NEBRASKA OPEN MEETINGS ACT

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

Re: Annual Policy Updates

It's time for the 2025 KSB School Law policy updates. Below, we discuss the policy changes, the changes to our standard forms, and some issues raised by certain laws that do not necessarily require a policy change but present new obligations or things to keep in mind as you enter the 2025-26 school year. We have broken these down into 3 sections: "Policy Changes;" "Forms Changes;" and "Other Issues to Consider."

Please keep in mind that most approved bills go into effect three months after the legislature adjourns. This year the Unicameral is currently scheduled to adjourn sine die on June 9, so the effective date of most bills will be September 9, 2025. However, if a bill has a specific effective date or an emergency clause, it goes into effect on the stated date or when passed and approved according to law. That also means there could be some new bills approved after the release of these updates which will require us to supplement the updates. There are also a handful of bills that passed in previous sessions but go into effect for the upcoming 2025-26 school year.

To assist subscribers in implementing these policy changes and the other considerations laid out in this Memo, **KSB will hold a webinar on Monday,**

June 2, 2025, at 9:00 a.m. Central Time. In the webinar, we will give a brief overview of the changes and then answer questions from attendees regarding the policies and other considerations. We will also record the webinar and post it in the KSB School Law portal in the Policy Updates section. Please contact us if you have any additional questions about the policy updates or portal.

Policy Changes

REVISION OF POLICY 1002: CREATION, AMENDMENT AND DISTRIBUTION OF POLICIES

As the list of required policies, reviews, reapprovals, and hearings grows, we eliminated the list from this policy so it did not need to change so often. Instead, we will continue to update and provide subscribers with the Annual Notices, Hearings, Reviews, and Trainings document that is released with the policy updates each year. There is no requirement to list these obligations inside of a policy.

This change is required, unless you want to continue maintaining the list of requirements in this policy.

REVISION OF POLICY 2006: COMPLAINT PROCEDURE

We made just a couple of tweaks to this policy to remove references to the Biden Administration Title IX rules, which are no longer in effect.

This change is required.

REVISION OF POLICY 3003: BIDDING FOR CONSTRUCTION, REMODELING, REPAIR, or SITE IMPROVEMENT

School districts are generally prohibited from engaging "in the construction of any public works involving architecture or engineering unless the plans, specifications, and estimates have been prepared and the construction has been observed by" a licensed Nebraska architect or professional engineer. However, the law provides an exception to this requirement when the "contemplated expenditures for the complete project" are below a certain dollar amount. In July 2024, the Nebraska Board of Engineers and

Architects increased this exemption from $119,000 to $144,000. Our recommended changes to Policy 3003 reflect this higher dollar amount for the projects that are exempt from the mandate to engage a licensed Nebraska architect or professional engineer.

This change is required.

REVISION OF POLICY 3004.1: FISCAL MANAGEMENT FOR PURCHASING AND PROCUREMENT USING FEDERAL FUNDS

During our regular review of policies, we noticed a citation was partially removed from Section G Allowability of Costs. This citation has been corrected.

This change is required.

REVISION OF POLICY 3023: RECORD MANAGEMENT AND RETENTION

During some federal fund audits, the auditors recommended adding a provision to this policy to address the retention of federal award records. We have added such a provision to the policy.

This change is required.

REVISION OF POLICY 3026: HANDBOOKS

We have updated this policy to reflect how changes to the handbooks operate. We've included the one sentence that was in policy 5034, and 5034 has now been eliminated. We made a few other tweaks that hopefully will clarify the handbook updating process, especially as new legal interpretations and guidance seem to be coming out daily.

Administration is permitted to make changes without board approval unless it is required by law or conflicts with a policy. Administration is also permitted to make changes (whether or not requiring board approval) and provide notice to affected individuals by just sharing the amendment and not resharing the full handbook, unless required by law. For example, if you add a new student conduct rule to the handbooks and intend for that to be used for discipline, under the Student Discipline Act the "board" would have to

approve that rule, and both students and parents must be provided notice prior to it being implemented. However, you wouldn't have to reprint or reshare the entire handbook. You could just provide the amended section or provision.

This change is required.

REVISION OF POLICY 3036: PURCHASING (CREDIT) CARD PROGRAM

This policy change eliminates an inappropriate reference to a nonexistent reimbursement.

This change is required.

REVISION OF POLICY 3043: DESIGN-BUILD CONTRACTS

One of the legal requirements for school districts using the design-build project delivery system for school construction projects is for the school district to hire a performance-criteria developer (PCD), a licensed Nebraska architect or professional engineer. For projects with a cost of $896,000 or below, the timeframe and procedures for selecting and hiring the PCD can be shortened and simplified. The proposed revisions to this policy reflect that alternative. While updating this policy, we have also included changes in the organization of the policy and reformatting.

This change is required.

REVISION OF POLICY 3047: DATA BREACH RESPONSE

We have amended this policy in light of the PowerSchool data breach this past year. The amendment provides that the district's data directory will include a list of approved vendors and contractors to ensure that information exists in a consolidated format. Additionally, as part of the incident response plan, this policy change encourages contacting an insurance provider as part of a school district's response.

Note that the first section of this policy requires you (or your tech coordinator) to keep an updated list of computing devices, software, vendors with access to personally identifiable information and staff members'

usernames and passwords for any district software. The PowerSchool data breach is also a good reminder to be sure that this information is updated and that you know where to find it in the event of a breach.

This change is highly recommended.

REVISION OF POLICY 3057: TITLE IX

Death, taxes, and Title IX policy updates. These are the constants in life.

As many of you are aware, the Biden administration issued regulations in 2024 that necessitated updates to this policy. The updates also allowed for more streamlined investigations but expanded definitions of sex discrimination. However, a federal court vacated the 2024 updates in their entirety. The new White House has stated its belief that the regulations from 2020 are still in effect.

As a result of these changes, KSB is once again recommending a policy change.

Option 1 is a significantly pared-down version of the 2020 policy, which maintains the required substance in a simplified version. We have also improved this policy based on our five years of experience addressing Title IX complaints under the framework instituted by the previous Trump administration. We believe this policy would satisfy any requirements required by a Trump-led Office of Civil Rights.

Option 2 is a more aggressive option. This version is based on a close reading of the court decision that struck down the 2024 regulations, part of which rested on a rationale that vacating the 2024 rule would "'cause a return to the status quo' that existed for more than 50 years prior to its effective date." KSB believes the basis for this recent decision suggests that the 2020 regulations contain similar flaws. Thus, this policy focuses on the clear mandate laid out in federal statute and court decisions that require public school districts to respond to allegations of sexual harassment in their education programs and activities promptly and in a way that is not deliberately indifferent. This option is no less rigorous in requiring schools to be responsive, but it is less detailed and proscriptive in the granular procedures dictating *how* schools respond. This option allows for maximum flexibility in investigations, in exchange for undertaking some risk that the

procedures that the school district employees may not strictly comply with a hyper-technical reading of the 2020 regulations.

We will have additional Title IX guidance and forms available on the portal based on the option your board elects to assist your Title IX team comply with your board's choice.

One of these policies is required. Please note that your handbooks must include the version of this policy that your board selects (and our handbook redlines will have a prompt for adding the policy option your board chose as you update them).

REVISION OF POLICY 4051: STAFF AND DISTRICT SOCIAL MEDIA USE

The last time we reviewed this policy, X was called Twitter. In light of the changes in the social media landscape and recent court cases addressing official government accounts, it's time for some updates.

We have proposed a host of relatively small and simple tweaks, but they are important. For example, we have added more detail, differentiating between personal and school-owned accounts. We've clarified staff use of social media for instructional purposes. We address "tagging," where the school accounts are tagged or mentioned in outside posts to increase traffic to the post.

We have also updated the relevant rules for deleting comments, blocking posts and users, and banning outside users on school-owned accounts. It's important to note that this policy has always prohibited school-owned accounts from having comments "on" unless approved by the superintendent. When you enable comments, you take the bitter with the sweet. If you have not been following that part of the policy, now is a good time to review your practices and expectations for staff administering these accounts. If your practices differ from the policy, you should either change those or work with us to change the policy. There has been a lot of recent court action on the First Amendment rights of users interacting with individual school official accounts, like board members, and school-owned accounts operated by school employees.

These changes are required.

REVISION OF POLICY 4057: SUPERINTENDENT EVALUATION

We have amended this policy to eliminate the provision that required the superintendent evaluation to occur at a board meeting. You may still evaluate the superintendent at a board meeting if you wish, but now you may also conduct the evaluation with the board president and superintendent, with a committee of the board and superintendent, or any other way you deem appropriate.

Note that if your board decides to conduct the evaluation outside of a board meeting, you should review your superintendent contract, as well.

This change is highly recommended.

REVISION OF POLICY 4059: BEHAVIORAL AND MENTAL HEALTH TRAINING

We have revised this policy to remove the requirement that the training be at least one hour. Now, the length of the training is "a reasonable amount as determined by the school board." We have also added the statutory list of topics that may be covered in the training.

This change is required.

REVISION OF POLICY 5001: COMPULSORY ATTENDANCE AND EXCESSIVE ABSENTEEISM - TRADITIONAL APPROACH

This policy has been revised to provide clearer procedures for the Attendance Officer to follow in responding to excessive absenteeism. The policy previously referred to external procedures that were inconsistently developed and adopted.

This change is required.

REVISION OF POLICY 5015: PROTECTION OF PUPIL RIGHTS AND POLICY 5018: PARENT INVOLVEMENT IN EDUCATION PRACTICES

During the 2024 session, the Unicameral amended sections 79-530 through 79-533 through LB 71 to give parents, guardians, and educational decisionmakers greater access to information about and involvement in educational practices. Those changes are reflected in this policy. Additionally, the current Unicameral again amended section 79-532 through LB 428 to add various requirements related to surveys administered by the school. These changes include allowing parents to obtain copies of the surveys through various methods as well as the ability to exempt their children from participating in the surveys.

This policy must be adopted by July 1, 2025. The policy must be developed with parental input from parents, guardians, and educational decisionmakers. It must be the subject of a public hearing before the school board before adoption by the board. As previously required, the policy must be reviewed annually and either altered and adopted as altered or reaffirmed by the board following a public hearing. Any public hearing must include a reasonable opportunity for public comments.

The school district must make the policy accessible on the school district's website by August 1, 2025. The policy must be accessible by a "prominently displayed" link on the website. If the policy is altered, the new version of the policy shall be made accessible within a reasonable time thereafter.

Finally, the school district must continue to comply with the PPRA survey requirements. This means schools must comply with Policy 5015 (federal law requirements) and Policy 5018 (state law requirements) when administering surveys.

This change is required.

REVISION OF POLICY 5016: STUDENT RECORDS

The introductory paragraph of this policy clarifies that "student records" generally do not include transitory communications such as emails, text messages, handwritten notes between school and home, and similar items. These types of communications are not typically maintained by the district.

Following that introduction, the policy presents three different options for the board to consider regarding what types of records the district will officially "maintain." Recently, we have seen a noticeable increase in requests from parents asking for complete copies of their children's student records. At the same time, the rise in digital communication has complicated decisions about whether emails and text messages should be included in those records.

To address this, we have added a consistent reminder in each of the three options regarding what it means for the district to "maintain" a record. This serves as a clarification for both parents and school officials that, regardless of which option the board selects, the general rule excluding most emails and texts from the definition of "student records" still applies.

This change is highly recommended.

REVISION OF POLICY 5031: STUDENT APPEARANCE

Section 79-2,158 requires each school district to adopt a written dress code and grooming policy to be implemented at the start of the 2025-26 school year that is consistent with the model policy developed by the State Department of Education. We've revised our policy to be consistent with the Department's model policy (don't shoot the messengers), though hopefully a bit more concise.

This change is required.

ELIMINATION OF POLICY 5034: HANDBOOKS NOW "INTENTIONALLY LEFT BLANK"

The policy has been combined into policy 3026 and is now eliminated.

This change is required.

REVIEW OF POLICY 6025: STUDENT CELL PHONE AND OTHER ELECTRONIC DEVICES

LB 140 requires schools to have policies prohibiting the use of cell phones and other electronic devices while at school or attending a "school instructional function." Of course, that term is not defined. We assume they are talking about field trips and other off-site curricular activities, not extracurricular activities.

However, the bill also allows boards and administrators to permit use of cell phones when "determined appropriate." So you "shall" have a ban but may deem any use appropriate. Consequently, we have not proposed any changes to policy 6025, because all of those options remain lawful.

As a result, we believe some schools will keep their current policy in place heading into 25-26. Here's the issue. LB 140 says, "The development of the policy shall include stakeholder participation to ensure that such policies are responsive to the unique needs and desires of students, parents, and educators in each community." It's unclear what that means if you already have a policy in place that was approved at a public meeting. The law does not require the formation of a committee or that you prospectively seek input now. It ties that input to the "development" of a policy, not any future amendment.

Here's our opinion on your options. If you solicited stakeholder feedback when developing your policy initially, or if staff, students, and parents provided input voluntarily at that time, we believe it would be lawful to simply move forward without seeking additional feedback or even reapproving the policy you have in place. For example, we know some schools conducted a stakeholder survey or invited stakeholders to board meetings if they had input when creating the policy. We believe that is sufficient to meet the requirements of LB 140.

If you did *not* receive stakeholder feedback initially, you have two choices. First, you could intentionally reach out for feedback in some way now, such as via survey, ad hoc working group, or to specific individuals whose input you think would be helpful. After obtaining that feedback, you could then reapprove the policy as it exists or with any amendments you see fit. We're happy to help with those. Second, you could take the slightly more aggressive approach that, because the policy was approved at a duly noticed

public board meeting with the policy on the agenda, stakeholders had an opportunity for feedback at that time. In our view, this is as much a political question as a legal one.

The bill also has 5 listed exceptions that schools must make to any restrictions on cell phone and device use. They are not required to be in the policy. Some of the exceptions we already include in our 4 policy options, such as use by a student when deemed necessary because of a disability accommodation, like a student with diabetes who uses a phone to monitor their levels.

One particular exception that could prove tricky permits students to use cell phones regardless of the strength of the school's ban in cases of "emergencies and perceived threats of danger." Of course, those terms are not defined, nor is it clear who decides what constitutes an emergency or threat. We have elected not to bring attention to this exception for fear that every student and parent will argue that the exception applies to them. You may see other policies throughout the state that list all of these exceptions, so we wanted to let you know it does exist and explain our rationale for not suggesting changes to our current policy options.

No changes required, but you must consider whether you met the requirement to obtain stakeholder input when your policy was developed.

REVISION OF POLICY 6031: EMERGENCY EXCLUSION

The policy had a discrepancy in the hearing request section. We aligned those timelines, which are already shortened to comply with the expedited hearing obligations under the emergency exclusion statute.

This change is required.

REVISION OF POLICY 6034: CONCUSSION AWARENESS

The policy requires updating to remove specific references to guidances and training that have since been updated. Review the approved trainings from DHHS and the NDE Brain Injury Support page for all updated materials.

This change is required.

NEW POLICY 6044: PARTICIPATION AND ASSIGNMENT OF ATHLETIC TEAMS

LB 89 establishes the Stand with Women Act. Originally, the bill would have required schools to designate locker rooms, bathrooms, and athletic teams based on sex as male, female, or coed. As the bill progressed, it was amended to include only requirements for designating athletic teams and limiting participation in athletics based on sex. The law defines sex in terms of reproductive organs and functions. The law also requires every school to have a policy implementing the new requirements.

There are a few other items to note. While the bill eliminated explicit provisions for bathrooms and locker rooms, it does require the policy to address the "conduct of visitors and the public." We are not sure what that means, because there is no explanation in the bill. We assume that is a nod of deference to existing policies and practices as it relates to things like restrooms that patrons and visitors can use when on school grounds. For that reason, we have simply said all visitors and members of the public shall comply with existing policies and law.

This policy is required *if LB 89 becomes law*.

NEW POLICY 6045: BEHAVIORAL INTERVENTION

Section 79-262.01 requires school districts to develop and adopt a policy consistent with or comparable to the model policy developed by the State Department of Education. We went with "comparable to" and tried to draft a policy that won't be too onerous compared to common and best practices we've seen prevalent across the state.

This policy is required.

Form Changes

Public Participation Rules for Public Comment

We've updated these rules slightly in light of some recent court decisions regarding public comment at school board meetings. However, the changes are not major. Recently, the Nebraska Attorney General's office representatives have shared informally that they believe public comment at board meetings can be limited to items on the board's agenda. We do have some concerns about that informal guidance in light of published decisions that say the opposite, but if your board is interested in exploring that limitation, give one of us a call to talk through that option.

Application for Employment

We reviewed LB 144 and determined that no changes to the employment application form are required. LB 144 revised the definition of spouse of a veteran and added language regarding the preference eligibility for the spouse of a service member. As such, we recommend reviewing the statutory standard and definition if you receive an application indicating veteran preference.

Title IX

For schools selection Option 1 for their Title IX policy, we will have updated forms and refresher training available this summer. In the meantime, if you receive a Title IX complaint prior to the start of next school year, give us a call to talk through your response options regardless of the policy you chose.

Other Issues To Consider

LB 306

Apparently, this bill has 9 lives. On May 21, it appeared dead. On May 22, it was revived. We will continue to monitor it along with any amendments. When AM1440 was discussed on May 21, only the LB 550 (religious instruction) section seemed to implicate a policy change. Even then, it said a school "may" adopt a policy. We simply don't yet know if this bill and any others amended into it will pass, or if the wording will remain the same. The

sections on funding 3 weeks of FMLA leave and restrictions on superintendent employment, for example, would not require policy changes but would require schools to consider their responses to those new provisions.

LB 390: Parent Right to Access School Library Materials

LB 390 (approved by the Governor on April 14, 2025) requires each school board of a public school district to adopt a policy relating to access by a parent, guardian, or educational decisionmaker to certain school library information. The new policy will provide parents, guardians, and educational decisionmakers the right to access a catalog of all books in the school district's library and the right to receive certain notifications when their student checks out a library book.

The deadline for adopting this policy is "for implementation at the beginning of the 2026-27 school year." We will provide you our recommended policy that complies with LB 390 with our 2026 annual updates.

LB 457: ANAPHYLAXIS POLICIES

LB 457 directs the Department of Health and Human Services, in consultation with the State Department of Education, to develop model anaphylaxis policies available for use in school districts and licensed child care programs setting forth guidelines and procedures to be followed for the prevention of anaphylaxis and during a medical emergency resulting from anaphylaxis.

On or before July 1, 2026, each school district must adopt a written policy to address incidents of anaphylaxis involving students at school. A school board may use the model policy mentioned above as a guide. The policy must not conflict with or hinder the implementation of an individualized anaphylaxis plan of a student and must be consistent with section 79-224 relating to self-management by a student.

Next year, we will review the policy developed by NDHHS and NDE and determine if we will revise Policy 5053 - Self-Management of Diabetes or Asthma/Anaphylaxis.

FAIR Leave Act (Modifying FMLA)

Under the FMLA, if both spouses work for the same employer, they are required to split the (up to) 12 weeks FMLA leave for things like bonding time with a newborn or adopted child or to care for a family member with a serious health condition. The "FAIR Leave Act" introduced in the House would eliminate this restriction. For example, if you employ two teachers who have a newborn, both would be permitted to take up to 12 weeks for bonding time. This bill is separate from what's happening with paid leave in the Unicameral. We will monitor the bill and provide updates, including an updated policy, if it advances.

Children's Online Privacy Protection Rule (COPPA) 2.0

The Federal Trade Commission's 2025 proposed amendments to the Children's Online Privacy Protection Rule (COPPA), AKA "COPPA 2.0," aim to modernize protections for children under 13 based on the changes in the tech world which have occurred since the last amendments to COPPA in 2013. The amendments take effect June 23, 2025. To note, while these amendments do not directly apply to schools, they may impact how schools interact with EdTech companies who provide classroom technologies, resources, and apps.

In the 2024 Notice of Proposed Rulemaking, the FTC proposed codifying a school authorization exception to parental consent and also new definitions of "school" and "school-authorized education purpose." However, in the Final Rule, the FTC chose not to finalize these EdTech-specific amendments which would impact schools. With the possibility of amendments to FERPA in the future, the Commission decided to wait to change any language regarding EdTech and schools within COPPA 2.0. For our schools, this means that the existing interpretation, where schools may consent on behalf of parents for the use of EdTech tools, so long as the information is used exclusively for educational purposes and not for commercial gain, remains in effect. Schools will also see enhanced notices from EdTech companies regarding how data is collected and utilized by these companies. We encourage you to review the notices received.

Because schools utilize technology and software that record a child's voice (e.g., speech to text), one of the new exceptions to parental consent requirements found in COPPA 2.0 is helpful. It allows operators to collect audio files containing a child's voice and no other personal information solely to respond to a child's specific request, provided the file is not used for any other purpose, is not disclosed, and is deleted immediately. Other finalized

revisions include reinforced data minimization standards, which limit the use of persistent identifiers and restrict data collection. The definition of "personal information" has been expanded to include biometric identifiers such as facial recognition data, voiceprints, and fingerprints. Once the law is finalized, we will blog about any specific guidance the FTC may release regarding EdTech and parental consent. If you would like light reading materials to lull you to sleep, the proposed commentary and rule is available here.

KSB Superintendent Evaluation Platform

We are also pleased to announce that the KSB Superintendent Evaluation Platform is now live and available for use. This platform was designed specifically to align with Nebraska law and best practices, offering boards a streamlined, legally sound, and customizable way to conduct superintendent evaluations. Subscribers will be able to access the platform through the KSB portal. We have a summary of the platform's features and a short video about it available here. If you have questions about getting started or would like more information, please don't hesitate to reach out.

CONCLUSION

It is all too easy to adopt policies that look good but that do not actually reflect how the school operates or assist the school in accomplishing its goals. Every year we stress that it is very important to us to give you a working, useful set of policies and a continuing ***policy service***. For our Complete Service subscribers, there is no additional charge for revisions to our policies or consultation about them. Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.

2. The second step is for the complainant to speak to the building principal, coordinator, superintendent, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.

    a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.

c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may be submitted to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

a) Determine whether the complainant has discussed the matter with the respondent.

1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.

2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

b) Strongly encourage the complainant to reduce his or her concerns to writing.

c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

1) All relevant details of the complaint;

2) All witnesses and documents which the complainant believes support the complaint;

3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.

a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that

may involve oversight or discipline of students, staff, or others, unless those involve allegations against the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

a) When the complaint is about a board policy, not implementation of the policy;
b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

d) This appeal must be in writing.

e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated the decision to the complainant.

f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint or appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

g) The board president will notify the complainant and any other person legally required to receive the decision in writing of the decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.

h) There is no appeal from any decision of the board unless authorized by law.

6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

   a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

   b) Determine whether the complainant has discussed the matter with the superintendent.

      1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.

      2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

   c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.

   d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of

command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent or board president without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

~~A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred~~Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.

2. The second step is for the complainant to speak to the building principal, coordinator, superintendent, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.

    a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.

c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may be submitted to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

a) Determine whether the complainant has discussed the matter with the respondent.

1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.

2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

b) Strongly encourage the complainant to reduce his or her concerns to writing.

c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

1) All relevant details of the complaint;

2) All witnesses and documents which the complainant believes support the complaint;

3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal. ~~This provision applies to appeals under the board's policies governing complaints of discrimination or harassment, including Title IX and any other policy with a separate grievance or complaint procedure, unless that other procedure includes its own appeal process. All requirements for appeals within any other policy apply, and in addition to those requirements, the following also apply.~~

a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the

complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve allegations against the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

   a) When the complaint is about a board policy, not implementation of the policy;
   b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
   c) When the board is required by law, policy, or contract to hear a complaint or appeal.

   If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

   d) This appeal must be in writing.

   e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated the decision to the complainant.

   f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint or appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

   g) The board president will notify the complainant and any other person legally required to receive the decision in

writing of the decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.

h) There is no appeal from any decision of the board unless authorized by law.

6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

b) Determine whether the complainant has discussed the matter with the superintendent.

1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.

2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.

d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide

the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. Publication Procedure if the Newspaper Will Not Be Finalized for Printing Prior to the Time and Date of the Meeting. Notice of regular and special meetings shall be (1) posting on the newspaper's website, if available, and (2) posting on a statewide website established and maintained as a repository for such notices by a majority of Nebraska newspapers if no edition of a newspaper of general circulation within the school district's jurisdiction is to be finalized for printing prior to the time and date of the meeting.

Newspapers of general circulation in the district include the _____. Such notice shall contain a statement that the agenda

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. **Purchases up to $10,000 (Micro-Purchases)**

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed $10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. **Purchases between $10,000 and $250,000 (Simplified Acquisition Procedures)**

Simplified acquisitions are purchases that, in the aggregate amount, are more than $10,000 and less than $250,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. **Purchases Over $250,000**

a) Sealed Bids (Formal Advertising)

For purchases over $250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over $250,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of $250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. **Noncompetitive Proposals (Sole Sourcing)**

a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

1) The procurement transaction can only be fulfilled by a single source;

2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;

3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or

4) After solicitation of a number of sources, competition is determined inadequate.

b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.

c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds $250,000.

5. **Competitive Proposals.**

a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;

2) Proposals must be solicited from an adequate number of qualified sources; and

3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.

c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over $25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.

2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of $25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or $10,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

capitalization level established by the District for financial statement purposes or $10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or "peripherals") for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:

    a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and

    b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;

4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of $10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to $500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

Commented [1]: 2 CFR Part 200, Subpart E

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

(1) Are verifiable from the non-Federal entity's records;
(2) Are not included as contributions for any other Federal award;
(3) Are necessary and reasonable for accomplishment of project or program objectives;
(4) Are allowable under subpart E (Cost Principles) of this part;
(5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
(6) Are provided for in the approved budget when required by the Federal awarding agency; and
(7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

(1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
(2) Be incorporated into official records;
(3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
(4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
(5) Comply with the established accounting policies and practices of the District and
(6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).
The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

    a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

3004.1
Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. **Purchases up to $10,000 (Micro-Purchases)**

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed $10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. **Purchases between $10,000 and $250,000 (Simplified Acquisition Procedures)**

Simplified acquisitions are purchases that, in the aggregate amount, are more than $10,000 and less than $250,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. **Purchases Over $250,000**

a) Sealed Bids (Formal Advertising)

For purchases over $250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over $250,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of $250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. **Noncompetitive Proposals (Sole Sourcing)**

a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

1) The procurement transaction can only be fulfilled by a single source;

2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;

3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or

4) After solicitation of a number of sources, competition is determined inadequate.

b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.

c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds $250,000.

5. **Competitive Proposals.**

a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;

2) Proposals must be solicited from an adequate number of qualified sources; and

3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.

c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over $25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.

2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of $25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or $10,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

    b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of $10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to $500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

Commented [1]: 2 CFR Part 200, Subpart E

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

(1) Are verifiable from the non-Federal entity's records;
(2) Are not included as contributions for any other Federal award;
(3) Are necessary and reasonable for accomplishment of project or program objectives;
(4) Are allowable under subpart E (Cost Principles) of this part;
(5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
(6) Are provided for in the approved budget when required by the Federal awarding agency; and
(7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

(1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
(2) Be incorporated into official records;
(3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
(4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
(5) Comply with the established accounting policies and practices of the District and
(6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).
The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

    a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to

facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

Record Management and Retention

The school district will comply with all federal record retention requirements, the Nebraska Records Management Act, and with Schedules 10 and 24 of the Nebraska Secretary of State's Records Management Division. These requirements apply to both physical and digital records. When permitted by Schedule 10 and Schedule 24 of the Nebraska Secretary of State's Office, records will be transferred to durable electronic media for long-term storage.

Special Rules Related to Electronic Forms of Communication. Electronically stored information such as e-mail, instant messaging, and other electronic communication are important to the district's overall operation. E-mail and other forms of electronic communication which is subject to retention under the Nebraska Records Management Act may be moved to a storage method other that their original format. Each individual who creates or receives electronic communications that belong to or pertains to the operation of the district is responsible for determining whether and in what format those records must be maintained. Duplicate records may be destroyed at any time prior to the approved retention period. Staff members who are uncertain about whether a record should be retained should consult with their supervising administrator.

Due to the nature and volume of forms of electronic communication related to the operation of the district, transitory or multiple copies of electronic communication will be retained with metadata intact for 30 days. After this time, the electronically stored information with metadata intact shall be subject to overwriting or deletion from the district's electronic files and records, except as otherwise required by these polices or state and federal law.

School-affiliated Social Media Posts. Communication on school-affiliated social media accounts are considered short-term communications pursuant to the Records Management Act. As such, they will be retained in their original form on the vendor's system and will not be deleted by the user for at least 6 months. Individuals who are uncertain as to whether a specific social media account is "school-affiliated" should refer to the Board's policy on Staff and District Social Media Use contained elsewhere in these policies.

Special Rules Related to Security Camera Footage. Video footage from security cameras is generally considered working papers under the Records Management Act, and will be overwritten consistent with the district's audio and video recording policy. Video footage which captures an event of

educational or behavioral significance and contains personally-identifiable information will be maintained by the school district pursuant to its policy on student records.

Student Records. The retention of student records is also governed by the board's policy on student records.

Records Regarding Pending or Threatened Litigation. When litigation against the district or its employees is filed or threatened, the district will take all reasonable action to preserve all documents and records that pertain to the issue. When the district is made aware of pending or threatened litigation, a litigation hold directive will be issued by the superintendent or his/her designee. The directive will be given to all persons suspected of having records that may pertain to the potential issues in the litigation. The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted.

Federal Award Records. The district will retain federal award records as required by 2 C.F.R. § 200.334. This includes retaining all federal award records for three years from the date of submission of their final financial report. Option 1 - use if the district uses subscription Google Apps but has not activated Vault: Due to the nature and volume of forms of electronic communication related to the operation of the district, transitory or multiple copies of electronic communication will be retained with metadata intact for 30 days. After this time, the electronically stored information with metadata intact shall be subject to overwriting or deletion from the district's electronic files and records, except as otherwise required by these polices or state and federal law.

Option 3 – use if the district uses Office 365: Office 365 allows your system administrator to tailor complete data retention policies for data and communications inclusive of the Office 365 sphere. You will need to check with your system administrator to see how he or she has set the retention for

electronically stored information. If the system administrator has selected the minimum retention options, you can adopt Option 1 above and if the system administrator has selected complete retention, you can adopt the following: The district will archive all Office 365 data with metadata intact, except for instant messaging which users determine to be transitory. For a project, in whole or in part, for water, wastewater, utility, or sewer construction, the resolution shall include a statement that the District has made a determination that the design-build contract delivery system is in the public interest based, at a minimum, on one of the following criteria: (a) Savings in cost or time or (b) requirement of specialized or complex construction methods suitable for the design-build contract delivery system.

III. **Selecting and Hiring a Performance-Criteria Developer (PCD)**

A. **Selecting the Most Qualified PCD for Contract Negotiations.** The required procedures for selecting the most qualified PCD for contract negotiations differ depending on the magnitude of the District's estimate of the project's basic construction cost, as described in this section A.

1. **Project Cost $896,000 and Below.** For a project whose basic construction cost is estimated by the District to be $896,000 or less, the District will use the following procedures for identifying the most qualified PCD:

a. The Superintendent will solicit statements of qualification from potential PCDs. Such solicitation shall include a general description of the project and shall indicate how interested individuals or firms can apply for consideration by the District. The Superintendent may, but is not required to, give public notice of such solicitation.

b. Based on the statements of qualifications and any other relevant information that the Superintendent receives, the Superintendent shall make a finding identifying the applicant most qualified to serve as the PCD for the project based on the applicant's capabilities to perform, adequacy of personnel, past record and performance, experience, and such other factors as may be determined by the Superintendent to be applicable to the District's particular requirements for the project.

c. Following such finding, the Superintendent shall recommend to the Board that it negotiate a contract with the applicant so identified.

2. **Project Cost in Excess of $896,000.** For a project whose basic construction cost is estimated by the District to exceed $896,000, the District will use the following procedures for identifying the most qualified PCD:

   a. The District will encourage individuals or firms who desire to provide professional services to the District as its PCD for the project to submit a statement of qualifications. At least fifteen (15) days prior to the deadline to respond, the District will publish notice in a newspaper of general circulation in the District that it is seeking a PCD for a design-build project. The notice shall include the following:

      i. A general description of the project;

      ii. How interested firms can apply for consideration by the District; and

      iii. The date by which individuals or firms must submit their statements of qualifications; and

      iv. A statement that any individual or firm applying for consideration by the District must obtain a copy of the District's Design-Build Contract Policy from the Superintendent.

   b. To apply to be the District's PCD, applicants must submit a current statement of qualifications to the District. The statement of qualifications must include evidence that the applicant is licensed or certified to practice architecture or engineering pursuant to the NEARA. Applicants must update any information provided to the District to reflect any changed conditions of the applicant.

   c. Applicants shall first be certified by the Superintendent as qualified to act as a PCD for the District. In order to certify an

applicant, the Superintendent shall make a finding that a PCD is fully qualified to render the required service. Factors to be considered in making this finding shall include capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; equipment and facilities; promptness; the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it in accordance with its terms.

d. The Board will evaluate each qualified applicant's statement of qualifications and any other relevant the District has received. The Board will conduct discussions with, and may require public presentations by, at least three applicants regarding their qualifications, approach to the project, and ability to furnish the required service.

e. The Board will select, in order of preference, at least three applicants deemed to be most highly qualified to perform the required services after considering the factors identified above.

B. **Negotiating a Contract with the PCD.** The Board shall negotiate a contract with the most qualified applicant (identified via the procedures above) for professional services at compensation that the Board determines is fair and reasonable. In making such determination, the Board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For all lump-sum or cost-plus-a-fixed-fee professional service contracts, the Board shall require the applicant receiving the award to execute a certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required shall contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which Board determines the contract price had been increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within one year following the end of the contract.

1. **Prohibition Against Contingent Fees.** The contract between the District and the PCD must contain a prohibition against contingent fees as follows: "The PCD warrants that it has not employed or retained any company or person, other than a bona fide employee

working solely for the PCD, to solicit or secure this agreement and that the PCD has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the PCD, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or the making of this agreement." Upon violation of such provision, the District shall have the right to terminate the agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, or consideration.

C. **Effect of Unsuccessful Negotiations**

1. If the Board is unable to negotiate a satisfactory contract with the applicant to be the most qualified at a price the Board determines to be fair and reasonable, negotiations with that applicant shall be formally terminated. The Board shall then undertake negotiations with the second most qualified applicant. If the Board fails to reach an agreement with the second most qualified firm, the Board shall terminate negotiations with such applicant. The Board shall then undertake negotiations with the third most qualified applicant.
2. If the Board is unable to negotiate a satisfactory contract with any of the selected applicants, the Board shall either select additional applicants in order of their competence and qualification and continue negotiations in accordance with this policy until an agreement is reached or review the agreement under negotiation to determine the possible cause for failure to achieve a negotiated agreement.

D. **Board-Designated Committee.** The Board may may designate a committee to carry out any or all of the Board's duties under this PCD selection and hiring section of this policy, provided that the Board must approve any agreement with an applicant prior to its execution. Any such committee must have among its membership at least one person who is licensed to practice architecture or engineering pursuant to the NEARA.

E. **Open Meetings Act.** The public shall not be excluded from the meetings or proceedings under this section in accordance with the Open Meetings Act.

F. The PCD is ineligible to be included as a provider of any services in a Proposal for the project on which it has acted as PCD.

G. The PCD is prohibited from being employed by or having any financial or other interest in a Design-Builder that will submit a proposal.

IV. Pre-Qualifying Design-Builders

3. The architect or engineer engaged by the Design-Builder to perform the architectural or engineering work with respect to the design-build project will have direct supervision of such work and may not be removed by the Design-Builder prior to the completion of the project without the written consent of the Board;

4. A Design-Builder offering design-build services with its own employees who are design professionals licensed to practice in Nebraska will (a) comply with the NEARA by procuring a certificate of authorization to practice architecture or engineering and (b) submit proof of sufficient professional liability insurance; and

A. **Definitions**. For this section on "Formal Protests Related to the Solicitation of Execution of D-B Contracts" the following definitions apply:

1. **Interested party** shall mean an actual or prospective Design-Builder whose direct economic interest would be affected by the award of a contract by the District to another party or by the failure of the District to award a contract to such actual or prospective Design-Builder.

2. **Protest** shall mean a written objection by an interested party on any phase of the bidding procurement process, including specification, preparation, performance criteria development, RFP, pre-qualification, ranking, contract negotiations, and award.

B. **Right to Protest**. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after the event giving rise to the protest. Protests based on alleged apparent improprieties in a solicitation or other request for Proposals must be filed before Proposal opening or the deadline for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the Design-Builder. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

1. The name and address of the interested party;

2. Appropriate identification of the relevant solicitation, and if a Proposal has been opened, its number, and date of opening;

3. A detailed statement of reasons for the protest;
4. Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
5. The action(s) the protestor desires the District to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The District shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the District.

C. **Authority to Resolve Protests**. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other Design-Builders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.

D. **Board Appeal Procedures**. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The Board shall consider the Decision of the

Superintendent and shall make the final decision on the protest. The Board's decision shall be final.

XI. **Refinements and Changes**. A D-B Contract may be conditioned upon later refinements in scope and price and may permit the District in agreement with the Design-Builder to make changes in the project without invalidating the D-B Contract. Later refinements shall not, however, exceed the scope of the project statement contained in the RFP.

XII. **Adherence to Performance Criteria**. Throughout the project, the PCD shall remain engaged on the project and shall be responsible for monitoring the Design-Builder's adherence to the Performance Criteria in the Design-Builder's performance of the D-B Contract. Upon PCD's observation that the Design-Builder's performance of the D-B Contract has or is reasonably likely to materially diverge from the Performance Criteria, the PCD shall promptly notify the District of such observation and the basis for the same.

XIII. **Projects Excluded**. The District shall not use a Design-Build Contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

~~A. Definitions.~~

A. **Definitions**. For this section on "Formal Protests Related to the Solicitation of Execution of D-B Contracts" the following definitions apply:

1. **Interested party** shall mean an actual or prospective ~~bidder~~Design-Builder whose direct economic interest would be affected by the award of a contract by the District to another party or by the failure of the District to award a contract to such actual or prospective ~~bidder~~Design-Builder.
2. **Protest** shall mean a written objection by an interested party on any phase of the bidding procurement process, including specification, preparation, ~~bid solicitation~~performance criteria development, RFP, pre-qualification, ranking, contract negotiations, and ~~intent to~~ award.

B. **Right to Protest**. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after ~~public notice of~~ the ~~bid.~~event giving rise to the protest. Protests based on alleged apparent improprieties in a solicitation or other request for ~~proposals~~Proposals must be filed before ~~bid~~Proposal opening or the ~~closing date~~deadline for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the ~~design-builder.~~Design-Builder. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

1. The name and address of the interested party;
2. Appropriate identification of the relevant solicitation, and if a ~~bid~~Proposal has been opened, its number, and date of opening;
3. A detailed statement of reasons for the protest;
4. Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
5. The action(s) the protestor desires the ~~school district~~District to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the

contract should be suspended. The ~~school district~~District shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the District.

C. ~~C.~~ **Authority to Resolve Protests**. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other ~~bidders.~~Design-Builders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.

D. ~~D.~~ **Board Appeal Procedures**. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. ~~The school district board of education~~The Board shall consider the Decision of the Superintendent and shall make the final decision on the protest. ~~The school district board of education's~~The Board's decision shall be final.

~~VIII.~~XI. **Refinements and Changes**. A ~~DB~~D-B Contract may be conditioned upon later refinements in scope and price and may permit the District~~,~~ in agreement with the Design-Builder~~,~~ to make changes in the project without invalidating the ~~DB~~D-B Contract. Later refinements shall not, however, exceed the scope of the project statement contained in the RFP.

XII. **Adherence to Performance Criteria**. Throughout the project, the PCD shall remain engaged on the project and shall be responsible for monitoring the Design-Builder's adherence to the Performance Criteria in the

Design-Builder's performance of the D-B Contract. Upon PCD's observation that the Design-Builder's performance of the D-B Contract has or is reasonably likely to materially diverge from the Performance Criteria, the PCD shall promptly notify the District of such observation and the basis for the same.

~~IX.~~XIII. **Projects Excluded**. The District shall not use a ~~design-build contract~~Design-Build Contract for any construction project excluded by NEB. REV. STAT. ~~———~~§ 13-2914 or any other applicable law.

Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.

2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.

3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.

4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be "the official" account of the school district (e.g., "Cougar Wrestling"), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.

2. Staff are required to provide their supervising administrator with the username and password to school-affiliated social media accounts.

3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.

4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections. They are also not allowed to make any press releases or other official communications on behalf of the district without prior administrative approval. In other words, staff do not speak "for the district" directly or indirectly unless specifically authorized and directed to do so.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board's policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for school-related communication with fellow educators, parents, and patrons. Student communication must be consistent with the district's professional boundaries policies and expectations.

2. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter. This includes spotting AI-generated content, fakes, spoofs, and discerning the quality and reliability of content.

C. Unacceptable Use

1. Staff shall never access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.

2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.

3. Staff shall not access social media networking sites such as Facebook, X, Instagram, Snapchat, and TikTok on school-owned devices or during school time unless permitted by district policy or preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media

applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, blogs, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages or tags or links to official school accounts on another account may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, lascivious, true threat, or appeals to prurient interests;

2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;

3. Contains fighting words or content that is threatening, harassing, or discriminatory;

4. Advocates, promotes, or encourages the use of drugs, alcohol, or other prohibited substances;

5. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or

6. Contains any other threat to the safety of students and staff.

The district may restrict access to its official accounts for violations of these rules, such as deleting comments or prohibiting comments. Accounts that are not official school accounts are those owned and operated by board members and employees for their personal use, even if they discuss school matters.

Every official school account administrator must keep a copy of any removed content or banned/blocked individual account and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, blogs, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages or tags or links to official school accounts on another account may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, lascivious, true threat, or appeals to prurient interests;

2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;

3. Contains fighting words or content that is threatening, harassing, or discriminatory ~~words or phrases~~;

~~3.~~4. Advocates, promotes, or encourages the use of drugs, alcohol, or other prohibited substances;

~~4.~~5. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or

~~5.~~6. Contains any other threat to the safety of students and staff.

The district may restrict access to its official accounts for violations of these rules, such as deleting comments or prohibiting comments. Accounts that are not official school accounts are those owned and operated by board members and employees for their personal use, even if they discuss school matters.

Every official school account administrator must keep a copy of any removed content or banned/blocked individual account and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

Compulsory Attendance and Excessive Absenteeism

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student
4. Death or serious illness of the student's family member

Commented [1]: This sample list is very liberal in what the school considers "excused." Schools that adopt this sample list will have very few students who accrue many "unexcused" absences. Boards may eliminate any of these categories of excused absence except for illness documented by a physician, suspension/expulsion and severe weather. Boards may also add additional requirements before an absence will be excused (e.g. require funeral card to verify family funeral, etc.)

5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

Excessive Absenteeism

When a student receives 10 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the attached procedure for addressing barriers to the student's attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer must file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Making Up Absences

When a student receives 10 unexcused absences or the hourly equivalent in any semester, the student shall be required to make up those absences through attendance in an after school program. Absences shall be made up at a rate of 15 minutes per hour.

Student Records

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as email, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records" also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

For purposes of the district's compliance with state and federal law, and subject to the limitations in the paragraph above, the district "maintains" student records which are printed and kept in the student's physical file or which school district staff have intentionally saved within the official school district digital student information system that specifically identifies the student for whom those records are maintained. The school district may also use learning management systems, which deliver and manage instructional content. The school district maintains student records within its student information system but not in its learning management system. The official school district student information system is Powerschool and SRS.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from

student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student

seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

Parent Involvement in Education Practices

For purposes of this policy, "parent" includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials ("curricular materials") as follows:

    a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.
    b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.
    c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.
    d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.

    a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

    b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.

3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.

    a. Parents must submit this request in writing to the building principal for consideration.

    b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.

    c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.

4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.

5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

   a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

   b. State Assessments

      State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

   c. National Assessment of Educational Progress

      As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

      The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

   a. The principal must approve all surveys intended to gather information from students before they are administered to students.

b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.

c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.

d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.

e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.

f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.

g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

The District reserves the right to request immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Altering a student's appearance or removing or altering a student's attire without consent from their parent/guardian/caregiver is not allowed. Additionally, students' hair should not be permanently or temporarily altered by school personnel.

Health and Safety Considerations. Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs,

Students may NOT use cellular phones or other electronic devices while at school during school hours.

Any student who is found to be in possession of any cellular phone, or other electronic device (AirPods, personally-owned tablet, gaming device, etc) during school hours is in violation of this policy and the student code of conduct.

Staff who discover students in possession of a cellular phone or electronic device while at school during the school day will immediately confiscate the device and turn it into the administration.

In addition to the disciplinary consequences imposed, a parent or legal guardian of the offending student must pick up the confiscated devices from the office in person. The administration will return the device to the parent or guardian, after meeting with the parent or guardian to discuss the rule violation.

Students who repeatedly violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including expulsion.

Emergency Exclusion

Grounds for Emergency Exclusion. Any student may be excluded from school in the following circumstances subject to the procedural provisions governing short term suspension found elsewhere in these policies or state law:

(a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or

(b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

Extension of Exclusion. Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for up to five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be made according to the procedures set forth below.

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing. The notice shall include notice of a recommended hearing examiner and an alternate hearing examiner for consideration by the parent(s) or guardian(s) if a hearing is requested.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit a request for a hearing on the proposed extension of the exclusion within one school day of receiving the notice of the proposed extension.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within one school day of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. The parent(s) or guardian(s) shall notify the superintendent within one school day of receiving notice of the recommended extension and proposed hearing examiner and alternate hearing examiner if the alternate hearing examiner is preferred.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within ten school days after the initial date of exclusion; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing

the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify. The school district shall make available to testify at the hearing any employee who is a witness to the matter upon request from the parent(s) or guardian(s).

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

a. Require all coaches and trainers to complete a training course approved by the Chief Medical Officer on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury.

b. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
    1 The signs and symptoms of a concussion;
    2 The risks posed by sustaining a concussion; and
    3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

a. has been evaluated by a licensed health care professional;

b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and

c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

a. the date and approximate time of the injury suffered by the student,

b. the signs and symptoms of a concussion or brain injury that were observed, and

c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual’s qualifications.

Students who have sustained a concussion and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. The school's "return to learn protocol" shall follow the model provided by the Nebraska Department of Education. Nothing in this policy or the referenced protocol shall entitle a student who has sustained a concussion to an individualized plan under Section 504 of the Rehabilitation Act, although staff will refer students who have sustained a concussion for evaluation under Section 504 as appropriate.

Behavioral Intervention

General Approach. The district utilizes a tiered system of support to foster a positive school climate and culture, encourage appropriate student behavior, and provide the necessary supports for academic and behavioral success.

Interaction with Student Discipline Policy. This policy does not replace the Student Discipline policy or limit the District's authority under the Student Discipline Act when behaviors warrant action under that policy or Act.

Classroom Removal. Students may be removed from the classroom if the student poses a threat to their own safety, the safety of others, or the environment or if the student's behavior is disruptive to the learning environment. When appropriate, prior to removal staff should consider the use of de-escalation techniques, behavior redirection, or other Tier 1 or Tier 2 or comparable interventions.

When classroom removal is appropriate, the District will consider whether the student requires additional support to transition back to the classroom and continue to monitor the student's behavior to adjust interventions and supports as needed.

Required Training. The School District, independently or through the educational service unit, will develop and provide behavioral awareness and intervention training to employees with behavioral management responsibilities. Each employee with behavior management responsibilities must complete the behavioral awareness and intervention training during the 2026-27 school year or during the first year of employment with the district. The length of such training will be at least 1 hour.

Behavioral Awareness Point of Contact (BAPC). Each school building must designate one or more school employees as a BAPC. Each BAPC must have knowledge of community services providers and other resources available for students and families. Each BAPC must coordinate access to support services for students.

The BAPC will be identified on the district website and in the school directory.
