SUBJECT: Annual Review of Board Policies

Tenn. Code Ann. § 49-2-207 requires that the Board Policy Manual be updated every two (2) years. This required review is on our Annual Agenda to remind us of the statutory requirement. Over the past year the standing Policy Committee and staff have completed a comprehensive review of our Board Policies. Therefore, we are in compliance with this legal requirement.

**RE: City of Brentwood's Request for Sanitary Sewer Utility Easement at Scales  
Elementary School**

The City of Brentwood has planned improvements to their sanitary sewer system around Scales Elementary and is requesting easements to complete the improvements. The City is proposing to construct a new gravity sewer line that enters the school property from the north and continues generally westward and then southward to connect with an existing gravity sewer line that runs along Murray Lane, currently owned/maintained by Williamson County BoE. With the construction of this proposed sewer line, the City take over ownership and maintenance of the sewer line along Murray Lane, incorporating it into their public system.

Additionally, the City is proposing to expand their existing sanitary sewer lift station at the southwest corner of the school property. This expansion will accommodate new equipment for the station.

The City is requesting two separate easements, one for the new line and one for the station expansion. Included with this memo is a copy of the two easement descriptions and a site map. Staff recommends approval of this request.

## MEMORANDUM

TO: Williamson County School Board

CC: Jason Golden, Superintendent of Schools

FROM: Allison Nunley, Planning & Zoning Manager

DATE: January 3, 2023

RE: Open Zoned Schools and Out of Zone Reports

School Board Policy 1.703 provides the reasons students may attend schools outside of their transportation zone. Out-of-zone requests are submitted through an online software program linked through the district's website. Except for requests related to residential moves, the deadline to submit applications is April 15.

As a reminder, in May 2021, Governor Lee signed an amendment to T.C.A. Section 49-2-128 that requires LEAs to identify each school that has available space to enroll and serve additional students. The amendment allows the LEAs to reserve a reasonable number of enrollment spaces for various situations. It does not specify how LEAs are to make those determinations but does require LEAs to conduct a lottery for each school where open enrollment requests exceed the number of spaces available. All open-zoned school applications are held until after the deadline to determine if a school lottery is required.

Attached please find our 2023-24 recommendation for open-zoned schools. The third column from the right identifies reserved enrollment spaces with the second column from the right identifying the available open-zoned spots. Once approved, the list must be posted for two weeks prior to accepting applications. The online out of zone portal opens February 1 with the deadline to apply of April 15.

The report of all students attending schools outside their transportation zones for the 2022-23 school year is also attached. The first two pages are the totals for elementary and secondary schools. The zoned schools are the columns with the out of zone schools as the rows. Page three is the list of open-zoned schools with the number of spots filled as of January 3, 2023.

Staff recommends approval.
