7. Communications to the Board

a. Superintendent's Report

Superintendent Golden thanked everyone for attending the meeting, including the public speakers. Golden spoke about the incident over the weekend, alleging a social media post from a WCS teacher. He read his formal statement that was previously sent out to the public.

"Expressions that glorify or trivialize violence, especially in moments of a national tragedy, are inappropriate and unacceptable. They do not reflect the values of Williamson County Schools and undermine the trust and unity we strive to build in our community".

Golden also read the statement sent to all staff over the weekend, "Everyone, I wanted to reach out to address the tragic events that have occurred across our country and the world over the past few days and how we as professionals react and respond. Across the country, concerns are being expressed over recent comments and social media posts. We are hearing concerns, too. During this emotionally heightened time, I want to remind you of what we teach our students: words matter. As you navigate through the remainder of the weekend and into next week, I ask you to pause before hitting "send" on an email or make a social media post regarding recent events. Please recognize that this is a painful time for so many people, and professional teachers need to lead the way in empathy, compassion and decency in how we communicate. Think about how your word choice might affect others in this difficult national time, and as always, treat others how you would like to be treated."

Superintendent Golden explained the investigation process of a staff member when an allegation is made. What has been reported does not meet WCS values and standards.

b. Board Chair Report

Chairperson Brown thanked the speakers and encouraged everyone to email the Board and Superintendent Golden with their opinions. He also thanked the Sheriff's Deputies who attended the meeting.

There being no further business, Chairperson Brown adjourned the meeting at 7:55 p.m.

Chairperson

Superintendent

Williamson County Board of Education

Monitoring: Review: Annually, in October	Descriptor Term: Emergency Preparedness Plan	Descriptor Code: 3.202	Issued Date: 08/18/25
		Rescinds: 3.202	Issued: 08/19/24

1 *General*

2 The Superintendent of Schools shall be responsible for developing, maintaining, and acquiring board
3 approval of the district Emergency Preparedness Plan¹ which shall include procedures for bomb
4 threats, civil disturbances, armed intruders, earthquakes, fires, tornadoes or other severe weather, and
5 medical emergencies.

6 The principal of each school shall develop and implement emergency preparedness drills which shall
7 be approved by the Superintendent of Schools. When appropriate, such drills shall be held in
8 conjunction with emergency response agencies.

9 *The Superintendent or his/her designee shall conduct an after-action review debrief of an event*
10 *involving a major incident, major accident, and/or major response at a school or schools should*
11 *occur as immediately after the event as possible. The debrief of the event may focus on lessons*
12 *learned, and may utilize an after-action review and report, which can be a structured process for*
13 *analyzing what happened and why it happened.*

14 **FIRE AND SAFETY DRILLS**

15 The principal shall ensure that one (1) fire drill requiring full evacuation is given every thirty (30)
16 school days, with no more than two (2) fire drills occurring during the first thirty (30) full days of the
17 school year. Additionally, he/she shall ensure that four (4) fire safety educational announcements are
18 conducted throughout the year.²

19 The principal shall ensure that three (3) additional safety drills are given during the school year. These
20 drills may cover inclement weather, earthquakes, armed intruders, or other emergency drills that do not
21 require full evacuation. A record of all fire or safety drills, including the time and date, shall be kept in
22 each school's office.³

23 The principal shall regularly check the quantity, locations, and conditions of fire extinguishers and
24 shall give all school personnel instructions on how to properly use fire extinguishers.

25 The district shall work with local law enforcement and the local fire department to develop a procedure
26 for identifying the cause of a fire alarm activation. This procedure must be in place by January 1, 2025,
27 and shall be reviewed and updated annually thereafter.⁴

28 **ANNUAL DRILLS⁵**

29 The principal shall ensure that the school safety team conducts each of the following types of drills
30 annually:

- 1 1. An armed intruder drill in coordination with local law enforcement;
- 2
- 3 2. An incident command drill; and
- 4
- 5 3. An emergency safety bus drill.

6 **AED DRILLS⁶**

7 All schools shall conduct a CPR and AED drill to ensure awareness of the steps that shall be taken in
8 the event of a medical emergency. The principal shall ensure that the drill occurs.

9 The Superintendent of Schools shall develop the necessary administrative procedures on AED and
10 CPR training, planning, notification, and maintenance to comply with state law.

11 **MEDICAL EMERGENCIES/PANDEMIC FLU⁷**

12 In the event of medical emergencies such as a pandemic flu outbreak, school officials shall cooperate
13 and consult with the local and state health departments and other local emergency or healthcare
14 providers in protecting students and the community from further infection. The Director of Schools
15 shall develop procedures for health emergencies in accordance with state law.

16 **REMOTE LEARNING DRILLS⁸**

At least once each school year, a remote learning drill shall be conducted. The drill shall accurately reflect how students will transition to remote learning in the event of a disruption to school operations. Students shall not be asked or required to transition to remote learning at any time during the drill.

CTE AND HEALTH/PE TEXTBOOK & INSTRUCTIONAL MATERIALS ADOPTION

2025-2026

PE and Health Science Courses

- Health Standards, not Family Life curriculum. Family Life is a separate curriculum, which has some health standards embedded in it.
- K-5: Health standards integrated into PE, Science, and Counselor Sessions
 - No state or local adoption of materials
 - K-5 Health Standards
- 6-8: Health/PE
 - Single nine weeks course
 - Local adoption only (no materials submitted to the state for vetting)
 - 6-8 Health Standards
- 9-12: Lifetime Wellness
 - Full year course; graduation requirement
 - Publishers have submitted materials to the state for vetting
 - Lifetime Wellness Standards

Health Standards and Family Life Curriculum

- Family Life is a 1-2 day presentation
 - Presented to all middle school students and high school students enrolled in Lifetime Wellness.
 - Instruction provided by our Health/PE Curriculum Specialist, not classroom teachers.
 - Current Family Life presentation:
 - Meets incorporated health standards.
 - Meets all portions of state code.
- Health materials submitted to the state include supplemental Family Life Curriculum.
- Our intention is to keep our current Family Life presentation as it is.

CTE Courses – Electives taught at some secondary schools

Information Technology

- Computer Science Foundations
- Coding I and II
- Cybersecurity I and II

Advanced Manufacturing

- Mechatronics I and II
- Engineering Design I and II
- Principles of Engineering and Technology
- STEM Innovators, Explorers, and Designers (Middle School)

Next Steps in Adoption Timeline

Current Work – Textbook Adoption Committee

- Schools submit teacher nominations for the textbook adoption committee.
 - Licensed to teach in TN
 - Endorsed in the subject matter or grade level
 - Three (3) or more years of experience in public schools
- Selection of parents for the textbook adoption committee
 - Principals and Board Members were invited to submit names of parents for textbook adoption committee
- Textbook committee comprised of WCS teachers and parents is selected and names are submitted to WCS School Board for approval (**October**)

Next Steps in Adoption Timeline

Current Work – District Review Plans

- Schools are geographically selected to house a set of all adoption materials that our district is reviewing. These are provided for teacher and textbook committee review.
 - 5 middle schools
 - 5 high schools

- Selection of dates and times for public review (January and February)
 - 6 public review dates including daytime and evening hours to accommodate a variety of schedules.
 - All public reviews held at the PD Center.

Public Reviews of materials (Parents, Teachers, and Community Members)

Location of all public reviews: WCS PD Center

Textbook & Instructional Materials Adoption

TLA plans to report on each step of this process via school board sessions.

Tenn. Code Ann. § 49-6-2207

Adoption of textbooks and instructional materials by local board.

-
- **(a)(1)** The local boards of education are authorized and required to adopt textbooks and instructional materials to be used in the public schools of their school districts, from the list of textbooks and instructional materials listed for adoption by the commission, the adoption to be for a period of no less than three (3) years, but not exceeding the period agreed to in the state contract approved by the commission. The commission is authorized to develop guidelines under which this restriction may be waived.
 - **(2)** Boards are encouraged to adopt and make available for use by every student at least one (1) textbook or instructional materials in each subject at grade reading level in every grade.
 - **(b)** Cities or special school districts may adopt the same textbooks and instructional materials that are used in the county in which the city or district is located.
 - **(c)(1)** Local boards of education shall appoint review committees to review the textbooks and instructional materials proposed for adoption and shall make their adoption upon recommendations of such committees. These committees shall be set up by grade and subject matter fields and composed of teachers, or supervisors and teachers, and parents with children enrolled in the LEA at the time of appointment to a committee. The local board may also appoint experts in the grade level or subject matter field for which textbooks and instructional materials are to be reviewed. Experts may be college professors or credentialed subject matter specialists. The board shall determine the number of members of the committee based upon the relative size of the LEA.
 - **(2)** Teachers and supervisors who serve on a committee shall be teaching or supervising the respective grade or subject at the time of appointment. Committees shall be composed by grade or groups of grades arranged so that a committee may consider an entire series of books if it should so desire; provided, that in all cases, the teachers and supervisors appointed to the committees shall be licensed to teach in the state with endorsements in the subject matter or grade level for which textbooks or instructional materials are being reviewed. Teachers and supervisors shall have three (3) or more years of experience as teachers or supervisors in the public schools.
 - **(3)** The members of the committee authorized in this section shall serve for the length of time that the adoption process for which they are appointed lasts.
 - **(d)(1)** All members appointed on the committees shall subscribe to the oath as set out in § 49-6-2201(i).
 - **(2)** The oath shall be administered by the county mayor or by some authorized official empowered to administer an oath.
 - **(e)** The director of schools in the LEA adopting textbooks or instructional materials under this part shall serve as an ex officio member of all committees appointed under subsection (c). The director of schools shall record a list of all textbooks or instructional materials adopted by the local board of education. Immediately, at the completion of the adoption process, the director shall forward a copy of the recorded adoption to the commissioner of education and shall post on the LEA's website the list of all books adopted.
 - **(f) (1)** A local board may provide electronic textbooks and instructional materials to students enrolled in the board's public schools; provided, that the board provides students the electronic textbooks and instructional materials free of charge. **(2)** A board that provides electronic textbooks and instructional materials to students enrolled in the board's public schools shall provide:
 - **(A)** Students and teachers reasonable access to the electronic textbooks and instructional materials, including, but not limited to, providing students and teachers reasonable access to computer equipment necessary for teachers to provide, and for students to complete, homework assignments using an electronic textbook or instructional materials; and
 - **(B)** A student reasonable access to a printed version of the electronic textbook or instructional material if the student or the student's parent or legal guardian submits a written request to the principal of the school in which the student is enrolled for a printed version of the textbook or instructional material.

MEMORANDUM

DATE: October 1st, 2025
TO: School Board Members
FROM: Brian King, Assistant Superintendent for Operations
RE: 2026-2030 Capital Plan

Attached is the 5-Year Capital Plan for your review. The plan is divided into six categories:

1. Real Estate Acquisitions
2. New School Building Construction
3. Additions/Major Renovations
4. Maintenance – Asphalt Pavement Resurfacing, Roof Replacements and HVAC Upgrades at Various Schools on a Yearly Basis
5. Safety Yearly Requests – both Physical and Cyber
6. Transportation – Regular and Special Need Buses.

In preparation of this plan, we have looked at our current needs and what we are forecasting in our growth. Our zoning personnel continue to assess our needs at each school by looking at current enrollment and trends. They also monitor growth by monitoring new developments in our county.

Some highlights of this plan are:

- Reduced the current year's capital request from \$143,325,00 in last year's plan to \$44,635,000
- Reduced overall 5-year capital plan from \$878,984,664 to \$662,204,900
- Reduced the number of new construction projects based on growth stabilization.

- There are additional major renovations added to our 5-year plan, focusing on schools built between 1990-1995.
- Maintenance is requesting \$12 million to replace the outdated ballast-style lighting systems at our high school athletic fields with LED lighting.
- The physical and cybersecurity requests include phase 3 of our access control and intercom / alert system.
- Transportation needs are included in the plan for the replacement of retired buses within our fleet. Overall, we are reducing our general education inventory with a slight increase in our special education fleet.

Attached is a copy of the current proposed plan for your review as well as a copy of last year's approved plan for comparison.

RE: Amendments, Intracategory Transfer and Resolutions for 2025-2026
Date: October 16, 2025

The following budget amendment for the 2025-2026 fiscal year will require your approval only.

General Purpose School Fund Amendments:

10.25. Special Schools Transportation Reimbursement

Student Support Services applied for and has been approved to receive reimbursement funding related to bus transportation for special education. **\$136,618**

The following budget resolutions and intercategory transfer for the 2025-2026 fiscal year will require Board and Commission approval.

General Purpose School Fund Resolutions:

11.25. Buses

This is our yearly request for the next school year. We need to replace eight General Education buses, replace seven Special Education buses, and need four growth Special Education buses. We will fund through fund balance. **\$3,184,000**

11.25. Intercategory Transfer Salary 25-26

During budget preparation the 2 % raise on the pay charts, supplement chart adjustment and two extra days of paid leave for all 10 and 11 month classified staff was included in one line item of the budget within the Board of Education major category. It is now necessary to transfer this cost for salary and benefits to the proper accounts. The attachment to the resolution reflects the various salary and benefit amounts that need to be transferred. **\$12,465,616**

Staff recommend approval of the above-mentioned budget amendments, resolution, and transfer.

Amendment

AMENDING THE 2025-2026 GENERAL PURPOSE FUND BUDGET BY \$136,618 FOR STATE SPECIAL SCHOOLS TRANSPORTATION REIMBURSEMENT

WHEREAS, the Student Support Services department applied to TDOE for the IDEA State Special School Transportation Reimbursement of FY25 expenses; and

WHEREAS, we have been approved an amount to be distributed based on a percentage of the total available reimbursement across all approved LEA submissions; and

WHEREAS, the reimbursement will be received from federal funds and must be included in the FY26 general purpose transportation budget for special education;

NOW, THEREFORE BE IT RESOLVED, that the Williamson County Board of Education meeting in regular session on October 20, 2025, approve and amend the **2025-2026** General Purpose Fund budget in the following manner:

POLICY REVIEW OR CREATION REQUEST

This form will be completed for all new policies and all recommendations for revisions to or deletions of policies of the Williamson County Board of Education. Attach any information which would be helpful to understand the proposed changes or actions.

Recommended by: Staff General Counsel Board Member _____ Tony Bostic _____

Date Submitted to General Counsel: _____ March 28th 2025 _____

Recommendation: add , revise , or delete the following Policy number(s) and title(s):

4.401 Textbooks and Instructional Materials

Brief summary of the proposed addition or changes:

Pg 2 line 6 – add bullet point stating “*Have any data or studies showing better student outcomes with particular consideration given to any ESSA (Every Student Succeeds Act) Tier data.*”

Pg 2 line 12 – change language to “*Any Members of the Board may also choose to serve as ex officio members.*”

Pg 2 line 13 – add language stating, “*...submitted to the Board for approval along with written explanations from teachers, supervisors of teachers, and parents describing the reasoning for recommending the chosen textbook or instructional material. Additionally, any WCS teacher, having distinction within the field of the curriculum which is under consideration for adoption, are encouraged to provide written explanations to the Board regarding their reasoning for recommending a particular textbook or instructional material up for consideration.*”

Pg 2 before line 14 – add new paragraph language stating, “*After the textbook adoption committees’ selections are submitted to the Board for approval, a presentation shall be made to the Board with all committee members and any WCS teachers that wish to attend. The purpose of this presentation shall be to facilitate dialogue and discussion between the Board and committee members and teachers in order to provide reasoning and/or feedback about the textbook recommendations submitted by the committee.*”

Brief justification of why additions or changes needed or required:

To hone our textbook adoption process in order to build stronger rapport and collaboration between the Board, teachers, and Central Office

Staff analysis of the proposed addition or changes in terms of the following:

Legal implications; educational benefits; impact on the staff at the building level; impact on staff at the district level; immediate and future changes in numbers of assignments of personnel; immediate and future budgetary impact.

		Rescinds: 4.401	Issued: 03/21/22

1 **General**

2 All classrooms shall be equipped with the textbooks and instructional materials needed to provide quality
3 learning experiences for students in accordance with state law.¹ The Board shall provide a wide range of
4 textbooks and instructional materials that cover all levels of difficulty, generate critical thinking, and
5 support the educational programs.

6 **Part Definitions**

7 Board adopted textbooks and instructional materials shall be defined as any medium or manual of
8 instruction which contains a systematic presentation of the principles of a subject, and which constitutes
9 a major instructional vehicle for that subject.²

10 Supplementary instructional materials shall be defined as additional resources selected by educators to
11 enhance instruction in alignment with the Tennessee academic standards.

12 **SELECTION OF BOARD ADOPTED TEXTBOOKS AND INSTRUCTIONAL MATERIALS**

13 The selection of textbooks to be considered for adoption by the Board and instructional materials shall
14 be completed according to the laws and policies required by the State of Tennessee and the State
15 Textbook and Instructional Materials Quality Commission.³ The responsibility for Board approved
16 textbook and instructional materials selection rests with the local textbook selection committees, subject
17 to approval by the Board. The Board will appoint textbook selection review committees to review the
18 textbooks and instructional materials that are proposed for adoption. The committees shall be established
19 by grade level and subject matter fields.

20 The Executive Committee shall prepare a recommended list of committee members for the Board to
21 consider. Members of the committee shall be teachers, supervisors of teachers, and parents with children
22 currently enrolled in a school under the jurisdiction of the Board at the time of the appointment. Teachers
23 and supervisors who are appointed shall be teaching or supervising the respective grade level or subject
24 at the time of appointment, must be licensed in Tennessee with endorsements in the grade level or subject
25 matter, and must have at least three years of experience teaching in public schools. All committee
26 members shall be voting members. The Board may appoint experts in the grade level or subject matter
27 field for the textbooks and instructional materials to be reviewed.

28 The review shall include an examination as to whether the textbooks or instructional materials:

- 29 • Conform to the standards for their subject areas or grade levels;

30

- 1 • Are free of any clear, substantive, factual or grammatical errors;
- 2
- 3 • Contain content that is accurate and free of bias;
- 4
- 5 • Comply with and reflect the values expressed in §49-6-1028(b), if the textbook or instructional
- 6 materials are being considered for adoption as a textbook or instructional materials for
- 7 education of students in general studies and specifically in United States history and this
- 8 nation's republican form of government.
- 9
- 10 • *Have any data or studies showing better student outcomes with particular consideration*
- 11 *given to any ESSA (Every Student Succeeds Act) Tier data.*

12 Experts may be college professors or credentialed subject matter specialists. Upon recommendation by
13 the Superintendent, the Board shall determine whether an individual is a credentialed subject matter
14 specialist. Experts so appointed shall not be voting members of any committee but may present
15 information to the committee for consideration.

16 The Superintendent shall be an ex officio member of all committees appointed and shall not be a voting
17 member. *Any* Members of the Board may *shall* also serve as ex officio members *and shall not be voting*
18 *members*. The textbook adoption committees' selections will be submitted to the Board for approval
19 *along with written explanations from teachers, supervisors of teachers, and parents describing the*
20 *reasoning for recommending a chosen textbook or instructional material. Additionally, any WCS*
21 *teacher having distinction within the field of the curriculum which is under consideration for*
22 *adoption are encouraged to provide written explanations to the Board regarding their reasoning for*
23 *recommending a particular textbook or instructional material up for consideration.*

24 *After the textbook adoption committee's selections are submitted to the Board for approval, a*
25 *presentation shall be made to the Board. ~~with all committee members and any WCS teachers that wish~~*
26 *to attend. The purpose of this presentation shall be to facilitate dialogue and discussion ~~between the~~*
27 *Board and committee members and teachers in order to provide reasoning and/or feedback about the*
28 *textbook recommendations submitted by the committee.*

29 All committee members must swear to the oath required by state law. The members of the committees
30 appointed shall serve for the length of time the adoption process for which they are appointed lasts.

31 At least one set of publishers provided review materials to be considered by the committees shall be
32 available at the central office during the review period for examination by Board members, WCS
33 employees, and the general public. Online access to the textbooks and materials shall be provided to the
34 fullest extent possible. The public will be made aware of the dates the textbooks and materials are
35 available for review prior to their adoption.⁴

36 SELECTION OF SUPPLEMENTARY INSTRUCTIONAL MATERIALS

37 The responsibility for selection of supplementary instructional materials is delegated to the
38 professionally trained personnel employed by the school system. Selection of supplementary
39 instructional materials may involve many people including library media specialists, curriculum
40 specialists, teachers, students, principals, administrators, parents, and the community.

1 Gifts of supplementary instructional materials, meeting the selection standards, may be accepted.

2 **INSPECTION AND REVIEW**

3 Board approved textbooks, instructional materials and/or supplementary instructional materials shall
4 be available for inspection by parents/guardians upon request. The Superintendent shall develop
5 procedures for inspection of materials and distribute these procedures to each principal.⁵

6 **CARE OF BOARD APPROVED TEXTBOOKS, INSTRUCTIONAL MATERIALS, AND** 7 **SUPPLEMENTARY INSTRUCTIONAL MATERIALS**

8 Instructional materials supplied to students by the Board are district property, and the teacher shall see
9 that they are taken care of and returned by the close of the school year. Parents and guardians shall accept
10 full responsibility for the proper care, preservation, return, or replacement of instructional materials that
11 are issued to their children.

12 Fines may be assessed at the discretion of the principal in cases where the student or parent/guardian
13 damages, loses, or defaces the textbook or instructional material. The principal may include with the
14 notice a provision stating that failure to pay the fine imposed within a reasonable time may result in the
15 imposition of one of the following sanctions:

- 16 1. Refusal to issue any additional textbooks until restitution is made; or
- 17
- 18 2. Withholding all report cards, diplomas, certificates of progress, or transcripts until restitution is
19 made.
- 20

21 The principal also reserves the right to waive fines when appropriate.

22 **RECONSIDERATION OF BOARD APPROVED TEXTBOOKS, INSTRUCTIONAL** 23 **MATERIALS AND SUPPLEMENTARY INSTRUCTIONAL MATERIALS⁶**

24 A complaint about Board approved textbooks, instructional materials and supplementary instructional
25 materials may only be made by a current WCS parent/guardian, employee, or student. If there is a
26 complaint, this process is to be followed:

- 27 1. Inform the complainant of the selection procedures and make no commitments.
- 28
- 29 2. Request the complainant complete and submit a Request for Reconsideration of Board
30 Approved Textbooks, Instructional Materials and/or Supplementary Materials form.
- 31
- 32 3. Inform the Superintendent of Schools and other appropriate personnel.
- 33
- 34 4. Keep challenged materials available for use during the reconsideration process. An individual
35 parent may request that his/her child not have to use a given Board approved textbook,
36 instructional material or supplementary material provided a written request is made to the
37 principal. The materials shall be removed immediately if they:
- 38

- 1 a. Were created to align exclusively with Common Core; or
2
3 b. Are marketed or otherwise identified as Common Core textbooks or instructional
4 materials.
5
6 5. The principal shall request review of the challenged materials by an ad hoc materials review
7 committee within fifteen (15) working days. The ad hoc review committee is appointed by the
8 Superintendent or designee within seven (7) working days of receiving the request for review
9 and includes representatives from central office staff, classroom teachers, one or more parents,
10 and may include one or more students.
11
12 6. The ad hoc review committee shall take the following steps after receiving the challenged
13 materials:
14
15 a. Read, view, or listen to the material in its entirety;
16 b. Check general acceptance of the material by reading recognized and evaluative reviews;
17 c. Determine the extent to which the material supports the curriculum;
18 d. Complete the appropriate Checklist for Reconsideration of Board Approved Textbooks,
19 Instructional Materials and/or Supplementary Instructional Materials, judging the
20 material for its strength and value;
21 e. Invite the complainant to an interview; and
22 f. Present decision to complainant and the Superintendent or designee.
23

24 If the complainant or any affected employee of WCS wishes further action after receiving the
25 decision of the ad hoc review committee, an appeal may be made to the Board of Education within
26 fifteen (15) working days of the date of the ad hoc review committee decision. This appeal should
27 be made in writing to the Superintendent of Schools who shall schedule the matter on the agenda of
28 the next regular meeting of the School Board. If no appeal is filed within the above deadline, the
29 determination of the ad hoc review committee shall be final for up to two (2) years. The decision
30 of the Board may be binding for up to two (2) years, and the Board may determine the scope of its
31 decision throughout the district.

POLICY REVIEW OR CREATION REQUEST

This form will be completed for all new policies and all recommendations for revisions to or deletions of policies of the Williamson County Board of Education. Attach any information which would be helpful to understand the proposed changes or actions.

Recommended by: Staff General Counsel Board Member Claire Reeves

Date Submitted to General Counsel:
 9/23/25

Recommendation: add , revise , or delete the following Policy number(s) and title(s):

Use of Wireless Communication Devices 6.312

During the June work session and board meeting, discussion made it clear that some on the Board did not want to delay updates to the wireless communication device policy. In fact, the purpose of scheduling committee discussion about this policy for August and September was to ensure the Board would have time to review their suggestions and revise the policy in time for meaningful implementation during the current school year.

However, the committee's recommendation included a delay that wasn't requested by the Board nor aligned with the urgency we expressed in those meetings. To that end, I'm submitting this policy review request for our October policy meeting to align with both the new state law now in effect and the Board's originally stated timeline for action.

Brief summary of the proposed addition or changes:

Please refer to attached documents. I have included the rewritten policy, the committee feedback document from the September work session, a comparison chart outlining the current policy and the proposed revisions, and emails sent to the Board from parents in support of an "Away for the Day" policy, including three committee members, and Warren County's "Away for the Day" policy.

Elementary Committee Feedback Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Clarify that 'silenced' also means off-body	Explicitly states devices must be stored off-body, <u>not in pockets or on wrists.</u>
Watches are still a concern	Smartwatches fall under the same policy as phones and must also be stored off-body.
Reinforce cubby/backpack storage	Allows for classroom-specific storage solutions.
Developmentally appropriate consequences	Includes tiered, age-appropriate consequences provided by the committee.

Middle School Committee Feedback

Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Clarity on 'silenced' devices	Updated to require devices be 'silenced and stored off the body'.
Define educational purpose	Policy defines specific educational use, aligned with curriculum.
Keep lunch, transitions, study hall off-limits	Policy consistently prohibits use during all school day periods.
Consequences tied to Code of Conduct	Includes tiered, age-appropriate consequences provided by the committee.

High School Committee Feedback

Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Anticipated resistance to lunch restrictions	Policy enforces consistent bell-to-bell rules, including lunch. To prepare students and staff, enforcement would begin January 2026.
Concern about student/parent communication	Emergency Communication section outlines staff-led parent contact and safe opportunities for student contact when appropriate.
Request for clearer language about transition periods	Defines 'school day' to include class transitions, eliminating ambiguity.
Support for phone pouches or lockers	Policy permits storage in lockers, backpacks, or teacher-designated areas, supporting pouch/locker implementation.
Clarify educational use	Defines educational use with clear examples and prohibits general access to devices.
Graduated consequences	Includes tiered, age-appropriate consequences provided by the committee.

Family Feedback Trends From Survey

Family Feedback	How Revised Policy 6.312 Addresses Family Feedback
Desire for clearer enforcement	Policy includes visible, structured consequence ladders for all levels.
Concern about emergency access and safety	Includes language about emergency communication through school channels.
Concern about distractions, social issues, and mental health	Policy rationale ties device restriction to improved focus and well-being.
Mixed views on device use during non-instructional times	Policy provides consistent bell-to-bell expectations for ease of enforcement.
Support for stricter device rules, especially for younger students	Applies consistent rules across K–12 while preserving flexibility via accommodations.
Recognition of need for balance and accommodations	Preserves exceptions for IEPs, 504s, Health Plans, and assistive technology.

Brief justification of why additions or changes needed or required:

School districts across the nation are moving toward consistent “Away for the Day” policies for grades K-12 and for good reason. The revised policy begins with a purpose section so that all stakeholders understand the rationale for the policy.

What is one of the biggest benefits of “Away for the Day”? Enforcement becomes easier and more consistent when the rules are consistent across all grade levels. Right now, our policy allows partial device usage in high school. That inconsistency actually makes it harder for staff to enforce. When phones are allowed “sometimes” or in certain places, it creates gray areas and leads to frustration for both students and teachers.

We see this reflected in the data (<https://www.pewresearch.org/short-reads/2024/06/12/72-percent-of-us-high-school-teachers-say-cellphone-distraction-is-a-major-problem-in-the-classroom/>) :

- 60% of high school teachers say phone enforcement is difficult (Pew Research).
- Only 12% of elementary teachers say the same. One key difference is that policies for younger grades tend to follow a clear “Away for the Day” model.

Furthermore, what’s working for our middle schoolers should work for our high schoolers. A clear, consistent policy of away, off the body, all day is easier to enforce and helps everyone stay on the same page.

And let’s be honest: if parents check their high schooler’s screen time, it’s usually not spent on college or job apps. It’s overwhelmingly spent on social media (TikTok, Snapchat, Instagram) not on ACT scheduling or “essential communication.” That kind of phone use is a distraction from learning and face-to-face socializing.

Yes, high schoolers need to learn responsibility, but that includes knowing when and where to use their phones. Tasks like scheduling the ACT, replying to a boss, or checking notifications don't need to happen during lunch. That's what before and after school is for.

Independence for our high schoolers doesn't come from phone access during the school day. Real independence means managing your time, planning ahead, and owning your responsibilities. That's the kind of growth this policy encourages.

Staff analysis of the proposed addition or changes in terms of the following:

Legal implications; educational benefits; impact on the staff at the building level; impact on staff at the district level; immediate and future changes in numbers of assignments of personnel; immediate and future budgetary impact.

Name of Individual Submitting Policy for Review

Date

Policy 6.312 Use of Wireless Communication Device Policy (Away for the Day)

Purpose

This policy is required by Tennessee law and establishes clear and consistent expectations for the possession and use of personal wireless communication devices by K–12 students. Its purpose is to ensure that instructional time and school environments remain free from unnecessary distractions and to promote student engagement, well-being, safety, and a positive school environment.

Research and safety experts agree that limiting device use during the school day:

- Improves learning by keeping students focused and engaged.
- Supports well-being by reducing social pressures, bullying, and anxiety.
- Strengthens safety by ensuring students follow staff directions in an emergency. Parents will be notified through the school’s emergency communication system. Safety experts caution that parents calling or texting students during an emergency can put students at greater risk by drawing attention to them and disrupting established safety procedures.

Definition

For purposes of this policy, wireless communication devices include, but are not limited to:

- Cell phones
- Smart watches
- Ear buds / AirPods
- iPods / MP3 players
- CD players, Walkmans, or radios
- Pagers or beepers
- Handheld electronic games
- Non-school issued laptops or tablets or any portable devices capable of communication or gaming

General Rule

K–12 students are prohibited from using personal wireless communication devices during the entire school day (i.e., first bell of the day to last bell of the day), including instructional periods, class transitions, study halls, and lunch time.

All devices must remain silenced and stored off the body in:

- Backpacks, purses, or similar personal bags
- Teacher-designated storage areas within the school setting
- Lockers
- Personal vehicles

Devices may not be stored in clothing, pockets, or on the body, as this allows for easy access.

School Setting

“School setting” includes all areas of the campus or school-sponsored environments during the school day, whether instruction is actively occurring or not, including but not limited to:

- Classrooms and libraries
- Lunch areas and auditoriums
- Gymnasiums and physical education areas (indoor and outdoor)
- Performing arts areas
- Locker rooms
- Administrative offices

- Nurse’s office, counseling/medical/psychological spaces
- Bathrooms
- School Buses and other district-provided transportation for field trips/travel during school day

Leaving class during instructional time to use a device in another school setting is a violation of this policy.

Emergency Communication

All staff members have access to communication devices during the school day and may contact the school office in case of an emergency.

In an emergency, school staff will initiate established communication protocols to notify parents/guardians by text message, email, and/or phone call. Students will also be permitted to contact a parent/guardian once it is safe to do so under staff direction.

Safety experts strongly caution against parents calling or texting students during an active school emergency, as this can draw attention to students’ locations and interfere with their ability to follow safety instructions. Parents are urged to await official communication from the school.

In non-emergency situations, parents/guardians will be contacted by school officials via text message, email, or phone call.

Exceptions

Students may use personal communication devices only when:

1. Authorized by a teacher for a specific educational purpose. A “specific educational purpose” means that the device is being used as a tool directly tied to the learning objectives of the lesson and under active teacher supervision.

Examples include:

- a. Accessing a teacher-directed digital resource not otherwise available on school-issued technology.
- b. Using translation or accessibility applications as part of instructional activities.
- c. Documenting a project, experiment, or performance when directed by the teacher.
- d. Participating in structured class activities (e.g., polling software, classroom response systems) where the teacher requires device access.

Educational purpose does not include:

- a. Free or unsupervised internet browsing.
- b. Listening to music, playing games, or watching videos unrelated to instruction.
- c. Messaging, social media, or personal communication.
- d. Using the device as a reward or filler activity in lieu of teacher-directed instruction.

Teacher authorization may not be granted for the purpose of convenience when school-issued devices or classroom materials are available for instructional purposes. Permission to use a personal device is an exception, not the norm, and should be revoked immediately if misused.

2. Required by an IEP, 504 Plan, or Health Care Plan.
3. Needed to manage a documented medical condition in accordance with a healthcare provider’s orders.
4. Used as approved assistive technology. Assistive technology refers to any item, equipment, or system that increases, maintains, or improves the functional capabilities of a student with a disability.

Examples include:

- a. A smartphone or tablet with text-to-speech or speech-to-text features for students with reading or writing disabilities.

- b. Accessibility apps that provide communication support for students with speech or language impairments.
- c. Audio recording functions permitted for students with documented memory, auditory processing, or attention-related disabilities.

Use of assistive technology must be:

- a. Clearly documented in the student's IEP, 504 Plan, or Health Care Plan
- b. Approved by the case manager, school administrator, or designated staff.
- c. Limited to functions directly tied to the accommodation or support need.
- d. Any use of a device outside of the documented accommodation (e.g., texting, gaming, or personal use) is a violation of this policy and subject to disciplinary action.

Student use under these exceptions is not a student right but a limited accommodation/authorization.

Prohibited Uses

Students are prohibited from:

1. Using devices in any manner that threatens academic integrity, disrupts learning, or violates privacy rights.
2. Using devices to cyberbully, harass, or threaten another student
3. Taking, sending, sharing, viewing, or possessing pictures, text messages, emails, or other material depicting sexually explicit conduct, as defined in Tennessee Code Annotated § 39-17-1003 and related statutes (including § 39-17-1002), while the student is on school grounds, at school-sponsored events, or on school buses or vehicles provided by the district.
4. Recording or photographing without consent.
5. Students may not use personal devices to access the internet through unauthorized means (e.g., personal hotspots, VPNs, or circumvention of school network filters).
6. Charging devices using school resources during the school day.

Search & Seizure of Devices

By bringing a device to school, students and parents/guardians acknowledge that the device is subject to search by a school administrator if there is reasonable suspicion, based on objective facts, that the device contains evidence of a violation of school policy or law. Any search will be conducted in a manner consistent with federal law (New Jersey v. T.L.O.) and Tennessee law (T.C.A. § 49-6-4204 and § 49-6-4205) and will be limited in scope to the suspected violation. Content or images that violate state or federal law may be referred to law enforcement.

Staff Expectations

Teachers and staff members will consistently and fairly enforce this regulation. Teachers will clearly designate storage areas in classrooms for students who cannot store devices in backpacks, lockers, or purses/bags.

Teachers and staff will not use phone breaks as student rewards.

Teachers and staff should model appropriate device use by refraining from personal use during instructional time.

Student & Family Responsibilities

Bringing a personal wireless communication device to school is strictly optional. These devices are not required for instruction and do not enhance learning during the school day.

Students are solely responsible for any personal wireless communication devices they choose to bring to school or school-sponsored events. The school district will not assume responsible for loss, theft, damage, or unauthorized use of these devices.

Consequences

Any visible device during school hours may be confiscated. Confiscated devices will be secured and returned to the student at the end of the school day.

Violations of this policy will result in disciplinary action. Repeated violations will lead to progressive consequences. Final determination of disciplinary measures rests with school administration.

Elementary School

- **First Offense:** Device placed in cubby/backpack. Teacher/staff member communicates with student and family, reteaching of expectations. Device goes home with student at end of day.
- **Second Offense:** Device sent to administrator. Administrator communicates with student and family, reteaching of expectations. Device returned to student at end of day.
- **Third Offense:** Device sent to administrator. Administrator communicates with student and family, reteaching of expectations. Parent/guardian required to pick up the device.

Middle School

- **First Offense:** Teacher/staff member redirects student to put device away. Reteaching of expectations. Student stores device away until end of class/day.
- **Second Offense:** Teacher/staff member confiscates device and delivers to administration. Parent notified; parent must pick up device at end of day.
- **Third Offense:** Escalated consequences for non-compliance, which may include loss of privilege (device held in office), demerits, or detention, or in-school suspension.

High School

- **First Offense:** Teacher/staff member redirects student to put device away. Reteaching of expectations. Student stores device away until end of class/day.
- **Second Offense:** Device confiscated and delivered to administrator who notifies parent and reviews expectations with student. Parent conference held as needed.
- **Third Offense:** Escalated consequences for repeated non-compliance. Focus shifts to addressing pattern of behavior. Examples of escalated consequences include loss of privilege (device held in office), detention, or in-school suspension.

Additional Consequences (All Grades)

- Referral to law enforcement may occur if device use involved content or behavior that violates state or federal law.
- Progressive consequences beyond the third offense may be applied at the discretion of the school administration in alignment with the Student Code of Conduct.

Old vs New Policy Comparison

Section	Current Policy	New Policy
Purpose	No purpose section.	Explicit Purpose section. States policy required by TN law (Public Acts of 2025, Chapter 103). Adds expert rationale citing safety, well-being, and learning benefits.
Definitions	Devices defined generally as any portable wireless device with voice, messaging, or data capability (wearable tech, cell phones, laptops, tablets, gaming devices).	Expanded definition: includes phones, smart watches, earbuds, iPods, MP3 players, radios, pagers, handheld games, non-school issued laptops or tablets, or any portable communication/gaming device.
General Rule	Grades K-8: devices silenced, not used. Grades 9-12: devices silenced, not used except during lunch.	Prohibits use during entire school day (first to last bell), including transitions, study halls, and lunch. Stronger than old policy. Devices must be stored off-body.
School Setting	No definition of 'school setting' provided. Policy focused on possession/use by grade level rather than locations.	Defines 'school setting' comprehensively: classrooms, gyms, libraries, admin, nurse, counseling, bathrooms, locker rooms, buses, and field trips.
Emergency Communication	Emergency plan: parents alerted via text/email/phone in event of emergency. No detail on student contact or safety expert guidance.	Detailed section: staff initiate emergency protocols; students may contact parents once safe. Explicit safety expert caution against parents calling/texting during emergencies.
Exceptions	Permitted uses: emergencies, teacher authorization for educational purposes, healthcare plans, IEP/504, assistive technology. Broad and flexible with little restriction.	Exceptions narrowly defined. Teacher authorization requires direct link to instruction. Convenience uses excluded. Includes detailed safeguards for assistive technology. Exceptions explicitly not student rights but accommodations.
Prohibited Uses	Prohibited uses implied by context but not detailed. Did not specify cyberbullying, unauthorized internet use, charging, or privacy violations.	Expanded prohibited uses: academic dishonesty, cyberbullying, harassment, threats, explicit conduct (T.C.A. 39-17-1002 & 1003), unauthorized internet (hotspots/VPNs), recording without consent, charging at school.
Search & Seizure	Search authority implied under general district authority, not detailed. No explicit reference to T.L.O. or TN law in this version.	Detailed section: searches by administrators only, based on reasonable suspicion. References New Jersey v. T.L.O., T.C.A. 49-6-4204, 49-6-4205. Scope limited to suspected violation.
Staff Expectations	No staff expectations outlined. Enforcement not detailed beyond confiscation possibility.	Staff must enforce consistently, designate storage, model good behavior, and not use phones as rewards. Clearer than old policy.
Student & Family Responsibilities	Students permitted to bring devices. No statement that bringing is optional or not required. Liability not explicitly disclaimed.	Explicitly optional. Not required for instruction or learning. Students solely responsible. District not liable for loss, theft, or damage.
Consequences	Unauthorized use may result in confiscation for the day. General disciplinary action referenced, but no tiered framework or escalation by grade.	Tiered consequences by grade band (elementary, middle, high) with escalating actions (reteaching, parent pick-up, loss of privilege, detention/ISS). Referral to law enforcement possible. Progressive consequences beyond third offense allowed.

Subject: WCS Personal Device Policy - New State Law

Dear Claire,

I'm a WCS dad of four and wanted to reach out to you about WCS's personal device policy. As you likely know, the Tennessee State Legislature has [passed a new law](#) which requires all school districts, including WCS, to develop a wireless communication device policy. WCS already has [acceptable use guidelines](#), but they are very permissive, allowing students to use devices during non-instructional time, or with teacher permission.

The state law provides a "floor," requiring districts to restrict use during instructional time without teacher permission, but leaves it to districts to decide in their policies about use during non-instructional time, and when teachers can grant permission for students to use the phone.

The law takes effect on July 1, and WCS is required to develop a policy by the start of the school year. As you board deliberate on the policy, I encourage you to include two key elements:

- Enact a "bell-to-bell" (also called "away for the day") policy, where students are not permitted to use their phone the entire day. Phone use during instructional time is already restricted by WCS guidelines, but phone use during non-instructional time may be even more harmful, contributing to bullying, anxiety and social disconnection. This is true across all age bands, from elementary through twelfth grade.
- Eliminate use of phones in class with teacher permission. Although flexibility is always appealing, there are three main issues with this:
 - teachers requiring cell phone use for instruction, which creates issues for students without phones (for example, using personal phones in art class for drawing, or requiring phone usage to submit weightlifting records in PE). Since WCS provides devices for students, asking students to use their personal phones is unnecessary and inappropriate.
 - teachers using phone access as an incentive. In many classes, teachers assign a worksheet and tell students that they can use their phones when the worksheet is done. This creates an incentive for students to rush through the worksheet, and crowds out instruction that could be taking place.
 - Inconsistencies between classrooms and across the district. In my conversations with staff and parents around WCS, I was surprised to learn how much variability there is by school. Teachers I've spoken with would prefer a district-wide uniform policy so they don't have to play the role of "phone police" in their classrooms.

I'm certain you're familiar with the ample research on the downsides of personal phone use in schools, but I have found [Away for the Day](#) and the [Phone Free Schools Movement](#) to be particularly helpful. I have included some key research results at the bottom of my email.

I know that some parents prefer to be able to contact their students during the day, but from talking to teachers and administrators, this seems to yield more problems than benefits. The

state law includes exceptions for emergencies, and parents can always reach their student by calling the office. In a true emergency, students need to be following the instructions of their teachers, not texting with their parents. In national surveys, a substantial majority of parents support bell-to-bell restrictions.

Arkansas, South Carolina and Louisiana have implemented statewide bell-to-bell policies, as have nearly all private schools in and around Williamson County. In fact, about 40% of schools in the US have already implemented bell-to-bell policies, and the proportion is skyrocketing.

I encourage the WCS board to pass a bell-to-bell policy for the benefit of our students. Thanks for considering, and for all the work you do for WCS.

Adam

PS I'm on the newly-formed WCS screen time committee. I'm very excited about this, but the committee is not scheduled to meet over the summer, so our report won't be available in time for your policymaking. My sense is that WCS staff are planning to recommend doing the "floor" required by state law (which is already in our acceptable use guidelines) and to defer further decision making until the 2026-2027 school year, which is too late, in my opinion, so I hope the board will act now.

Benefits and Outcomes of Bell-to-Bell Policies

Academic Performance

Removing or limiting phones can boost student learning. For example:

- A [UK study](#) found schools that instituted phone bans saw test scores improve by ~6%, especially among lower-achieving students.
- In the U.S., an [analysis by Yondr](#) in 2024 across 37,000 grades found student pass rates and GPAs rose by an average of 6.3% after phone restrictions and high school juniors and seniors had a 38% higher probability of earning passing grades in core classes after phones were removed.
- At [KIPP NYC College Prep](#), stricter phone rules coincided with higher AP exam scores and overall grade improvements post-pandemic.
- Teachers report being able to [cover more material and assign longer tasks](#) once phones are removed from the classroom.

Student Behavior and Discipline

Bell-to-bell policies have correlated with significant reductions in student misbehavior:

- Bentonville, Arkansas reported [a 57% drop](#) in verbal or physical aggression incidents post-ban.
- A California high school using Yondr pouches saw a [75% reduction](#) in behavioral referrals after adopting a phone-free policy.
- [NEA survey \(2024\)](#): 90% of teachers supported prohibiting phones during instructional time, 83% supported full-day bans.

Student Engagement and Social Interaction

Bell-to-bell policies appear to encourage more peer interaction:

- After Newburgh Free Academy in New York banned phones, [teachers noted](#) the lunchroom became noisier with kids playing cards instead of watching Tiktok.
- KIPP NYC observed a [50% increase in attendance](#) at after-school events post-ban.
- [Bentonville teachers reported](#) 86% of students were more engaged in lessons, and 75% showed more in-class peer interaction after phone bans.

Mental Health and Well-Being

In terms of mental health, research on bell-to-bell policies suggests:

- Schools [report reductions in cyberbullying](#) incidents and viral challenge disruptions after banning phones. xxxx
- Students often [report feeling less overwhelmed](#) by social media drama during school hours post-ban.

School Safety Considerations

- Some parents worry about communication during emergencies, but educators and safety experts caution that student cell phone use during emergencies increases danger by [distracting students from safety and emergency response directions](#) from teachers and staff, [promoting rumors that can cause panic](#) and impeding public safety response by causing parents to rush to the scene before first responders can secure the scene and evacuate students (we saw this recently at Ravenswood).

- Student use of cell phones during emergencies can interfere with [first responder communication](#).
- Even worse, cell phone use can directly [endanger students](#) by attracting intruders to the “ding” of a student’s phone.
- The mother of a student who died in the Marjory Stoneman Douglas school shooting has [advocated for phone bans](#) along with school safety investments.
- Schools typically permit [emergency exceptions](#), and emphasize rapid communication through official channels.

Hello, Board Members.

I have never reached out, nor have I met any of you before. I have a daughter at [REDACTED] and two daughters [REDACTED] and one son [REDACTED]

Recently I was made aware of a new school policy that is either banning or reducing device usage in Williamson County schools. BRAVO. These devices are stealing so much from our society in so many ways, especially our youth. I support full banning of all devices in all schools, so thank you for anything you choose to do along that front.

By the way, I went to my first soccer game at Geodis Park the other day, as a guest. You have to use your phone to scan your tickets to get into the stadium. You have to use your phone to pay for concessions (no cash; they do still take cards). Our hosts had an upgraded seat section so they had to scan their phones for us to access our seats. Yes, this meant they had to escort us to the bathroom so they could scan us back into our seats. It has absolutely gotten ridiculous.

Thank you for looking out for our kids.

Williamson County Board-

My [REDACTED] and I have read The Anxious Generation by Jonathan Haidt. [REDACTED] dad, and I are passionate about schools becoming phone free bell-to-bell for k-12, including lunch time and including phones not being with students in backpacks during the day. [REDACTED]

[REDACTED] Classmates have repeatedly shared sexual content [REDACTED] during class hours, both on their personal devices and on school Chromebooks through YouTube. Through social media, due to same grade classmates sending male full frontal nudity of themselves (more than 2 dozen images on Snapchat), [REDACTED] decided to give up socials in February 2025 (Snapchat, Insta, TikTok), after which [REDACTED] experienced extreme loneliness at the lunch table, as [REDACTED] table-mates continued with their social media habits, leaving [REDACTED] to sit in silence. As a result, [REDACTED] current solution for [REDACTED] is to allow dual enrollment as much as possible from home so that [REDACTED] can have social interaction (with family) during the day, while still participating in [REDACTED] and extra-curricular school activities. If [REDACTED] were to offer social freedom (phones free) during lunch, however, [REDACTED] would be motivated to actually be able to talk to [REDACTED] friends during the day.

As a counselor at a local church camp where phones are not allowed for kids 5th-HS graduates 2013-current, I have noticed that while some kids may be hesitant to turn in phones initially, none of them asks for [REDACTED] phone when real life social interaction is offered as an alternative. The freedom from phones comes when the majority of peers are not turning to their phones for social interaction. Giving up a personal phone does not bring relief from the phone addiction for teens; the relief comes when a group of friends practice social freedom together. When offered to option to use social media or not, the truth of addiction tells us teens will almost always choose the phones. But, if we can offer these highly social kids an environment where friend groups are interacting without screens, I believe they will show us a way out of depression, loneliness, and anxiety. They are delightful individuals who are desperate for us to speak up for their social wellbeing. And, I believe many younger Gen Z in our community are ready to work on a solution.

Thank you!

Dear WCS school board members,

My name is Katie Schlacter and I am a parent of [REDACTED]. First of all, thank you very much for your service on the school board.

I'm sure you're aware of the [recent legislation that passed in TN that prohibits cell phone use during school instructional time](#). I am thrilled about this progress and think it's a step in the right direction. As I understand it, a new Tennessee state law requires all districts to develop a personal device policy this summer before the 2025/2026 school year starts. **I hope that Williamson County Schools will consider adopting a phone-free schools policy that encompasses the entire day, during both instructional time and free time.**

The presence of smartphones undermines our students' educational experience and creates an unnecessary burden for our teachers as they struggle to police these devices. Smartphones facilitate cyberbullying, physical fights, privacy violations, and exposure to inappropriate and harmful content. Lack of face-to-face interactions during free periods diminish our children's empathy and leave them unable to handle conflict resolution.

Research shows that smart phones are [addictive](#) and [distracting](#), impede [executive functioning skills](#), lead to [poor academic performance](#), harm [school safety](#) efforts and even [enable cheating](#) on exams. Further, the [surgeon general last year asked Congress](#) to put a warning on social media apps because of mental health dangers that they pose. Problematic phone use can no longer be considered an individual decision. In a school environment, it negatively impacts the community as a whole. These issues spill over to the non-users, as bystanders in the hall or in the lunchroom are also exposed to the distractions and harmful content, even if they do not have a phone.

I am on the newly formed WCS screen time committee. I look forward to exploring the many facets digital technology use in schools with this group over the next year. However, I hope the board will act now on the issue of personal devices. From my experience and from what I have heard from other parents and teachers in our community, this as an urgent issue for our schools that cannot wait.

Again, I very much appreciate your work on behalf of the community.

Best,
Katie Schlacter

Dear School Board Members,

I hope this message finds you well. As a parent of [REDACTED] children in Williamson County Schools, I want to thank you for your commitment to the development, growth, and education of our children. Our family moved to Williamson County four years ago to allow our children to take full advantage of this amazing school district, and we are so grateful for the opportunities each of them are afforded in our local schools. We believe in the role of public schools and the vital role they play in our communities as they foster young minds and raise future leaders - so thank you for the part that you play.

It is my understanding that you will be voting as a board on the Personal Device Policy that WCS will adopt for the 25/26 school year. I am writing to strongly encourage and ask you to adopt a "bell-to-bell" policy for the sake of our children - their mental health, their social/emotional development, and their academic achievement. As I'm sure you are aware, there is now an abundance of research and evidence regarding phone usage during the critically important developmental stage of our students, and in particular, the impact these devices have when used during school hours. Overwhelmingly, the data is very clear - our children deserve better, and we are the ones that can do that for them.

There are a number of resources you can reference for this research, but Jonathan Haidt's recent book, *The Anxious Generation*, has been very informative for my husband and I as we shape our own plans for screen-usage in our home, as well the direction and intention we hope our local school system adapts, and quickly.

Haidt's research highlights a troubling link between the rise of constant phone access and the sharp increase in anxiety, depression, and attention difficulties in adolescents. He emphasizes that young people today are part of the first generation to grow up with constant digital distractions and it isn't turning out well for them - since 2010, rates of teen anxiety and depression in the U.S. have more than doubled—closely mirroring the explosion in smartphone and social media use.

I believe that a bell-to-bell policy could help mitigate these issues by allowing students, at the very least, to re-engage with in-person learning and peer interaction without the distraction of these devices. Research both nationally and internationally shows that test scores improve, student mental health improves, bullying decreases, and student misbehavior declines. Not to mention the face-to-face interactions that allow our students to develop strong interpersonal social and emotional skills that will serve them for the remainder of their lives are significantly improved.

While we understand that technology plays an important role in education, it's critical that we distinguish between tools that support learning and tools that distract from it. Personal devices are not educational necessities in the classroom—and in many cases, they undermine the focus and social development that schools are meant to foster.

I ask the board to review the research and consider adopting a bell-to-bell personal device policy to create a healthier and more focused learning environment for all students.

Thank you for your time and commitment to the well-being of our students.

Sincerely,

Crystal Basham

Email from Allyson Lifsey sent on May 16, 2025 – Allyson is on the Technology Use Committee

Hello,

My name is Ally Lifsey. I'm the mom of a [REDACTED] [REDACTED] and also a member of the newly-formed WCS Screen Time Committee which I'm excited to be a part of. However, I'm aware that Tennessee's new law requires a policy addressing personal tech in schools prior to the 2025-2026 school year, and we won't have time to deliver guidance via the committee prior to then. Given these time constraints, I'm reaching out to personally advocate for a bell-to-bell ban on all personal tech devices.

I could write a long e-mail about all the reasons why I believe this is the way to go and ideas for how to implement it and responses to common concerns, but Phone Free Schools has already created an amazing Administrator Toolkit with all the relevant information. I've attached it here. I urge you to carefully look it over and consider it when drafting your policy for the upcoming school year.

I'm passionate about making sure that what we do in school is evidence-based to the extent that it can be, and we now have a lot of data that we didn't have before about technology and its effects on our kids. Given this information, it's our duty to change our approach.

Thanks for considering,

Ally

Monitoring: Review: Annually, in March	Descriptor Term: Restrictions on Student Possession and Use of Personal Electronic Devices	Descriptor Code: 6.312	Issued Date: 07/24/25
		Rescinds: 6.312	Issued: 06/24/24

1 The increase in use of cell phones and personal communication devices by students during the school
2 day has become far more than a distraction in the school environment. These devices are being used by
3 students as a means of cheating on tests, taking inappropriate pictures and videos of students and staff
4 for sharing and posting across the internet, threatening and/or bullying other students, and engaging in
5 an excessive amount of social interaction during instructional time.

6 Therefore, students may only possess a wireless communication device so long as such devices are
7 turned off and stored out of sight and in school issued storage locations for the entirety of the school day.
8 Such devices include any portable wireless device that has the capability to provide voice, messaging,
9 or other data communication between two (2) or more parties, such as wearable technology, cell phones,
10 non-school issued laptops or tablets, and gaming devices.

11 Students who wish to carry a cell phone with them to and from school must keep the device turned off
12 and stored (e.g., kept in the student's automobile, or other school approved location at all times during
13 the entire school day). For the purposes of this policy the school day includes the entire day from the
14 school start time or bell that indicates the start of the school day until the final dismissal time of the
15 school day. The school is not responsible for any loss or theft of the device while on school property.

16 A student may only be permitted to utilize a wireless communication device under the following
17 circumstances;

- 18 1. In case of emergency;
- 19 2. When authorized by a teacher (with prior authorization from principal)
- 20 3. To manage the student's health, as document in the student's individual healthcare plan;
- 21 4. When the possession or use is required by the student's individual education program, 504 plan
22 or individual learning plan; or
- 23 5. When the device is being used by a student with a disability for the operation of assistive
24 technology to increase, maintain, or improve the student's functional capabilities.¹

25 EXAMINATION OF WIRELESS COMMUNICATION DEVICES

26 A wireless communication device-may be subject to search within the parameters set out in WBOE
27 Policy 6.303 and state and federal law. Notice that improperly stored wireless communication devices
28 may be subject to search shall be included in the handbook disseminated to the parents and/or guardians
29 of each student.

30 CELL PHONE/ELECTRONIC COMMUNICATION DEVICE OFFENSE GUIDELINES

1 A student found in unauthorized possession of any type of cell phone or personal communication device
 2 during the school day shall have the device taken from him or her and kept by the school Principal or
 3 designee until the parent is notified. The parent may pick up the device at a time and location designated
 4 by the principal at the close of the next school day following the day that the parent received notification
 5 or earlier at the principal’s discretion. Thereafter, the parent may pick up the device by appointment after
 6 the student serves the designated detention. Moreover, for such subsequent violation of this policy, the
 7 student shall receive additional consequences in accordance with the district-wide communications
 8 device offense guidelines.

9 **AGREEMENT TO RULES AND POLICY**

10 By allowing a student to bring a cell phone or other personal communication device to school, the parent
 11 and the student voluntarily agree to abide by these disciplinary rules, restrictions and offense guidelines.
 12 The District, its schools, nor its employees assume any responsibility or liability for the loss or damage
 13 to any student’s personal communication device, or for the unauthorized use of student’s personal
 14 communication device. takes no responsibility for confiscated items and will not compensate the owner
 15 for any lost, stolen, or damaged confiscated items while in the custody of the District or while otherwise
 16 on school property.

17 The Director of Schools (or designee) is responsible for administering this policy which applies to all
 18 students in all Warren County schools.

Monitoring: Review: Annually, in March	Descriptor Term: Use of Wireless Communication Devices	Descriptor Code: 6.312	Issued Date: 06/16/25
		Rescinds:	Issued:

1 **PURPOSE**

2 *This policy is required by Tennessee law and establishes clear and consistent expectations for the*
3 *possession and use of personal wireless communication devices by K–12 students. Its purpose is to*
4 *ensure that instructional time and school environments remain free from unnecessary distractions*
5 *and to promote student engagement, well-being, safety, and a positive school environment.*

6 *Research and safety experts agree that limiting device use during the school day:*

- 7
- 8 • *Improves learning by keeping students focused and engaged.*
- 9 • *Supports well-being by reducing social pressures, bullying, and anxiety.*
- 10 • *Strengthens safety by ensuring students follow staff directions in an emergency. Parents will be*
11 *notified through the school’s emergency communication system. Safety experts caution that*
12 *parents calling or texting students during an emergency can put students at greater risk by*
13 *drawing attention to them and disrupting established safety procedures.*

14 **DEFINITION**

15 *For purposes of this policy, wireless communication devices include but are not limited to:*

- 16 • *Cell phones;*
- 17 • *Smart watches;*
- 18 • *Ear buds / AirPods iPods / MP3 players;*
- 19 • *CD players, Walkmans, or radios;*
- 20 • *Pagers or beepers;*
- 21 • *Handheld electronic games; and*
- 22 • *Non-school issued laptops or tablets or any portable devices capable of communication or*
23 *gaming.*

24 **GENERAL**

25 *K–12 students are prohibited from using personal wireless communication devices during the entire*
26 *school day (i.e., first bell of the day to last bell of the day), including instructional periods, class*
27 *transitions, study halls, and lunch time. All devices must remain silenced and stored off the body in:*

- 28 • *Backpacks, purses, or similar personal bags;*
- 29 • *Teacher-designated storage areas within the school setting;*
- 30 • *Lockers; or*

- *Personal vehicles.*

Devices may not be stored in clothing, pockets, or on the body, as this allows for easy access.

~~Students in grades K–8 may possess wireless communication devices so long as such devices are silenced and not used during the school day. Students in grades 9–12 may possess wireless communication devices so long as such devices are silenced and not used during the school day. Students in grades 9–12 may use a wireless communication device during the student's lunch period. Such devices include any portable wireless device that has the capability to provide voice, messaging, or other data communication between two (2) or more parties, such as wearable technology, cell phones, laptops, tablets, and gaming devices.~~

SCHOOL SETTING

“School setting” includes all areas of the campus or school-sponsored environments during the school day, whether instruction is actively occurring or not, including but not limited to:

- *Classrooms and libraries;*
- *Lunch areas and auditoriums;*
- *Gymnasiums and physical education areas (indoor and outdoor);*
- *Performing arts areas;*
- *Locker rooms;*
- *Administrative offices;*
- *Nurse’s office, counseling/medical/psychological spaces; or*
- *Bathrooms School Buses and other district-provided transportation for field trips/travel during school day.*

Leaving class during instructional time to use a device in another school setting is a violation of this policy.

EXCEPTIONS

~~A student may, however, be permitted to utilize a wireless communication device under the following circumstances:~~

Students may use personal communication devices only when:

- 1. Authorized by a teacher for a specific educational purpose. A “specific educational purpose” means that the device is being used as a tool directly tied to the learning objectives of the lesson and under active teacher supervision.*

Examples include:

- a. Accessing a teacher-directed digital resource not otherwise available on school-issued technology.*
- b. Using translation or accessibility applications as part of instructional activities.*
- c. Documenting a project, experiment, or performance when directed by the teacher.*
- d. Participating in structured class activities (e.g., polling software, classroom response systems) where the teacher requires device access.*

Educational purpose does not include:

- a. *Free or unsupervised internet browsing.*
- b. *Listening to music, playing games, or watching videos unrelated to instruction.*
- c. *Messaging, social media, or personal communication.*
- d. *Using the device as a reward or filler activity in lieu of teacher-directed instruction.*

Teacher authorization may not be granted for the purpose of convenience when school-issued devices or classroom materials are available for instructional purposes. Permission to use a personal device is an exception, not the norm, and should be revoked immediately if misused.

2. To manage the student's health, as documented in the student's individual healthcare plan;
3. When the possession or use is required by the student's Individual Education Program (IEP), active 504 plan, or individual learning plan; or
4. The device is being used by a student with a disability for the operation of assistive technology to increase, maintain, or improve the student's functional capabilities.
5. ~~In the event of an emergency;~~
6. ~~When authorized by a teacher for educational purposes;~~

PROHIBITED USES

Students are prohibited from:

1. *Using devices in any manner that threatens academic integrity, disrupts learning, or violates privacy rights.*
2. *Using devices to cyberbully, harass, or threaten another student.*
3. *Taking, sending, sharing, viewing, or possessing pictures, text messages, emails, or other material depicting sexual activity, as defined in Tennessee Code Annotated § 39-17-1003 and related statutes (including § 39-17-1002), while the student is on school grounds, at school-sponsored events, or on school buses or vehicles provided by the district.*
4. *Recording or photographing without consent.*
5. *Students may not use personal devices to access the internet through unauthorized means (e.g., personal hotspots, VPNs, or circumvention of school network filters).*
6. *Charging devices using school resources during the school day.*

SEARCH AND SEIZURE OF DEVICES

~~*By bringing a device to school, students and parents/guardians acknowledge that the device is subject to search by a school administrator if there is reasonable suspicion that the device contains evidence of a violation of school policy or law. Any search will be conducted in a manner consistent with federal law and Tennessee law (T.C.A. § 49-6-4204 and § 49-6-4205) and will be limited in scope to the suspected violation. Content or images that violate state or federal law may be referred to law enforcement.*~~

1 **STAFF EXPECTATIONS**

2 *Teachers and staff members will consistently and fairly enforce this regulation. Teachers will clearly*
3 *designate storage areas in classrooms for students who cannot store devices in backpacks, lockers, or*
4 *purses/bags.*

5 *Teachers and staff will not use phone breaks as student rewards.*

6 *Teachers and staff should model appropriate device use by refraining from personal use during*
7 *instructional time.*

8 **STUDENT AND FAMILY RESPONSIBILITIES**

9 *Bringing a personal wireless communication device to school is strictly optional. These devices are*
10 *not required for instruction and do not enhance learning during the school day.*

11 *Students are solely responsible for any personal wireless communication devices they choose to bring*
12 *to school or school-sponsored events. The school district will not assume responsible for loss, theft,*
13 *damage, or unauthorized use of these devices.*

14 **CONSEQUENCES**

15 *Any visible device during school hours may be confiscated. Confiscated devices will be secured and*
16 *returned to the student at the end of the school day.*

17 *Violations of this policy will result in disciplinary action. Repeated violations will lead to progressive*
18 *consequences. Final determination of disciplinary measures rests with school administration.*

19 *Elementary School*

- 20 • *First Offense: Device placed in cubby/backpack. Teacher/staff member communicates with*
21 *student and family, reteaching of expectations. Device goes home with student at end of day.*
- 22 • *Second Offense: Device sent to administrator. Administrator communicates with student and*
23 *family, reteaching of expectations. Device returned to student at end of day.*
- 24 • *Third Offense: Device sent to administrator. Administrator communicates with student and*
25 *family, reteaching of expectations. Parent/guardian required to pick up the device.*

26 *Middle School*

- 27 • *First Offense: Teacher/staff member redirects student to put device away. Reteaching of*
28 *expectations. Student stores device away until end of class/day.*
- 29 • *Second Offense: Teacher/staff member confiscates device and delivers to administration.*
30 *Parent notified; parent must pick up device at end of day.*
- 31 • *Third Offense: Escalated consequences for non-compliance, which may include loss of*
32 *privilege (device held in office), demerits, or detention, or in-school suspension.*

33

1 *High School*

- 2 • *First Offense: Teacher/staff member redirects student to put device away. Reteaching of*
 3 *expectations. Student stores device away until end of class/day.*
 4 • *Second Offense: Devices confiscated and delivered to administrator who notifies parent and*
 5 *reviews expectations with student. Parent conference held as needed.*
 6 • *Third Offense: Escalated consequences for repeated non-compliance. Focus shifts to*
 7 *addressing pattern of behavior. Examples of escalated consequences include loss of privilege*
 8 *(device held in office), detention, or in-school suspension.*

9 *Additional Consequences (All Grades)*

- 10 • *Referral to law enforcement may occur if device use involved content or behavior that violates*
 11 *state or federal law.*
 12 • *Progressive consequences beyond the third offense may be applied at the discretion of the*
 13 *school administration in alignment with the Student Code of Conduct.*

14 ~~Unauthorized use of a device may result in confiscation of a student's wireless communication device~~
 15 ~~for the duration of the school day. A student in violation of this policy is subject to disciplinary action.~~

16 **EMERGENCY COMMUNICATION PLAN**

17 *All staff members have access to communication devices during the school day and may contact the*
 18 *school office in case of an emergency. In an emergency, school staff will initiate established*
 19 *communication protocols to notify parents/guardians by text message, email, and/or phone call.*
 20 *Students will also be permitted to contact a parent/guardian once it is safe to do so under staff*

RE: Textbook Adoption, TN Section E: PE and Health Science and CTE (Information Technology and Advanced Manufacturing)

Please find attached to this memo the names of the recommended teacher representatives for the 2025-26 Textbook Adoption Committee. The teachers listed have been identified by our Human Resources Department as meeting the state defined criteria to serve on this committee. As per state criteria, educators must have completed 3 years of classroom experience in a public school, must currently be teaching the subject, and must hold a valid Tennessee teaching license. I am submitting these names to you for approval.

The state also requires parent volunteers to participate in this process and be part of this committee. We are submitting the names of 7 parent nominees who have volunteered to serve on our adoption committee.

Staff recommends approval.

MEMORANDUM

To: Williamson County School Board

From: Jason Golden, Superintendent

Date: October 13, 2025

Subject: 2025-26 Superintendent / District Goals

Board Members, following up on our September Work Session discussion, here are the proposed Superintendent / District goals with deliverables for the remainder of the 2025-26 school year. I do anticipate that some of these have the potential to be ongoing annual opportunities over the next few years.

1. Conduct professional salary study and make recommendations that evaluate the competitiveness of compensation across all WCS employee groups.
 - Deliverable: Professional salary study document with recommendations.
2. Develop corporate and community partnerships to support new programs or supplement existing budget items.
 - Deliverable: Analysis report of current corporate support and action plan for soliciting ongoing/future support.
3. Leverage the Screen Time Committee's recommendations to establish guidelines for student use of technology.
 - Deliverable: K-12 Framework with screen time guidelines and developmentally appropriate activities by grade bands.
4. Establish committee to analyze innovative instructional delivery models.
 - Deliverable: Committee Report summarizing opportunities, resource and student development implications, and suggested priorities for deeper exploration.

 RE: Purchasing Report

Contains bid projects conducted during the month of September 2025

The following is a summary of pertinent bid data for inclusion with the Board Materials to be reviewed at the next WCBOE meeting. The summary is in order of ascending bid sequence numbers and not necessarily by date. Pursuant to Board Policy this summary reports recent RFB's (Request for Bids) and RFP's (Request for Proposals) that were administered by the WCS Purchasing Department. As always any purchasing - bid project that may require Board action should appear on the Board Agenda. The projects listed below do not require Board action at the present time and are listed here for your information. If further details are needed please contact the Purchasing Department to review any of the related bid - project files. In addition to the projects listed in this monthly report the WCS Purchasing Department continues to review, approve and process numerous daily purchase orders that encompass day to day operations as well as negotiate renewals of previously bid contracts.

Notes/Fees	<p><i>COST TO STUDENTS: UP TO \$1500; NO BUS NEEDED. We will be using a charter bus for the trip. Trip Overview: Junior Theater Festival (JTF). The upcoming trip to the Junior Theater Festival (JTF) is set for January 15th 2026, departing promptly after school. We will need to leave by 3:00 PM to ensure timely arrival in Atlanta, GA. A Charter Bus will be utilized for transportation to and from Atlanta. The anticipated cost per student is between \$1250 and \$1500, depending on inflation. To help alleviate this cost for students, we will conduct fundraising activities. What is JTF? The Junior Theater Festival is recognized as the world's largest and most exciting celebration of young people performing musical theater. This event brings together student musical theater troupes from around the globe for a weekend filled with musical theater excitement. Each troupe will perform a fifteen-minute segment of a Broadway Junior show, which will be evaluated by a panel of musical theater experts. Is there instruction and/or performance involved in this trip? Yes, the festival includes both performance opportunities and educational components. In addition to performing, students will have access to workshops designed to enhance their skills, along with professional development sessions for teachers. What else will be taking place during the weekend? The festival weekend will feature a variety of activities, including a New Works Showcase for new musical adaptations, workshops for students and parents, and a grand finale concert headlined by Broadway's best performers. Additionally, students will have the opportunity to visit the Cobb Galleria, the Natural History Museum, and other attractions in and around Atlanta. Total cost of the trip: The total cost of the trip is projected to be between \$1250 and \$1500 per student. This cost includes JTF registration, transportation, lodging, meals, and access to the event venue. How will the trip be funded? To help cover the expenses, we will engage in various fundraising efforts aimed at offsetting the total cost for students. Lodging: Hotel accommodations will be arranged as part of the trip package, ensuring students have a comfortable place to stay during the festival. How will meals be provided? Meals will be included in the overall price of the trip, ensuring that students are provided with adequate nourishment throughout the festival weekend. Additional Information: This trip promises to be an enriching experience for students, combining performance, learning, and cultural exploration. It will allow them to gain invaluable insights into the world of musical theater while enjoying the vibrant atmosphere of Atlanta. We look forward to a memorable and educational journey at the Junior Theater Festival.</i></p>

Williamson County Board of Education

Monitoring: Review: Annually, in July	Descriptor Term: School Board Norms	Descriptor Code: 1.107	Issued Date: 11/18/24
		Rescinds: 1.107	Issued: 11/16/20

1 *General*

2 The School Board shall adopt an appropriate standard of norms that reaffirms the ways in which Board
3 members conduct business and relate to each other.

4 The Board Norms shall be reviewed annually.

5 **SCHOOL BOARD NORMS**

6 The Board has adopted principles of courtesy and respect to guide the behavior of its members. These
7 principles are to be considered and observed to the extent practicable by Board members in the conduct
8 of Board business.

9 Board members should read all Board-related materials and should attend work sessions. Board
10 members should use the work session for in-depth discussion.

11 Board members should make a request to the Executive Committee to place an item on a work session
12 agenda per Board Policy 1.403, Board Meeting Agendas, before bringing it to the floor of a Board
13 meeting.

14 Board members should support having a policy reviewed at the next policy committee meeting if that
15 policy was suspended for a Board vote.

16 Board members should be mindful that statutory authority for the administration and operation of the
17 schools, rests with the Superintendent.

18 Board members should refer complaints and concerns to the appropriate staff per Board Policy 5.501,
19 Complaints and Grievances and inform the Superintendent of all such referrals.

20 Board members should-regularly communicate and seek legal and professional advice in the use of
21 social media.

22 Board members should refer requests for staff reports or research to the Superintendent.

23 Board members should show courtesy and respect and limit their use of electronic devices at all
24 meetings.

25 Board members should support having a vote of at least 75% of the sitting Board members in favor of a non-
binding resolution before it is presented to the Williamson County legislative delegation.
