

Saline County Board of Commissioners

Meeting Agenda

AGENDA

SALINE COUNTY BOARD OF COMMISSIONERS

SALINE COUNTY COURTHOUSE

Wilber, NE

9:30 AM

DATE: February 16, 2021

This agenda is kept on a daily basis and may change from day to day as requests come in to the County Clerk's office. Requests to be on the agenda must be in the County Clerk's office 24 hours prior to the start of the meeting as stated above. This agenda is considered current on the day of the meeting and cannot be changed or altered except for an emergency.

The Board reserves the right to go into executive session if such session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual.

ROLL CALL

APPROVAL OF AGENDA

APPROVAL OF MINUTES OF THE PREVIOUS MEETING

CITIZENS FORUM

CORRESPONDENCE

REPORT OF OFFICIALS

BUSINESS FOR ACTION

10:00 a.m. - Appreciation/Recognition of a Saline County Veteran

10:15 Discuss/Approve 4 year community plan for Saline County Youth Diversion

Approve the January 2021 County Clerk Fees - \$28,592.40

Approve the January 2021 Clerk of the District Court Fees - \$17,317.68

Approve the January 2021 Sheriff Fees - \$3,204.01 (Writ fees \$1,359.00; mileage \$1,125.01; Vehicle Inspections \$560.00 and Gun Permits \$160.00)

Discuss/Resolve Planning & Zoning Commission and Board of Adjustment By-Law Applicability

Gary Veprovsky - Request for action to be taken on the Planning & Zoning By-Laws and Regulations

Discuss possibly extend wind farm moratorium past February 28, 2021.

RESOLUTIONS TO TRANSFER FUNDS

Resolution #2021-018 - transfer \$78,000.00 from the Inheritance Fund to the General Fund to be reimbursed when funds become available

Resolution #2021-019 - transfer \$3,500.00 from the Inheritance Fund to the Juvenile Services Aid Program, to be reimbursed when funds become available

HIGHWAY SUPERINTENDENT - ROAD AND BRIDGE MATTERS

11:00 a.m. - Discuss and approve/disapprove Resolution accepting the One & Six Highway Improvement program for Saline County

Discuss and approve/disapprove change order for C-76(753) C007604215P.

Discuss and Approve/Disapprove Program Agreement and Resolution for County Bridge Match Program #5. Saline County Roads Department for Saline County Commissioner February 16, 2021 meeting. Discuss and approve/disapprove 3 items for surplus property.

11:30 COUNTY GENERAL ASSISTANCE AND CLOSED SESSION MATTERS

CLAIMS APPROVAL

1:00 - Appointed Official Annual Reviews

ADJOURNMENT

Introduction

Saline County spans 576 square miles and is in Southeast Nebraska and consists largely of rural farms, one city of the first-class, two cities of the second class and five villages. As of 2019, Saline County has a total estimated population of 14,270.¹

U.S. Highway 6 transits Nebraska and passes through Saline County. Nebraska Hwy 15 is an important north-south route connecting Saline County to the cities of Seward and Fairbury. In addition to these, Nebraska Highways 103 and 33 connect Saline County to the metropolitan area of Lincoln to the Northeast.

There are an exceptional number of lakes and public recreation areas readily accessible to the people of Saline County. Among these are: Blue River State Recreation Area (SRA), Bluestem (SRA), Olive Creek (SRA), Walnut Creek Reservoir, and Willard Meyer Lake.

Saline County's first settlers homesteaded along the bank of the Big Blue River in what is now the City of Crete. Today, the original home of the pioneers is called "The Maples" and is part of the expansive Benne Museum complex which offers Saline County's youth an opportunity to experience life on the Prairie as it was in the late nineteenth century.

Crete, the county's largest city, has a population of 7,007² and has been identified as one of Nebraska's fastest growing communities, with significant ethnic changes.

There are four public school systems located in the county providing primary and secondary education. There is also one private school which offers primary education. Saline County is also served by Doane University, Nebraska's first liberal arts and sciences college. Now situated within the corporate limits of the City of Crete, Doane shares a common history and strong ties with the City and the County. There are other higher education opportunities in the vicinity of Saline County. Southeast Community College campuses located in Beatrice, Milford and Lincoln, The University of Nebraska- Lincoln, Nebraska Wesleyan, Union College and Bryan College of Health Services.

The percentage of the population under 18 years of age in Saline County is 25.9%³. Juvenile populations shift on school days. Several schools within the County receive students from adjacent counties such as Seward County, Lancaster County, Gage and Fillmore County. Many children residing in the southern and western areas of Saline County leave the county to attend school in Meridian, Milligan, and Tri-County.

Saline County's economy is a mixture of agriculture, industry, social services, and local commercial businesses. Major employers: Smithfield Foods, Nestle Purina, Bunge Milling, Doane University, Crete Area Medical Center, Dorchester Farmer's Cooperative and Crete Public Schools.

Activities for youth include school clubs/activities, and sports. School activities are a main source of recreation for the majority of Saline County students. Saline County youth also enjoy church activities, 4-H activities, hunting, fishing, and taking part in extramural sports. In addition, there is a swimming pool, tennis courts, sand volleyball, bowling, golf, and campgrounds throughout the county. There are also many public libraries located within Saline County.

Crete itself has found new ways to inject fun and recreation for entire families such as holding its 6th annual Great Pumpkin Festival in 2020.

Several community-based summer events and activities include Czech Days, Saline County Fair, Old Settlers' picnic, and Fourth of July Celebrations. These events can be a single day event to an entire week of activities.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Saline County Youth Diversion Program Perspective⁴

An outline of the process by which our County youth and their parents engage in the Saline County Youth Diversion Program begins with the involved youth, or their parent(s), contacting the Saline County Attorney's office or the Nebraska Extension Office in Saline County which is home to the Saline County Youth Diversion Program.

When a youth or parent reaches out to us, we discuss the prerequisites, requirements, and their involvement in the diversion program. If they wish to proceed with the program, we fill out a Request for Referral form with them. The form is given to the County Attorney's office for review where eligibility is confirmed or denied. The youth will then be notified of their acceptance or denial into the program.

An intake appointment is set with the youth and parent(s) within 10 days, to outline the requirements of the program which includes signing required forms (state statistics), community service forms/locations, and completing the youth assessment (NYS). The class fee can be lowered or waived, taking into consideration any financial hardship, or if they qualify for the USDA'S national school free or reduced lunch program. We do not currently use an assessment tool with the parent(s).

The 8-hour educational class is scheduled at time of intake and is usually on a Saturday. Both the youth and a parent (or guardian) must attend and participate together in the full day of class.

The community service component of the program includes both youth and parent/guardian completing 20 hours each of service, for a total of 40 hours. The community service hours must be at a non-profit, i.e.: church, Salvation Army, Goodwill, pet shelters, etc., and must be approved by the Diversion Coordinator before they began their service. Forms need to be signed by a site supervisor where they are conducting their community service hours. These forms are then returned to the Diversion Coordinator for validation.

After the youth and a parent/guardian have completed their community service requirements, and the 8-hour educational class, they are successfully discharged from the program. They receive a certificate of completion, and the Diversion Coordinator notifies the County Attorney's office that all requirements have been successfully completed. As a result, the youth do not present with a conviction for this offense on their record.

Diversion Program Requirements for Entry into and Successful Completion of the Program:

1. Youth must be ages 11-18 when offense was committed,
2. Offense must be first time,
3. Must not have participated in another diversion program in another location,
4. Offense must not be a felony (anything less is considered for eligibility)
5. Youth and parent/guardian will attend one full day of educational class,
6. Youth and parent/guardian (preferably together) will each complete 20 hours of community service (for a total of 40 hours).

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

The resulting value of the Saline County Youth Diversion Program allow the involved youth and their parent(s)/guardian to learn from the mistakes made and prevents an otherwise single mistake to negatively impact their future. Youth can avoid travel through the juvenile justice system for their first-time offense.

2016 Referrals	Accepted	Completion	Dropped/Denied	Avg. time to completion
11	9	7	5	182 days
2017 Referrals	Accepted	Completion	Dropped/Denied	Avg. time of completion
11	11	9	1	99 days
2018 Referrals	Accepted	Completion	Dropped/Denied	Avg. time of completion
6	5	6	1	53
2019 Referrals	Accepted	Completion	Dropped/Denied	Avg. time of completion
*3	3	3	1	72
2020 Referrals	Accepted	Completion	Dropped/Denied	Ave. time of completion
*2	2	2	0	53

The referral number includes only those that were referred in that year, the accepted number includes only those who were accepted in that year. Completion includes everyone who completed class in that year, and the denied or dropped includes everyone who was dropped/denied within that year.

***DUE TO COVID-19 THERE WERE LESS REFERRALS DUE TO THE DHM’S FOR THE COUNTY WHICH MEANT NO FACE-TO-FACE CONTACT. WE DID NOT HAVE A PLAN WITH THE COUNTY ATTORNEY’S OFFICE IN PLACE TO CONDUCT THE DIVERSION PROGRAM VIRTUALLY BEFORE THE COURTHOUSE WAS CLOSED TO THE PUBLIC.**

Diversion classes are held as needed so the youth do not have to extend their time in the program. Since 2017, we are now trying to have our program average 90 days or less for completion but work with the youth if more time is needed for a successful completion of the program.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

ORGANIZATIONAL PRIORITY AREAS

Priority 1: Strengthen collaboration and distribute responsibilities for community betterment among communities, public organizations, private organizations, government entities and all interested parties via collective impact.

Strategy 1: Maintain effective community collaboration to assess, plan, and implement for collective impact.

Stakeholders Involved

Nebraska Extension in Saline County, Saline County Attorney, Saline County Law Enforcement, Saline County Schools, State of Nebraska Probation Services, Saline County Court, Saline County Commissioners

Timeline

The Saline County Community Collaboration meets quarterly throughout the year.

Resources Required

Ongoing training is needed in working within family systems, evidence-based programming, addressing risk and protective factors, implementation of evaluation of programming, commitments to serve on the community collaboration by all sectors.

A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues. As you can see by the chart below our actual number of completed surveys increased, however, we also increased the number of members on the community team around the time the last survey was sent, so this makes our percentage on response rate drop. Several community team members were new to the team at the time the survey was sent. We had not had a chance to meet as a team before the survey went out which made it hard to get responses from those on the team because they weren't aware they were on the team at the time of the survey.

COLLECTIVE IMPACT SURVEY RESPONSE RATES AND SCORES⁵

Year of survey	Saline		Nebraska	
	2019	2020	2019	2020
Number of surveys sent	16	24	1407	780
Number of completed surveys	7	9	221	345
Response rate	43.8%	37.5%	28.3%	24.5%

COLLECTIVE IMPACT SURVEY SCORES⁶

Year of survey	Saline		Nebraska	
	2019	2020	2019	2020
	Mean Score		Mean Score	

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Common agenda	4.26	4.67	5.29	5.69
Mutually reinforcing	4.41	4.33	5.37	5.50
Shared measurement	3.82	4.11	5.21	5.45
Continuous communication	4.29	4.56	5.49	5.55
Backbone agency	4.47	4.67	5.52	5.78

ISSUE BASED PRIORITIES

Priority 1: Support the current Juvenile Diversion Program

The Saline County Juvenile Diversion Program is designed for first time and/or low risk offenders. The program operates with referrals and direction from the Saline County Attorney in cooperation with Nebraska Extension in Saline County Extension Educator and staff.

Efforts are being made to coordinate with Saline County law enforcement to make juveniles aware of the option of diversion at the point of citation. While the County Attorney will make the final determination in who is accepted, the opportunity should exist and be available to all juveniles fitting the above stated qualifications.

Eligible offenses for diversion

- MIP
- Misdemeanor shoplifting
- Possession of marijuana, less than 1oz.
- Possession of drug paraphernalia
- Simple trespass
- Assault in the 3rd degree, no serious bodily injury
- Assault in the 3rd degree, mutual consent
- Disturbing the peace

These are some of the eligible offenses most often seen, but the County Attorney looks at all referrals for consideration of acceptance into the program.

Upon program intake a level of risk is assessed using the Nebraska Youth Screen Instrument. Juvenile offenders pay an enrollment fee of \$100. This fee is dependent on ability to pay, taking into consideration the financial ability of the family. Cost should not be a factor to enroll into the program. Juvenile offenders are then required to attend an eight-hour class with their parent(s) dealing with communication, choice/decision making, goal setting, relationships, substance abuse, and individual and social responsibility. Both the juvenile and the parent are also required to complete 20 hours of community service for a total of 40 hours per family.

Records are kept of their diversion program participation for five years.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Strategy 1: Maintain diversion programming.

Stakeholders Involved

Saline County Extension, Saline County Attorney, Saline County Law Enforcement

Timeline

The Diversion Program is maintained throughout the year.

Resources Required

Funding is currently received from fees derived from juvenile participants to support/operate Diversion Programming. Ongoing training is needed in working within family systems, evidence-based programming, addressing risk and protective factors, implementation of evaluation of programming.

Expected Results

It is expected that there will continue to be a program that will benefit the county in cost savings, as well as the juveniles working to correct and subsequently having their offenses dismissed from their criminal history. This will reduce the entry rate into the juvenile justice system thus benefitting Saline County. Juveniles and parents will also receive education or counseling that will decrease recidivism.

Priority 2: Maintain a system of school-based mental health services for students.

School-based Behavioral Health Program:

School-based Behavioral Health is a program that places a licensed mental health therapist in county public and parochial middle and high schools. Schools began to cover part of the cost in the fall of 2020, so some elementary school services are now provided. The program allows students to be referred for mental health services. The parent approves and signs consent paperwork for services to begin. There is no charge to insurance, there is a family therapy component if needed (after hours), and individual therapy with the student takes place during school hours. Therapy services provided directly in the school eliminates family barriers due to insurance, cost, transportation issues, and/or time for therapy. School-based Behavioral Health programming began in Crete High School and Crete Middle School in the fall of 2020 through funding with the Nebraska Crime Commission Community-based Juvenile Services Aid grant. This program places a therapist in the schools for one to three days a week: depending on the school's need. The following schools have the program: Crete Public Schools; namely Crete High School and Crete Middle School.

For the 2020-2021 school year, Crete Public Schools did contribute to the amount needed to fund the program for the 2.5 days requested. The need is there, and the school has recognized the importance of the program. So far in 2020-2021, there are 15 referrals with 2 failed intakes; meaning one person moved to a different city, and one parent could not be reached by email or phone calls, and 13 are existing clients. Funding through the Nebraska Crime Commission allows the program to serve youth 11 through 18.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

However, since the school is providing funding for the program, there is potential to see students under the age of 11 if needed.

Current Progress: School-based Behavioral Therapist is ongoing for the 2021-2022 grant period, with Crete Public Schools contributing to the amount needed to continue with the 2.5 days requested. The schools have identified this program as a need and a huge resource to the students and school. This is considered great progress for the county and the school.

Steps Needed to Further Progress: Additional funding to provide services to other county schools if there is a need.

Barriers/Needs to be addressed: Engagement from parents with the program, schools financially sustaining the program and/or providing more financial assistance for the program if grant funding is not available and possibly serving youth under the age of 11 years.

Expected Outcomes:

- Improve student attendance, improve student success in school, and decrease negative behaviors in the classroom and school setting.
- Improve student behavior, attitudes, and mood in school.
- Address mental health needs that are impacting the student's ability to learn and stay focused in school.
- Strengthen families and build healthy parent/child relationships and bonds.
- Strengthen the relationship between teachers and students and increase the educator's understanding of how to work with high needs students and/or those who have experienced trauma.

Stakeholders: School District administration, School-based Mental Health Therapist, Staff/Teachers, Students in school and Parents.

Resources Required: School administration, financial support of the program, school-based mental health therapist, parent involvement.

Priority 3: Support Positive Youth Development.

Data included in this plan from the Nebraska Youth Risk and Protective Factor Survey, show illegal substances use/abuse and underage drinking are concerns in our community.

Youth development has the rather broad goal of helping youth make the transition to healthy adulthood and there is quite a range of what "success" looks like. Most youth workers and educators consider economic independence, intellectual and social competence, personal satisfaction, and physical, psychological, and spiritual well-being to be significant measures.

Saline County Comprehensive Juvenile Services Community Plan 2021 – 2025

Research indicates there is a widespread agreement on five key outcomes for youth that are vital for their transition to adulthood. These are known as the “Five C’s”.

1. Competence: Positive view of one’s actions in specific areas, including social, academic, cognitive, and vocational.
2. Confidence: The internal sense of overall positive self-worth and self-efficacy; positive identity, and belief in the future.
3. Connection: Positive bonds with people and institutions-peers, family, school, and community-in which both parties contribute to the relationship.
4. Character: Respect for societal and cultural rules, possession of standards for correct behaviors, a sense of right and wrong (morality), spirituality, integrity.
5. Caring or Compassion: A sense of sympathy and empathy for others.

These five developmental outcomes can only be achieved with significant support from the entire community-family, friends, schools, and other community institutions. Yet, this support is often missing from the lives of many young people, especially those whose environments are unhealthy, unsafe, or lacking opportunities. Therefore, organizations using a youth development approach provide services, opportunities, and supports (SOS) that enhance the young person’s environment and increase his or her ability to reach these outcomes:

1. Services are the critical interventions needed to enhance the essential well-being of the young person-the traditional services that are generally provided by public welfare, health, school, and recreational programs. These critical services are a necessary component of a comprehensive youth development approach because they alleviate the immediate needs and barriers that can prevent youth from moving forward. Examples include providing food and shelter for homeless youth, helping a family out of crisis, or meeting mental health needs.
2. Opportunities are the vehicles that offer youth meaningful and real ways to influence the world around them, nurture their interests and talents, practice and enhance their skills and competencies, and increase their connectedness to community. These may stem naturally from the young person’s family or community environment or may be formalized as part of a program or service. These opportunities are at the heart of youth development-they provide the environment for optimal youth development.
3. Supports are the ongoing positive relationships that young people have with adults, peers, and organizations that provide the safety, structure, motivation, nurturing, and guidance to allow youth to explore, test, learn, grow, and contribute. Supports catch youth when they trip up and offer encouragement for them to try again. Supportive adults have the challenging role of stepping up when needed and stepping back as often as possible to allow youth to explore on their own. This support allows youth to fully take advantage of their opportunities-doing one without the other is ineffective.

Youth development programs build their services and activities around the above SOS structure, ideally using a broad range of community partnerships to implement this multi-faceted model and create the rich environment that youth need to be successful. Organizations implement the youth development approach

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

by:

1. Providing services for youth that
 - a. Ensure that basic needs-physical and psychological health, food and shelter, safety and other needs are met, both in the short term and over time
 - b. Provide a foundation of well-being that frees youth to focus on developmental tasks
 - c. Treat Youth with respect and involve them in decision making around service delivery
2. Providing opportunities for youth to
 - a. Be involved in decision making
 - b. Develop leadership skills
 - c. Be meaningfully engaged in community life and make real contributions
 - d. Develop and test new knowledge and practical skills
 - e. Experience success
3. Develop positive, supportive relationships with adults and peers
 - a. Engage with adults around common goals providing supports
 - b. Help youth overcome mistakes
 - c. Create a safe environment for youth, both physically and emotionally
 - d. Encourage a sense of belonging or connectedness
 - e. Establish and maintain clear, developmentally appropriate boundaries and guidance
 - f. Encourage and support youth to build new skills
 - g. Empower youth to make a difference in their communities
 - h. Facilitate supportive youth-adult relationships and partnerships
 - i. Engage family, school, and community as partners with youth

Positive Youth Leadership Development

Young people are increasingly seeking out opportunities to improve the world by volunteering their service to projects they deem to be important. Communities enjoy benefits far beyond the financial aspects when youth contribute to service projects. When teens volunteer, this often results in them becoming life-long volunteers. Their community gains a generation of young people who care about where they live and are willing to make a commitment to improve it.

Teens say the major reasons why they volunteer or teach younger youth is to help them feel compassion for others; they can do something for a cause in which they believe; they believe that if they help others, others will help them. They think their efforts can have a positive impact on youth and their communities. Youth who volunteer, gain important job skills and experience while exploring career options. Young people who volunteer expand their social circle and enhance their social awareness.

Adult mentors can encourage teens to volunteer by asking them to volunteer at an early age. Teens who volunteer can deepen their own content knowledge by teaching others. Those teens serve as positive role models to younger youth as well as their own peers. They learn to adapt to different situations and develop time management and supervision skills by teaching others. Skills that will benefit them for the rest of their lives.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Again, it remains important we remember that no single program provides all these services, opportunities, and supports. Rather, successful programs reach out to other community institutions and youth service providers to develop interagency and cross-system collaboration. They also involve families, the youth's peers, and other informal support networks to create a web of opportunities that youth can access. Youth development programs must be engaged in community life—a significant aspect of their work is broadly promoting the youth development approach in the general community.

Strategy 1: Support programs and services within Saline County that support positive youth development.

Stakeholders Involved: Crete Public Schools, Wilber-Clatonia Public Schools, Dorchester Schools, Friend Schools, Region V Prevention Systems, Nebraska Extension in Saline County, Saline County Law Enforcement

Timeline: The Community Collaboration programming is offered throughout the year.

Resources Required: Continued partnerships and funding to allow youth-led activities.

Expected Results: By creating an environment where youth in Saline County are given additional tools to become healthier and successful in their transition to adulthood, would universally provide a richer and more productive quality of life for all members of our community.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Data Summary

COMMUNITY LEVEL DATA

YOUTH LEVEL DATA

DISTRIBUTION OF THE POPULATION AGE 10-17 BY RACE/ETHNICITY AND GENDER (2014-2018)⁷

Males

Geographic Area	Total Count	Non-Hispanic White	Hispanic or Latino	Black	American Indian	Asian or Pacific Islander	2+ Races
Nebraska	108,494	70.4%	16.2%	5.7%	1.4%	2.0%	4.4%
Saline	883	58.1%	32.6%	2.4%	0.6%	1.5%	4.9%

Females

Geographic Area	Total Count	Non-Hispanic White	Hispanic or Latino	Black	American Indian	Asian or Pacific Islander	2+ Races
Nebraska	102,658	70.4%	16.2%	5.7%	1.4%	2.0%	4.4%
Saline	852	45.2%	29.3%	0.6%	0.6%	18.3%	6.0%

According to 2019 U.S. census data, the Hispanic or Latino population was 26.6% in Saline County⁸. Crete, Saline County's largest city has seen significant ethnic changes. In 2000, Crete's Hispanic population was 14%. In 2019, the Hispanic population comprised 45% of the community⁹.

SCHOOL MEMBERSHIP BY RACE/ETHNICITY AND SCHOOL YEAR (2014-2019)¹⁰

Year	Geographic Area	Total Count	Hispanic	Asian	American Indian or Alaska Native	Black or African American	Native Hawaiian or Other Pacific Islander	White	Two or More Races

Saline County Nebraska 2018 Risk and Protective Factor Student Survey Data

The NRPFFS targets Nebraska students in grades 8, 10, and 12 with a goal of providing schools and communities with local-level data. As a result, the NRPFFS is implemented as a census survey, meaning that every public and non-public school with an eligible grade can choose to participate. The survey is designed to assess adolescent substance use, delinquent behavior, and many of the risk and protective factors that predict adolescent problem behaviors. The Nebraska survey is adapted from a national, scientifically validated survey and contains information on the risk and protective factors that are locally actionable. These risk and protective factors are also highly correlated with substance abuse as well as delinquency, teen pregnancy, school dropout, and violence. Along with other locally attainable sources of information, the information from the NRPFFS can aid schools and our community group in planning and implementing local prevention initiatives to improve the health and academic performance of their youth. The following are excerpts from the 2018 NRPFFS Report:

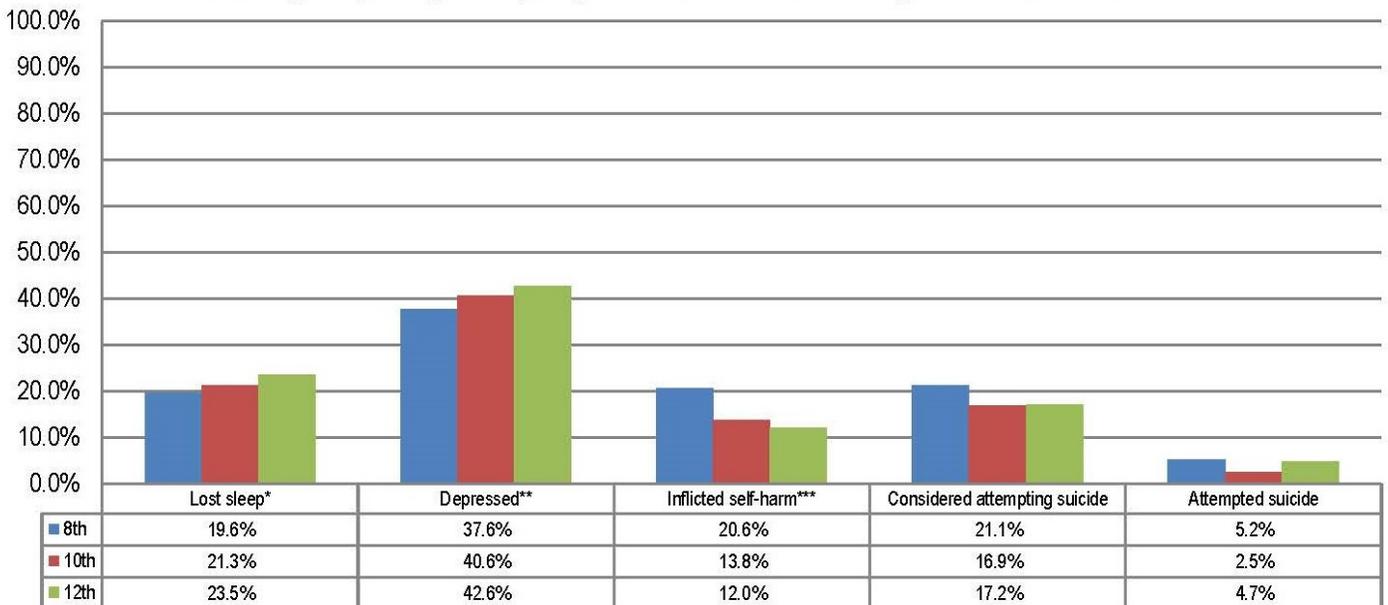

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

**Percentage Reporting that the Following Substances are Sort of Easy or Very Easy to Obtain*,
2018**

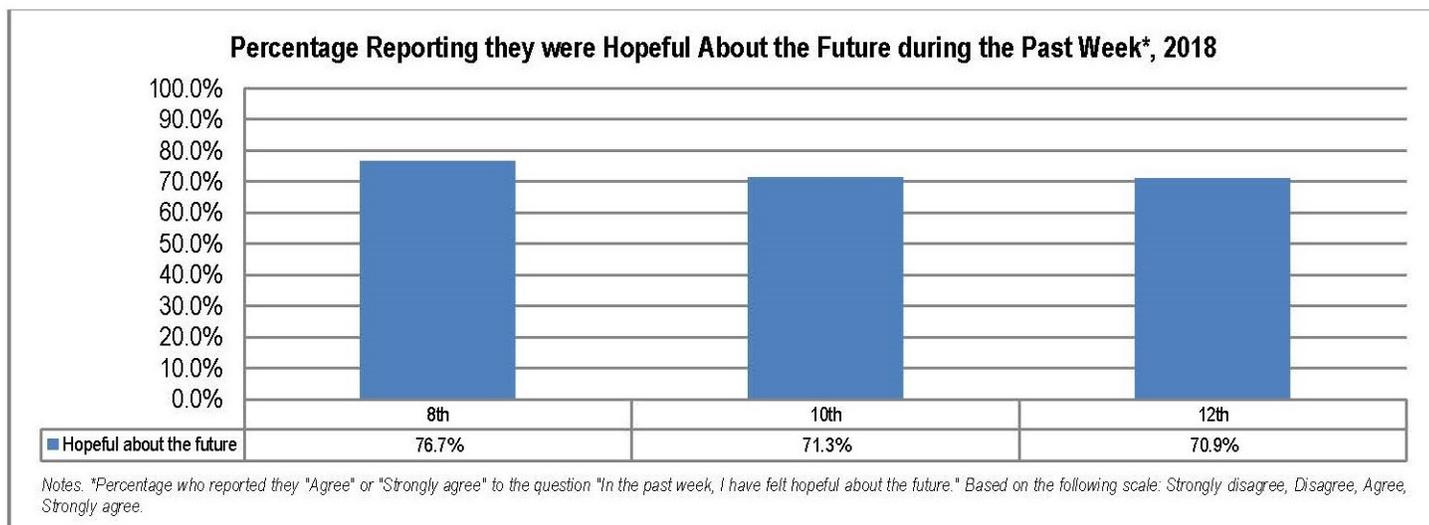

*Note: *Percentage who reported it is sort of or very easy to obtain each substances based on the following scale: Very hard, Sort of hard, Sort of easy, Very easy. Based on the question "If you wanted to, how easy would it be for you to get: <insert substance use behavior>."*

Percentage Reporting Anxiety, Depression, and Suicide during the Past 12 Months, 2018

*Notes: *Percentage who reported during the past 12 months being so worried about something they could not sleep well at night most of the time or always based on the following scale: Never, Rarely, Sometimes, Most of the time, Always. **Percentage who reported "Yes" to the question "During the past 12 months, did you ever feel so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities?" ***Percentage who reported "Yes" to the question "During the past 12 months, did you hurt or injure yourself on purpose without wanting to die?"*

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

There is no data available at this time for Saline County juveniles referred to services, juveniles referred to services by race/ ethnicity, gender and mental health diagnosis, or juveniles who utilized services and types of services utilized. **JJI is currently waiting for the legal team at DHHS to approve providing this data. **

At the present time, the Student Health and Risk Prevention (SHARP) Surveillance System contains the only school-based student health surveys in Nebraska endorsed by both the Nebraska Department of Education and the Nebraska Department of Health and Human Services. Of the three surveys administered under SHARP, the Nebraska Risk and Protective Factor Student Survey (NRPFS) is the only survey that generates school-based and community-level results. Data from the NRPFS can be used to help schools and communities assess current conditions and identify and prioritize local prevention issues. The risk and protective factor profiles provided by this survey reflect underlying conditions that can be addressed through specific types of interventions proven to be effective in either reducing risk or enhancing protection.

All Other Offenses (Except Traffic)	138	93	-32.61	16	5	-68.75
Runaways	1	2	100.00	1	2	100.0

Arrests for all age groups decreased in Saline County between 2018-2019, especially with the “all other offenses” category. An increase in drug possession is noted, as well as an increase in juvenile “arrests” for runaways is also seen between 2018-2019. However, with such small frequencies, this increase should be taken with caution.

Local Law Enforcement Perspective

Local law enforcement officers recognize that the juvenile justice system is designed to be primarily rehabilitative rather than punitive. Officers display considerable discretion when dealing with juveniles who are most often counseled and/or released to parents/guardians rather than being detained.

Alcohol violations, drug violations, runaways and simple assaults continue to be the county’s top juvenile offense concerns. Other concerns include social media/technology misuse, truancy, and mental health concerns.

The relative ease of alcohol procurement and permissive attitudes toward alcohol by some adults/parents contribute to the use of alcohol by juveniles. Private informal parties (both with and without parental consent) remain the most common setting for youth to consume alcohol. Law enforcement officers indicated that street dances, wedding receptions and large birthday parties serve as the most common venues for youth to consume alcohol more openly.

Substance abuse remains a county-wide concern. Alcohol and marijuana are the most commonly abused substances; however, prescription drug and methamphetamine use are also present in the community. Both alcohol and marijuana are readily available and their use, especially that of alcohol, is largely considered to be a minor offense. Some in the juvenile justice system believe that the use of marijuana has become nearly as common as the use of alcohol. The perceived increase in the level of marijuana use may be due to the proliferate availability of marijuana from Colorado, relatively lenient punishments for possession and greater difficulty to determine impairment.

Runaway juveniles present a complex problem for law enforcement. Concerns about the safety of the runaway and potential victimization make these cases particularly time sensitive and labor intensive. Additionally, some juveniles become habitual runaways. This situation creates a conflict between the desire to keep the juvenile in the home and the potential need to secure the juvenile to ensure their safety.

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

An alternative to detention can be an excellent intermediate step under these challenging circumstances.

Interpersonal disputes between juveniles are not uncommon within the county. At times, juveniles exhibit poor self-control and decision-making skills which can result in situations escalating from verbal disputes to physical fights. During the school year these incidents can be intensified due to the density of juveniles contained within one location.

The inappropriate use of social media and electronic communications by juveniles has led to a dramatic increase in threats and disputes communicated electronically. These disputes often result in personal confrontations within the community that require school and/law enforcement intervention. Misuse may also involve the sending, receipt and sharing of inappropriate content such as nude pictures by juveniles. These situations create significant disruptions within families, communities, and schools. Social media and technology education, often provided by school, law enforcement or community members, encourages youth to avoid or overcome mistakes and to build new skills.

Truancy remains a concern to law enforcement and school officials. Schools within the county work with truant juveniles and their parent/guardian to develop a collaborative plan designed to reduce barriers to attendance. These plans consider factors such as: illness related to physical or behavioral health of the child, educational counseling, individual counseling and assisting the family in working with other community services. The identification and reporting of habitually truant juveniles has improved, however, more can be done to aid the school when the collaborative plan, community services and juvenile justice services do not result in the juvenile’s regular school attendance.

Juveniles experiencing mental health issues can struggle to successfully negotiate family and school situations without intervention. Many concerns are addressed through referrals to local counseling providers. For juvenile’s in crisis, law enforcement officers can request crisis intervention services and mental health triage assessment 24/7 from a Targeted Adult Service Coordination (TASC) Program’s licensed mental health practitioner. This program has been successful in reducing Emergency Protective Custody (EPC) placements, connecting people to resources, and getting officers back into service. Crete Public Schools, with the help of NCC juvenile services aid grant funding, has implemented a school-based Behavioral Health Therapist which works with youth and parent/guardian within the school setting.

Law enforcement officers throughout the county spend a great deal of time on youth education and outreach. These educational programs and appearances support positive youth development by creating constructive connections between juveniles and law enforcement officers. In addition, juveniles develop and test new knowledge and skills, are encouraged to build a sense of belonging and connectedness within their community and learn more about the law enforcement profession.

RISK ASSESSMENT DOMAINS FOR YOUTH ASSESSED ON DIVERSION (2015-2019)¹⁵

Score	Saline			All NYS Counties

*Wilber PD (closed) only partially reported to the NCC in 2017 and did not report in 2018.

Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture of RED. Compared to the Census and school data, Native American youth are over-represented at probation intake and successful probation completion; Black youth are over-represented in multiple charges being filed, RAI

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

overrides, probation intakes, successful probation completion and probation revocations, and Hispanic youth are over-represented in successful probation completion and probation revocation.

Race/Ethnicity is missing at the system points of being filed on in adult court and having multiple charges filed.

Youth are being referred to diversion and enrolling at the same rate. The number of youths successfully completing Diversion is slightly lower than the number of youths enrolling but not much lower.

FAMILY LEVEL DATA

POVERTY/SES, EDUCATIONAL ATTAINMENT, TECHNOLOGY AND COMPUTERS IN HOME, HOUSING AND TRANSPORTATION (5-YEAR ESTIMATES, 2014-2015)⁷

Measurement		Saline	Nebraska
Poverty/SES	Children <18 in Poverty	15.8%	14.8%
	Number of children 12-17 below 185% poverty	395	43,814
	Percent of children 12-17 below 185% poverty	33.8%	28.9%

Transportation	Households with no vehicle available	80	40,465
	Total households	5,073	754,063
	No vehicle %	1.6%	5.4%

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Saline County has higher rates of youth in poverty compared to the state.

Number of adults with bachelor’s degrees is lower than the state average; it may be possible that residents who go to college outside of Saline County find employment where they go to school and do not return to Saline County.

There are also fewer adults in Saline County with some college with no degree and with a high school degree compared to the state.

Youth in Saline County have access to computers at higher rates than the state, but lower rates of internet access at home.

YOUTH WHO REPORT SUPPORTIVE ADULTS BY GRADE (2018)¹³

		8 th	10 th	12 th
Saline	Adult at home who listens	87.6%	82.7%	76.3%
Nebraska		87.3%	85.0%	85.6%
Saline	Adult at school who listens	83.6%	82.8%	91.4%
Nebraska		85.2%	85.0%	87.4%

Compared to the state, 10th and 12th graders in Saline County report feeling less supported by adults at home, while 8th and 10th graders report feeling less supported by adults in school.

DOMESTIC VIOLENCE REPORTS AND CLEARED BY ARREST OR EXCEPTIONAL MEANS (2019)¹⁷

	Aggravated Domestic Assaults Reported	Aggravated Domestic Assaults Cleared by Arrest or Exceptional Means	Simple Domestic Assaults Reported	Simple Domestic Assaults Cleared by Arrest or Exceptional Means
Saline	10	8	15	12
Nebraska	562	402	2512	2019

CHILD ABUSE NEGLECT REPORTS (2018)¹⁸

	Abuse/Neglect Calls	Reports Assessed	Substantiated	Unfounded
Saline	208	40%	10%	75%
Nebraska	36,480	33.4%	16.0%	68.3%

CHILD ABUSE NEGLECT REPORTS (2019)¹⁹

	Abuse/Neglect Calls	Reports Assessed	Substantiated	Unfounded
Saline	174	39%	7%	75%

COMMUNITY LEVEL DATA

COMMUNITY VIOLENCE MEASURED BY ARRESTS FOR VIOLENT CRIME (2019)²⁰

Type of Violence	Saline	Nebraska
Murder and Nonnegligent manslaughter	0	34
Rape	3	264
Robbery	0	367
Aggravated Assault	16	1,639
Other Assaults	47	8,782

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

Other assaults are the type of violent crime with the most arrests in Saline County.

YOUTH PERCEPTIONS OF COMMUNITY ATTITUDES ON SUBSTANCE USE BY GRADE (2018)¹³

		8 th	10 th	12 th
Saline	Wrong/very wrong – Marijuana	94.2%	91.4%	81.0%
Nebraska		94.4%	89.8%	85.2%
Saline	Wrong/very wrong – alcohol	88.0%	76.9%	64.9%
Nebraska		89.1%	80.4%	68.7%
Saline	Wrong/very wrong – cigarettes	91.7%	89.4%	70.2%
Nebraska		92.9%	89.0%	78.7%

Regarding how youth perceive how their community feel about substance use, 8th and 12th graders are reporting lower than state averages for marijuana, alcohol and cigarettes, and 10th graders report lower than the state average for alcohol. Some perceptions could be altered due to parental use, peer groups, and the availability to purchase tobacco and alcohol products at gas stations/convenient stores, and grocery stores.

JUVENILE COURT RECORD SEALING ANALYSIS (2015-2019)²¹

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	99	123	80.5%
Offered Diversion, mediation, or RJ	--	--	--
Filed in Juv. Court	475	800	59.4%
Filed in Adult Court (M or I)	35	51	68.6%
Filed in Adult Court and Transferred to Juv. Court	--	--	--
Total	609	977	62.3%

Juvenile record sealing is not “automatic” even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment). Yearly data is available to see if the rate has improved because of legislation, but newer cases should naturally have lower rates of sealing than older cases.

*Cases offered diversion, mediation or RJ are not available data points in JUSTICE. All cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis.

Data for race and ethnicity at each juvenile justice system point is imperative for an accurate RED analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity for Saline County.

POLICY, LEGAL AND SYSTEM LEVEL DATA

PERCENT OF YOUTH IN JUVENILE COURT WHO HAD ACCESS TO COUNSEL (2018)²²

Access to Counsel in Saline County was 20.0%-39.9%, compared to the State of Nebraska at 73.5%. Our county is not a county required to provide counsel under statute; notably, access to counsel is very low in this community. However, when a youth does appear in court, they are informed of their right to have counsel. In some cases, youth have waived their right to counsel.

COURT FILING FOR 3A, 3B, AND 3C CASES (2015-2019)²¹

There was 1 curfew court filing in Saline County compared to the State at 352. There were 5 court filings for 3A, 3B, or 3C cases in Saline County compared to the State at 2,801. There are few curfew and 3A, 3B and 3C filings in court so the community is diverting appropriately. There

**Saline County Comprehensive Juvenile Services Community Plan
2021 – 2025**

have been some absenteeism filings in recent years, but the number is still low.

COUNTY DIVERSION PROCEDURES AND PROTOCOLS COMPARED TO STATEWIDE RESPONSES (2020)²³

RESOLUTION NO. _____

SALINE COUNTY COMMISSIONERS MEETING

February 16th, 2021

INTRODUCED BY: _____

ACCEPTING THE ONE (1) & SIX (6) YEAR HIGHWAY IMPROVEMENT PROGRAM FOR THE COUNTY OF SALINE, NEBRASKA.

BE IT RESOLVED by the Chairman and Commissioners of Saline County that: It is hereby found and determined that:

- (1) The program for distribution of the Highway Allocation Funds provide additional funds to counties for road related maintenance and construction.
- (2) In order to qualify for said funds that County must, among other things, prepare an annual One (1) and Six (6) Year Program for highway improvements, conduct a local public hearing and submit the results to the Board of Public Roads Classification and Standards.
- (3) The County of Saline, Nebraska, does hereby adopt the 2021-2027, One (1) & Six (6) Year Program as proposed by the Saline County Highway Superintendent, with the following changes:

The foregoing Resolution having been read, Commissioner _____ seconded the motion for its passage and adoption. Roll being called on the passage of said Resolution, the following voted:

ROLL CALL VOTE:

10.4	Rental of Crawler Mounted Hydraulic Excavator, Fully Operated	10.00 HR	\$130.00	8.50 HR	\$ (195.00)	
				TOTAL	\$ 4,573.45	\$ (5,090.00)

2. Overrun of Contract Time Allowance

The required completion date for this project was November 15, 2019. Saline County and Herbst Construction agreed to extend the required completion date to May 31, 2020. The project was completed on September 1, 2020 with an overrun of 93 Days of the contract time allowance. Saline County has decided to give back 23 Days to the contract time allowance for various reasons. The Liquidated Damages for this project are \$500 per day.

Item No.	Description	Unit Cost	Quantity	Deduction
CO 2.1	Liquidated Damages	-\$500.00	70 Days	(\$35,000.00)

Due to the Original Contract Item Overrun/Underrun and the Liquidated Damages, the total project cost will be decreased by \$35,516.55.

NOT VALID UNTIL SIGNED BY THE OWNER, ENGINEER AND CONTRACTOR

Original Contract Sum..... \$858,504.00
 Net change by previously authorized Change Orders..... \$7,250.00
 The Contract Sum prior to this Change Order was..... \$865,754.00
 The Contract Sum will be Increased/Decreased -\$35,516.55
 The new Contract Sum including Change Order will be..... \$830,237.45

COUNTY BRIDGE MATCH PROGRAM
BETWEEN
SALINE COUNTY, NEBRASKA
AND
NEBRASKA DEPARTMENT OF TRANSPORTATION

County Bridge Match Program
Project No. STWD-CBMP(05)
Control No. 00974D

COUNTY BRIDGE MATCH PROGRAM
PROGRAM AGREEMENT

SALINE COUNTY
STATE OF NEBRASKA, DEPARTMENT OF TRANSPORTATION
PROJECT NO. STWD-CBMP(5)
STATE CONTROL NO. 00974D
CBMP CONTROL NO. 00974D(e)
COUNTY BRIDGE MATCH PROGRAM

THIS AGREEMENT is between **Saline County**, Nebraska hereinafter referred to as "County," and the State of Nebraska, Department of Transportation, hereinafter referred to as "State," and collectively referred to as the "Parties."

WITNESSETH:

WHEREAS, the Transportation Innovation Act established a new program called the County Bridge Match Program (CBMP), (Neb. Rev. Stat. § 39-2805), and **WHEREAS**, the purpose of the CBMP is to promote innovative solutions and provide additional funding to accelerate the repair and replacement of deficient bridges on the county road system, and **WHEREAS**, State has developed the program requirements for the CBMP and a project proposed by County has been selected to be funded by the CBMP, and

WHEREAS, County will be responsible for completing all phases of the project, however, State will reimburse County a designated share up to a maximum total dollar amount of County's actual and reasonable costs of only the bridge construction phase of the project, as further described herein, and **WHEREAS**, for this project the State's designated share will be 55 percent of the bridge or culvert construction costs, with a maximum State contribution not to exceed **\$211,750.00**, as more specifically described below, and

WHEREAS, County's CBMP project(s) are described as follows:

- C007614705 – 1.2E 1.9S OF WILBER at STREAM**
- C007622030 – 1.4E 6N OF WILBER at STREAM**

WHEREAS, funding for the CBMP sunsets on June 30, 2023; accordingly, the project must be completed by **December 31, 2024** in order to maximize the overall number of projects that can be funded as a part of the CBMP, and **WHEREAS**, County has designated a point of contact, who will be known for this project as the Project Liaison (PL), and who will be in charge of all aspects of the project from planning through post-construction activities, and **WHEREAS**, this agreement is intended to provide the conditions and requirements for County to obtain CBMP funding for County's project, and **WHEREAS**, County desires that this project be constructed under the designation of Project No. **STWD-CBMP(5)**, State Control No. **00974D**, CBMP Control No. **00974D(e)** as

evidenced by the Resolution of County dated the _____ day of _____, 2021, attached as Exhibit "A" and made a part of this agreement.

NOW THEREFORE, in consideration of these facts, and the promises of the Parties, County and State agree as follows:

SECTION 1. DURATION OF THE AGREEMENT

The agreement becomes effective upon the signing of the agreement by State. State intends to sign the agreement after County has signed. The agreement will expire when County's project is finished and final financial settlement has been completed, or as otherwise provided in this Agreement.

SECTION 2. General CBMP Description and Requirements

The CBMP program is generally described in this section. These provisions govern County's project when applicable, unless the specific project description in Section 3 makes any or all of the Section 2 provisions inapplicable.

2.1 Overview. The CBMP is intended to provide matching funds (see Section 3 below), based on the bridge construction costs specified in County's proposal, up to but not to exceed a specified maximum total payment or cap for the bridge construction phase only of the repair or replacement of structurally deficient county bridges. The CBMP encourages innovation in bridge design and construction and allows the bundling of bridge construction sites from one or multiple counties. The CBMP allows the replacement of a bridge with culvert pipes so long as County uses a properly completed hydraulic study to determine the appropriate size of the replacement culverts.

2.2 Project Development and Management. County is solely responsible for all phases of the project, including but not limited to planning, preliminary engineering including obtaining environmental permits, final design, right-of-way, bid letting, construction, construction engineering, operation and maintenance. This project is not a State project and State's involvement in the project is solely for establishing the conditions that must be met for funding to be provided as set out in this Agreement.

2.3 Environmental. County is solely responsible for determining what, if any, environmental permits apply to County's project. County is further responsible for completing all necessary environmental processes and obtaining all needed environmental permits before letting any part of the project to bids.

2.4 Design Criteria. County is solely responsible for the design of the bridge(s) or culverts to be constructed as a part of this project. The project shall be designed to meet or exceed the requirements of the 1) Nebraska Minimum Design Standards, 2) the NDOR (now NDOT) Policy for Design, Load-Rating and Inspection of Public Road Bridges dated May 24, 2010 (a copy of which is attached hereto as Exhibit "B" and incorporated by this reference), and 3) applicable State and local laws and policies. Additionally, the design of any bridges shall incorporate NDOT's approved bridge rail design TL-2 or TL-3 in the plans and shall include the approach guardrail with appropriate anchorages and terminations.

2.5 Costs eligible for Reimbursement. Eligible costs include the labor, materials and equipment necessary for the actual construction of the bridge or culvert project, and may include any other costs identified in the State's acceptance of the project proposal. County will

not be reimbursed for any of its other costs in planning, designing, developing, constructing or managing this project, including construction engineering, management and inspection.

2.6 Time Restriction. County's bridge construction must be completed by December 31, 2024, for the project to be eligible for either of the two payments to be made under this Agreement. No time extensions will be allowed, except in exceptional circumstances. Therefore, time is of the essence in this Agreement.

SECTION 3. COUNTY'S APPROVED PROJECT

County's proposal included a project in **Saline County**. Each project is identified as follows:

County: **Saline County**

NBIS Bridge Structure(s): **C007614705**
Project Description: **1.2E 1.9S OF WILBER at STREAM**

Estimated Cost: **\$200,000.00**

Funding Split: State **\$110,000.00** (of the estimated costs specified in the proposal, capped at State's maximum contribution for **Multit - County proposal**)

NBIS Bridge Structure(s): **C007622030**
Project Description: **1.4E 6N OF WILBER at STREAM**

Estimated Cost: **\$185,000.00**

Funding Split: State **\$101,750.00** (of the estimated costs specified in the proposal, capped at State's maximum contribution for **Multit - County proposal**)

State funding Contribution **\$211,750.00.**

State and County agree that the estimated cost for the project in each County is simply an estimate and may change. In the event that the estimate for any individual County's project is revised upward, based on State's analysis of proposed costs, the State's total payment for the individual County project will be revised upward in States discretion no more than 5% or cap of \$5,000. However, any upward adjustment made will not result in the State's contribution exceeding what was specified in the RFP regarding caps on Single Bridge, Multit Bridge Single County and Multit Bridge Multit County proposals.

SECTION 4. COUNTY'S RESPONSIBILITIES

4.1 General.

County shall be responsible for all phases of the planning, obtaining environmental permits, design, construction, operations and maintenance of this project, including but not limited to, preliminary and construction engineering, management, planning, design, right-of-way activities, bid letting, construction, and future operation and maintenance all in accordance with the laws and policies applicable to County road projects. County agrees that its failure to

comply with the terms of this Agreement may lead to the State, in its sole discretion, withdrawing funding for the project. Further, County shall also be responsible for the following:

4.2 Professional Performance

County will be solely responsible for the professional performance and ability of County or its Design or Construction Engineering Professional. Examination by State, or any

acceptance or use of the work product, will not be considered to be a full and comprehensive examination and will not be considered an approval of the work product which would relieve County or its Design or Construction Engineering Professionals from any liability or expense that would be connected with County's sole responsibility for the propriety and integrity of the professional work to be accomplished by County or its Design or Construction Engineering

Professional pursuant to this agreement. That further, acceptance or approval of any of the work by State will not constitute a waiver of any rights of State to recover from County, damages that are caused by County or its Design or Construction Engineering Professional due to error, omission, or negligence of the Consultant in its work. That further, if, due to error, omission, or negligence of County or its Design or Construction Engineering Professional, the plans, specifications, and estimates are found to be in error or there are omissions therein revealed during the construction of the project and revision or reworking of the plans is necessary, County or its Design or Construction Engineering Professional shall make such revisions

without expense to State. County or its Design or Construction Engineering Professional's legal liability for all damages incurred by State caused by error, omission, or negligent acts of County or its Design or Construction Engineering Professional will be borne by County without liability or expense to State.

4.3 Timeline for Required Submittals

The following information and/or documents must be submitted to State by the times provided below:

4.3.1 Before County advertises the project for bid letting or begins construction with County's own forces –

- i. Bridge or Culvert Construction Project, when constructed by a Contractor -- Final Plans Package must be submitted to State for review and approval. The Final Plans Package must include:

- a. Final Construction Plans and Specifications, sealed and signed by a Nebraska licensed professional engineer.
- b. Hydraulic Data Sheet, sealed and signed by a Nebraska licensed professional engineer.
- c. The engineer's estimate of construction costs.
- d. Load Rating Summary Sheet, including all applicable calculations, sealed and signed by a Nebraska licensed professional engineer. If the new structure is not bridge length, (span less than 20 feet) no Load Rating Summary Sheet is required.
- e. County's bid documents shall be written so that the bridge construction costs can be readily distinguished from roadway and other non-bridge related project costs.

ii. Bridge or Culvert Construction Project, when constructed by County's own forces -- Final Plans Package must be submitted to State for review and approval. The Final Plans Package must include:

- a. Final Construction Plans and Specifications sealed and signed by a Nebraska licensed professional engineer.
- b. Hydraulic Data Sheet, sealed and signed by a Nebraska licensed professional engineer.
- c. The engineer's estimate of construction costs including a list of materials, and a breakdown of the estimated labor and equipment hours for construction.
- d. Load Rating Summary Sheet, including all applicable calculations, sealed and signed by a Nebraska licensed professional engineer. If the new structure is not bridge length, (span less than 20 feet) no Load Rating Summary Sheet is required.

iii. In the event that County's proposal in Section 3 above, involves more than one culvert or bridge project (bundled), all information and/or documents above must be submitted and accepted by the State prior to County letting the projects for bids or the purchase of project materials. County shall let all bundled projects together in the same letting.

4.3.2. **After County Awards a Construction Contract and/or Receives Material Invoices** – County must submit to State a copy of the executed construction contract or material invoices and a proposed schedule of project construction and completion.

4.3.3. **After Project Construction has been completed** – County must submit to State the final project cost documentation for all culverts and bridges constructed, a complete set of as-built plans, and County's certification, on a form provided by State, that the project has been completed. County shall enter, or cause its consultant to enter, the NBIS Initial Inspection data and photographs into State's Bridge Management Software (BrM) database. If the new structure is not bridge length, the County shall notify NDOT to remove the structure from the county bridge inventory.

4.3.4. **December 31, 2024—Project Construction must be completed.**

4.4 Laws and Bid Letting

County is required to comply with all laws applicable to the development, design, letting and construction of County's bridge or culvert project on a local road or street. County shall be responsible for assuring that its contractor has sufficient training, experience, labor and equipment to properly complete the work. Further, prior to County awarding a contract to a construction contractor, County shall provide to State all needed documentation about all bids received.

4.5 Financial

County shall solely be responsible for the following project costs:

- a. Planning, preliminary engineering including obtaining environmental permits, final design, right-of-way, bid letting, construction engineering, operation, maintenance and all other project phases with the exception of bridge construction costs, which will be eligible for CBMP funding.

- b. All expenses not paid by State under this agreement (the parties understand that all grading and roadway construction costs outside the limits of the bridge will not be paid by State with the exception of guardrail).

4.6 Failure to complete construction as designed

If County does not complete the construction of this project as described or shown on the approved plans, specification and estimates or as amended by any approved change orders, County shall notify State and may be required by State, in its sole discretion, to repay State any funds provided by State for the project. State will not participate in the costs of any change order proposed by County unless County presents to State (1) the details of the proposed change order, and (2) a detailed explanation of the reasons for the change order, and State determines, in its sole discretion, that the change order will be funded as a part of this project.

4.7 Maintenance and Environmental Commitments

Upon project completion, County shall own the bridge and have jurisdictional responsibility over the bridge. County shall maintain the constructed improvements and continue to meet environmental commitments at its own expense, and agrees to make provisions each year for such costs. County will release and hold harmless State, from any suits brought against State arising out of County's design, construction, operation, and maintenance of or related to the project.

4.8 Change of Scope

County understands that there are limited funds available for this bridge construction and that State reserves the right, in its sole discretion, to decline funding for any scope changes proposed by County for the bridge.

4.9 Indemnification

County agrees to hold harmless, indemnify, and defend State from all claims and liability due to the error, omission, or negligence of County or those of County's agents or employees arising out of County's project and the terms of this agreement.

SECTION 5. STATE'S RESPONSIBILITIES

State shall be solely responsible for the following:

5.1 Submittals

State shall accept the documents submitted by the County under Section 4.3, Timeline for Required Submittals.

5.2 Financial

State's total financial obligation for the project shall be as specified in Section 3. State shall pay its share of the project to County, based on the following schedule:

- a. Upon County's award of a construction contract or submittal of invoices for materials or rental equipment - 70 percent of State's share. For projects being constructed with

County's own forces, this initial payment will be 70 percent of the State's funding split specified in Section 3.

b. Upon County's certification of project completion, submittal of all construction invoices and final review by State – the remaining 30 percent of the State's share up to the maximum total dollar amount.

SECTION 6. SUSPENSION OR TERMINATION

6.1 Suspension

State, in its sole discretion, reserves the right to suspend this agreement when State determines that there are issues related to project performance, responsiveness, or quality that must be corrected by County. State shall provide County with notice of the suspension including a description of the reason(s) for the suspension, a timeframe for County to correct the deficiencies, and when applicable, a description of the actions that must be taken for State to revoke the suspension.

A suspension may also be imposed by State for any of the reasons listed in the Termination subsection below, or for any significant change in the scope of the project that has not been previously approved by State.

Failure to correct the deficiencies identified in a suspension will be grounds for the loss of funding for the project and for termination of this agreement.

6.2 Termination

This agreement may be terminated for the following reasons:

a. State and County, by mutual written agreement, may terminate the agreement at any time.

b. State may terminate this agreement for the following reasons:

1. Failure of County to provide the submittals or meet deadlines as set out in this agreement.
2. County's failure to cause the project to be constructed according to the approved project plans and specifications.
3. Loss of or a lack of available funds for the project.
4. County's breach of a provision of this agreement.
- c. Prior to State terminating this agreement, State shall provide written notice to County of the basis for termination and, when applicable, provide the County sixty (60) days to properly resolve all issues identified by State.
- d. County may terminate the agreement by providing written notice of termination to State, subject to subsection e below.
- e. Whenever the project is terminated for any reason, County shall be solely responsible for all costs associated with County's project and County shall promptly repay all previous payments made by State.

6.3 Review and Audit

State reserves the right, but not the duty, to review County's work related to this project and reserves the right to complete a financial audit of County records for the project. County shall repay State any funds determined by audit to not be eligible or participating for this project.

SECTION 7. DRUG-FREE WORKPLACE

County shall have an acceptable and current drug-free workplace policy on file with

State.

SECTION 8. FAIR EMPLOYMENT PRACTICES

If County performs any part of the work on this project itself, County shall abide by the provisions of the Nebraska Fair Employment Practices Act as provided by Neb. Rev. Stat. §§ 48-1101, through 48-1126.

SECTION 9. LAWFUL PRESENCE IN USA AND WORK ELIGIBILITY STATUS PROVISIONS

County agrees to comply with the requirements of Neb. Rev. Stat. §§ 4-108 to 4-114 with its project, including, but not limited to, the requirements of § 4-114(2) to place in any contract it enters into with a public contractor a provision requiring the public contractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

SECTION 10. ENTIRE AGREEMENT

This agreement contains the entire agreement of County and State. No representations were made or relied upon by County or State other than those that are expressly set forth herein. No agent, employee or other representative of County or State is empowered to alter any of the terms in this agreement unless done in writing and signed by an authorized officer of the County and State.

IN WITNESS WHEREOF, the Parties hereby execute this agreement pursuant to lawful authority as of the date signed by each party.

EXECUTED by the County this _____ day of _____, 2021.

STATE OF NEBRASKA
DEPARTMENT OF TRANSPORTATION
Jodi Gibson

Local Assistance Division Manager

STATE OF NEBRASKA, DEPARTMENT OF ROADS (NDOR)
POLICY FOR DESIGN, LOAD-RATING AND INSPECTION OF PUBLIC ROAD BRIDGES
May 24, 2010

Definitions: Bridge – Bridge shall have the definition set out in 23 CFR § 650.305. **Maintenance** - Maintenance means the act, operation, continuous process of repair, reconstruction or preservation of the whole or any part of any highway, including surface, shoulders, roadways, traffic control devices, structures, waterways, and drainage facilities, for the purpose of keeping it at or near or improving upon its original standard of usefulness and safety (Neb. Rev. Stat. § 39-101(6)). **Public Road** – Public road means any road or street under the jurisdiction of and maintained by a public authority and open to public travel (23 USC § 101(27)).

Any Bridge on a Public Road under the jurisdiction of the state, a county, or a village shall be designed, constructed, inspected and maintained in accordance with state and Federal law. The public entity with jurisdiction for any Bridge located on a Public Road in Nebraska shall provide to NDOR copies of all bridge plans, hydraulic design reports, load-rating reports and inspection reports applicable to each Public Road Bridge.

Hydraulic Design: The hydraulic design will satisfy the requirements of Federal-Aid Policy Guide, 23 CFR 650A (Location and Hydraulic Design of Encroachments on Floodplains) and FHWA-IP-90-017 (HEC-18 Scour), which is covered in the NDOR Hydraulic Analysis Guidelines. The Nebraska Natural Resources Commission provides minimum standards governing the hydraulic design of improvements in floodplains (See 455 NAC Section 004 and 005, and Chapter 31 of the Nebraska statutes). A Nebraska licensed professional engineer with training and experience in the hydraulic design of Public Road Bridges shall complete, seal and sign the hydraulic design report. The hydraulic design reports for Bridge projects on Federal-aid projects shall be submitted to the NDOR Local Projects Division in accordance with the LPA Manual. The hydraulic design reports for all other Bridge projects shall be submitted to the NDOR Bridge Division prior to construction.

Geometric and Structural Design: All Public Road Bridges shall be designed and constructed to meet the minimum standards of the Nebraska Board of Public Roads Classifications and Standard for the geometric and structural design of Bridges (See Minimum Standards created pursuant to Neb. Rev. Stat. § 39-2113). These standards apply to the original construction and any reconstruction, rehabilitation or retrofit of the Bridge. A Nebraska licensed professional engineer with training and experience in geometric and structural design of Public Road Bridges shall complete, seal and sign the Bridge design plans. The plans for Bridge projects on Federal-aid projects shall be submitted to the NDOR Local Projects Division in accordance with the LPA Manual. The plans for all other Bridge projects shall be submitted to the NDOR Bridge Division prior to construction.

Load-Rating and Inspection: All Public Road Bridges are subject to the National Bridge Inspection Standards (NBIS). The NBIS requires that all Public Road Bridges be load-rated and inspected. The NDOR Bridge Inspection Program (BIP) Manual sets out the policy covering load-rating and inspection of Public Road Bridges. All Bridges shall be load-rated in accordance with the (BIP) Manual and the load-rating documents shall be sealed and signed by a Nebraska licensed professional engineer with training and experience in Bridge load-rating. The load-rating documents of any Bridge constructed as a part of a Federal-aid project shall be submitted to the NDOR Local Projects Division in accordance with the LPA Manual. The load-ratings documents for all other bridges shall be submitted to the NDOR Bridge Division in accordance with the (BIP) Manual. Bridges must be inspected regularly as designated in the (BIP) Manual, or funding sanctions may be imposed.

Exemption: This policy does not apply to Bridges located on private property or private roads.

RESOLUTION
SIGNING OF THE PROJECT PROGRAM AGREEMENT – BL2106

Saline County

Resolution No. _____

Whereas: Saline County is proposing a transportation project for which it would like to obtain County Bridge Match funds;

Whereas: Saline County understands that it must strictly follow all State and local laws, rules, regulations, policies and guidelines applicable to the funding of the project; and

Whereas: Saline County and Nebraska Department of Transportation (NDOT) wish to enter into a new Project Program Agreement setting out the various duties and funding

responsibilities for the project.

Be It Resolved: by the Board of Commissioners of Saline County that:

Chair of the Saline County Board of Commissioners is hereby authorized to sign the attached Project Program Agreement between Saline County and the NDOT.

Saline County is committed to providing local funds for the project as required by the Project Program Agreement.

NDOT Project Number: STWD-CBMP(5)
