Tennessee Investment in Student Achievement

Accountability Report

The Tennessee Investment in Student Achievement (TISA) public school funding formula marks a significant change in how Tennessee invests in public education. The TISA funding formula updates the way Tennessee funds public education for the first time in over 30 years to empower each student to read proficiently by third grade, prepare each high school graduate for postsecondary success, and provide resources needed for all students to ensure they succeed.

As part of TISA, T.C.A. § 49-3-112 requires each school district, starting in the 2023-24 school year, to submit an annual accountability report to the Tennessee Department of Education (department). This report must include:

- Goals for student achievement
 - One of the goals must include the district's plan to pursue the goal of seventy percent (70%) or more of the district's third grade students to score "met expectations" or "exceeded expectations" on the English Language Arts (ELA) portion of the TCAP tests. This goal must also detail the district's goal to increase 3rd grade ELA proficiency rates by 15% of the gap over the next three years (starting with the 2022-23 TCAP results) to achieve the district's stated goal of at least 70% of 3rd grade students proficient in ELA.¹
- Explanation how the district's stated goals can be met within the district's budget.
- For reports submitted **starting in the 2024-25** school year, a description of how the district's budget and expenditures from the prior school year enabled the district to make progress toward the stated student achievement goals.

Each district's TISA accountability report is required to be presented to the public for review and comment before the report is submitted to the department. The report must be submitted annually to the department by November 1st.

Furthermore, each district's TISA accountability report is required to be reviewed annually by the TISA Progress Review Board pursuant to T.C.A. § 49-3-114 to determine whether the school district is taking the proper steps to achieve their stated goal.

This template is intended to assist districts in submitting their accountability reports to the department.

For questions, please contact tnedu.funding@tn.gov

Completed reports should be submitted in ePlan by **November 1, 2023**.

¹ T.C.A. § 49-3-114 requires the TISA Progress Review Board to review district TISA accountability reports and set a district's minimum goal to increase the district's 3rd grade proficiency by 15% of the gap to 70% in 3 years, starting with the 2022-23 TCAP results. This does not apply to districts who have 70% or more of 3rd grade students proficient in ELA.

Public Comment

The TISA accountability report must be presented for public comment to parents, educators, and local community members prior to its submission to the department by November 1 each year.

Date(s) of opportunity for local public comment.	October 4, 2023 - October 15, 2023
Description of public comment opportunities (e.g. collection of written comments, public hearing, local board meeting discussion, etc.)	We provided parents, staff members, school board members, and Tullahoma citizens the opportunity to complete a survey regarding the TISA District Accountability Report. We sent this survey through email to all parents, staff and board members. In addition, we placed the survey on our website so stakeholders in the Tullahoma community could participate in the survey and share their voice, too. Tullahoma City Schools utilized social media to announce the open survey on the district website. Respondents were able to score our goals and actions steps using a Likert Scale (1 = strongly disagree to 5 = strongly agree). In addition to the Likert Scale, we provided an open-ended question for stakeholders to provide additional comments about the plan for the district to review and consider.
Summary of public comment received, if any.	In each of the three goals, we had an average of 4.22 on a Likert Scale of 1-5 (one representing strong disagreement and five representing strong agreement). Our highest score of 4.27 was related to the public agreeing with the use of our budget to support our initiatives of literacy and moving our third graders to 70% reading proficiency. Our lowest score of 4.14 was related to our first goal of literacy and pushing our third graders to that 70% reading proficiency. Stakeholders agree with allocating funds for additional support that is directly related to students, such as more teachers and support staff. The public feedback was predominately positive with the budget allocations and supported the efforts of the district to provide HQIM, specific and targeted professional development, and resources to support initiatives to provide rigorous and exploratory opportunities for students. A request for additional funding to support our special education and our response to intervention was voiced by a few respondents. The overall takeaway from the public comments was support and pride in the actions and budget allocations that the district has strategically planned.
Description of how your district did or did not incorporate public comment received into the final accountability report submission.	Based on the highly positive public feedback that supported the three Tullahoma City Schools' goals and their action steps, no changes or adjustments were made to this inaugural report. All open-ended comments were read, discussed, and considered by the district advisory team, with the majority of them being positive and validating to the work we have committed to through these goals and action steps. We appreciate those who took the time to complete the survey and share their honest feedback in the Likert portion of the survey, as well as via the open-ended comments section, as the voices of those we serve matter, as does their opinion and viewpoints.

Subject: Window Laminate

Earlier this year TCS was awarded approximately \$145,000 from the Public School Security Grant.

An advertisement was posted seeking a qualified firm to add shatterproof laminate to the glass of select doors and windows throughout the school district. One vendor, Eversafe Security Solutions responded with interest. This is the same firm that added shatterproof laminate to several of our schools in 2020 and 2021. Eversafe toured and made recommendations on doors and windows in 8 buildings within the District. Their proposal totaled \$126,113.

We recommend the approval of TCS moving forward with Eversafe's \$126,113 bid to add shatter proof laminate to select windows and doors at 8 buildings throughout the district. This expense will be covered by the Public School Security Grant.

Thank you.

Subject: THS Gym Floor Replacement

Due to its age, the Tullahoma High School gym floor is in need of replacement. With guidance from OLG Engineering, specifications and plans were created, an invitation to bid was distributed to the public in September and a pre-bid meeting was held on October 6th for interested parties. Two sealed bids were received on the deadline date of 10/17/23.

Southern Flooring, Inc. submitted a bid to complete the work for \$230,000. In addition, there was one Add Alternate for \$7,500 for a larger THS logo through the center-court. After reviewing the bid with OLG Engineering, we are recommending accepting Southern Flooring, Inc.'s bid in the amount of \$230,000 and the possible Add Alternate for \$7,500.

Thank you.

Re: THS Gym Floor Replacement

Mr. Jordan,

We have reviewed the bids for the subject project. We had two bidders for the project, Southern Flooring, Inc. and Covington Flooring Company, Inc. The low bidder was Southern Flooring, Inc. of South Carolina with a base bid of Two Hundred Thirty Thousand (\$230,000.00) dollars. Southern also provided the lower price for Add Alternate #1 with a bid of Seventeen Thousand Five Hundred (\$7,500.00) dollars for the larger THS logo through center-court. Southern did not offer an Add Alternate for replacement of the bleacher wheels.

We did review Southern with the State Contractor's list, they are listed as Active-Fully Licensed.

We recommend Southern Flooring, Inc. for this work. The School System will need to evaluate and determine the preference for the base bid center-court logo or the larger Alternate logo.

If you have any questions, please contact us.

Sincerely,

Tim Little, PE
Principal/Partner
