A'Nyla Barnes is a 5th-grade student at Midwest City Elementary. Her favorite colors are pink and teal/mint. She loves being a fashionista and enjoys taking pictures, creating videos, and vlogging as hobbies. She also loves to travel and has been fortunate enough to visit many places at just 10 years old.

A'Nyla has a two-year-old brother, "Tru," whom she adores, along with a host of cousins whom she sometimes helps babysit. She loves spending time with her cousins and friends who are around her age. A'Nyla also loves Squishes and has become quite the collector. She also enjoys slime and turned that interest into her own business, which she has been running for almost two years.

A'Nyla is a very bright and charismatic child who has always excelled in education, beginning in Pre-K. She has received Student of the Month recognition every year, as well as Principal's Honor Roll. She is often called upon to take on responsibilities such as serving as a teacher's assistant and helping with various office tasks. She has never received below an "A."

Throughout her last few years of schooling, A'Nyla has been involved in Student Council, Gifted and Talented, Debate Club, Girl Scouts, and Chess Club. She participates in school fundraisers, talent shows, and other school activities whenever she has the opportunity.

Through all the trials A'Nyla has faced, including losing her uncle, stepsister within the last six years, and father (recently), she has remained strong, determined, and confident in becoming everything she can be. She continues to demonstrate strength, resilience, and perseverance while maintaining a positive attitude and striving for success.

A'Nyla continues to shine bright through her accomplishments, creativity, leadership, and determination. She is a remarkable young lady with a bright future ahead of her.

Re: Blanket Position Salary Reserves FY 2026-2027

Date: September 14th, 2026

Blanket Position Salary Reserves cover personnel who are not under regular contracts. These include, but are not limited to substitutes, tutors, security guards, crossing guards, and stipends for curriculum development. The positions on the attached list are presented for approval as Blanket Position Salary Reserves for 2026-2027.

The amounts listed on the reserves are based on projections from prior year expenditures and anticipated programs at this time. The reserve amounts will be included in the budget under the appropriate account codes for the various projects.

Please note that some amounts may be (-). This minus represents a reduction in the original reserve amount. The person overseeing this project has requested this reduction.

I request Board approval because I cannot encumber them through payroll individually or pay them through Accounts Payable. This method is the only way I can bring to your attention, for approval, the types of employees whom you would not likely see except as a part of all other total payroll expenditures. Please note that these reserves are not required by law, but as practice for budgeting reasons. By reserving monies for expenditures, district staff who manage budgets will reserve these monies within their budgets and avoid overspending their projects.

If you have any questions, please let me know. Thank you.

Re: Request a Waiver for Flexibility of Allocated Textbook Funds

We request your approval for a waiver which would allow FY27 state textbook funds to be used for other general fund expenses, specifically certified teachers' salaries. According to 70 O.S. § 16-114a section B, "A school district seeking flexibility in the use of state-appropriated funding allocated pursuant to this section for textbooks shall be required to demonstrate to the State Board of Education that the textbooks and instructional materials used by the district for the subject areas being considered in the current textbook adoption cycle are current and appropriate for student learning." The bullet points below demonstrate that Mid-Del Public Schools has identified alternative resources to purchase and maintain textbooks.

- In the Bond package which was approved by Mid-Del voters in October 2017, $9,000,000 is designated for textbooks, library books, and instructional materials for **ten years**.
- Money passed in a bond issue must be spent toward the purchases voted upon by the voters.
- In FY19, Mid-Del spent $1,056,871.66 in Bond funds on new Math textbooks in the adoption cycle and on updated AP textbooks.
- In FY20, Mid-Del spent $383,087.58 on Social Studies textbooks for K-12 students and additional textbooks to add to previously purchased classroom sets to enable students to have individual copies of current textbooks.
- In FY21, Mid-Del spent $1,214,548.67 for Science textbooks and materials for K-12 and was able to use ESSER funds instead of bond funds, thereby conserving bond funds for future textbook expenditures.
- In FY22, Mid-Del spent $1,248,021.12 on Elementary ELA curriculum and Computer Science and Education Technology to remain current on the textbook adoption cycle.
- In FY23, Mid-Del spent $858,675.75 on Secondary ELA curriculum and will spend an additional $73,943.11 in FY24 to remain current on the textbook adoption cycle.
- In FY24, Mid-Del spent $800,000 on Math curriculum and will spend an additional $774,144.63 in FY25 to remain current on the textbook adoption cycle.
- In FY26, we spent approximately $300,000 on Computer Science and Fine Arts curriculum to remain current on the textbook adoption cycle.
- In FY27, we have spent approximately $354,420.50 on Social Studies K-12 curriculum to remain current on the textbook adoption cycle.

We appreciate your consideration of this flexibility which allows us to meet both the textbook needs of our students and the salaries needed to meet class size targets.

Using State Textbook Funds for Textbook Flexibility

Overview
State law allows districts limited flexibility in using state textbook funds for purposes beyond standard textbook purchases. Districts must first demonstrate that textbooks in the current adoption cycle are current and appropriate for student learning.

Guidance for Using Flexibility Funds
Identify the intended use:
Clearly define how the funds will support the district's instructional program or learning goals.

Document your request:
Districts should provide documentation demonstrating that the textbooks and instructional materials from the current adoption cycle are current and appropriate. A writtend explanation or justification letter to present this information to the State Board of Education.

Illustrative examples:
Funds may be used for materials, curriculum resources, technology tools, or innovative programs that enhance instruction. This is not an exhaustive list.

Approval required:
The state Board of Education must review and approve the request before funds are used.

Key Reminder:
State textbook funds may be used under this flexibility provision once the district demonstrates that textbooks for the subject area in the current adoption cycle are adequate to meet instructional needs.

Identify the intended use of the funds and explain how the requested materials will support the district's instructional program or learning goals.

Course	Course Code	Justification	OSDE Response
		We are not using textbook funds for additional materials. We will be using the funds for certified teachers' salaries in accordance with 70 OS Section 16-114a. In 2017, Mid-Del passed a bond package that allocated bond funds in the amount of $9,000,000.00 for textbooks, library books, and instructional materials for ten years.	

Section 3: Current Adoption Materials

Identify the materials the school district uses for the current adoption cycle subject area. Provide the course name and code, along with the full name of the materials. Include the date of when the materials were last updated.

Section 4: Current Adoption Cycle Materials

Please describe how your district will assess the effectiveness of the textbook implementation plan for staff and students. Include metrics such as TLE data, graduation rates, and student performance indicators.

We will continue to assess class size numbers and compare those results with and without the waiver to justify the use of funds to supplement teachers' salaries.

Section 5: Prior Waivers and Impacts

1. **Has your district previously received this type of waiver?**
   ■ Yes ☐ No

2. **If yes, describe the educational impact of the waiver, including its effect on student performance and implementation across district sites.**

Yes, we have been awarded the waiver for the past eight years and continued approval would allow the district to use the voter-approved bond funds for textbooks and redirect the state-appropriated textbook funds towards certified teachers' salaries, which is a direct benefit to students and patrons by keeping class sizes as small as possible.

MAllory,
I get to take an upper elementary school teacher and one lower elementary school teacher to the Plain Talk conference in February of this year. Would you like to be the lower elementary representative? If going out of state for a few days is too much, let me know ASAP, and I will ask someone else.

Mallory,
There is a teacher from Country Estates attending, I am attending, and our elementary literacy coach is attending.
We would all travel together. So, we would meet at the airport, and fly to New Orleans together. We would all stay in the same hotel, but everyone would have their own room for privacy.
We would all decide which sessions we wanted to go to at the conference, so you would likely be in some sessions with people that you don't know.
We would all meet up in the evenings and have dinner together (optional of course), but you just wouldn't be on your own in New Orleans.
Does that answer your questions?

Hi Kathy!

I have invited Mrs. Haines to Plain Talk, an incredible literacy conference in New Orleans February 24-26. I was able to choose one upper elementary teacher and one lower elementary teacher, and Mallory was my lower elementary choice for the entire district! She would have to miss school and have a sub in her classroom. If Ms. Haines agrees to attend, are you okay with her representing Mid-Del?

Re: 2024 District College Remediation Report

Date: September 14, 2026

The Oklahoma State Regents for Higher Education released the 2024 Oklahoma College Remediation Rate report in February, 2026. The metric applied to determine if a student would be required to take a Developmental Course in college was the score below "19" on the ACT subtests for Science, English, Math, and Reading.

During the fall of 2024, 380 Mid-Del graduates of the 2024 Senior class were reported as college freshmen to the Oklahoma State Regents for Higher Education. These numbers reflect only the Oklahoma colleges that reported their remediation data to the Oklahoma Regents for Higher Education. From this group of students, an average of 0.80%, Mid-Del 2024 graduates were remediated in Science; 6.10% were remediated in English; 21.60% were remediated in Math; and 1.10% were remediated in Reading.

We are below the state average of 5.1% for remediation in the area of Reading. All of the High Schools have made gains in at least one area of the report over the past five years. Some other factors to be considered, not all Mid-Del High School Graduates that attend college are represented in this report. This report only reflects in-state universities and we have numerous students that attend out of state institutions.

Re: 1086 Hours of Instruction for the 2026–2027 School Year

House Bill 1087, passed in the 2024 Legislative Session, amends the prior instructional time requirements by mandating that public school districts operate on a minimum of 1,086 hours of instruction annually, beginning with the 2025–2026 school year. This legislation maintains flexibility by allowing districts to count professional development and parent-teacher conference time toward the instructional hour total, while eliminating the former 180-day minimum requirement.

Since 2010, Mid-Del has utilized the hourly method for meeting instructional mandates, which has proven advantageous, especially during school closures due to inclement weather.

For the 2026–2027 school year:

- Middle and High Schools: The daily schedule yields 1,139 total instructional hours, which includes:
    - 171 days taught,
    - 30 hours of professional development (counted toward instructional time),
    - 12 hours for parent-teacher conferences.
- This results in a surplus of 53 hours beyond the required 1,086 hours, providing the equivalent of approximately 8 additional instructional days.
- Elementary Schools: The daily schedule yields 1,113 total instructional hours, which includes:
    - 171 days taught,
    - 30 hours of professional development (counted toward instructional time),
    - 12 hours for parent-teacher conferences.
- This results in a surplus of 27 hours beyond the required 1,086 hours, providing the equivalent of approximately 3 additional instructional days.

I am requesting your approval to continue using the hourly method of calculating instructional time, as permitted under HB 1087, for the 2026–2027 school year.

Thank you for considering this request.

CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of Oklahoma

We, do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2026, as certified by the Board of Education of Midwest City-Del City Public Schools, District Number I-52 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2026 tax and the proceeds of the 2026 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Midwest City-Del City Public Schools, School District No. I-52 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.

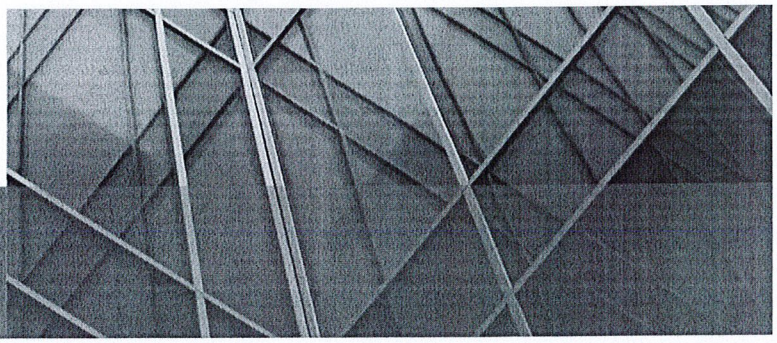
Re: Participation in Oklahoma Liquid Asset Pool

I am requesting approval of a resolution with Oklahoma Liquid Pool Asset Program (OLAP) to invest district's funds. The Oklahoma Liquid Pool Asset Program is an organization established in 1996 to enable Oklahoma public schools a convenient and effective way to invest operating and reserve funds. The combination of many school districts in the program contributes to attractive interest rates for participants.

OLAP provides many features for districts to check balances or view transaction history, create individual sub-accounts that accrue and post interest separately and is a liquid asset pool so participants can invest/withdraw funds on a daily basis without money movement or transaction charges.

Investments made by the district through the OLAP program are in U.S. government obligations, agencies and other high-quality short-term instruments allowable under Oklahoma state statute.

Thank you for your consideration of this request. Approval of this resolution will broaden the district's investment opportunities to increase interest revenue. If you have any questions just let me know.



RESOLUTION AUTHORIZING PARTICIPATION IN THE POOL

The Governing Board of Mid-Del School District, hereby votes at a duly called meeting of the Board to:

1. Become a member of the "Oklahoma Public School Investment Interlocal", an interlocal cooperative approved by the Oklahoma State Board of Education on July 25, 1996, and given the official designation as Interlocal Number 55K001 by the State Department of Education, and to approve those directors previously elected as the Board of Directors of the Interlocal by the initial participating school districts.

2. Authorize the Entity's Treasurer to designate Authorized Officials to invest and withdraw available funds in either the Interlocal's Liquid Asset Pool or Fixed Income Investment Program, or both; and

3. Inform the Interlocal that the Entity's Treasurer is:

   Jacqueline Woodard

RE: Change to Policy C-31- Wellness Policy

To ensure the Mid-Del Public Schools Policy regarding elementary recess reflects the most recent legislation passed into law, the following changes are requested to be made:

Page 5 of 7: Recess and Physical Activity Breaks:

#2: Elementary school sites will provide 40 minutes of daily recess that promotes physical activity beyond what is provided through physical education classes through grades K-5.

Page 5 of 7: Discipline and Punishment

#1 Remove

#2 Change to read as follows: 1. No student shall be prohibited from participating in recess as a form of discipline or as punishment.

Thank you for your consideration.

Teacher Qualifications, Training, and Involvement

1. PE classes will be taught by licensed teachers who are certified or endorsed to teach PE.
2. Teachers will receive training on how to integrate physical activity into the curriculum. Some portion of this training will be incorporated into annual professional development.
3. Schools will allow teachers the opportunity to participate in or lead physical activities before, during, or after school.

Recess and Physical Activity Breaks

1. Students in grades K through 5 will participate in 60 minutes of physical activity each week.
2. Elementary school sites will provide ~~20~~ **40** minutes of daily recess that promotes physical activity beyond what is provided through physical education classes.
3. School sites will develop indoor recess guidelines to ensure students can have adequate physical activity on days when recess must be held indoors.
4. Schools will be required to provide all students (K-12) short breaks (3 to 5 minutes) throughout the day to let them stretch, move around, and break up their time spent sitting. These physical activity breaks may take place during and/or between classroom time.

Before and After School Programs

Students will be encouraged to participate in voluntary before and after school activity programs such as intramurals, clubs, and at the secondary level, interscholastic athletics.

~~Punishment and Reward~~ Discipline and Punishment

~~1. Physical activity will not be used or withheld as punishment. (This does not apply to participation on sports teams that have specific academic requirements). To avoid using physical activity as a punishment (e.g., sitting out of recess) teachers and staff will be provided with a list of alternative ways to discipline students.~~

2. ~~The District will strongly encourage teachers to use physical activity (e.g., extra recess) as a reward~~.

No student shall be prohibited from participating in recess as a form of discipline or as punishment.

Grounds, Facilities, and Equipment

1. All playgrounds will meet the recommended safety standards for design, installation, and maintenance.
2. The District will ensure the availability of proper equipment and facilities that meet safety standards and will conduct necessary inspections and repairs.
3. School sites will provide adequate resources (e.g., balls, jump ropes, rackets, and other equipment) to ensure every student has the opportunity to be active.

STAFF WELLNESS

The District recognizes that employee health is essential to student health and to creating healthy school environments.

The District will do the following to support staff wellness:

Nutrition

1. Encourage foods and beverages that meet Smart Snacks standards at all staff meetings, trainings, special occasions (e.g., birthdays and retirement parties), and other workplace gatherings.
2. Provide employees with access to a refrigerator, microwave, and sink with a water faucet.

WELLNESS POLICY
Healthy School Nutrition Environments

Purpose:

The link between nutrition, physical activity, and learning is well documented. Healthy eating and activity patterns are essential for students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being. Healthy eating and physical activity, essential for a healthy weight, are also linked to reduced risk for many chronic diseases. Schools have a responsibility to help students learn, establish, and maintain lifelong healthy eating and activity patterns. Well-planned and effectively implemented school nutrition and fitness programs have been shown to enhance students' overall health, as well as their behavior and academic achievement in school. Staff wellness is an integral part of a healthy school environment since school staff can be daily role models for healthy behaviors. This policy follows USDA Regulations §210.30 as amended by the Healthy, Hunger-Free Kids Act of 2010 (HHFKA).

Overall Goal:

All students in Midwest City-Del City School District shall possess the knowledge and skills necessary to make nutritious food choices and enjoyable physical activity choices for a lifetime. All staff in Midwest City-Del City School District are encouraged to model healthy eating and physical activity as a valuable part of daily life.

To meet this goal, the Midwest City-Del City School District adopts this school wellness policy with the following commitments to nutrition, nutrition education, physical activity, and other school-based activities that support student and staff wellness.

SCHOOL NUTRITION SERVICES (SNS)
School Meal Requirements

The District will make nutritious foods available on campus during the school day to promote student and staff health. At a minimum, the Mid-Del Child Nutrition Program will serve reimbursable meals that meet the United States Department of Agriculture's (USDA) requirements and follow the Dietary Guidelines for Americans (DGA).

1. School meals will be:
    a. Accessible, appealing, and attractive to all children.
    b. Served in a clean, pleasant, and supervised setting.
    c. High in fiber, free of added trans fats, low in added fats, sugar, and sodium, and contain all whole grain-rich foods.
    d. Respectful of cultural diversity and religious preferences.
2. A nutrient analysis of school meals is available to parents, students, or staff with menus each month.
3. Healthy food preparation techniques will be implemented. Food items will not be deep fried. Fats such as vegetable oils will be used sparingly in food preparation. All products will be labeled as "No Trans Fats". However, in some instances, naturally occurring trace amounts may be present.
4. Portion sizes will be controlled to meet the USDA requirements for specific grade groups.
5. Fruits and vegetables will be offered daily at all points of service. Fruits and vegetables should be fresh whenever possible. Frozen and canned fruits should be packed in natural juice, water, or light syrup.
6. In secondary school cafeterias, the most nutritious food items will be placed at the beginning of the serving line(s), when possible. In addition, other serving line presentation strategies will be explored to encourage students to make healthier selections.
7. School sites will be encouraged to participate in the Farm-to-School Program by purchasing fresh fruits and vegetables from local farmers when available.
8. As new items that are more nutritious become available, they will be offered for sale.

The District will ensure schools do the following:

1. Encourage students to start the day with a healthy breakfast.
2. Support and encourage student participation in the School Breakfast Program (SBP) and National School Lunch Program (NSLP).
3. Promote healthy food and beverage choices and appropriate portion sizes for all students and staff.
4. Allow students at least 10 minutes to eat breakfast and 20 minutes to eat lunch from the time they are seated.

Information and Promotion

As required under the National School Lunch Program, the District will promote activities to involve students and parents in the School Lunch Program. In addition, the District will do the following:

1. Inform families about the availability of breakfast for students.
2. Distribute materials to inform families of the availability and location of free Summer Food Service Program meals for students when school is not in session.
3. Make information available to families about supplemental nutritional services in the community (e.g., SNAP, local food pantries, and Child and Adult Care Food Programs).
4. Encourage school staff to display healthy eating habits and physical activity choices to students (e.g., by eating with students during meal times, consuming only healthy snacks, meals, and beverages in front of students, sharing positive experiences with physical activity with students, etc.).
5. Offer information to families and encourage them to teach their children about nutrition and healthy eating behaviors.
6. Exhibit posters, signs, or other displays on the school campus that promote healthy nutrition choices.
7. Post information about the nutritional content and ingredients of school meals on menus in the cafeteria and on the District website.

Water

Schools will make clean drinking water available and accessible without restriction and at no charge in every district facility before, during, and after school. Schools will also:

1. Provide drinking cups, glasses, or reusable water bottles in places where meals and snacks are served when water fountains are not available.
2. Allow students to bring drinking water from home and take water into the classroom, provided that the water is in a capped container, such as a bottle, to prevent spills.
3. Maintain all water sources and containers on a regular basis to ensure good hygiene standards (including drinking fountains, water jugs, hydration stations, and other methods of delivering drinking water).

Competitive Foods and Beverages

All competitive food items sold to students on campus (e.g., all vending machines, school stores, fundraisers, etc.) must meet or exceed the USDA's Smart Snacks standards:

1. Be a grain product that contains 50 percent or more whole grains by weight (have a whole grain as the first ingredient); or
2. Have as the first ingredient a fruit, a vegetable, a dairy food, or a protein food; or
3. Be a combination food that contains at least ¼ cup of fruit and/or vegetable; and
4. The food must meet the nutrient standards for calories, sodium, fats, and total sugars.

Re: MOU between Mid-Del Public Schools and the Mid-Del Technology Center

Per House Bill 2686 signed in to law in 2002, a documented partnership must be taken to the Public School's School Board showing the district approves to accept academic credits offered at the Technology Center to meet graduation requirements for the student.

Mid-Del Public Schools and the Mid-Del Technology Center wish to sign a yearly Memorandum of Understanding whereas the district accepts the math and science embedded courses, as well as pull-out math courses to meet graduation requirements under the stipulations listed in the MOU. The MOU also covers the credit recovery program, RISE, having courses that meet graduation requirements for high school juniors and seniors. The 9th grade pilot STEM program "Launch Room" is also listed as the district agrees to substitute this course for their site Freshmen Orientation coursework.

Meagan Bryant, the Executive Director of Family and Student Services, worked alongside Becki Foster, the Assistant Superintendent worked together to create the MOU for the 2026-2027 school year.

Thank you for your consideration of this request.

Memorandum of Understanding (MOU)

Mid-Del Technology Center and Mid-Del Public Schools for the 2026 – 2027 School Year

This Memorandum of Understanding (MOU) is entered into on the 14 day of September, 2026 by and between the Independent School District I-52 Mid-Del Public Schools of Oklahoma County, Oklahoma, hereinafter referred to as "District," and Mid-Del Technology Center "MDTC." Whereas the District and MDTC desired to enter into a Memorandum of Understanding advantageous to both parties.

Now, therefore, the parties agree as follows:

1. The District will partner with MDTC to ensure the academic credit classes offered at MDTC can be used to meet students' graduation requirements.

2. The District and MDTC will ensure the OCAS codes and courses titles match.

3. The District commits to accept all math and science courses with the OCAS codes taught at MDTC under the same Oklahoma Academic Standards as what is taught at one of the District's high schools. These courses will count the same as if they were taught at the District.

4. The District agrees to accept all courses completed at RISE towards graduation requirements.

5. The District agrees to accept the MDTC Anatomy/Physiology course as a science with a lab graduation requirement as long as the teacher holds a biological science certification.

6. The District, under SB 1370, allows students on the CORE Curriculum track the opportunity to count one year in a full-time, three-hour MDTC course leading to an industry=valued credential/certificate or college credit to count for one of the two math credits required above Algebra I.

    a. A comment will be added to the transcript stating "Student's third math requirement for graduation has been satisfied by (course or program name/code)."

7. The District agrees to accept any pull-out math course offered at MDTC, as the teacher would have been hired and approved through the Human Resources Department and voted on by the School Board that is shared by Mid-Del Public Schools and Mid-Del Technology due to the teacher holding the appropriate teacher certification.

8. The District agrees to accept our Launch Room/STEM ninth grade exploratory program as an elective and substitute for Freshman Orientation.

The District and MDTC will ensure an MOU is signed each year.

IN WITNESS WHEREOF, the District and MDTC have executed this MOU on the day and year first above written. Independent School District I-52 of Oklahoma County, Oklahoma

We are asking your permission to purchase this new camera upgrade to avoid interruption in our camera systems.

Expenditures will be paid for from Bond 37, with a total cost of $38,910.86.

Delays or failure of performance caused by any act, event, or condition that has a material adverse effect on the ability of a party to this Quote to perform its obligations hereunder if such act, event, or condition is beyond the reasonable control of and is not the result of the claiming party's willful or negligent action or inaction and shall include, without limitation, acts of God, war, terrorism, public disorders, insurrection, rebellion, floods, rain, snow, ice, hurricanes, tornadoes, earthquakes, lightning, or other natural calamities and disasters, epidemics, quarantines, embargoes, strikes, work slow-downs, labor disputes, acts of the public enemy, acts or inaction of governmental or regulatory agencies or judicial bodies or changes in laws, failure of electricity or any utility service, explosions or fires, delays in obtaining goods or services from any subcontractor, materialman, or supplier by reason of any occurrence of any of the foregoing causes; as well as negligent acts of the Buyer or Buyers agent(s), or any unforeseeable act or omission of any third party.

On written notice of one or more of the foregoing named events, the terms of this Quote shall be amended by a written and mutually signed Change Order to reasonably extend deadlines for such time as extension is warranted by the named event(s) while maintaining where possible the cost and profit structure of the original Quote. Re: Approval of Phase 2 GMP to construct a Maintenance Building

We request your approval of the Phase 2 Guaranteed Maximum Price (GMP) of $1,363,812.00 for BoldT to build a new Maintenance Building at Mid-Del Technology Center's main campus. This Phase 2 GMP will cover the cost of construction for the new Maintenance building. This building will house our maintenance department, provide storage for various equipment/vehicles, include an extra classroom for when remodel work is being done to programs and will allow us to add new programs in the future.

Expenditures will come from MDTC's Fund 23 or Fund 12

Thank you for your consideration of this request.

Alternates 1, 2, 3, 4 & 5	$ 51,512.00
Total GMP Proposal	**$ 1,363,812.00**

***See attached Cumulative GMP Build-up for total construction cost breakdown.**

GENERAL CLARIFICATIONS

1. This GMP is based on the following drawings and specifications (Project Documents) as listed below for each project, as a guideline. Only the listed items are included in this proposal.
    i. Mid-Del Tech Center Renovation Construction Documents issued by ADG Blatt (ADG) issue date June 30th, 2026 and subsequent Addenda #1 & 2.

2. Bid Tab provided as attachment with recommended subcontractors broken out by trade package.

3. As of the date of this proposal, certain markets providing materials are experiencing or may experience significant, industry-wide economic fluctuation, that may impact price, availability, and delivery time frames. In addition, subcontractors and suppliers may not be able to honor their pricing and/or schedule for more than 30 days. Disruptions resulting from the current market instability could also impact the availability of labor to complete the work. Boldt's GMP is based on performance under normal construction conditions. It does not factor in unforeseen or unanticipated price escalation or supply chain disruption; however, Boldt will work with the owner to reasonably anticipate and mitigate such impacts to the extent possible.

4. This proposal is based on the current market conditions as of January 28th, 2026, including tariffs or import duties to the extent legally enacted, existing freight, and material and equipment costs, the

current availability of materials and equipment, and current labor rates. Given the current market volatility and uncertainty impacting U.S. international trade and other governmental actions, the budget does not take into account uncontrollable cost escalations that may occur after the date of the Proposal, including but not limited to changes in the cost or availability of materials or equipment due to (i) tariffs or import duties (including resulting increases in the cost of domestically sourced materials not directly covered by the tariffs or duties), (ii) other taxes, charges, levies, fees, customs, imposts, obligations, charges or other assessments (including any assessment, fee or other).

5. Boldt's GMP is based on entitlement to equitable adjustment to the contract time and contract price for excusable delays to include (i) Delays caused by the acts or omissions of Owner, its employees, agents or contractors, or any Governmental authority, that adversely affect Boldt's performance of the Work; (ii) Changes in the Work ordered by the Owner, or arising from decisions of the Owner that impact the time of performance of the Work; (iii) pre-existing hazardous materials, hazardous abatement, environmental, threatened or endangered species, historical, archaeological, or paleontological encounters; (iv) Concealed or unknown site conditions; (v) Force Majeure events; (vi) Adverse weather conditions not reasonably anticipated; (vii) Transportation delays and/or supply chain impacts not reasonably foreseeable that adversely affect Boldt's performance of the Work; (viii) material manufacturing defects, and/or (ix) Other similar causes or circumstances which cannot reasonably be prevented by the parties whose performance is delayed.

6. Builder's Risk, General Liability & Subcontractor Default Insurance are included for the scope outlined in this proposal only.

7. Payment & Performance Bonds are included for the CM.

8. **Construction Manager's Contingency:** In preparing the GMP, The Boldt Company has included a contingency amount for our exclusive use, and to protect us against unanticipated costs incurred and unplanned impacts which must be addressed to complete the work in accordance with the contract documents. This contingency is **not** for design scope changes, design refinement, or program enhancement items not indicated in the current documents. When utilized, Boldt shall provide written notice to the owner in the form of a Request for Change Order and upon owner request, furnish to owner documentation supporting any expenditure from this Contingency. The described Contingency shall be shown in the schedule of values and clearly identified as "Boldt's Contingency". Upon final completion, any sum remaining in Boldt's Contingency after final payment shall be accrued to the Owner. **Boldt recommends Mid-Del Technology Center carry a separate Owner Contingency and/or Design Contingency for potential design scope changes, design refinement, and program enhancement items.**

9. The following Alternates are currently EXCLUDED from the GMP.
    a. Alternate #6 – Furnish Window Type A as Hollow Metal
    b. Alternate #7 – Demo Greenhouse
    c. Alternate #8 – Salvage Greenhouse

10. Current costs for any alternates that are excluded from the GMP are based on receiving approval for this work within 30 days of approval of the GMP. If these alternates are not approved within 30-days Boldt reserves the right to re-evaluate pricing and schedule impacts for these alternates.

A formatting error within the 26-27 Official's pay rate document, submitted for board approval on August 10, resulted in an omission of Soccer rates of pay for board consideration. The original document is attached along with a corrected rate sheet that includes the Soccer rates as intended.

We appreciate your consideration of this oversight.

In an effort to meet the needs of our students in an efficient and cost-effective manner, we are asking for approval of the following individuals to serve as an adjunct teacher:

- Garcia, Kyle – Business | DCHS
- Sterling, Dylan – English | MCHS
- Weston, Brian – Reading | CAMS

These individuals are on a full-time certified contract with Mid-Del Public Schools and teaching at the listed school. The approval of the application allows them to teach in a subject outside of their current certification area without additional cost to the school district. Re: Policy Updates

I request your approval of the revision to the following policy to be in accordance with State regulations:

Policy G-36 – Teacher Evaluation – (TLE) Teacher & Leader Effectiveness

Thank you very much for your consideration.

Mission Statement

When the young people of Mid-Del enter our schools, they will be **safe**.
When they enter our classrooms, they will be **challenged**.
When they leave our schools, they will be **ready**.

TEACHER EVALUATION - (TLE)
TEACHER & LEADER EFFECTIVENESS

The Mid-Del Board of Education believes that personnel evaluation is a mutual endeavor among all staff members and the Board to improve the quality of the overall educational program. The improvement of the district's educational efforts must be a joint responsibility of the school district and the individual educator.

All certified staff members shall be evaluated using an evaluation system that has been approved by the Oklahoma State Department of Education. Evaluations of certified staff shall be made by the appropriate certified principal, or other designated, ~~certified~~, and qualified administrative person. The completed evaluation shall be retained in the personnel file of the person being evaluated. The evaluation instrument is a confidential document and shall be protected accordingly.

~~Probationary teachers shall receive formative feedback from the evaluation process at least twice each year. Formative feedback shall occur at least once in the fall semester and at least once in the spring semester each year. Career teachers shall be evaluated at least once each year, except for the career teacher who may be exempt from evaluation according to current state law. Evaluations of teachers shall be made by the appropriate certified principal, or other designated certified and qualified administrative person.~~

Probationary and career teachers shall be observed once during the first semester and once during the second semester of each school year. The evaluation shall occur during the second semester. Career teachers may be exempt from evaluation according to current state law. Evaluations of teachers shall be made by the appropriate certified principal, or other designated and qualified administrative person.

The evaluation shall be reviewed by the staff member and the evaluator. Either or both may attach written and signed comments to the evaluation instrument within two weeks of the evaluation, provided that no additional statements or comments shall be attached without the teacher's knowledge. The teacher's signature on the evaluation instrument shall serve only to reflect the teacher's acknowledgment that an evaluation was conducted. A copy of the completed evaluation instrument will be provided to the teacher.

Except by order of a court of competent jurisdiction, evaluation documents and the responses thereto shall be made available only to the evaluated person, the Board of Education, the administrative staff making the evaluation, the Board and administrative staff of any school to which the evaluated person applies for employment, and such other persons given consent by the teacher in writing, and shall be subject to disclosure at a hearing or trial de novo.

If the evaluation discloses any area(s) in which improvement can be reasonably expected and desired, the principal shall discuss such area(s) with the teacher and offer suggestions and recommendations as to how improvement may be achieved. Such recommendations shall be recorded on the evaluation instrument.

When the evaluating administrator identifies poor performance or conduct that the administrator believes may lead to a recommendation for the career teacher's dismissal or nonreemployment, the administrator will admonish the teacher in writing and make reasonable effort to assist the teacher in correcting the poor performance or conduct; and establish a reasonable time for improvement, not to exceed two months.

If the career teacher does not correct the poor performance or conduct cited in the admonition within the time specified, the administrator shall make a recommendation to the Superintendent for the dismissal or nonreemployment of the teacher. A probationary teacher will receive a plan of improvement if inadequate teaching performance exists.

The Board shall review this evaluation policy on an annual basis following consultation or involvement by representatives selected by the teachers in this district.

All teacher evaluations will be conducted in accordance with Oklahoma state law.
