## Unfinished Business

### Building and Grounds

#### Building and Grounds Report

Teresa Lawson provided a report from the Building and Ground committee.

#### Fire Suppression Line

Chattanooga Fire Protection recently fixed a leak in the fire suppression line at East Middle School, however additional repairs are needed to get this line up to current code standards.

The scope of the additional work Chattanooga Fire Protection recommended includes the installation of an 8" DCDA backflow preventer inside a Stainless-Steel enclosure, along with pouring a concrete pad and fill rock for the enclosure. The quoted price for these repairs was \$46,401.93.

Because these repairs are on the fire suppression line, limited companies are qualified and licensed to perform them. Chattanooga Fire Protection is one of these. Additionally, they monitor the sprinkler systems district-wide, so they are familiar with the inner workings of the system. More importantly, these repairs are being required by TUA and the State Fire Marshal's office to bring the line up to current codes.

**Motion Passed:** To accept the quoted price for repairs to the fire suppression line at East Middle School in the amount of \$46,401.93.

**Passed** with a motion by Mr. Pat Welsh and a second by Mrs. Teresa Lawson.

#### East Lincoln Water Heater

One of the two hot water heaters at East Lincoln Elementary is non-functional and in need of replacement. The recommended replacement model is a 100-gallon Conquest Semi-Instantaneous Gas water heater. The cost to replace the water heater is \$26,800 and can be purchased from Supply Service Inc. in Nashville.

Administration recommended the purchase of this hot water heater at the price of \$26,000 from Supply Service Inc.

**Motion Passed:** To accept the quoted price for the replacement of a water heater at East Lincoln in the amount of \$26,800.

**Passed** with a motion by Mrs. Gigi Robison and a second by Mrs. Amy Dodson.

### **Professional Learning Plan**

Director of Curriculum and Instruction Susan Fanning shared information on the 2023-2024 Professional Learning Plan. Board policy 5.113 notes the steps involved in developing the district-wide professional learning program each year. As a part of this, a committee, with representatives from all schools, gathered to identify needs, evaluate professional learning options, solidify scheduling, etc. Ms. Fanning shared that as the district looks to the 2023-2024 school year, there are an array of topics that the committee believes would be impactful to participants. Some of these topics include the science of teaching reading and literacy, implementing new math standards and curriculum, incorporating vertical alignment in writing, social-emotional learning, restorative practices and much more. The 2023 - 2024 Professional Learning Plan was presented for board approval.

**Motion Passed:** To accept the professional learning plan as presented.

### **New Positions**

Dr. Stephens shared that per Board Policy 5.116, when a new position is added, board members must be provided a job description, the qualifications necessary, and professional responsibilities (essential duties and/or responsibilities) of the role. She requested two new full-time middle school STEM teachers to be added for the upcoming year, which will be fully funded by next year's Innovative School Models Grant. After the 23-24 school year, it will be partially funded until fiscal year 2027, when TCS takes 100% fiscal responsibility.

Board members were provided with job descriptions for these STEM teachers, who will be evaluated using the current certified observation protocol, which currently is Project Coach.

Dr. Stephens requested board approval of these positions so that the positions can be posted.

**Motion Passed:** To accept the two new positions of middle school STEM teachers as presented.

## ESSER 3.0 Public Plan for Remaining Funds Addendum Guidance

2023

Local educational agencies (LEAs) are required to update the ESSER 3.0 Public Plan every six months through Sept. 30, 2023. Each time, LEAs must seek public input on the plan and any revisions and must take such input into account.

Each LEA must complete the addendum and upload it to ePlan in the LEA Document Library (March 1 and Sept. 15). The LEA must also post the addendum to the LEA's website. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website. The plan intends to provide transparency to stakeholders.

Please consider the following when completing the addendum:

- On the summary page, the amounts should total the carryover amount for FY23 for each relief fund: ESSER 2.0, and ESSER 3.0.
- The LEA must respond to all questions in the document.
- The stakeholder engagement responses should closely align with the stakeholder engagement in the Health and Safety Plan.
- The LEA should ensure it uses multiple models of engagement offered to stakeholders. Examples may include surveys, in-person or virtual committee meetings, town hall meetings, or other inclusive engagement opportunities.
- LEAs should engage all applicable groups noted in meaningful consultation during the crafting of the plan and when making any significant revisions or updates to the plan.
- The number of stakeholders engaged should represent the composition of students. For example, if students with disabilities make up 15 percent of students, then 10-20 percent of respondents should represent this subgroup.
- Ensure the stakeholder engagement happened prior to the development/revision of the plan.
- Plans require local board approval and public posting.
- LEAs must update the ESSER Public Plan at least every six months through Sept. 30, 2023, seek public input on the plan and any revisions, and take such input into account.
- The American Rescue Plan (ARP) Act requires LEAs to post plans online in a language that parents/caregivers can understand, or it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

## ESSER 3.0 Public Plan for Remaining Funds

The Elementary and Secondary School Emergency Relief 3.0 (ESSER 3.0) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2, was enacted on March 11, 2021. Funding provided to states and local educational agencies (LEAs) helps safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the nation’s students.

In the fall of 2021, LEAs developed and made publicly available a *Public Plan - Federal Relief Spending*. All plans were developed with meaningful public consultation with stakeholder groups. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA’s publicly available website.

The following information is intended to update stakeholders and address the requirement.

### **Academics**

1. Describe strategic allocations to accelerate **Academic Achievement**, including how allocations support the investments identified in the district's needs assessment.

Learning Loss and Student Acceleration were targeted during our Summer Camps for elementary students, Bridge Camps for middle school students, Rising Freshman Camp for our upcoming freshmen, and Summer School for our high school students. Math, ELA, intervention, and physical activity were daily components of our Summer and Bridge Camp schedule. Elementary students also participated in STREAM activities each day. The focus for our Rising Freshman Camp is to address learning loss for these students who were promoted to 9th grade even though they failed two or more classes. Edgenuity is used for credit recovery during Summer School. This program is tailored for the academic needs of each student. At the elementary level, Summer and STREAM Camps were provided according to state requirements. In middle schools, Bridge Camps were provided according to state requirements. For the high school, Credit Recovery was provided to students who were missing credits. Math and ELA instruction was provided to upcoming freshmen who were promoted but failed two or more classes.

2. Describe initiatives included in the "other" category.

East Middle School and West Middle School have one RTI teacher who will spend at least 50% of the time focused on providing intervention services to students who qualify for Tier II or Tier III. Tullahoma City Schools purchased Ready Classroom Math last year as a common curriculum for our elementary schools. This curriculum will promote a common vocabulary and is vertically aligned. Tullahoma City Schools has a district-wide math coach for our elementary schools and a district-wide math coach for our middle schools. These coaches will provide job-embedded professional development to teachers and educational assistants throughout the year. The curriculum funds will be used to purchase Tier I, II, and III curriculum as needs arise. Science curriculum was purchased for our secondary grade levels. The math software funds are used to purchase IXL Math for Grades 6-8. IXL provides personalized learning that is based on the Tennessee State Standards.

### **Student Readiness**

1. Describe strategic allocations to support **Student Readiness** and the School-Related Supports necessary to access high-quality instruction, including how allocations support the investments identified in the district's needs assessment.

Middle and high school opportunities are provided through High School Innovation. High school innovation provides high-quality instruction in an online format and virtual environment. The high school innovation funding will be used for the following: Virtual School Program teacher stipends and Virtual School Curriculum. Many students have a flex schedule and attend school in both settings. Mental Health support funds will be used for the following: Social-Emotional learning curriculum for Middle Schools, Trauma-Informed training for all schools and Social-Emotional and Trauma-Informed Resources for all schools.

2. Describe initiatives included in the “other” category.

School nurses provided health services during our Summer Learning and Bridge Camps, which met the needs of our students.

### **Educators**

1. Describe strategic allocations to **Recruit, Retain and Support Educators and School Personnel**, including how allocations support the investments identified in the district’s needs assessment.

These strategic allocations were used to recruit, retain, and support educators and are listed as “Other”. We have a nurse in each building to meet medical needs and address health concerns to support educators. Allocations were used to pay a portion of the school nurses salary allowing us to have a nurse in each building. Providing daycare for children of employees helped recruit and retain teachers so students would have access to high-quality instruction. Stipends were provided to all employees due to job responsibilities changing and increasing due to COVID.

2. Describe initiatives included in the “other” category.

N/A

### **Foundations**

1. Describe strategic allocations to **Strengthen Structural Expectations**, including how allocations support the investments identified in the district’s needs assessment.

Funding was allocated for each of the categories listed. Almost 48% of our ESSER funding has been allocated to Foundations. Academic Space (Facilities)- A facility assessment was completed by Orcutt Winslow indicating our buildings needed improved ventilation/HVAC, which directly impacts the health of our students and staff. Monitoring, Auditing and Data Collection and Reporting- a stipend will be paid to administrative support for ESSER funds. This work will be completed during off-contract hours. This work will be to monitor spending to ensure funds are used appropriately and collect, analyze and report the required data to the state.

2. Describe initiatives included in the “other” category.

Tulahoma City Schools received the High School Innovation Grant for \$759,500. These funds are being used for our Tullahoma Virtual Academy (TVA). TVA is being built with three goals in mind: student autonomy, high quality curriculum, and college and career readiness. The structure of TVA along with the benefits of

asynchronous course delivery provide an unprecedented level of choice when it comes to how students elect to schedule their school day and consume instruction. These asynchronous courses are being designed and taught by our own Tullahoma High School teachers. This allows us to closely monitor and adjust the quality of the products we are providing our students. With the help of our Innovative High School Model grant partners, TVA students will receive a high level of career education and have opportunities to experience potential career interests through the Tullahoma Career Pathways Initiative (TCPI). This partnership between Tullahoma Virtual Academy, Tullahoma City Schools and Motlow Community College and Tennessee College of Applied Technology will allow students many opportunities. These opportunities will include: interacting with active professionals in their areas of career interest, engage in intern and apprenticeship opportunities and take advantage of enhanced dual enrollment opportunities.

**Monitoring, Auditing, and Reporting**

1. Outline how the LEA is continuing to actively monitor allocations; conducting interim audits to ensure an appropriate application of funds; collecting and managing data elements required to be reported; and reporting this information to the community.

Tullahoma City Schools is continually monitoring that expenditures are in line with the approved ESSER application and budget. Monthly expenditures are reviewed prior to reimbursement requests being submitted. TCS will continue to implement the use of iReady to help analyze and address gaps through differentiated instruction. We used School Messenger, surveys, phone calls, emails and personal conversations to engage meaningful consultations with the community.

2. Describe how the LEA is meeting the requirements to spend 20 percent of **the total ESSER 3.0 allocation** on direct services to students to address learning loss, or indicate participation in TN ALL Corps.

Tullahoma City Schools has allocated 23% of their budget to address learning loss.

Instructional Coaches	\$730,000	52%
RTI Teachers	\$555,000	40%
Summer and Bridge Camps	\$100,000	7%
Tutoring for REL and THS	\$150,000	10%
Summer School for THS	\$50,000	.03%

SEL for Middle Schools	\$10,000	.007%
Trauma- Informed Training for Elementary, Middle and High Schools	\$14,000	.01%
SEL and Trauma- Informed Resources for Elementary and Middle Schools	\$25,000	.018%

**Family and Community Engagement**

1. Describe how the LEA has continued to engage in meaningful consultation with stakeholders in the development of the revised plan.

Tullahoma City Schools used School Messenger, surveys, phone calls, emails and personal conversations to engage meaningful consultations with Stakeholders. School Messenger was used to reach out to families. Email was used to reach families and TCS personnel regarding surveys. We used personal conversations for feedback from the Foster Care Network. Feedback was solicited 1/30/2023- 2/10/2023 via surveys. Feedback was solicited and received from the following groups: Parents, Students, Community Members, Teachers, Instructional Coaches, Principals, Assistant Principals, Educational Assistants, Office Staff, Other, District Administrators, Board of Education, Families with Students with Disabilities, Families with Homeless Students, Families of Foster Students and Foster Care Network. 565 respondents provided feedback. Here are the top 15 responses we received:

Personnel	No need for Instructional Coaches	44
Personnel	Hire more teachers/ smaller class size	39
Training	More money/ training for SEL and Trauma- Informed Resources	33
Compensation	Teacher Raises/ Bonus	27
Personnel	Need more/ hire RTI Teachers	24
Curriculum	More money for Curriculum	21
Personnel	Need more/ hire Educational Assistants	21
Overall	More money for Special Education	18
Personnel	Hire more Educational Assistants and Support Staff	15
Transportation	Need School Buses	14
Overall	Agree with the Allocation of funds	13
Learning Loss	More money for Learning Loss	10
Compensation	More money for Administrative Support	10
Learning Loss	More money for intervention	10

Personnel	Need more Mental Health Professionals	10
-----------	---------------------------------------	----

2. Describe how the LEA engaged at minimum 10 percent of the total stakeholders engaged vs. responses received in the development of the revised plan.

Tullahoma City Schools had 565 respondents with 309 giving feedback. It is important to note that many families have multiple students and only complete one survey. Feedback was optional.

3. Describe how the LEA engaged a representation of a diverse population of stakeholders.

We surveyed a diverse population of stakeholders. They include: parents, students, community members, teachers, instructional coaches, principals, assistant principals, educational assistants, office staff, other, district administrators, board of education, families of students with disabilities, families of homeless students, families of foster students, and foster care network.

4. Describe how the LEA used multiple modes of engagement (such as surveys, scheduled in-person or virtual meetings, and town halls) to gain input from stakeholders in the development of the revised plan.

Tullahoma City Schools used School Messenger, surveys, phone calls, emails and personal conversations to engage meaningful consultations with Stakeholders. School Messenger was used to reach out to families. Email was used to reach families and TCS personnel regarding surveys. We used personal conversations for feedback from the Foster Care Network.

# Safe Return to In-person Instruction and Continuity of Services Plan Addendum Guidance 2023

LEAs are required to update the Safe Return to In-Person Instruction and Continuity of Services Plan every six months through **Sept. 30, 2023**. Each time, local education agencies (LEAs) must seek public input on the plan and any revisions and must take such input into account. The purpose of the plan is to keep stakeholders informed.

Every LEA should complete the addendum and upload it to ePlan in the LEA document library and post it to the LEA's website (March 1 and Sept. 15). Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

Please consider the following when completing the addendum:

- Ensure the LEA used multiple models of engagement offered to stakeholders. Examples may include surveys, in-person or virtual committee meetings, town hall meetings, or other inclusive engagement opportunities.
- LEAs should engage all applicable groups noted in meaningful consultation during the crafting of the plan and when making any significant revisions or updates to the plan.
- The number of stakeholders engaged should represent the composition of students. For example, if students with disabilities make up 15 percent of students, then 10-20 percent of respondents should represent this subgroup.
- Ensure the stakeholder engagement happened prior to the development/revision of the plan.
- The LEA must engage the health department in the development and revision of the plan. This is different from providing the health department with COVID-19 numbers.
- Plans must explicitly address every bullet point in Question 3 regarding district policies and strategies.
- Plans require local board approval and public posting.
- LEAs must update the *Safe Return to In-Person Instruction and Continuity of Services Plan* at least every six months through Sept. 30, 2023, seek public input on the plan and any revisions, and take such input into account. All revisions must include an explanation and rationale of why the revisions were made.
- All revisions must include an explanation and rationale, with meaningful public consultation and in an understandable format. The American Rescue Plan (ARP) Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

## Safe Return to In-Person Instruction and Continuity of Services Plan Addendum

The Elementary and Secondary School Emergency Relief 3.0 (ESSER 3.0) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2, was enacted on March 11, 2021. Funding provided to states and local educational agencies (LEAs) helps safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the nation's students.

In the fall of 2021, LEAs developed and made publicly available a Safe Return to In-Person Instruction and Continuity of Services Plan. All plans were developed with meaningful public consultation with stakeholder groups. LEAs are required to update the plan every six months through Sept. 30, 2023, and must seek public input on the plan and any revisions and must take such input into account. LEAs also must review and update their plans and ensure they align with any significant changes to CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

The following information is intended to update stakeholders and address the requirement.

LEA Name: [Tullahoma City Schools](#)

Date: [March 1, 2023](#)

### 1. Describe how the LEA has continued to engage in meaningful consultation with stakeholders in the development of the revised plan.

**2. Describe how the LEA engaged the health department in the development of the revised plan.**

New guidelines were shared with personnel regarding 22-23 Covid August Guidelines on August 15, 2022 via email. Regular communication with the Health Department on any updates to guidelines occurs.

The Tennessee Department of Health aligns their guidance with the CDC recommendations. We based our protocols on those recommendations. Listed below are our updated guidelines.

**Covid Isolation and Quarantine Guidelines  
Summary 8/15/22**

This guide is to assist in navigating the Covid Isolation and Quarantine procedures. If you have questions, please contact one of the nurses or Gina Bumbalough.

[Operational Guidance for K-12 Schools and Early Care and Education Programs to Support Safe In-Person Learning | CDC](#)

**Positive Case**

Isolate **5 days** from the start of symptoms, or if no symptoms date of test - Then two options:

- A. Consider an antigen test - if positive, continue to isolate for 5 more days and return on day 11 if symptom-free for 24 hrs.
- B. Return to school/work on day 6 (if symptom-free for 24 hrs) wearing a mask through day 10.

A person with a positive test **10 - 90 days** after initial onset does not need to reenter isolation as a close contact. A lingering cough, loss of taste, or smell does not prevent a person from being released from isolation.

**Quarantining**

Regardless of your vaccination status, household and non household contacts do not need to quarantine. The CDC does recommend wearing a mask and monitoring for symptoms.

CDC continues to recommend good hygiene practices, cleaning surfaces, and frequent handwashing.

\* Remember, day one is 24 hrs after symptoms or test.

**3. Provide the extent to which the LEA has updated adopted policies and a description of any such policies on each of the following health and safety strategies.**

<i>Appropriate accommodations for children with disabilities with respect to health and safety policies</i>
We continue to individualize accommodations for students' unique needs. For example, staff are more aware that students who did not require preferential seating pre-COVID may now require this if masks are worn by either the teacher or the student to improve clarity of speaking and listening. Additionally, staff continuously adapt the classroom environments with the ever-evolving CDC health recommendations and protocol. We have certified all special education drivers and bus assistants in CPR and have AEDs on the bus during daily routes.
<i>Physical distancing (e.g., use of cohorts/podding)</i>
We social distance as space allows.
<i>Hand washing and respiratory etiquette</i>
Frequent hand washing is encouraged. Reminder and Instructional posters are still posted throughout the schools. Videos on how to wash hands are on the website. We continue implementing best practices of frequent hand washing and use of hand sanitizer when hand washing is not an option. Hand sanitizer is available on buses, in classrooms, hallways and lunch rooms.
<i>Cleaning and maintaining healthy facilities including improving ventilation</i>
We continue to regularly clean and use Clorox 360 as needed. We are also continuing to upgrade and improve the HVAC and ventilation equipment.
<i>Contact tracing in combination with isolation and quarantine</i>
We do not contact trace or quarantine. If we are notified of a positive case we contact that parent or staff member and provide guidance.
<i>Diagnostic and screening testing</i>
We continue to provide information on diagnostic and screening testing to students, staff and parents as requested. We shared that the health department will provide free testing on certain days and take home tests also.
<i>Efforts to provide vaccinations to educators, other staff, and students, if eligible</i>
Parents consult the school nurse when the household has a positive case. The nurses and Coordinated School Health Director provide guidance based on the TN Department of Health and the CDC.
<i>Universal and correct wearing of masks</i>
We continue to provide masks at no cost to staff and students when requested. It is recommended to wear a mask after the 5-day isolation due to a positive case.

**4. Provide a current description as to how the LEA is ensuring continuity of services including but not limited to services that address students' academic needs and students' and staff's social, emotional, mental health, and other needs, which may include student health and food services.**

Tullahoma City Schools is providing in-person instruction daily. We have had no school closures due to the pandemic during the 2021-2022 and 2022-2023 school year. We provide instruction to those with COVID in order to minimize learning loss. Students take a universal screener and benchmark as required by TN State law to show their current knowledge. TCS chooses to use iReady for math reading. Additional screeners are used in K-3 for reading as required by law. This data drives Tier 1 instruction and identifies students who need Tier 2 and Tier 3 services. We will continue to implement the use of iReady for K-8 reading and math to help us identify and address gaps through differentiated instruction. We work collaboratively as well as horizontally and vertically to serve students' academic needs with aligned standards and curriculum. Additionally, TCS employs several RTI, Math, and Language Arts Interventionists. For students' social, emotional and mental health, we have a counselor in each of our schools. As a district, we continue working to implement Harmony SEL programming in our elementary schools. We are utilizing Satchel Pulse for SEL in the middle schools. We also currently employ 2 social workers to work with student and family needs and 2 behavioral specialists. Another service offered in TCS is a school based, partnership with Centerstone. We have a school-based therapist currently serving 3 of our 8 schools and are awaiting the addition from Centerstone of a second therapist to service 3 of the other schools. For staff, our Director of Coordinated School Health often shares resources for health and mental wellness. She has provided standing desks, flexible and/or ergonomic seating, and hand sanitizers/cleaning wipes. For student health, she also facilitates organizing health screenings in all schools, blood drives, and wellness initiatives. We initiated "Get Your Selfie Moving" to engage staff, students, and families in physical activities. As we know physical activity assists in not only physical benefits, but also mental well-being by reducing anxiety, etc. All schools have shared the "Too Sick for School" handout with students, staff, parents and community. Food Service has continued serving breakfast and lunch at all locations. Four of our schools are CEP (Community Eligibility Provision) and all students at those schools receive free breakfast and lunch.
