5. Application for return to employment shall be made at least two (2) weeks prior to the end of the childbearing/rearing leave and shall be accompanied by a physician's certificate, where applicable, that the Employee, at the termination of the leave, will be capable of fully carrying out his/her duties.

Unforeseen Electrical Items

Dear Ken,

This memo is intended to summarize the costs associated with unforeseen conditions affecting electrical items in the high school. The current renovation scope includes the second floor of A-Block, the natatorium and the Alt Ed wing, which is 84,000 square feet. The cost events are itemized below.

EC-23 Pool Sound System Upgrade – Added cost to provide boxes and raceways necessary for a future sound system for the natatorium. \$9,966.62

EC-24 Damaged Pool Balcony Outlets and Circuits – Troubleshoot and trace wiring, install new wiring and re-connect receptacles. Wiring and conduit were damaged during construction. \$735.29

EC-25 Damaged Parking Lot Lighting Circuits – Install new quazite box, repair/replace damaged conduit and wire for existing parking lot lighting circuit. Lighting circuit was damaged during excavation of parking lot. \$2,041.91

EC-27 B Block Area 2 Electrical Issues – Re-feed classroom circuits that were imbedded in slab. These were outlets that were demolished due to new openings in existing walls and were feeding additional outlets downstream. Circuits needed to be traced out, pulled back to an existing outlet to remain and re-circuited from that point. This condition was unforeseen prior to demolition. \$2,816.69

EC-30 T&M to fix electrical feeders for two panels damaged in b-block by saw cutting slab for plumbing – Conduit was cut during saw cutting of the existing floor slab. This was an unforeseen condition. \$48,698.00

TOTAL = \$64,258.51

The above are submitted for Board action.

RE: Installation of Eight-Foot-High Fence in Various Areas Throughout MSD Campus

CC: Shane Mathias, CPA., Business Manager

This memorandum serves as an explanation of the capital reserve project needed to upgrade our interior and perimeter fence system. In several places within our campus, fencing is installed at a height of four and six feet, making it very easy to breach during and after school hours. These areas include around the soccer/field hockey practice turf and main turf fields, the varsity softball field, behind the varsity baseball and stadium fields, and the maintenance building. These areas will receive eight-foot-high fence as part of this project. This installation cost also includes enclosing the new multi-purpose field area and repairs to the tennis court fence. This installation includes over 2700 linear feet of fencing and numerous gates with lockable hardware included.

Vendor	Cost
ProMax Fence Systems	\$208,172.00

ProMax Fence Systems is a COSTARS vendor, meeting all procurement requirements for this project. Total Cost for the project is \$208,172.00. Funds for the project will be used out of the Capital Reserve Fund. Thank you for your continued support.

Lot Size: 31.01 gross acres

Present Use:

Present Zoning Classification: R-1 Residential/Muhlenberg School District.

Present Improvements Upon Land: Junior High School building, School Administration building, and accessory uses and structures, including parking, walkways, and support facilities

2. Describe the purpose of this appeal (Proposed Construction of Use and Manner and Degree that this Proposal is Prohibited by the Zoning Ordinance)

This application is (a) a request for a special exception under Section 401.B(2) for changes to the existing school use for the expansion of the Junior High School, including a 24,592 sq ft area featuring 10 additional classrooms and support facilities, a 4,408 sq ft addition to the Administration Building, and changes to parking as shown in the plan accompanying this application. Applicant seeks a variance from parking requirements, to allow a reduction from 327 spaces to 313 spaces where 333 spaces would be required under Sections 907(1) and 907 (10)(A) and (B). It is believed and therefore averred that the variance is de minimis, and that the parking is and will remain ample for the junior high school use where none of the students are of legal driving age.

3. If this is an appeal from action of the Zoning Officer, complete the following: N/A
Date determination made
Your statement of alleged error of Zoning Officer:

4. Reasons Appellant believes Board should approve desired action (refer to section or sections of Ordinance under which it is felt that desired action may be allowed, and note whether hardship is (or is not) claimed, and the specific hardship). See responses to #2 and #6, incorporated by reference.

The Applicant, Muhlenberg School District, has seen an increase in the number of students in the District, which it is required under state law to accommodate, and which cannot be accommodated in current facilities which are overcrowded. The Junior High School project is needed to provide the additional classroom and cafeteria/kitchen space to meet the needs of the student body and comply with educational mandates. The Administration Building renovation, similarly, is required to accommodate increased need for space. There will be some reconfiguration of parking needed, reflected in the attached plans, that will minimize the loss of parking spaces (14 spaces), where the parking has proven to be more than sufficient to accommodate District needs for educational and extracurricular activities. The special exception requested is for continued school use, and the variances from parking requirements (which the School District asserts are de minimis) will have no impact on health, safety, or welfare of residents or have any adverse impacts on surrounding properties. See responses to #2 and #6, incorporated by reference

5. Has previous appeal been filed in connection with these premises? No.
(yes or no)

Note: Attach one copy of plan of real estate affected, indicating location and size of lot, size of improvements now erected and proposed to be erected thereon, or other change desired, also any other information required by the Zoning Hearing Board. If more space is required, attach a separate sheet and make specific reference to the question being answered. In question 4 above, include the grounds for the appeal or reasons both with respect to law and fact for granting the appeal or the special exception or variance. Specifications or errors must state separately the appellant's objections to the action of the Zoning Officer with respect to each question of law and fact which is sought to be reviewed.

6. Cite specific sections of the Zoning Code from which relief is requested.
 - a. Section 401.B(2) – Special Exception for a school in the R-1 District
 - b. Section 1211 – General Special Exception requirements
 - c. Section 907(1) – General off-street parking requirements for employees
 - d. Section 907(10)(A) and (B) - Number of parking spaces (1 per employee, 1 per 10 students, 1 per 3 seats in the auditorium, totaling 333 needed under strict interpretation of the ordinance).

List below other parties of interest (tenant, mortgagor, etc.) who should be notified of this hearing including at minimum the owners of all abutting property.

PLAN AND LIST OF ABUTTING OWNERS ARE ATTACHED.

I hereby depose and say that all of the above statements and the statements contained in any papers or plans submitted herewith are true and correct to the best of my knowledge and belief.

RE: Recommendations for Removal of Equipment and Outdated Uniforms

CC: Dr. Gangi E. Cucciuffo
Mr. Michael Mish
Mrs. Tara Flowers

This memorandum serves as a recommendation to:

- Remove bumper plate storage racks and bumper plates from the equipment storage room in the weight room. These bumper plate storage racks were proven to be damaging to our bumper plates. New bumper plate storage racks and bumper plates have replaced the old storage racks, so the old storage racks and weights are not currently being used. These storage racks and weights possibly have value to be sold but should be removed from their current location.
- Repurpose outdated sports uniforms that are currently stored in the equipment closet. These uniforms are from various sports teams, but are royal blue and yellow and no longer used as part of the athletic department. I recommend that these uniforms be resold at various sporting events as a fundraiser for the boosters.
- Remove 4 old/unused/damaged lacrosse goals and 1 old/unused field hockey cage from under the home side bleachers of the football stadium. This equipment will be stripped of any viable parts/pieces that could be used to fix/maintain our current equipment before the old equipment is discarded.

Respectfully submitted,

Ashley E. Care

Board of School Directors
Muhlenberg School District
801 Bellevue Avenue
Laureldale, Pennsylvania 19605

Dear Members of the Board:

This engagement letter between Muhlenberg School District (hereafter referred to as the "District" or "you" or "your" or "management") and Cherry Bekaert LLP (the "Firm" or "Cherry Bekaert" or "we" or "us" or "our") sets forth the nature and scope of the services we will provide, the District's required involvement and assistance in support of our services, the related fee arrangements, and other Terms and Conditions, which are attached hereto and incorporated by reference, designed to facilitate the performance of our professional services and to achieve the mutually agreed-upon objectives of the District.

Summary of services

We will provide the following services to the District as of and for the year ended June 30, 2026:

Audit and attestation services

1. We will audit the financial statements of the District as of and for the year ended June 30, 2026 (the "financial statements") including the governmental activities, the business type activities, each major fund and the aggregate remaining fund information, including the disclosures.
2. We will audit the schedule of expenditures of federal awards. As part of our engagement we will apply certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.
3. We will audit the combining statements. As part of our engagement, we will apply certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.
4. We will apply limited procedures to the District's management's discussion and analysis ("MD&A") budgetary comparison schedule, pension plan information, and other postemployment benefit plan information, which will consist of inquiries of District's management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements.

Nonattest accounting and other services

We will provide the following additional services:

1. Assist in the preparation of the financial statements and disclosures.
2. Limited assistance with the adoption of a new accounting standard.
3. Complete the appropriate sections of and sign the Data Collection Form.

4. We will provide access to third-party lease software for purposes of complying with Governmental Accounting Standards Board Statement No. 87, *Leases* ("GASB 87") and Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements* ("GASB 96")
5. Any additional accounting matters which may be necessary to complete the accounting for the year ended June 30, 2026 will be performed in addition to the audit services and billed at our standard billing rates. Examples of accounting services which may be provided are:
 - a. Assistance with preparation of the schedule of expenditures of federal awards
 - b. Assistance with preparation of year-end accruals
 - c. Assistance with recording of debt, lease and SBITA issuances

Your expectations

Our services plan, which includes our audit plan, is designed to provide a foundation for an effective, efficient, and quality-focused approach to accomplish the engagement objectives and meet or exceed the District's expectations. Our services plan will be reviewed with you periodically and will serve as a benchmark against which you will be able to measure our performance. Any additional services that you may request, and that we agree to provide, will be the subject of separate written arrangements.

The District recognizes that our professional standards require that we be independent from the District in our audit of the District's financial statements and our accompanying reports in order to ensure that our objectivity and professional skepticism have not been compromised. As a result, we cannot enter into a fiduciary relationship with the District and the District should not expect that we will act only with due regard to the District's interest in the performance of this audit, and the District should not impose on us special confidence that we will conduct this audit with only the District's interest in mind. Because of our obligation to be independent of the District, no fiduciary relationship will be created by this engagement or audit of the District's financial statements.

The engagement will be led by Christopher Turtell, who will be responsible for assuring the overall quality, value, and timeliness of the services provided to you.

Audit and attestation services

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the provisions of Title 2 U.S. Code of Federal Regulations ("CFR") Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"); and the Single Audit Act Amendments of 1996. The objective of our audit is to obtain reasonable assurance about whether the District's financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion(s) about whether the District's financial statements are presented fairly, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the additional information referred to in the Summary of Services section when considered in relation to the financial statements taken as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists.

Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements in conformity with the basis of accounting noted above. The objective also includes reporting on:

- Internal control over financial reporting and compliance with the provisions of applicable laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and the Uniform Guidance

Auditor's responsibilities for the audit of the financial statements

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and will include tests of accounting records, a determination of major programs in accordance with Uniform Guidance, and other procedures as deemed necessary to enable us to express such opinions about whether the financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America ("GAAP"). We will also:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of the District and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Nonattest accounting and other services

In connection with any of the audit, accounting, or other services noted below, we will provide a copy of all schedules or other support for you to maintain as part of your books and records supporting your financial statements. You agree to take responsibility for all documents provided by Cherry Bekaert and will retain copies based on your needs and document retention policies. By providing these documents to you, you confirm that Cherry Bekaert is not responsible for hosting your records or maintaining custody of your records or data and that Cherry Bekaert is not providing business continuity or disaster recovery services. You confirm you are responsible for maintaining internal controls over your books and records including business continuity and disaster recovery alternatives. In addition, any documents provided to Cherry Bekaert by the District in connection with these services will be considered to be copies and will not be retained by Cherry Bekaert after completion of the accounting and other services. You are expected to retain anything you upload to a Cherry Bekaert portal and are responsible for downloading and retaining anything we upload in a timely manner. Portals are only meant as a method of transferring data, are not intended for the storage of client information, and may be deleted at any time. You are

expected to maintain control over your accounting systems to include the licensing of applications and the hosting of said applications and data. We do not provide electronic security or back-up services for any of your data or records. Giving us access to your accounting system does not make us hosts of information contained within.

The accounting and other services described in this section are nonaudit services, which do not constitute audit services under *Government Auditing Standards*, and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming District's management responsibilities.

In conjunction with providing these accounting and other services, we may use third party software or templates created by Cherry Bekaert for use on third party software. Management expressly agrees that the District has obtained no rights to use such software or templates and that Cherry Bekaert's use of the District's data in those applications is not deemed to be hosting, maintaining custody, providing business continuity, or disaster recovery services.

Accounting services

We will advise District's management about the application of appropriate accounting principles, and may propose adjusting journal entries to the District's financial statements. The District's management is responsible for reviewing the entries and understanding the nature of any proposed entries and the impact they have on the District's financial statements. If, while reviewing the journal entries, the District's management determines that a journal entry is inappropriate, it will be the District's management's responsibility to contact us to correct it.

Financial statement preparation

We will assist in the preparation of the District's financial statements and disclosures, based on information provided by the District. However, the responsibility for the District's financial statements and disclosures remains with the District's management. This responsibility includes establishing and maintaining adequate records and effective internal controls over financial reporting, the selection and application of accounting principles, the safeguarding of assets, and adjusting the financial statements for any material misstatements as well as reviewing and approving for publication the draft financial statements prepared with our assistance.

Limited assistance with the adoption of new accounting standards

We will provide limited assistance to the District for the adoption of a new accounting standard. The adoption of new accounting standards is the District's responsibility. We will not provide any assistance that will compromise applicable independence rules including but not limited to: making decisions on behalf of management, managing or performing your adoption project, selecting accounting policies and practices, drafting accounting policies and manuals, determining recorded amounts and disclosures, or designing or implementing manual or IT processes. In addition, any incremental fees associated with these nonattest services do not contemplate the additional time necessary to audit the adoption of the standard.

Data collection form

We will complete the appropriate sections of and sign the Data Collection Form that summarizes our audit findings. We will provide copies of our reports to the District; however, it is the District's management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the designated federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period.

Access to third-party lease software

We will provide access to third-party lease software for you to input your lease data for purposes of complying with GASB 87 / GASB 96.

Management is responsible for:

- The determination of all input variables and assumptions, including, but not limited to, exercising of options, determination of incremental borrowing rate, and estimating CPI or other index related increases
- Examining all contracts for embedded lease arrangements
- Separating lease and non-lease components of an arrangement
- Reviewing and approving the results of the lease schedule
- Maintaining copies of leases and downloading / exporting reports and other data from the third-party software to support the District's books and records. Cherry Bekaert is not providing hosting, maintaining custody of your data, providing business continuity services, or providing disaster recovery services and will not have access to your data unless you provide access.

District's management responsibilities related to accounting and other services

For all nonattest services we perform in connection with the engagement, you are responsible for designating a competent employee to oversee the services, make any management decisions, perform any management functions related to the services, evaluate the adequacy of the services, retain relevant copies supporting your books and records, and accept overall responsibility for the results of the services.

Prior to the release of the report, the District's management will need to sign a representation letter acknowledging its responsibility for the results of these services, and acknowledging receipt of all appropriate copies.

District's management responsibilities related to the audit

The District's management is responsible for (1) designing, implementing, and maintaining internal controls, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that the District's management and financial information is reliable and properly reported. The District's management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial

statements, schedule of expenditures of federal awards and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationship in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

The District's management is responsible for making all financial records and related information available to us, including additional information that is requested for purposes of the audit (including information from outside of the general and subsidiary ledgers), and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which it is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit and (4) unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving (1) the District's management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, grantors, regulators, or other. In addition, you are responsible for identifying and ensuring that the District complies with applicable laws, regulations contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, or grant agreements that we report. Additionally, as required by the Uniform Guidance, it is the District's management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and prepare a summary schedule of prior audit findings and a separate corrective action plan.

The District's management is responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received, and COVID-19 related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance, (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance, (3) the methods of measurement or presentation have not changed from those used in the prior period or, if they have changed, the reasons for such changes), and (4) the District has disclosed to us any

significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP, (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP, (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes), and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

The District's management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. The District's management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the *Audit and attestation services* section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing District's management views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

The District's management agrees to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards and disclosures, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards and disclosures, and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards and disclosures prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Reporting

Our report will be addressed to board of school directors of the District. Circumstances may arise in which our report may differ from its expected form and content based on the result of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion or add emphasis-of-matter or other-matter paragraphs to our auditor's report, or if necessary, withdraw from this engagement. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also issue written reports upon completion of our Single Audit. The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance, and (2) the report is an integral part of an

audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Indemnity

Cherry Bekaert will rely on the District to provide information and representations to us in the performance of our professional services and in consideration of the fees that we will charge. Because of the importance of management's representations to the effective performance of our services, the District will release, indemnify, and hold harmless the Firm and its personnel from any claims, liabilities, costs, and expenses relating to our services under this letter arising in circumstances where there has been a known misrepresentation by an officer or employee of the District, regardless of whether such officer or employee was acting in the District's interest. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise. This provision will survive termination of this Letter.

Limitation of damages

In recognition of the relative risks and benefits of this agreement to both the District and Cherry Bekaert, the District agrees, to the fullest extent permitted by law, to limit the damages owed by Cherry Bekaert to the District for any and all liability, claims, losses, and costs, of any nature whatsoever, so that the total aggregate damages payable by Cherry Bekaert to the District shall not exceed the total fees for services rendered under this agreement. Both parties to this agreement intend and agree that this limitation apply to any and all damages or causes of action against Cherry Bekaert, however alleged or arising, unless otherwise prohibited by law, or unless the claimed damages arise due to the gross negligence or willful misconduct of Cherry Bekaert.

Statute of limitations

The District agrees not to bring any claims against any partner or employee of the Firm in any form for any reason. The District and the Firm agree that any suit arising out of or related to the services contemplated by this engagement letter must be filed within one year after the cause of action arises. The cause of action arises upon the earlier of (i) delivery of the final work product for which the firm has been engaged, (ii) where applicable, filing of the final work product for which the firm has been engaged, or (iii) the date which the services contemplated under this engagement letter are terminated by either party.

The estimated fees contemplate only the services described in the Summary of Services section of this letter. You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you concerning the scope of the additional services and the estimated fees which will be at our standard billing rates noted in the table below. Limitations of the audit report

Should the District wish to include, publish, or otherwise reproduce the financial statements and our report thereon at a date subsequent to their original issuance, such as for inclusion in a bond offering, prospectus or similar document, our firm is presumed not to be associated with such document and we have no obligation to perform any procedures with respect to such document. In addition, you agree that the District will include in the offering statement the following language: "Cherry Bekaert LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Cherry Bekaert also has not performed any procedures relating to this official statement."

If, however, the District's management takes certain actions, such as requesting a written consent from us prior to including our audit report in such an offering statement, our firm then becomes associated with the offering and in accordance with professional standards, we will be required to perform certain limited procedures with respect to unaudited information contained in the document. These procedures will be subject to separate written arrangements and fees.

Limitations of the audit process

In conducting the audit, we will perform tests of the accounting records and such other procedures as we consider necessary in the circumstances to provide a reasonable basis for our opinion on the financial statements. We also will assess the accounting principles used and significant estimates made by the District's management, as well as evaluate the overall financial statement presentation.

Our audit will include procedures designed to obtain reasonable assurance of detecting misstatements due to errors or fraud that are material to the financial statements. Absolute assurance is not attainable because of the nature of audit evidence and the characteristics of fraud. For example, audits performed in accordance with GAAS are based on the concept of selective testing of the data being examined and are, therefore, subject to the limitation that material misstatements due to errors or fraud, if they exist, may not be detected. Also, an audit is not designed to detect matters that are immaterial to the financial statements. In addition, an audit conducted in accordance with GAAS does not include procedures specifically designed to detect illegal acts having an indirect effect (e.g., violations of fraud and abuse statutes that result in fines or penalties being imposed on the District) on the financial statements.

Similarly, in performing our audit we will be aware of the possibility that illegal acts may have occurred. However, it should be recognized that our audit provides no assurance that illegal acts generally will be detected, and only reasonable assurance that illegal acts having a direct and material effect on the determination of financial statement amounts will be detected. We will inform you with respect to errors and fraud, or illegal acts that come to our attention during the course of our audit unless clearly inconsequential. In the event that we have to consult with the District's counsel or counsel of our choosing regarding any illegal acts we identify, additional fees incurred may be billed to the District. You agree that the District will cooperate fully with any procedures we deem necessary to perform with respect to these matters.

We will issue a written report upon completion of our audit of the District's financial statements. If, for any reason, we are unable to complete the audit, or are unable to form, or have not formed an opinion on the financial statements, we may decline to express an opinion or decline to issue a report as a result of the engagement. We will notify the appropriate party within your organization of our decision and discuss the reasons supporting our position.

Audit procedures – general

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve professional judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by the District's management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or to acts by the District's management or employees acting on behalf of the District. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits, nor do they expect auditors to provide reasonable assurance of detecting waste and abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of the District's management of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditor is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, funding sources, creditors and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit procedures – internal controls

Our audit will include obtaining an understanding of the District and its environment, including internal controls relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion(s). The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control,

including cybersecurity, and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to the District's management and those charged with governance internal control related matters that are required to be communicated under American Institute of Certified Public Accountants ("AICPA") professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit procedures - compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with provisions of applicable laws and regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the District's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on the District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Nonattest services

The Code of Professional Conduct (the "Code") as promulgated by the American Institute of Certified Public Accountants ("AICPA") requires us to establish, in writing, your responsibilities with regards to any nonattest services for which you have engaged us or may engage us in the future.

One of your key responsibilities with respect to nonattest services provided by us is to designate an individual or individuals within the organization to oversee such services. It is our understanding that you have an individual or individuals within your organization that possess the requisite skills, knowledge and experience to oversee nonattest services including, but not limited to, financial statement preparation, assistance with the adoption of a new accounting standard, and tax return preparation. You also agree to assume any and all management responsibilities for our nonattest services, evaluate the adequacy and results of such services and to accept responsibility for them.

In order to ensure we provide such services in compliance with all professional standards, the designated individual is responsible for:

- Making all relevant records and related information available to us

- Ensuring that all material information is disclosed to us
- Granting unrestricted access to persons within the entity from whom we determine it necessary to obtain necessary support
- Identifying and ensuring that such nonattest services comply with applicable laws and regulations

The accuracy and appropriateness of such nonattest services shall be limited by the accuracy and sufficiency of the information provided by the District's designated individual. In the course of providing such nonattest services, we may provide professional advice and guidance based on knowledge of accounting, tax and other compliance, and of the facts and circumstances as provided by the District's designated individual. Such advice and guidance shall be limited as permitted under the AICPA Code of Professional Conduct.

Communications

At the conclusion of the audit engagement, we may provide the District's management and those charged with governance a letter stating any significant deficiencies or material weaknesses which may have been identified by us during the audit and our recommendations designed to help the District make improvements in its internal control structure and operations related to the identified matters discovered in the financial statement audit. As part of this engagement, we will ensure that certain additional matters are communicated to the appropriate members of the District. Such matters include (1) our responsibilities under GAAS, (2) the initial selection of and changes in significant accounting policies and their application, (3) our independence with respect to the District, (4) the process used by District's management in formulating particularly sensitive accounting estimates and the basis for our conclusion regarding the reasonableness of those estimates, (5) audit adjustments, if any, that could, in our judgment, either individually or in the aggregate be significant to the financial statements or our report, (6) any disagreements with the District's management concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements, (7) our views about matters that were the subject of the District's management's consultation with other accountants about auditing and accounting matters, (8) major issues that were discussed with the District's management in connection with the retention of our services, including, among other matters, any discussions regarding the application of accounting principles and auditing standards, and (9) serious difficulties that we encountered in dealing with the District's management related to the performance of the audit.

Other matters

Access to working papers

The working papers and related documentation for the engagement are the property of the Firm and constitute confidential information. We have a responsibility to retain the documentation for a period of time to satisfy legal or regulatory requirements for records retention. It is our policy to retain all workpapers and client information for seven years from the date of issuance of the report. It is our policy to retain emails and attachments to emails for a period of 12 months, except as required by any governmental regulation. Except as discussed below, any requests for access to our working papers will be discussed with you prior to making them available to requesting parties. Any parties seeking voluntary access to our working papers must agree to sign our standard access letter.

We may be requested to make certain documentation available to regulators, governmental agencies (e.g., SEC, PCAOB, HUD, RD, DOL, etc.), or their representatives ("Regulators") pursuant to law or regulations. If requested, access to the documentation will be provided to the Regulators. The Regulators may intend to distribute to others, including other governmental agencies, our working papers and related documentation without our knowledge or express permission. You hereby acknowledge and authorize us to allow Regulators access to and copies of documentation as requested. In addition, our Firm, as well as

all other major accounting firms, participates in a "peer review" program covering our audit and accounting practices as required by the AICPA. This program requires that once every three years we subject our quality assurance practices to an examination by another accounting firm. As part of the process, the other firm will review a sample of our work. It is possible that the work we perform for the District may be selected by the other firm for their review. If it is, they are bound by professional standards to keep all information confidential. If you object to having the work we do for you reviewed by our peer reviewer, please notify us in writing.

Electronic transmittals

During the course of our engagement, we may need to electronically transmit confidential information to each other, within the Firm, and to other entities engaged by either party. Although email is an efficient way to communicate, it is not always a secure means of communication and thus, confidentiality may be compromised. As an alternative, we recommend using our Client Portal ("Portal") to transmit documents. Portal allows the District, us, and other involved entities to upload and download documents in a secure location. You agree to the use of email, Portal, and other electronic methods to transmit and receive information, including confidential information, between the Firm, the District, and other third party providers utilized by either party in connection with the engagement.

Use of third party providers and alternative practice structure

Cherry Bekaert LLP and Cherry Bekaert Advisory LLC (an associated, but not affiliated entity) are parties to an administrative services agreement ("ASA"). Cherry Bekaert LLP and Cherry Bekaert Advisory LLC are operating in an arrangement commonly described as an "alternative practice structure". Pursuant to the ASA, Cherry Bekaert LLP leases professional and administrative staff, both of which are employed by Cherry Bekaert Advisory LLC, to support Cherry Bekaert LLP's performance under this engagement letter. As a result, Cherry Bekaert LLP will share your confidential information with Cherry Bekaert Advisory LLC so that the leased employees are able to support Cherry Bekaert LLP's performance under this engagement letter. These leased employees are under the direct control and supervision of Cherry Bekaert LLP, which is solely responsible for the professional performance of the services under this engagement letter. The leased employees are subject to the standards governing the accounting profession, including the requirement to maintain the confidentiality of client information, and Cherry Bekaert LLP and Cherry Bekaert Advisory LLC have contractual agreements requiring confidential treatment of all client information.

To the extent Cherry Bekaert Advisory LLC will provide tax, advisory, and/or consulting services to you, Cherry Bekaert LLP will provide Cherry Bekaert Advisory LLC with access to your accounting, financial, and other records that Cherry Bekaert LLP maintains to enable Cherry Bekaert Advisory LLC to provide those services to you.

In addition to the structure noted above, in the normal course of business, we may on occasion use the services of an independent contractor or a temporary or loaned employee, all of whom may be considered a third party service provider. On these occasions, we remain responsible for the adequate oversight of all services performed by the third party service provider and for ensuring that all services are performed with professional competence and due professional care. We will adequately plan and supervise the services provided by the third party service provider; obtain sufficient relevant data to support the work product; and review compliance with technical standards applicable to the professional services rendered. We will enter into a contractual agreement with the third party service provider to maintain the confidentiality of information and be reasonably assured that the third party service provider has appropriate procedures in place to prevent the unauthorized release of confidential information to others.

Subpoenas

In the event we are requested or authorized by the District, or required by government regulation, subpoena, or other legal process to produce our working papers or our personnel as witnesses with respect to our engagement for the District, the District will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expense, as well as the fees and expenses of our counsel, incurred in responding to such a request at standard billing rates.

Dispute resolution provision

This Dispute Resolution Provision sets forth the dispute resolution process and procedures applicable to any dispute or claim arising out of or relating to this engagement letter or the services provided hereunder, or any other audit or attest services provided by or on behalf of the Firm or any of its subcontractors or agents to the District or at its request ("Disputes"), and shall apply to the fullest extent of the law, whether in contract, statute, tort (such as negligence), or otherwise.

Mediation

All Disputes shall be first submitted to nonbinding confidential mediation by written notice to the parties, and shall be treated as compromise and settlement negotiations under the standards set forth in the Federal Rules of Evidence and all applicable state counterparts, together with any applicable statutes protecting the confidentiality of mediations or settlement discussions. If the parties cannot agree on a mediator, the International Institute for Conflict Prevention and Resolution ("CPR"), at the written request of a party, shall designate a mediator.

Arbitration procedures

If a Dispute has not been resolved within 90 days after the effective date of the written notice beginning the mediation process (or such longer period, if the parties so agree in writing), the mediation shall terminate and the Dispute shall be settled by binding arbitration to be held at a mutually agreeable location. The arbitration shall be conducted in accordance with the CPR Rules for Non-Administered Arbitration that are in effect at the time of the commencement of the arbitration, except to the extent modified by this Dispute Resolution Provision (the "Rules"). The arbitration shall be conducted before a panel of three arbitrators. Each of the District and the Firm shall designate one arbitrator in accordance with the "screened" appointment procedure provided in the Rules, and the two party-designated arbitrators shall jointly select the third in accordance with the Rules. No arbitrator may serve on the panel unless he or she has agreed in writing to enforce the terms of the engagement letter and to abide by the terms of the Rules. Except with respect to the interpretation and enforcement of these arbitration procedures (which shall be governed by the Federal Arbitration Act), the arbitrators shall apply the laws of the Commonwealth of Virginia (without giving effect to its choice of law principles) in connection with the Dispute. The arbitrators may render a summary disposition relative to all or some of the issues, provided that the responding party has had an adequate opportunity to respond to any such application for such disposition. Any discovery shall be conducted in accordance with the Rules. The result of the arbitration shall be binding on the parties, and judgment on the arbitration award may be entered in any court having jurisdiction.

Costs

Each party shall bear its own costs in both the mediation and the arbitration; however, the parties shall share the fees and expenses of both the mediators and the arbitrators equally.

Waiver of trial by jury

In the event the parties are unable to successfully arbitrate any dispute, controversy, or claim, the parties agree to WAIVE TRIAL BY JURY and agree that the court will hear any matter without a jury.

Independent contractor

Each party is an independent contractor with respect to the other and shall not be construed as having a trustee, joint venture, agency, or fiduciary relationship.

No third party beneficiaries

The parties do not intend to benefit any third party by entering into this agreement, and nothing contained in this agreement confers any right or benefit upon any person or entity who or which is not a signatory of this agreement.

Terms and conditions supporting fees

The estimated fees set forth in the attached engagement letter are based on anticipated full cooperation from the District's personnel, timely delivery of requested audit schedules and supporting information, timely communication of all significant accounting and financial reporting matters, the assumption that unexpected circumstances will not be encountered during the audit, as well as working space and clerical assistance as mutually agreed upon and as is normal and reasonable in the circumstances. We strive to ensure that we have the right professionals scheduled on each engagement. As a result, sudden District requested scheduling changes or scheduling changes necessitated by the agreed information not being ready on the agreed-upon dates can result in expensive downtime for our professionals. Any last minute schedule changes that result in downtime for our professionals could result in additional fees. Our estimated fees do not include assistance in bookkeeping or other accounting services not previously described. If, for any reason, the District is unable to provide such schedules, information, and assistance, the Firm and the District will mutually revise the fee to reflect additional services, if any, required of us to achieve these objectives.

The estimated fees contemplate that the District will provide adequate documentation of its systems and controls related to significant transaction cycles and audit areas.

In providing our services, we will consult with the District with respect to matters of accounting, financial reporting, or other significant business issues as permitted by professional standards. Accordingly, time necessary to affect a reasonable amount of such consultation is reflected in our fees. However, should a matter require research, consultation, or audit work beyond that amount, the Firm and the District will agree to an appropriate revision in our fee.

The estimated fees are based on auditing and accounting standards effective as of the date of this engagement letter and known to apply to the District at this time. Unless otherwise indicated, estimated fees do not include any time related to the application of new auditing or accounting standards that impact the District for the first time. If new auditing or accounting standards are issued subsequent to the date of this letter and are effective for the period under audit, we will estimate the impact of any such standard on the nature, timing, and extent of our planned audit procedures and will communicate with the District concerning the scope of the additional procedures and the estimated fees.

The District agrees to pay all costs of collection (including reasonable attorneys' fees) that the Firm may incur in connection with the collection of unpaid invoices. In the event of nonpayment of any invoice

rendered by us, we retain the right to (a) suspend the performance of our services, (b) change the payment conditions under this engagement letter, or (c) terminate our services. If we elect to suspend our services, such services will not be resumed until your account is paid. If we elect to terminate our services for nonpayment, the District will be obligated to compensate us for all time expended and reimburse us for all expenses through the date of termination.

This engagement letter sets forth the entire understanding between the District and the Firm regarding the services described herein and supersedes any previous proposals, correspondence, and understandings whether written or oral. Any subsequent changes to the terms of this letter, other than additional billings, will be rendered in writing and shall be executed by both parties. Should any portion of this engagement letter be ruled invalid, it is agreed that such invalidity will not affect any of the remaining portions.

General Information

School Day - The school day for students begins promptly at 9:00 a.m. and ends at 3:25 p.m. Students will be admitted into the building beginning at 8:30 a.m. Arrival after 9:00 a.m. will result in a tardy.

- **Triads:** Each student is part of a team (Gold or Blue House) and each team will have two triads made-up of three teachers each one focusing on ELA, Math or Sci/SocStudies. Students with different needs will have support in place according to their educational needs.
- **Regular Day:** On a regular day, the students will include. . . a 25-minute Homeroom / SEL lesson, three Core Courses of 80 minutes each (ELA, Math, Sci/SocStud), one 40-minute Special (SEL, PE, Art, Engineering, Music), one 20-minute Recess, one 30-minute Lunch.

Z-Pass - All bus riders will be provided with a Z-Pass. This scan card is a program that tracks when and where students get on and off the bus. The Z-Pass scan card will be attached to the student's bag and will provide information in real time and is available on www.zpassplus.com or the app. Loss or damage of a Z-Pass will incur a replacement fee.

CE Cole Arrival - The walker and parent drop off is located off of Kutztown Road. It is located to the right of the main entrance. The doors open at 8:30 for student arrival. Students will head to the cafeteria for breakfast or the gym until 8:45 where they can head to their classrooms. Staff will be provided to supervise students' entry.

Dismissal - The official dismissal time for CE Cole Intermediate is 3:25 p.m.

CE Cole Walkers - Walkers will be dismissed after the first round of buses is called. Students will exit the building to the right of the main entrance. Please note, for the safety of all children, students who are permitted to walk home are expected to walk straight home, not loiter, and should not enter any vehicle before arriving safely home. This process takes about 10 minutes.

Bus Students - Students riding home on a school bus will be dismissed per bus arrival times. The first round of buses will be called at 3:25. There are multiple rounds of buses thus some students do not leave campus until 4:00.

Parking - Guests visiting CE Cole should enter the main parking lot off Kutztown Road. Guests should park in the designated parking spaces labeled "visitor parking." Any visitor planning to enter the building or pick up a student or paperwork will be required to show proper identification.

Bicycles - Due to potential storage, safety, and liability issues that may arise, students are not permitted to bring bicycles to school. Additionally, skateboarding and scooters are prohibited on school property.

Student Photo Identification Badges - In an effort to promote safety of all students, Student Photo Identification Badges (ID Badges) will be given to all students. ID Badges MUST be worn in plain sight at all times, except when the wearing of ID Badges is excused for Physical Education Classes, Recess, or other activities as determined by staff.

Telephone Calls and Usage - Discretion should be used when calling students or teachers during school hours. Please contact the school only when a message is urgent. Students are not permitted to use the office telephone for personal calls. They are encouraged to assume the responsibility of making arrangements in advance based on the activities of the day. Cell phones/all electronics to be in backpack and TURNED OFF from the school door (AM) to the bus door (PM).

School Visits - Parents should make advance arrangements with the teacher for a conference and with the building principal for a school visit to ensure that their visit won't coincide with a special activity, such as a field trip or a standardized test. When making these arrangements, please keep in mind that a school visit should be limited to a maximum of 1 to 1½ hours. Please remember that there is a difference between school visits, which are solely for observation, and conferences, which are to discuss your child's progress with his or her teacher. Conference appointments should be pre-arranged.

When visiting any Muhlenberg school building, you must enter through the main office. You will be required to provide a photo ID and asked to register in the visitors' book. Our office staff will provide you with a printed badge. You will then apply the badge to your person where it is highly visible to staff who observe you walking through the building. At the end of the day, you must return to the office to sign out in our visitors' book and return the "School Visitor" badge. Outdoor events held at/by MEC and CE Cole, such as field day, field trips, recess, etc, are still considered school events, and therefore, visitors must abide by the school visitation policy.

Visitors and Volunteers -

Visitor - as distinguished from a volunteer, is an individual whose actions do not rise to the level of a volunteer by virtue of their business with the district. A visitor shall include, but not be limited to,

1. A parent, close relative or guardian who visits a classroom, auditorium, other school common area, or a private meeting area to make a delivery to, or meet with, a student who is the individual's child or other close relative or for whom the individual is the guardian
2. An individual who attends a sports event or other extracurricular activity as a spectator only
3. An individual who is a Career Day or other similar speaker or participant visiting to share information with students.

Volunteer - any adult who is responsible for a child's welfare, or who cares, supervises, guides or controls a child or children and has routine interaction with such child or children without compensation, remuneration or other consideration in connection with a school program, activity, or service. Volunteers may perform only such duties as may be performed by a person not licensed as a classroom teacher. The judgment of the certified personnel, to whom the volunteer is assigned, will be used to define the duties to be performed.

Examples of a volunteer shall include:

1. An individual who serves as a daily, weekly or other periodically scheduled classroom assistant
2. An individual who serves as a chaperone during school sponsored activities
3. An individual who in connection with a school sponsored activity has contact with a child with respect to whom the individual is not the parent, close relative or guardian of the child.

Any and all volunteers who will be working directly with students or coming into contact with students are required to submit to a Pennsylvania Criminal History Record Check (Act 34) and Pennsylvania Child Abuse History Clearance (Act 151). The Pennsylvania Department of Education (PDE) has added a requirement, as of January 1, 2015, that all volunteers must certify that they have resided in Pennsylvania for the entire previous ten (10) years or if they are unable to do so, they must submit the FBI Federal Criminal History Report (fingerprinting). Information to apply for these clearances may be obtained at the school office or on the Muhlenberg School District Website.

Volunteer Packet - The volunteer packet information can be picked-up at the CE Cole Office or is located on the district website. This packet needs to be completed and approved by district administration prior to volunteering within the district.

Lunch Schedule and Cafeteria - Each lunch period lasts thirty minutes. Breakfast and lunch will be provided to all students for free though students will still use their student ID number to identify their account. A monthly menu is available on the Muhlenberg School District website. For students who bring their lunches to school, milk and other items are available as supplements. NO bags will be allowed in the lunchroom except a lunch bag.

Recess - Research clearly indicates that exercise stimulates thinking and learning. All students will be expected to participate in outdoor recess unless the temperatures drop below freezing or there is precipitation. If a child is to stay indoors during a recess period, we must have a written request from a physician.

CE Cole Chorus and Band - CE Cole chorus and band is open to fourth, fifth, and sixth grade students who are interested in singing with a large group. Basic vocal skills, including some harmony, are covered. Rehearsals are held during the school day. Students who are in good academic standing may miss content area subjects to participate in chorus. Information regarding the starting dates for the rehearsals will be provided. A letter of permission will be sent home with all students.

Pupil Evaluation - CE Cole students will be evaluated on a percentage scale for core subject areas of English Language Arts, Math, Science, and Social Studies. Grades in core subjects are updated regularly on Infinite Campus. Special area classes will be evaluated on a 4 point scale.

Positive Behavioral Intervention System- The primary goal is to help students develop self-discipline. The creation of an atmosphere conducive to effective teaching, learning and living is the shared responsibility of the school community. To achieve this goal, we have implemented a school-wide positive behavioral support system, which emphasizes positive behavior.

At all times, students are expected to demonstrate behaviors that enhance a positive learning environment as well as abide by the following school expectations:

#COLEture Cornerstones

Respect
Responsibility
Readiness
Resilience

At CE Cole Intermediate, we proudly celebrate positive student behavior through a dynamic Tier 1 PBIS system rooted in our COLEture Cornerstones—Respect, Responsibility, Readiness, and Resilience. Students are “caught being good” and recognized with COLEture Tickets and Bus Rider Tickets, which can be entered into raffles, used at our School Store, or exchanged for privileges. Monthly COLEture Fridays honor students who consistently demonstrate strong character, while others receive reteaching and support through our COLEture Club. Additional celebrations include Recess with the Principals, Student of the Month breakfasts, and COLE @ Lunch challenges, where lunchroom behavior earns students fun weekly rewards. Staff and administrators also distribute COLEture Coupons to recognize individual or class-wide excellence, culminating in quarterly incentives that reward whole-class efforts. Through these layered and consistent recognitions, we foster a school culture that uplifts and celebrates positive behavior every day.

Toys in School - The district provides necessary recess equipment, therefore all toys, including trading cards, should be left at home. Spinners and other over-the-counter devices sold for therapeutic reasons are considered toys unless specifically prescribed by a family doctor or a school professional. Should students bring toys to school, the following actions could be levied:

- First offense: The teacher will ask the student to put the toys/cards in his/her backpack and take them home.
- Further offenses: The toys/cards brought to school will be confiscated by the classroom teacher. Parents/guardians will need to make arrangements with the classroom teacher to pick up the student’s toys/cards.

Those toys/cards left in school until the end of the school year will be returned to the students on the last day of school. Please note that the district shall not be liable for the loss, damage or misuse of any toys or materials brought to school by a student. No balls are to be brought to school.

SPECIAL NOTE: Toy guns, toy weapons and look-alikes are treated under the same provisions as the district weapons policy, including the possible consequence of full expulsion from school. Toy guns, toy weapons and look-alikes are never permitted on the bus, in school or on school property. (Policy 218.1)

Personal Belongings - The clothing and personal or family possessions a student wears or brings to school should be marked clearly with his or her name. Money should be kept in a secured wallet or envelope and in the student’s possession. At no time, for any reason, should students exchange money in school or on the bus.

Lost and Found - Each year many unclaimed articles are found in and around the school. If a student has lost something, contact the school office immediately. At the conclusion of the school year, unclaimed items will be donated or discarded.

Emergency Drills - Fire and other emergency drills are conducted no less than once per month, even during cold weather, as required by Section 15-1517 of the Pennsylvania Public School Code of 1949.

School Delays and Closing - Due to an emergency event such as inclement weather, the district may be delayed, dismissed early or closed. Families will be contacted by the district via telephone / Blackboard as well as the Building Class Dojo.. This information will also be posted on WFMZ (local TV station). All pre-planned early dismissals and vacation dates are listed on the school calendar, a copy of which is given to every family.

Virtual Days - Due to an emergency event such as inclement weather, the district may require students to learn from home. Families will be contacted by the district via phone. Technology devices and / or paper tasks will be sent home so students can access learning on these designated days.

SPECIAL NOTE To ensure you always receive our automated phone messages and alerts, please make sure the school always has an updated and valid phone number for all parents/guardians.

Snacks - Any bag of snacks over 1.5 oz. are not allowed.

Drink policy- NO outside drinks allowed such as Prime, Redbull, Soda. Sharing of food or drinks is not allowed

Classroom Celebrations - In accordance with our district's School Wellness Policy, healthy snacks and drinks are highly encouraged for events. However, parents are not permitted to send in a class treat that was purchased or made outside of the school. Birthday treats for the student's class can be purchased through the Muhlenberg Food Services. For options and pricing, please see the purchasing request form from the C.E. Cole office.

Birthday Flowers/Balloons/Parties - Birthday parties shall not be held on school time. Parents should give advance notice if they want to purchase a birthday treat for the Muhlenberg Food Services team. Please request a purchasing form from the C.E. Cole office. C.E. Cole will not hand out invitations to students unless ALL students are invited to the party. This will be done through classroom teachers. Students will not be permitted to receive flowers or balloons or other personal items at school on their birthday or other special occasion. We ask that families refrain from sending flowers or balloons or other personal items to the school.

Homework - Such assignments should benefit students by strengthening skills, stimulating learning, and developing responsibility. The amount of homework assigned is based on age, grade, and level of achievement. Among the purposes of homework are: to enrich or extend what has been learned in the classroom; to practice skills; to read for enrichment or enjoyment; to conduct research as an outgrowth of classroom activities, and to learn how to work independently. In order for a student to be successful in school, a good working relationship is needed among teachers, parents, and children. Parents can assist students in assuming responsibility for homework by establishing a time and a place at home for accomplishing the assignment and by encouraging their children to submit all assignments on time.

Medical and Dental Appointments - Written requests for a child to leave school early for a medical or dental appointment must be sent to school with the child prior to or on the day of the scheduled appointment. A child will be excused only for the amount of time necessary, not the entire day. The child will only be released to a pre-approved adult with proper identification. Unless an emergency situation exists, we encourage you to schedule appointments after 2:30 p.m.

Media Release – Parents who **do not** wish to have their child's name or picture publicized, including in our school yearbook, social media or news letters, must complete the [Media Release Form](#) from the District Website and submit to the CE Cole office. Children whose parents have not completed the form will be included in all publications.

School Policies found on District Website

Student Admission/Withdrawal (Policy 201, Policy 208) - The Board establishes the district's entry age for beginners as six (6) years by August 31, in accordance with state law and regulations. Our goal is to help every student be successful. Following a student's first suspension, school staff will work collaboratively with the student and family to develop a plan that identifies needed supports, establishes behavior goals, and outlines strategies to help the student make positive choices and avoid future disciplinary consequences.

Misconduct Response Structure

This structure presents a comprehensive series of typical misbehaviors that are classified into four levels and arranged in a continuum according to the seriousness of the act and frequency of its occurrence.

Level I		
Misbehaviors classified in this level represent relatively minor infractions of established procedures that regulate the orderly operation of the school and its educational process. Due to the nature of their frequency or seriousness, the classroom teacher or other school personnel assume the responsibility for corrective action. The frequency of their occurrence shall determine the appropriate disciplinary response and their re-classification at a higher level.		
Examples of Violations	Procedure	Disciplinary Options
• Littering • Tardiness • Profanity • Not returning required forms • Immodest or indecent dress • Unprepared for class • Non-defiant failure to complete assignments • Follow teacher directions • Abuse of hall or bathroom privileges • Disruptive behavior in school • Disruptive behavior on bus • Disruptive behavior while on school trips • Cheating/lying • Running in hallways • Talking in hallways • Minor horseplay/teasing • Behaviors that display disrespect (words, gestures, behaviors) • Other improper behaviors • Possession/improper use of electronic device	Procedures to be carried out by the classroom teacher or professional staff member. Authority lies with the individual directly responsible for the student performing the unwanted behavior. If, behavior is repeated (3 or more) a referral may be made to the appropriate administrator to evaluate the violation(s) and determine appropriate disciplinary options. Repeated behaviors once administrative involvement will be treated as a level II disciplinary infraction.	• Warning • Parent Contact (phone call preferred; email with response back alternate) • Withdrawal of privileges • Conference with parent/guardian • Letters of apology/restorative practices • Restitution • Referral to SAP • Change in seating location • Referral to school counselor; social worker • Change or alter clothing to comply with dress code • Lunch detention • After school detention • Behavior contract • Other logical consequences

Level II		
This level includes misbehaviors whose frequency or seriousness tends to disrupt the learning climate of the school and seriously affect the student's own education. Some of these infractions may be the result of a continuation of misbehaviors that remain unmodified by disciplinary actions under Level I. Due to the nature of their frequency or seriousness, the principal, or assistant principal assumes the major responsibility for corrective action.		
Examples of Violations	Procedure	Disciplinary Options

• Unmodified/Repeated Level I misbehaviors • Not attending scheduled detention • Continual harassment/teasing of students • Rough horseplay • Misuse of pass • Misrepresentation of the truth • Petty theft or gambling (under 10 dollars) • Chronic misbehavior • Possession or distribution of pornographic materials • Leaving school without permission • Truancy • Forgery • Defiance and insubordination • Nicotine vapes • Possession/use of electronic device (repeat violation)	A designated building administrator will evaluate the violation and determine the appropriate disciplinary consequence.	• Appropriate aspects of state law shall be enforced • Detention (1 or more) • Suspension (1-2 days) • Parental Contact • Parental Conference • Hallway restrictions/pass restrictions • Behavioral contract • Involvement of school SRO • School Counselor/Social worker involvement • SAP referral • Reinstatement meeting
--	--	--

Level III		
These acts are more serious because their consequences may have a lasting effect on the individual or may pose a threat to the health and safety of others in school. While some might be considered criminal acts, for the most part, their redemption can be undertaken through the disciplinary mechanism of the school. In some cases, however, law enforcement officials may be contacted/notified.		
Examples of Violations	Procedure	Disciplinary Options
• Continuation/repeated Level II behaviors • Chronic truancy • Possession of cigarettes, THC vapes, smoking on school property • Organized gambling • Stealing • Fighting • Obscene language/gestures directed toward staff • Harassment: including verbal, physical, racial, ethnic or sexual harassment - person to person or through electronic means)	An administrator will evaluate the violation and determine the appropriate disciplinary consequences.	• Detention (1 or more) • Suspension (1-5 days) • Expulsion (1 calendar year) • SRO/Police notification • Restitution for all damages or loss if appropriate • Parent Contact • Parent Conference • SAP referral • Social Worker/School counselor • Referral to alternative education. • Reinstatement meeting

• Vandalism • Physically threatening bodily harm/violence • Serious acts of defiance or threatening a teacher or member of the support staff • Aiding or abetting in the delinquency of a student • Unlawful trespass • Inappropriate physical contact		
---	--	--

Level IV		
Represented in this level are acts which may present a direct and immediate threat to the welfare of others or may result in violence to persons or property. In many cases, acts on this level may require administrative action that calls for the immediate removal of the student from school and/or police intervention.		
Examples of Violations	Procedure	Disciplinary Options
• Repeated Level II or Level III behaviors that continue despite interventions. • Possessing, selling, or distributing property that belongs to another person without permission. • Using threats or intimidation to obtain money, property, or other items. • Inappropriate exposure of private body parts. • Intentionally causing significant damage to school or personal property. • Intentionally setting or attempting to set a fire. • Making a bomb threat or other false threat that disrupts school operations. • Hitting, striking, or engaging in aggressive physical contact with a student or staff member. • Causing physical injury to a student or staff member. • Possessing, using, distributing, or being under the influence of alcohol or drugs on school property or at school-sponsored activities. • Tampering with fire safety equipment or activating a fire alarm without cause. • Possessing or using fireworks, firecrackers,	An administrator will evaluate the violation and determine the appropriate disciplinary option(s). Possible referral for hearing before the School Board.	• Suspension (1-10 days) • Expulsion (up to 1 calendar year) • Police/SRO notification/involvement • Parent contact • Parent conference • Restitution for all damages or loss if appropriate • SAP referral • Social Worker/School Counselor • Referral to alternative education • Reinstatement meeting

explosives, or similar devices. • Possessing, using, selling, or distributing controlled substances, alcohol, look-alike substances, or drug paraphernalia. • Possessing, using, or transferring a weapon or other dangerous object. • Engaging in cyberbullying or electronic harassment. • Failing to comply with the terms of a school suspension. • Engaging in conduct on school property or at a school-sponsored event that violates federal, state, or local law.

- m) Students shall adhere to the Muhlenberg School District Policy 218.1 on Weapons.
- n) Students shall adhere to the Muhlenberg School District Policy 222 on Tobacco/Nicotine.

Parents, please remember no adult (parents, family members, and friends) is permitted to board a school bus at any time. We thank you in advance for adhering to this policy.

Special Requests Regarding Transportation - All special requests regarding transportation routes shall be presented in written form by the parent/guardian to the coordinator of buildings, grounds, and transportation five (5) days prior to the effective date of the request. Parents/guardians will be informed as to the resolution of

their request by the transportation office. School principals and bus drivers will be notified of any changes to the bus routes by the transportation office. Bus drivers are not permitted to accept requests.

If an emergency situation arises that prevents a five day prior notice, the transportation department can be reached by phone at (610) 921-8000, extension 5532. All calls must be followed up with a written request.

Transportation Video/Audio Recording (Policy 810.2) - The use of video and audio recording equipment supports efforts to maintain discipline and to ensure the safety and security of all students, staff, contractors and others being transported on district-owned, operated, or contracted school buses or school vehicles.

Access to the camera and tapes will be limited to coordinators and administrators. Tapes will be erased and re-recorded if no incidents occur over a two week schedule. Tapes documenting incidents will be made available to the appropriate school administrators. Taped documentation of misbehavior will be preserved only until the disciplinary action/disposition has been reached. Thereafter, all recorded evidence of misbehavior will be erased.

Assigned Seats - Students in grades K-6 have assigned seats. Students must sit in their assigned seats regardless of ridership. There are no exceptions. In coordination with the building administration, seat assignments will change only for reasons pertaining to students' safety.

Day Care Transportation - Prior approval is required for day care transportation. All requests are to be made in writing through the transportation office (610-921-8000, extension 5532). Parents/guardians requesting day care transportation must provide the following information:

- Day care provider's name, address, and telephone number
- Dates or period of time change to be in effect
- Child's name, home address, and phone number

Carrying of Objects on Buses - The state guidelines for transportation forbid the carrying of any objects on the bus, such as projects and band instruments, unless they can be safely held on the pupil's lap. If large items, such as instruments, projects, or pets are to be brought to school, the parent/guardian will be responsible for transporting that item on the day involved.

Bus Discipline Guidelines - Bus drivers will issue bus conduct reports for students who do not follow bus safety rules. The building administration will take the following corrective action:

- **FIRST** will serve as a warning except for extremely serious incidents.
- **SECOND and THIRD conduct report** will result in a consequence aligned to the severity of the infractions (bus suspension, activity restriction, etc.).
- **FOURTH and subsequent conduct reports** may result in an extended bus suspension or continued activity restrictions. Repeated offenses could result in a loss of bus privileges.

General Information, K-3

School Day - The school day for students begins promptly at 9:00 a.m. and ends at 3:25 p.m.

Students will be admitted into the building beginning at 8:30 a.m. Arrival after 9:00 a.m. will result in a student being marked tardy.

Z-Pass - All students will be provided with a ZPass. This scan card is a program that tracks when and where students get on and off the bus and when walkers or family pick up students depart from the building. The Zpass scan card will be attached to the student's bag and will provide information in real time and is available on www.zpassplus.com or the app. Loss or damage of a Z-Pass will incur a replacement fee.

MEC Arrival - The entrance to our main parking lot is off of Sharp Avenue at Seventh Avenue. A sign denoting that you are at the Muhlenberg Elementary Center is adjacent to this entrance. Family drop-off is located in the main parking lot. Please follow signage and directions from traffic controllers. Please have your student prepared to exit the right side of the vehicle for safety purposes.

All walkers should utilize the sidewalks and enter the school via the gated entrance at the family drop off area. No parents/guardians will be allowed past the gate.

Dismissal - The official dismissal time for Muhlenberg Elementary Center is 3:25 p.m.

MEC Walkers - Students permitted by their parents to walk home by themselves will be dismissed at the doors facing MEC main parking lot by the doors closest to Sharp Avenue.. Please note, for the safety of all students, those who are permitted to walk home are expected to walk straight home and should not enter any vehicle before arriving safely home. Any parent wishing to pick their child up in a vehicle should follow the MEC Family Pick-up procedures.

MEC Family Pick-up - Parents/guardians who wish to pick their child/children up from school will be required to park in the parking lot off of Kutztown Road and meet their child at the doors facing C.E. Cole Intermediate and the Muhlenberg Community Library. Parents MUST adhere to the policies and procedures set forth in the parent pick-up permission form.

Bus Students - Students riding home on a school bus will be dismissed per bus arrival times. The first round of buses will be called at 3:25.

Parking - Guests visiting MEC should enter the main parking lot off of Sharp Avenue at Seventh Avenue. Guests should park in the designated parking spaces labeled "visitor parking." Any visitor planning to enter the building or pick up a student or paperwork will be required to show proper identification.

Bicycles - Due to potential storage, safety, and liability issues that may arise, students are not permitted to bring bicycles to school. Additionally, skateboarding and scooters are prohibited on school property.

Student Photo Identification Badges - In an effort to promote safety of all students, Student Photo Identification Badges (ID Badges) will be given to all students. ID Badges MUST be worn in plain sight at all times, except when the wearing of ID Badges is excused for Physical Education Classes, recess, or other activities as determined by staff.

Telephone Calls and Usage - Discretion should be used when calling students or teachers during school hours. Please contact the school only when a message is urgent. Students are not permitted to use the office telephone for personal calls. They are encouraged to assume the responsibility of making arrangements in advance based on the activities of the day. Cell phones/all electronics to be in backpack and TURNED OFF from the school door (AM) to the bus door (PM)

School Visits - Parents are not only invited, but are encouraged to visit our schools to observe their student(s) at work and discover the methods and materials used in the instructional process. Parents should make advance

arrangements (ten days or longer) with the principal to ensure that their visit won't coincide with a special activity, such as a field trip or a standardized test. When making these arrangements, please keep in mind that a school visit should be limited to a maximum of 1 to 1½ hours. Please remember that there is a difference between school visits, which are solely for observation, and conferences, which are to discuss your child's progress with his or her teacher. Conference appointments should be pre-arranged.

When visiting any Muhlenberg school building, you must enter through the main office. You will be required to provide a photo ID and asked to register in the visitors' book. Our office staff will provide you with a printed badge. You will then apply the badge to your person where it is highly visible to staff who observe you walking through the building. At the end of the day, you must return to the office to sign out in our visitors' book and return the "School Visitor" badge.

Outdoor events held at/by MEC, such as field day, field trips, recess, etc, are still considered school events, and therefore, visitors must abide by the school visitation policy.

Visitors and Volunteers -

Visitor - as distinguished from a volunteer, is an individual whose actions do not rise to the level of a volunteer by virtue of their business with the district. A visitor shall include, but not be limited to,

1. A parent, close relative or guardian who visits a classroom, auditorium, other school common area, or a private meeting area to make a delivery to, or meet with, a student who is the individual's child or other close relative or for whom the individual is the guardian
2. An individual who attends a sports event or other extracurricular activity as a spectator only
3. An individual who is a Career Day or other similar speaker or participant visiting to share information with students.

Volunteer - any adult who is responsible for a child's welfare, or who cares, supervises, guides or controls a child or children and has routine interaction with such child or children without compensation, remuneration or other consideration in connection with a school program, activity, or service. Volunteers may perform only such duties as may be performed by a person not licensed as a classroom teacher. The judgment of the certified personnel, to whom the volunteer is assigned, will be used to define the duties to be performed.

Examples of a volunteer shall include:

1. An individual who serves as a daily, weekly or other periodically scheduled classroom assistant
2. An individual who serves as a chaperone during school sponsored activities
3. An individual who in connection with a school sponsored activity has contact with a child with respect to whom the individual is not the parent, close relative or guardian of the child.

Any and all volunteers who will be working directly with students or coming into contact with students are required to submit to a Pennsylvania Criminal History Record Check (Act 34) and Pennsylvania Child Abuse History Clearance (Act 151). The Pennsylvania Department of Education (PDE) has added a requirement, as of January 1, 2015, that all volunteers must certify that they have resided in Pennsylvania for the entire previous ten (10) years or if they are unable to do so, they must submit the FBI Federal Criminal History Report (fingerprinting). Information to apply for these clearances may be obtained at the school office or on the Muhlenberg School District Website.

Volunteer Packet - The volunteer packet information can be located on the district website. This packet needs to be completed and approved by district administration prior to volunteering within the district.

Lunch Schedule - Each lunch period lasts thirty minutes.

Cafeteria - Breakfast and lunch will be provided to all students at no cost. Additional a la carte items will be available for purchase. Only school provided breakfast items are allowed in our cafeterias.

If you are providing lunch for your child, all items must be sealed and in a lunch container. (i.e., reusable grocery bag, brown bag, lunch box.)

MEC- MEC breakfast will be served between 8:30 AM-9:00 AM each day.

Recess K-3 - Research clearly indicates that exercise stimulates thinking and learning. All students will be expected to participate in outdoor recess unless the temperatures drop below freezing or there is precipitation. If a child is to stay indoors during a recess period, we must have a written request from a physician.

Pupil Evaluation

- **MEC Students will be evaluated on a 4 point scale:**
 - 0 Unable to access (not enough work/data to determine whether or not a student has mastered a skill)
 - 1 Does not yet meet grade level standards
 - 2 Beginning to demonstrate and apply grade level standards
 - 3 Demonstrates and applies grade level standards
 - 4 Consistently demonstrates, at or above, grade level standards

Positive Behavioral Intervention System- The primary goal is to help students develop self-discipline. The creation of an atmosphere conducive to effective teaching, learning and living is the shared responsibility of the school community. To achieve this goal, we have implemented a school-wide positive behavioral support system, which emphasizes positive behavior.

At all times, students are expected to demonstrate behaviors that enhance a positive learning environment as well as abide by the following school expectations:

MEC High Five Expectations

Be Responsible

Be Respectful

Be Prepared

Follow Directions

Use Self Control

During the school day, we emphasize and reward positive behavior. Recognition slips will be given to students and/or whole classes who have been emulating the components of the PBIS systems in the classroom, hallway, cafeteria, or playground.

MEC “Cool Muhl” Award - Throughout the school year, students who demonstrate social and academic characteristics that exemplify growth of expectations may be nominated by a staff member for this award. Cool Muhl character traits include but are not limited to respect, responsibility, honesty, kindness, fairness, and citizenship.

No Place For Hate (NPFH) - No Place For Hate is an initiative of the Anti-Defamation League. It enables our school to challenge anti-semitism, racism and bigotry in all forms. No Place For Hate aims to reduce bias and bullying, increase appreciation for diversity and build communities of respect. We will incorporate ADL’s anti-bias and bullying prevention resources with their existing programming to form the powerful message that all students have a place to belong at MEC.

Toys in School - The district provides necessary recess equipment, therefore all toys, including trading cards, should be left at home. Should students bring toys to school, the following actions could be levied:

- First offense: The teacher will ask the student to put the toys/cards in his/her backpack and take them home.
- Further offenses: The toys/cards brought to school will be confiscated by the classroom teacher. Parents/guardians will need to make arrangements with the classroom teacher to pick up the student’s toys/cards.

Those toys/cards left in school until the end of the school year will be returned to the students on the last day of school. Please note that the district shall not be liable for the loss, damage or misuse of any toys or materials brought to school by a student. No balls are to be brought to school.

Spinners and other over-the-counter devices sold for therapeutic reasons are considered toys unless specifically prescribed by a family doctor or a school professional.

SPECIAL NOTE: Toy guns, toy weapons and look-alikes are treated under the same provisions as the district weapons policy, including the possible consequence of full expulsion from school. Toy guns, toy weapons and look-alikes are never permitted on the bus, in school or on school property. (Policy 218.1)

Personal Belongings - The clothing and personal or family possessions a student wears or brings to school should be marked clearly with his or her name. Money should be kept in a secured wallet or envelope and in the student's possession. At no time, for any reason, should students exchange money in school or on the bus.

Lost and Found - Each year many unclaimed articles are found in and around the school. If a student has lost something, contact the classroom teacher. At the conclusion of each semester, unclaimed items will be donated or discarded.

Emergency Drills - Fire and other emergency drills are conducted no less than once per month, even during cold weather, as required by Section 15-1517 of the Pennsylvania Public School Code of 1949.

School Delays and Closing - Due to an emergency event such as inclement weather, the district may be delayed, dismissed early or closed. Families will be contacted by the district via telephone. This information will also be posted on WFMZ (local TV station). All pre-planned early dismissals and vacation dates are listed on the school calendar, a copy of which is given to every family.

Virtual Days - Due to an emergency event such as inclement weather, the district may require students to learn from home. Families will be contacted by the district via phone. Technology devices will be sent home so students can access learning on these designated days.

Medical and Dental Appointments - Written requests for a child to leave school early for a medical or dental appointment must be sent to school with the child prior to or on the day of the scheduled appointment. A child will be excused only for the amount of time necessary, not the entire day. The child will only be released to a pre-approved adult with proper identification. Unless an emergency situation exists, we encourage you to schedule appointments after 2:30 p.m.

Misconduct Response Structure

This structure presents a comprehensive series of typical misbehaviors that are classified into four levels and arranged in a continuum according to the seriousness of the act and frequency of its occurrence.

Level I - Misbehaviors classified in this level represent relatively minor infraction of established procedures that regulate the orderly operation of the school and its educational process. Due to the nature of their frequency or seriousness, the classroom teacher or other school personnel assume the responsibility for corrective action. The frequency of their occurrence shall determine the appropriate disciplinary response and their re-classification at a higher level.

Examples of Infractions

- 1. Littering
- 2. Tardiness
- 3. Not returning required forms
- 4. Immodest or indecent dress
- 5. Unprepared with class materials and supplies

- 7. Abuse of hall, locker, or lavatory privileges
- 8. Careless or unauthorized use of school property or facilities
- 9. Disruptive behavior in school, on campus, or on the school bus
- 10. Cheating or lying

Level II - This level includes misbehaviors whose frequency or seriousness tends to disrupt the learning climate of the school and seriously affect the student's own education. Some of these infractions may be the result of a continuation of misbehaviors that remain unmodified by disciplinary actions under Level I. Due to the nature of their frequency or seriousness, the principal assumes the major responsibility for corrective action.

Examples of Infractions

- 1. Unmodified Level I misbehavior
- 2. Cutting scheduled detention
- 3. Continual harassment of students
- 4. Petty theft or gambling

- 6. Use of profanity, obscenity
- 7. Possession or distribution of pornographic materials
- 8. Leaving school without permission
- 9. Truancy
- 10. Forgery
- 11. Defiance and insubordination

Level III - These acts are more serious because their consequences may have a lasting effect on the individual or may pose a threat to the health and safety of others in school. While some might be considered criminal acts, for the most part, their redemption can be undertaken through the disciplinary mechanism of the school. In some cases, however, law enforcement officials may be contacted/notified.

Examples of Infractions

1. Continuation of Level II misbehavior
2. Chronic truancy
3. Possession of cigarettes, smoking on school property including the bus

8. Physically threatening other students
9. Possessing, using, or being under the influence of substances (drugs, alcohol) on school property or during school-sponsored activities
10. Serious acts of defiance or threatening a teacher or member of the support staff

Level IV - Represented in this level are acts which are clearly criminal. Included are those that present a direct and immediate threat to the welfare of others or may result in violence to persons or property. In most cases, acts on this level are so serious that they require administrative action that calls for the immediate removal of the student from school and police intervention.

Examples of Infractions

1. Unmodified Level III misbehavior
2. Possession and/or sale of stolen property
3. Extortion of other students
4. Indecent exposure
5. Major vandalism
6. Arson
7. Grand theft
8. Bomb threat
9. Assault and battery
10. Tampering with fire alarm; pulling false alarm
11. Possession and/or use of firecrackers or explosives
12. Providing, selling, using illegal chemical substances and/or alcohol on school property or during school sponsored activities
13. Possession, use, transfer of lethal weapons on school property or during school-sponsored activities

The foregoing examples of impermissible conduct are not intended to be all-inclusive. At the District's discretion, any violation of the School District's policies or any conduct considered inappropriate or unsatisfactory may subject the student to discipline, including expulsion. The District reserves sole discretion whether to apply progressive discipline in any given situation.

ATTENDANCE

MSD Policy 204

As defined in the Pennsylvania Public School Code §1326, 1327, compulsory school age is the period of a child's life from the time he or she enters school, which shall be no later than the age of 6 years, until the age of 18 or graduation from high school. Children of school age are expected to attend school regularly. Because school attendance is directly related to academic success, students are expected to attend school on a regular basis. Student attendance is recorded at the beginning of each class period daily.

Absence from School (Policy 204) – Excused absence includes illness of pupil, quarantine, death in the immediate family, impassable roads, and exceptional urgent reasons that affect the child.

If your child is too ill to attend classes, please call the school between 8:30 a.m. and 10:00 a.m. to report the absence. If an absence is expected to last for an extended period of time, parents should notify school administrators.

Educational Tours/Trips (Policy 204) - Requests for educational trips to be taken during the school year must be submitted in writing to the building principal at 10 days in advance of the scheduled trip. Request letters must include the dates of absence, the destination, and a statement of educational benefit to the student.

The principal may approve student trips with families of up to but no more than 5 days of school. No more than three such trips will be approved in one school year. The 5-day limit shall apply to the accumulated total of approved trips. Parents will be given written specific reasons for disapproved trips.

Educational travel will not be approved during state mandated testing for students in test-taking grades.

Excused/Lawful Absence (Policy 204) - Parents/Guardians and students shall submit the written explanation within three (3) school days of the absence. If the parent/guardian fails to provide a written excuse within three (3) school days of the absence, the absence will be permanently counted as unlawful or unexcused. Unexcused absences include but are not limited to parental neglect including oversleeping or missing the bus.

Parent Excuses- Students are allowed up to 10 days excused by a parent. Any absence after 10 parent excused absences require a certified note; otherwise they are considered unexcused/unlawful.

Student Attendance Improvement Conference (SAIC) - After a student is considered habitually truant a SAIC will be scheduled to address school attendance concerns. District staff shall notify parents/guardians with the date and time of the SAIC. The purpose of the SAIC is to examine the student's absences and reason for absences in an effort to approve attendance with or without additional services.

Student Attendance Improvement Plan (SAIP) - This is a plan completed during the SAIC in an effort to support and approve a student's attendance.

Lawful Absence - A student excused from school for mental, physical, or other urgent reasons: Illness, family emergency, death of a family member, medical or dental appointments, authorized school activities, educational travel with prior approval, and attendance at legal or court proceedings, activities, educational travel with prior approval, and attendance at legal or court proceedings

Unlawful Absence - Absences shall be treated as unlawful until the school receives a written excuse explaining an acceptable absence, to be submitted within three days of the absence. If an unacceptable absence is received, the absence will remain as unlawful.

Terminology	Definition	Action Taken by School	Action Taken by Family
Tuant	A student is considered truant after <u>3 unlawful</u> absences.	Parents/guardians will receive an official attendance notice in the mail.	Parents/guardians should collaborate with student and teacher to communicate absences and ensure excuse blanks are turned in within 3 days of the absence.
Habitually Truant	A student is considered habitually truant after <u>6 unlawful</u> absences.	Parents/guardians will receive an official attendance notice in the mail that will include a scheduled SAIC meeting to support and improve regular school attendance.	Parents/guardians should attend the scheduled SAIC meeting to work with the school to support and improve regular school attendance.
Chronically Absent	A student is considered chronically absent once they have accumulated <u>10 or more</u> excused OR unexcused absences.	Parents/guardians will receive another official attendance notice in the mail that will include a scheduled SAIC meeting to support and improve regular school attendance.	Parents/guardians should attend the scheduled SAIC meeting to work with the school to support and improve regular school attendance. <i>All future absences from that point must be followed up with a doctor's note in order for that absence to be considered excused</i>

Excused Absences From School

If a student is unable to attend school, the student's parent/guardian must call the Attendance Office at (610) 921-8034 x3501, before 9 a.m. on the day of the absence to report their child absent from school.

- Students must follow up all absences with an excuse blank or parent note within three days of the absence.
- [Excuse blanks](#) are available in the junior high school office, from classroom teachers, and on our [district website](#). These notes are required by law to verify absences, and they must be signed by a parent/guardian. Students are not permitted to sign their own excuse blanks regardless of age.
- Absences of three or more consecutive days due to illness must be verified with a doctor's excuse.
- Students will be granted up to five excused days for bereavement purposes.
- Parent Excuses- Students are allowed up to 10 days excused by a parent. Any absence after 10 parent excused absences require a certified note; otherwise they are considered unexcused/unlawful.
- Students will be granted up to five excused absences for educational trips. Forms can be found on the [district website](#) in [English](#) and [Spanish](#).

Unexcused Absences from School

- If an excuse blank or note is not submitted within three days following the return to school, the absence becomes unexcused.
- The issuing of a citation with the District Justice may result in fines of up to \$300.00/day for students of 16 years of age and younger; additionally, these students may lose their driver's license for up to six months.
- Students with chronic attendance issues will meet with the junior high school's attendance committee to discuss the importance of regular school attendance as well as solutions that will improve the students' attendance record. Parents/Guardians of these students will attend such meetings as well. In addition, a Truancy Elimination Plan will be implemented.
- Students with excessive absences may be assigned to an alternative education placement.
- Consequences for the accumulation of unexcused absences are as follows:

Make-Up Work

- It is the student's responsibility to communicate with their teachers to make arrangements to make up work that is missed due to absences from school for any reason.
- Students will have a maximum of one week to make up work missed due to EXCUSED absences from school. If during an absence from school the student misses tests, quizzes, assignments, etc. that have been announced sufficiently in advance, the student may be required to make up for that missed work as soon as they return to school.
- Work missed during UNEXCUSED absences will be at the discretion of the teacher for credit, points, etc.
- Students who are assigned an out-of-school suspension must communicate with their classroom teachers to obtain work to be completed while on suspension.

Educational/Family Trips and Travel

Students who plan to miss school for an educational trip must bring in a note from a parent/guardian requesting permission for such an absence. This request must be submitted to the Attendance Office at least 10 days before the intended trip. **Students may be excused from school no more than 5 school days for educational trip purposes.**

***SPECIAL NOTE: EDUCATIONAL TRAVEL WILL NOT BE APPROVED FOR ANY STUDENT DURING STATE MANDATED TESTING IN A TEST-TAKING GRADE.**

Illness During the School Day

Nurse visits: If a student becomes ill during school hours, the teacher to whom the student is assigned will sign the student's pass card to go to the nurse's office. If it is necessary for the student to go home, the Health Services nurse will contact the student's guardian. Any student who is dismissed due to illness must have a guardian sign out in the office before leaving the building. Students may not dismiss themselves from school for reasons of illness. This process must take place through the Health Services office.

If your child is sick, do not send them to school. A student with a fever must be 24 hours fever free before they may return to school. Call the Health Services office and talk with the nurse if you have any questions about your child's illness. A parent/guardian will be notified if a child is obviously ill or has a temperature of 100 degrees or above. Any child having signs or symptoms of an infectious condition may be excluded from school until he or she presents evidence from a medical provider that the condition is not infectious or that recovery has occurred. Examples of these common conditions are listed, but limited to, conjunctivitis or pink eye, impetigo, ringworm, and scabies.

Any child found to be infested with head lice (pediculosis) will not be excluded from school as per recommendations from the U.S. Center for Disease Control, the American Academy of Pediatrics, the PA Department of Health and the National Association for School Nurses.

Tardies to School

- Students who are not in school by 7:50 a.m. are considered to be tardy to school.
- Students should still enter at the gymnasium entrance. They will sign in with a staff member and receive a pass to go directly to their locker and assigned class.

- An accumulation of excused tardies to school will result in a student needing to provide a doctor's note.
- Students who participate in extracurricular activities will not be allowed to participate in the day's activity if they arrive at school after the end of first period (8:58 AM) without a valid excuse note (i.e. doctor's note, court subpoena).
- Students will receive an after school detention for **every 5** tardies to school.
- Students who are continually tardy to school will receive progressive disciplinary action beyond detention from school administration.
- Students athletes, refer to the Athletic Handbook for additional information on consequences.

Late to Class

- Students are expected to be in class on time.
- Consequences for student tardiness to class will be determined by individual classroom teachers, Dean of Students, or grade level AP. These consequences may include but not be limited to the following: receiving a lunch detention, after school detention, earning a zero for work missed during the tardy time, losing participation points during the tardy time, and participating in a parent/teacher/student conference.
- Students who obtain 5 or more tardies to class in one week will face disciplinary action from the class teacher, Dean of Students, or grade level AP.
- Students who obtain 3 or more tardies to class for the same class may face disciplinary action from the teacher of the class. If the student becomes chronically tardy to the same class, the student may be referred to administration for disciplinary action.
- Students with chronic tardiness to class will be referred to administration for further disciplinary action.
- Students athletes, refer to the Athletic Handbook for additional information on consequences.

Leaving School Early for Appointments

- Students who must leave school early for any reason must submit a written parental/guardian request to the Attendance Office no later than the morning of the intended early dismissal.
- The child will be excused only for the amount of time necessary, not the entire day. Unless an emergency situation exists, we encourage you to schedule appointments after 2:50 p.m.
- If a student misses their assigned period for an appointment and the school was not notified previously, the student will be considered absent.
- The main office will call the student's assigned classroom for the student to be dismissed early.
- If a student requires an early dismissal, documentation must be provided; otherwise any missed periods will be unexcused.

BUILDING SECURITY-AUDIO/VIDEO SURVEILLANCE

A safe and secure environment for our students and staff is a primary concern of the school district administration. Please be advised that the doors to the building will be closed and locked after the beginning of the school day and entry to the building will be restricted. All guests to the school, and students arriving late to school should contact the main office via the closed circuit greeting system located at the main entrance to the building. The main office will check the identity of the visitor and before allowing the visitor to enter the building. Guests will be directed to the appropriate office to sign in and be issued a visitor's badge. All persons are advised that the building will be locked prior to athletic or other events and entry will be permitted only during the designated times for such events.

The PA State Board of Education regulations grant local school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. In that regard, students, parents, and staff are advised that the junior high school building is under video surveillance at all times and that information from recordings may be used for monitoring purposes and in the disposition of disciplinary actions.

BULLYING/CYBERBULLYING

MSD Policy 249

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

Bullying as defined in this policy includes **cyberbullying**.

- Bullying involves a pattern of behavior repeated over time.

- Bullying involves an imbalance of power or strength.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

The Board prohibits all forms of bullying by district students.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying. The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students at an assembly or by other means.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.

District administration shall annually provide the following information with the Safe School Report:

Authority

The Pennsylvania State Board of Education regulations grant school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. The responsibility for maintaining reasonable discipline on board our school buses begins with the individual driver. Bus Conduct Reports will continue to be the primary tool for use by the driver to report misconduct he/she observes that cannot be corrected by less formal means, such as assigning of seats, redirection or verbal warnings. These reports are forwarded to the appropriate building principal for corrective disciplinary action as per existing District Policy. If patterns develop or if persistent serious misconduct or safety-related violations occur, the building Principal and/or designee may recommend use of video/audio monitoring to the Transportation Coordinator. Additionally, cameras may be placed on buses at random selection of the Transportation Coordinator. The video/audio recording may also be used in situations of alleged driver misconduct.

Delegation of Responsibility

Upon approval by the Transportation Coordinator or authorized designee, the video/audio monitoring device will be installed, operated, and maintained by the Transportation Department. The device will be installed on an as needed basis. A warning (via a posted decal in buses and publication in school handbooks) will inform riders that a video/audio monitoring system may be used at any time. Access to the camera and tapes will be limited to the Transportation Coordinator or designee. Tapes will be erased and re-recorded if no incidents occur over a two-week schedule. Tapes documenting incidents will be made available to the appropriate school administrators after review by the Transportation Coordinator.

If a student refuses to turn over their phone to administration, the student will be suspended due to insubordination/defiance of school administration. If a student needs to contact their family for any reason, they MUST come to the main office and use the main office phone to contact home. If family/guardian must contact a student, they MUST call the main office. Families, please refrain from texting, messaging, calling, or contacting your child via personal phone for the entirety of the school day. Students responding to family/guardian communications on their electronic devices are considered violations and will receive disciplinary action for the corresponding electronic violation the student is on.

Medical Exemptions: Medical exemptions will be permitted for certain conditions. Before exemptions are permitted, documentation from a medical professional MUST be submitted to the school nurse for review. The nurse/school holds the right to deny exemption requests pending review of the documentation.

Board Policy 237:

Delegation of Responsibility

This policy shall be implemented district-wide and enforced consistently by school administrators and staff. Principals are responsible for communicating procedures to their school communities and ensuring compliance. The Muhlenberg School District is not responsible for any lost, stolen, or personal electronic devices.

Loss or Damage to Electronic Devices

Students are solely responsible for the safe storage of any personal electronic devices that they choose to bring to school. The District shall not be liable or responsible for the loss or damage to any electronic devices that a student brings to school, extracurricular activities, to school sponsored events or trips, or from the confiscation of an electronic device as the result of a policy violation.

***SPECIAL ATTENTION: NEITHER STAFF NOR ADMINISTRATION WILL BE RESPONSIBLE FOR OR INVESTIGATING ANY LOST, STOLEN OR BROKEN PERSONAL CELL PHONE OR OTHER PERSONAL ELECTRONIC DEVICE. ALL STUDENTS ARE RESPONSIBLE FOR THEIR OWN PERSONAL ELECTRONIC DEVICES.**

Student Responsibility for Data Charges

No student shall be required to provide a personal electronic device as a condition of receiving educational instruction. If any student chooses to utilize such a device pursuant to this policy, the student and parents/guardians assume full responsibility for any phone or data charges that may result from such use.

Limitation on Technical Support

District information technology staff may not provide technical assistance to Students for their personal devices. However, this policy shall not prohibit district information technology staff from providing general instructions for the configuration of such devices to access or connect to District-owned technology resources.

Penalties for Violations

The Board authorizes building administrators and security personnel to confiscate a student's personal electronic devices when used in violation of this policy. All confiscated personal electronic devices shall be delivered promptly to the building administrator's office. Confiscated devices may be returned to the student at the end of the school day.

Building administrators may impose additional disciplinary sanctions against students for violations of this policy, including suspensions from school or recommendations for expulsion from school as warranted by the specific facts and circumstances in a particular case. Student Discipline Policy No. 218 and Administrative Regulations No. 218-AR provide guidance for disciplinary action.

Students who receive a suspension, ISS or OSS, may be restricted from participating in incentives and other activities. Students who receive a suspension may miss quarterly or monthly incentives and activities. Students who receive more than 5 days of suspension will not be permitted to participate in field day or other end of year activities.

Development of Guidelines

Building Principals may develop administrative guidelines to implement this policy. The Superintendent shall ensure that students are made aware of this policy and any administrative guidelines by means of each school's student handbook, the District website, or other reasonable means of written communication.

COUNSELING DEPARTMENT

Each student is assigned to one of three guidance counselors. Your counselor will help you understand yourself in relation to your educational and vocational opportunities and requirements. Your counselor will not make decisions for you, but will provide you with information needed to make your own decisions. Counseling is a service which will assist you educationally, vocationally, personally, and socially. It is a long-term developmental process through which the counselor gets to know you then helps you identify and clarify your goals. We encourage you to use this service.

Social Worker

Muhlenberg Junior High School is staffed with a Social Worker. Students may request to visit the social worker but must receive prior approval from the social worker and their teacher assigned at that time.

At Muhlenberg Junior High, our social worker provides a commitment to fostering student well-being, academic success, and a positive school climate. Through comprehensive support services, our school social worker provides critical interventions such as threat and suicide risk assessments, crisis response, and referrals to both outpatient and school-based therapy.

We actively coordinate SAP referrals, ECEH (Education for Children and Youth Experiencing Homelessness) services, and promote restorative practices like conflict resolution and restorative circles to nurture a safe and supportive environment. Our school social work also plays a central role in facilitating SBIRT (Screening, Brief Intervention, and Referral to Treatment) and attendance support initiatives.

Beyond direct services, we proudly champion school climate and culture, celebrating the richness of our diverse community through events like Hispanic Heritage Festival, Club Day, and Black History Month celebrations. In collaboration with the administrative team and staff, we support the social-emotional development of students and ensure access to essential community outreach resources.

DANCES

Muhlenberg Junior High School holds a 9th grade dance for the enjoyment of our freshmen. The following are the parameters established for student behavior at all dances:

- **Rules:** All school rules are in effect at all school-sponsored activities including dances.
- **Eligibility:** MJHS administration will also establish criteria for eligibility with adequate notice prior to the dance. Eligibility will include grades, attendance, and behavior/discipline record.

Students and families shall be notified in advance of the date/s detention is to be served. Students are required to be academically engaged throughout the detention period. Those who do not have work or assignments to complete shall be assigned work by the detention proctor. Failure to report to detention will result in In School Suspension. Additional instances will result in additional consequences based on the principal/assistant principal's discretion. **All rescheduled detentions need to be approved by the Principal/Assistant Principal and must be accompanied with the appropriate documentation to warrant the change in date and time. Failure to attend an assigned detention will result in additional discipline consequences.**

Individual teachers may schedule, assign and proctor their own detention as the need arises. The same rules for detention would apply in this situation.

DISCIPLINE

The Muhlenberg School Board recognizes the need to maintain an atmosphere conducive to teaching and learning in schools. A central goal is to help students develop self-discipline. Students share with the administration and faculty a responsibility to develop a climate within the school that encourages a positive learning environment. Students whose behavior disrupts the educational process must receive appropriate attention from teachers, counselors, and administrators.

Door to Door Policy: Within the expectations of In Loco Parentis falls the Door to Door expectation. Students are under school supervision from the time they exit the junior high doors until they enter their door at home. Any incidents that occur from the time students exit the school building until they enter their home may face disciplinary action from the school.

Students athletes, refer to the Athletic Handbook for additional information on consequences.

General Guidelines

1. Each offense, major or minor, will be reported to parents via phone call or mailing.
2. Corroborated or a Preponderance of circumstantial evidence warrants appropriate disciplinary response.
3. Students referred to the office for inappropriate action will be counseled by the assistant principal, principal, and maybe guidance counselor before a disciplinary response is made.
4. A student may be restricted from the library and commons during study periods for a specified amount of time; however, a student with a research pass may go to the library.
5. Any offense on school grounds that is considered criminal will involve the police.

- E. Teacher-administrator-student conference arranged by teacher or administrator.

- I. Outside agency conference: this is arranged and conducted by a counselor or administrator with appropriate staff members involved.
- J. All items A through I in this section must be accounted for by written record.

The options listed above are not intended to be all-inclusive. It should not be assumed that any one or a combination of the above options will resolve a particular problem.

Misconduct/Response Structure

- A. The misconduct/response structure presents a comprehensive series of typical misbehaviors, which are classified into four levels and arranged in a continuum according to the seriousness of the act and the frequency of its occurrence.
- B. While the gravity of an infraction determines its classification, the frequency of the occurrence may require reclassification and a more severe disciplinary response. For instance, a Level I misconduct, though its seriousness remains the same, could be moved to a Level II, even III, if the act occurs repeatedly enough and corrective action at the appropriate level has failed.
- C. **Level I** infractions occur mainly in settings under the teacher's control or supervision. The responsibility for disciplinary action remains with the teacher although other school support personnel may be involved.
- D. **Level II and III** infractions are almost always serious enough to require the special attention of the Principal/Assistant Principal or Dean of Students. Level II and III infractions may involve law enforcement authorities.
- E. **Level IV** acts of misconduct are so serious that they require the involvement not only of the Principal/Assistant Principal, but also of the Superintendent/Assistant Superintendent and the school board as well as law enforcement authorities.
- F. Optional disciplinary responses are included at each level, which may be appropriately applied to correct or punish related infractions. These options, which allow some flexibility and discretion, have been selected to fit the seriousness of the misbehavior beginning with the least punitive and progressing through the levels to the most severe. Still this attempt to match the severity of the discipline with the seriousness of the infraction in some circumstances does not preclude the use of options from a lower level in dealing with higher level infractions. On the other hand, the more severe options at a higher level are not recommended as a response to less serious infractions at a lower level unless those offenses have been repeated and lower level alternative actions have failed to remediate.

Level I Offenses

Minor misbehavior, which impedes ordinary classroom procedures or interferes with orderly operation of the school. Classroom teachers are responsible for the disciplinary response/remediation for all classroom related actions including, but not limited to: possession of a cell phone/personal electronic device, minor disturbances, unacceptable language/behavior, cheating, lying, plagiarism, failure to follow directives, and lateness to class.

Level II Offenses

Misbehavior whose frequency or seriousness tends to disrupt the learning climate. An accumulation of three offenses under any category may be considered unmodified behavior and will move to Level III. Including but not limited to:

- Inappropriate Language
- Possession and/or Use of Tobacco/Vaping Products on School Property
- Minor Vandalism (\$25.00 or Less Valuation)
- Minor Theft (Less Than \$10.00 Valuation)

- Continuation of Unmodified Level II Actions
- Truancy and Unexcused Absences to School

- Fighting
- Serious Disruptive and/or Defiant Behavior on School Property
- Inappropriate Language/ Behavior Directed Towards Staff
- Indecent Exposure
- Harassment of a Staff Member/School District Employee
-

Level IV Offenses

Acts of such a serious nature that the learning climate of the school will be jeopardized by the presence of the student. Including but not limited to:

- Unmodified Level III Actions
- Chronic Truancy
- Bomb Threat, Arson, False Alarm
- Serious Act of Violence Directed Against Another Person
- Possession and/or use of Controlled Substances
- Possession of Weapons or Look Alike Weapons

DISCRIMINATION/HARASSMENT POLICIES

Muhlenberg School District seeks to establish and maintain an education climate free from discrimination and harassment. DRESS AND GROOMING

MSD Policy 221

A well groomed and neatly dressed student body sets the tone and atmosphere conducive to good order and learning. The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. Although the Board has the authority to impose limitations on students' dress in school, the Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools, affect the health and safety of others, or cause damage to school property.

I. General Guidelines

- The student should dress modestly and in a manner that is tasteful and respectful at all times.
- School officials may make judgments about proper grooming and attire, and may impose limitations on dress if the attire causes the disruption of the educational process or constitutes a health or safety hazard.
- Students have the responsibility to keep themselves, their clothes, and their hair clean.
- School officials will not tolerate extremes in dress and grooming.
- Students may be required to wear certain types of clothing to earn credit for participating in physical education classes, shops, extracurricular activities, or other classes and situations where special attire may be required to insure the health or safety of the student.
- A faculty sponsor may set the standards of dress and grooming for students participating in school sponsored activities.
- Students may be required to change clothing or cover clothing if attire is unacceptable.
- Parents or guardians may request, in writing, exceptions to the specific guidelines of this policy in order to accommodate religious or moral objections.

II. Specific Guidelines

III. Implementation

- A. The Superintendent shall develop procedures to implement this policy.
- B. The building principals are designated to monitor student dress and grooming in district buildings.
- C. School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire constitutes a health or safety hazard.
- D. School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire causes the disruption of the educational process.
- E. Implementation of this policy shall impose only the minimum necessary restriction on the exercise of the student's rights regarding appearance.

DRUGS AND ALCOHOL

I. Formulation and Application

- A. The students, parents/guardians, staff, and Board of School Directors of the Muhlenberg School District, being concerned with the welfare and future of the student body, hereby formulate and implement these alcohol and drug abuse procedures in the hope that they will motivate community support for a community problem. We start at the school level because we sincerely believe that mind-altering substances have no value in an educational program. Clear heads and healthy bodies are necessary attributes for achieving the most value from the learning process.
- B. The procedures will apply to all dangerous drugs, look-alike drugs, contraband, controlled substances and devices including without limitation those defined by the Controlled Substances, Drug, Device and Cosmetic Act 1972, P. L. 233, No. 64 (Section 4, Schedules of Controlled Substances) and any future amendments to this act.
- C. These procedures will apply to alcohol and alcoholic beverages as defined in Section 6308 of the Pennsylvania Crimes Code and any future amendments to this code.
- D. School officials shall be permitted to conduct a search and/or of items in student's possession or without the student's control as per Policy 226, Searches.
- E. For the protection of the student, prescription drugs and patent medicines brought to the school must be registered with the school nurse or delegated authority. At this point the administration of medication is under the supervision of the nurse (see Policy 210 Use of Medications).
 1. Students must have authorization from a medical doctor for use of prescription drugs.
 2. Medication brought to school by a student must be accounted for in quantity in the case of oral administration (such as tablets, capsules, and liquid medication). Refer to Policy 210 Use of Medications for details.
 3. Ingestion of any drugs or proprietary materials to the point of disorientation or physical harm is prohibited for all students on school property or at school functions.
- F. Use or possession of any drugs is prohibited for all students on school property or at school functions.
- G. Use and/or possession without medical prescription or authorization of addictive or dangerous drugs, alcohol, health- endangering substances and/or those, which provide a euphoric effect, are forbidden.
- H. In the event that a staff member suspects a student of buying, using, possessing, and/or selling drugs of any type, he/she must immediately notify the building principal/assistant principal or designee.

- I. These procedures are in effect whenever a student is in the school's jurisdiction including participation in field trips, sports, and all other extracurricular activities. The rules apply to students whether they be active participants or guests/spectators at such functions.

II. Classification and Implementation

A. Student Seeking Help

1. Every effort shall be made to gain the student's consent to notify the parent/guardian or at least consent to referral for treatment.
2. The Pennsylvania Drug and Alcohol Abuse Control Act #63 (1690.112. Consent of Minor) states: "notwithstanding any other provisions of law, a minor who suffers from the use of a controlled or harmful substance may give consent to furnishing of medical care or counseling related to diagnosis or treatment. The consent of the parents or legal guardian of the minor shall not be necessary to authorize medical care or counseling related to such diagnosis or treatment. The consent of the minor shall be valid and binding as if the minor had reached his majority. Such consent shall not be voidable nor subject to later disaffirmance because of minority. Any physician or any agency or organization operating a drug abuse program who provides counseling to a minor who uses controlled or harmful substances may, but shall not be obligated to inform the parents or legal guardian of any such minor as to the treatment given or needed." Thus, the Pennsylvania Drug and Alcohol Abuse Act protects the right of the school to refer consenting students for treatment without parental knowledge or consent. It should be remembered, however, that the School Board recommends that all reasonable attempts be made, with the consent of the students, to involve parents at the earliest practical time.
3. Parents of a minor student will be notified if it is necessary for the student to receive emergency care (See Policy 210.2, Medical Attention for Students).
4. Strict confidentiality shall be maintained and the lines of communication between student and confidant must be kept open.
5. The student shall be advised that any future use, possession, or transfer of illegal drugs will not be condoned, and that information concerning any such future activity will not be treated confidentially.

B. Suspicion of Usage

1. When a student exhibiting unusual behavior is suspected of being under the influence of drugs or alcohol, an investigation shall take place immediately.
2. The school nurse will complete a confidential "Health Assessment When Questioning Substance Use". This assessment will become part of the student's permanent school health record and information obtained may be used in the decision-making process for the student's disposition.
3. When the investigation warrants, parents of a child who is exhibiting unusual behavior shall be notified and asked to come to the school. Following a discussion with school personnel, parents will decide whether to take the child for further assessment or treatment.
4. If it has been ascertained that the student's behavior was the result of illegal drugs and/or alcohol, the parents and student will be notified of the sections of this policy which deal with disciplinary procedures and actions implemented by the district including but not limited to referral to Student Assistance Program (SAP), Student Policy 3.33

C. Actual Usage

1. When there is reasonable evidence that a student is under the influence of, or is involved in the use of a drug or an alcoholic beverage, and this is his/her first offense, the parent/guardian shall be notified, and the student shall be given an out of school suspension of up to ten days from school depending on the situation. The informal hearing and conference will be conducted in conjunction with Chapter XII of the regulations of the Pennsylvania State Board of Education. During this suspension, it is recommended that the student seek counseling and/or treatment from any one of the various licensed agencies or licensed individuals who offer help in this area. The student will also be referred for Alternative Education for Disruptive Youth (AEDY).
2. At the second offense, the parent/guardian shall be notified and referral shall be made to the principal for a decision as to the length of the suspension pending treatment. The principal will notify the Superintendent regarding his/her decision.
3. For habitual offenses, the penalty may be exclusion from school for a period of up to 1 calendar year or more unless recommendation of the principal provides an alternative. Application for readmission at the conclusion of this period will be reviewed by the Superintendent/designated committee, and a report with a recommendation forwarded to the Board of Education.
4. Law enforcement authorities may be contacted in any of the above situations.

D. Possession Without Actual Use

1. When a student is found in possession of suspected drugs, a referral must be made to law enforcement authorities, who review such suspected drugs and will determine whether an arrest or referral to a judicial agency will be made.
2. If, except as to look-alike drugs, the result of the review is negative and no further legal action is taken, all records as to the identity of the student shall be destroyed.
3. If the result of the review is positive or look-alike drugs are involved, steps shall be taken as in Section C.

E. Selling or Buying

1. It is not the intent of these regulations to distinguish between a seller and a buyer. However, individual situations may result in such a distinction being made.
2. Parent/guardian and local police may be contacted. The decision regarding those involved will be at the discretion of the law enforcement authorities.
3. When there is reasonable evidence that a student is guilty of buying or selling, those involved may be excluded from school for up to 1 calendar year.

4. An individual case may be reviewed, and readmission before the complete calendar year has elapsed may be granted if sufficient evidence exists that rehabilitation has taken place, and that further exclusion is detrimental to the welfare of the student.
5. Application for readmission at any time will be reviewed by the superintendent/designated committee.

F. Discovery of Drugs

1. Drugs found anywhere on the school premises are to be given promptly to law enforcement authorities.
2. A receipt for the same must be obtained from such authorities.

G. Apprehension by Police for Distributing Illegal Drugs, Contraband and or Marijuana

1. If a Muhlenberg School District youth is apprehended by the police for activities involving suspicion of use, possession, or the buying or selling of illegal drugs, look-alike drugs, marijuana, or alcohol while the student is under the jurisdiction of the school district, and if the principal is notified by law enforcement officials, the student will be subject to disciplinary measure of Section II, subsections B, C, D, E, and F of this policy.

H. Discovery of Drugs by Staff Members

1. The following procedures will be followed when a staff member **suspects** that a student is under the influence, in possession of and/or distribution Illegal Drugs or Controlled Substances in addition to look-alike drugs, contraband and/or alcohol.
 - a) The staff member reports observations and all pertinent information about student's actions and behaviors to the Principal/Asst. Principal. If possible, the staff member will stay with the student until an administrator or guidance counselor can meet with the student.
 - b) Principal/Asst. Principal notes report of observation and initiates an investigation which includes:
 - Principal/Asst. Principal confers with the student.
 - Searching a student's locker and personal belongings.
 - School nurse conducts a Health Assessment.
 - c) When the investigation warrants, Principal/Asst. Principal notifies parents and/or Law Enforcement officials will be contacted and parents are notified.
2. When a student is **found** to be under the influence, in possession of and/or distribution Illegal Drugs or Controlled Substances the following consequences can be applied:
 - a) Close surveillance of the student's activities throughout the school day.
 - b) Student will be suspended for up to 10 school days with the possibility of expulsion from school.

 - e) Law Enforcement will be notified and charges will be pressed.

I. Qualifications

1. In establishing guidelines for action, it is acknowledged that generalizations may be invoked in writing procedures such as those outlined above.
2. It must be understood that concerns for the well-being of the individual involved in any of the actions described herein must be weighed against concerns for the well-being of the student body at large.
3. Therefore, it must be recognized that appropriate discretionary action on the part of those charged with carrying out the punitive process must not be prohibited by these guidelines.
4. It is suggested, however, that such diversions from the established procedures should be the exception rather than the rule.

As representatives of the Muhlenberg School District and its programs, participants are expected to exhibit exemplary behavior in and out of school.

Before students may participate on Muhlenberg athletic teams, they must submit a physical completed by a certified physician.

Extracurricular activity is defined as an activity covered by the provision of Section 511 of the School Code that is sponsored or approved by the board of school directors, is conducted partially or entirely outside the regular instructional day schedule and is available to students enrolled in the district's schools who voluntarily elect to participate, subject to the eligibility requirements of the activity.

The definition includes a school district's program of interscholastic athletics, including varsity sports, and includes all activities relating to competitive sports' contests, games, events, or exhibitions involving individual students or teams of students whenever such activities occur between schools within or outside of the school district.

All students participating in Muhlenberg School District extracurricular activities are governed by the Student Discipline and Punishment, Policy, and the Student Athlete/Activity Participant Code of Responsibility. Any violation of the student discipline code on school property or while actively participating in or traveling to or from school or to or from an organized extracurricular activity may result in the forfeiture of the privilege of participation on a Muhlenberg athletic team or related activity. If a violation of the discipline code involves a one to ten day out-of-school suspension, the participant will not practice or compete on those days. While head coaches and activity sponsors may assess penalties for participants in violation of team or activity rules and regulations, the building principal or designee may declare a student ineligible from participation in extracurricular activities because of conduct or behavior unbecoming of a student athlete or activity participant.

- I. Specific actions defined herein may result in suspension or dismissal from participation in extracurricular activities at the discretion of the Principal/Designee. Permanent prohibition from extracurricular activities may occur for any subsequent violations:
 - A. Providing, selling, being in the possession of, or being under the influence of alcohol, drugs, narcotics, prescription medication exceeding the amount prescribed, other controlled substances or over-the-counter medications in accordance with MSD policies 227 "Controlled Substance/Paraphernalia" and 210 "Use of Medications." Prom/Graduation restriction if offense is committed during the 2nd semester.
 - B. Possession of or use of tobacco products (snuff, chewing tobacco included).
 - C. Damaging or stealing school, community, or private property.
 - D. Being disciplined in level three and four of the discipline code. Students assigned to alternative education programs are ineligible to participate in extracurricular for the duration of the assignment.
 - E. Follow District Attendance Policy and Administrative Regulations.
 - F. A total of 10 tardies constitutes a first offense; 15 tardies constitute a second offense; 20 total tardies will constitute a third offense; in one school year.
 - G. Two out-of-school suspensions in one school year.
- II. Students shall arrive no later than the end of the first period in order to be eligible to participate in any extracurricular activity on that day. The building principal must approve any exception to this rule (i.e. doctor's note, court subpoena).
- III. Each student is responsible for school issued equipment and is responsible for properly securing equipment in an assigned locker. Each athlete or activity participant is responsible for reporting to the head coach, activity advisor, or equipment manager any equipment that is damaged, in need of repair or replacement for safety or other reasons. Any athlete or activity participant who has not returned any item of school issued equipment or has any other obligations will not be eligible for awards or other recognition activities and may not participate in other athletic programs or activities until cleared.
- IV. Students are not eligible to participate in any interscholastic contest if they attain the age of 19 before June 30, immediately preceding the school year. (15th birthday where interscholastic competition limited to grades 7 and 8; 16th birthday where limited to grades 7 through 9.)
- V. Students must retain an amateur status in order to be eligible to participate in any contest.
- VI. A physical examination is required before participation in any sport is permitted.
- VII. All students participating in interscholastic activities must adhere to the Muhlenberg School District and Pennsylvania Interscholastic Athletic (P.I.A.A) academic rules on eligibility. According to Article IX, Sections 1 – 4 of the P.I.A.A. by-laws:
 - A. A pupil must pursue and maintain an acceptable grade in a full time curriculum defined and approved by the principal.
 - B. Eligibility shall be cumulative from the beginning of the grading period and shall be reported weekly.
 - C. A pupil must have passed at least four full credit subjects or the equivalent (4 credits) during the previous grading period.
- VIII. In accordance with these requirements, the following additional academic stipulations for all activity participants shall be as follows:
 - A. If after a weekly academic check a student has failed any two subjects (full or partial credit courses) the student will be ineligible for contest participation for a period of one week. If a student is declared ineligible for a total of five weeks during the course of a season, the student will be dismissed from the activity and will not be eligible for awards or recognition activities. Participation and attendance at contests, performances, or activities are both still prohibited during the ineligibility period. If at the completion of a grading period (distribution of report cards) a student has failed any two subjects but has passed an equivalent of four credits, the student will be ineligible for practice and contest participation for a period of one week. If the next weekly academic check shows an improvement in grades from failing to passing, the restriction will be lifted.
 - B. If at the completion of a grading period (distribution of report cards) a student has not passed an equivalent of four full credits, the student will be ineligible for practice and contest participation until the student has completed a total of 15 school days. Continued satisfactory academic progress will allow the student to participate in contests, performances, or other activities at the end of the 15-day ineligibility period.
 - C. Eligibility at the beginning of the fall semester will be based on final grades from the preceding school year. Approved summer make-up courses may be used to fulfill four credit deficiencies.
- IX. In order to participate in any sport or activity, a consent form signed by parents or legal guardians is required to be on file with the Principal or designee
- X. Muhlenberg School District shall permit a resident child who is enrolled in a Home Education program or Charter School to participate in any activity that is subject to the provisions of Section 511 including, but not limited to, clubs, musical ensembles, athletics and theatrical productions provided that the child:
 - A. Meets the eligibility criteria, or their equivalent, for participation in the activity that apply to students enrolled in the school district.
 - B. Meets the try-out criteria, or their equivalent, for participation in the activity that apply to students enrolled in the school district.
 - C. Complies with all policies, rules and regulations, or their equivalent, of the governing organization of the activity.
- XI. Where the activity requires completion of a physical examination or medical test as a condition of participation and the school district of residence offers such physical examination or medical test to students enrolled in the school district, the school district shall permit a child who is enrolled in a Home Education program or Charter School to access such physical examination or medical test. The school district shall publish the dates and times of such physical examination or medical test in a publication of general circulation in the school district and on its publicly accessible internet website.
- XII. The school district may charge the charter school for charter student participation in extracurricular activities, since these costs are part of the per-pupil payment that is paid to charter schools. This fee is on a "cost basis," with the school district neither losing nor making money, as determined by the school district using the expenses of each activity, including coach or director, uniforms, transportation and miscellaneous costs

Attending after school events, clubs, and activities.

Any behaviors that violate the school handbook during after school events such as PIAA sanctioned games/meets, after school clubs, or any other after school activity or event such as intramurals, concerts, etc may result in disciplinary action from school administration. Disciplinary action may include, being removed from the event, parent contact, and the student being banned from attending/participating for a season or up to the remainder of the year.

Qualifications

It must be understood that concern for the well being of the individual in any of the actions described must be weighed against concerns for the well being of the student body at large. Therefore, it must be recognized that appropriate discretionary action by those charged with carrying out the disciplinary process must not be prohibited by these guidelines. Any deviations from standard policy are determined on a case by case basis and do not establish precedent for subsequent cases. It is suggested, however, that such diversions from the established procedures should be the exception rather than the rule.

EXCLUSION FROM SCHOOL

In School Suspension

Reasons for in school suspensions by a principal or his/her designee shall include actions within level I , II , or III as listed previously in the handbook.

When a determination has been made that an in school suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:

1. Parent/guardian will be contacted and notified of the reason(s) for in school suspension.
2. A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
3. Students may be assigned School Community Service as part of their In School Suspension.
4. Failure to follow ISS rules and procedures will result in further disciplinary actions including but not limited to lunch detention, after school detention, additional In School Suspension, or Out of School Suspension.

Out of School Suspension

Reasons for suspension by a principal or his/her designee shall include actions within level I , II , III, IV as listed previously in the handbook.

When a determination has been made that a suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:

1. Parent/guardian will be contacted and notified of the reason(s) for suspension and asked to remove the student from school as soon as possible or parent/guardian will be notified of suspension dates. If contact is not made or if a student is not removed from school, the student shall remain in school until the end of the school day under the supervision of an administrator or designated staff member.
2. A letter will be sent to the parent/guardian stating the reason(s) for and length of the suspension, and the date and time for a conference. Copies of the suspension letter must be on file in the offices of the assistant superintendent and the principal.
3. *Students may not return to school until a parent/guardian, listed on Infinite Campus, meets with school administration for a reinstatement meeting. Any absences following the suspension without a reinstatement meeting will count as unexcused absences.*
4. No suspension shall exceed 3 consecutive school days unless a conference has been held with parent/guardian within the three- day period with the purpose of extending the suspension. No student shall ever be suspended more than 10 consecutive school days without board approval. If a student's suspension is extended to include the maximum of ten school days, a second parent/guardian conference must be scheduled no later than the tenth day of the suspension for the student's readmittance on the eleventh day. If a parent/guardian refuses to appear for a scheduled conference within three days, the principal will readmit the student. If, however, the offense warrants the extension of suspension beyond the original conference date, the principal will notify the parent/guardian of the extended time period via certified mail, continue efforts to establish a conference and document those efforts, and notify the appropriate supervisor of the status of the case on a daily basis.
5. A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
6. The assistant superintendent shall review chronic cases of suspension with the appropriate principal
7. Students may be assigned community service to be served during the suspension period as a component of the disciplinary actions.

**** BEFORE ANY STUDENT MAY RETURN TO SCHOOL, THE STUDENT, GUARDIAN, AND A BUILDING ADMINISTRATOR MUST PARTICIPATE IN A REINSTATEMENT MEETING.**

- Reinstatement meetings offer the student(s), guardian(s), and school personnel the opportunity to discuss the incident leading to suspension and develop a plan to ensure further suspensions do not occur.
- Only adults listed as LEGAL GUARDIANS on Infinite Campus can attend and reinstate students. This is to protect and follow privacy laws regarding student information.
- The guidance counselor and or the school social worker may also be invited to attend depending on the events leading to suspension.
- Any days missed AFTER the reinstatement day will be considered UNEXCUSED ABSENCES and will count against the student's attendance unless otherwise approved by an administrator.

Additional Consequences of Suspension

Students who receive a suspension, ISS or OSS, may be restricted from participating in incentives and other privilege activities. Students who receive a suspension may miss quarterly or monthly incentives and activities. Students who receive more than 5 days of suspension will not be permitted to participate in field day or other special school activities/incentives.

Suspension of an intellectually disabled person for any length of time is change in educational assignment requiring notice and provision of the opportunity for a due process hearing.

- The principal and his/her designee who is considering the suspension of a student with an intellectual disability shall contact the assistant superintendent to present the facts in the case.
- If the incident warrants suspension as agreed upon by the assistant superintendent and building administrators, the chronology of events must be recorded and submitted in writing immediately to the assistant superintendent.
- The assistant superintendent will issue a due process notice to the parent/guardian concerning the change in educational assignment for the intellectually disabled student being suspended. In emergency situations, the bureau of special education may approve suspensions, exclusions, or interim changes of assignment for the intellectually disabled student if parental consent of the suspension could not be obtained because the school office was unable to contact parent/guardian in order to inform him/her of the proposed suspension or because parent/guardian requested a hearing and refused to grant permission for an interim suspension pending the hearing. Also, the bureau may approve if the student's continued presence in school presents a danger to himself/herself or to others. Such emergency situations include physical assault or threatened assault of a staff member or student, action of a criminal nature on school property, and continuous disruptive conduct which undermines classroom or school discipline and which the school has attempted but failed to control.

Expulsion Procedures

Regular Education Students

1. The assistant superintendent, in recommending to the superintendent that a student be expelled from school, must involve guidance personnel and the appropriate administrative staff in preparing a report that shall include: a chronological list of all incidents which include disciplinary action taken by the school; a guidance report listing measures taken by the counselor in his/her attempts to assist the student, and a review of the involvement and assistance provided to the student and his/her parent/guardian by the guidance staff.
2. Expulsion from school must be approved by the school board upon recommendation from the superintendent (Section 1318, Pennsylvania School Code)

Students with Exceptionalities

Students whose behavior is such that expulsion is recommended shall:

1. be removed from class if necessary for the safety and/or well being of staff members or students
2. be referred to the assistant superintendent for alternative education placement upon recommendation of the principal
3. be evaluated by the school psychologist and/or psychiatrist
4. be placed in homebound instruction for the period between removal from school and assignment to another appropriate educational setting.

Formal Hearing for Expulsion

1. The student's parent/guardian, unless the student is emancipated or married or beyond compulsory school age, and the student must be notified of the charges and of the time and place of the hearing by registered or certified mail, return receipt requested.
2. The hearing shall be public unless the student's parent/guardian (or the student in the event that he/she is emancipated because of marriage or age) requests that it be held in private.
3. The student shall have the right to an impartial tribunal and to be represented by counsel.
4. The student has the right to the names of witnesses against them, to copies of affidavits of those witnesses, if any exist, and to demand that any such witnesses appear in person and answer questions or be cross-examined.
5. If a student and/or their parent/guardian are dissatisfied with the findings of the hearing, recourse can be taken to the appropriate court.
6. A record must be kept of the hearing either by a stenographer or through a tape recorder and the student or their parent/guardian is entitled, at their expense, to a copy of the transcript.

It is recognized that students who are less than 17 are subject to compulsory attendance laws, and even though expelled must attend school. The responsibility for meeting this legal requirement rests with the student's parent/guardian as outlined in School Laws of Pennsylvania, January 1971.

FOOD & MEALS

All students are provided breakfast and lunch according to the district breakfast/lunch schedule. Students have the option to pack food or drink as an alternative to school meals. **Students are never permitted to leave school premises for food or drink or receive any food or drink product from any delivery person or service during school hours.**

In addition, **students or their parents are not permitted to "order out" and have food delivered from an outside source to school for students.**

If your student misses school during their assigned lunch period, please ensure that they eat lunch prior to the return of school. **Students will not be allowed to take any outside food or drink into the building when returning to school after an appointment.**

Students may not bring large/family sized bags of snacks to school. Small/individual snack bags may be brought. **Bags may be no larger than 4 oz.**

Students may not bring drinks/outside food in during arrival. Any outside food or drinks must be thrown away prior to entering or monitors will require students to throw it away upon entry into the building or in their homeroom.

For the health and safety of all students, it is sometimes necessary for the Food Service Department and/or administration to limit or contain certain foods or ingredients without prior notice. For the health and safety of all students, food that is not clearly labeled with precise ingredients is subject to the same limitations and containment without prior notice.

***SPECIAL NOTE: STUDENTS ARE NOT PERMITTED TO SALE ANY FOOD ITEMS OUT OF THEIR LOCKER. IF A STUDENT IS FOUND TO BE SELLING FOOD OUT OF THEIR LOCKER, THE ITEMS WILL BE CONFISCATED AND DISCIPLINARY ACTIONS COULD BE ASSIGNED.**

GRADES, REPORT CARDS, FINAL GRADES, ACADEMIC INTEGRITY, etc.

Grades

Periodic reports of student achievement by way of letter grades are given at the end of each marking period in each of the subjects which you have elected to take or which are required for graduation. The grade assignments are given in actual percentage grades on the report cards. Grades are established based on the following key:

Numerical Grade	Letter Equivalent	Quality Points	Numerical Grade	Letter Equivalent	Quality Points
97% - 100%	A+	4.00	77% - 80.4%	C+	2.50
93% - 96.4%	A	4.00	73% - 76.4%	C	2.00
90% - 92.4%	A-	3.75	70% - 72.4%	C-	1.75
87% - 89.4%	B+	3.50	67% - 69.4%	D+	1.50
83% - 87.4%	B	3.00	63% - 66.4%	D	1.00
80% - 82.4%	B-	2.75	0% - 63.4%	F	0.00

Numerical Grade	Letter Equivalent	Quality Points
Incomplete	I	0.00
Medical Excuse	M	
Pass	P	0.00

Note: Students who receive grades of "I", (Incomplete) assigned for legitimate medical or emergency reasons have two weeks beyond the end of the quarter/year to make up incomplete assignments.

Gradebook Weight

MJHS understands the importance of assessment in the learning process. Each content department has their own uniform system for grading and grade weight to reflect the curriculum of the content. Every teacher in the content department will adhere to the practices set. Each teacher will share the grading procedures with students and families at the beginning of the year.

Late Work Policy

It is important for students to turn in work promptly, however MJHS understands that extenuating circumstances occur. Students have up to 5 days to make up work for EXCUSED absences.

Report Cards

Report cards are posted on Infinite Campus approximately six school days beyond the end of each marking period. Report cards show numerical grades representing the percentage earned for each class according to the scale listed above. Report cards may also show appropriate comments from individual teachers about the progress of a particular student.

Minimum Failing Grade

Report card will reflect actual percentage grades earned in each class with the exception of a minimum failing grade of 50% for the first marking period. Administration has the right to assign the actual grade earned in Q1 due to the circumstances involved.

GPA and attendance are also included as part of the reporting procedures. Check the school calendar for marking period dates to determine when report cards will be issued. Any questions about grades or other information should be directed through the guidance office.

Final Grades

The final grade in a course will be determined by using the four marking period grades and the average of the midterm and final exam grades [MP1 + MP2 + MP3 + MP4 divided by 4 = final grade.] The total grade point average for the marking period will be determined by using the grades in all of the courses a student takes, major and minor. **The minimum passing grade for a course is a "D" or 63% average.**

Honor Roll

Grade point equivalents for the awarding of academic honors are as shown	High Honors	Honors
	3.7	3.4 to 3.699

Grade Point Averages (GPA)

Grade point averages are calculated at the end of each marking period and cumulatively at the end of each year. Grade point averages are determined by adding the grade point equivalents for each grade and course and then dividing by the total number of credits for the courses being taken. Credits for courses can be determined by referencing the "Educational Planning Guide" in effect for the current school year.

Grade Weighting for Students in Grades 9-12

The following procedures will be in effect for the purpose of determining weighted GPA used in the calculation of class rank. Weighted grades are based on the student course load and are weighted at the end of the school year:

- A.P. courses are valued at 1.25 credits
- Class Rank is based on a GPA calculated in the following manner:
 - ◆ 4 point system is in effect for grade values (see Grades & Grade equivalents)
 - ◆ plus, add .1 for each AP course
 - ◆ plus, add .035 for each Honors course

Academic Integrity/Cheating/Plagiarism

Muhlenberg Junior High School is committed to maintaining high standards of honesty, integrity, and academic responsibility. Students are expected to complete their own work and properly acknowledge the ideas and work of others.

Cheating includes, but is not limited to, copying another student's work, allowing another student to copy your work, using unauthorized materials or electronic devices during an assignment or assessment, or receiving or providing unauthorized assistance. Plagiarism is presenting another person's words, ideas, images, or work as your own without proper acknowledgment or citation. This includes content obtained from the internet, artificial intelligence (AI) tools, or any other source.

Cheating and plagiarism are considered Level I offenses under the Muhlenberg School District Student Code of Conduct. Classroom teachers have the ability to address these violations and will determine appropriate academic consequences. Consequences may include, but are not limited to, reteaching expectations, loss of credit or reduced credit on the assignment or assessment, repeating an assignment or assessment, completing an alternate assignment or assessment, parent/guardian notification, and other classroom-based disciplinary actions. Repeated or more serious violations will be referred to administration and will result in additional disciplinary consequences in accordance with the Student Code of Conduct. Students are encouraged to ask their teacher for assistance whenever they are unsure about how to complete an assignment appropriately or how to properly cite sources. Demonstrating honesty and integrity is an essential part of academic success and prepares students for future educational and career opportunities.

Artificial intelligence Usage

Muhlenberg School District recognizes that Artificial Intelligence (AI), including Generative AI tools such as ChatGPT, Google Gemini, and other AI-powered applications, can be valuable educational resources when used responsibly. Students may only use AI tools for educational purposes and only as permitted by their teacher for a specific assignment or course.

Students are expected to use AI ethically and honestly. Unless specifically authorized by the teacher, AI-generated work may not be submitted as a student's own original work. When AI is used to generate ideas, text, images, or other content that is included in an assignment, students must properly acknowledge or cite the AI tool as directed by their teacher.

Students should understand that AI-generated information is not always accurate or unbiased. They are responsible for verifying information using reliable sources and critically evaluating any content produced by AI.

To protect student privacy, students should never enter personal, confidential, or personally identifiable information into public or open-source AI tools. Only district-approved AI applications may be used on district devices or within district educational programs.

The use of AI must comply with all district policies regarding academic integrity, acceptable use of technology, student conduct, and copyright. Misuse of AI, including plagiarism, cheating, unauthorized use, or any activity that violates district policy, may result in disciplinary action, loss of technology privileges, and/or other consequences consistent with the Student Code of Conduct.

Per School Board policy, teachers may use AI detection tools but they may not be the sole determination of academic integrity. Teachers have the right to ask students to defend their work and use multiple measures to determine the degree of potential usage. Failure to comply with this policy or district rules regarding appropriate use of Generative AI including, but not limited to, acceptable use of computer and network resources, shall result in usage restrictions, loss of access privileges, disciplinary action and/or referral to legal authorities.

Reference: For complete expectations regarding the use of Artificial Intelligence and Generative AI, please refer to Muhlenberg School District Board Policy 815.1 *Generative Artificial Intelligence*.

LOCKERS

Lockers are provided in the halls and in the gym locker rooms for your convenience. They remain school property and simply are on loan to you.

Locks are provided by the school for school lockers and they should be kept locked at all times. Students are not permitted to use other than school supplied locks on school furnished lockers. Use of unapproved locks will result in disciplinary action and investigation by school administration. Lock combinations should be kept secure and not divulged or shared with others. Students may not share locks/lockers. Students may only access their locker, if items are stored in another students locker, students may not access the locker.

Valuables should not be left in school lockers at any time. The school cannot assume responsibility for items that are missing or taken from lockers. School administrators maintain the right to open and examine any student locker if there is a reason to suspect the presence of illegal, disruptive, or dangerous materials or substances. Students shall be responsible for restitution for any vandalism including but not limited to physical damage, graffiti, etc done to the school locker provided for their use.

Students at the Junior High are allowed to visit their lockers at three points throughout the school day:

1. Before Homeroom
2. Before Lunch
3. Leaving for the School Day

Students will not be permitted to go to their locker at any other time throughout the school day. If a student is in need of personal hygiene products, they may request to go to the nurses office.

If a lock is lost or broken, students will be charged a 10 dollar fee to replace the lock.

LOST AND FOUND

Books, articles of clothing, jewelry, eyeglasses, and other items which are found should be brought to the main office. If you have lost any such item, check with the main office to see if the item has been turned in. The office will retain lost and found items for up to 30 days.

MEDIA RELEASE

Each year, Muhlenberg Junior High School students are photographed for inclusion in our school yearbook and student photo identification badges. Additionally, teachers and/or administrators submit articles about important school events for publication in the school or district newsletter or local newspaper or invite local television stations to videotape and air particular school functions. Parents who do not wish to have their child's name or picture publicized (including in our school yearbook) must come to the Muhlenberg Junior High School office to complete a media release form. Children whose parents have not completed the form may be included in all publications.

LUNCH SCHEDULE

Lunch periods will run from 4th period to 8th period, 10:30 A.M. to 2:06 P.M. Lunch should be eaten during your scheduled period. Please see the district website for information regarding school breakfast and lunch menu. If you would like to apply for Free and Reduced Lunch Meals, please contact the Muhlenberg School District Food Services Office at 610-921-8000 x 3514.

If your student misses school during their assigned lunch period, please ensure that they eat lunch prior to the return of school. **Students will not be allowed to take any outside food or drink into the building when returning to school after an appointment.**

Due to assemblies, weather delays/dismissal, early dismissals, and other events planned, lunch schedules may be altered to accommodate these situations.

MEDICATION POLICY

MSD Policy 210

With the exception of a life-threatening emergency, school personnel, other than licensed Health Services nurses, will not administer individually prescribed medications or over-the-counter medications to students during school hours. Parents or guardians may choose to come to the nurse's office to personally administer medication to their child that needs to be taken during school hours. OR the parent/guardian may send prescribed medication to be administered in school as per the Muhlenberg School District Medication Administration policy. Over the-counter medications available through the Muhlenberg School District Standing Medications Orders, issued by the school physician, (such as pain relieving medication, cough medication, medication for stomach upset and emergency medications etc.) shall not be given without the prior permission of parent/guardian except in the event of a life threatening emergency. Medication Authorization forms are available through the MSD Health Services website or in any of the MSD the health rooms.

HALL PASSES

Students are required to carry a "pass card" to go to the restroom or nurse. Students are required to have their "pass card" signed by their assigned teacher to move throughout the building. Pass cards will be distributed monthly, each month will have a different colored pass card. If students are in the hallway without their "pass card" appropriately completed and signed by their teacher, they will be sent back to class and may receive a consequence from administration.

Teachers reserve the right in regards to when students may be sent out of their classroom.

If students lose or damage their pass beyond legibility/use, families/guardians must provide a hard copy note to give to the office or email to the grade level assistant principal or dean of students for a new hall pass.

For safety reasons, the location and attendance of all students must be known, for this reason, students are not allowed to leave their classrooms within the first 10 minutes of each class period. This allows for teachers to take accurate attendance and engage the students in the lesson for the day. All students are to follow their assigned schedule and be in attendance at their assigned class during the school day. We do recognize that

some exceptions exist (e.g. restrooms, nurse, office, etc.). For these exceptional reasons, students must sign-out/in using school procedures and gain permission from respective teachers or staff.

Students not being in their assigned location at their scheduled time, without permission, could receive consequences for “*outside their assigned area.*” In addition, any student who appears to be excessively utilizing their hall pass privileges, may have their access restricted for safety and educational well being of the student.

HEALTH SERVICES

First Aid

Licensed Health Services nurses are available to provide immediate, temporary medical care for your child in the event of an accident or sudden illness at school. If further treatment is required, the parent/guardian will be required to pick their child up from school. In the event of an emergency 911 will be called and the child will be transported to the hospital.

Physical Examinations

MSD Policy 209

Pennsylvania school law requires that all children have a medical examination upon admission to school (kindergarten or first grade), again in the sixth grade and in 11th grade. The family medical provider or school physician/certified registered nurse practitioner may perform this examination. Should the school physician/nurse practitioner discover any medical issues that require further evaluation, the parent/guardian will be notified and encouraged to follow up with their family medical provider. The school will supply the necessary forms when the parent/guardian elects to have the examination done by their family medical provider.

Dental Examinations

MSD Policy 209

School law requires children to have dental examinations on admission to school (kindergarten or first grade) and again in third grade and seventh grade. Either the school dentist or family dental provider may perform this examination. The school will supply the necessary forms when the parent/guardian elects to have the examination done by their family dentist. If a defect is found by the school dentist, the parent/guardian will be notified and encouraged to seek treatment by the family dentist. No treatment will be performed by the school dentist.

Other Examinations

MSD Policy 209

Hearing examinations are performed in kindergarten, grades one, two, three, seven and eleven. A hearing exam may be performed at any other time deemed necessary during the school year. Height, weight and vision testing is completed annually on all students (K–12). Parents/guardians are notified of any conditions needing further professional evaluation.

HOMEWORK

Class assignments benefit students by strengthening skills, stimulating learning, and developing responsibility. The amount of class work assigned is based on age, grade, and level of achievement. Among the purposes of class assignments are: to enrich or extend what has been learned in the classroom; to practice skills; to read for enrichment or enjoyment; to conduct research as an outgrowth of classroom activities, and to learn how to work independently.

In order for a student to be successful in school, a good working relationship is needed among teachers, parents, and children. Parents can assist students in assuming responsibility for homework by establishing a time and a place at home for accomplishing the assignment and by encouraging their children to submit all assignments on time.

IDENTIFICATION BADGES

Student ID cards will be issued in the fall of every year. **Every MJHS student must wear a school-issued photo ID card at all times while on the campus during the school day or when attending a school function.** Returning students should use their ID from the previous year until new cards are issued. New enrollees during the school year will have their pictures taken for ID cards and cards will be issued as part of the enrollment process. Temporary student IDs are available in the main office. Failure to wear your I.D. card will result in disciplinary consequences.

Students must present their ID card when requested by a staff member. Failure to wear the card when requested will result in disciplinary action according to the “Failure to Follow Policy” infraction with resulting consequences for this offense.

Misrepresentation or alteration of the information on the card will also result in appropriate consequences according to the junior high school discipline code.

Student ID cards are required for such functions as (but not limited to):

- Hall passes
- Identification upon request
- Library Privileges
- Bus Transportation

- Point of sale in the cafeteria (when available)
- Admission to School Activities

IN LOCO PARENTIS

Pennsylvania School Code 24 PS 13-1317

“Every teacher, vice/assistant principal, and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the pupils attending his/her school, during the time they are in attendance, including the time required in going to and from their homes, as the parents, guardians or persons in parental relation to such pupils may exercise over them.” According to this statute, teachers and principals have the same authority over children as their parents or guardians. **Students are expected to follow reasonable directives of their teachers and principals in regard to both academics and behavior.**

Door to Door Policy: Within the expectations of In Loco Parentis falls the Door to Door expectation. Students are under school supervision from the time they exit the junior high doors until they enter their door at home. Any incidents that occur from the time students exit the school building until they enter their home may face disciplinary action from the school.

INSURANCE

Accident insurance is available on a voluntary basis for a premium paid by your family. Insurance forms are distributed in homerooms early in the school year.

PERSONAL ITEMS IN SCHOOL

Blankets & Stuffed Animals

Blankets are to be kept in a student's locker throughout the school day as they can be distracting to the educational process. Slippers are not acceptable footwear for safety reasons. Stuffed animals are considered toys and are not permitted in school any time.

Outerwear & School Bags

In accordance with the MSD Dress and Grooming Policy, students are to place all outerwear and bags in their lockers during the school day. School Bags, including hand bags, shoulder bags, messenger bags, small backpacks, are to also remain in the student's locker. The only bag that can be used throughout the school day is the school issued Chromebook Case.

Personal Bags/Purses: In accordance with recommendations from safety professionals, students may only carry a small (5in x 7in) bag. Any bag larger than 5x7 MUST be clear/transparent.

Toys

Toys are NOT permitted in school. Toys causing disruption to the instructional day will be confiscated and will result in the following consequences: First minor offense: The teacher will ask the student to put the toys away. Further offenses: Toy will be confiscated and a phone call will be made to the parent/guardian indicating the disruption. The Assistant Principal will be notified for non-compliance.

*SPECIAL ATTENTION

- **NEITHER STAFF NOR ADMINISTRATION WILL INVESTIGATE ANY LOST, STOLEN OR BROKEN TOYS/ELECTRONICS THAT ARE OTHERWISE NOT PERMITTED IN SCHOOL**
- **TOY GUNS, TOY WEAPONS, LOOK-ALIKES OR ANY OBJECT USED TO IMITATE A WEAPON ARE TREATED UNDER THE SAME PROVISIONS AS THE DISTRICT WEAPONS POLICY, INCLUDING THE POSSIBLE CONSEQUENCE OF FULL EXPULSION FROM SCHOOL. SAFE2SAY SOMETHING

Safe2Say Something is a youth violence prevention program run by the Pennsylvania Office of Attorney General. The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to “say something” BEFORE it is too late. With Safe2Say Something, it's easy and confidential to report safety concerns to help prevent violence and tragedies. To refer an anonymous tip or report to Safe2Say:

SCHOOL CLOSURES

Whenever school is closed due to an emergency such as bad weather, it will be announced as early as possible via telephone call and on WRFY-FM, WEEU, and WRWA (local radio stations) and WFMZ (local TV station). Periodically, our schools will have early dismissal for such events as curriculum workshops or parent-teacher conferences. All early dismissals and vacation dates, along with other special dates and events, are listed on the school calendar.

***SPECIAL NOTE: TO ENSURE YOU ALWAYS RECEIVE OUR AUTOMATED PHONE MESSAGES AND ALERTS, PLEASE MAKE SURE THE SCHOOL ALWAYS HAS AN UPDATED AND VALID PHONE NUMBER FOR ALL PARENTS OR GUARDIANS.**

LATE STARTS

Occasionally weather conditions will necessitate a delay in opening school. Weather related late starts would be announced via telephone call and on WRFY-FM, WHUM, WEEU, and WRAW (local radio stations) and WFMZ (local TV station).

***SPECIAL NOTE: TO ENSURE YOU ALWAYS RECEIVE OUR AUTOMATED PHONE MESSAGES AND ALERTS, PLEASE MAKE SURE THE SCHOOL ALWAYS HAS AN UPDATED AND VALID PHONE NUMBER FOR ALL PARENTS OR GUARDIANS.**

SEARCHES

School officials need reasonable suspicion to conduct a legal search of students and the personal belongings they bring with them. Muhlenberg Junior High School administrators may use a handheld metal detector. Lockers remain the property of the school and may be searched by school authorities without reasonable suspicion and without prior warning to the students who are using them. Random locker searches, including dog searches, may be conducted at the discretion of school officials. If a student refuses to comply with the wand search, the refusal will be handled in accordance with the Non-Compliance with a Search policy.

Metal Detectors

Starting in the 2026-2027 school year, Muhlenberg Junior High School will utilize a metal detection system at designated entrances to maintain a safe and secure learning environment. Detectors will be used at the walker/parent drop off entrance, bus entrance, and other entrances as needed. Detectors will be supervised daily by building administrators and other trained staff. Failure to comply with directives from any staff member will result in a Level II disciplinary infraction as failure to follow policy and or defiance of school administration. Appropriate consequences will be assigned per the Level II discipline section and circumstances surrounding failure to comply.

Procedure: Upon arrival, students will enter through their designated entrance and proceed through the detection system under the supervision of school staff.

STUDENT ASSISTANCE PROGRAM (SAP)

The school's primary responsibility is to educate students; however, we have learned that if a student uses mind-altering chemicals, is depressed, or feels hopeless, that student cannot learn effectively. This is why the administration and faculty instituted a student assistance program which gives us the unique opportunity to identify and help students who exhibit high risk behavior. It is an intervention and referral program, not a treatment program.

UNLAWFUL HARASSMENT

MSD Policy 248

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

The Board prohibits all forms of unlawful harassment of students and third parties by all district students and staff members, contracted individuals, vendors, volunteers, and third parties in the schools. The Board encourages students and third parties who have been harassed to promptly report such incidents to the designated employees.

The Board directs that complaints of harassment shall be investigated promptly, and corrective action be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations.

No reprisals nor retaliation shall occur as a result of good faith charges of harassment.

For purposes of this policy, harassment shall consist of verbal, written, graphic or physical conduct relating to an individual's race, color, national origin/ethnicity, sex, age, disability, sexual orientation or religion when such conduct:

1. Is sufficiently severe, persistent or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment.
2. Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
3. Otherwise adversely affects an individual's learning opportunities.

For purposes of this policy, sexual harassment shall consist of unwelcome sexual advances; requests for sexual favors; and other inappropriate verbal, written, graphic or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic status.
2. Submission to or rejection of such conduct is used as the basis for academic or work decisions affecting the individual.
3. Such conduct deprives a student of educational aid, benefits, services or treatment.
4. Such conduct is sufficiently severe, persistent or pervasive that it has the purpose or effect of substantially interfering with the student's school performance or creating an intimidating, hostile or offensive educational environment.

Examples of conduct that may constitute sexual harassment include but are not limited to sexual flirtations, advances, touching or propositions; verbal abuse of a sexual nature; graphic or suggestive comments about an individual's dress or body; sexually degrading words to describe an individual; jokes; pin-ups; calendars; objects; graffiti; vulgar statements; abusive language; innuendoes; references to sexual activities; overt sexual conduct; or any conduct that has the effect of unreasonably interfering with a student's ability to work or learn or creates an intimidating, hostile or offensive learning or working environment.

In order to maintain an educational environment that discourages and prohibits unlawful harassment, the Board designates the Assistant Superintendent as the district's Compliance Officer.

The Compliance Officer shall publish and disseminate this policy and the complaint procedure at least annually to students, parents/guardians, employees, independent contractors, vendors, and the public. The publication shall include the position, office address and telephone number of the Compliance Officer.

The district shall be responsible to provide training for students and employees regarding all aspects of unlawful harassment. Each staff member shall be responsible to maintain an educational environment free from all forms of unlawful harassment.

Each student shall be responsible to respect the rights of their fellow students and district employees and to ensure an atmosphere free from all forms of unlawful harassment.

The building principal or designee shall be responsible to complete the following duties when receiving a complaint of unlawful harassment:

1. Inform the student or third party of the right to file a complaint and the complaint procedure.
2. Inform the complainant that s/he may be accompanied by a parent/guardian during all steps of the complaint procedure.
3. Notify the complainant and the accused of the progress at appropriate stages of the procedure.
4. Refer the complainant to the Compliance Officer if the building principal is the subject of the complaint.

Complaint Procedure – Student/Third Party

Step 1 – Reporting

1. A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.
2. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal.
3. If the building principal is the subject of a complaint, the student, third party or employee shall report the incident directly to the Compliance Officer.
4. The complainant or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

Step 2 – Investigation

1. Upon receiving a complaint of unlawful harassment, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.
2. The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.
3. The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

Step 3 – Investigative Report

1. The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required.
2. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.
3. The findings of the investigation shall be provided to the complainant, the accused, and the Compliance Officer.

Step 4 – District Action

1. If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.
2. Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and district procedures, applicable collective bargaining agreements, and state and federal laws.
3. If it is concluded that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

Appeal Procedure

1. If the complainant is not satisfied with a finding of no violation of the policy or with the corrective action recommended in the investigative report, s/he may submit a written appeal to the Compliance Officer within fifteen (15) days.
2. The Compliance Officer shall review the investigation and the investigative report and may also conduct a reasonable investigation.

3. The Compliance Officer shall prepare a written response to the appeal within fifteen (15) days. Copies of the response shall be provided to the complainant, the accused and the building principal who conducted the initial investigation.

TEXTBOOKS

Textbooks are supplied by the school district using funds received from taxes. Every text issued is numbered and bears the stamp of the school. They are loaned to you for your use. It is your responsibility to use them properly and to care for them so that, upon their return at the end of the course, only fair wear will have occurred. Textbooks are costly. If there is unwarranted damage or defacement of a textbook issued to you, you may be assessed a fine to cover the cost of rectifying the damage or defacement. If you lose a book, you will be required to reimburse the district on a pro rata basis at the rate of 20 percent of the current replacement cost for each remaining year of useful value with a minimum charge of 40 percent of the replacement value. A textbook has an average useful period of five years. If you withdraw from a given class or from school for any reason, you are personally responsible for returning all books issued to you.

VAPE DETECTORS

The junior high is equipped with vape detectors in the bathrooms throughout the building. If the use of a vape is detected during the school day, school administrators will be notified and the students involved will be questioned and their belongings will be searched. If a student refuses to participate in a search of their belongings, parents/guardians will be notified and the appropriate disciplinary consequences will be assessed depending on the the outcomes of the investigation.

VIDEO AND AUDIO RECORDINGS

Muhlenberg Junior High School is equipped with video cameras which record entrance/exit areas and hallways. The images recorded by these cameras may be used by school officials to establish the identity of students, employees, chaperones, or members of the general public involved in unlawful conduct or conduct that is contrary to the rules and regulations of the district and may be used as evidence in any disciplinary proceeding conducted by the school district (as set forth in Muhlenberg School District Video and Audio Recordings Policy).

The Muhlenberg School Board recognizes that the rules and regulations of the district apply to students, employees, and chaperones during the time spent in transit while occupying a school bus to and from school and while participating in school-related activities.

The district may place video cameras and/or audio recording devices on school property and/or on vehicles used for transporting students, employees, and chaperones involved in school-related activities.

ACADEMIC INTEGRITY

Cheating/Plagiarism

Muhlenberg High School is committed to maintaining high standards of honesty, integrity, and academic responsibility. Students are expected to complete their own work and properly acknowledge the ideas and work of others.

Cheating includes, but is not limited to, copying another student's work, allowing another student to copy your work, using unauthorized materials or electronic devices during an assignment or assessment, or receiving or providing unauthorized assistance. Plagiarism is presenting another person's words, ideas, images, or work as your own without proper acknowledgment or citation. This includes content obtained from the internet, artificial intelligence (AI) tools, or any other source.

Cheating and plagiarism are considered **Level I offenses** under the Muhlenberg School District Student Code of Conduct. Classroom teachers have the ability to address these violations and will determine appropriate academic consequences. Consequences may include, but are not limited to, reteaching expectations, loss of credit or reduced credit on the assignment or assessment, parent/guardian notification, and other classroom-based disciplinary actions. Repeated or more serious violations will be referred to administration and will result in additional disciplinary consequences in accordance with the Student Code of Conduct.

Students are encouraged to ask their teacher for assistance whenever they are unsure about how to complete an assignment appropriately or how to properly cite sources. Demonstrating honesty and integrity is an essential part of academic success and prepares students for future educational and career opportunities.

AI in the Classroom

Muhlenberg School District recognizes that Artificial Intelligence (AI), including Generative AI tools such as ChatGPT and other AI-powered applications, can be valuable educational resources when used responsibly. Students may only use AI tools for educational purposes and only as permitted by their teacher for a specific assignment or course.

Students are expected to use AI ethically and honestly. Unless specifically authorized by the teacher, AI-generated work may not be submitted as a student's own original work. When AI is used to generate ideas, text, images, or other content that is included in an assignment, students must properly acknowledge or cite the AI tool as directed by their teacher.

Students should understand that AI-generated information is not always accurate or unbiased. They are responsible for verifying information using reliable sources and critically evaluating any content produced by AI.

To protect student privacy, students should never enter personal, confidential, or personally identifiable information into public or open-source AI tools. Only district-approved AI applications may be used on district devices or within district educational programs.

The use of AI must comply with all district policies regarding academic integrity, acceptable use of technology, student conduct, and copyright. Misuse of AI, including plagiarism, cheating, unauthorized use, or any activity that violates district policy, may result in disciplinary action, loss of technology privileges, and/or other consequences consistent with the Student Code of Conduct.

- Flagrant or repeated violations of school rules
- Violations of the district's Drug and Alcohol policy
- Possession of a weapon on school property
- Making a terroristic threat against persons/property

The length of placement in an Alternate Program varies with each individual case; however, the customary minimum placement is for a period of 45 school days. Activity participation while placed in an Alternative Education program is at the discretion of the principal. Students are not permitted to attend or participate in school-related activities during their alternative education placement unless permission is granted by the administration.

ASSESSMENTS & TESTING

Muhlenberg High School students participate in a variety of assessment procedures for the purpose of:

- Measuring student achievement
- Determining appropriate placement in academic classes
- Determining the need for remediation or academic assistance
- Measuring the alignment of school programs with state standards and requirements.

The testing program can include competency exams (Keystone Exams) in the subject areas of Algebra, Literature, and Biology, as well as other testing programs administered on an as-needed basis. Benchmarking tests are taken throughout the school year for grades 10 and 11. All students are required to participate in the appropriate testing program and are encouraged to do their best on the tests.

ATTENDANCE

MSD Board Policy 204

Because school attendance is directly related to academic success, students are expected to attend school on a regular basis. Student attendance is recorded at the beginning of each class period daily.

Excused Absences

If a student is unable to attend school, the student's parent/guardian must call the Attendance Office at (610) 921-8078, extension 4113, before 9 a.m. on the day of the absence to report his/her child absent from school.

- Students must follow up all absences with an excuse blank or a parent note within three school days of the absence.
- Excuse blanks are available in the high school office, from classroom teachers, and on our district website (www.muhsdk12.org). These notes are required by law to verify absences, and they must be signed by a parent/guardian. Students are not permitted to sign their own excuse blanks regardless of age.
- Absences of three or more consecutive days due to illness must be verified with a doctor's excuse.
- Students will be granted up to five excused days for bereavement purposes.
- Once a student accumulates a total of 10 excused absences, the parent/guardian of that student will receive an Excessive Absence letter. All future absences from that point must be followed up with a doctor's note in order for that absence to be considered excused.

Unexcused Absences

- If an excuse blank or note is not submitted within three days following the return to school, the absence becomes unexcused.
- The issuing of a citation with the District Justice may result in fines of up to \$300.00/day for students of 18 years of age and younger; additionally, these students may lose their driver's license for up to six months.
- Students with chronic attendance issues will meet with the high school's attendance committee to discuss the importance of regular school attendance as well as solutions that will improve the students' attendance record. Parent/Guardian of these students will attend such meetings as well. In addition, a **Student Attendance Improvement Plan (SAIP)** will be implemented, and a **Student Attendance Improvement Conference (SAIC)** will be held.

- Parents/Guardians should be contacted with the unexcused absence occurrences below as well. Consequences for the accumulation of unexcused absences are as follows:

Unexcused Absences	Consequences
3	A letter sent to the home address within ten (10) days of the third absence
6	Considered habitually truant. A School Attendance Improvement Conference is established between the school and parents within (10) days of 6 unexcused absences. Students referred to school-based or community-based attendance programs.
10	A citation may be filed by the school*

*Student athletes refer to the Athletic Handbook for additional consequences.

Tardy/Late to Class

- Students are expected to be in class on time.

BULLYING / CYBERBULLYING

MSD Board Policy 249

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

Bullying, as defined in this policy, includes cyberbullying.

Bullying, as defined by law, means an intentional electronic, written, verbal, or physical act or series of acts directed at another student or students, which occurs in a school setting, that is severe, persistent, or pervasive and has the effect of doing any of the following:

- Substantial interference with a student's education. Creation of a threatening environment.
- Substantial disruption of the orderly operation of the school.

For the purpose of this policy, **bullying** is defined as follows:

"A person is bullied when he or she is exposed, repeatedly and over time, to negative actions on the part of one or more other persons, and he or she has difficulty defending himself or herself." Olweus Bullying Prevention Program

Bullying is aggressive behavior that involves unwanted, negative actions.

Bullying involves a pattern of behavior repeated over time.

Bullying involves an imbalance of power or strength.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised, or sanctioned by the school.

The Board prohibits all forms of bullying by district students.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. No reprisals or retaliation shall occur as a result of good-faith reports of bullying.

Each student shall be responsible for respecting the rights of others and for ensuring an atmosphere free from bullying. The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students at an assembly or by other means.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.

District administration shall annually provide the following information with the Safe School Report:

- Board's Bullying Policy.
- Report of bullying incidents.
- Information on the development and implementation of any bullying prevention, intervention, or education programs.

This policy shall be:

- Accessible in every classroom.
- Posted in a prominent location within each school building.
- Posted on the district website.
- Published and disseminated in handbooks.

The district shall develop and implement bullying prevention and intervention programs. Such programs shall provide district staff and students with appropriate training for effectively responding to, intervening in, and reporting incidents of bullying.

Complaint Procedure

Step 1 – Reporting

A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal.

If the building principal is the subject of a complaint, the student, third party, or employee shall report the incident directly to the Assistant Superintendent.

The complainant or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

Step 2 – Investigation

Upon receiving a complaint of bullying, the building principal shall immediately investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

The findings of the investigation shall be provided to the parents of the accused student and the complainant.

Step 3 – Investigative Report

The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.

The investigative report shall be retained by the principal/designee and forwarded to the Assistant Superintendent as appropriate.

Step 4 – District Action

If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include:

- Counseling services and/or educational activities.

If it is concluded that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

Appeal Procedure

If the complainant is not satisfied with a finding of no violation of the policy or with the corrective action recommended in the investigative report, s/he may submit a written appeal to the Assistant Superintendent within fifteen (15) days.

BUILDING SECURITY- AUDIO/VIDEO SURVEILLANCE

A safe and secure environment for our students and staff is a primary concern of the school district administration. Please be advised that the doors to the building will be closed and locked after the beginning of the school day, and entry to the building will be restricted. All guests to school and students arriving late to school should contact the main office via the closed-circuit greeting system located at the main entrance to the building. The main office will check the identity and buzz the person into the building. Guests will be directed to the appropriate office to sign in and be issued a visitor's badge. Students arriving late to school, after 7:40, should report to the tardy desk. All persons are advised that the building will be locked prior to athletic or other events, and entry will be permitted only during the designated times for such events.

The PA State Board of Education regulations grant local school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. In that regard, students, parents, and staff are advised that the high school building is under video surveillance at all times and that information from recordings may be used for monitoring purposes and in the disposition of disciplinary actions.

The screening activities described in section 2.0 of this policy shall not serve as a bar to the right of a parent to request a multidisciplinary team evaluation at any time. When the completion of screening activities prior to referral for a multidisciplinary team evaluation will result in serious mental or physical harm, or significant educational regression, to the student or others, the school district may opt to initiate a multidisciplinary team reevaluation without completion of the screening process. Whenever an evaluation is conducted without a pre-evaluation screening, the activities described in section 2.0 of this policy shall be completed as part of that evaluation whenever possible.

COUNSELING DEPARTMENT

Every student is assigned to one of our three school counselors, who will work with them throughout their high school experience. School counselors are dedicated to supporting students as they navigate academic planning, career and postsecondary goals, and personal and social development.

Counselors provide guidance, information, and resources to help students make informed decisions about their education and future. While counselors do not make decisions for students, they work alongside students and families to explore options, set meaningful goals, and develop plans for success.

DISCIPLINE

MSD Board Policy 218

Student responsibilities are: regular attendance, conscientious effort in class, and conformance to school rules and regulations—developed to produce a climate within the school that is conducive to wholesome learning and living. All students are expected to respect the rights of other students and all staff.

General Guidelines

- Each offense, major or minor, will automatically be reported to a parent/guardian via phone call (preferred), email, or mailing.
- Corroborated circumstantial evidence warrants an appropriate disciplinary response.
- Students referred to the office for inappropriate action will be counseled by the dean of students and / or administrator before a disciplinary response is made.
- Any offense on school grounds that is considered criminal will involve the police.

Student Code of Conduct

Student Responsibilities

- Attend and be on time for school functions and all classes daily except when excused.
- Pursue and attempt to complete satisfactorily the courses of study prescribed by the state and local authorities.
- Make all necessary arrangements for making up work when absent from school.
- Respect the rights of other students.
- Express ideas and opinions in a respectful manner so as not to offend or slander others.
- Respect the rights and authority of teachers, administrators, and all others involved in the educational process
- Be aware of all rules and regulations for student behavior and abide by them.
- Assume that until a rule is waived, altered, or repealed, it is still in effect.
- Be aware of and comply with federal, state, and local laws.
- Be willing to volunteer information in matters relating to health, safety, and welfare of the school community and the protection of school property.
- Dress and groom to meet fair standards of health and safety. Appearance must not cause disruption in the education process.
- Assist the staff in operating a safe school.
- Exercise proper care when using public facilities and equipment.
- Avoid the use of indecent or obscene language when dealing with other students or school district staff members.

Student Discipline Options

- Student-teacher conference.
- Contact with parent/guardian by phone.
- Parent conference arranged by teacher, counselor, dean of students, and/or administrator that may include the student.
- Staff conference, including members who can provide insight into a student's problem.
- After School Detention, Lunch Detention, In-School Suspension, and Out-of-School Suspension.
- Suspension and Expulsion (Policy 233). Students, parents/guardians, and staff should be aware of the infractions that warrant suspension from school.

- Outside agency conference: This is arranged and conducted by a counselor, social worker or administrator with appropriate staff members involved.

The options listed above are not intended to be all-inclusive. It should not be assumed that any one or a combination of the above options will resolve a particular problem.

Misconduct/Response Structure

- The misconduct/response structure presents a comprehensive series of typical misbehaviors, which are classified into four levels and arranged in a continuum according to the seriousness of the act and the frequency of its occurrence.
- While the gravity of an infraction determines its classification, the frequency of the occurrence may require reclassification and a more severe disciplinary response. For instance, a Level I misconduct, though its seriousness remains the same, could be moved to a Level II, even III, if the act occurs repeatedly enough and corrective action at the appropriate level has failed.
- Level I infractions occur mainly in settings under the teacher's control or supervision. The responsibility for disciplinary action remains with the teacher, although other school support personnel may be involved.
- Level II and III infractions are almost always serious enough to require the special attention of the Administrator.
- Level IV acts of misconduct are so serious that they require the involvement not only of the Administrator, but also of the superintendent/assistant superintendent and the school board, as well as law enforcement authorities.
- Optional disciplinary responses are included at each level, which may be appropriately applied to correct or punish related infractions. These options, which allow some flexibility and discretion, have been selected to fit the seriousness of the misbehavior, beginning with the least punitive and progressing through the levels to the most severe. Still, this attempt to match the severity of the discipline with the seriousness of the infraction in some circumstances does not preclude the use of options from a lower level in dealing with higher-level infractions. On the other hand, the more severe options at a higher level are not recommended as a response to less serious infractions at a lower level unless those offenses have been repeated and lower-level alternative actions have failed to remediate.

Level I Offenses

Minor misbehavior, which impedes ordinary classroom procedures or interferes with the orderly operation of the school. Classroom teachers are responsible for the disciplinary response/remediation for all classroom-related actions, including but not limited to: minor disturbances, unacceptable language/behavior, cheating, lying, plagiarism, failure to follow directives, electronic device uses, and lateness to class. **Note:** Violation of school rules in common areas, i. e. hallway, cafeteria, will be sent to administration for disposition.

Level II Offenses

Misbehavior whose frequency or seriousness tends to disrupt the learning climate. An accumulation of three offenses under any category may be considered unmodified behavior and will move to Level III.

Student Action	Procedure	Disciplinary Response
Continuation of unmodified Level I actions.	Administrator confers with the guidance counselor and parents.	One to three days ISS/OSS
Defiant Behavior	The teacher refers the student to the Administrator. Conference if appropriate.	Detention
Disruptive behavior/ inappropriate language.	The teacher refers the student to the Administrator. Conference if appropriate.	Detention One to three days ISS/OSS

Use of tobacco products on school property. Possession of tobacco products on school property. Vaping	A staff member who sees a student with tobacco products refers the student to the office.	First offense: One to three days ISS/OSS Activity Restriction
Minor vandalism of \$25.00 or less valuation	Staff member refers the student to the Administrator.	Restitution or restoration of damaged property. 1-3 days ISS/OSS

ELECTRONIC DEVICES

MSD Board Policy 237

Summary of Policy: Students may not use their phone at ANY time for ANY reason during the school day (school day consists of 7:20-2:40). Students are expected to keep their phone in their LOCKER. If a teacher witnesses a student with their phone in their hand, using their phone, or hears the phone making noise (music, videos, notifications, etc.), the student will be reported to the administration. The phone will be confiscated by the administration, the student will receive a consequence in accordance with the list below, and the family/guardian will be contacted via email or phone call. If a student is caught with another student's phone, both students will be at risk of their phones being confiscated. If a student refuses to turn over their phone to the administration, the student will be suspended due to insubordination/defiance of the school administration. If a student needs to contact their family for any reason, they MUST come to the main office and use the main office phone to contact home. If a family/guardian must contact a student, they MUST call the main office. Families, please refrain from texting, messaging, calling, or contacting your child via personal cell phone for the entirety of the school day.

Medical Exemptions: Medical exemptions will be permitted for certain conditions. Before exemptions are permitted, documentation from a medical professional MUST be submitted to the school nurse for review. The nurse/school holds the right to deny exemption requests pending review of the documentation.

Board Policy 237:

Loss or Damage to Electronic Devices

Students are solely responsible for the safe storage of any personal electronic devices that they choose to bring to school. The District shall not be liable or responsible for the loss or damage to any electronic devices that a student brings to school, extracurricular activities, to school-sponsored events or trips, or from the confiscation of an electronic device as the result of a policy violation.

Student Responsibility for Data Charges

No Student shall be required to provide a personal electronic device as a condition of receiving educational instruction. If any Student chooses to utilize such a device pursuant to this policy, the Student and Parents assume full responsibility for any phone or data charges that may result from such use.

Limitation on Technical Support

District information technology staff may not provide technical assistance to Students for their personal devices. However, this policy shall not prohibit district information technology staff from providing general instructions for the configuration of such devices to access or connect to District-owned technology resources.

Penalties for Violations

The Board authorizes building administrators, teachers, and security personnel to confiscate a student's personal electronic devices when used in violation of this policy. All confiscated personal electronic devices shall be delivered promptly to the building administrator's office. Confiscated devices shall be returned to the student at the end of the school day for a first offense, and only to a parent or guardian for a second offense. On the third offense or subsequent offenses, the student will receive detention and/or suspension from school.

Building administrators may impose additional disciplinary sanctions against students for violations of this policy, including suspensions from school or recommendations for expulsion from school as warranted by the specific facts and circumstances in a particular case. Student Discipline Policy No. 218 and Administrative Regulations No. 218-AR provide guidance for disciplinary action.

ELECTRONIC DEVICE BAN

Goal: The goal of this plan is to. . .

- Increase instructional focus and student engagement.
- Reduce classroom disruptions and conflicts related to cell phone use.
- Improve consistency in staff responses to violations.
- Eliminate ambiguity regarding expectations for students, staff, and families.
- Support a bell-to-bell learning environment free from personal electronic distractions.

Bell-to-Bell Expectation: Muhlenberg School District maintains a bell-to-bell electronic device ban. Students may not access, possess, display, charge, photograph, record, text, call, stream, or otherwise use personal electronic devices during the school day unless specifically authorized through a documented medical accommodation, IEP, or 504 Plan.

This expectation applies from the first bell until dismissal. The electronic device ban remains in effect throughout:

- | | |
|--------------|---------------|
| ● Classrooms | ● Cafeterias |
| ● Hallways | ● Study halls |
| ● Restrooms | ● Assemblies |

Electronic Device Storage Procedures

All students will have access to a district-provided case at the beginning of each school day. These are a secure, lockable fabric bag designed to store mobile devices, bluetooth headphones, and smartwatches preventing users from accessing and can only be opened using designated magnetic unlocking stations located at dismissal. The locked pouch must remain in the student's locker throughout the school day, and any attempt to tamper with, damage, or bypass the pouch system will face consequences.

School Day Process

- Upon arrival, students must place their electronic device in their pouch.
- The pouch must remain secured in the pouch throughout the instructional day.
- The pouch shall be stored in the student's locker during the school day.
- Upon dismissal, students will report to designated locations with their pouch to be unlocked.
- Students leave the pouch at school before they are dismissed.

Non-Compliance and Defiance

Any response other than immediately surrendering the device and complying with the administrator's/dean of students directive will be considered refusal to follow a reasonable school directive.

Examples include:

- Refusing to surrender the phone.
- Arguing with staff.

Revised July, 2026

- Walking away.
- Concealing the device.
- Providing false information.
- Creating a disruption while being addressed.

Such behaviors will no longer be treated solely as an electronic device policy violation and will instead be classified as Failure to Follow Policy. Students failing to follow school policy will be assigned In-School Suspension (ISS) or an Out-of-School Suspension (OSS) in accordance with district disciplinary procedures.

Discipline Procedures

First Infraction

- Phone confiscated.
- Parent/guardian notification.
- Parent/guardian must retrieve the device.
- After school detention assigned.

Additional Infractions

- Phone confiscated.
- Parent/guardian notification.
- Parent/guardian must retrieve the device.
- In-School Suspension or Out-of-School Suspension Day(s) may be assigned.

Intensive Support for Repeat Violators

Students demonstrating a pattern of repeated electronic device policy violations will be assigned to a **Cell Phone Check-In/Check-Out Program**.

Under this intervention:

- Students must report to a designated office location upon arrival each morning.
- The student's cell phone will be surrendered to an administrator/dean of students for secure storage.
- The device will be returned at dismissal.
- Daily participation will continue until the student demonstrates sustained compliance with district expectations.

Failure to surrender the phone as required under this intervention will be considered **Failure to Follow Policy** and will result in additional disciplinary consequences.

If a student intentionally damages a pouch or acquires resources to personally unlock their pouch or another pouch will be subject to immediate suspension, financially responsible for replacement, as well as a possible police citation.

EXCLUSION FROM SCHOOL

MSD Board Policy 233

Suspension

When a determination has been made that a suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:

- Parent/Guardian will be contacted and notified of the reason(s) for suspension and asked to remove the student from school as soon as possible, or parent/guardian will be notified of suspension dates. If contact is not made or if a student is not removed from school, the student shall remain in school until the end of the school day under the supervision of an administrator or designated staff member.
- A letter will be sent to the parent/guardian stating the reason(s) for and length of the suspension, and the date and time for a conference. Copies of the suspension letter must be on file in the offices of the assistant superintendent and the principal.

- No suspension shall exceed 3 consecutive school days unless a conference has been held with the parent/guardian within the three-day period with the purpose of extending the suspension. No student shall ever be suspended for more than 10 consecutive school days without board approval. If a student's suspension is extended to include the maximum of ten school days, a second parent/guardian conference must be scheduled no later than the tenth day of the suspension for the student's readmittance on the eleventh day. If a parent/guardian refuses to appear for a scheduled conference within three days, the principal will readmit the student. If, however, the offense warrants the extension of suspension beyond the original conference date, the principal will notify the parent/guardian of the extended time period via certified mail, continue efforts to establish a conference and document those efforts, and notify the appropriate supervisor of the status of the case on a daily basis.
- A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
- The assistant superintendent shall review chronic cases of suspension with an administrator.
- Students may be assigned community service to be served during the suspension period as a component of the disciplinary actions.

Suspension of an intellectually disabled person for any length of time is a change in educational assignment requiring notice and provision of the opportunity for a due process hearing.

- The principal and his/her designee who is considering the suspension of a student with an intellectual disability shall contact the assistant superintendent to present the facts in the case.
- If the incident warrants suspension as agreed upon by the assistant superintendent and building administrators, the chronology of events must be recorded and submitted in writing immediately to the assistant superintendent.
- The assistant superintendent will issue a due process notice to the parent/guardian concerning the change in educational assignment for the intellectually disabled student being suspended. In emergency situations, the bureau of special education may approve suspensions, exclusions, or interim changes of assignment for the intellectually disabled student if parental consent of the suspension could not be obtained because the school office was unable to contact parent/guardian in order to inform him/her of the proposed suspension or because parent/guardian requested a hearing and refused to grant permission for an interim suspension pending the hearing. Also, the bureau may approve if the student's continued presence in school presents a danger to himself/herself or to others. Such emergency situations include physical assault or threatened assault of a staff member or student, action of a criminal nature on school property, and continuous disruptive conduct that undermines classroom or school discipline, and which the school has attempted but failed to control.

Expulsion Procedures

Regular Education Students

- The assistant superintendent, in recommending to the superintendent that a student be expelled from school, must involve guidance personnel and the appropriate administrative staff in preparing a report that shall include: a chronological list of all incidents which include disciplinary action taken by the school; a guidance report listing measures taken by the counselor in his/her attempts to assist the student, and a review of the involvement and assistance provided to the student and his/her parent/guardian by the guidance staff.
- Expulsion from school must be approved by the school board upon recommendation from the superintendent (Section 1318, Pennsylvania School Code).

Students with Exceptionalities

Students whose behavior is such that expulsion is recommended shall:

- be removed from class if necessary for the safety and/or well-being of staff members or students
- be referred to the assistant superintendent for alternative education placement upon recommendation of the principal
- be evaluated by the school psychologist and/or psychiatrist

- be placed in homebound instruction for the period between removal from school and assignment to another appropriate educational setting.

Formal Hearing for Expulsion

- The student's parent/guardian, unless the student is emancipated or married or beyond compulsory school age, and the student must be notified of the charges and of the time and place of the hearing by registered or certified mail, return receipt requested.
- The hearing shall be public unless the student's parent/guardian (or the student in the event that he/she is emancipated because of marriage or age) requests that it be held in private.
- The student shall have the right to an impartial tribunal and to be represented by counsel.
- The student has the right to the names of witnesses against him or her, to copies of affidavits of those witnesses, if any exist, and to demand that any such witnesses appear in person and answer questions or be cross-examined.
- If a student and/or his/her parent/guardian is dissatisfied with the findings of the hearing, recourse can be had to the appropriate court.
- A record must be kept of the hearing either by a stenographer or through a tape recorder, and the student or his/her parent/guardian is entitled, at their expense, to a copy of the transcript.

It is recognized that students who are less than 17 are subject to compulsory attendance laws, and even though expelled must attend school. The responsibility for meeting this legal requirement rests with the student's parent/guardian as outlined in the School Laws of Pennsylvania, January 1971.

DRUGS AND ALCOHOL

The following administrative procedures will be followed in cases of students involved with drugs and/or alcohol

Formulation and Application

- The students, parent/guardian, staff, and Board of School Directors of the Muhlenberg School District, being concerned with the welfare and future of the student body, hereby formulate and implement these alcohol and drug abuse procedures in the hope that they will motivate community support for a community problem. We start at the school level because we sincerely believe that mind-altering substances have no value in an educational program. Clear heads and healthy bodies are necessary attributes for achieving the most value from the learning process.
- The procedures will apply to all dangerous drugs, look-alike drugs, contraband, controlled substances, and devices, including, without limitation, those defined by the Controlled Substances, Drug, Device and Cosmetic Act 1972, P. L. 233, No. 64 (Section 4, Schedules of Controlled Substances) and any future amendments to this act.
- These procedures will apply to alcohol and alcoholic beverages as defined in Section 6308 of the Pennsylvania Crimes Code and any future amendments to this code.
- School officials shall be permitted to conduct a search and/or seizure of items in a student's possession or without the student's control as per Policy 226, Searches.
- For the protection of the student, prescription drugs and patent medicines brought to the school must be registered with the school nurse or delegated authority. At this point, the administration of medication is under the supervision of the nurse (see Policy 210 Use of Medications).
 - Students must have authorization from a medical doctor for the use of prescription drugs.
 - Medication brought to school by a student must be accounted for in quantity in the case of oral administration (such as tablets, capsules, and liquid medication). Refer to Policy 210 Use of Medications for details.
 - Ingestion of any drugs or proprietary materials to the point of disorientation or physical harm is prohibited for all students on school property or at school functions.
- Use or possession of any drugs is prohibited for all students on school property or at school functions.

Revised July, 2026

- Use and/or possession without a medical prescription or authorization of addictive or dangerous drugs, alcohol, health-endangering substances, and/or those that provide a euphoric effect is forbidden.
- In the event that a staff member suspects a student of buying, using, possessing, and/or selling drugs of any type, he/she must immediately notify the building or designee.
- These procedures are in effect whenever a student is in the school's jurisdiction, including participation in field trips, sports, and all other extracurricular activities. The rules apply to students whether they are active participants or guests/spectators at such functions.

Classification and Implementation

Student Seeking Help

- Every effort shall be made to gain the student's consent to notify the parent/guardian or at least consent to referral for treatment.
- The Pennsylvania Drug and Alcohol Abuse Control Act #63 (1690.112. Consent of minor) states: "notwithstanding any other provisions of law, a minor who suffers from the use of a controlled or harmful substance may give consent to the furnishing of medical care or counseling related to diagnosis or treatment. The consent of the parents or legal guardian of the minor shall not be necessary to authorize medical care or counseling related to such diagnosis or treatment. The consent of the minor shall be valid and binding as if the minor had reached his majority. Such consent shall not be voidable nor subject to later disaffirmance because of minority. Any physician or any agency or organization operating a drug abuse program who provides counseling to a minor who uses controlled or harmful substances may, but shall not be obligated to, inform the parents or legal guardian of any such minor as to the treatment given or needed." Thus, the Pennsylvania Drug and Alcohol Abuse Act protects the right of the school to refer consenting students for treatment without parental knowledge or consent. It should be remembered, however, that the School Board recommends that all reasonable attempts be made, with the consent of the students, to involve parents at the earliest practical time.
- Parents of a minor student will be notified if it is necessary for the student to receive emergency care (See Policy 210.2, Medical Attention for Students).
- Strict confidentiality shall be maintained, and the lines of communication between student and confidant must be kept open.
- The student shall be advised that any future use, possession, or transfer of illegal drugs will not be condoned, and that information concerning any such future activity will not be treated confidentially.

Suspicion of Usage

- When a student exhibiting unusual behavior is suspected of being under the influence of drugs or alcohol, an investigation shall take place immediately.
- The school nurse will complete a confidential "Health Assessment When Questioning Substance Use" (Attachment A). This assessment will become part of the student's permanent school health record, and information obtained may be used in the decision-making process for the student's disposition.
- When the investigation warrants, parents of a child who is exhibiting unusual behavior shall be notified and asked to come to the school. Following a discussion with school personnel, parents will decide whether to take the child for further assessment or treatment.
- If it has been ascertained that the student's behavior was the result of illegal drugs and/or alcohol, the parents and student will be notified of the sections of this policy which deal with disciplinary procedures and actions implemented by the district, including but not limited to referral to Student Assistance Program (SAP), Student Policy 2.33

Actual Usage

- When there is reasonable evidence that a student is under the influence of, or is involved in the use of a drug or an alcoholic beverage, the parent/guardian shall be notified, and the student shall be given a 1- to 10-day suspension from school depending on the situation. The informal hearing and conference will be conducted in conjunction with Chapter XII of the regulations of the Pennsylvania State Board of Education. The student will be referred to alternative education. During this suspension, it is recommended that the student seek

counseling and/or treatment from any one of the various licensed agencies or licensed individuals who offer help in this area.

- At the second offense, the parent/guardian shall be notified and referral shall be made to the principal for a decision as to the length of the suspension pending treatment. The principal will notify the Superintendent regarding his/her decision.
- For habitual offenses, the penalty may be exclusion from school for a period of up to 1 calendar year or more unless recommendation of the principal provides an alternative. Application for readmission at the conclusion of this period will be reviewed by the Superintendent/designated committee, and a report with a recommendation forwarded to the Board of Education.
- Law enforcement authorities may be contacted in any of the above situations.

Possession Without Actual Use

- When a student is found in possession of suspected drugs, a referral must be made to law enforcement authorities, who will obtain an analysis of such suspected drugs and will determine whether an arrest or referral to a judicial agency will be made.
- If, except as to look-alike drugs, the result of the analysis is negative and no further legal action is taken, all records as to the identity of the student shall be destroyed.
- If the result of the analysis is positive or look-alike drugs are involved, steps shall be taken as in Section C, (Actual Usage).

Selling or Buying

- It is not the intent of these regulations to distinguish between a seller and a buyer. However, individual situations may result in such a distinction being made.
- Parent/guardian and local police may be contacted. The decision regarding those involved will be at the discretion of the law enforcement authorities.
- When there is reasonable evidence that a student is guilty of buying or selling, those involved may be excluded from school for up to 1 calendar year.
- An individual case may be reviewed, and readmission before the complete calendar year has elapsed may be granted if sufficient evidence exists that rehabilitation has taken place and that further exclusion is detrimental to the welfare of the student.
- An application for readmission at any time will be reviewed by the superintendent/designated committee.

Discovery of Drugs

- Drugs found anywhere on the school premises are to be promptly given to law enforcement authorities.
- A receipt for the same must be obtained from such authorities.

Apprehended by police for Distributing Illegal Drugs, Contraband, and or Marijuana

- If a Muhlenberg School District youth is apprehended by the police for activities involving suspicion of use, possession, or the buying or selling of illegal drugs, look-alike drugs, marijuana, or alcohol while the student is under the jurisdiction of the school district, and if the principal is notified by law enforcement officials, the student will be subject to disciplinary measure of Section II, subsections B, C, D, E, and F of this policy.

Discovery of Drugs by Staff Members

- If a staff member discovers the use or sale of drugs, look-alike drugs, controlled substances, alcohol, or contraband during the performance of duties, he/she should attempt to identify the students, isolate and detain the students, and seek immediate assistance in an investigation of the matter (See I.F.)

DRESS AND GROOMING

MSD Board Policy 221

A well-groomed and neatly dressed student sets the tone and atmosphere conducive to good order and learning. The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. Although the Board has the authority to impose limitations on students' dress in school, the Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools, affect the health and safety of others, or cause damage to school property.

General Guidelines

- The student should dress modestly and in a manner that is tasteful and respectful at all times.
- School officials may make judgments about proper grooming and attire, and may impose limitations on dress if the attire causes the disruption of the educational process or constitutes a health or safety hazard.
- Students have the responsibility to keep themselves, their clothes, and their hair clean.
- School officials will not tolerate extremes in dress and grooming.
- Students may be required to wear certain types of clothing to earn credit for participating in physical education classes, shops, extracurricular activities, or other classes and situations where special attire may be required to ensure the health or safety of the student.
- A faculty sponsor may set the standards of dress and grooming for students participating in school-sponsored activities.

- Students may be required to change clothing or cover clothing if attire is unacceptable.
- Parents or guardians may request, in writing, exceptions to the specific guidelines of this policy in order to accommodate religious or moral objections.

Specific Guidelines

The following attire is not appropriate for school:

- Bare backs, bare midriffs, tank tops, spaghetti strap blouses, and dresses.
- Headgear or headwear of any type, including but not limited to hats, caps, bandanas, visors, sweatbands, durags, hoods, or sunglasses.

- Sweatbands or thick straps on arms and wrists.
- Shoes that are untied or that pose a safety hazard.
- Any apparel that is judged to be unsanitary or unhealthy.
- Blankets, onesies, costumes, capes, flags.

A student has the right to determine the length or style of his/her hair, including facial hair. However, where the length or style of hair is a potential health or safety hazard or poses a disruption to the educational process, some type of alteration, head covering, or hair tie may be required.

Implementation

- The Superintendent shall develop procedures to implement this policy.
- The building principals are designated to monitor student dress and grooming in district buildings.
- School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire constitutes a health or safety hazard.
- School officials may impose limitations on student participation in the regular instructional program where there is evidence that the lack of cleanliness or attire causes the disruption of the educational process.
- Implementation of this policy shall impose only the minimum necessary restriction on the exercise of the student's rights regarding appearance.
- Staff members should demonstrate by example positive attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

Consequences

- Students who appear at school wearing inappropriate clothing will not be allowed to attend class until the necessary changes are made to meet the dress code requirements.
- Changes may include:
 - Covering or removing objectionable clothing items.
 - Wearing an article of clothing provided by the school.
 - Contacting parent/guardian to obtain appropriate clothing.
- More than three (3) violations of the dress and grooming policy represent Level II misconduct as defined by the Student Discipline Policy 218 and will result in an appropriate Level II Disciplinary Response (Defiant Behavior).

ELIGIBILITY FOR ATHLETICS AND EXTRACURRICULAR ACTIVITIES

In order to contribute to the welfare of the athletic/activity program, the student must recognize and willingly assume certain responsibilities as a student athlete or activity participant. As representatives of the Muhlenberg School District and its programs, participants are expected to exhibit exemplary behavior in and out of school.

Extracurricular activity is defined as an activity covered by the provision of Section 511 of the School Code that is sponsored or approved by the board of school directors, is conducted partially or entirely outside the regular instructional day schedule and is available to students enrolled in the district's schools who voluntarily elect to participate, subject to the eligibility requirements of the activity.

The definition includes a school district's program of interscholastic athletics, including varsity sports, and includes all activities relating to competitive sports contests, games, events, or exhibitions involving individual students or teams of students whenever such activities occur between schools within or outside of the school district.

All students participating in Muhlenberg School District extracurricular activities are governed by the Student Discipline Policy, and the Student Athlete/Activity Participant Code of Responsibility. Any violation of the student discipline code on school property or while actively participating in or traveling to or from school or to or from an organized extracurricular activity may result in the forfeiture of the privilege of participation on a Muhlenberg athletic team or related activity. If a violation of the discipline code involves a one-to-ten-day out-of-school suspension, the participant will not practice or compete on those days. While head coaches and activity sponsors may assess penalties for participants in violation of team or activity rules and regulations, the building principal or designee may declare a student ineligible for participation in extracurricular activities because of conduct or behavior unbecoming of a student athlete or activity participant.

Specific actions defined herein may result in suspension or dismissal from participation in extracurricular activities at the discretion of the Principal/Designee. Permanent prohibition from extracurricular activities may occur for any subsequent violations:

- Providing, selling, being in the possession of, or being under the influence of alcohol, drugs, narcotics, prescription medication exceeding the amount prescribed, other controlled substances, or over-the-counter medications in accordance with MSD policies 227 "Controlled Substance/Paraphernalia" and 210 "Use of Medications." Prom/Graduation restriction if offense is committed during the 2nd semester.
- Possession of or use of tobacco products (snuff, chewing tobacco included).
- Damaging or stealing school, community, or private property.
- Being disciplined in levels three and four of the discipline code. Students assigned to alternative education programs are ineligible to participate in extracurricular activities for the duration of the assignment.
- Follow District Attendance Policy and Administrative Regulations.
 - A total of 10 tardies constitutes a first offense; 15 tardies constitutes a second offense; 20 total tardies will constitute a third offense, in one school year.
 - Two out-of-school suspensions in one school year.

Students shall arrive no later than the end of the first period in order to be eligible to participate in any extracurricular activity on that day. The building principal must approve any exception to this rule (i.e., doctor's note, court subpoena).

Each student is responsible for school-issued equipment and is responsible for properly securing equipment in an assigned locker. Each athlete or activity participant is responsible for reporting to the head coach, activity advisor, or equipment manager any equipment that is damaged, in need of repair, or replacement for safety or other reasons. Any athlete or activity participant who has not returned any item of school-issued equipment or has any other obligations will not be eligible for awards or other recognition activities and may not participate in other athletic programs or activities until cleared.

Students are not eligible to participate in any interscholastic contest if they attain the age of 19 before June 30, immediately preceding the school year. (15th birthday, where interscholastic competition is limited to grades 7 and 8; 16th birthday, where limited to grades 7 through 9.)

Students must retain an amateur status in order to be eligible to participate in any contest.

A physical examination is required before participation in any sport is permitted.

All students participating in interscholastic activities must adhere to the Muhlenberg School District and Pennsylvania Interscholastic Athletic (P.I.A.A.) academic rules on eligibility. According to Article IX, Sections 1 – 4 of the P.I.A.A. by-laws:

- A student must pursue and maintain an acceptable grade in a full-time curriculum defined and approved by the principal.
- Eligibility shall be cumulative from the beginning of the grading period and shall be reported weekly.
- A student must have passed at least four full credit subjects or the equivalent (4 credits) during the previous grading period.

In accordance with these requirements, the following additional academic stipulations for all activity participants shall be as follows:

- If, after a weekly academic check, a student has failed any two subjects (full or partial credit courses), the student will be ineligible for contest participation for a period of one week. If a student is declared ineligible for a total of five weeks during the course of a season, the student will be dismissed from the activity and will not be eligible for awards or recognition activities. Participation and attendance at contests, performances, or activities are both still prohibited during the ineligibility period. If at the completion of a grading period (distribution of report cards), a student has failed any two subjects but has passed an equivalent of four credits, the student will be ineligible for practice and contest participation for a period of one week. If the next weekly academic check shows an improvement in grades from failing to passing, the restriction will be lifted.
- If at the completion of a grading period (distribution of report cards), a student has not passed an equivalent of four full credits, the student will be ineligible for practice and contest participation until the student has completed a total of 15 school days. Continued satisfactory academic progress will allow the student to participate in contests, performances, or other activities at the end of the 15-day ineligibility period.
- Eligibility at the beginning of the fall semester will be based on final grades from the preceding school year. Approved summer make-up courses may be used to fulfill four credit deficiencies.

In order to participate in any sport or activity, a consent form signed by parent or legal guardian is required to be on file with the Principal or designee.

Muhlenberg School District shall permit a resident child who is enrolled in a Home Education program or Charter School to participate in any activity that is subject to the provisions of Section 511, including, but not limited to, clubs, musical ensembles, athletics, and theatrical productions, provided that the child:

- Meets the eligibility criteria, or their equivalent, for participation in the activity that applies to students enrolled in the school district.
- Meets the try-out criteria, or their equivalent, for participation in the activity that applies to students enrolled in the school district.
- Complies with all policies, rules, and regulations, or their equivalent, of the governing organization of the activity.

Where the activity requires completion of a physical examination or medical test as a condition of participation and the school district of residence offers such physical examination or medical test to students enrolled in the school district, the school district shall permit a child who is enrolled in a Home Education program or Charter School to access such physical examination or medical test. The school district shall publish the dates and times of such physical examination or medical test in a publication of general circulation in the school district and on its publicly accessible internet website.

The school district may charge the charter school for charter student participation in extracurricular activities, since these costs are part of the per-pupil payment that is paid to charter schools. This fee is on a “cost basis,” with the school district neither losing nor making money, as determined by the school district using the expenses of each activity, including coach or director, uniforms, transportation, and miscellaneous costs.

FIRE DRILLS

When the fire alarm is sounded, follow your teacher’s directions promptly and exactly. There should be no talking during the entire drill so that instructions can be given when needed. Class groups should stay together so that the teacher in

charge can take roll once outside the building. Students should walk in pairs at a reasonable speed. All lights in the classroom should be turned off, windows closed, and the classroom door closed by the last student to leave.

Students should move away from the building once they are outside to allow for the free movement of emergency vehicles. In the parking lot, students should move into the area where the cars are parked. At the bus loading area, students should move across the roadway.

GRADES & REPORT CARDS

Grades

Periodic reports of student achievement by way of letter grades are given at the end of each marking period in each of the subjects that you have elected to take or that are required for graduation. The grade assignments are given in actual percentage grades on the report cards. Grades are established based on the following key:

Numerical Grade	Letter Equivalent	Quality Points
97% - 100%	A+	4.00
93% - 96.4%	A	4.00
90% - 92.4%	A-	3.75
87% - 89.4%	B+	3.50
83% - 87.4%	B	3.00
80% - 82.4%	B-	2.75

Numerical Grade	Letter Equivalent	Quality Points
77% - 80.4%	C+	2.50
73% - 76.4%	C	2.00
70% - 72.4%	C-	1.75
67% - 69.4%	D+	1.50
63% - 66.4%	D	1.00
0% - 63.4%	F	0.00

Numerical Grade	Letter Equivalent	Quality Points
Incomplete	I	0.00
Medical Excuse	M	
Pass	P	0.00

***Note:** Students who receive grades of "I", [Incomplete] assigned for legitimate medical or emergency reasons, have two weeks beyond the end of the quarter/ year to make up incomplete assignments.

Report Cards

Report cards are issued approximately six school days beyond the end of each marking period. Report cards show numerical grades representing the percentage earned for each class according to the scale listed above. Report cards may also show appropriate comments from individual teachers about the progress of a particular student. Report cards are available online via Infinite Campus or by contacting your counselor.

***Note:** Minimum failing grade: Report card will reflect actual percentage grades earned in each class with the exception of a minimum failing grade of 50% for the first marking period. Administration has the right to assign the actual grade earned in Q1 due to the circumstances involved.

GPA and attendance are also included as part of the reporting procedures. Check the school calendar for marking period dates to determine when report cards will be issued. Any questions about report cards should be directed through the counseling office.

The minimum passing grade for a course is a “D” or 63% average.

Honor Roll

Grade point equivalents for the awarding of academic honors are as shown	High Honors	Honors
	3.7	3.4 to 3.699

Supplementary Reports

Student grades are readily available on their student’s grade book link. Upon parental request, supplementary reports will be mailed home midway through each marking period. Should your parents wish additional information regarding your progress, they may contact your teacher or your guidance counselor.

Grade Point Averages (GPA)

Grade point averages are calculated at the end of each marking period and cumulatively at the end of each year. Grade point averages are determined by adding the grade point equivalents for each grade and course and then dividing by the total number of credits for the courses being taken. Credits for courses can be determined by referencing the “Educational Planning Guide” in effect for the current school year.

Grade Weighting

The following procedures will be in effect for the purpose of determining the weighted GPA used in the calculation of class rank. Weighted grades are based on the student’s course load and are weighted at the end of the school year:

- A.P. courses are valued at 1.25 credits
- Class Rank is based on a GPA calculated in the following manner:
 - The 4-point system is in effect for grade values (see Grades & Grade equivalents)
 - Plus, add .1 for each AP course
 - Plus, add .035 for each Honors course

Class Rank

Students in grades eleven and twelve will be ranked at the end of the academic year using final weighted grade point averages. Ranking will be based on all subjects carried. The student with the highest GPA based on final grades will be ranked first, etc.

Academic Awards

Academic Awards are granted to members of the graduating class on the basis of grades earned for the seven-semester period immediately preceding the last semester of the senior year. Points will be awarded for all those courses that meet five or more periods each week. The minimum requirement is 125 points (145 or more for cum laude inscription) with 4 points for an A, 3.5 points for a B+, and 3 points for a B. No credits are given for physical education, driver training, military science, work study, or educable mentally handicapped courses. School officials, in coordination with the sponsoring organization, may continue to present or initiate additional requirements as deemed appropriate and compatible with the specific needs of the school curriculum, as long as the minimum prerequisites as outlined above are met. Semester grades will be determined by averaging the quarter grades. Final tests and final grades will not be used. Only the top 10 percent will qualify for the awards.

Example:

Revised July, 2026

A & A = A	4 points	A- & A- = A-	3.5 points
A & A- = A-	3.5 points	A- & B = B	3 points
A & B = A-	3.5 points	A- & B- = B	3 points
A & B- = B	3 points	B & B = B	3 points
A & C = B	3 points	Other combinations	0 points

Various school clubs provide funds and operate a school store located in the student commons. It carries a variety of basic stationery supplies, Muhlenberg souvenir items, and certain clothing items bearing the name and mascot of Muhlenberg High School. The activity adviser in charge of the school store will appoint the store manager(s).

Schedule/Course Changes

Students have the ability to make changes to their schedule within the first two weeks of school. If a student's schedule is inaccurate or incomplete (ex: missing an English class), the student should report to the Counseling Office for assistance.

For all other changes, students are to email their alpha counselor with their specific request.

After the window for scheduling changes close, any schedule adjustments must be approved by an administrator.

Requests that will not be honored are as follows:

- Changes to electives (ex: changing from Fashion to Foundations of Art)
- Course level changes (ex: changing from Chemistry Honors to Chemistry College)

GRADING, LATE WORK, REASSESSMENT PROCEDURES

Grading Categories

Muhlenberg High School uses a standards-focused grading system designed to accurately reflect student learning. Grades are divided into two categories:

- **Demonstrating Skills** – Assessments in which students independently demonstrate mastery of course standards. Examples include tests, quizzes, projects, essays, presentations, performance tasks, and other summative assessments.
- **Building Skills** – Assignments that allow students to practice and develop the knowledge and skills needed for success. Examples include classwork, homework, guided practice, formative assessments, drafts, and other learning activities.

Each academic department establishes the percentage assigned to each grading category. For most courses, **Demonstrating Skills** will account for **60–70%** of the final course grade and **Building Skills** will account for **30–40%**. All **Honors** and **Advanced Placement (AP)** courses use a grading scale of **80% Demonstrating Skills** and **20% Building Skills**.

Late Work and Make-Up Work

Students are expected to complete and submit all assigned coursework by the established due dates.

When a student has not submitted an assignment by the due date, they will have **five (5) school days** to complete and submit the late assignment. After the **five (5) days**, the assignment will **NOT be accepted** and a **zero (0)** will be given for the missing assignment. A deduction of points for a late assignment is up to the teacher's discretion.

Students who are **absent** have **three (3) school days** after returning to school to complete and submit missed assignments. At the teacher's discretion, this timeline may be extended for up to **ten (10) total school days** when circumstances warrant additional flexibility.

Students who are **absent due to cutting class** on the day of a graded assignment or assessment will receive a **grade of zero (0)** for the missed work. Assignments or assessments missed due to cutting class or are **not eligible for make-up credit**.

Summative Assessment Reassessments

Muhlenberg High School recognizes that learning is a process and provides students with opportunities to demonstrate improved understanding after receiving feedback.

Each student is permitted to **retake one (1) summative assessment per marking period**. Teachers may allow additional reassessment opportunities at their discretion and may establish reasonable requirements that students must complete before a reassessment is approved.

Students wishing to complete a reassessment must **schedule the reassessment with their teacher within three (3) school days of receiving the original assessment grade**.

Teachers will determine:

- Whether additional reassessment opportunities will be offered beyond the required minimum.
- Which portions of the original assessment must be retaken.
- Whether the reassessment will be presented in a different format while assessing the same learning standards.

When a reassessment is completed, **the higher of the two assessment scores will be recorded** as the final grade for that assessment.

The following assessments are **not eligible for reassessment**:

- Midterm examinations
- Final examinations

For **Advanced Placement (AP)** and **Dual Enrollment** courses, reassessment opportunities for summative assessments are available **at the discretion of the classroom teacher**.

Additionally, due to the nature of certain assignments, teachers may determine that reassessments are not appropriate for essays, research papers, multi-step projects, laboratory investigations, performance assessments, or other assignments that include multiple checkpoints or segmented due dates.

GRADUATION REQUIREMENTS

Graduation requirements are outlined in the Course Selection Guide. See graduation requirements on page 7 of the [Course Selection Guide](#) located on the school website, or discuss your situation with your school counselor.

HOMELESSNESS

ECYEH (PA Education for Children and Youth Experiencing Homelessness) The Education for Children and Youth Experiencing Homelessness (ECYEH) is an initiative of the Pennsylvania Department of Education, and is based on the federal McKinney-Vento Homeless Assistance Act. This federal legislation ensures that homeless children and youth have access to a free, appropriate public education. Children and youth experiencing homelessness have the right to:

- Continue their education in their current school, and receive transportation, OR enroll immediately in the school where they are temporarily housed, even if lacking the paperwork normally required
- Receive free lunch
- Receive assistance with school-related expenses such as supplies, clothing, uniforms, etc.

IDENTIFICATION CARDS

Student identification cards (ID Cards) will be issued in the fall of every year. Students may be required to show ID at athletic events, homecoming, prom, etc. It is the student's responsibility to keep and maintain the condition of their school ID.

ILLNESS DURING SCHOOL HOURS

If you become ill during school hours, the teacher to whom you are assigned will issue a pass slip to the nurse's office or, in her absence, to the main office. If it is necessary for you to go home, a pass slip will be issued by the nurse or the office, informing the teacher of the action taken. If you become ill during your time at CTC or on the bus returning from CTC, you must report to the nurse or, in her absence, to the main office. Any student who is dismissed due to illness must sign out in the main office before leaving the building. **You may not dismiss yourself from school for reasons of illness.**

IN LOCO PARENTIS

Pennsylvania School Code 24 PS 13-1317

"Every teacher, vice/assistant principal, and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the pupils attending his/her school, during the time they are in attendance, including the time required in going to and from their homes, as the parents, guardians or persons in parental relation to such pupils may exercise over them."

According to this statute, teachers and principals have the same authority over children as their parents or guardians. Students are expected to follow reasonable directives of their teachers and principals in regard to both academics and behavior.

LAVATORY

Lavatories (school restrooms) are available to you during class time only. When you use the lav, you will have your teacher fill in the date, time, and signature on the pass. When you return, the teacher will record the time on the pass. You must carry your lav pass at all times. You are not allowed to use the lavatory during transition time. Using the lavatories during passing time may result in disciplinary action. Improper use of the lavatory may result in disciplinary action and/or lavatory restrictions.

LOCKERS

Lockers are provided in the halls and in the gym locker rooms for your convenience. They remain school property and simply are on loan to you. Locks are provided by the school for school lockers, and they should be kept locked at all times. Students are not permitted to use locks other than school-supplied locks on school-furnished lockers. Lock combinations should be kept secure and not divulged or shared with others.

Valuables should not be left in school lockers at any time. The school cannot assume responsibility for items that are missing or taken from lockers. Students shall be responsible for restitution for any vandalism, including but not limited to physical damage, graffiti, etc, done to the school locker provided for their use.

LOST AND FOUND

Books, bags, articles of clothing, jewelry, eyeglasses, and other items that are found should be brought to the main office. If you have lost any such item, check with the main office to see if the item has been turned in. The office will retain lost and found items for up to 30 days.

NATIONAL HONOR SOCIETY

Selection to membership in the National Honor Society is based on scholarship, leadership, service, and character. Membership is bestowed by the faculty council on behalf of the faculty. To be eligible for membership, a candidate must be a junior or senior and have attended Muhlenberg for one semester. Candidates must have a cumulative scholastic average of at least 3.4 (on a 4.0 scale), the cumulative average to include grade nine.

After the first semester, the guidance department will compile and post a list of those eligible. Students wishing to withdraw from consideration should contact their adviser. The adviser will notify all those who are academically eligible.

These students will be asked to provide information regarding service and leadership activities on the Student Activity Information Form, which must be returned for further consideration for membership. Review of the information by the council does not guarantee election. For additional input, the council will ask all faculty members to submit comments on the candidacy of scholastically eligible students. The faculty council will use all available information, including the guidelines from the national office, to evaluate potential members. Actual selection will be by a majority vote of the council. Students selected, along with their parents, will be notified and invited to the induction ceremony by a letter from the principal. The National Honor Society is under the sponsorship and supervision of the National Association of Secondary School Principals. According to NASSP legal counsel, no constitutional due process requirements apply in non-selection cases.

PARKING & DRIVING REGULATIONS

- When issued a parking tag, only parking in the assigned space will be recognized. Parking tags must be displayed from the rearview mirror of your registered car when parking on our lot during school hours.
- Students who are issued and maintain a school parking permit to drive to and from school are expected to voluntarily relinquish district transportation services. Students approved for student parking are considered to have secured an alternative method of transportation to and from school.
 - This expectation supports efficient transportation routing, seat availability, and responsible use of district transportation resources.
 - In limited circumstances involving emergencies, temporary hardships, loss of driving privileges, vehicle issues, or administrative approval, transportation arrangements may be reviewed by the Muhlenberg Department of Transportation and school administration.
- Every student must observe the 15 miles per hour speed limit at all times (before school, during school, after school, evenings, weekends)
- Students are not permitted to drive on school district access roads and are required to follow applicable traffic regulations, traffic patterns, and directions while on school grounds.
- No interference with the passage of school vehicles is allowed.

- Students may not park in faculty, visitor, or handicapped spaces. Contact the main office for more information if you need to park close to the school due to medical reasons. This could be temporary or a permanent situation.
- Driving violations, speeding, repeated violations of the school discipline code, or any misconduct involving students in the parking lot will result in the revocation of the parking privilege for a period of time determined by the Principal or Assistant Principal.
- Subsequent violations could result in disciplinary action (loss of park/drive privilege or removal of vehicle from school property). The vehicle's owner will be responsible for any and all towing charges. If the vehicle is towed, neither the school district nor the towing company will be responsible for damages that take place in the process.
- Students are not permitted to give their parking tag to anyone or allow anyone to park in their assigned space. If this occurs, both students will lose their privilege to park on school property.
- If at any time you get or use another vehicle other than the one you have registered and for which you have been issued a tag, you must notify the office. You must show the necessary information on the new or different car.
- Students are also reminded that driving, traffic control, and parking on school grounds are only permitted in accordance with policy 711 "Traffic, Parking, and General Control of School Grounds and Property" with all related consequences in effect for violators. Failure to follow procedures will be subject to a fine.
- The Muhlenberg School District is not responsible for any damages that occur as a result of individual actions, vandalism, accidents, or acts of nature to private vehicles parked on school grounds.

SCHOOL RESOURCE OFFICER (SRO)

MSD Policy 805.2

Purpose: The purpose of the School Resource Officer (SRO) program is to enhance the safety and security of Muhlenberg School District schools while fostering positive relationships between students, staff, families, and law enforcement. Through collaboration, education, and proactive engagement, School Resource Officers help maintain a safe learning environment where all students can thrive.

Overview: School Resource Officers are sworn police officers who are assigned full-time to Muhlenberg School District schools as part of their regular law enforcement duties. SROs have the same authority, training, and responsibilities as all police officers and are specially positioned to serve within the school community.

In addition to supporting school safety and emergency preparedness, School Resource Officers build positive relationships with students and staff, provide education on topics such as safety and responsible decision-making, and

collaborate with school administrators to address concerns that impact the school environment. SROs also assist in responding to criminal activity, emergency situations, and other incidents when law enforcement intervention is necessary.

The School Resource Officer program is built upon three primary roles:

- **Law Enforcement:** Protecting the safety of students, staff, and visitors while enforcing applicable laws when necessary.
- **Educator:** Providing classroom presentations, mentoring students, and promoting safe and responsible choices.
- **Collaborative Partner:** Working closely with school administrators, counselors, teachers, and families to support a positive, secure, and welcoming school climate.

While School Resource Officers are an important part of the school's safety team, student discipline remains the responsibility of school administrators and is governed by the MSD School Board Policy. Whenever appropriate, school discipline and law enforcement responses are addressed separately and in accordance with district policy and applicable law.

SAFE2SAY SOMETHING

Safe2Say is a youth violence prevention program. The program teaches youth and adults how to recognize warning signs and signals, especially within social media. From individuals who may be a threat to themselves or others and to “say something” BEFORE it is too late. With Safe2Say, it's easy and confidential to report safety concerns to help prevent violence and tragedies. You can access **Safe2Say** by calling 1-844-723-2729, using the **Safe2Say** app, or by visiting <http://safe2saypa.org>

- Students submit an anonymous tip report through the Safe2SaySomething system.
- Crisis center reviews, assesses and processes all submissions.
- Crisis center sends all submissions to school administration and/or law enforcement for intervention.
- If needed, crisis center may contact the tipster anonymously through the app.

STUDENT ASSISTANCE PROGRAM (SAP)

The Student Assistance Program (SAP) provides an intervention process for at-risk youth. It consists of a core team of teachers, counselors, a nurse, administrators, and a Licensed Social Worker. The program will identify, evaluate, and appropriately refer students deemed at-risk for substance abuse, depression, suicide, anger control, and other significant problems to the proper treatment program. It is an intervention and referral program, not a treatment program.

STUDENT SEARCHES

MSD Board Policy 226

Consistent with Board Policy 226, the school reserves the right to conduct searches of students and their belongings when reasonable suspicion exists that a student may be in possession of prohibited, unsafe, or illegal items. Searches may include but are not limited to backpacks, lockers, desks, school-issued computers, automobiles parked on school property, personal items, or other possessions. Searches may also be conducted by police and police-trained dogs.

Non-Compliance with a Search

If a student refuses to comply with a reasonable search request it will result in disciplinary action, which may include **1–3 days of In-School Suspension (ISS) or Out-of-School Suspension (OSS)** as well as possible police referral.

Use of Handheld Metal Detector Wands

To support a safe and secure learning environment, Muhlenberg High School may use handheld metal detector wands when conducting searches of students. If the wand indicates the presence of metal, the student may be asked to reveal the item, remove it from their clothing, or allow further inspection of belongings. If a student refuses to comply with the wand search, the refusal will be handled in accordance with the *Non-Compliance with a Search* policy.

When Wands May Be Used

- Wands may be used when there is reasonable suspicion that a student may be in possession of a prohibited, unsafe, or illegal item.
- Wands may be used as part of a targeted or random safety screening, consistent with school safety procedures.

Student and Family Notification

Parents/guardians will be notified upon search of a student, if prohibited, unsafe, or illegal items are found, or if a student refuses to comply with the search procedure

STUDY HALL

Purpose: Study Hall provides students with a structured, supervised environment to complete academic work, read, study, or prepare for upcoming classes. The goal of Study Hall is to promote responsibility, time management, organization, and academic success by giving students dedicated time during the school day to focus on their learning.

Procedure: Students are expected to report to Study Hall on time and remain for the entire assigned period unless they have an approved pass. Upon arrival, students should be seated promptly and begin working on school-related assignments or other approved academic activities. Students are expected to maintain a quiet environment that supports learning and allows others to work without distraction.

The following expectations apply during Study Hall:

- Arrive on time and be prepared with all necessary materials.
- Engage in productive academic work for the duration of the period.
- Follow all directions given by the supervising staff member.
- Maintain respectful behavior and appropriate noise levels.
- Remain seated unless permission is granted to move about the room.
- Use electronic devices only for school-related purposes and in accordance with the school's electronic device policy.
- Students may leave Study Hall only with an approved pass from school personnel.
- Food, disruptive behavior, or activities unrelated to schoolwork are not permitted unless specifically authorized by the supervising staff member.

Study Hall is considered an instructional period. Students are expected to demonstrate The Muhl Mindset by being **Respectful, Responsible, Resilient, and Grow** while using this time productively.

TEXTBOOKS

Textbooks are supplied by the school district using funds received from taxes. Every text issued is numbered and bears the stamp of the school. They are loaned to you for your use. It is your responsibility to use them properly and to care for them so that, upon their return at the end of the course, only fair wear will have occurred. Textbooks are costly. If there is unwarranted damage or defacement of a textbook issued to you, you may be assessed a fine to cover the cost of rectifying the damage or defacement. If you lose a book, you will be required to reimburse the district on a pro rata basis at the rate of 20 percent of the current replacement cost for each remaining year of useful value, with a minimum charge of 40 percent of the replacement value. A textbook has an average useful period of five years. If you withdraw from a given class or from school for any reason, you are personally responsible for returning all books issued to you.

TRANSPORTATION

The Muhlenberg School District Transportation Department is committed to providing safe, reliable, and efficient transportation services that support student learning and well-being each school day. Serving students across the district, the department works to ensure eligible students arrive at school and return home safely while maintaining high standards for safety, communication, and customer service. The [MSD Transportation Handbook](#) outlines important information regarding bus eligibility, routes, safety expectations, student conduct, and transportation procedures to help students and families understand their roles in creating a safe and positive transportation experience.

UNLAWFUL HARASSMENT

MSD Board Policy 238

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

The Board prohibits all forms of unlawful harassment of students and third parties by all district students and staff members, contracted individuals, vendors, volunteers, and third parties in the schools. The Board encourages students and third parties who have been harassed to promptly report such incidents to the designated employees.

The Board directs that complaints of harassment shall be investigated promptly, and corrective action shall be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations.

No reprisals or retaliation shall occur as a result of good-faith charges of harassment.

For purposes of this policy, harassment shall consist of verbal, written, graphic, or physical conduct relating to an individual's race, color, national origin/ethnicity, sex, age, disability, sexual orientation, or religion when such conduct:

- Is sufficiently severe, persistent, or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening, or abusive educational environment.
- Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
- Otherwise adversely affects an individual's learning opportunities.

For purposes of this policy, sexual harassment shall consist of unwelcome sexual advances; requests for sexual favors; and other inappropriate verbal, written, graphic, or physical conduct of a sexual nature when:

- Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic status.
- Submission to or rejection of such conduct is used as the basis for academic or work decisions affecting the individual.
- Such conduct deprives a student of educational aid, benefits, services, or treatment.
- Such conduct is sufficiently severe, persistent, or pervasive that it has the purpose or effect of substantially interfering with the student's school performance or creating an intimidating, hostile, or offensive educational environment.

Examples of conduct that may constitute sexual harassment include but are not limited to sexual flirtations, advances, touching or propositions; verbal abuse of a sexual nature; graphic or suggestive comments about an individual's dress or body; sexually degrading words to describe an individual; jokes; pin-ups; calendars; objects; graffiti; vulgar statements; abusive language; innuendoes; references to sexual activities; overt sexual conduct; or any conduct that has the effect of unreasonably interfering with a student's ability to work or learn or creates an intimidating, hostile or offensive learning or working environment.

In order to maintain an educational environment that discourages and prohibits unlawful harassment, the Board designates the Assistant Superintendent as the district's Compliance Officer.

The Compliance Officer shall publish and disseminate this policy and the complaint procedure at least annually to students, parents/guardians, employees, independent contractors, vendors, and the public. The publication shall include the position, office address, and telephone number of the Compliance Officer.

The district shall be responsible for providing training for students and employees regarding all aspects of unlawful harassment. Each staff member shall be responsible for maintaining an educational environment free from all forms of unlawful harassment.

Each student shall be responsible for respecting the rights of their fellow students and district employees and for ensuring an atmosphere free from all forms of unlawful harassment.

The building principal or designee shall be responsible for completing the following duties when receiving a complaint of unlawful harassment:

- Inform the student or third party of the right to file a complaint and the complaint procedure.
- Inform the complainant that s/he may be accompanied by a parent/guardian during all steps of the complaint procedure.
- Notify the complainant and the accused of the progress at appropriate stages of the procedure.
- Refer the complainant to the Compliance Officer if the building principal is the subject of the complaint.

Complaint Procedure – Student/Third Party

Step 1 – Reporting

A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal.

If the building principal is the subject of a complaint, the student, third party, or employee shall report the incident directly to the Compliance Officer.

The complainant or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

Step 2 – Investigation

Upon receiving a complaint of unlawful harassment, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

Step 3 – Investigative Report

The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.

The findings of the investigation shall be provided to the complainant, the accused, and the Compliance Officer.

Step 4 – District Action

If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.

Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and district procedures, applicable collective bargaining agreements, and state and federal laws.

If it is concluded that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

Appeal Procedure

- If the complainant is not satisfied with a finding of no violation of the policy or with the corrective action recommended in the investigative report, s/he may submit a written appeal to the Compliance Officer within fifteen (15) days.
- The Compliance Officer shall review the investigation and the investigative report and may also conduct a reasonable investigation.
- The Compliance Officer shall prepare a written response to the appeal within fifteen (15) days. Copies of the response shall be provided to the complainant, the accused, and the building principal who conducted the initial investigation.

VAPE DETECTION SYSTEM

To help maintain a safe, healthy, and drug-free learning environment, Muhlenberg High School has vape detection sensors installed in all student restrooms. When a sensor detects the presence of vapor an alert is activated, school administrators are immediately notified and will investigate the incident.

Students who are present in the restroom at or around the time an alert is triggered may be subject to the school's established search procedures in accordance with Board policy and applicable law. Any student who refuses to comply with a lawful search conducted by school administration will be considered Failure to Follow School Policy. In such cases, a parent/guardian will be contacted and required to pick up the student from school, and additional disciplinary consequences may be imposed by administration.

If a vaping device is found in a student's possession or the student is determined to have used a vaping device, disciplinary consequences will be addressed as either **Level II** or **Level IV** offenses, depending on the nature and severity of the incident, including but not limited to the type of device, the substance involved, and the specific circumstances of the violation.

VISITORS

Visitors are distracting to the educational process. Therefore, your cooperation in showing the visitors our building and its facilities outside of school hours is appreciated. Recognizing that there are certain situations in which visitors should be permitted, arrangements should be made with the Administrator before the visitor arrives so that a proper pass can be issued and the visitor welcomed to Muhlenberg High School. Normally, such permission to have visitors will be restricted to one-half day.

WITHDRAWING FROM SCHOOL

If you plan to withdraw from Muhlenberg High School for any reason, you should initiate the process with your school counselor.

- No children under 14 years may be employed
- No children between 14 and 18 years may be employed when schools are in session.
- No person who is under 16 years old may work in a manufacturing plant.

WEAPONS DETECTORS

MSD Board Policy 218.1

Beginning with the 2026–2027 school year, Muhlenberg High School will utilize weapons detection systems at designated entrances to help maintain a safe and secure learning environment. Weapons detectors may be used at the bus entrance, parent drop-off entrance, main entrance, and other designated points of entry as needed.

Purpose: The purpose of the weapons detection system is to help ensure that all items brought into the building, whether carried on a person or in a backpack, bag, or other personal belongings, are safe and comply with school board policy and school safety procedures.

Procedure: Upon arrival, students will enter through their designated entrance and proceed through the weapons detection system under the supervision of school staff.

- Students will be asked to hand their Chromebook, cell phone, and any other electronic devices to a staff member before walking through the detector, as these items may trigger the system.
- Students should keep their backpack and coat with them unless directed otherwise by school staff.
- Once a student has successfully passed through the detector, their electronic devices will be returned, and they may proceed to class.
- If the system identifies an item requiring additional screening, staff will follow established safety procedures before permitting entry into the building.

Weapons detection procedures are supervised daily by school administrators and trained staff. Students are expected to follow all staff directions promptly and respectfully. Failure to comply with weapons detection procedures or staff directives may result in **Level II disciplinary action for Failure to Follow Policy**, in addition to any other disciplinary consequences that may be appropriate.

FREQUENTLY ASKED QUESTIONS

1. What is the AEDY program?

AEDY is a state-approved educational program that provides academic instruction and behavioral support for students who need a temporary placement outside of their regular school setting. The goal is to help students successfully return to their home school. (See pages 5–6)

2. Why was AEDY recommended?

AEDY is used as a last resort when serious or repeated behaviors interfere with safety, learning, or school operations. Behaviors involving weapons, controlled substances or serious bodily injury result in an immediate unilateral AEDY placement. (See pages 6–8)

3. Is AEDY the same as expulsion?

No. Students in AEDY attend school daily, receive instruction from certified teachers, earn academic credit, and participate in counseling and behavior support. (See pages 5–6, 19–20)

4. Can a student attend virtual, cyber, or charter school instead of AEDY?

Enrollment in a virtual, cyber, or charter school will not automatically replace or prevent an AEDY placement decision made in accordance with PDE regulations and District procedures. (See page 21)

5. What if the student has an IEP or receives special education services?

Students with disabilities continue to receive a Free and Appropriate Public Education (FAPE) while enrolled in AEDY. All special education requirements and protections remain in place. (See pages 9–10)

6. How long does an AEDY placement last?

Placements are reviewed every 45 school days through a Formal Periodic Review (FPR). If goals are met, a transition back to regular school is planned. (See pages 14–16). Placements as a result of weapons, controlled substances or serious bodily injury, will result in a 45 day placement.

7. Will the student continue earning academic credits?

[Table of Contents](#)

Yes. Students receive instruction in core academic subjects and earn credits through online Edgenuity courses that transfer back to their home school. (See pages 19–20)

8. What kind of behavioral support is provided?

AEDY uses counseling and a structured behavior framework (TALID) to help students develop positive habits, accountability, and self-management skills. (See pages 14–15, 21)

9. Can students participate in extracurricular activities while in AEDY?

No. AEDY is a full-time placement. During the assignment, students do not participate in athletics, Career and Technical Center (CTC) programs, internships, work-based learning, or extracurricular activities. Additionally, students are not permitted on school grounds during their placement in AEDY. (See page 21)

10. Is transportation provided?

Yes. The District provides transportation to and from the AEDY program. Families will receive transportation details prior to the student's first day. (See page 22)

11. What happens after a student completes AEDY?

Students return to their regular school with a transition plan designed to support continued success. (See pages 16–18)

12. Who should be contacted with questions or concerns?

Questions should be first directed to the AEDY staff. If concerns are not resolved, families may contact the Supervisor of AEDY or Director of Pupil Services or follow the formal complaint process. (See pages 4, 17–19)

13. Who should be contacted with questions or concerns?

If a student has another serious incident while enrolled in AEDY, the incident will be addressed separately and reviewed through the Formal Periodic Review process. A new incident does not automatically restart AEDY placement; instead, the District will review the student's progress and determine whether continued placement or transition is appropriate based on documented data and required procedures.

DEFINITIONS

Alternative Education for Disruptive Youth (AEDY) Program

A program approved by the Pennsylvania Department of Education (PDE) that is designed to provide a temporary placement for disruptive students in grades 6 through 12. Students placed in an AEDY Program continue to make academic progress towards graduation and work to remedy disruptive behavior through counseling and other behavioral interventions. AEDY placements are used only as a last resort, after all other behavioral interventions have failed to remedy the student's disruptive behavior(s). (PDE website)

AEDY LEA In-house Program

A PDE-approved AEDY Program operated by an LEA or LEAs (including vocational/technical schools, charter schools or intermediate units) designed to provide a sound educational course of study and counseling for disruptive students who are removed from the regular education setting. (PDE website)

6. *Misconduct that would merit suspension or expulsion under school policy. (PDE website)*

Formal Periodic Review

AEDY LEA In-house and Private Provider Programs are required to conduct formal periodic reviews of every student placed in an AEDY Program. This review must occur, at a minimum, prior to the Presumptive Exit Date that the student is in the AEDY Program. The purpose of this review is to determine whether the student is ready to transition back to the regular education setting. (24 P.S. § 19-1901-C)(1)). (PDE website)

Presumptive Exit Date

PDE has established a 45-day presumptive exit date to ensure that students do not remain in placement beyond 45 days without a review of progress and a deliberate decision for continuation in the program. Students meeting behavioral goals should transition back to the regular education setting, and students not meeting behavioral goals may remain in the AEDY Program with their progress reviewed prior to the second Presumptive Exit Date. (PDE website)

Weapon

"Weapon" is defined by the Crimes Code at 18 Pa.C.S. § 912 (relating to possession of weapon on school property). (PDE website)

3. A student causes serious bodily injury to a staff member

Students with IEPs can receive a 45-day unilateral placement providing:

1. The behavior is NOT a manifestation of their disability
- Or —
1. The behavior IS determined to be a manifestation of their disability, AND
 2. The parent agrees to AEDY placement

INFORMAL HEARINGS

(PDE website) Before a student is placed in an AEDY Program, the student must be provided with an informal hearing in accordance with the 22 Pa. Code § 12.8(c). The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being disciplined and to determine whether or not the student should be disciplined.

The following requirements must be observed and documented through the AEDY Student Referral Process and must be available for review during site visits conducted by the PDE AEDY Team:

The exception is generally discouraged and should be limited only to the most serious, ongoing infractions*

PROGRAM REQUIREMENTS

Program Approval and Reporting

Our Alternative Education for Disruptive Youth (AEDY) Program is officially approved by the Pennsylvania Department of Education. Each year, we share a report with the state about how the program is running, including information on how students are doing and how the program is helping them reach their goals. This helps make sure our program stays up to date, meets state standards, and continues to provide the support you need to succeed.

(PDE) Days and Annual Hours of Operation

(PDE website) AEDY Programs must operate five days per week, at least 180 school days per year, and provide a minimum of 990 hours of instruction per year or 27.5 hours per week. Program applications that do not satisfy the following requirements will not be accepted by the online system. In the event a program cannot meet the requirements, you must contact the AEDY Office.

The required 990 hours must include at least:

- *20 hours of academic instruction including:*
 - *Math*
 - *Science*
 - *Social studies*
 - *English/Language Arts*
 - *Health or Life Skills*
- *2.5 hours of counseling.*
- *Electives*
- *Note: Electives must be offered within the AEDY Program.*
- *Implementation of an evidence-based behavior modification program.*

PDE recommends that AEDY Programs maintain the same schedule and hours of operation as the regular education setting. By aligning AEDY Program and LEA hours, AEDY students are able to transition back to the regular education setting in an efficient manner.

(MSD) Days and Annual Hours of Operation

- *Start time is 8:00 AM*
 - *Breakfast is 8:00 AM. Breakfast will not be served after 8:15 AM.*
 - *Lunch 11:00-11:30 AM*

- No outside food or drink permitted unless permission and approved by a doctor's note.
- Dismissal time is 2:20 PM
- Students will work on the program's daily progress rate. They will be working on online courses in curricular areas that match up with the curriculum of the Muhlenberg School District. Students will work on their behavior goals with AEDY team members.

(MSD) Sample Daily Schedule

8:00 AM - Arrival and Breakfast

8:20 AM - Edgenuity

11:00 AM - Lunch

11:30 AM - Edgenuity

1:00 PM - Guidance Counseling

1:30 PM - Edgenuity

2:20 PM - Dismissal

Counseling

*AEDY Programs must provide at least 2.5 hours per week of counseling for every student.
Counseling may be delivered in individual or group sessions.*

1. *The purpose of counseling is to remediate the behavior(s) that caused the placement in the AEDY Program and to help the student to transition back to the regular setting.*
2. *The 2.5 hours of counseling per week must be provided in addition to the required hours of academic instruction. It is recommended that the 2.5 hours of weekly counseling take place in a small group or individual format.*
3. *AEDY LEA In-house Programs and AEDY Private Provider Programs are responsible for maintaining an up-to-date counseling record. The counseling record should include, at a minimum, student attendance, group topics, name of the counselor leading the group, the date, and the start and stop times of the group session.*
4. *As of July 1, 2019, individuals delivering counseling services must hold one of the following credentials and should have experience in providing services to students in the appropriate age range: certified school counselor, certified school psychologist, certified school social worker, certified drug and alcohol counselor (as appropriate), licensed social worker, licensed clinical social worker, licensed professional counselor, certified/licensed therapist, licensed psychologist or psychiatrist.*

Behavioral Assessment

(PDE website) AEDY Programs are required to assess each student at the time of placement and at the end of each 45-day period following placement. The behavioral assessment must be completed within the first five school days of attendance in the AEDY Program. Behavioral assessment tools are used to not only identify areas in which the student is experiencing difficulties and set goals, but also to measure and document student success towards behavioral goal attainment. If the sending LEA of a student with a disability has recently (within 60 days) completed an FBA, it should be used in conjunction with the behavioral assessment.

AEDY Programs are required to administer a behavioral assessment upon entry of each student into the AEDY Program. Information gathered through this assessment, in addition to the student's reason for placement and other input, must be used to develop the student's behavioral goals. This assessment may be used to measure and document student success towards behavioral goals.

(MSD) Behavior Assessment

The Muhlenberg AEDY program uses the TALID point system to document and collect behavioral data. Students earn points based on:

- T - Task - Staying on task
- A - Area - Staying in assigned area
- L - Language - Using respectful, appropriate language
- I - Interaction - Maintaining positive, respectful interactions with others
- D - Direction - Following directions

45 Day Formal Period Review Meeting

1. *If behavioral goals have been met, an FPR meeting must be conducted within one week, regardless of the timing associated with the end of the semester. During the FPR meeting, an exit/transition plan must be created to return the student to the regular education setting (See "Formal Periodic Review" below for additional information about this process.).*
2. *If behavioral goals have not been met, the LEA must justify continued placement in the AEDY Program, thereby triggering a new 45-day Presumptive Exit Date.*

Prior to the 45th day of a student's Presumptive Exit Date, the LEA must consult with the AEDY Program working with the student to review the student's progress toward meeting behavioral goals.

1. *The ultimate goal of AEDY Programs is to assist students in addressing disruptive behaviors so they may successfully return to the regular education setting. Students'*

readiness to return to the regular education setting is determined by their ability to meet behavioral goals. All AEDY Programs must have a formal documented process for periodic review and evaluation of each student's behavioral goals. The purpose of a formal periodic review is to determine the readiness for return to the regular classroom setting.

- 2. The review team should consist of the AEDY Program's administrators, teachers, counselors, parent(s), students and a representative from the sending LEA's school administration. In addition, the parent or student may invite other(s) to take part in this process.*
- 3. The FPR must include an evaluation of the student's behavioral progress and may include a review of the student's academics and attendance in the AEDY Program. As mentioned above, students' readiness to return to the regular education setting is determined by their ability to meet behavioral goals. A student cannot remain in placement for lack of academic progress or lack of attendance. If a student has met behavioral goals, the FPR is developed to support and facilitate return to the regular education setting. Each student's behavior, academic, attendance, and/or other needs should be considered when developing an appropriate exit plan. If a student has not met behavioral goals, the FPR must justify continued placement in the AEDY Program, thereby beginning a new 45-day Presumptive Exit Date.*
- 4. All AEDY Programs are required to document and maintain all information discussed at the FPR meeting. The AEDY Program must develop and implement FPR that documents: the student demographic information, the date and time of review, names and signatures of all in attendance at the review, behavioral assessment information, previous data collection, current interventions, behavioral goals/progress related to the results of the behavior of concern and the behavioral assessment, current student academic progress and attendance, and if appropriate the exit plan. The FPR must be uploaded to the reporting system and a copy located in each student's file. If it is determined that the student will no longer remain in placement, the AEDY Program will use the FPR to document the student's exit plan. It is recommended that the review include input from the LEA, AEDY Program staff, parent(s)/guardian(s), and student.*

45 Day Formal Periodic Review Exit Document

(PDE website) AEDY Programs must develop individualized measurable behavior goals that evidence positive behavioral interventions and approach for each student that is based on the results of the student's behavioral assessment, the reason(s) for placement in the AEDY

Program, and any supporting documentation from the LEA, in order to address the behavior(s) that prompted placement into the AEDY Program.

The FPR should reflect best-practice and utilize motivation and reinforcement. Components of evidenced based positive behavior supports include:

- *Antecedent (prevention) Strategies: Outline strategies to assist in preventing the behavior of concern from occurring and to increase the occurrence of the replacement behavior. This may include a description of environmental adjustments, or adjustments to type of content or instruction presented to the student.*
- *Replacement Behavior: Identify the behavior that will be taught to the student as a replacement to the behavior of concern. The replacement behavior should efficiently achieve the same function as the behavior of concern. Include the plan for instruction including prompts, and systematic adjustment of behavior requirements over time (based on data).*
- *Consequences (reinforcement) for when the student performs the replacement behavior: Describe specific procedures for providing reinforcement when the student performs the replacement behavior, so that the replacement behavior will be effective and efficient for the student in achieving the same function. Reinforcement should increase the likelihood that the student will continue or increase the replacement behavior. Also, include a plan for systematically thinning the reinforcement schedule over time (based on data).*

Each student must have an FPR that has clear and measurable goals. The intent of the document is to address the function of the disruptive behavior, thereby preparing students to return to the regular education setting. The AEDY Program must review the FPR with the parent and student in order to afford them the opportunity to provide input. The FPR must have signature lines for all of those providing input into the document.

The Exit team must set clear exit criteria with measurable behavioral goals within five school days of placement. The goals should be reasonably achievable by the presumptive exit date and clearly communicated to all staff who have contact with the student. Exit criteria may only address the behavior that resulted in placement.

Transitions

All students in AEDY are afforded the opportunity to transition back to regular school that is tailored to their needs. Transition periods can serve from a couple of days to a couple of weeks.

- Students with IEPs must complete their transition BEFORE or ON the 45th day of AEDY placement. All students with IEPs must begin regular school, in full, the school day after the 45th day of AEDY placement.
- Students without IEPs who demonstrate progress toward behavioral goals may begin transition planning prior to the 45-day review process when determined appropriate by the AEDY team. Transition supports are individualized and designed to support successful reintegration into the regular school setting.

Post-AEDY Behaviors

Upon successful completion of the AEDY assignment and transition, all students will return to the regular school setting. Any students demonstrating subsequent behaviors in regular school, will follow these guidelines:

Level II Behaviors (Policy 218 AR)

- First offense - School-issued consequence; Parent meeting
- Second offense - School-issued consequence; Parent meeting; Optional AEDY placement
- Third offense - School-issued consequence; Parent meeting; AEDY placement

Level III and IV Behaviors (Policy 218 AR)

- First offense - School-issued consequence; Parent meeting; Optional AEDY placement
- Second offense - School-issued consequence; Parent meeting; AEDY placement

Equity and Compliance Monitoring

The Muhlenberg School District is committed to ensuring equitable access to education for all students. In accordance with Pennsylvania Department of Education (PDE) requirements, the District monitors AEDY placements for any disproportionality based on race, ethnicity, or disability status. Placement decisions are made solely on documented behaviors that meet AEDY eligibility criteria, and all data is reviewed regularly to ensure compliance with state and federal civil rights laws.

Complaint Process

Parents/guardians and students have the right to raise concerns about any aspect of the AEDY Program. Concerns should first be directed in writing to the AEDY Program Supervisor for review and resolution. If the concern is not resolved at the program level, it may be appealed to the Director of Pupil Services for further review.

If a parent/guardian or student believes that the AEDY Program is not meeting Pennsylvania Department of Education (PDE) requirements, they have the right to file a formal complaint

directly with PDE. Complaints to PDE must be submitted in writing and should clearly state the nature of the concern, any steps already taken at the local level, and the requested resolution. PDE will review the complaint in accordance with state policy and respond accordingly.

If you believe a PDE requirement has not been met, you may file a formal complaint with the Pennsylvania Department of Education:

MUHLENBERG AEDY PROGRAM

Education

The entire academic core curriculum classes at Muhlenberg AEDY is supervised and supported by PA certified teachers. Students will receive instruction in their four core academic classes: math, English, social studies, and science. Students will be placed in course work in these four core areas that will allow them to earn credits toward their high school diploma. Students may also receive instruction in living skills, social skills, physical education, and electives. Teachers can provide direct instruction, computer aided instruction, small group instruction, and some students will utilize a self paced curriculum.

Students within the Muhlenberg AEDY program will utilize the Edgenuity online learning program. The Edgenuity program can be used for a self paced curriculum, credit recovery, and/or preparation for the PSSA/Keystones. The major educational emphasis of Muhlenberg AEDY program is to provide all students with a sound educational course of study that will allow them to make normal academic progress toward graduation.

Special Education Services are provided by PA certified Special Education teachers who ensure compliance with all PA Special Education Regulations. Individual Educational Plans will be developed in conjunction with the AEDY referral and into the Transition Plan. The Transition Plan will be used to reintegrate youth back into regular school.

Grades

Academic progress is monitored throughout AEDY placement and supports student success; however, continuation of placement is based upon progress toward behavioral goals related to the reason for placement.

Behavioral Support Framework

The Muhlenberg AEDY Program incorporates evidence-based practices to support student growth and success. These include elements of School-Wide Positive Behavioral Interventions and Supports (SWPBIS), small student–staff ratios to allow for individualized attention, structured transition teams to assist students in returning to their regular school environment, and mentoring opportunities to provide ongoing guidance. These strategies are designed to promote positive behavior, build strong relationships, and help students develop skills for long-term success.

Point System

The Muhlenberg AEDY program uses a five point system that is used to determine privileges and eligibility for special activities. It is also used for progress monitoring purposes. A teacher evaluates every student several times per day. The measurable criteria for the point system are as follows: TALID:

T-Task - Staying on Task. The student remains focused on the assigned work or activity without unnecessary distractions.

A-Area - Staying in Assigned Area. The student stays in the designated classroom or workspace unless given permission to move.

L-Language - Using respectful, appropriate language. The student speaks politely to peers and staff, avoiding profanity, insults, or inappropriate comments.

I-Interaction - Maintaining positive, respectful interactions. The student cooperates, works well with others, and treats everyone with respect.

D-Direction - Following directions. The student listens to and follows staff instructions the first time they are given.

Purpose

TALID is both a data collection tool and a behavior coaching framework. Staff record points based on these five areas twice daily (AM and PM). Points are used for:

- Monitoring progress toward behavioral goal
- Determining readiness for transition back to the regular school setting
- Awarding privileges or incentives through the program's Positive Behavior Intervention System (PBIS)

Attendance Policy

Students are expected to attend AEDY daily unless properly excused. Attendance concerns may be addressed through school discipline procedures, truancy processes, counseling supports, or transition planning. Continuation of AEDY placement, however, is based upon progress toward behavioral goals related to the reason for placement.

Attendance and Placement Requirements

Students who are referred to the Alternative Education for Disruptive Youth (AEDY) program are expected to attend the AEDY program as assigned. Virtual, cyber, or charter school enrollment is not available as an alternative to an AEDY placement.

AEDY placements are full-time placements for the duration of the assignment. While enrolled in AEDY, students cannot participate in athletics, Career and Technical Center (CTC) programs, internships, work-based learning, or other extracurricular or outside programs. The AEDY program is designed to provide focused academic and behavioral support to help students successfully transition back to their regular school setting.

Transportation

To support student success, Muhlenberg School District provides transportation to and from the AEDY Program for all enrolled students, regardless of residence within the District.

Transportation is considered part of the student's behavioral and transition support structure and helps ensure consistent access to academic instruction, counseling, and other program supports. Transportation arrangements are coordinated through the District's Transportation Department, and schedules are designed to align with AEDY start and dismissal times.

Parents/guardians will be notified of pick-up and drop-off times prior to the student's first day in the program. Students are expected to be ready at the scheduled pick-up time to ensure timely arrival to the program.

Rules and Procedures

All rules of Muhlenberg School District and Muhlenberg High School must be followed, in addition to:

1. Cell phones, personal devices and all peripherals (e.g. earbuds, etc.) are not permitted during Alternative Education without the explicit permission of the teacher.
 - a. Cell phones brought to Alternative Education must be turned OFF and relinquished to the teacher upon entry. Cell phones will remain OFF during the school day and returned to the student at dismissal.
2. No Head Coverings
 - a. Head coverings are prohibited unless required for religious, cultural, medical, or approved educational purposes.

Searches of Students and Possessions/Lockers (Pending)

To maintain a safe and orderly learning environment, Muhlenberg School District reserves the right to conduct searches of a student's person, belongings, and personal property brought onto

school grounds or into the AEDY program when there is reasonable suspicion that a school rule or law has been violated. In addition, unannounced, routine, or periodic searches of student possessions may occur as part of the AEDY program's ongoing safety procedures.

When a student is placed in AEDY due to the possession of a weapon or unlawful item or substance, increased monitoring and more frequent searches of student possessions may occur to promote safety, accountability, and successful completion of the program. All searches will be conducted in accordance with Muhlenberg School District Board Policy and applicable state and federal law.

DEFINITIONS

Alternative Education for Disruptive Youth (AEDY) Program

A program approved by the Pennsylvania Department of Education (PDE) that is designed to provide a temporary placement for disruptive students in grades 6 through 12. Students placed in an AEDY Program continue to make academic progress towards graduation and work to remedy disruptive behavior through counseling and other behavioral interventions. AEDY placements are used only as a last resort, after all other behavioral interventions have failed to remedy the student's disruptive behavior(s). (PDE website)

AEDY LEA In-house Program

A PDE-approved AEDY Program operated by an LEA or LEAs (including vocational/technical schools, charter schools or intermediate units) designed to provide a sound educational course of study and counseling for disruptive students who are removed from the regular education setting. (PDE website)

Controlled substance

A drug or other substances as defined in the Controlled Substance, Drug, Device and Cosmetic Act (35 P.S. §780-104) or as identified under schedules I, II, III, IV or V of the Controlled Substances Act (21 U.S.C. § 812(c)). (PDE website)

Disruptive Student

As defined by the Public School Code (24 P.S. § 19-1901-C(5)), a student in grades 6 through 12:

- *who poses a clear threat to the safety and welfare of other students or the school staff; or*
- *who creates an unsafe school environment; or*
- *whose behavior materially interferes with the learning of other students or disrupts the overall educational process.*

Additionally, the student must exhibit to a marked degree any or all of the following conditions:

1. *Disregard for school authority, including persistent violation of school policy and rules.*
2. *Display or use of controlled substances on school property or during school-affiliated activities.*

3. *Violent or threatening behavior on school property or during school-affiliated activities.*
4. *Possession of a weapon on school property, as defined by the Crimes Code at 18 Pa.C.S. § 912 (relating to possession of weapon on school property).*
5. *Commission of a criminal act on school property or during school-affiliated activities.*
6. *Misconduct that would merit suspension or expulsion under school policy. (PDE website)*

Formal Periodic Review

AEDY LEA In-house and Private Provider Programs are required to conduct formal periodic reviews of every student placed in an AEDY Program. This review must occur, at a minimum, prior to the Presumptive Exit Date that the student is in the AEDY Program. The purpose of this review is to determine whether the student is ready to transition back to the regular education setting. (24 P.S. § 19-1901-C)(1)). (PDE website)

Presumptive Exit Date

PDE has established a 45-day presumptive exit date to ensure that students do not remain in placement beyond 45 days without a review of progress and a deliberate decision for continuation in the program. Students meeting behavioral goals should transition back to the regular education setting, and students not meeting behavioral goals may remain in the AEDY Program with their progress reviewed prior to the second Presumptive Exit Date. (PDE website)

[Dangerous] Weapon

"Weapon" is defined by the Crimes Code at 18 Pa.C.S. § 912 (relating to possession of weapon on school property). (PDE website)

When local policy and other resources fail to help define what a "dangerous weapon" is, the definition below is the final say for PDE AEDY:

"(2) The term "dangerous weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2½ inches in length."

This definition comes from the federal level 18 USC 930:

<https://uscode.house.gov/view.xhtml?req=granuleid:USC-prelim-title18-section930&num=0&edition=prelim>

REFERRAL CRITERIA

24 P.S. § 19-1902-C(5) provides that an AEDY Program may only be used when all other established methods of intervention and/or discipline have been exhausted. Further, students placed in AEDY are limited only to those students who:

- *Pose a clear threat to the safety and welfare of other students or the school staff; or*
- *Create an unsafe school environment; or*
- *Whose behavior materially interferes with the learning of other students or disrupts the overall educational process.*

AND

- *Exhibit to a marked degree any or all of the following six criteria for placement:*
- *Disregard for school authority, including persistent violation of school policy and rules.*
- *Display or use of controlled substances on school property or during school-affiliated activities.*
- *Violent or threatening behavior on school property or during school-affiliated activities.*
- *Possession of a weapon on school property, as defined by the Crimes Code at 18 Pa.C.S. § 912 (relating to possession of weapon on school property).*
- *Commission of a criminal act on school property or during school-affiliated activities.*
- *Misconduct that would merit suspension or expulsion under school policy.*

AEDY Referral Packet – Required Documentation

Prior to scheduling an AEDY Intake Meeting, the referring school administrator must submit a complete AEDY Referral Packet. Referrals will not move forward until all required documentation is received and reviewed.

The AEDY Referral Packet must include the following:

- Student Name and Identifying Information Bio Sheet from IC
- Informal Hearing Signature Page with Date and Time of Both the Meeting and Parent Contact
- Student Behavior / Incident Documentation leading to AEDY referral

- Past Incident report(s) describing prior Behaviors of the School Year
- AEDY Eligibility Form signed by Supervisor of Special Ed. and/or Principal
- Student Attendance Record including latest SAIP if Habitually Truant
- Student Academic Report (Most Current)
- Transcript (if applicable)

All referral documentation must demonstrate that less restrictive interventions were attempted and documented prior to referral, in accordance with 24 P.S. § 19-1902-C(5).

An isolated behavioral incident, absent evidence of prior interventions, escalation, repeated misconduct, or ongoing disruption, may not independently support AEDY placement. Placement determinations will be individualized and based on the totality of student data, interventions, and safety considerations.

Submission of an AEDY Referral Packet does not constitute approval for placement. Placement decisions remain contingent upon completion of required due-process procedures, review by the AEDY team, and compliance with all applicable PDE regulations.

Unilateral Placements

Muhlenberg School District may utilize a unilateral interim alternative educational placement of up to 45 school days, in accordance with IDEA, PDE regulations, and Board policy, when one or more of the following behaviors occur:

1. A student brings a weapon to school
2. A student possesses, uses or distributes illegal drugs
3. A student causes serious bodily injury to a staff member

*If a student with an IEP is moved to AEDY because they brought a weapon to school, had or used illegal drugs, or seriously injured someone, the law says this type of move can only last up to 45 school days.

- The student **must** return to their regular school by the 45th school day at the latest.
- This deadline **cannot** be extended.
- A new 45-day placement can only happen if there's a **new incident** that meets the same serious criteria.

*If a student's behavior is a manifestation of their disability:

- When behavior is determined to be a manifestation of disability, the IEP team will prioritize review of behavioral supports, placement appropriateness, safety considerations, and transition planning. The District will consider the educational benefit and appropriateness of any proposed placement change, particularly near the conclusion of a school term.

INFORMAL HEARINGS

(PDE website) Before a student is placed in an AEDY Program, the student must be provided with an informal hearing in accordance with the 22 Pa. Code § 12.8(c). The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being disciplined and to determine whether or not the student should be disciplined.

The following requirements must be observed and documented through the AEDY Student Referral Process and must be available for review during site visits conducted by the PDE AEDY Team:

- 1. A student suspended from school for more than (3) days must be afforded their Due Process rights in the form of an informal hearing with school administration, parent/guardian, witnesses, etc. The informal hearing must be conducted within five days of the initial suspension date.*
- 2. Documented notification (Date and time must be recorded) of the specific reasons for the removal from the regular education setting must be provided in writing to the parents or guardians and the student;*
- 3. Sufficient notice of the time and place of the informal hearing must be given;*
- 4. A student has the right to question any witnesses present at the hearing;*
- 5. A student has the right to speak to and produce witnesses on his or her own behalf; and*
- 6. The school entity shall offer to hold the informal hearing prior to placement in the AEDY Program. If the student's presence in the regular education setting poses a continuing danger to persons or property or provides an ongoing disruption of the academic process, immediate placement in the approved AEDY program may occur with the informal hearing to follow. The exception is generally discouraged and should be limited only to the most serious, ongoing infractions*

In rare and documented cases where the student's continued presence in the regular education setting poses an immediate danger to persons or property, the student may be placed in AEDY prior to an informal hearing. Such exceptions will be clearly documented, and the informal hearing will be held at the earliest possible opportunity, in accordance with 22 Pa. Code § 12.8(c).

STUDENTS WITH SUPPORTS

Special Education

(PDE website) AEDY Programs must comply with all applicable federal and state laws and regulations pertaining to the education of students with disabilities, including the Individuals with Disabilities Education Act (IDEA), Section 504, and the American with Disabilities Act. The sending LEA is responsible for ensuring that students with disabilities within AEDY Programs receive a free and appropriate public education (FAPE).

A student may not be removed to an AEDY Program if their behavior is a manifestation of their disability with the exception of the circumstances listed in 34 C.F.R. § 300.530(g) or § 300.532(b)(2)(ii), or when the student's parent and LEA agree to the change in educational placement pursuant to 34 C.F.R. § 300.530(f)(2). For all students eligible under IDEA and Section 504, the LEA must conduct and document a manifestation determination prior to a disciplinary change in educational placement. For circumstances listed in 34 C.F.R. § 300.530(g), the LEA must conduct and document a manifestation determination within 10 days of the decision to change the educational placement. A copy of a recommended Manifestation Determination Worksheet is available on the Pennsylvania Training and Technical Assistance (PaTTAN) website at www.pattan.net Opens In A New Window, keyword "Manifestation Determination Worksheet."

Special Education Records

(PDE website) The following documents must be forwarded to the AEDY Program when a special education student is placed:

- 1. Permission to Evaluate, Permission to Reevaluate or Agreement to Waive Reevaluation – with signatures.*
- 2. Evaluation Report or Reevaluation Report – with evaluator signatures for SLD students and list of evaluators for other disabilities.*
- 3. Invitation to Participate in the Individualized Education Program (IEP) Team Meeting Or Other Meeting – with signatures.*
- 4. Individualized Education Program (IEP) – with signatures.*
- 5. Notice of Recommended Educational Placement (NOREP) – with signatures.*
- 6. Functional Behavior Assessment (FBA), if available.*
- 7. Positive Behavior Support Plan (PBSP), if available.*

8. Manifestation Determination.

ESL

(PDE website) The education of students whose dominant language is not English is the responsibility of the LEA. Regulations require the LEA to provide a program for every student who is an English Learner (EL). 22 Pa. Code § 4.26.

The sending LEA maintains the ultimate responsibility for ensuring that EL students in AEDY Programs receive EL services and education that conforms to federal and state law.

AEDY Programs must comply with all applicable federal and state laws and regulations pertaining to the education of students identified as EL. ELs are entitled to equal access to the general education curriculum via modifications and adaptations to and accommodations for instruction and assessments as well as planned instruction in English language development. Beginning on July 1, 2019, LEAs must certify to PDE in the online application that ELs in AEDY Programs are provided with services in accordance with federal and state laws and regulations.

When an EL is educated in an AEDY Program, he/she must:

- 1. Receive a 45-day Presumptive Exit Date,*
- 2. Receive planned English language development instruction by a certified ESL/Bilingual Education teacher (Program Specialist ESL Certification), and*
- 3. Receive adaptations/modifications in the delivery of content instruction and assessments by all teachers based on the student's language proficiency levels and the Pennsylvania English Language Development Standards (PA ELDS) Framework for ELs as well as the Pennsylvania Academic Standards.*

When an EL is educated in an AEDY Program, the sending LEA must:

- 1. Provide PDE with a copy of their EL Service Plan if the AEDY Program is providing the EL instruction.*
- 2. LEAs are responsible to ensure AEDY Programs have plans that give due consideration to the following requirements and program recommendations.*

3. *Ensure that parents/guardians are provided with translation and interpretation services.*

When an EL is educated in an AEDY Program, the provider must:

1. *Provide PDE with a copy of their individual EL Service Plan if they are providing the EL instruction.*
2. *Ensure that parents/guardians are provided with translation and interpretation services.*
3. *All parent/guardian communications will be provided in the parent's preferred language.*

PROGRAM REQUIREMENTS

(PDE) Days and Annual Hours of Operation

(PDE website) AEDY Programs must operate five days per week, at least 180 school days per year, and provide a minimum of 990 hours of instruction per year or 27.5 hours per week. Program applications that do not satisfy the following requirements will not be accepted by the online system. In the event a program cannot meet the requirements, you must contact the AEDY Office.

The required 990 hours must include at least:

- *20 hours of academic instruction including:*
 - *Math*
 - *Science*
 - *Social studies*
 - *English/Language Arts*
 - *Health or Life Skills*
- *2.5 hours of counseling.*
- *Electives (Effective 2019/20 School Year).*
- *Note: Electives must be offered within the AEDY Program.*
- *Implementation of an evidence-based behavior modification program.*

PDE recommends that AEDY Programs maintain the same schedule and hours of operation as the regular education setting. By aligning AEDY Program and LEA hours, AEDY students are able to transition back to the regular education setting in an efficient manner.

(MSD) Days and Annual Hours of Operation

- **Start time is 8:00 AM**
 - **Breakfast is 8:00 AM. Breakfast will not be served after 8:15 AM.**
 - **Lunch 11:40-12:20 PM**
 - **No outside food or drink permitted unless permission and approved by a doctor's note.**
- **Dismissal time is 2:20 PM**
- **Students will work on the program's daily progress rate. They will be working on online courses in curricular areas that match up with the curriculum of the Muhlenberg School District. Students will work on their behavior goals with AEDY team members.**

(MSD) Sample Daily Schedule

8:00 AM - Arrival and Breakfast
8:20 AM - Edgenuity
11:00 AM - Lunch
11:30 AM - Edgenuity
1:00 PM - Guidance Counseling
1:30 PM - Edgenuity
2:20 PM - Dismissal

Counseling

AEDY Programs must provide at least 2.5 hours per week of counseling for every student. Counseling may be delivered in individual or group sessions.

- 1. The purpose of counseling is to remediate the behavior(s) that caused the placement in the AEDY Program and to help the student to transition back to the regular setting.*
- 2. The 2.5 hours of counseling per week must be provided in addition to the required hours of academic instruction. It is recommended that the 2.5 hours of weekly counseling take place in a small group or individual format.*
- 3. AEDY LEA In-house Programs and AEDY Private Provider Programs are responsible for maintaining an up-to-date counseling record. The counseling record should include, at a minimum, student attendance, group topics, name of the counselor leading the group, the date, and the start and stop times of the group session.*
- 4. As of July 1, 2019, individuals delivering counseling services must hold one of the following credentials and should have experience in providing services to students in the appropriate age range: certified school counselor, certified school psychologist, certified school social worker, certified drug and alcohol counselor (as appropriate), licensed social worker, licensed clinical social worker, licensed professional counselor, certified/licensed therapist, licensed psychologist or psychiatrist.*

Behavioral Assessment

(PDE website) AEDY Programs are required to assess each student at the time of placement and at the end of each 45-day period following placement. The

[Table of Contents](#)

behavioral assessment must be completed within the first five school days of attendance in the AEDY Program. Behavioral assessment tools are used to not only identify areas in which the student is experiencing difficulties and set goals, but also to measure and document student success towards behavioral goal attainment. If the sending LEA of a student with a disability has recently (within 60 days) completed an FBA, it should be used in conjunction with the behavioral assessment.

AEDY Programs are required to administer a behavioral assessment upon entry of each student into the AEDY Program. Information gathered through this assessment, in addition to the student's reason for placement and other input, must be used to develop the student's behavioral goals. This assessment may be used to measure and document student success towards behavioral goals.

Transportation

For the additional support and intervention for their success, transportation is part of a student's behavioral and transition support structure while placed in AEDY. Transportation is assigned regardless of residence. The District may implement individualized transportation expectations, assigned seating, alternative loading/unloading procedures, or transition-related transportation adjustments when necessary to support student safety and successful reintegration.

45 Day Formal Period Review Meeting

- 1. A new behavioral assessment will be conducted at each 45-day review to track progress.*
- 2. If behavioral goals have been met, an FPR meeting must be conducted within one week, regardless of the timing associated with the end of the semester. During the FPR meeting, an exit/transition plan must be created to return the student to the regular education setting (See "Formal Periodic Review" below for additional information about this process.).*
- 3. If behavioral goals have not been met, the LEA must justify continued placement in the AEDY Program, thereby triggering a new 45-day Presumptive Exit Date.*

Prior to the 45th day of a student's Presumptive Exit Date, the LEA must consult with the AEDY Program working with the student to review the student's progress toward meeting behavioral goals.

1. *The ultimate goal of AEDY Programs is to assist students in addressing disruptive behaviors so they may successfully return to the regular education setting. Students' readiness to return to the regular education setting is determined by their ability to meet behavioral goals. All AEDY Programs must have a formal documented process for periodic review and evaluation of each student's behavioral goals. The purpose of a formal periodic review is to determine the readiness for return to the regular classroom setting.*
2. *The review team should consist of the AEDY Program's administrators, teachers, counselors, parent(s), students and a representative from the sending LEA's school administration. In addition, the parent or student may invite other(s) to take part in this process.*
3. *The FPR must include an evaluation of the student's behavioral progress and may include a review of the student's academics and attendance in the AEDY Program. As mentioned above, students' readiness to return to the regular education setting is determined by their ability to meet behavioral goals. A student cannot remain in placement for lack of academic progress or lack of attendance. If a student has met behavioral goals, the FPR is developed to support and facilitate return to the regular education setting. Each student's behavior, academic, attendance, and/or other needs should be considered when developing an appropriate exit plan. If a student has not met behavioral goals, the FPR must justify continued placement in the AEDY Program, thereby beginning a new 45-day Presumptive Exit Date.*
4. *All AEDY Programs are required to document and maintain all information discussed at the FPR meeting. The AEDY Program must develop and implement FPR that documents: the student demographic information, the date and time of review, names and signatures of all in attendance at the review, behavioral assessment information, previous data collection, current interventions, behavioral goals/progress related to the results of the behavior of concern and the behavioral assessment, current student academic progress and attendance, and if appropriate the exit plan. The FPR must be uploaded to the reporting system and a copy located in each student's file. If it is determined that the student will no longer remain in placement, the AEDY Program will use the FPR to document the student's exit plan. It is recommended that the review include input from the LEA, AEDY Program staff, parent(s)/guardian(s), and student.*

45 Day Formal Periodic Review Exit Document

(PDE website) AEDY Programs must develop individualized measurable behavior goals that evidence positive behavioral interventions and approach for each student that is based on the results of the student's behavioral assessment, the reason(s) for placement in the AEDY Program, and any supporting documentation from the LEA, in order to address the behavior(s) that prompted placement into the AEDY Program.

The FPR should reflect best-practice and utilize motivation and reinforcement. Components of evidenced based positive behavior supports include:

- *Antecedent (prevention) Strategies: Outline strategies to assist in preventing the behavior of concern from occurring and to increase the occurrence of the replacement behavior. This may include a description of environmental adjustments, or adjustments to type of content or instruction presented to the student.*
- *Replacement Behavior: Identify the behavior that will be taught to the student as a replacement to the behavior of concern. The replacement behavior should efficiently achieve the same function as the behavior of concern. Include the plan for instruction including prompts, and systematic adjustment of behavior requirements over time (based on data).*
- *Consequences (reinforcement) for when the student performs the replacement behavior: Describe specific procedures for providing reinforcement when the student performs the replacement behavior, so that the replacement behavior will be effective and efficient for the student in achieving the same function. Reinforcement should increase the likelihood that the student will continue or increase the replacement behavior. Also, include a plan for systematically thinning the reinforcement schedule over time (based on data).*

Each student must have an FPR that has clear and measurable goals. The intent of the document is to address the function of the disruptive behavior, thereby preparing students to return to the regular education setting. The AEDY Program must review the FPR with the parent and student in order to afford them the opportunity to provide input. The FPR must have signature lines for all of those providing input into the document.

The Exit team must set clear exit criteria with measurable behavioral goals within five school days of placement. The goals should be reasonably achievable by the presumptive exit date and clearly communicated to all staff who have contact with the student. Exit criteria may only address the behavior that resulted in placement.

Transitions

All students in AEDY are afforded the opportunity to transition back to regular school that is tailored to their needs. Transition periods can serve from a couple of days to a couple of weeks.

The transition team will monitor returning students for at least 45 school days to ensure successful reintegration.

Transition Incentives and Reintegration Supports

As students demonstrate progress toward behavioral goals, the transition team may implement individualized reintegration supports designed to assist successful return to the traditional school setting. These supports may include, but are not limited to:

- Modified schedules
- Participation in traditional school dismissal procedures
- Transportation adjustments
- Gradual reintegration into regular education settings
- Restored participation in approved school activities
- Structured check-in/check-out procedures
- Increased counseling or mentoring supports

All transition supports and incentives must be connected to documented behavioral progress and individualized student needs.

- Students with IEPs must complete their transition BEFORE or ON the 45th day of AEDY placement. All students with IEPs must begin regular school, in full, the school day after the 45th day of AEDY placement.
 - Important for IEP Students: In accordance with 34 C.F.R. § 300.530(g), when a student with an IEP is placed in AEDY due to possession of a weapon, possession or use of illegal drugs, or infliction of serious bodily injury, the placement cannot exceed 45

school days. The student's transition back to the regular education setting must be completed on or before the 45th school day. This deadline is a hard stop and may not be extended for behavioral, academic, or attendance concerns. A new 45-day placement may only occur if there is a new qualifying incident.

- Students without IEPs. All students, regardless of IEP status, who meet their behavioral goals before the 45th day will be considered for an earlier transition back to the regular education setting, in accordance with PDE's presumptive exit guidelines.

End-of-Year Placement Considerations

When reviewing student placement near the conclusion of a marking period, semester, or school year, the District will consider the remaining instructional days, student safety, behavioral progress, manifestation determination outcomes (if applicable), and the educational value of any proposed placement change. Transition-focused supports and reintegration planning may be prioritized when appropriate.

With the exception of expulsion agreements or other legally authorized placements, there is no guarantee that an AEDY placement will automatically continue into the following school year. All students will participate in an IEP meeting and/or Formal Periodic Review (FPR) meeting prior to the conclusion of the school year to determine the most appropriate placement, supports, services, and transition needs for the upcoming school year.

Post-AEDY Behaviors

Re-entry into AEDY following a return to the regular education setting will only occur if (a) the behavior meets PDE's disruptive student criteria, (b) all other interventions have been attempted and documented, and (c) the placement is deemed a last resort.

Level II Behaviors (*Policy 218 AR*)

- First offense - School-issued consequence; Parent meeting
- Second offense - School-issued consequence; Parent meeting; Optional AEDY placement
- Third offense - School-issued consequence; Parent meeting; AEDY placement

Level III and IV Behaviors (*Policy 218 AR*)

- First offense - School-issued consequence; Parent meeting; Optional AEDY placement
- Second offense - School-issued consequence; Parent meeting; AEDY placement

Equity and Oversight

Legal Foundation & Equity Principles

The Muhlenberg School District AEDY Program operates in compliance with all applicable state and federal civil rights laws, including:

- Title VI of the Civil Rights Act of 1964
- Section 504 of the Rehabilitation Act of 1973
- Title II of the Americans with Disabilities Act (ADA)
- Individuals with Disabilities Education Act (IDEA)
- Every Student Succeeds Act (ESSA)

We are committed to ensuring that **no student** is referred to, placed in, or retained in AEDY based on disability, race, color, national origin, English proficiency, gender, religion, sexual orientation, or any other protected category. AEDY placement decisions will be based solely on **documented behavior criteria** outlined in PDE regulations, after all other interventions have been attempted.

Data Collection & Disproportionality Monitoring

- The District will collect, track, and analyze AEDY placement data at least quarterly, including disaggregated data by:
 - Race/ethnicity
 - Disability status
 - English learner status
 - Gender
 - Age/grade level
 - Reason for referral
- This analysis will be compared to district-wide enrollment demographics to identify any disproportionate placement trends.
- If disproportionate patterns are identified, the District will:
 - Investigate the underlying causes.
 - Develop a Corrective Action Plan in collaboration with PDE.
 - Implement targeted professional development for staff on equitable discipline practices and culturally responsive behavioral supports.

Monitoring, Site Visits & Corrective Action

- The District will cooperate fully with PDE’s cyclical monitoring and site visits, which may include document reviews, stakeholder interviews, and observation of AEDY operations.
- PDE and/or PaTTAN staff may request:
 - Student files, including behavioral assessments, counseling records, and progress monitoring data.
 - Documentation of interventions attempted before referral.
 - Special education and EL service plans.
- If PDE identifies compliance concerns, the District will implement a Corrective Action Plan within the timeline set by PDE.
- Persistent non-compliance may result in the revocation of AEDY program approval.

Complaint Resolution Process

Local Level

1. Any student, parent/guardian, or staff member who believes a placement decision or AEDY practice is discriminatory or violates PDE rules should first submit a written complaint to the AEDY Supervisor or Director of Pupil Services.
2. The District will investigate and respond in writing within 10 school days.
3. If the complaint involves an immediate risk to student rights, interim measures will be taken pending resolution.

State Level (PDE)

If the complainant is not satisfied with the local resolution:

- A complaint may be submitted directly to PDE using the **AEDY Complaint Form** available on PDE’s website.
- PDE will review the complaint, request documentation from the District, and issue findings.
- If non-compliance is found, PDE may require immediate corrective action.

Note: This process does not replace other legal remedies available under IDEA, Section 504, or civil rights laws.

Professional Development & Staff Training

- All AEDY staff and referring school staff will receive **annual training** on:
 - Equity in disciplinary decision-making.
 - Culturally responsive and trauma-informed practices.
 - Legal protections for students with disabilities and English learners.
 - PDE AEDY rules and updates.
- Training completion will be documented and retained in the AEDY program records.

Accountability & Transparency

The District will maintain and make available, upon request, an AEDY Equity & Compliance Report summarizing placement data trends, steps taken to address disproportionality, and any PDE findings and resolutions. The District may also publish this report annually on its website.

25. *Solicitation of Agreement.* TLC has not employed any person to solicit this Agreement and have not made and will not make any payment or any agreement for the payment of any commission, percentage, brokerage, contingent fee, or other compensation in connection with the procurement of the Agreement.
26. *Records.* TLC and TLC provided staff will have access to certain student records and that “personally identifiable information” in those records is confidential and may not be disclosed without written consent of the parent or eligible student. TLC and TLC provided staff understand that “personally identifiable information” as defined by the Family Education Rights and Privacy Act, 20 U.S.C. § 1232g, 34 C.F.R. Part 99 (“FERPA”), includes, without limitation, any information about a student maintained by MSD, including any information that can be used to identify a student, such as student’s name, the name of the student’s parent or other family members, the address of the student or the student’s family, the student’s social security number, student number or biometric records, the student’s date or place of birth, the student’s mother’s maiden name, and any other personal information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community who does not have personal knowledge of the relevant circumstances to identify the student with reasonable certainty.

TLC and its agents and employees agree to comply with FERPA. Without limiting the foregoing, TLC, its agents and employees, agree to use the data and documents obtained, collected and created in the course of performing services under this Agreement or the personally identifiable information contained therein for no purpose other than to perform services under this Agreement for the student whose personally identifiable information is at issue. TLC and its agents and employees further agree not to share data or documents received during the course of performing services under this Agreement with any other person or entity. TLC and its agents and employees agree to maintain all data and documents and copies thereof, including any modifications or additions to the data or documents from any source that contains personally identifiable information of students, obtained in the course of performing services under this Agreement in a secure computer environment and not copy, reproduce or transmit data and documents obtained except as necessary to perform services under this Agreement. The ability to access or maintain data and documents shall not under any circumstances transfer from TLC and its agents and employees to any other institution or entity. TLC and its agents and employees agree not to disclose any data or documents obtained during the course of performing services under this Agreement in a manner that could identify an

individual student to any other entity, and will not provide any data to any party ineligible to receive data protected by FERPA or prohibited from receiving data from any entity by virtue of a finding under Section 99.31(a)(6)(iii) of Title 34, Code of Federal Regulations.

TLC and TLC provided staff agree to comply with FERPA. Without limiting the foregoing, TLC and TLC provided staff, agree to use the data and documents obtained, collected and created in the course of performing services under this Agreement or the personally identifiable information contained therein for no purpose other than to perform services under this Agreement for the student whose personally identifiable information is at issue. TLC and TLC provided staff further agree not to share data or documents received during the course of performing services under this Agreement with any other person or entity.

TLC and TLC provided staff agree to maintain all data and documents and copies thereof, including any modifications or additions to the data or documents from any source that contains personally identifiable information of students, obtained in the course of performing services under this Agreement in a secure computer environment and not copy, reproduce or transmit data and documents obtained except as necessary to perform services under this Agreement. The ability to access or maintain data and documents shall not under any circumstances transfer from TLC and TLC provided staff to any other institution or entity. TLC and TLC provided staff agree not to disclose any data or documents obtained during the course of performing services under this Agreement in a manner that could identify an individual student to any other entity, and will not provide any data to any party ineligible to receive data protected by FERPA or prohibited from receiving data from any entity by virtue of a finding under Section 99.31(a)(6)(iii) of Title 34, Code of Federal Regulations.

TLC and TLC provided staff agree to preserve the confidentiality of any and all student records that they view or have access to during the course of performing services under this Agreement into perpetuity. TLC and TLC provided staff will refrain from including personally identifiable information in any form of communication with anyone outside of MSD, whether via email, instant messaging, fax, written correspondence or oral conversation. When conversing with MSD employees or administrators about any students, staff, or schools during my analysis, TLC and TLC provided staff will take all precautions to protect the confidentiality of all personally identifiable information. TLC and TLC provided staff also agree to refrain from including any personally identifiable information obtained in any written report, with the exception of personally identifiable information related to a named-student plaintiff.

TLC and TLC provided staff further agree to destroy all data obtained when it is no longer needed for the purpose for which it was obtained and will not maintain data beyond the time period reasonably needed to perform services under this Agreement. All data and documents no longer needed shall be returned to MSD or destroyed in compliance with 34 CFR Section 99.35(b)(2).

All records created or maintained by TLC in the performance of this Agreement are subject to review by MSD at the request of MSD's Superintendent or assigned designee.

27. TLC certifies to MSD that every TLC agent or employee that will perform services for MSD under this Agreement has current Pennsylvania state and federal criminal history reports. Upon request from MSD, TLC will provide the original criminal history reports to MSD and MSD may retain a copy of the reports pursuant to the Pennsylvania School Code, 24 P.S. §1-111. Such criminal history reports shall be dated no earlier than one year prior to the date upon which they are presented to MSD.
28. TLC certifies to MSD that every TLC agent or employee that will perform services for MSD under this Agreement has a current official child abuse clearance from the Pennsylvania Department of Public Welfare pursuant to the Child Protective Services Act, 23 Pa. C.S. §6355. Upon request from MSD, TLC will provide the original clearances to MSD and MSD may retain a copy of the clearances pursuant to the Pennsylvania

School Code, 24 P.S. §1-111. Such clearances shall be dated no earlier than one year prior to the date upon which they are presented to MSD.

29. As a provider of contracted services, TLC shall notify the Superintendent any time that any of its agents or employees who are performing work on behalf of MSD are either arrested or charged with a criminal offense. Such notice shall be provided in writing on form PDE-6004 and within seventy-two (72) hours of the arrest or conviction.
30. This Agreement may not be modified, altered, or changed except upon express, written consent of both parties, wherein specific reference is made to this Agreement.
31. *Force Majeure.* Neither party shall be liable for any delay or failure to perform its obligations under this Agreement (other than the obligation to pay amounts due for services actually rendered, and other than TLC's obligations relating to confidentiality, FERPA, mandated reporting, insurance, indemnification, and required clearances) to the extent such delay or failure is caused by an event beyond the party's reasonable control, including acts of God, natural disasters, fire, flood, severe weather, war, terrorism, civil unrest, epidemics or pandemics, governmental orders or mandated school closures, strikes (other than involving the affected party's own employees), and failures of utilities or communications networks not caused by the affected party. Lack of funds, financial inability to perform, the affected party's own negligence or breach, and any cause that was reasonably foreseeable as of the Effective Date shall not constitute a force majeure event. The affected party shall give written notice to the other party within five (5) business days after becoming aware of the event, shall use commercially reasonable efforts to mitigate and resume performance, and shall not be entitled to additional compensation on account of the event. MSD shall not be obligated to pay TLC for any services not actually rendered during the period of suspension. If the event continues for more than thirty (30) consecutive days, MSD may terminate this Agreement, in whole or in part, upon written notice, without further liability other than payment for services actually rendered through the effective date of termination.
32. While on any property owned, leased, or controlled by MSD, and at all times while interacting with MSD students, employees, or invitees in connection with the services provided under this Agreement, TLC and all officers, employees, agents, contractors, subcontractors, volunteers, and other individuals provided or supervised by TLC (collectively, "TLC Personnel") shall observe and comply with (i) all policies of the MSD Board of School Directors, as the same may be adopted or amended from time to time, (ii) all administrative regulations, procedures, and protocols of MSD, and (iii) all applicable federal, state, and local laws, including the Pennsylvania Public School Code, FERPA, Title IX, the Pennsylvania Child Protective Services Law, and the background-check and mandated-reporter requirements thereunder. TLC shall be solely responsible for informing and training TLC Personnel regarding these obligations. MSD may, in its sole discretion and upon written notice (which may be by electronic mail), direct the immediate removal of any TLC Personnel from MSD property and from the provision of services under this Agreement, and TLC shall comply with such directive immediately. TLC shall provide qualified replacement personnel at no additional cost within twenty-four (24) hours of such notice. Failure of TLC Personnel to comply with this Section, or failure of TLC to comply with a removal directive, shall constitute a material breach of this Agreement.

IN WITNESS WHEREOF, TLC and MSD have executed this Agreement as of the date first above written.

Mr. Castro reported at their School Safety and Security Committee Meeting they reviewed: Act 44 Annual Safety and Security Report

As required by Act 44, the district completed its annual review of school safety security and remains in compliance with all state requirements. Throughout the 2025-226 school year, Muhlenberg School District continued to strengthen its safety program through emergency preparedness planning, threat assessment teams, School resource Officers, staff training, student support services, security upgrades, and strong partnerships with local first responders. Key improvements included enhanced surveillance systems, updated emergency response procedures, expanded mental health supports, and ongoing safety training for staff. Looking ahead, the district plans to continue upgrading security infrastructure, maintain its SRO program, and implement weapon detection systems at the secondary level and athletic events. Overall, the district's safety and

security program remains strong and focused on providing a safe learning environment for all students and staff.

Questions/Comments/Concerns

Mr. Mengle spoke about he and other board members being given an anonymous letter about an incident that occurred in one school. He talked about the people or person that wrote this, there are a lot of falsehoods for him. He wanted to address Mr Mish, Mr. Cucciuffo, and Dr. Frutrick; there are people that they put trust into to make sure that security is held to the highest standards; these falsehoods only resonate with the public if they are out there and they are disseminated. He advised it is totally untrue and advised this person wrote in the letter about due process and advised the district has due process and this is what the country was founded on, due process. He spoke about it as he read through it, he takes pride in that. Mr. Mengle spoke about how unbelievable it is that someone can write something, but again as a resident he can allow them to do this as one of their freedoms, but to print falsehoods and give it out there. He talked about these people say that the district did not do anything and allowed them to come back to school, but if they read their handout, the students handouts that are produced by this school and principals that do a great job, he wanted to thank them as this does not reflect anything on Mr. Mish or any administration; everyone does a heck of a job. Mr. Mengle could not believe people would write something like this and then not sign it; if they are going to come see him. He spoke about there being policies stating if you fight students are out, but the district has due process. Mr. Mengle talked about how the district cannot violate the law and the attorney will agree. Mr. Mengle talked about the letter given to him from an envelope from the school, in inter-district mail. Mr. Mengle spoke to the principals and the teachers that the board has their backs; the district will go to the full extent of the law and get the students out of the classroom and they are here to support them. He discussed the garbage like this taints everything that they do and they do a good job. Mr Mengle reiterated to the principals, the teacher and the administrative staff that they do a hell of a good job. He talked about understanding them and he does not listen to what is in the letter written but he wanted to address it in public that the board has their back.

- F. Capital Projects Committee - Mr. Andrew Eaton, Sr., Mr. Ronald J. Haas, Sr., and Ms. Susan M. Roeckle

Dr. Futrick reported they had continued conversations on the project at the middle school, some of the summer projects and he asked Mr. Harmes to update on the middle school and in speaking in length about the roadways and parking lots. Mr. Harmes reported the roadways and parking lots, the main road running through the center of the campus is tracking for June 29th. He advised the little parking lot behind the parking garage is going to be paved up June 29th; they are working on the parking lot behind MEC and then additionally the parking lot behind that working on the bus. The high school natatorium is still tracking through the 23rd, essentially on schedule there.

He advised the 5-6 building is really coming along; finishing the flooring, the residence flooring and the bathrooms this work going on there; it's really starting to look like a school. It was confirmed that there will be power in the school soon.

G. Education Programs - Dr. Gangi E. Cucciufo

Resolved, by the Board of School Directors of Muhlenberg School District, that homestead and farmstead exclusion real estate tax assessment reductions are authorized for the school year beginning July 1, 2026, under the provisions of the Homestead Property Exclusion Program Act (part of Act 50 of 1998) and the Taxpayer Relief Act (Act 1 of 2006), as follows:

Aggregate amount available for homestead and farmstead real estate tax reduction. The following amounts are available for homestead and farmstead real estate tax reduction for the school year beginning July 1, 2026:

- a. **Gambling tax funds.** The Pennsylvania Department of Education (PDE) has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.505(b), as a property tax reduction allocation funded by gambling tax funds, the amount of \$2,081,600.92.

- b. **Philadelphia tax credit reimbursement funds.** PDE has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.324(3), as reimbursement for Philadelphia tax credits claimed against the School District earned income tax by School District resident taxpayers, the amount of \$11,314.80.
- c. **Property Tax Reduction Funds.** Funds will be available during the school year for real estate reduction as a result of undistributed funds from the property tax reduction funds received in 2025-2026. These funds will be added to the allocation for this school year in the amount of \$60.11.
- d. **Aggregate amount available.** Adding these amounts, the aggregate amount available during the school year for real estate tax reduction is \$2,092,921.83.

Homestead/farmstead numbers. Pursuant to Act 50, 54 Pa. C.S. § 8584(i), and Act 1, 53 P.S. § 6926.341(g)(3), the County has provided the School District with a certified report listing approved homesteads and farmsteads as follows:

- a. **Homestead property number.** The number of approved homesteads within the School District is 5,063.
- b. **Farmstead property number.** The number of approved farmsteads within the School District is 2.
- c. **Homestead/farmstead combined number.** Adding these numbers, the aggregate number of approved homesteads and farmsteads is 5,065.

Real estate tax reduction calculation. The school board has decided that the homestead exclusion amount and the farmstead exclusion amount shall be equal. Dividing the paragraph 1(d) aggregate amount available during the school year for real estate tax reduction of \$2,092,921.83 by the paragraph 2(c) aggregate number of approved homesteads and farmsteads of 5,065, before considering the assessed value of approved homesteads and approved farmsteads having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead and farmstead exclusion amount, the preliminary calculation of the maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$413.21.

Based on calculations provided by the School District Business Office from the best available information and carefully evaluated by the School Board, considering the assessed value of approved homesteads and approved farmsteads having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead exclusion and the farmstead exclusion amount, an additional aggregate amount of \$2,674.79 will be available during the school year for real estate tax reduction applicable to approximately 5,065 homesteads and farmsteads, resulting in an additional real estate tax reduction amount available for each homestead and farmstead of \$.52.

Adding this additional amount to the preliminary calculation of the maximum real estate tax reduction amount of \$413.21 the final maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$413.73.

Homestead exclusion calculation. Dividing the paragraph 3 maximum real estate tax reduction amount of \$413.72 by the School District real estate tax rate of 40.156 mills (.040156) the maximum real estate assessed value reduction to be reflected on tax notices as a homestead exclusion for each approved homestead is 10,303 and the maximum real estate assessed value reduction to be reflected on tax notices as a farmstead exclusion for each approved farmstead is 10,303.

Homestead/farmstead exclusion authorization. The tax notice issued to the owner of each approved homestead within the School District shall reflect a homestead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the homestead, or (b) the paragraph 4 maximum real estate assessed value reduction of 10,303. The tax notice issued to the owner of each approved farmstead within the School District shall reflect an additional farmstead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the farmstead, or (b) the paragraph 4 maximum real estate assessed value reduction of 10,303. The homestead exclusion and farmstead exclusion real estate assessed value reduction will apply only to tax notices issued based on the initial tax duplicate used in issuing initial real estate tax notices for the school year, which will be issued on or promptly after July 1, and will not apply to interim real estate tax bills.

Superintendent's Comments - Dr. Alan S. Futrick

He knows that the community is aware, the community had a devastating fire this past weekend that impacted a staff member and seven students, five Muhlenberg families and numerous other families. He spoke about when devastating, they have lost everything. and are without a home; on one hand everyone is extremely saddened with what happened to those families; on the other hand he takes a lot of pride in Muhlenberg's response to aiding those families. Everybody sitting here did an outstanding job of pitching in and helping, but a couple people he would like to highlight the social workers here. He asked the social workers to stand up and be recognized, whatever the families needed, they have been helping the families along the way and thanked them for this. He thanked Ms. Liz Laviena, the district parent outreach coordinator, he thinks lived up there helping people as she has reached out to every family, has reached out to every kid, has personally working with the Red Cross, has sent numerous connect-ed messages out on the district's behalf notifying the community, partnered with other community agencies and thanked her for doing those things. Just letting the district's staff, teachers, and community have done a tremendous job all around.

Questions/Comments/Concerns

Mr. Mish advised as of right now as far as any physical items, the Red Cross just can't take anymore. There is an overabundant amount of things that have been donated at this point so they actually shut down the collection of anything. Everyone of the district's families and employees have been placed and are in housing already. In conjunction with the Lions Club, the district is going to try and create a fire relief fund for the district's families monetarily. The district met with the Red Cross the other day to coordinate some efforts and they gave the district some guidance. Hopefully by next week, the district will be able to take monetary collections and help those families.

Mrs. Eagle spoke about students who have helped their classmate by starting a fundraiser and watching these kids come together for their friend just shows what a community is.

Ms. Foulds spoke about her call from the Red Cross and the importance of when doing donations e=be mindful of what donating. The Red Cross informed the district that only 10% of physical items end up being used, because what is being donated is not what is necessarily needed. She spoke about how everybody has such amazing intentions and the community comes together, but Adler Brewery is overflowing with items that now they need to find a home for.

Mr. Castro thanked everyone who was out there helping the families, everyone knows what time of night it happened. He thanked Dr. Futrick immediately notifying all of the board members who were talking to each other and talking to Dr. Futrick, but the social workers and the SROs, the administrators all were on it. He talked about the board and was asking questions about what they can do but he was already on it talking to help the families. So kudos to everyone and thank you for that and kudos to the Muhlenberg community. He spoke about all of what is seen on social media of people attacking each other. Muhlenberg was really Muhlenberg strong, they all came together.

Aggregate amount available for homestead and farmstead real estate tax reduction. The following amounts are available for homestead and farmstead real estate tax reduction for the school year beginning July 1, 2026:

- a. **Gambling tax funds.** The Pennsylvania Department of Education (PDE) has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.505(b), as a property tax reduction allocation funded by gambling tax funds, the amount of \$2,081,600.92.
- b. **Philadelphia tax credit reimbursement funds.** PDE has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.324(3), as reimbursement for Philadelphia tax credits claimed against the School District earned income tax by School District resident taxpayers, the amount of \$11,314.80.
- c. **Property Tax Reduction Funds.** Funds will be available during the school year for real estate reduction as a result of undistributed funds from the property tax reduction funds received in 2025-2026. These funds will be added to the allocation for this school year in the amount of \$60.11.
- d. **Aggregate amount available.** Adding these amounts, the aggregate amount available during the school year for real estate tax reduction is \$2,092,921.83.

Homestead/farmstead numbers. Pursuant to Act 50, 54 Pa. C.S. § 8584(i), and Act 1, 53 P.S. § 6926.341(g)(3), the County has provided the School District with a certified report listing approved homesteads and farmsteads as follows:

- a. **Homestead property number.** The number of approved homesteads within the School District is 5,063.

- b. **Farmstead property number.** The number of approved farmsteads within the School District is 2.
- c. **Homestead/farmstead combined number.** Adding these numbers, the aggregate number of approved homesteads and farmsteads is 5,065.

Real estate tax reduction calculation. The school board has decided that the homestead exclusion amount and the farmstead exclusion amount shall be equal. Dividing the paragraph 1(d) aggregate amount available during the school year for real estate tax reduction of \$2,092,921.83 by the paragraph 2(c) aggregate number of approved homesteads and farmsteads of 5,065, before considering the assessed value of approved homesteads and approved farmsteads having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead and farmstead exclusion amount, the preliminary calculation of the maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$413.21.

Based on calculations provided by the School District Business Office from the best available information and carefully evaluated by the School Board, considering the assessed value of approved homesteads and approved farmsteads having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead exclusion and the farmstead exclusion amount, an additional aggregate amount of \$2,674.79 will be available during the school year for real estate tax reduction applicable to approximately 5,065 homesteads and farmsteads, resulting in an additional real estate tax reduction amount available for each homestead and farmstead of \$.52. Adding this additional amount to the preliminary calculation of the maximum real estate tax reduction amount of \$413.21 the final maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$413.73.

Homestead exclusion calculation. Dividing the paragraph 3 maximum real estate tax reduction amount of \$413.72 by the School District real estate tax rate of 40.156 mills (.040156) the maximum real estate assessed value reduction to be reflected on tax notices as a homestead exclusion for each approved homestead is 10,303 and the maximum real estate assessed value reduction to be reflected on tax notices as a farmstead exclusion for each approved farmstead is 10,303.

Homestead/farmstead exclusion authorization. The tax notice issued to the owner of each approved homestead within the School District shall reflect a homestead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the homestead, or (b) the paragraph 4 maximum real estate assessed value reduction of 10,303. The tax notice issued to the owner of each approved farmstead within the School District shall reflect an additional farmstead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the farmstead, or (b) the paragraph 4 maximum real estate assessed value reduction of 10,303. The homestead exclusion and farmstead exclusion

real estate assessed value reduction will apply only to tax notices issued based on the initial tax duplicate used in issuing initial real estate tax notices for the school year, which will be issued on or promptly after July 1, and will not apply to interim real estate tax bills.

Old Business

Mr. Castro wanted to make a comment to both the Board and the district staff to clarify his stance, since he has been sitting on the Board since December he has witnessed some heated conversations and disputes both here in board meetings and through walk throughs and other meetings between board members and district staff; he is going to say his understanding of the Board and then he is going to ask the Board President, Mrs. Mengle what she thinks of this. He talked about if the Board has any questions with the district, as board members, the Board should be asking Dr. Futrick and Dr. Futrick should be holding the staff accountable. The same as if those heated disputes, that are being disrespectful to board members, are continuing to happen, he is going to be asking Dr. Futrick, how is he holding that staff member accountable, because everyone has roles to play. The voters, the taxpayers, voted for the board to ask those questions so that the board can make decisions about budgets and policies; they did not vote for the board to be their managers. He advised the board is working with Dr. Futrick, they'll present questions to him, that is his impression of the Board. He commented that the board will respect all of the district staff members, but they also expect the same. He does not expect whether here in the board room or walking in a walk-through or visiting a building to witness any more of those heated disputes between a board member and a staff member, because that is very uncomfortable for the rest of the board members, any other staff member, or student who witnesses them. If it does happen, he will be immediately addressing Dr. Futrick and how he is going to handle it.
