# BUDGET HIGHLIGHTS

---

## FUND

This budget includes the **General-Purpose Fund**, which is the primary operating fund of the school system and accounts for the financial resources of the district.

## ENROLLMENT

The District's enrollment projections for FY 2025 are estimated using FY 2024 enrollment data and enrollment applications made during open enrollment for the FY 2025 school year. Projected enrollment for FY2025 is 5,896.

## REVENUES

The three major sources of revenues for GMSD are from the City of Germantown, Shelby County, and the State of Tennessee.

The City of Germantown provides a \$3.1 million maintenance of effort payment to GMSD.

County funds come from two primary sources, property and sales taxes. The County assesses a property tax rate that is earmarked for education. Educational revenues from the property tax distribution are shared between the municipal school districts and Shelby County Schools based on the weighted full-time equivalent average daily attendance (WFTEADA) formula developed by the Tennessee Department of Education. The WFTEADA percentage varies each year between school districts according to their share of the total enrollment in the County. Half of all local sales tax revenues collections are given to education and are distributed in the same manner as property taxes. For FY 2024, the district's share is a reduction from 4.31 percent to 4.23 percent resulting in a decrease of approximately \$230,000 in property tax revenues. The net increase in County funds is projected at \$432,000 for sales tax revenues.

The Tennessee Investment in Student Achievement (TISA) heralds a landmark shift in Tennessee's approach to educational funding. TISA's funding plan aims to equip every student with the essential tools for success by emphasizing proficiency in reading by third grade, preparing high school graduates for postsecondary endeavors, and providing vital resources to ensure overall student success. With a commitment towards student excellence, Germantown Municipal School District leads the state in its adept utilization of TISA funding to bolster academic outcomes.

Through strategic planning and intentional allocation of fiscal resources, Germantown Municipal School District has optimized its budgetary process to address the diverse needs of our schools and student body. As a result, Germantown Municipal School District serves as a model for effective stewardship of public resources, setting a standard of educational excellence that inspires and benefits the entire community.

This comprehensive funding model encompasses several key components: a base funding allocation for each public-school student, weighted funding to address diverse student needs including those from low-income backgrounds or with disabilities, targeted funding for priority areas such as early literacy and career readiness, and outcomes-based funding tied to student achievement. Through TISA, Germantown Municipal School District endeavors to foster a more equitable and robust educational landscape poised to nurture the growth and development of all students. These core focal points are currently being used to assist us with developing GMSD's FY25 Budget.

The projected increase in TISA funding for FY 2025 is \$1.5 million.

Interest income is projected to increase to \$565,000. Tuition revenues increased approximately \$250,000 as a result of the board's new policy to charge tuition for out-of-district students. \$2.3 million in reserves will be used to balance the budget covering capital outlay costs.

### **RESOURCE MANAGEMENT – INCREASES TO BUDGET**

During the budget development process, GMSD will allocate additional resources in alignment with strategic plan goals. Resources will be allocated to departmental functions for engaging, challenging, and innovative academics; for the development of the whole child; to recruit, develop, and retain exemplary staff; to enhance community partnerships; and for other needs.

## Revenue Sources

The three major sources of revenues for GMSD are from the State of Tennessee, Shelby County, and the City of Germantown.

The City of Germantown provides a \$3.1 million maintenance of effort payment to GMSD.

County funds come from two primary sources, property and sales taxes. The County assesses a property tax rate that is earmarked for education. The Tennessee Department of Education created a new student-based approach to K-12 public school funding known as the Tennessee Investment in Student Achievement (TISA). TISA replaced the Basic Education Program (BEP) funding module in FY 2024. Projected increase in TISA funding for FY 2025 is \$1.5 million.

# SCHOOL SAFETY

## Department of Student Services

**Chauncey Bland**

Assistant Superintendent, Student Services

**\$98,750**

## Overview

Each year school districts across the state are awarded Safe Schools Grants. These monies are used to increase school safety awareness as well as to purchase equipment to help GMSD students, faculties, and stakeholders feel safe while on campus. In recent years, we have used a portion of the grant to upgrade and/or replace the security cameras on the exterior and interior of each campus. We have recognized that cell phone coverage is inconsistent on our campuses and realize that phone communications are an essential part of any emergency plan. Each year our School Resource Officer Supervisor attends a national conference where school systems across the nation listen to real life emergency preparedness events and participate in round table discussions to identify programs and procedures that we may be able to implement in GMSD.

# BLENDED LEARNING PROGRAM

## Program Overview

The Germantown Municipal School District strives to develop students, who are responsible in their use of technology, can use technology advantageously as a communication and presentation device, and can stay current with creative opportunities. In accordance with this, schools has transitioned to blended classrooms and the use of 1:1 devices for all students grades 6-12 and 1:2 devices for all students grades K-5 (7,800 devices). This also includes providing laptops to staff and students who will enroll in our fully online school in FY22. Blended Learning is an aggressive model that has required a substantial financial investment. It has also required a substantial infrastructure investment around capacity and cybersecurity.

The district continues to place a large emphasis on cybersecurity and students' digital safety by incorporating an active student email monitoring system which scans files in students' web-based GoogleDrive storage. This system scans for inappropriate material, instances of cyberbullying, and incorporates an instant alert reporting system that students can use to share their own concerns about school safety (including bullying, planned fights, students in crisis, threats of violence, weapons brought to school, etc.). Trained professionals monitor this system 24/7/365 and alert district-appointed personnel.

### 3. Project-Specific Clarifications

This proposal includes provisions for KONE 24/7 Emergency Video Communications, which fully meets the intent of IBC 2018 and ASME A17.1 2019 code. In addition to the two-way audio communication, it allows for text-based two-way communication between the elevator cab and the KONE Customer Care Center as well as means to visually verify if the cab is occupied when an emergency call is placed. This solution is turn-key and code compliant, and includes the following:

- Hardware that enables audio and text-based two-way communication and video into the elevator cab, including touchscreen mounted in the car operating panel, camera, and all related wiring
- Wireless communication to KONE Customer Care Center is provided by KONE. No additional data and voice network or phone line is required to be provided by others
- 4-hour battery backup of both of in-car communication devices, wireless data, and voice network
- 24 hour-a-day, 7-day-a-week monitoring of elevator by KONE Customer Care Center

A valid service contract with KONE, including KONE 24/7 Emergency Video Communications and KONE 24/7 Connected Services, must be active. These services are included in the proposal for the duration of the warranty maintenance period. The KONE 24/7 Emergency Video Communications contract addendum and General Terms and Conditions for KONE Digital Services, , which define the fees for the audio, video, and data connections, must be signed by the Building Owner. The payment obligation, among other provisions, survives termination of any maintenance agreement. Sufficient AT&T or Verizon cellular in the United States, or Rogers Roaming in Canada, connectivity in the control space and a dedicated 110V disconnect are required to be provided by others to enable KONE 24/7 Emergency Video Communications.

#### Building Related Work Included

- Furnish and install pit ladder extensions to meet code.
- Furnish and install necessary electrical and fire alarm modifications in the pit, shaft, and machine room to meet code.
- Furnish and install mini split HVAC system in the machine room to meet code.
- Fire rate all penetrations and holes in the shaft and machine room.
- Furnish and install finished flooring.

## 5. Ensuring Project Success

### Project Schedule Overview

This Proposal is conditioned upon KONE's standard installation methodology and all work performed during normal business hours, excluding IUEC (International Union of Elevator Constructors) holidays. The following schedule is proposed:

Phase	Duration	Description
Preparation of Submittals	2 weeks	From receipt of contract and first payment.
Contract Review	6 weeks	From receipt of full contract package. All referenced documents required.
Approval of Submittals	TBD	Mutually agreeable time to incorporate changes to the layout and approve the submittals. Approval of Submittals means notification in writing, by the Customer or Customer's Agent, that all submittals are approved, and manufacturing may commence. All finishes and features are to be confirmed at the time of submittal approval.
Manufacturing and Delivery	14-16 weeks	From receipt of submittal approval and an executed contract. KONE's policy is to release equipment to Manufacturing after the contract is fully executed by both parties. Note: KONE's factory has two-week shutdown over the months of July and December. Any manufacturing duration that falls during these months shall add two weeks to the manufacturing time. Delivery times may be extended due to delays caused by measures undertaken to stop the spreading of the Coronavirus (2019-nCoV) epidemic, availability of personnel, logistics providers, and supply chains.
Notice to commence on site and site check	2 weeks	Prior to starting the installation, KONE requires a two-week notice to inspect the site to ensure it fulfills the requirements set by KONE for commencing installation. Site Check will be performed in the two weeks before installation begins.
Installation	6-7 weeks	Only after the site has passed the Site Check inspection, the installation can start. Duration is per unit. If multiple units need to be installed at the same time, a Foreman will be required at additional cost - based on availability.
Testing and Commissioning	1-2 weeks	Clean 3-phase power, active phone line to the controller, and all life safety provided by others is required prior to testing / commissioning.

## Site Preparation

KONE requires the following conditions fulfilled two weeks prior to commencement on site. Please see Bid Attachment “B” / Site Safety Requirements / Work by Others for more detailed site requirements. These conditions will be verified during the site readiness visit.

- 1 Adequate access for delivery of elevator material + clean/dry 21' x 56' storage space per elevator.
- 2 The hoistway, pit, and machine room must be clean, dry, and constructed per the approved KONE final layout drawings. Any required support for guide rail brackets, divider beams and divider screens from pit floor to the top of the hoistway will be provided by others. Note: bracket support points may be required between floors. The hoistway must be plumb according to tolerances listed on KONE Final approved layout drawings.
- 3 Removable, OSHA approved barricades must be provided around all hoistway openings. Provide and install full entrance protection, made of nylon mesh or reinforced plastic at all hoistway openings per OSHA 1346 1926.502(j). Design and install entrance protection in such a way as to allow quick accessibility in and out of the hoistway.
- 4 Permanent or temporary three-phase and single-phase power of permanent characteristics with disconnect switches.
- 5 A hoist beam and safety beam (furnished by KONE) must be cut to size and installed in the elevator overhead per the approved KONE final layout drawings (hoistbeam capable of supporting the load requirement noted in our shop drawings).
- 6 Applicable work areas must have adequate lighting.
- 7 Finished floor marks must be visible from the hoistway openings at all landings.

## Warranty / maintenance

Our Proposal includes 0 months of The Product Warranty is specified in Bid Attachment A. Installation by KONE of any parts covered under the Product Warranty on parts will only occur while KONE maintains an active maintenance contract. The Product Warranty and Warranty Maintenance commences on the date of acceptance set forth in the Uniform Final Acceptance Form. For long-term reliability, a continuing maintenance agreement is necessary. This Proposal is conditioned upon KONE receiving a ten (10) year KONE Extended Warranty maintenance contract from ownership prior to the date of acceptance set forth in the Uniform Final Acceptance Form.

## Price Adjustment

KONE shall be entitled to an equitable adjustment in the Price, including but not limited to, any increased costs between the time the Contract is signed and the date of manufacture for materials, labor, or shipping, as well as increased costs resulting from any change in law or tariffs.

## Payment terms

Proposal price is valid with the following payment terms (Payment due date is 30 days net, from the date of KONE's electronic invoices):

30%	Engineering & Site Management
50%	Material
20%	Installation

KONE reserves the right to delay and/or suspend the work, including manufacturing, delivery, installation and/or final turnover of the equipment for non-payment. Prior to equipment turnover, KONE must be paid in full including all change orders, less retention. Additionally, prior to turnover KONE requires a signed Final Acceptance and receipt of a Final Punchlist from all parties. Should you have a requirement other than that shown above; we will be pleased to discuss it with you.

## Sourcing

This Proposal is made without regard to compliance with any special purchasing and/or manufacturing requirements including, but not limited to, Buy America, Buy American, U.S. Steel, FAR clauses, minority/disadvantaged supplier requirements or similar state procurement laws. Should such requirements be applicable to this project, KONE reserves the right to modify and/or withdraw our Proposal.

## Confidentiality

Any pictures or images included in this Proposal are for information purposes only. This proposal and all attachments are intended for the exclusive use of the addressee-recipient. This proposal and attachments are proprietary, confidential, and protected by copyright laws of the United States of America and international treaties. Reproducing, copying, disclosing, adapting, publishing, or distributing this proposal or the attachments, in whole or part, is prohibited. Copyright © 2020 KONE Inc. All rights reserved.

## Completion

**The price is based on KONE completing its work by December 31, 2024**, and a material manufacturing start, no later than six months from the date of this Proposal. The standard wage rate is assumed. If KONE's on-site work is not completed in the above calendar year (due to delays by others), you will be responsible for the labor rate increase that occurs on January 1st of each following year.

## Storage/delivery/remobilization

This Proposal is based on the site being handed over to KONE in accordance with KONE Site Safety Requirements, per Bid Attachment "B," on the agreed dates. Any changes to such dates are considered a change to the schedule and KONE shall be entitled to an extension of time and to recover all costs related to such changes and an extension of time. If the Site Requirements are not complete, KONE will not deliver the unit equipment to the job site. If KONE is unable to unload at the jobsite on the scheduled date and commence installation immediately, additional costs for off-site storage (\$3,000 / month per unit) and labor for double handling of the materials (\$4,000) shall be paid to KONE via a Change Order. Should KONE be required to demobilize, through no fault of its own, due to any suspension or work stoppage, and after material is delivered to the jobsite a charge of \$4,000 per crew shall be paid to KONE via a Change Order for each remobilization. Customer shall also store and protect the materials and equipment onsite or at a storage facility reasonably acceptable to KONE at Customer's sole risk and cost. If KONE is not able to commence installation on the agreed upon material delivery date or if KONE's work cannot be performed in an uninterrupted manner, labor may be reallocated to other projects and may not be available to reallocate to this project for several weeks. KONE is not responsible for any delay to the project resulting from labor reallocation because of Site Requirements not being complete by the material delivery date.

## Operator time

**No operator time is included in this proposal.** If the General Contractor or another subcontractor requires access to the shaft or the use of the elevator platform for any reason prior to Final Acceptance, KONE will provide an operator per the standard hourly rate of \$250/hour for straight time or \$500/hour for overtime. Availability of an operator will be determined at the time of the request. KONE's installation schedule shall be extended by the time needed by other trades for access to the shaft.

## Temporary construction time use

This proposal does not include provisions for temporary use of the elevator(s). Should temporary use be required, a monthly fee (\$3,500), costs of temporary inspections / re-inspections (\$2,500), and a hoistway screening cost (if applicable) will apply per elevator. Any additional cost for screening the hoistway (if applicable) and readjusting / refurbishment will be paid by customer. The General Contractor will provide:

- Protection of the elevator(s)
- Temporary car enclosure
- Protection of hoistway openings
- Operator

- Electrical service
- Two-way voice communication boxes at each landing

The KONE Temporary Acceptance Form shall be executed before any elevator is placed into temporary service. Please note that KONE requires two weeks minimum to refurbish the elevator(s) to a “like new” state prior to final turnover.

## Hoistway cleaning

KONE is unable to estimate the cleanliness of an elevator hoistway on a construction site, as the amount of debris/dust is dependent on work completed by other trades within the building. As such, KONE has not included any costs for clean down of the elevator shaft but can provide a price if conditions warrant.

## Other trade work

No additional time or costs (outside of the equipment installation and inspection time) have been included in this proposal for coordination with the life safety system, security system, or any other trades. KONE shall be entitled to an extension of time and / or additional costs incurred by additional time expended for coordination with other trades.

## Phone

This proposal includes one standard, hands-free ADA compliant speakerphone per cab. It will automatically dial to a determined location. A KONE Care – Emergency Phone Monitoring or Wireless Phone service agreement must be completed, (either accepting or denying KONE’s monitoring service) two weeks prior to final inspection.

## Inspections

This Proposal includes one final inspection by the elevator code authority, per elevator, during normal working hours. Prior to scheduling the elevator final inspection with the Authority Having Jurisdiction (AHJ), building life safety including fire alarm and dedicated phone lines for each elevator must be fully operational. If the final inspection fails due to KONE’s sole responsibility, KONE shall pay for the cost of re-inspection(s). Should re-inspection be required due to deficiencies by others, you will be responsible for the cost of re-inspection(s). All other testing will be provided for additional cost at normal KONE billing rates. During the final testing, a representative of the fire-life-safety contractors will be required (at no cost to KONE) while testing the elevators. No overtime has been included in this Proposal.

## Changes to the work

KONE shall not be required to proceed with any Customer requested change to its Work (“Extra Work”) until such Extra Work is evidenced in a mutually acceptable Change Order and signed by both parties. This includes, but is not limited to, any changes or revisions, accelerations, resequencing, suspension of KONE’s schedule of Work or other delays outside of KONE’s control. However, should KONE agree to proceed with Extra Work pursuant to a Construction Change Directive or Field Order without a fully executed Change Order, such agreement by KONE is conditioned on the Extra Work being converted promptly to a fully executed Change Order. KONE shall not be obligated to continue performance of Extra Work if the estimated value of unexecuted Change Orders exceeds 10% of the Agreement Price, or if there is a reasonable safety concern, a product limitation, or it is unreasonable to proceed. No action by KONE, including but not limited to KONE performing Extra Work without an executed Change Order, shall be construed to be a waiver of Subcontractor’s right to seek payment for the Extra Work performed, or to obtain a Change Order at a later date. Customer shall remain directly liable to KONE for payment for changed or Extra Work ordered by the Customer for delays caused by Customer or others subordinated to Customer.

### **5. INSTALLATION**

Customer shall be responsible for procurement and cost of all permits, except permits related to installation of the Equipment. This Proposal is conditioned upon KONE using its standard installation method. The installation of the Equipment shall start after Customer has completed all work set forth in Bid Attachment B and any other documents describing site requirements (“Site Requirements”), all of which are incorporated by reference herein. If overtime is mutually agreed upon and performed, the additional costs for such work shall be added to the Price at KONE’s standard overtime rates. If the installation cannot be performed in an uninterrupted manner for any reason beyond KONE’s control, Customer shall store the Equipment at Customer’s cost and compensate KONE for any costs caused by such delay including, but not limited to, double handling of Equipment and demobilization.

KONE shall not be required to perform overtime or any Customer directed change to its work (“Extra Work”) without an executed change order. No action by KONE, including but not limited to, performing Extra Work without an executed change order, shall be a waiver of KONE’s right to seek payment for Extra Work performed. KONE shall be entitled to an extension of time and an equitable adjustment in the Price, including but not limited to, any increased costs of labor, including overtime, resulting from any change of schedule, re-direction of KONE personnel to another work area, acceleration, or out of sequence work.

KONE shall take reasonable methods to protect its work-in-place while KONE is actively on site and until execution of a KONE Uniform Final Acceptance. Should damage occur to KONE property, material or work-in-place by fire, water, theft or vandalism, Customer shall compensate KONE for said damages. KONE shall abide by Customer’s safety policies and procedures to the extent such policies and procedures are not in conflict with KONE’s Safety Policy. Testing and/or security features of Equipment must be completed before Equipment turnover. KONE is not responsible for damages, either to Equipment or the building, or for any personal injury or death, arising out of or resulting from any code required safety tests performed on Equipment or hoistway access granted by Customer to other trades prior to Equipment turnover.

### **6. TEMPORARY USE**

Temporary use of Equipment may be permitted, provided the use period allows adequate time for Equipment restoration for final turnover and Customer executes KONE’s Temporary Use Agreement. Temporary use shall be invoiced separately and subject to payment terms in Section 4 herein. At the end of temporary use, Customer shall return the Equipment to KONE in “like new” condition.

### **7. HAZARDOUS MATERIALS**

KONE’s work shall not include any abatement or disturbance of asbestos containing material (“ACM”), presumed asbestos containing materials (“PACM”), or other hazardous materials (i.e. lead, PCBs) (collectively “HazMat”). KONE shall have the right to discontinue its work in any location where suspected HazMat is encountered or disturbed. Prior to turnover, KONE must receive a final punchlist. Upon turnover, KONE requires a signed Uniform Final Acceptance. KONE shall provide its standard electronic O&M manual on a flash drive. Standard KONE samples shall be provided upon request. No mock-ups or video training are included in the Price.

## **Bid Attachment "A" / KONE Inc. General Terms and Conditions (New Equipment)**

### **10. DELAY**

Customer is on notice that IUEC labor rates increase annually.

### **11. LIMITED WARRANTY**

I further attest and agree to immediately notify the Procurement Analyst, Germantown Municipal School District, if either I or the entity I represent can no longer make the foregoing certification. Prior to the opening of the envelope or acceptance of an electronic bid, the names of all contractors listed thereon or therein shall be read aloud at the official bid opening and incorporated into the bid. Prior to awarding a contract, the awarding person or entity and its authorized representatives shall verify the accuracy, correctness and completeness of the information required hereby. The failure of any bidder to comply with all of the provisions hereof shall automatically disqualify such bid. Pursuant to the terms set forth in TCA § 12-12-105, a person engages in investment activities in the energy sector if:

- (1) The person provides goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas, for the energy sector of Iran; or

Any BIDDER that is on the Prohibited Entities List will be ineligible to contract with the DISTRICT.

Pursuant to the Act, any BIDDER that attempt to contract with the DISTRICT must certify, at the time the bid is submitted, that the BIDDER is not identified on the Prohibited Entities List. A bid shall not be considered for award, nor shall any award be made where the BIDDER fails to submit a signed and verified Bidder’s Certification.

PAINTING PROJECT**

**ATTACHMENT A**

**General Paint Bid Specifications**

1. It is the intention of these specifications to have all existing painted surfaces repainted. All paint shall be applied at the manufacturer's recommended mil thickness per coat. In any case, the application shall be sufficiently heavy to achieve pleasingly uniform color and lucid effect.
2. Successful bidder shall supply a 24" x 24" sample of each type and color paint for owner's approval before any paint is applied. At this time the contractor must perform a Field Adhesions Test. Preferred method is the Cross-Cut Test. This method is utilized in evaluating the adhesion of either one or multiple coats. The procedure consists of cutting a grid pattern of perpendicular lines through the paint all the way to the substrate, then spreading pressure-sensitive tape (3M 250 flatback masking tape) over the cuts and rapidly pulling it off. Qualitative measurements are quickly observable and result in either pass/fail or on a scale of 0-5 in accordance with ASTM D3359 procedure specification. These samples and testing shall be applied at the job site in an area as permitted by owner. Also, Germantown Municipal School District representative shall review the first finished room, space, etc. and when applicable, shall be used as project standard for each color scheme.
3. All paints shall be delivered to the job mixed and shall not be thinned on the job.
4. Contractors shall furnish all labor, materials, tools, and equipment necessary for a complete repainting job.
5. All paint shall be applied by brush or roller except where other applications are permitted in writing by GMSD.
6. All previously painted areas shall be repainted. All articles affixed to buildings, such as hardware and light fixtures removed by painting contractor, shall be replaced after completing painting of that area. All electrical device plates must be removed stored carefully and replaced after paint has dried. It shall be the responsibility of the painting contractor to record any area that was identified during the project walk- through as NOT TO BE PAINTED. Otherwise, refer to Paragraph #1 above of the Paint Bid Specifications.

7. Color shall be selected and approved by Germantown Municipal School District.
8. Miscellaneous pre-finished items such as grill, diffusers, etc. that does not blend with color schemes shall be painted as directed by Owner. All paints and materials shall be first line, brand name and approved by Owner before work is started. SEE THE ATTACHED PAINT SPECIFICATION LIST
9. It shall be the responsibility of the contractor to provide approved storage for materials and equipment at a location approved by the Owner. **NO PAINT, MATERIALS OR EQUIPMENT SHALL BE STORED WITHIN ANY GERMANTOWN SCHOOLS BUILDING.**
10. All staging, scaffolds, ladders, etc. shall always be maintained in a manner to meet OSHA Safety Requirements and not be a hazard to Germantown School personnel. Adequate exits from all buildings shall be maintained in all areas to meet Fire Marshal's regulations.
11. All non-painted areas, such as scrubs, floors, glass, etc. shall be protected. Upon completion of work, the contractor shall remove all splattering and remove all paint-related rubbish from premises. The paint contractor shall be held responsible for any related damages.
12. The paint contractor shall supply two (5) gallons of each paint applied for each job site. The paint shall be in new unopened containers, identified by brand, color and formula for Owner's future use. The painting contractor shall also supply Germantown Schools Close out Documents listing all paint colors (including formulas) paint manufacturer's warranty, MSDS (Material Safety Data Sheets) sheets and product specification sheets for all products used for each job site.

### **General Specification for Cleaning and Preparation**

1. Proper product selection, surface preparation, and application affect coating performance. Coating integrity and service life will be reduced because of improperly prepared surfaces. Selection and implementation of proper surface preparation ensures coating adhesion to the substrate and prolongs the service life of the coating system.
2. Selection of the proper method of surface preparation depends on the substrate, the environment, and the expected service life of the coating system. Economics, surface contamination, and the effect on the substrate will also influence the selection of surface preparation methods.
3. The surface must be dry and in sound condition. Remove oil, dust, dirt, loose rust, peeling paint or other contamination to ensure good adhesion.

4. Remove mildew before painting by washing with a solution of 1-part liquid household bleach and 3 parts of warm water. Apply the solution and scrub the mildewed area. Allow the solution to remain on the surface for 10 minutes. Rinse thoroughly with clean water and allow the surface to dry 48 hours before painting. Wear protective glasses or goggles, waterproof gloves, and protective clothing. Quickly wash off any of the mixture that meets your skin. Do not add detergents or ammonia to the bleach/water solution.
5. No exterior painting should be done immediately after a rain, during foggy weather, when rain is predicted, or when the temperature is below 50°F, unless products are designed specifically for these conditions. On large expanses of metal siding, the air, surface, and material temperatures must be 50°F or higher to use low temperature products.

## General Instructions

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.*

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

**Note:** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

## What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## Specific Instructions

### Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note: ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or “doing business as” (DBA) name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a “disregarded entity.” See Regulations section 301.7701-2(c)(2)(iii). Enter the owner’s name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2, “Business name/disregarded entity name.” If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

### Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note:** See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.SSA.gov](http://www.SSA.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/Businesses](http://www.irs.gov/Businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. Go to [www.irs.gov/Forms](http://www.irs.gov/Forms) to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to [www.irs.gov/OrderForms](http://www.irs.gov/OrderForms) to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.**

You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.**

You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

**Secure Your Tax Records From Identity Theft**

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

**Protect yourself from suspicious emails or phishing schemes.**

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at [spam@uce.gov](mailto:spam@uce.gov) or report them at [www.ftc.gov/complaint](http://www.ftc.gov/complaint). You can contact the FTC at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see [www.IdentityTheft.gov](http://www.IdentityTheft.gov) and Pub. 5027.

Visit [www.irs.gov/IdentityTheft](http://www.irs.gov/IdentityTheft) to learn more about identity theft and how to reduce your risk.

## Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

# **GMSD BID # FY2024-004 RIVERDALE ELEMENTARY SCHOOL**

## **PAINTING PROJECT**

### **ATTACHMENT A**

#### **General Paint Bid Specifications**

1. It is the intention of these specifications to have all existing painted surfaces repainted. All paint shall be applied at the manufacturer's recommended mil thickness per coat. In any case, the application shall be sufficiently heavy to achieve pleasingly uniform color and lucid effect.
2. Successful bidder shall supply a 24" x 24" sample of each type and color paint for owner's approval before any paint is applied. At this time the contractor must perform a Field Adhesions Test. Preferred method is the Cross-Cut Test. This method is utilized in evaluating the adhesion of either one or multiple coats. The procedure consists of cutting a grid pattern of perpendicular lines through the paint all the way to the substrate, then spreading pressure-sensitive tape (3M 250 flatback masking tape) over the cuts and rapidly pulling it off. Qualitative measurements are quickly observable and result in either pass/fail or on a scale of 0-5 in accordance with ASTM D3359 procedure specification. These samples and testing shall be applied at the job site in an area as permitted by owner. Also, Germantown Municipal School District representative shall review the first finished room, space, etc. and when applicable, shall be used as project standard for each color scheme.
3. All paints shall be delivered to the job mixed and shall not be thinned on the job.
4. Contractors shall furnish all labor, materials, tools and equipment necessary for a complete repainting job.
5. All paint shall be applied by brush or roller except where other applications are permitted in writing by GMSD.
6. All previously painted areas shall be repainted. All articles affixed to buildings, such as hardware and light fixtures removed by painting contractor, shall be replaced after completing painting of that area. All electrical device plates must be removed stored carefully and replaced after paint has dried. It shall be the responsibility of the painting contractor to record any area that was identified during the project walk- through as NOT TO BE PAINTED. Otherwise, refer to Paragraph #1 above of the Paint Bid Specifications.

7. Color shall be selected and approved by Germantown Municipal School District.
8. Miscellaneous pre-finished items such as grill, diffusers, etc. that does not blend with color schemes shall be painted as directed by Owner. All paints and materials shall be first line, brand name and approved by Owner before work is started. SEE THE ATTACHED PAINT SPECIFICATION LIST

11. All non-painted areas, such as scrubs, floors, glass, etc. shall be protected. Upon completion of work, the contractor shall remove all splattering and remove all paint-related rubbish from premises. The paint contractor shall be held responsible for any related damages.
12. The paint contractor shall supply two (5) gallons of each paint applied for each job site. The paint shall be in new unopened containers, identified by brand, color and formula for Owner's future use. The painting contractor shall also supply Germantown Schools Close out Documents listing all paint colors (including formulas) paint manufacturer's warranty, MSDS (Material Safety Data Sheets) sheets and product specification sheets for all products used for each job site.

### **General Specification for Cleaning and Preparation**

1. Proper product selection, surface preparation, and application affect coating performance. Coating integrity and service life will be reduced because of improperly prepared surfaces. Selection and implementation of proper surface preparation ensures coating adhesion to the substrate and prolongs the service life of the coating system.
2. Selection of the proper method of surface preparation depends on the substrate, the environment, and the expected service life of the coating system. Economics, surface contamination, and the effect on the substrate will also influence the selection of surface preparation methods.
3. The surface must be dry and in sound condition. Remove oil, dust, dirt, loose rust, peeling paint or other contamination to ensure good adhesion.

4. Remove mildew before painting by washing with a solution of 1-part liquid household bleach and 3 parts of warm water. Apply the solution and scrub the mildewed area. Allow the solution to remain on the surface for 10 minutes. Rinse thoroughly with clean water and allow the surface to dry 48 hours before painting. Wear protective glasses or goggles, waterproof gloves, and protective clothing. Quickly wash off any of the mixture that meets your skin. Do not add detergents or ammonia to the bleach/water solution.
5. No exterior painting should be done immediately after a rain, during foggy weather, when rain is predicted, or when the temperature is below 50°F, unless products are designed specifically for these conditions. On large expanses of metal siding, the air, surface and material temperatures must be 50°F or higher to use low temperature products.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

**Note:** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

## What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## Specific Instructions

### Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note: ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or “doing business as” (DBA) name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a “disregarded entity.” See Regulations section 301.7701-2(c)(2)(iii). Enter the owner’s name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2, “Business name/disregarded entity name.” If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

### Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

<sup>2</sup> However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

**Exemption from FATCA reporting code.** The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

### Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

### Line 6

Enter your city, state, and ZIP code.

## Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note:** See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.SSA.gov](http://www.SSA.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/Businesses](http://www.irs.gov/Businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. Go to [www.irs.gov/Forms](http://www.irs.gov/Forms) to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to [www.irs.gov/OrderForms](http://www.irs.gov/OrderForms) to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.**

You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.**

You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

**Secure Your Tax Records From Identity Theft**

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

**Protect yourself from suspicious emails or phishing schemes.**

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at [spam@uce.gov](mailto:spam@uce.gov) or report them at [www.ftc.gov/complaint](http://www.ftc.gov/complaint). You can contact the FTC at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see [www.IdentityTheft.gov](http://www.IdentityTheft.gov) and Pub. 5027.

Visit [www.irs.gov/IdentityTheft](http://www.irs.gov/IdentityTheft) to learn more about identity theft and how to reduce your risk.

## Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. **17. The Contractor hereby certifies that it has, and will, at all times during the performance of the Work, comply with the provisions of this statute and will provide to Owner, upon request, proof of its compliance with this provision. A default by the Contractor of the provisions of this Section 20 shall be automatic grounds for termination of this Agreement pursuant to Section 15.

It is also agreed that Contractor will comply with all applicable federal, state, and local laws and regulations relating to the employment, insurance, and taxation of employees who perform Work under this Agreement. be construed to exist between Owner and Contractor or between Owner and any of Contractor's employees performing the Work under this Agreement, and neither Contractor nor its employees shall be entitled to participate in any of Owner's pension or employee welfare benefit plans, including its group life insurance plans. Owner will have no liability for payment of Contractor employee wages, fringe benefits, payroll taxes or other expenses of employment. Furthermore, if any charge, lawsuit or claim of any kind is filed against Owner alleging that Owner is also an employer of Contractor's employees, Contractor agrees to indemnify, hold harmless and reimburse Owner for all costs, including attorneys' fees in defending any such action. #### **H. Definitions of Maintenance Activities**

– These definitions simply state general terminology relating to each category of work.

1. **Preventive Maintenance:** Preventive Maintenance is the understanding and delivery of your assets basic needs, while in routine service. It can also be described as the scheduling tool or action plan for managing the anticipated life expectancy of “any” asset and carrying out the required service tasks to ensure the fullest life cycle and performance of the plant.
2. **Corrective Maintenance:** The repairs or replacement to school real property or systems that has or have deteriorated, broken, or worn out and cannot be used for its intended purpose. Essentially, efforts to improve plant reliability, correct deficiencies or mitigate bad situations observed by operators and/or clients. This includes first line repairs and maintenance on components of air-conditioning systems, heating systems, and any structurally related items. Major repairs to such systems as failed chillers, boilers, and roofs normally do not fall within the day-to-day department responsibility and usually require board approval and appropriation of funds to support repairs. It is essential that initial maintenance problems be responded to quickly as they will become worse if left unattended.
3. **Reactive Maintenance:** Responses to unplanned outages or situations beyond the norm.

4. **Plant Operations:** Day-to-day plant operations and service response.
5. **Facility Improvement/Modernization:** The major/minor alteration of existing systems which changes its present configuration, install or construct an addition to the facility, mechanical, structural, or electrical system, to completely/partially revamp or replace components of a facility. These could be considered high cost items that should be planned for and funded in each fiscal year's budget. However, action sometimes must be taken to eliminate a safety or health hazard and the only funds available are the maintenance funds. Caution must be used when utilizing these funds so as not to jeopardize funds needed for the day-to-day operations and efforts should be made to allocate the costs to the building account pursuant to GAAP account standards.
6. **Capital Improvement:** These funds have been appropriated through the school district's budget or bond issues. Priorities should be established each school/department year for those large projects beyond normal school maintenance capabilities. Items such as replacing roofs, additions to facilities, buying new facilities, altering or any construction work would normally come from this fund. All decisions on the utilization of these funds rest with the school district.
