.
4. Evaluate and interview student teachers. Encourage student teachers when finished with assignment to gain necessary certification to be a substitute within the East Allegheny School District.
5. Initiate the hiring process as soon as we are aware of a vacancy or opening. With the ability to access student teachers and have a database of potential candidates from recruiting fairs we are in a position to interview early and offer jobs in a very timely manner.
6. Continue working to align our system of recruitment, hiring, induction, supervision and professional development.

Description of how Title I, Title IIA, and other funds are used to support recruitment and retention of highly-qualified teachers in all schools.

East Allegheny commits the majority of our Title I funds each year to the salaries and benefits of our highly-qualified Title I math and reading specialists in the district who qualify for Title I funding. Through these funds we are able to support and maintain four full-time staff members that may not be possible for us to support in any other way given the current economy and budget crisis.

Title IIA funds are used to support the salary of one full-time educator in an effort to reduce class sizes at the elementary level.

The District will determine whether or not the strategies are effective by the following:
Highly-qualified status is monitored by the Superintendent and District staff on an ongoing basis (ex: certification checks, Act 48 compliance, etc.) and especially at the time that a new teacher is hired.

The exercise of revisiting and revising this Equity Plan on an annual basis will serve as an opportunity for final review of the strategies enumerated above. In conjunction with these reviews we will identify and remediate any of our activities that prove to be ineffective. Furthermore, ongoing classroom visitations and observations, both formal and informal, by our building-level administrators and federal program co-coordinator will provide evidence of the effectiveness of our teachers. Led by the superintendent, monthly meetings of the administrative team will serve as a forum for discussion of our findings, and for our formulation of any remedial action plan that we may subsequently need to develop to address observed deficiencies.

Success will also be determined by analyzing the data yearly to determine the following data points:

- Number of teachers resigning each year and moving to another school district
- Number of interviews conducted in areas of difficulty in finding highly qualified teachers
- Number of teachers interested in student teaching or completing an internship in the East Allegheny School District.
- Continuously analyze district data to determine percentage of new teachers in schools with a lower socioeconomic status and the student achievement in those schools

EAST ALLEGHENY SCHOOL DISTRICT ASSURANCES RELATED TO HIGHLY QUALIFIED TEACHERS:

- All teachers will be assigned to teach a grade level(s) and subject(s) for which the teacher holds proper Pennsylvania Certification and for which the teacher has been deemed highly qualified.

- East Allegheny has established procedures for developing individual teacher plans that provide for clear and direct communication between the District and individual teachers.

- East Allegheny will notify, annually at the beginning of the school year, parents of each student attending each school that receives Title I Part A funds that the parents may request and the LEA will provide, in a timely manner, information regarding the professional qualifications of the student's teachers in accordance with Section llll(h)(6)(A).

- East Allegheny will ensure that each school that receives Title I, Part A funds provides to each parent timely notice that the parent's child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who is not highly qualified. [See Section llll(h)(6)(B)(ii)] (NOTE: Letters must be sent when the student is assigned to a non highly qualified teacher. If a teacher change during the school year results in a student's class being taught by a non-highly qualified teacher, parents of each student in the class must be notified no later than the date by which students have been taught for four consecutive weeks.)

- East Allegheny has incorporated the states "Procedures for Hiring a Teacher that is Not Yet Highly Qualified" and will fully implement those procedures when it is necessary to hire a teacher who is not highly qualified for the grade level(s) and/or subject(s) the teacher is assigned to teach.

- East Allegheny has policies and procedures to prohibit use of Title I Part A funds to pay the salary of any new paraprofessionals, except under certain limited cases as described in Section 2141(c)(2).

- Definition of "highly qualified" teacher. East Allegheny has policies and procedures to prohibit use of Title II Part A funds to pay the salary of any teacher who does not meet the NCLB and state

ALLEGHENY INTERMEDIATE UNIT
COMPREHENSIVE SERVICES AGREEMENT – 2026-2027

This Comprehensive Services Agreement ("Agreement") is made this **1st** day of **July, 2026** (the "Effective Date"), by and between the ALLEGHENY INTERMEDIATE UNIT ("AIU"), and the **East Allegheny School District** ("District/School") (collectively, "Parties").

WHEREAS, the AIU is a regional education service agency that provides specialized services to Allegheny County's 42 suburban school districts, five career and technical schools, charter schools and numerous other organizations throughout the area; and

WHEREAS, the District/School wishes to receive certain services from the AIU in exchange for agreed-upon fees; and

WHEREAS, this Agreement does not obligate the District/School to purchase any particular service from the AIU, but pertains to services that the District/School chooses to receive.

NOW, THEREFORE, for good and adequate consideration and with the intent to be legally bound, the Parties agree as follows.

1. Scope. The terms of this Agreement, while in effect, shall apply to the AIU's provision of services to the District/School and shall be deemed to be incorporated into all of the Parties' contemporaneous and subsequent agreements through which the AIU provides services and the District/School receives such services. To the extent the terms of this Agreement and those of a contemporaneous or subsequent agreement conflict, the terms of the other agreement shall control.

2. Duration. This Agreement shall commence as of the Effective Date and shall remain in effect through **June 30, 2027**, subject to prior termination in accordance with Paragraph 13 hereof.

3. Services Guide; Pricing. It is agreed that services provided by the AIU are rendered throughout the school year and that the AIU periodically invoices for fees for services provided to the District/School as outlined in the AIU's **2026-2027** Services Guide ("Services Guide"). Fees for programs not listed in the Services Guide will be determined on a case-by-case basis, subject to approval of an addendum or other written agreement by the governing boards of the District/School and the AIU (each a "Services Addendum"). By executing this Agreement, the District/School explicitly acknowledges receipt of the Services Guide and expressly accepts the pricing schedule for all of the services listed therein.

4. Invoicing; Payment. By accepting the services provided by the AIU, the District/School agrees to pay for those services at the prices specified in the Services Guide no later than sixty (60) days from the invoice date. The AIU may apply a late payment charge of 1% per month on any unpaid balance more than sixty (60) days past due and not disputed in good faith, retroactive to the invoice date.

The District/School will be invoiced in accordance with the Services Guide. It is agreed that the District/School will be invoiced for all programs and services provided and utilized by each student. Any delay in invoicing by the AIU will not affect the duty of the District/School to pay the invoice for the services received. The District/School agrees that a failure or delay in invoicing shall not constitute a waiver of the right of the AIU to be paid in full for services received by the District/School.

To ensure that the cost of services is properly allocated among districts, as well as the accuracy of each AIU invoice, the District/School understands and agrees that it is responsible to review all invoices when received; to audit the invoices to ensure that they accurately reflect the services received for each student identified; and to verify whether each student resided in the district being charged for services during that billing period.

The District/School agrees to pay the AIU the price for each program or service requested by the District/School as listed in the Services Guide or Services Addendum. Further, in the event schools are closed on account of contagious disease, the destruction or damage of a school building by fire or other causes during the term of this Agreement, the District/School agrees to pay the AIU the greater of (1) an amount necessary to pay the salaries and fringe benefits of the teachers, as defined by the Public School Code, engaged by the AIU to provide services to the District/School as requested or (2) such amount required by the Public School Code, as it may be amended, or other applicable law.

5. Special Education Services. Any special education services requested by the District/School and provided by the AIU shall be governed by Addendum A: Special Education Services, attached hereto and incorporated herein by reference as though set forth in full.

6. Compliance With Applicable Law. The AIU shall ensure that its services comply with all requirements of Pennsylvania and federal law, to the extent such compliance does not depend upon the performance or actions of any other individual or entity beyond the control of the AIU. The AIU represents and warrants that it and its employees, agents or personnel providing services pursuant to the terms of this Agreement possess the skills, qualifications, experience, licenses and certifications necessary to perform adequately such services. The AIU shall comply with all federal and Pennsylvania laws regarding the confidentiality of educational records of District/School students, including but not limited to the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, and its implementing regulations (34 C.F.R. Part 99) and 22 Pa. Code §§ 12.31-12.33. The District/School shall provide such action, assistance or cooperation as required to ensure that students receive services in compliance with state and federal law.

7. Clearances. With respect to all individuals providing services to the District/School on behalf of the AIU except those having no direct contact with children, the AIU shall ensure that such individuals provide to the AIU the following clearances in accordance with legal requirements:

a. A Pennsylvania State Police report of criminal history record information as required by Act 34, 24 P.S. § 1-111(b);
b. A Federal criminal history record as required by Act 114, 24 P.S. § 1-111(c.1); and
c. A certification from the Pennsylvania Department of Human Services as to whether the individual is named as an alleged perpetrator or perpetrator of child abuse, as required by Act 151, 23 Pa. C.S. § 6344(a.1), (b.2).

If the AIU receives notice of an arrest or conviction of an AIU employee assigned to provide services to the District/School and such arrest or conviction was required by law to be reported to the AIU, the AIU shall report such arrest or conviction in writing to the District/School.

8. Relationship of the Parties. The Parties acknowledge that the AIU is an independent contractor of the District/School and that all individuals providing services under this Agreement are employees or independent contractors of the AIU and not of the District/School. Nothing contained in this Agreement will be deemed to create an employment, agency, joint venture or partnership relationship between the District/School and the AIU or any of their respective agents or employees, or any other legal arrangement that would impose liability upon one party for an act or a failure to act of the other party. Neither the District/School nor the AIU will have any express or implied power to enter into any contracts or

commitments or to incur any liabilities in the name of, or on behalf of, the other party, or to bind the other party in any respect whatsoever without the other party's prior written consent.

ALLEGHENY INTERMEDIATE UNIT
COMPREHENSIVE SERVICES AGREEMENT – 2026-2027
ADDENDUM A: SPECIAL EDUCATION SERVICES

1. Services Provided. For the **2026-2027** school year, the Allegheny Intermediate Unit (AIU) shall provide and operate, for the benefit of students assigned by the District/School, the special education services and programs delineated in the AIU Special Education Plan ("Plan"), as approved by the Department of Education, by furnishing the following:

a. Professional and support staff, as required to implement the Plan in accordance with all applicable provisions of state and federal law;
b. Administrative, supervisory and clerical staff as required to effectively and efficiently implement the Plan and this Agreement;
c. Such supplies, equipment and other materials as necessary to implement the Plan and as mutually agreed upon by the Parties;
d. Such classrooms and facilities as required to implement the Plan in accordance with state and federal law, to the extent the program or service is provided or operated upon premises not owned or leased by the District/School; and
e. Any other personnel, facility, material or service mutually agreed upon by the Parties, subject to approval by their respective governing boards.

Services provided include but are not limited to those outlined in the Services Guide, such as Blind/Visually Impaired Services; Career Development Services; Deaf/Hard of Hearing Services; School-Based Educational Services at the AIU-operated Mon Valley, Pathfinder and Sunrise Schools; Speech/Language-Impaired Support; Pupil Personnel Services; and Occupational and Physical Therapy.

2. Programs Provided on District/School Premises. For special education programs and services provided by the AIU on premises owned or leased by the District/School, the District/School shall provide the following:

a. Classroom and other space necessary for the provision of services;
b. Assistance, cooperation and participation of District/School administrative, professional and support staff in the development and implementation of accommodations, supplementary aids and support services necessary to include, to the fullest extent appropriate, students assigned to special education programs in educational and extracurricular activities, regular education support, regular education instruction, and ancillary services, such as nursing, counseling, library, physical education, food, custodial and maintenance services, as necessary to meet the needs of the students assigned to the program; and
c. Any other personnel, facility, material or service mutually agreed upon by the Parties, subject to approval from their respective governing boards.

3. Multidisciplinary Evaluation and IEP Development.

a. For Students Receiving AIU Services on District Premises. The District/School, in cooperation with the AIU, shall conduct student Multidisciplinary Evaluations ("MDEs") and Re-evaluations ("RRs") and develop Individualized Education Programs ("IEPs") and revise those plans as necessary for exceptional and thought-to-be exceptional students of the District/School. The District/School will provide the AIU staff with an opportunity to participate in the development of RRs and IEPs.

b. For Students Receiving Services in AIU-Operated Schools. The AIU, with cooperation and participation by the District/School, shall conduct student MDEs and RRs and develop IEPs and revision procedures for exceptional and thought-to-be exceptional students of the District/School. The District/School recognizes that it remains the Local Education Agency ("LEA") for the student and is responsible for ensuring that the student's IEP provides for a free appropriate public education ("FAPE"). Therefore, the District/School will participate in the development of MDEs, RRs and IEPs that outline specially designed instruction, accommodations and supplementary aids and services for students. The AIU shall monitor students' progress toward their IEP goals as required in an IEP and provide the District/School with quarterly progress reports.

c. For All Students Receiving AIU Services. Specially designed instruction, accommodations, supplementary aids and services required by any IEP or any order of a hearing officer, appeals panel, the Secretary of Education or court and beyond the scope of the programs and services enumerated in the Plan shall be provided as mutually agreed upon by the Parties, subject to approval by their respective governing boards. In such instances, the AIU administration will work with the District/School, which in all circumstances remains the LEA, in identifying the appropriate service. The District/School agrees that the AIU shall not be liable to the District/School on account of a hearing officer's or court's determination that an IEP does not provide FAPE. The District/School understands, accepts and acknowledges that the contractual relationship between the AIU and the District/School does not place any duties that are borne by the LEA onto the AIU, which is a contracted service provider.

4. Nature of Relationship. Regardless of the location of services received by District/School students, whether on District/School premises or at an AIU-operated school, the District/School acknowledges and agrees that the AIU does not have authority or responsibility as an LEA, as that duty and authority rests solely with the District/School where the student is enrolled. Any liability that may arise as a result of failure to provide due process or FAPE rests solely with the District/School. The AIU has the right to accept or reject students enrolled at a District/School who are referred for placement at an AIU-operated school. Upon accepting a student to an AIU-operated school, the AIU will implement the student's IEP as written.

5. Tuition; Fees for Speech, Hearing and Vision Services. Tuition for the AIU-Operated Special Education Schools and fees for speech, hearing and vision services will be invoiced and paid in installments according to the schedule below:

6. Reconciliation for AIU-Operated Special Education Schools. Because of the fluctuating nature of student enrollment at the AIU-operated special education schools, it is agreed that the overall operating cost for each school will be continuously monitored to determine whether revenue and expenses are in alignment with budgeted projections. The parties agree that at the conclusion of the **2026-2027** school year, the AIU will perform a reconciliation of its special education school revenues and expenses for the entire school year. If the AIU revenues from the school programs provided under this Agreement exceed the expenses incurred in providing such services, the District/School will receive a pro-rata credit; if the AIU's expenses incurred in its school programs exceed the revenues received by the AIU, the District/School will be responsible for and pay to the AIU a pro-rata share of the excess expenses. The reconciliation process will be conducted as follows:

This AGREEMENT (this "Agreement") is entered into and effective 07/01/2026 Through 06/30/2027 by and between Pittsburgh (PACS), a nonprofit organization operating at 3840 South Water Street, Pittsburgh, PA 15203 and **East Allegheny School District 1150 Jacks Run Road North Versailles, PA 15137** referred to as "School District". PACS and the School District are collectively referred to as the "Parties."

BACKGROUND

PACS was awarded a Full-Service Community Schools grant from the US Department of Education. This federal program will support our current partners: Duquesne City School District, East Allegheny School District, South Allegheny School District, and Sto-Rox School District to implement the community school strategy, paired with Integrated Student Supports (ISS), an evidence-based model. PACS takes a 360-degree tiered approach to student support engaging district, school, community, and family to create a network of Full-Service Community Schools (FSCS) in the greater Pittsburgh region. Using trauma-informed, culturally responsive strategies with a commitment to continuous improvement, our approach will build upon our history of success to put the FSCS on the map in Allegheny County. Central to our approach is creating a learning community through our successful provider council model, district-level steering committees, and school-site implementation teams.

A Community School is the overarching strategy PACS will deploy to help increase community and parent engagement in the school district. Further, it will help to coordinate the programs and services offered at the schools to ensure that all students have access to important supportive and enrichment opportunities.

Integrated Student Supports (ISS) is an evidence-based model of case management that PACS deploys to work directly with struggling students and their families.

To provide individualized and collaborative assistance to families, each family will be asked to grant written consent for their student's Personally Identifiable Information (as that term is defined in 20 U.S. § 1232g and 34 C.F.R. § 99.3) collected by School District to be shared with PACS ("Written Consent"). The Written Consent will comply with all requirements for release of student Personally Identifiable Information ("Student Data") under the Family Educational Rights and Privacy Act ("FERPA") and other federal privacy laws, as applicable. The sharing of student information and records will allow the Parties and their partners to reach collective goals set by the district.

Appendix A provides PACS's Written Consent form.

GOALS

This agreement has the following overriding goals:

1. Implement ISS with fidelity to:
    a. Increase academic achievement for the students and the district year over year,
    b. Improve school attendance,
    c. Decrease behavioral incidents,
    d. Increase participation levels in tutoring and mentoring initiatives and enrichment programming,
    e. Increase GPA and individual grades for students served,
    f. Increase each school's academic outcomes and status against Pennsylvania standards, and
    g. Help students create and set into motion a plan for their future.

2. PACS will establish a process to train provider agencies in curricula being taught in school including culture-based curricula,
3. Increase enrichment offerings to connect all students with at least one out-of-school time opportunity,
4. Establish data sharing protocols between providers and schools,
5. Improve students' confidence through demonstrable improvements in academics, behavior, attendance, and perception of their school.
6. Elementary school students will be better prepared for middle school, and high school students will be better prepared for future education and success in the workforce.
7. PACS will increase the number of parent-led groups, identify meaningful volunteer opportunities for parents in schools, and increase the number of trained mentors from the community.
8. PACS will form parent-led site teams to help evaluate programming and support one another,
9. Create at least two professional development opportunities per year,
10. Create a community of learning through a cohort model.

Access to individual student records consistent with the requirements of the FERPA, and only as authorized by prior written consent, is critical to evaluating the impact of PACS's Full-Service Community School implementation.

AGREEMENT

NOW, THEREFORE, PACS and the School District mutually agree as follows:

1. Obligations of PACS.
    a. For the purposes of our data evaluation and to ensure that programs and services are well coordinated, PACS will provide the school with information about the FSCS implementation and an "opt out" parent consent form to be distributed at the start of the school year. The "opt out" consent will allow PACS to capture basic student data (Name, grade level, address, parent contact information, attendance, grades and behavior) this will allow us to properly track the services each student is enrolled in. The purpose of this is to ensure that all students are able to receive at least one enrichment opportunity throughout the school year. The "Opt out" consent form shall be mutually agreed on by PACS and the School District. PACS shall maintain any students who opt out on file. PACS shall provide copies of the received opt out Consents to the School District upon request.

    b. PACS will obtain Written Consent by the family of each student referred for Tier II (small groups) and Tier III (case management) services, in conformity with the restrictions of the FERPA, other federal privacy laws and corresponding state laws, as applicable. PACS shall provide the School District with a list of the names for whom a Written Consent for the release of Student Data has been received. The list will include any restrictions on or exceptions to the Written Consent. The Written Consent shall comply with the FERPA and other federal privacy laws, as applicable, specifically the requirements of 34 C.F.R. § 99.30, and authorize School District to release Student Data to PACS. The Written Consent form shall be mutually agreed on by PACS and the School District and attached hereto as **Appendix B**. PACS shall maintain the Written Consents on file. PACS shall provide copies of the Written Consents to School District upon request.

    c. PACS shall use the Student Data shared under this Agreement for no purpose other than the purposes stated in this Agreement and authorized under Section 99.31(a)(6) of Title

34 of the Code of Federal Regulations. PACS shall strictly comply with all state and federal laws that apply to the use and release of Student Data, including, but not limited to, the FERPA and its regulations, set forth at 34 C.F.R. § 99.

d. PACS shall restrict access to Student Data to: (i) the person or persons that provide direct services to the students; and (ii) the person or persons tasked with analyzing the Student Data, and PACS shall make those persons aware of, and agree to abide by, the terms set forth in this Agreement. PACS may only share Student Data with employees, service providers, contractors or agents of any kind who have signed a separate agreement with PACS, requiring them to follow the FERPA, all applicable state and federal laws, and the terms of this Agreement. PACS does not assume responsibility for any inappropriate release of Student Data by third parties and shall not be held liable for any such actions.

e. PACS shall not release or otherwise reveal, directly or indirectly, Student Data to any individual, agency, entity, or third party not included in this Agreement, except as provided herein, unless such disclosure is required by law or court order.

f. PACS shall not distribute, reprint, alter, sell, assign, edit, modify, or create derivative works or any ancillary materials from or with Student Data, other than publications permitted by the terms of this Agreement or agreed to in writing by the Parties.

g. PACS shall not use Student Data shared under this Agreement for any purpose other than the goals, purposes and projects outlined in this Agreement. Any additional use of Student Data, not within the scope of this Agreement, shall be approved in advance and in writing by the Parties. Nothing in the Agreement shall be construed to authorize PACS to access additional data from School District that is not included in the scope of this Agreement or any addenda. PACS understands that this Agreement does not convey ownership of the Student Data to PACS.

h. PACS shall comply with the School District's security specifications prior to receiving any electronic transfers of individual Student Data. PACS shall take reasonable security precautions and protections to ensure that electronic transfers of individual Student Data are secure and that only persons authorized to access the individual Student Data are able to access it. Reasonable security precautions and protections include, but are not limited to: (i) creating, distributing, and implementing data governance policies and procedures, which protect individual Student Data through appropriate data security systems; (ii) encrypting all individual Student Data carried on mobile computers/devices; (iii) encrypting Student Data before it is transmitted electronically; (iv) requiring that individual Student Data users be uniquely identified and authenticated before accessing Student Data; (v) establishing and enforcing well-defined data privilege rights, which restrict users' access to individual Student Data necessary to perform their job functions; (vi) ensuring that all persons accessing individual Student Data sign a confidentiality agreement, and maintaining copies of the signed agreements; (vi) securing access to any physical areas and electronic devices where individual Student Data is stored; and (vii) installing anti-virus software to protect networks and a firewall to permit or deny network transmissions based upon a set of rules.

i. PACS shall report all known or suspected breaches of individual Student Data, in any format, to the School District as soon as practicable, but within no more than 24 hours. The report shall include, as applicable: (1) the name, job title, and contact information of the person reporting the incident; (2) the name, job title, and contact information of the

person who discovered the incident; (3) the date and time the incident was discovered; (4) the nature of the incident (e.g. system level electronic breach, an electronic breach of one computer or device, or a breach of hard copies of records); (5) a description of the information lost or compromised; (6) the name of the electronic system and possible interconnectivity with other systems; (7) storage medium from which information was lost or compromised; (8) the controls in place to prevent unauthorized use of the lost or compromised information; (9) the number of individuals potentially affected; and (10) whether law enforcement has been contacted.

j. PACS shall securely and permanently destroy all individual Student Data, and any and all copies, physical and digital, thereof, when it is no longer necessary for the purposes of this Agreement or subsequent related agreements. PACS agrees to document the methods used to destroy the individual Student Data and provide certification to School District that the data has been destroyed.

k. For purposes of this Agreement and ensuring PACS's compliance with the terms of this Agreement and all applicable state and federal laws, PACS designates the **Director of Program Success** as temporary custodian (the "Temporary Custodian") of the Student Data. The School District will provide the Director of Program Success with a login to their student data system so that PACS can easily access Student Data under this Agreement. The Temporary Custodian shall be responsible for maintaining a log or of all Student Data accessed pursuant to the Agreement, including confirmation of the return or destruction of Student Data as described herein. Upon request by School District or its agent, PACS shall provide to the School District for review the records PACS is required to keep under this Agreement, including, but not limited to, records for purposes of completing authorized audits of the Parties. PACS may designate an alternate Temporary Custodian at any time by written notice to School District.

l. PACS has the right, consistent with scientific standards, to present, publish, or use results gained in the course of their analysis, but only if the publication, presentation, or use does not include Student Data which may directly or indirectly identify parents, students, or teachers. Publications and reports of Student data, or data derived from Student Data, and other information shared, including preliminary descriptions and draft reports, shall involve only aggregate data. Student Data or other information that could lead to the identification of any student, parent, or teacher may not be used, except by prior written consent of the parent, student, or teacher for the purposes of such specific publication and/or report.
    i. PACS shall provide School District, free of charge, a copy of any research report that is generated using the Student Data.
    ii. School District must be cited as the source of the Student Data in all tables, reports, presentations, and scientific papers where relevant.
    iii. PACS acknowledges that any violation of this Agreement, the provisions of the FERPA and accompanying regulations, and/or other federal privacy laws related to the nondisclosure of protected Student Data constitutes just cause for School District to immediately terminate this Agreement.

2. Obligations of School District

    a. School District recognizes that prior written consent is a permissible means to share Student Data under 4 C.F.R. § 99.30. During the term of this Agreement, the School District shall make available Student Data as defined in **Appendix C** through School

District's data reports system or by secure file transfer.

b. School District shall securely and permanently destroy any data provided by PACS ("PACS Data") to the School District, and all hard and soft (electronic) copies thereof, when it is no longer needed for the purposes of this Agreement or subsequent related agreements. School District agrees to require all employees, contractors, or agents of any kind using PACS Data to comply with this provision. School District agrees to document the methods used to destroy PACS Data and provide certification to PACS that PACS Data has been destroyed.

c. The School District shall provide PACS with information security specifications required to transmit Student Data and other information electronically.

d. School District designates the **[name of designee]** (or an alternative designee specified in writing) ("Designee") as its liaison for all communications with PACS regarding this Agreement. The School District may designate an alternate Designee at any time by written notice to PACS.

A & A Security Group

AGREEMENT FOR SECURITY GUARD SERVICES

THIS AGREEMENT FOR SECURITY GUARD SERVICES (the "Agreement') is made and entered into as of this 16th day of July, by and between East Alleghany School District, (hereinafter referred to as "Client"), and **A&Associates, Inc dba A&A Security Group,** (hereinafter referred to as "A&A Security") having an office located at 951 Sansbury's Way, Suite 203, West Palm Beach, FL 33411.

SCOPE OF SERVICES. Security Services ("Services") covered by this Agreement shall be performed in accordance with accepted security practices and standards. A&A Security has not conducted any security survey or security analysis at Client's Property. Client has determined the number of security officers necessary for the proper surveillance of Client's Property. A&A Security will provide trained personnel to perform the Services according to the schedules agreed to by Client and A&A Security and for the rates discussed in Exhibit A to this Agreement and incorporated herein. It is understood that should a condition arise which calls for an increase in the number of security officers normally used, Client will give A&A Security no less than twenty-four (24) hours advance notice of same, whenever possible, and A&A Security will increase the number of security officers accordingly.

It is the Client's responsibility to provide the general responsibilities of the security officers in written guidelines (the "Guidelines"). The Guidelines are not contractual and do not create any warranty. In the absence of written Guidelines, the security officers will report to Client's designated supervisor and follow his or her instructions. A&A Security may limit the security officer's responsibilities if A&A Security determines it is necessary for the security officer's safety. The nature of the security officer's duties may be varied from time to time at Client's request to meet Client's requirements. The security officers shall perform the duties assigned to them in accordance with all written Guidelines (post orders) as mutually agreed to by the parties and the same may be amended in writing and signed by both parties from time to time. In performing the Services required under this Agreement, A&A Security shall comply with all applicable federal, state, county and city statutes, ordinances and regulations.

TERM & TERMINATION. The term of this Agreement shall commence on the Effective Date described in Exhibit A and shall continue in full force and effect for a period of one (1) year. Upon expiration of the initial one year term, this Agreement will renew for an additional (24) months with an automatic increase of 3.5% to both the standard and premium billing rates as stated on this executed contract. Either party may cancel this Agreement with or without cause at any time upon thirty (30) days written notice to the other party. If any invoice is more than thirty (30) days past due, A&A Security may immediately cancel this Agreement, without any notice.

SERVICE FEES. Client agrees to pay A&A Security the Service Fee set forth in Exhibit A for the security officers including supervisory personnel. Additional service requested within one (1) week of when the Services are required will be billed at the Premium Rate defined in Exhibit A. Further, Client agrees to pay the Premium Rate set forth in Exhibit A, which shall not exceed 1.5 times the standard rate for the security officers for the following holidays: Christmas Eve and Day, Easter, Fourth of July, Labor Day, Martin Luther King Jr. Day, Memorial Day, Thanksgiving Day, and New Year's Eve and Day. Client shall not be responsible for payment of any overtime costs to A&A Security unless previously approved in writing by Client. Client waives any right to assert an offset against A&A Security's invoices. The sale of Client's Property will not relieve Client from the obligation to pay the Service Fee, unless this Agreement is properly terminated.

A&A Security will invoice Client on a monthly basis for Services rendered and payments shall be due from Client's receipt of A&A Security's invoice ("Due Date"), within 60 days of receipt of said Invoices.

The rates and Service Fee provided herein are based on A&A Security's current operating costs for its employees, including minimum wage and liability/healthcare insurance. If these non-controllable costs increase by more than 3%, A&A Security will notify Client of the adjusted rates and Service Fee and the verification of the change. If Client does not agree to the modified rates and Service Fee, then A&A Security may terminate this Agreement upon thirty (30) business days' notice. For any and all Disputed Billing Amounts on the Invoices, Client shall provide a written accounting and reasons for the disputed amount or set-off. Clients written disputed amount shall be furnished to A&A Security within 7 calendar days of receipt of the billing invoices or Client waives his dispute claim in its entirety.

INDEMNIFICATION. A&A Security shall indemnify and hold harmless Client, its officers, directors, agents and employees from and against all claims, damages, losses and expenses, including attorney's fees, arising out of or resulting from the performance of the Services under this Agreement by A&A Security, including but not limited to, any claims, damages, losses or expenses attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property, including the loss of use resulting therefrom, to the extent caused or any willful misconduct or negligent act of A&A Security, or anyone directly or indirectly employed by A&A Security.

If this covenant is breached, Client agrees to pay to A&A Security three thousand ($3,000) dollars, as liquidated damages and not a penalty, for each previously assigned A&A Security personnel. The parties agree that (1) the actual damages which might be sustained by reason of the breach of this covenant are uncertain and difficult to ascertain and (2) this is a legitimate pre-estimate of the costs for A&A Security loss and not a penalty.

In connection with any litigation arising out of this Agreement, the prevailing party shall be entitled to recover its reasonable attorney's fees and costs. Principals' Message

Dear Faculty and Staff,

Welcome to a new academic year at East Allegheny Jr/Sr High School! We are honored to work alongside such a dedicated and talented group of educators who share a deep commitment to student success and the overall growth of our school community.

At the heart of our mission is **comprehensive school improvement**—a unified effort to create a dynamic, student-centered learning environment where all learners are supported and challenged. Every decision we make, every strategy we implement, and every goal we pursue is guided by a shared vision of excellence and equity for every student.

We are unwavering in our commitment to **student growth**—academically, socially, and emotionally. This means not only meeting students where they are, but actively helping them reach new levels of achievement and personal development. Your role in designing engaging instruction, building meaningful relationships, and consistently using data to inform practice is vital to this process.

Our strength lies in our **collaborative culture**. Through strong professional learning communities, open communication, and shared leadership, we cultivate an environment where innovation is encouraged and success is a collective achievement. We are all learners here—committed to growing together in ways that directly impact student learning and school-wide progress.

As Wildcats, we proudly uphold our **Wildcat PRIDE expectations—Prepared, Respect, Integrity, Dedicated, and Empathy**. These core values are the foundation of our school climate and culture. They reflect who we are and what we strive for, both in the classroom and throughout our building. It is our collective responsibility to model, teach, and reinforce these expectations with consistency, compassion, and high standards.

Thank you for your continued dedication to our students and school community. Together, we will make this year one of meaningful impact, measurable growth, and lasting success.

Duties & Routines

- Please refer to the Teacher Locator for your assigned morning duty, which will take place from 7:20 - 7:35 AM, as well as Hallway Supervision Duty and In School Suspension Duty that will occur throughout the day.
- Teachers should check the Daily Coverage Document prior to 7:35 AM each morning to see if you are assigned any class coverage.
- Please be promptly on time for your duty and remain in that location for the duration of the duty.

- Greeting students at the door and engaging in positive conversation and interactions is a priority each and every day.

Professional Responsibilities

- If it becomes necessary for a teacher to miss school due to illness, he/she must utilize the AESOP system.
- Professional employees shall enter their AESOP request no later than 6:30 a.m. of the day they intend to be off.
- Teachers must call off if missing an in-service day even though a substitute is not needed.
- If a faculty member becomes ill during the day, he/she should notify an administrator and the Jr./Sr. High School Office as soon as possible so that arrangements for class coverage can be arranged. If a medical emergency occurs, notify the nurse's office first.
- Teachers will comply with contractual language in **ARTICLE XVIII** regarding longer periods of absence.

Absences: Personal Day

- If a teacher is planning to take a personal day, he/she must enter their information into AESOP.
- Only ten percent of the faculty can be out of the building for a personal day on any given day.
- One day of advanced notice shall be given to the building principal and/or supervisor. One day would be a full 24 hours, i.e. 6:30 a.m. the day before the time off is needed. So, if a person would want a personal day on Wednesday, the person should let the office (Mrs. Piccini or Dr. Long know by 6:30 a.m. Tuesday morning. This should also be entered in Frontline and on the Personal Day Google Calendar
- **Please inform Mrs. Piccini when your personal day is approved or you are canceling an already approved personal day.**

Announcements

- All announcements **must** be emailed to Mrs. Lisa Piccini with a CC to Mrs. Tina Nichols in the event that Mrs. Piccini is absent by 7:00 am the day they are to be read. **Please do not give them handwritten notes**. This will assist our office staff in getting the announcements listed and preparing them for each day.
  Please include the following information on your announcement request:
  - Date of Request
  - Starting and Ending Date of Announcement Request

After-School Activity Meetings

- If you are keeping students after school for tutoring or a club/activity, you must supervise the student for the duration of the activity. At the conclusion of the activity, please walk students to the front lobby for the students to wait for the activity bus or their rides with security to supervise. **No student is to be left unsupervised within the building in classrooms or hallways.** Teachers do not need to wait with the students in the lobby - but should ensure that all students in their activity are safely in the secured entry at the front of the building at the security desk.

Assemblies & Class Meetings

- All faculty members are required to attend class meetings, assembly programs and pep rallies if you have a class at that time.
- For class meetings in the auditorium, faculty & staff should sit or stand with their students. This provides proper supervision and proximity to ensure that all students are fully engaged and following all expectations.
- For school wide events like pep rallies, all staff should be present.

Budget Process

- Beginning each fall, departments meet to access and determine critical needs for the next school year.
- During January we begin the final planning for the next year's district budget.
- The building administration will review the budget process with the faculty as it is communicated from the district business office.
- If you need assistance with completing a purchase requisition or anything related to the budget process, please see Dr. Long or Mrs. Piccini.
- All purchase requisitions will be submitted directly to Mrs. Piccini for her to gather and organize during the budget process.
- **Currently, the district still does not have a business manager. The consulting firm the district used for the transition will be staying on several days per week until a new business manager is hired - so we will continue to monitor the budgetary process if and when a permanent business manager is hired.

Conferences, Training, Professional Development Opportunities

- If a teacher is requesting to attend a conference or field trip, he/she must fill out the Conference/Training Request Google Form and submit it to the building principal for approval. The request is then forwarded to the district level and if approved, forwarded to the school board for their approval.
- **These requests must adhere to the timetable for submitting requests to the school board. The Conference/Training Request Form must be completed and submitted at least six (6) business days prior to the first Monday of the month.** If you do not get your item signed by the building principal by the deadline, you will need to submit it for the following month. If the date of the event/workshop, etc. is prior to the next month's meeting, the Board will not ratify a request. To be safe, you should plan to submit requests 2 months prior to the date of the event/workshop, etc. If the request is late, it will not be considered.

Field Trips

- Field trip forms will be completed via the Field Trip Google Form. Be sure to complete all information in the form before submitting the request.
- All field trips should be scheduled at least one month in advance, as they require school board approval.
- The teacher/staff member must arrange transportation with the assistance of the office staff, if needed..
- The teacher/staff member planning the field trip is responsible for ensuring that all details and communication happened between staff and parents.
- The field trip sponsor must communicate all details with the school nurse and attendance secretary and provide a list of students attending to the entire Jr/Sr High School faculty via email at least 24 hours prior to the field trip.
- The field trip sponsor will submit an accurate attendance list to the attendance secretary before departing school on the day of the trip & alert the secretary when we have returned to school.
- Any use of a volunteer, other than a professional staff member, in a situation where they come into direct contact with the students, mandates that the volunteer have their Act 34, 151 and 114 clearances or 114 waivers on file in the District Office. This must be done prior to leaving on the field trip. This information will include the following:
    - A complete list of all attending, adult and child
    - Destination, name and phone number of contact person
    - Itinerary
- Students who have been suspended out-of-school on two separate incidents are ***not permitted*** to participate in overnight field trips. **It is the teacher's/sponsor's responsibility to monitor and notify those students and their parents if a student is ineligible to participate on an overnight field trip.**
- **The student discipline code is in effect during all field trips. Teachers/sponsors are to deal with students accordingly.**

Forms & Professional Documents

- Forms and professional documents that you may need are located in the Jr/Sr High School Processes & Submissions Google Classroom.

Google Calendar & Google Classroom

- All teachers are required to maintain a Google Classroom for their students to access course information and materials digitally.
- All faculty and staff should use the Google Calendar when scheduling meetings and events, as well as accept meeting invitations that are emailed to you.

Professional Attire

- All teachers are expected to dress professionally and to present themselves to students and the public in a professional manner, yet maintain a level of comfort to actively engage in the tasks of teaching and supporting students in various capacities.
- Due to the nature of temperatures in our building, staff members are encouraged to dress comfortably yet professionally, which includes the following items:
    1. Staff members are permitted to wear sneakers and comfortable shoes that fit with the expectation and need for teachers to be on their feet and actively moving around their classrooms.
    2. Staff members are permitted to wear shorts when temperatures outside are warm. Shorts should be of professional quality and of appropriate length.
- Wear EA gear whenever possible to promote our school pride.
- Faculty are encouraged to participate in Spirit Week activities and dress up days.

Professional Conduct

- It is extremely important that teachers set the academic and behavioral tone in the classroom. The first goal should be to establish and maintain a welcoming, academic atmosphere, where students want to be.
- Maintaining professional yet humanistic boundaries with students is absolutely necessary, as we are the trusted adults in the building for our students.

Recommendations for Student Scheduling

- Each year, in February, we will begin the process of scheduling student classes for the next school year.
- The building principals will review this process with the faculty in February and provide a scheduling timeline for all staff.
- **Teacher course recommendations must be completed by the date set by building administration.**

Shipments of Purchased Materials

- All summer shipments should have been delivered to your respective rooms prior to the start of the new school year. Check your mailbox for notification of supplies that have been checked in. Your name should appear on all materials ordered. Once you have verified your shipments, please sign the green sheets Mrs. Piccini placed in your mailbox at the beginning of the school year and put back in Mrs. Piccini's mailbox so they can be forwarded to the District Office for processing.

Supplies

- If you are in need of classroom supplies, please complete a Supply Requisition. Lisa Piccini can assist with obtaining a form in the main office. Place your Requisition Form in Mrs. Piccini's mailbox. All requests **must** have the teacher's name and room number on it. Every effort will be made to have your supply request filled by the next day. The Jr. /Sr. High School Office staff only will issue supplies. Supplies will only be filled at the end of each day. Please plan ahead, as it is difficult for the office staff to fill supplies that are needed at the last minute.
- Supply Requests for the following year are due to Mrs. Piccini on the final day of the contractual year to ensure that the supplies will arrive for the start of the new school year.

Technical Equipment Usage

- There are many instances in which technical equipment will be used by students; most of the time this will entail use of computers and calculators. **It is the responsibility of the teacher to keep track of this equipment.**
- The expectation is that all teachers will have students utilize school issued technology in an engaging, responsible manner.

Telephone Extensions & Usage

- Classroom telephones are to be used for school related business only. Students are *not permitted* to use the classroom phones.
- Teachers are not to use cell phones during class time to model our cell phone expectations for students, unless in the event of the phone being used for educational purposes, or in an emergency or for necessary communication purposes.
- **ROOM TO ROOM DIALING:** Dial the four digit telephone number. Click here for a full list of room extensions.
- **VOICE MAILBOX:** Teachers will have the use of a voice mailbox. All phone messages that come into the school will go directly in your Voice Mailbox. All teachers are to make use of their Voice Mailboxes. **Voice mailboxes must be checked on a daily basis, and phone calls should be returned within 24 hours.**

Textbook Inventory

- Teachers are to maintain an accurate textbook inventory and keep track of books given to students at the **beginning of the year; at mid-point in January; and at the end of the school year.** All missing books will be reported to the Jr./Sr. High School Office. The teacher will also communicate with parents immediately about any books that a student may have lost.
- *An extensive effort is being made to dispose of old and outdated books and materials. We will continue that effort this year to ensure that we do not hoard materials that we are no longer using that occupy space in our storage rooms. Department chairs will be leading the effort to ensure proper storage and accounting of books and instructional materials, as well as identifying materials that need to be properly disposed of.

Tutoring

- Professional employees shall tutor or work a total of ten (10) hours per semester scheduled by the teacher with documentation provided to the building administrator.
- These ten (10) hours per semester may be used for student tutoring or other educationally beneficial programs including but not limited to: after school tutoring, non-compensated student clubs, district and building committees, non-school day professional development, department collaborations, & any other programs approved by the building administrator. (as noted in Section 22 of the CBA).

Visitors / Guest Speakers

- Any teacher who desires to have a visitor or guest speaker for his/her class must have administrative approval prior to the visitation**.** They will sign-in with security at the front door of the building and display their visitor's pass at all times.

Weekly Update

- Each week, all staff will be emailed a link to the weekly update website.
- All Jr/Sr HS Faculty and Staff are required to check this website weekly to ensure they are informed about events and occurring in the building.
- Links to the Weekly Update, PRIDE Calendars, and EA Google Calendar are tabs at the top of the website that should be reviewed weekly by all staff members.

Academic Information & Expectations

Design tasks that get students doing the thinking.

THE BIG IDEA

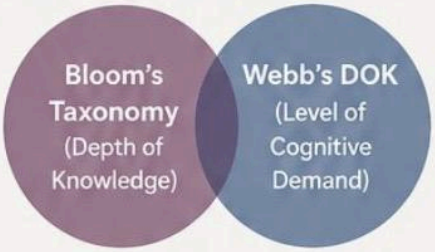

"The task a student is asked to do predicts the level of performance that student will eventually attain."

– Richard Elmore

RIGOR ISN'T MORE WORK. IT'S BETTER THINKING.

Karin Hess's Cognitive Rigor Matrix combines Bloom's Taxonomy (what we think) and Webb's DOK (how deeply we think).

Rigor = **High Quality Thinking** about Important Content

THE SCIENCE OF LEARNING TELLS US...

Durable learning happens when students actively:

- Retrieve prior knowledge
- Explain their reasoning
- Compare ideas
- Generate solutions
- Elaborate and connect
- Apply knowledge in new situations

The quality of the task determines the quality of the thinking.

TASKS AT DIFFERENT LEVELS

LEVEL OF THINKING	TASK EXAMPLES	WHAT STUDENTS DO	LIKELY PERFORMANCE
RECALL & REPRODUCE	• Define • List • Identify	Retrieve information	Memorize and repeat
SKILLS & CONCEPTS	• Explain • Summarize • Describe	Apply procedures, use concepts	Use understanding in familiar situations
STRATEGIC THINKING	• Analyze • Compare • Justify	Make connections, reason, use evidence	Solve problems, explain thinking
EXTENDED THINKING	• Design • Evaluate • Create	Plan, synthesize, innovate	Transfer learning, create new ideas

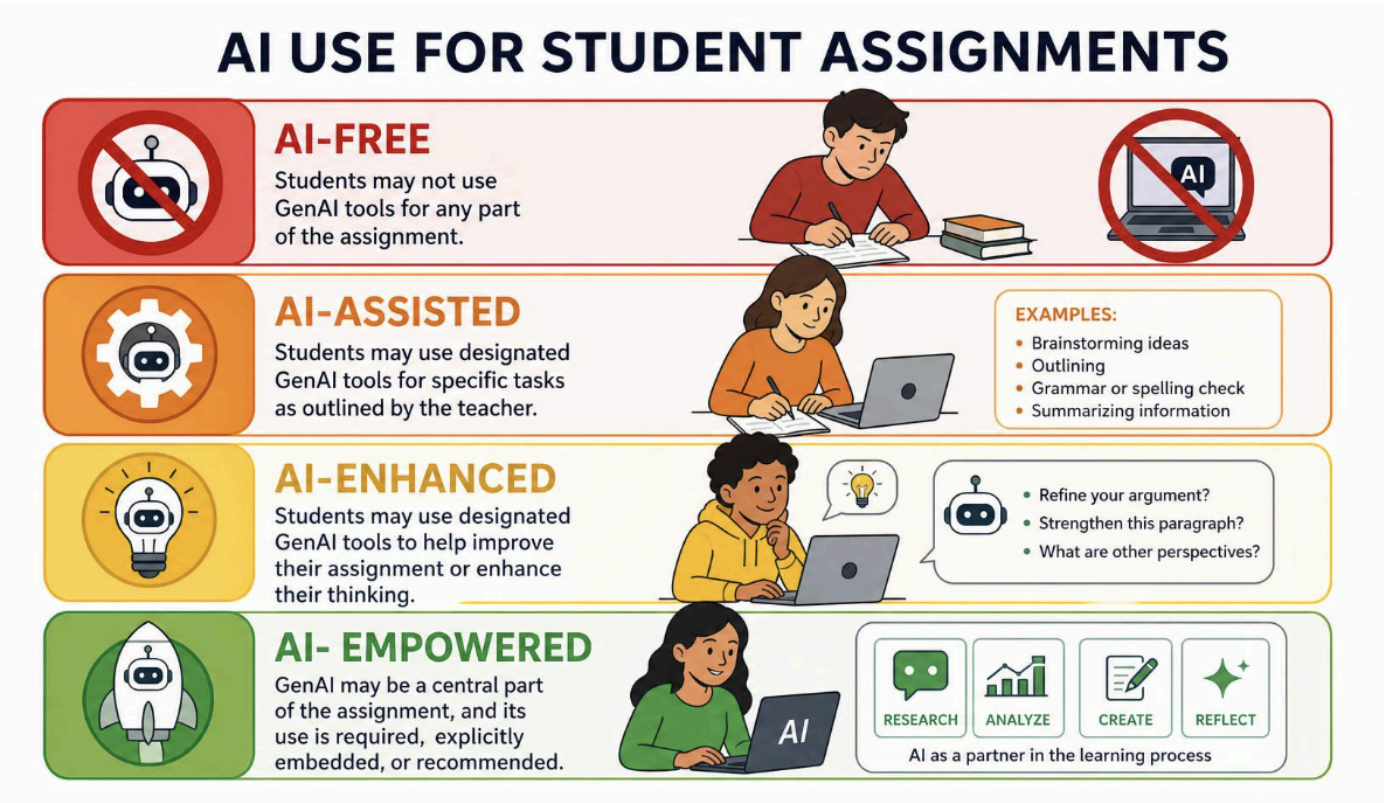

THE BOTTOM LINE

- High-quality tasks lead to deep thinking.
- Students don't learn by watching thinking. They learn by doing thinking.
- Effective instructors design tasks that get students doing the cognitive heavy lifting.
- What students think about is what they learn.

WHAT THIS LOOKS LIKE IN PRACTICE

- Start with the goal: What do we want students to know, understand, and be able to do?
- Design tasks that require meaningful cognitive effort.
- Provide the support students need to access the task (not a simplified task).
- Observe the thinking, not just the completion of the task.
- Use evidence of thinking to inform what comes next.

Artificial Intelligence (AI) Guidelines

Label	Definition	Examples
☐ **AI-Free:**	Students may **not** use GenAI tools for any part of the assignment.	Formal essays, in-class tests, personal reflections.
☐ **AI-Assisted:**	Students may use **designated GenAI tools** for specific tasks as outlined by the teacher.	Brainstorming ideas, generating lists, drafting outlines.
☐ **AI-Enhanced:**	Students may use **designated GenAI** tools to help improve their assignment or enhance their thinking.	Pasting a rough draft into AI to ask, "Where is my argument weak?" and then rewriting the draft based on that feedback.
☐ **AI- Empowered:**	GenAI may be a **central part of the assignment**, and its use is required, explicitly embedded, or recommended.	AI-assisted coding task, GenAI prompt comparison.

Instructional Structures

Block Scheduling Structures Reference Guide

Traditional Block Learning Activity Structure			
Time	**Purpose**	**Suggested Activities**	**Teacher Actions & Tips**
5-10 mins	Warm-Up & Lesson Activation	Bellringer, Daily Question, Vocabulary Preview, Quick Write	Review prior learning or preview today's topic; use regular routines.
10-15 mins	Mini-Lesson / Direct Instruction	Lecture, Modeling, Guided Notes, Multimedia Introduction	Keep it focused—limit teacher talk to impactful, essential academic content.
15-20 mins	Guided Practice / Group Work	Problem-solving, Paired Tasks, Simulations, Activity Stations	Circulate to check understanding; embed checks for learning.
15-20 mins	Independent / Applied Work	Writing, Projects, Practice Sets, Reading, Creative Applications	Offer choice when possible; support differentiation.
5-10 mins	Review / Reteach / Student Conference	Peer feedback, Formative Assessment, One-on-One Support	Address misconceptions, extend or remediate as needed.
5-10 mins	Closure/Formative Assessment	Summary, Student Reflection, Exit Slip, Preview Next Lesson	Reinforce objectives, assess learning, and build connections forward.
At any time, the teacher should adjust the guided practice / independent work time based on students' acquisition and application of content & skills. This provides flexibility to ensure students are grasping foundational skills via formative assessment evidence, yet still move the class forward if and when the foundational skills have been demonstrated and applied - which is an effective Tier 1 instructional strategy.			

Station Activity Block Learning Activity Structure			
Time	**Purpose**	**Suggested Activities**	**Teacher Actions & Tips**
10 mins	Whole Group Launch	Resource Distribution, Expectation & Procedure Review	Introduce learning objectives, explain station tasks, model expectations
20 mins	Station 1	Students rotate through 3 stations with transition between each, engaging in learning activities and completing learning activities	Teacher circulates around the room, sets timer for each 20 minute station, supports students, asks questions, supervises learning activities
20 mins	Station 2		
20 mins	Station 3		
10 mins	Whole Group Debrief	Share takeaways, reflect on learning, clarify misconceptions	Check for understanding, gather feedback, ask questions
At any time, the teacher could pull a group of students who are struggling with any of the learning activities at the stations. The teacher can then do a short, impactful, teaching opportunity to provide students with information, guidance, and/or support - which is an effective Tier 1 instructional strategy.			

Block Scheduling Structures Reference Guide

Lab / Research / Production / Performance Block Learning Activity Structure			
Time	**Purpose**	**Suggested Activities**	**Teacher Actions & Tips**
5-10 mins	Engage & Introduce	Bellringer, Driving Question, Hypothesis Setup, Objectives	Connect to prior knowledge, clarify goals and expected outcomes.
5-10 mins	Pre-Activity Briefing	Demonstration, Directions, Materials Review, Group Roles	Model expectations, clarify procedures, distribute materials.
30-40 mins	Student Hands on Work Time	Conducting experiments, data collection, investigations, projects	Active student work time, teacher circulates for management, support, observation & questions.
10 mins	Analysis / Organization	Graphing, Organizing Info, Drawing Conclusions/Inferences	Guide students to reflect on findings, patterns, evidence, and process.
10 mins	Share & Discuss Findings	Group Reporting, Pair-Sharing, Mini-Presentations, Peer Critiques	Facilitate academic dialogue, encourage student voice & feedback.
5-10 mins	Closure & Exit Ticket	Exit Slip, Journaling, Quick Write, Clean-up Protocol	Reinforce objectives, assess learning, and restore classroom environment.
At any time, the teacher could pull a group of students who are struggling with any of the student hands on work time at the stations. The teacher can then do a short, impactful, teaching opportunity to provide students with information, guidance, and/or support - which is an effective Tier 1 instructional strategy.			

Workshop / Student Conferencing Block Learning Activity Structure			
Time	**Purpose**	**Suggested Activities**	**Teacher Actions & Tips**
10 mins	Warm-Up / Do Now	Activate prior knowledge, bell ringer, review, or formative check	Introduce learning objectives, Facilitate quick check-ins
20 mins	Individual or Small Group Conferencing with the Teacher	Students work to apply skill independently or in small groups (e.g., writing, problem-solving, lab, project) while teacher meets with other students	The teacher meets and conferences individually with students or in small groups. Pauses conferences every 20 minutes to check on whole group needs.
20 mins			
20 mins			
10 mins	Sharing / Reflection	Share work, debrief strategies, reflect on learning	Offer feedback, critiques on student work and learning
The individual student conferencing is an effective, researched based Tier 1 instructional strategy. This allows for teachers to fully engage in meaningful learning conversations in a one on one or small group setting with students of similar needs to provide them with academic support within the classroom.			

IXL Implementation & Expectations

PURPOSE

The purpose of IXL implementation in Grades 7-12 is to provide Tier 2 intervention and remediation on skill deficiencies for all students based on their unique, individual needs and for teachers to have a means to analyze student growth, skill acquisition, & standards-aligned assessments.

EXPECTATIONS

- Consistent weekly maintenance where students spend time in the diagnostic arena is critical in Math and ELA to ensure that students' skill acquisitions are up to date, providing teachers with data to inform grouping, instruction, and student skill growth
- Effective implementation occurs when each department utilizes IXL in a content specific fashion that is relevant and engaging, as to not create student burnout with overuse of the resource.
- Building principals will be monitoring reports on teacher use, student proficiency and growth on a bi-weekly basis and sharing those reports with departments, as oversight is critical to ensure effective implementation.

Helpful IXL Reports

Diagnostic Reporting (found under the Analytics tab)

1. Assessment - Flex Diagnostic Overview

- A quick way to check whether students have a current diagnostic ("Starburst" indicator).
- The Starburst indicates that a student is up to date on their diagnostic.

2. Assessment - Strand Analysis can be used to support student grouping.

- Group students based on their current levels.
- Skill recommendations are provided by group to support targeted intervention and instructional planning.

3. Progress & Growth

- Use this report to monitor student growth over time.
- Review the Assessment Growth column to track progress.
- *Exporting this report is recommended.*

Math Implementation Plan	
Junior High	High School
• Weekly Maintenance (Diagnostic Arena) - One day in class (teacher's choice) • 2 recommended skills a week when it works for teacher • Suggested Skills - Matches classwork as needed	• Weekly Maintenance (Diagnostic Arena) - One day in place of DOT Mondays • 2 recommended skills a week when it works for teacher

English Language Arts Implementation Plan	
Junior High	High School
• Reading will maintain Weekly Maintenance (Diagnostic Arena) - One day in class (teacher's choice) & assign one recommended or assigned reading skill • English will assign supplemental grammar/writing skills (at least one skill but no more than two)	• Weekly Maintenance on Wednesdays • Grades 9-10 all students weekly maintenance, two skill activities (either from their personalized action plans or a recommended skill that we assign). • Grades 11-12, Honors/AP teacher prerogative for how/if to implement. All other sections, all students weekly maintenance, two skill activities (either from their personalized action plans or a recommended skill that we assign).

Social Studies Implementation Plan	
Junior High	High School
• Students will be assigned supplemental content skills (at least one skill but no more than two) • The quiz feature will be utilized to create formative assessments aligned to standards	• Students will be assigned supplemental content skills (at least one skill but no more than two) • The quiz feature will be utilized to create formative assessments aligned to standards

Science Implementation Plan	
Junior High	High School
• 7/8th grade students will be using IXL for group jams for review. • 7th grade will be assigning 2 a week as bell ringers - using this to help reinforce material from the 6th grade and 7th grade standards • 8th grade will be assigning 1 a week as a supplement to reinforce topics from that week. Closer to PSSA time, IXL will be used to review materials from the middle school grade band.	• Chemistry students will utilize IXL on a biweekly basis for supplemental skill practice. • Biology 2 Students will utilize IXL on a supplemental basis, including the quiz feature. • Physics students will utilize IXL on a supplemental basis for skill practice. • Integrated science students will utilize IXL on a supplemental basis, including the quiz feature • Biology students will utilize IXL on a supplemental basis, including the quiz feature • There are not skills relevant to all the classes (such as Anatomy, AP Environmental Science, Chem 2). AP Environmental Science utilizes AP Classroom in a similar manner (bell ringers, practice, reinforcement, review).

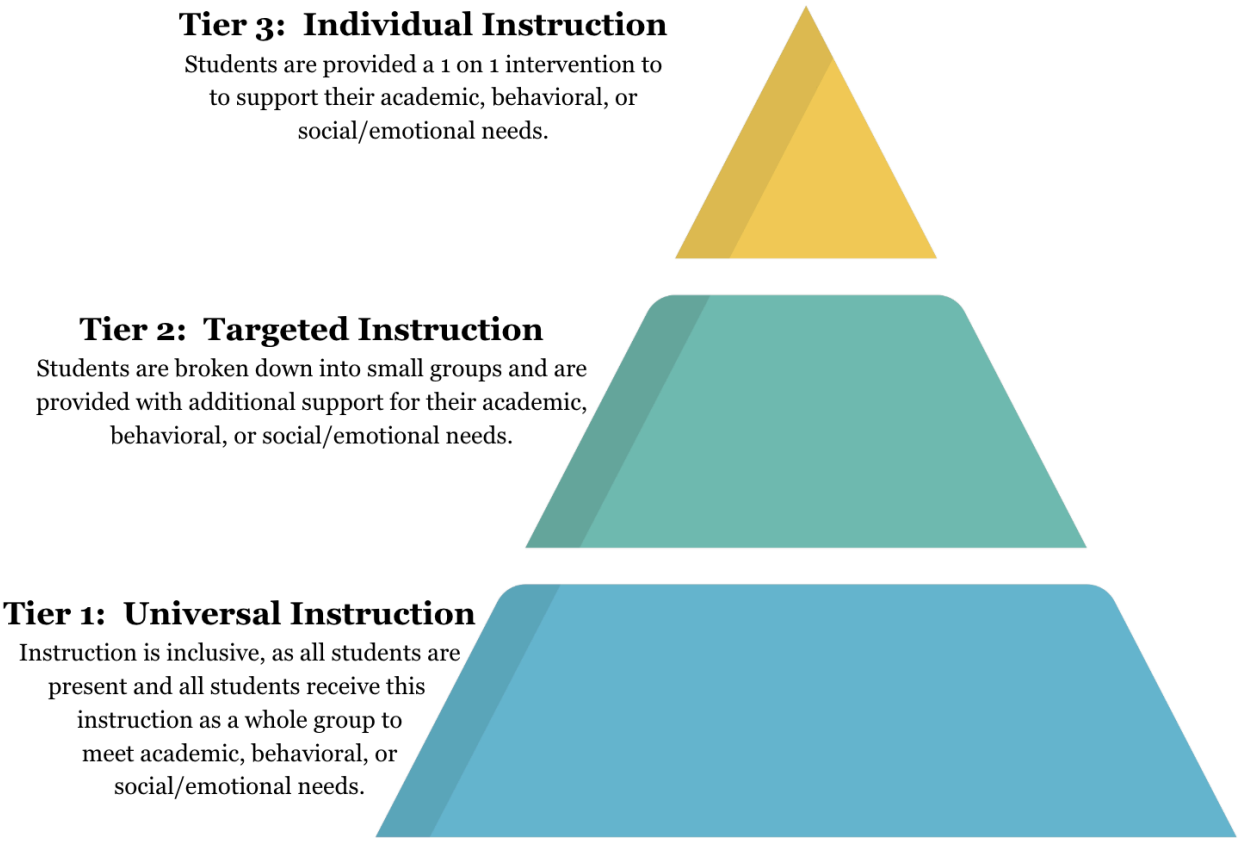

Lesson Planning

- Lesson plans are a vital aspect of a teacher's professional responsibility. They are a positive indication of your ability to determine an effective approach to the course of study. Lesson plans also indicate a student's progress and class objectives.
- Click here for a sample of a lesson plan structure if you need one.
- **Weekly lesson plans are not required to be submitted, but if a concern is raised by an administrator during a walk-through or formal observation, teachers should be able to produce a lesson plan for consultation with the administrator.**
- **Teachers are required to have 5 days of emergency lesson plans in your Google Classroom. This should be completed by Friday, August 28, 2026.**

Multi-Tiered Systems of Support (MTSS)

What is MTSS (Multi-Tiered Systems of Support) at the secondary level?

- MTSS is a proactive and preventative framework that integrates data and instruction to maximize student achievement and support students' social, emotional, and behavior needs from a strengths-based perspective.
- MTSS offers a framework for three tiers or intervention:

- This will provide focus, clarity, and a clearer purpose for Academic Check-Ups during PRIDE Periods each week.
- This will provide dedicated time for shared conversation and collaboration between teachers who share similar groups of grade level students.
- This approach attempts to provide necessary interventions for students and teachers to increase the likelihood of student support and success.

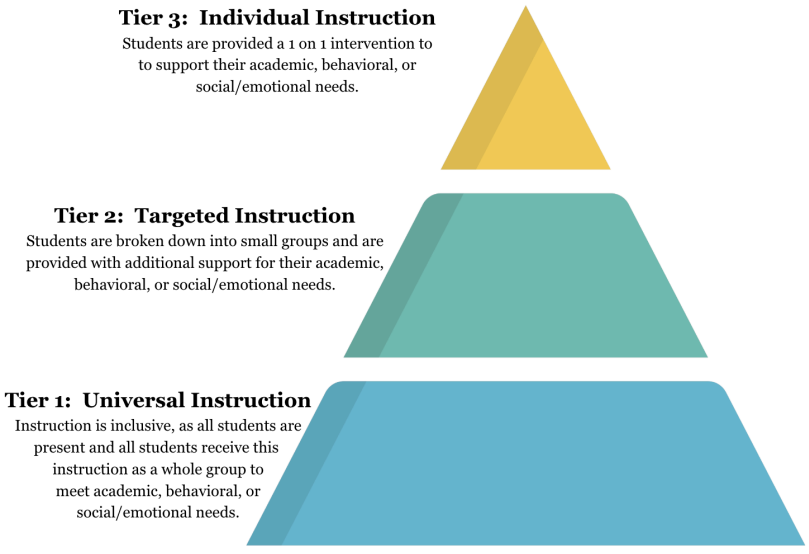

What are the terms I should know to understand MTSS?

- **Data-Based Decision Making**
  - Teams use screening and progress monitoring data to make decisions about instruction, intensification of instruction and supports, and identification of students with disabilities (in accordance with state law).

- **Tier 1: Bottom of the Triangle - ALL**
  - Majority of students. As the largest tier, and the foundation for the entire framework, Tier 1 encompasses the entire school with core instructions and basic interventions. This structure helps to build positive relationships between staff and students. It includes proactive classroom management strategies aimed at creating a supportive atmosphere. Students who do not respond to these interventions may move into Tier 2.

- **Tier 2: Middle of the Triangle - SOME**
  - Small groups of students. Some students need a little extra assistance in meeting academic and behavioral goals, and it is in Tier 2 that these individuals receive that help. Often these interventions and supports are delivered in small group settings, such as reading groups. Check- In/Check-Out (CICO) interventions are often a part of Tier 2, as well. This targeted support allows students to work toward catching up with their peers.

- **Tier 3: Top of the Triangle - ONE**
  - Individual Students. A subset of students has significant challenges that do not respond to the interventions and supports in Tier 1 or Tier 2. Tier 3 gives these students individualized support and can include assistance from outside agencies such as behavioral counselors or family therapists.

How will we make this work for us at Junior High for Grades 7 & 8?

- We established collaborative curriculum team meetings last year led by Dr. Long. We will utilize 2 of these meetings per month to focus on the MTSS process.

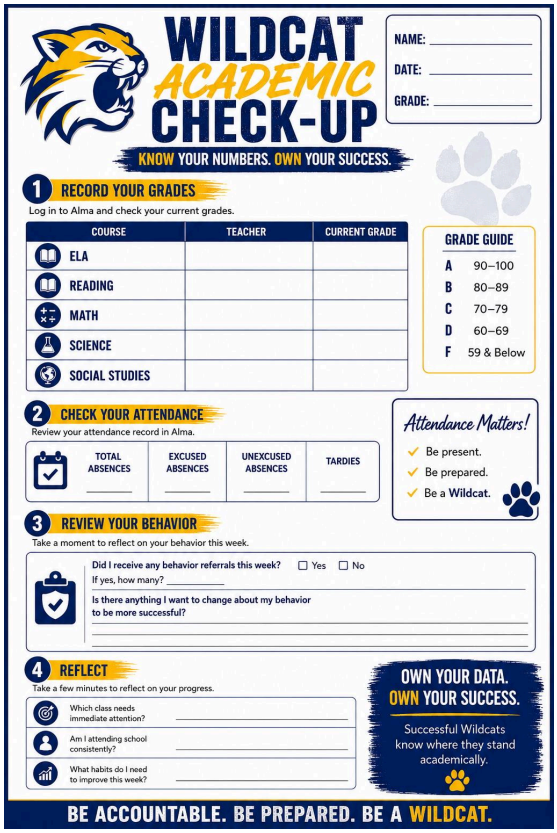

Junior High MTSS Meeting Schedule

MTSS Review during Grade Level Collaboration Meetings on twice per month on WEDNESDAYS:

- Week 2:
  - Grade 7: 7:49 - 8:31 AM
  - Grade 8: 8:35 - 9:17 AM
- Week 4:
  - Grade 7: 7:49 - 8:31 AM
  - Grade 8: 8:35 - 9:17 AM

Junior High School Needs Identification (Grades 7 & 8)

- Each week on Wednesdays during Jr. High School PRIDE Period, students in Grades 7 & 8 will complete an Academic Check-Up Sheet that will be collected and reviewed by the PRIDE Teacher.
- Teachers will keep a folder for each student with the completed Academic Check-Up Sheets.
- PRIDE teachers will identify students in need of support any of the following areas:
  - Academic
  - Behavioral
  - Social/Emotional
- At the bi-weekly grade level MTSS Meeting, PRIDE teachers will bring the names of any identified students in need of support, as well as the corresponding data to provide context about what supports are needed.

How will we make this work for us at the High School for Grades 9 - 12?

- We will hold monthly MTSS Grade Level Meetings with all of the Grade Level PRIDE teachers during our PRIDE Period. These meetings will occur on Thursdays and be led by Dr. Long.
- On the MTSS Meeting dates, the entire grade level of those students will report to the auditorium for a class meeting led by their grade level School Counselor and Mr. Ferek.

PRIDE Period

Teacher Expectations

- PRIDE is the time in the day dedicated to developing relationships with students. PRIDE teachers serve in the role as a trusted adult and advisor, much in the same capacity as college students have advisors that help to guide them through their academic journey.
- High School PRIDE will occur every day from 7:40 - 8:11 AM to start the day.
- Junior High PRIDE will occur every day from 1:51 - 2:21 PM at the end of the day.
- PRIDE teachers will be provided with a weekly calendar of activities and lessons that should occur during PRIDE period every day.
- The PRIDE calendar will be included on the weekly update website.
- **It is the professional responsibility of the PRIDE teacher to carry out these lessons with fidelity and consistency.**
- Students and teachers should be engaging with each other during this period, and not sitting in silence, on their phones, or disengaging from one another.

Grade & Attendance Checks & Communication

- If you have a PRIDE homeroom, you are the point of contact to share any academic or attendance concerns about the students in your PRIDE class.
- When Grade & Attendance checks occur each week in PRIDE, the PRIDE teacher should take note of any students with academic or attendance concerns and call the parent/guardian to share the concern.
- ***PRIDE teachers must make a positive phone call to all students in their PRIDE class by September 30.**
- *Each call should be logged in Alma under the note section.
- For Jr High Pride Teachers, this should be completed during collaborative planning time.

Supervision & Evaluation

Professional staff members will participate in the differentiated supervision model, with a formal observation occurring once every three years. Click here to view the staff assignments for this year.

- Formal Observation
  - Formal observations will be conducted by the assigned administrator, which will include the Pre-Observation Questionnaire, Observation, and Post-Observation Conference utilizing the PA-ETEP platform.
- Peer Observation
  - Staff will engage in observing a fellow K-12 teacher with the intent of improving their instructional practices and gain a deeper understanding of content and skills within the same department or for interdisciplinary opportunities.
- Professional Choice
  - Teachers can choose something they would like to explore to continue their professional learning. Examples could be a book study, an assessment analysis & review, or research/explore an area of interest related to a class that is taught. Professional choices must be approved by the teacher's supervising principal/assistant principal.

Student Assistance Program (SAP)

- This year, referrals to the Student Assistance Program will be made through the aSAP program, which is an online program that will track and organize all referrals.
- If you have concerns about a student's attendance, behavior, social/emotional status, or drug/alcohol/substance use, please complete a SAP Referral.
- **Click here to refer a student to the SAP Team using the aSAP Program**
- **Click here to view a video tutorial for how to make a referral**

Student Performance Measures (SPMs)

- Each teacher is responsible for completing a Student Performance Measure (SPM) in PA-ETEP.
- There are three different options for the SPM, and they are directly related to our Comprehensive School Improvement Plan and Instructional Goals. Use the samples below as a template to complete your SPM in PA-ETEP.
- Teachers must complete Parts I and II of the SPMs in PA-ETEP by Friday, October 2, 2026.

SPM Option 1: Writing Focus: Training and Implementation of Collins Writing Strategies. R.J. Long will support this SPM group, Dr. Lauren Cunningham will provide training. **This SPM is REQUIRED for ALL Social Studies and ELA Teachers. This SPM is OPEN for any teacher in other subject areas desiring training and implementation of effective writing strategies.

What is the current context, corresponding evidence, and/or anecdotal information that informs your identification of this challenge or need?

In conjunction with the Comprehensive School Improvement Plan and through analysis of academic performance in writing. Daily Writing Instruction and Practice have been identified as an area for improvement. Explicit instruction and application of daily writing practice with at least one type of writing from the Collins framework and practice will increase student skill acquisition and application of writing skills. Grading & Assessment Expectations & Information

What should a Grade Communicate to Students & Parents?

Grades are intended to communicate a student's level of mastery of the Pennsylvania Academic Standards and course learning objectives. As such, grades should accurately reflect a student's demonstrated academic knowledge, understanding, and skills rather than simply the completion of assignments or compliance with classroom expectations. Grades should serve as a reliable indicator of learning that informs students, families, educators, and other stakeholders about a student's progress toward meeting established learning standards.

Teachers are expected to:

- Ensure that grades are based primarily on evidence of student learning and mastery of course standards and objectives.
- Design assessments and learning tasks that provide students with multiple opportunities to demonstrate their understanding.
- Distinguish academic achievement from behaviors such as participation, effort, attendance, punctuality, organization, or compliance with classroom procedures. While completing assignments and following classroom expectations are important components of a successful learning environment, these behaviors should not disproportionately influence a student's academic grade.
- Use professional judgment to ensure that grades accurately represent what a student knows and is able to do at the time of assessment.
- Communicate grading expectations and success criteria clearly and consistently to students and families.
- Maintain accurate and timely gradebooks that reflect current student progress and provide meaningful feedback throughout the grading period.
- Update gradebooks in Alma weekly so that student grades are accurate and current.
- Work habits, responsibility, participation, and citizenship should be communicated separately through direct feedback to students and/or parents, as well as the 2 required comments on the quarterly report card.

Grading Scale

100% - 90% =A
89% - 80% = B
79% - 70% = C
69% - 60% = D
59% - 40% = F
Incomplete = I
Medically Excused = M

Honor Roll

Honor Roll will be calculated at the conclusion of each quarter based on student GPA. Honor Roll Assemblies will be conducted for Grades 7-12 by the Assistant Principals.

High Honor Roll:	**3.50 - 4.00**
Honor Roll:	**3.00 - 3.49**

Promotion / Retention of Students

Junior High: Grades 7 - 8

- Seventh and eighth grade students are required to pass four (4) academic classes in order to attain full status in the next grade level.
- Failure in three (3) academic classes is automatic retention. Students who fail two (2) academic classes (English, science, math, social studies, and reading), will be required to attend summer school and to pass those two (2) classes successfully in order to advance to the next grade level.
- If the student is unsuccessful in this attempt or fails to attend, s/he will be retained entirely. If the seventh (7th) or eighth (8th) grade student fails only one (1) academic class, s/he will be recommended to attend summer school and to pass the one (1) class successfully.

High School: Grades 9 - 12

- The required earned credits for promotion are:
  - 10th grade: 5 credits
  - 11th grade: 12 credits
  - 12th grade: 17 credits
- Students in grades 9-12 who fail two academic classes will have the option to attend summer school to make up the credits or may be able to repeat the class for the upcoming school year. If a student fails an academic class in a year, the student has one calendar year to make it up in the regular schedule. In other words, the student can only double up on an English or a Math class in the regular schedule to make up a credit immediately the next school year.
- If the student has failed a class for the second time, the student will not be permitted to make that class up again instead of a credit and must attend a summer school credit recovery program and cannot continue to make up courses failed in successive years, such as taking a freshman English class during the junior year of high school. Students who need to make up an academic credit in their regular schedule must use an elective option to repeat the class. If the student, however, needs to make up more classes than are available during the school year as electives, that student must attend summer school.

Credit Recovery

- Ms. Mattucci, School Counselor for Grades 10-12, is the Credit Recovery Coordinator for the Jr/Sr High School.
- Any student in need of credit recovery should be identified and referred to her.

- The SAT Exam will be offered during the school day at East Allegheny for students once in the fall (October) and once in the spring (March), or students can take the SAT at other locations.

Student Procedures & Expectations

Attendance

Daily Student Attendance

- The PRIDE teachers must have accurate attendance recorded for each student on their roster each morning by 8:00 AM in Alma.
- A seating chart should be maintained to facilitate this procedure.
- When a student returns to school following an absence, he/she must bring a valid excuse from their parent/guardian. The student has three days (the day they return and the next two days) upon their return to present their excuse in the main office excuse box.
- When the school personnel attend court hearings on attendance, your records are of vital importance. They must be accurate for safety and accounting purposes.

Period by Period Attendance

- **Teachers must take attendance in all your classes**.
- Attendance should be taken at the start of each period in Alma to ensure accurate, up to date attendance.
- Attendance should be taken and recorded while students are engaging in their warm up instructional activity.
- **It must be accurate.**

Excusing Student From Class

- **No student is permitted in the hall without an E-Hall Pass.** Students should request an E-Hall Pass and the teachers should approve it.
- Only **one** student is permitted out of class at a time.
- If students are abusing the E-Hall Pass privilege, teachers can contact an administrator to have E-Hall Pass privileges restricted.

Class Cuts

- No student may miss a class unless the teacher grants permission with an E-Hall Pass. Check the student locator to assure the validity of an absence. If it is a cut, then complete a referral in Alma and the assistant principals will address the situation with consequences.

Lates to Class

- No student should be late to class. **Students who are late to class should be admitted to your class. On the third late, the classroom teacher will issue a minor referral in ALMA and an administrator will issue a disciplinary action.**
- A student who is more than ten minutes late to class will be considered as cutting class. A minor discipline referral should be completed in ALMA.
- **Faculty members must contact the parents of students who are habitually late to class**.

Student Discipline Policy

District Policy 218-Student Discipline can be viewed in its entirety at www.eawildcats.net.

The East Allegheny School District believes it is the responsibility of the school, home and community to provide an atmosphere of purpose and concern for education and the individual. Everyone in the school community must assume a role in providing an orderly school environment. An orderly school environment requires a code of discipline that defines responsibilities, categorizes unacceptable behaviors and provides for appropriate disciplinary responses and options. A discipline code must:

- Be preventative in nature.
- Promote self-discipline and personal responsibility.
- Concern itself with the welfare of the individual and the school community.
- Promote a positive relationship among students, parents/guardians and the school staff.
- Distinguish between minor and serious infractions as well as between first and repeated infractions.
- Be reasonable and consistent.

A set of rules does not replace the administrator's judgment in the review of discipline incidents. Discretion may be exercised considering disclosed circumstances regarding exclusionary discipline; however, students will be held accountable for their behavior appropriately.

Students cannot learn unless they feel safe. The health, safety, and welfare of our students is in the highest regard.

The Discipline Policy can be viewed in its entirety at www.eawildcats.net.

Faculty Role In the Disciplinary Process

- All teachers have the absolute right to stop, question, and discipline any student at any time. This **does not** give a teacher the right to strike or otherwise injure a student in the name of discipline. A teacher does have the right to protect themselves, other students, restrain a student and/or break up a fight. Any student being questioned by a faculty member must furnish his/her name and other pertinent information. Failure to do so will result in disciplinary action.
- Teachers should always take a proactive stance when dealing with parents/guardians.
- Remember that you set the tone for your classes on the first day. Your students must know that your class is one that is conducted in an academic atmosphere.
- We are here to educate students in such an atmosphere, no matter which level of class they are enrolled in.
- Teachers are encouraged to document parent/guardian conferences and contacts.
- Steps taken to improve student behavior and academics should also be documented.

Behavior Flow Chart

Teacher Managed Procedures to address behaviors		Office Managed Procedures to address behaviors
• All Minor Behaviors are managed by teachers. • **Teachers will "Resolve" these minor referrals themselves as documentation of the intervention.** • *Teachers will enter a major incident referral if a pattern of minor behaviors occur, which will be addressed by the office. When entering a major referral, remember to put JR in the incident title for a junior high major referral & HS for a high school major referral.*		• Administrators determine outcomes and ensure proper consequences and/or school level support are in place (i.e. reflection, counselor, re-teaching, restorative practices, conferences, etc.) that will result in a positive change in student behavior. • Administrators will resolve all major referrals within 24 hours of them being put into Alma, as per the CBA.

Teacher Assigned Detention

- The administration recognizes that classroom management is an integral aspect of your professional responsibilities. Teachers have the right to assign detention for minor offenses that occur in their classroom or that come to their attention.
- If teachers assign detention, they must give students at least ***24 hours*** notice of a detention. Teachers must inform the parent/guardian of the date detention is being given and why. When you phone the parent/guardian, make sure you note that on the write-up.

Progressive Disciplinary Consequences & Interventions

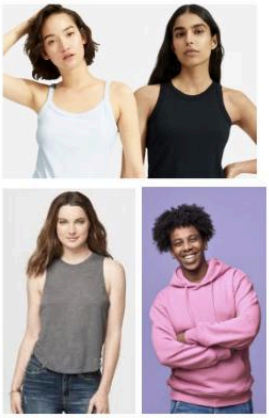

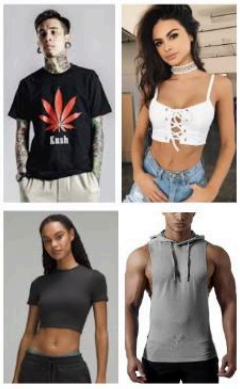

Although the consequences and interventions listed below are available for discipline, the specific discipline will be determined by an investigation of the incident by the building principals and/or assistant principal and consistent with board policy.

Level 1 Student Behaviors • Level 1 actions do not necessarily pose a threat to the health, safety, or property of others. • Students are not referred to an administrator for Level 1 actions unless they continue after appropriate intervention & support. In such cases, staff members should create a minor referral in ALMA to help the administrator & support team identify the most appropriate interventions available for the student.		**Level 1 Interventions & Consequences** (the consequences listed below are possible options)

Cell Phones and Personal Technology in School: Grades 7-12

Cell phones/electronic devices may serve as an outstanding instructional tool and learning resource if used appropriately. We encourage our staff members and our students to use electronics and other 21st century devices to supplement instruction and learning. However, it has been proven that students who are on cell phones or other electronic devices when it is not part of the instructional lesson are not fully engaged in learning. In order to preserve the teaching and learning environment, this document is to clarify the cell phone/electronic devices policy for East Allegheny Junior/Senior High School.

Personal devices included (but not limited to): cellphones, wireless earbuds, iPads, laptops, iPods, portable game consoles, smart watches, and digital video/audio recorders.

Jr. High (Grades 7-8)

All personal devices must be turned off and stored away in lockers or backpacks during instructional periods/blocks and in the hallway during class changes.

Exceptions:

- Use of personal devices is permitted during morning arrival/breakfast until 7:40 am
- Use of personal devices is permitted in the cafeteria during lunch
- Personal devices may be used for instructional or educational purposes with the explicit permission of the classroom teacher.
- Students with medical conditions or language needs that require the use of an electronic device

Sr. High (Grades 9-12)

- All personal devices must be turned off and stored away in lockers or backpacks during instructional periods/blocks.

Exceptions:

- Personal devices may be used for instructional or educational purposes with the explicit permission of the classroom teacher.
- Students with medical conditions or language needs that require the use of an electronic device

Student Responsibilities with Personal Electronic Devices (Grades 7-12)

- Cell phones are prohibited from use in classrooms and any other area in which academic work is being done unless otherwise instructed by the teacher. Cell phones and all functions within the cell phone (i.e. cameras and all other applications) are prohibited in the following areas unless expressly permitted by a staff member for educational purposes: Classrooms, Science Labs, Restrooms, all Physical Education Areas and all School Office Areas.
- Earbuds/headphones must be removed during class time and at least one earbud/headphones removed during hallway passing.
- Cell phones and other devices are not permitted to be charged in the school.
- If a cell phone/electronic device rings, vibrates, or is used for any reason without teacher permission, or is visible anytime during class time or if you are caught using it on campus during class time, a staff member may confiscate the device.
- Under no circumstance is photographing or video recording allowed anywhere on the school premise.
- All cell phone use must be respectful and non-disruptive to students and staff.

- Phones must remain on silent at all times throughout the school day.
- It should be noted that, the school nor any of its employees are responsible for the loss or damage to any student's phone or electronic device whether that device is in the student's possession or confiscated by the staff. It is the responsibility of the student to adhere to this policy and to secure his or her belongings at all times. Classes and or instruction will not be stopped to deal with or search for lost phones/devices.

Contacting Students:

- Parents and guardians should use the school phone number (412-824-9700) to contact their child in case of an urgent matter. The school office will relay messages to students promptly.

Consequences for Violations:

First Offense:
1 day Cell Phone Detention. The cell phone will be confiscated and held in the office until the end of the school day.

Second Offense:

Any additional violations of this policy will result in further disciplinary action taken in accordance with the school's code of conduct. (In School Suspension, Out of School Suspension, or permanent loss of cell phone).

Safety Procedures

Information contained within this plan is provided to staff as a reference guide of procedures for responding to emergencies. This guide is intended to be a reference and should not replace sound judgment and common sense. Become familiar with the information contained in it. The plan should be placed in a readily accessible secure place and not be shared with students or persons not employed by the school district.

Handling Information

- A significant contribution to the overall safety of a school is the capacity for those within its walls to be attentive to their surroundings and to others around them. Get to know your students. Attempt to establish a professional, positive relationship with each student.
- It is important to report anything that seems amiss as soon as possible. Trust your instincts. The administration and school security require your participation in the safe-school process, both prevention and intervention. We are all safer when we are watching out for each other.
- Direct, non-threatening contact with students has been shown to deter student participation in incidents and misbehaviors. Moreover, observation of details in a crisis or critical incident can make a big difference in the outcome of a volatile situation. Any additional information or clues that you can provide to police will enhance their ability to do their job with greater accuracy. With this in mind, do the following:
    - Be consistent in greeting students by name if possible, and making eye contact.
    - Be consistent in asking students to see their hall pass as you pass in the hall during a class period.
    - Ask to see the visitor pass or name tag of any unidentified adults.
- During any critical incident, be alert to any and all details including:
    - Number of students/teacher/others involved – suspects, hostages.
    - Location of all those involved
    - Description of those involved; names, physical features, clothing, etc.
    - Weapons - description and number
    - Items in any participant's possession, unusual/unidentified objects
    - Listen to details in conversation, background noises, etc.
- Be very cautious in your conversations with students:
    - Be careful not to violate a student's confidentiality or compromise any investigations.
    - Report problems or suspected rumors to the office as soon as possible.
    - Never make a promise you can't keep (i.e. not to tell…)
    - All requests for information or comment from the media should be directed to the District Office.

Fire Drill Procedures

It is the teacher's responsibility to inform all students of the following, beginning on the first day of school:

1. The fire drill procedure as listed below
2. The exit they are to use when in your classroom
3. If the assigned exit is blocked (smoke, flames, debris), proceed to the closest safe exit.
4. Do not stop at a locker or the restroom as you leave the building.
5. Do not re-enter the building unless directed to do so by a teacher, administrator, or emergency service worker.

It is also the teacher's responsibility to inform the office if you have a physically disabled student who will likely need assistance in an evacuation.

When the fire alarm sounds, students will, in an orderly fashion, leave the room and move directly to the designated exit. The teacher is the last one to leave the room. Before leaving, the teacher will do the following:

1. Shut all windows; turn off lights; shut the door.
2. Make sure all students have left the room.
3. Take your attendance roster, and your red & green room sign.
4. Proceed to your designated meeting place outside of the building.
5. Take accurate attendance and communicate any missing students with the supervising administrator in your assigned area by holding up your red sign if you are missing any students.
6. If a student is missing or injured, inform an administrator immediately.
7. Do not re-enter the building until directed to do so by an administrator.

When you are outside the building with your students, be aware of emergency equipment that may be moving to a fire. It may become necessary to move the student body to another location, such as the stadium. An administrator will make that decision.

Fire Exits

Instructions for the correct fire exit must be posted in all classrooms.

Bodily Fluid Pathogens

"Universal Precautions" is a standard established by OSHA to protect you from pathogens that can cause Hepatitis B or C, HIV (AIDS), and other infectious diseases. **You are to treat all human blood and body fluids as if they were infected--this includes respiratory and nasal secretions, saliva, vomit, urine, and blood.**

If infectious material is present in your work area, follow these precautions:

1. Remove all students away from the materials.
2. Do not touch the spill. Cover it with paper towels, newspaper, etc.
3. Call the office (ext. 1001 or 1000) or security desk (ext. 1912) immediately. Custodians are trained in disposal and have the necessary disinfectants.
4. If infectious material gets on your hands, wash them immediately with soap and water. Hand washing keeps you from transferring contamination from your hands to other areas of your body.
    a. Remove all jewelry.
    b. Wet hands with running water.
    c. Apply soap and lather well, wash hands for 30 seconds. Wash fronts, backs, between fingers and around and under fingernails.
    d. Rinse hands well under running water.
    e. Dry hands well with paper towels.
5. If a tissue or paper is contaminated, it can be disposed of in your wastebasket. If needed, wear gloves. They provide a barrier for protection.
    a. Protect yourself as well as others; you can't afford not to take every precaution.
    b. Students should be informed of the procedures for universal precautions as part of regular safety instruction for the class/activity as applicable.

Hazardous Materials/Suspicious Object

Inside in your room or space

1. Clear the room immediately, turning out lights and closing the door if possible. Do not attempt to clean up any spill. Move students to another room or area.
2. Check for injuries or medical emergencies.
3. Call the office (ext. 1001 or 1000) and advise of the situation and any special needs for medical assistance.
4. Follow instructions of administrator/emergency services personnel
5. Take roll and remain in the designated safe area until notified that all is clear. Report any missing students.
6. Be prepared to follow evacuation procedures if directed.
7. Direct all media inquiries to the District Office.

Hazardous Materials Release

Outside the building

Keep all students inside the building. Close classroom windows and doors.

If ordered to evacuate by administrator:

1. Leave lights on and doors unlocked, but closed, as you exit.
2. Exit the building in an orderly manner. Stay calm.
3. Keep students orderly and quiet enough to hear further instructions.
4. Follow regular fire drill evacuation procedures unless other specific instructions are given by administrator or emergency services personnel.
5. Ensure that handicapped students are assisted in evacuating the building.
6. Take roll at your destination.

Weather Emergency

The Superintendent's office or designee will notify building Administrators if it is unsafe for students to:

- Remain at school until the normal dismissal time or
- Go home at the usual dismissal time.

Early Dismissal Procedures

- If an early dismissal is involved, the transportation office will be directed to begin a special pick-up.
- Make sure that the method each student will use to get home is safe and reliable (school bus, walking short distances, pick-up by parent).
- Make sure all students are appropriately supervised until they are released.
- Account for all students by keeping a record of how and when each student left.

If students must remain at school:

Upon hearing the announcement, teachers should immediately direct students into the hall to comply with these procedures. Rooms **100** and **102** and students in the **DLC** should proceed to the hall leading to the Music Area where there are no windows.

- Line up facing walls or lockers with arms covering heads. Avoid areas across from windows and glass.
- Remain in this position with arms covering heads until directed to do otherwise.
- Keep students orderly and talking to a minimum so that directions can be heard.

Lockdown/Dangerous Person/Intruder

Situations may arise when it is advisable to go into a building "Lockdown." This may be due to many factors.

- **Report intruders to the office immediately.**
- **Noted intruders will be cause for a building lockdown.**
- **Get a thorough description of the intruder/individual(s).**
- **Report any students who may be out of the room.**

Lockdowns will be announced over the public address system or by the sound of the building "Panic Alarm." At this time, teachers should make sure classroom doors are closed and locked and then check their emails for directions and information on the situation. Teachers who cannot hear the announcement (i.e., music dept., phys ed. dept.) will be contacted by the high school office or security. Substitutes who cannot access email will be called by the high school office.

Upon the designated announcement, the following steps are to be taken immediately.

Stay off the telephones and cell phones, unless an emergency occurs in your room. If all students use cell phones local circuits will overload so please keep students off cell phones. Put all phones on vibrate.

All teachers in classrooms will do the following:

- Lock your door and shut off the lights.
- Close and lock your windows if possible.
- Window shades will be left open.
- Have students stand against the wall so that they cannot be viewed from the door.
- Everyone should remain quiet and calm.
- Under **NO** circumstances are you to open the door until you receive the laminated card. **NO ONE** is to leave the room until authorized by police. Wait for further instructions from the police.

All Physical Education teachers will do the following:

- Have students return to their respective locker rooms immediately.
- Once all students are in, the doors will be locked.
- **NO ONE** is to leave the room until authorized by police. Follow police evacuations as given.

Cafeteria Lockdown Assignment

- Report to the Band and Chorus room (if possible).

ONLY Police will have authorization to evacuate the room. Do NOT open the door unless the official laminated code card slides under the door.

Teachers on hall duty and security personnel will do the following:

- You will report to one of the following locations along with any students you find in the halls: ----nurse's office-----library----nearest faculty lounge.
- Lock doors if possible.
- Under no circumstances are you to open the doors until you are directed to do so.
- **NO ONE** is to leave the room until authorized. Follow evacuations as given.

All staff in the cafeteria will do the following:

- Have all students seated and close the doors.
- If necessary, students should be directed to move under the tables.
- **NO ONE** is to leave the room until authorized by police. Follow police evacuations as given.
- Evacuate students to Band and Chorus areas if directed.

Missing Children/Death on Campus/Additional Actions

Missing Children Actions

In the case of a child who is unaccountably absent from school or a child who has been withdrawn from the district without being entered into another system:

1. Notify the Principal. Principal will notify Superintendent
2. Custodian of School Attendance records shall contact NVPD 412-823-1111 and report:
    a. Name, age, gender, physical description of child
    b. Last known address of the child, parent or legal guardian.
    c. Workplace address of parent or legal guardian
3. A record of the missing person's report should be placed in the child's permanent record file.
4. Any staff member having knowledge of the child will cooperate with police efforts to locate the missing child.
5. The Superintendent or Principal will notify Police if a missing child is located.

Death on Campus

1. Call NVPD Notify principal.
2. Notify the school nurse
3. Principal will lockdown the building.
4. Principal will separate all witnesses until the arrival of Police.
5. Principal will document any statements made by witnesses.
6. Principal will contact the Superintendent, provide information on the situation and advise on actions taken.
7. Principal will contact parents/family when appropriate and given permission to do so.

Additional Actions

1. Complete incident report
2. Send home a parent letter explaining the incident and advising on available supports at school.
3. Debrief and plan for the next day with district personnel.
4. Set up grief counseling for students and staff if needed.
5. Meet with faculty and students
6. Secure personal items of the deceased from lockers, desks etc.
7. Prepare for media inquiries.
8. Stop any negative mail going home to the family.

Earthquake/Natural Disaster Actions

If Indoors

Teachers will do the following:

1. Drop, Cover and Hold On. Minimize your movements to a few steps to a nearby safe place and if you are indoors, stay there until the shaking has stopped and you are sure exiting is safe.

2. Stay away from glass, windows, outside doors and walls, and anything that could fall, such as lighting fixtures or furniture.
3. Do not use a doorway except if you know it is a strongly supported, load-bearing doorway and it is close to you. Many inside doorways are lightly constructed and do not offer protection.
4. Stay inside until the shaking stops and it is safe to go outside. Do not exit a building during the shaking. Research has shown that most injuries occur when people inside buildings attempt to move to a different location inside the building or try to leave.
5. DO NOT use the elevators.
6. Be aware that the electricity may go out or the sprinkler systems or fire alarms may turn on.

If Outdoors

1. Stay there.
2. Move away from buildings, streetlights, and utility wires.
3. Once in the open, stay there until the shaking stops. The greatest danger exists directly outside buildings, at exits and alongside exterior walls. Many of the 120 fatalities from the 1933 Long Beach earthquake occurred when people ran outside of buildings only to be killed by falling debris from collapsing walls. Ground movement during an earthquake is seldom the direct cause of death or injury. Most earthquake-related casualties result from collapsing walls, flying glass, and falling objects.

If in a Moving Vehicle

1. Stop as quickly as safety permits and stay in the vehicle. Avoid stopping near or under buildings, trees, overpasses, and utility wires.
2. Proceed cautiously once the earthquake has stopped. Avoid roads, bridges, or ramps that might have been damaged by the earthquake.

If Trapped Under Debris

1. Do not light a match.
2. Do not move about or kick up dust.
3. Cover your mouth with a handkerchief or clothing.
4. Tap on a pipe or wall so rescuers can locate you. Use a whistle if one is available. Shout only as a last resort. Shouting can cause you to inhale dangerous amounts of dust.

After an Earthquake

1. When the shaking stops, look around to make sure it is safe to move. Then exit the building.
2. Listen to a battery-operated radio or television for the latest emergency information.
3. Use the telephone only for emergency calls.

District Notices of Parent/Student Rights

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School Official will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the school principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board, a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA.

Family Policy Compliance Office
U.S. Department of Education

Washington, D.C. 20202-5920

Annual Notice

East Allegheny School District provides a free, appropriate public education (FAPE) to exceptional students consistent with the Individuals with Disabilities Education Act (IDEA) of 2004 (P.L.108- 446). To qualify as an exceptional student, the child must be of school-age, in need of specially-designed instruction, and meet eligibility criteria for one or more of the following physical or mental disabilities: autism, deaf-blindness, emotional disturbance, hearing impairment including deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment including blindness, and in the case of a child that is of preschool age, developmental delay. Information regarding the appropriate developmental milestone descriptors for infants and toddlers may be found at the Center for Disease Control (CDC) website at cdc.gov. For additional information regarding the signs of developmental delays or other disabilities, please contact the School Psychologist on 412.824.8012 x 4153.

- Identification procedures ensure eligible students receive an appropriate program consisting of individualized special education and related services. At no cost to the parents, these services are provided in compliance with state and federal law and planned to ensure meaningful educational benefit and student progress.
- To identify students who may be eligible for special education, various screening activities are conducted on an ongoing basis. These screening activities may include hearing, vision, physical and speech/language screening; a review of group-based data (cumulative academic records, ability and achievement test scores, enrollment records, report cards, and health records); and a review by the building-level team. When screening results suggest that a student may need special education services, East Allegheny School District will, with parental consent, conduct an evaluation. Parents who suspect their child may need special education services may also submit a written request for an evaluation to the school principal. Services designed to meet the needs of exceptional students include: a timely evaluation and the annual development of an Individualized Education Program (IEP). Parents are an integral part of the IEP process and should be present at IEP meetings. East Allegheny School District will make every effort to ensure parent participation.
- The extent of special education services and the location for the delivery of those services are determined by the IEP team and based on student's identified needs and abilities. Services designed to meet the needs of eligible students include the annual development of an Individualized Education Program (IEP), bi-annual or tri-annual multidisciplinary re-evaluation, and a full continuum of services, which include Itinerant, Supplemental, or Full-Time Levels of Intervention. The district also provides supplementary aids and services, such as transportation, physical therapy and occupational therapy, as necessary for the student to benefit from the special education program. Parents may obtain additional information about special education services and programs and parental due process rights by contacting the child's school principal or the Special Education Office at 412-824-8012.

McKinney Vento Homeless Information

Educating Children and Youth Experiencing Homelessness - Board Policy 251

Under McKinney Vento all school districts are responsible for identifying students experiencing homelessness and connecting them with the resources needed to ensure academic success.

Who is considered homeless—Children or youth living in a shelter, transitional housing, hotel/motel, vehicle, campground, on the street or doubled up with friends or family due to a lack of alternate resources are considered homeless. An unaccompanied homeless youth is a child or youth that is not in the care of their parent or legal guardian and meets the definition of homeless under McKinney Vento.

Where can students experiencing homelessness attend school?—The law indicates that homeless students have the right to remain in their school origin (the school they attended at the time of the homeless episode or last school attended) through the end of the school year in which they find permanent housing, provided it is in the child/youth's best interest.

If through consultation between the school and the family and/or unaccompanied youth it is determined that remaining in the school of origin is not in the student's best interest, then the student has the right to immediately enroll in the school that non-homeless students living in the attendance area in which the child/youth is actually living are eligible to attend, even if they do not have all of the required documentation. Additionally, unaccompanied homeless youth have the right to immediately enroll in school, even if they do not have a legal guardian present.

What supports can school districts provide to homeless students?—Homeless students are eligible for supports and services to remove barriers to educational success. This may include transportation to the school of origin, referrals to physical/mental health providers, clothing to meet school requirements, access to school supplies and resources, assistance with credit recovery, tutoring, assistance to participate in school activities, sports, club, etc.

Homeless Dispute Process—If at any time there is a disagreement about homeless status or best interest for school placement, the district will notify the family in writing of their determination that the family/unaccompanied youth is ineligible for McKinney Vento services. At this time, the district will provide the family/unaccompanied youth with the ability to dispute their determination. Throughout the dispute process, the child/youth, including unaccompanied youth, will continue to be educated in the school of origin or immediately enrolled in the school they are seeking enrollment in until the dispute process is finalized. Transportation will continue throughout the dispute process. All disputes will be sent to the ECYEH Regional Coordinator who will issue a determination. If any party is unhappy with the determination, they can elevate the dispute to the state coordinator.

What if I think that I am eligible for services under McKinney Vento?— Reach out to our Homeless Liaison, Ms. Shataya Taylor. She can be reached at staylor@eawildcats.net or 412-824-9700 x 1004.

Principal's Message

Dear Wildcats,

Welcome to the **2026–2027 school year** at East Allegheny Jr./Sr. High School! Whether you are returning to continue your journey or joining the Wildcat family for the first time, we are excited to have you with us. Each new school year brings new opportunities to learn, grow, build relationships, and create lasting memories. We are committed to ensuring that every student feels welcomed, supported, challenged, and inspired to reach their fullest potential by demonstrating our Wildcat P.R.I.D.E.!

As we begin this year together, we will continue to build upon the incredible progress our school community has made by focusing on three important priorities: **consistent attendance, academic growth in English Language Arts and Mathematics, and cultivating a school culture that is safe, engaging, and fun for everyone.** Regular attendance is one of the most critical factors in academic success. When you are present, engaged, and participating each day, you are building the foundation for learning, relationships, and future achievement. We encourage every student to be here daily—on time and ready to learn—because **every day counts**.

In our classrooms, we are continuing to strengthen our instruction and support systems to help all students grow and thrive, especially in Math and ELA. These foundational subjects are key to your future success, whether you're preparing for college, the workforce, or other personal goals. Our teachers are committed to providing you with meaningful, standards-based learning experiences that challenge you to think critically, problem-solve, and communicate effectively.

As we move through the year together, remember that **you have a team of educators, counselors, and staff who believe in you and are here to support your success**. We encourage you to set goals, stay involved, ask for help when needed, and take pride in your work and your school.

Transportation

East Allegheny School District has a contract with Allegheny Transportation Services (ATS) for student transportation. Please, contact the ATS directly for transportation needs/questions at 412-349-8737. Bus schedules are posted on our website's transportation page.

- Manager: Mrs. Vicky McClain vmmclain@alleghenytransport.net
- Dispatcher: Ms. Kim Law klaw@alleghenytransport.net

All students will be transported to and from school by bus unless the district is adequately notified otherwise. Students are to ride on the bus assigned to them by ATS and get on and off the bus at their designated stop. If you would like your child to be a walker, please send a letter to the school giving this permission. Students are not permitted to ride an unassigned school bus on a temporary basis unless an emergency exists and the school has granted approval. Students are not permitted to change buses without permission from the District Office.

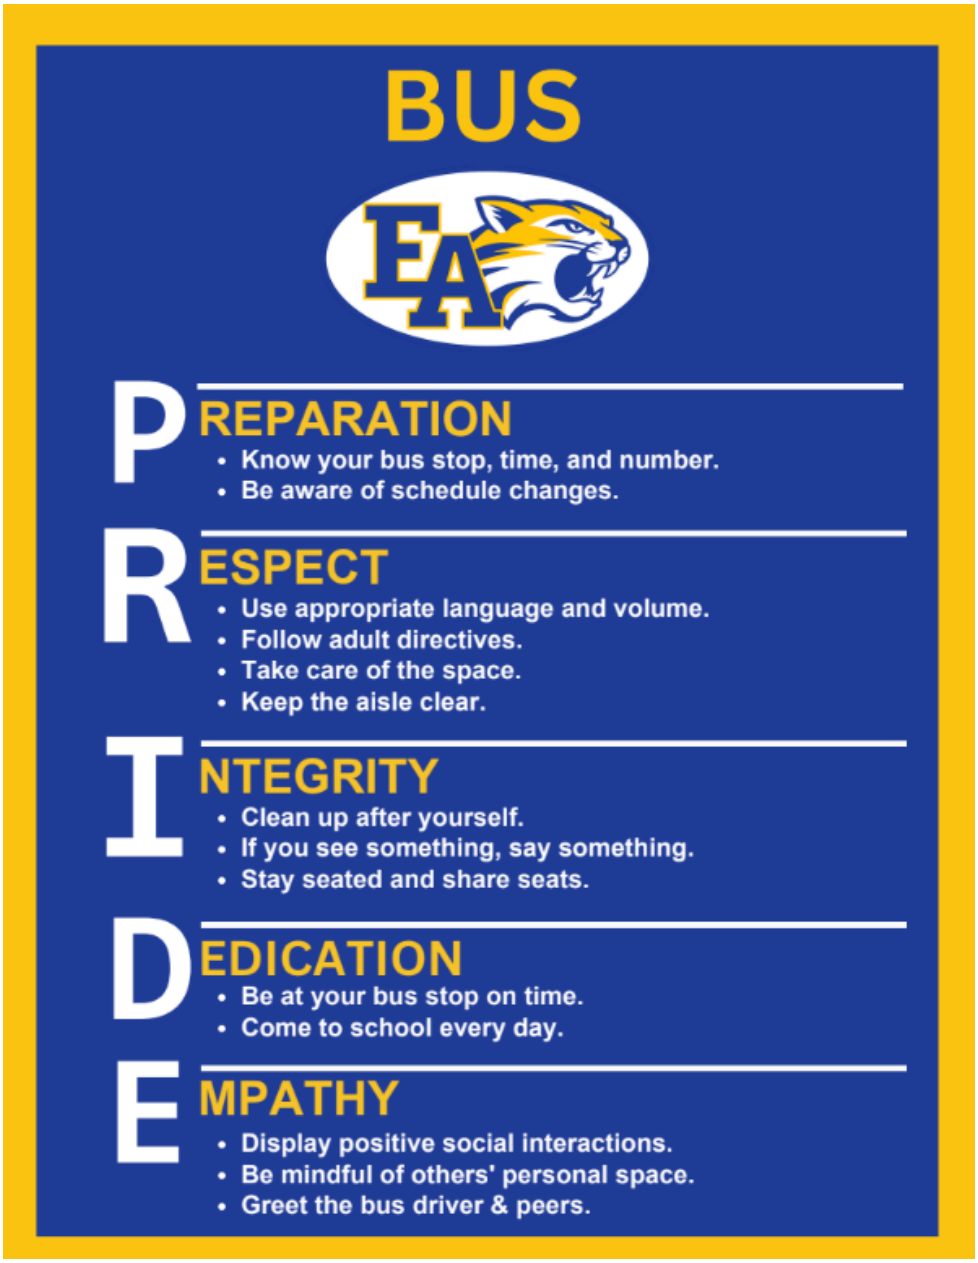

Bus Expectations

Safety is the prime concern of everyone. It is important that you and your child review the bus regulations as prescribed by the Bureau of Traffic Safety and the East Allegheny School District. It is imperative that all riders follow common sense rules for their safety. Students are not to throw objects out of windows or around the bus and should keep their head and arms inside the bus. There is to be no horseplay or disruptive talk, or anything to distract the driver. Fighting or disrespect to the driver will result in disciplinary action. The district is responsible from the time the student leaves his/her home until their return at the end of the school day. Remember, riding the bus is a privilege, which can be suspended. Smoking on school buses is prohibited. Our goal will be to protect the welfare and safety of everyone on the bus; therefore, all reports from the bus driver will be handled in a complete and serious manner.

1. Bus riders are to be at their scheduled bus stop five minutes before the bus is due.
2. Bus riders MUST follow the driver's directions the first time given.
3. Bus seats are assigned by the driver and must be occupied until permission is given by the driver or school personnel to make any changes.
4. Bus riders must remain in their seats facing forward while the bus is in motion.
5. Bus riders must use appropriate voices, language and gestures,
6. Bus riders must treat others and their property with kindness and courtesy.
7. Any person willfully damaging a bus will be held responsible for any such actions.
8. Bus behavior infractions carry the same penalties as school infractions.
9. Students are only permitted to ride their assigned buses home and get off at his/her designated stop. Failure to adhere to this procedure will result in consequences as per the District Discipline Policy 218.

*Failure to adhere to these procedures will result in disciplinary action. *Fighting on the bus and/or at the bus stop is a major offense & will be addressed as per the Discipline Policy.

The Wildcat P.R.I.D.E Bus Expectations

Leaving the Bus Stop

If the school bus does not arrive at the bus stop on time because of mechanical failure, road or weather conditions, the pupil is expected to wait for the bus at least one-half (1/2) hour in inclement weather and one (1) hour in fair weather. If the pupil leaves the bus stop, the pupil is to return to his/her home so that he/she can be contacted by the school if need be. Failure to be at home will result in an unexcused absence.

Enrollment in School

Registration

New student registration will take place via the Alma student information system. Registration will be managed centrally at the District Office.

- Please contact Mrs. Kristin Wagner, 412.824.8012 Ext 4150 to make a registration appointment.
- Registration of new students requires documentation of residency within the district.
- Students attending charter, private or parochial schools requesting transportation must complete and submit a hardcopy “Transportation Registration Packet” also attainable on our website.

Transferring or Withdrawal from School

Transfer requests may be enacted by the parent/guardian only. Once approved, the parent/guardian must sign an official withdrawal form. The student will then obtain the signatures of his/her teachers and must return all books/calculators and pay any fines that may be due. When the withdrawal form is completed, the student will return it to his/her counselor and receive a transfer.

Student Records & Information

Alma (Student Information System)

- The district will be utilizing Alma as our student information system. Through Alma, students and parents will have access to grades and report cards, student attendance, schedule, school calendar, staff directory, fees, complete district forms, get important district notifications and more.
- Parents will be able to view information for all their students in one account without needing to log out of one student and in for another student in a different building. Alma can be accessed through any web browser as well as a smartphone app.
  Parents/Guardians MUST have an email on file in order to have access to their student(s) accounts.

Updating of Contact & Health Information

- Your child's building office must be notified immediately when there is a change in their contact information. Please be sure if there are changes throughout the year, that those are communicated to their school, via a phone call, email, or Alma update. Everyone permitted to pick up your child from the school must be listed in your child's Alma account as a contact. Early dismissal notes, and phone calls will be verified by a building secretary to ensure their authenticity. Your child's health, safety, and welfare are our highest priority. It is for that reason that we take such precautions.
- Health information must also be updated with the school nurse each year in case of an emergency.
- Nearly all communication from the school is through electronic means; please be vigilant in maintaining their accuracy.

Photo Release

- Students enrolled in the East Allegheny School District may be photographed from time to time by members of the press, and/or District staff. Photos may be shared on the District Facebook page or Instagram. They may also be shared via classroom communication apps and used in the yearbook or school newspaper.
- Images will not be used in any form of paid advertising. Should you wish not to have your child photographed, please contact your child's school building secretary to make this request.

Communicating with Teachers & Staff

If parents wish to speak with a teacher personally, they are encouraged to call the school office and arrange for the teacher to return the call. A note or e-mail is also a convenient way to communicate with your child's teacher. Teachers are expected to return calls within 24 hours. Teacher contact information is also listed on our website.

Any contraband or illegal items that the students may have will be confiscated and the student will be disciplined through the discipline code. If illegal contraband is found in a student's book bag or person, the police and that student's parents will be notified, and appropriate disciplinary action will be taken. Students may or may not receive prior notification that they may have to walk through the metal detectors on a given day.

Safe2Say Something

Safe2Say Something is a youth violence prevention program run by the Pennsylvania Office of Attorney General. The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to "say something" BEFORE it is too late. With Safe2Say Something, it's easy and confidential to report safety concerns to help prevent violence and tragedies.

Students and/or parents can submit an anonymous tip report through the Safe2SaySomething system https://www.safe2saypa.org/tip/ or by calling 1-844-SAF2SAY

Threats

All threats will be taken seriously by the East Allegheny School District, even those made in jest. Anyone making threats against faculty, staff, or students at East Allegheny will be subject to all appropriate criminal or civil penalties as well as discipline.

Threat Assessment Team

Threats made to a student or staff member must be reported immediately to a district administrator. The district uses a Threat Assessment Team made up of the District Psychologist, Counselor, Administration and other staff as appropriate to properly address and investigate threats.

Visitor Screening

All visitors to our buildings must sign in at the front office before going anywhere else in the building. Visitors must present a valid ID to be scanned by the RAPTOR system. Visitor passes will be given to visitors and must be always visible. Passes and lanyards are returned when visitors check out. Only the main access door is open from the outside during the day. All doors open from the inside but may not be unlocked from the outside. Periodically, the metal detectors at the entrances will be activated and those entering at that time will be screened.

The security of our students is, mutually, our first concern. However, legitimate visitors are always welcome in our schools. We warmly invite you to visit for conferences, PTO activities, class performances, or other such events.

Should you desire to speak personally with a teacher, please schedule an appointment. Appointments are also suggested to meet with Administrators. A visitor can request a meeting with an administrator upon arrival at the school, but without an appointment, the administrator may not be able to meet at that time and the visitor will be asked to leave.

Schools are public facilities but are not public property with complete open access under Pennsylvania law. The no trespassing signs are clearly posted on all district property. Any person on school property without proper authority and/or in defiance of administrative directive and Board policy may be subject to criminal action under the proper sections of the Pennsylvania School Code as well as the Pennsylvania Crimes Code.

Restricted Public Use of School Buildings

All school facilities are available to the public **outside of school hours**. Permission must be granted by the Superintendent and School Board in accordance with policy. Any group desiring to use part of a building should request an application from the Superintendent's office.

DEPARTMENT OF HEALTH

Communicable Diseases

The Board directs that students who have been diagnosed by a physician or are suspected of having a disease by the school nurse shall be excluded from school for the period indicated by regulations of the PA Department of Health or guidance from state or local health officials for specified diseases and infectious conditions.

Students who become ill or injured at school should report immediately to the teacher in charge who will refer the child to the nurse. When children become ill at school, it is the parents' responsibility to provide transportation from school to home.

Emergency information is to be updated by the parents annually. This information enables the school nurse to see that children receive the best possible aid in the event of an emergency.

A limited student insurance policy is offered to each child. This insurance basically covers medical and hospital expenses resulting from accidental injury that might occur during school hours and on the way to and from school. A twenty-four (24) hour insurance coverage is also available. Both are available at the parents' expense. Parents may request these from the school office.

7. Medications given by injection and the necessary equipment will also be kept in the nurse's office and administered only by the school nurse, or the child if he/she has been properly instructed and under the supervision of the school nurse or designated person.

School Health Exams

- The Pennsylvania Public School Code Section 1402. Health Services (e) requires that students upon entry, sixth grade and 11th grade be given a "comprehensive appraisal" of their health. The physical is to be completed within 4 months prior to the start of the school year. In addition, Section 1402 © requires the completion of medical questionnaires which are to become part of the student's health record.
- This requirement may be completed by the student's primary care provider or by the school provider.
- Children receive a medical examination in kindergarten or first year of school, grade 6 and in grade 11. Examinations are conducted by the school physician at the school. Parents may elect to have their children examined by the family physician. A special form for recording results is supplied to parents by the nurse. Physical defects discovered or suspected during the examination are reported to the parents in writing by the school nurse. Parents are expected to consult with the family physician concerning the correction of defects reported. Please notify the school nurse of any corrections made.

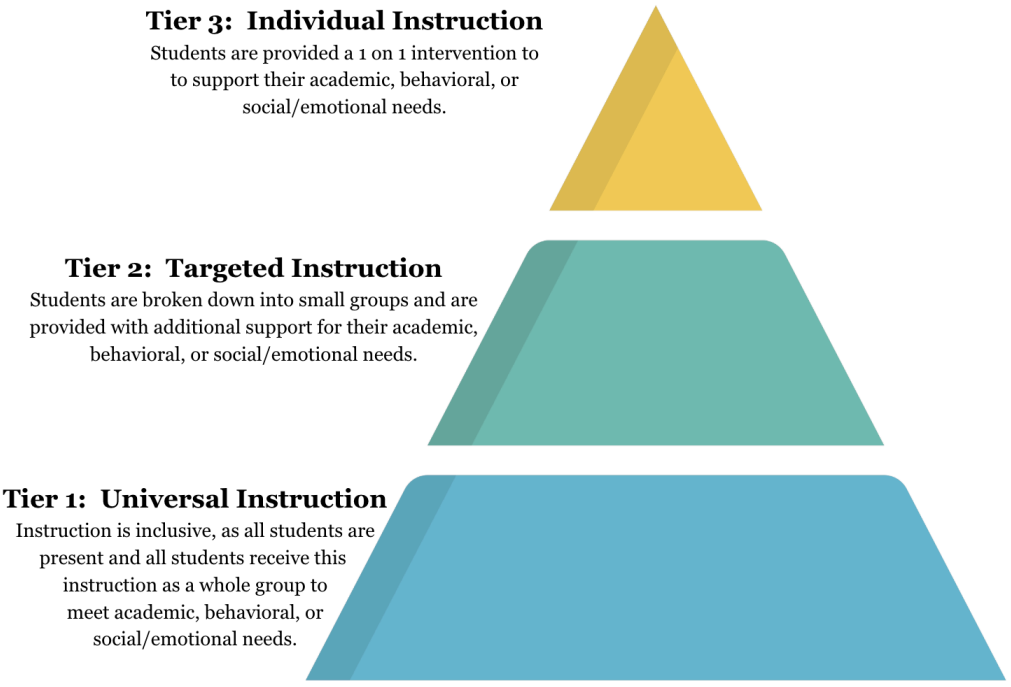

- School health regulations require that a dental examination be performed on children in kindergarten, 3rd and 7th grades. Examinations are conducted by the school dentist at the school facilities. Parents may elect to have their children examined by the family dentist. A special form for recording results is supplied by the school nurse. Dental defects discovered or suspected during the examinations are reported to the parents by the school nurse. Please notify the school nurse of any corrections made.

Student Wellness (Social, Emotional, Behavioral)

Multi-Tiered Systems of Support (MTSS)

MTSS is designed to help schools identify struggling students early and intervene quickly. It focuses on academic growth, behavior, social and emotional needs, and truancy. The three-tiered model is applied across each area of focus.

- Tier I: The Whole Class –Interventions and support that are given to all students.
- Tier 2: Small Group Intervention--Students in Tier 2 get more targeted support. A student who isn't making progress may stay in Tier 2 or move to Tier 3.
- Tier 3: Intensive Individualized Support

Positive Behavior Interventions and Supports (PBIS)

Positive Behavioral Interventions and Supports (PBIS) is an evidence-based, tiered framework for supporting *students*' behavioral, academic, social, emotional, and mental health. When implemented with fidelity, PBIS improves social emotional competence, academic success, and school climate. It also improves teacher health and wellbeing. It is a way to create positive, predictable, equitable and safe learning environments where everyone thrives.

For additional information about PBIS please visit https://www.pbis.org/.

Wildcats exemplify **P.R.I.D.E.—Preparation, Respect, Integrity, Dedication, and Empathy**—and we integrate these values into our students' behavior both on and off campus. Teachers and staff utilize **PBIS Rewards**, a digital, school-wide Positive Behavioral Interventions and Supports system, to reinforce these expectations. With PBIS Rewards, faculty can instantly acknowledge positive behavior from anywhere in the building via mobile devices or computers. Students earn points for demonstrating P.R.I.D.E., which they can later redeem at teacher-run classroom stores or our school store. This real-time recognition helps boost student engagement, fosters community, and supports a positive school climate.

Exceptional Children's Program

- The East Allegheny School District provides a wide variety of services for exceptional children including Learning Support, Gifted Support, Emotional Support, Hearing Support, Vision Services, Autistic Support, Speech and Language Support and Life Skills Support. Additionally, the East Allegheny School District provides a free and appropriate public education to all students with disabilities through either service provided within District schools or through partnerships with other providers of educational services.
- The district supports including students with disabilities in the regular education environment as much as possible based upon the needs of the student. The district is committed to providing all services for students with disabilities within the least restrictive environment.

School Counseling Services

Our 7 - 12 school counseling department is actively involved in helping students adjust to school life in order to prepare for academic success, develop values necessary for becoming responsible and productive students and citizens, cope with internal and external conflict and provide added support to students in need. We have numerous programs and services, including:

- Individual counseling sessions
- Small group meetings
- Classroom sessions
- Career explorations
- Special interest group activities

School counselors utilize the "appointment pass" system on E-hall Pass to request students come to their office. It is important that students check for appointment passes so important information is not missed.

Partnering Agencies

The East Allegheny School District is fortunate to be partnering with an outstanding community service agency, Pittsburgh Area Community Schools (PACS).

PACS will be providing a full time site manager at each building. The task of these individuals will be to create opportunities for students and families to engage in the life of the school community and provide resources that are needed. They will be charged with assisting East Allegheny staff in creating a variety of planned functions and events that will help parents and guardians gain access to the support and interventions that will be available to our families.

Student Attendance

Attendance Expectations

District Policy 204-Attendance can be viewed in its entirety at www.eawildcats.net

- Information listed here is specific to students in grades 7-12. The Board requires that school-aged students enrolled in district schools attend school regularly, in accordance with state laws.
- The Board also believes that regular attendance in the classroom is conducive to learning and that frequent absences of pupils from regular classes disrupt the continuity of the instructional process. The school cannot teach students who are not present. Poor attendance limits accomplishments and reinforces a habit, which will handicap the individual in future education or employment.
- Attendance shall be required of all students enrolled in district schools during the days and hours that the school is in session, except that a principal or teacher may excuse a student for temporary absences when s/he receives satisfactory evidence of mental, physical, or other urgent reasons which may reasonably cause the student's absence. Urgent reasons shall be strictly construed and do not permit irregular attendance.
- A student will be considered to be in attendance if present at any place where school is in session by authority of the Board; at the place where the student is receiving approved tutorial instruction, or health or therapeutic services; at the place where the student is engaged in an approved and properly supervised work-study or career education, cooperative or community exploration program; or at home when the student is receiving approved homebound instruction.
- All absences occasioned by observance of the student's religion on a day approved by the Board as a religious holiday shall be excused. A penalty shall not be attached to an absence for a religious holiday.

Educational Tours and Trips

The Board may excuse a student from school attendance to participate in an educational tour or trip not sponsored by the district if the following conditions are met:

1. The parent/guardian submits a written request for excusal prior to the absence.
2. The student's participation has been approved by the Superintendent or designee.
3. The adult directing and supervising the tour or trip is acceptable to the parents/guardians and the Superintendent.

The Board may limit the number and duration of tours or trips for which excused absences may be granted to a student during the school term.

Excused Absences

Illness verified by a written excuse from a parent/guardian. A written excuse from a parent/guardian is acceptable to excuse up to (5) consecutive and/or (10) cumulative days of absence for illness in (1) school year.

After (5) consecutive or (10) cumulative days of absence for illness, the school nurse will review the information regarding the absences. At that time, the nurse, in conjunction with the building principal, may request a physician's excuse for prior absences or for future absences. If a physician's excuse is requested and not provided, all additional absences will be deemed unexcused.

1. **Obtaining professional healthcare or therapy service** if the following requirements are met:
   - The health or therapeutic services are rendered by Commonwealth licensed practitioners.
   - It is not practical or possible for the pupil to receive the services outside of school hours.
   - The time of necessary absence from school involves a minimum of interference with the pupil's regular program of studies. Such services must be verified in writing by the parent/guardian. The administration may ask for additional verification from the service provider.
2. **Death in the family** verified by a written excuse from a parent/guardian.
3. **Impassable roads** verified by a written excuse from a parent/guardian.
4. **Religious holidays** upon written parental request.
5. **Religious instruction** for up to a total of (36) hours per school year.
   - This shall require submission of a written request from the parents/guardians of the student, prior to release of the student to attend and/or participate in religious instructional programs. An identification of the dates and hours for which the absence is requested and a statement following such instruction from the organizers of the instructional program that the student did in fact attend the instruction and the dates and hours upon which such attendance took place must be provided. The school district will not provide transportation to and/or from religious instruction. A penalty shall not be attached to an absence for religious instruction.
6. **Administrative Reasons** - This includes, but is not limited to, school-sponsored trips or activities or school approved trips or activities. Teachers must prepare lists of those students attending such trips or activities at least (2) days in advance.
7. **College Visitations** - Seniors shall be permitted (4) college visitation days while juniors shall be permitted (2) days plus attendance at the National College Fair. Upon return to school and within (2) days of the visit, the student must submit to the office a note from their parents/guardians stating they were on a college visitation and a note on letterhead from the college that they spent the day visiting that

institution. Upon receipt of the (2) documents, the student will not be marked absent from school. Their attendance record will indicate they were on a college visitation.

8. **Quarantine**
9. **Vacation** – Parents/Guardians may seek permission to have a student excused from school to travel or vacation away from the district for a period of up to (5) days. This absence will be considered excused provided:
    - The appropriate principal receives a written request from the parents/ guardians prior to the student's absence requesting to have the student excused for the purpose of vacation and travel. This request shall be made at least (1) week before the absence.
    - After the approval of the principal the student is responsible for obtaining any assignments, they may miss.
    - Upon return to school, the student shall hand in the assigned work and complete whatever other work is required.
    - The appropriate teachers shall certify that the work has been satisfactorily completed and the absence is so indicated as excused.
    - Any student who fails to submit completed assignments within (5) school days upon his/her return to school will receive a zero for each incomplete assignment. This grade will be factored into the student's overall grade for that marking period.
    - If the work is not satisfactorily completed as stated, the absence (s) will be considered unexcused.
10. **4-H/FFA** - The Board shall permit a student to be excused for participation in a project sponsored by a statewide or countywide 4-H, FFA or combined 4-H and FFA group upon written request prior to the event.

Written Excuses for Absences

Written excuses are due at the time of the student's return to school.

A grace period of (3) days to submit the excuse will be extended to parents/ guardians and students with no extension of the grace period. The (3) days begin from the day the student returns to school, regardless of if the student is then absent the next day after returning. If an excuse is not received **within (3)** days after the student's return to school, the absence will be deemed unexcused/illegal.

Unexcused/Illegal Absences and Tardies

- Students who are under the age of 18 and have no valid excuse for absences will have those absences deemed illegal and will be cited as such. Students who are 18 and over who do not have a valid excuse for absences will have those absences categorized as unexcused.
- Unexcused/illegal absences and tardies will include absence for any reason not listed under excused absences. Absence without the required written excuse will be unexcused/illegal.

It is expected that all students will arrive at class on time in the morning, where attendance is taken for school during the first period. The designation of a tardy as being excused or not comes from the Pennsylvania Department of Education and is outlined above. Students who accumulate unexcused/illegal tardies will receive the following penalties:

- (3 or more) unexcused school tardies- one after school detention, and the student is not permitted to participate in school activities: sports, dances, band, field trips, for one week from the time the third unexcused tardy occurred. Thus, if there is a band competition on a Saturday or a football game, or a dance/prom on a Friday night, the student who received the third unexcused school tardy would not be permitted to attend that event that week.
- (6 or more) unexcused school tardies- two after school detentions, and the student is not permitted to participate in school activities: sports, dances, band, field trips, for two weeks from the time the sixth unexcused school tardy occurs.
- (9 or more) unexcused school tardies- one day of ISS and the student is not permitted to participate in school activities as listed above for the remainder of the semester in which the unexcused school tardies occurred. This includes all weekend events, including banquets, parades, dances, prom, field trips for the day. This also includes removal from all athletic teams for the remainder of the semester.
- (12 or more) unexcused school tardies - one day OSS, and the student is not permitted to participate in school activities listed above for the remainder of the current school year. This also includes the participation in the music department trip, as well as the weekend events. This also includes removal from all athletic teams for the remainder of the year.
- (15) unexcused school tardies—two days OSS. Subsequent tardies will result in the inability for the student to receive academic credit for the school year.

Make-Up Work

Students who are absent for (1) of the excused reasons are responsible for making up missed work. Teachers should give a student who is tardy the ability to turn in classroom work. Students are required to take the initiative and responsibility to seek out teachers and obtain all work missed during their absences.

Truancy, School Code, & Citations

Following the third day of an unexcused/illegal absence, a first offense/warning notice will be issued to the parents/guardians. The first offense notice will be sent by regular mail.

If the student should have an unexcused/illegal absence at any time after the first offense/warning notice is sent to the parents/guardians, the appropriate personnel will complete a citation on the 6th unexcused/illegal absence as provided for in the Public-School Code, 24 P.S. 13-1333, and the principal will sign off on the citation. When a student has accumulated (7) unexcused/illegal absences for the year, a warning notice will be sent to the

parents/guardians by certified mail, notifying them of the absenteeism and the potential loss of credit. The completed citation will be forwarded to the District Magistrate. A member of the administrative staff or their designee shall represent the school district at the attendance hearing.

Consequences for Poor Attendance

Eligibility for receiving credit shall require the student to have no more than ten (10) unexcused/illegal absences, twenty (20) excused absences or a total of 20 absences, excused and/or unexcused combined for the year. Parents/guardians will be notified of all unexcused /illegal absences. When a student has accumulated (3) /unexcused/illegal absences, the student will be cited. When a student has accumulated (6) unexcused/illegal absences for the year, a warning notice will be sent to the parents/guardians by certified mail, notifying them of the absenteeism and the potential loss of credit. A parent/guardian conference is also recommended. Students who accumulate (10) unexcused/illegal absences and/or (20) absences total, excluding medically excused absences will not receive academic credit for the school year. For seniors, this means that the students will not be permitted to graduate because they have not met the attendance requirement for graduation. Students who accumulate (10) unexcused/illegal absences during the school year will not be permitted to participate in extracurricular activities during the remainder of the year.

An accumulation of (9) school tardies or unexcused/illegal absences may result in the student's ineligibility to be excused from class to go to competitions, student government activities, art projects, graphic projects, field days/trips, and other activities that otherwise require the student to miss class for the semester being recognized.

Accumulated Absences

Students who accumulate (10) consecutive unexcused/illegal absences will be dropped from the roster. Any student who wishes to return to school will have to formally re-enroll in school. Students who have (10) unexcused/illegal absences and/or (20) excused absences will not receive academic credit for the school year and may not be permitted to participate in any school activities for the remainder of the school year. including senior activities. Students who accumulate (15) unexcused/illegal school tardies will not receive academic credit for the year and will not be permitted to participate in any school activities for the remainder of the school year, including senior activities. (POSSIBLE APPEAL PROCESS MAY OCCUR AT THE END OF THE YEAR. A COLLABORATIVE REVIEW INVOLVING ADMINISTRATION, COUNSELORS AND POSSIBLY OTHER FACULTY MEMBERS WILL DETERMINE THE STUDENT'S ELIGIBILITY TO RECEIVE ACADEMIC CREDIT OR GRADUATE)

Forbes Road students must be in attendance in school for (3) periods to receive full-day attendance credit. They must be in attendance for (2) periods to receive a half-day credit. This

applies to students who are attending a.m. and p.m. tech school. This does not apply to work release students.

Half-Day Absences

Students shall be charged with a half-day absence when they arrive after the first hour and twenty minutes of the school day (9:01 a.m. and before 11:15 a.m.)

Full-Day Absences

Secondary students who arrive after 11:15 a.m. will be charged with a full day of absence.

Early Dismissals

- No absence shall be charged for secondary students whose early dismissal is after 1:20 p.m.
- One-half of a day's absence shall be charged to secondary students who leave school between 11:15 a.m. and 1:20 p.m., or if the dismissal occurs after the first hour and twenty minutes start but before the half-day times.
- No student will be excused from school unless a written note or phone call is received by the school office from a parent/guardian. All early dismissal notes will be verified before a student is permitted to leave the building. The note must include the date, dismissal time, purpose, parent/guardian signature, student's full name, work or home telephone number and the return time, if applicable. Students will then be issued the early dismissal form.
- A parent/guardian/adult representative must be present at the front security desk for dismissals to be authorized. This must be done without exception. If it is applicable for the student to return on the same day of the early dismissal, the student must return to the front security desk for the security officers to sign the student back in on.
- Early releases in the p.m. hours should take place prior to 2:00 p.m. Failure to depart by 2:00 p.m. may result in the vehicle being detained because of busing arrangements.
- Finally, all early dismissal requests will undergo careful verification to confirm their legitimacy. Any requests found to be fraudulent will result in appropriate disciplinary action
- All students who have early releases for doctor, dentist, legal appointments, or other urgent reasons must bring a note from the doctor, etc. stating the date, time of visit and the time of leaving the office.

Take Your Child To Work Day

The East Allegheny School District understands that "Take Your Child to Work Day" has evolved into a nationwide program and has many benefits. The EASD is still held accountable for student attendance as per the Pennsylvania Department of Education attendance guidelines. If

your child is absent from school, written notification on the company letterhead stating the reason for the absence is required to be considered for an excused absence.

A copy of the district's attendance policy is available for parents to review online or upon request.

Additionally, if applicable, students are not permitted to bring his/her child to school at any time, including "Take your child to work" Day. School is not a student's place of work and therefore, the student is not permitted to bring his/her child here.

Field Trips & Extra-Curricular Activities

Starting a month prior to a particular field trip or activity, students must demonstrate eligibility which include, but not limited to, the following: proper attendance, appropriate behavior (including the following: no suspensions, discipline referrals, detention, bus, bullying), no outstanding classroom assignments (homework and any missed class work) and no outstanding balances (cafeteria money, outstanding library books, Chromebook repair/replacement, etc.)

Homebound Instruction

Instruction in the home may be requested by parents if a physician has certified that the student will be absent from school for an extended period of ten (10) or more days. Application for instruction is made through the principal and counselors.

Missing Work Requests

Illnesses Lasting 1-2 Days

- These assignments are best handled by contacting your child's friends and classmates for daily assignments and class notes or referring to their Google Classroom for that class.

Illnesses Lasting 3+ Days

- If a student is ill and is expected to be out for (3) days or more parents/guardians may email or call the appropriate teacher and request assignments. Teachers can make assignments available on Google Classroom or via email for students to complete.

Student Academics

Grading Scale

Percentage grades will be assigned based on the following performance and interpretation. This change was brought about through the efforts of the Academic Committee.

100% - 90% =A
89% - 80% = B
79% - 70% = C
69% - 60% = D
59% - 40% = F
Incomplete = I*
Medically Excused = M

*If assignments are still incomplete after the two-week period, the grade will be a "40%."

Grade Averaging

All grade averages will be arrived at by adding the percentage grades together and then dividing the sum by the appropriate number. Semester grades will be determined by adding the percentage grade over the two-nine weeks span. That sum then will be divided in two. The quotient will then determine the semester grade. The annual grade will then be determined by an average of the two semester grades.

Grade Classifications

Each subject in the curriculum is assigned a credit value determined by the length of the course. A passing grade is required before the student can receive credit in any subject.

Honor Roll

There are two classifications of honor roll students at East Allegheny Senior High School (grades 9-12). One is the High Honor Roll and the other is the Honor Roll.

High Honor Roll:	**3.50 - 4.00**
Honor Roll:	**3.00 - 3.49**

*Any grade under 70% will disqualify a student for an honor roll for that quarter.

**Class Rank will continue to be weighted as per program.*

Retention of Students (Grades 7 - 8)

- Seventh and eighth grade students are required to pass four (4) academic classes in order to attain full status in the next grade level.
- Failure in three (3) academic classes is automatic retention.
- Students who fail two (2) academic classes (English, science, math, social studies, and reading), will be required to attend summer school and to pass those two (2) classes successfully in order to advance to the next grade level. If the student is unsuccessful in this attempt or fails to attend, s/he will be retained entirely.
- If the seventh (7th) or eighth (8th) grade student fails only one (1) academic class, s/he will be recommended to attend summer school and to pass the one (1) class successfully.

Retention of Students (Grades 9 - 12)

- The required earned credits for promotion are:
    - 10th grade: 5 credits
    - 11th grade: 12 credits
    - 12th grade: 17 credits
- Students in grades 9-12 who fail two academic classes will have the option to attend summer school to make up the credits or may be able to repeat the class for the upcoming school year. If a student fails an academic class in a year, the student has one calendar year to make it up in the regular schedule. In other words, the student can only double up on an English or a Math class in the regular schedule to make up a credit immediately the next school year.
- If the student has failed a class for the second time, the student will not be permitted to make that class up again instead of a credit and must attend a summer school credit recovery program and cannot continue to make up courses failed in successive years, such as taking a freshman English class during the junior year of high school. Students who need to make up an academic credit in their regular schedule must use an elective option to repeat the class. If the student, however, needs to make up more classes than are available during the school year as electives, that student must attend summer school.

Credit Recovery

- Online courses do not count toward a student's grade point average. The online course will count as a credit earned toward graduation and can count as a prerequisite course requirement for succeeding courses. A student cannot take an online course instead of taking the same course with a teacher. A student can take an additional online course in a topic that a student failed as a credit recovery course.
- Students who wish to take a summer online course in order to meet a prerequisite requirement must have earned a 90% as a final grade for the year in the course that he or she just finished and must maintain the 90% grade point average as a final grade for the online course taken in order to be moved to the next class and be deemed as having met the prerequisite course requirements.

- If a student fails a physical education class, the student must attend summer school to make up the course credit. Students may not make up for a failed physical education class by taking an after-school gym class.

Scheduling

During the school year, admissions officers from vocational, trade, technical and business schools, as well as colleges, hold conferences in the Senior High School. Students are encouraged to take advantage of these opportunities in planning their careers following graduation from high school.

Any student who has an educational, vocational or personal problem is encouraged to visit the School Counseling Office and discuss it with the Counselor.

The hours for the School Counselor are 7:40 a.m. to 2:51 p.m.

The students will be assisted in:

- Scheduling
- School or College Selection
- Vocational Choice
- Personal Problems

Information concerning vocations, professions, colleges, nurse's training schools, etc., may be obtained from the School Counselor. Also, group-counseling sessions will be held by the counselor on various student concerns and problems throughout the school year. Notice of these sessions will be on the announcements or via the counselor's Google Classroom.

Scheduling information which includes graduation requirements, course descriptions, college programs, and career information is provided to each student via large group instruction, small group sessions, meetings with teachers, and individual conferences with the guidance counselor.

Every student should exercise care in the selection of his/her courses. He/she should also take advantage of every source of assistance and guidance. Students can change their schedule for the next year up to three business days after the last day of school. After that, schedule changes can only occur through the recommendation of the teacher. Teacher initiated changes can occur up to the last day of the first marking period. After the mid-term of the first quarter, students are no longer able to change classes.

Throughout the scheduling process natural conflicts develop and will require administrative decisions. Most schedule adjustments will be made in the spring and summer before the school year begins.

Parent Waivers

Students are expected to challenge themselves. At the beginning of the scheduling process, teachers make academic recommendations for the upcoming year based on local assessments, grades, and other data points. Should you and your child wish to register for an alternate class against the professional educational recommendation, a waiver must be signed by both the student and parent/guardian.

Honors Classes

Students enrolling in honors classes should have an average of 90% for the previous year in an academic class. Once in an honors class, the student should maintain an average of 80%. Exceptions will be made on a case-by-case basis.

Advanced Placement Classes

Students taking AP classes will have the opportunity to take the AP Exam. A score of "3" or higher may earn college credit for a student. Some colleges and universities have varied policies regarding credit awards based on AP Exam scores. Students should contact prospective colleges to determine which AP Exam scores that college will accept.

Science Safety Contracts

All students will receive a safety contract in their science classes when applicable. Students and parents are required to read and sign this contract. These contracts should be returned to their respective science teachers and will be kept on file. Students must adhere to the procedures and practices listed in the contract. Students may not be permitted to participate in activities or labs where safety is a concern.

Standardized Assessments

- State mandated testing is conducted at various grade levels. The results of these tests provide a continuing record of each child's academic progress in comparison with national norms. Teachers use them to diagnose individual strengths and areas for improvement and to drive future instruction.
- Test scores are maintained in the student's school records if they attend schools in this district. Should the child transfer to another school district, copies of his/her records will be transferred to the new district.
- Proficiency on Keystone exams is more important than ever as it impacts a student's qualification for graduation as per Act 158, The Pathways to Graduation. Please see the section on Paths to Graduation and Senior Requirements.

Student Behavior Expectations & Code of Conduct

Student Discipline Policy

District Policy 218-Student Discipline can be viewed in its entirety at www.eawildcats.net.

The East Allegheny School District believes it is the responsibility of the school, home and community to provide an atmosphere of purpose and concern for education and the individual. Everyone in the school community must assume a role in providing an orderly school environment. An orderly school environment requires a code of discipline that defines responsibilities, categorizes unacceptable behaviors and provides for appropriate disciplinary responses and options. A discipline code must:

- Be preventative in nature.
- Promote self-discipline and personal responsibility.
- Concern itself with the welfare of the individual and the school community.
- Promote a positive relationship among students, parents/guardians and the school staff.
- Distinguish between minor and serious infractions as well as between first and repeated infractions.
- Be reasonable and consistent.

A set of rules does not replace the administrator's judgment in the review of discipline incidents. Discretion may be exercised considering disclosed circumstances regarding exclusionary discipline; however, students will be held accountable for their behavior appropriately.

Students cannot learn unless they feel safe. The health, safety, and welfare of our students is in the highest regard.

Progressive Disciplinary Consequences & Interventions

Although the consequences and interventions listed below are available for discipline, the specific discipline will be determined by an investigation of the incident by the building principals and/or assistant principal and consistent with board policy.

- Students have two or four minutes to change classes. Students are to walk safely with intention via the shortest distance to their next class.

Self-Reporting "Safe Haven"

- Among the essential goals of the East Allegheny School District's student disciplinary code is the promotion of self-discipline and responsibility among students. Consistent with this goal, the discipline of any student is designed to seek proper conduct through learning rather than as an arbitrary exercise of authority.
- Students are expected to know and to follow school regulations governing student behavior, including the rule that students are prohibited from the possession of weapons, alcohol, tobacco and drugs on school grounds. As a responsible member of the school community, a student who has unintentionally brought to school or while in school has come into the possession of such items should immediately bring the situation to the attention of a teacher or principal. In so doing, the student would be demonstrating the principles of self-discipline and accountability that the student disciplinary code promotes. In such circumstances, the student's self-reporting of the situation will be considered as a mitigating factor in determining the discipline, if any, which should result.

Off Campus Activities

This policy shall also apply to student conduct that occurs off school property and would violate the Code of Student Conduct if:

- There is a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.
- The student is a member of an extracurricular activity and has been notified that off-campus conduct could result in exclusion from such activities.
- Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
- The conduct has a direct nexus to attendance at school or a school-sponsored activity, such as an agreement to complete a transaction outside of school that would violate the Code of Student Conduct.
- The conduct involves the theft or vandalism of school property.

Guidelines & Jurisdiction

- Any student disciplined by a district employee shall have the right to notice of the infraction and a hearing before the building principal prior to being disciplined and may appeal the discipline determination to the Superintendent. When a violation of the Code of Student Conduct involves student expression, Policy 220 shall be followed. Suspensions and expulsions shall be carried out in accordance with Policy 233.
- The discipline code is applicable on school grounds, in school buildings, on school buses, during school activities, field trips and excursions and from the time of departure for school until arrival at home.

District Notices of Parent/Student Rights

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School Official will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the school principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board, a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA.

Annual Notice

East Allegheny School District provides a free, appropriate public education (FAPE) to exceptional students consistent with the Individuals with Disabilities Education Act (IDEA) of 2004 (P.L.108-446). To qualify as an exceptional student, the child must be of school-age, in need of specially-designed instruction, and meet eligibility criteria for one or more of the following physical or mental disabilities: autism, deaf-blindness, emotional disturbance, hearing impairment including deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment including blindness, and in the case of a child that is of preschool age, developmental delay. Information regarding the appropriate developmental milestone descriptors for infants and toddlers may be found at the Center for Disease Control (CDC) website at cdc.gov. For additional information regarding the signs of developmental delays or other disabilities, please contact the School Psychologist on 412.824.8012 x 4153.

- Identification procedures ensure eligible students receive an appropriate program consisting of individualized special education and related services. At no cost to the parents, these services are provided in compliance with state and federal law and planned to ensure meaningful educational benefit and student progress.
- To identify students who may be eligible for special education, various screening activities are conducted on an ongoing basis. These screening activities may include hearing, vision, physical and speech/language screening; a review of group-based data (cumulative academic records, ability and achievement test scores, enrollment records, report cards, and health records); and a review by the building-level team. When screening results suggest that a student may need special education services, East Allegheny School District will, with parental consent, conduct an evaluation. Parents who suspect their child may need special education services may also submit a written request for an evaluation to the school principal. Services designed to meet the needs of exceptional students include: a timely evaluation and the annual development of an Individualized Education Program (IEP). Parents are an integral part of the IEP process and should be present at IEP meetings. East Allegheny School District will make every effort to ensure parent participation.
- The extent of special education services and the location for the delivery of those services are determined by the IEP team and based on student's identified needs and abilities. Services designed to meet the needs of eligible students include the annual development of an Individualized Education Program (IEP), bi-annual or tri-annual multidisciplinary re-evaluation, and a full continuum of services, which include Itinerant, Supplemental, or Full-Time Levels of Intervention. The district also provides supplementary aids and services, such as transportation, physical therapy and occupational therapy, as necessary for the student to benefit from the special education program. Parents may obtain additional information about special education services and programs and parental due process rights by contacting the child's school principal or the Special Education Office at 412-824-8012.

McKinney Vento Homeless Information

Educating Children and Youth Experiencing Homelessness - Board Policy 251

Under McKinney Vento all school districts are responsible for identifying students experiencing homelessness and connecting them with the resources needed to ensure academic success.

Who is considered homeless—Children or youth living in a shelter, transitional housing, hotel/motel, vehicle, campground, on the street or doubled up with friends or family due to a lack of alternate resources are considered homeless. An unaccompanied homeless youth is a child or youth that is not in the care of their parent or legal guardian and meets the definition of homeless under McKinney Vento.

Where can students experiencing homelessness attend school?—The law indicates that homeless students have the right to remain in their school origin (the school they attended at the time of the homeless episode or last school attended) through the end of the school year in which they find permanent housing, provided it is in the child/youth's best interest.

If through consultation between the school and the family and/or unaccompanied youth it is determined that remaining in the school of origin is not in the student's best interest, then the student has the right to immediately enroll in the school that non-homeless students living in the attendance area in which the child/youth is actually living are eligible to attend, even if they do not have all of the required documentation. Additionally, unaccompanied homeless youth have the right to immediately enroll in school, even if they do not have a legal guardian present.

What supports can school districts provide to homeless students?—Homeless students are eligible for supports and services to remove barriers to educational success. This may include transportation to the school of origin, referrals to physical/mental health providers, clothing to meet school requirements, access to school supplies and resources, assistance with credit recovery, tutoring, assistance to participate in school activities, sports, club, etc.

Homeless Dispute Process—If at any time there is a disagreement about homeless status or best interest for school placement, the district will notify the family in writing of their determination that the family/unaccompanied youth is ineligible for McKinney Vento services. At this time, the district will provide the family/unaccompanied youth with the ability to dispute their determination. Throughout the dispute process, the child/youth, including unaccompanied youth, will continue to be educated in the school of origin or immediately enrolled in the school they are seeking enrollment in until the dispute process is finalized. Transportation will continue throughout the dispute process. All disputes will be sent to the ECYEH Regional Coordinator who will issue a determination. If any party is unhappy with the determination, they can elevate the dispute to the state coordinator.

What if I think that I am eligible for services under McKinney Vento?— Reach out to our Homeless Liaison, Ms. Shataya Taylor. She can be reached at staylor@eawildcats.net or 412-824-9700 x 1004.

Students are not permitted to change buses without permission from the District Office.

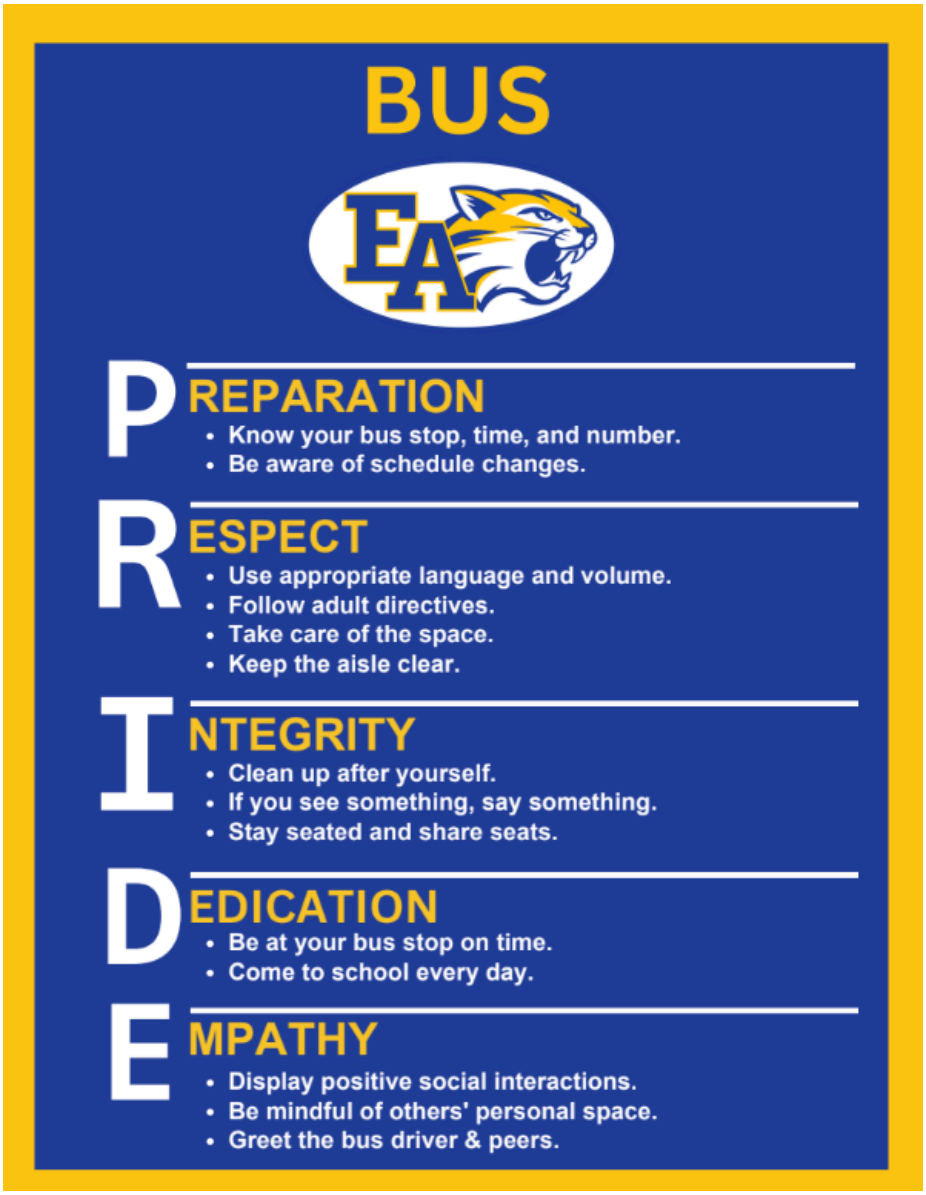

Bus Expectations

Safety is the prime concern of everyone. It is important that you and your child review the bus regulations as prescribed by the Bureau of Traffic Safety and the East Allegheny School District. It is imperative that all riders follow common sense rules for their safety. Students are not to throw objects out of windows or around the bus and should keep their head and arms inside the bus. There is to be no horseplay or disruptive talk, or anything to distract the driver. Fighting or disrespect to the driver will result in disciplinary action. The district is responsible from the time the student leaves his/her home until their return at the end of the school day. Remember, riding the bus is a privilege, which can be suspended. Smoking on school buses is prohibited. Our goal will be to protect the welfare and safety of everyone on the bus; therefore, all reports from the bus driver will be handled in a complete and serious manner.

1. Bus riders are to be at their scheduled bus stop five minutes before the bus is due.
2. Bus riders MUST follow the driver's directions the first time given.
3. Bus seats are assigned by the driver and must be occupied until permission is given by the driver or school personnel to make any changes.
4. Bus riders must remain in their seats facing forward while the bus is in motion.
5. Bus riders must use appropriate voices, language and gestures,
6. Bus riders must treat others and their property with kindness and courtesy.
7. Any person willfully damaging a bus will be held responsible for any such actions.
8. Bus behavior infractions carry the same penalties as school infractions.
9. Students are only permitted to ride their assigned buses home and get off at his/her designated stop. Failure to adhere to this procedure will result in consequences as per the District Discipline Policy 218.

*Failure to adhere to these procedures will result in disciplinary action. *Fighting on the bus and/or at the bus stop is a major offense & will be addressed as per the Discipline Policy.

Enrollment in School

Registration

New student registration will take place via the Alma student information system. Registration will be managed centrally at the District Office.

- Please contact Mrs. Kristin Wagner, 412.824.8012 Ext 4150 to make a registration appointment.
- Registration of new students requires documentation of residency within the district.
- Students attending charter, private or parochial schools requesting transportation must complete and submit a hardcopy “Transportation Registration Packet” also attainable on our website.

Transferring or Withdrawal from School

Transfer requests may be enacted by the parent/guardian only. Once approved, the parent/guardian must sign an official withdrawal form. The student will then obtain the signatures of his/her teachers and must return all books/calculators and pay any fines that may be due. When the withdrawal form is completed, the student will return it to his/her counselor and receive a transfer.

Morning Arrival and Afternoon Dismissal Procedures

All students will enter the building through designated doors based on their grade level. Students in grades K–3 will enter through Door 10, and students in grades 4–6 will enter through the main entrance at Door 1. Upon arrival, students are expected to turn in their cell phones to the appropriate dismissal bins. Bags will be checked prior to walking through the metal detectors. Once inside, students may go to the cafeteria for breakfast, unpack at their lockers, and report promptly to homeroom.

Large bags of snacks, soda, and seeds are not permitted and will be confiscated upon entry. Only small, individual snacks and drinks are allowed, and these must be stored in a lunchbox or lunch bag and kept in lockers until lunchtime. Open drink containers are not permitted and will be discarded at the metal detectors. Cups must be empty and can be filled at the water fountains once inside.

At dismissal, students will be released in a staggered fashion. Car riders will be dismissed first, beginning at 3:10 PM. Parents and guardians must remain in their vehicles and enter through the designated car rider line. Staff will call students as vehicles arrive, and students will be escorted directly to their cars. All vehicles must have clearly visible signage in the front windshield to identify the student being picked up.

Once car riders have been dismissed, walkers will be released. Walkers will exit the building through Door 8. Parents and guardians may meet their child at the door, or, if a student is permitted to walk home independently, written permission must be on file with the school in advance.

After car riders and walkers have exited, bus and van riders will be dismissed. These students will remain in their classrooms until their bus or van is called. Once called, they will be escorted by staff members to their assigned transportation.

Any changes to a student's dismissal plan must be communicated in writing to the school before 2:00 PM on the day of the change. Students are not permitted to ride home with another student unless written permission has been submitted and approved by the school office. Students are not permitted to change buses or vans without receiving prior approval from the District Office. These procedures are in place to ensure the safety and accountability of every student.

The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to "say something" BEFORE it is too late. With Safe2Say Something, it's easy and confidential to report safety concerns to help prevent violence and tragedies.

Students and/or parents can submit an anonymous tip report through the Safe2SaySomething system https://www.safe2saypa.org/tip/ or by calling 1-844-SAF2SAY

Threats

All threats will be taken seriously by the East Allegheny School District, even those made in jest. Anyone making threats against faculty, staff, or students at East Allegheny will be subject to all appropriate criminal or civil penalties as well as discipline.

Threat Assessment Team

Threats made to a student or staff member must be reported immediately to a district administrator. The district uses a Threat Assessment Team made up of the District Psychologist, Counselor, Administration and other staff as appropriate to properly address and investigate threats.

Visitor Screening

All visitors to our buildings must sign in at the front office before going anywhere else in the building. Visitors must present a valid ID to be scanned by the RAPTOR system. Visitor passes will be given to visitors and must be always visible. Passes and lanyards are returned when visitors check out. Only the main access door is open from the outside during the day. All doors open from the inside but may not be unlocked from the outside. Periodically, the metal detectors at the entrances will be activated and those entering at that time will be screened.

The security of our students is, mutually, our first concern. However, legitimate visitors are always welcome in our schools. We warmly invite you to visit for conferences, PTO activities, class performances, or other such events.

Should you desire to speak personally with a teacher, please schedule an appointment. Appointments are also suggested to meet with Administrators. A visitor can request a meeting with an administrator upon arrival at the school, but without an appointment, the administrator may not be able to meet at that time and the visitor will be asked to leave.

Schools are public facilities but are not public property with complete open access under Pennsylvania law. The no trespassing signs are clearly posted on all district property. Any person on school property without proper authority and/or in defiance of administrative directive and Board policy may be subject to criminal action under the proper sections of the Pennsylvania School Code as well as the Pennsylvania Crimes Code.

Restricted Public Use of School Buildings

All school facilities are available to the public **outside of school hours**. Permission must be granted by the Superintendent and School Board in accordance with policy. Any group desiring to use part of a building should request an application from the Superintendent's office.

DEPARTMENT OF HEALTH

Communicable Diseases

The Board directs that students who have been diagnosed by a physician or are suspected of having a disease by the school nurse shall be excluded from school for the period indicated by regulations of the PA Department of Health or guidance from state or local health officials for specified diseases and infectious conditions.

Illness and Injury

Students who become ill or injured at school should report immediately to the teacher in charge who will refer the child to the nurse. When children become ill at school, it is the parents' responsibility to provide transportation from school to home.

Emergency information is to be updated by the parents annually. This information enables the school nurse to see that children receive the best possible aid in the event of an emergency.

Accident Insurance

A limited student insurance policy is offered to each child. This insurance basically covers medical and hospital expenses resulting from accidental injury that might occur during school hours and on the way to and from school. A twenty-four (24) hour insurance coverage is also available. Both are available at the parents' expense. Parents may request these from the school office.

School Health Exams

- The Pennsylvania Public School Code Section 1402. Health Services (e) requires that students upon entry, sixth grade and 11th grade be given a "comprehensive appraisal" of their health. The physical is to be completed within 4 months prior to the start of the school year. In addition, Section 1402 © requires the completion of medical questionnaires which are to become part of the student's health record.
- This requirement may be completed by the student's primary care provider or by the school provider.
- Children receive a medical examination in kindergarten or first year of school, grade 6 and in grade 11. Examinations are conducted by the school physician at the school. Parents may elect to have their children examined by the family physician. A special form for recording results is supplied to parents by the nurse. Physical defects

Partnering Agencies

The East Allegheny School District is fortunate to be partnering with an outstanding community service agency, Pittsburgh Area Community Schools (PACS).

PACS will be providing a full time site manager at each building. The task of these individuals will be to create opportunities for students and families to engage in the life of the school community and provide resources that are needed. They will be charged with assisting East Allegheny staff in creating a variety of planned functions and events that will help parents and guardians gain access to the support and interventions that will be available to our families.

Student Attendance

Attendance Expectations

District Policy 204-Attendance can be viewed in its entirety at www.eawildcats.net
Important Attendance Considerations:

- Academic Success: Students who attend school regularly are more likely to achieve higher grades and academic performance.
- Continuity of Learning: Regular attendance allows students to stay on track with lessons, assignments, and class discussions, minimizing the need for catch-up work.
- Social and Emotional Development: Attending school regularly fosters positive relationships with peers and teachers, contributing to your child's overall well-being and sense of belonging.
- State Requirements: Under Pennsylvania law, regular school attendance is compulsory, and absences must be justified with valid reasons.
- School Policy: Our school policy outlines expectations for attendance, including procedures for reporting absences and requesting makeup work.
- PBIS Field trips and Rewards: Regular school attendance is required to participate in PBIS activities.
- Establish Routines: Set regular bedtime and morning routines to ensure your child is well-rested and prepared for the school day.
- Encourage Engagement: Reinforce the importance of attending school regularly and participating actively in class activities.If your child is experiencing challenges that impact their attendance, please reach out to our school counselor or social worker. We are here to provide support and explore solutions together. Celebrate milestones and improvements in attendance as part of recognizing their commitment to their education.

NOTE: Regularly review your child's attendance records through our school's online portal or communication channels. Early communication is key!! Send in an excuse within 3 days of your child's absence.

Excused Absences

Illness verified by a written excuse from a parent/guardian. A written excuse from a parent/guardian is acceptable to excuse up to (5) consecutive and/or (10) cumulative days of absence for illness in (1) school year.

After (5) consecutive or (10) cumulative days of absence for illness, the school nurse will review the information regarding the absences. At that time, the nurse, in conjunction with the building principal, may request a physician's excuse for prior absences or for future absences. If a physician's excuse is requested and not provided, all additional absences will be deemed unexcused.

Written Excuses for Absences

Written excuses are due at the time of the student's return to school. A grace period of (3) days to submit the excuse will be extended to parents/ guardians and students with no extension of the grace period. The (3) days begin from the day the student returns to school, regardless of if the student is then absent the next day after returning. If an excuse is not received **within (3)** days after the student's return to school, the absence will be deemed unexcused/illegal.

Unexcused/Illegal Absences and Tardies

- Students who are under the age of 18 and have no valid excuse for absences will have those absences deemed illegal and will be cited as such. Students who are 18 and over who do not have a valid excuse for absences will have those absences categorized as unexcused.
- Unexcused/illegal absences and tardies will include absence for any reason not listed under excused absences. Absence without the required written excuse will be unexcused/illegal.

It is expected that all students will arrive at class on time in the morning, where attendance is taken for school during the first period. The designation of a tardy as being excused or not comes from the Pennsylvania Department of Education and is outlined above. Students who accumulate unexcused/illegal tardies will receive the following penalties:

- (3 or more) unexcused school tardies- one after school detention, and the student is not permitted to participate in school activities: sports, dances, band, field trips, for one week from the time the third unexcused tardy occurred. Thus, if there is a band competition on a Saturday or a football game, or a dance/prom on a Friday night, the student who received the third unexcused school tardy would not be permitted to attend that event that week.
- (6 or more) unexcused school tardies- two after school detentions, and the student is not permitted to participate in school activities: sports, dances, band, field trips, for two weeks from the time the sixth unexcused school tardy occurs.
- (9 or more) unexcused school tardies- one day of ISS and the student is not permitted to participate in school activities as listed above for the remainder of the semester in which the unexcused school tardies occurred. This includes all weekend events, including banquets, parades, dances, prom, field trips for the day. This also includes removal from all athletic teams for the remainder of the semester.
- (12 or more) unexcused school tardies - one day OSS, and the student is not permitted to participate in school activities listed above for the remainder of the current school year. This also includes the participation in the music department trip, as well as the weekend events. This also includes removal from all athletic teams for the remainder of the year.
- (15) unexcused school tardies—two days OSS. Subsequent tardies will result in the inability for the student to receive academic credit for the school year.

Truancy, School Code, & Citations

Following the third day of an unexcused/illegal absence, a first offense/warning notice will be issued to the parents/guardians. The first offense notice will be sent by regular mail.

If the student should have an unexcused/illegal absence at any time after the first offense/warning notice is sent to the parents/guardians, the appropriate personnel will complete a citation on the 6th unexcused/illegal absence as provided for in the Public-School Code, 24 P.S. 13-1333, and the principal will sign off on the citation. When a student has accumulated (7) unexcused/illegal absences for the year, a warning notice will be sent to the parents/guardians by certified mail, notifying them of the absenteeism and the potential loss of credit. The completed citation will be forwarded to the District Magistrate. A member of the administrative staff or their designee shall represent the school district at the attendance hearing.

Take Your Child To Work Day

The East Allegheny School District understands that "Take Your Child to Work Day" has evolved into a nationwide program and has many benefits. The EASD is still held accountable for student attendance as per the Pennsylvania Department of Education attendance guidelines. If your child is absent from school, written notification on the company letterhead stating the reason for the absence is required to be considered for an excused absence.

A copy of the district's attendance policy is available for parents to review online or upon request.

Additionally, if applicable, students are not permitted to bring his/her child to school at any time, including "Take your child to work" Day. School is not a student's place of work and therefore, the student is not permitted to bring his/her child here.

Field Trips & Extra-Curricular Activities

Starting a month prior to a particular field trip or activity, students must demonstrate eligibility which include, but not limited to, the following: proper attendance, appropriate behavior (including the following: no suspensions, discipline referrals, detention, bus, bullying), no outstanding classroom assignments (homework and any missed class work) and no outstanding balances (cafeteria money, outstanding library books, Chromebook repair/replacement, etc.)

Homebound Instruction

Instruction in the home may be requested by parents if a physician has certified that the student will be absent from school for an extended period of ten (10) or more days. Application for instruction is made through the principal and counselors.

Student Academics

Grading Scale

Percentage grades will be assigned based on the following performance and interpretation. This change was brought about through the efforts of the Academic Committee.

100% - 90% =A
89% - 80% = B
79% - 70% = C
69% - 60% = D
59% - 40% = F
Incomplete = I*
Medically Excused = M

*If assignments are still incomplete after the two-week period, the grade will be a "40%."

Grade Classifications

Each subject in the curriculum is assigned a credit value determined by the length of the course. A passing grade is required before the student can receive credit in any subject.

Honor Roll

There are two classifications of honor roll students at Logan Elementary School (grades 4-6). One is the High Honor Roll and the other is the Honor Roll.

High Honor Roll:	**3.50 - 4.00**
Honor Roll:	**3.00 - 3.49**

*Any grade under 70% will disqualify a student for an honor roll for that quarter.

Retention of Students (Grades K-6)

For promotion from:	A student must pass:
Grades K-3	**Reading AND Math**
Grades 4-5	**Reading AND Math** **AND 2 of the following:** **English/Spelling/Science/Social Studies**
Grade 6	**Reading AND Math** **AND 1 of the following:** **Science/Social Studies**

When recommending students who have *failed Grade 5* for middle grade placement in Grade 6, the student must have been in Grade 5 during the current school year AND:

Will be 13 on or before September 30 of the current year, *OR* Has had two (2) retentions, *OR* Has already repeated Grade 5

Standardized Assessments

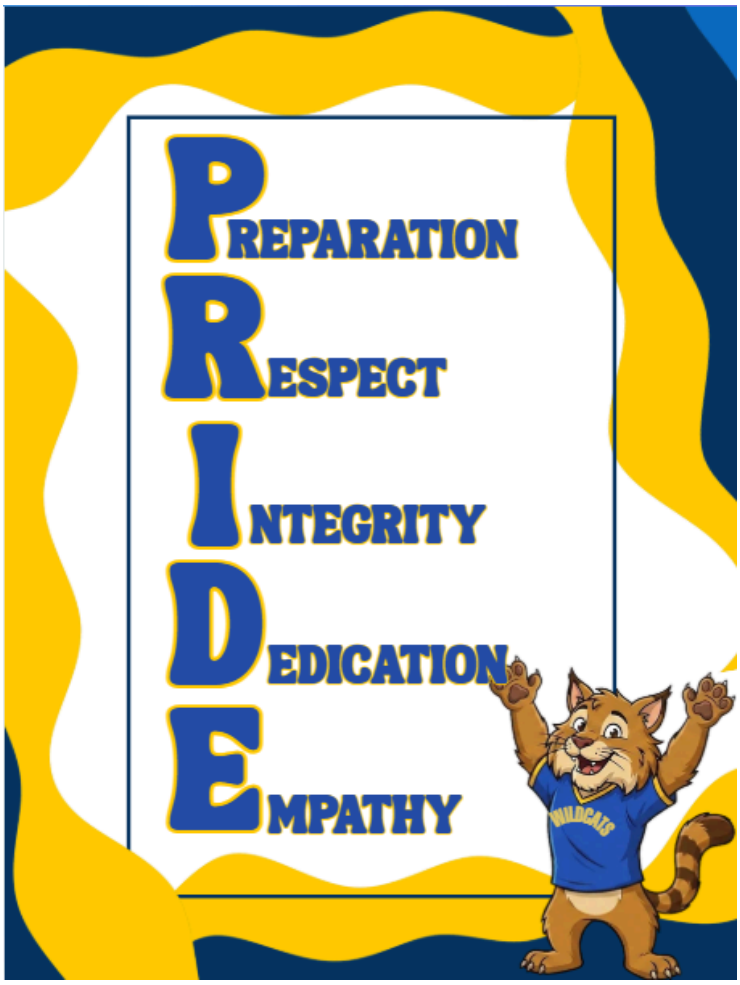

- State mandated testing is conducted at various grade levels. The results of these tests provide a continuing record of each child's academic progress in comparison with national norms. Teachers use them to diagnose individual strengths and areas for improvement and to drive future instruction.
- Test scores are maintained in the student's school records if they attend schools in this district. Should the child transfer to another school district, copies of his/her records will be transferred to the new district.

Student Behavior Expectations & Code of Conduct

Student Discipline Policy (Continued)

District Policy 218-Student Discipline can be viewed in its entirety at www.eawildcats.net.

Although the consequences and interventions listed below are available for discipline, the specific discipline will be determined by an investigation of the incident by the building principals and/or assistant principal and consistent with board policy.

The East Allegheny School District believes it is the responsibility of the school, home and community to provide an atmosphere of purpose and concern for education and the individual. Everyone in the school community must assume a role in providing an orderly school environment. An orderly school environment requires a code of discipline that defines responsibilities, categorizes unacceptable behaviors and provides for appropriate disciplinary responses and options. A discipline code must:

- Be preventative in nature.
- Promote self-discipline and personal responsibility.
- Concern itself with the welfare of the individual and the school community.
- Promote a positive relationship among students, parents/guardians and the school staff.
- Distinguish between minor and serious infractions as well as between first and repeated infractions.
- Be reasonable and consistent.

A set of rules does not replace the administrator's judgment in the review of discipline incidents. Discretion may be exercised considering disclosed circumstances regarding exclusionary discipline; however, students will be held accountable for their behavior appropriately.

Students cannot learn unless they feel safe. The health, safety, and welfare of our students is in the highest regard.

Self-Reporting "Safe Haven"

- Among the essential goals of the East Allegheny School District's student disciplinary code is the promotion of self-discipline and responsibility among students. Consistent with this goal, the discipline of any student is designed to seek proper conduct through learning rather than as an arbitrary exercise of authority.
- Students are expected to know and to follow school regulations governing student behavior, including the rule that students are prohibited from the possession of weapons and other forms of contraband. As a responsible member of the school community, a student who has unintentionally brought to school or while in school has come into the possession of such items should immediately bring the situation to the attention of a teacher or principal. In so doing, the student would be demonstrating the principles of self-discipline and accountability that the student disciplinary code promotes. In such circumstances, the student's self-reporting of the situation will be considered as a mitigating factor in determining the discipline, if any, which should result.

Citations

The school district reserves the right to issue a citation to any student aged ten (10) or over as defined in the Pennsylvania Crimes Code as defined for the following reasons: riot, disorderly conduct, and related offenses. The school district may issue citations in any of the following situations:

- Fighting.
- Student harassment and/or threats.
- Student disruptive behavior, including the use of obscene and profane language and gestures.
- Vandalism.
- Violation of the BOCA Code - smoking and possession of tobacco products and smoking apparatus.
- Threats - All threats will be taken seriously by the East Allegheny School District, even those made in jest.

Drug & Alcohol Use Policy

District Policy 227- Alcohol and Other Drugs can be viewed in its entirety at www.eawildcats.net.

- The Board recognizes that the abuse of controlled substances is a serious problem with legal, physical and social implications for the whole school community. This policy, including its regulations and guidelines, is a coordinated effort to openly and effectively respond to the potential and current uses and abuse of alcohol, other drugs, and mood-altering substances by students at the East Allegheny School District.
- The district will strive to educate, prevent and intervene in the use and misuse of alcohol, drugs and mood-altering substances by district students. A drug and alcohol prevention curriculum, school and community projects, classroom activities, community support

and resources, a strong and consistent administrative and faculty effort, and intervention and disciplinary procedures will be utilized.

- The Board prohibits students from using, possessing, distributing, and being under the influence of any drug/alcohol substances during school hours, on school property, and at any school-sponsored event.
- The Board may require participation in drug counseling, rehabilitation, testing or other programs as a condition of reinstatement into the school educational or athletic program.
- The privileged confidentiality between students and school counselors, school nurses, school psychologists, home and school visitors and other school employees shall be respected; and no confidential communication made to any such employee shall be required to be revealed without the consent of the student or his/her parent/guardian, unless the best interests of the student can be served only by such release.
- For the safety and security of the student, the nurse provides a preliminary examination of any student who is suspected of possible drug use as evidenced by the physical appearance, behavior, and smell of the student. This examination may include an examination of a student's pupils, breathing, heart rate, pulse, skin color, odor and other telltale physical signs that are readily observable and that the examination is proper and reasonable.

Teacher Absence: Illness

- If it becomes necessary for a teacher to miss school due to illness, he/she must utilize the Frontline system no later than 6:30 a.m. of the day they intend to be off.
- Teachers must call off if missing an in-service day even though a substitute is not needed.
- If a faculty member becomes ill during the day, he/she should notify an administrator and the Office as soon as possible so that arrangements for class coverage can be arranged. As soon as you are able, be sure to enter a half day in Frontline or a quarter day via the appropriate form. If a medical emergency occurs, notify the nurse's office first.
- Teachers will comply with contractual language in **ARTICLE XVIII** regarding longer periods of absence.

Teacher Absence: Personal Day

- If a teacher is planning to take a personal day, he/she must enter their information into Frontline at least 3 days prior to the absence. Three (3) days would be a full 72 hours, i.e. 6:30 a.m. the day before the time off is needed.
- Only ten percent of the faculty can be out of the building for a personal day on any given day.

Teacher Field Trips / Conferences

- If a teacher is requesting to attend a conference or field trip, he/she must fill out the Conference/Training Request Google Form and submit it to the building principal for approval. The request is then forwarded to the district level and if approved, forwarded to the school board for their approval.
- **These requests must adhere to the timetable for submitting requests to the school board. Agenda items are due at 9:00 a.m., six (6) business days prior to the first Monday of the month.** If you do not get your item signed by the building principal and into the Superintendent's secretary by the deadline, you will need to submit it for the following month. If the date of the event/workshop, etc. is prior to the next month's meeting, the Board will not ratify a request. To be safe, you should plan to submit requests 2 months prior to the date of the event/workshop, etc. If the request is late, it will not be considered.

Technical Equipment Usage

- There are many instances in which technical equipment will be used by students; most of the time this will entail use of computers and calculators. **It is the responsibility of the teacher to keep track of this equipment.**
- Classroom sets of calculators must be numbered and accounted for at the end of each period. Storing calculators in the open invites students to simply pick one up on the way out the door. When you have students working on computers, you must be vigilant about keeping an eye on the equipment. Students should ***never*** be given "free time" on the computers. This is an invitation for improper internet use, equipment damage and equipment theft. **It is the administration's expectation that all teachers will take precautions when their students are working with technical equipment.**

Student Disciplinary Procedures & Expectations

Student Discipline Policy

District Policy 218-Student Discipline can be viewed in its entirety at www.eawildcats.net.

The East Allegheny School District believes it is the responsibility of the school, home and community to provide an atmosphere of purpose and concern for education and the individual. Everyone in the school community must assume a role in providing an orderly school environment. An orderly school environment requires a code of discipline that defines responsibilities, categorizes unacceptable behaviors and provides for appropriate disciplinary responses and options. A discipline code must:

- Be preventative in nature.
- Promote self-discipline and personal responsibility.
- Concern itself with the welfare of the individual and the school community.
- Promote a positive relationship among students, parents/guardians and the school staff.
- Distinguish between minor and serious infractions as well as between first and repeated infractions.
- Be reasonable and consistent.

A set of rules does not replace the administrator's judgment in the review of discipline incidents. Discretion may be exercised considering disclosed circumstances regarding exclusionary discipline; however, students will be held accountable for their behavior appropriately.

Students cannot learn unless they feel safe. The health, safety, and welfare of our students is in the highest regard.

The Discipline Policy can be viewed in its entirety at www.eawildcats.net.

Faculty Role In the Disciplinary Process

- All teachers have the absolute right to stop, question, and discipline any student at any time. This **does not** give a teacher the right to strike or otherwise injure a student in the name of discipline. A teacher does have the right to protect themselves, other students, restrain a student and/or break up a fight. Any student being questioned by a faculty member must furnish his/her name and other pertinent information. Failure to do so will result in disciplinary action.
- Teachers should always take a proactive stance when dealing with parents/guardians.
- Remember that you set the tone for your classes on the first day. Your students must know that your class is one that is conducted in an academic atmosphere.
- We are here to educate students in such an atmosphere, no matter which level of class they are enrolled in.
- Teachers are encouraged to document parent/guardian conferences and contacts.
- Steps taken to improve student behavior and academics should also be documented.

Report the problem to the Guidance Department, the nurse and/or an administrator immediately, so that a staff member will be able to meet with the student before the school day ends. Keep an anecdotal record of your observations including comments made by the student. Include date and time.
