## **2020-2021 Budget**

Director of Business, Jason Ray, presented the following discussion on the budget presented for approval:

“Revenue is somewhat of a variable due to the unknown impact of COVID-19 on Sales Tax and Property Taxes. We’re budgeting a status quo/level revenue for the upcoming year with the exception of the State BEP increase. The BEP increase is expected to be \$814,000 compared to the FY20 amount. This is a 4.74% increase to the BEP. Final BEP amounts will not be known until the end of this month.

Expenditure highlights:

- English/Language Arts State Textbook Adoption \$400,000
- Two (2) new buses, previously approved \$190,000
- Facilities Maintenance \$360,000 (increase of \$100,000 from 19-20)
- Capital improvements anticipated in the budget include;
- New 6 court tennis court facility
- THS fieldhouse flooring
- Wilkins Stadium drainage repair
- THS track resurfacing
- HVAC replacement at Farrar
- HVAC work at THS gym
- Flooring in main offices at R.E. Lee, Bel-Aire & East Middle
- Band access into old Choral Room at THS

This budget includes a step and 1% cost of living raise. This impact to the budget is \$527,018.

As we are required to pass a balanced budget the total revenue and expenditure totals are \$35,936,947.00. This is an increase of 5.64% to last year’s budget including capital expenditures. Excluding the capital expenditures, the increase is 0.732% over the 19-20 year.”

Dr. Catherine Stephens also presented three positions for board approval that were included in the 2020-2021 budget: school psychologist, social worker, and general education teacher-behavior modification.

**CONTINUOUS LEARNING PLANS:  
TEMPLATE, GUIDANCE and RUBRIC**  
*TENNESSEE DEPARTMENT OF EDUCATION*

Published Date: June 26, 2020

\*On June 22, 2020, the Tennessee State Board of Education (“SBE”) promulgated the Continuous Learning Plan (CLP) Emergency Rule 0520-01-17 and Policy 3.210. Based on that rule and policy, the Tennessee Department of Education (“the department”) produced a template, rubric and guidance documents on June 26, 2020.

\*\* This document is the template for the CLP application. A fillable, interactive application will be posted on the department’s website by July 2, 2020.

## INTRODUCTION

*Pursuant to the State Board of Education emergency rule and policy, the CLP is intended to address how a local education agency (LEA) or public charter school will continue to provide quality instruction to students in the event of COVID-19 related disruptions to traditional school operations during the 2020-21 school year. Approved CLPs would ensure that LEAs and public charter schools can count days when instruction was provided toward the 180-day requirement in the law (pursuant to the CLP), and that LEAs will be able to continue receiving BEP funding in remote learning environments. The CLP emergency rule and policy provide the minimum requirements for each CLP and require the CLPs be submitted to the department for review and approval.*

The department would like to underscore the critical importance of this work. The pandemic has been unlike any other time in our lives and has shifted education in the state of Tennessee. As noted in the department's *Reopening Schools: Overview Guide for LEAs*, the pandemic has elevated known gaps, and there is urgency for a child-centered strategy. This is especially true for our youngest learners, those with existing achievement gaps, those in rural communities, and those who need additional school-based services.

While school closures this past spring were challenging and likely created increased gaps in learning loss, we must focus on the upcoming school year. Our educators, principals, LEA and site staff worked hard and pushed to provide their students with access to instructional programming during this unexpected crisis. This year presents similar uncertainties and a need for contingency planning in key areas.

Collectively, we must work together to provide our children with a quality education that meets student and family expectations and represents our strong Tennessee public schools. This degree of planning will be difficult for a number of reasons: non-traditional school models, funding and budget constraints, health considerations and procedures, general anxiety and fear, and overall gaps in our shared knowledge of how to implement new ways of teaching and learning. We have not done this before, and it is hard.

Yet, we know that we can, that we must, and that we will. It is not a question of "if," but "how."

Throughout this process, there will be a number of supports that will be provided, and the department encourages LEAs to take advantage of any of those that will support planning or implementation work at the local level. Specifically, the department has and will provide support grants, technology grants, no-cost professional development opportunities, grants to support students with disabilities, internal staffing support, and a free online instructional tool for virtual teaching and learning (launching in August).

Will we likely need to do more with less? Yes. Will we need to change the way we teach and run our schools and LEAs? Probably. Are we as educators willing to do what it takes to support our students and one another? Absolutely. Will we get there together? Without question.

Keep going. Hold on. Take care.

# CONTINUOUS LEARNING PLAN TEMPLATE

## SECTION 1: COVER PAGE

### Part 1.1: Snapshot Information

Please enter the name of the LEA or charter school:

Tulahoma City Schools

Please enter the contact name and information for a single point of contact for the LEA or charter school:

Susan Fanning susan.fanning@tcsedu.net (931)454-2600

### Part 1.2: Landscape Paragraph

The LEA will complete a brief landscape analysis, not to exceed a short paragraph in length. This information will include a needs assessment from the spring closures and 1-2 lines about the overall CLPs for the coming year. This can also include information provided in the LEA's CARES Act application. As an alternative, the LEA may attach a recent landscape analysis, or the LEA may reference the pages that cover this section in a separate attached document or their CARES Act application.

Tulahoma City Schools completed an initial needs assessment on May 6, 2020. This needs assessment is found in the Distance Learning: Moving Forward document that is submitted with this document. The assessed needs were prioritized in a meeting on June 4, 2020. These needs are identified in the CARES Act application. A copy of the Program Details from the CARES Act application is submitted with this plan.

All artifacts listed throughout the plan are submitted as Related Documents.

### Part 1.3: COVID Plan

If the CLP will not be implemented at the beginning of the school year, the LEA should provide either a narrative summary OR an attachment of the decision-trigger process for school building closures and an estimate of the timeline for full implementation of the CLP in that instance.

The CLP will be implemented at the beginning of the school year, July 29, 2020, as we will have some students begin the year with distance learning. The Pathway to Re-entry document is attached and shows the decision-trigger process for school building closures.

### Part 1.4: Authorizer Engagement (only charters complete)

All charter schools should denote if a copy of their CLP was sent to the charter authorizer. Charter schools are strongly encouraged to work with their charter authorizer when developing their CLP to ensure the charter school CLP is not in conflict with provisions of the charter agreement or memorandum of agreement related to performance goals or services provided to the charter school by the authorizer.

We do not have any charter schools.

**Note:** Throughout this document there are references to various grade bands. The Department recognizes that LEAs may have a variety of grade bands, such as K-8 schools, 6-12 schools, and K-12 schools, and may also have approaches divided by primary and intermediate elementary grades, etc. LEAs have the option of multiple-select throughout the application and may provide any information that is helpful in detailing their CLPs. LEAs do not need to conform to a specific grade band.

**Note:** Throughout the application, LEAs will be asked to select whether the CLP will be the same in the case of full remote learning. If it is not the same, then the section will appear twice (once for how schools will open in person and once for full remote learning.)

## SECTION 2: PROGRAMMATIC MODEL FOR THE 2020-2021 SCHOOL YEAR

This section should provide information on the instructional models that will be employed by the LEA. Please note the requirements for the various pathways selected. **Note:** Per State Board of Education rule and policy, LEAs must have approved CLPs to receive BEP funding in remote learning environments.

CLPs must be submitted to the department by July 24, 2020. LEAs that will not be starting implementation of their CLPs at the beginning of the school year will be able to request permission to submit only Sections 1 and 2 of the CLP by July 24, 2020 in order to receive provisional approval. These requests must be submitted to the department by July 6, 2020. LEAs that receive provisional approval will then be required to submit the remainder of the CLP by August 31, 2020 to receive full approval.

### Part 2.1: Beginning-of-Year Programmatic Model by Grade Band

Please complete the chart below for how you plan to begin the 2020-21 school year (check all that apply). The *Reopening Schools: Overview Guide for LEAs* should be referenced for more information or definitions on the various pathways. Even in a traditional in-person model, individual students learning remotely may operate under the CLP; in those cases, please check “family choice.”

MODEL	In-Person Instruction at School Building Model				Remote or Hybrid Model						
	Trad'l	Stagger Return	Stagger Schedule	Year-round	Split Days	Alternate Days	Need based	Grade based	Family Choice	All Virtual	Other
Kinder	X								X		
Elem. School	X								X		
Middle School	X								X		
High School	X								X		

MODEL	In-Person Instruction at School Building Model				Remote or Hybrid Model							
Other:												

**Part 2.2: Differences between Schools**

LEAs should complete this section only if schools within a given grade band are implementing different models and pathways (e.g., some hybrid split days, some hybrid based on family choice, and some in-person). Only complete the table below for grade bands where there are in-LEA differences. If there are differences in models or pathways within a school to accommodate student populations served, please provide rationale.

School Name	Grade(s) Served	Model(s) Selected	Pathway(s) Selected	Rationale

**SECTION 3: STANDARDS-BASED INSTRUCTION**

This section should cover how the LEA intends to provide standards-based instruction for students who are not receiving in-person instruction at the school site. **Note:** There may be meaningful differences between the beginning-of-year approach and the approach during school building closures (should those be necessary). As such, the section will be repeated for “beginning of the year” and again for school building closures. If the strategy is the same, please check the appropriate box below. Please see the Special Populations, Academics, Postsecondary Transitions and Access and Opportunity toolkits for support.

- The LEA is beginning the year with full virtual or other remote instruction OR the LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model, if necessary.
- The LEA is beginning the year in a hybrid model. The CLP will reflect the hybrid model and will note any additional changes needed to convert to full remote or virtual instruction, should it become necessary.

**Part 3.1: Explanation of Approach**

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference relevant pages in an attached document or plan. In the box below, please provide the narrative or the page(s) referenced if using an attached plan. State law requires 6.5 hours of daily instruction in grades 1 – 12 (4 hours for kindergarten).

Please refer to the Standards-Based Instruction - Section 3 document.

**Part 3.2: Instruction Breakdown by Grade Band**

Please complete the chart for each grade band to reflect the minutes of instruction planned. (In the online application, the chart below will appear for each grade band.)

Content Area	Avg. Days per Week	Minutes per Session	Delivery Mechanism: Check all applicable boxes*
English Language Arts	5	75	<input checked="" type="checkbox"/> Synchronous AND/OR <input checked="" type="checkbox"/> Asynchronous <input checked="" type="checkbox"/> Virtual AND/OR <input checked="" type="checkbox"/> Other <input checked="" type="checkbox"/> Teacher-based AND/OR <input checked="" type="checkbox"/> Program

### Part 3.3: Artifacts

To support the CLP, please include any artifacts that outline the LEA’s approach to instruction. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize for grade-level instruction. Artifact selection should be included to meet the benchmarks listed in the rubric.

Artifacts might include:

- Chart or crosswalk of instructional materials used by subject and grade, in print and/or digital format
- Master schedule, inclusive of all learning environments (vulnerable groups of students are indicated)
- Plan for addressing learning loss, grading/feedback, and determining ongoing proficiency and growth
- Plan to deliver foundational skills (literacy) and plan to prioritize daily early literacy instruction in K-2
- Specified course and remediation schedule and prioritized schedule for academic counseling

## SECTION 4: ATTENDANCE

This section should cover how the LEA intends to account for attendance of students who are not receiving in-person instruction at the school site. **Note:** There may be meaningful differences between how a hybrid approach may differ from school building closures (should those be necessary). As such, the section will be repeated for “beginning of the year” and again for school building closures. If the strategy is the same, please check the appropriate box below.

- The LEA is beginning the year with full virtual or other remote instruction OR the LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model.
- The LEA is beginning the year in a hybrid model. The CLP will reflect the hybrid model and will note any additional changes needed to convert to full remote or virtual instruction, should it become necessary.

### Part 4.1: Explanation of Approach

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference an attached procedure. In the box below, please provide the narrative or the page(s) referenced. This should be aligned with state law and the State Board of Education’s rules and policies, including the rules and policies specifically related to CLPs.

Please refer to the Attendance - Section 4 document.

### Part 4.2: Artifacts

To support the CLP, please include any artifacts that outline the LEA’s approach to attendance. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize for attendance. Artifact selection should be included to meet the benchmarks listed in the rubric.

Artifacts might include:

- LEA and/or school process(es) for taking attendance
- Written policies and procedures, including definitions, for excused and unexcused absences

- Procedure for addressing attendance issues, including truancy and chronic absenteeism
- Staffing procedure to provide support for attendance
- Plans for family communication related to attendance and truancy

## SECTION 5: INSTRUCTIONAL TECHNOLOGY

This section should cover how the LEA intends to utilize and provide access to instructional technology, including devices and internet access, for students who are not receiving in-person instruction at the school site. **Note:** There may be meaningful differences between the beginning-of-year approach and the approach during school building closures (should those be necessary). As such, the section will be repeated for “beginning of the year” and again for full closures. If the strategy is the same, please check the appropriate box below. Please see the Technology [toolkit](#) for support.

- The LEA is beginning the year with full virtual or other remote instruction OR the LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model, should it become necessary.
- The LEA is beginning the year in a hybrid model. The CLP will reflect the hybrid model and will note any additional changes needed to convert to full remote or virtual instruction, should it become necessary.

### Part 5.1: Explanation of Approach

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference an attached procedure. In the box below, please provide the narrative or the page(s) referenced.

Please reference the Instructional Technology - Section 5 document.

### Part 5.2: Artifacts

To support the procedures in the CLP, please include any artifacts that outline the LEA’s approach to instructional technology. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize. Artifact selection should be included to meet the benchmarks listed in the rubric. As outlined in the rubric, the way the LEA intends to serve the unique needs of students with disabilities, English Learners and other vulnerable populations in the LEA must be explicitly included.

Artifacts might include:

- Survey for teacher and student home access to technology and connectivity
- Inventory for technology devices
- Procedure for how devices will be distributed and tracked
- Policies related to device distribution, use and management
- Troubleshooting procedures and related documents, including for devices that are broken, stolen, or otherwise missing to ensure that students do not miss learning
- Procedures for how students will access content
- Firewall and student acceptable use policies, especially those related to security, safety, privacy, etc.

- Plans and documents related to access and opportunity for all students to engage in learning in a reasonable timeframe (especially for households where there are limited devices and multiple students needing access to them during the same periods)
- Procedures for providing internet access to all students (if applicable)

## **SECTION 6: PROFESSIONAL DEVELOPMENT (FOR REMOTE TEACHING AND LEARNING)**

This section should cover how the LEA intends to provide strong professional development, learning and support opportunities for staff who may not be providing in-person instruction at the school site. **Note:** There may be meaningful differences between the beginning-of-year approach and the approach during school building closures (should those be necessary). As such, the section will be repeated for “beginning of the year” and again for full closures. If the strategy is the same, please check the appropriate box below. Please see the Professional Development toolkit for support.

- The LEA is beginning the year with full virtual or other remote instruction OR the LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model, should it become necessary.
- The LEA is beginning the year in a hybrid model. The CLP will reflect the hybrid model and will note any additional changes needed to convert to full remote or virtual instruction, should it become necessary.

### **Part 6.1: Explanation of Approach**

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference an attached procedure. In the box below, please provide the narrative or the page(s) referenced.

Please reference the Professional Development - Section 6 document.

### **Part 6.2: Artifacts**

To support the CLP, please include any artifacts that outline the LEA’s approach to professional development, learning and support related to remote teaching and learning. This may include how the LEA expects to adapt PD to accommodate a remote learning environment. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize. Artifact selection should be included to meet the benchmarks listed in the rubric. As outlined in the rubric, the way the LEA intends to serve the unique needs of students with disabilities, English Learners and other vulnerable populations in the LEA must be explicitly and cohesively included.

Artifacts might include:

- LEA yearlong professional development plan, which might include training for educators on using any online course material and collaborating with those instructors of online courses
- Professional development schedules for staff (online or in person)
- Plan for how the LEA will provide ongoing support and feedback to all staff working in remote environments (to monitor the effective implementation of the CLP)

## SECTION 7: IMPLEMENTATION MONITORING

This section should cover how the LEA intends to monitor implementation of this CLP. **Note:** There may be meaningful differences between the beginning-of-year approach and the approach during full closures (should those be necessary). As such, the section will be repeated for “beginning of the year” and again for full closures. If the strategy is the same, please check the appropriate box below. Please see the Assessing Student Learning, Governance and Consolidated Funding [toolkits](#) for support.

- The LEA is beginning the year with full virtual or other remote instruction OR the LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model, should it become necessary.
- The LEA is beginning the year in a hybrid model. The CLP will reflect the hybrid model and will note any additional changes needed to convert to full remote or virtual instruction, should it become necessary.

### Part 7.1: Explanation of Approach

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference an attached procedure. In the box below, please provide the narrative or the page(s) referenced.

Please reference the Implementation Monitoring - Section 7 chart.

### Part 7.2: Artifacts

To support the CLP, please include any artifacts that outline the LEA’s approach to implementing and monitoring the CLP. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize. Artifact selection should be included to meet the benchmarks listed in the rubric. As outlined in the rubric, the way the LEA plans to serve the unique needs of students with disabilities, English Learners and other vulnerable populations in the LEA must be explicitly and cohesively included.

Artifacts may include:

- Instructional oversight protocols
- Audit procedures (attendance, grading, etc.) – with specifics as to who, when, etc.
- Plan to allow for differentiated access for principal/coach/Chief Academic Officer to review alignment to standards, student work, teacher feedback to student work/student work product

## SECTION 8: COMMUNICATIONS

This section should cover how the LEA plans to communicate the details of their CLP and its implementation to stakeholders, including students, parents and staff. A communications plan must be in place, but a more robust engagement plan is optional.

### **Part 8.1: Explanation of Approach**

To complete this section, LEAs may elect to either complete a brief (3-4 sentence) narrative or they may reference an attached communication plan. In the box below, please provide the narrative or the page(s) referenced.

Please reference the Communications - Section 8 document.

### **Part 8.2: Artifacts**

To support the CLP, please include any artifacts that outline the LEA's approach to communications. There is no limit to the number of artifacts submitted, but the department encourages LEAs to only submit materials that they have already created and/or plan to utilize. Artifact selection should be included to meet the benchmarks listed in the rubric. As outlined in the rubric, the way the LEA plans to serve the unique needs of students with disabilities, English Learners and other vulnerable populations in the LEA must be explicitly and cohesively included.

Artifacts might include:

- Stakeholder survey(s) and results
- Communications procedure, template and documents for updates or changes for each stakeholder group
- Emergency communications procedure, template and documents
- Family-specific services and supports provided, such as language translation and multi-media approaches

### **APPENDIX: OPERATIONS AND BUDGET (Optional)**

The department is committed to continuing to support LEAs through this challenging period. To best plan for potential grants, supports, or other resource development, it is helpful and important to know the specific plans and work that is occurring in LEAs. Separately, it is helpful for LEAs to share their CLPs and best practices in support of one another. This section of the CLP will not be evaluated on the rubric but would be used for better aligning resource development and sharing ideas between school LEAs in the state.

Artifacts might include:

- Continuum of Operations Plan
- Childcare Plan
- Budget and Related Documents
- Governance/School Board Plans
- Health Plans

- Nutrition Plans
- Policies
- LEA- and School-based Procedures
- Safety Plans
- Transportation Plans

## TIMELINE AND REVIEW PROCESS

### Timeline

<b>Deliverable</b>	<b>Requirement</b>	<b>Due Date</b>
Provisional Approval Request	LEAs with later starting dates may request provisional approval directly to the commissioner from the director of schools.	7/6/2020
Continuous Learning Plan	Full CLPs due.	7/24/2020
TN Department of Education Review	CLP reviews provided back to LEAs (either full approval, conditional/provisional approval or denial) on a rolling basis.	8/17/2020
TN Department of Education Review	For those LEAs that request and receive provisional approval, full CLPs will be due to the department August 31, 2020, with a 7 business day review timeline (either full approval, conditional approval or denial).	8/31/2020

### Review Process

<b>Step</b>	<b>Reviewers</b>	<b>Action</b>	<b>LEA Support Available</b>
Review CLP Components*	TDOE Departments (internal)	Feedback to LEA	Technical Assistance

<b>Step</b>	<b>Reviewers</b>	<b>Action</b>	<b>LEA Support Available</b>
<b>Review Full CLP</b>	Review Committee	Review and evaluate CLPs on rubric	Technical Assistance
<b>Norming Check</b>	TDOE Leadership Team Stakeholder Committee	Check non-passing review team scores for norming (Approve, Conditionally Approve or Deny)	
<b>LEA Reviews Required Edits</b>	None	LEA edits plan (if necessary)	In-depth Support
<b>Second CLP Review</b>	TDOE Cabinet or Executive Leadership Team	Review and evaluate CLPs on rubric	

\*These sections may be submitted as they are completed if an LEA would like feedback or technical assistance.

**Note:** The department will include the monitoring of CLPs as part of its regular monitoring processes to ensure compliance with all state and federal laws and regulations.

## AVAILABLE SUPPORTS

Should an LEA want or need additional support in developing CLPs, completing specific sections, or better understanding the expectations, the department has prepared to provide a significant amount of support:

### Webinars

The department will host a webinar for each section of the CLP. Webinars will cover the content of what the section is referencing, how it will be evaluated, and what artifacts might be helpful to include. The session will also cover examples for various rubric rows to help provide clarity for LEAs. Webinars will be recorded and posted on the [School Reopening](#) webpage on the department's website for reference. Dates will be provided in email to superintendents as well as referenced in upcoming superintendent calls.

### Office Hours

Department staff will host office hours for LEAs to support different pieces of the CLPs. There will be a consistent office hour from 12:00 – 1:00pm CST every day to answer questions about various topic areas of the CLP. The schedule for office hours will be:

- Mondays: Section 2 (Models) and Section 3 (Instruction)
- Tuesdays: Section 4 (Attendance)
- Wednesdays: Section 5 (Instructional Technology)
- Thursdays: Section 6 (Professional Development) and Section 7 (Monitoring)
- Fridays: Section 8 (Communications) and General/Open Questions

Office hours will begin on Monday, July 6, 2020. Contact information will be provided in an email to Directors of Schools. Any LEA staff responsible for sections of the CLP is welcome to utilize this resource.

Questions may be submitted on any topics related to CLPs to [K12.Health@tn.gov](mailto:K12.Health@tn.gov).

### Examples

The Department will post a series of examples for each section of the rubric to support LEA planning.

## ADDITIONAL SUPPORTS OFFERED BY THE DEPARTMENT

Over the course of the last four months, the Department has offered a number of resources, supports, grants, or opportunities to help LEAs. A portion of these include:

- **Principal Professional Development** – a partnership with the University of Tennessee, Knoxville to offer free professional development on remote learning for any principal in the state, which are also eligible for TASL credit, with videos available to Assistant Principals and central office staff
- **Teacher Professional Development** - a partnership with Trevecca Nazarene University to offer free professional development on remote learning for any teacher in the state
- **Assistive Technology Grant** – a grant for districts to support purchasing assistive technology so that students with disabilities are able to receive services during periods of building closure
- **Compensatory Services Grant** – a pass-through award to every district to help support any expenses related to providing compensatory services in the fall
- **Special Education Innovation Grant** – a grant for districts to fund the expansion of strategies and practices to serve students with disabilities during periods of school building closure
- **Remote Learning Supports Grant for Children with Disabilities** – coming soon!
- **Online Academic Tool** – a tool that will be ready for launch this school year that will provide a full year of ELA and math lessons for 1<sup>st</sup> – 8<sup>th</sup> grades, providing coherent sets of instructional materials linked to relevant standards supports, sample assessment items, and content-based resources
- **PBS Partnership** – partnership with PBS to provide free statewide programming online and on television to support student learning during closures and over the summer
- **Ready Rosie** – free mobile app for families to use to support early literacy and numeracy at home
- **Checkpoint Assessment** – free beginning-of-year assessment available for districts to use to gauge student learning (including learning loss) to support educators in identifying areas of need
- **Innovative Assessments** – a free suite of innovative assessment supports available for districts to use including an assessment builder, interim assessments, and formative assessments
- **LEA Guide for Reopening Schools** – extensive resource produced to provide an overview framework for districts to use as they begin planning for school reopening
- **20+ Reopening Toolkits** – a series of topic-specific toolkits that provide checklists, best practices, reflective questions, and more intended to support effective and locally-driven planning for reopening
- **School Meal Finder** – a website to help families identify the closest location for meal distribution during periods of school building closure
- **Post-Secondary Task Force** – task force to support transition needs of high schoolers to post-secondary
- **Child Wellbeing Task Force** – statewide task force to support child wellbeing through next school year
- **Diverse Leaders Network** – a network to increase the number of aspiring, diverse school leaders that will pay for their masters degrees
- **Aspiring Assistant Principal Network** – a network to increase the number of aspiring school leaders that will pay for their masters degrees
- **Principal Supervisor Network** – professional development for those who manage principals
- **Foundational Skills Curriculum** – free instructional materials for early literacy
- **Special Education Additional Endorsement Grants** – a grant to pay for existing and aspiring teachers to become dual certified in special education
- **Tennessee Teacher Job Connect and Tennessee Education Job Board** – online page to connect vacancies with job-seekers during remote recruitment and hiring
- **Family Remote Learning Tool** – in partnership with Trevecca, an online resource to support families in managing learning from home

## **Continuous Learning Plan - Section 1 Tulahoma City Schools**

### **Landscape**

Tulahoma City Schools completed an initial needs assessment on May 6, 2020. This needs assessment is found in the Distance Learning: Moving Forward artifact that is submitted with this document (Section 1/pgs. 1-4). The assessed needs were prioritized in a meeting on June 4, 2020. These needs are identified in the CARES Act application. A copy of the Program Details from the CARES Act application is submitted with this plan Section 1/pgs. 5-7). The top 4 needs are listed below:

Many challenges were faced during the COVID-19 pandemic. We identified the following needs:

- \* Nutritional services for our students are critical whether we are in or out of school.
- \* Having devices for each student is necessary to provide live or pre-recorded, interactive instruction. Our elementary students did not have access to virtual instruction due to a lack of devices in K-2. Grades 3-5 did not have access to virtual instruction because the devices we have were not insured and did not have appropriate filtering for off-site use.
- \* The lack of internet connectivity in student homes presented a challenge. Students without the internet were unable to access virtual instruction.
- \* We became acutely aware of the need for identifying learning gaps and providing intervention during distance learning.

Please refer to the Continuous Learning Plan slides for an overview of our plan (Section 1/pgs. 8-40).

### **COVID Plan**

The CLP will be implemented at the beginning of the school year, July 29, 2020, as we will have some students begin the year with distance learning. The Pathway to Re-entry document is attached and shows the decision-trigger process for school building closures (Section 1/pg. 41).

### **Authorizer Engagement**

We do not have any charter schools.

### **Artifacts**

- Distance Learning Moving Forward (Section 1/pgs. 1-4)
- CARES Act Application (Section 1/pgs. 5-7)
- Continuous Learning Plan slides (Section 1/pgs. 8-40)
- Pathway to Re-entry (Section 1/pg. 41)

<b>What We Did Well</b>	<b>Examples</b>
Parent/student contact	Phone call, email, Class Dojo, Remind, Schoology, Google Classroom, home visits, welfare visits by TPD
Student engagement in work	Provided engaging and relevant assignments
Office Staff/Educational Assistants	Eagerness and willingness to help and be available
Teachers	Checked on the welfare of students, checked-in with parents, delivered instruction, gathered resources for packets, willingness to be flexible with their schedule - went above the call of duty
Nutrition Team	Delivered meals and checked on student welfare
Shared strategies used at school for learning at home	Visual schedules
Collaboration which led to strengthened relationships	Brainstorming sessions and willingness to be on the same page
Sharpened technology skills for communication, collaboration, and instructional delivery	Google Meets, Schoology, Google Classroom
Parent and community feedback	Positive feedback on parent survey and a high-level of appreciation for the work of the district
Positive spirit and attitude	Turned lemons into lemonade!

### What Needs Improving

What Needs Improving	What We Are Currently Doing	Ideas on How to Improve
Digital Citizenship Training	Elementary counselors teach digital citizenship in classes Middle school teaches it in computer class	
Internet availability to homes	Shared with families information about free internet	Hotspots on buses
Filtering of devices	Chromebooks are filtered off-campus, but iPads are not.	Tech is looking to provide filtering for iPads off-campus
Student data privacy	Provided general P.D.	Need deeper understanding of student data privacy
Limited devices in K-2	6 iPads per classroom	Additional devices are needed so students can see and meet with their teacher
Parent training and resources	Teachers provided assistance to parents upon request.	Identify specific ways to help: Ex. Parent Google Meets
Use multiple digital platforms for communication and assignments	Multiple platforms are used such as Class Dojo, Schoology, Google Classroom, email, and Remind causing confusion	Streamline the platforms used
Lack a schedule for posting assignments	There is not a schedule for how or when teachers will post assignments causing confusion	Develop a schedule for posting assignments  Provide a weekly parent checklist
Undefined work expectations for employees	A high-level of flexibility regarding hours and undefined work	

	<p>expectations</p> <p>Parents are unsure when teachers are available</p>	
Lack of communicating the "why" behind the decisions that are made	Decisions have been shared through social media and one-calls, but many times the "why" behind the decision was not well-communicated.	
Lack of information	We share what we know, but our information is incomplete and leaves questions.	
Legal clarification	We've worked in good faith in contacting students, but have not provided clear guidance regarding liability, student safety, counseling services, etc.	
Inconsistent curriculum and lack of pacing guides	Teachers created packets for his/her class. We were unable to provide anything across the district except for choice boards since we don't have a common curriculum or pacing guides.	<p>Implement a common curriculum</p> <p>Create pacing guides</p>
Increase professional development on distance learning	PD for Schoology and Google Classroom has been provided for years and has been implemented in pockets. PD was provided on demand due to COVID-19.	Include distance learning in TCS Summer PD

### Out-of-the-Box Ideas

Idea Category	Explanation
Schedule	Hybrid: Half of the students come to school on M&W and the other half come on T&Th. Online learning is provided on the days the student is not at school. Online learning is also provided on Friday when the schools are being disinfected.
Childcare	Community engagement: Involve churches, Kool Kids, community centers, etc. in providing childcare and activities when students are not in school.
School Hours	Flexible school hours to meet the needs of families and employees
Increase instructional availability to students	Televised lessons on Channel 6
Increase internet availability to homes	Businesses donate MiFi
Involve community stakeholders	Identify needs and solicit assistance from our C.E.O. partners
Social-Emotional Learning	Re-entry survey/assessment
Instructional assistance to parents and students	Homework Hotline
Centralized location of digital resources	Digital repository - include flipped classroom videos
Expand our network of thinkers	Collaborate with others in the South Central region
Parent needs	Survey parents to identify needs and develop a plan for addressing those needs.
Homebound students	There may be an increase in homebound students once we return.
Policy Review	Determine district latitude in policies such as attendance, homebound, etc.

**Tullahoma (162) Public District - FY 2021 - Elementary and Secondary School Emergency Relief (ESSER) - Rev 0 - Elementary and Secondary School Emergency Relief (ESSER)**

Go To

#### Planning

\* Reflect on the challenges that the LEA faced during the COVID-19 pandemic. What prioritized needs did the LEA identify during the pandemic, and how do these needs relate to the selected focus area(s)?

- Many challenges were faced during the COVID-19 pandemic. We identified the following needs:
- \* Nutritional services for our students are critical whether we are in or out of school.
  - \* Having devices for each student is necessary to provide live or pre-recorded, interactive instruction. Our elementary students did not have access to virtual instruction due to lack of devices in K-2. Grades 3-5 did not have access to virtual instruction because the devices we have were not insured and did not have appropriate filtering for off-site use.
  - \* The lack of internet connectivity in student homes presented a challenge. Students without internet were unable to access virtual instruction.
  - \* We became acutely aware of the need for identifying learning gaps and providing intervention during distance learning.

#### Timeline

\* Provide a timeline for providing services to students and staff in public and non-public schools in the box below. (CARES Act § 18003 (B))

We do not have any non-public schools within our LEA. We began providing services as soon as our stockpiled days were depleted. It is our plan to begin delivering services based on our approved calendar for 2020-2021. We are staying abreast of the information and guidance that is provided by the state and health community. We do not anticipate a pause in services. Services may take place within the school building, virtually, or through a blended approach.

#### Budget & Spending Plan

The CARES funds are not intended to replace state/local funding but instead are intended to provide additional funding to address emergent needs resulting from COVID-19. With school closure decisions, districts likely had unanticipated budget surpluses (i.e. operations, transportation) that should be repurposed to support other expenditures arising from COVID-19 (i.e. food services, paper, postage, etc.). The expectation for CARES funding is that it should be utilized primarily for re-opening and learning acceleration to address gaps resulting from school closure.

\* In what areas has the LEA experienced significant budget-to-actual differences in state/local funds?

Tullahoma City Schools has experienced significant budget-to-actual differences in state/local funds in the following categories: nutrition, postage, and cleaning/sanitation. The income the nutrition department typically generates declined drastically yet the need for services remained. Postage costs increased due to learning bundles being mailed to all elementary students on a weekly basis. Learning bundles were mailed to middle and high school students who did not have internet connectivity. Cleaning/sanitation expenses increased due to the extensive cleaning that needed to be done in our buildings.

\* How have these differences been repurposed to address related needs (i.e. custodial savings to sanitization costs, utilities and gas for buses (etc.) to nutrition).

The anticipated savings from utilities were repurposed to address the needs of our nutrition department, pay for increased postage, and pay for cleaning/sanitation supplies.

\* Detail the LEA's projections for non-covered costs for the remainder of this fiscal year related to COVID.

Our nutrition department continues to prepare and deliver meals to students various days each week throughout the summer. This program is operating at a deficit since funding is not being generated by student purchases. Food and food preparation supply costs are inflated and we still have payroll needs. Cleaning and sanitation costs are increased due to the pandemic. We continue to abide by guidance from the state and the health community as we prepare our buildings for students and staff possibly returning later this summer.

\* Detail the LEA's budget projections for COVID-related needs for the next fiscal year (consider the potential need for remedial learning, change in program decisions/delivery, fall resurgence of illness).

For the next fiscal year, we project we will have the following needs: costs associated with providing student nutrition, additional student devices for K-2, upgrades for internet connectivity, a contracted literacy remediation and intervention coach, and cleaning/sanitizing supplies.

#### Spending Plan

After analyzing and repurposing other funding sources, develop the spending plan for the CARES funds aligned with the needs that emerged from the COVID-19 pandemic and your larger district plan.

\* Provide a description of the reasonable and necessary administrative activities and personnel (supplies, and equipment used to administer the grant program included). This includes the FTE and amount deducted from the grant.

We would not be using any of the grant money to pay for administrative activities or personnel for the purposes of administering the grant.

For each of the applicable focus areas below, indicate the amount in the space provided and include a narrative in the text box on how this focus area addresses the needs. NOTE: The combined amounts across the six areas should not exceed your LEA's allocation. A recommend allowable expenses document for the CARES Act may be accessed here.

**1. Purchasing Education Technology (including hardware, software, and connectivity)**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

**Upgrade internet connectivity**

These funds would be used to pay for the E-rate Category 2 upgrade and the UPS upgrade for connectivity.

Upgrading E-rate Category 2 provides the following:

\* A more robust network to allow more connections per access point and increase reliability and consistency in teacher classrooms whether they are providing

in-house and/or virtual instruction  
 \* Ability to receive security upgrades  
 \* Extend our networks to provide larger coverage areas outside our school buildings for access by students

Upgrading UPS+Network Management Card provides the following:  
 \* A much more reliable environment to keep our network up and running when power outages occur  
 \* Ability to remotely monitor battery level, load level, etc.  
 \* Schedule diagnostic reports with an email notification if problems occur

**Purchasing Additional Devices for K-2**  
 Tullahoma City Schools would like to purchase additional devices for K-2. This would allow students to receive classroom instruction utilizing distance learning opportunities whether spread across buildings or at home. Currently, each K-2 classroom has a set of six devices. We need to purchase 916 Chromebooks @ \$374 each to be one-to-one in Grades K-2. Included in the cost is a rugged case, Google Chrome Management, and a no-deductible warranty which includes coverage for accidental damage.

Program effectiveness would be assessed by analyzing the data generated from formative assessments and benchmark tests. We would be looking at student mastery and student growth. It is an academic priority for us to provide instruction in order for student learning to continue.

**2. Providing Summer Learning and Supplemental After School Programs (including online/distance learning)**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

**Kool Kids**

Kool Kids provides childcare before/after-school and during extended breaks for Tullahoma City Schools. During the closure, various personnel continued to be paid while the other employees were furloughed. The program is self-funded and did not generate any income during the school closure. The use of funds would cover the deficit created by continuing to pay salaries when there was not an income.

The program recently re-opened and the effectiveness of the activities will be determined by the number of students who participate. These activities align with providing a safe place for our students to go when school is not in session.

**3. Planning for Long-Term Closures**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

**Nutrition**

Providing student nutrition throughout school closure, summer, and for next school year is critical to student success. Maslow's Hierarchy of Needs tells us that students who are hungry don't learn. Basic, physical needs have to be met before student learning can take place. The nutrition department has three areas of need. 1.) Student accounts have negative breakfast and lunch balances. Many families are unable to pay the fees due to unemployment or a reduced income. It was difficult soliciting funds due to students not being at school. 2.) Preparing and delivering food to students has not stopped. The nutrition department is operating at a deficit and needs funding to cover payroll. 3. Food preparation supplies and food costs are inflated. More pre-packaged have been purchased for students in order to be as sanitary as possible. These cost more than what we would typically serve. The price of food has increased, too.

These activities will be assessed based on the number of students who receive meals each day/week. These activities align with the health needs of our students.

**Literacy Remediation and Intervention Coach**

Tullahoma City Schools would like to contract with a literacy specialist to serve as a literacy remediation and intervention coach. These responsibilities would include providing professional development, coordinating services, and providing intervention. Identifying gaps and delivering intervention effectively is paramount for our at-risk students. This intervention coach will allow us to seamlessly provide services regardless of if we are meeting at school full-time, operating with a hybrid schedule, or provide full distance learning. We anticipate we could be using a variety of scheduling options throughout the 2020-2021 school year based on the unpredictable impact of COVID-19. We desire to be prepared to fluidly move from one scheduling option to another based on state and health guidance.

**4. Addressing the Unique Needs of Special Populations**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

**5. Providing Mental Health Supports**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

**6. Conducting Other Necessary Activities to maintain the operation of services, employing existing staff, coordinating activities, or providing principal and school leaders necessary resources. Note: items in this category will require more extensive rationale/support.**

\$  \* Amount

\* Describe the proposed activities and use of funds. Explain how the effectiveness of the activities will be assessed and how these proposed activities align with either the health/safety or academic priority.

# Continuous Learning Plan

Tallahoma City Schools

# Who is Coming Back?

Parent/Guardian Survey

July 9 - July 13

Faculty/Staff Survey

July 9 - July 13

**\*Please note there is eligibility criteria for employees not to return.**

# What do I do if...

- **There is not a survey response from faculty/staff by July 13?**

Call or try to touch base another way asap.

- **There is not a survey response from parents/guardians by July 13?**

Call or try to touch base another way asap. Divide and conquer!

# Continuous Learning Plan (CLP)

## What?

- CLP addresses **how we will deliver quality online instruction during the 2020-21 school year** in the event of future COVID-19 related disruptions to one or more students, schools, or district-wide operations.
- We are required to provide students participating in distance learning access to **6.5 hours of instructional time each school day (exception for PreK and K)**, just like the typical school day.
- Attendance and grading are required.

# Continuous Learning Plan

## When?

We use the CLP *anytime students are using distance learning*. This could include a hybrid model or full distance learning. The CLP is due July 24, 2020.

## Why?

Implementing a CLP allows us to *count distance learning days as instructional days*. **BEP dollars will be generated**. We do not use stockpiled days or make-up these days.

# Instructional Norms for All Scenarios

- Teachers have **daily instructional interaction** with their students.
- **All students will have access to a device.**
- All grade levels will have an **online learning management system to serve as a platform for learning and communication** – Google Classroom, Schoology, etc.
- All grade levels will **use a variety of digital learning tools** to support grade level learning in a digital environment.

# District Distance Learning Team

Dr. Susan Sudberry - Instructional Technologist

Atticus Hensley - Related Arts

Dr. Greg English - THS

Travis Moore - Middle Schools

Dr. April Norris - Special Education and 504

Dr. Shannon Duncan - Attendance and SEL

Dianne Darlington - Technology

Susan Fanning - Elementary Schools and EL

Existing TCS teachers and staff will fulfill the needed roles for distance learning.

**CLP**

**Components**

# Communications and Operations Plan

- **Parent Communication**
  - **Convey expectations** for remote instruction to support student success
- **Staff Communication**
  - **Define** and clearly communicate **staff roles and expectations**

# Communication with Students/Families

1. **Initial email** - **Each** teacher will send an initial email to the email addresses in Skyward by Thursday, July 23rd telling parents/students where to find daily assignments, instruction, and information. **Request a response/receipt** indicating the email was received. Assume the email was not received if there is not a response/receipt.
2. **Follow-up** - **On Monday, July 27**, follow-up with all students who did not respond to the initial email. Begin with a phone call, try other measures of contact, and do a home visit (never go alone!) if necessary and appropriate. If students/parents do not have access to the internet, **develop a different communication plan** for that family.

# Communication with Students/Families continued

- Document communication attempts and plan on the following document:  
<https://docs.google.com/spreadsheets/d/1udU4AIZ50GHx922yivk8AMXk-DZuYmJVCBq9gk-V8ik/edit?usp=sharing>
- A daily communication plan should be in place for each student/family by July 29. **Instruction begins on July 29.**

# **Staff Expectations**

## **Work Hours for Distance Learning Staff**

**7:45 - 3:15 each day (M-F) for all staff**

**Adjust schedule to accommodate unique circumstances for students as needed.**

## **Student Work Assignments**

**Each teacher should post all assignments for students by 8:00 a.m. each day.**

# Student Schedule

## Pre-K (5.5 hours required daily)

8:00 - 8:15	Morning Meeting
8:15 - 9:45	ELA
9:45 - 10:15	Break/Recess
10:15 - 11:15	Math
11:15 - 12:15	Lunch/Recess
12:15 - 1:15	Science/Social Studies
1:15 - 1:30	Afternoon Meeting

Note: Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, ILP or 504.

# Student Schedule

## Kindergarten (4 hours required daily)

8:00 - 8:15	Morning Meeting
8:15 - 9:45	ELA
9:45 - 10:00	Break/Recess
10:00 - 11:00	Math
11:10 - 11:30	Science/Social Studies
11:40 - 12:00	Related Arts

Note: RTI services will be provided. Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, 504, or ILP.

# Student Schedule

## Grades 1-2 (6.5 hours required daily)

8:00 - 8:15	Morning Meeting
8:15 - 9:45	ELA
9:45 - 10:00	Break
10:00 - 11:30	Math
11:30 - 12:30	Lunch/Recess
12:30 - 1:00	Science
1:10 - 1:40	Social Studies
1:50 - 2:30	Related Arts

Note: RTI services will be provided. Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, 504, or ILP.

# Student Schedule

## Grades 3-5 (6.5 hours required daily)

8:00 - 8:15	Morning Meeting
8:15 - 9:45	Math
9:45 - 10:00	Break
10:00 - 11:30	ELA
11:30 - 12:30	Lunch/Recess
12:30 - 1:00	Science
1:10 - 1:50	Related Arts
2:00 - 2:30	Social Studies

Note: RTI services will be provided. Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, 504, or ILP.

# Student Schedule

## Grades 6-8 (6.5 hours required daily)

8:00 - 9:20	1st Block
9:30 - 10:50	2nd Block
10:50 - 11:30	Lunch/Break
11:30 - 12:50	3rd Block
1:00 - 2:20	4th Block
2:30 - 3:00	Related Arts

Note: RTI services will be provided. Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, 504, or ILP.

# Student Schedule

## Grades 9-12 (6.5 hours required daily)

The distance learning schedule for THS will mirror the traditional THS schedule. Adjustments will be made as needed.

Grade 9 will have 5 classes.

Grades 10-12 will have 4 classes.

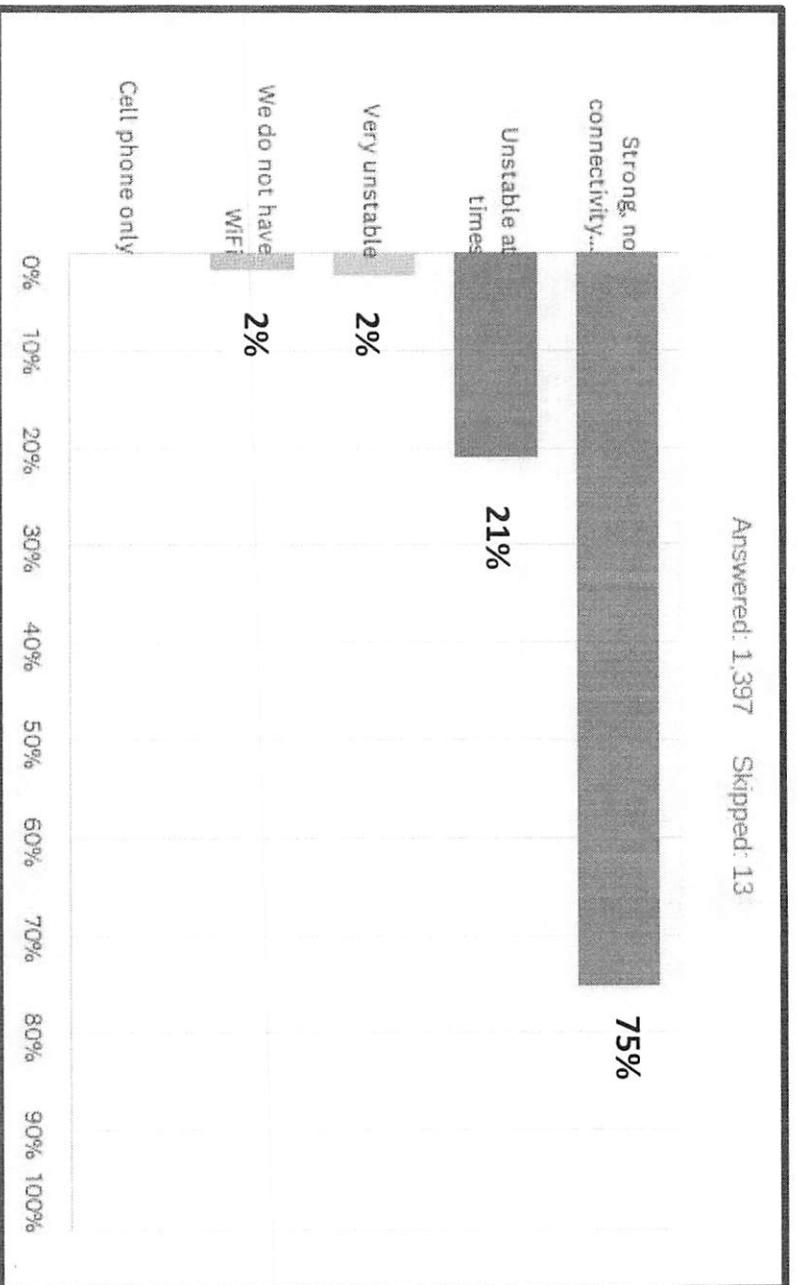

**Note: RTI services will be provided. Services for students with disabilities, students with a 504, and English Learners will be provided services as indicated by their IEP, 504, or ILP.**

# Access to Instructional Materials and Technology

- Survey student and teacher home access
- Create an inventory of devices
- Develop a plan and timeline for distributing materials
- Provide remote instruction for those with limited connectivity capability
- Provide technology support for students experiencing technical difficulties

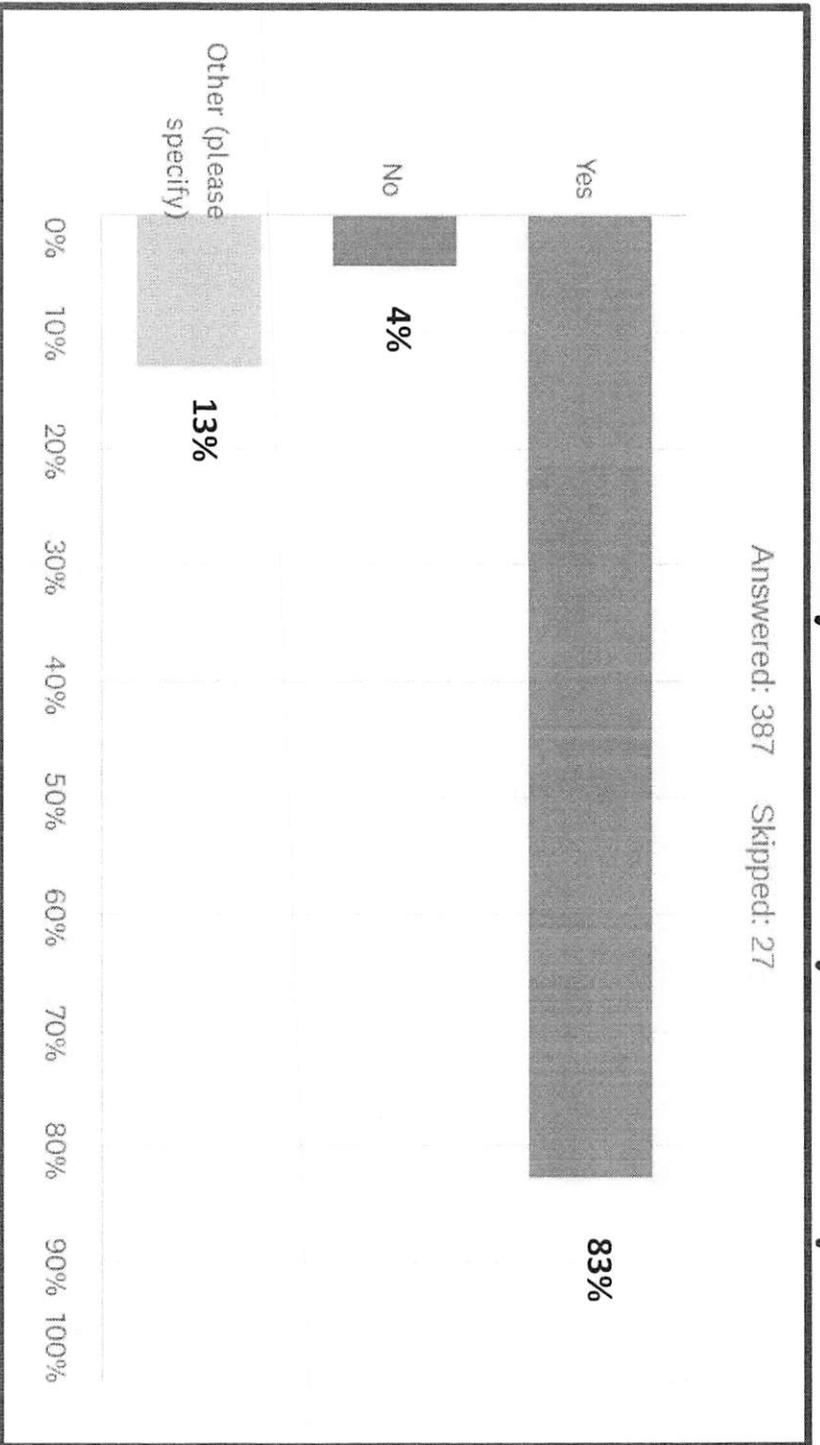

# Connectivity - Parent/Guardian Survey

Answered: 1,397 Skipped: 13

# Connectivity - Faculty Survey

Answered: 387 Skipped: 27

# Students without Internet

Technology will provide the process for requesting student devices as needed.

How will we serve students without internet? **How do we provide instruction?**

- Limited information can be downloaded on school devices
- MiFi
- Paper/pencil packets
- Phone
- Other?

When will students return work and pick up new work? Weekly work needs to be ready for students to pick up each **Monday by 8:00 a.m.** Students will drop off work and pick up new work each Monday.

# Attendance

- **Track and report daily attendance**, just like is done in school each day.
- **Create protocols for determining student attendance** that include daily visual, verbal, and/or written confirmation of student participation in instructional time.
  - Examples: phone call with teacher and parent (as appropriate), participation in synchronous virtual instruction, completing work in online platform, submitting work via hard-copy or virtual
- **Clearly outline how absences during remote instruction will be classified and potential interventions.**

The TDOE provides for a EIS Attendance Code for Distance Learning - "D". Tullahoma City Schools will consider students who are interacting and responding to full virtual or remote instruction as "in attendance."

This may include, but is not limited to, any of the following:

- Student submission of an assignment;
- Student completion of an online assessment;
- Student participation in synchronous learning in an online classroom;
- Student submittal of work via hard-copy or virtual formats;
- Student-initiated phone call, email, and/or other digital communication or responses to teacher email;
- EAs/Teachers who may be facilitating from home could make daily contact with families via phone to verify attendance; and/or
- Other evidence of participation as determined by the principal or designee.

Attendance is not based on solely assignment completion. Designated Virtual Instruction Personnel will be responsible for monitoring student participation in virtual or remote learning and reporting attendance to school registrars daily.

# Excused & Unexcused Absences

Tulahoma City Schools Board Policy 6.200 defines excused and unexcused absences. These definitions will also apply during Virtual and Remote Instruction models. **In order to receive excusal for an absence from virtual or remote instruction, the parent/guardian or student is responsible for submitting the appropriate documentation** for those categories defined in Policy 6.200, which includes:

- Personal illness/injury
- Illness of immediate family member;
- Death in the family;
- Extreme weather conditions;
- Religious observances;
- College visits;
- Pregnancy;
- School-sponsored or school endorsed activities;
- Summons, subpoena, or court orders; or
- Circumstances which in the judgment of the principal create emergencies over which the student has no control.

# Educator and Staff Training

- Create sound process for student submission of completed work.
- Identify learning management system, online instructional resource, or offline instructional resource.
- Convey expectations for educators on using online course materials.
- Develop a plan for providing ongoing support and feedback to all staff to monitor the effective implementation of the CLP.
- Ensure all legal requirements for professional development are met.

# Professional Learning

- **TCS Summer PD 2020**
  - Offer 23 sessions regarding distance learning
  - Provided by TCS teachers
  - 295 participants registered
- **iReady (ELA and Math: K-8 and intervention students at THS)**
  - Piloted by 75 teachers and educational assistants in 2019-20
  - Provide training on July 23 for those who did not pilot.
- **Other**
  - Teacher collaboration groups (Spanish, Math, etc.)

# Professional Learning Throughout the Year

We will begin the year by meeting weekly to identify professional learning needs and provide the training needed or requested.

## Technology

- The ticketing system will be used to capture technology needs.

## iReady

- iReady Building-Level Representatives will participate in professional learning about iReady coaching
- iReady Training is scheduled for Wednesday, November 11 (early release for all schools)

## Distance Learning

- Training will be ongoing and specific based on the needs of the district, school, and/or individual.

# Standards-Based Instruction

- Ensure instructional time supports learning and mastery of TN Academic Standards.
- Develop effective design and delivery of remote instruction lessons.
- Align student grading expectations to State Board's Uniform Grading Policy for Grades 9-12 and the LEA's grading policies for K-8.
- Monitor student performance including student grades and other methods identified in CLP.

# Digital Learning Resources Available for Distance Learning

Digital resources are listed by subject and grade band.

# Support for All Students

- Provide online and offline opportunities for students to communicate with teachers or staff when remote instruction is occurring.
- Provide opportunities for students to practice accessing and using remote instruction platforms and methods, including how to locate, complete, and submit assignments, to support student success during remote instruction.

## Additional Support for Special Populations of Students

- Provide students with disabilities access to the instruction in a manner consistent with IEP or 504 plan.
- Provide students who are English learners access to the instruction in a manner consistent with each student's ILP and with State Board English as a Second Language Program Policy 3.207.
- Respond to needs of other at-risk student populations.

Dear Parent/Guardian,

As we begin the school year during these unprecedented times, the school districts are taking precautions to keep all students and staff members safe. School district representatives from Coffee County, Manchester City and Tullahoma City, the Coffee County Department of Health, along with other stakeholders (local physicians, teachers, parents, etc.) collaborated to prepare for a safe and effective opening of schools.

The attached *Pathway to Re-entry Plan* was developed and will be monitored and updated as more information becomes available through state and health guidelines. This plan conveys several health and safety considerations that will be followed as we return to school.

Upon arrival, students' temperatures will be taken. Conversations with students will determine how they are feeling and if they have any possible symptoms that need further assessment. School health officials will be responsible for evaluating potential COVID-19 symptoms that may require your student to go home and be seen by a healthcare provider. If your student is sent home, you will be provided the appropriate form to be completed by your healthcare provider for your student to return to school. Appropriate notification will be made when a student or staff member tests positive for COVID-19.

Keeping you informed and up to date is important to us. Since COVID-19 information changes based on the current situation, please monitor websites, media outlets, social media, and the phone/email alert system. Thank you for your understanding, support and flexibility as we navigate these unusual times together.

Sincerely,

**IMPORTANT DISCLAIMER:** Due to the ever changing circumstances with COVID-19, a shift in scenarios may take place at any time.

## **Programmatic Model - Section 2 Continuous Learning Plan**

### **Beginning-of-the-Year Programmatic Model by Grade Band**

Based on the attached Pathway to Re-entry document, the number of active COVID-19 cases in Coffee County is considered minimal spread (Section 2/pg. 1). As of July 10, 2020, there are 36 cases which is 0.06%. We will begin the year with the traditional model accompanied by safety precautions as well as full distance learning. Full distance learning will be based on family choice. Additional information about distance learning will be included throughout the various sections of this plan.

Information regarding how to implement the safety precautions that are listed on the Pathway to Re-entry 2020-21 document was shared with leadership on July 8, 2020 and a broader community that included parents, faculty, staff, and board members on June 9, 2020. The following documents were shared: Checklist for Reopening Schools (Section 2/pgs. 2-3) and a slide show that begins with The Most Important Way to Prevent Spreading Germs? (Section 2/pgs. 4-14). Thermometers were provided by TEMA and given to each principal at this meeting. Thermometers were distributed based on enrollment. A spreadsheet is included that shows this distribution (Section 2/pg.15).

If COVID-19 cases increase to moderate spread based on the metric on the Pathway to Re-entry form, we will transition to a hybrid model.

Hybrid Instruction:

- Students randomly assigned to Group A or B.
- Students meet face-to-face every other day based on their group assignment.
- Following the schedule above, teachers provide face-to-face instruction and virtual instruction at the same time. Support staff could be assigned to teachers and provide the needed support by monitoring and helping the students who are joining the class virtually.
- The technology department could provide educational assistants with a device if this model moves forward.

All students will transition to remote learning if the metric on the Pathway to Re-entry form for substantial spread is met.

### **Differences between Schools**

Initially, our plan does not include differences between schools. Students will either attend in-person or will participate in full distance learning based on the decision of their parents/guardians. This will be based on family choice. We may need to adjust this protocol once we have a confirmed number of students who will be participating in remote instruction.

At all levels, safety protocols as indicated on the Pathway to Re-entry will be in place based on the number of active COVID-19 cases in Coffee County. Space within schools will be repurposed to make these accommodations. Vulnerable populations will receive their services based on the IEP, ILP, or 504 plan. Their services will be at least the same quality/level of instructional opportunities as their peers. Devices will be provided to students as needed. The level of connectivity has expanded to reach into some of our school parking lots. We are continually seeking ways to provide connectivity to all students.

Please refer to the Continuous Learning Plan presentation for additional information (Section 1/pgs. 8-40).

**Checklist for Reopening Schools**  
**July 8, 2020**

\_\_\_\_\_ **1. Who is coming back? In-Person vs. Full Distance Teaching and Learning Students**

- Parents must make a commitment for one quarter. The selection will be re-evaluated at the quarter's end.
- What is the timeline for contacting any family who did not respond to the survey?
- Who is making the phone calls to any family who did not respond to the survey?

Faculty/Staff

- Who is reporting back to the building and who will telework from home?
  - If telework is not possible as it relates to their specific job, contact Jennifer for Covid Leave form to begin that process.
- Who will contact the faculty and staff who did not respond to the survey?
- What is the timeline for making phone calls to faculty and staff who did not respond to the survey?

\_\_\_\_\_ **2. Arrival and Temperature Checks**

- What does arrival need to look like to avoid mass gatherings?
- Where do students go to have their temperature checked before entering classrooms?
- Who is checking the temperatures?
- How is the waiting space marked to ensure social distancing of 6 ft.?
- Where do students go if they have a fever of 100.4 or higher? (If a child has a fever based on the first reading, the student should have his/her temperature retaken with a standard oral thermometer.)
- Isolation room?

\_\_\_\_\_ **3. Movement**

- We must work to demonstrate the health and safety of adults and students are paramount. Movement needs to be planned and intentional.
- How will movement be staggered to avoid crowds and adhere to social distancing guidance as much as possible?
- What are the hallway protocols? Consider directionality, dividing hallways, marking/taping to show direction.

\_\_\_\_\_ **4. Classroom Space**

- How can classroom space and other spaces be used to accommodate for social distancing?
- If ALL wear masks, desks can be closer together. Please refer to American Pediatrics Association article.

\_\_\_\_\_ **5. Handwashing**

- When and how will we teach and model proper handwashing techniques?
- What are the routines and expectations?
- How will we schedule handwashing?
  - What are the pivotal times? Prior to class change? Before returning to the classroom?

\_\_\_\_\_ **6. Lunch**

- How do students stand in line and adhere to social distancing? Is the space marked?
- Do lunch times need to be staggered?
- Where do students eat lunch in order to adhere to social distancing guidelines? Cafeteria? Classrooms?
- What various spaces might be used to spread out students?

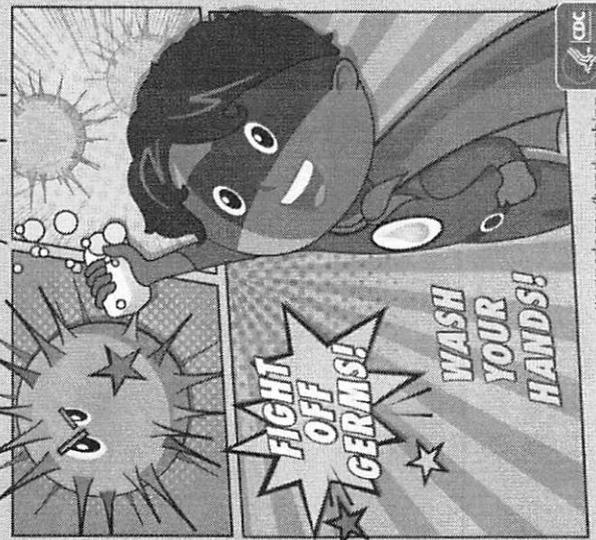

\_\_\_\_\_ **7. Dismissal**

- What does dismissal look like in order to avoid a mass gathering and adhere to social distancing guidelines?

## Wash Hands Correctly

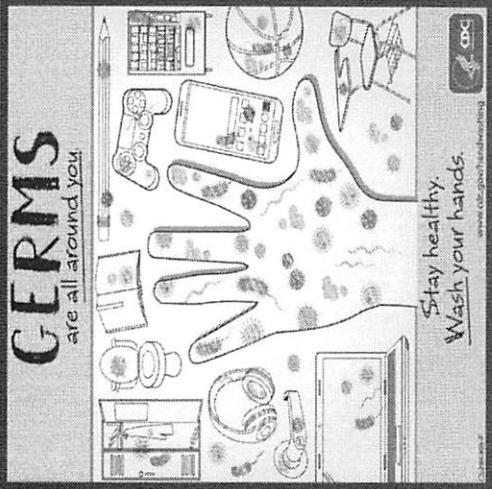

**HANDWASHING**  
is your superpower!

### HAND WASHING

Step By Step Directions to Learn How to Wash Your Hands

- 1 Use soap.
- 2 Scrub palm to palm.
- 3 Scrub back of hands.
- 4 Wash between fingers.
- 5 Wash thumbs.
- 6 Scrub fingernails.
- 7 Wash wrists.
- 8 Rinse hands.
- 9 Dry hands.

## Handwashing & Hand Sanitizer Points

- Video - Be The Model - Set the Tone
- Educate - When, How, Why - Make It a Life Time Healthy Habit
- Create a Routine - Provide Time to Wash Hands
- Have Adequate Supplies

## Hand Sanitizer

- Have It Available When Soap & Water Are Not Available
- Teach Procedure for When Students Can Use It
- Proper Use - Rub Hands Together Until Sanitizer Is Dry
- Supply - Every Teacher

# Universal Germ Spread Prevention

- Do Not Touch Your Face
- Cover Your Cough/Sneeze With a Tissue or Cough Into Your Elbow  
<https://www.youtube.com/watch?v=sLXzw6j9JVw>
- Limit Sharing Objects
- Frequently Clean Touch Surfaces - Only Refill Water Stations
- Clean Using Approved Products As Directed - Be Mindful of Students
- Reduce Exposure - Stagger Drop off/Pick Up Times - Limit Amount of Students in Hallways - Group the Same Students Together
- Gloves Do Not Provide Any Greater Protection Than Hand Washing From Virus

# Masks or Cloth Face Coverings

CDC, WHO, John Hopkins, and TN Dept. Health & Ed. Recommends Masks for All Who Are Over the Age of Two - Especially When Social Distancing Is Not Possible. \*Exceptions Are Those Who Have a Health Condition that Makes It Harder to Breathe or Those Who Are Unable to Remove It by Themselves.

# COVID 19 Signs & Symptoms

Not Everyone Who Has these Symptoms has COVID 19.

Symptoms may not appear for 2-14 days after exposure.

Number of Symptoms Vary From Person to Person

- Shortness of Breath or Difficulty Breathing\*\*
- Fever > 100.4 or Chills\*\*
- Cough\*\*
- Congestion or Runny Nose
- Fatigue
- Muscle / Body Aches
- Nausea & Vomiting
- Loss of Taste or Smell
- Headache
- Sore Throat
- Diarrhea

\*\*Most Common Symptoms

# Temperature Checks

- Correct Usage of Device
- Plan - Before Staff/Students Entering Class or Bus - Outside/Inside - weather
- Verify with Oral Thermometer If Out of Normal Range
- Record Keeping? Only When Out of Range?
- Procedure If Student Has a Temperature of 100.4 F
- Procedure If Teacher Wants Student Re-evaluated
- Isolation Room

## When Someone Has COVID 19 Symptoms

- Put on a mask if not wearing one - if they don't have one provide it
- Go to the office for evaluation
- If student or staff is sent home they must have a Dr.'s note to return.

## When Someone Test Positive For COVID 19

- They may not return to school until they have a Dr.'s note clearing them
- New Return Release Form
- Timeline - If they are asymptomatic 14 days quarantine - If symptomatic 72 hrs without symptoms
- Parents/Guardians of students/Staff who were exposed will receive a letter notifying of possible exposure without identifying the person

## “Too Sick For School”

**Communicate To Parents - Handbook, Website, Handout, Email, etc.**

**Do not send your child to school:**

- **until they have been fever free without any pain/fever reducing medication for 24 hours.**
- **if they have had any vomiting or diarrhea in the past 24 hours.**
- **with pink eye until treated for 24 hrs. and have no eye drainage.**
- **with strep throat until they have taken their antibiotic for 24 hrs.**

**When students have a Dr.'s note they may not return before the date specified in the note. Please make sure the school has current phone contact info. Parents will be notified to pick up their child who arrives at school “too sick for school” or who becomes sick while at school.**

# Reducing Fear

- Communication - Frequent & Clear, Key to Reducing Anxiety & Fear
- Educating Staff, Students, and Parents
- Be Sensitive to Anxiety & Fear
- Social Distancing - Brainstorm, Be Creative, Engage Stakeholders
- Reduce the Amount of Students In Hallways
- Use Signage, Tape, etc. to Remind and Reassure
- Be Flexible - Ever Changing Times
- Pre Screening Questions - Website, Handout
- Flu Vaccines - Decreasing illnesses will decrease fear

## COVID 19 Screening Questions

- Have you been in close contact with a confirmed case of COVID-19 within the past 14 days?
- Are you experiencing a cough, shortness of breath, sore throat, or stomach symptoms?
- Have you had a fever in the last 48 hours? Have you had new loss of taste or smell?
- Have you had vomiting or diarrhea in the last 24 hours?

## **Standards-Based Instruction: Section 3**

### **Continuous Learning Plan**

The LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model.

#### **Explanation of Approach**

Student schedules for remote learning for the various grade bands are submitted with this plan (Section 3/ pgs. 1-6). Schedules are provided for PreK, Kindergarten, Grades 1-2, Grades 3-5, Grades 6-8, and Grades 9-12. The PreK schedule reflects 5.5 hours of instruction and the Kindergarten schedule includes 4 hours of instruction. All other schedules are for 6.5 of instruction each day. Developmentally appropriate practices were included in the development of these schedules. All classes that are offered in-person will also be available for distance learning students.

Tullahoma City Schools has an array of digital resources which can be used for distance learning. The list of Digital Resources Available for Distance Learning is provided as an artifact (Section 3/pgs. 7-9). These resources are categorized by subject and grade band. Components within many of the resources can be used to address the needs of vulnerable students. As well, all students will have access to grade level instruction. Curriculum is also available for teachers to use with students who do not have connectivity.

#### **Instruction Breakdown by Grade Band**

The charts are completed on the online form with average days per week and delivery mechanism. Part 3.2: Instruction Breakdown by Grade Band is an artifact and lists the number of minutes per session (Section 3/pg. 10). (I was unable to complete this column on the fillable form as of July 10, 2020 at 2:56 p.m.)

TCS Staff have and will continue to develop lesson plans where high-quality, rigorous instruction is age and grade-level appropriate and based on:

- Tennessee Academic Standards
- TCS vertical and horizontal alignment of Tennessee Academic Standards for ELA and Math for grades K-12.

#### **Universal Screeners and Pre-Assessments**

PreK: Customized assessment and STAR Early Literacy

Kindergarten: Customized Brigance and iReady (reading and math)

Grades 1-8:

iReady: Reading and Math

Teacher created pre-assessments: Science, Social Studies, and other disciplines

Grades 9-12:

iReady: Reading and Math for intervention students

AimsWeb: Special education students

Teacher created pre-assessments: Science, Social Studies, and other disciplines

### **Learning Loss**

The screeners and pre-assessments will be administered at the beginning of the year. The results will help teachers identify gaps due to unfinished learning from the previous year. These results will determine the learning path for each student after students complete the assessment. iReady will populate an personalized learning path for reading and math for all students in Grades K-8 and intervention students at the high school.

**Horizontal alignment:** Teachers within each school will collaborate based on grade/subject, analyze the results of the assessments, and create instructional learning plans. While iReady creates personalized learning paths for reading and math, teachers will analyze the results and identify common areas that need remediation and/or intervention in the larger context. Teachers will collaborate weekly at the beginning of the year. The frequency of these meetings will be adjusted as needed.

**Vertical alignment:** Vertical alignment collaborative sessions will take place at each school during in-service or at the beginning of the school year. Teachers in each subject will meet together and discuss what standards/concepts were not taught or were not mastered during school closure last spring and determine how to fill gaps.

Tulahoma City Schools previously created a list of skills/standards in ELA which need to be mastered for each grade level by the end of each year. We also created a list of prerequisite skills for math that need to be mastered prior to entering a grade in order to be successful with grade-level material. Using the information gleaned from these collaborative meetings and coupled screening results, a revised scope and sequence for each grade in math and reading will be developed for the 20-21 school year. Science and social studies teachers will collaborate and discuss the standards that were not taught or were not mastered. The focus will be on the prerequisite skills which are needed for subsequent grades.

Vertical alignment meetings will meet as needed throughout the year. iReady reports and the results from teacher assessments will be the data used to drive these conversations. Collaborative sessions will increase in frequency in Spring 2021 allowing teachers to report current levels of students.

### **Remediation and Intervention**

Remediation and intervention will be scheduled and provided based on data. Services for remediation/intervention will be provided to special education students as indicated on their IEP. Please refer to Special Education Focus & Considerations for Reopening that is submitted with this plan for additional information (Section 3/pgs. 11-18).

Remedial and intervention services will be scheduled and provided to students with a

504. EL students will receive remedial and intervention services based on their ILP. These services will be embedded in instruction.

Benchmark assessments will be administered at least twice. Progress monitoring will take place based on the recommendation from the RTI Manual and if it is feasible to administer it effectively in a distance learning setting. Student progress will be monitored throughout the year by using the following data: iReady for math and reading (K-8th and intervention students at the high school), STAR Early Literacy for PreK, and teacher-created assessments for high school and other disciplines. Services will be adjusted throughout the year based on the needs of each student. Scopes and sequences will be developed and adjusted as needed throughout the year.

### **Grading/Feedback/and Student Achievement**

Grading expectations have and will follow the State Board's Uniform Grading Policies and TCS BOE policies.

Daily instruction will be provided. Assignments will be posted by 8:00 a.m. each day. Students will submit work based on the schedule provided by the teacher. Feedback will be given and assignments will be graded within a reasonable time-frame that is communicated. For students who do not have connectivity, assignments will be returned to the school by the student/family each Monday. New assignments will be picked up at the same time. Teachers will communicate with students/families each day to provide instruction and offer feedback on student work.

Achievement and growth will be tracked based on the standards that are mastered. iReady results will be used for math and reading in K-8 and with intervention students at the high school. This information will be used to adjust the course, provide additional supports, or make meaningful changes to the strategies and approaches being used.

Student performance data will be collected, recorded, monitored, and reviewed using the following:

- Teacher-created digital and offline formative and summative assessments that can be administered via Schoology
- Entrance and/or exit tickets
- Software platforms such as iReady, Benchmark Universe, Ed: Your Friend in Learning, Carolina Science, McGraw Hill Social Studies, or Edgenuity
- Questioning students during instruction whether face-to-face or virtually
- Assigning, collecting, and correcting homework
- Collaborative and individual projects
- Real-time feedback

### **K-2 Priority**

Teaching foundational and early literacy skills will be the priority for K-2 instruction. This is reflected in the daily schedule. Teachers can provide whole group instruction and small group instruction. Students may also work on independent assignments. Time is allocated in the morning when students are more alert and attentive.

### **Whole-Child: Social Emotional Learning**

Building relationships and supporting students is paramount to their success. Student well-being was taken into consideration as schedules were built and practices to incorporate were determined.

Morning and afternoon meeting times are built into the schedules for many of the elementary grades. These times are targeted to address social-emotional needs of the students. Our elementary students will be incorporating Sanford Harmony practices and strategies to support SEL ([www.sanfordharmony.org](http://www.sanfordharmony.org)). It is imperative to address the needs of the whole child.

Student Needs Assessments will be developed by counselors for each grade band. These will be administered to students and the results will be used to provide support and services as needed. There will be a school-wide plan for consistent communication/check-ins with students participating in distance learning.

Please refer to the Assessing & Addressing Staff and Student Social -Emotional & Mental Health Needs document that is attached for a more comprehensive view of our SEL plan (Section 3/pgs. 19-29).

Please refer to the Continuous Learning Plan presentation from Section 1 for additional information.

# Tullahoma City Schools

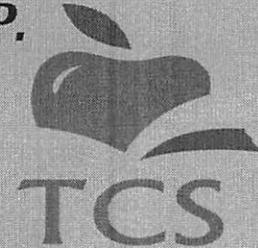

## Special Education Focus & Considerations for Reopening

# **CHAPTER 0520-01-17**

## **CONTINUOUS LEARNING PLANS**

*LEAs must submit a continuous learning plan to provide students access to six and one half (6 ½) hours of Instructional Time each school day in a manner consistent with each student's individualized education program (IEP). Remote Instruction supports shall be considered and included, as appropriate for the student, when an IEP is initially developed or at any subsequent review or revision of an IEP.*

# Focused Priorities:

- Contact parents to schedule team meetings.
- Determine an **appropriate** educational plan for SWDs using our SPED reopening plan.

## TCS SPED Reopening Plan

- Develop appropriate remote instructional plans in the event of an extended closure.
- Teams will focus on **FAPE** as well as **LRE** when determining all plans, especially for students with most intense needs.

# Team Considerations:

## **Synchronous Instruction**

- In-person lesson
- Virtual lesson

## **Learning Occurs -**

- Real-time with a teacher
- Various locations
- Learners engage as instruction is delivered.

## **Asynchronous Instruction**

- Printed materials, & projects
- Recorded lessons or courses

## **Learning Occurs -**

- Own-time
- Own pace
- Various locations

## **Remote Instruction**

- **not providing in-person instruction** within the traditional school setting

Team Considerations for Reopening Plan

# Provide Necessary Support

## STUDENTS:

1. Interactive Chromebooks
2. WiFi
3. Assistive Technology
4. 1:1 therapy or instruction
5. Social-emotional needs
6. Recovery Services
7. Frequent Contact

## TEACHERS:

1. Support for Required Meetings
2. Training
3. Assistive Technology Team
4. Protective Equipment/Supplies
5. Funding for *recovery services* before & after school hours
6. Social-emotional needs

TCS has been awarded **\$85,500** in IDEA grants to help fund necessary supports.  
On July 10, we will find out if we will receive additional funds from the Innovation Grant.

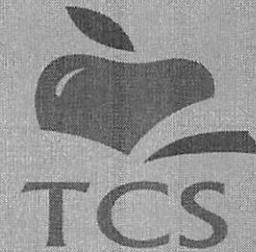

# Provide Necessary Support

## **PARENTS:**

1. Training
2. Social-emotional Needs
3. Access to Quality Resources
4. Frequent Contact

## **CELEBRATE SUCCESSES!**

1. Collaboration
2. Increased Instructional Options
3. New Appreciation for Public Schools

## Reminders about SPED procedures:

1. **LEA Representative** - a representative of the public agency (LEA) who:
  - is qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of children with disabilities
  - is knowledgeable about the general education curriculum
  - is knowledgeable about the availability of resources of the public agency (LEA)
  - it doesn't have to be an administrator, but the person may be asked to make big decisions that can bind the district, so trusting the rep's judgment is key.
2. **Case Manager** - is a certified special educator who oversees the special education processes and verifies that IEP services are implemented in compliance with federal, state, and district regulations.

LEA Rep & Case Manager Responsibilities

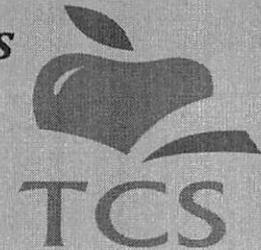

## Key takeaways from school closures:

1. Redefining Assessments
2. Personalized Learning
3. Renewed Focus on Inequalities
4. Relationships

*“Really great learning is a human endeavor. “It's about the teacher and student relationship.” Todd Rose*

*“Teaching is the essential profession, the one that makes all professions possible.” David Haselkorn*

*“One of the most impactful changes brought on by the pandemic is a greater appreciation for the skill, patience, and creativity of teachers.” Todd Rose*

# Assessing & Addressing Staff and Student Social-Emotional & Mental Health Needs

#CompassionbeforeCurriculum

“I have no idea what school will look like in the Fall, but whether it’s in-person or online, it will NEED to include tons of SEL and healing-informed work to deal with staff, student, and family trauma. Compassion before curriculum.”

# Addressing Short Term & Long-Term for SEL

- ❖ Student Needs Assessment developed w/counselors for each grade band
- ❖ Teacher rubrics for back-to-school observations of at-risk categories
- ❖ Plan for addressing needs identified & interventions for at-risk students
- ❖ Utilization of Sanford Harmony & SEL practices across all elementaries
- ❖ Paper and Digital access for families to the TCS Community Resource Guide
- ❖ Additional Social Worker as liaison for families and available external services
- ❖ Continued Centerstone School-Based Therapy Services
- ❖ Additional Therapist serving JTF & WMS
- ❖ Growth of SEL programming through utilization of Sanford Harmony in 6th grades
- ❖ Collaboration for adaptation of SEL programming for higher grades (16 Habits of Mind)
- ❖ Building “Educational Capital” for TCS families
- ❖ “Trauma-Responsive Community”

# School Level

- ❖ Allot time for School Counselor to conduct a session with faculty & staff prior to the start of school regarding potential student needs upon return to school, referral processes, trauma awareness & trauma-informed practices
  - ❖ School-wide plan for consistent communication/check-ins with students participating in Virtual Instruction
  - ❖ Establish & promote a clear channel for students to communicate the need for assistance (i.e. calm space, talk with a counselor, tools for de-escalation and/or coping with anxiety) - especially at the middle & high school levels
  - ❖ Review various school & state reporting processes for mental health and/or abuse and neglect concerns
- 

# Restoring a sense of safety & comfort:

Restoring a sense of safety and providing physical and emotional comfort in the immediate aftermath of a crisis can assist in reducing distress and worry for students and staff. When individuals have a sense of predictability, they tend to regain a feeling of security and control.

Recommendations:

Address immediate needs and concerns to reduce fear and anxiety

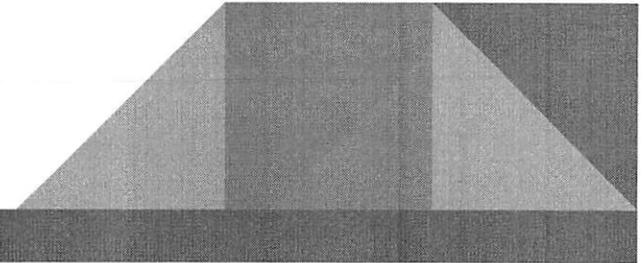

Answer questions in a calm, factual, and reassuring manner

Support and model adaptive coping

Provide consistent messaging and immediately address misinformation

Ensure information is accurate and up to date

(TNDOE Toolkit)

# Coping:

Encourage and promote effective coping strategies to reduce stress and improve overall functioning through implementation of the following strategies:

- Encourage employees and students to take breaks from watching, reading, or listening to news stories about COVID-19, including social media if they are feeling overwhelmed or distressed
- Returning to regular schedules and routines
- Seek support through friends, staff members, counselor, or support group
- Engage in enjoyable activities with family and friends

- Self-care in terms of healthy eating, adequate sleep, and exercise
- Listening to music
- Staying informed
- Participate in sports and hobbies
- Self-reassurance regarding feelings; use of calming self-talk
- Practicing relaxation; take regular breaks
- Keeping a journal
- Identification of practical, immediate steps for situation management
- Utilization of past successful coping mechanisms

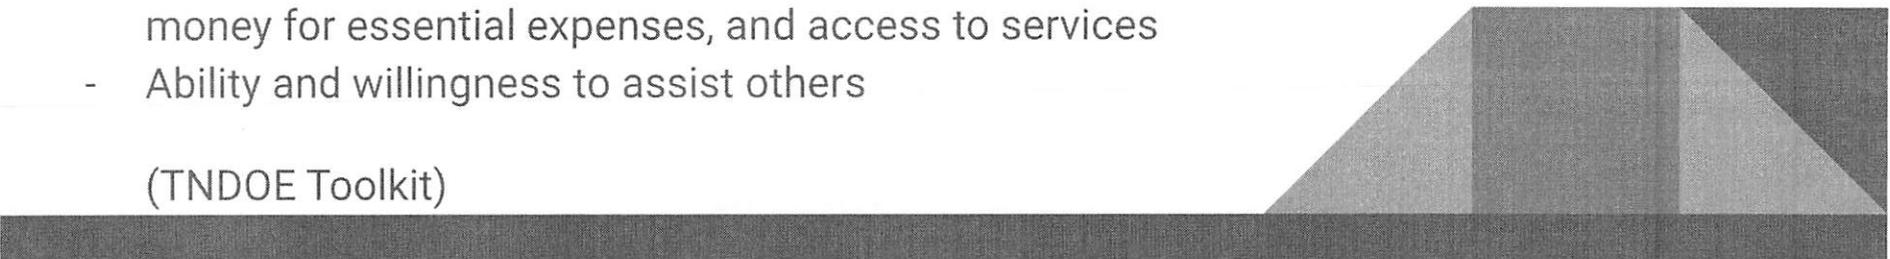

(TNDOE Toolkit)

# Building Resilience:

Individuals who exhibit resilient characteristics after a public emergency are more likely to experience a favorable recovery and demonstrate the following characteristics:

- Optimism or a belief things will turn out as well as can be expected
- Confidence that life is predictable
- Self-efficacy or a belief they can achieve their goals
- Belief in the benevolence of others (willingness to help)
- Positive self-talk or beliefs (i.e., "I have gotten through tough situations before, and I can get through this)
- Knowledge they have the resources they need such as emotional support from others, money for essential expenses, and access to services
- Ability and willingness to assist others

(TNDOE Toolkit)

## **Attendance - Section 4**

### **Continuous Learning Plan**

The LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model.

#### **Explanation of Approach**

Tulahoma City Schools Board Policy 6.200 on Attendance (Section 4/pgs. 1-5) and 6.201 on Compulsory Attendance Ages (Section 4/ pgs. 6-7) are submitted with this application. Attendance will be taken daily.

During in-person, full Virtual or remote Instruction models, students are expected to engage in both synchronous and asynchronous instruction at times assigned by the student's teacher. Asynchronous instruction may include independent work, teacher-assigned individual or group projects, audio- or video-recorded lessons, online class modules, or other appropriate methods as determined by the school and/or teacher.

#### **Daily Attendance**

Tennessee Board of Education Rule 0520-01-17-.01 requires student attendance to be recorded daily when students are participating in virtual or remote instruction. The Tennessee Department of Education provides for a EIS Attendance Code for Distance Learning - "D". Tulahoma City Schools will consider students who are interacting and responding to full virtual or remote instruction as "in attendance." This may include, but is not limited to, any of the following:

- Student submission of an assignment;
- Student completion of an online assessment;
- Student participation in synchronous learning in an online classroom;
- Student submittal of work via hard-copy or virtual formats;
- Student-initiated phone call, email, and/or other digital communication or responses to teacher email;
- EAs/Teachers who may be facilitating from home could make daily contact with families via phone to verify attendance; and/or
- Other evidence of participation as determined by the principal or designee.

Attendance is not based on solely assignment completion. Teachers will be responsible for monitoring student participation in virtual or remote learning and reporting attendance to school registrars daily.

#### **Excused and Unexcused Absences**

Tulahoma City Schools Board Policy 6.200 defines excused and unexcused absences. These definitions will also apply during Virtual and Remote Instruction models. In order

to receive excusal for an absence from virtual or remote instruction, the parent/guardian or student is responsible for submitting the appropriate documentation for those categories defined in Policy 6.200, which includes:

- Personal illness/injury
- Illness of immediate family member;
- Death in the family;
- Extreme weather conditions;
- Religious observances;
- College visits;
- Pregnancy;
- School-sponsored or school endorsed activities;
- Summons, subpoena, or court orders; or
- Circumstances which in the judgment of the principal create emergencies over which the student has no control.

All other absences will be considered unexcused, including absences experienced as a result of student discipline (i.e., out of school suspension). Additionally, absences not properly documented will also be considered unexcused.

### **Unexcused Absences and Truancy**

Tulahoma City Schools Schools will utilize the Progressive Truancy Intervention Plan. Due to Full Virtual and Remote Instruction possibilities, we will add an additional step to identify students that may have issues preventing them from learning and accumulating unexcused absences. We will start by having the School contact the parents via email, phone, or in-person after three unexcused absences. The goal of this meeting/contact shall be to identify and eliminate problems keeping the student from attending school. After the initial meeting, all Tulahoma City Schools will implement a Three-Tier System to improve student/school attendance in accordance with TCS Board Policy 6.200.

Attendance letters including the number of unexcused absences accumulated and information regarding Tn State Compulsory Attendance laws will be mailed to a parent/guardian in increments of 5-day absence accruals.

Ten unexcused absences, after the Three-Tier System efforts, will result in a referral to Coffee County Juvenile Court Youth Services for a Truancy Board Hearing following the implementation of all three tiers listed above.

Monitoring: Review: Annually, in March	Descriptor Term:  <b>Attendance</b>	Descriptor Code: <b>6.200</b>	Issued Date: <b>06/18/18</b>
		Rescinds: <b>6.200</b>	Issued: <b>03/28/17</b>

1 Attendance is a key factor in student achievement, and therefore, students are expected to be present  
2 each day school is in session. The Director of Schools/designee shall develop appropriate administrative  
3 procedures to implement this policy.

4 The attendance supervisor shall oversee the entire attendance program which shall include:<sup>1</sup>

- 5 1. All accounting and reporting procedures and their dissemination;
- 6 2. Alternative program options for students who severely fail to meet minimum attendance  
7 requirements;
- 8 3. Ensuring that all school age children attend school;
- 9 4. Providing documentation of enrollment status upon request for students applying for new or  
10 reinstatement of driver's permit or license; and
- 11 5. Notifying the Department of Safety whenever a student with a driver's permit or license  
12 withdraws from school.<sup>2</sup>

14 Student attendance records shall be given the same level of confidentiality as other student records. Only  
15 authorized school officials with legitimate educational purposes may have access to student information  
16 without the consent of the student or parent(s)/guardian(s).<sup>3</sup>

17 Absences shall be classified as either excused or unexcused as determined by the principal/designee.  
18 Excused absences shall include:<sup>4</sup>

- 19 1. Personal illness/injury;
- 20 2. Illness of immediate family member;
- 21 3. Death in the family;
- 22 4. Extreme weather conditions;
- 23 5. Religious observances;<sup>5</sup>
- 24 6. College visits;
- 25 7. Pregnancy;

- 1 8. School sponsored or school endorsed activities;<sup>6</sup>
- 2 9. Summons, subpoena, or court order; or
- 3
- 4 10. Circumstances which in the judgment of the principal create emergencies over which the
- 5 student has no control.

6 The principal shall be responsible for ensuring that:<sup>7</sup>

- 7 1. Attendance is checked and reported daily for each class;
- 8
- 9 2. Daily absentee sheets contain sign in/sign out sheets and indicate students present or absent
- 10 for the majority of the day;
- 11 3. All student absences are verified;
- 12 4. Written excuses are submitted for absences and tardiness; and
- 13 5. System-wide procedures for accounting and reporting are followed.

## 14 **TRUANCY**

### 15 *General*

16 Annually, the Director of Schools/designee will provide written notice to parent(s)/guardian(s) that  
17 attendance at school is required. Students shall be present at least fifty percent (50%) of the scheduled  
18 school day in order to be counted present. Students may attend part-time days, alternating days, or for a  
19 specific amount of time as indicated in their Individualized Education Plan or 504 Plan and shall be  
20 considered present for school attendance purposes.<sup>8</sup> If a student is required to participate in a remedial  
21 instruction program outside of the regular school day where there is no cost to the parent(s)/guardian(s)  
22 and the school system provides transportation, unexcused absences from these programs shall be  
23 reported in the same manner.<sup>9</sup>

24 A student who is absent five (5) days without adequate excuse shall be reported to the Director of  
25 Schools/designee who will, in turn, provide written notice to the parent(s)/guardian(s) of the student's  
26 absence. If a parent does not provide documentation within adequate time excusing those absences, or  
27 request an attendance hearing, then the Director of Schools shall implement the progressive truancy  
28 intervention plan described below prior to referral to juvenile court.

### 29 *Progressive Truancy Intervention Plan*<sup>10</sup>

30 Prior to referral to juvenile court, the following progressive truancy intervention plan will be  
31 implemented.

### 32 **Tier I**

33 Tier I of the progressive truancy intervention plan shall include the following:

- 1 1. A conference with the student and the student's parent(s)/guardian(s);
- 2
- 3 2. An attendance contract, based on the conference, signed by the student, the parent(s)/guardian(s),
- 4 and an attendance supervisor or designee. The contract shall include:
- 5
- 6 a. A specific description of the school's attendance expectations for the student;
- 7 b. The period for which the contract is effective; and
- 8 c. Penalties for additional absences and alleged school offenses, including additional
- 9 disciplinary action and potential referral to juvenile court; and
- 10
- 11 3. Regularly scheduled follow-up meetings to discuss the student's progress.

## 12 Tier II

13 If a student accumulates additional unexcused absences in violation of the attendance contract in Tier I,

14 the student will be subject to Tier II.

15 Under this tier, a school employee shall conduct an individualized assessment detailing the reasons a

16 student has been absent from school. The employee may refer the student to counseling, community-

17 based services, or other services to address the student's attendance problems.

## 18 Tier III

19 This tier shall be implemented if the truancy interventions under Tier II are unsuccessful.

20 These interventions shall be determined by a team formed at each school. The interventions shall

21 address student needs in an age-appropriate manner. Finalized plans shall be approved by the Director

22 of Schools/designee.

## 23 MILITARY SERVICE OF PARENT/GUARDIAN

24 School principals shall provide students with a one-day excused absence prior to the deployment of and

25 a one-day excused absence upon the return of a parent or custodian serving active military service.

26 Principals shall also allow up to ten (10) excused cumulative absences per year for students to visit a

27 parent/guardian during a deployment cycle. The student shall provide documentation to the school as

28 proof of his/her parent's/guardian's deployment. Students shall be permitted to make up schoolwork

29 missed during these absences.<sup>11</sup>

## 30 MAKE-UP WORK

31 Make-up work shall be done in accordance with local policy.

**1 STATE-MANDATED ASSESSMENT**

2 Students who are absent the day of the scheduled EOC exams must present a signed doctor's excuse or  
3 must have been given an excused release by the principal prior to testing to receive an excused  
4 absence. Students who have excused absences will be allowed to take a make-up exam. Excused  
5 students will receive an incomplete in the course until they have taken the EOC exam.

6 Students who have an unexcused absence shall receive a failing grade on the EOC exam which shall be  
7 averaged into their final grade.

**8 CREDIT/PROMOTION DENIAL**

9 Credit/promotion denial determinations may include student attendance; however, student attendance  
10 may not be the sole criterion.<sup>12</sup> If attendance is a factor prior to credit/promotion denial, the following  
11 shall occur:

12 1. The student and the parent(s)/guardian(s) shall be advised if the student is in danger of  
13 credit/promotion denial due to excessive absenteeism.

14  
15 2. Procedures in due process are available to the student when credit or promotion is denied.

**16 DRIVER'S LICENSE REVOCATION<sup>2</sup>**

17 More than ten (10) consecutive or fifteen (15) reported unexcused absences by a student during any  
18 semester renders a student ineligible to retain a driver's permit or license or to obtain such if of age.

19 In order to qualify for reclaiming a driver's permit or license, the student must make a passing grade in  
20 at least three (3) full unit subjects or their equivalency at the conclusion of a subsequent grading period.

**21 ATTENDANCE HEARING<sup>13</sup>**

22 Students with excessive (more than five (5)) unexcused absences or those in danger of credit/promotion  
23 denial shall have the opportunity to appeal to an attendance hearing committee appointed by the  
24 principal. If the student chooses to appeal, the student or his/her parent(s)/guardian(s) shall be provided  
25 written or actual notice of the appeal hearing and shall be given the opportunity to address the committee.  
26 The committee will conduct a hearing to determine if any extenuating circumstances exist to excuse an  
27 absence(s) or to determine if the student has met attendance requirements that will allow him/her to pass  
28 the course or be promoted. Upon notification of the attendance committee decision, the principal shall  
29 send written notification to the Director of Schools/designee and the parent(s)/guardian(s) of the student  
30 of any action taken regarding the excessive unexcused absences. The notification shall advise  
31 parent(s)/guardian(s) of their right to appeal such action within two (2) school days to the Director of  
32 Schools/designee.

33 The appeal shall be heard no later than ten (10) school days after the request for appeal is received.

34 Within five (5) school days of the Director of Schools/designee rendering a decision, the student's  
35 parent(s)/guardian(s) may request a hearing by the Board, and the Board shall review the record.

- 1 Following the review, the Board may affirm or overturn the decision of the Director of Schools/designee.
- 2 The action of the Board shall be final.
- 3 The Director of Schools/designee shall ensure that this policy is posted in each school building and disseminated to all students, parents, teachers, and administrative staff.

# Tullahoma City Board of Education

Monitoring: Review: Annually, in March	Descriptor Term: <b>Compulsory Attendance Ages</b>	Descriptor Code: <b>6.201</b>	Issued Date: <b>02/24/14</b>
		Rescinds: <b>6.201</b>	Issued: <b>01/19/04</b>

1 Children between the ages of six (6) and seventeen (17) years, both inclusive, must attend a public or  
2 private school.<sup>1</sup> A parent/guardian or legal custodian who believes that his/her child is not ready to attend  
3 school at the designated age of mandatory attendance may make application to the principal of the school  
4 where the child would attend for a one (1) semester or one (1) year deferral in required attendance. Any  
5 such deferral shall be reported to the director of schools by the principal.<sup>2</sup> Under certain circumstances,  
6 the Board may temporarily excuse students from complying with the provisions of the compulsory  
7 attendance law.<sup>3</sup>

8 Any child residing within the state who is or will be five (5) years of age on or before August 31 for the  
9 2013-2014 school year and on or before August 15 for all school years thereafter, who makes application  
10 for admission, shall be enrolled in the school designated by the Board.<sup>4</sup>

11 If a child will be five (5) years of age on or before September 30, such child's parent(s)/legal guardian(s)  
12 may request that the child be admitted into kindergarten.<sup>5</sup> Upon a request, the director of schools shall  
13 administer an evaluation and examination. If the results indicate that the child is sufficiently mature  
14 emotionally and academically, then the child may be enrolled into kindergarten. The director of schools  
15 shall develop procedures and forms to implement the provisions of this policy.

16 No child shall be eligible to enter first grade without having attended an approved kindergarten program.<sup>5</sup>

17 A child entering a special education program shall be no less than three (3) years of age.<sup>6</sup>

18 A person eighteen (18) years of age or older who applies for admission must have the application  
19 approved by the principal and director of schools when:

- 20 1. He/she fails to enroll within thirty (30) calendar days after school officially starts; or  
21 2. He/she has dropped out of school and wants to re-enter.

22 The compulsory attendance law shall not apply to the following:<sup>7</sup>

- 23 1. A student who has received a diploma or other certificate of graduation;  
24 2. A student who is enrolled and making satisfactory progress in a course leading to a GED;  
25 3. A student who is six (6) years or younger and whose parent or guardian has filed notice of  
26 intent to conduct home school with the director of schools; or  
27 4. A student enrolled in a home school who has reached the age of seventeen (17).

## **Instructional Technology - Section 5 Continuous Learning Plan**

The LEA is beginning the year in-person and the CLP will reflect a full virtual or remote instruction model, should it become necessary.

### **Explanation of Approach**

Instructional technology is a tool we use to deliver and support differentiated instruction, post assignments, receive student work, and provide feedback/grades. Students will be provided a device as needed.

### **Details**

- Survey for teacher and student home access to technology and connectivity
  - A Return to School Parent/Guardian survey was sent to determine home WiFi access, consistency of connectivity, whether or not the student would have access to a device, and if so, what type to support remote learning. The Parent/Guardian survey is submitted as an artifact (Section 5/pgs.1-8).
  - A Return to School Faculty survey was sent to determine home WiFi access, consistency of connectivity, and hardware/software support needed to support remote learning. The Return to School Faculty survey is attached to this plan (Section 5/pgs.9-15).
  - The Return to School: Stakeholder Input slides are a summary of the Return to School Parent/Guardian survey and the Return to School Faculty survey. These slides are attached (Section 5/pgs.16-28).
- Inventory of computing devices and internet devices (hotspots) the LEA owns and is able to distribute
  - Chromebooks - A device would be available for students and educational assistants.
  - Laptops - All teachers are issued a laptop.
  - Connectivity -
    - i. Verizon hotspots - There is no charge for the device. The cost is \$34 a month per device for unlimited data. As long as the student logs into their @tcsedu.net account our filtering policies will be in effect.
    - ii. WiFi extends into the Tullahoma High School parking lot.
- Plan and timeline for distribution
  - Forms are signed at the beginning of each school year - available on our website

- Students who do not have access to WiFi will have the opportunity to download resources so they are available offline by:
  - a. Using a MiFi provided by the district
  - b. Access the school network while remaining in the school's parking lot
  - c. Students who receive printed copies of assignments, activities, etc. will also have access to those files in his or her Schoology course.
- Procedures for how students will access content  
Students will use school email daily for information on where to find their assignments. Assignments will be on Schoology, Google Classroom, Google Sites, or as indicated otherwise. Each day instruction will be provided, assignments will be completed, assignments will be submitted by the student, and teachers will provide feedback and grades as appropriate.
- The technology department will operate a help desk system that will be available for staff, students, and parents to call to help resolve issues and answer questions as policies allow.
- Students with Disabilities will receive services as indicated in their IEP. Teletherapy is available as needed. English Learners will receive services as indicated in their ILP. General education teachers will provide EL services for students who have waived their right to services as provided by EL teachers.

Solutions for the needs of “At Risk” populations will be determined on a case-by-case basis. Fostering social and emotional learning and development is pivotal and critical.

Please refer to the Continuous Learning Plan presentation from Section 1 for additional information.

Are you comfortable sending your student back to school, in a traditional manner, meaning all students return to school buildings full-time on July 29th? The following safety protocol minimums will be in place: Symptomatic students will be evaluated in the school clinic. Parents will be notified to pick up their child if the child is evaluated to be too sick for school. All students will be instructed on proper handwashing techniques. Opportunities to wash hands will be provided frequently. Hand sanitizer will be available for those times when hand washing is not an option. Increased frequency of cleaning and disinfecting will occur throughout the day. Contact among students will be minimized by reducing student transitions. Classes will remain together throughout the day as much as possible. If it is not possible (e.g. middle school classes, high school classes, related arts), the student will be reminded to wash or sanitize hands before and after the class/period and maintain social distancing protocols. In as much as possible, students will be socially distanced during meal times, which may include alternative time in the cafeteria and eating in the classroom. In as much as possible, faculty/staff will wear masks whenever distancing is not feasible. Masks will be optional for students at the parent's discretion.

6/29/2020 3:26 AM

Just generally worried. My son Dean has asthma so he is part of the at risk group but both children need the social interaction. I would appreciate if we did any home learning that there would be a better system.. like turning in work and more communication with parents than a generic email that every teacher sends saying that " we are here for you and here to help."

Answered: 387 Skipped: 27

Choral ensemble classes will probably be less singing and a lot more music appreciation. Trying to create a performance ensemble online is extremely difficult. If we try to create a virtual choir performance I'll need a program to mix and edit the student recordings, and training to be able to use it.

Regardless of which model we go with, I would like to have the ability to utilize Google Voice. This was offered during our distance learning time and it was an extremely useful tool for communicating with parents. Using Schoology, Class Dojo, and email were not as effective because parents had to sign up for Schoology and Dojo, whereas with Google Voice, it went straight to their cell phone in the form of a text message.

# Faculty and Staff Survey: Comfort Level Using Traditional Model

# Faculty and Staff Survey: Comfort Level Using Hybrid Model

# Stakeholder Meeting 1 - June 16, 2020

**Stakeholders Present:** Emergency Management Agency (EMA), Emergency Management System (EMS), Coffee County Health Department, BOE member and district personnel

## **Takeaways**

- Realized there are multiple perspectives and factors to consider when evaluating and determining different opening options, precautionary measures to employ, protocols for sending students home, and steps to take when a positive COVID-19 case occurs.
- Reviewed Parent/Guardian Survey and made adjustments based on their feedback. Surveys are one per family instead of one per student.

# Stakeholder Meeting 2 - June 18, 2020

**Stakeholders Present:** local physicians, school health personnel, parents, teachers, school counselor, BOE member, district personnel and administrators

## Takeaways

- Expressed the desire to reopen schools so students can attend in-person.
- Shared concerns around students' social-emotional needs & well-being.
- Recommended and prioritized precautionary measures. *Washing hands was elevated as the strongest measure to employ.*
- Reviewed Parent/Guardian Survey and Faculty Survey. Adjustments were made based on their feedback.

# Stakeholder Meeting 3 - June 23, 2020

**Stakeholders Present:** Directors of Schools and school district representatives from Coffee County, Manchester City and Tullahoma City, the Coffee County Health Department, local physician and BOE members from each district

## Takeaways

- Determined a need for consistency among the three districts.
- Discussed possible criteria for various opening scenarios (*traditional, hybrid and full distance learning*).
- Created procedures for sending home a symptomatic student and criteria for returning back to school.
- Collaborated to write reopening plans and other communications.

# **Tullahoma City Schools**

## **Acceptable Use Agreement**

### **Introduction**

The Tullahoma City Schools (TCS) system provides employees with access to computers, network systems, and other technology equipment so these tools can be used to complete daily tasks and as part of the instructional process. Teachers or approved TCS representatives are responsible for providing educationally appropriate lessons, supervision, and instruction to help students get the most benefit from available technology resources. .

### **Technology Resources**

Technology equipment provided by the schools is the property of TCS and is intended to be used by teachers or approved TCS representatives for educational purposes consistent with the mission of the school district. To maintain efficient functionality of the equipment and to ensure its appropriate use, the district reserves the right to monitor all network traffic, search all files stored on district-owned systems, and to take such action as necessary to assure that system resources are available for their intended purposes. Therefore, employees should not expect privacy when using school networks or technology equipment. Additionally, employees are not to install or remove software, modify system settings, or otherwise alter existing systems without the express approval of the Director of Technology..

### **Network Systems**

School computer systems exist in a networked environment that is designed with safeguards to ensure its dependability but which also relies on the goodwill of its users. Employees who disrupt or compromise system resources by altering the network infrastructure or settings, attempting to acquire or use the login credentials of other users, introducing resource-draining applications, monitoring the network traffic of other users, bypassing existing security restrictions, or otherwise compromise the integrity of the network will be subject to disciplinary action up to loss of employment, and when applicable the involvement of appropriate law enforcement.

### **Internet Access**

The TCS provides Internet access to every school for instructional and administrative purposes. In providing this access, the TCS attempts to limit the availability of web content that is inappropriate in the school environment. While these restrictions are typically sufficient to protect the innocent, it is impossible to completely prevent users from accessing inappropriate material completely. Therefore, all employees are responsible for appropriately using the Internet and are permitted access only through the school's filtered Internet service. Improper uses include, but are not limited to, pornography, gambling, business transactions, harassment, and illegal activities.

**Personal Devices**

Employees are fully responsible, at all times, for personally owned device(s) brought to school. The employee assumes full liability for risks including, but not limited to, the partial or complete loss of data due to an operating system crash, errors, bugs, viruses, malware, and/or other software or hardware failures, or programming errors that render the device unusable. The device may be confiscated by the administration if there is a violation of policy. The employee is personally liable for all costs associated with his or her device. The TCS is not liable for any loss/damage/theft of a personally owned device. The TCS reserves the right to disconnect devices or disable services without notification. The TCS reserves the right to inspect an employee's personal device if there is reason to believe that the employee has violated board policies, regulations, school rules or has engaged in other misconduct while using their personal device. Any search conducted will be in compliance with board policies.

**Warranty**

Tulahoma City Schools District makes no warranties of any kind, whether expressed or implied, for the technology resources it provides. The district will not be responsible for damages suffered by the employee in the use of technology resources including loss of data, interruption of services, and access to inappropriate content online.

## **Tulahoma City Schools Use of Technology Agreement Grades K-2**

Please read this document carefully with your child before signing the agreement page. The signed agreement page should be returned to the school.

Students in Tulahoma City Schools have access to computers and technology devices on our school campuses. Additionally, they have access to the Internet. Tulahoma City Schools is pleased to offer such a variety of computing resources to the students. Our goal in providing these services is to enhance the educational development of our students.

### **Terms of Agreement**

- I agree to take care of computers and other devices that I use and will show responsible behavior at all times.
- I agree to only work on the programs and web pages that my teacher tells me to use.
- I agree to follow all teacher directions regarding use of the Internet.
- I agree to ask for help if I don't know what to do.
- I agree to tell my teacher if I read or see something on the computer that is not appropriate.
- I agree never to use the computer to hurt, frighten or bully others.
- I agree to tell my teacher if I am hurt, frightened or bullied by someone on the computer.
- I agree to only share my passwords with my teacher and parent/guardian.
- I understand that my electronic communication (or in person) with others must be courteous, respectful and considerate.
- I will not reveal personal information including names, addresses, photographs, and telephone numbers of others or myself.
- I understand that if I break any of my agreements, I may not be allowed to use the computers.

# Tulahoma City Schools Parent/Guardian & Student Computer Use Agreement

## Grades K-2

By signing the Tulahoma City Schools Computer Use Agreement the student and parent/guardian agree to the following:

- Have read (or it has been read to me), understand, and discussed with my child the Tulahoma City Schools Use of Technology Agreement Grades K-2
- Agree to abide by all terms of the Tulahoma City Schools Use of Technology Agreement Grades K-2
- Agree to abide by the Tulahoma City Schools Internet Policies and Procedures and abide by all local, state, and federal laws
- Comply with Tulahoma City Schools Official Student-Parent Handbook
- Comply with all copyright laws
- Abide by the Tulahoma City Schools Student Harassment Policy
- Acknowledge that both Tulahoma City Schools Policies and Procedures state that students and parent/guardian are responsible for all items assigned to them at the school level and the board may require restitution of property and damages where appropriate
- The parent/guardian will supervise student use of the computer at home.
- Acknowledge that as required by the Children's Internet Protection Act, a current filtering solution is maintained by the district for school computers and school and home use on the mobile computer. The district cannot guarantee that access to all inappropriate sites will be blocked. It is the responsibility of the user to follow guidelines for appropriate use of the network and the Internet. Tulahoma City Schools will not be responsible for any problems suffered while on the Internet. Use of any information obtained through the Internet is at the user's own risk. If a student accidentally accesses an inappropriate website, this should be reported immediately to a teacher or administrator.
- Acknowledge that any student who violates Tulahoma City Schools policies will be subject to disciplinary sanctions as outlined in the Code of Student Conduct

**Tullahoma City Schools - Grades 3-12  
Parent/Guardian & Student Digital Device Use Agreement**

With parent/guardian consent, as a student of the Tullahoma City Schools (TCS) a digital device and/or peripherals as specified in the Acceptance Form is provided for each student in grades 3-12 to support the 1:1 Technology Initiative at TCS.

- TCS Internet Policies and Procedures will be strictly enforced when accessing the Internet. Students who circumvent the filtering process will be in violation of school board policy. Violation of these policies may result in disciplinary action.
- According to TCS Policies and Procedures, students and parent/guardian are responsible for all items assigned for use to them at the school level and the board may require restitution of property at market value or damages where appropriate.
- Swapping, reconfiguring, or tampering with hardware or existing software will result in disciplinary action. This includes, but is not limited to, the following:
  - a. Altering or removing any software setting(s) or hardware components
  - b. Deleting digital content or altering setups
  - c. Installing unauthorized software or downloading unauthorized files, viruses, games, programs, or other electronic media
  - d. Adding or changing passwords, or other lockout devices
  - e. Putting physical marks or deliberately damaging any storage cases or equipment such as removing keys or defacing hardware
- Any inappropriate use, unattended digital device, or destructive care of a digital device or its case and/or peripherals will result in:
  - a. Parent/guardian notification
  - b. Disciplinary sanctions as outlined in the Student Handbook.
- The digital device being used is an educational tool and should only be used in that capacity. Any inappropriate or destructive use of the digital device and/or peripherals should be reported to the teacher immediately.
- The school system assumes no responsibility for any unauthorized charges, including but not limited to credit card charges, long distance telephone charges, equipment and line costs, or for any illegal or unauthorized use of its digital devices such as copyright violations.
- The student is to use only his or her assigned digital device.

**If the student is issued a device to take home, the parent/guardian and student agree in addition to the above:**

- The digital device shall be in the possession of the student to whom it is assigned or locked in a secure location at all times. The digital device will be kept away from food and drinks and stored with its when not in use. The digital device will never be left unattended (during lunch, in the locker room, after school, before-during or after extra-curricular activities, etc.). If a digital device is found, it must be turned in immediately to the school office.
- The student is responsible for fully charging the digital device each night and brought to school every day for use during classes. Failure to return the digital device to school for classroom use may result in disciplinary action.
- If the digital device is lost or stolen while signed out to you, a police report must be filed immediately and the school principal must be notified. In addition, the board may require restitution of property at market value or damages where appropriate.

- The student will return the digital device to the school at Fall and Spring Breaks, at the end of each school year and/or when requested by school administration. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement. In addition, the board may require restitution of property at market value or damages where appropriate
- The student will return the digital device to the school if he or she transfers to another school within Tullahoma City Schools. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement.
- The student will return the digital device to the school if he or she withdraws from Tullahoma City Schools. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement.
- The student/parent/guardian will not attempt to repair the digital device nor attempt to clean it with anything other than a soft dry cloth.
- The student/parent/guardian will report any problems with the digital device to the school.

### **Digital Device/Network Rules and Guidelines**

- Tullahoma City Schools (TCS) maintains administrative control so that, at any time, a teacher or TCS employee may access any information on the student digital device including email and Internet history.
- TCS acceptable use policies and procedures should be followed at all times.
- A student who violates any TCS policies and procedures will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.
- Personal information should never be shared over the Internet. If a student is asked for personal information, a teacher or administrator should be notified immediately.
- The student/parent/guardian is not permitted to view, send, or display obscene, profane, lewd, vulgar, rude, disrespectful, threatening, or inflammatory language, messages, or pictures.
- The student/parent/guardian is not permitted to use the digital device in any way that would cause harm to others or damage to their property.
- If a student is harassed online in any way, a teacher or administrator should be notified immediately and appropriate measures will be taken to address the concern.
- The parent/guardian will supervise student use of the digital device at home.
- As required by the Children's Internet Protection Act, a current filtering solution is maintained by the district for school computers and school and home use on the mobile digital device. The district cannot guarantee that access to all inappropriate sites will be blocked. It is the responsibility of the user to follow guidelines for appropriate use of the network and the Internet. TCS will not be responsible for any problems suffered while on the Internet. Use of any information obtained through the Internet is at the user's own risk. If a student accidentally accesses an inappropriate website, this should be reported immediately to a teacher or administrator. The student should close the site, but note the web address, date and time of this incident.
- TCS will not serve as the Internet Service Provider (ISP) for home use. TCS will provide filtering of the mobile digital device while the student is signed into their tcsedu.net user account on the school issued device while connected to the Internet off campus. If the parent/guardian choose for the student to access the Internet from home, the parent/guardian must contract with an ISP (e.g. Charter, Lighttube, AT&T, etc)
- Electronic communication should be used only for appropriate, legitimate, and educational purposes.
- The student/parent/guardian must comply with all copyright laws.
- Access to any unreported inappropriate sites or involvement in online harassment will result in:
  1. Parent/guardian notification
  2. Disciplinary sanctions as outlined in the Code of Student Conduct.

## Chromebook Deployment Procedure

- Based on need as determined from the survey results
  - The technology department confirms the name and email address entered in the survey matches the authorized person in Skyward that can receive educational records and accept the responsibility for the Chromebook. Exception - if the student is 18 years of age or older they may accept responsibility themselves.
  - Technology emails a link to the Chromebook Reservation Form (housed in SurveyMonkey) to the confirmed email addresses. If no email address is entered, the preferred communication method as entered in the survey is used to contact the authorized parent/guardian.
  - Hard copies of the Reservation Form are also available at each school or may be requested by mail.
- As Reservations are received, Technology confirms the responsible party name entered in the form matches the authorized person and color codes the name on the spreadsheet as follows:
  - Parent name highlighted in **Green**, the name is confirmed as a parent/guardian of the student in Skyward or the student is 18 years of age or older
  - Parent name highlighted in **Red**, the name does not match as a guardian of the student in Skyward.
  - Parent name highlighted in **Yellow**, there is **no record of the student in Skyward**.
- Technology Staff prints label with the confirmed Parent/Guardian Name, Student Name, and Grade to be placed on the Chromebooks and delivers the labels to each school.
- Technology shares the color-coded google sheet with the designated persons (as directed by the principal) at each school.

### Prepare Chromebooks for Pickup - School Personnel and Technology Staff as needed

- Remove Chromebooks from charging carts
- Remove charging cords from carts, wrap cables and place in a designated box
- Install label on the case of the Chromebook adjacent to serial number/asset tag label
- Chromebook Point Person at each school - Check Chromebook out to Student in WASP (inventory system) If no Chromebook Point Person is available, enter Student Name and Chromebook Asset Tag/Serial Number on a Google Sheet and share the sheet with Technology
- Stack Chromebooks by grade no higher than 5 high (screens break if more than 5 are stacked)

## INSTRUCTIONS FOR SCHOOL STAFF FOR CHROMEBOOK PICKUP

### Verified on School Spreadsheet as Responsible Party - (highlighted in **GREEN**)

- Staff Volunteer reads the following script - *"Accepting this device indicates that you have checked out a TCS Chromebook and charger and agree to the guidelines and expectations established in the technology agreement previously signed."* Here is the link to that agreement if you want to have some hard copies available - <https://www.tcsedu.net/departments/technology/computer-use-agreement-forms>
  - If parent/guardian does not agree - no Chromebook is given
  - If parent/guardian agrees - staff volunteer enters initials in the confirmation column and proceeds
- Staff Volunteer finds/received the correct labeled Chromebook and documents it as picked up

### Non-Verified on Spreadsheet (highlighted in **RED** or **YELLOW**) or Walk-Ups

- The person picking up the Chromebook is verified in Skyward as the responsible party to accept the Chromebook.

- If no, explain the Chromebook can only be released to the responsible party
  - If yes, proceed
- Staff Volunteer reads the following script - *"Accepting this device indicates that you have checked out a TCS Chromebook and charger and agree to the guidelines and expectations established in the technology agreement previously signed."* Hard copies will be
  - If parent/guardian does not agree - no Chromebook is given
  - If parent/guardian agrees - staff volunteer enters initials in the confirmation column and proceeds
- Staff Volunteer
  - Documents the parent/guardian name, student name, Asset Tag and Serial Number (found on the original sticker on the Chromebook)
  - Chromebook and Charger are issued
- School Representative Shares the Google Sheet with Technology
  - Technology checks out the Chromebook to the student in WASP

## **Instructional Technology - Section 5 Continuous Learning Plan**

The LEA is beginning the year in-person and the CLP will reflect a full virtual or remote instruction model, should it become necessary.

### **Explanation of Approach**

Instructional technology is a tool we use to deliver and support differentiated instruction, post assignments, receive student work, and provide feedback/grades. Students will be provided a device as needed.

### **Details**

- Survey for teacher and student home access to technology and connectivity
  - A Return to School Parent/Guardian survey was sent to determine home WiFi access, consistency of connectivity, whether or not the student would have access to a device, and if so, what type to support remote learning. The Parent/Guardian survey is submitted as an artifact (Section 5/pgs.1-8).
  - A Return to School Faculty survey was sent to determine home WiFi access, consistency of connectivity, and hardware/software support needed to support remote learning. The Return to School Faculty survey is attached to this plan (Section 5/pgs.9-15).
  - The Return to School: Stakeholder Input slides are a summary of the Return to School Parent/Guardian survey and the Return to School Faculty survey. These slides are attached (Section 5/pgs.16-28).
- Inventory of computing devices and internet devices (hotspots) the LEA owns and is able to distribute
  - Chromebooks - A device would be available for students and educational assistants.
  - Laptops - All teachers are issued a laptop.
  - Connectivity -
    - i. Verizon hotspots - There is no charge for the device. The cost is \$34 a month per device for unlimited data. As long as the student logs into their @tcsedu.net account our filtering policies will be in effect.
    - ii. WiFi extends into the Tullahoma High School parking lot.
- Plan and timeline for distribution
  - Forms are signed at the beginning of each school year - available on our website

- Students who do not have access to WiFi will have the opportunity to download resources so they are available offline by:
  - a. Using a MiFi provided by the district
  - b. Access the school network while remaining in the school's parking lot
  - c. Students who receive printed copies of assignments, activities, etc. will also have access to those files in his or her Schoology course.
- Procedures for how students will access content  
Students will use school email daily for information on where to find their assignments. Assignments will be on Schoology, Google Classroom, Google Sites, or as indicated otherwise. Each day instruction will be provided, assignments will be completed, assignments will be submitted by the student, and teachers will provide feedback and grades as appropriate.
- The technology department will operate a help desk system that will be available for staff, students, and parents to call to help resolve issues and answer questions as policies allow.
- Students with Disabilities will receive services as indicated in their IEP. Teletherapy is available as needed. English Learners will receive services as indicated in their ILP. General education teachers will provide EL services for students who have waived their right to services as provided by EL teachers.

Solutions for the needs of “At Risk” populations will be determined on a case-by-case basis. Fostering social and emotional learning and development is pivotal and critical.

Please refer to the Continuous Learning Plan presentation from Section 1 for additional information.

Q4

Are you comfortable sending your student back to school, in a traditional manner, meaning all students return to school buildings full-time on July 29th? The following safety protocol minimums will be in place: Symptomatic students will be evaluated in the school clinic. Parents will be notified to pick up their child if the child is evaluated to be too sick for school. All students will be instructed on proper handwashing techniques. Opportunities to wash hands will be provided frequently. Hand sanitizer will be available for those times when hand washing is not an option. Increased frequency of cleaning and disinfecting will occur throughout the day. Contact among students will be minimized by reducing student transitions. Classes will remain together throughout the day as much as possible. If it is not possible (e.g. middle school classes, high school classes, related arts), the student will be reminded to wash or sanitize hands before and after the class/period and maintain social distancing protocols. In as much as possible, students will be socially distanced during meal times, which may include alternative time in the cafeteria and eating in the classroom. In as much as possible, faculty/staff will wear masks whenever distancing is not feasible. Masks will be optional for students at the parent's discretion.

What is your level of interest in a hybrid schedule, meaning your student will attend school on specific days each week and participate in distance learning on the other days? The following safety protocol minimums will be in place: Symptomatic students will be evaluated in the school clinic. Parents will be notified to pick up their child if the child is evaluated to be too sick for school. All students will be instructed on proper handwashing techniques. Opportunities to wash hands will be provided frequently. Hand sanitizer will be available for those times when hand washing is not an option. Increased frequency of cleaning and disinfecting will occur throughout the day. Contact among students will be minimized by reducing student transitions. Classes will remain together throughout the day as much as possible. If it is not possible (e.g. middle school classes, high school classes, related arts), the student will be reminded to wash or sanitize hands before and after the class/period and maintain social distancing protocols. Just generally worried. My son Dean has asthma so he is part of the at risk group but both children need the social interaction. I would appreciate if we did any home learning that there would be a better system.. like turning in work and more communication with parents than a generic email that every teacher sends saying that " we are here for you and here to help."

Choral ensemble classes will probably be less singing and a lot more music appreciation. Trying to create a performance ensemble online is extremely difficult. If we try to create a virtual choir performance I'll need a program to mix and edit the student recordings, and training to be able to use it.

Regardless of which model we go with, I would like to have the ability to utilize Google Voice. This was offered during our distance learning time and it was an extremely useful tool for communicating with parents. Using Schoology, Class Dojo, and email were not as effective because parents had to sign up for Schoology and Dojo, whereas with Google Voice, it went straight to their cell phone in the form of a text message.

# Faculty and Staff Survey: Comfort Level Using Traditional Model

# Faculty and Staff Survey: Comfort Level Using Hybrid Model

# Stakeholder Meeting 1 - June 16, 2020

**Stakeholders Present:** Emergency Management Agency (EMA), Emergency Management System (EMS), Coffee County Health Department, BOE member and district personnel

## **Takeaways**

- Realized there are multiple perspectives and factors to consider when evaluating and determining different opening options, precautionary measures to employ, protocols for sending students home, and steps to take when a positive COVID-19 case occurs.
- Reviewed Parent/Guardian Survey and made adjustments based on their feedback. Surveys are one per family instead of one per student.

# Stakeholder Meeting 2 - June 18, 2020

**Stakeholders Present:** local physicians, school health personnel, parents, teachers, school counselor, BOE member, district personnel and administrators

## Takeaways

- Expressed the desire to reopen schools so students can attend in-person.
- Shared concerns around students' social-emotional needs & well-being.
- Recommended and prioritized precautionary measures. *Washing hands was elevated as the strongest measure to employ.*
- Reviewed Parent/Guardian Survey and Faculty Survey. Adjustments were made based on their feedback.

# Stakeholder Meeting 3 - June 23, 2020

**Stakeholders Present:** Directors of Schools and school district representatives from Coffee County, Manchester City and Tullahoma City, the Coffee County Health Department, local physician and BOE members from each district

## Takeaways

- Determined a need for consistency among the three districts.
- Discussed possible criteria for various opening scenarios (*traditional, hybrid and full distance learning*).
- Created procedures for sending home a symptomatic student and criteria for returning back to school.
- Collaborated to write reopening plans and other communications.

# **Tullahoma City Schools**

## **Acceptable Use Agreement**

### **Introduction**

The Tullahoma City Schools (TCS) system provides employees with access to computers, network systems, and other technology equipment so these tools can be used to complete daily tasks and as part of the instructional process. Teachers or approved TCS representatives are responsible for providing educationally appropriate lessons, supervision, and instruction to help students get the most benefit from available technology resources. .

### **Technology Resources**

Technology equipment provided by the schools is the property of TCS and is intended to be used by teachers or approved TCS representatives for educational purposes consistent with the mission of the school district. To maintain efficient functionality of the equipment and to ensure its appropriate use, the district reserves the right to monitor all network traffic, search all files stored on district-owned systems, and to take such action as necessary to assure that system resources are available for their intended purposes. Therefore, employees should not expect privacy when using school networks or technology equipment. Additionally, employees are not to install or remove software, modify system settings, or otherwise alter existing systems without the express approval of the Director of Technology..

### **Network Systems**

School computer systems exist in a networked environment that is designed with safeguards to ensure its dependability but which also relies on the goodwill of its users. Employees who disrupt or compromise system resources by altering the network infrastructure or settings, attempting to acquire or use the login credentials of other users, introducing resource-draining applications, monitoring the network traffic of other users, bypassing existing security restrictions, or otherwise compromise the integrity of the network will be subject to disciplinary action up to loss of employment, and when applicable the involvement of appropriate law enforcement.

### **Internet Access**

The TCS provides Internet access to every school for instructional and administrative purposes. In providing this access, the TCS attempts to limit the availability of web content that is inappropriate in the school environment. While these restrictions are typically sufficient to protect the innocent, it is impossible to completely prevent users from accessing inappropriate material completely. Therefore, all employees are responsible for appropriately using the Internet and are permitted access only through the school's filtered Internet service. Improper uses include, but are not limited to, pornography, gambling, business transactions, harassment, and illegal activities.

**Personal Devices**

Employees are fully responsible, at all times, for personally owned device(s) brought to school. The employee assumes full liability for risks including, but not limited to, the partial or complete loss of data due to an operating system crash, errors, bugs, viruses, malware, and/or other software or hardware failures, or programming errors that render the device unusable. The device may be confiscated by the administration if there is a violation of policy. The employee is personally liable for all costs associated with his or her device. The TCS is not liable for any loss/damage/theft of a personally owned device. The TCS reserves the right to disconnect devices or disable services without notification. The TCS reserves the right to inspect an employee's personal device if there is reason to believe that the employee has violated board policies, regulations, school rules or has engaged in other misconduct while using their personal device. Any search conducted will be in compliance with board policies.

**Warranty**

Tulahoma City Schools District makes no warranties of any kind, whether expressed or implied, for the technology resources it provides. The district will not be responsible for damages suffered by the employee in the use of technology resources including loss of data, interruption of services, and access to inappropriate content online.

## **Tulahoma City Schools Use of Technology Agreement Grades K-2**

Please read this document carefully with your child before signing the agreement page. The signed agreement page should be returned to the school.

Students in Tulahoma City Schools have access to computers and technology devices on our school campuses. Additionally, they have access to the Internet. Tulahoma City Schools is pleased to offer such a variety of computing resources to the students. Our goal in providing these services is to enhance the educational development of our students.

### **Terms of Agreement**

- I agree to take care of computers and other devices that I use and will show responsible behavior at all times.
- I agree to only work on the programs and web pages that my teacher tells me to use.
- I agree to follow all teacher directions regarding use of the Internet.
- I agree to ask for help if I don't know what to do.
- I agree to tell my teacher if I read or see something on the computer that is not appropriate.
- I agree never to use the computer to hurt, frighten or bully others.
- I agree to tell my teacher if I am hurt, frightened or bullied by someone on the computer.
- I agree to only share my passwords with my teacher and parent/guardian.
- I understand that my electronic communication (or in person) with others must be courteous, respectful and considerate.
- I will not reveal personal information including names, addresses, photographs, and telephone numbers of others or myself.
- I understand that if I break any of my agreements, I may not be allowed to use the computers.

# Tulahoma City Schools Parent/Guardian & Student Computer Use Agreement

**Tullahoma City Schools - Grades 3-12  
Parent/Guardian & Student Digital Device Use Agreement**

With parent/guardian consent, as a student of the Tullahoma City Schools (TCS) a digital device and/or peripherals as specified in the Acceptance Form is provided for each student in grades 3-12 to support the 1:1 Technology Initiative at TCS.

- TCS Internet Policies and Procedures will be strictly enforced when accessing the Internet. Students who circumvent the filtering process will be in violation of school board policy. Violation of these policies may result in disciplinary action.
- According to TCS Policies and Procedures, students and parent/guardian are responsible for all items assigned for use to them at the school level and the board may require restitution of property at market value or damages where appropriate.
- Swapping, reconfiguring, or tampering with hardware or existing software will result in disciplinary action. This includes, but is not limited to, the following:
  - a. Altering or removing any software setting(s) or hardware components
  - b. Deleting digital content or altering setups
  - c. Installing unauthorized software or downloading unauthorized files, viruses, games, programs, or other electronic media
  - d. Adding or changing passwords, or other lockout devices
  - e. Putting physical marks or deliberately damaging any storage cases or equipment such as removing keys or defacing hardware
- Any inappropriate use, unattended digital device, or destructive care of a digital device or its case and/or peripherals will result in:
  - a. Parent/guardian notification
  - b. Disciplinary sanctions as outlined in the Student Handbook.
- The digital device being used is an educational tool and should only be used in that capacity. Any inappropriate or destructive use of the digital device and/or peripherals should be reported to the teacher immediately.
- The school system assumes no responsibility for any unauthorized charges, including but not limited to credit card charges, long distance telephone charges, equipment and line costs, or for any illegal or unauthorized use of its digital devices such as copyright violations.
- The student is to use only his or her assigned digital device.

**If the student is issued a device to take home, the parent/guardian and student agree in addition to the above:**

- The digital device shall be in the possession of the student to whom it is assigned or locked in a secure location at all times. The digital device will be kept away from food and drinks and stored with its when not in use. The digital device will never be left unattended (during lunch, in the locker room, after school, before-during or after extra-curricular activities, etc.). If a digital device is found, it must be turned in immediately to the school office.
- The student is responsible for fully charging the digital device each night and brought to school every day for use during classes. Failure to return the digital device to school for classroom use may result in disciplinary action.
- If the digital device is lost or stolen while signed out to you, a police report must be filed immediately and the school principal must be notified. In addition, the board may require restitution of property at market value or damages where appropriate.

- The student will return the digital device to the school at Fall and Spring Breaks, at the end of each school year and/or when requested by school administration. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement. In addition, the board may require restitution of property at market value or damages where appropriate
- The student will return the digital device to the school if he or she transfers to another school within Tullahoma City Schools. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement.
- The student will return the digital device to the school if he or she withdraws from Tullahoma City Schools. If the digital device is not returned it will be reported stolen and a police report will be submitted to law enforcement.
- The student/parent/guardian will not attempt to repair the digital device nor attempt to clean it with anything other than a soft dry cloth.
- The student/parent/guardian will report any problems with the digital device to the school.

### **Digital Device/Network Rules and Guidelines**

- Tullahoma City Schools (TCS) maintains administrative control so that, at any time, a teacher or TCS employee may access any information on the student digital device including email and Internet history.
- TCS acceptable use policies and procedures should be followed at all times.
- A student who violates any TCS policies and procedures will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.
- Personal information should never be shared over the Internet. If a student is asked for personal information, a teacher or administrator should be notified immediately.
- The student/parent/guardian is not permitted to view, send, or display obscene, profane, lewd, vulgar, rude, disrespectful, threatening, or inflammatory language, messages, or pictures.
- The student/parent/guardian is not permitted to use the digital device in any way that would cause harm to others or damage to their property.
- If a student is harassed online in any way, a teacher or administrator should be notified immediately and appropriate measures will be taken to address the concern.
- The parent/guardian will supervise student use of the digital device at home.
- As required by the Children's Internet Protection Act, a current filtering solution is maintained by the district for school computers and school and home use on the mobile digital device. The district cannot guarantee that access to all inappropriate sites will be blocked. It is the responsibility of the user to follow guidelines for appropriate use of the network and the Internet. TCS will not be responsible for any problems suffered while on the Internet. Use of any information obtained through the Internet is at the user's own risk. If a student accidentally accesses an inappropriate website, this should be reported immediately to a teacher or administrator. The student should close the site, but note the web address, date and time of this incident.
- TCS will not serve as the Internet Service Provider (ISP) for home use. TCS will provide filtering of the mobile digital device while the student is signed into their tcsedu.net user account on the school issued device while connected to the Internet off campus. If the parent/guardian choose for the student to access the Internet from home, the parent/guardian must contract with an ISP (e.g. Charter, Lighttube, AT&T, etc)
- Electronic communication should be used only for appropriate, legitimate, and educational purposes.
- The student/parent/guardian must comply with all copyright laws.
- Access to any unreported inappropriate sites or involvement in online harassment will result in:
  1. Parent/guardian notification
  2. Disciplinary sanctions as outlined in the Code of Student Conduct.

## Chromebook Deployment Procedure

- Based on need as determined from the survey results
  - The technology department confirms the name and email address entered in the survey matches the authorized person in Skyward that can receive educational records and accept the responsibility for the Chromebook. Exception - if the student is 18 years of age or older they may accept responsibility themselves.
  - Technology emails a link to the Chromebook Reservation Form (housed in SurveyMonkey) to the confirmed email addresses. If no email address is entered, the preferred communication method as entered in the survey is used to contact the authorized parent/guardian.
  - Hard copies of the Reservation Form are also available at each school or may be requested by mail.
- As Reservations are received, Technology confirms the responsible party name entered in the form matches the authorized person and color codes the name on the spreadsheet as follows:
  - Parent name highlighted in **Green**, the name is confirmed as a parent/guardian of the student in Skyward or the student is 18 years of age or older
  - Parent name highlighted in **Red**, the name does not match as a guardian of the student in Skyward.
  - Parent name highlighted in **Yellow**, there is **no record of the student in Skyward**.
- Technology Staff prints label with the confirmed Parent/Guardian Name, Student Name, and Grade to be placed on the Chromebooks and delivers the labels to each school.
- Technology shares the color-coded google sheet with the designated persons (as directed by the principal) at each school.

### Prepare Chromebooks for Pickup - School Personnel and Technology Staff as needed

- Remove Chromebooks from charging carts
- Remove charging cords from carts, wrap cables and place in a designated box
- Install label on the case of the Chromebook adjacent to serial number/asset tag label
- Chromebook Point Person at each school - Check Chromebook out to Student in WASP (inventory system) If no Chromebook Point Person is available, enter Student Name and Chromebook Asset Tag/Serial Number on a Google Sheet and share the sheet with Technology
- Stack Chromebooks by grade no higher than 5 high (screens break if more than 5 are stacked)

## INSTRUCTIONS FOR SCHOOL STAFF FOR CHROMEBOOK PICKUP

### Verified on School Spreadsheet as Responsible Party - (highlighted in **GREEN**)

- Staff Volunteer reads the following script - *"Accepting this device indicates that you have checked out a TCS Chromebook and charger and agree to the guidelines and expectations established in the technology agreement previously signed."* Here is the link to that agreement if you want to have some hard copies available - <https://www.tcsedu.net/departments/technology/computer-use-agreement-forms>
  - If parent/guardian does not agree - no Chromebook is given
  - If parent/guardian agrees - staff volunteer enters initials in the confirmation column and proceeds
- Staff Volunteer finds/received the correct labeled Chromebook and documents it as picked up

### Non-Verified on Spreadsheet (highlighted in **RED** or **YELLOW**) or Walk-Ups

- The person picking up the Chromebook is verified in Skyward as the responsible party to accept the Chromebook.

- If no, explain the Chromebook can only be released to the responsible party
  - If yes, proceed
- Staff Volunteer reads the following script - *"Accepting this device indicates that you have checked out a TCS Chromebook and charger and agree to the guidelines and expectations established in the technology agreement previously signed."* Hard copies will be
  - If parent/guardian does not agree - no Chromebook is given
  - If parent/guardian agrees - staff volunteer enters initials in the confirmation column and proceeds
- Staff Volunteer
  - Documents the parent/guardian name, student name, Asset Tag and Serial Number (found on the original sticker on the Chromebook)
  - Chromebook and Charger are issued
- School Representative Shares the Google Sheet with Technology
  - Technology checks out the Chromebook to the student in WASP

## **Professional Development - Section 6 Continuous Learning Plan**

The LEA is beginning the year in-person and this CLP will reflect a full virtual or remote instruction model, should it become necessary.

### **Explanation of Approach**

TCS Summer PD 2020 included 23 professional learning sessions related to distance learning. As of July 9, 2020, we have 324 registrants for these sessions. A copy of the TCS Summer PD 2020 program is submitted with this plan (Section 6/pgs. 1-23). Sessions are available on using distance learning tools, integrating instructional practices in distance learning, and providing strategies on how to reach vulnerable students. A survey is given at the end of each session to capture what was learned and what professional learning is needed next. These survey results are attached to the plan (Section 6/pgs.24-104).

Educators and staff have been participating in ongoing PD that develops or enhances instructional strategies designed to cultivate and foster a remote learning environment. PD sessions have been specifically designed around several topics using district tools like Schoology, our district's Learning Management System, to manage and organize course materials, navigate and assign online and offline resources that are discipline-specific, grade-level and age-appropriate. Educators and staff have been provided guidance for accessing a list of resources that have been vetted and approved by the district for student use. Please refer to the District Resources Available for Distance Learning that was provided in Section 3.

Remote Learning PD training has focused on designing courses using the following best practices:

- Facilitated by TCS teachers and staff
- Provided opportunities for students to participate in activities that are student-centered
- Provided opportunities for students to participate in small-group activities, team projects, and online discussion boards
- Encouraged active participation
- Allow for asynchronous and synchronous activities and assignments
- Fostered and promoted 21st Century technology skills.
- Provided timely feedback

Kindergarten-8th Grade will use iReady in reading and math in 2020-2021. This program was piloted in 2019-20 and 75 teachers and educational assistants were trained. Training will be provided on July 23 for the ELA and math teachers who did not participate in the pilot. The diagnostic assessments (ELA and math) will be given at the beginning of the year. This instrument along with pre-assessments created by teachers

will help determine learning loss. Professional learning will be provided in order to show how we can best utilize iReady to address learning gaps along with small-group instruction. Scope and sequences will be revised as needed.

Faculty and staff who are providing distance learning will have continual professional learning opportunities throughout the year. It is our goal to meet the needs of the whole child and not just academic needs. Meetings will be held once a week to discuss progress, successes, and challenges as it relates to distance learning. Once we've identified which faculty/staff will be working with distance learning, we will establish a date/time for which we will meet each week. In addition to weekly meetings, faculty and staff can reach out at any time to the administrator for their grade band or the Director of Instruction for assistance.

Professional learning will not only address best practices for delivering content, but it will also address student engagement and building a positive classroom climate. Student engagement is pivotal for being able to provide appropriate feedback and determine student mastery. Providing small group instruction will enable teachers to provide differentiated instruction and scaffold lessons to meet the needs of the learners. Faculty and administrators of each grade band will work closely with the Director of Student Services to intentionally address the social and emotional needs of each student.

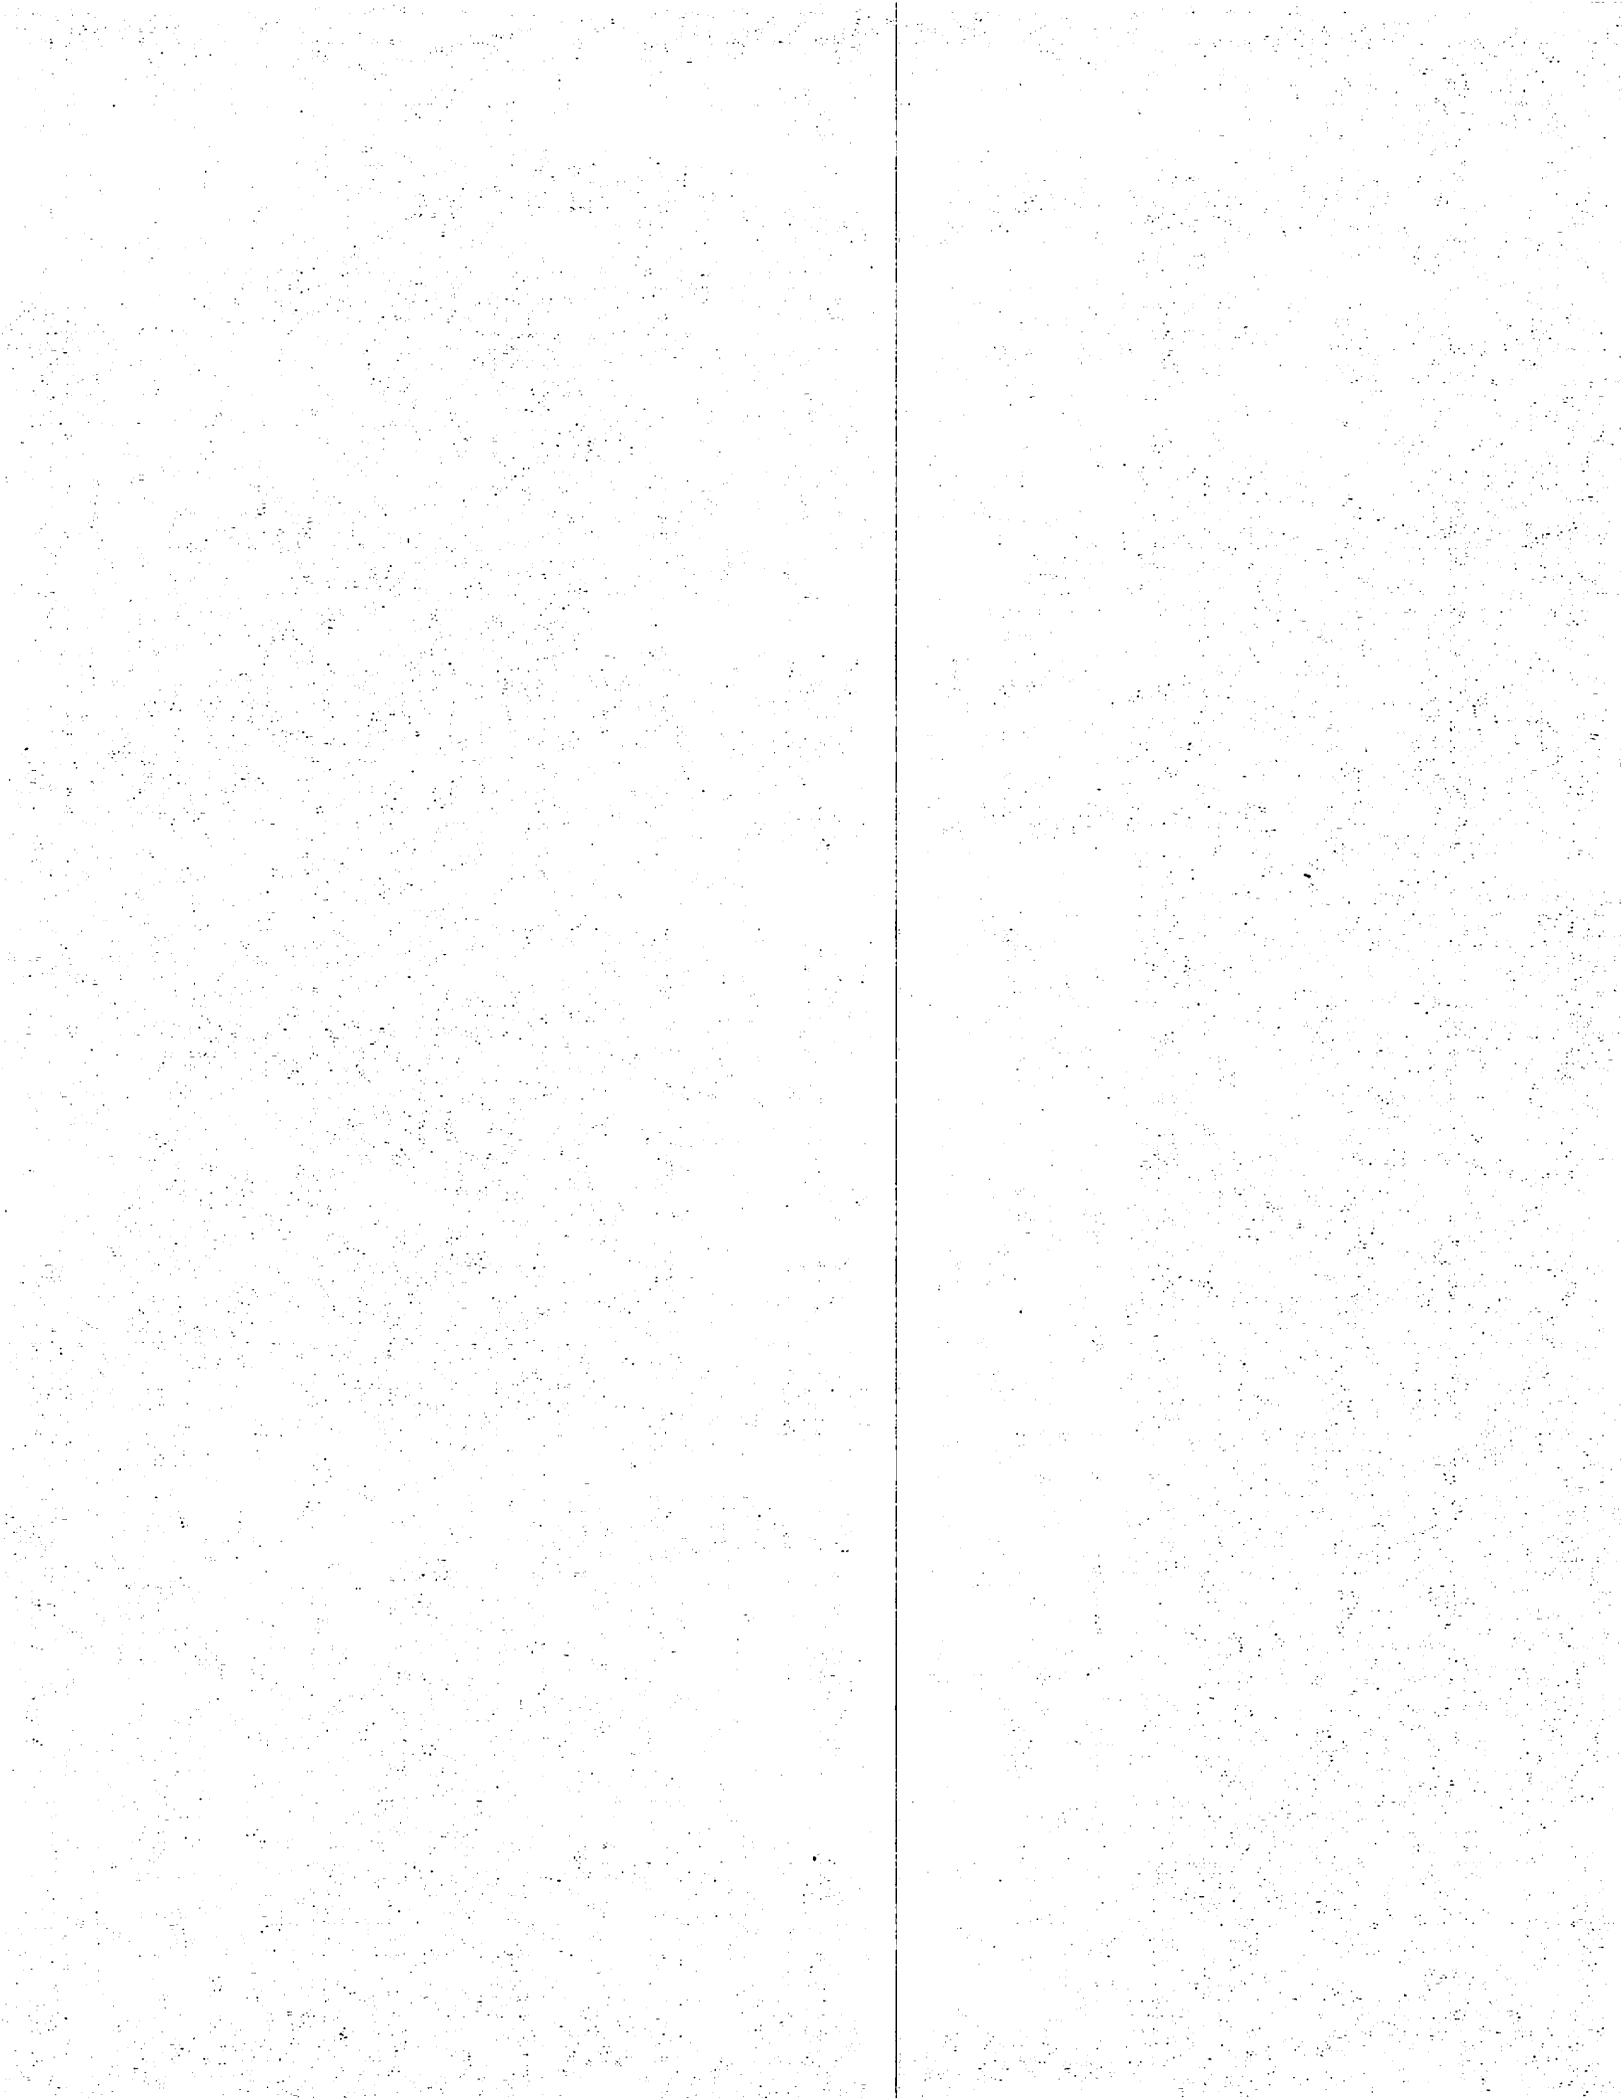

Professional learning will be provided so our faculty and staff will be able to meet the individual needs of our vulnerable students. IEP's, ILP's, and 504 plans will be followed. Teachers and the administrators for each grade band will collaborate with our Director of Student Services for possible solutions to address chronic absenteeism among students who are participating in distance learning. Please refer to the Attendance: Section 4 document that was included with Section 4 materials.

Virtual training will be ongoing and specific based on the needs of the district, school, and/or individual. Staff will be able to use our district's ticketing system to request support in using digital resources and platforms. The Instructional Technology Specialist (ITS) will work closely with administrators and staff to support learning needs and provide assistance when issues arise. The ITS will also post virtual office hours to provide ongoing, daily support.

Please refer to the Continuous Learning Plan presentation from Section 1 for additional information.

Teachers, educational assistants, and office staff may earn PD credit for MLK Day and President’s Day off-contract time between May 23, 2020 - December 31, 2020. Six hours of credit is needed each day.

Educational assistants and office staff can earn one of these days by working in the building one day during off-contract time this summer. Please arrange the date with your principal.

PD credit can also be earned by participating in online professional development (menu of options will be provided), pre-approved collaborative meetings, and peer observations that are accomplished off-contract time. Documentation of attendance/participation will need to be provided for credit. Ex. A certificate of attendance/completion will need to be submitted for online PD.

**Participant Compensation**

**Distance Learning 101 for ELA                      Grades 6-12                      Monday, June 1                      8:30 - 11:30**

Presenters: Leigh Ann Gray & Alisha Rader

We will explore basic platforms and procedures used to create an effective distance learning program.

Location: Training Room (CSS Bldg)

*Section 4/pg. 10*

**Classroom Management Strategies & Interventions**                      **All Grades**                      **Monday, June 1**                      **8:30 - 3:30**

Presenter: Tori Counts & Kristy Holt

This training will look at classroom management from a positive behavior perspective. The training will cover background in behavior management as well as specific strategies for use in the classroom. The training will focus on ways to recognize and acknowledge appropriate behaviors in the classroom. Reducing time spent addressing inappropriate behaviors and increasing teaching time will be the end result. Come learn some new perspectives with us, or brush up on some techniques you are already using!

Location: Lecture Hall

**Distance Learning 101 for ELA**                      **Grades 6-12**                      **Tuesday, June 2**                      **12:30 - 3:30**

Presenters: Leigh Ann Gray & Alisha Rader

We will explore basic platforms and procedures used to create an effective DL Program.

Location: Training Room (CSS Bldg)

**Basics of Schoology**                      **Grades 6-12**                      **Tuesday, June 2**                      **8:30 - 11:30**

Presenters: Shawn Martin & Liberty Dickman

This session is primarily focused on assessments, posting of materials, and using Zoom to conduct virtual instruction.

Location: Lecture Hall

**Basics of Screencast-O-Matic**                      **Grades 6-12**                      **Tuesday, June 2**                      **12:30 - 3:30**

Presenters: James Sparkman & Chris Morris

Professional development for Screencast-O-Matic will include the basics of the free version of the program, and how this tool can help the distance learning and classroom teacher provide meaningful and creative instruction. In this professional development, the educator will learn how to set up a Screencast-O-matic account, how to navigate the basics of creating a video, how to present this creation to students, and how the teacher can use their video to help obtain measurable assessments and learning goals from students (*these examples will be provided using Schoology, etc.*).

Great job presenting!!

Excellent job presenting to the group!  
Very beneficial - especially in regards to collaborative teaching/inclusion.  
Well!

Thank you!  
Excellent work in our schedule  
opportunities

Learning is necessary, I would think schools would need to agree to be consistent with which Ims teachers need to use. Schoology seems difficult for littles.

Thank you for speed

Thank you group of teachers

## **Communications: Section 8 Tulahoma City Schools**

### **Parent Communication:**

Parents were provided a Pathway to Re-entry form and a letter that was written by the three Superintendents in our county regarding the reopening of schools. This communication was shared when parents were given the survey to complete regarding their choice of how their child would return to school. Parents could choose for their child to either return to school full-time or through distance learning. A copy of the letter is attached (Section 8/pg. 1). The Pathway to Re-Entry is a part of Section 2.

Information about expectations for remote learning along with strategies and behaviors to support student success would be communicated using the following methods:

- Create and coordinate a virtual parent-orientation night schedule by grade level or course and school (no overlapping so parents with multiple students could attend all) - parents could join the meeting virtually or by phone
- Skyward Messaging Center
- Schoology, our district's LMS
- School Messenger all-calls
- Email
- Phone calls.
- Other forms of communication such as SeeSaw, Class Dojo, Remind, etc.

### **Staff Communication prior to Remote Instruction**

- Utilize a combination of virtual and face-to-face meetings using social distancing guidelines
- Use the Schoology Faculty Courses to manage and organize the relevant information for staff:
  - \* Asynchronous delivery of state-mandated training
  - \* Access to software training tutorials
  - \* Access to relevant, Important, and up-to-date information from building/district administrators
  - \* Access to Technology forms (computer use agreement, digital content parental permission form, network access agreement, etc.)
  - \* Access to Digital Learning Content approved resources and student account guidelines
    - i. Collaborative meetings (both district and building-level) with various stakeholders that clearly communicates staff roles and expectations
    - ii. Email and follow-up emails

#### Staff Communication:

- Virtual beginning of the year meetings
- Virtual district meetings to outline expectations for communicating staff roles and responsibilities
- Schoology Faculty Course to manage and organize the following:
  - \*Asynchronous delivery of state-mandated training
  - \*Access to software training tutorials
  - \*Access to relevant, important, and up-to-date information from building/district administrators
    1. Access to Technology forms (computer use agreement, digital content parental permission form, network access agreement, etc.)
    2. Access to Digital Learning Content approved resources and student account guidelines
  - iii. Emails
  - iv. Phone calls: group and individual

We are currently developing a protocol for how we will let parents know their child has been exposed to someone with COVID-19. We have a draft letter that is not included in this plan yet as we are continuing to refine it. We are awaiting clarification and guidance from the health officials and the state before finalizing it for release.

Students who are sick will be sent home from school. Parents will be provided a Release to Return to School 2020/21 form for the doctor to complete in order for the student to return. This form is still in draft form and is not included in this document yet.

Please refer to the Continuous Learning Plan presentation from Section 1 for additional information about communication. A communication log is also attached that shows what information we will initially be capturing (Section 8/pg.2). Teachers will document the initial contact made with each student/family regarding the communication plan for sharing information, instruction, assignments, feedback, and grades.

Dear Parent/Guardian,

As we begin the school year during these unprecedented times, the school districts are taking precautions to keep all students and staff members safe. School district representatives from Coffee County, Manchester City and Tullahoma City, the Coffee County Department of Health, along with other stakeholders (local physicians, teachers, parents, etc.) collaborated to prepare for a safe and effective opening of schools.

The attached *Pathway to Re-entry Plan* was developed and will be monitored and updated as more information becomes available through state and health guidelines. This plan conveys several health and safety considerations that will be followed as we return to school.

Upon arrival, students' temperatures will be taken. Conversations with students will determine how they are feeling and if they have any possible symptoms that need further assessment. School health officials will be responsible for evaluating potential COVID-19 symptoms that may require your student to go home and be seen by a healthcare provider. If your student is sent home, you will be provided the appropriate form to be completed by your healthcare provider for your student to return to school. Appropriate notification will be made when a student or staff member tests positive for COVID-19.

Keeping you informed and up to date is important to us. Since COVID-19 information changes based on the current situation, please monitor websites, media outlets, social media, and the phone/email alert system. Thank you for your understanding, support and flexibility as we navigate these unusual times together.

Sincerely,
