In September, when certified teacher costs (or other budget uncertainties) are determined, the program may adjust the indirect cost rate accordingly. For ESU 13 budgeting purposes, the Head Start program will pay a minimum of the restricted indirect cost rate. If there are unobligated funds at the end of the Head Start budget period, the program can pay up to the non-restricted rate as long as the program doesn't exceed the 15% administrative maximum.

NEBRASKA OPEN MEETINGS ACT

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1) (a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

Board Proclamation

WHEREAS mental health includes our emotional, psychological, and social well-being, and it affects how we think, feel, and act. It also impacts how we manage stress, relate to others, and make important life choices; and

WHEREAS mental health is as essential as physical health, supporting our ability to take care of ourselves, our families, and contributing to the development of a healthy workforce and stronger economic opportunities; and

WHEREAS mental health disorders often begin in adolescence, with nearly 20% of children and young people in the United States experiencing a mental, emotional, developmental, or behavioral disorder. It is also estimated that one in five adults live with a mental health condition; and

WHEREAS a lack of mental health awareness can have devastating effects on individuals and society. Suicide continues to be one of the leading causes of death among people aged 10 to 34 in the United States; and

WHEREAS during **Mental Health Awareness Month** and throughout the year, **Educational Service Unit 13** is committed to ending the stigma surrounding mental health, supporting solutions to mental health challenges, and advocating for the well-being of all students, staff, and community members **at ESU**.

NOW, THEREFORE, I, **Mark Sinner**, Board President of **Educational Service Unit 13**, do hereby designate **May 2025** as **Mental Health Awareness Month at Educational Service Unit 13**.

Policy Council Meeting called to order by President, Tiah Alvizar, at 6:05 pm. There were no new member introductions needed. Members reviewed the minutes from the February meeting. **Veronica Gonzales moved to approve the February minutes. Jessica Goodrich seconded the motion. Motion carried by roll call vote.**

Director's Report:

All members received copy of the Director's report. Krystie Hohnstein discussed the report highlighting enrollment and attendance information and disabilities numbers, along with bus evacuation dates, as they were not listed on the report. She shared that the program has received Notice of Award for the next five-year grant period 2026-2030. The 2025-2026 grant year is awarded with 50% funding at this time and the other 50% to come later, which is a common occurrence for grant awards. The program remains funded for 202 Head Start Preschool and 72 Early Head Start children.

Finance Report:

All members received a copy of the Finance Report. Lauren Starke, Fiscal Officer, was not present but the reports were observed by members in attendance. Basic overview was shared by Director, Krystie Hohnstein. The T/TA funds have been fully expensed and over the budgeted amount. It was explained that this is okay and reminded members that T/TA funds can only be used for training and not operating expenses, but that operating funds can also support professional development opportunities. The administrative percentage remains below the maximum allowed of 15%. The one-time funds for mental health programming, credit card and USDA reports were also reviewed. No further discussion. **Madison Koch moved to approve the finance report. Carmen Torres seconded the motion. Motion carried by roll call vote.**

Board Report: Krystie reported that she continues to discuss the RAN incident report with the BOE just as they do with the Policy Council. Dr. Barrett provided information on conferences and updates on current agency events, and data on enrollment trends for local school districts. BJ Peters, Technology Director, announced that he will be retiring from his position at ESU13 at the end of the summer 2025.

Old Business:

Updates on RAN Report/Safety Updates:

Krystie shared the spreadsheet recording all actions that have been taken for improvement as a result of this incident. There have been no changes needed in the policies for the program, but new precautionary plans are now in place to help ensure that another incident is avoided. For example, improvements to the name to face check implemented in classrooms have occurred. The bus staff are also currently using a name to face check during transitions between the bus and classrooms. In addition, signage has been placed around the classrooms

for reminders to complete the checklist and a digital app is being utilized as well. Multiple trainings have happened over the last few months and were offered in a variety of ways and through a variety of formats including additional online trainings for active supervision, and specific training at onboarding and orientation for new employees. The next RAN meeting will be held in April with our team to evaluate revised processes. Partnership classrooms are also being observed and procedures are being noted on active supervision with feedback given as needed. School partnerships are required to provide us with their active supervision policy that is utilized in their locations to re-enforce the compliance with these procedures.

New Business:

Next, transition services were discussed for children aging out of the EHS to preschool program, or transition from preschool to kindergarten. Lastly, Teaching Strategy GOLD Outcomes were shared from Fall to Winter 2024/25 for all age groups including data showing growth in the areas of social-emotional learning, physical, language, cognitive, literacy and math. Information and images of the new space for mental health services were shared. Other options for employees were noted that are offered for support. **Jessica Goodrich moved to approve the mental health written plans. Maria Garcia seconded the motion. Motion carried by roll call vote.**

Safety Written Plan Review and Revision: Krystie Hohnstein, Director, presented the updated safety written plans, with a specific need for approval for updates to the lead testing for paint and water policy. Lead testing is required every two years starting in 2025 (the previous requirement was every 5 years). PPHD will work with our agency, as well as public school partnerships, to complete the testing at all locations where Head Start children are enrolled. **Makenna Sempek moved to approve the safety written plans. Debra Mason seconded the motion. Motion carried by roll call vote.**

Continuation Grant Update: The 5-year grant for the project period 2025-30 has been approved and reported on by Director Krystie Hohnstein.

SERVICES TO SCHOOLS AND CHILDREN

Section 1 Special Education

ESU #13 will abide by all state and federal laws and regulations relating to special education.

A. Free Appropriate Public Education

The Board affirms its position that students with disabilities are entitled to a free appropriate public education in conformance with Nebraska Department of Education Rule 51, **and early intervening services in conformance with Nebraska Department of Education Rule 52**. As and to the extent the services to a special education student are the responsibility of ESU #13, the services are to:

1. be in conformance with the student's Individualized Education Plan (IEP) or Individual Family Service Plan (IFSP);
2. meet the standards that apply to education provided by the school in which the student is enrolled; and
3. provide the student with all of the rights of a child with a disability who is served by the school in which the student is enrolled.

B. Student Records - Rights and Privacy

Student records are to be maintained in conformance with the requirements of the Family Educational Rights and Privacy Act (FERPA), **and NDE Rule 51, and NDE Rule 52**. The Administrator or Administrator's designee shall establish procedures to protect the confidentiality of personally identifiable information at collection, storage, disclosure and destruction stages. This information is considered as confidential and is determined to be the property of the resident school district and will be released only to the resident school district unless otherwise directed in writing by the resident school district or parent.

1. Each school district shall be notified as to the nature and types of student data items that are being collected and maintained in ESU #13 files.
2. ESU #13 shall obtain from schools written permission for ESU #13 to request and release confidential information from other sources.
3. Five years after the special education data is no longer needed to provide educational services, ESU #13 shall return to the school district of residence of the student all data items which have been received or generated by ESU #13.

4. Working files maintained by professional staff members employed by ESU #13 are the sole possession of the maker thereof and are exempt from this policy.

C. Procedural Safeguards

The special education programs and services operated by ESU #13 or provided to schools by contract shall comply with the procedural safeguards specified in NDE Rule 51 and **NDE Rule 52**.

D. Plans and Budgets

Subject to all applicable student privacy and confidentiality requirements, special education plans and budgets for schools served will be available for public viewing.

E. Personnel

All personnel assigned to provide special education and related services to children with disabilities are to be appropriately and adequately prepared to provide special education. The Director of Special Education will develop a comprehensive system of personnel development which shall include:

1. in-service training;
2. procedures to assure that all personnel are properly endorsed and adequately trained; and
3. acquiring and disseminating best educational practices and materials developed for the provision of the services.

SERVICES TO SCHOOLS AND CHILDREN

Section 3 Student Welfare

A. Abuse and Neglect

Everyone has a responsibility to report abuse or neglect. In Nebraska, everyone is a mandatory reporter. This means physicians, medical institutions, nurses, school employees, social workers or any other person who has reasonable cause to believe that a child or vulnerable adult has been subjected to abuse or neglect, or observes such child or vulnerable adult being subjected to conditions or circumstances which reasonably would result in abuse or neglect are required by law to make a report to the Abuse and Neglect Hotline (800-652-1999) and/or Law Enforcement (if an emergency exists). (*Nebraska Revised Statute 28-711*)

Definitions of Child or Vulnerable Adult Abuse and Child or Vulnerable Adult Neglect (Nebraska Department of Health and Human Services):

Physical abuse: Non-accidental physical injury (ranging from minor bruises to severe fractures or death) as a result of punching, beating, kicking, biting, shaking, throwing, stabbing, choking, hitting, burning or otherwise harming a child or vulnerable adult, that is inflicted by a parent, caregiver or other person who has responsibility for the child or vulnerable adult. Such injury is considered abuse regardless of whether the caregiver intended to hurt the child or vulnerable adult.

Physical discipline, such as spanking, is not considered abuse as long as it is reasonable and causes no bodily injury to the child or vulnerable adult. Non-accidental injury that is caused by someone other than a parent, guardian, relative or other caregiver, such as a stranger, is considered a criminal act that is not addressed by child or vulnerable adult protective services.

Neglect: The failure of a parent, guardian or other caregiver to provide for a child or vulnerable adult's basic needs. Neglect may be physical, medical, educational, or emotional.

Domestic Violence: Children or vulnerable adults are exposed to domestic violence and are harmed by the experience and suffer consequences ranging from hyper-vigilance to problem with concentration and emotional regulation.

Abandonment as Neglect: In general, a child or vulnerable adult is considered to be abandoned when the parent's identity or whereabouts are unknown, the child or vulnerable adult has been left alone in circumstances where the child or vulnerable adult suffers serious harm, or the parent has failed to maintain contact with the child or vulnerable adult or provide reasonable support.

Substance Abuse as Abuse or Neglect: Prenatal exposure of a child to harm due to the mother's use

of an illegal drug or other substance; manufacture of methamphetamine in the presence of a child; and selling, distributing or giving illegal drugs or alcohol to a child.

Sexual Abuse: The employment, use, persuasion, inducement, enticement or coercion of any child or vulnerable adult to engage in, or assist any other person to engage in, any sexually explicit conduct or simulation of such conduct for the purpose of producing a visual depiction of such conduct; or the rape, and in cases of caretaker or inter-familial relationships, statutory rape, molestation, prostitution, or other form of sexual exploitation of child or vulnerable adult, or incest with child or vulnerable adult.

Emotional abuse: A behavior that harms a child or vulnerable adult's emotional development or sense of self-worth.

Dependency: Dependency occurs when no child maltreatment has been identified; however, the parent or caregiver is, or will be, unable to care for the child through no fault of the parent or caregiver.

When utilizing the Hot Line, **or on-line reporting system**, the following information may be requested and should be made available:

- address and age of the abused or neglected person;
- address of the person having custody of the abused or neglected person;
- nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect;
- any evidence of previous abuse or neglect including the nature and extent;
- any other information which, in the opinion of the person, may be helpful in establishing the cause of such abuse or neglect, and the identity of the perpetrator or perpetrators.

This **oral** report shall be followed by a written report, utilizing the **ESU #13 Abuse and Neglect Reporting Form**.

The following staff members shall also be informed of the report:

- the employee's immediate supervisor
- the Program Administrator or Program Director in which the student is enrolled
- the appropriate law enforcement agency (in the case of an emergency)

The immediate supervisor, the Program Administrator, or Program Director shall confirm that a report of suspected abuse or neglect has been made to local law enforcement or Child Protection Services.

Confidentiality of the person making the report shall be maintained to the extent practicable. The Program Administrator or Program Director is to establish and implement procedures to ensure such confidentiality.

The Program Administrator or Program Director shall provide employees information as appropriate to ensure that employees fully understand their responsibility under the law and ESU #13 procedures.

B. Corporal Punishment

Use of corporal punishment is prohibited by ESU #13. Corporal punishment for purposes of this policy means the infliction of bodily pain as a penalty for disapproved behavior. This does not include physical contact that is intended to preserve order in schools or to protect persons or property from harm. Any physical force used with students shall be limited to that which is reasonable in relation to the need for self-defense, the defense of others, the defense of one’s property or the defense of another’s property.

Any employee who has been involved in an incident involving the use of physical force with a student shall make an oral report of such circumstances to the Program Administrator or Program Director as soon as is practicable and within twenty-four hours. The Program Administrator or Program Director shall prepare a memorandum of such report and, as deemed appropriate, investigate and report the incident to the appropriate administrator or director of the school in which the student is enrolled. An Abuse and Neglect report shall be made in the event such is warranted.

The Program Administrator or Program Director shall provide employees information as appropriate to ensure that employees fully understand their responsibility to not use corporal punishment and ESU #13’s procedures.

C. Use of Restraints and Seclusion

This policy sets forth the requirements, restrictions and procedures related to the use of physical restraints and seclusions.

1. Definitions

- a. **Physical Restraint.** Physical restraint means one or more persons using a physical hold to restrict a student’s freedom of movement as a response to student behavior. A light touching of a student while conducting a physical escort or a touching to provide instructional assistance is not a physical restraint for purposes of this Guidance.

- b. Seclusion. Seclusion is the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving as a response to student behavior.

Seclusion is distinguishable from an in-school suspension, in which other students or adults may be present. While students are required to remain in the in-school suspension area, the students are not physically prevented from leaving.

2. Physical Restraint

- a. When Physical Restraint May be Used. Physical restraint may be used in the following circumstances:

- 1) to prevent a student from completing an act that would result in injury to the student or others when there is a substantial risk that the student would commit the act;
 - i. A verbal threat by a student does not present a substantial risk that a student would commit an aggressive act unless the student also demonstrates the ability and intent to carry out the threat.
 - ii. Destruction of or damage to property does not present a substantial risk of personal injury unless personal injury would be caused as a result of the destructive act (for example, throwing sharp or heavy objects when others are present, or the person whose property is about to be destroyed is likely to react physically if the person's property were destroyed). (Note: If a student is about to destroy or damage property, the act of grasping the student's arm or leg solely to prevent the striking, throwing or kicking of the item is not prohibited.)
- 2) to move a student to a seclusion room, or to remove a student to another location because the student is creating a substantial disruption to others, in circumstances where the student is unable to be moved or removed without the use of physical restraint; and
- 3) in circumstances where the student's IEP or a Behavioral Plan provides for the use of physical restraint in circumstances other than the foregoing. ~~If it is anticipated that physical restraint may need to be used with a special education student, the IEP team is to discuss and include use of physical restraint in the student's IEP if the IEP team determines use of physical restraint to be appropriate.~~ **Physical restraint procedures are to be utilized as needed and determined by trained professionals.**

(Note: IEPs or Behavioral Plans should not provide for such physical restraint except in those circumstances where the professional staff determines that non-aversive or positive intervention strategies would not be effective.)

b. Physical restraint may not be used:

- 1) when a known medical or psychological condition contraindicates its use; and
- 2) as a form of punishment; and
- 3) **Prone floor holds are prohibited**

c. Conditions. Use of physical restraint shall take into consideration the safety and security of the student.

In determining whether a student who is being physically restrained should be removed from the area where such restraint was initiated, the staff shall consider the potential for injury to the student, the student's privacy interests, and the educational and emotional well-being of other students in the vicinity.

If physical restraint is imposed upon a student whose primary mode of communication is sign language or an augmentative mode, the student shall be permitted to have his or her hands free of restraint for brief periods, **and their communication system available**, unless staff determines that such freedom appears likely to result in harm to the student or others.

d. Timeline. Physical restraint is to be used only as long as necessary to resolve the reason for which it was initiated.

e. Training. Physical restraint shall be applied only by individuals who have received systematic training that includes all the elements described below. An individual who applies physical restraint shall use only techniques in which he or she has received such training within the preceding two (2) years.

Training with respect to physical restraint may be provided either by ESU #13 or by an external entity and shall include, but need not be limited to:

- 1) appropriate procedures for preventing the need for physical restraint, including the de-escalation of problematic behavior, relationship-building, and the use of alternatives to restraint;
- 2) a description and identification of dangerous behaviors on the part of students that may indicate the need for physical restraint and

methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted;

- 3) the simulated experience of administering and receiving a variety of physical restraint techniques, ranging from minimal physical involvement to very controlling interventions;
- 4) instruction regarding the effects of physical restraint on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
- 5) instruction regarding documentation and reporting requirements and investigation of injuries and complaints; and
- 6) demonstration by participants of proficiency in administering physical restraint.

An individual may provide training to others in a particular method of physical restraint only if he or she has completed training in that technique that meets the foregoing requirements within the preceding one-year period.

3. Seclusion

a. When Seclusion May be Used. Seclusion may be used in the following circumstances:

- 1) when a student's behavior is so out of control that the student's behavior creates a risk of injury to the student or others;
- 2) when a student's behavior is so out of control that the student is causing a substantial disruption to school activities and there is no other technique and no other place the student may be moved to prevent continued disruption;
- 3) when a student's behavior is so out of control that the student is unable to engage in educational activities and there is no other technique that could reasonably be employed to allow the student's emotions to cool down and engage in appropriate behaviors and educational activities; and
- 4) the student has an IEP or a Behavioral Plan which provides for the use of seclusion in circumstances other than the foregoing. If it is anticipated that seclusion may need to be used with a special education student, the IEP team is to discuss and include use of seclusion in the student's IEP if

the IEP team determines use of seclusion to be appropriate. (Note: IEPs or Behavioral Plans should not provide for use of seclusion except in those circumstances where the professional staff determines that non-aversive or positive intervention strategies would not be effective).

b. Seclusion may not be used:

- 1) when a known medical or psychological condition contraindicates its use; and
- 2) as a form of punishment.

c. Conditions. Use of seclusion shall take into consideration the safety and security of the student.

Enclosures used for seclusion, other than enclosures used on a temporary basis, shall:

- 1) have the same ceiling height as the surrounding room or rooms and be large enough to accommodate not only the student being isolated but also any other individual who is required to accompany that student;
- 2) be constructed of materials that cannot be used by students to harm themselves or others, be free of electrical outlets, exposed wiring, and other objects that could be used by students to harm themselves or others, and be designed so that students cannot climb up the walls (including walls far enough apart so as not to offer the student being isolated sufficient leverage for climbing);
- 3) if an enclosure used for isolated time out is fitted with a door, the door shall either be a steel door or a wooden door of solid-core construction. If the door includes a viewing panel, the panel shall be unbreakable;
- 4) be designed to permit visual monitoring of and communication with the student sufficient to ensure the student's safety and security. For students who do not communicate verbally, arrangements shall be made to permit the student to periodically communicate the student's needs; and
- 5) if a locking mechanism is used on the enclosure, the mechanism shall be constructed so that it will engage only when a key, handle, knob, or other similar device is being held in position by a person, unless the mechanism is an

electrically or electronically controlled one that is automatically released when the building's fire alarm system is triggered. Upon release of the locking mechanism by the supervising adult, the door must be able to be opened readily.

- d. The procedures for use of seclusion include:
- 1) An adult who is responsible for supervising the student shall remain within close proximity of the enclosure.
 - 2) The adult responsible for supervising the student must periodically check on the student visually if possible.
- e. Timeline. A student shall not be kept in seclusion for more than 20 minutes after the student ceases presenting the specific behavior for which isolated time out was imposed or any other behavior for which isolated time out would be an appropriate intervention.
- f. Training. Orientation will be provided to staff members who are anticipated to be involved in the use of seclusion. The orientation shall cover the procedures contained in this Guidance.

4. Documentation and Evaluation

Documentation of Use of Physical Restraint or Seclusion. A written record of each use of seclusion or physical restraint shall be prepared and maintained in the student's temporary record. The student's case manager, if any, shall also maintain a copy of each such record. Each such record shall include:

- the student's name;
- the date of the incident;
- the beginning and ending times of the incident;
- a description of any relevant events leading up to the incident;
- a description of any interventions used prior to the implementation of physical restraint or seclusion;
- a description of the incident and/or student behavior that resulted in implementation of physical restraint or seclusion;
- a log of the student's behavior during physical restraint or seclusion, including a description of the restraint technique(s) used and any other interaction between the student and staff;
- a description of any injuries (whether to students, staff, or others) or property damage;
- a description of any planned approach to dealing with the student's behavior in the future;
- a list of the school personnel who participated in the implementation, monitoring, and supervision of physical restraint or seclusion; and

- the date on which the parent or guardian was notified.

The record shall be completed by the beginning of the school day following the use of seclusion or physical restraint.

Notification of Administration. The Program Administrator or Program Director shall be notified of the incident as soon as possible, but no later than the end of the school day on which it occurred.

Notification of Parent or Guardian. Within 24 hours after use of seclusion or physical restraint, the Program Administrator or Program Director shall send written notice of the incident to the student’s parents or guardians, unless the parent or guardian has provided ESU #13 a written waiver of this requirement for notification. The parent or guardian shall be informed of the date of the incident, a description of the intervention (physical restraint or seclusion) used, and who at the school may be contacted for further information.

Evaluation. An evaluation shall be conducted whenever a physical restraint exceeds 15 minutes or results in physical injury, whenever a seclusion exceeds 30 minutes, or use of physical restraint or seclusion is repeated with an individual student during any three-hour period:

- A certified staff person trained in the use of physical restraint, or knowledgeable about the use of seclusion, as applicable, shall evaluate the situation.
- The evaluation shall consider the appropriateness of continuing the procedure in use, including the student’s potential need for medication, nourishment, or use of a restroom, and the need for alternate strategies (e.g., assessment by a mental health crisis team, assistance from police, or transportation by ambulance).
- The results of the evaluation shall be committed to writing and copies of this documentation shall be placed into the student’s temporary student record.

D. Suspension, Removal, More Restrictive Placement and Other Disciplinary Circumstances for Students Receiving Services from ESU #13

This policy is being adopted on the recognition that the law distinguishes verified special education students from those who are not so verified. Likewise, this policy is being developed out of the recognition that ESU #13 is a contract provider of services whether by sending personnel to the various ESU #13 area schools or whether by or through its own programs and schools providing full or partial service to students on behalf of districts with whom it is contracted. Therefore, ESU #13 has an obligation—for its part and for any children over whom it has exclusive control or for whom

any school district served by contract has agreed with ESU #13 to be governed by its policies pertaining to student discipline and appropriateness of educative placement to afford all rights required under applicable laws, regulations and respective Board policies of ESU #13 and the school districts involved by contract with any student served as hereinabove enumerated—to act in a legal and consistent manner on the part of such children.

It shall also be the policy of ESU #13 by the enactment of this policy to notify the school districts it serves of ESU #13 policy pertaining to student disciplinary matters as herein enumerated and to encourage all of the school districts it serves by whatever method the Program Administrator or Program Director deems appropriate to coordinate their efforts with those of ESU #13 in assuring that all applicable statutes, regulations, and district or ESU #13 policies are complied with, and to reasonably assure that the contracts between ESU #13 and the schools served enumerate the respective responsibilities of the district and ESU #13 when policies are adhered to by the schools served and to contrast ESU #13's responsibility when such policies are not followed by the contracting districts.

1. In recognition that certain children served by contracts with ESU #13 personnel are neither verified nor certifiable as special education students who engage in conduct contrary to the policies or rules governing student conduct of any schools served or where not applicable by any rules of conduct enumerated in State Statutes or Board policies of ESU #13, such student shall be dealt with in accordance and under the procedures provided by State Statute 79-255, *et. seq.*, as such statute may be from time to time amended.
2. As to all students who are served in programs of ESU #13 and which students are verified or certified as individuals with disabilities under any recognizable disability described by any applicable statute or regulation and as to all students who are served by any ESU #13 employee in any school which a student is verified or certified as having a disability recognized under any applicable statute or regulation, the procedure for determining the appropriate disciplinary method shall be as follows:
 - a. When any infraction of any applicable rule or regulation of student conduct or any statute declaring such conduct to be unlawful or contrary to law constitutes grounds for disciplinary action by any such statute, regulation or policy, the school district where applicable and ESU #13 may suspend the student for up to ten (10) consecutive days. If a suspension results in a cumulative total of more than ten (10) days of suspension in a school year, all due process and other procedural requirements of 92, NAC 51 shall apply. Prior to any suspension, notice of such suspension shall be sent within twenty-four (24) hours by certified or registered mail or by hand delivery to the caretaker and where applicable to the administrator or director of the school involved. If the student is eighteen (18) years of age or older, notice shall also be sent to the student.
 - b. Emergency exclusion or removal of individuals with disabilities

If, in the opinion of Program Administrator or Program Director, a student is found to present a danger to others or to their property or if he/she presents a danger of an ongoing threat to the disruption of the academic processes of others or if he/she presents a physical danger to himself, such student may be without notice excluded for the duration of the emergency situation. Within twenty-four (24) hours of the student's emergency exclusion, the Program Administrator or Program Director shall provide written notice to the parent and/or guardian and to the student if over the age of eighteen (18). The notice shall set forth the charges and the time, date, and place of the IEP meeting specifying the purpose and the participants in such meeting and request the parent and/or guardian and if appropriate the student to attend the IEP meeting. Such notice of emergency exclusion may be delivered by registered or certified mail, return receipt requested or by personal delivery by the administrator or director to the caretaker and student when applicable.

An IEP team meeting shall be convened if possible within the exclusionary period and shall be conducted in accordance with all standard procedures as established in 92, NAC 51 or other applicable rule(s).

The IEP team shall review the student's program and shall determine if the disability is a precipitating factor of the inappropriate or prohibited behavior. That decision shall be recorded on the IEP and that information shall be used, if necessary, to revise the student's IEP to reflect the need for the use of exclusion as a disciplinary tool or management strategy, to modify the educational program if required, to change the educational placement of the student if appropriate or to indicate that the disability is not a precipitating factor, and to serve as a basis for notifying the student's parent and/or guardian or reaffirming to them if they have already been so notified that the student is expected to behave in accordance with the rules established in the school district's code of conduct or where applicable in accordance with the guidelines of student conduct as set forth within the program operated by ESU #13. The parents shall be notified of the IEP team's decisions if they have not participated in the IEP team meeting, such notice to be sent by registered or certified mail or by personal delivery by the administrator or director.

The attending teacher or certified ESU #13 employee shall notify the Program Administrator or Program Director of such person of all emergency exclusions within twenty-four (24) hours by forwarding a copy of such fact.

3. Prohibition against long-term suspension and expulsion of individuals with disabilities and requirement to follow procedural safeguards when any change in placement occurs

ESU #13 recognizes that long-term suspensions and expulsions of individuals with

disabilities as the terms long-term suspension and expulsion are defined in state statutes pertaining to non-disabled students have been defined by numerous federal court decisions to constitute a change in placement. ESU #13 also recognizes that with a change comes a legal obligation to provide certain procedural due process rights to the student before any change in placement occurs. ESU #13 further recognizes that a series of short-term suspensions may become a long-term suspension or deemed a change of placement pursuant to 92 NAC 51, and for that reason one short-term suspension shall be limited to a cumulative total of ten (10) days or less in a single school year unless additional days are authorized by state or federal law or regulation. ESU #13 further recognizes that the federal regulations pertaining to individuals with disabilities provides a hierarchy of restrictive placement such hierarchy being as follows:

- a. a regular classroom in a regular school
- b. a special classroom in a regular school
- c. a special school
- d. a homebound program
- e. an institutional placement

When in the judgment of the IEP team the behavior of a student becomes so inappropriate, disruptive or violative of any regulation or policy pertaining to the operation of a service, school, program or other kind of educational service that the student's ongoing participation in his present placement will be inappropriate for him and violative of the rights of other participants, then an IEP meeting shall be convened to determine what manner of more restrictive placement would be reasonably calculated to provide an appropriate education for the student in question. The student, subject to any emergency removal or exclusion for the protection of himself/herself or other students, shall remain in the placement designated in the IEP at the time the behavior of such student becomes inappropriate until such time as an agreement with the caretaker, the school district, and ESU #13 can be reached about a change in placement or until the issue of the appropriate placement has been litigated through all appropriate procedures. Under no condition, solely within the control of ESU #13, shall the total cessation of educational services to any student for whom ESU #13 is responsible be permitted to occur. In the event that due to circumstances beyond the reasonable control of ESU #13 to notify any other applicable agency or school district with which it is contracted that any litigation resulting from any cessation of service occurring contrary to the judgment of ESU #13, to withdraw the services and personnel of ESU #13, and to immediately notify such school district or other agency that as a result of such action contrary to ESU #13's policy that ESU #13 will assume no further responsibility of whatsoever nature for any consequences whether legal or otherwise occurring as a result of such cessation of such services.

4. Notwithstanding any other section of this policy, school personnel may order a change in placement of a student with a disability to an appropriate interim

alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than forty-five (45) days if:

- a. the child carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or a local educational agency; or
- b. the child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the jurisdiction of a state or local educational agency.

E. Removal of Students and Interviews of Students

It shall be the policy of ESU #13 to follow the policy of the school in which each individual student is enrolled with respect to the removal of students and interviews of ESU #13. In the absence of such a school policy, or when the school policy has not been provided to ESU #13, the following procedures shall be used.

1. Removal of Students by Law Enforcement Officials

In dealing with law enforcement officials, ESU #13 employees are not to obstruct government operations or unreasonably refuse or fail to aid a peace officer, but are also to attempt to prevent undue interference with ESU #13 operations or educational programming.

A peace officer may in the line of duty require a student to accompany him for questioning or detention, either with or without an arrest warrant. A peace officer has the lawful authority to take immediate temporary custody of children under the age of 18 without a warrant or order of the court (1) when, in the presence of the officer, the juvenile has violated a state law or a municipal ordinance; (2) when a felony has been committed and the officer has reasonable grounds to believe the juvenile committed it; (3) when such juvenile is seriously endangered in his or her surroundings and immediate removal appears to be necessary for the juvenile's protection; or (4) when there are reasonable grounds to believe that the juvenile has run away from his or her parent, guardian, or custodian. A probation officer assigned to a student by a court also has the statutory authority to arrest a student in certain circumstances and that power is similar to the power granted to a peace officer by law.

If a peace officer or probation officer requests custody of a student who is at that time under the control and jurisdiction of ESU #13:

- a. The student should be released after appropriate measures are taken and documented to ensure that the officer has the authority to take the student.

- b. Upon releasing the student, the school in which the student is enrolled has a statutory responsibility to inform the student's parent or guardian of the removal. To assist the school in meeting this responsibility, the ESU #13 employee who has released the student shall contact an appropriate administrator or director of the school in which the student is enrolled. The Program Administrator or Program Director shall be informed of any circumstances that warrant a delay in immediately contacting the parent or guardian, such as information which suggests that immediate notification could interfere with the peace officer's performance of duties or create a dangerous situation for the student or peace officer.

In some instances there may be orders for custody of a student served by the FBI, a federal marshal, a postal inspector, another federal officer, state official, or officers from outside the jurisdiction of ESU #13. While these officers may have authority to arrest and remove students, local law enforcement should be contacted and requested to participate in or monitor the removal.

A student should not be released to a private detective or "special police officer" who is not an officer of a Nebraska political subdivision or an officer of some agency of the federal government without consent of the student's parent, guardian, or custodian.

2. Interviews of Students by Law Enforcement Officials

Unless a student is placed under arrest, a peace officer or probation officer will not be permitted to remove a student from the control and jurisdiction of ESU #13 for questioning unless permission of the student's parent, guardian or custodian is obtained. Law enforcement officers should be urged to contact students outside the instructional day and off ESU #13 premises whenever possible. Questioning or interview of students on ESU #13 premises should only take place pursuant to the following guidelines:

- a. If an interview of a student is requested during school hours concerning an ongoing investigation of a crime not related to ESU #13, questioning should not take place until the student's parent, guardian or custodian has been contacted, either by ESU #13 or by an appropriate administrator or director of the school in which the student is enrolled, and permission is given for such interview. The consent should be documented. The presence of an ESU #13 employee during the interview is not necessary.
- b. If an investigator represents that an interview is necessary to collect information concerning an allegation of child abuse or neglect or an offense involving a family relation and it is clear that obtaining parental consent for the interview would be impossible or counter-productive, the interview may be conducted on

ESU #13 premises without such consent. In these situations, an employee of ESU #13 or the school in which the student is enrolled should be present during the interview to ensure that the interview relates only to those matters specified by the law enforcement official.

- c. If the investigation relates to an incident which took place on ESU #13 school premises or during instructional time, it is not necessary to obtain parental consent for an interview. In these situations, an employee of ESU #13 or the school in which the student is enrolled should be present during the interview to ensure that the interview relates only to the incident which took place on ESU #13 or school premises or during instructional time or something which is directly related thereto.
- d. A probation officer assigned to a student by a court may be allowed the opportunity, on request, to interview a student on ESU #13 premises free from the observation of other children or individuals. In such situations, it is neither necessary nor desirable that an ESU #13 employee be present during the interview. It also is not necessary to obtain the consent of the parent, guardian, or custodian for the interview.

3. Disclosure of Student Records

ESU #13 employees shall not, in the course of dealing with a peace officer or probation officer, disclose any confidential student records or information from such student records other than in response to a court order or subpoena or as otherwise authorized by state law and the Family Educational Rights and Privacy Act (FERPA).

4. Interviews of Students by Persons other than Law Enforcement Officials

Any person other than an employee or agent of ESU #13 or of the school in which the student is enrolled who comes to ESU #13 premises to interview a student or remove a student prior to the end of the student's instructional day must obtain permission of the Program Administrator or Program Director.

Permission to remove is not to be granted unless authorized by the student's parent, guardian or custodian or a person authorized by the student's parent, guardian or custodian.

Permission to interview is not to be granted unless that person has a clearly valid and proper reason and such is not disruptive to ESU #13 operations or the student's educational program. Ordinarily such contacts shall be restricted to the student's parent, guardian or custodian or a friend of the family when an emergency or other similar circumstance exists.

F. Pregnant and Parenting Students

ESU #13 recognizes that pregnant and parenting students have the right and responsibility to attend school. This attendance right and responsibility applies to students regardless of their marital or parental status. Further, ESU #13 will educate pregnant and parenting students and will provide reasonable accommodations to support and encourage all pregnant and parenting students to obtain their high school diploma. No student will be excluded from, denied the benefit of, or discriminated against under any educational program or activity because of pregnancy or parent responsibilities.

1. Attendance and Leave of Absences

Pregnant and parenting students will be permitted to attend to their own health care, their child’s medical care or other pregnancy-or parenting-related appointments with the benefit of having any such absences or tardiness excused. A student will be permitted to take a leave of absence for pregnancy, childbirth, and any other pre-and post-natal related medical needs, along with recovery therefrom for the duration that is deemed medically necessary by the student’s licensed health care provider. At the conclusion of the leave of absence, a student will be immediately enrolled at ESU #13 at the same grade and status as when the leave began. Pregnant and parenting students shall be allowed to participate in all activities including extracurricular activities throughout the student’s pregnancy and thereafter unless ESU #13 deems such participation poses a substantial risk of injury to the student or to others. A pregnant and parenting student may be asked to obtain certification from the student’s licensed healthcare provider regarding the student’s safe participation in an extracurricular activity when such certification is required of students for other conditions which require the attention of a licensed healthcare provider.

Any absences accumulated due to pregnancy or pregnancy-related conditions, or care for an ill child, should not count towards ESU #13 policies in effect under compulsory attendance requirements. Pregnant and parenting students with excused absences or tardiness shall be treated like all other students with excused absences or tardiness for any other medical reasons.

Pregnant and parenting students will be provided with assignments, classwork and any additional support needed to ensure that the student can keep up with class requirements due to absences related to pregnancy or parenting.

2. Alternative Means to Complete Course Work

ESU #13 will provide at least one alternate method, in addition to traditional classroom instruction, to keep pregnant and parenting students in school. Such accommodation(s) may include accessing coursework online, home-based independent study, or at-home tutoring. Alternative methods of instruction or other alternative program for pregnant and parenting students are voluntary for the student who may elect whether to engage in an alternative method of instruction or the traditional methods of instruction available to their peers. Pregnant and parenting students shall be allowed to attend their regular classrooms and complete regular coursework.

3. Lactation

ESU #13 will provide reasonable time and space to accommodate lactating students to express breast milk or breastfeed during the school day. Such accommodations will be in a location, other than a bathroom or closet that is private, clean, has an electrical outlet, a chair and is reasonably accessible. Students shall also be provided a food safe refrigerator to store breast milk safely.

4. Child Care

A list of qualified licensed child care providers will be provided upon request to pregnant or parenting students. Such list will be updated annually and include providers that participate in the quality rating and improvement system and meet all of the quality rating criteria for at least a step-three rating pursuant to the Step Up to Quality Child Care Act. Nothing in this policy is intended to prohibit or limit any referral for a student or a student's child to an early head start program or any other available community resources.

5. Privacy and Confidentiality

Pregnant and parenting students have the right to have their health and personal information kept confidential in accordance with law. ESU #13 staff will make every effort to keep personal information and health records confidential and in compliance with Nebraska and federal law.

Information about students' pregnancies and related conditions will not appear in their cumulative records and will not be used when they are being considered for education or job opportunities, awards or scholarships.

6. Other Accommodations

Pregnant and parenting students may request additional reasonable accommodations to ensure continued participation and enrollment in ESU #13. Accommodation requests will be evaluated on a case-by-case basis. Such

accommodations may include but are not limited to: additional frequency allowed for bathroom breaks, additional time allowed in between class periods, a larger desk or additional work space, and adjustments to requirements for physical education as needed. Students seeking additional reasonable accommodation should make such requests to the program director.

7. Bullying and Harassment

Pregnant and parenting students have the same rights as other students to be free from discrimination, bullying and harassment. Such ESU #13 policies are incorporated herein and apply to all students.

8. Policy Dissemination

This policy will be available at the beginning of each school year on the ESU #13 website and will be incorporated in the Student Handbooks.

SERVICES TO SCHOOLS AND CHILDREN

Section 5 Student Health

A. Prohibition on Mandatory Medication

A student shall not be required to obtain a prescription for a controlled substance as a condition for receiving ESU #13 educational services, an evaluation or special education services.

B. Dispensing Prescription and Non-Prescription Medications

The administration of prescription and non-prescription medication to students is to be limited to medications that must be taken while students are participating in ESU #13 programs or otherwise under the control and jurisdiction of the ESU #13. All medications administered by ESU #13 personnel shall be administered in accordance with the Medication Aide Act.

If at all possible, all prescription and non-prescription medications should be given at home outside of school hours by the parent or by other responsible parties identified by the parent. However, ESU #13 recognizes that some medication regimes necessitate the administering of medication during school hours; therefore, a safe and effective means of administering the medication is required.

1. Authorizations for Prescription Medications. Prescription medications may be administered when the following are on file with ESU #13:
 - a. Physician’s Authorization: A physician's signed, dated authorization including name of the medication, dosage, administration route, time to be given and reason the student is receiving the medication.
 - b. Caretaker’s Authorization: A caretaker’s signed and dated authorization or permission to administer the medication during school. (Note: All references to “caretaker” in this policy shall mean a parent, foster parent, family member, or legal guardian who provides care for the student for whom medication is to be administered. The laws include a “friend” as a caretaker, but the school will not ordinarily recognize such an individual as a “caretaker” for the purposes of medication administration.)
 - c. Original Packaging: The medication is in its original packaging and is

labeled as dispensed by the prescriber or pharmacist. The label must name the student and identify the medication, strength, time interval and route to be administered. If needed, the physician may be contacted for clarification and a corrected label must be obtained if orders differ from those listed on the packaging.

2. Authorizations for Non-Prescription Medications. Non-prescription medications may be administered provided that a caretaker's authorization is provided in the form established by the Administrator or Administrator's designee and the medication is in its original packaging.
3. Renewal of Authorizations. Medication authorizations must be renewed annually and updated immediately as changes occur.
4. Documentation. Accurate medication administration records are to be kept and maintained. Documentation of each dose of medication administered shall be made reflecting the student's name, the name of the medication, date, time, dosage, route, the signature and title of the person administering the medication and any unusual observations, and any refusal by the recipient to take or receive the medication. Medication documentation shall be kept confidential in accordance with the policies and practices concerning student records, provided that medication administration records shall be available to the Department of Education and the Department of Health and Human Services Regulation and Licensure for inspection and copying according to the Family Education Rights and Privacy Act (FERPA) requirements. Such medication administration records shall be maintained for not less than two years.
5. Storage. Medication shall be stored in a locked or otherwise secure area in accordance with the manufacturer's or dispensing pharmacist's instructions or temperature, light, humidity, or other storage instructions. Only authorized personnel who are designated by the administration shall have access to the medications. The school nurse shall establish procedures for monitoring the storage and handling of medication, the medication's expiration date, and the disposal of medication.
6. Receipt and Disposal of Medications. Medication shall be delivered to ESU #13 personnel and picked up by the caretaker. When medication is received, the amount received should be documented. Medication which is either past the expiration date or not claimed by the parent a reasonable time following the student's departure from the ESU #13 program shall be destroyed. Procedures for destroying medication shall include witness and documentation. **The school nurse will use proper disposal methods.**
7. Administration of Medication by ESU #13 Personnel.
 - a. Administration of Medication: Administration of medication includes, but is not limited to:

- i. providing medications for another person according to the “five rights” (getting the right drug to the right recipient in the right dosage by the right route at the right time);
 - ii. recording medication provision; and
 - iii. observing, monitoring, reporting, and otherwise taking appropriate actions regarding desired affects, side effects, interactions, and contraindications associated with the medication.

- b. Authorized ESU #13 Personnel: Administration of medication shall only be done by the following:
 - i. Health Care Professionals (School Nurses). This means an individual who holds a current license from the Department of Health and Human Services Regulation and Licensure for whom administration of medication is included in the scope of practice. For purposes of this Policy, such individuals are referred to as “school nurses.”
 - ii. Medication Competent Staff. This means a staff member of ESU #13 who, by arrangement with the school in which the student is enrolled, is an employee of the school for purposes of the medication administration laws and who has been determined to be competent to administer medication in accordance with the competency assessment standards established by law. A medication competent staff member is to be subject to direction and monitoring, which involves responsibility for observing and taking appropriate action regarding any desired effects, side effects, interactions, and contraindications associated with the medication. Direction and monitoring is to be done by a recipient with capability and capacity to make an informed decision about medications, a caretaker, or the school nurse. Medication competent staff members are to promptly report any medication errors or concerns to the school nurse.

- c. Routes of Medication Administered by ESU #13 Personnel:
 - i. Routine Medication via Oral, Inhalation, Topical, and Instillation Routes: School nurses and medication competent staff may provide routine medications (meaning the frequency of administration, amount, strength, and method are specifically fixed) by the following routes:
 - (1) oral, which includes any medication given by mouth including sublingual (placing under the tongue) and buccal (placing between the cheek and gum) routes and oral sprays;
 - (2) inhalation, which includes inhalers, and nebulizers. Oxygen

- may be given by inhalation;
 - (3) topical application of sprays, creams, ointments, and lotions and transdermal patches; and
 - (4) instillation by drops, ointments, and sprays into the eyes, ears, and nose.
 - ii. Administration of Medication via Additional Routes, PRN Medication, and Observing and Reporting: School nurses and medication competent staff may provide medication by additional routes (“additional routes”), provide PRN medication (PRN medication means an administration scheme in which a medication is not routine, is taken as needed, and requires assessment for need and effectiveness), or participate in observing and reporting for monitoring medications only under the following conditions:
 - (1) In the case of a medication competent staff member, a determination has been made by the school nurse or by the student’s physician or duly licensed health care professional that these activities can be done safely for the specified recipient by the medication competent staff member and the determination is placed in writing.
 - (2) Directions for additional routes must be for recipient specific procedures and must be in writing.
 - (3) Directions for PRN medication must be in writing and include parameters for provision of PRN medication.
 - (4) Directions for observing and reporting for monitoring medication must be in writing and include the parameters for the observation and reporting.
 - (5) ESU #13 personnel administering the medication shall comply with the written directions.
 - iii. Injections: School nurses will ordinarily be responsible for medications that must be provided or administered by injection. A medication competent staff member will not ordinarily administer medications by injection without specific training on injection administration. Students may be authorized to self-administer medication as hereafter provided.
- d. Refusal to Administer Medication: ESU #13 may refuse to give a medication if after a reasonable and prudent research by ESU #13 or school health care professional a decision has been made that the dosage prescribed exceeds that which is recommended in the Physician's Desk Reference, Mosby’s Nursing Drug Reference, the most recent edition of the Nursing Drug Handbook, or other pharmaceutical manuals handbook; or when a drug or substance is not currently approved by the FDA. When ESU #13 personnel refuse to carry out a request to administer medication, the Administrator or

Administrator's designee is to be notified and efforts are to be made to work out a suitable solution (such as changing the time of administration, the dosage, or the medication) with the parent or guardian and the physician.

It is the policy of ESU #13 to follow the Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Emergency Protocol) and related policies of the school in which ESU #13 provides services in the school ESU #13 facilities.

Each employee who is or will be providing services to students in an accredited school, an approved school, or to children in an approved early childhood program, is to be provided with the following:

1. information about the existence of the Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Emergency Protocol) established by the Nebraska Department of Education and adopted by ESU #13;
2. access to a copy of the Emergency Protocol form and either a copy of the school's signed Emergency Protocol or directions to obtain such from the school administrator;
3. information about the availability of a school nurse and, if one is not available, who at the school site where services are being provided is a designated trained non-medical staff member for purposes of implementing the Emergency Protocol;
4. information about the whereabouts within the school building where the employee is providing services of the equipment and medication necessary to implement the Emergency Protocol in the case of any student or school staff emergency, including the location of an IM EpiPen-Jr. or adult EpiPen, or the school official who is to be contacted to obtain such information;
5. appropriate direction and instruction so that an employee who may be involved in an Emergency Protocol response provides appropriate and accurate information to the appropriate school official, in order that the school may maintain records of administration of medication by school staff as required;
6. inform and provide the employee of any written request from a parent or guardian of a minor student served by the employee, directing that such minor student not receive emergency treatment under the protocol.

D. Student Self-Management of Asthma, Anaphylaxis, and Diabetes

E. Emergency Medical Aid

When a student is receiving services in a program under the control or supervision of ESU #13, ESU #13 employees are to utilize the skills within their capacity to respond to health emergencies. Employees are to render medical aid to students in need of emergency medical services or, as appropriate, arrange for the transportation of the student to the nearest facility where professional medical assistance is available.

Every effort should be made by ESU #13 employees to contact the student’s parent or guardian, if time allows for such contact under emergency circumstances; but the primary interest is the health of the student. In the event that emergency circumstances do not allow the employee to contact a parent or guardian prior to the rendering of medical assistance, then the employee should contact the parent or guardian at the earliest practical time under the circumstances.

F. Defibrillators (AED)

The ESU #13 Board recognizes that from time to time emergencies may arise that justify the use of an Automated External Defibrillator (AED). The AED shall be used in emergency situations warranting its use.

The AED shall be maintained and tested in accordance with operation guidelines of the manufacturer and monitored by the ESU #13 school nurse.

The AED will be kept on ESU #13 property and will not accompany EMS personnel to a hospital emergency room.

G. Wellness Policy-Students

A mission of Educational Service Unit #13 is to provide curriculum, instruction, and experiences in a health-promoting program environment to instill habits of lifelong learning and health. Therefore, the Board adopts the following ESU #13 Wellness Policy.

1. ESU #13 Wellness Committee

Committee Role and Membership

ESU #13 will convene a representative ESU #13 Wellness Committee or work within an existing program health committee that meets at least four times per year to establish goals for and oversee ESU #13 program health and nutrition and safety policies and programs, including development, implementation and periodic review and update of this ESU #13 wellness policy.

Leadership

The Administrator or Administrator's designee will convene the ESU #13 Wellness Committee and facilitate development of and updates to the Wellness Policy, and will ensure ESU #13's compliance with the policy.

ESU #13 will designate a program wellness policy coordinator, who will ensure compliance with the policy.

2. Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

ESU #13 will develop and maintain a plan for implementation to manage and coordinate the execution of this Wellness Policy. The plan delineates roles, responsibilities, actions and timelines specific to each program; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the ESU #13 campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other ESU #13 based activities that promote student wellness. It is recommended that the ESU #13 use the Healthy Schools Program online tools to complete a school-level assessment based on the Centers for Disease Control and Prevention's School Health Index, create an action plan that fosters implementation and generate an annual progress report.

This wellness policy and the progress reports can be found at ESU #13's website.

Recordkeeping

ESU #13 will retain records to document compliance with the requirements of the Wellness Policy at the Administrator's office and/or on ESU #13's computer network. Documentation maintained in this location will include but will not be limited to:

- the written Wellness Policy;
- documentation demonstrating that the policy has been made available to the public;
- documentation of efforts to review and update the ESU #13's Wellness Policy; including an indication of who is involved in the update and methods ESU #13 uses to make stakeholders aware of their ability to participate on the ESU #13 Wellness Committee;
- documentation to demonstrate compliance with the annual public notification requirements;
- the most recent assessment on the implementation of the ESU #13 Wellness Policy;
- documentation demonstrating the most recent assessment on the implementation of the ESU #13 Wellness Policy has been made available to the public.

Annual Notification of Policy

ESU #13 will actively inform families and the public each year of basic information about this policy, including its content and any updates to the policy and implementation status. ESU #13 will make this information available via ESU #13's website. This will include a summary of ESU #13's events or activities related to the Wellness Policy implementation. Annually, ESU

#13 will also publicize the name and contact information of ESU #13 officials leading and coordinating the committee, as well as information on how the public can get involved with the ESU #13 wellness committee.

Triennial Progress Assessments

At least once every three years, ESU #13 will evaluate compliance with the Wellness Policy to assess the implementation of the policy and include:

- the extent to which ESU #13's programs are in compliance with the Wellness Policy;
- the extent to which ESU #13's Wellness Policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- a description of the progress made in attaining the goals of ESU #13's Wellness Policy.

The position/person responsible for managing the triennial assessment and contact information is the Administrator or Administrator's designee.

The ESU #13 Wellness Committee, in collaboration with individual programs, will monitor ESU #13's compliance with this Wellness Policy.

ESU #13 will notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The ESU #13 Wellness Committee will update or modify the Wellness Policy based on the results of the annual School Health Index and triennial assessments and/or as ESU #13's priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. The Wellness Policy will be assessed and updated as indicated at least every three years, following the triennial assessment.

Community Involvement, Outreach and Communications

ESU #13 will actively communicate ways in which representatives of ESU #13 Wellness Committee and others can participate in the development, implementation and periodic review and update of the Wellness Policy through a variety of means appropriate for that program. ESU #13 will also inform parents of the improvements that have been made to ESU #13 meals and compliance with ESU #13 meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. ESU #13 will use electronic mechanisms, such as email or displaying notices on ESU #13's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the Wellness Policy, as well as how to get involved and support the policy. ESU #13 will ensure that communications are culturally and linguistically appropriate to the community, and

accomplished through means similar to other ways that ESU #13 and school districts are communicating important program information with parents.

ESU #13 will notify the public about the content of or any updates to the Wellness Policy annually, at a minimum. ESU #13 will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

3. Nutrition

ESU #13 Meals

All programs within ESU #13 that participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), and any additional Federal child nutrition programs will meet the nutrition requirements of such programs

Staff Qualifications and Professional Development

All ESU #13 nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA professional standards for child nutrition professionals. These ESU #13 nutrition personnel will refer to USDA's Professional Standards for School Nutrition Standards website to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the program day and throughout every ESU #13 campus ("ESU #13 campus" and "program day" are defined in the glossary). ESU #13 will make drinking water available where ESU #13 meals are served during mealtimes.

Competitive Foods and Beverages

The foods and beverages sold and served outside of the ESU #13 meal programs (e.g., "competitive" foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable ESU #13 meal programs that are sold to students on the ESU #13 campus during the program day, will meet or exceed the USDA Smart Snacks nutrition standards or, if the state policy is stronger, will meet or exceed state nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, ESU #13 stores and snack or food carts.

Celebrations and Rewards

ESU #13 will encourage staff to ensure that foods offered on the ESU #13 campus will meet or exceed the USDA Smart Snacks in School nutrition standards or, if the state policy is stronger, will meet or exceed state nutrition standards, including through:

1. Celebrations and parties. ESU #13 will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.
2. Classroom snacks brought by parents. ESU #13 will provide or make available to parents a list of foods and beverages that meet Smart Snacks nutrition standards.
3. Rewards and incentives. ESU #13 will provide teachers and other relevant ESU #13 staff a list of alternative ways to reward children or other comparable resources. Foods and beverages will not be used as a reward, or withheld as punishment for any reason, such as for performance or behavior.

Fundraising

Foods and beverages that meet or exceed the USDA Smart Snacks in Schools nutrition standards may be sold through fundraisers on the ESU #13 campus during the program day.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in ESU #13 meal programs. Students and staff will receive consistent nutrition messages throughout ESU #13, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by ESU #13 staff, teachers, parents, students and the community.

Nutrition Education

ESU #13 will teach, model, encourage and support healthy eating by all students. ESU #13 will provide nutrition education and engage in nutrition promotion that:

- is designed to provide students with the knowledge and skills necessary to promote and protect their health; and
- includes enjoyable, developmentally-appropriate, culturally-relevant and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits and ESU #13 gardens.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the ESU #13 campus during the program day will meet or exceed the USDA Smart Snacks in School nutrition standards or, if stronger, state nutrition standards, such that only those foods that comply with or exceed those nutrition standards are permitted to be marketed or promoted to students.

Food and beverage marketing is defined as advertising and other promotions at ESU #13. This term includes, but is not limited to the following:

- brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container;
- displays, such as on vending machine exteriors;
- corporate brand, logo, name or trademark on ESU #13 equipment, such as marquees, message boards, scoreboards or backboards (Note: immediate replacement of these items are not required; however, ESU #13 will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that it is financially possible over time so that items are in compliance with the marketing policy.);
- corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, pupil assignment books or school supplies displayed, distributed, offered or sold by ESU #13;
- advertisements in ESU #13 publications or ESU #13 mailings;
- free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

As ESU #13/program nutrition services/Athletics Department/PTA/PTO reviews existing contracts and considers new contracts, equipment and product purchasing (and replacement) decisions should reflect the applicable marketing guidelines established by ESU #13 Wellness Policy.

4. Physical Activity

Children and adolescents should participate in physical activity every day.

To the extent practicable, ESU #13 will ensure that its grounds and facilities are safe and that equipment is available to students to be active. ESU #13 will conduct necessary inspections and repairs.

Classroom Physical Activity Breaks (Elementary and Secondary)

Students will be offered periodic opportunities to be active or to stretch throughout the day on all or most days during a typical program week. ESU #13 recommends teachers provide short (3-5-minute) physical activity breaks to students during and between classroom times at least three days per week.

ESU #13 will provide resources and links to resources, tools, and technology with ideas for classroom physical activity breaks. Resources and ideas are available through the USDA and the Alliance for a Healthier Generation.

5. Other Activities that Promote Student Wellness

ESU #13 will integrate wellness activities across the entire ESU #13 setting, not just in the cafeteria, other food and beverage venues and physical activity facilities. ESU #13 will coordinate and integrate other initiatives related to physical activity, physical education,

nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy program environments will be coordinated with and complementary of the Wellness Policy, including but not limited to ensuring the involvement of the ESU #13 Wellness Committee.

Community Partnerships

ESU #13 will develop, enhance, or continue relationships with community partners (e.g., hospitals, universities/colleges, local businesses, SNAP-Ed providers and coordinators, etc.) in support of this Wellness Policy's implementation. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with the Wellness Policy and its goals.

Staff Wellness and Health Promotion

The ESU #13 Wellness Committee will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources and performs other functions that support staff wellness in coordination with human resources staff.

Programs in ESU #13 will implement strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors. ESU #13 promotes staff member participation in health promotion programs and will support programs for staff members on healthy eating/weight management that are accessible and free or low-cost.

Professional Learning

When feasible, ESU #13 will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and ESU #13 (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help ESU #13 staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing ESU #13 reform or academic improvement plans/efforts.

H. Procurement Plan – School Food Authorities

The following procurement policy statement shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. This statement is meant to provide guidance to our personnel and vendors on acceptable and/or required procurement practices. Our goal is to fully implement all required and recommended procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the State Agency.

Procurement Policy

The purchasing procedure to be followed shall be determined by the anticipated total annual expenditure on items related to the food service program:

- When the annual total for food service program related items is less than \$250,000 (small purchase threshold) per procurement event or in aggregate purchases this organization will follow the informal Small Purchase Procedures.
- When the annual total for food service program related items is greater than \$250,000 (small purchase threshold) per year per procurement event or in aggregate purchases this organization will follow the Formal Competitive Solicitation Procedures.

Micro-Purchase Procedures

Micro-Purchases may be used for single purchases under \$10,000 made with a vendor [2 CFR 200.320(a)].

Prices will be reviewed for reasonableness [2 CFR 200.320(a)].

Purchases will be spread equitably among all qualified sources [2 CFR 200.320(a)].

Small Purchase Procedures

For purchases made below the small purchase threshold, Small Purchase Procedures will be utilized to purchase necessary goods and services. When Small Purchase Procedures are used, this organization will take the following steps:

1. Contact a reasonable number of qualified vendors.
2. Write specifications for goods and services.
3. Document each vendor's quoted price. (ex. log sheet)
3. Select the company that provides the lowest, most responsive, and responsible bid.
4. Document supplier who was awarded the quote.
5. Manage orders by confirming product and prices match quotes.

Formal Competitive Solicitation Procedures

For purchases made in excess of the small purchase threshold, a Formal Competitive Solicitation will be conducted. When Formal Competitive Solicitation Procedures are used, this organization will take the following steps:

1. Prepare an Invitation for Bid (“IFB”) or Request for Proposal (“RFP”) document

- specifically addressing the items to be procured
- a. Include detailed specifications
 - b. Ensure price will be most heavily weighted
2. Publicly announce and advertise the bid/proposal at least 21 calendar days prior to bid opening
 - a. Announcements will include the date, time and location in which bids will be opened
 3. Determine the most responsive and responsible bid/proposal by using the selection criteria set forth in the bid/proposal document
 - a. Responsible bidders will be those whose bid/proposal conform to all of the terms, conditions and requirements of the IFB/RFP
 - b. Responsible bidders will be those who are capable of performing successfully under the terms and conditions of the contract.
 4. Award the contract
 - a. To the most responsive and responsible bidder based on the criteria set forth in the IFB/RFP
 - b. At least two weeks before program operations begin
 - c. If a protest is received, it must be handled in accordance with 7 CFR 210.21
 5. Retain all records pertaining to the formal competitive bid process for a period of five years plus the current year

(Note: If the small purchase threshold established in the sponsor's procurement policy statement is less than \$250,000, the smaller bid threshold will govern.)

I. Procurement Plan – Code of Conduct

ESU #13 seeks to conduct all procurement procedures in compliance with federal and state regulations and without any conflicts of interest with employees engaged in the selection, award and administration of contracts.

No employee, officer, or agent of ESU #13 may participate in the selection, award, or administration of a contract supported by federal, state, or local funds if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to

employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

No employee, officer, or agent of ESU #13 may solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

Employees, officers or agents of ESU #13 that violate these standards shall be subject to appropriate disciplinary actions.

Federal Stipends

1. Purpose and Alignment with Educational Priorities. The purpose of this policy is to establish the guidelines and procedures for providing stipends from federal funds to educators working in schools served by Educational Service Unit #13 (ESU #13). These stipends are intended to support the professional development, training, and continuing education of the educational staff, in order to enhance the quality of instruction and student outcomes. This program is a cornerstone of our commitment to continuous improvement in educational practices and aligns with ESU #13's mission. This program shall be referred to as the "Educator Stipend Program."
2. Scope and Integration with Existing Programs. This policy applies to all full-time and part-time educators employed by school districts served by ESU #13 who meet the eligibility requirements set forth in this document. Stipends may be awarded for a variety of qualifying activities, including attending approved conferences or workshops, completing continuing education courses, or implementing innovative instructional strategies in the classroom.
3. Eligibility. To be eligible for an educator stipend, the individual must:
 - a. Be a current full-time or part-time staff member employed by a school district served by ESU #13;
 - b. Have been employed by a school district served by ESU #13 for a minimum of one academic year;
 - c. Obtain prior approval from the school district's designated administrator for the proposed professional development activity;
 - d. Submit all required documentation and receipts within the specified timeframe;
 - e. Have a record of satisfactory performance, as evidenced by their most recent performance evaluation.
4. Qualifying Activities. Stipends may be awarded for the following types of professional development activities; provided, however, such activities must also qualify under the terms of the federal funding source that is providing the stipend:
 - a. Attendance at conferences, workshops, or training sessions related to the educator's subject area or instructional methods;
 - b. Completion of university-level courses or other accredited continuing education programs;
 - c. Development and implementation of new curricula, lesson plans, or teaching strategies that align with the school's educational goals and the requirements of the federal funding source;
 - d. Participation in research projects or action research that directly benefits the school's instructional practices; and
 - e. Mentoring or peer coaching activities that promote the sharing of best practices among teaching staff.
5. Application and Approval Process. Educators must submit a request to ESU #13 at least four (4) weeks prior to the proposed activity. The request must include a detailed description of the proposed activity, an itemized estimate of associated costs, a statement of how the activity will benefit the educator's professional development and improve student learning, and an explanation of how the activity aligns with ESU #13's educational priorities and the

requirements of the federal funding source. ESU #13 will review all requests and notify educators of their approval or denial status. Approved requests will be forwarded to the finance department for processing of the stipend payment.

6. Appeals Process. Educators whose requests are denied may appeal the decision within thirty (30) days of receiving the denial notification. The appeal must be submitted in writing and include a copy of the original stipend request, a detailed explanation of why the educator believes the request should be reconsidered, and any additional supporting documentation that strengthens the appeal. ESU #13's Board of Education will promptly convene an appeals review board consisting of one administrator, one educator representative, and one board member to evaluate the appeal. The appeals review board will render a decision, which shall be final and binding.
7. Reimbursement and Payment. Educators will be reimbursed for eligible expenses incurred for approved professional development activities. Original receipts must be submitted to ESU #13 within two (2) weeks of the activity's completion. Stipend payments will be issued to educators as soon as reasonably practicable after ESU #13 receives the completed reimbursement request. The school will consult with its tax and employment law counsel to ensure the stipend payments are properly structured and administered in compliance with all applicable laws and regulations.
8. Employment Status. Participation in the Educator Stipend Program does not alter an educator's employment status or create any additional employment rights or obligations beyond those specified in the educator's employment contract and applicable law.
9. Reporting and Compliance. ESU #13 will maintain accurate records of all educator stipend awards, including the names of recipients, the amounts and dates of payments, and a description of the approved activities. These records will be kept on file in accordance with federal grant management requirements and ESU #13's document retention policy. ESU #13 will also submit any required reports to the federal funding source.
10. Monitoring and Prevention of Fund Misuse. ESU #13 shall implement and maintain a system of internal controls to prevent the misuse of stipend funds. These controls shall include, but are not limited to, regular reconciliation of stipend payments against approved requests, periodic review of stipend awards to ensure equitable distribution and compliance with program limits, and verification of attendance or completion of approved professional development activities. ESU #13 shall also conduct or cause to be conducted such audits of the Educator Stipend Program as may be required by the federal funding source.
11. Federal Funding Source Requirements. All aspects of the Educator Stipend Program shall be administered in strict compliance with the terms and conditions of the grant provided by the federal funding source. This includes, but is not limited to, adherence to approved budget allocations, compliance with all reporting and documentation requirements, ensuring that stipend funds are used solely for approved purposes, and maintaining records in accordance with federal grant management standards.
12. Prohibited Uses of Funds and Corrective Action. Stipend funds may not be used for any purposes prohibited by the federal funding source. Any misuse of stipend funds or fraudulent activity related to the Educator Stipend Program shall be subject to disciplinary action. ESU #13 shall develop and implement procedures for investigating suspected misuse and taking appropriate corrective action.

13. Program Modification or Termination. ESU #13 reserves the right to modify, suspend, or terminate the Educator Stipend Program at any time. Any such modification, suspension, or termination must be approved by a majority vote of ESU #13's Board of Education. ESU #13 shall give educators such advance notice as is reasonably practicable of any significant changes to the program. Any modifications or termination shall comply with the terms of the grant agreement with the federal funding source.
14. Funding Contingency. The continuation of the Educator Stipend Program is contingent upon the availability of funds from the federal funding source. In the event that funding is significantly reduced or eliminated, ESU #13 may reduce the number or amount of stipends awarded, modify the eligibility criteria or qualifying activities, or suspend or terminate the program.
15. Oversight. This policy supersedes any previous policies or procedures related to the same subject matter. The ESU #13 Board of Education shall review and have authority to approve this policy, as well as any future amendments, to ensure the stipend program aligns with ESU #13's strategic objectives and educational priorities.
16. Nondiscrimination. ESU #13 shall not discriminate on the basis of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status in its administration of the Educator Stipend Program.
