- 2. **Consider and Take Action on School Site Statutory Deregulation Applications of Library Media Services for Garfield, Liberty, Roosevelt, EM Trout, Union, and Woodlands Elementary Schools**

Commentary: The District is requesting the deregulation of library media services for the above-mentioned schools due to a lack of personnel and potential cost savings for the district. The teacher shortage in Oklahoma has made it difficult for us to fill all of our open positions. Teachers who may be certified in this are required to fill classroom positions. The employment of a full-time librarian, if one were available, would cost the district approximately \$55,000.00. The employment cost of a full-time assistant is approximately \$25,000.00.

A. **Deregulation of Library Media Services for Garfield Elementary School**

Commentary: Ponca City Public Schools is requesting deregulation from OAC 210:35-5-71 - Library Media Services for the 2025-2026 school year for Garfield Elementary School. A full-time librarian is hired to split time between Garfield and another site. Working 2.5 days a week at each site, she is able to keep the library operating at both sites, and on-site personnel are available to assist in library operations. By utilizing site staff and a part-time certified librarian, we are able to meet the needs of Garfield. The library is open daily to teachers, staff, and students. Jennifer Dye will answer questions.

B. **Deregulation for Library Media Services for Liberty Elementary School**

Commentary: Ponca City Public Schools is requesting deregulation from OAC 210:35-5-71 - Library Media Services for the 2025-2026 school year for Liberty Elementary School. The support employee we currently have at Liberty is under the direct supervision of a Library Media Specialist within our district.

Unfortunately, they are required to monitor several buildings, and we must utilize a trained teaching assistant so that our students have full-time access to a library in both facilities. A full-time librarian is hired to monitor operations at Liberty and other sites. The support position is utilized to check out books, restock the library, and ensure our students have access throughout the day. Jennifer Dye will answer questions.

C. **Deregulation of Library Media Services for Roosevelt Elementary School**

Commentary: Ponca City Public Schools is requesting deregulation from OAC 210:35-5-71 - Library Media Services for the 2025-2026 school year for Roosevelt Elementary School. A full-time librarian is hired to split time between Roosevelt and another site. Working 2.5 days a week at each site, she can keep the library operating at both sites, and on-site personnel are available to assist in library operations. By utilizing site staff and a part-time certified librarian, we can meet the needs of Roosevelt. The library is open daily to teachers, staff, and students. Jennifer Dye will answer questions.

D. **Deregulation of Library Media Services for Trout and Union Elementary Schools**

Commentary: Ponca City Public Schools is requesting deregulation from OAC 210:35-5-71 - Library Media Services for the 2025-2026 school year for EM Trout and Union Elementary Schools. The two support employees we currently

employ are under the direct supervision of a Library Media Specialist within our district. Unfortunately, they are required to monitor several buildings, and we must utilize a trained teaching assistant so that our students have full-time access to a library in both facilities. Full-time librarians still do instruction and guidance at both of these sites. The support position is utilized to check out books, re-stock the library, and ensure our students have access throughout the day. Jennifer Dye will answer questions.

Commentary: Ponca City Public Schools is requesting deregulation from OAC 210:35-5-71 - Library Media Services for the 2025-2026 school year for Woodlands Elementary School. They are required to monitor several buildings, and we must utilize a trained teaching assistant so that our students have full-time access to a library in both facilities. A full-time librarian is hired to monitor operations at Woodlands and another site. The support position is utilized to check out books, re-stock the library, and ensure our students have access throughout the day. Jennifer Dye will answer questions.

**Ponca City Public Schools
Memorandum of Understanding
Between Ponca City Public Schools and Adjunct Teachers Hired Prior to the 2025–2026
School Year**

Purpose:

This Memorandum of Understanding (MOU) outlines the agreement between Ponca City Public Schools (“the District”) and adjunct teachers hired prior to the 2025–2026 school year concerning compensation and post-certification pay adjustments.

Parties:

This MOU is entered into by and between Ponca City Public Schools and adjunct teachers employed by the District prior to the start of the 2025–2026 academic year.

Agreement:

1. Salary Freeze:

Adjunct teachers hired by Ponca City Public Schools before the 2025–2026 school year will have their pay rate frozen at the rate in effect of the 2024-2025 school year. This pay rate will remain unchanged until the teacher obtains appropriate certification as defined by the Oklahoma State Department of Education and required by the District.

2. Certification Completion and Stipend:

Upon successful completion of teacher certification, the District agrees to issue a **one-time stipend** to the employee. This stipend will represent the difference between:

- The total salary the teacher received while employed as an adjunct, and
- The total salary the teacher will earn at **Step 0** of the certified salary scale during the same period.

3. Eligibility Requirements for Stipend:

- The teacher must have been continuously employed with the District from the date of hire through the date of certification.
- The teacher must obtain and provide documentation of certification within the timeline and guidelines set forth by the District and state licensing authority.

4. Timing of Stipend Payment:

The one-time stipend will be paid within [30] days following the District’s receipt of documentation confirming the teacher’s full certification status.

5. No Precedent:

This MOU is intended to apply solely to adjunct teachers hired prior to the 2025–2026 school year and shall not be construed as establishing a practice or precedent for future compensation or employment decisions.

Duration:

This MOU shall remain in effect for all applicable adjunct teachers until such time as the outlined stipend has been paid or until further agreement is reached in writing.

NEGOTIATED CONTRACT
Between
PONCA CITY ASSOCIATION OF CLASSROOM TEACHERS
And
PONCA CITY BOARD OF EDUCATION
2025-2026

I. SCOPE OF CONTRACT

1.01 Recognition

The Board of Education of Ponca City Independent School District Number 71, Kay County, Oklahoma; hereinafter Board; hereby recognizes the Ponca City Association of Classroom Teachers; hereinafter Association; as the exclusive representative for all the Members of the Bargaining Unit whether under contract, on leave, full or part-time, for the purpose of collective bargaining on all matters affecting wages, hours, fringe benefits, and other terms and conditions of employment.

No agreement, understanding, consideration, or interpretation which alters, varies, waives, or modifies any of the terms or conditions contained herein shall be made with any member of the Bargaining Unit or any group of persons within the Bargaining Unit by the employer or any of its agents or representatives, unless it has been made, ratified, and agreed to in writing by the Association and the Board. Any such agreement shall not constitute a precedent in the future enforcement of any terms contained herein.

Unless otherwise indicated, the term, Member of the Bargaining Unit, (when used hereinafter in this Negotiated Contract), shall refer to all employees represented by the Association in the Bargaining Unit defined as all licensed and certified professional personnel of the Ponca City School District, excluding the superintendent, administrators, directors, principals, assistant principals, support staff (including psychologists), and positions which are principally supervisory or administrative. This recognition shall remain in effect as long as the Association is in compliance with current State Law in reference to recognition.

1.02 Board Rights

The Association and the Board shall abide by terms of the Procedural Agreement and the Negotiated Contract and all applicable state and federal statutes, rules and regulations. No agreement shall abrogate the legal rights, obligations, and powers of the Board, including its power to make and apply policy or direct the maintenance, operations, and management of the District. However, any policies affecting the terms and conditions of employment shall be subject to negotiations in accordance with subsequent paragraphs of this contract.

Policies, procedures, and guidelines heretofore and hereafter adopted by the Board, and not the subject of an agreement between the parties may remain in full force and effect. No act of omission shall constitute a waiver of the powers, rights, and duties of the Board.

1.03 Duration

The 2025-2026 Negotiated Contract shall take effect when ratified by both the Association and the Board, and shall be in full force and effect until a successor contract has been put in place pursuant to the provisions of Oklahoma Statutes (§70-18-114.8). Any change in compensation will be retroactive to the beginning of the current fiscal year. This agreement constitutes the entire agreement between parties and supersedes all previous agreements, negotiations, past practices, and oral understandings and may not be modified except in writing.

If the Association desires to negotiate a contract for the 2026-2027 school year, the Association shall notify the Board in writing no later than Monday preceding the April Board meeting. If the Association does not notify the Board of its intent to negotiate a contract for the 2026-2027 school year, the Board shall notify the Association in writing no later than Monday following the April Board meeting of its intent to negotiate.

1.04 Contingency Provision

In the event of a court decision or a change in Oklahoma Statutes that impacts on the budget or efficient operation of the school district, the Board and Association will immediately resume bargaining in order to negotiate conditions or items affected by the change. All provisions of the Negotiations Procedural Agreement will be followed.

1.05 Severability

If any provision(s) of this Contract or any application of the provisions of this Contract to any person(s) is found, by a court of competent jurisdiction, to be in conflict with any federal or state law, regulation, ruling or order, now or hereinafter enacted or issued, such provision or application shall be inoperative but the remaining provisions hereof shall continue in effect. Upon request of the Association or the Board, within fourteen (14) calendar days after such finding(s), the parties shall meet solely for the purpose of negotiating the provision(s) affected.

II. PROCEDURAL AGREEMENT FOR COLLECTIVE BARGAINING

2.01 Scope of Bargaining

The Board and the Association agree to negotiate in good faith on wages, hours, fringe benefits and other conditions and terms of employment. To negotiate in good faith shall mean both parties must be willing to consider proposals in an effort to find a mutually satisfactory basis for agreement and must be willing to discuss their respective contract proposals. If either party objects to the other's contract proposal, the objecting party must

support its objections with rationale. (§70-509.6)

The Association and the Board shall abide by terms of the Procedural Agreement and the Negotiated Contract and all applicable state and federal statutes, rules, and regulations. No agreement shall abrogate the legal rights, obligations, and powers of the Board, including its power to make and apply policy or direct the maintenance, operations, and management of the District. However, any policies affecting the terms and conditions of employment shall be subject to negotiations in accordance with subsequent paragraphs of this contract. Policies, procedures, and guidelines heretofore and hereafter adopted by the Board, and not the subject of an agreement between the parties may remain in full force and effect.

2.02 Procedures

- A. If either the Board or the Association has notified the other party of its intent to negotiate, the first bargaining meeting will be held by mutual agreement. Prior to the time set for the first bargaining meeting, the Board, through the Superintendent, and the Association, through its President, shall designate in writing the names of not more than six persons who shall serve on their respective negotiating teams. Each party shall also designate the person on their team who will be the chairperson or chief negotiator.
- B. At the first meeting, the Board and the Association may mutually agree to engage in collaborative bargaining. If both parties agree to engage in collaborative bargaining, guidelines for collaborative bargaining shall be collaboratively developed. In addition, both parties will present the list of items they desire to negotiate. If either party does not agree to engage in collaborative bargaining, then both will prepare written proposals to be presented at the next bargaining meeting.
- C. Dates and times of subsequent meetings will be mutually agreed upon. A maximum time limit of three (3) hours will be set for each meeting unless both parties mutually agree to an extension.
- D. Negotiations meetings shall be closed to all except Board and Association negotiations team members and parties mutually agreed to by both teams. No recording or transcription shall be made unless mutually agreed upon by each negotiations team.
- E. Items to be negotiated will not be discussed in open Board meeting until signed tentative agreement has been reached.
- F. An item may be disposed of by one of the following methods:
 - 1. agreement on the item
 - 2. agreement to withdraw the item
 - 3. declaration of impasse

- G. Tentative agreements reached as a result of such negotiations shall be reduced to writing by the Board to be presented within five (5) calendar days for initialing by each chief negotiator and for ratification by the Association. The Association shall have no more than fifteen (15) calendar days from the date the tentative agreements are initialed in which to file a written declaration of their ratification or lack thereof to the Board through the Superintendent. Absence of a written reply within this allotted time shall constitute ratification by the Association. Following such ratification, the agreements shall be presented to the Board for ratification. If ratification of the agreement is within a week of the regularly scheduled Board meeting, the Board may call a special meeting for the purpose of considering the ratification of the agreement by the Board. In no event shall ratification be later than the second regularly scheduled Board meeting following ratification by the Bargaining Unit. Failure to act upon the agreements within this allotted time shall constitute ratification by the Board. No other negotiations shall take place until a formal request is made the following year in accordance with the provisions of this contract, except as otherwise provided for in Sections 1.04 and 1.05 of this agreement or the Board and the Association mutually agree to engage in collective bargaining.
- H. In the event that either the Board or the Association fails to ratify the tentative agreement reached by the negotiations teams, the teams shall meet within seven (7) calendar days to resume a good-faith effort to resolve the remaining differences. Items may be disposed of by either agreement on the item or declaration of impasse on the unresolved items. In the event that either the Board or the Association fails to ratify a second tentative agreement reached by the negotiations team, all negotiations for that school year shall cease.
- I. If negotiations are not successfully concluded by the first day of school, impasse shall exist. At any earlier time, either party may declare impasse. Upon reaching of impasse, the items causing the impasse shall be referred to a three-member fact finding committee. The Board and the Association shall follow the procedures for resolving impasse as set forth in Oklahoma Statute §70-509.7.
- J. All hearings by the fact-finding committee shall be conducted in closed session and no press releases shall be made by either party or the fact-finding committee concerning the progress of the hearings.
- K. The costs for the services of the fact-finding committee, including per diem expenses, if any, and factual and necessary travel expenses shall be shared in the following manner: The Board shall assume the expenses of the representative selected by the Board, the Association shall assume the expenses of the representative selected by the Association, and the expenses of the third member shall be shared equally by the Board and the Association.

2.03 Press Releases

Joint press releases will be the exclusive device for public information dissemination by the parties. All releases will be composed and approved by the chief negotiators. Such releases shall be made only with the signed approval of both chief negotiators. The term "press release" shall mean material given in advance to the newspaper, television, or radio for publication or broadcast at a later date.

2.04 No Strike Clause

The procedure provided for herein for resolving impasse shall be the exclusive recourse of the Association. It shall be illegal for the organization to strike or threaten to strike as a means of resolving differences with the Board. Any member of the Bargaining Unit engaging in a strike shall be denied the full amount of his/her wages during the period of such violation. If the Association or its members engage in a strike, then the organization shall cease to be recognized as representative of the unit and the school district shall be relieved of the duty to negotiate with the Association or its representatives. (§70-509.8)

2.05 Time Limits

Time limits set forth herein may be extended by mutual agreement of the parties. (§70-509.7)

III. NON-DISCRIMINATION CLAUSE

3.01 Member Protection

No member of the Bargaining Unit shall be discriminated against by the Board, by any administrative officer of the district, or by any employee organization, its officers, or any member thereof because of his/her exercise or non-exercise of rights under this contract. It shall be prohibited for an employee organization, employee or employer to impede, restrain or coerce an employer or employees in the exercise of their rights. (§70-509.9)

3.02 Civil Protection

There shall be no discrimination against any Member of the Bargaining Unit covered by this contract in a manner which would violate any applicable laws on the basis of race, color, creed, national origin, age, gender, or marital status in the evaluation, employment, transfer, or promotion of personnel.

Up to an additional fifteen (15) hours of professional development will be compensated at \$30.00 per hour (pending federal funding). - D. Middle school teachers, excluding counselors and librarians, will be provided a minimum of two hundred (200) minutes of scheduled planning time each week within the student instructional day.
- E. Senior High School teachers, excluding counselors and librarians, will be provided a minimum of one planning period each day within the seven (7) period day.

5.03 Duty-Free Lunch Period

Each Member of the Bargaining Unit will have a duty-free lunch period of not less than thirty (30) consecutive minutes per day. If conditions do not allow this duty-free lunch, the building principal will then contract with an employee to assist with the lunch duty. If extra personnel is needed and no employee agrees to assist with the lunch duty, then the building principal, Building Level Team, and all certified staff will work to arrive at a mutually accommodating lunch schedule.

5.04 Posting of Vacancies

All instructional, supervisory, administrative and extracurricular vacancies within the district shall be posted on the district web-site within two (2) days after the vacancy has been determined to exist and, if possible, within a minimum of two (2) days before interviewing begins and the position is filled. A. Assignment/Voluntary Transfer

Members of the Bargaining Unit shall be placed in positions for which they are certified as determined by law and/or the State Department of Education of Oklahoma. Assignment of personnel within the building shall be the responsibility of the building principal. Assignments of personnel to another building shall be the responsibility of the superintendent.

If a teacher desires a change in assignment within his/her building, he/she shall present in writing his/her needs to the building principal.

A teacher who desires transfer to another building may make application as an internal candidate for posted positions at any time in accordance with the provision of the posting.

B. Involuntary Transfer

1. If an involuntary transfer is deemed by the superintendent to be essential to the best interests of the children, the superintendent or his/her designee shall hold a conference with the affected teacher to acquaint the teacher with the needs of the district.
2. All other involuntary transfers, when deemed necessary, shall be based on certification requirements needed in the system. The superintendent will make a selection that is least disruptive to the district with consideration to seniority and experience in the related position.
3. When an involuntary transfer is to be made, the superintendent or his/her designee shall hold a conference with the teacher to be affected. The conference shall be held as soon as possible after the need is recognized and at least four (4) weeks prior to final placement, if possible. The teacher shall be notified by the superintendent in writing as to the nature and cause of such reassignment within five (5) days of the conference. During the first three (3) weeks of each semester, transfers may be made as justified by enrollment with less than four (4) weeks notification.

5.06 Reduction in Force

A. Definition

The term "seniority," as used in this contract, shall include a combination of longevity with the district and total years teaching experience. Teachers will be credited with one (1) year of seniority for each year of continuous, full-time contractual employment, commencing with the first year of the current continuous employment. Seniority will not be broken nor shall it continue to accrue when a teacher is on authorized leave or on layoff or when the break in service is fewer

than 13 months. Teachers will be credited with one (1) year of seniority for every three (3) years of out-of-district teaching experience and/or in-district experience prior to the current continuous employment.

B. Procedure

With the Board resides the authority and the responsibility to reduce the number of teachers in the school district and to make the decision when such measures are necessary. Should an occasion arise, when in the best interest of the school district the Board decides a reduction in force is necessary, the bargaining unit will be notified, and the following procedures will be followed per state statute 70 O.S. 6-101.31: In determining which teacher(s) will be dismissed or non-reemployed when one or more of the number of identical positions is eliminated, the following criteria, in this order, shall govern (70 O.S. 6-101-31):

1. The school district will dismiss or non-reemploy the teacher(s) who has the lowest composite rating under the school district's Teacher and Leader Effectiveness Evaluation System (TLE) in the position being eliminated. Ratings will be calculated by averaging the past three (3) years' ratings (or fewer if 3 years are not available) and will be measured to the nearest hundredth of a decimal point.
2. In the event of identical TLE Composite ratings the following criteria, in this order, shall govern:
 - a. Licensed teachers shall be released first, before probationary or career teachers who are certified and highly qualified to hold positions currently held by licensed teachers.
 - b. Probationary teachers shall be released before career teachers who are certified and highly qualified to hold positions currently held by probationary teachers.
3. Selection of probationary teachers for release shall be based on the following criteria:
 - a. Years of teaching service in the area of certification in the position open
 - b. Total number of years of teaching experience
 - c. Years of service in the district
4. If normal attrition and the release of licensed and probationary teachers does not sufficiently reduce the certified staff, the following items shall be considered in the reduction process in the order they are listed:
 - a. Teachers with the least amount of seniority in the district will be released first.

- b. Teachers with the least amount of service in the current assignment will be released next.
- c. Teachers with the least amount of approved academic and professional training will be released next.

C. Release of Teachers Due to Reduction in Force

If a teacher whose position has been eliminated as a result of a reduction in force declines or refuses the offer of a position for which he/she is certified and highly qualified, he/she shall be released.

D. Reemployment

1. Until September 1 of the next succeeding school year after the effective date of termination, the Board shall offer to a teacher who has been released due to a reduction in force all positions that become available for which he/she is certified and highly qualified. If several former teachers are certified and highly qualified for a position, the position shall be offered first to the former career teacher who had the most seniority when laid off. The second criterion for recall will be years of teaching service in the area of certification in the position open. Any teacher who desires to be considered for recall to a teaching position shall notify the Executive Director of Human Resources in writing of this desire and shall also be responsible for keeping the Executive Director of Human Resources advised of a current mailing address, telephone number, and change in job status. Any such offer of recall shall be made by certified mail, return receipt requested, and the teacher shall be notified that he/she must submit a written acceptance or non-acceptance of the position within ten (10) calendar days. If a teacher who is subject to recall declines a position, that teacher's name will be removed from the recall list.
2. A teacher who is recalled shall have restored all benefits accrued on the effective date of the termination, and for payroll purposes shall be placed on the salary schedule at the step reflecting the recalled teacher's teaching experience and college degree.
3. A teacher who is released as a result of a reduction in force shall remain on the recall list until September 1 of the next succeeding school year following the effective date of the reduction in force unless the teacher waives recall in writing, resigns, or fails to accept recall on a position that he/she is certified to teach, or accepts another contract in a different school district.

5.07 Supplemental Assignment

A. Definition

The term supplemental assignment shall refer to assigned or accepted services under a supplemental contract as set forth in Appendix D. In the event new positions are created, such positions shall be added to the Supplemental Salary Schedule and shall be subject to bargaining as set forth in this agreement.

B. Supplemental Contracts

A teacher who performs a supplemental assignment in the school district will receive a supplemental contract. Supplemental assignments and supplemental contracts will be issued under the requirements and provisions of Oklahoma Statutes.

C. Conferences Concerning Supplemental Contracts

If a supplemental contract will not be offered to a Member of the Bargaining Unit who heretofore held such a contract, the person who is directly responsible for supervising such Member in the discharge of his/her duties in the supplemental contract shall schedule and hold a conference with the Member for the purpose of informing him/her that supplemental contract will not be offered.

VI. LEAVE PROVISIONS

6.01 Leave for Illness

A. Definition

Certified employees of the Ponca City Board of Education may be absent from their duties due to personal accidental injury, illness, or childbirth or adoption or for accidental injury or illness in the immediate family without the loss of salary. The immediate family for the purposes of sick leave shall include spouse, son, step-son, daughter, step-daughter, mother, step-mother, father, step-father, or persons living in the same household as a member of the family.

B. Provisions

On the first day of the contract year, each certified employee shall be credited with ten (10) days sick leave.

Unused sick leave shall be cumulative up to a total of one hundred eighty (180) days. Teachers with accumulated one hundred eighty (180) days prior to the commencement of the school year earn an additional ten (10) days when the new school year begins, but unused sick leave in excess of one hundred eighty (180) days is transferred to their retirement bank.

For certified employees, the right to sick leave shall vest on the first day of the contract year. If a certified employee's effective date of employment is not at the beginning of the school year, he/she shall be eligible immediately for sick leave in an amount equal to one day for each month to be worked between the effective date of employment and the beginning of the next school year.

C. Excess Sick Leave

If, after exhausting, all sick leave, a teacher is absent from his/ her duties, the teacher shall receive for a period of twenty (20) days his/her full contract salary less current substitute rate per day.

D. Sick Leave Bank

Certified employees may participate in the Sick Leave Bank on a voluntary basis. Sick Leave Bank may be utilized by an employee who is pregnant or recovering from childbirth or who is suffering from or has a relative or household member suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition. An employee may utilize the Sick Leave Bank only under the following conditions: (1) the employee has exhausted, or will exhaust, all sick leave as a result of the condition (including 20 days cost of sub), (2) the condition has caused, or is likely to cause, the employee to take leave without pay or to terminate employment, and (3) the condition is serious, extreme, or life-threatening.

The Board of Education shall require the employee to submit, prior to approval or disapproval, a medical certificate from a licensed physician or health care practitioner verifying the severe or extraordinary nature and expected duration of the condition. "Severe" or "extraordinary" means serious, extreme or life-threatening, including temporary disability resulting from pregnancy, miscarriage, childbirth, and recovery therefrom.

VII. TEACHER EVALUATION

7.01 Philosophy

The Ponca City Public Schools Teacher Evaluation Program is based on the improvement of instruction through focusing on factors which have demonstrated effectiveness in increasing student achievement, fostering a positive student self-image, and building student enthusiasm for the learning process. It is designed to increase the faculty member's effectiveness, give a clearer definition of the teacher's job, and lead to self-improvement. Evaluation should be a continuous, constructive, and cooperative experience between the teacher and evaluator, be made a matter of record, and provide information for both teachers and administrators. The Ponca City Public Schools shall make every reasonable effort to give all necessary support and assistance to teachers with respect to maintenance of an appropriate learning environment in the classroom.

7.02 Orientation

Within six (6) weeks after the beginning of each school year, the building principal shall acquaint each teacher under his/her supervision with the evaluation procedures and instruments and advise each as to the designated administrator who will evaluate his/her performance. All new teachers to the district will be acquainted with the evaluation instrument. In the case of a change of evaluation instrument, no evaluation shall take place until all teachers have gone through orientation and are acquainted with the new instrument. A new teacher or a teacher reassigned after the beginning of the school year shall be notified by the appropriate principal of the evaluation procedures in effect. Such notification shall be within six (6) weeks of the first day in the new assignment.

7.03 Appraisal Process

Appraisal is a cooperative process wherein the individual appraised and the evaluator feel a joint responsibility to focus on instructional improvement and to work together to achieve professional growth. The process is based on the assumption that the need for professional growth extends to all teachers regardless of their experience or current level of competence. A need for professional growth does not necessarily imply incompetence.

7.04 Observations and Purpose

Observations may be planned or "drop-in." The supervisor will use the Marzano Focused Framework Protocol, through iObservation, to apply data points for the analysis of the teaching. The Marzano Framework allows the supervisor to analyze the lesson and formulate objectives for the conferences. A copy of the evaluation record, with data points applied, will be emailed to the teacher within two working days following the observation. The email will be sent to the teacher through iObservation. The teacher will be required to acknowledge the email to indicate receipt, and the acknowledgement will serve as an electronic signature. A record of observation will be maintained in iObservation.

All observations shall be conducted openly with the full knowledge of the teacher and for the purpose of promoting professional growth.

During the course of the school year, at least one (1) observation conducted by the supervising principal must be a minimum of twenty (20) consecutive minutes in duration.

7.05 Conferences

A. Conferences

Conferences will be held by the supervisor in working with the teacher. A conference must be preceded by a minimum of thirty (30) minutes of observation. Observations and conferences will provide information to be used in the final evaluation.

- B. Conferences for Probationary Teachers
Probationary teachers will have at least one conference prior to November 15, at least one additional conference prior to February 10, and at least one additional conference prior to May 1.
- C. Conferences for Career Teachers
Career teachers will have a minimum of two conferences prior to May 1 each year.
- D. Additional observations and conferences may be held at the request of the teacher.

7.06 Remediation

- A. When the supervisor believes a teacher's deficiencies may lead to a recommendation for dismissal or non-reemployment, a detailed written Plan of Improvement to assist the teacher in eliminating difficulties related to the Performance Guidelines will be developed. Prior to finalization of the Plan of Improvement, the teacher will have an opportunity to provide input. The areas of unsatisfactory performance shall be identified in writing, and the administrator will make a reasonable effort to assist the teacher to correct whatever appears to be the causes for the potential dismissal or non-reemployment. A signed copy of the Plan of Improvement will be retained by both the teacher and the evaluator.
- B. A reasonable time for improvement, not to exceed two (2) months, shall be established in accordance with the nature and gravity of the teacher's performance or conduct. When the stated time has expired, the teacher will receive a written assessment of the progress on the Plan of Improvement. The written assessment shall indicate one of the following: (1) plan has been successfully completed, (2) plan will be extended, or (3) new plan will be written. If the teacher does not correct the cause for potential dismissal or non-reemployment within a reasonable length of time, the administrator shall indicate the recommendation on the Evaluation Record. Copies of the Plan of Improvement shall be attached to the Evaluation Record.

7.07 Evaluation Record and Copy

- A. The building principal or assistant principal shall observe and evaluate each teacher formally through iObservation. The criteria for evaluating professional performance are divided into four categories: classroom strategies and behaviors; planning and preparing; reflections on teaching; and collegiality and professionalism. Data points shall be applied to elements observed.
- B. Observation will be reflective of observable performance, not isolated incidents or events.

- C. The final evaluation will be completed after a minimum of two (2) conferences for career teachers and a minimum of three (3) conferences for probationary teachers. All final evaluations must be completed by May 1 of each year.
- D. The teacher shall be provided a copy of the final evaluation, signed by both supervisor and teacher. The teacher signature does not necessarily indicate agreement with the evaluation but rather awareness of the content and receipt thereof.

7.08 Response

If the teacher feels his/her final evaluation is incomplete, inaccurate, or unjust, he/she may put his objections in writing if done within two (2) weeks and have them attached to the final evaluation to be placed in his/her personnel file. The file copy of such objections shall be signed by both parties to indicate awareness of the content.

7.09 Recommendation for Renewal

The final evaluation indicates the evaluator's recommendation for continued employment, admonishments that could lead to non-reemployment, or recommendation for non-reemployment.

VIII. INDIVIDUAL RIGHTS

Material resulting from a complaint must be signed by the complainant before it is placed in the teacher's file. The teacher shall receive a copy of said material, at no cost to the teacher, at the time of filing. The teacher shall have the right, within ten (10) working days, to affix a written response to said material.
3. Any material may be removed from the file and returned to the teacher by mutual consent of the superintendent and teacher, unless otherwise prohibited by law.

8.03 Conference and Notification

When an official investigation is initiated because of a student or parent complaint alleging an action which is in violation of Board policy or State Law, the teacher will be notified in a reasonable time frame.

During any administrator-teacher conference, especially those that may lead to a written disciplinary action or dismissal of the teacher or pertain to Negotiated Agreement concerns, the conference may be interrupted or postponed at the request of the teacher so that he/she may have representation present when the conference is continued.

A 24-hour advance written or electronic notice of the right to representation will be provided to certified employees when a meeting is scheduled for the purposes of presenting a Plan of Improvement, Admonishment or other personnel file record.

APPENDIX A

Standards of Performance and Conduct for Teachers

Professional Services Division
(70 O.S. Supp. 1990 § 6-101.21 and 101.22)

Teachers are charged with the education of the youth of this State. In order to perform effectively, teachers must demonstrate a belief in the worth and dignity of each human being, recognizing the supreme importance of the pursuit of truth, devotion to excellence, and the nurture of democratic principles.

In recognition of the magnitude of the responsibility inherent in the teaching process and by virtue of the desire of the respect and confidence of their colleagues, students, parents, and the community, teachers are to be guided in their conduct by their commitment to their students and their profession.

PRINCIPLE I COMMITMENT TO THE STUDENTS

Oklahoma Administrative Code (OAC) 210:20-29-3 – Effective June 25, 1993

The teacher must strive to help each student realize his or her potential as a worthy and effective member of society. The teacher must work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the teacher:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning,
2. Shall not unreasonably deny the student access to varying points of view,
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress,
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety,
5. Shall not intentionally expose the student to embarrassment or disparagement,
6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social, or cultural background, or sexual orientation, unfairly
 - Exclude any student from participation in any program;
 - Deny benefits to any students; or
 - Grant any advantage to any student.

7. Shall not use professional relationships with students for private advantage,
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose and is permitted by law or is required by law.

PRINCIPLE II COMMITMENT TO THE PROFESSION

Oklahoma Administrative Code (OAC) 210:20-29-4 – Effective June 25, 1993

The teaching profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In order to assure that the quality of the services of the teaching profession meets the expectations of the State and its citizens, the teacher shall exert every effort to raise professional standards, fulfill professional responsibilities with honor and integrity, promote a climate that encourages the exercise of professional judgment, achieve conditions which attract persons worthy of the trust to careers in education, and assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator:

1. Shall not, in an application for a professional position, deliberately make a false statement or fail to disclose a material fact related to competency and qualifications;
2. Shall not misrepresent his/her professional qualifications;
3. Shall not assist any entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute;
4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position;
5. Shall not assist an unqualified person in the unauthorized practice of the profession;
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law;
7. Shall not knowingly make false or malicious statements about a colleague; and
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

PRINCIPLE III

Oklahoma Administrative Code (OAC) 210:20-29-5 – [Amended] February 2024

A career teacher may be dismissed or not reemployed for:

1. Willful neglect of duty;
2. Repeated negligence in performance of duty;
3. Mental or physical abuse to a child;
4. Incompetency;
5. Instructional ineffectiveness;
6. Unsatisfactory teaching performance; or
7. Any reason involving moral turpitude; or
8. Abandonment of contract.

Subject to the provisions of the Teacher Due Process Act, a probationary teacher may be dismissed or not reemployed for cause.

A teacher shall be dismissed or not reemployed unless a presidential or gubernatorial pardon has been issued, if during the term of employment, the teacher is convicted in any state or federal court, or any sex offense subject to the Oklahoma Sex Offenders Registration Act or any other state or federal sex offender registration provisions.

A teacher may be dismissed, refused employment, or not reemployed after a finding that such person has engaged in acts that could form the basis of criminal charges sufficient to result in the denial or revocation of a certificate for a reason set forth in subparagraph a of paragraph 6 of 70 O.S. § 3-104.

A teacher may be dismissed, refused employment, or not reemployed after a finding that such person has, either in the presence of a minor or in a manner available to a minor online, engaged in sexual acts, acts that appeal to the prurient interest in sex as found by the average person applying contemporary community standards, or acts that excessively promote sexuality in light of the educational value of the material and in light of the youngest age of any student with access to said material.

SELF-APPRAISAL

1. Identify what you think has contributed to your effectiveness as an educator (e. g., course work, private study, travel, work on school committees, in-service training, etc.)
2. What do you consider to be your greatest strengths?
3. Identify the areas in which you would like to demonstrate professional growth during the next year.
