Work Based Learning Program

Descriptor Code:

4.211

Issued Date:

01/09/18

Rescinds:

Issued:

Credit-bearing work-based learning activities are intended to serve as a capstone experience by which students can pursue the goals laid out in the required Plan of Study. Students practice and demonstrate the professional skills that are most valued by employers and postsecondary institutions and compile a portfolio of work samples and references that serve as evidence of their abilities. The Tennessee Department of Education (TDOE) policies address stand-alone credit-bearing experiences such as, but not limited to Apprenticeships, Clinical Internships, Service Learning classes, and Supervised Agriculture Experience.

Morgan County Schools will follow all TDOE General Policies for Credit-Bearing Work-Based Learning. (WBL). The policies establish minimum general requirements for any credit-bearing work-based learning opportunity.

Relation to Student's Plan of Study and Graduation Requirements:

Capstone WBL experiences and training must be aligned with the student's updated Plan of Study as required in State Board of Education (SBE) High School Policy, equate to a full-time equivalent credit, meet the standards of the Career Practicum or other WBL course in which they are enrolled, and facilitate intentional progress toward the attainment of knowledge and skills necessary to pursue the student's postsecondary and career goals.

Participating students must be on track to meet the requirements for graduation or program completion as adopted by the State Board and may earn WBL credit over the summer term as long as all WBL program requirements are met.

Students participating in WBL activities must be at least 16 years of age.

Students must demonstrate a 90% attendance rate unless otherwise agreed upon prior to the start of the WBL experience and deemed acceptable to the workplace mentor and WBL Coordinator.

Students must exhibit work readiness attitudes and skills as determined by the teacher and employer and consistent with the Tennessee Department of Education WBL Policy and Implementation Guides before beginning a WBL experience (SBE High School Policy 2.103).

1 If a student is enrolled in a capstone WBL placement for credit, the time spent at the WBL placement
2 may be considered school enrollment time as outlined in the TDOE Student Membership Procedures
3 Manual.

4 The capstone WBL course, Work-Based Learning: Career Practicum, may be used as the second, third,
5 or fourth course for any Career and Technical Education (CTE) Program of Study or area of focus, but
6 it does not count toward CTE Concentrator status. Students may earn up to six (^) credits per school year
7 in Work-Based Learning: Career Practicum during their junior and senior years. At least one (1) credit
8 must be earned through related classroom experience, which must include a minimum of two (2) hours
9 per week of classroom instruction. A minimum of 5 and one half (5.5) hours per week of supervised
10 work experience is required for one (1) additional credit, and a minimum of ten (10) hours per week for
11 two (2) additional credits. Students in capstone WBL experiences should earn credit through the Career
12 Practicum course or another appropriate WBL clinical or practicum course code. 1

13 Students earning credits for work experience must be supervised by a certified work-based learning
14 coordinator. Work-based learning programs must adhere to all state and federal child labor laws.

15 Prior approval must be obtained by the CTE Director or Special Education Director, respectively, before
16 students can be placed in occupations that require the use of Hazardous Occupations Exemption Form.

17 Morgan County Schools will follow the Work-Based Learning Policy Guide established by the
18 Tennessee Department of Education (TDOE) which includes the policies for the implementation of
19 credit-bearing work-based learning experiences.

Monitoring: Review: Annually, in November	Descriptor Term: Technology Acceptable Use and Internet Safety Guidelines	Descriptor Code: 4.406	Issued Date: 09/07/21
		Rescinds: 4.406	Issued: 09/03/19

PURPOSE

Morgan County Schools provides students access to electronic resources that promote educational excellence, sharing of information, innovative instruction, and online communication to enhance learners' ability to live and work in the 21st century.

- The purpose of these guidelines is to ensure that users recognize the procedures which the school imposes on their use of the MCS network (wired and wireless), MCS PODNet, the Internet, e-mail, and release of student information.
- They are provided to help understand what constitutes acceptable behavior with the use of technology.
- These rules and guidelines detail acceptable use of the networks, the Internet, use of Artificial Intelligence (AI) and electronic information resources anywhere. All members of the MCS community (students and staff) are expected to comply with these standards.
- Due to the dynamic nature of technology, it is recommended that these guidelines be reviewed annually.

ELECTRONIC RESOURCES:

These procedures are written to promote positive and effective digital citizenship among students and staff and are based on the four guiding principles of the Children's Internet Protection Act (CIPA): respect, privacy, sharing, and safety.

Digital citizenship represents more than technology literacy. Successful, technologically fluent digital citizens live safely and civilly in an increasingly digital world. They recognize that information posted on the Internet is public and permanent and can have a long-term impact on an individual's life and career. They also recognize that expectations for student and staff behavior online are no different than face-to-face interactions.

STUDENT COMPLIANCE

All students must comply with all MCS Board of Education policies. Students shall only attempt to make use of material or attempt to locate material which would be acceptable in a school setting.

1 ACCESSING THE MCS NETWORK

2 MCS NETWORK ACCEPTABLE USE

3 Acceptable network use by district students and staff includes:

- 4 • Creation of files, projects, videos, web pages and podcasts using network resources in support of
5 educational research; sources outside the classroom or school must be cited appropriately.

7 podcasts, e-mail, and web pages that support educational research.

8 Unacceptable network use by district students and staff includes but is not limited to:¹

10 intent to gain access to these blocked websites by using or installing programs not installed by
11 MCS Tech Dept. Ex. Proxy, vpn, or unblocking programs, apps, or extensions;
- 12 • Accessing, uploading, downloading, storage and distribution of obscene, pornographic or
13 sexually explicit material;
- 14 • Attaching unauthorized equipment to the district network;
- 15 • Cyberbullying, insulting, hate mail, defamation, harassment of any kind, discriminatory jokes,
16 and remarks;
- 17 • Damaging computers, computer systems, computer networks or any device on the network;

USE OF PERSONALLY OWNED DEVICES (PODS) IN SCHOOL

Refer to MCS Board Policy 6.312

USE OF STUDENT ASSIGNED CHROMENOOKS

Refer to MCS Board Policy 4.409 (Chromebook Policy)

MCS WIRELESS NETWORK

Morgan County Schools offers wireless Internet access for personally owned devices (PODs) on all campuses within the district. This MCS PODNet Wireless Network operates alongside the MCS Wireless School Network and allows anyone with a wireless device to access the Internet on school grounds. The only difference between the two networks is that the MCS Wireless School Network allows access to all peripherals (including printers) and to files stored on network drives; MCS PODNet Wireless Network does not.

Each time a user accesses the MCS PODNet Wireless Network, that user agrees to the terms listed below:

1. Students and staff are expected to connect their PODs to the Internet via the MCS PODNet Wireless Network.
2. The MCS PODNet Wireless Network will provide filtered Internet access and related web-based services in compliance with the Children's Internet Protection Act (CIPA).
3. MCS will not be held liable for any damage that may occur as a result of connecting to the MCS PODNet Wireless Network or any electrical power source.
4. MCS will not be held responsible for any physical damage, loss or theft of the POD.
5. PODs brought on school property may be subject to search.
6. PODs will only be allowed at designated locations and/or times.
7. MCS will not be obligated to provide support, maintenance, or repair of any POD.
8. Student use of PODs in the classroom setting will be at the discretion of the principal or teacher.
9. Persons connecting PODs to the MCS PODNet Wireless Network must have a compatible network card configured properly, and agree to maintain current anti-virus software enabled on their devices.

10. All activities while accessing the MCS Wireless School Network and the MCS PODNet Wireless Network are governed by the guidelines set forth in this policy.

11. MCS will not be obligated to supply electrical power access to power PODs where such access does not already exist.

12. Anyone bringing personal technology to school agrees to be responsible for and to reimburse MCS for any damage that they may cause arising out of and relating to the use of the MCS PODNet Wireless Network and his/her POD.

INTERNET SAFETY: STUDENT INSTRUCTION AND SUPERVISION^{4,2}

- All students will participate in Internet safety instruction integrated into the district's instructional program in grades K thru 12.
- Staff members who supervise students, control electronic equipment, or have occasion to observe student use of said equipment online, must make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district; and
- Staff must make a reasonable effort to become familiar with the Internet and to monitor, instruct and assist effectively.
- Although teachers will monitor student activity online² and filtering software is in place in accordance with Children's Internet Protection Act (CIPA) regulations, it is the direct responsibility of students to comply with this acceptable use policy.

INTERNET SAFETY: PERSONAL INFORMATION AND INAPPROPRIATE CONTENT

- Students and staff should not reveal personal information, including a home address and phone number, on web sites, blogs, podcasts, videos, wikis, e-mail or as content on any other electronic medium.
- Students and staff should not reveal personal information about another individual on any electronic medium.
- No student pictures or names can be published on any class, school or district web site unless the appropriate permission has been verified according to district policy.
- If users encounter dangerous or inappropriate information or messages, they should notify the appropriate school authority or IT staff member immediately.

NETWORK SECURITY

These procedures are designed to safeguard network user accounts:

- Change passwords according to district policy;
- Do not use another user's account;

- 1 • Do not allow other user's access to your account;
- 2 • Keep your network password and other network account information confidential;
- 3 • Do not insert passwords into e-mail or other communications;
- 4 • If you write down your account password, keep it out of sight;
- 5 • Do not store passwords in a file without encryption;
- 6 • The "remember password" feature of Internet browsers and other password-protected websites
- 7 is a dangerous feature to use and should be avoided; and
- 8 • Lock the screen or log off, if leaving the computer.

9 Any student who suspects that someone has discovered his/her password should notify his/her
10 administrator or teacher who will then notify the network administrator to change it.

11 All network users may be monitored at any time by authorized personnel to assure compliance with these
12 guidelines.

13 **SAVING DOCUMENTS**

14 Students should save all documents to the cloud media in their individual user's folder. Do not save any
15 applications to the network any applications or executable files residing in your user directory will be
16 deleted.

17 Any documents residing solely on your local computer are at risk. It is your responsibility to make sure
18 important documents and data are saved to the network. All personal files on your computer(s) are solely
19 your responsibility. This includes, but is not limited to: stored passwords, pictures, documents, or
20 applications. In the event of a reload of the machine, either intentional or inadvertent, any locally stored
21 data may be irretrievably lost. You are strongly encouraged to make and maintain regular backups of
22 any data you choose not to store on your network drive.

23 Use of portable media devices (including mass storage devices) to save class assignments given by a
24 classroom teacher requires prior approval from the classroom teacher. Prior approval is needed for every
25 use, on every occasion. Only data files may be transferred. Execution of programs from the portable
26 media device is prohibited. In addition, portable media devices may not be used as bootable media.
27 Portable media devices brought on school grounds may be subject to search.

28 **E-MAIL³**

- 29 • As part of the technology curriculum, students may be issued an e-mail account for the purpose
30 of completing school work.
- 31 • Students should have no expectation of privacy with regard to the content of data contained in
32 the e-mail account.

- Student e-mail accounts are filtered for content and monitored by authorized personnel.
 - Students must use appropriate language in all communications.
 - The use of profanity, obscenity, and offensive or inflammatory language is strictly prohibited and will result in disciplinary action.
- Student-teacher relationships, exchanges, interactions, information, or behaviors on e-mail should follow acceptable practices. Anything that would be unacceptable in a non-technological medium is unacceptable when done through the use of technology.

SOCIAL NETWORKING/MEDIA

- Students who have a presence on social networking/media websites are prohibited from posting data, documents, photographs or inappropriate information that is likely to create a material and substantial disruption of school activities (Ex.: fight videos, parent letters, obscene photos).
- Students are prohibited from accessing personal social networking/media sites on school computers or during school hours.
- Students can access only assigned educational social networking/media sites. Student-teacher relationships, exchanges, interactions, information, or behaviors on these sites should follow acceptable practices. VIRUSES AND VIRUS PROTECTION

MCS IT Department will provide virus protection and related software for all workstations and servers. Virus protection and related software will be installed by authorized IT personnel unless otherwise approved by the IT Department.

These procedures are designed to safeguard e-mail accounts:

- Open e-mail attachments ONLY from individuals you know.
- If you suspect an e-mail message may contain a virus, do not send that message to anyone.
- The intentional spreading of messages or files containing damaging or destructive programs or data is against federal law. Violators will be prosecuted.

- If you feel your computer may contain a virus, contact the IT Department immediately.
- There are many virus hoaxes. Never delete system files from a computer in order to remove a potential virus without first checking with the IT Department to make sure the virus is valid and not a hoax.
- Before forwarding reported virus “warnings,” first check with the IT Department to make sure the virus is valid and not a hoax itself.
- Do not open any e-mail attachments from anyone you do not know.

COPYRIGHT

Downloading, copying, duplicating, and distributing software, music, sound files, movies, images or other copyrighted materials without the specific written permission of the copyright owner is generally prohibited. However, the duplication and distribution of materials for educational purposes are permitted when such duplication and distribution fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.

All student work is copyrighted. Permission to publish any student work requires permission from the parent or guardian.

Artificial Intelligence (AI) Guidelines

The following procedures govern the use of Artificial Intelligence (AI) tools by students within the Morgan County Schools (MCS) network and on personally owned devices used for school-related purposes:

- **Teacher Discretion and Approval:** Similar to the use of personally owned devices (PODs), student’s use of AI tools in the classroom setting is at the sole discretion of the principal or teacher. Students must only use SI platforms and applications that have been approved by the Morgan County Schools Technology Department
- **Academic Integrity and Citation:** AI tools should be used to enhance educational research and innovative instruction. However, students must cite AI-generated content appropriately. Representing AI-generated work as one’s own original work is a violation of academic integrity and falls under the unauthorized use of electronic resources.
- **Data Privacy and Security:** In accordance with network security and personal information guidelines, students must not reveal personal information (such as home address, phone numbers, or passwords) to AI platforms. Students should have no expectation of privacy regarding their interactions with AI tools on the MCS network, as all network activities are subject to monitoring.
- **Acceptable AI Use:**
 - Using AI for brainstorming, outlining, or clarifying complex concepts when authorized by a teacher.

Monitoring: Review: Annually, in January	Descriptor Term: Sick Leave	Descriptor Code: 5.302	Issued Date:
		Rescinds:	Issued:

PROFESSIONAL PERSONNEL

Professional personnel shall earn sick leave as outlined below and these days shall accumulate for an unlimited number of days.¹

- 10-month contract = 8 sick days earned per year
- 11-month contract = 9 sick days earned per year
- 12-month contract = 10 sick days earned per year

Sick leave shall be defined as: illness of a teacher from natural causes or accident, quarantine, or illness or death of a member of the immediate family of a teacher, including the teacher's wife or husband, parents, grandparents, children, grandchildren, brothers, sisters, mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law, and sister-in-law.²

A signed statement listing the cause of absence shall be provided by the employee on forms furnished by the Director of Schools and shall promptly be given to the immediate supervisor in support of all claims for sick leave pay. A falsified statement shall be grounds for dismissal. An employee absent for five (5) consecutive working days shall submit a doctor's statement verifying illness or injury of the employee or immediate family member.

Frequent use and/or suspected misuse of sick leave by an employee are sufficient grounds for requiring a physician's certificate stating the reason for absence.

Documentation from a physician may be required in support of any claim for sick leave pay.

The principal shall notify the Director of Schools' office at once if an employee is sick beyond the limit of his/her sick leave accumulation.

Permanent, cumulative sick leave records for each active professional employee shall be kept in the Director of Schools' office.

A teacher, upon employment, may transfer his/her accumulated sick leave from another Tennessee school district, provided that the Director of Schools of the district in which the accumulated leave was held provides notarized verification.³

SUPPORT PERSONNEL

Support personnel shall earn one (1) day of sick leave for each month an employee is employed.

At the termination of the employment of any employee, all unused sick leave accumulated by the employee shall be forfeited.

The immediate supervisor may require documentation from a physician stating the reason for absence.

SICK LEAVE BANK

The purpose of the sick leave bank is to provide sick leave to all employees⁴ who have suffered an unplanned personal illness, injury, disability, or quarantine and whose personal sick leave is exhausted.

To form a sick leave bank, a minimum of twenty (20) employees from the school district shall petition the Board for permission to establish a sick leave bank.⁵ Upon approval, sick leave bank trustees shall be appointed and shall operate as the governing body of the sick leave bank and shall enact rules and regulations consistent with state law.⁶ Employees wishing to participate shall initially give a maximum of three (3) days of sick leave. These days are to be deducted from the employee's personal accumulation and donated to the sick leave bank. Donations of sick leave to the bank are nonrefundable and nontransferable.⁷

At any time the number of days in the sick leave bank is less than twenty (20), or one (1) per employee if there are more than twenty (20) members, or at any time deemed advisable, the trustees shall assess each member one (1) or more days of accumulated sick leave. If an employee has no accumulated sick leave at the time of assessment, the first earned days shall be donated as they are accrued by the employee.⁷

An employee who is a member of the sick leave bank may request an allotment of days (for the employee's personal illness or on account of an illness of his/her minor child) in the manner designated by the trustees. The need for these days shall be verified by a statement from a physician.⁸

By written notice to the trustees, an employee may withdraw from bank participation on June 30th of any year.⁹ Membership withdrawal results in forfeiture of all days contributed.

The sick leave bank shall be operated in accordance with state law.¹⁰

		Rescinds:	Issued:

Professional employees shall earn personal and professional leave at the rate of two (2) days for each half-year employed for a total of four (4) days per year. Any personal and professional leave remaining unused at the end of a year shall be credited to sick leave.¹

If, at the termination of services, any employee has been absent for more days than leave has been earned, an amount sufficient to cover the excess days used shall be deducted from the employee's final salary payment.²

PERSONAL LEAVE

Subject to the following conditions, personal leave may be taken at the discretion of the employee:

1. Except in an emergency, each employee shall give the principal at least five (5) days' notice in writing of intent to take leave;
2. The approval of the principal of the school shall be required:³
 - a. If more than ten percent (10%) of the teachers in any given school request its use on the same day;
 - b. If requested during any prior established student examination period;
 - c. If requested on the day immediately preceding or following a holiday or vacation period;
