Guidance for Spring 2020 Covid-19 School Closure and Paying Employees
Page 1 of 3

For the spring 2020 school closure due to Covid-19, WCS will proceed using the following guidance during this period as it relates to work requirements and payment.

EMPLOYEE PAY

Employees who work a regular full-time or a regular part-time position will continue to be paid their normal (primary base) pay for a period determined by the Superintendent.

Employees who work "as needed" and are not required to work on a regular basis, do not fall into the regular part-time staff category and will not be paid during this closure. (An example of employees that do not work a regular, consistent schedule would be substitutes, sub bus drivers, sub nurses, seasonal SACC employees, math tutors etc.)

Regular part-time/full-time SACC workers will be paid during this time if SACC is closed unless they have another primary job with the district (ex. teacher assistant), in which case, they will not be paid

Full-time employees will only be paid for their primary, full-time job during this closure and will not be paid for any additional part-time job with the district.

When directed by the Superintendent or designee, each supervisor must have a written plan for their employees' day to day work and must communicate that to them. A template plan will be provided to department heads so that this can be prepared and maintained on file by the supervisor for audit review.

Each department head will need to determine which employees may need to physically report to their workstation, work from home, be available for "on call" basis - or a combination of these. All employees who can possibly work from home should be allowed to do so. All employees should follow the Centers for Disease Control's recommended guidelines at <https://www.cdc.gov/coronavirus/2019-ncov/community/index.html> - and any other federal, state, or local guidelines.

Employees receiving pay must be available during their regularly scheduled work hours, and they must continue to adhere to all WCS board policies. An employee may not work another job during their regularly scheduled hours while being paid by WCS.

During the spring 2020 closure, all employees (Certified and Classified) who are currently on FMLA or other approved leave **will be paid as if they are at work**, and neither their leave balances nor sick bank will be charged. However, supervisors and employees must adhere to the employees' medical restrictions from work until they provide documentation clearing them to return to regular duties.

If an employee is unwell, has been exposed to the virus, is at high risk if they contract the virus or informs their supervisor that they do not want to come in to work due to the virus, department heads should contact the Asst. Superintendent of Human Resources (HR) for further guidance. Additionally, department heads need to provide flexibility with employees regarding issues that they may have concerning childcare - allowing them to work from home if possible or adjusting work hours to cover childcare. Interim teachers on contract (for teachers on FMLA during the event), will be paid through the term of their contract.

If an employee is on an approved FMLA or another approved leave of absence, leave balances will not be charged and the employee will be paid their regular pay throughout the closure. Per state law, teachers' leave balances are not charged during district closed days.

Employees on unpaid FMLA will resume regular pay as of March 23, 2020

Process

Each supervisor, principal, payroll bookkeeper, and director will need to add into Timeclock the hours for their part-time staff that they normally work in order to generate payroll.

Overtime

Hourly employees must submit a weekly timesheet to their supervisors documenting any time worked/available for work that week. This documentation is not for the purposes of pay, but only for record keeping purposes.

Supervisors are directed by HR that employees may **NOT work overtime (Def: worked physically performed over 40 hours)** during a declared closure **unless specifically authorized by the Superintendent of Schools in every instance.** If an employee has physically worked over 40 hours in a payroll week, they need to turn in a paper timesheet with total hours worked for that week, so that it can be reviewed and approved by the asst of HR and Superintendent of Schools for payment.

Supplements

Supplements scheduled to be paid in May 2020 will continue to be paid.

Hiring and Separations

Individuals who have been recommended for hire and accepted a position before the closure, may continue to proceed through the hiring process. However, new hiring will pause during the closure. No new interims will be added unless the individual has been serving as a long-term sub (not necessarily state rate) and/or was committed by contract to transition to an interim teaching position. Employees who have submitted papers for retirement or separation will not be permitted to withdraw those requests.

Event documentation

During the period of closure, specific dates and determination of specific work schedule payments should be maintained for audit review.

Federal Funds Guidance: COVID-19 Closures

Employees paid with federal funds will follow all guidelines above as permitted by the state and federal guidance related to Covid-19.
