1 **ONLINE COURSES**

2 High school students may earn credit to be applied toward graduation requirements by completing online
3 courses offered through agencies or institutions approved by the Board. Credit from these online courses
4 may be earned only in the following circumstances:

- 5 1. The course is not offered at the high school, or although the course is offered at the high school,
6 the student has an unavoidable scheduling conflict;
- 7 2. The course will serve as a supplement to homebound instruction;
- 8 3. The student had been served by a recognized home school during the 2018 – 2019 school year
9 and has re-enrolled in the local education agency;

11 continued; or
- 12 5. The principal, with agreement from the student's teachers and parent(s)/guardian(s), determines
13 the student requires a differentiated or accelerated learning environment.

14 The express approval of the principal/designee shall be obtained before a student enrolls in an online
15 course. Enrollment in approved online courses will be considered on a case by case basis by the principal

18 Through a supervision plan, the school shall be responsible for providing appropriate supervision and
19 monitoring of students taking online courses.

- 28

- 1 The Director of Schools shall develop administrative procedures to ensure that students and
- 2 parent(s)/guardian(s) are given written notice of their right to appeal any denial of a course access
- 3 course enrollment in a timely manner.² All appeals shall be submitted in writing to the Board within
- 4 ten (10) days of a denial.

- 5 After a timely appeal is made, the Board will provide written notification to the student and
- 6 parent(s)/guardian(s) of the time, place, and date of the hearing. The hearing shall be held no later than
- 7 ten (10) days after the appeal is submitted. At the hearing, the Board shall determine whether there was
- 8 an error in denying the student the ability to participate in the course access program.³
