2018 HEARING OF PUBLIC

All regular, special and emergency meetings of the Duncan Board of Education shall be open to the public. The Board wishes to hear the viewpoints of citizens and considers responsible presentation of these viewpoints vital to the efficient operation of the school system. The Board also recognizes its responsibility for the proper governance of the schools and the need to conduct its business in an orderly and efficient manner. The Board, therefore, establishes the following procedures to receive input from citizens:

1. In order for the Board to fulfill its responsibility to conduct its business in an orderly and efficient manner, unless otherwise enlarged by a majority vote of the Board public comments under Hearing of the Public of thirty (30) minutes will generally be permitted. Any citizen wishing to address the board must communicate such desire to the Clerk of the Board prior to the commencement of the meeting. Without an agenda item, no discussion between the board and the citizen can occur under Hearing of the Public.
2. Any citizen desiring to include an item on an agenda shall communicate such to the office of the superintendent in writing. Such writing shall state the nature of the matter to be discussed, the name of the citizen and/or group making the request. For placement on an agenda under Hearing of the Public, such writing must be received by the office of the superintendent at least five (5) full working days prior to any meeting which, with respect to any regularly scheduled meeting, shall require receipt on or before 4:00 o'clock p.m. on the Friday one week preceding such meeting.
3. Public comments are generally limited to five (5) minutes and where several people wish to address the same subject a spokesperson must be selected. It will be the decision of the board president if additional citizens are allowed to address the same subject. No official board action can be taken under Hearing of the Public. Speakers will be recognized in order in which they have signed in with the Clerk. Those persons who have not signed in will be permitted to address an item if there is time remaining during the approximate thirty (30) minute period of Hearing of the Public.
4. During the Hearing of the Public period no citizen will be recognized twice. Each citizen who addresses the Board shall give his or her name, and identify his or her topic of discussion.
5. The President of the Board shall be responsible for recognizing speakers, maintaining proper order, and adhering to time limits.
6. The purpose of Hearing of the Public is to allow citizens to present to the Board suggestions concerning items on the agenda. Consistent with this purpose, public participation should not be used for personal attacks upon Board members, district employees, individual students or other persons in attendance or absent unless it is specifically related to an agenda item. The President of the Board will interrupt and terminate any presentation that is not in accordance with this restriction. The Board may, in its discretion, also place other restrictions upon Hearing of the Public when such restrictions are necessary or appropriate to protect the privacy rights of the affected individual(s).

2019 CODE OF ETHICS FOR SCHOOL BOARD MEMBERS

As a member of the School Board:
I will listen.
I will recognize the integrity of my predecessors and associates and the merit of their work.
I will be motivated only by a desire to serve the children of my community.
I will recognize the fact that it is my responsibility, together with that of my fellow Board members, to see that the schools are properly run not to run them myself.

Beginning with the 2027-2028 school year, third-grade students shall demonstrate sufficient reading skills for promotion to fourth grade. Students shall be provided the following options to demonstrate sufficient reading skills for promotion to fourth grade:

a. scoring above the below basic level on the third-grade statewide English Language Arts assessment, or
b. earning an acceptable score on an alternative standardized reading assessment as recommended by the Commission for Educational Quality and Accountability and approved by the State Board of Education.

If a third-grade student cannot demonstrate sufficient reading skills on one of the two options described in paragraph 1 of this subsection and does not qualify for a good-cause exemption, the student shall be retained in the third grade for the next school year. Screening instruments described in this section shall not be used for promotion purposes.

The board of education may only exempt students from mandatory third-grade retention for good cause. A student who is promoted to fourth grade with a good-cause exemption, except for students who meet the definition of a student with the most significant cognitive disabilities, shall continue to receive reading intervention services that include specific reading strategies prescribed in the student's individual reading intervention plan until the deficiency is remedied. Good-cause exemptions shall be limited to the following:

1. Students with disabilities whose individualized education program (IEP) indicates that participation in the statewide student assessment system is not appropriate, consistent with state law;
2. Students identified as English language learners who have had less than two (2) consecutive school years of instruction in an English-learner program;
3. Students with disabilities who participate in the statewide English Language Arts assessment and who have an IEP that reflects that the student has received reading intervention for more than two (2) school years but still demonstrates a reading deficiency, or who was previously retained for one (1) year in kindergarten, first, second, or third grade; and
4. Students who have received reading intervention services for two (2) or more years but still demonstrate a reading deficiency, and who were previously retained in kindergarten, first, second, or third grade for a total of two (2) years. No student shall be retained twice in third grade.

Requests to exempt students from the mandatory third-grade retention requirement, using one of the good-cause exemptions shall be made consistent with the following:

1. Documentation shall be submitted from the student's teacher to the principal indicating that the promotion of the student is appropriate. Such documentation shall consist only of the good-cause exemption being requested and the existing reading intervention plan or IEP;
2. The principal shall review and discuss the recommendation for exemption with the student's teacher. If the principal determines that the student meets one of the good-cause exemptions based on the discussion and documentation provided, the principal shall make such recommendation in writing to the superintendent. The superintendent shall accept or reject the school principal's recommendation in writing; and
3. The parents or legal guardians of a third-grade student eligible for a good-cause exemption may choose that the student be retained for one (1) year even if the superintendent accepts a recommendation for a good-cause exemption pursuant to this subsection.

The school district shall provide written notification to the parent or legal guardian of any student who is retained. Such notification shall state that his or her child has not met the reading level required for promotion to the fourth grade, the reasons the child is not eligible for a good-cause exemption, and that his or her child will be retained in third grade. The notification shall include a description of the proposed reading intervention services and the intensity of instruction that will be provided to the child to remedy the identified areas of reading deficiency in the retained year.

Students that are withdrawn from public school to bypass third-grade retention requirements shall be subject to screening upon return to the public school system to determine appropriate grade level upon re-entry.

If a third-grade student subject to retention transfers to the district the requirements to retain the student in third grade shall remain in effect for the placement of the student.

Beginning with the 2027-2028 school year, students retained shall be provided Tier 2 or Tier 3 reading interventions to remedy the student's specific reading deficiency. The reading intervention services shall include effective instructional strategies to accelerate student progress. Each school district shall conduct a review of student reading intervention plans for all students retained in third grade. The review shall address additional supports and services

needed to remedy the identified areas of reading deficiency and ensure the following are provided to retained students:

1. A teacher with appropriate training and demonstrated competency in evidence-based reading intervention. School districts with only one third-grade teacher are exempt from the requirements of this paragraph;
2. Tier 2 or Tier 3 reading intervention services and supports to correct the identified areas of reading deficiency;
3. One of the following intervention supports:
   a. before-, during-, or after-school supplemental research-based reading intervention delivered by a teacher or tutor with specialized reading training, or
   b. summer academy programs designed to ensure that participating students successfully complete grade-level competencies in reading to enhance next-grade readiness; and
4. A "Read at Home" plan as created by the Office of Educational Quality and Accountability shall be outlined in a parental or legal guardian notification, including participation in parent or legal guardian training workshops or regular parent-guided or legal guardian-guided home reading activities which are aligned to scientifically based reading research.

Beginning with the 2027-2028 school year, third-grade students shall demonstrate sufficient reading skills for promotion to fourth grade. Students shall be provided the following options to demonstrate sufficient reading skills for promotion to fourth grade:

a. scoring above the below basic level on the third-grade statewide English Language Arts assessment, or
b. earning an acceptable score on an alternative standardized reading assessment as recommended by the Commission for Educational Quality and Accountability and approved by the State Board of Education.

If a third-grade student cannot demonstrate sufficient reading skills on one of the two options described in paragraph 1 of this subsection and does not qualify for a good-cause exemption, the student shall be retained in the third grade for the next school year. Screening instruments described in this section shall not be used for promotion purposes.

The board of education may only exempt students from mandatory third-grade retention for good cause. A student who is promoted to fourth grade with a good-cause exemption, except for students who meet the definition of a student with the most significant cognitive disabilities, shall continue to receive reading intervention services that include specific reading strategies prescribed in the student's individual reading intervention plan until the deficiency is remedied. Good-cause exemptions shall be limited to the following:

1. Students with disabilities whose individualized education program (IEP) indicates that participation in the statewide student assessment system is not appropriate, consistent with state law;
2. Students identified as English language learners who have had less than two (2) consecutive school years of instruction in an English-learner program;
3. Students with disabilities who participate in the statewide English Language Arts assessment and who have an IEP that reflects that the student has received reading intervention for more than two (2) school years but still demonstrates a reading deficiency, or who was previously retained for one (1) year in kindergarten, first, second, or third grade; and
4. Students who have received reading intervention services for two (2) or more years but still demonstrate a reading deficiency, and who were previously retained in kindergarten, first, second, or third grade for a total of two (2) years. No student shall be retained twice in third grade.

Requests to exempt students from the mandatory third-grade retention requirement, using one of the good-cause exemptions shall be made consistent with the following:

1. Documentation shall be submitted from the student's teacher to the principal indicating that the promotion of the student is appropriate. Such documentation shall consist only of the good-cause exemption being requested and the existing reading intervention plan or IEP;
2. The principal shall review and discuss the recommendation for exemption with the student's teacher. If the principal determines that the student meets one of the good-cause exemptions based on the discussion and documentation provided, the principal shall make such recommendation in writing to the superintendent. The superintendent shall accept or reject the school principal's recommendation in writing; and
3. The parents or legal guardians of a third-grade student eligible for a good-cause exemption may choose that the student be retained for one (1) year even if the superintendent accepts a recommendation for a good-cause exemption pursuant to this subsection.

The school district shall provide written notification to the parent or legal guardian of any student who is retained. Such notification shall state that his or her child has not met the reading level required for promotion to the fourth grade, the reasons the child is not eligible for a good-cause exemption, and that his or her child will be retained in third grade. It is the policy of the Duncan Board of Education that if a student is required to take either prescription medication or non-prescription/over-the-counter medication during school hours and the student's parent or guardian cannot be at school to administer the medication or if circumstances exist that indicate it is in the best interest of the student that the medication be dispensed by the school to that student, the school nurse coordinator, licensed nurse or nurse's aide, and the principal or a principal's designee, may administer the medication only as follows:

1. Prescription medication must be in an original container/vial issued by a pharmacy that indicates the following information:
    a. student's name,
    b. name and strength of medication,
    c. dosage and directions for administration,
    d. name of the prescribing health care provider or dentist, and
    e. the date of the filling of the prescription and the name of the pharmacy
    f. Whether the child has asthma or other health conditions which may require immediate dispensation of medication.
2. Non-prescription/over-the-counter medication must be in its original, unopened packaging or container.

The medication must be delivered to the nurse's office in person by the parent or guardian of the student. The medication must be accompanied by the written authorization from the parent, guardian, or person having legal custody of the student and the student's health care provider that indicates the following:

- purpose of medication,
- time(s) to be administered,
- termination date for administering the medication, and
- other appropriate information requested by the school nurse coordinator, a licensed nurse or nurse's aide, the principal or a principal's designee.

The pharmacy label does not constitute a written order and should not take the place of a written authorization.

The form of such written authorization is set forth in Section 6003-2 Parental Authorization to Administer School Administered Medicine. ~~Below:~~ Parent/Guardians must provide:

- Name of the Medication,

- The amount to be given and the time it is to be given. This must be the same information supplied on the prescription bottle or label, or the prescription information from the health care provider.

No Medication shall be administered unless a completed Parental Authorization to Administer School Administered Medicine. Medication will not be accepted at the school until the required medication order has been completed and submitted.

~~The medication shall only be administered consistent with the instructions set forth in writing by the student's health care provider.~~

The school nurse coordinator, licensed nurse, nurse's aide, principal, or principal's designee, will:

- Inform appropriate school personnel of the medication being administered;
- Keep an accurate record of the administration of the medication;
- Keep all medication in a locked cabinet; and
- Return unused prescriptions to the parent or guardian only.

Medication that is to be given for longer than ten (10) days or "only when necessary" (PRN) will require a written and signed statement by the health care provider, with an end date.

Only FDA-approved medication will be given at school.

Herbal and homeopathic supplements will not be given at school.

Aspirin or medications containing aspirin will be given at school only with a health care provider's written order. (Example: Pepto-Bismol or any similar generic brands).

Requests from a parent/guardian to change the dosage of any medication beyond that listed on the label will not occur without the written confirmation from the prescribing health care provider.

No medication will be sent home with Elementary, Middle School, or High School students at the end of the year. The parent/guardian must pick up the student's medication. For all levels, medication not picked up at the end of the school year will be destroyed. Medication will not be stored at the school during the summer months.

Only the following personnel shall be authorized to administer medicine at school: the school nurse, or in absence of such nurse, the school principal, or school employees

who have been designated in writing by the school nurse or school principal as authorized to administer medicine.
All prescription/non-prescription medicine shall be properly stored and kept in a central location that can be secured. This central location shall be designated by the principal of each school site.

Each school in which medicine is administered shall keep a record of the name of the student to whom the medicine was administered, the date the medicine was administered, the name of the person who administered the medicine, the type or name of medicine that was administered, the dosage of the medicine which was administered, and the time the medicine was administered. Each school site within Duncan Public Schools will maintain an electronic "Medicine Administration Log" to record all medicine administered during the school year.

The parent, guardian, or person having legal custody of the student is responsible for informing the school nurse coordinator, licensed nurse, nurse's aide, the principal or a principal's designee, of any change in the student's health or change in medication.
~~The policies set forth in this section 6003-1 shall have no application to self-administered medications. In this regard, see section 6003-3 herein.~~

Self-Administration of Inhaled Asthma or Anaphylactic Medication and/or Replacement Pancreatic Enzymes

In accordance with 70 O.S. 1984, Section 1-116.3, Duncan Public School employees will allow the self- administration of inhaled asthma or anaphylactic medication by a student for the treatment of asthma or an anaphylactic emergency and the self-administration of replacement pancreatic enzymes by a student for treatment of cystic fibrosis under the following conditions:

1. The parent or guardian of the student shall authorize in writing the student's self-administration of the medication. This authorization will be documented on the Duncan Public Schools Self Administered Medication Authorization form.
2. The parent or guardian of the student shall provide to the school a written statement from the health care provider treating the student that the student has asthma, anaphylaxis, or requires pancreatic enzymes and is capable of, and has been instructed in the proper method of, self-administration of medication. This authorization will be documented on the Duncan Public Schools Self Administered Medication Authorization form.

Additionally,

3. The parent or guardian of the student shall provide the school an emergency supply of the student's medication to be administered pursuant to the provisions of section 1-116.2 of Title 70 of the Oklahoma Statutes and this policy.
4. The school district shall inform the parent or guardian of the student, in writing that the school district and its employees and agents shall incur no liability as a result of any injury arising from the self-administration by the student; this authorization will be documented on the Duncan Public Schools Medication Consent form.
5. The parent or guardian of the student shall sign a statement acknowledging that the school district shall incur no liability as a result of any injury arising from the self-administration of medication by the student. This authorization will be documented on the Duncan Public Schools Medication Authorization Form.
6. The permission of self-administration of asthma, anaphylactic medications and/or pancreatic enzymes is effective for the school year for which it is granted and shall be renewed each subsequent school year for the fulfillment of the requirements of this policy.
    a. As used in this section:
        i. "Self-administration" means a student's use of medication pursuant to prescription or written direction from a health care provider; and
        ii. "Medication" means a metered dose inhaler, or a dry powder inhaler used to alleviate asthmatic symptoms, or a prefilled syringe of an anaphylactic medication such as EpiPen or Twin Jet prescribed by a health care provider and having an individual label.
7. A student who is permitted to self-administer asthma medication pursuant to this policy shall be permitted to possess and use a prescribed inhaler at all times. A student who is permitted to self-administer anaphylactic medication pursuant to this policy shall be permitted to possess and use the medication when the appropriate emergency arises. A student who is permitted to self-administer pancreatic enzymes pursuant to this policy shall be permitted to possess and use the medication when they are needed.

The Board of Education adopts this policy pursuant to the provisions of 70 O.S. 1984, Section 1-116.2 and O.S. 1984, Section 1-116.3. Under this statute, a school nurse, administrator, or designated school employees are not liable to the student or his/her parent or guardian for civil damages for any personal injuries to the student which result from acts or omissions of the school, administrator, or designated school employees in administering any medicine pursuant to the provisions of the statute.

However, such immunity does not apply to acts or omissions constituting gross, willful, or wanton negligence.

Protocol for Injectable and Nasal Epinephrine Administration in School

Epinephrine auto-injectors and needle-free epinephrine are self-injection systems that can provide a dose of epinephrine for students needing protection from potentially fatal allergic reactions, also referred to as anaphylactic reactions. An auto-injector is a disposable drug delivery system that works with a spring-activated concealed needle. Epinephrine by injection is the treatment of choice for anaphylactic reactions because it begins working to reverse symptoms of an anaphylactic reaction. Epinephrine constricts vessels, relaxes smooth muscles in the lungs to improve breathing, stimulates the heart, and works to reverse hives and swelling around the face and lips. The effects of epinephrine usually last 10-20 minutes.

Information in the next paragraphs pertains to Epinephrine provided by the student.

The emergency anaphylactic medication delivery system shall be stored in a central location (preferably the office of the school) for easy accessibility by the staff or may be carried on the student with written health care provider permission and parental consent.

Staff members trained by the district nursing staff as First Aid responders shall be the designated individuals to administer the Epinephrine auto-injector or nasal epinephrine, except in the event the student carries the epinephrine to be able to self-administer the medication.

If a student is determined to be having an acute anaphylactic reaction, staff members who administer the drug shall include, but not be limited to, school nurses, paraprofessionals, and physical education teachers. If the student self-medicates, they shall notify a school employee immediately.

Emergency medical services (911) shall be called in immediately, in conjunction with the administration of any emergency anaphylactic medications.

Parents or guardians of a student shall be notified as soon as possible after the administration of a stock inhaler to their child.

School District Prescribed Epinephrine Injectors and Respiratory Inhalers

DUNCAN PUBLIC SCHOOLS DOES NOT STOCK EPINEPHRINE INJECTORS AND RESPIRATORY INHALERS.

III. Possession and Self-Administration of Sunscreen

Students may possess and self-apply sunscreen that is regulated by the Food and Drug Administration (no homemade sunscreen) without the written authorization of a parent, legal guardian, or health care provider.

Students applying sunscreen are prohibited from applying the sunscreen during instructional time. Aerosol spray must be applied outside of school buildings and away from other students. Students are not allowed to apply sunscreen to other students. Any abuse of this policy by a student may be subject to disciplinary action.

This policy statement is posted on the Duncan Public Schools website under the Health Services tab and will be provided to a parent or guardian upon receipt of a request.

Only FDA-approved medication will be given at school.

Herbal and homeopathic supplements will not be given at school.

Aspirin or medications containing aspirin will be given at school only with a health care provider's written order. (Example: Pepto-Bismol or any similar generic brands).

No medication will be sent home with Elementary, Middle School, or High School students at the end of the year. The parent/guardian must pick up the student's medication. For all levels, medication not picked up at the end of the school year will be destroyed. Medication will not be stored at the school during the summer months.

Only the following personnel shall be authorized to administer medicine at school: the school nurse, or in absence of such nurse, the school principal, or school employees who have been designated in writing by the school nurse or school principal as authorized to administer medicine.

All prescription/non-prescription medicine shall be properly stored and kept in a central location that can be secured. This central location shall be designated by the principal of each school site.

Each school in which medicine is administered shall keep a record of the name of the student to whom the medicine was administered, the date the medicine was administered, the name of the person who administered the medicine, the type or name of medicine that was administered, the dosage of the medicine which was administered, and the time the medicine was administered. Each school site within Duncan Public Schools will maintain an electronic "Medicine Administration Log" to record all medicine administered during the school year.

The parent, guardian, or person having legal custody of the student is responsible for informing the school nurse coordinator, licensed nurse, nurse's aide, the principal or a principal's designee, of any change in the student's health or change in medication.

Self-Administration of Inhaled Asthma or Anaphylactic Medication and/or Replacement Pancreatic Enzymes

In accordance with 70 O.S. 1984, Section 1-116.3, Duncan Public School employees will allow the self- administration of inhaled asthma or anaphylactic medication by a student for the treatment of asthma or an anaphylactic emergency and the self-administration of replacement pancreatic enzymes by a student for treatment of cystic fibrosis under the following conditions:

1. The parent or guardian of the student shall authorize in writing the student's self-administration of the medication. This authorization will be documented on the Duncan Public Schools Self Administered Medication Authorization form.
2. The parent or guardian of the student shall provide to the school a written statement from the health care provider treating the student that the student has asthma, anaphylaxis, or requires pancreatic enzymes and is capable of, and has been instructed in the proper method of, self-administration of medication. This authorization will be documented on the Duncan Public Schools Self Administered Medication Authorization form.

Additionally,

3. The parent or guardian of the student shall provide the school an emergency supply of the student's medication to be administered pursuant to the provisions of section 1-116.2 of Title 70 of the Oklahoma Statutes and this policy.

4. The school district shall inform the parent or guardian of the student, in writing that the school district and its employees and agents shall incur no liability as a result of any injury arising from the self-administration by the student; this authorization will be documented on the Duncan Public Schools Medication Consent form.
5. The parent or guardian of the student shall sign a statement acknowledging that the school district shall incur no liability as a result of any injury arising from the self-administration of medication by the student. This authorization will be documented on the Duncan Public Schools Medication Authorization Form.
6. The permission of self-administration of asthma, anaphylactic medications and/or pancreatic enzymes is effective for the school year for which it is granted and shall be renewed each subsequent school year for the fulfillment of the requirements of this policy.
    a. As used in this section:
        i. "Self-administration" means a student's use of medication pursuant to prescription or written direction from a health care provider; and
        ii. "Medication" means a metered dose inhaler, or a dry powder inhaler used to alleviate asthmatic symptoms, or a prefilled syringe of an anaphylactic medication such as EpiPen or Twin Jet prescribed by a health care provider and having an individual label.
7. A student who is permitted to self-administer asthma medication pursuant to this policy shall be permitted to possess and use a prescribed inhaler at all times. A student who is permitted to self-administer anaphylactic medication pursuant to this policy shall be permitted to possess and use the medication when the appropriate emergency arises. A student who is permitted to self-administer pancreatic enzymes pursuant to this policy shall be permitted to possess and use the medication when they are needed.

The Board of Education adopts this policy pursuant to the provisions of 70 O.S. 1984, Section 1-116.2 and O.S. 1984, Section 1-116.3. Under this statute, a school nurse, administrator, or designated school employees are not liable to the student or his/her parent or guardian for civil damages for any personal injuries to the student which result from acts or omissions of the school, administrator, or designated school employees in administering any medicine pursuant to the provisions of the statute. However, such immunity does not apply to acts or omissions constituting gross, willful, or wanton negligence.

<u>Protocol for Injectable and Nasal Epinephrine Administration in School</u>

Epinephrine auto-injectors and needle-free epinephrine are self-injection systems that can provide a dose of epinephrine for students needing protection from potentially fatal allergic reactions, also referred to as anaphylactic reactions. An auto-injector is a disposable drug delivery system that works with a spring-activated concealed needle. Epinephrine by injection is the treatment of choice for anaphylactic reactions because it begins working to reverse symptoms of an anaphylactic reaction. Epinephrine constricts vessels, relaxes smooth muscles in the lungs to improve breathing, stimulates the heart, and works to reverse hives and swelling around the face and lips. The effects of epinephrine usually last 10-20 minutes.

Information in the next paragraphs pertains to Epinephrine provided by the student.

The emergency anaphylactic medication delivery system shall be stored in a central location (preferably the office of the school) for easy accessibility by the staff or may be carried on the student with written health care provider permission and parental consent.

Staff members trained by the district nursing staff as First Aid responders shall be the designated individuals to administer the Epinephrine auto-injector or nasal epinephrine, except in the event the student carries the epinephrine to be able to self-administer the medication.

If a student is determined to be having an acute anaphylactic reaction, staff members who administer the drug shall include, but not be limited to, school nurses, paraprofessionals, and physical education teachers. If the student self-medicates, they shall notify a school employee immediately.

Emergency medical services (911) shall be called in immediately, in conjunction with the administration of any emergency anaphylactic medications.

Parents or guardians of a student shall be notified as soon as possible after the administration of a stock inhaler to their child.

School District Prescribed Epinephrine Injectors and Respiratory Inhalers

DUNCAN PUBLIC SCHOOLS DOES NOT STOCK EPINEPHRINE INJECTORS AND RESPIRATORY INHALERS.

III. Possession and Self-Administration of Sunscreen

Students may possess and self-apply sunscreen that is regulated by the Food and Drug Administration (no homemade sunscreen) without the written authorization of a parent, legal guardian, or health care provider.

Students applying sunscreen are prohibited from applying the sunscreen during instructional time. Aerosol spray must be applied outside of school buildings and away from other students. Students are not allowed to apply sunscreen to other students. Any abuse of this policy by a student may be subject to disciplinary action.

This policy statement is posted on the Duncan Public Schools website under the Health Services tab and will be provided to a parent or guardian upon receipt of a request.

REPORTING AND INVESTIGATION OF MATTERS INVOLVING STUDENT VICTIMS OF SEXUAL ABUSE, SEXUAL ASSAULT, AND SEXUAL MISCONDUCT

In accordance with OKLA. STAT. tit. 70, § 1210.164, it is the district's policy that district employees report to law enforcement when they have reason to believe or receive an allegation or disclosure that a student is the victim of "sexual abuse, sexual assault, or sexual misconduct," and that the district coordinate with law enforcement in responding to such matters. These requirements are in addition to those set forth in OKLA. STAT. tit. 70, § 1210.163 and the district's corresponding policy relating to the reporting and investigation of suspected child abuse and neglect.

The requirements of this policy apply regardless of who is alleged to be responsible for the sexual conduct against a student. Further, as applicable, this policy supplements and shall be applied in conjunction with all other applicable district policies addressing sexual misconduct against students. To the extent applicable, this policy shall be construed and applied consistently with, and in addition to, those policies.

1. A. Reporting Obligations Relating to Sexual Abuse, Sexual Assault and Sexual Misconduct
    a. Any district employee having reason to believe, or receiving an allegation or disclosure, that a student is the victim of sexual abuse, sexual assault, or sexual misconduct, shall report the disclosure, allegation, or information to law enforcement immediately, and in no event later than twenty-four (24) hours. While state law does not define the term "sexual misconduct," for purposes of this policy, "sexual misconduct" means serious conduct of a sexual nature involving a student victim.
    b. For the purposes of this section, local law enforcement means a law enforcement agency independent of the school district, or a full-time school district police department fully commissioned by the State of Oklahoma. Local law enforcement shall not include a school resource officer unless the officer is directly supervised by a law enforcement agency independent of the school district and immediately submits a written report to the independent law enforcement agency describing the circumstances and any action taken.
2. Investigations of Sexual Abuse, Sexual Assault and Sexual Misconduct
    a. Any disclosure or allegation made pursuant to this section shall be reported to law enforcement prior to any formal investigation or questioning of the subject of the disclosure or allegation by the school, the district, or its board of education.
    b. No district investigator, administrator, or official shall conduct formal interviews of the subject of the disclosure or allegation or engage in disciplinary proceedings until law enforcement has been notified and has had the opportunity to interview the involved parties, unless law enforcement determines that an immediate school response is necessary to protect student safety.
3. Disclosure of Reporting Employee's Identity In reports required by subsection A of this section, local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee with knowledge of a report required by subsection A of this section shall not disclose information identifying the

reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or the State Department of Education.

4. Annual Attestation Each district employee shall annually sign the attestations required by OKLA. STAT. tit. 70, §§ 1210.163 and 1210.164, acknowledging the employee's responsibility to report suspected child abuse or neglect pursuant to those sections.
5. Concurrent Obligations under Title IX In addition to the requirements in OKLA. STAT. tit. 70, § 1210.164, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must also comply with all applicable Title IX requirements regarding reporting, investigation, and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

REPORTING AND INVESTIGATION OF MATTERS INVOLVING STUDENT VICTIMS OF SEXUAL ABUSE, SEXUAL ASSAULT, AND SEXUAL MISCONDUCT

In accordance with OKLA. STAT. tit. 70, § 1210.164, it is the district's policy that district employees report to law enforcement when they have reason to believe or receive an allegation or disclosure that a student is the victim of "sexual abuse, sexual assault, or sexual misconduct," and that the district coordinate with law enforcement in responding to such matters. These requirements are in addition to those set forth in OKLA. STAT. tit. 70, § 1210.163 and the district's corresponding policy relating to the reporting and investigation of suspected child abuse and neglect.

The requirements of this policy apply regardless of who is alleged to be responsible for the sexual conduct against a student. Further, as applicable, this policy supplements and shall be applied in conjunction with all other applicable district policies addressing sexual misconduct against students. To the extent applicable, this policy shall be construed and applied consistently with, and in addition to, those policies.

A. Reporting Obligations Relating to Sexual Abuse, Sexual Assault and Sexual Misconduct

1. Any district employee having reason to believe, or receiving an allegation or disclosure, that a student is the victim of sexual abuse, sexual assault, or sexual misconduct, shall report the disclosure, allegation, or information to law enforcement immediately, and in no event later than twenty-four (24) hours. While state law does not define the term "sexual misconduct," for purposes of this policy, "sexual misconduct" means serious conduct of a sexual nature involving a student victim.

2. For the purposes of this section, local law enforcement means a law enforcement agency independent of the school district, or a full-time school district police department fully commissioned by the State of Oklahoma. Local law enforcement shall not include a school resource officer unless the officer is directly supervised by a law enforcement agency independent of the school district and immediately submits a written report to the independent law enforcement agency describing the circumstances and any action taken.

B. Investigations of Sexual Abuse, Sexual Assault and Sexual Misconduct

1. Any disclosure or allegation made pursuant to this section shall be reported to law enforcement prior to any formal investigation or questioning of the subject of the disclosure or allegation by the school, the district, or its board of education.

2. No district investigator, administrator, or official shall conduct formal interviews of the subject of the disclosure or allegation or engage in disciplinary proceedings until law enforcement has been notified and has had the opportunity to interview the involved parties,

unless law enforcement determines that an immediate school response is necessary to protect student safety.

C. Disclosure of Reporting Employee's Identity

In reports required by subsection A of this section, local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee with knowledge of a report required by subsection A of this section shall not disclose information identifying the reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or the State Department of Education.

D. Annual Attestation

Each district employee shall annually sign the attestations required by OKLA. STAT. tit. 70, §§ 1210.163 and 1210.164, acknowledging the employee's responsibility to report suspected child abuse or neglect pursuant to those sections.

E. Concurrent Obligations under Title IX

In addition to the requirements in OKLA. STAT. tit. 70, § 1210.164, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must also comply with all applicable Title IX requirements regarding reporting, investigation, and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

REPORTING AND INVESTIGATION OF MATTERS INVOLVING STUDENT VICTIMS OF SEXUAL ABUSE, SEXUAL ASSAULT, AND SEXUAL MISCONDUCT

In accordance with OKLA. STAT. tit. 70, § 1210.164, it is the district's policy that district employees report to law enforcement when they have reason to believe or receive an allegation or disclosure that a student is the victim of "sexual abuse, sexual assault, or sexual misconduct," and that the district coordinate with law enforcement in responding to such matters. These requirements are in addition to those set forth in OKLA. STAT. tit. 70, § 1210.163 and the district's corresponding policy relating to the reporting and investigation of suspected child abuse and neglect.

The requirements of this policy apply regardless of who is alleged to be responsible for the sexual conduct against a student. Further, as applicable, this policy supplements and shall be applied in conjunction with all other applicable district policies addressing sexual misconduct against students. To the extent applicable, this policy shall be construed and applied consistently with, and in addition to, those policies.

1. A. Reporting Obligations Relating to Sexual Abuse, Sexual Assault and Sexual Misconduct
    a. Any district employee having reason to believe, or receiving an allegation or disclosure, that a student is the victim of sexual abuse, sexual assault, or sexual misconduct, shall report the disclosure, allegation, or information to law enforcement immediately, and in no event later than twenty-four (24) hours. While state law does not define the term "sexual misconduct," for purposes of this policy, "sexual misconduct" means serious conduct of a sexual nature involving a student victim.
    b. For the purposes of this section, local law enforcement means a law enforcement agency independent of the school district, or a full-time school district police department fully commissioned by the State of Oklahoma. Local law enforcement shall not include a school resource officer unless the officer is directly supervised by a law enforcement agency independent of the school district and immediately submits a

written report to the independent law enforcement agency describing the circumstances and any action taken.

2. Investigations of Sexual Abuse, Sexual Assault and Sexual Misconduct
    a. Any disclosure or allegation made pursuant to this section shall be reported to law enforcement prior to any formal investigation or questioning of the subject of the disclosure or allegation by the school, the district, or its board of education.
    b. No district investigator, administrator, or official shall conduct formal interviews of the subject of the disclosure or allegation or engage in disciplinary proceedings until law enforcement has been notified and has had the opportunity to interview the involved parties, unless law enforcement determines that an immediate school response is necessary to protect student safety.
3. Disclosure of Reporting Employee's Identity In reports required by subsection A of this section, local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee with knowledge of a report required by subsection A of this section shall not disclose information identifying the reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or the State Department of Education.
4. Annual Attestation Each district employee shall annually sign the attestations required by OKLA. STAT. tit. 70, §§ 1210.163 and 1210.164, acknowledging the employee's responsibility to report suspected child abuse or neglect pursuant to those sections.
5. Concurrent Obligations under Title IX In addition to the requirements in OKLA. STAT. tit. 70, § 1210.164, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must also comply with all applicable Title IX requirements regarding reporting, investigation, and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any

perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

Reporting Suspected Abuse, Neglect Exploitation or Trafficking

Any district employee having reason to believe that any student is a victim of abuse, neglect or exploitation shall immediately report this matter to:

1. Oklahoma Department of Human Services ("DHS") through the hotline designated for this purpose (1-800-522-3511), AND
2. local law enforcement.

Additionally, any district employee must report suspected child trafficking to:

1. Oklahoma Bureau of Narcotics and Dangerous Drugs Control ("OBNDDC") at 1-855-617-2288,
2. DHS through the hotline designated for this purpose (1-800-522-3511), AND
3. local law enforcement.

In addition to the reporting requirements above, the superintendent or any school administrator who receives an allegation or disclosure that a school employee is involved in the abuse or neglect of a student, or who otherwise has reason to believe that such abuse has occurred by a school employee, shall report the matter within twenty-four (24) hours to law enforcement. Further, this special reporting obligation is not affected by the resignation, retirement, termination, transfer, or other separation from employment of the employee who is the subject of the report or investigation.

The following requirements are mandated by Oklahoma Statutes tit. 70, § 1210.163 and govern the reporting and investigation of allegations that a school employee abused or neglected a student.

1. All disclosures or allegations of an employee involved in the abuse or neglect of a student shall be reported to law enforcement prior to any formal investigation by the school or school board, or questioning of the employee subject of the accusation.
2. No school investigator, administrator or official shall conduct formal interviews of the employee subject of the accusation or engage in disciplinary proceedings of the employee until law enforcement has been notified and has had the opportunity to interview the involved parties unless law enforcement determines that an immediate school response is necessary to protect student safety. For purposes of this policy, paid administrative leave shall not be considered disciplinary action.

District employees shall also comply with the requirements of OKLA. STAT. tit. 70, § 1210.164 and the district's policy "Reporting and Investigation of Matters Involving Student Victims of Sexual Abuse, Sexual Assault, and Sexual Misconduct" when a student is alleged or believed to be the victim of sexual abuse, sexual assault, or sexual misconduct.

Further, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must still comply with all applicable Title IX requirements regarding reporting, investigation and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

After a report is made to DHS or OBNDDC via the hotline, or to law enforcement, the reporting party (the employee making the report) shall prepare a written report which contains the confirmation number of the report (if applicable), the date and time of the telephone contact, the name of the person to whom the district employee made the oral report, the names and addresses of the student, the parents, and any other responsible persons, the student's age, the nature and extent of injuries, any previous incidents, and any other helpful information. A copy of this report will be furnished to the principal or, if the reporter believes the principal is not an appropriate individual, to the superintendent.

Local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee with knowledge of a report made to DHS and/or local law enforcement shall not disclose information identifying the reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or DHS.

Investigatory Access to Students and Parental Notification

At the request of appropriately identified investigators from the Department of Human Services, the Oklahoma Bureau of Narcotics and Dangerous Drugs Control, the district attorney's office, or local law enforcement, the superintendent, principal, or other school official shall permit investigators access to a student about whom the agency

has received a report. Interviews shall be conducted in a manner intended to minimize embarrassment to the student.

The school principal or superintendent designee shall notify the student's parent, guardian, or other person responsible for the student's health or welfare of the investigation or interview if the student is suspected victim of a criminal offense by someone other than a parent, criminal offense has been committed against the minor child by someone other than a parent. If the investigating agency determines that prior notification or immediate notification of the parent, guardian, or other responsible person would impede an ongoing investigation or otherwise is not in the best interest of the investigation, the district shall follow the direction of the investigating agency regarding the timing and manner of such notification.

A school administrator may be present during interviews of students conducted by the Department of Human Services or law enforcement only when authorized by the investigating agency.

Reports to Principal or Other School Officials

Suspected instances of abuse, neglect, exploitation or trafficking, whether the result of circumstances at home, school or at other locations, affects the student while he or she is at school or participating in school activities. Consequently, employees are required to report any suspicion of abuse, neglect, exploitation or trafficking by any individual, whether the identity is known or unknown, to the principal or other school official. This reporting obligation exists in all instances, including circumstances suggestive of this conduct at school or connected with school activities. Accordingly, this policy includes an obligation to notify another school administrator, if for any reason the employee has a reasonable belief that the principal should not be notified, in any instance involving suspected abuse, neglect, exploitation or trafficking of a student.

Immunity for Good Faith Reports

Oklahoma law provides that any district employee who in good faith and exercising due care makes a report to DHS or another appropriate law enforcement office, allows access to a student by persons authorized to investigate a report concerning the student or participates in any judicial proceeding resulting from a report, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed.

Neither the board of education nor any district employee will discharge or in any manner discriminate or retaliate against the person who in good faith provides such reports or information, testifies, or is about to testify in any proceeding involving abuse,

neglect, exploitation, or trafficking, provided that the person did not perpetrate or inflict the abuse, neglect, exploitation or trafficking.

Information Concerning Abuse, Neglect or Exploitation

In any instance in which the district receives a report from DHS regarding any confirmed report of sexual abuse or severe physical abuse concerning the student, the superintendent will forward to a subsequent school in which the student enrolls all confirmed reports of sexual abuse and severe physical abuse received from DHS, and the superintendent will notify DHS of the student's new school and address, if known.

All information or documents generated or received by the district in regard to the matter are confidential and shall not be disclosed except to investigators of DHS, the district's attorneys, the district attorney's office, a subsequent district in which the student enrolls, a person designated to assist in the treatment of or with services provided to the student or other state or federal officials in connection with the performance of their official duties. The information or documents shall be maintained and transmitted by the district in the same manner as special education records. Such records shall be destroyed when the child reaches the age of 18.

Attestation

In addition, every district employee must annually sign an attestation form acknowledging his or her responsibility to report suspected child abuse or neglect. Failure to annually sign an attestation does not relieve a district employee of his or her obligations under this policy.

Training on Child Abuse and Neglect

A program, which includes the following information, shall be completed the first year a certified teacher is employed by a school district, and then once every fifth academic year:

1. Training on recognition of child abuse and neglect;
2. Recognition of child sexual abuse;
3. Proper reporting of suspected abuse; and
4. Available resources.

Reporting Suspected Abuse, Neglect Exploitation or Trafficking

Any district employee having reason to believe that any student is **a victim of abuse, neglect or exploitation** shall **immediately** report this matter to:

(1) Oklahoma Department of Human Services ("DHS") through the hotline designated for this purpose (1-800-522-3511), AND

(2) local law enforcement.

Additionally, any district employee must report **suspected child trafficking** to:

(1) Oklahoma Bureau of Narcotics and Dangerous Drugs Control ("OBNDDC") at 1-855-617-2288,

(2) DHS through the hotline designated for this purpose (1-800-522-3511), AND

(3) local law enforcement.

In addition to the reporting requirements above, the superintendent or any school administrator who receives an allegation or disclosure that a school employee is involved in the abuse or neglect of a student, or who otherwise has reason to believe that such abuse has

occurred by a school employee, shall report the matter within **twenty-four (24) hours** to law enforcement. Further, this special reporting obligation is not affected by the resignation, retirement, termination, transfer, or other separation from employment of the employee who is the subject of the report or investigation.

The following requirements are mandated by Oklahoma Statutes tit. 70, § 1210.163 and govern the reporting and investigation of allegations that a school employee abused or neglected a student.

(1) All disclosures or allegations of an employee involved in the abuse or neglect of a student shall be reported to law enforcement prior to any formal investigation by the school or school board, or questioning of the employee subject of the accusation.

(2) No school investigator, administrator or official shall conduct formal interviews of the employee subject of the accusation or engage in disciplinary proceedings of the employee until law enforcement has been notified and has had the opportunity to interview the involved parties unless law enforcement determines that an immediate school response is necessary to protect student safety. For purposes of this policy, paid administrative leave shall not be considered disciplinary action.

District employees shall also comply with the requirements of OKLA. STAT. tit. 70, § 1210.164 and the district's policy "Reporting and Investigation of Matters Involving Student Victims of Sexual Abuse, Sexual Assault, and Sexual Misconduct" when a student is alleged or believed to be the victim of sexual abuse, sexual assault, or sexual misconduct.

Further, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must still comply with all applicable Title IX requirements regarding reporting, investigation and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

After a report is made to DHS or OBNDDC via the hotline, or to law enforcement, the reporting party (the employee making the report) shall prepare a written report which contains the confirmation number of the report (if applicable), the date and time of the telephone contact, the name of the person to whom the district employee made the oral report, the names and addresses of the student, the parents, and any other responsible persons, the student's age, the nature and extent of injuries, any previous incidents, and any other helpful information. A copy of this report will be furnished to the principal or, if the reporter believes the principal is not an appropriate individual, to the superintendent.

Local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee

with knowledge of a report made to DHS and/or local law enforcement shall not disclose information identifying the reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or DHS.

Investigatory Access to Students and Parental Notification At the request of appropriately identified investigators from the Department of Human Services, the Oklahoma Bureau of Narcotics and Dangerous Drugs Control, the district attorney's office, or local law enforcement, the superintendent, principal, or other school official shall permit investigators access to a student about whom the agency has received a report. Interviews shall be conducted in a manner intended to minimize embarrassment to the student.

The school principal or superintendent designee shall notify the student's parent, guardian, or other person responsible for the student's health or welfare of the investigation or interview if the student is suspected victim of a criminal offense by someone other than a parent, criminal offense has been committed against the minor child by someone other than a parent. If the investigating agency determines that prior notification or immediate notification of the parent, guardian, or other responsible person would impede an ongoing investigation or otherwise is not in the best interest of the investigation, the district shall follow the direction of the investigating agency regarding the timing and manner of such notification.

A school administrator may be present during interviews of students conducted by the Department of Human Services or law enforcement only when authorized by the investigating agency.

Reports to Principal or Other School Officials

Suspected instances of abuse, neglect, exploitation or trafficking, whether the result of circumstances at home, school or at other locations, affects the student while he or she is at school or participating in school activities. Consequently, employees are required to report any suspicion of abuse, neglect, exploitation or trafficking by any individual, whether the identity is known or unknown, to the principal or other school official. This reporting obligation exists in all instances, including circumstances suggestive of this conduct at school or connected with school activities. Accordingly, this policy includes an obligation to notify another school administrator, if for any reason the employee has a reasonable belief that the principal should not be notified, in any instance involving suspected abuse, neglect, exploitation or trafficking of a student.

Immunity for Good Faith Reports

Oklahoma law provides that any district employee who in good faith and exercising due care makes a report to DHS or another appropriate law enforcement office, allows access to a student by persons authorized to investigate a report concerning the student or participates in any judicial proceeding resulting from a report, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed.

Neither the board of education nor any district employee will discharge or in any manner discriminate or retaliate against the person who in good faith provides such reports or information, testifies, or is about to testify in any proceeding involving abuse, neglect,

exploitation, or trafficking, provided that the person did not perpetrate or inflict the abuse, neglect, exploitation or trafficking.

Information Concerning Abuse, Neglect or Exploitation

In any instance in which the district receives a report from DHS regarding any confirmed report of sexual abuse or severe physical abuse concerning the student, the superintendent will forward to a subsequent school in which the student enrolls all confirmed reports of sexual abuse and severe physical abuse received from DHS, and the superintendent will notify DHS of the student's new school and address, if known.

All information or documents generated or received by the district in regard to the matter are confidential and shall not be disclosed except to investigators of DHS, the district's attorneys, the district attorney's office, a subsequent district in which the student enrolls, a person designated to assist in the treatment of or with services provided to the student or other state or federal officials in connection with the performance of their official duties. The information or documents shall be maintained and transmitted by the district in the same manner as special education records. Such records shall be destroyed when the child reaches the age of 18.

Attestation

In addition, every district employee must annually sign an attestation form acknowledging his or her responsibility to report suspected child abuse or neglect. Failure to annually sign an attestation does not relieve a district employee of his or her obligations under this policy.

Training on Child Abuse and Neglect

A program, which includes the following information, shall be completed the first year a certified teacher is employed by a school district, and then once every fifth academic year:

1. Training on recognition of child abuse and neglect;
2. Recognition of child sexual abuse;
3. Proper reporting of suspected abuse; and
4. Available resources.

Further, this special reporting obligation is not affected by the resignation, retirement, termination, transfer, or other separation from employment of the employee who is the subject of the report or investigation.

The following requirements are mandated by Oklahoma Statutes tit. 70, § 1210.163 and govern the reporting and investigation of allegations that a school employee abused or neglected a student.

1. All disclosures or allegations of an employee involved in the abuse or neglect of a student shall be reported to law enforcement prior to any formal investigation by the school or school board, or questioning of the employee subject of the accusation.
2. No school investigator, administrator or official shall conduct formal interviews of the employee subject of the accusation or engage in disciplinary proceedings of the employee until law enforcement has been notified and has had the opportunity to interview the involved parties unless law enforcement determines that an immediate school response is necessary to protect student safety. For purposes of this policy, paid administrative leave shall not be considered disciplinary action.

District employees shall also comply with the requirements of OKLA. STAT. tit. 70, § 1210.164 and the district's policy "Reporting and Investigation of Matters Involving Student Victims of Sexual Abuse, Sexual Assault, and Sexual Misconduct" when a student is alleged or believed to be the victim of sexual abuse, sexual assault, or sexual misconduct.

Further, when allegations involve conduct that may constitute sex-based harassment or other sex-related misconduct under Title IX of the Education Amendments of 1972, the district must still comply with all applicable Title IX requirements regarding reporting, investigation and prompt response. The district's obligations under Title IX are independent of any investigation or other action by law enforcement, and referral of a matter to law enforcement does not relieve the district of its obligations under Title IX. If a requirement of state law conflicts with an applicable requirement of Title IX, the District shall comply with the applicable federal requirement. In the event of any perceived conflict or uncertainty between the requirements of state law and Title IX, district personnel shall promptly consult with the superintendent or legal counsel for guidance.

After a report is made to DHS or OBNDDC via the hotline, or to law enforcement, the reporting party (the employee making the report) shall prepare a written report which contains the confirmation number of the report (if applicable), the date and time of the telephone contact, the name of the person to whom the district employee made the oral report, the names and addresses of the student, the parents, and any other responsible persons, the student's age, the nature and extent of injuries, any previous incidents, and any other helpful information. A copy of this report will be furnished to the principal or, if the reporter believes the principal is not an appropriate individual, to the superintendent.

Local law enforcement shall keep confidential and redact any information identifying the reporting district employee unless otherwise ordered by the court. A district employee with knowledge of a report made to DHS and/or local law enforcement shall not disclose information identifying the reporting district employee unless otherwise ordered by the court or as part of an investigation by local law enforcement or DHS.

Investigatory Access to Students and Parental Notification
At the request of appropriately identified investigators from the Department of Human Services, the Oklahoma Bureau of Narcotics and Dangerous Drugs Control, the district attorney's office, or local law enforcement, the superintendent, principal, or other school official shall permit investigators access to a student about whom the agency

has received a report. Interviews shall be conducted in a manner intended to minimize embarrassment to the student.

The school principal or superintendent designee shall notify the student's parent, guardian, or other person responsible for the student's health or welfare of the investigation or interview if the student is suspected victim of a criminal offense by someone other than a parent, criminal offense has been committed against the minor child by someone other than a parent. If the investigating agency determines that prior notification or immediate notification of the parent, guardian, or other responsible person would impede an ongoing investigation or otherwise is not in the best interest of the investigation, the district shall follow the direction of the investigating agency regarding the timing and manner of such notification.

A school administrator may be present during interviews of students conducted by the Department of Human Services or law enforcement only when authorized by the investigating agency.

Reports to Principal or Other School Officials
Suspected instances of abuse, neglect, exploitation or trafficking, whether the result of circumstances at home, school or at other locations, affects the student while he or she is at school or participating in school activities. Consequently, employees are required to report any suspicion of abuse, neglect, exploitation or trafficking by any individual, whether the identity is known or unknown, to the principal or other school official. This reporting obligation exists in all instances, including circumstances suggestive of this conduct at school or connected with school activities. Accordingly, this policy includes an obligation to notify another school administrator, if for any reason the employee has a reasonable belief that the principal should not be notified, in any instance involving suspected abuse, neglect, exploitation or trafficking of a student.

Immunity for Good Faith Reports
Oklahoma law provides that any district employee who in good faith and exercising due care makes a report to DHS or another appropriate law enforcement office, allows access to a student by persons authorized to investigate a report concerning the student or participates in any judicial proceeding resulting from a report, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed.

Neither the board of education nor any district employee will discharge or in any manner discriminate or retaliate against the person who in good faith provides such reports or information, testifies, or is about to testify in any proceeding involving abuse,

neglect, exploitation, or trafficking, provided that the person did not perpetrate or inflict the abuse, neglect, exploitation or trafficking.

Information Concerning Abuse, Neglect or Exploitation
In any instance in which the district receives a report from DHS regarding any confirmed report of sexual abuse or severe physical abuse concerning the student, the superintendent will forward to a subsequent school in which the student enrolls all confirmed reports of sexual abuse and severe physical abuse received from DHS, and the superintendent will notify DHS of the student's new school and address, if known.

All information or documents generated or received by the district in regard to the matter are confidential and shall not be disclosed except to investigators of DHS, the district's attorneys, the district attorney's office, a subsequent district in which the student enrolls, a person designated to assist in the treatment of or with services provided to the student or other state or federal officials in connection with the performance of their official duties. The information or documents shall be maintained and transmitted by the district in the same manner as special education records. Such records shall be destroyed when the child reaches the age of 18.

Attestation
In addition, every district employee must annually sign an attestation form acknowledging his or her responsibility to report suspected child abuse or neglect. Failure to annually sign an attestation does not relieve a district employee of his or her obligations under this policy.

Training on Child Abuse and Neglect
A program, which includes the following information, shall be completed the first year a certified teacher is employed by a school district, and then once every fifth academic year:

1. Training on recognition of child abuse and neglect;
2. Recognition of child sexual abuse;
3. Proper reporting of suspected abuse; and
4. Available resources.

The school district will not accept or deny a transfer based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measure of achievement, aptitude or athletic ability. ~~The school district will begin accepting transfer applications for the next school year starting the week after spring break.~~ Receipt of applications will be documented by the district so that the district may review those applications in the order submitted for purposes of capacity limitations.

~~Open/Emergency~~ Transfers previously granted by the school board will remain in effect for future school years unless the ~~board of education takes action to deny a future year's attendance based upon capacity,~~ district provides notification to the parent or legal guardian that the transfer is not going to be continued for an upcoming school year due to disciplinary~~e, or~~ attendance issues. ~~as addressed within this policy~~ The district will not require parents resubmit a new application each school year and will advance the previous application of an enrolled student amending only the grade placement of the student.

A transfer may be requested at any time in the school year. State law does limit the ability of a student to transfer no more than two (2) times per school year to one or more school districts in which the student does not reside. Exceptions to this limit will exist for students in foster care. Students are legally entitled to reenroll at any time in his or her school district of residence.

Any brother or sister of a student who transfers may attend the school district to which their sibling transferred as long as the school district has capacity in the grade level and the sibling does not meet a basis for denial as listed below. A separate application must be filed for each student so that the district can timely consider requests in the order applications are received. Priority will be given to siblings of existing transfer students.

~~The administration will not approve or deny transfers received for the next school year until after the July 1 capacity data is determined for each grade level and site within the school district.~~

~~Priority will be given to students who have attended a district for at least three years prior to becoming eligible to apply for a transfer.~~ A student who has attended school as a resident student for at least three years prior to moving out of the school district will be given priority during transfer application review.

~~Out of district transfers for the upcoming school year will be reviewed when principals return at the end of July. Both an application for enrollment and the transfer form must be completed in order for a principal to review and make a determination. Families will be notified the first week in August.~~

It is the policy of the board of education that any legally transferring student shall be accepted by the district under the following circumstances:

1. The district has the capacity to accept the student at the grade level at the school site;
2. The transferring student has not been disciplined for:
   a. violation of a school regulation,
   b. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities, or
   c. possession of a dangerous weapon or a controlled dangerous substance while on or within two thousand (2,000) feet of public school property, or at a school event, as defined in the Uniform Controlled Dangerous Substances Act.
3. The transferring student does not have a history of absences. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided in 70 O.S. § 10-105 or due to illness. ~~TRANSFER POLICY(Cont.)~~

District Capacity, by grade level, by site:
By the first day of January, April, July and October, the board of education shall establish the number of transfer students the district has the capacity to accept in each grade level for each school site within the district. The number of transfer students for each grade level at each site that the district has the capacity to accept will be posted in a prominent place on the school district's website. The district shall report to the State Department of Education the number of transfer students for each grade level for each school site which the district has the capacity to accept.

In making the decision to determine capacity, the Board of Education shall review class size limits specified in 70 O.S. § 18-113.1 and multiply those limits times the number of classroom teachers employed by the school district at that level. If classroom space is not sufficient to accommodate that number of students due to a classroom being

disproportionately sized, the district's capacity numbers will reflect the lesser amount based upon that classroom size.

Virtual Program Capacity
The district has a capacity of 20 students at each grade level for virtual enrollment in grades 6th through 12th grade.

Children of District Staff
~~A student shall be allowed to transfer to a district in which the parent or legal guardian of the student is employed as a teacher of said district regardless of capacity.~~ In accordance with this policy, a student may be allowed to transfer to a district in which the parent or legal guardian of the student is employed 70 O.S. § 8-113.

First Come, First Serve Basis
The district will approve or deny the application and notify the parent of the student of the determination in writing within thirty (30) days of receiving an application. The school district shall enroll transfer students in the order in which they submit their applications. If the number of student transfer applications exceeds the capacity of the district, the district shall select transfer students in the order in which the district received the application.

Military Families
~~The school district shall allow the transfer of S~~Students who are the dependent children of a member of the active uniformed military services of the United States on full-time active-duty status and ~~for whom Oklahoma is the home of record and~~ students who are the dependent children of the military reserve on active duty orders shall be eligible for admission to the school district of their choice if he or she is a student whose parent or legal guardian is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to a valid military order. Students shall be eligible if at least one parent of the student has a Department of Defense-issued identification card. ~~regardless of capacity of the district. ~~contingency operation or a national disaster requiring the use of orders for more than thirty (30) consecutive days.~~

3. ~~The student will be residing with a relative of the student who lives in the Duncan School District or who will be living in the Duncan School District within six (6) months of filing of the application for transfer.~~

~~See 70 O. S. § 8-103.1v2 (B) (3)~~

~~Military Families Continued~~

~~A student shall not be precluded from enrollment prior to residency for any of the following:~~

2. ~~Receiving or qualifying for special education courses or services; or~~
3. ~~Receiving or qualifying for accommodations or services under the Rehabilitation Act of 1973 (Section 504).~~

Students who currently reside outside of a district they select for admission will be treated by the receiving district as residing within the receiving district for purposes of enrollment.

If the enrolling student is ~~transferring with~~ on an IEP, an individualized family service plan, or a Section 504 plan, the district shall take the necessary steps including, but not limited to, the transfer of records and any prior evaluations, the performance of reevaluations, if necessary, and meetings to ensure that comparable services are in place prior to the student's first day of school in the state. 70 O. S. § 8-103.1

~~If accepted, a student transfer is granted for the existing school year and may continue to attend in future years. At the end of the school year, the district may deny continued transfer of the student due to capacity or for disciplinary reasons or a history of absences.~~

Transfer Denials

If a transfer request is denied by the ~~administration~~ school district, the district shall provide notification of the denial in writing to the parent or guardian by either hand-delivery, by U.S. Mail or electronic mail. The notification shall include:

1. An explanation including but not limited to any citation of the statute, regulation, of school district policy under which the denial was made;

2. A copy of the policy adopted by the district for determining the number of transfer students the school district has the capacity to accept;
3. A copy of 210:10-1-18.1 from the Administrative Code; and
4. The date upon which the appeal will be due.

If the transfer request is denied by the administration, the parent or legal guardian of the student may appeal the denial within ten (10) days of notification of denial to the board of education. If notification was hand-delivered, the appeal period shall begin the day after the notification is delivered. If the notification is sent by U.S. Mail, the appeal period shall begin three (3) days after the notification is sent. If the notification is sent via electronic mail, the appeal period shall begin the day after the notification is sent. The board of education shall consider the appeal at its next regularly scheduled board meeting if notice is provided prior to the statutory deadline for posting the agenda for the meeting. The board of education shall accept an otherwise untimely appeal if a parent of a student can establish that they did not receive actual notice of the notification denying the transfer request, and the appeal was submitted within ten (10) days after the parent of the student actually received notice. ~~If notice is after the deadline for posting, the board shall consider the appeal at a special meeting of the board of education.~~

The appeal to the board of education shall be submitted to the office of the superintendent. The appeal shall include the following:

1. The name, address, and telephone number of the parent of the student and the student for whom the appeal is being taken;
2. The date the district gave notice denying the transfer request;
3. The basis for appealing the decision of the school district; and
4. The name, address and telephone number of the legal representative, if applicable.

Appeal Process

During the appeal, the board will review the action of the administration to make sure that the district policy was followed with regard to the denial of the transfer. The board of education will meet in an executive session to review the educational records of the student. If the policy was not followed, the board of education shall vote to overturn the denial and the transfer will be granted. This will be a paper appeal and will include the written documentation utilized by the school district as well as a

written response from the parent or legal guardian which explains why the policy was not followed.

If the board of education votes to deny an appeal of a request to transfer, the board of education shall instruct the superintendent to provide notification of denial in writing to the parent of the student by either hand-delivery, by U.S. Mail, or by electronic mail. The notification shall include:

4. A copy of 210:10-1-18.1 which identifies the Accreditation standard for appealing the denial of a student transfer.

If the board of education votes to uphold the denial of the transfer, the parent or legal guardian may appeal the denial within ten (10) days of the notification of the appeal denial to the State Board of Education. The parent or legal guardian shall submit to the State Board of Education and to the superintendent of the district, a notice of appeal on the form prescribed by the State Board of Education. The superintendent shall immediately provide a copy of the appeal to each member of the board of education. Upon receipt of notice of an appeal, but not later than five (5) days prior to the date at which the State Board of Education is scheduled to consider the appeal the board of education may submit a written response to the appeal. Responses should not exceed five (5) pages. If not submitted by the parent, the board of education shall provide a copy of the policy adopted to determine the number of transfer students the district has the capacity to accept in each grade level for each school site within the district. The parent and the school district will have an opportunity to appear in person or by authorized representative or by attorney to address the State Board at the meeting.

~~**Athletics**~~

~~A student who enrolls in a school district in which the student is not a resident shall not be eligible to participate in school-related extramural athletic competition governed by the Oklahoma Secondary School Activities Association for a period of one (1) year from the first day of attendance unless the transfer is from a school district which does not offer the grade the student is entitled to pursue as per 70 O.S. §~~

~~8-103.2. Notwithstanding the above, a transfer student granted a hardship waiver by OSSAA shall be eligible for competition.~~

It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school. The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students. ~~Threatening behavior, harassment, intimidation, and bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.~~

~~Harassment is intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. ~~Statement of Legislative Mandate and Purpose~~
~~This regulation is a result of the legislative mandate and public policy embodied in the School Bullying Protection Act, 70 O.S. §24-100.2. The Oklahoma Legislature requires school districts to adopt a policy to prevent harassment, intimidation, and bullying in an effort to "create an environment free of unnecessary disruption" and also requires school districts to actively pursue programs for education regarding bullying behaviors.~~

The Duncan Public Schools' student conduct code prohibits ~~harassment, intimidation, and~~ bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

Statement of Board Purpose in Adopting Policy
The board of education recognizes that ~~intimidation, harassment, and~~ bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the ~~intimidation, harassment, and~~ bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.
2. Substantially disrupts school operations by interfering with the district's mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation, and is just as disruptive of the district's efforts to prepare students for productive lives in the community as they become adults.
3. Substantially disrupts healthy student behavior and thereby academic achievement. Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district's primary and substantial interest in operating schools that foster and promote academic achievement.
4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.

5. Substantially interferes with the district's mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often "passive-target" students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves, and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.
6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.
7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

Bullying~~, harassing, and intimidating behavior~~ often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of intimidation, harassment, and bullying. This results in a reluctance or resistance to attend school.

Definition of Terms

1. Statutory definition of harassment, intimidation, and bullying:
   70 O.S. §24-100.3(c) of the School Bullying Protection Act defines the terms "bullying"~~ harass, intimidate, or bully,"~~ as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communications, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the

targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student ~~any gesture, written or verbal expression, or physical act~~ that a reasonable person should recognize will:

A. Harm another student;
B. Damage another student's property;
C. Place another student in reasonable fear of harm to the student's person or damage to the student's property; or
D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

2. The "Reasonable Person" Standard
In determining what a "reasonable person" should recognize as an act placing a student in "reasonable" fear of harm, staff will determine "reasonableness" not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.
3. General Display of Bullying Acts
Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.
A. Physical Bullying includes harm or threatened harm to another's body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting,

starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

B. Emotional Bullying includes the intentional infliction of harm to another's self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing and frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

C. Social Bullying includes harm to another's group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors, or humiliating acts designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or

homicide. Such conduct may also constitute sexual harassment – also prohibited by Duncan Public Schools.

Procedures Applicable to the Understanding of and Prevention of Harassment, Intimidation, and Bullying of Students

A. Student and Staff Education and Training

All staff will be provided with a copy of the district's policy on prevention of ~~harassment, intimidation, and~~ bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request. Duncan Public Schools is committed to providing appropriate and relevant training to staff regarding identification of behavior constituting harassment, intimidation, and bullying of students and the prevention and management of such conduct.

Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of harassment, intimidation, and bullying of students, the district's prohibition of such conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

B. Duncan Public Schools' Safe School Committee

The safe school committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues that interfere with an adversely affect the maintenance of safe schools.

With respect to student harassment, intimidation, and bullying, the safe school committee shall consider and make recommendations regarding professional staff development needs of faculty and other staff related to methods to decrease student harassment, intimidation, and bullying and understanding and identifying bullying behaviors. In addition, the committee shall make recommendations regarding: identification of methods to encourage the involvement of the community and students in addressing conduct involving bullying; methods to enhance relationships between students and school staff in order to strengthen communication; and fashioning of problem-solving teams that include counselors and/or school psychologists.

In accomplishing its objectives, the committee shall review traditional and accepted harassment, intimidation, and bullying prevention programs utilized by other states, state agencies, or school districts. ~~(See also policy BDFC.)~~

Student Reporting
Students are encouraged to inform school personnel if they are the victim of or a witness to acts of harassment, intimidation, or bullying.

Staff Reporting
An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute harassing, intimidating, or bullying. Employees, whether certified or noncertified, shall encourage students who tell them about acts that may constitute intimidation, harassment, or bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the employee designated by the assistant superintendent to receive them. Staff members who hear of incidents that may, in the staff member's judgment, constitute harassment, intimidation, or bullying, are to report all relevant information to the assistant superintendent or his/her designee.

Parental Responsibilities
Parents/guardians will be informed in writing of the district's program to stop ~~intimidation, harassment, and~~ bullying. An administrative response to ~~a reported act of intimidation, harassment, or~~ bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

<u>Discipline of Students</u>

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency
13. Suspension
14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both target and perpetrators, and family members affected by bullying, as necessary.

Publication of Policy

Annual written notice of this policy will be provided to parents, guardians, staff, volunteers, and students with age-appropriate language for students. Notice of the policy will be posted at various locations within each school site, including but not limited to, cafeterias, school bulletin boards, and administrative offices. The policy will be posted on the school district's website at www.duncanps.org. The policy will be included in all student and staff handbooks.

Proposal to change weighted courses for Duncan High School.

We would like to propose adding the following to the weight list in the Duncan High School handbook.

" Anatomy & Physiology taken through the LPN & Long Term Care programs at Red River Technology Center"

The High School LPN program is new to RRTC and Duncan High School this year. With this course, students will receive 1 full credit of Anatomy & Physiology and 3 credits of Nursing Services. Due to the rigorous coursework being covered in this program, we felt the students would benefit from a weighted class. The course requires students to add longer class periods than any other program at RRTC, attend clinicals, and attend school through June. Upon completion of the program, students will take the NCLEX-PN to obtain a Licensed Practical Nurse license.

We reached out to multiple schools, who have had this course for over 15 years to get feedback on this decision. Also, we spoke with Misty Wade, Assistant Superintendent from Red River Technology Center, who confirmed the coursework justifies a weighted credit being given.

Academic Policy: Pre-AP and Advanced Placement (AP) Courses via Horizon

Purpose and Overview

- This policy outlines the guidelines, expectations, and requirements for students enrolled in Pre-AP and Advanced Placement (AP) courses. Our campus is committed to providing rigorous academic opportunities. To balance flexibility with high standards, all Pre-AP and AP courses will be delivered virtually through the Horizon online platform, while students remain on campus under local supervision.

Course Delivery Model

- On-Campus Online Learning: Students will be assigned a designated period and location on campus to complete their Horizon coursework.
- Self-Paced with Deadlines: While the Horizon platform allows for individual pacing, students must meet all weekly benchmarks, assignment deadlines, and module completions established by the course syllabus.
- Campus Supervision: A certified staff member will monitor the learning environment, track attendance, and assist with troubleshooting, but primary instruction is delivered through Horizon.

Mandatory AP Examination Requirement

- The ultimate goal of enrollment in an AP course is to demonstrate college-level proficiency. Therefore, the examination policy is a strict condition of enrollment:

Mandatory Testing Rule: Any student enrolled in an AP course on the Horizon platform is required to take the corresponding College Board AP Examination in the spring.

Key Exam Details

- Pre-AP Exception: Please note that official College Board AP exams only exist for standard AP courses. Students in Pre-AP courses are not required to take a spring AP exam but are required to complete all Horizon cumulative final assessments.
- Fees and Registration: The campus will handle exam registration in the fall. [Optional: Insert school policy regarding exam fees, e.g., "The school will cover exam fees," or "Students are responsible for the exam fee by X date."]
- Consequences of Non-Participation: Failure to sit for the required AP exam in the spring may result in the loss of weighted GPA points for the course, a change in the transcript designation from "AP" to "Honors" or "Regular," or financial responsibility for the unused exam fee.

Student Expectations and Academic Integrity

Because these courses are delivered online, students must exhibit a high degree of maturity and self-discipline.

- Attendance: Daily attendance in the designated Horizon lab/classroom is mandatory. Standard campus attendance policies apply.
- Academic Integrity: All work submitted through Horizon must be the student's own. Plagiarism, the unauthorized use of AI tools, sharing login credentials, or using external cheating websites will result in immediate disciplinary action and potential removal from the course.

Drop/Withdrawal Policy

- Schedule Changes: Students may drop a Pre-AP or AP Horizon course within the first 10 days of the semester without penalty.
- Commitment: After the designated drop window, students are committed to completing the course and, for AP students, taking the spring exam. Withdrawals after this deadline require administrative approval and a parent-teacher conference.

Advisory/ReThink Time Policy

Overview

Duncan High School is committed to fostering a supportive and enriching environment for all students. To achieve this, we have implemented a dedicated 30-minute block of time between the 2nd and 3rd hour, known as Advisory/ReThink time. This period is designed to provide students with a structured opportunity for personal growth, academic support, and reflection.

Schedule

Monday/Friday: Advisory Time

Tuesday, Wednesday, Thursday: ReThink Time

Advisory Time (M/F)

Purpose

Advisory Time is intended to offer students guidance and support through mentorship, career exploration, and skill development. It is a space where students can build relationships with their advisors and peers, discuss academic goals, and engage in activities that promote personal and social growth.

Activities

- Mentorship Meetings: Students meet with their advisors to discuss academic progress, set goals, and receive guidance on personal and academic challenges.
- Career Exploration: Activities include guest speakers, career planning sessions, and exploration of career tech opportunities.
- Skill Development: Workshops focused on developing essential life skills, such as communication, time management, and leadership.

ReThink Time (T/W/Th)

Purpose

ReThink Time serves a dual purpose. For students who need remediation, it provides closed sessions for targeted support to address specific academic challenges. For those who don't require remediation, it offers open sessions where students can choose to pursue personal interests, explore new topics, or engage in self-directed study.

Activities

- Remediation: Focused sessions for students needing extra help to improve understanding and performance in specific subjects
- Self-Directed Study: Students have the opportunity to work independently or in groups on assignments, projects, or areas needing improvement.
- Exploration of Interests: Time to pursue personal interests, such as reading, research, or participating in clubs and extracurricular activities

Expectations

- Punctuality: Students are expected to arrive on time and be prepared to engage in the designated activities.
- Active Participation: Students should actively participate in discussions, workshops, and activities.
- Respectful Environment: All participants must foster a respectful atmosphere where everyone feels valued and heard.

Evaluation

The effectiveness of Advisory/ReThink Time will be evaluated through student/teacher feedback, academic performance, and participation rates. Adjustments to the program will be made based on this evaluation to continually improve its impact on student development.

By adhering to this policy, Duncan High School aims to create a dynamic and supportive environment that empowers students to reach their full potential.

Announcements

Announcements will be made daily to students via public-address, smartphone applications, student email, and the DHS website. Weekly bulletins will also be available on the Duncan High School website, and students and parents may receive an emailed copy of the Weekly Bulletin by sending a request to rose.lard@duncanps.org.

Attendance Policy

Absences

Parents must ensure their child attends school regularly and on time to promote daily learning and readiness for the next school year. Regular attendance is vital for developing responsible adults ready for work. Students should attend at least 90% of the school year, which equates to 149 out of 166 school days, allowing for up to 16 absences annually or 8 per semester. Refer to the absence and credit policy for more details.

Steps to Manage Absences

A. Parents/guardians must inform the attendance office of their child's absence. If not contacted, the school will reach out.
B. Notify the office within 5 days of the absence, or it remains unexcused.
C. After three unexcused absences, the school will contact the home.
D. In line with Oklahoma School Law (Section 232), if a student is truant for 4 or more days in four weeks, or absent without excuse for 10 or more days in a semester, the school reports this to the City of Duncan, possibly leading to fines and involvement of the Stephens County district attorney.

Documented Absences

Documentation is encouraged for the following absences:

- Doctor visits
- Counseling appointments

Documentation is <u>required</u> for the following absences:

- College visits (juniors and seniors only)
- Military visits

Submit documentation to the attendance clerk within 5 days of the absence for review. The attendance committee's decision on whether the absence is excused is final.

Absences and the Ability to Receive Credit

To maintain academic integrity and fairness, students must adhere to the attendance policy to receive semester credit. A student will not earn credit for a course if they are absent more than eight (8) days per semester, with certain exceptions. These exceptions include absences due to school activities, two college visit days for juniors, four college visit days for seniors, and other waived absences. **<u>Please be aware that missing more than 10 minutes of any class will be recorded as an absence for that class.</u>**

The building principal has the discretion to approve make-up time or grant additional waivers for

absences exceeding the 8-day limit. It should be noted that the school administration does not encourage or endorse students missing school for trips or family vacations. Parents, guardians, or legal custodians should consider the student's current absence record before planning such trips. It is advised to consult the school calendar prior to making vacation arrangements. Requests for excused absences due to trips or family vacations should be submitted to the campus administration at least two (2) weeks in advance. Students with a high number of absences or poor grades due to absences will not be excused for trips or family vacations.

Students at risk of losing credit due to excessive absences may appeal to the DHS Attendance Committee. They must present valid reasons for all absences, supported by documentation such as doctor's notes or court documents. The committee's decision regarding the award or denial of credit is final.

Absence and Removal from Attendance Roll

In compliance with Oklahoma School Law (Section 387/Part 2), a student who has been absent without a valid excuse for ten (10) consecutive days shall be removed from the district’s attendance roll beginning with the eleventh day.

Truancy

Truancy is not being in class when assigned. Disciplinary action will be taken.

Examples of Truancy:

1. Being absent for any reason not listed as an excused absence
2. Leaving school without first securing campus permission and checking out at the attendance office
3. Being ill and staying in the restroom instead of checking in with the nurse
4. Coming to school, but failing to attend class
5. Obtaining a hall pass to a particular destination, then not reporting there and back
6. Late arrival or non-attendance due to car trouble, missing the bus, oversleeping, etc
7. Being in an unassigned class without permission or in an unauthorized area

Procedure for Leaving Campus During the School Day

A student must receive a permit from the attendance office to leave the school grounds at any time during the school day. Failure to follow proper checkout procedure will result in truancy and its related discipline.

Make-up Work

The last day that assignments can be turned in for credit for the semester is December 8, 2026 for the fall semester and May 11, 2027 for the spring semester. It is crucial for students to manage their time effectively to ensure all assignments are submitted by these deadlines.

Students who have absences that meet the attendance requirements are eligible to complete make-up work for full credit. The time allotted for completing missed assignments will correspond to the number of days the student was absent. This policy ensures that students have a fair opportunity to recover any missed academic work without penalty.

Upon returning to school after an absence, it is the student's responsibility to request and complete any

work missed. This proactive approach helps students stay on track with their coursework and maintain their academic standing. Students are encouraged to communicate with their teachers to clarify any questions regarding missed assignments or deadlines.

Attendance Policy (State)

It shall be unlawful for a parent, guardian, or other person having custody of a child who is over the age of five (5) and under the age of eighteen (18) years, to neglect or refuse to cause or compel such child to attend and comply with the rules of some public, private or other school, unless other means of education are provided for the full term the schools of the district are in session or the child is excused as provided in this section.

It shall be unlawful for any child who is over the age of twelve (12) years and under the age of eighteen (18) years, and who has not finished four (4) years of high school work, to neglect or refuse to attend and comply with the rules of some public, private or other school, or receive an education by other means for the full term the schools of the district are in session.

This rule shall not apply:

1. If any child is prevented from attending school by reason of mental or physical disability, to be determined by the board of education of the district upon a certificate of the school physician or public health physician, or if no such physician is available, a duly licensed and practicing physician;

2. If any such child is excused from attendance at school, due to an emergency, by the principal teacher of the school in which such child is enrolled, at the request of the parent, guardian, custodian or other person having control of such child;

3. Any such child who has attained his or her sixteenth (16) birthday is excused from attending school by written, joint agreement between:

   a. the school administrator of the school district where the child attends school, and

   b. the parent, guardian or custodian of the child. Provided, further, that no child shall be excused from attending school by such joint agreement between a school administrator and the parent or custodian of the child unless and until it has been determined that such action is for the best interest of the child and/or the community, and that said child shall thereafter be under the supervision of the parent, guardian or custodian until the child has reached the age of eighteen (18) years; or

4. If any such child is excused pursuant to subsection C of this section.

   c. A school district shall excuse a student from attending school for the purpose of observing religious holy days if before the absence, the parent guardian, or person having custody or control of the student submits a written request for the excused absence. The school district shall excuse a student pursuant to this subsection for the days on which the religious holy days are observed and for the days on which the student must travel to and from the site where the student will observe the holy days.

   d. Any parent, guardian, custodian, child or other person violating any of the provisions of this section, upon conviction, shall be guilty of a misdemeanor, and shall be punished by a fine not less than Five Dollars ($5.00) and no more than Twenty-five dollars ($25.00)

for the first offense, and not less than Twenty-five Dollars ($25.00) and no more than One Hundred Dollars ($100.00) for each subsequent offense. Each day the child remains out of school after the oral and documented or written warning has been given to the parent, guardian, custodian, child or other person or the child has been ordered to school by the juvenile court may constitute a separate offense. At the trial of any person charged with violating the provisions of this section, any authorized employee of the school district may present the attendance records of the child or ward in court. (70-10-105)

State Attendance / Truancy Policy

Definition – Truancy is defined as any absence from school or school activities lasting one or more days or part or parts of any school day without a valid excuse and without the permission of a parent, guardian or school official. Any student who stays out of or leaves school or any school activity without a valid excuse and permission shall be deemed truant. H.B. 1975, effective July 1, 1995, provides that if a child is absent without a valid excuse for four (4) days or parts of days within a four (4) week period, the parent will be notified, or if a student is absent without excuse for ten (10) days or parts of days within a semester, the building principal must notify the parent and immediately report such absences to the District Attorney's Office. Enforcement – It is the responsibility of the building principal to determine whether an absence constitutes truancy. The building principal can and should take all appropriate disciplinary action to enforce attendance. In the event of any truancy, the parent or guardian of the truant student should be notified by telephone or otherwise. In addition, each truant student may receive a "0" as a daily participation grade for each class or part of class missed.

Chronic Absenteeism

A student is considered chronically absent after missing 10 percent or more of school days. This includes both excused and unexcused absences. Missing 10 percent of school days would be approximately 18 days in a normal 180-day school calendar - just two days per month.

Attendance Eligibility

The maximum number of absences for activities which remove a student from the classroom, shall not exceed ten

(10) absences for any one class period per year as set down by the Oklahoma State Department of Education.

The absence of a student to participate in an event sponsored by an outside agency/organization shall count against the ten (10) absences per class per year only when the school has direct authority to determine if the student will be allowed to participate. Otherwise, the absence shall be treated as any other absence.

The ten (10) absences could be a combination of all co-curricular and extra-curricular activities. Excluded from this number are state or national school sponsored contests for which the student has previously earned the right to compete or attend. School sponsored regional contests shall also be excluded from this number due to the fact that regional contests are a prerequisite for state contests. Boys and girls golf will be excluded from this number

due to the extreme circumstances that create undue hardships based on the fact that golf is played on a public course and cannot be moved to after school or on weekends.

The Internal Activities Review Committee shall be responsible for reviewing and recommending any deviation of the activities attendance policy in regard to the "ten day rule" for Duncan High School students. Any deviation from the ten (10) day/class period absence rule shall not exceed five (5)

days/class periods. Any absence exceeding the ten (10) day/class period rule, and not approved as a deviation (not to exceed five (5) days/class periods) by the Internal Activities Review Committee and/or the local board of education, will result in the student being counted as not in attendance for that day.

Each building principal is responsible for putting in place a policy of prevention of and education about harassment,intimidation and bullying. All alleged acts of harassment, intimidation, bullying or threatening behavior, should be immediately reported to the building principal. Upon receipt of such report, the building principal or the principal's designee, should conduct an immediate investigation into the alleged acts to determine the validity of such allegations and the facts surrounding such allegations. If, at the conclusion of the investigation conducted by the building principal, it is determined that a student has committed or attempted to commit any act or acts of harassment, intimidation, bullying or threatening behavior toward another student or school personnel, the offending student shall be subject to the following:

- For a first offense the appropriate building principal shall impose such disciplinary penalty as he/she deems appropriate under the circumstances, including, but not limited to, ISI and out-of-school suspension not to exceed ten (10) days;
- In the event of any disciplinary action, a mandatory conference will be held as soon as possible involving, subject to availability, the student, his/her parent(s) or legal guardian, school officials, and others as deemed necessary by school officials to discuss prevention of future incidents of such behavior and the consequences of such behavior. At such mandatory conference, the building principal may recommend that available community mental health care options be provided to the student, if appropriate. An updated list of such available community mental health care options shall be provided to each building principal prior to the beginning of each school year;
- In the sole discretion of the building principal, the student may, at the expense of the student's parents or legal guardian, be required to attend mandatory counseling with an appropriate counseling agency as determined by school officials. Such counseling agency shall make recommendations to the school officials concerning the entry of the student into the student population;
- Any student who has been previously disciplined for any act or acts of harassment, intimidation, bullying or threatening behavior pursuant to these regulations, may, upon committing a second or subsequent offense, be subject to suspension for the remainder of the current semester and the succeeding semester; and
- Each building principal who disciplines any student under these regulations shall prepare a report concerning the incident involved and the disciplinary action taken and shall send a copy of such

report to the superintendent for his/her records.

If a student who has committed or attempted to commit any act or acts of harassment, intimidation, bullying or threatening behavior, receives mental health care from a mental health care provider, the school may request the disclosure of any information concerning such student that indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of theFamily Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996,Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The Board of Education shall publish the hereinbefore set forth prohibited activities for which a student may be disciplined. A copy of such activities and these policies shall be furnished to each pupil and shall be posted on a bulletin board located in each school.

Bus Information

For information about bus schedules or routes, call the Transportation Office. The telephone number is (580) 252-3496. Riding a bus is a privilege. Disciplinary problems can lead to a student's temporary or permanent removal from the bus.

Cafeteria

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price.

**ALL students will receive FREE breakfast and lunch for the 26-27 school year.

All students are urged to participate in the school lunch program. Two lines are provided in the cafeteria. The lunch room management and your fellow students will appreciate your cooperation in:

1. Depositing lunch litter in wastebaskets.
2. Returning all trays and utensils to the dishwasher area.
3. Leaving the table and floor around you in a clean condition for others.

Milk may be purchased in the cafeteria.

The Duncan Public School Child Nutrition Department requests a prepayment plan on all meal accounts. The cafeteria cashier will send out low balance letters when meal accounts have a $5.20 credit balance. This will allow time for parents to increase the meal account to avoid a negative account balance.

If an account becomes a negative balance; the cafeteria cashier will contact the parent/guardian by phone and send a letter by mail stating that all cafeteria meals served will need to be paid in full each day. If no payments or parent request for payment arrangements are received, then the student will begin receiving an alternate meal. Charging on meal accounts is not permissible without the receipt of a written request from the parent requesting payment arrangements or expressing an interest in applying for free and reduced meals. At the time of the written request, a five (5) day extension of meal charges will be granted. If the parent/guardian has not remitted payment within the five day extension, the cafeteria cashier will notify the parent/guardian by phone and mail stating that on the sixth day the student will

receive an alternate meal until the meal account is in good standing.

The alternate meal consists of the following food items:

Breakfast: Toast and Milk

Lunch: Peanut Butter Sandwich and Milk

If the student has an allergy to peanut butter, a cheese sandwich or an appropriate substitution and milk will be provided by Child Nutrition.

Digital hall passes will be used through Minga. A student <u>MUST</u> have a digital hall pass issued via Minga if they are in the hallway during class time. Failure to have a pass will result in the student being counted truant.

Counseling and Guidance
The chief responsibility of counselors is to assist individuals with personal, educational and vocational

counseling. Everyone needs a person with whom he or she can discuss, frankly and confidentially, the things which may be bothering him or her. Counselors are the people at Duncan High School who can help students. Counselors will ensure that students are scheduled into proper classes, help students think through plans for the future, and tell students about the various occupational fields. Students may contact a counselor by obtaining a pass from a classroom teacher, during the lunch period, or before/after school

DHS Counselors:
Cherity Carter- 9th Grade
Rachel Terry- 12th Grade and 10th Grade A-K

Eligibility During a Semester

- Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. Schools may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin on Monday, the day eligibility is checked.
- A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.

If a student misses more than the maximum number of 8 days in any single class during the semester, the student shall be ineligible for the remainder of the semester regardless of their grades. School activity absences will not count towards the 8 day limit. This applies to ALL dances, prom, and other events that grade eligibility applies to.

Documentation for absences may be turned into the attendance clerk, as a reference, should the student need to meet with the attendance appeals committee at the end of each semester. Documentation will be reviewed by the attendance committee and a determination will be made as to whether or not the absence will be excused. The decision of the committee shall be final.

- A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under Rule 3 with the first class of the new one week period (Monday through Sunday).
- "Passing grade" means work of such character that credit would be entered on the records were the semester to close at that time.

Enrollment Guidelines

All students who enroll in courses at Duncan High School must adhere to the following guidelines:

1. The Office Procedures class is limited to juniors and seniors. All students must enroll in seven (7) units. Students who are enrolled in concurrent classes must be enrolled in the equivalent of seven (7) units, combining their high school classes and concurrent classes.
2. Students who are in their first year of high school will be classified as freshmen. Second-year high school students will be classified as sophomores. Third-year high school students will be classified as juniors. Fourth-year high school students will be classified as seniors. Seniors will not receive a diploma from Duncan High School unless all graduation requirements have been met.

Extra-curricular Activities

Every student is encouraged to attend and/or participate in all extra-curricular contests and activities.

Grade Point Average

A student's cumulative Grade Point Average is determined by dividing the total number of quality points earned by the total number of courses taken. A student's current Grade Point Average is determined by dividing the number of quality points earned during the current grading period by the number of courses taken during the same grading period. Duncan High School's grading system is based on a 4.0 grading scale as follows:

A = 4 quality points
B = 3 quality points
C = 2 quality points
D = 1 quality point
F = 0 quality points

Students who take an accelerated class and earn a grade of "C" or higher shall receive an adjustment in their weighted grade point average. Duncan High School's weighted grading system will be based on a 5.0 grading scale as follows:

A = 5 quality points
B = 4 quality points
C = 3 quality points
The weighted formula above will be used for weighted class ranking. The weighted quality points will be earned by taking courses weighted by Duncan High School.

Grading System

Duncan High School
Course Grading Policy
Academic Year: 2026–2027

Philosophy and Purpose

The grading policy at Duncan High School is designed to measure student academic progress, mastery of the Oklahoma Academic Standards (OAS), and consistent engagement with course material. Our goal is to provide a balanced evaluation that rewards daily consistency, regular formative assessment, and cumulative comprehension.

Grading Structure

In alignment with district guidelines, final semester grades are calculated using a weighted system divided into two primary categories: **Semester Coursework** and the **Semester Cumulative Examination**.

Category	Weight	Description

Semester Coursework	**80%**	Includes all daily work, homework, in-class assignments, laboratory exercises, projects, and unit quizzes/tests administered throughout the semester.
Semester Exam	**20%**	A comprehensive, cumulative examination administered at the conclusion of the semester to assess overall retention and mastery of the Oklahoma Academic Standards.

Grade Scale

Semester percentages are converted to a standard letter grade based on the Oklahoma state grading scale:

- **A:** 90% – 100% (Excellent Mastery)
- **B:** 80% – 89% (Above Average Mastery)
- **C:** 70% – 79% (Average Mastery)
- **D:** 60% – 69% (Below Average/Passing)
- **F:** Below 60% (Failing / No Credit)

Policy Details & Expectations

1. Semester Coursework (80% of Final Grade)

Because this category comprises the vast majority of a student's grade, daily participation and timely completion of tasks are critical to academic success.

- **Daily Work & Homework:** Designed to provide practice and formative feedback.
- **Quizzes & Tests:** Administered regularly to assess progress before the final exam.

2. Semester Exam (20% of Final Grade)

The semester exam is a mandatory component of the course. It serves as a benchmark for student readiness for subsequent coursework and state-mandated testing (such as Oklahoma College and Career Readiness Assessments).

- **Absences:** Students with an excused absence on the day of the semester exam must schedule a makeup exam with the instructor or attendance office within the designated finals week window. Unexcused absences will result in a zero for the exam.

Progress Tracking

Parents and students are strongly encouraged to monitor academic standing weekly via the online grading portal *in Infinite Campus.*

A Note on Academic Integrity: Cheating, plagiarism, or the unauthorized use of artificial intelligence tools on any assignment, quiz, or exam will result in a grade of zero for that task and a referral to administration in accordance with the Student Handbook.

Class rank and GPA will be based on a 4.0 Grading Scale. Weighted rank and GPA will be provided upon request.

****Duncan High School Requires 25 credits to graduate.**

*Beginning with the Class of 2023, students will be required to complete an ICAP (Individualized

Career Academic Plan) and a Capstone experience (determined by each student's ICAP) to meet graduation requirements. ICAPs will be completed during advisory or with the student's counselor.

Students who are only one credit short of meeting graduation requirements by the end of their senior year may be allowed to participate in commencement exercises with approval. No student will receive a diploma or be considered a graduate of Duncan High School until all the requirements for graduation have been met.

At the discretion of the superintendent or the superintendent's designee, up to two (2.0) non-statutory elective credits may be waived for students who have experienced special or unusual circumstances as a high school student. The determination to waive credits will be made on a case-by-case basis. Factors that must be considered include, but are not limited to, whether the student's circumstances are atypical for a high school student or whether the circumstances are beyond the student's control. A student, or a parent/guardian or counselor on behalf of a student, may submit a written request using the district's form for Elective Credit Waiver to the superintendent or superintendent's designee, who may waive up to two (2.0) non-statutory elective credit requirements when it is in the best interest of the student.

Under no circumstances can a student have fewer than 23 credits, the State of Oklahoma's minimum requirement for graduation.

Proficiency Based Promotion Policy & Testing Schedule

As a result of HB 1017, students shall have the opportunity to demonstrate proficiency in the core areas as identified in 70 O.S. 11-103.6:1

A. Social Studies

B.. Languages

C. Language Arts

D. Mathematics

E. The Arts

F. Science

Proficiency for advancing to the next level of study will be demonstrated by a score of 90% or comparable performance on an assessment or demonstration. Students entering Duncan High School from a non-accredited high school or homeschool shall, upon providing written evidence of study in a particular core subject, have the opportunity to demonstrate proficiency in that specific subject. Proficiency will be demonstrated by a score of 60% or better on an assessment or demonstration. Students demonstrating proficiency in a core curriculum area will be given credit and a letter grade based on the percentile score earned on the assessment or demonstration. These students will be given the opportunity to advance to the next level of study in the appropriate curriculum area. Proficiency assessment will measure mastery of Oklahoma Academic Standards.

The opportunity for proficiency assessment will be offered during August and April. Students should register with their counselor at least two weeks in advance for the spring test. Summer testing requests will be received in the superintendent's office. A parent or guardian will need to sign the registration form.

Scheduling and Schedule Changes

Students complete Course Request Forms during the Pre-Enrollment period. Requests for courses must be approved by the school counselors. When final approval has been given, the students' requests are fed into a computer for scheduling and assignment. Students do not select their teachers.

Students who wish to change their schedule must fill out a Schedule Request Change Form and turn it in to the Counselor's Office prior to the 8th day of the semester. Beginning with the Class of 2023, schedule changes will be made ONLY if it satisfies the student's ICAP. Schedule changes will be completed in the following order of priority:

1. An incomplete schedule
2. Course already completed
3. Prerequisite not met
4. Missing a graduation requirement

Once these academic changes are made, elective changes will be considered on a space-available basis if they:

1. Meet college and career goals
2. Do not impact other class sizes
3. Do not compel teacher changes

Students will be called to the Counselor's Office when it is their turn to discuss their schedule change.

Schedule changes after the 8th day of the semester:

1. A formal request must be completed and submitted directly to the student's assigned guidance counselor. This request must be completed by the student (which includes an extensive written explanation of why the schedule change is desired). *Please note: schedule change requests made because of a desire to have the same class as friends, closer parking, personal dislike of a teacher, or so forth will not add to the effectiveness of a student's education, and therefore, will not be considered or approved by DHS Administration.
2. The counselor will review the request and determine if the reason(s) for the request are adequate to necessitate bringing the request before DHS administration.
3. If the request is determined to be necessary for the student's education or best for the operation of Duncan High School, the request will be approved and the change will be made by the counseling department.
4. If the request is not deemed as necessary for the student's education or would result in a negative effect on the education provided by Duncan High School to its students, the request will be denied and the decision will be final.

School Day

The school day is defined as any part of the day during which the students and/or faculty are expected to be at school, a school-sponsored practice or a school-sponsored activity. The day includes the lunch period if the student remains on the school campus.

School Records (FERPA)

School records will be made available to parents of students or eligible students according to the guidelines set forth in the Family Educational Rights & Privacy Act (FERPA). FERPA (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. FERPA guidelines are explained in detail in the Duncan Board of Education Policies and Procedures Manual and

are available online at: http://www.ed.gov/offices/OM/fpco/.

All teachers have been requested to be on the alert for any student behavior which is in violation of school regulations. Students should behave in a manner that will be a credit to the school. Visitors judge a school by the neatness of the campus and parking lots. Please do your part in keeping the campus clean.

- Vending machine snacks or "grab & go" from the cafeteria will be allowed in the classrooms ONLY at teacher discretion. No outside fountain drinks allowed. Stanley cups and water bottles are allowed.
- No drinks, other than drinks purchased on campus out of vending machines, will be allowed in classrooms without a doctor's note.

- 4-6 per week: 1 day ASD
- 7+ per week: 1 day ISI
- After 20 total tardies: ASD no longer given
- 4-6 per week: 1 day ISI

Telephone Usage

A telephone for students' use is provided for students in the office. This telephone is not to be used for social calls. Students may use it before school, during the lunch period, and after school. Students will not be called out of classes to the telephone except for emergency calls only. Students who need to use the phone during class time may do so ONLY with a note from the teacher.

Textbooks

All students will be issued appropriate textbooks in the basic subjects. Students and their parents are

accountable for all issued textbooks and will be required to pay for lost or damaged books. Financial obligations: The principal may hold transcripts, withdrawal forms, or other records of the school relating to any student who fails to return a textbook, library book, or until all financial obligations are cleared.

Transcript Requests

All current and former students needing a transcript must create an account at parchment.edu. Once the account is created, a transcript can be requested. It will be sent directly to the email provided or to the university indicated in the request. This is free of charge for current students and there is a small fee for former students.

Vehicle Regulations

Students who drive automobiles onto school property subject the automobiles to a search upon "reasonable suspicion." An alert by a drug interdiction canine is an example of many circumstances that may substantiate reasonable suspicion.

All students who commute to school by car or motorcycle are required to park in the designated student parking lots, as mandated by the school board regulations. To ensure compliance, students must obtain a parking permit from the school office. This process involves completing an information card, paying a $8.00 annual parking fee, and displaying a parking decal.

1. Obtain an Information Card: Students must fill out the necessary details on the information card provided by the office.
2. Pay the Parking Fee: A fee of $8.00 is required for the annual parking permit.
3. Display the Parking Decal: Once obtained, the parking decal should be placed on the rearview mirror of the vehicle the student will drive to school.

Students are expected to leave their vehicles parked in the designated areas throughout the school day. Vehicles may only be used during lunch or after school hours. However, students may receive special permission from the office to use their vehicle during the school day for emergencies, internships, concurrent classes, or RRTC classes.

By adhering to these guidelines, students contribute to a safe and orderly environment on campus.

Withdrawal from School

For students under the age of 18, it is necessary for a parent or legal guardian to provide their signature on a withdrawal form before the student can officially leave school. Mrs. Milburn, the registrar, is responsible for overseeing this process to ensure compliance with school policies and legal requirements.

Concurrent Enrollment Handbook and Contract

The concurrent enrollment program at DHS is designed to allow students to attain college credit while simultaneously earning high school credit through accredited Oklahoma universities and colleges.

Current Handbook Policy:

Duncan High School Juniors and Seniors who meet the requirements set forth by the Rules of the Oklahoma State Board of Education and Oklahoma State Regents for Higher Education are eligible for concurrent enrollment in a college or university in the Oklahoma State System of Higher Education. Tuition waivers are available for all seniors for up to 18 college credits and to Juniors for up to 9 college credits. Students are responsible for all other costs which may include fees, books, and any other associated costs. However, any student who chooses to take concurrent courses on the DHS campus, through Cameron University, all costs will be covered by Duncan Public Schools. Any student interested in Concurrent Enrollment should contact our concurrent coordinator, Mrs. Jennifer Kinnaird at 255-0700 or jennifer.kinnaird@duncanps.org. In order to enroll concurrently in college coursework, students must meet the following requirements:

ACT composite score of 19 or higher (S.A.T. 1020/940) **OR** 3.0 GPA AND rank in the top 50% of their

graduating class.

High school students may enroll in a combined number of high school and college courses per semester not to exceed a full-time college workload of 19 semester-credit-hours. According to the Oklahoma State Regents for Higher Education, **for the purposes of calculating workload**, one-half high school credit shall be equivalent to three semester-credit-hours of college work. Students wishing to exceed the allowed number of hours must receive permission from the principal at Duncan High School and from the university in which the student plans to concurrently enroll.

Students must be able to complete all high school graduation requirements by the end of the Spring semester of their Senior year, including all courses required for college entrance.

Students may only enroll in curricular areas (English, math, and science) as long as they achieve a minimum ACT score of 19 on the corresponding subtest. In addition, an ACT score of 19 must be achieved on the reading subtest to enroll in any other subject (history, psychology, humanities, speech, etc.)

*****Concurrently enrolled students will receive 1 high school credit for each 3 semester hour college course passed.***

NOTE: Some Oklahoma colleges and universities have amended their requirements for concurrent enrollment. These can change at any time. For more information please contact your counselor, concurrent coordinator, or the college/university you plan to attend. DHS will recognize the most current requirements from any accredited Oklahoma institution of higher learning.

Duncan High School Specific Requirements:

In addition to the Oklahoma State Regents for Higher Education requirements, Duncan High School students must meet and maintain the following campus requirements in order to obtain and continue enrollment in concurrent courses:

- Students must attend the concurrent meeting with a parent/guardian and meet with their counselor and/or concurrent coordinator **before** enrolling in concurrent courses.
- Senior students **MUST** have a completed FAFSA. Enrollment in a selected course must be forwarded to the school counselor immediately following enrollment.
- Courses that do not fall within the student's graduation plan will not be approved by Duncan High School unless the student has already completed all graduation requirements.
- Students must meet with the concurrent coordinator, **once per week** and allow her to view the student's current grade in the course. The meeting schedule will be set by the coordinator. Students who are failing or are in danger of not receiving credit for a concurrent course **WILL be advised** to drop the course at the recommendation of the counselor/concurrent coordinator. Students who drop will be placed in an on campus course consistent with their graduation requirements and plan. ***Dropping a course will result in the student reimbursing any fees paid***

by the school. Failure to notify the concurrent coordinator of a dropped class may result in disciplinary action including but not limited to consequences for truancy under the Oklahoma school attendance law and the loss of credit which could affect graduation requirements.

- Students must provide their college transcript to their counselor/and or the concurrent coordinator immediately upon completion of the concurrent course in order to receive credit for the course.
- Students will continue to check their Duncan High School email account daily and respond to any request from their counselor and principals.
- Students must understand that high school graduation requirements will receive priority over concurrent enrollment requests. It is our job to ensure that students will graduate from high school. Students may be pulled from their concurrent courses and placed at the high school to finish any missing graduation requirements.
- Students who fail a college course will reimburse Duncan High School for any fees and tuition paid on the student's behalf.
- Grades from the concurrent enrollment issuing college/university WILL post to the high school transcript. The high school has no authority to override or to not post the grade earned by the student.
- **Duncan High School cannot intervene on the student's behalf with any college or university issue. That responsibility lies with the student and parent. Upon enrolling in concurrent courses the student becomes a college/university student. As such, the student bears responsibility for being their own advocate with the college/university.**

8 Week / Modified Schedule Courses:

Students taking an 8 week or modified schedule course are subject to the expectations outlined above. Additionally students taking these courses will comply with the following expectations:

- Students enrolling in 8 week courses will be required to enroll in two 8 week courses during the same semester.
- Courses required for graduation must be completed by the first 8 week period offering. Students failing these courses during the first 3 weeks will drop and will be placed in the corresponding course at Duncan High School.
- The decision to drop a course will be made by the counselor and/or student no later than 3 weeks into the modified schedule course depending on select university policy.

Failure to comply with the policies above will result in the student not being allowed to participate in the concurrent program for the remainder of their Duncan High School enrollment.

What is Virtual Learning

Virtual learning is an alternative to traditional in-person instruction. Students enrolled in virtual learning complete coursework from home, aligned with the Oklahoma Academic Standards (OAS) and approved by the Oklahoma State Department of Education.

Success in virtual learning requires a high level of personal responsibility and self-motivation, as the program is designed for independent learners who need minimal daily guidance.

Students are expected to log in and complete assignments daily, working toward completion of their courses by the designated target dates. All virtual coursework is delivered through Edgenuity, the online learning platform used by Duncan Public Schools. Duncan virtual students have access to core subject teachers during morning hours for academic support.

4. **IEP Consideration (if applicable)**

The course may then need to be repeated virtually or taken in person. Seniors should remain aware of earlier deadlines for the virtual program.

Virtual FAQs

What do I do if I need a test or quiz unlocked? A review of prior work may occur before unlocking tests or quizzes. Unlocks will occur on the next school day.

How much work should I complete each day? Follow the daily assignments listed in the Course Map in Edgenuity.

What happens if I fall behind? Students must complete additional work to catch up. The only way to return to on-pace status is to complete more than the daily minimum.

How long should I work each day? The required time varies depending on the student and the assignments. Students who minimize idle time and remain focused may finish in a few hours.

What should I include when contacting the Virtual Director? Include the course name, semester (A or B), the date of assignment, quiz or test and specific topic or section. This allows for a more efficient response.

Virtual Glossary

Duncan Public Schools Alternative Education Academy Handbook

Alternative Education Academy is designed to help students achieve their graduation goals in an alternative setting to that of the traditional classroom. This setting allows students to work toward course completion at a pacing that is tailored to their educational needs. Additionally, students receive life-skills training and participate in activities designed to help them form healthy relationships with peers, family, and professionals in the community.

Enrollment is limited to students who have been recommended by administrators or counselors who believe a student will be successful in this environment. Students and Guardians may request consideration for alternative education by making an appointment with their grade-level counselors to discuss admission to the program.

Enrollment is only possible for students enrolled in Duncan Public Schools.

Schedule

Start time is 7:45 am and end time is 3:11 pm.

The first half of the school day will focus on the core curriculum. The second half of the school day, alternative education students are required to participate in one of the following curriculum paths: work release, RRTC, concurrent enrollment, or remain on campus to work in Edgenuity. Pending administrative approval, students may enroll in courses/programs on campus to meet their educational needs.

Attendance/Absences

Attendance should be a top priority. Your enrollment may be terminated if you do not comply with the attendance policy.

A phone call from a parent/guardian is required for each absence. If a student reaches 6 absences in a semester (18 weeks), the student and parents/guardians may be required to meet with the Alternative Education Academy Advisory Committee to discuss the student's continued placement in the alternative program. Committee members include: *Alternative Education Director, *Site Principal, *Grade-Level Counselor, *Alternative Education Lead Teacher, and *Special Services representative (if applicable).

If a student misses school because of illness, a parent/guardian must call the main office at 580-255-0700. A doctor's note may be required. This policy applies to absences taken for family/child illnesses as well.

Students should not miss school for work commitments. School schedules are set by our district calendar and by our scheduled periods. All time committed to work should be arranged around required school attendance.

Academic Progress

Progress is individualized for each student at the Alternative Education Academy; therefore, your progress contract may be different from other students. Your progress contract is based on your current number of credits and your grade-level classification. If students do not meet their progress goals, parents/guardians and the student will be called in to discuss a new plan. If progress goals continue to be ignored, students will be dismissed from the program.

Transportation

Students who wish to attend the Academy and require transportation to the school must call the Transportation Office. The telephone number for transportation is (580) 252- 3496. Riding a bus is a privilege. Disciplinary problems while riding the bus can lead to a student's temporary or permanent removal from the bus.

Cafeteria/Food & Drinks

All alternative students will be given time to pick up breakfast and lunch from the cafeteria. We walk to the cafeteria as a group, collect our trays, and walk back to the West Building.

Students may bring sealed drinks and snacks to have during breaks. No food deliveries will be allowed. Students are not allowed to bring in drinks in cups/glasses that are not sealed.

Dress Code

The Duncan High School dress code will be followed. Students are to be dressed appropriately for the school day. Students who are cold natured should bring a jacket to regulate their comfort, as blankets are not allowed on campus.

Graduation

All seniors who complete the required credits are eligible to participate in Duncan High School's graduation ceremony and senior activities, provided they are in good standing. It is the student's responsibility to be aware of and available for senior events in which they would like to participate. Information regarding graduation and senior events will be shared by counselors and senior sponsors, so make sure to check all outlets Duncan High School uses to share information (email, ThrillShare, Facebook, and the DPS website).

Medication

Students who need medication during school hours MUST submit medications to the nurse and follow all district policies regarding medication. No staff member is allowed to provide medication to students. Students are also not allowed to have medication on their person; all medication (prescription or otherwise) will be distributed through the nurse's office.

Behavior

All students must comply with the following behavior guidelines. If students do not comply with these guidelines, their enrollment in the alternative education program may be terminated.

Students are to be engaged in coursework while in the classroom. They are not to talk excessively, be in and out of the classrooms repeatedly, or create disturbances in the classroom.

Disrespectful behavior is not allowed. A primary goal of the staff is to treat students fairly and with respect; as a result, we expect the same from our students. Disrespect includes, but is not limited to: sleeping in class, refusing to work, using profanity, taunting students, and arguing with faculty or students.

Students are expected to follow all behavior expectations of Duncan High School and Duncan Public Schools. Students who do not follow the expected behavior guidelines will be subject to consequences as outlined in the Duncan High School Discipline Matrix.

Electronic Devices

**See DHS handbook for full policy.

Parking

Students who drive to school are required to purchase a parking decal from the main office and park in the appropriate spaces each day.

Visitors

Visitors are not permitted on campus. If there is a need for a visitor to be on campus, prior approval from administration is required and the visitor must check in through the Main Office.

Campus Security

The Alternative Education Academy is a closed campus, meaning once students check in for the day, they must remain in the West building until the conclusion of the day. Students will not be permitted to leave campus for any reason without being checked out by a parent/guardian. Call 580-255-0700 to speak to the staff if you need to pick up your student.

District Expectations

The Duncan Public Schools district rules and policies apply to the Alternative Education Academy just as they apply to all schools in the district.

Proposal to change weighted courses for Duncan High School.

We would like to propose adding the following to the weight list in the Duncan High School handbook.

" Anatomy & Physiology taken through the LPN & Long Term Care programs at Red River Technology Center"

The High School LPN program is new to RRTC and Duncan High School this year. With this course, students will receive 1 full credit of Anatomy & Physiology and 3 credits of Nursing Services. Due to the rigorous coursework being covered in this program, we felt the students would benefit from a weighted class. The course requires students to add longer class periods than any other program at RRTC, attend clinicals, and attend school through June. Upon completion of the program, students will take the NCLEX-PN to obtain a Licensed Practical Nurse license.

We reached out to multiple schools, who have had this course for over 15 years to get feedback on this decision. Also, we spoke with Misty Wade, Assistant Superintendent from Red River Technology Center, who confirmed the coursework justifies a weighted credit being given.

Academic Policy: Pre-AP and Advanced Placement (AP) Courses via Horizon

Purpose and Overview

- This policy outlines the guidelines, expectations, and requirements for students enrolled in Pre-AP and Advanced Placement (AP) courses. Our campus is committed to providing rigorous academic opportunities. To balance flexibility with high standards, all Pre-AP and AP courses will be delivered virtually through the Horizon online platform, while students remain on campus under local supervision.

Course Delivery Model

- On-Campus Online Learning: Students will be assigned a designated period and location on campus to complete their Horizon coursework.
- Self-Paced with Deadlines: While the Horizon platform allows for individual pacing, students must meet all weekly benchmarks, assignment deadlines, and module completions established by the course syllabus.
- Campus Supervision: A certified staff member will monitor the learning environment, track attendance, and assist with troubleshooting, but primary instruction is delivered through Horizon.

Mandatory AP Examination Requirement

- The ultimate goal of enrollment in an AP course is to demonstrate college-level proficiency. Therefore, the examination policy is a strict condition of enrollment:

Mandatory Testing Rule: Any student enrolled in an AP course on the Horizon platform is required to take the corresponding College Board AP Examination in the spring.

Key Exam Details

- Pre-AP Exception: Please note that official College Board AP exams only exist for standard AP courses. Students in Pre-AP courses are not required to take a spring AP exam but are required to complete all Horizon cumulative final assessments.
- Fees and Registration: The campus will handle exam registration in the fall. [Optional: Insert school policy regarding exam fees, e.g., "The school will cover exam fees," or "Students are responsible for the exam fee by X date."]
- Consequences of Non-Participation: Failure to sit for the required AP exam in the spring may result in the loss of weighted GPA points for the course, a change in the transcript designation from "AP" to "Honors" or "Regular," or financial responsibility for the unused exam fee.

Student Expectations and Academic Integrity

Because these courses are delivered online, students must exhibit a high degree of maturity and self-discipline.

- Attendance: Daily attendance in the designated Horizon lab/classroom is mandatory. Standard campus attendance policies apply.
- Academic Integrity: All work submitted through Horizon must be the student's own. Plagiarism, the unauthorized use of AI tools, sharing login credentials, or using external cheating websites will result in immediate disciplinary action and potential removal from the course.

Drop/Withdrawal Policy

- Schedule Changes: Students may drop a Pre-AP or AP Horizon course within the first 10 days of the semester without penalty.
- Commitment: After the designated drop window, students are committed to completing the course and, for AP students, taking the spring exam. Withdrawals after this deadline require administrative approval and a parent-teacher conference.

Advisory/ReThink Time Policy

Overview

Duncan High School is committed to fostering a supportive and enriching environment for all students. To achieve this, we have implemented a dedicated 30-minute block of time between the 2nd and 3rd hour, known as Advisory/ReThink time. This period is designed to provide students with a structured opportunity for personal growth, academic support, and reflection.

Schedule

Monday/Friday: Advisory Time

Tuesday, Wednesday, Thursday: ReThink Time

Advisory Time (M/F)

Purpose

Advisory Time is intended to offer students guidance and support through mentorship, career exploration, and skill development. It is a space where students can build relationships with their advisors and peers, discuss academic goals, and engage in activities that promote personal and social growth.

Activities

- Mentorship Meetings: Students meet with their advisors to discuss academic progress, set goals, and receive guidance on personal and academic challenges.
- Career Exploration: Activities include guest speakers, career planning sessions, and exploration of career tech opportunities.
- Skill Development: Workshops focused on developing essential life skills, such as communication, time management, and leadership.

ReThink Time (T/W/Th)

Purpose

ReThink Time serves a dual purpose. For students who need remediation, it provides closed sessions for targeted support to address specific academic challenges. For those who don't require remediation, it offers open sessions where students can choose to pursue personal interests, explore new topics, or engage in self-directed study.

Activities

- Remediation: Focused sessions for students needing extra help to improve understanding and performance in specific subjects
- Self-Directed Study: Students have the opportunity to work independently or in groups on assignments, projects, or areas needing improvement.
- Exploration of Interests: Time to pursue personal interests, such as reading, research, or participating in clubs and extracurricular activities

Expectations

- Punctuality: Students are expected to arrive on time and be prepared to engage in the designated activities.
- Active Participation: Students should actively participate in discussions, workshops, and activities.
- Respectful Environment: All participants must foster a respectful atmosphere where everyone feels valued and heard.

Evaluation

The effectiveness of Advisory/ReThink Time will be evaluated through student/teacher feedback, academic performance, and participation rates. Adjustments to the program will be made based on this evaluation to continually improve its impact on student development.

By adhering to this policy, Duncan High School aims to create a dynamic and supportive environment that empowers students to reach their full potential.

Announcements

Announcements will be made daily to students via public-address, smartphone applications, student email, and the DHS website. Weekly bulletins will also be available on the Duncan High School website, and students and parents may receive an emailed copy of the Weekly Bulletin by sending a request to rose.lard@duncanps.org.

Attendance Policy

Absences

Parents must ensure their child attends school regularly and on time to promote daily learning and readiness for the next school year. Regular attendance is vital for developing responsible adults ready for work. Students should attend at least 90% of the school year, which equates to 149 out of 166 school days, allowing for up to 16 absences annually or 8 per semester. Refer to the absence and credit policy for more details.

Steps to Manage Absences

A. Parents/guardians must inform the attendance office of their child's absence. If not contacted, the school will reach out.
B. Notify the office within 5 days of the absence, or it remains unexcused.
C. After three unexcused absences, the school will contact the home.
D. In line with Oklahoma School Law (Section 232), if a student is truant for 4 or more days in four weeks, or absent without excuse for 10 or more days in a semester, the school reports this to the City of Duncan, possibly leading to fines and involvement of the Stephens County district attorney.

Documented Absences

Documentation is encouraged for the following absences:

- Doctor visits
- Counseling appointments

Documentation is <u>required</u> for the following absences:

- College visits (juniors and seniors only)
- Military visits

Submit documentation to the attendance clerk within 5 days of the absence for review. The attendance committee's decision on whether the absence is excused is final.

Absences and the Ability to Receive Credit

To maintain academic integrity and fairness, students must adhere to the attendance policy to receive semester credit. A student will not earn credit for a course if they are absent more than eight (8) days per semester, with certain exceptions. These exceptions include absences due to school activities, two college visit days for juniors, four college visit days for seniors, and other waived absences. **<u>Please be aware that missing more than 10 minutes of any class will be recorded as an absence for that class.</u>**

The building principal has the discretion to approve make-up time or grant additional waivers for

absences exceeding the 8-day limit. It should be noted that the school administration does not encourage or endorse students missing school for trips or family vacations. Parents, guardians, or legal custodians should consider the student's current absence record before planning such trips. It is advised to consult the school calendar prior to making vacation arrangements. Requests for excused absences due to trips or family vacations should be submitted to the campus administration at least two (2) weeks in advance. Students with a high number of absences or poor grades due to absences will not be excused for trips or family vacations.

Students at risk of losing credit due to excessive absences may appeal to the DHS Attendance Committee. They must present valid reasons for all absences, supported by documentation such as doctor's notes or court documents. The committee's decision regarding the award or denial of credit is final.

Absence and Removal from Attendance Roll

In compliance with Oklahoma School Law (Section 387/Part 2), a student who has been absent without a valid excuse for ten (10) consecutive days shall be removed from the district's attendance roll beginning with the eleventh day.

Truancy

Truancy is not being in class when assigned. Disciplinary action will be taken.

Examples of Truancy:

1. Being absent for any reason not listed as an excused absence
2. Leaving school without first securing campus permission and checking out at the attendance office
3. Being ill and staying in the restroom instead of checking in with the nurse
4. Coming to school, but failing to attend class
5. Obtaining a hall pass to a particular destination, then not reporting there and back
6. Late arrival or non-attendance due to car trouble, missing the bus, oversleeping, etc
7. Being in an unassigned class without permission or in an unauthorized area

Procedure for Leaving Campus During the School Day

A student must receive a permit from the attendance office to leave the school grounds at any time during the school day. Failure to follow proper checkout procedure will result in truancy and its related discipline.

Make-up Work

The last day that assignments can be turned in for credit for the semester is December 8, 2026 for the fall semester and May 11, 2027 for the spring semester. It is crucial for students to manage their time effectively to ensure all assignments are submitted by these deadlines.

Students who have absences that meet the attendance requirements are eligible to complete make-up work for full credit. The time allotted for completing missed assignments will correspond to the number of days the student was absent. This policy ensures that students have a fair opportunity to recover any missed academic work without penalty.

Upon returning to school after an absence, it is the student's responsibility to request and complete any

work missed. This proactive approach helps students stay on track with their coursework and maintain their academic standing. Students are encouraged to communicate with their teachers to clarify any questions regarding missed assignments or deadlines.

Attendance Policy (State)

It shall be unlawful for a parent, guardian, or other person having custody of a child who is over the age of five (5) and under the age of eighteen (18) years, to neglect or refuse to cause or compel such child to attend and comply with the rules of some public, private or other school, unless other means of education are provided for the full term the schools of the district are in session or the child is excused as provided in this section.

It shall be unlawful for any child who is over the age of twelve (12) years and under the age of eighteen (18) years, and who has not finished four (4) years of high school work, to neglect or refuse to attend and comply with the rules of some public, private or other school, or receive an education by other means for the full term the schools of the district are in session.

This rule shall not apply:

1. If any child is prevented from attending school by reason of mental or physical disability, to be determined by the board of education of the district upon a certificate of the school physician or public health physician, or if no such physician is available, a duly licensed and practicing physician;

2. If any such child is excused from attendance at school, due to an emergency, by the principal teacher of the school in which such child is enrolled, at the request of the parent, guardian, custodian or other person having control of such child;

3. Any such child who has attained his or her sixteenth (16) birthday is excused from attending school by written, joint agreement between:

   a. the school administrator of the school district where the child attends school, and

   b. the parent, guardian or custodian of the child. Provided, further, that no child shall be excused from attending school by such joint agreement between a school administrator and the parent or custodian of the child unless and until it has been determined that such action is for the best interest of the child and/or the community, and that said child shall thereafter be under the supervision of the parent, guardian or custodian until the child has reached the age of eighteen (18) years; or

4. If any such child is excused pursuant to subsection C of this section.

   c. A school district shall excuse a student from attending school for the purpose of observing religious holy days if before the absence, the parent guardian, or person having custody or control of the student submits a written request for the excused absence. The school district shall excuse a student pursuant to this subsection for the days on which the religious holy days are observed and for the days on which the student must travel to and from the site where the student will observe the holy days.

   d. Any parent, guardian, custodian, child or other person violating any of the provisions of this section, upon conviction, shall be guilty of a misdemeanor, and shall be punished by a fine not less than Five Dollars ($5.00) and no more than Twenty-five dollars ($25.00)

for the first offense, and not less than Twenty-five Dollars ($25.00) and no more than One Hundred Dollars ($100.00) for each subsequent offense. Each day the child remains out of school after the oral and documented or written warning has been given to the parent, guardian, custodian, child or other person or the child has been ordered to school by the juvenile court may constitute a separate offense. At the trial of any person charged with violating the provisions of this section, any authorized employee of the school district may present the attendance records of the child or ward in court. (70-10-105)

State Attendance / Truancy Policy

Definition – Truancy is defined as any absence from school or school activities lasting one or more days or part or parts of any school day without a valid excuse and without the permission of a parent, guardian or school official. Any student who stays out of or leaves school or any school activity without a valid excuse and permission shall be deemed truant. H.B. 1975, effective July 1, 1995, provides that if a child is absent without a valid excuse for four (4) days or parts of days within a four (4) week period, the parent will be notified, or if a student is absent without excuse for ten (10) days or parts of days within a semester, the building principal must notify the parent and immediately report such absences to the District Attorney's Office. Enforcement – It is the responsibility of the building principal to determine whether an absence constitutes truancy. The building principal can and should take all appropriate disciplinary action to enforce attendance. In the event of any truancy, the parent or guardian of the truant student should be notified by telephone or otherwise. In addition, each truant student may receive a "0" as a daily participation grade for each class or part of class missed.

Chronic Absenteeism

A student is considered chronically absent after missing 10 percent or more of school days. This includes both excused and unexcused absences. Missing 10 percent of school days would be approximately 18 days in a normal 180-day school calendar - just two days per month.

Attendance Eligibility

The maximum number of absences for activities which remove a student from the classroom, shall not exceed ten

(10) absences for any one class period per year as set down by the Oklahoma State Department of Education.

The absence of a student to participate in an event sponsored by an outside agency/organization shall count against the ten (10) absences per class per year only when the school has direct authority to determine if the student will be allowed to participate. Otherwise, the absence shall be treated as any other absence.

The ten (10) absences could be a combination of all co-curricular and extra-curricular activities. Excluded from this number are state or national school sponsored contests for which the student has previously earned the right to compete or attend. School sponsored regional contests shall also be excluded from this number due to the fact that regional contests are a prerequisite for state contests. Boys and girls golf will be excluded from this number

due to the extreme circumstances that create undue hardships based on the fact that golf is played on a public course and cannot be moved to after school or on weekends.

The Internal Activities Review Committee shall be responsible for reviewing and recommending any deviation of the activities attendance policy in regard to the "ten day rule" for Duncan High School students. Any deviation from the ten (10) day/class period absence rule shall not exceed five (5)

days/class periods. Any absence exceeding the ten (10) day/class period rule, and not approved as a deviation (not to exceed five (5) days/class periods) by the Internal Activities Review Committee and/or the local board of education, will result in the student being counted as not in attendance for that day.

Students attending Duncan Public Schools are expressly prohibited from committing any act or acts of threatening behavior, harassment, intimidation, or bullying while at school and further, by electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation or bullying at school. The Duncan Board of Education hereby endorses and adopts the following policies concerning the investigation of alleged acts of threatening behavior, harassment, intimidation or bullying and the discipline of students who commit or attempt to commit any act or acts of threatening behavior, harassment, intimidation or bullying.

- "Harassment, intimidation or bullying" mean any gesture, written or verbal expression, electronic communication,or physical act that a reasonable person should know will harm another student, damage another student's property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student;

- "Harassment" shall also mean the intimidation by threats of or actual physical violence; the

creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual;

- "Electronic Communication" means the communication of any written, verbal, or pictorial information by means of an electronic device, including, but not limited to, a telephone, a cellular telephone or other wireless telecommunication device or a computer; and

- "Threatening Behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Each building principal is responsible for putting in place a policy of prevention of and education about harassment,intimidation and bullying. All alleged acts of harassment, intimidation, bullying or threatening behavior, should be immediately reported to the building principal. Upon receipt of such report, the building principal or the principal's designee, should conduct an immediate investigation into the alleged acts to determine the validity of such allegations and the facts surrounding such allegations. If, at the conclusion of the investigation conducted by the building principal, it is determined that a student has committed or attempted to commit any act or acts of harassment, intimidation, bullying or threatening behavior toward another student or school personnel, the offending student shall be subject to the following:

- For a first offense the appropriate building principal shall impose such disciplinary penalty as he/she deems appropriate under the circumstances, including, but not limited to, ISI and out-of-school suspension not to exceed ten (10) days;
- In the event of any disciplinary action, a mandatory conference will be held as soon as possible involving, subject to availability, the student, his/her parent(s) or legal guardian, school officials, and others as deemed necessary by school officials to discuss prevention of future incidents of such behavior and the consequences of such behavior. At such mandatory conference, the building principal may recommend that available community mental health care options be provided to the student, if appropriate. An updated list of such available community mental health care options shall be provided to each building principal prior to the beginning of each school year;
- In the sole discretion of the building principal, the student may, at the expense of the student's parents or legal guardian, be required to attend mandatory counseling with an appropriate counseling agency as determined by school officials. Such counseling agency shall make recommendations to the school officials concerning the entry of the student into the student population;
- Any student who has been previously disciplined for any act or acts of harassment, intimidation, bullying or threatening behavior pursuant to these regulations, may, upon committing a second or subsequent offense, be subject to suspension for the remainder of the current semester and the succeeding semester; and
- Each building principal who disciplines any student under these regulations shall prepare a report concerning the incident involved and the disciplinary action taken and shall send a copy of such

report to the superintendent for his/her records.

If a student who has committed or attempted to commit any act or acts of harassment, intimidation, bullying or threatening behavior, receives mental health care from a mental health care provider, the school may request the disclosure of any information concerning such student that indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of theFamily Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996,Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. Any such request should be made by theSuperintendent or Assistant Superintendent of the Duncan Public Schools and should be directed to the mental health care provider.

The Board of Education shall publish the hereinbefore set forth prohibited activities for which a student may be disciplined. A copy of such activities and these policies shall be furnished to each pupil and shall be posted on a bulletin board located in each school.

Bus Information

For information about bus schedules or routes, call the Transportation Office. The telephone number is (580) 252-3496. Riding a bus is a privilege. Disciplinary problems can lead to a student's temporary or permanent removal from the bus.

Cafeteria

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price.

**ALL students will receive FREE breakfast and lunch for the 26-27 school year.

All students are urged to participate in the school lunch program. Two lines are provided in the cafeteria. The lunch room management and your fellow students will appreciate your cooperation in:

1. Depositing lunch litter in wastebaskets.
2. Returning all trays and utensils to the dishwasher area.
3. Leaving the table and floor around you in a clean condition for others.

Milk may be purchased in the cafeteria.

The Duncan Public School Child Nutrition Department requests a prepayment plan on all meal accounts. The cafeteria cashier will send out low balance letters when meal accounts have a $5.20 credit balance. This will allow time for parents to increase the meal account to avoid a negative account balance.

If an account becomes a negative balance; the cafeteria cashier will contact the parent/guardian by phone and send a letter by mail stating that all cafeteria meals served will need to be paid in full each day. If no payments or parent request for payment arrangements are received, then the student will begin receiving an alternate meal. Charging on meal accounts is not permissible without the receipt of a written request from the parent requesting payment arrangements or expressing an interest in applying for free and reduced meals. At the time of the written request, a five (5) day extension of meal charges will be granted. If the parent/guardian has not remitted payment within the five day extension, the cafeteria cashier will notify the parent/guardian by phone and mail stating that on the sixth day the student will

receive an alternate meal until the meal account is in good standing.

The alternate meal consists of the following food items:

Breakfast: Toast and Milk

Lunch: Peanut Butter Sandwich and Milk

If the student has an allergy to peanut butter, a cheese sandwich or an appropriate substitution and milk will be provided by Child Nutrition.

Eligibility During a Semester

- Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. Schools may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin on Monday, the day eligibility is checked.
- A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.

If a student misses more than the maximum number of 8 days in any single class during the semester, the student shall be ineligible for the remainder of the semester regardless of their grades. School activity absences will not count towards the 8 day limit. This applies to ALL dances, prom, and other events that grade eligibility applies to.

Documentation for absences may be turned into the attendance clerk, as a reference, should the student need to meet with the attendance appeals committee at the end of each semester. Documentation will be reviewed by the attendance committee and a determination will be made as to whether or not the absence will be excused. The decision of the committee shall be final.

- A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under Rule 3 with the first class of the new one week period (Monday through Sunday).
- "Passing grade" means work of such character that credit would be entered on the records were the semester to close at that time.

Enrollment Guidelines

All students who enroll in courses at Duncan High School must adhere to the following guidelines:

1. The Office Procedures class is limited to juniors and seniors. All students must enroll in seven (7) units. Students who are enrolled in concurrent classes must be enrolled in the equivalent of seven (7) units, combining their high school classes and concurrent classes.
2. Students who are in their first year of high school will be classified as freshmen. Second-year high school students will be classified as sophomores. Seniors will not receive a diploma from Duncan High School unless all graduation requirements have been met.

Extra-curricular Activities

Every student is encouraged to attend and/or participate in all extra-curricular contests and activities.

Grade Point Average

A student's cumulative Grade Point Average is determined by dividing the total number of quality points earned by the total number of courses taken. A student's current Grade Point Average is determined by dividing the number of quality points earned during the current grading period by the number of courses taken during the same grading period. Duncan High School's grading system is based on a 4.0 grading scale as follows:

A = 4 quality points
B = 3 quality points
C = 2 quality points
D = 1 quality point
F = 0 quality points

Students who take an accelerated class and earn a grade of "C" or higher shall receive an adjustment in their weighted grade point average. Duncan High School's weighted grading system will be based on a 5.0 grading scale as follows:

A = 5 quality points
B = 4 quality points
C = 3 quality points

The weighted formula above will be used for weighted class ranking. The weighted quality points will be earned by taking courses weighted by Duncan High School.

Grading System

Duncan High School
Course Grading Policy
Academic Year: 2026–2027

Philosophy and Purpose

The grading policy at Duncan High School is designed to measure student academic progress, mastery of the Oklahoma Academic Standards (OAS), and consistent engagement with course material. Our goal is to provide a balanced evaluation that rewards daily consistency, regular formative assessment, and cumulative comprehension.

Grading Structure

In alignment with district guidelines, final semester grades are calculated using a weighted system divided into two primary categories: **Semester Coursework** and the **Semester Cumulative Examination**.

Category	Weight	Description

Semester Coursework	**80%**	Includes all daily work, homework, in-class assignments, laboratory exercises, projects, and unit quizzes/tests administered throughout the semester.
Semester Exam	**20%**	A comprehensive, cumulative examination administered at the conclusion of the semester to assess overall retention and mastery of the Oklahoma Academic Standards.

Grade Scale

Semester percentages are converted to a standard letter grade based on the Oklahoma state grading scale:

- **A:** 90% – 100% (Excellent Mastery)
- **B:** 80% – 89% (Above Average Mastery)
- **C:** 70% – 79% (Average Mastery)
- **D:** 60% – 69% (Below Average/Passing)
- **F:** Below 60% (Failing / No Credit)

Policy Details & Expectations

1. Semester Coursework (80% of Final Grade)

Because this category comprises the vast majority of a student's grade, daily participation and timely completion of tasks are critical to academic success.

- **Daily Work & Homework:** Designed to provide practice and formative feedback.
- **Quizzes & Tests:** Administered regularly to assess progress before the final exam.

2. Semester Exam (20% of Final Grade)

The semester exam is a mandatory component of the course. It serves as a benchmark for student readiness for subsequent coursework and state-mandated testing (such as Oklahoma College and Career Readiness Assessments).

- **Absences:** Students with an excused absence on the day of the semester exam must schedule a makeup exam with the instructor or attendance office within the designated finals week window. Unexcused absences will result in a zero for the exam.

Progress Tracking

Parents and students are strongly encouraged to monitor academic standing weekly via the online grading portal *in Infinite Campus.*

A Note on Academic Integrity: Cheating, plagiarism, or the unauthorized use of artificial intelligence tools on any assignment, quiz, or exam will result in a grade of zero for that task and a referral to administration in accordance with the Student Handbook.

Class rank and GPA will be based on a 4.0 Grading Scale. Weighted rank and GPA will be provided upon request.

****Duncan High School Requires 25 credits to graduate.**

*Beginning with the Class of 2023, students will be required to complete an ICAP (Individualized

Career Academic Plan) and a Capstone experience (determined by each student's ICAP) to meet graduation requirements. ICAPs will be completed during advisory or with the student's counselor.

Students who are only one credit short of meeting graduation requirements by the end of their senior year may be allowed to participate in commencement exercises with approval. No student will receive a diploma or be considered a graduate of Duncan High School until all the requirements for graduation have been met.

At the discretion of the superintendent or the superintendent's designee, up to two (2.0) non-statutory elective credits may be waived for students who have experienced special or unusual circumstances as a high school student. The determination to waive credits will be made on a case-by-case basis. Factors that must be considered include, but are not limited to, whether the student's circumstances are atypical for a high school student or whether the circumstances are beyond the student's control. A student, or a parent/guardian or counselor on behalf of a student, may submit a written request using the district's form for Elective Credit Waiver to the superintendent or superintendent's designee, who may waive up to two (2.0) non-statutory elective credit requirements when it is in the best interest of the student.

Under no circumstances can a student have fewer than 23 credits, the State of Oklahoma's minimum requirement for graduation.

Proficiency Based Promotion Policy & Testing Schedule

A. Social Studies
B.. Languages
C. Language Arts
D. Mathematics

Students entering Duncan High School from a non-accredited high school or homeschool shall, upon providing written evidence of study in a particular core subject, have the opportunity to demonstrate proficiency in that specific subject. Proficiency will be demonstrated by a score of 60% or better on an assessment or demonstration. Students demonstrating proficiency in a core curriculum area will be given credit and a letter grade based on the percentile score earned on the assessment or demonstration. These students will be given the opportunity to advance to the next level of study in the appropriate curriculum area. Proficiency assessment will measure mastery of Oklahoma Academic Standards.

The opportunity for proficiency assessment will be offered during August and April. Students should register with their counselor at least two weeks in advance for the spring test. Summer testing requests will be received in the superintendent's office. A parent or guardian will need to sign the registration form.

Scheduling and Schedule Changes

Students complete Course Request Forms during the Pre-Enrollment period. Requests for courses must be approved by the school counselors. When final approval has been given, the students' requests are fed into a computer for scheduling and assignment. Students do not select their teachers.

Students who wish to change their schedule must fill out a Schedule Request Change Form and turn it in to the Counselor's Office prior to the 8th day of the semester. Beginning with the Class of 2023, schedule changes will be made ONLY if it satisfies the student's ICAP. Schedule changes will be completed in the following order of priority:

1. An incomplete schedule
2. Course already completed
3. Prerequisite not met
4. Missing a graduation requirement

Once these academic changes are made, elective changes will be considered on a space-available basis if they:

1. Meet college and career goals
2. Do not impact other class sizes
3. Do not compel teacher changes

Students will be called to the Counselor's Office when it is their turn to discuss their schedule change.

Schedule changes after the 8th day of the semester:

1. A formal request must be completed and submitted directly to the student's assigned guidance counselor. This request must be completed by the student (which includes an extensive written explanation of why the schedule change is desired). *Please note: schedule change requests made because of a desire to have the same class as friends, closer parking, personal dislike of a teacher, or so forth will not add to the effectiveness of a student's education, and therefore, will not be considered or approved by DHS Administration.
2. The counselor will review the request and determine if the reason(s) for the request are adequate to necessitate bringing the request before DHS administration.
3. If the request is determined to be necessary for the student's education or best for the operation of Duncan High School, the request will be approved and the change will be made by the counseling department.
4. If the request is not deemed as necessary for the student's education or would result in a negative effect on the education provided by Duncan High School to its students, the request will be denied and the decision will be final.

School Day

The school day is defined as any part of the day during which the students and/or faculty are expected to be at school, a school-sponsored practice or a school-sponsored activity. The day includes the lunch period if the student remains on the school campus.

School Records (FERPA)

FERPA (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. FERPA guidelines are explained in detail in the Duncan Board of Education Policies and Procedures Manual and

are available online at: http://www.ed.gov/offices/OM/fpco/.

All teachers have been requested to be on the alert for any student behavior which is in violation of school regulations. Students should behave in a manner that will be a credit to the school. Students will not be called out of classes to the telephone except for emergency calls only. Students who need to use the phone during class time may do so ONLY with a note from the teacher.

Textbooks

All students will be issued appropriate textbooks in the basic subjects. Students and their parents are

accountable for all issued textbooks and will be required to pay for lost or damaged books. Financial obligations: The principal may hold transcripts, withdrawal forms, or other records of the school relating to any student who fails to return a textbook, library book, or until all financial obligations are cleared.

Transcript Requests

It will be sent directly to the email provided or to the university indicated in the request. This is free of charge for current students and there is a small fee for former students.

Vehicle Regulations

Students who drive automobiles onto school property subject the automobiles to a search upon "reasonable suspicion." An alert by a drug interdiction canine is an example of many circumstances that may substantiate reasonable suspicion.

All students who commute to school by car or motorcycle are required to park in the designated student parking lots, as mandated by the school board regulations. To ensure compliance, students must obtain a parking permit from the school office. This process involves completing an information card, paying a $8.00 annual parking fee, and displaying a parking decal.

1. Obtain an Information Card: Students must fill out the necessary details on the information card provided by the office.
2. Pay the Parking Fee: A fee of $8.00 is required for the annual parking permit.
3. Display the Parking Decal: Once obtained, the parking decal should be placed on the rearview mirror of the vehicle the student will drive to school.

Students are expected to leave their vehicles parked in the designated areas throughout the school day. Vehicles may only be used during lunch or after school hours. However, students may receive special permission from the office to use their vehicle during the school day for emergencies, internships, concurrent classes, or RRTC classes.

By adhering to these guidelines, students contribute to a safe and orderly environment on campus.

Withdrawal from School

Mrs. Milburn, the registrar, is responsible for overseeing this process to ensure compliance with school policies and legal requirements.

Concurrent Enrollment Handbook and Contract

The concurrent enrollment program at DHS is designed to allow students to attain college credit while simultaneously earning high school credit through accredited Oklahoma universities and colleges.

Current Handbook Policy:

Duncan High School Juniors and Seniors who meet the requirements set forth by the Rules of the Oklahoma State Board of Education and Oklahoma State Regents for Higher Education are eligible for concurrent enrollment in a college or university in the Oklahoma State System of Higher Education. Tuition waivers are available for all seniors for up to 18 college credits and to Juniors for up to 9 college credits. Students are responsible for all other costs which may include fees, books, and any other associated costs. However, any student who chooses to take concurrent courses on the DHS campus, through Cameron University, all costs will be covered by Duncan Public Schools. Any student interested in Concurrent Enrollment should contact our concurrent coordinator, Mrs. Jennifer Kinnaird at 255-0700 or jennifer.kinnaird@duncanps.org. In order to enroll concurrently in college coursework, students must meet the following requirements:

ACT composite score of 19 or higher (S.A.T. 1020/940) **OR** 3.0 GPA AND rank in the top 50% of their

graduating class.

High school students may enroll in a combined number of high school and college courses per semester not to exceed a full-time college workload of 19 semester-credit-hours. According to the Oklahoma State Regents for Higher Education, **for the purposes of calculating workload**, one-half high school credit shall be equivalent to three semester-credit-hours of college work. Students wishing to exceed the allowed number of hours must receive permission from the principal at Duncan High School and from the university in which the student plans to concurrently enroll.

Students must be able to complete all high school graduation requirements by the end of the Spring semester of their Senior year, including all courses required for college entrance.

Students may only enroll in curricular areas (English, math, and science) as long as they achieve a minimum ACT score of 19 on the corresponding subtest. In addition, an ACT score of 19 must be achieved on the reading subtest to enroll in any other subject (history, psychology, humanities, speech, etc.)

Concurrently enrolled students will receive 1 high school credit for each 3 semester hour college course passed.

NOTE: Some Oklahoma colleges and universities have amended their requirements for concurrent enrollment. These can change at any time. For more information please contact your counselor, concurrent coordinator, or the college/university you plan to attend. DHS will recognize the most current requirements from any accredited Oklahoma institution of higher learning.

Duncan High School Specific Requirements:

In addition to the Oklahoma State Regents for Higher Education requirements, Duncan High School students must meet and maintain the following campus requirements in order to obtain and continue enrollment in concurrent courses:

- Students must attend the concurrent meeting with a parent/guardian and meet with their counselor and/or concurrent coordinator **before** enrolling in concurrent courses.
- Senior students **MUST** have a completed FAFSA. Enrollment in a selected course must be forwarded to the school counselor immediately following enrollment.
- Courses that do not fall within the student's graduation plan will not be approved by Duncan High School unless the student has already completed all graduation requirements.
- Students must meet with the concurrent coordinator, **once per week** and allow her to view the student's current grade in the course. The meeting schedule will be set by the coordinator. Students who are failing or are in danger of not receiving credit for a concurrent course **WILL be advised** to drop the course at the recommendation of the counselor/concurrent coordinator. Students who drop will be placed in an on campus course consistent with their graduation requirements and plan. ***Dropping a course will result in the student reimbursing any fees paid***

by the school. Failure to notify the concurrent coordinator of a dropped class may result in disciplinary action including but not limited to consequences for truancy under the Oklahoma school attendance law and the loss of credit which could affect graduation requirements.

- Students must provide their college transcript to their counselor/and or the concurrent coordinator immediately upon completion of the concurrent course in order to receive credit for the course.
- Students will continue to check their Duncan High School email account daily and respond to any request from their counselor and principals.
- Students must understand that high school graduation requirements will receive priority over concurrent enrollment requests. It is our job to ensure that students will graduate from high school. Students may be pulled from their concurrent courses and placed at the high school to finish any missing graduation requirements.
- Students who fail a college course will reimburse Duncan High School for any fees and tuition paid on the student's behalf.
- Grades from the concurrent enrollment issuing college/university WILL post to the high school transcript. The high school has no authority to override or to not post the grade earned by the student.
- **Duncan High School cannot intervene on the student's behalf with any college or university issue. That responsibility lies with the student and parent. Upon enrolling in concurrent courses the student becomes a college/university student. As such, the student bears responsibility for being their own advocate with the college/university.**

8 Week / Modified Schedule Courses:

Students taking an 8 week or modified schedule course are subject to the expectations outlined above. Additionally students taking these courses will comply with the following expectations:

- Students enrolling in 8 week courses will be required to enroll in two 8 week courses during the same semester.
- Courses required for graduation must be completed by the first 8 week period offering. Students failing these courses during the first 3 weeks will drop and will be placed in the corresponding course at Duncan High School.
- The decision to drop a course will be made by the counselor and/or student no later than 3 weeks into the modified schedule course depending on select university policy.

Failure to comply with the policies above will result in the student not being allowed to participate in the concurrent program for the remainder of their Duncan High School enrollment.

What is Virtual Learning

Virtual learning is an alternative to traditional in-person instruction. Students enrolled in virtual learning complete coursework from home, aligned with the Oklahoma Academic Standards (OAS) and approved by the Oklahoma State Department of Education.

Success in virtual learning requires a high level of personal responsibility and self-motivation, as the program is designed for independent learners who need minimal daily guidance.

Students are expected to log in and complete assignments daily, working toward completion of their courses by the designated target dates. All virtual coursework is delivered through Edgenuity, the online learning platform used by Duncan Public Schools. Duncan virtual students have access to core subject teachers during morning hours for academic support.

The course may then need to be repeated virtually or taken in person. Seniors should remain aware of earlier deadlines for the virtual program.

Virtual FAQs

What do I do if I need a test or quiz unlocked? A review of prior work may occur before unlocking tests or quizzes. Unlocks will occur on the next school day.

How much work should I complete each day? Follow the daily assignments listed in the Course Map in Edgenuity.

What happens if I fall behind? Students must complete additional work to catch up. The only way to return to on-pace status is to complete more than the daily minimum.

How long should I work each day? The required time varies depending on the student and the assignments. Students who minimize idle time and remain focused may finish in a few hours.

What should I include when contacting the Virtual Director? Include the course name, semester (A or B), the date of assignment, quiz or test and specific topic or section. This allows for a more efficient response.

Virtual Glossary

Duncan Public Schools Alternative Education Academy Handbook

Alternative Education Academy is designed to help students achieve their graduation goals in an alternative setting to that of the traditional classroom. This setting allows students to work toward course completion at a pacing that is tailored to their educational needs. Additionally, students receive life-skills training and participate in activities designed to help them form healthy relationships with peers, family, and professionals in the community.

Enrollment is limited to students who have been recommended by administrators or counselors who believe a student will be successful in this environment. Students and Guardians may request consideration for alternative education by making an appointment with their grade-level counselors to discuss admission to the program.

Enrollment is only possible for students enrolled in Duncan Public Schools.

Schedule

Start time is 7:45 am and end time is 3:11 pm.

The first half of the school day will focus on the core curriculum. The second half of the school day, alternative education students are required to participate in one of the following curriculum paths: work release, RRTC, concurrent enrollment, or remain on campus to work in Edgenuity. Pending administrative approval, students may enroll in courses/programs on campus to meet their educational needs.

Attendance/Absences

Attendance should be a top priority. Your enrollment may be terminated if you do not comply with the attendance policy.

A phone call from a parent/guardian is required for each absence. If a student reaches 6 absences in a semester (18 weeks), the student and parents/guardians may be required to meet with the Alternative Education Academy Advisory Committee to discuss the student's continued placement in the alternative program. Committee members include: *Alternative Education Director, *Site Principal, *Grade-Level Counselor, *Alternative Education Lead Teacher, and *Special Services representative (if applicable).

If a student misses school because of illness, a parent/guardian must call the main office at 580-255-0700. A doctor's note may be required. This policy applies to absences taken for family/child illnesses as well.

Students should not miss school for work commitments. School schedules are set by our district calendar and by our scheduled periods. All time committed to work should be arranged around required school attendance.

Academic Progress

Progress is individualized for each student at the Alternative Education Academy; therefore, your progress contract may be different from other students. Your progress contract is based on your current number of credits and your grade-level classification. If students do not meet their progress goals, parents/guardians and the student will be called in to discuss a new plan. If progress goals continue to be ignored, students will be dismissed from the program.

Transportation

Students who wish to attend the Academy and require transportation to the school must call the Transportation Office. The telephone number for transportation is (580) 252- 3496. Riding a bus is a privilege. Disciplinary problems while riding the bus can lead to a student's temporary or permanent removal from the bus.

Cafeteria/Food & Drinks

All alternative students will be given time to pick up breakfast and lunch from the cafeteria. We walk to the cafeteria as a group, collect our trays, and walk back to the West Building.

Students may bring sealed drinks and snacks to have during breaks. No food deliveries will be allowed. Students are not allowed to bring in drinks in cups/glasses that are not sealed.

Dress Code

The Duncan High School dress code will be followed. Students are to be dressed appropriately for the school day. Students who are cold natured should bring a jacket to regulate their comfort, as blankets are not allowed on campus.

Graduation

All seniors who complete the required credits are eligible to participate in Duncan High School's graduation ceremony and senior activities, provided they are in good standing. It is the student's responsibility to be aware of and available for senior events in which they would like to participate. Information regarding graduation and senior events will be shared by counselors and senior sponsors, so make sure to check all outlets Duncan High School uses to share information (email, ThrillShare, Facebook, and the DPS website).

Medication

Students who need medication during school hours MUST submit medications to the nurse and follow all district policies regarding medication. No staff member is allowed to provide medication to students. Students are also not allowed to have medication on their person; all medication (prescription or otherwise) will be distributed through the nurse's office.

Behavior

All students must comply with the following behavior guidelines. If students do not comply with these guidelines, their enrollment in the alternative education program may be terminated.

Students are to be engaged in coursework while in the classroom. They are not to talk excessively, be in and out of the classrooms repeatedly, or create disturbances in the classroom.

Disrespectful behavior is not allowed. A primary goal of the staff is to treat students fairly and with respect; as a result, we expect the same from our students. Disrespect includes, but is not limited to: sleeping in class, refusing to work, using profanity, taunting students, and arguing with faculty or students.

Students are expected to follow all behavior expectations of Duncan High School and Duncan Public Schools. Students who do not follow the expected behavior guidelines will be subject to consequences as outlined in the Duncan High School Discipline Matrix.

Electronic Devices

**See DHS handbook for full policy.

Parking

Students who drive to school are required to purchase a parking decal from the main office and park in the appropriate spaces each day.

Visitors

Visitors are not permitted on campus. If there is a need for a visitor to be on campus, prior approval from administration is required and the visitor must check in through the Main Office.

Campus Security

The Alternative Education Academy is a closed campus, meaning once students check in for the day, they must remain in the West building until the conclusion of the day. Students will not be permitted to leave campus for any reason without being checked out by a parent/guardian. Call 580-255-0700 to speak to the staff if you need to pick up your student.

District Expectations

The Duncan Public Schools district rules and policies apply to the Alternative Education Academy just as they apply to all schools in the district.

Gifted and Talented Forms

INTRODUCTION

The Duncan Public Schools shall provide appropriate educational services in order to develop the potential gifts within each child. "Gifted and talented children" are those who have evidenced high performance capability in cognitive ability such as intellectual or academic achievement; or in creativity and talent areas. Students will be provided equity of educational opportunities that develop cognitive and creative talents. The Gifted and Talented Plan will provide multiple options and multiple opportunities for students to develop their gifts and talents.

I.Definition

"Gifted and talented children" means those children identified at the preschool, elementary, and secondary level as having demonstrated potential abilities of high performance capability and needing differentiated or accelerated education or services. For the purposes of this definition, category one students are those who have scored at the ninety seventh percentile (97th percentile) or above on any nationally standardized test of intellectual ability.

A. *Said definition may also include category two students who have advanced intellectual and academic abilities and who meet the multi-criteria requirements set forth in the Duncan Public Schools Identification/Selection Matrix.*

B. *Said definition may also include category two students who excel in one or more of the following talent areas and who meet the criteria on the Talent Identification/Selection Matrix. Talent areas include:*

1. *Creative thinking ability*
2. *Leadership*
3. *Visual and performing arts*
4. *Specific academic ability*

"Children and youth with outstanding talent perform, or show the potential for performing, at remarkably high levels of accomplishment when compared with others of their age, experience, or achievement. These children and youth exhibit high performance capability in intellectual, creative, or artistic areas, possess an unusual leadership capacity, or excel in specific academic fields. They require services or activities not ordinarily provided by the schools. Outstanding talents are present in children and youth from all cultural groups, across all economic strata, and in all areas of human endeavor." (U.S. Department of Education, 1993)

II. Mission Statement

Duncan Public Schools believes that there are gifted students whose intellectual capacity, rate of learning, and potential for creative contributions demand experiences different from, but connected to the regular curriculum. These students exhibit high performance, or the potential to achieve in intellectual, creative, or artistic areas; possess strong leadership capacity; or excel in specific academic fields. It is essential to provide diverse, appropriate, and ongoing learning experiences and environments that incorporate the academic, psychological, and social needs of students. It is our responsibility to provide students with educational opportunities that teach, challenge, and expand their knowledge, while simultaneously developing independent, self-directed learners who continuously generate questions, analyze, synthesize, and evaluate information and ideas.

III. Philosophy

Duncan Public Schools is committed to identifying and providing for the unique intellectual, social, emotional, and career needs of Gifted and Talented (GT) students. It is our goal to provide appropriate educational programs and services through instructional, curricular, and administrative modifications to create educational opportunities for Gifted and Talented students, which will maximize their individual potential. We believe that Gifted and Talented students exist in all racial, ethnic, and socio-economic groups across gender, and we are committed to identifying them and providing appropriate services.

Identification for Gifted Programming

Identification of gifted students is an ongoing process extending from entry to school through grade twelve. Students may be nominated and considered for placement in gifted programming options throughout their school experience. Procedures used in the identification of gifted students will be nondiscriminatory with respect to gender, race, ethnicity, economic background, national origin or handicapping condition. Identification procedures will be communicated to staff and parents in a variety of ways.

The Gifted and Talented district website will include but is not limited to the following information:

- District Gifted and Talented Plan,
- identification criteria and procedures,
- nomination forms.

IV. Identification Procedures

A. Steps in the Identification Process

1. A nationally standardized school ability test shall be administered periodically to all students.

2. The Duncan Public Schools will utilize a variety of assessments appropriate to the child's skills and abilities and will make those available for students who have been nominated for the Gifted and Talented Program.

3. Parents will be contacted for written permission to assess students who have been nominated for placement in the Gifted and Talented Program when the exam is not part of the entire grade level assessment that is routinely administered. When students do not qualify based on the test results, parents may request an additional assessment by contacting the Gifted and Talented Coordinator.

4. Automatic Placement - Category 1: Students scoring at or above the 97th percentile on the composite score of a nationally standardized school ability test shall be identified in the Duncan Public Schools Gifted and Talented Program.

5. Assessed Placement - Category 2: Nominations may be made by parents, teachers, students (self or peers), community members, and other professionals at any time during a student's school experience.

6. The gifted and talented site committee will use the Duncan Public Schools Identification/Selection Matrix. D. Due Process Procedures

1. Parents and/or teachers may request the administration of a standardized written or oral ability test for a student without recent ability test scores, or for a student for whom a written ability test may be an inadequate measure of the child's ability. Gifted and Talented Forms

INTRODUCTION

The Duncan Public Schools shall provide appropriate educational services in order to develop the potential gifts within each child. "Gifted and talented children" are those who have evidenced high performance capability in cognitive ability such as intellectual or academic achievement; or in creativity and talent areas. Students will be provided equity of educational opportunities that develop cognitive and creative talents. The Gifted and Talented Plan will provide multiple options and multiple opportunities for students to develop their gifts and talents.

I.Definition

"Gifted and talented children" means those children identified at the preschool, elementary, and secondary level as having demonstrated potential abilities of high performance capability and needing differentiated or accelerated education or services. For the purposes of this definition, category one students are those who have scored at the ninety seventh percentile (97th percentile) or above on any nationally standardized test of intellectual ability.

A. *Said definition may also include category two students who have advanced intellectual and academic abilities and who meet the multi-criteria requirements set forth in the Duncan Public Schools Identification/Selection Matrix.*

B. *Said definition may also include category two students who excel in one or more of the following talent areas and who meet the criteria on the Talent Identification/Selection Matrix. Talent areas include:*

1. *Creative thinking ability*
2. *Leadership*
3. *Visual and performing arts*
4. *Specific academic ability*

"Children and youth with outstanding talent perform, or show the potential for performing, at remarkably high levels of accomplishment when compared with others of their age, experience, or achievement. These children and youth exhibit high performance capability in intellectual, creative, or artistic areas, possess an unusual leadership capacity, or excel in specific academic fields. They require services or activities not ordinarily provided by the schools. Outstanding talents are present in children and youth from all cultural groups, across all economic strata, and in all areas of human endeavor." (U.S. Department of Education, 1993)

II. Mission Statement

Duncan Public Schools believes that there are gifted students whose intellectual capacity, rate of learning, and potential for creative contributions demand experiences different from, but connected to the regular curriculum. These students exhibit high performance, or the potential to achieve in intellectual, creative, or artistic areas; possess strong leadership capacity; or excel in specific academic fields. It is essential to provide diverse, appropriate, and ongoing learning experiences and environments that incorporate the academic, psychological, and social needs of students. It is our responsibility to provide students with educational opportunities that teach, challenge, and expand their knowledge, while simultaneously developing independent, self-directed learners who continuously generate questions, analyze, synthesize, and evaluate information and ideas.

III. Philosophy

Duncan Public Schools is committed to identifying and providing for the unique intellectual, social, emotional, and career needs of Gifted and Talented (GT) students. It is our goal to provide appropriate educational programs and services through instructional, curricular, and administrative modifications to create educational opportunities for Gifted and Talented students, which will maximize their individual potential. We believe that Gifted and Talented students exist in all racial, ethnic, and socio-economic groups across gender, and we are committed to identifying them and providing appropriate services.

Identification for Gifted Programming

Identification of gifted students is an ongoing process extending from entry to school through grade twelve. Students may be nominated and considered for placement in gifted programming options throughout their school experience. Procedures used in the identification of gifted students will be nondiscriminatory with respect to gender, race, ethnicity, economic background, national origin or handicapping condition. Identification procedures will be communicated to staff and parents in a variety of ways.

The Gifted and Talented district website will include but is not limited to the following information:

- identification criteria and procedures,
- nomination forms.

IV. Identification Procedures

7. Students moving into the Duncan Public Schools district from another district or school shall be identified as Category 1, gifted and talented using a previous composite test score of 97th percentile or better on a nationally standardized school ability test with supporting evidence. Vendor shall require all staff to comply with the data security and confidentiality provisions set forth herein. Only those employees that are directly involved in performing tasks outlined herein and who have a legitimate interest in providing services according to the terms of this Agreement shall be entitled to access student data. Vendor shall take steps to maintain confidentiality of student information from education records. OSDE reserves the right to claim privilege for any student data information that may be procured as part of the discovery process.

OSDE retains all ownership rights to the data transferred pursuant to this Agreement, and Vendor shall not obtain any right, title, or interest in any of the data furnished by OSDE.

Data transferred pursuant to this Agreement may only be used to carry out the responsibilities throughout the duration of the projects, task and assignments specified herein. Any unauthorized use of the data files beyond the terms specified in the Agreement is not permitted. In the event a breach occurs, Vendor will take reasonable steps and implement corrective procedures to ensure that further breaches do not occur.

OSDE shall be notified immediately if Vendor receives a request for the student data containing PII provided by the SDE. If Vendor becomes legally compelled to disclose any confidential PII (whether by judicial or administrative order, applicable law, rule or regulation, or otherwise) then Vendor shall use all reasonable efforts to provide OSDE with prior notice before disclosure so that OSDE may seek a protective order or other appropriate remedy to prevent the disclosure. If a protective order or other remedy is not obtained prior to when any legally compelled disclosure is required, Vendor shall only disclose that portion of the confidential PII that it is legally required to disclose.

Vendor may determine that it is necessary to employ a contractor or subcontractor to fulfill contractual obligations under the Agreement. Vendor shall ensure, by written agreement, that any contractor or subcontractor employed by Vendor remains in compliance with FERPA, (20 USC § 1232g; 34 CFR Part 99), and the Oklahoma Student Data Accessibility, Transparency, and Accountability Act of 2013 (Title 70 O.S. § 3-168). Vendor shall enter into a Data Sharing Agreement with any contractor or subcontractor employed by Vendor. A copy of said Data Sharing Agreement shall be forwarded to OSDE prior to the release of any student data or personally identifiable information.

Upon completion of the services detailed in this Agreement or upon termination of this Agreement, Vendor shall immediately destroy all PII that was disclosed by the OSDE and provided to Vendor for the purposes detailed in this Agreement. Within ten (10) days of destruction, Vendor shall provide written notification to the OSDE of the date and method of destruction of these records.

Oklahoma EIR District Assurances and Payment Schedule

To receive payments related to serving as a site host, the District agrees to the following:

Ensuring Each Site Is Functional for Tutoring

1. The District will assign dedicated program managers to oversee daily school operations.
2. The District will submit quarterly deliverables to OSDE project staff.
3. The District will align and coordinate instruction with tier 1 curriculum and tiered support structures.
4. The District will provide student performance data at Beginning, Middle, and End of Year intervals.
5. The District will work with providers to ensure 24 weeks of tutoring is delivered at the site per academic year.
6. The District will administer tutoring in accordance with program guidelines.
7. The District will ensure participating students meet high-need eligibility requirements.
8. The District will submit data and evaluations promptly according to the deliverable schedule.
9. The District will ensure all submitted data and evaluations are accurate and delivered within set deadlines.

Commitments Required by the Evaluation

In each year of the study, Districts will:

1. Enter a data sharing agreement with Mathematica that includes the data elements described in items 2 through 9 below, to support study implementation and to inform the evaluation of the implementation and impact of the tutoring.
2. **Beginning-of-year screener.**

APPROVED
By Niku Bayatfar at 10:22 am, Jul 31, 2026

a. To ensure a sufficient number of weeks of tutoring, complete the beginning of year literacy screener assessment by the third full week of school, e.g. by September 11, 2026 for a district that begins school on August 20, 2026; begin the end of year literacy screener no earlier than four weeks prior to the end of the school year, e.g. May 3, 2027 for a district whose last day is May 28, 2027.
b. Share student-level beginning-of-year screener data with tutoring providers and the evaluation partner, Mathematica, within one week of the end of screener testing to allow prompt identification of students to receive tutoring. Include the State Testing Number for each student so that the evaluation partner can later request state test records from OSDE for these students.

3. **End-of-year screener, state test and demographic data.** Share student-level end-of-year screener assessment data and demographic data with the evaluation partner, Mathematica, within three weeks of the end of the screening window.
4. **State assessment data.** Provide student-level state English Language Arts assessment data for students who took the state assessment, within three weeks after the district receives the data.
5. **Cost data.** To inform estimates of the full cost of the tutoring, provide data on district costs of supporting the tutoring, including cost of personnel involved in implementing or supporting tutoring; student and staff devices that enable tutoring; curricular materials provided by the district to tutors; and human resources staff or other administrative costs associated with supporting the tutoring programs.
6. **District staff interviews.** Up to two district staff members participate in a one-hour interview once per year during the study. These interviews provide valuable information on how tutoring was implemented, including support provided to enable implementation and challenges encountered by the district.
7. **School leader interviews.** One school leader at each school participates in a one-hour interview or focus group once per year during the study. These interviews provide valuable information on school leaders' impressions about how tutoring implementation worked and the supports the school provided.

During SY 2027-28 and SY 2028-29 randomized control trials:

8. **Longitudinal state assessment and screener data.** Provide state English Language Arts assessment scores and literacy screener scores for students in the study sample, for the second spring after tutoring occurred, e.g. the spring 2029 test score for a student who was in the study sample in SY 2027-28. Provide literacy screener scores for students in the study sample, for the spring before tutoring occurred, e.g. the spring 2026 screener score for a student who was in the study sample in SY 2027-28.
9. **Teacher survey data.** Encourage teachers to complete a voluntary survey to report the individualized instruction that tutored and non-tutored students are receiving, once per year. This survey helps place tutoring in the context of the range of individualized supports, such as pull-out or push-in services, that students might receive.

   Provide student names as part of the student beginning-of-year screener dataset in fall 2027 and fall 2028 to support administration of the teacher survey. We are requesting

APPROVED
By Niku Bayatfar at 10:22 am, Jul 31, 2026

student name to help administer this teacher survey because it asks teachers about the individualized supports received by each study sample member in their class. We will not analyze the student data or survey responses in any way that could identify individual students; we will store names separately from all other student data as a security measure; and we will destroy all student name data at the end of the study.

10. Allocate tutoring on the basis of random assignment, where eligible students within the same class are randomly assigned to receive a higher-dosage version of the tutoring program, a slightly lower-dosage version, or not to receive tutoring and only receive the school's regular instruction. Specifically, schools receiving Air Reading virtual tutoring will have students randomly assigned to receive tutoring 4 days per week, receive tutoring 3 days per week, or to receive the school's typical/legacy intervention support. Schools receiving ECRI in-person tutoring will have students randomly assigned to receive tutoring in 2-student groups, receive tutoring in 4-student groups, or to receive the school's typical/legacy intervention support.

For Participation with Air Reading

1. The District is accountable for reinforcing student attendance throughout the duration of the program, maintaining a minimum 85% student attendance average.
    a. If attendance data shows a school falling below an average attendance of 85%, the District will convene a special review session with the school within 10 business days and submit a corrective action plan within 10 business days thereafter to improve school attendance.
2. The District is accountable to maintain the technology platform and services to successfully support students.
    a. The District is required to ensure students can access the platform, meeting hardware, software and bandwidth requirements stated by the Provider.
    b. The District is required to facilitate students' access to the technology platform and services, as prescribed by the minimum dosage requirements of the Provider, including a "start by" date and a total duration (e.g. number of weeks) of the program.
    c. If tracking data shows consistent implementation challenges across multiple schools, both parties will convene a special implementation review session within 15 days.
3. The District is accountable to staff sufficient paraprofessionals, teachers, or other personnel to successfully supervise students during tutoring.
4. The District is required to maintain adequate physical space to ensure students have access to a quiet learning environment for tutoring.
5. The District and the Provider will also convene every four weeks in evidence-based continuous improvement meetings, to discuss any challenges to student participation or implementation.
6. The District is accountable for maintaining these requirements for up to three years of the study.

To receive payments related to tutor wages to administer the ECRI model, the District agrees to the following:

For Participation with the Enhanced Core Reading Instruction (ECRI)

1. The District will hire and maintain the number of paraprofessionals needed to facilitate daily, 30-minute, ECRI tutoring groups consistent with the specifications of the study (1:2 and 1:4; up to 7 tutoring sessions per day per paraprofessional).
2. The District will identify a district lead with expertise in literacy instruction to be the primary local/district point of contact for the tutoring model.
3. The District will identify a school lead to be the school point of contact for the tutoring model.
4. The District will modify master schedules as needed to allow for delivery of tutoring instruction in addition to regular Tier 1 (core) instruction.
5. The District will provide relevant core reading program materials for tutoring groups (i.e., decodable text for every student in the group and sound-spelling cards for each group) and ECRI coaches, if needed.
6. The District will administer district screening and progress monitoring assessments consistent with district policy and provide scores to ECRI coaches to support school and district data-based decision making related to ECRI implementation.
7. The District will receive and manage ECRI materials (e.g., lesson books, kits, charts, overview guides) for use in tutoring groups.
8. The District will provide suitable space for small group tutoring session delivery.
9. The District will provide space for ECRI coaches to provide initial training to paraprofessionals and coaching visit debrief meetings.

APPROVED
By Niku Bayatfar at 10:24 am, Jul 31, 2026

10. The District will support student attendance at tutor sessions (e.g., by ensuring students leave class for tutoring sessions on time).
11. The District will allow ECRI coaches to deliver training, observe tutoring groups, model lessons, and provide feedback to paraprofessionals to support the quality of ECRI tutoring.
12. The District will support the school lead and district lead to meet regularly with ECRI coaches during in-person coaching visits and via virtual meetings in between visits.
13. The District will support the district lead and/or school lead to facilitate weekly tutor meetings with paraprofessionals.
14. The District will support paraprofessionals to work with the ECRI coach, district lead, and school lead during coaching visits, virtual coaching sessions, and weekly tutor meetings.
15. The District will support paraprofessionals to collaborate with classroom teachers where appropriate to support aligned instruction and student reading skill development.
16. The District will submit summary logs to ECRI documenting the time spent by the District Lead, School Lead, and paraprofessionals delivering ECRI tutoring. (ECRI will approve these summary logs and provide the reports to OSDE in order to generate payments to districts.)
17. The District will provide feedback to the ECRI provider via surveys or other methods to support improved implementation of the model

AGREEMENT

THIS AGREEMENT is entered into on the 10th day of November, 2026, by and between **INDEPENDENT SCHOOL DISTRICT NO. 1 OF STEPHENS COUNTY, OKLAHOMA,** commonly known as Duncan Public Schools (the, "District") and **BYTE AND ASSOCIATES LLC** (the "Provider").

RECITALS:

WHEREAS, the District desires to make District's school sites available to qualified mental health providers providing mental health counseling services to District students and employees (the "Services"); and

WHEREAS, Provider desires to provide such Services at District's school sites under the terms and conditions of this Agreement.

NOW, THEREFORE, the parties agree as follows:

1. In consideration for the Services, the District shall provide to Provider $1,000.00 per month. Provider shall issue an invoice to the District for such costs no later than the 5th day of each month for the Services provided in the previous month. The term of this agreement shall commence on the Effective Date and continue through June 30, 2027. Thereafter, upon mutual written agreement, the Parties may extend this agreement for additional one-year terms parallel to the District's fiscal year.

2. Provider may have access to certain District school sites for the purpose of providing Services to District students and employees. The Providers delivering Services will possess licensure or certification from the State of Oklahoma as mental health providers.

3. The District will work with the Provider to arrange a schedule for the delivery of the Services that meets the needs of students and employees and does not interfere unreasonably with the student's or employee's other activities. In regard to Students receiving Services, the following guidelines shall apply:

   a. Services cannot significantly interfere with instructional time required by the student to be academically successful. Services must be delivered on a schedule that maintains the integrity of the student's instructional program. Services must allow the student's time in instruction to meet state accreditation requirements.

   b. Services cannot deprive a student from experiencing needed social time/experiences.

4. The Provider will provide Services to District's students only with the consent of a student's parents. Prior to the first delivery of Services, Provider must submit Documentation of

parental/guardian consent for Services. A parental consent form is attached to this Agreement as Exhibit "A".

5. Provider's Services rendered to Students shall be performed to the reasonable satisfaction of the District and shall address specific therapeutic needs, plan and provide appropriate therapies and activities, and assess, modify and improve the Services provided to each student as dictated by the student's individual needs and consistent with the terms of this Agreement;

6. If Provider's employee fails to perform Services in accordance with directions provided or to the District's satisfaction, Provider's administrative representative will be contacted and so informed. In the event that said issues are not resolved to the District's satisfaction, Provider will, upon written request by the District, remove that employee immediately from the school.

7. All wages, taxes, benefits and other employment-related expenses and duties associated with the Provider's employees are the sole responsibility of Provider.

8. The Provider's employees will provide Services at assigned school sites only during school hours, upon appointment, when the particular school is in session according to the District's 2026-2027 school calendar. Provider may not take students off of school property to provide Services pursuant to this Agreement.

9. Provider will maintain all records, logs and documentation, including progress notes, prepared by the Provider's employees concerning students and Services provided in compliance with the Family Educational Rights and Privacy Act.

10. Under no circumstances shall Provider invoice, or attempt to collect a co-pay or other fee from: a student, employee, parent, the District, any student or employee's private insurance, or any parent's private insurance, for Services provided pursuant to this Agreement.

11. Provider agrees to and shall defend, indemnify and hold the District, its officers, administrators, board members, employees, agents, assigns and attorneys harmless from and against any and all liability, loss or expense, including reasonable attorneys' fees, or claims for injury or damages that are caused by or result from the negligent or intentional acts or omissions of Provider, its officers, agents, employees, or contractors.

12. Provider agrees that, prior to performing any Services under this Agreement, Provider will obtain or cause its employees to obtain a Commercial General Liability ("CGL") insurance policy and a Professional Liability insurance policy ("PL"), each insuring Provider and/or its employees in an amount not less than $250,000.00 for personal injury to or death of any individual, and $2,000,000.00 in the aggregate for personal injury or death. Provider agrees to name District as an additional insured and must maintain the required insurance policies at all times while this Agreement is in effect. Provider agrees that it will furnish the District with verification of the insurance policies required by this Agreement. If any of the required insurance policies are cancelled during this school year, Provider must immediately notify the District and

cease providing Services. In no event shall any counselor assigned by the Provider to provide Services unless they are covered by CGL and PL insurance policies as described in this paragraph.

13. Further, Provider affirms that its employees and anyone who will be on District property and acting on behalf of Provider in performance of this Agreement are covered by Workers' Compensation Insurance and shall in no event be entitled to any such coverage from the District.

14. The Provider's employees will operate in accordance with applicable federal and state laws and regulations and District policies, rules, regulations and applicable guidance.

15. The District and Provider agree that student safety is a top priority. Provider agrees that it will not hire any individual to perform Services on District property, whether as an officer, agent, employee, or contractor, who has been convicted of a felony within the past 10 years; or at any time has been convicted of, or pled guilty or no contest to, a charge involving illegal chemical substances or a sexual offense. Provider hereby certifies that none of its employees working on District property are currently registered or required to be registered under the provisions of the Oklahoma Sex Offenders Registration Act or the Mary Rippy Violent Offender Registration Act. Provider shall submit written proof to the District that all of Provider's employees providing Services on District property have passed background checks including a nationwide criminal check, multi-state sex offender check, OSBI criminal record check and a current drug screening prior to their entering upon District Property. All Providers' employees must have in their possession, at all times, a current photo ID which identifies them as an employee of the Provider. If, at any time, a Provider's employee demonstrates actions which are inappropriate or creates a disruption within the school, the site principal may require that the person leave District property and not return without specific permission of the superintendent of schools.

15. Provider understands its employees are bound by the requirements of Oklahoma law that make them a mandatory reporter of child abuse, child neglect, and sexual abuse, sexual assault, and sexual misconduct. Prior to placement by Service Provider at a District school site, Service Provider employees must undergo training on their duty to report to law enforcement **and** the Oklahoma Department of Human Services if they have reason to believe that a child is a victim of abuse or neglect and to report to law enforcement where they receive allegations of sexual abuse, sexual assault, or sexual misconduct. District may at any time request that Service Provider furnish proof of such training and employee acknowledgement of the same

16. Both the Provider and the District may terminate this Agreement for any reason upon thirty (30) days' written notice. Termination of this Agreement by the District may be effectuated by the Superintendent of the District or the Superintendent's designee.

17. No failure or delay in the exercise of any right, remedy, power or privilege hereunder shall operate as a waiver thereof; and no single or partial exercise of any right, remedy, power or privilege hereunder shall preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law or in equity.

18. THIS AGREEMENT IS NOT ASSIGNABLE, AND THE OBLIGATIONS OF THIS AGREEMENT MAY NOT BE SUBCONTRACTED OR OTHERWISE DELEGATED TO OTHERS.

IN WITNESS WHEREOF, the District and Provider have executed this Agreement on the day and year first above written.
