## MEMORANDUM

**To:** Dr. Bruce Borchers, Superintendent of Schools  
**From:** Pat Smith, Finance Director  
**Subject:** FY'19 Budget Transfer #4 *Pat*  
**Date:** May 10, 2019

FY'19 Budget Transfer #4 (see attachment for details) includes the following requests for Board of Education approval:

- All routine budget transfers and revisions from April 1, 2019 through May 8, 2019 including:
  - Routine budget transfers to align with instructional/program needs
  - Establishing budget for additional \$5,664 in IDEA B; and \$3,279 in IDEA Preschool grant
  - Establishing budget for Read to be Ready Summer Grant of \$90,701.47
  - Other Grant transfers and realignments as necessary to meet program requirements

Please let me know if you have questions or need additional information.

## MEMORANDUM

**To:** Dr. Bruce Borchers, Superintendent of Schools  
**From:** Pat Smith, Finance Director *Pat*  
**Subject:** **FY'19 Budget Transfer #5**  
**Date:** June 11, 2019

FY'19 Budget Transfer #5 (see attachment for details) includes the following requests for Board of Education approval:

- All routine budget transfers and revisions from May 8, 2019 through June 11, 2019 including:
  - Routine budget transfers to align with instructional/program needs
  - Year-end realignment of salaries and benefits
  - Grant transfers and realignments as necessary to meet program requirements

Please let me know if you have questions or need additional information.

**MEMORANDUM**  
**OAK RIDGE SCHOOLS**

**Bruce Lay**  
Office of the Executive Director of School Leadership

**DATE: May 22, 2019**

**SUBJECT: Transportation Contract Renewal with First Student, Inc.**

FY'20 will be the 12<sup>th</sup> year we have contracted transportation services with First Student. The increase proposed for daily route expenses is 2.75%. This includes the operational cost for current buses that are leased and the addition of 9 new buses. A total of 24 buses will be leased from First Student and 4 buses will be district owned. Approval of this contract will allow for the ordering of the new replacement buses so they will be available for use at the start of the school year.

On February 1, 2017, Oak Ridge Schools committed to a 6-year extension proposal agreement, which included a 2.75% increase for FY20. The FY20 contract reflects the increase proposed at that time. The proposed rates include operational leases for 28 buses over the term of the contract. As Oak Ridge school buses are retired, less funding will be required for Oak Ridge Schools bus repairs, radios, cameras, inspections and licensing.

Oak Ridge Schools requested three additional bus routes to meet the transportation requirements of our special need students. These additional bus routes are necessary to maintain compliance with the TDOE. The cost of three additional bus routes is \$138,291.00.

The total cost of the FY20 First Student contract is \$1,376,023.00. This is a 29.52% increase totaling \$313,594.00. The increase is higher than normal due to the fact that we added nine new buses and three new bus routes.

## Memorandum

**To:** Dr. Bruce Borchers, Superintendent  
**From:** Pat Smith, Finance Director *Pat*  
**Date:** May 31, 2019  
**RE:** Food Service Contract Renewal/Amendment for FY20

I recommend approval of the attached Amendment No. 1 to the District's Food Services Management Agreement for FY20. This will be the second year of the contract with Aramark Educational Services, Inc. for our food service program management.

The annual general and administrative expenses fee will increase by 2.00% (from \$110,000 to \$112,200), divided equally over twelve months. Additionally, the per meal management fee will increase by \$0.0019 (from \$0.0953 to \$0.0972 per meal), a 2% increase over the previous year.

The FY20 Contract also includes a guaranteed budget surplus of \$150,105 for the District's Food Service Fund (subject to the conditions outlined in Section F of the Contract).

There are no increases in meal prices planned. The overall food service budget for FY20 increased by \$150,000 or 6.79%. The Food Service Program is a self-supporting fund and does not affect the General Purpose Budget.

**Attachment:** Amendment No. 1 to Food Services Management Agreement

**AMENDMENT NO. 1 TO  
FOOD SERVICES MANAGEMENT AGREEMENT**

**THIS AMENDMENT NO. 1**, made this 1st day of July, 2019, by and between **OAK RIDGE SCHOOLS** ("District") and **ARAMARK EDUCATIONAL SERVICES, LLC**, a Delaware limited liability company ("ARAMARK"), amends that certain Food Services Management Agreement made July 1, 2018 (as amended from time to time, the "Agreement"), pursuant to which ARAMARK provides management services to the District in connection with the operation of the District's non-profit school food service operation.

**WHEREAS**, the Agreement was effective for the period commencing July 1, 2018 and ending on June 30, 2019; and

**WHEREAS**, the District and ARAMARK desire to extend the Agreement for the 2019-2020 school year subject to the changes set forth hereafter.

**NOW THEREFORE**, in consideration of the mutual covenants set forth herein, and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledge, and intending to be legally bound, the parties hereto agree that in accordance with Section 23 thereof, the Agreement is hereby amended as follows:

1. **Current Year**. Section 2.D. is deleted in its entirety and replaced with the following:

**"D. 'Current Year':** The 2019-2020 school year."

2. **Effective Date**. Section 2.G. is deleted in its entirety and replaced with the following:

**"G. 'Effective Date':** July 1, 2019."

3. **General and Administrative Expense**. Section 2.K. is deleted in its entirety and replaced with the following:

**"K. "General and Administrative Expense":** Aramark's allowance for the financial reporting, legal, tax and audit services and management oversight provided to client locations by Aramark at the regional and corporate levels. Such allowance shall be equal to One Hundred Twelve Thousand and Two Hundred Dollars (\$112,200), paid in equal monthly installments

4. **Payment to ARAMARK**. Section 16.C is deleted in its entirety and replaced with the following:

**"C. Payment to ARAMARK:** District shall pay Aramark for all Reimbursable Items, including an allowance for its General and Administrative Expense of \$112,200 paid in equal monthly installments. In addition, District shall pay to Aramark a management fee of \$0.0972 per meal for each National School Lunch and Breakfast Program meal served and Meal Equivalent served (the "Management Fee"), currently projected to be \$59,836.03. The total of such Reimbursable Items and Management Fee is the "District's Financial Obligation." Labor costs for special functions conducted outside the non-profit school Food Service should not be double billed for program meals and special function meals.

5. **Number of Meals.** Section 16.E. is deleted in its entirety and replaced with the following:

**“E. Number of Meals:** Aramark’s allowance for its Management Fee is based on an anticipated service per school year of 790,019 reimbursable meals and Meal Equivalents. In the event that existing conditions at District change (including by way of example, student population, number of service days, type and number of schools, personnel practices, hours, length or type of meal service or any other conditions beyond the control of Aramark), so that such minimum number of meals is not achieved, District and Aramark will renegotiate the Financial Terms set forth herein. Furthermore, the projected number of meals to be served by Aramark in the Current Year is based on the meal counts provided by District to Aramark as part of the request for proposal process. District represents and warrants that such meal count data and other information provided to Aramark as part of the request for proposal process is true and correct.

6. **Guarantee.** Section 16.F.1 is deleted in its entirety and replaced with the following:

**1) Projected Food Service Budget Surplus:** Aramark estimates that the projected surplus for the Current Year shall be at least \$150,105 (the “Projected Surplus”) for those items of revenue and expense set forth in the mutually agreed upon budget attached hereto as Exhibit B (the “Food Service Budget”).

7. **Guarantee.** Section 16.F.3 is deleted in its entirety and replaced with the following:

**“3) Reimbursement Conditions and Assumptions:** ARAMARK’s obligation to reimburse District in accordance with Paragraph 16.F(2), above, shall remain in effect only during the Current Year and is contingent upon the following conditions and assumptions remaining in effect for the Current Year:

- a. Reimbursement rates for Food Service Program meals shall increase by percentages at least equal to the percentage increases experienced in the prior school year.
- b. The value of government donated commodities received shall not be less than the value of government donated commodities received during the prior school year.
- c. The mix and quantity of government donated commodities shall not change from the mix and quantity received the prior school year so as to increase actual food costs over the level of projected food cost set forth in Exhibit B.
- d. The District shall not require Aramark to purchase processed commodities for a total price (including all applicable costs and fees) that exceeds the then-current market price for a comparable commercial item.
- e. There shall be at least one hundred eighty-three (183) full service days where breakfast and lunch are served for the Current Year.
- f. The average daily student enrollment/attendance for the Current Year shall be at least four thousand six hundred and sixteen (4,616).

- g. The cost of wages, salary, and fringe benefits for the food service operations employees or the number of such employees shall not exceed such levels as set forth in Exhibit A. Aramark's obligation is based on the Federal and State minimum wage laws and health care benefit rates, laws, and regulations including, without limitation, any prevailing wage rates and laws, in effect as of January 1, 2019. Should the minimum wage or health and welfare benefit rates be increased above the January 1, 2019 level pursuant to any Federal, State or local law or regulation, Aramark's obligation shall automatically be adjusted to cover increased labor costs resulting directly or indirectly from such increase, including any retroactive adjustments.
- h. The actual costs charged to the Food Service Enterprise Account by the District shall not exceed the projected operating expenses as set forth in Exhibit B, attached hereto and made a part hereof.
- i. Food costs during the Current Year shall not increase by an amount great than three Percent (3%). Food costs will be measured by the greater of the (a) yearly percentage change in the Consumer Price Index, All Urban Consumers, U.S. City Average, Food Away From Home Index ("CPI-FAH"), published by the U.S. Department of Labor and (b) the yearly percentage change in the Market Basket of Products (as defined below) which approximate the products served pursuant to this Agreement (the "District Menu"). The period for determining CPI-FAH and Market Basket of Products increases shall be June of the immediately preceding year to June of the Current Year. The "Market Basket of Products" represents categories or types of products that are generally used in the District Menu. Such products are classified into the following six categories of food items (each, a "Menu Category"): beverage; baked goods; produce; dairy; meat; and grocery items (composed of the food items in the menu that are not otherwise included in one of the preceding categories). Each Menu Category will be ascribed a percentage (the "Category Weighting") representing the proportion of the District Menu that such Menu Category approximately represents based on purchasing levels during the Current Year. Each Category Weighting will then be multiplied by the percentage change in the corresponding Bureau of Labor Statistics category compiled by the U.S. Department of Labor, and the results of each such calculation will be added together to arrive at the overall percentage change which will represent the Market Basket of Products.
- j. District and its representatives, including, but not limited to, the District liaison, school principals, teachers and District employees shall fully cooperate with Aramark and its representatives in the implementation of the Food Service Program and any mutually agreed upon modifications to the Food Service Program.
- k. District shall fully cooperate with Aramark to limit the expansion of competitive food sales in order to maximize the Gross Receipts and other non-cash sales of the Food Service Program.
- l. The ratio of students eligible to receive free and reduced price meals as compared to total student enrollment shall not decrease from those provided in the District's request for proposals.
- m. Should the District require in writing that Aramark take an action which causes the cost of wages, salary, and/or fringe benefits for Aramark's food service employees to exceed the levels set forth in Exhibit B, Aramark's obligation shall automatically be adjusted to cover increased labor costs resulting directly from such action.

- n. District and/or any facility affiliated with District shall neither hire any supervisory employee of Aramark, nor permit any supervisory employee of Aramark to be employed on District's premises or on the premises of any facility affiliated with District during the Current Year or for a period of 12 months subsequent to the Current Year (unless such employees were formerly employees of District) whether as an individual or as owner, partner, majority stockholder, director, officer or employee of a food service provider. For the purpose of this provision, "supervisory employees" shall be defined as those persons who have directly or indirectly performed management or professional services on District's premises at any time during the Current Year or the 12-month period immediately preceding the Current Year.

In the event any of the foregoing conditions or assumptions is not met during the Current Year, Aramark's obligation shall be reduced by the amount of any increase in District's Total Food Service Costs or any reduction in Gross Receipts which is attributable to the changes in such conditions or assumptions. Furthermore, if during the Current Year District requests a material change in any phase of the Food Service Program that results in a decrease in Gross Receipts or an increase in Total Food Service Costs from the amounts set forth in the Food Service Budget, Aramark shall advise District of its estimate of the increase in the Total Food Service Costs or decrease in Gross Receipts attributable to such requested change. Any budget, including the Food Service Budget, agreed to by Aramark and District shall be adjusted to reflect such estimated increase in Total Food Service Costs or decrease in Gross Receipts.

8. **Food Service Budget.** Exhibit B to the Agreement is deleted in its entirety and replaced with Exhibit B to this Amendment.

9. **Term and Termination.** Section 20.A of the Agreement is hereby deleted in its entirety and replaced with the following:

"A. This Agreement shall be in effect for the Current Year."

10. The following paragraph is added to the Agreement as Section 30.

**30. Compliance.** Aramark shall provide SFA with food cost data it requests in order to determine the SFA's compliance with the revenue from nonprogram foods requirements. The information provided by the FSMC must be sufficient for the SFA to be able to provide specific information about the food service operation and all required products and services they are seeking to procure. For example, essential information includes:

- a) For fixed price per meal contracts, awarded on a per meal basis and with revenues from nonprogram foods sales converted into meal equivalents to which the fixed price cost is applied, the FSMC will annually provide information on food costs and revenues. The information must include food cost for reimbursable meals, food cost for non-program foods, revenue from non-program foods, and total revenue. Nonprogram foods include: a la carte; catering; vending; and student stores operated, or any other sales generated through the nonprofit school food service account not already described. This information is used to determine compliance with revenue from nonprogram foods at 7 CFR 210.14(f).
- b) Historical information on the type and value of nonprogram foods and meals to be offered in other food service operation, for example, catering. When the FSMC will be responsible for providing the SFA with, or calculating nonprogram food costs and

program revenues for compliance with the 7 CFR Part 210.14(f), the contract must clearly identify this requirement.

11. **Contract Provisions.** Federal agencies are permitted to require changes, remedies, changed conditions to the Agreement as required by law.

12. **Agreement to Remain in Effect.** In all other respects, the Agreement shall remain in full force and effect. This Amendment No. 1 shall be attached to, and become part of, the Agreement.

**IN WITNESS WHEREOF**, the parties hereto have caused this Amendment No. 1 to be signed by their duly authorized representatives the day and year first above written.

Oak Ridge Schools' Preschool Head Start  
Delegate Supplement Health/Safety Grant  
Application 2019  
Requested Funding date 2019-2020

6/4/19  
1:20

**Oak Ridge Schools' Head Start**  
**Delegate Supplement Health/Safety Grant**  
**Application 2019**  
**Requested Funding date 2019-2020**

The purpose of this grant proposal is to request funding for a one-time supplement in the amount of \$141,410.00 for the purchase of key safety equipment for our new preschool building. Oak Ridge Schools' Preschool currently resides in the School Administrative Building at 304 New York Ave, Oak Ridge, TN. The current school building was built in 1942-1943, and was the first elementary school in Oak Ridge, Elm Grove Elementary. Today, Head Start students are served here in 9 classrooms. While the building has been well maintained, the mere age of the building has created multiple costs and concerns.

In 2014, there were concerns regarding lead paint peeling on the outside of the building. A corrective action occurred to correct the matter, and the building was repaired at a cost of \$46,572.50. An agreement was reached between the Grantee and Delegate to have a different placement for the Head Start students and a 5-year plan was put in place. Throughout the duration of this 5-year plan, the building has continued to be maintained and the repairs have been monitored each year to assure the continued health and safety of the students.

Over the past 5 years, multiple scenarios have been pursued. The leaders for the city and the leaders for the Oak Ridge Schools have collaborated to determine the most efficient and effective plan for a new preschool facility. The ultimate decision was to find a site within a central location of the city to build a brand new building. The city laid out a budget of

\$9,000,000 for this project. A site was located in the Scarboro community in Oak Ridge. The site was previously Scarboro Community Park, and the city made the decision to not only build the preschool there, but to also renovate the park facilities to meet the current community needs. While our school serves students from across the entire city of Oak Ridge, the location in the Scarboro Community gives our school a greater opportunity to reach more families of greatest need. In the past, families in this community have stated transportation as a concern and a reason for children not attending our school. This close proximity will provide families with the option to walk to the school, eliminating the morning transportation issue for these families.

A groundbreaking occurred in January 2019 with a set completion date of December 2019. The planning of the new building has been a joint venture between Oak Ridge City, Oak Ridge Schools, and Oak Ridge Schools' Preschool staff. The new building will have 14 classrooms, with the pad poured for 2 additional classrooms to be built in the future if needed. The building also includes a library, Special Education Resource room, Occupational Therapy, Physical Therapy, Speech Therapy rooms, family services' offices with meeting space to meet with parents, and other typical rooms and offices. The school will continue to serve 118 Head Start students, with the possibility of future growth. Photos of the current progress for the new building are included with this proposal in the supporting documents.

While the city provided a large portion of the budget for the new preschool building, totaling \$9,000,000, it did not cover all expenses. There are several key safety items that must be

included in the project. We are reaching out to the Office of Head Start to request funding for the purchase of these key items as a one-time Health and Safety Supplement.

A tremendous focus has been placed on Health and Safety for our students, and ultimately for our school. The new building presents an opportunity to include the most up to date safety features to ensure a safe and secure facility and to meet federal and state regulations as well as compliance with Head Start Standards and school district best practices.

**The following information outlines the delegate's anticipated use of Supplemental Health/Safety Grant funds:**

**Requesting funds for two categories: Key Safety Equipment and Playground Safety Equipment**

**Key Safety Equipment**

**1. Accessibility, Surveillance, Emergency Communication:**

We are requesting grant funds for multiple systems that will help to ensure the safety of all students, families and staff on school/center premises. These systems will also help with the safety of all visitors and protect the building and the grounds. We are requesting \$37,947.83 for a Visitor Access Control System that will allow us to monitor and control who is entering and exiting our building. Next, we are requesting \$51,717.70 for a Closed Circuit TV (CCTV) Surveillance System. The final system in this category is for Handheld Motorola Radios on the City/District trunk system. The proposal includes the purchase of two portable radios, each costing 3,068.98, for a total estimated cost of \$6,137.96.

Total \$97,407.44

### **A. Visitor Access Control System and CCTV Surveillance System**

The proposal for these two items is in alignment with Caring For Our Children Policy 9.2.4.7- Sign-In/Sign-Out System and Head Start Design Guide. Caring For Our Children states, “Programs should have a sign-in/sign-out system to track those who enter and exit the facility. The system should include name, contact number, relationship to facility, and recorded time in an out.” Policy 9.2.4.8 -Authorized Persons to Pick Up Child states, “Children may only be released to adults authorized by parents or legal guardians whose identity has been verified by photo identification.”

According to Head Start Design Guide, Chapter 10: Security: “10.2 Security Additional safety issues can affect space planning. HSB suggests treating the perimeter of the building and play yards as a controlled filter with only one primary means of public access and exit. All other service and emergency exit points should be controlled with access limited to authorized individuals. Recommendations: The entry approach should be visible by center staff located inside. Position the reception area adjacent to the entry and director’s office. Buildings should be covered by security personnel. Keeping children safe within the center, safeguarding them from outside intruders, and protecting them from hazards to the fullest extent possible is the purpose of security measures. HSB recommends that systems include equipment, electrical power, and a conduit to protect electrical cables and wires, as required. All security alarms should report either to an alarm system or to a central monitoring station or to both as an audible and visual alarm signal. Security equipment may include a perimeter security alarm system, video surveillance for entrance doors and vestibules, and an announcement system for main entrance doors. The following should be provided: • A video camera at the entry/exit

doors is recommended when the center entrance cannot be seen by the building security staff or if a security risk assessment prescribes video monitoring at the entrance. • Announcement at the entry door • An electronic security system, including alarms, cameras and hardware. Monitors should be at the director's office and should have covers to conform to the ADA requirement to lower mounting heights for fire pulls and duress alarms while also minimizing children's access to them. • A keypad at the entry door for authorized entry to the center without relying on other staff for assistance or monitoring and suitable for use by the disabled. • Alarms at all entry points and delayed alarm locks at exit doors. Exit doors not intended for children's use should be equipped with electronic magnetic locks. • Duress alarms if prescribed by a security risk assessment. • Audible and visible emergency alarm signals.

Total \$89,665.53

**B. Handheld Motorola Radios**

The final request in this category is for Handheld Motorola radios on the City/District trunk system. The proposal includes the purchase of two portable radios, each costing 3,068.98, for a total estimated cost of \$6,137.96. The Motorola radios connect directly to the district "Trunk" system. This system enables immediate contact with Oak Ridge City police and fire rescue services as well as with school district administrators. The proposal is for two radios, one radio in the secretary's office and one in the director's office.

Total \$6,137.96

**C. AED Unit and Accessories**

Each year, more than 250,000 Americans die from sudden cardiac arrest. According to medical experts, the key to survival is timely initiation of a "chain of survival", including CPR

(cardiopulmonary resuscitation). Because of recent technological advances a portable lifesaving device, called an "automated external defibrillator" or "AED" has recently become an important medical tool. Trained non-medical personnel can use these simplified electronic machines to treat a person in cardiac arrest. The AED device "guides the user through the process by audible or visual prompts without requiring any discretion or judgment."<sup>1</sup>The American Heart Association notes that at least 20,000 lives could be saved annually by prompt use of AEDs. Ultimately, with broad deployment of AEDs among trained responders, as many as 50,000 deaths due to sudden cardiac arrest could be prevented each year.

Currently, the state of Tennessee strongly encourages AEDs in all schools to help prepare for a possible cardiac arrest. Our school currently participates in "Project Adam" AED training every year. This training is provided by a certified AED trainer and includes training for all preschool staff. There is an assigned AED team for our school and AED drills are practiced at least two times per year. The specific AED unit requested in this proposal aligns with the unit that is used throughout our school district. The continued support and monitoring of the unit would then be provided by the school district, including monthly testing of the battery, replacement of the battery as necessary, replacement of any other hardware, pads, or other items.

Total \$1,604.40

## **2. Playground Safety Equipment**

We are requesting \$44,001.20 for playground safety items at our new school. These items include a playground sunshade at \$14,825.38, which will alleviate the issue of playground equipment getting too hot to play on and children spending too much time unprotected from the sun. We are also requesting \$2,088.82 for a sunshade for the sandbox for these same

reasons. Next, we are requesting \$837.00 for a sandbox cover. The cover will prevent animals and the elements from entering the sandbox and rendering it unsafe for students. The last item we are requesting for our playground is surfacing at a cost of \$26,250.00. This would give us the required amount of protective surfacing for playground use zones.

Total \$44,001.20

**A. Playground Sunshade**

The proposed 40'L x 40'W fabric shade structure by USAShade will provide a shaded space for children to play or rest in the shade during outdoor play. The U.S. Consumer Product Safety Commission publishes a Public Playground Safety Handbook including information on the importance of providing shaded spaces for children. The Handbook refers to research by the American Academy of Dermatology, indicating that one in five Americans will develop some form of skin cancer during their lifetime, and five or more sunburns double the risk of developing skin cancer. The proposed shade structure will provide needed shade space in which children can play. This is a critical need as the playground will be part of a new construction project. The new school is currently under construction. The design of the school is a u-shaped building with the playground in the center. The design and the new construction mean there will be no existing trees on the playground. The U.S. Consumer Product Safety Commission explains that designing play structures as a means for providing shading (e.g., elevated platforms with shaded space below), or creating more shade (e.g., manmade structures) are potential ways to design a playground to help protect children's skin from the sun.

Total \$14,825.38

**B. Sandbox Sunshade**

The proposed 14'Lx14'W fabric shade structure by USAShade will provide a shaded space for children to play in the sandbox during outdoor play. The shade structure will keep the sand cooler for children. It will provide relief from the heat and help protect against overheating. As with the larger shade structure, the proposed shade structure for the sandbox will help protect against the harmful effects of overexposure to the sun. The proposed shade structure will provide needed shade space in which children can play.

Total \$2,088.82

**C. Sandbox Cover**

The proposed 12'x12' Sandbox Cover from SandboxcoverUSA will prevent leaves, branches and other debris from entering the sandbox. The cover will also keep animals from entering the sandbox and contaminating the sand with animal waste, rendering it useless for children.

Total \$837.00

**D. Playground Surfacing**

The proposed Poured-in-Place rubber playground surfacing around and beneath play structures is a critical component of playground safety. The Consumer Product Safety Commission explains in their Public Playground Safety Handbook that surfacing under and around playground equipment is one of the most important factors in reducing the likelihood of life-threatening head injuries. A fall onto a shock absorbing surface is less likely to cause a serious head injury than a fall onto a hard surface.

The materials and depth of surfacing for the Poured-in-Place playground surfacing are designed based on the height of the play structure to meet requirements described in ASTM F1292 Standard Specification for Impact Attenuation of Surface Systems Under and Around Playground Equipment. Testing using the methods described in ASTM F1292 provides a “critical height” rating of the surface. This height can be considered as an approximation of the fall height below which a life-threatening head injury would not be expected to occur. The proposed playground surfacing is designed to meet this standard and help keep children safe.

The poured resilient surfacing is also designed to make the play equipment accessible to children. Poured-in-Place surfacing is compliant with ADA regulations and will be accessible for our enrolled children with disabilities. Accessible design is a requirement for commercial playgrounds constructed after March 15, 2012. ASTM F1487 defines the playground use zone as areas beneath and near playground equipment. ASTM F1951-99 requires that surfacing be firm and stable enough for children in wheelchairs or using mobility devices to cross over easily. The poured-in-place playground surfacing will provide a smooth surface that is wheel-chair accessible and is negotiable by children using a walker or walking with leg braces. The smooth surface beneath the climbing structures will be accessible to children walking or crawling.

Total \$26,250.00

Total Key Safety Items	\$97,407.44
Total Playground Safety Items	\$44,001.20
Total	\$141,408.64 (\$141,409)

Linear Feet - 154 Ft.

IMPORTANT: Never install play equipment over hard, unresilient surfaces such as asphalt, concrete, or compacted earth. It is the owner's responsibility to ensure the "minimum area required" contains an appropriate amount of resilient material to cushion accidental falls.

State guidance on school fees allows schools to request but not require fees for activities and materials that impact students during the regular school day or that are a part of the curriculum. Any request for fees must still be approved by the Board of Education. We are requesting that the attached fee list be approved as a requested but not required fee list for Oak Ridge Schools.

Language already exists in the student handbook informing students and parents that class fees are not a requirement for any student regardless of his/her financial situation.

Principals will be asked to include the following phrase in any and all request for additional fees:

“In the course of learning throughout the school year, there are always opportunities to go above and beyond what the basic curriculum requires. In such cases, it is customary for the school to request a fee in order to cover the cost of these enhancements. These fees are in no way required and your child will not be denied the opportunity to participate or benefit from any curricular offering as a result of not paying a requested fee. The fees simply allow the district to offset the cost of any additional opportunities.”

May 28, 2019

Dear Ms. Amos,

The following will be the changes to the ORHS Band Music Fees for 2019-2020 school year.

We are going to create a **Music – Band - Color Guard Fee \$75**. This will eliminate the current Color Guard shoes/gloves/uniform accessories individual fees. These are all personal items which the students keep and essentially wear/grow out of to be replaced as needed. New students to the program will be requested to pay \$75. In subsequent years of participation students may or may not need one or more individual items within the total fee.

We will create a **Music – Band – Marching Shoe Fee \$35** specifically for the instrumentalist’s marching shoes. Same structure – a new student will be requested to pay ~\$35 or less (purchasing in bulk lowers cost) with the possibility of replacing shoes if worn/grown out of through continued participation.

The **Music – Band – Bus Fee \$25** will be deleted. This fee was kept in place per then ORHS Principal, Jody Goins, when the new fee structure was adopted in 2010. This would have been an option to request if the band wanted to upgrade buses to coach for a long trip to a football game or marching/concert festival. Mr. Goins had requested we come to administration to check for available funds prior to requesting from students. We have never requested the fee from students; we have requested and received aid from administration.

The following **current fees** will remain in place for the 2019-2020 school year (with refreshed titles for clarity).

**Music – Band – Instrument Rental (per Semester)                                 \$20**

**Music – Band – Concert Shirt   \$20**

Concert Shirt follows same variables as Color Guard/Marching Band Shoe - a new student will be requested to pay \$20 with the possibility of replacing the shirt if worn/grown out of through continued participation.

**Music – Band – Band Fee   \$150**

The ORHS Band Fee is the lowest in the area, perhaps in the state, for a band of its size and competitive caliber. This fee is used to cover anything which may be needed by the program – marching and concert music, instruments/flags, props, uniform purchase/replacement/repair/alterations/cleaning, competition/festival fees, buses to said activities, fuel for trucks to pull trailers, food/water, etc., to say the least.

This info serves to address the concern you have expressed in regard to auditing purposes that the accounting of income to expenses needs to be clearly presented. This is not possible in a one to one situation. Students in the ORHS Band pay their fees in a myriad of ways over time throughout a year and across years. Students may choose to fundraise to earn credits to be used toward the payment of their fees, to pay their accounts over time – their schedule, or to not pay. With credits applied to their account or partial payments, there is no way to define a direct payment/expense trail. Many students will pay fees in full with no intent to fundraise. Those payments will be listed on the Collection Log as such. All other fees are truly Account Payments as they are globally reducing a student's account.

As an explanation, I am currently depositing Band Fees of \$150 per student for the 2019-20 school year. I am making purchases for the 2019-20 band class using those funds. Students will be paying fees from now until this time next spring for the 2019-20 school year. There is no definable end or beginning to a fiscal year. Income and expenses are a constant cycle of need to prepare for the following year, participate in all activities and events during the year, and then back to prep for the next year.

The credits earned by students via fundraisers will be deposited in the ORHS Band account from the ORHS Band Booster Account per completion of the fundraiser. Still, when those deposits are recorded by student on a Collection Log, they will be Account Payments – not defined specifically to shoes/shirt/gloves, etc.

It is important to the ORHS Band Program to be careful stewards of the funds we request from students, receive from ORS, and receive from donations. The students and their families are told and shown how important it is to support the program and learn that it takes everyone working on task to maintain the quality of the ORHS WildBand.

Please let me know if any other questions or concerns need to be addressed.

Thank you,

Spence Milligan  
ORS Director of Bands

Merny Hughey  
ORHS Band TA

Name of Club: Ping Pong Club

Sponsor: Jenny Jordan

Club Membership: no dues or membership forms to fill out. Everyone of all ability levels is welcome.

Selection of officers: Peter Podar, Veda Seay, Miles Jackson, Anhaar Ajaz, Anna MacKay, Logan Roeling

Purpose: Bring together ping pong enthusiasts, enjoy and promote table tennis and compete in friendly matches

Club Activity: ping pong competitions and practice, table tennis workshops a few times (to teach beginners)

Club meeting: Monday 3:15-4:15 PM

Club funding: none required, CS 331

Any rules and regulations: no violence of any kind, must be respectful to all. Official table tennis rules are encouraged.

Other pertinent information: outside equipment is required-table provided. Paddles and balls needed.

Student representative: Peter Podar

Student Council Approved on 05/09/19

## Memorandum

**To:** Dr. Bruce Borchers, Superintendent  
**From:** Pat Smith, Finance Director *PS*  
**Date:** 6/7/19  
**Re:** **Renewal of School System Liability and Workers' Compensation Insurance Coverage for FY20**

Please find attached the renewal invoice for school system liability and workers' compensation insurance coverage from Tennessee Risk Management Trust (TNRMT) for FY20. The Total premium of \$551,520 represents a decrease of \$9,563 or (1.70%) compared to FY19. Premiums include an early payment discount of 2% or \$11,254.

**Workers Compensation Insurance** has decreased by (3.77%) since FY15. The decrease is attributable, in part, to the reduction in work-place accidents in the District over this time span.

**Property & Casualty Insurance** has increased by 13.89% since FY15. In addition to the national trend for property and casualty cost increases overall; additional technology equipment and fleet vehicles have contributed to this increase.

Invoice Number  
4157BOE

**INVOICE**

Insured Name: Oak Ridge City School System

Contact: Bruce Borchers

Address: 304 New York Avenue  
Oak Ridge, TN 37831

Effective Date | 7/1/2019 – 7/1/2020

Policy Number | TNRMT

**Property & Casualty Program**

This report compares the 2018-19 - 9th RP period enrollment with the 2018-19 8th RP period.

## **Response to Intervention and Instruction (RTI2)**

Response to Intervention and Instruction (RTI2) has been mandatory for K-12 public schools since 2015. It is a framework for teaching and learning that emphasizes high quality classroom instruction for all students and responsive intervention for students that struggle in reading and math. RTI offers additional instructional opportunities with multiple entry and exit points, dependent upon individual student needs.
