MEMORANDUM

DATE: November 5, 2025

TO: Williamson County School Board

FROM: Dana Ausbrooks, General Counsel

CC: Jason Golden, Superintendent of Schools

RE: 2025 LEA Compliance Report

Attached is the 2025 LEA Compliance Report from the Tennessee Department of Education, due on November 28, 2025.

Since 2012, the Tennessee Department of Education has required each public school board to approve an annual Compliance Report confirming that each Local Education Agency (LEA) is complying with all Tennessee laws, Rules and Regulations, etc. applicable to public schools. Appendix B of the attached form includes links to this year's legislative report, the entire Tennessee Code, the TN Rules and Regulations, etc. Since this law was enacted, we and virtually every other LEA in the State have reported full compliance.

We have reviewed the laws and rules related to education, with a special emphasis on laws passed in 2025, and we are not aware of any education laws or State Board of Education rules with which we are not in compliance.

Staff recommends approval of the 2025 LEA Compliance Report.

2025 Local Education Agency Compliance Report

Local education agencies (LEAs) are required to comply with all federal and state education laws and State Board of Education (SBE) rules. This annual compliance report is one mechanism the department uses to ensure education laws and rules are faithfully executed. The commissioner of education is charged with taking corrective action when an LEA is noncompliant with those laws and rules or is not following a department-approved compliance plan.

Each LEA must submit this report and, if applicable, the corresponding corrective action plan, to the department by **November 28, 2025**. During completion, an LEA should carefully check the status of its compliance with all federal and state education laws and SBE rules. The department monitors and verifies LEA compliance via multiple data sources (e.g., Education Information System, internal program managers) and will consider those sources in making a final determination of an LEA's compliance. Please be advised annual compliance report data may inform an LEA's approval classification.

I certify that the LEA is in compliance with all federal and state education laws and SBE rules.

I certify that, with the exception of areas indicated in the **attached corrective action plan**, the LEA is in compliance with all federal and state education laws and SBE rules.

MEMORANDUM

TO: Williamson County School Board

FROM: Dave Allen, Assistant Superintendent of Teaching, Learning and Assessment

DATE: October 31, 2025

RE: TISA Accountability Report

The Tennessee Investment in Student Achievement (TISA) Act legislation (TCA 49-3-112) requires each district to submit a TISA Accountability Report annually to summarize the academic goals being addressed with TISA funding. This report requires Board approval and is an annual agenda item.

Staff recommends approval.

Goal #1

Williamson County (940) Public District - FY 2026 - TISA Accountability Report - Rev 0

Goal Statement 1: 3rd Grade ELA Proficiency

79 %	of students will score proficient on the 3rd grade ELA TCAP by	Year 2028
------	--	--------------

District Goal 1

Year	Annual Outcome Target(s)	Associated Metrics/Data
Year 1: 2023-2024 school year (Previous outcome)	70% of students scored proficient (met or exceeded expectations) on the 3rd grade ELA TCAP	Percent of 3rd grade students meeting or exceeding expectations on the Grade 3 TCAP Assessment
Year 2: 2024-2025 school year (Use actual outcome)	72.2% of students scored proficient (met or exceeded expectations) on the 3rd grade ELA TCAP	Percent of 3rd grade students meeting or exceeding expectations on the Grade 3 TCAP Assessment
Year 3: 2025-2026 school year	75% of students will score proficient (meet or exceeded expectations) on the 3rd grade ELA TCAP by 2026	Percent of 3rd grade students meeting or exceeding expectations on the Grade 3 TCAP Assessment
Year 4: 2026-2027 school year	77% of students will score proficient (meet or exceeded expectations) on the 3rd grade ELA TCAP by 2027	Percent of 3rd grade students meeting or exceeding expectations on the Grade 3 TCAP Assessment
Year 5: 2027-2028 school year	79% of students will score proficient (meet or exceeded expectations) on the 3rd grade ELA TCAP by 2028	Percent of 3rd grade students meeting or exceeding expectations on the Grade 3 TCAP Assessment

* Check the response that best describes the progress made on the 2024-25 target toward Goal 1.

- Exceeded target
- Met target
- Increased but did not meet target
- Did not make progress toward target
- End of year outcome data for 2024-25 is unavailable at the time of this report

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

Our district set a goal for 72% of 3rd grade students to score proficient on the ELA TCAP by the 2025 school year. We exceeded this goal, with 72.2% of students achieving proficiency on the Spring 2025 assessment.
 For the 2025-26 school year, we will:
 Continue professional development focused on content standards identified as areas for growth.
 Use PLC teams to implement Tier 1 interventions guided by common formative assessment data.
 Support Tier 3 students through targeted interventions based on universal screener and classroom data.
 Provide focused support to schools with the lowest proficiency rates, including instructional strategies and literacy skill development in grades K-2 to better prepare students for 3rd grade reading expectations.

Goal 1 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
<p>1-Training from The Instructional Coaching Group throughout the school year for Elementary Literacy Coaches and district leaders to increase their capacity in instructional coaching while utilizing IPG walkthrough data and teacher selected goals. Approximate cost of training & materials (\$11,500) 2- Common formative assessments are created in Performance Matters, a district-purchased assessment platform. The use of this platform allows the district to provide standard-aligned assessment banks that house assessment items vetted for rigor and standard alignment. Our elementary ELA teachers are required to use this platform to assess students' progress toward state standards. (\$26,000) 3- Our LEA budget includes funding for RTI Interventionists and literacy coaches at every elementary school. RTI Interventionists work directly with students to close gaps that are barriers to accessing Tier 1 instruction in ELA. Approximate cost to intervene with 3rd graders (\$900,000)</p>	<p>\$ 937,500.00</p>	<p>Our district set a goal for 72% of 3rd grade students to score proficient on the ELA TCAP by the 2025 school year. We are proud to report that we exceeded this goal, with 72.2% of students achieving proficiency on the Spring 2025 assessment. This success is the result of strategic investments and targeted instructional support, including the following: - Instructional Coaching & Professional Development - Standards-Aligned Assessment Practices - Targeted Student Support Our investment using TISA funds in these supports directly contributed to our students surpassing the district's ELA proficiency goal.</p>

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

Instructional Coaching & Continued Implementation of High Quality Instructional Materials

- Continue to utilize the district-provided high-quality instructional materials. We will leverage the Instructional Practice Guide (IPG) feedback as a catalyst for the ongoing cycle of instructional improvement through coaching. Teachers use this data to identify areas of growth, set instructional goals and partner with their literacy coach to engage in cycles of continuous improvement. Our district conducts IPG walkthroughs with building level administrators, instructional coaches, and district leadership to provide feedback and ensure consistency across the district.

Professional Learning Communities

- Collaborate in PLC teams to develop pacing guides and common formative assessments. The pacing guides, which will encompass all Tennessee State Standards to be taught and assessed throughout the year, will be prepared before the school year begins.
- After administering the CFAs, the teams will convene for a data meeting to analyze the assessment results and design interventions and extensions based on the data.

Tier I Intervention

- Professional Learning Teams will use Universal Screener data in addition to Common Formative Assessment data to create specific timely intervention plans for those students who need skills interventions despite not qualifying for RTI Tier 2.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

Salaries for elementary school staff, including

- Literacy coaches at each school building
- Interventionists who work with students that have skill deficits interfering with grade level acquisition
- District Curriculum Specialists who train Literacy Coaches and participate in IPG walkthroughs and provide coaching based on the IPG data

Our LEA budget funds our assessment platform, currently, Performance Matters. We utilize this platform to create, vet, and house assessment items that are aligned

to the rigor and standard expectation. This assessment data is used to provide Tier 1 interventions to ensure students are progressing toward the state standards.

To evaluate the impact of our coaching program, the district will implement an application that tracks effectiveness. This system will help identify instructional practices and strategies that lead to measurable student outcomes.

Goal #2

Williamson County (940) Public District - FY 2026 - TISA Accountability Report - Rev 0

Goal Statement 2:

50% of Grade 9-12 students will meet or exceed expectations on the Algebra I EOC by 2028

District Goal 2

Year	Annual Outcome Target(s)	Associated Metrics/Data
Year 1: 2023-2024 school year (Previous outcome)	42% of Grade 9-12 students met or exceed expectations on the Algebra I EOC in 2024	Percent of students in grades 9-12 meeting or exceeding expectations on the Algebra I TCAP Assessment (this data does not include middle school students who take Algebra I in the accelerated math pathway)
Year 2: 2024-2025 school year (Use actual outcome)	42% of Grade 9-12 students met or exceed expectations on the Algebra I EOC in 2025	Percent of students in grades 9-12 meeting or exceeding expectations on the Algebra I TCAP Assessment (this data does not include middle school students who take Algebra I in the accelerated math pathway)
Year 3: 2025-2026 school year	46% of Grade 9-12 students will meet or exceed expectations on the Algebra I EOC by 2028	Percent of students in grades 9-12 meeting or exceeding expectations on the Algebra I TCAP Assessment (this data does not include middle school students who take Algebra I in the accelerated math pathway)
Year 4: 2026-2027 school year	48% of Grade 9-12 students will meet or exceed expectations on the Algebra I EOC by 2028	Percent of students in grades 9-12 meeting or exceeding expectations on the Algebra I TCAP Assessment (this data does not include middle school students who take Algebra I in the accelerated math pathway)
Year 5: 2027-2028 school year	50% of Grade 9-12 students will meet or exceed expectations on the Algebra I EOC by 2028	Percent of students in grades 9-12 meeting or exceeding expectations on the Algebra I TCAP Assessment (this data does not include middle school students who take Algebra I in the accelerated math pathway)

* Check the response that best describes the progress made on the 2024-25 target toward Goal 2.

- Exceeded target
- Met target
- Increased but did not meet target
- Did not make progress toward goal
- End of year outcome data for the 2024-25SY is unavailable at the time of this report

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

We did not meet our district goal of having 46% of grades 9-12 students meet or exceed expectations on the Algebra I EOC. We maintained the same percent as the previous year having 42% of students in grades 9-12 meet or exceed expectations on the Algebra I EOC.

Based on this data, we will continue the execution of a multi-year plan to support Algebra I teachers and students. The emphasis in our plan is to provide ongoing professional development for teachers focused on high impact instructional practices/strategies and the implementation of our HQIM.

In 2024 our district leadership assembled a team that analyzed our Algebra I data and created a plan to train our Algebra I teachers in building conceptual

understanding and implementing out LEA adopted HQIM. We had significant gains in 2024 after executing our plans but maintained that achievement results in 2025.

Goal 2 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
<p>1- Professional Development - sustained training was delivered to Algebra I teachers throughout the school year. This included a series of "just in time" PD. Professional development was also provided to middle school math teachers and math coaches to deepen their understanding of the grades 6-8 math standards that directly impact the progression into Algebra I. PD was provided by our math curriculum specialist in collaboration with a consultant. Approximate cost of substitutes, consultant and training materials (\$30,000) 2- Salaries of middle school math coaches (\$840,000) 3- Salaries of Secondary Math Curriculum Specialist and an Assessment Analyst (\$300,000)</p>	<p>\$ 1,170,000.00</p>	<p>Our IPG walkthrough data indicates that middle school and Algebra I teachers are implementing the strategies taught and modeled in our district Algebra I PD. We also see evidence of implementation of our district adopted HQIM across secondary schools. We had a significant improvement in our grades 9-12 Algebra I EOC data the previous year and plan to move forward with additional PD to support new and existing Algebra I teachers.</p>

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

Implementation of High Quality Instructional Material

- Math teachers will implement adopted, WCS board approved, high-quality instructional materials for K-12 math.
- Teachers will continue being trained in the use and best implementation strategies of these materials, including the intervention components embedded in the materials.

Team Analysis of Common Assessment

- Algebra I teachers will continue participating in PLC teams to analyze the data immediately following the administration of a common formative assessment.
- The teams will focus on questions 3 and 4 in the PLC framework, creating action plans for the intervention of students who have not mastered assessed standards and extensions for students who have already mastered the assessed standards.

Math Intervention Alignment for students with disabilities

- The Student Support Services (SSS) math coach, in collaboration with special education math intervention providers and the Curriculum Department secondary math specialist, will identify and implement the use of the best aligned resources, tools and strategies that match student's deficits that impact them in middle school math and Algebra I.

Budget Narrative: Describe how your district intends to use their budget to execute the strategies and meet the stated goal.

Our LEA budget includes funding for our math curriculum specialist and math coaches at every middle school. We utilize this staff to create and deliver professional learning for math teachers. In addition, we collaborate with math consultants to create and plan for the delivery of professional development for middle school math and Algebra I teachers.

Our budget also funds our assessment platform, currently, Performance Matters. We utilize this platform to create, vet, and house assessment items that align to the rigor and standard expectation. This assessment data is used to provide Tier 1 interventions to ensure students are progressing toward mastery of the state standards.

Reflection: Based on progress toward the goal, how will this impact your action plan for the coming years?

The Class of 2024 achieved a Ready Graduate score of 77.8%, surpassing our goal of a 2% increase from the 2023 score of 75.1%. Our updated three-year goal is to raise this metric by 2% annually. We remain committed to long-term strategies that enhance career and college readiness for all graduates.

Goal 3 Prior Year Report: 2-3 Prior year, major TISA investments made toward this goal

Major TISA Investment	Expended Amount (Rough Estimate)	Reflection of whether the investment contributed to progressing toward the goal or not, and how so.
1- College & Career Readiness Specialist Salary (\$110,000) 2- Summer school ACT prep courses and materials (\$30,000) 3- Staff at Entrepreneurship Innovation Hub - Two CTE/EIC Assistant Directors (\$220,000)	\$ 340,000.00	Our strategic investments in college and career readiness-ranging from expanded dual enrollment opportunities to targeted ACT support-have directly contributed to exceeding our district goal of a 2% annual increase in the Ready Graduate rate. These efforts reflect our commitment to preparing students for postsecondary success and strengthening outcomes across all high schools.

Action Plan: List detailed strategies for the 2025-2026 school year that will be implemented to meet your annual target.

The WCS College and Career Readiness Specialist meets with each high school to establish aspirational goals for ACT performance and college/career exploration.
Each high school receives a dedicated budget to purchase ACT prep materials aligned with their goals and designed to support all students.
We maintain the WCS College and Career Readiness website, providing accessible review materials and resources for students and teachers.
PSAT and ACT workshops are offered during summer and on Saturdays, open to all students across the district.
Each school's College and Career Readiness representative collaborates with the district specialist to support CCR initiatives locally.
Continue to grow dual enrollment opportunities, including new programs in Teaching as a Profession and Early Childhood Education, through a partnership with Lipscomb University.
Middle schools now offer Level 1 CTE courses that feed into high school pathways, promoting real-world learning and increasing student completion and concentration rates.
We are expanding the number of industry-recognized credentials available within CTE pathways to better prepare students for workforce entry.
Opening in August 2026, the Innovation Center will introduce five new programs of study: Aviation, Hospitality & Tourism, Cybersecurity, Fire Management Services, and Advanced Power & Machinery.

LEASE

THIS LEASE made and entered into this 17th day of November, 2025, between Williamson County Board of Education, hereinafter called "Landlord" and Oak Hollow Church of Christ, hereinafter called "Tenant".

WITNESSETH:

FOR AND in consideration of the rentals, undertakings and mutual covenants hereinafter set forth, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, subject to the terms and conditions hereinafter expressed, certain portions of improved real estate located in Williamson County, Tennessee, and described more particularly as:

Name: Page High School
Address: 6281 Arno Road
Franklin, TN 37064
Description of Space: Cafeteria

Said improved real estate is hereinafter referred to sometimes as the "leased premises." TO USE the leased premises, together with the improvements and appurtenances thereto belonging, unto Tenant, its successors and assigns for a term of 12 months, beginning November 23, 2025 and ending November 22, 2026, unless sooner terminated as hereinafter provided. Said lease may be extended for a term not to exceed five (5) annual renewals at the discretion of the Landlord upon application by the Tenant. The terms of this lease shall be subject to all Board of Education policies as amended from time to time.

THE PARTIES HERETO MUTUALLY COVENANT AND AGREE AS FOLLOWS, THIS LEASE BEING EXPRESSLY SUBJECT TO THE TERMS AND CONDITIONS HEREINAFTER SET OUT:

1. Rent. Tenant agrees to pay to Landlord for the leased premises during the term hereof basic rent at the rate of seven thousand twenty dollars and zero cents (\$7,020.00) per annum, payable in twelve (12) installments of approximately five hundred eighty five dollars and zero cents (\$585.00) per month. All rentals are payable in advance on the first day of each and every month and shall be payable without notice or demand and without deduction, set-off or abatement except as otherwise provided specifically in this Lease. The amount of rent designated herein is subject to change as the areas requested for use in the premises change. All areas used and charges therefore shall be designated in an exhibit to be attached to the lease. Changes in the rental amount resulting from changes in the space the Tenant wishes to lease shall be effectuated by amendment to the original exhibit and shall not constitute a new lease nor shall it extend any lease into which Landlord and Tenant have entered. Applicable fees will be charged for building supervision, custodial services, supplies, cafeteria use, WCS food service employees, and manager fees. Tenant agrees to pay the amounts billed for any said expenses. The Tenant and Landlord agree that the following areas of the premises are leased on the days of the week noted for the agreed to period of lease.

Name of School: Page High School
Areas to be Used: Cafeteria
Use period: Sunday Each Week Beginning November 23, 2025 through November 22, 2026.
Estimated Supervision Cost: \$ 4,264.00 per annum
Estimated Custodial Cost: \$ 5,980.00 per annum

The Tenant agrees that no other areas of the building may be used without authorization, in writing and amended to this lease agreement. The time period the building may be occupied is an eight (8) hour period per day, beginning not before 7:00 A.M. and ending by 6:00 P.M.

2. Conditions. Tenant agrees that it has examined the leased premises and accepts the same in their present state and condition as of the date hereof without any representations or warranties, express or implied, in fact or in law, by Landlord as to the nature, condition or usability thereof or as to the use or uses to which the leased premises may be put. Williamson County Schools does not warrant that the facility is being currently maintained and will not be responsible for inspection and maintenance of the facility while it is being used by Tenant.

3. Signage. Tenant shall not be permitted to place signage over any signs erected by Williamson County Schools that are used to identify the property. Tenant further agrees that no temporary signage shall be placed upon property without the express written consent of the school district. Should the district agree to allow signage, it shall be in accordance with the written conditions set forth by the district, county, city and other governing agencies. Tenant shall be responsible for all permits and fees for signage. Signs may not be erected more than twenty-four hours before usage of the facility and must be promptly removed upon completion of the use.

4. Use. Tenant agrees that it will not use or allow the leased premises or any part thereof to be used or occupied for any unlawful purpose or any purpose contrary to the published policies of the Williamson County Board of Education and will not permit any act to be done or any condition to exist on the leased premises which may constitute a nuisance, public or private, or which may make void or voidable any insurance then in force with respect to the leased premises. Tenant agrees that it will comply promptly with all laws and regulations of federal, state and municipal authorities applicable to the leased premises and to the business conducted thereon.

5. Improvements and Repairs. Landlord shall have no obligation of any kind, nature or description with respect to the leased premises or any improvements thereon. No structural alterations of, or additions to, any improvements currently on the leased premises or the construction or placement of any other improvements upon the leased premises shall be made by Tenant. Tenant covenants that at no time during the term hereof will it create, or permit to be created or to remain, and will promptly discharge, any lien, encumbrance or charge upon the leased premises.

6. Assumption of Risk. Tenant shall, and does hereby, assume all risks of loss or injury to the property or person of all persons at any time coming upon the leased premises during the term hereof and Tenant shall, and does hereby agree to, indemnify and save harmless Landlord for and from any and all claims, demands, suits, judgment costs or expenses on account of any such loss or injury and any loss or injury which arise from any failure of Tenant, its officers, agents or employees to obey any applicable laws. Tenant shall be responsible for any attorney's fees and costs of Landlord incurred as a result of any such loss. To that end, Tenant shall, at its own cost and expense, maintain general public liability insurance for and on the leased premises, naming itself and Landlord as insured parties, with limits of not less than one million dollars (\$1,000,000) per occurrence for bodily injury or

death and one million dollars (\$1,000,000) per occurrence for property damage. Such insurance shall be effected by a valid and enforceable policy or policies issued by an insurance company of recognized responsibility licensed to do business in the State of Tennessee and shall contain a provision that coverage cannot be cancelled without ten (10) days' written notice to Landlord. Tenant shall furnish to Landlord a copy of such policy or policies evidencing that the required insurance is in full force and effect.

7. Damage or Destruction. Tenant shall at all times during the term hereof, at its own cost and expense, insure and keep in full force and effect on any improvements situated on the leased premises a policy or policies of fire and casualty insurance (extended coverage) in the minimum amount of one million dollars (\$1,000,000). Such policy or policies shall name Landlord as the loss payee and shall contain a provision that coverage cannot be cancelled without ten (10) days' written notice to Landlord. Such insurance shall be effected by a valid and enforceable policy or policies issued by an insurance company of recognized responsibility doing business in the State of Tennessee, and Tenant shall furnish to Landlord a copy of such policy or policies evidencing that the required insurance is in full force and effect. In the event said improvements are destroyed or damaged by fire or other casualty to the extent that Tenant cannot continue to operate and occupy any portion thereof, Landlord may, at its option, elect to rebuild, replace or restore the improvements or may elect not to do so. The basic rental payments hereunder shall cease as of the date of total destruction of said improvements and shall not commence again until the same have been repaired or replaced. In the event said improvements are destroyed and Landlord elects not to rebuild, restore or replace, then this Lease shall be terminated upon the date of such destruction and all insurance proceeds shall be retained by Landlord as its own.

8. Condemnation. If the whole of the leased premises, or such portion thereof as will make the leased premises unsuitable for Tenant's purposes, is condemned for any public use or purpose of any legally constituted authority, this Lease shall be terminated automatically upon the date when possession is taken by such public authority, and rent shall be accounted for between Landlord and Tenant as of the date of surrender of possession. In the event only a portion of the leased premises is condemned for any public use or purpose without rendering the leased premises unsuitable for the purposes of Tenant, there shall be no termination of the Lease on such account and no abatement of rent. Any and all monetary awards for the taking of the leased premises by eminent domain or under the threat thereof and for incidental damages thereto shall belong to and inure to the exclusive benefit of Landlord.

9. Quiet Enjoyment. Landlord covenants that it has good title to the leased premises and is under no disability which would impair its right to enter into this Lease. Tenant, upon the payment of the rent herein provided and upon performance of all the terms and conditions hereof shall quietly have and enjoy the leased premises during the term hereof without hindrance by or disturbance from Landlord or anyone claiming by or through Landlord.

10. Surrender. Tenant shall, upon the last day of the term or upon the sooner termination as herein provided, peaceably and quietly surrender the leased premises to Landlord, including all improvements thereon, in as good condition and repair as at the commencement of the term, normal wear and tear excepted. Tenant may, upon the termination of this Lease if it is not in default hereunder, remove from the leased premises all movable trade fixtures and equipment installed by Tenant thereon, provided any damage or other injury to the leased premises resulting from such removal be adequately repaired and the leased premises fully restored by Tenant. All such fixtures and equipment not removed promptly by Tenant upon the termination hereof shall become the property of Landlord.

11. Termination and Landlord's Rights upon Default. This lease may be terminated by Landlord without cause at any time upon ninety (90) days written notice to Tenant. Further, if proceedings are commenced against or by Tenant in any court under a Bankruptcy Act or for the appointment of a Trustee or Receiver of Tenant's property, or if there shall be a default in the payment of rent or any part thereof, or other payment due hereunder, for more than ten (10) days after written notice of such default is given by Landlord to Tenant, or if there shall be default in the performance of any other covenant, agreement or condition herein contained on the part of Tenant for more than thirty (30) days after written notice by Landlord, this Lease shall thereupon be terminated at Landlord's option, and Landlord shall have the right to re-enter or repossess the leased premises and dispossess and remove there from Tenant, or other occupants thereof and their effects, without being liable for any prosecution therefore. In such case, Landlord may, at its option, re-let the leased premises or any part thereof as the agent of Tenant, and Tenant shall pay the difference between the rent and other costs and charges herein reserved and agreed to be paid by Tenant for the portion of the term remaining at the time of re-entry or repossession and the amount, if any, received or to be received under such re-letting for such portion of the term. Should this Lease be placed in the hands of an attorney for default or breach, or for the enforcement of any rights herein reserved or stipulated, Tenant agrees to pay all costs incident thereto, including a reasonable attorney's fee.

12. Landlord's Right to Perform. If Tenant shall default in the performance of any covenant or condition of this Lease required to be performed by Tenant, Landlord may, at its option, perform such covenant or condition for the account and at the expense of Tenant. The amount of any expense so incurred shall be deemed additional rent and may, at the option of Landlord, be added to any subsequent installment of the net monthly rent due and payable under this Lease, in which event Landlord shall have the remedies for default in the payment thereof provided by this Lease. The provisions of this paragraph shall survive the termination of this Lease.

13. No Waiver. The failure of Landlord or Tenant to insist upon a strict performance of any term or condition of this Lease shall not be deemed a waiver of any right or remedy that Landlord or Tenant may have and shall not be deemed a waiver of any subsequent breach of such term or condition.

14. Landlord-Tenant Relationship. It is expressly agreed and understood that Landlord shall not be construed or held to be a partner or associate of Tenant in the conduct of its business, it being expressly understood and agreed that the sole relationship between the parties hereto is that of landlord and tenant.

15. Assignment. Tenant covenants not to assign this Lease or sublet the leased premises in whole or in part.

16. Notices. All notices and other communications to be given hereunder by either party shall be in writing and shall be delivered personally or mailed, postage prepaid, by first class mail to the other (and the date of any notice by certified or registered mail shall be deemed to be the date of certification or registration thereof) delivered or addressed to the parties as follows:

Franklin, TN 37064
Attn: Jon Reames, Elder

or, at such other address as either party may later designate in writing.

17. Entire Agreement. The entire agreement between the parties hereto is contained in this instrument and it is expressly agreed that no obligations of Landlord or Tenant shall be implied in addition to those herein expressly contained. Any amendment to this Lease must be in writing signed by the parties hereto in order to be binding.
18. Binding Effect. The terms and provisions of this Lease shall be binding upon and inure to the benefit of the parties hereto and to their respective successors and assigns.

IN WITNESS WHEREOF, the parties hereto on the day and date first above written have executed this Lease at Franklin, Tennessee.

Notes/Fees	<i>COST TO STUDENTS: UP TO \$1500; NO BUS NEEDED. We will be using a charter bus for the trip. Trip Overview: Junior Theater Festival (JTF). The upcoming trip to the Junior Theater Festival (JTF) is set for January 15th 2026, departing promptly after school. We will need to leave by 3:00 PM to ensure timely arrival in Atlanta, GA. A Charter Bus will be utilized for transportation to and from Atlanta. The anticipated cost per student is between \$1250 and \$1500, depending on inflation. To help alleviate this cost for students, we will conduct fundraising activities. What is JTF? The Junior Theater Festival is recognized as the world's largest and most exciting celebration of young people performing musical theater. This event brings together student musical theater troupes from around the globe for a weekend filled with musical theater excitement. Each troupe will perform a fifteen-minute segment of a Broadway Junior show, which will be evaluated by a panel of musical theater experts. Is there instruction and/or performance involved in this trip? Yes, the festival includes both performance opportunities and educational components. In addition to performing, students will have access to workshops designed to enhance their skills, along with professional development sessions for teachers. What else will be taking place during the weekend? The festival weekend will feature a variety of activities, including a New Works Showcase for new musical adaptations, workshops for students and parents, and a grand finale concert headlined by Broadway's best performers. Additionally, students will have the opportunity to visit the Cobb Galleria, the Natural History Museum, and other attractions in and around Atlanta. Total cost of the trip: The total cost of the trip is projected to be between \$1250 and \$1500 per student. This cost includes JTF registration, transportation, lodging, meals, and access to the event venue. How will the trip be funded? To help cover the expenses, we will engage in various fundraising efforts aimed at offsetting the total cost for students. Lodging: Hotel accommodations will be arranged as part of the trip package, ensuring students have a comfortable place to stay during the festival. How will meals be provided? Meals will be included in the overall price of the trip, ensuring that students are provided with adequate nourishment throughout the festival weekend. Additional Information: This trip promises to be an enriching experience for students, combining performance, learning, and cultural exploration. It will allow them to gain invaluable insights into the world of musical theater while enjoying the vibrant atmosphere of Atlanta. We look forward to a memorable and educational journey at the Junior Theater Festival.</i>

MEMORANDUM

DATE: November 13, 2025
TO: School Board Members
FROM: Brian King, Assistant Superintendent for Operations
RE: 2026-2030 Capital Plan

Attached is the 5-Year Capital Plan for your review. The plan is divided into six categories:

1. Real Estate Acquisitions
2. New School Building Construction
3. Additions/Major Renovations
4. Maintenance – Asphalt Pavement Resurfacing, Roof Replacements and HVAC Upgrades at Various Schools on a Yearly Basis
5. Safety Yearly Requests – both Physical and Cyber
6. Transportation – Regular and Special Need Buses.

In preparation of this plan, we have looked at our current needs and what we are forecasting in our growth. Our zoning personnel continue to assess our needs at each school by looking at current enrollment and trends. They also monitor growth by monitoring new developments in our county.

Some highlights of this plan are:

- Reduced the current year's capital request from \$143,325,00 in last year's plan to \$44,635,000
- Reduced overall 5-year capital plan from \$878,984,664 to \$662,204,900
- Reduced the number of new construction projects based on growth stabilization.

- There are additional major renovations added to our 5-year plan, focusing on schools built between 1990-1995.
- Maintenance is requesting \$12 million to replace the outdated ballast-style lighting systems at our high school athletic fields with LED lighting.
- The physical and cybersecurity requests include phase 3 of our access control and intercom / alert system.
- Transportation needs are included in the plan for the replacement of retired buses within our fleet. Overall, we are reducing our general education inventory with a slight increase in our special education fleet.

Attached is a copy of the current proposed plan for your review as well as a copy of last year's approved plan for comparison.

Staff recommend approval of the attached 5-Year Capital Plan.

Professional Development Days

Six (6) days below are in this calendar for professional development. Two (2) days must be scheduled by each teacher outside the scheduled school calendar. All professional development days are in person unless otherwise noted and shall be equivalent to not less than six (6) hours of planned activities per day.

August 4	-	District-Wide
August 5	-	Site-Based
August 6	-	Site-Based
October 13	-	District-Wide
November 3	-	Site-Based
February 12	-	District-Wide

***Administrative Day – Teacher Prep Dates (Flex) August 7 and January 4**

Teachers will work six (6) hours preparing their classrooms and instructional materials for the start of each semester. The hours may be worked on the date indicated or any time before the first day of the semester. The requirements for the start of each semester haven't changed, but when and where classroom teachers complete the start of semester requirements are flexible. Each principal will share expectations on how teachers log the required work hours and, and teachers will clock-in on the scheduled work date to document these hours for payroll purposes.

***Parent Teacher Conferences Dates (Flex)**

Parent Teacher Conferences will be scheduled for a total of 6 hours before or after school between September 21-November 6. This allows flexibility for teachers to complete conferences three weeks before and after the calendar date of October 12th. Conferences may be conducted in person, via Zoom or by phone. Conference hours shall be documented and approved by the Superintendent of Schools or Designee. Teachers will clock-in on October 12th to document these hours for payroll purposes, but they are not expected to do conferences on October 12th.

***District-Wide PD Date (Flex)**

October 13th is a District-Wide PD Flex Date for a total of six (6) hours of professional development as follows: two (2) hours of required back-to-school videos shall be completed before the first student day of school; two (2) hours of face-to-face suicide prevention PD shall be completed before the end of the first semester (each principal schedules dates & times for their schools); and two (2) hours of asynchronous Instructional Technology PD shall be completed before the end of the first semester as assigned by the TLA department (released on or before October 13th).

Inclement Weather Days

Up to ten (10) inclement weather days are accumulated in the school calendar through extended work (stockpile) days and will not be made up. If more than ten (10) days are missed due to weather-related conditions, the Calendar Committee recommends to the Superintendent of Schools to use the following dates in order: Mid-Winter Break; Second Semester Professional Development Day; Spring Holiday; Spring Break Days (Monday, then Tuesday, then Wednesday); Additional days at the end of the school year calendar.

Name of Individual Submitting Policy for Review

Date

Williamson County Board of Education

Monitoring: Review: Annually, in October	Descriptor Term: Naming Facilities or Other School Grounds	Descriptor Code: 3.210	Issued Date: 03/21/22
		Rescinds: 3.210	Issued: 02/18/19

The naming of school buildings, major portions of buildings, or school grounds is the responsibility of the Williamson County Board of Education and applies to buildings, rooms, internal spaces, landscape features, courts, athletic fields, open spaces, and all other areas owned, operated or controlled by the Williamson County Board of Education

The process for selecting a name for a new school *building* and for renaming a school *building* shall be as follows:

1. The Superintendent shall appoint a naming committee composed of Board members, county commissioners, and WCS staff members.
2. Schools shall not be named after, commercial developments, or residential developments. Schools may be named for the area or community in which the school is located even if the area or community is named after a family.
3. If a school is named for an individual, then a school will be named according to the following naming criteria:
 - a. The individual played a critical role or contributed to society in ways that supported the success and well-being of the individuals who lived in Williamson County, Tennessee, the State of Tennessee or the United States, now and in the future.
 - b. The individual's principal legacy (i.e. the key activity, advocacy or accomplishment for which the individual is most known) aligns with or reflects the WCS mission, vision, core values and beliefs.
 - c. The individual has been deceased for ten (10) or more years.
 - d. No building may bear the name of an individual convicted of a felony.
4. Community input shall be solicited through a variety of appropriate methods.
5. The naming committee shall review and consider all proposed names submitted by the community.
6. The naming committee shall submit a one-page summary, which includes a list of two or three names and the justifications of the recommendation for each of the three names to the Superintendent, who will present the summary to the Board for consideration. The naming committee may rank the names presented to the Board if a clear consensus exists. The Superintendent shall provide the Board with the summary prior to the work session in which the Board will be discussing the three names presented by the naming committee.

1
2 7. The Board shall make the final selection of the name.
3

4 *The process for naming of a portion of school facilities or other school grounds or renaming of a*
5 *portion of a school or other school grounds shall be as follows:*
6

7 *At the recommendation of the Superintendent and the Leadership Team, the Board may approve*
8 *naming of portions of facilities and grounds as a recognition of significant contribution to the*
9 *school district. Due regard should be taken as the role the names of buildings and spaces contribute*
10 *to the school district's sense of identity, as well as their role in assisting staff, students, and visitors*
11 *to orient themselves within a campus.*

12
13 *A. Honorary Naming of an Individual without financial contribution is recognition of a significant*
14 *contribution to the school district that the district wishes to honor.*

15
16 *The Board will apply the following guidelines in considering the recommendation of any*
17 *individual's name proposed;*
18

- 19 1. *The individual has had direct, substantial, and active association with the district and has*
20 *exemplified the district mission. Selection may also be based on the individual's record of*
21 *scholarship, creativity, leadership, humanitarian service, or public service. Facilities may*
22 *also be named to recognize organizations, individuals, geographical or historical*
23 *features, and programs which have had significant impact in the life of the district.*
- 24
25 2. *Recommendations must provide evidence of significant importance to the district and*
26 *must outline the justifications for the name being suggested. Naming for such*
27 *contributions is at the district's discretion and in support of its mission.*
- 28
29 3. *The Superintendent and the Board will evaluate the proposed name against the following*
30 *criteria:*
 - 31
32 a. *Nominee has had a significant, long-term relationship with Williamson County*
33 *Schools.*
 - 34 b. *Nominee, if a former Williamson County Schools employee, will have been retired or*
35 *separated from district employment for a minimum of three years.*
 - 36 c. *Nominee has widespread support from colleagues, parents/guardians, and students.*
 - 37 d. *Nominee has achieved local, regional, or national recognition for achievements.*
 - 38 e. *Nominee has held local, regional, or national leadership roles in the field of expertise*
39 *and is no longer active in their career.*

40
41 *B. Honorary Naming Through Financial Contribution*
42

43 *Honorary naming through financial contribution is recognition for financial contributions, be it in*
44 *the way of donation, bequest, sponsorship or other commercial transactions. Due regard should be*
45 *taken to consider balance between the commercial considerations and the role the names of*

1 *buildings and spaces contribute to the school district's sense of identity, as well as their role in*
2 *assisting staff, students, and visitors to orient themselves within a campus.*

3
4 *The Board will apply the following guidelines in considering the recommendation of any entity*
5 *proposed;*

- 6
7 1. *Monetary valuations may be assigned to proposed naming rights on a case-by-case basis*
8 *to aid with making decisions about granting naming rights.*
- 9
10 2. *The monetary valuation for the naming of a school or media center/library, theaters,*
11 *athletic facilities, and other spaces will be decided by the Superintendent. Each case*
12 *should take into account market comparisons for naming rights for which professional*
13 *advice may be sought. Application of this policy may result in a portion of a school*
14 *facility or other school grounds named for an individual or a company.*
- 15
16 3. *The granting of naming rights must always be consistent with the school district's*
17 *mission or vision. The long-term effects of the naming rights must be considered. Each*
18 *granting of naming rights is bound by a written agreement.*

POLICY REVIEW OR CREATION REQUEST

This form will be completed for all new policies and all recommendations for revisions to or deletions of policies of the Williamson County Board of Education. Attach any information which would be helpful to understand the proposed changes or actions.

Recommended by: Staff General Counsel Board Member Claire Reeves

Date Submitted to General Counsel:

9/23/25

Recommendation: add , revise , or delete the following Policy number(s) and title(s):

Report Cards and Grading Systems 4.600

Brief summary of the proposed addition or changes:

I think this policy needs to be updated to include the details of WCS GPA recalculation for transfer students, rather than leaving it as SOP. I will defer to Dr. Leigh Webb for the language to include to adequately describe the recalculation and the appeals process.

Brief justification of why additions or changes needed or required:

We have a report card and grading policy. The GPA recalculation for transfer students and corresponding appeals process should be spelled out in this policy to remove confusion amongst students/families and provide policy support to administrators and school staff.

Staff analysis of the proposed addition or changes in terms of the following:

Legal implications; educational benefits; impact on the staff at the building level; impact on staff at the district level; immediate and future changes in numbers of assignments of personnel; immediate and future budgetary impact.

Monitoring: Review: Annually, in November	Descriptor Term: Report Cards and Grading Systems	Descriptor Code: 4.600	Issued Date: 08/18/25
		Rescinds: 4.600	Issued: 08/19/24

1 **REPORT CARDS**

2 The Superintendent shall develop an administrative procedure to establish a system of grading and
3 assessment for evaluating and reporting student progress in conjunction with Tennessee academic
4 standards for grades K-12.

5 The report cards shall indicate the information necessary to communicate effectively with the parents
6 concerning their child's academic progress, conduct, and attendance. For students in grades
7 kindergarten through eight (K-8), the student's score on the most recently administered universal
8 reading screener shall also be provided on or with the report card along with the results of a dyslexia
9 screener, if applicable.¹

10 When a student's academic performance or behavior noticeably or suddenly changes, the teacher shall
11 promptly inform the parents, maintain a record of the contact, and make an effort to have a conference
12 with the parent. Parents will receive interim progress reports or other notification whenever a
13 significant change in performance occurs or whenever a student is failing.

14 Report cards communicating student academic progress or status (grades) and attendance will be
15 provided to parents on a regular basis (9 weeks).

16 Teachers may use supplemental reports to communicate additional progress as appropriate.

17 **K-1 STANDARDS-BASED GRADING SCALE**

18 The student consistently demonstrates understanding and application of the standard.

19 The student is making progress toward the standard.

20 The student is not making progress toward the standard

21 **GRADES 2- 12 NUMERICAL GRADING SCALE:²**

<u>Grade</u>	<u>Grade Range</u>
22 A	90 - 100
24 B	80 - 89
25 C	70 - 79
26 D	60 - 69
27 F	0 - 59

- 1 I Incomplete (must be removed during the next grading period)
 2 P/F Credit by Examination

3 This grading system shall be uniform throughout the school district for each grade.

4 Numerical grades may be used for tests and other daily or weekly work that is readily quantifiable and
 5 shall be used on report cards. Only LETTER GRADES (A, B, C, etc.) will be used on high school
 6 transcripts. No plus (+) or minus (-) notations will be used on high school transcripts.

7 **WEIGHTED GRADES**

8 Advanced coursework grades shall be weighted with additional percentage points to calculate the
 9 semester average. Depending on the course taken, the following percentage points shall be assigned:

- 10 • Honors Courses and Pre-AP courses, including middle school courses taught at high school
 11 honors level, shall include the addition of three (3) percentage points to the grades used to
 12 calculate the semester average;
- 13 • Local and Statewide Dual Credit, Capstone Industry Certification Aligned shall include the
 14 addition of four (4) percentage points to the grade used to calculate the semester average; and
- 15 • Advanced Placement, Cambridge International, College Level Exam Program (CLEP),
 16 International Baccalaureate Courses, and Dual Enrollment Courses shall include the addition of
 17 five (5) percentage points to the grades used to calculate the semester average.

18 The methodology used to calculate the dual enrollment percentage points, and the conversion chart
 19 shall be included annually in the High School Programming Guide.

20 I.B. Math Studies shall be treated as an Honors, not an A.P. / I.B. course for GPA purposes.

21 High School courses taken by middle school students will receive honors credit only if taught at the
 22 honors level.

23 Middle school students taking high school courses and high school students taking online courses, will have
 24 their grades recorded on the high school transcript with the earned letter grade and corresponding
 25 grade point average (GPA).

26 **GPA CALCULATION FOR HIGH SCHOOL COURSES**

27 <u>Grade</u>	<u>Value</u>	<u>Regular</u>	<u>Honors/Pre-AP</u>	<u>Statewide/Local Dual Credit/AP/IB/Dual Enrollment</u>

28 **LOTTERY SCHOLARSHIPS³**

29 Each school counselor shall provide incoming freshman with information on college core courses
30 required for lottery scholarships as well as necessary criteria (grade point average, ACT and SAT
31 score, etc.) that must be met in order to receive a scholarship.

32 Seniors may apply for the Tennessee HOPE Scholarship by completing the Free Application for Federal
33 Student Aid (FAFSA). The FAFSA is available at the counseling office or online. Students shall be made
34 aware of all applicable FAFSA deadlines and encouraged to submit applications in a timely manner.

1 **LOTTERY SCHOLARSHIP DAY**

2 Each school year, prior to scheduling courses for the following school year, schools teaching students in
3 grades 8-11 shall conduct a lottery scholarship day for students and their parents.³

4 **COLLEGE ADMISSIONS**

5 For purposes of communicating with college admissions offices and scholarship granting agencies, grade
6 point averages (GPA) will be calculated.

7 **HONORS RECOGNITION**

8 The weighted GPA will be calculated on all course work using the Williamson County Grading Scale.
9 GPA will also be calculated using the Tennessee Uniform Grading Scale for Lottery/Hope Scholarship
10 purposes. Both the Williamson County weighted GPA and the Tennessee Uniform GPA will appear on
11 the transcript.

12 Williamson County Schools will not rank students numerically.

13 For the purposes of honors recognition WCS will use the following Latin System:

14 Summa Cum Laude 4.25 and above

15 Magna Cum Laude 4.00-4.24

16 Cum Laude 3.75-3.99

17 Valedictorian and Salutatorian will be chosen using the following criteria:

18 Student must qualify for the highest Latin System honor awarded in the respective school.

19 Student must sit for the AP /IB exam for every course in which enrolled and must achieve a score of 3
20 or above on 75% of the AP / IB exams taken. Student will participate in at least 20 hours of
21 community service during their four years of high school.

22 Students must earn the highest overall ACT composite for their graduating class. The highest ACT is
23 considered the valedictorian(s) and the second highest is considered the salutatorian(s).

POLICY REVIEW OR CREATION REQUEST

This form will be completed for all new policies and all recommendations for revisions to or deletions of policies of the Williamson County Board of Education. Attach any information which would be helpful to understand the proposed changes or actions.

Recommended by: Staff General Counsel Board Member _____ Tony Bostic _____

Date Submitted to General Counsel: _____ March 28th 2025 _____

Recommendation: add , revise , or delete the following Policy number(s) and title(s):

4.401 Textbooks and Instructional Materials

Brief summary of the proposed addition or changes:

Pg 2 line 6 – add bullet point stating “*Have any data or studies showing better student outcomes with particular consideration given to any ESSA (Every Student Succeeds Act) Tier data.*”

Pg 2 line 12 – change language to “*Any Members of the Board may also choose to serve as ex officio members.*”

Pg 2 line 13 – add language stating, “*...submitted to the Board for approval along with written explanations from teachers, supervisors of teachers, and parents describing the reasoning for recommending the chosen textbook or instructional material. Additionally, any WCS teacher, having distinction within the field of the curriculum which is under consideration for adoption, are encouraged to provide written explanations to the Board regarding their reasoning for recommending a particular textbook or instructional material up for consideration.*”

Pg 2 before line 14 – add new paragraph language stating, “*After the textbook adoption committees’ selections are submitted to the Board for approval, a presentation shall be made to the Board with all committee members and any WCS teachers that wish to attend. The purpose of this presentation shall be to facilitate dialogue and discussion between the Board and committee members and teachers in order to provide reasoning and/or feedback about the textbook recommendations submitted by the committee.*”

Brief justification of why additions or changes needed or required:

To hone our textbook adoption process in order to build stronger rapport and collaboration between the Board, teachers, and Central Office

Staff analysis of the proposed addition or changes in terms of the following:

1 General

2 All classrooms shall be equipped with the textbooks and instructional materials needed to provide quality
3 learning experiences for students in accordance with state law.¹ The Board shall provide a wide range of
4 textbooks and instructional materials that cover all levels of difficulty, generate critical thinking, and
5 support the educational programs.

6 Part Definitions

7 Board adopted textbooks and instructional materials shall be defined as any medium or manual of
8 instruction which contains a systematic presentation of the principles of a subject, and which constitutes
9 a major instructional vehicle for that subject.²

10 Supplementary instructional materials shall be defined as additional resources selected by educators to
11 enhance instruction in alignment with the Tennessee academic standards.

12 SELECTION OF BOARD ADOPTED TEXTBOOKS AND INSTRUCTIONAL MATERIALS

13 The selection of textbooks to be considered for adoption by the Board and instructional materials shall
14 be completed according to the laws and policies required by the State of Tennessee and the State
15 Textbook and Instructional Materials Quality Commission.³ The responsibility for Board approved
16 textbook and instructional materials selection rests with the local textbook selection committees, subject
17 to approval by the Board. The Board will appoint textbook selection review committees to review the
18 textbooks and instructional materials that are proposed for adoption. The committees shall be established
19 by grade level and subject matter fields.

20 The Executive Committee shall prepare a recommended list of committee members for the Board to
21 consider. Members of the committee shall be teachers, supervisors of teachers, and parents with children
22 currently enrolled in a school under the jurisdiction of the Board at the time of the appointment. **One**
23 **Board member shall be appointed to serve on the committee and shall subscribe to the oath required**
24 **by state law.** Teachers and supervisors who are appointed shall be teaching or supervising the respective
25 grade level or subject at the time of appointment, must be licensed in Tennessee with endorsements in
26 the grade level or subject matter, and must have at least three years of experience teaching in public
27 schools. **The Board member appointed to the committee shall not be a voting member.** All **other**
28 committee members shall be voting members. The Board may appoint experts in the grade level or
29 subject matter field for the textbooks and instructional materials to be reviewed.

30 The review shall include an examination as to whether the textbooks or instructional materials:

- 1 • Conform to the standards for their subject areas or grade levels;
- 2
- 3 • Are free of any clear, substantive, factual or grammatical errors;
- 4
- 5 • Contain content that is accurate and free of bias;
- 6
- 7 • Comply with and reflect the values expressed in §49-6-1028(b), if the textbook or instructional
- 8 materials are being considered for adoption as a textbook or instructional materials for
- 9 education of students in general studies and specifically in United States history and this
- 10 nation's republican form of government.
- 11
- 12 • *Have any data or studies showing better student outcomes with particular consideration*
- 13 *given to any ESSA (Every Student Succeeds Act) Tier data.*
- 14

15 *Prior to the start of the committee members' review of Board approved textbooks and instructional*
16 *materials, the Board may provide additional parameter(s) for the committee to examine during the*
17 *selection process. Any additional parameter(s) shall support the educational goals and objectives of*
18 *the District.*

19 Experts may be college professors or credentialed subject matter specialists. Upon recommendation by
20 the Superintendent, the Board shall determine whether an individual is a credentialed subject matter
21 specialist. Experts so appointed shall not be voting members of any committee but may present
22 information to the committee for consideration.

23 The Superintendent shall be an ex officio member of all committees appointed and shall not be a voting
24 member. ~~Any~~ Members of the Board may **shall** also serve as ex officio members *to gather information*
25 *to make appropriate approval decisions about the textbook adoption committee's selection and shall*
26 *not be voting members.* The textbook adoption committees' selections will be submitted to the Board
27 for approval *along with written explanations from teachers, supervisors of teachers, and parents*
28 *describing the reasoning for recommending a chosen textbook or instructional material. Additionally,*
29 *any WCS teacher having distinction within the field of the curriculum which is under consideration*
30 *for adoption are encouraged to provide written explanations to the Board regarding their reasoning*
31 *for recommending a particular textbook or instructional material up for consideration.*

32 *After the textbook adoption committee's selections are submitted to the Board for approval, a*
33 *presentation shall be made to the Board. ~~with all committee members and any WCS teachers that wish~~*
34 *to attend. The purpose of this presentation shall be to facilitate dialogue and discussion ~~between the~~*
35 *Board and committee members and teachers in order to provide reasoning and/or feedback about the*
36 *textbook recommendations submitted by the committee.*

37 All committee members must swear to the oath required by state law. The members of the committees
38 appointed shall serve for the length of time the adoption process for which they are appointed lasts.

39 At least one set of publishers provided review materials to be considered by the committees shall be
40 available at the central office during the review period for examination by Board members, WCS
41 employees, and the general public. Online access to the textbooks and materials shall be provided to the

1 fullest extent possible. The public will be made aware of the dates the textbooks and materials are
2 available for review prior to their adoption.⁴

3 **SELECTION OF SUPPLEMENTARY INSTRUCTIONAL MATERIALS**

4 The responsibility for selection of supplementary instructional materials is delegated to the
5 professionally trained personnel employed by the school system. Selection of supplementary
6 instructional materials may involve many people including library media specialists, curriculum
7 specialists, teachers, students, principals, administrators, parents, and the community.

8 Gifts of supplementary instructional materials, meeting the selection standards, may be accepted.

9 **INSPECTION AND REVIEW**

10 Board approved textbooks, instructional materials and/or supplementary instructional materials shall
11 be available for inspection by parents/guardians upon request. The Superintendent shall develop
12 procedures for inspection of materials and distribute these procedures to each principal.⁵

13 **CARE OF BOARD APPROVED TEXTBOOKS, INSTRUCTIONAL MATERIALS, AND** 14 **SUPPLEMENTARY INSTRUCTIONAL MATERIALS**

15 Instructional materials supplied to students by the Board are district property, and the teacher shall see
16 that they are taken care of and returned by the close of the school year. Parents and guardians shall accept
17 full responsibility for the proper care, preservation, return, or replacement of instructional materials that
18 are issued to their children.

19 Fines may be assessed at the discretion of the principal in cases where the student or parent/guardian
20 damages, loses, or defaces the textbook or instructional material. The principal may include with the
21 notice a provision stating that failure to pay the fine imposed within a reasonable time may result in the
22 imposition of one of the following sanctions:

- 23 1. Refusal to issue any additional textbooks until restitution is made; or
- 24 2. Withholding all report cards, diplomas, certificates of progress, or transcripts until restitution is
25 made.
- 26
- 27

28 The principal also reserves the right to waive fines when appropriate.

29 **RECONSIDERATION OF BOARD APPROVED TEXTBOOKS, INSTRUCTIONAL** 30 **MATERIALS AND SUPPLEMENTARY INSTRUCTIONAL MATERIALS⁶**

31 A complaint about Board approved textbooks, instructional materials and supplementary instructional
32 materials may only be made by a current WCS parent/guardian, employee, or student. If there is a
33 complaint, this process is to be followed:

- 34 1. Inform the complainant of the selection procedures and make no commitments.
- 35

- 1 2. Request the complainant complete and submit a Request for Reconsideration of Board
2 Approved Textbooks, Instructional Materials and/or Supplementary Materials form.
3
- 4 3. Inform the Superintendent of Schools and other appropriate personnel.
5
- 6 4. Keep challenged materials available for use during the reconsideration process. An individual
7 parent may request that his/her child not have to use a given Board approved textbook,
8 instructional material or supplementary material provided a written request is made to the
9 principal. The materials shall be removed immediately if they:
10
- 11 a. Were created to align exclusively with Common Core; or
12
- 13 b. Are marketed or otherwise identified as Common Core textbooks or instructional
14 materials.
15
- 16 5. The principal shall request review of the challenged materials by an ad hoc materials review
17 committee within fifteen (15) working days. The ad hoc review committee is appointed by the
18 Superintendent or designee within seven (7) working days of receiving the request for review
19 and includes representatives from central office staff, classroom teachers, one or more parents,
20 and may include one or more students.
21
- 22 6. The ad hoc review committee shall take the following steps after receiving the challenged
23 materials:
24
- 25 a. Read, view, or listen to the material in its entirety;
26 b. Check general acceptance of the material by reading recognized and evaluative reviews;
27 c. Determine the extent to which the material supports the curriculum;
28 d. Complete the appropriate Checklist for Reconsideration of Board Approved Textbooks,
29 Instructional Materials and/or Supplementary Instructional Materials, judging the
30 material for its strength and value;
31 e. Invite the complainant to an interview; and
32 f. Present decision to complainant and the Superintendent or designee.
33

34 If the complainant or any affected employee of WCS wishes further action after receiving the
35 decision of the ad hoc review committee, an appeal may be made to the Board of Education within
36 fifteen (15) working days of the date of the ad hoc review committee decision. This appeal should
37 be made in writing to the Superintendent of Schools who shall schedule the matter on the agenda of
38 the next regular meeting of the School Board. If no appeal is filed within the above deadline, the
39 determination of the ad hoc review committee shall be final for up to two (2) years. The decision
40 of the Board may be binding for up to two (2) years, and the Board may determine the scope of its
41 decision throughout the district.

POLICY REVIEW OR CREATION REQUEST

This form will be completed for all new policies and all recommendations for revisions to or deletions of policies of the Williamson County Board of Education. Attach any information which would be helpful to understand the proposed changes or actions.

Recommended by: Staff General Counsel Board Member Claire Reeves

Date Submitted to General Counsel:

Recommendation: add , revise , or delete the following Policy number(s) and title(s):

Use of Wireless Communication Devices 6.312

During the June work session and board meeting, discussion made it clear that some on the Board did not want to delay updates to the wireless communication device policy. In fact, the purpose of scheduling committee discussion about this policy for August and September was to ensure the Board would have time to review their suggestions and revise the policy in time for meaningful implementation during the current school year.

However, the committee's recommendation included a delay that wasn't requested by the Board nor aligned with the urgency we expressed in those meetings. To that end, I'm submitting this policy review request for our October policy meeting to align with both the new state law now in effect and the Board's originally stated timeline for action.

Brief summary of the proposed addition or changes:

Please refer to attached documents. I have included the rewritten policy, the committee feedback document from the September work session, a comparison chart outlining the current policy and the proposed revisions, and emails sent to the Board from parents in support of an "Away for the Day" policy, including three committee members, and Warren County's "Away for the Day" policy.

Elementary Committee Feedback Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Clarify that 'silenced' also means off-body	Explicitly states devices must be stored off-body, <u>not in pockets or on wrists.</u>
Watches are still a concern	Smartwatches fall under the same policy as phones and must also be stored off-body.
Reinforce cubby/backpack storage	Allows for classroom-specific storage solutions.
Developmentally appropriate consequences	Includes tiered, age-appropriate consequences provided by the committee.

Middle School Committee Feedback

Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Clarity on 'silenced' devices	Updated to require devices be 'silenced and stored off the body'.
Define educational purpose	Policy defines specific educational use, aligned with curriculum.
Keep lunch, transitions, study hall off-limits	Policy consistently prohibits use during all school day periods.
Consequences tied to Code of Conduct	Includes tiered, age-appropriate consequences provided by the committee.

High School Committee Feedback

Committee Concerns	How Revised Policy 6.312 Addresses Concerns
Anticipated resistance to lunch restrictions	Policy enforces consistent bell-to-bell rules, including lunch. To prepare students and staff, enforcement would begin January 2026.
Concern about student/parent communication	Emergency Communication section outlines staff-led parent contact and safe opportunities for student contact when appropriate.
Request for clearer language about transition periods	Defines 'school day' to include class transitions, eliminating ambiguity.
Support for phone pouches or lockers	Policy permits storage in lockers, backpacks, or teacher-designated areas, supporting pouch/locker implementation.
Clarify educational use	Defines educational use with clear examples and prohibits general access to devices.
Graduated consequences	Includes tiered, age-appropriate consequences provided by the committee.

Family Feedback Trends From Survey

Family Feedback	How Revised Policy 6.312 Addresses Family Feedback
Desire for clearer enforcement	Policy includes visible, structured consequence ladders for all levels.
Concern about emergency access and safety	Includes language about emergency communication through school channels.
Concern about distractions, social issues, and mental health	Policy rationale ties device restriction to improved focus and well-being.
Mixed views on device use during non-instructional times	Policy provides consistent bell-to-bell expectations for ease of enforcement.
Support for stricter device rules, especially for younger students	Applies consistent rules across K–12 while preserving flexibility via accommodations.
Recognition of need for balance and accommodations	Preserves exceptions for IEPs, 504s, Health Plans, and assistive technology.

Brief justification of why additions or changes needed or required:

School districts across the nation are moving toward consistent “Away for the Day” policies for grades K-12 and for good reason. The revised policy begins with a purpose section so that all stakeholders understand the rationale for the policy.

What is one of the biggest benefits of “Away for the Day”? Enforcement becomes easier and more consistent when the rules are consistent across all grade levels. Right now, our policy allows partial device usage in high school. That inconsistency actually makes it harder for staff to enforce. When phones are allowed “sometimes” or in certain places, it creates gray areas and leads to frustration for both students and teachers.

We see this reflected in the data (<https://www.pewresearch.org/short-reads/2024/06/12/72-percent-of-us-high-school-teachers-say-cellphone-distraction-is-a-major-problem-in-the-classroom/>) :

- 60% of high school teachers say phone enforcement is difficult (Pew Research).
- Only 12% of elementary teachers say the same. One key difference is that policies for younger grades tend to follow a clear “Away for the Day” model.

Furthermore, what’s working for our middle schoolers should work for our high schoolers. A clear, consistent policy of away, off the body, all day is easier to enforce and helps everyone stay on the same page.

And let’s be honest: if parents check their high schooler’s screen time, it’s usually not spent on college or job apps. It’s overwhelmingly spent on social media (TikTok, Snapchat, Instagram) not on ACT scheduling or “essential communication.” That kind of phone use is a distraction from learning and face-to-face socializing.

Yes, high schoolers need to learn responsibility, but that includes knowing when and where to use their phones. Tasks like scheduling the ACT, replying to a boss, or checking notifications don't need to happen during lunch. That's what before and after school is for.

Independence for our high schoolers doesn't come from phone access during the school day. Real independence means managing your time, planning ahead, and owning your responsibilities. That's the kind of growth this policy encourages.

Staff analysis of the proposed addition or changes in terms of the following:

Legal implications; educational benefits; impact on the staff at the building level; impact on staff at the district level; immediate and future changes in numbers of assignments of personnel; immediate and future budgetary impact.

Policy 6.312 Use of Wireless Communication Device Policy (Away for the Day)

Purpose

This policy is required by Tennessee law and establishes clear and consistent expectations for the possession and use of personal wireless communication devices by K–12 students. Its purpose is to ensure that instructional time and school environments remain free from unnecessary distractions and to promote student engagement, well-being, safety, and a positive school environment.

Research and safety experts agree that limiting device use during the school day:

- Improves learning by keeping students focused and engaged.
- Supports well-being by reducing social pressures, bullying, and anxiety.
- Strengthens safety by ensuring students follow staff directions in an emergency. Parents will be notified through the school’s emergency communication system. Safety experts caution that parents calling or texting students during an emergency can put students at greater risk by drawing attention to them and disrupting established safety procedures.

Definition

For purposes of this policy, wireless communication devices include, but are not limited to:

- Cell phones
- Smart watches
- Ear buds / AirPods
- iPods / MP3 players
- CD players, Walkmans, or radios
- Pagers or beepers
- Handheld electronic games
- Non-school issued laptops or tablets or any portable devices capable of communication or gaming

General Rule

K–12 students are prohibited from using personal wireless communication devices during the entire school day (i.e., first bell of the day to last bell of the day), including instructional periods, class transitions, study halls, and lunch time.

All devices must remain silenced and stored off the body in:

- Backpacks, purses, or similar personal bags
- Teacher-designated storage areas within the school setting
- Lockers
- Personal vehicles

Devices may not be stored in clothing, pockets, or on the body, as this allows for easy access.

School Setting

“School setting” includes all areas of the campus or school-sponsored environments during the school day, whether instruction is actively occurring or not, including but not limited to:

- Classrooms and libraries
- Lunch areas and auditoriums
- Gymnasiums and physical education areas (indoor and outdoor)
- Performing arts areas
- Locker rooms
- Administrative offices

- Nurse’s office, counseling/medical/psychological spaces
- Bathrooms
- School Buses and other district-provided transportation for field trips/travel during school day

Leaving class during instructional time to use a device in another school setting is a violation of this policy.

Emergency Communication

All staff members have access to communication devices during the school day and may contact the school office in case of an emergency.

In an emergency, school staff will initiate established communication protocols to notify parents/guardians by text message, email, and/or phone call. Students will also be permitted to contact a parent/guardian once it is safe to do so under staff direction.

Safety experts strongly caution against parents calling or texting students during an active school emergency, as this can draw attention to students’ locations and interfere with their ability to follow safety instructions. Parents are urged to await official communication from the school.

In non-emergency situations, parents/guardians will be contacted by school officials via text message, email, or phone call.

Exceptions

Students may use personal communication devices only when:

1. Authorized by a teacher for a specific educational purpose. A “specific educational purpose” means that the device is being used as a tool directly tied to the learning objectives of the lesson and under active teacher supervision.

Examples include:

- a. Accessing a teacher-directed digital resource not otherwise available on school-issued technology.
- b. Using translation or accessibility applications as part of instructional activities.
- c. Documenting a project, experiment, or performance when directed by the teacher.
- d. Participating in structured class activities (e.g., polling software, classroom response systems) where the teacher requires device access.

Educational purpose does not include:

- a. Free or unsupervised internet browsing.
- b. Listening to music, playing games, or watching videos unrelated to instruction.
- c. Messaging, social media, or personal communication.
- d. Using the device as a reward or filler activity in lieu of teacher-directed instruction.

Teacher authorization may not be granted for the purpose of convenience when school-issued devices or classroom materials are available for instructional purposes. Permission to use a personal device is an exception, not the norm, and should be revoked immediately if misused.

2. Required by an IEP, 504 Plan, or Health Care Plan.
3. Needed to manage a documented medical condition in accordance with a healthcare provider’s orders.
4. Used as approved assistive technology. Assistive technology refers to any item, equipment, or system that increases, maintains, or improves the functional capabilities of a student with a disability.

Examples include:

- a. A smartphone or tablet with text-to-speech or speech-to-text features for students with reading or writing disabilities.

- b. Accessibility apps that provide communication support for students with speech or language impairments.
- c. Audio recording functions permitted for students with documented memory, auditory processing, or attention-related disabilities.

Use of assistive technology must be:

- a. Clearly documented in the student's IEP, 504 Plan, or Health Care Plan
- b. Approved by the case manager, school administrator, or designated staff.
- c. Limited to functions directly tied to the accommodation or support need.
- d. Any use of a device outside of the documented accommodation (e.g., texting, gaming, or personal use) is a violation of this policy and subject to disciplinary action.

Student use under these exceptions is not a student right but a limited accommodation/authorization.

Prohibited Uses

Students are prohibited from:

1. Using devices in any manner that threatens academic integrity, disrupts learning, or violates privacy rights.
2. Using devices to cyberbully, harass, or threaten another student
3. Taking, sending, sharing, viewing, or possessing pictures, text messages, emails, or other material depicting sexually explicit conduct, as defined in Tennessee Code Annotated § 39-17-1003 and related statutes (including § 39-17-1002), while the student is on school grounds, at school-sponsored events, or on school buses or vehicles provided by the district.
4. Recording or photographing without consent.
5. Students may not use personal devices to access the internet through unauthorized means (e.g., personal hotspots, VPNs, or circumvention of school network filters).
6. Charging devices using school resources during the school day.

Search & Seizure of Devices

By bringing a device to school, students and parents/guardians acknowledge that the device is subject to search by a school administrator if there is reasonable suspicion, based on objective facts, that the device contains evidence of a violation of school policy or law. Any search will be conducted in a manner consistent with federal law (New Jersey v. T.L.O.) and Tennessee law (T.C.A. § 49-6-4204 and § 49-6-4205) and will be limited in scope to the suspected violation. Content or images that violate state or federal law may be referred to law enforcement.

Staff Expectations

Teachers and staff members will consistently and fairly enforce this regulation. Teachers will clearly designate storage areas in classrooms for students who cannot store devices in backpacks, lockers, or purses/bags.

Teachers and staff will not use phone breaks as student rewards.

Teachers and staff should model appropriate device use by refraining from personal use during instructional time.

Student & Family Responsibilities

Bringing a personal wireless communication device to school is strictly optional. These devices are not required for instruction and do not enhance learning during the school day.

Students are solely responsible for any personal wireless communication devices they choose to bring to school or school-sponsored events. The school district will not assume responsible for loss, theft, damage, or unauthorized use of these devices.

Consequences

Any visible device during school hours may be confiscated. Confiscated devices will be secured and returned to the student at the end of the school day.

Violations of this policy will result in disciplinary action. Repeated violations will lead to progressive consequences. Final determination of disciplinary measures rests with school administration.

Elementary School

- **First Offense:** Device placed in cubby/backpack. Teacher/staff member communicates with student and family, reteaching of expectations. Device goes home with student at end of day.
- **Second Offense:** Device sent to administrator. Administrator communicates with student and family, reteaching of expectations. Device returned to student at end of day.
- **Third Offense:** Device sent to administrator. Administrator communicates with student and family, reteaching of expectations. Parent/guardian required to pick up the device.

Middle School

- **First Offense:** Teacher/staff member redirects student to put device away. Reteaching of expectations. Student stores device away until end of class/day.
- **Second Offense:** Teacher/staff member confiscates device and delivers to administration. Parent notified; parent must pick up device at end of day.
- **Third Offense:** Escalated consequences for non-compliance, which may include loss of privilege (device held in office), demerits, or detention, or in-school suspension.

High School

- **First Offense:** Teacher/staff member redirects student to put device away. Reteaching of expectations. Student stores device away until end of class/day.
- **Second Offense:** Device confiscated and delivered to administrator who notifies parent and reviews expectations with student. Parent conference held as needed.
- **Third Offense:** Escalated consequences for repeated non-compliance. Focus shifts to addressing pattern of behavior. Examples of escalated consequences include loss of privilege (device held in office), detention, or in-school suspension.

Additional Consequences (All Grades)

- Referral to law enforcement may occur if device use involved content or behavior that violates state or federal law.
- Progressive consequences beyond the third offense may be applied at the discretion of the school administration in alignment with the Student Code of Conduct.

Old vs New Policy Comparison

Section	Current Policy	New Policy
Purpose	No purpose section.	Explicit Purpose section. States policy required by TN law (Public Acts of 2025, Chapter 103). Adds expert rationale citing safety, well-being, and learning benefits.
Definitions	Devices defined generally as any portable wireless device with voice, messaging, or data capability (wearable tech, cell phones, laptops, tablets, gaming devices).	Expanded definition: includes phones, smart watches, earbuds, iPods, MP3 players, radios, pagers, handheld games, non-school issued laptops or tablets, or any portable communication/gaming device.
General Rule	Grades K-8: devices silenced, not used. Grades 9-12: devices silenced, not used except during lunch.	Prohibits use during entire school day (first to last bell), including transitions, study halls, and lunch. Stronger than old policy. Devices must be stored off-body.
School Setting	No definition of 'school setting' provided. Policy focused on possession/use by grade level rather than locations.	Defines 'school setting' comprehensively: classrooms, gyms, libraries, admin, nurse, counseling, bathrooms, locker rooms, buses, and field trips.
Emergency Communication	Emergency plan: parents alerted via text/email/phone in event of emergency. No detail on student contact or safety expert guidance.	Detailed section: staff initiate emergency protocols; students may contact parents once safe. Explicit safety expert caution against parents calling/texting during emergencies.
Exceptions	Permitted uses: emergencies, teacher authorization for educational purposes, healthcare plans, IEP/504, assistive technology. Broad and flexible with little restriction.	Exceptions narrowly defined. Teacher authorization requires direct link to instruction. Convenience uses excluded. Includes detailed safeguards for assistive technology. Exceptions explicitly not student rights but accommodations.
Prohibited Uses	Prohibited uses implied by context but not detailed. Did not specify cyberbullying, unauthorized internet use, charging, or privacy violations.	Expanded prohibited uses: academic dishonesty, cyberbullying, harassment, threats, explicit conduct (T.C.A. 39-17-1002 & 1003), unauthorized internet (hotspots/VPNs), recording without consent, charging at school.
Search & Seizure	Search authority implied under general district authority, not detailed. No explicit reference to T.L.O. or TN law in this version.	Detailed section: searches by administrators only, based on reasonable suspicion. References New Jersey v. T.L.O., T.C.A. 49-6-4204, 49-6-4205. Scope limited to suspected violation.
Staff Expectations	No staff expectations outlined. Enforcement not detailed beyond confiscation possibility.	Staff must enforce consistently, designate storage, model good behavior, and not use phones as rewards. Clearer than old policy.
Student & Family Responsibilities	Students permitted to bring devices. No statement that bringing is optional or not required. Liability not explicitly disclaimed.	Explicitly optional. Not required for instruction or learning. Students solely responsible. District not liable for loss, theft, or damage.
Consequences	Unauthorized use may result in confiscation for the day. General disciplinary action referenced, but no tiered framework or escalation by grade.	Tiered consequences by grade band (elementary, middle, high) with escalating actions (reteaching, parent pick-up, loss of privilege, detention/ISS). Referral to law enforcement possible. Progressive consequences beyond third offense allowed.

Subject: WCS Personal Device Policy - New State Law

Dear Claire,

I'm a WCS dad of four and wanted to reach out to you about WCS's personal device policy. As you likely know, the Tennessee State Legislature has [passed a new law](#) which requires all school districts, including WCS, to develop a wireless communication device policy. WCS already has [acceptable use guidelines](#), but they are very permissive, allowing students to use devices during non-instructional time, or with teacher permission.

The state law provides a "floor," requiring districts to restrict use during instructional time without teacher permission, but leaves it to districts to decide in their policies about use during non-instructional time, and when teachers can grant permission for students to use the phone.

The law takes effect on July 1, and WCS is required to develop a policy by the start of the school year. As you board deliberate on the policy, I encourage you to include two key elements:

- Enact a "bell-to-bell" (also called "away for the day") policy, where students are not permitted to use their phone the entire day. Phone use during instructional time is already restricted by WCS guidelines, but phone use during non-instructional time may be even more harmful, contributing to bullying, anxiety and social disconnection. This is true across all age bands, from elementary through twelfth grade.
- Eliminate use of phones in class with teacher permission. Although flexibility is always appealing, there are three main issues with this:
 - teachers requiring cell phone use for instruction, which creates issues for students without phones (for example, using personal phones in art class for drawing, or requiring phone usage to submit weightlifting records in PE). Since WCS provides devices for students, asking students to use their personal phones is unnecessary and inappropriate.
 - teachers using phone access as an incentive. In many classes, teachers assign a worksheet and tell students that they can use their phones when the worksheet is done. This creates an incentive for students to rush through the worksheet, and crowds out instruction that could be taking place.
 - Inconsistencies between classrooms and across the district. In my conversations with staff and parents around WCS, I was surprised to learn how much variability there is by school. Teachers I've spoken with would prefer a district-wide uniform policy so they don't have to play the role of "phone police" in their classrooms.

I'm certain you're familiar with the ample research on the downsides of personal phone use in schools, but I have found [Away for the Day](#) and the [Phone Free Schools Movement](#) to be particularly helpful. I have included some key research results at the bottom of my email.

I know that some parents prefer to be able to contact their students during the day, but from talking to teachers and administrators, this seems to yield more problems than benefits. The

state law includes exceptions for emergencies, and parents can always reach their student by calling the office. In a true emergency, students need to be following the instructions of their teachers, not texting with their parents. In national surveys, a substantial majority of parents support bell-to-bell restrictions.

Arkansas, South Carolina and Louisiana have implemented statewide bell-to-bell policies, as have nearly all private schools in and around Williamson County. In fact, about 40% of schools in the US have already implemented bell-to-bell policies, and the proportion is skyrocketing.

I encourage the WCS board to pass a bell-to-bell policy for the benefit of our students. Thanks for considering, and for all the work you do for WCS.

Adam

PS I'm on the newly-formed WCS screen time committee. I'm very excited about this, but the committee is not scheduled to meet over the summer, so our report won't be available in time for your policymaking. My sense is that WCS staff are planning to recommend doing the "floor" required by state law (which is already in our acceptable use guidelines) and to defer further decision making until the 2026-2027 school year, which is too late, in my opinion, so I hope the board will act now.

Benefits and Outcomes of Bell-to-Bell Policies

Academic Performance

Removing or limiting phones can boost student learning. For example:

- A [UK study](#) found schools that instituted phone bans saw test scores improve by ~6%, especially among lower-achieving students.
- In the U.S., an [analysis by Yondr](#) in 2024 across 37,000 grades found student pass rates and GPAs rose by an average of 6.3% after phone restrictions and high school juniors and seniors had a 38% higher probability of earning passing grades in core classes after phones were removed.
- At [KIPP NYC College Prep](#), stricter phone rules coincided with higher AP exam scores and overall grade improvements post-pandemic.
- Teachers report being able to [cover more material and assign longer tasks](#) once phones are removed from the classroom.

Student Behavior and Discipline

Bell-to-bell policies have correlated with significant reductions in student misbehavior:

- Bentonville, Arkansas reported [a 57% drop](#) in verbal or physical aggression incidents post-ban.
- A California high school using Yondr pouches saw a [75% reduction](#) in behavioral referrals after adopting a phone-free policy.
- [NEA survey \(2024\)](#): 90% of teachers supported prohibiting phones during instructional time, 83% supported full-day bans.

Student Engagement and Social Interaction

Bell-to-bell policies appear to encourage more peer interaction:

- After Newburgh Free Academy in New York banned phones, [teachers noted](#) the lunchroom became noisier with kids playing cards instead of watching Tiktok.
- KIPP NYC observed a [50% increase in attendance](#) at after-school events post-ban.
- [Bentonville teachers reported](#) 86% of students were more engaged in lessons, and 75% showed more in-class peer interaction after phone bans.

Mental Health and Well-Being

In terms of mental health, research on bell-to-bell policies suggests:

- Schools [report reductions in cyberbullying](#) incidents and viral challenge disruptions after banning phones. xxxx
- Students often [report feeling less overwhelmed](#) by social media drama during school hours post-ban.

School Safety Considerations

- Some parents worry about communication during emergencies, but educators and safety experts caution that student cell phone use during emergencies increases danger by [distracting students from safety and emergency response directions](#) from teachers and staff, [promoting rumors that can cause panic](#) and impeding public safety response by causing parents to rush to the scene before first responders can secure the scene and evacuate students (we saw this recently at Ravenswood).

- Student use of cell phones during emergencies can interfere with [first responder communication](#).
- Even worse, cell phone use can directly [endanger students](#) by attracting intruders to the “ding” of a student’s phone.
- The mother of a student who died in the Marjory Stoneman Douglas school shooting has [advocated for phone bans](#) along with school safety investments.
- Schools typically permit [emergency exceptions](#), and emphasize rapid communication through official channels.

Hello, Board Members.

I have never reached out, nor have I met any of you before. I have a daughter at [REDACTED] and two daughters [REDACTED] and one son [REDACTED]

Recently I was made aware of a new school policy that is either banning or reducing device usage in Williamson County schools. BRAVO. These devices are stealing so much from our society in so many ways, especially our youth. I support full banning of all devices in all schools, so thank you for anything you choose to do along that front.

By the way, I went to my first soccer game at Geodis Park the other day, as a guest. You have to use your phone to scan your tickets to get into the stadium. You have to use your phone to pay for concessions (no cash; they do still take cards). Our hosts had an upgraded seat section so they had to scan their phones for us to access our seats. Yes, this meant they had to escort us to the bathroom so they could scan us back into our seats. It has absolutely gotten ridiculous.

Thank you for looking out for our kids.

Williamson County Board-

My [REDACTED] and I have read The Anxious Generation by Jonathan Haidt. [REDACTED] dad, and I are passionate about schools becoming phone free bell-to-bell for k-12, including lunch time and including phones not being with students in backpacks during the day. [REDACTED]
[REDACTED]

[REDACTED]
[REDACTED] Classmates have repeatedly shared sexual content [REDACTED] during class hours, both on their personal devices and on school Chromebooks through YouTube. Through social media, due to same grade classmates sending male full frontal nudity of themselves (more than 2 dozen images on Snapchat), [REDACTED] decided to give up socials in February 2025 (Snapchat, Insta, TikTok), after which [REDACTED] experienced extreme loneliness at the lunch table, as [REDACTED] table-mates continued with their social media habits, leaving [REDACTED] to sit in silence. As a result, [REDACTED] current solution for [REDACTED] is to allow dual enrollment as much as possible from home so that [REDACTED] can have social interaction (with family) during the day, while still participating in [REDACTED] and extra-curricular school activities. If [REDACTED] were to offer social freedom (phones free) during lunch, however, [REDACTED] would be motivated to actually be able to talk to [REDACTED] friends during the day.

As a counselor at a local church camp where phones are not allowed for kids 5th-HS graduates 2013-current, I have noticed that while some kids may be hesitant to turn in phones initially, none of them asks for [REDACTED] phone when real life social interaction is offered as an alternative. The freedom from phones comes when the majority of peers are not turning to their phones for social interaction. Giving up a personal phone does not bring relief from the phone addiction for teens; the relief comes when a group of friends practice social freedom together. When offered to option to use social media or not, the truth of addiction tells us teens will almost always choose the phones. But, if we can offer these highly social kids an environment where friend groups are interacting without screens, I believe they will show us a way out of depression, loneliness, and anxiety. They are delightful individuals who are desperate for us to speak up for their social wellbeing. And, I believe many younger Gen Z in our community are ready to work on a solution.

Thank you!

Katie Schlacter emailed on May 18, 2025 – **Katie is on the technology use committee**

Dear WCS school board members,

My name is Katie Schlacter and I am a parent of [REDACTED]. First of all, thank you very much for your service on the school board.

I'm sure you're aware of the [recent legislation that passed in TN that prohibits cell phone use during school instructional time](#). I am thrilled about this progress and think it's a step in the right direction. As I understand it, a new Tennessee state law requires all districts to develop a personal device policy this summer before the 2025/2026 school year starts. **I hope that Williamson County Schools will consider adopting a phone-free schools policy that encompasses the entire day, during both instructional time and free time.**

The presence of smartphones undermines our students' educational experience and creates an unnecessary burden for our teachers as they struggle to police these devices. Smartphones facilitate cyberbullying, physical fights, privacy violations, and exposure to inappropriate and harmful content. Lack of face-to-face interactions during free periods diminish our children's empathy and leave them unable to handle conflict resolution.

Research shows that smart phones are [addictive](#) and [distracting](#), impede [executive functioning skills](#), lead to [poor academic performance](#), harm [school safety](#) efforts and even [enable cheating](#) on exams. Further, the [surgeon general last year asked Congress](#) to put a warning on social media apps because of mental health dangers that they pose. Problematic phone use can no longer be considered an individual decision. In a school environment, it negatively impacts the community as a whole. These issues spill over to the non-users, as bystanders in the hall or in the lunchroom are also exposed to the distractions and harmful content, even if they do not have a phone.

I am on the newly formed WCS screen time committee. I look forward to exploring the many facets digital technology use in schools with this group over the next year. However, I hope the board will act now on the issue of personal devices. From my experience and from what I have heard from other parents and teachers in our community, this as an urgent issue for our schools that cannot wait.

Again, I very much appreciate your work on behalf of the community.

Best,
Katie Schlacter

Dear School Board Members,

I hope this message finds you well. As a parent of [REDACTED] children in Williamson County Schools, I want to thank you for your commitment to the development, growth, and education of our children. Our family moved to Williamson County four years ago to allow our children to take full advantage of this amazing school district, and we are so grateful for the opportunities each of them are afforded in our local schools. We believe in the role of public schools and the vital role they play in our communities as they foster young minds and raise future leaders - so thank you for the part that you play.

It is my understanding that you will be voting as a board on the Personal Device Policy that WCS will adopt for the 25/26 school year. I am writing to strongly encourage and ask you to adopt a "bell-to-bell" policy for the sake of our children - their mental health, their social/emotional development, and their academic achievement. As I'm sure you are aware, there is now an abundance of research and evidence regarding phone usage during the critically important developmental stage of our students, and in particular, the impact these devices have when used during school hours. Overwhelmingly, the data is very clear - our children deserve better, and we are the ones that can do that for them.

There are a number of resources you can reference for this research, but Jonathan Haidt's recent book, *The Anxious Generation*, has been very informative for my husband and I as we shape our own plans for screen-usage in our home, as well the direction and intention we hope our local school system adapts, and quickly.

Haidt's research highlights a troubling link between the rise of constant phone access and the sharp increase in anxiety, depression, and attention difficulties in adolescents. He emphasizes that young people today are part of the first generation to grow up with constant digital distractions and it isn't turning out well for them - since 2010, rates of teen anxiety and depression in the U.S. have more than doubled—closely mirroring the explosion in smartphone and social media use.

I believe that a bell-to-bell policy could help mitigate these issues by allowing students, at the very least, to re-engage with in-person learning and peer interaction without the distraction of these devices. Research both nationally and internationally shows that test scores improve, student mental health improves, bullying decreases, and student misbehavior declines. Not to mention the face-to-face interactions that allow our students to develop strong interpersonal social and emotional skills that will serve them for the remainder of their lives are significantly improved.

While we understand that technology plays an important role in education, it's critical that we distinguish between tools that support learning and tools that distract from it. Personal devices are not educational necessities in the classroom—and in many cases, they undermine the focus and social development that schools are meant to foster.

I ask the board to review the research and consider adopting a bell-to-bell personal device policy to create a healthier and more focused learning environment for all students.

Thank you for your time and commitment to the well-being of our students.

Sincerely,

Crystal Basham

Email from Allyson Lifsey sent on May 16, 2025 – Allyson is on the Technology Use Committee

Hello,

My name is Ally Lifsey. I'm the mom of a [REDACTED] [REDACTED] and also a member of the newly-formed WCS Screen Time Committee which I'm excited to be a part of. However, I'm aware that Tennessee's new law requires a policy addressing personal tech in schools prior to the 2025-2026 school year, and we won't have time to deliver guidance via the committee prior to then. Given these time constraints, I'm reaching out to personally advocate for a bell-to-bell ban on all personal tech devices.

I could write a long e-mail about all the reasons why I believe this is the way to go and ideas for how to implement it and responses to common concerns, but Phone Free Schools has already created an amazing Administrator Toolkit with all the relevant information. I've attached it here. I urge you to carefully look it over and consider it when drafting your policy for the upcoming school year.

I'm passionate about making sure that what we do in school is evidence-based to the extent that it can be, and we now have a lot of data that we didn't have before about technology and its effects on our kids. Given this information, it's our duty to change our approach.

Thanks for considering,

Ally

Monitoring: Review: Annually, in March	Descriptor Term: Restrictions on Student Possession and Use of Personal Electronic Devices	Descriptor Code: 6.312	Issued Date: 07/24/25
		Rescinds: 6.312	Issued: 06/24/24

1 The increase in use of cell phones and personal communication devices by students during the school
2 day has become far more than a distraction in the school environment. These devices are being used by
3 students as a means of cheating on tests, taking inappropriate pictures and videos of students and staff
4 for sharing and posting across the internet, threatening and/or bullying other students, and engaging in
5 an excessive amount of social interaction during instructional time.

6 Therefore, students may only possess a wireless communication device so long as such devices are
7 turned off and stored out of sight and in school issued storage locations for the entirety of the school day.
8 Such devices include any portable wireless device that has the capability to provide voice, messaging,
9 or other data communication between two (2) or more parties, such as wearable technology, cell phones,
10 non-school issued laptops or tablets, and gaming devices.

11 Students who wish to carry a cell phone with them to and from school must keep the device turned off
12 and stored (e.g., kept in the student's automobile, or other school approved location at all times during
13 the entire school day). For the purposes of this policy the school day includes the entire day from the
14 school start time or bell that indicates the start of the school day until the final dismissal time of the
15 school day. The school is not responsible for any loss or theft of the device while on school property.

16 A student may only be permitted to utilize a wireless communication device under the following
17 circumstances;

- 18 1. In case of emergency;
- 19 2. When authorized by a teacher (with prior authorization from principal)
- 20 3. To manage the student's health, as document in the student's individual healthcare plan;
- 21 4. When the possession or use is required by the student's individual education program, 504 plan
22 or individual learning plan; or
- 23 5. When the device is being used by a student with a disability for the operation of assistive
24 technology to increase, maintain, or improve the student's functional capabilities.¹

25 EXAMINATION OF WIRELESS COMMUNICATION DEVICES

26 A wireless communication device-may be subject to search within the parameters set out in WBOE
27 Policy 6.303 and state and federal law. Notice that improperly stored wireless communication devices
28 may be subject to search shall be included in the handbook disseminated to the parents and/or guardians
29 of each student.

30 CELL PHONE/ELECTRONIC COMMUNICATION DEVICE OFFENSE GUIDELINES

1 A student found in unauthorized possession of any type of cell phone or personal communication device
 2 during the school day shall have the device taken from him or her and kept by the school Principal or
 3 designee until the parent is notified. The parent may pick up the device at a time and location designated
 4 by the principal at the close of the next school day following the day that the parent received notification
 5 or earlier at the principal’s discretion. Thereafter, the parent may pick up the device by appointment after
 6 the student serves the designated detention. Moreover, for such subsequent violation of this policy, the
 7 student shall receive additional consequences in accordance with the district-wide communications
 8 device offense guidelines.

9 **AGREEMENT TO RULES AND POLICY**

10 By allowing a student to bring a cell phone or other personal communication device to school, the parent
 11 and the student voluntarily agree to abide by these disciplinary rules, restrictions and offense guidelines.
 12 The District, its schools, nor its employees assume any responsibility or liability for the loss or damage
 13 to any student’s personal communication device, or for the unauthorized use of student’s personal
 14 communication device. takes no responsibility for confiscated items and will not compensate the owner
 15 for any lost, stolen, or damaged confiscated items while in the custody of the District or while otherwise
 16 on school property.

17 The Director of Schools (or designee) is responsible for administering this policy which applies to all
 18 students in all Warren County schools.

Monitoring: Review: Annually, in March	Descriptor Term: Use of Wireless Communication Devices	Descriptor Code: 6.312	Issued Date: 06/16/25
		Rescinds:	Issued:

1 *PURPOSE*

2 *This policy is required by Tennessee law and establishes clear and consistent expectations for the*
3 *possession and use of personal wireless communication devices by K–12 students **and will take effect***
4 ***August 1, 2026.** Its purpose is to ensure that instructional time and school environments remain free*
5 *from unnecessary distractions and to promote student engagement, well-being, safety, and a positive*
6 *school environment.*

7 *Research and safety experts agree that limiting device use during the school day:*

8

- 9 • *Improves learning by keeping students focused and engaged.*
- 10 • *Supports well-being by reducing social pressures, bullying, and anxiety.*
- 11 • *Strengthens safety by ensuring students follow staff directions in an emergency. Parents will be*
12 *notified through the school’s emergency communication system. Safety experts caution that*
13 *parents calling or texting students during an emergency can put students at greater risk by*
14 *drawing attention to them and disrupting established safety procedures.*

15 *DEFINITION*

16 *For purposes of this policy, wireless communication devices include but are not limited to:*

- 17 • *Cell phones;*
- 18 • *Smart watches;*
- 19 • *Ear buds / AirPods iPods / MP3 players;*
- 20 • *CD players, Walkmans, or radios;*
- 21 • *Pagers or beepers;*
- 22 • *Handheld electronic games; and*
- 23 • *Non-school issued laptops or tablets or any portable devices capable of communication or*
24 *gaming.*

25 **GENERAL**

26 *K–12 students are prohibited from using personal wireless communication devices during the entire*
27 *school day (i.e., first bell of the day to last bell of the day), including instructional periods, class*
28 *transitions, study halls, and lunch time. All devices must remain silenced and stored off the body in:*

- 29 • *Backpacks, purses, or similar personal bags;*
- 30 • *Teacher-designated storage areas within the school setting;*

- 1 • *Lockers; or*
- 2 • *Personal vehicles.*

3 *Devices may not be stored in clothing, pockets, or on the body, as this allows for easy access.*

4 ~~Students in grades K–8 may possess wireless communication devices so long as such devices are silenced~~
5 ~~and not used during the school day. Students in grades 9–12 may possess wireless communication devices~~
6 ~~so long as such devices are silenced and not used during the school day. Students in grades 9–12 may~~
7 ~~use a wireless communication device during the student's lunch period. Such devices include any~~
8 ~~portable wireless device that has the capability to provide voice, messaging, or other data communication~~
9 ~~between two (2) or more parties, such as wearable technology, cell phones, laptops, tablets, and gaming~~
10 ~~devices.~~

11 *SCHOOL SETTING*

12 *“School setting” includes all areas of the campus or school-sponsored environments during the school*
13 *day, whether instruction is actively occurring or not, including but not limited to:*

- 14 • *Classrooms and libraries;*
- 15 • *Lunch areas and auditoriums;*
- 16 • *Gymnasiums and physical education areas (indoor and outdoor);*
- 17 • *Performing arts areas;*
- 18 • *Locker rooms;*
- 19 • *Administrative offices;*
- 20 • *Nurse’s office, counseling/medical/psychological spaces; or*
- 21 • *Bathrooms School Buses and other district-provided transportation for field trips/travel during*
22 *school day.*

23 *Leaving class during instructional time to use a device in another school setting is a violation of this*
24 *policy.*

25 *EXCEPTIONS*

26 ~~A student may, however, be permitted to utilize a wireless communication device under the following~~
27 ~~circumstances:~~

28 *Students may use personal communication devices only when:*

- 29 *1. Authorized by a teacher for a specific educational purpose. A “specific educational purpose”*
30 *means that the device is being used as a tool directly tied to the learning objectives of the lesson*
31 *and under active teacher supervision.*

32 *Examples include:*

- 33 *a. Accessing a teacher-directed digital resource not otherwise available on school-issued*
34 *technology.*
- 35 *b. Using translation or accessibility applications as part of instructional activities.*
- 36 *c. Documenting a project, experiment, or performance when directed by the teacher.*

1 *d. Participating in structured class activities (e.g., polling software, classroom response*
2 *systems) where the teacher requires device access.*

3 *Educational purpose does not include:*

- 4 *a. Free or unsupervised internet browsing.*
5 *b. Listening to music, playing games, or watching videos unrelated to instruction.*
6 *c. Messaging, social media, or personal communication.*
7 *d. Using the device as a reward or filler activity in lieu of teacher-directed instruction.*

8 *Teacher authorization may not be granted for the purpose of convenience when school-issued devices*
9 *or classroom materials are available for instructional purposes. Permission to use a personal device*
10 *is an exception, not the norm, and should be revoked immediately if misused.*

- 11 2. To manage the student's health, as documented in the student's individual healthcare plan;
12
13 3. When the possession or use is required by the student's Individual Education Program (IEP),
14 active 504 plan, or individual learning plan; or
15
16 4. The device is being used by a student with a disability for the operation of assistive technology
17 to increase, maintain, or improve the student's functional capabilities.
18
19 ~~5. In the event of an emergency;~~
20
21 ~~6. When authorized by a teacher for educational purposes;~~
22

23 ***PROHIBITED USES***

24 *Students are prohibited from:*

- 25 1. *Using devices in any manner that threatens academic integrity, disrupts learning, or*
26 *violates privacy rights.*
27 2. *Using devices to cyberbully, harass, or threaten another student.*
28 3. *Taking, sending, sharing, viewing, or possessing pictures, text messages, emails, or other*
29 *material depicting sexual activity, as defined in Tennessee Code Annotated § 39-17-1003*
30 *and related statutes (including § 39-17-1002), while the student is on school grounds, at*
31 *school-sponsored events, or on school buses or vehicles provided by the district.*
32 4. *Recording or photographing without consent.*
33 5. *Students may not use personal devices to access the internet through unauthorized means*
34 *(e.g., personal hotspots, VPNs, or circumvention of school network filters).*
35 6. *Charging devices using school resources during the school day.*
36

37 ***SEARCH AND SEIZURE OF DEVICES***

38 ~~*By bringing a device to school, students and parents/guardians acknowledge that the device is subject*~~
39 ~~*to search by a school administrator if there is reasonable suspicion that the device contains evidence*~~
40 ~~*of a violation of school policy or law. Any search will be conducted in a manner consistent with federal*~~
41 ~~*law and Tennessee law (T.C.A. § 49-6-4204 and § 49-6-4205) and will be limited in scope to the*~~

~~1 suspected violation. Content or images that violate state or federal law may be referred to law
2 enforcement.~~

3 **STAFF EXPECTATIONS**

4 *Teachers and staff members will consistently and fairly enforce this regulation. Teachers will clearly
5 designate storage areas in classrooms for students who cannot store devices in backpacks, lockers, or
6 purses/bags.*

7 *Teachers and staff will not use phone breaks as student rewards.*

8 *Teachers and staff should model appropriate device use by refraining from personal use during
9 instructional time.*

10 **STUDENT AND FAMILY RESPONSIBILITIES**

11 *Bringing a personal wireless communication device to school is strictly optional. These devices are
12 not required for instruction and do not enhance learning during the school day.*

13 *Students are solely responsible for any personal wireless communication devices they choose to bring
14 to school or school-sponsored events. The school district will not assume responsible for loss, theft,
15 damage, or unauthorized use of these devices.*

16 **CONSEQUENCES**

17 *Any visible device during school hours may be confiscated. Confiscated devices will be secured and
18 returned to the student at the end of the school day.*

19 *Violations of this policy will result in disciplinary action. Repeated violations will lead to progressive
20 consequences. Final determination of disciplinary measures rests with school administration.*

21 **Elementary School**

- 22 • *First Offense: Device placed in cubby/backpack. Teacher/staff member communicates with
23 student and family, reteaching of expectations. Device goes home with student at end of day.*
- 24 • *Second Offense: Device sent to administrator. Administrator communicates with student and
25 family, reteaching of expectations. Device returned to student at end of day.*
- 26 • *Third Offense: Device sent to administrator. Administrator communicates with student and
27 family, reteaching of expectations. Parent/guardian required to pick up the device.*

28 **Middle School**

- 29 • *First Offense: Teacher/staff member redirects student to put device away. Reteaching of
30 expectations. Student stores device away until end of class/day.*
- 31 • *Second Offense: Teacher/staff member confiscates device and delivers to administration.
32 Parent notified; parent must pick up device at end of day.*
- 33 • *Third Offense: Escalated consequences for non-compliance, which may include loss of
34 privilege (device held in office), demerits, or detention, or in-school suspension.*

1

2 *High School*

- 3 • *First Offense: Teacher/staff member redirects student to put device away. Reteaching of*
4 *expectations. Student stores device away until end of class/day.*
- 5 • *Second Offense: Devices confiscated and delivered to administrator who notifies parent and*
6 *reviews expectations with student. Parent conference held as needed.*
- 7 • *Third Offense: Escalated consequences for repeated non-compliance. Focus shifts to*
8 *addressing pattern of behavior. Examples of escalated consequences include loss of privilege*
9 *(device held in office), detention, or in-school suspension.*

10 *Additional Consequences (All Grades)*

- 11 • *Referral to law enforcement may occur if device use involved content or behavior that violates*
12 *state or federal law.*
- 13 • *Progressive consequences beyond the third offense may be applied at the discretion of the*
14 *school administration in alignment with the Student Code of Conduct.*

15 ~~Unauthorized use of a device may result in confiscation of a student's wireless communication device~~
16 ~~for the duration of the school day. A student in violation of this policy is subject to disciplinary action.~~

17 **EMERGENCY COMMUNICATION PLAN**

18 *All staff members have access to communication devices during the school day and may contact the*
19 *school office in case of an emergency. In an emergency, school staff will initiate established*
20 *communication protocols to notify parents/guardians by text message, email, and/or phone call.*
21 *Students will also be permitted to contact a parent/guardian once it is safe to do so under staff*
22 *direction.*

23 *Safety experts strongly caution against parents calling or texting students during an active school*
24 *emergency, as this can draw attention to students' locations and interfere with their ability to follow*
25 *safety instructions. Parents are urged to await official communication from the school.*

26 *In non-emergency situations, parents/guardians will be contacted by school officials via text*
27 *message, email, or phone call.*

28 ~~In the event of an emergency or possible emergency occurring at the school where the student is~~
29 ~~enrolled, parent(s)/guardian(s) will be alerted by text message and/or email and/or phone call.~~
