Humboldt School System-Community Auditorium

April 8, 2024

Attention: Superintendent and Board of Education

Most schools use their auditorium daily. It is an essential part of a school and has multiple uses to organize celebrations and recreational activities. I would like to highlight how the auditorium will help strengthen the school and community as well as promote community development and growth. This auditorium will offer students valuable opportunities and tools to help students develop social behaviors, problem-solving and creative thinking skills. These skills are keys to developing both strong peer relationships and empower participants to transform their understanding of their place in the world.

I am bringing this project to the forefront because our students and community can benefit from this project. An auditorium is the right place for any social, cultural and educational activity such as the following:

Gibson County Strawberry Festival

Pageants

Arts

Miss Black Gibson County Pageant

Musical programs

Theatrical plays for the school

Community Theatre

Political events/forums

Workshops

Rent out the space for various venues to help generate income for the school and community.

These are just some ideas for finishing the Humboldt TN. Auditorium for the school and community.

The last figure given for completion of the auditorium was 190,000.00 but as we all know the cost of things has increased.
