E. Commendations

E.1.\*Westwood Jubilation Competition

Congratulations Bellevue West's West Connection performers for a great showing at the Westwood Jubilation competition in March! They finished as the 3rd runner up overall and 2nd place in class AA. They also won the Best Opener caption award, Best Sportsmanship award (3 of the last 4 years) and Allison Garcia won the soloist competition - this gave her the opportunity to open up the finals with her solo performance.

E.2.\*NSAA State Speech Championships

Congratulations to the Bellevue West Speech Team on a great showing at the NSAA State Speech Championships in March! The T-Birds placed 5th as a team with the following finalists:

Isaiah	Perry,	5th	in	Extemporaneous
Catherine	Augustyn,	6th	in	Program Oral Interpretation (POI)
Kalyssa	Williams,	4th	in	Program Oral Interpretation (POI)

Congratulations to Bellevue West's Isaiah Perry on reaching Premier Distinction in the National Speech and Debate Association Honor Society! This is the highest degree within this honor society. E.3.\*SAME Competition

Bellevue West's SAME Competition Team is bringing high school engineering back to Bellevue for the first time in over a decade with their innovative project, "The Thunderdome," a redesigned gym built to protect students during severe weather. As part of the Society of American Military Engineers (SAME) Student Mentoring Program, students research and develop solutions to real community problems, work alongside professional engineering mentors, and present their year-long project to a panel of Nebraska engineers. Even more impressive-this team of all freshmen balanced the project alongside a full advanced course load while competing against more than 17 teams made up primarily of juniors and seniors. Congratulations to all!

#### E.4.\*Scholastic Art Show

Congratulations to Bellevue West artists! They competed in the Scholastic Art Show, and Bellevue West had one of its strongest years ever. Out of the 15 National Medal Winners in the state of Nebraska, 5 were from Bellevue West!

**Bellevue Public Schools**  
**2026-2027**  
**Budget Parameters**

Budget parameters are guidelines set by the Bellevue Board of Education and provided to staff to develop a proposed budget. For the 2026-2027 General Fund Budget, it is anticipated that approximately 35% of the revenues will be set at the local level.

The 2026-2027 proposed budget will be developed based on the following goals:

1. All cuts will be as far away from students as possible;
2. The District will achieve staff reductions through attrition wherever possible; and
3. The District will not implement a furlough program.

The 2026-2027 proposed budget will be developed based on the following parameters:

- a) Plan an educational program to meet the needs of approximately 9,500 students using the current staffing ratios that provide the following average class size and caseload targets:

a. Grades K-3	22.0 (21.0 in buildings with high concentrations of poverty)
b. Grades 4-6	22.6
c. Middle School	22.8
d. Senior High School	22.8
e. Special Education	73**

\*\*Note: The average weighted caseload parameter of 73 was derived from a rubric developed by a representative team of district special educators. It is not the number of students on the caseload, rather a compilation of the weighting of each student on that caseload. By doing this, it allows us to consider the individual needs of each student.

Early Childhood	
Special Education Preschool	Approximately 20 weight per session
Special Education Home-based	20-30 students
Speech Language Therapy	45-65 students
Occupational Therapy	45-65 students
Physical Therapy	45-65 students
Vision/Hearing Services	Based on student needs

- b) Implementation of the staffing plan is contingent on adequate funding.
- c) Staff at a level to meet proposed student to staff ratio targets when possible;
  - a. Review programs outside of the staffing ratio for possible reductions;
  - b. Closely monitor low enrollment classes and adjust staffing as necessary;
  - c. Review, prioritize and limit extra duty program as needed; and

- d. Closely monitor the enrollment projections and adjust staffing as necessary and where possible to maintain proposed staffing ratios.
- d) Continue to review and examine all programs and expenditures, including any staff vacancy that occurs through attrition, to determine if spending is meeting district needs. Examine ways to partner with others to provide the most efficient, cost-effective programs.
- e) Review and prioritize implementation of District long-term plans:
  - a. Curriculum Review Model;
  - b. Professional Development;
  - c. Technology;
  - d. Instructional furniture and equipment replacement program; and
  - e. Maintain school facilities and sites.
- f) Continue to provide courses of study, program, and facilities to meet the needs of students within the parameters set forth by state and federal laws, the Nebraska Department of Education, other state agencies such as the Department of Health and Human Services and State Records Division, accrediting agencies, regional and statewide associations such as Nebraska School Activities Association and Metro Area High School Activities Association, and Board Policies and Administrative Regulations.
- g) Develop the 2026-2027 receipts budget anticipating that:
  - a. State aid will be budgeted under the Tax Equity and Educational Opportunities Support Act at the level certified by the State Department of Education, and meet all requirements of the law.
  - b. The total state dollars appropriated for special education reimbursement will continue to be at the 80% level. The current reimbursement formula will be utilized to distribute these funds to local school districts for the 2026-2027 school year at this time.
  - c. The local property tax levy will be set to meet requirements set in law by the Nebraska State Legislature.
- h) The state budget document will reflect the expenditure level provided under the limitations contained in the State of Nebraska Tax Equity and Educational Opportunities Support Act and Title VIII of the Elementary and Secondary Education Act, which establishes an expenditure level comparable to other Nebraska school districts.

**BELLEVUE PUBLIC SCHOOLS  
BELLEVUE, NEBRASKA  
CONTRACT OF SUPERINTENDENT**

This contract is made by and between the Board of Education of Bellevue Public Schools, legally known as Sarpy County School District No. 77-001 and referred to herein as the “Board” and “School District” respectively, and Dr. Jeff Rippe, referred to herein as the “Superintendent.”

**WITNESSETH:** In accordance with action taken by the Board as recorded in the minutes of its meeting of April 14, 2025, the Board agrees to employ the Superintendent, and the Superintendent agrees to accept such employment subject to the terms and conditions set forth below.

**SECTION 1. Term of Contract.** Subject to Neb.Rev.Stat. §§ 79-824 through 79-845, as amended from time to time, the Superintendent shall be employed for a term being July 1, 2025, and expiring on June 30, 2028. References to “Contract Year” shall mean the period from July 1 of one year through June 30 of the following year. On or before April 15th of each year, the Board may take action to extend the Contract for one additional Contract Year. Such action shall be attached to this Contract and become a part thereof. If the Board does not take action, the Contract will not be extended beyond its original term or any extension thereof.

**SECTION 2. Salary.** The Superintendent’s salary for each term shall be Two Hundred Eighty Six Thousand Eight Hundred Seven Dollars and No Cents (\$286,807.00), which shall be paid in equal installments in accordance with the Board’s policy governing payment of other administrators.

**SECTION 3. Professional Status.** The Superintendent affirms that he is not under contract with any other school board or board of education covering any part of or all of any term of this Contract. Throughout his terms, he will hold a valid and appropriate certificate to act as Superintendent of Schools in the State of Nebraska, which certificate shall be filed with the School District on or before the beginning of the initial term.

**SECTION 4. Superintendent’s Duties.** The Superintendent shall faithfully perform the duties of the Superintendent of Schools as prescribed by the laws of the State of Nebraska, the rules and regulations of the Nebraska Department of Education, and the Board’s policies. The Superintendent is subject to the Board’s direction and control at all times and shall carry out and perform such administrative duties as the Board may assign to him from time to time. Regular, dependable attendance is an essential function of the Superintendent’s duties. He will devote his full-time skill, labor and attention to the performance of his duties; provided, however, that: (a) the Superintendent may, without prior Board approval, undertake speaking engagements, writing, lecturing or other professional duties and obligations for which the only remuneration is reimbursement of expenses, and (b) this other work shall not interfere in a material or substantial manner with the obligations as set forth in this Contract.

The Superintendent may undertake speaking engagements, writing, lecturing or other professional duties and obligations for which there is remuneration in excess of reimbursement of expenses and any other consultative work only upon prior approval of the Board, and the Superintendent shall be obligated to use his vacation days as hereinafter described when such activities occur during business hours of the School District.

**SECTION 5. Administration.** The Superintendent shall be responsible for organizing, reorganizing and arranging School District administrative and supervisory staff in a manner which, in his judgment and in consultation with the Board, best serves the School District. He, with the assistance of

his staff, shall administer instruction and business affairs. The Superintendent shall be responsible for the selection, placement and transfer of personnel and shall inform the Board of the selection, placement and transfer of administrators.

**SECTION 6. Board-Superintendent Relationship.** The Board shall have primary responsibility for formulating and adopting Board policy. The Superintendent shall be the chief administrative officer for the School District, and shall have primary responsibility for implementing Board policy. The Board agrees, individually and collectively, to promptly refer all criticism, complaints and suggestions concerning operations of the School District, including matters relating to personnel and students, to the Superintendent for study, recommendation or action as appropriate, and not to comment or take action on such matters except upon the recommendation of the Superintendent or upon the Superintendent's having been permitted sufficient opportunity to respond to the matter. The Superintendent shall not be responsible for performance of duties assigned by individual members of the Board, or duties assigned without official action of the Board, except as specifically set forth in the Board's policies.

**SECTION 7. Legal Actions.** If any legal action, including a professional practice complaint, is threatened or filed by someone other than the Board, against the Superintendent as a result of the performance of his duties under this Contract or his position as Superintendent of Schools for the District, the Board shall provide him with a legal defense to the maximum extent permitted by law so long as he acted in good faith and a manner which he reasonably believed to be in or not opposed to the best interests of the School District and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful.

**SECTION 8. Cancellation or Mid-Term Amendment.** A majority of the Board members may cancel or amend this Contract during any of its terms for any of the following reasons: (a) the cancellation, termination, revocation or suspension of the Superintendent's certificate (Nebraska Administrative and Supervisory Certificate) by the State Board of Education; (b) any of the reasons set forth in this Contract; (c) the breach of any material provisions of this Contract; (d) incompetence; (e) neglect of duty; (f) unprofessional conduct; (g) insubordination; (h) immoral conduct or conduct involving moral turpitude; (i) physical or mental incapacity; (j) intemperance; (k) conviction of a felony; or, (l) any conduct that substantially interferes with the Superintendent's continued performance of his duties. The procedures for cancellation and amendment shall be in accordance with the statutes of the State of Nebraska. In the event of a cancellation, the Contract shall be deemed to have terminated on the date of cancellation and the School District shall not have any further obligations to the Superintendent except those obligations that accrued up to the date of cancellation and any obligations that survive the termination of the Contract.

**SECTION 9. Physical and/or Mental Examination.** At the direction of the Board, the Superintendent shall undergo a physical or mental examination by a licensed physician or psychologist chosen by the Board to determine whether the Superintendent can perform the essential functions of his position. The Superintendent may also choose a licensed physician or psychologist for a second opinion also to be presented to the Board. The Superintendent shall authorize the physician and/or psychologist to disclose to the Board his or her written determination whether the Superintendent can perform such essential functions. The cost of such examination(s) and report(s) shall be subject to health insurance, and the School Board shall pay any amount not so covered. In the event the Superintendent becomes disabled and is unable to perform the duties of the Superintendent and all leave has been exhausted, either party to this Contract may terminate this Contract by giving written notice to the other party. Upon termination,

neither party will have any further obligations of the other party except the extent of any vested fringe benefits.

**SECTION 10. Professional Development/Civic and Professional Meetings.** The Superintendent may become a member of appropriate professional organizations and attend appropriate professional and civic meetings at the local, state and national levels, provided that such attendance does not interfere with the proper performance of his duties.

**SECTION 11. Fringe Benefits.** In addition to the compensation set forth in Section 2 herein, the School District shall provide to the Superintendent with, or make available to him, the following fringe benefits:

- a) The expense of membership in the professional and civic organizations and attendance at their meetings pursuant to Section 11 herein when the Board has authorized such membership and/or attendance;
- b) Reimbursement at the state- approved rate for mileage incurred while during his personal vehicle on School District business outside of the metro area;

- g) Voluntary Separation Program on the same terms and conditions provided from time to time to other administrators of the School District;

- j) Longevity on the same terms and conditions provided to other administrators of the School District;
- k) The Non-Elective Deferral Program will be applied on the same terms and conditions provided to other administrators of the School District.

**SECTION 12. No Penalty for Release or Resignation.** There shall be no penalty for release or resignation by the Superintendent from this Contract, provided no resignation shall become effective until the expiration of this Contract unless accepted by the Board, and the Board shall fix the time at which the resignation shall take effect.

**SECTION 13. Compensation Upon Termination or Cancellation.** Upon lawful termination or cancellation of this Contract for any reason, the compensation to be paid hereunder shall be an amount which bears the same ratio to the annual salary specified as the number of months or fraction thereof to the date of such termination or cancellation bears to the 12 months in the annual salary period in which termination or cancellation occurs. # Strategic Plan Highlights for Priority 4- April 2026

<p align="center"><b>Priority 4: Engaging Our Community</b> (Board Report April &amp; October)</p>	<p align="center"><b>Bellevue Strategic Plan 2024-29</b></p>
<p><b>Objective: To ensure timely, professional, two-way communication that promotes student success and builds positive relationships with our community.</b></p>	
<p><b>Strategy:</b> Improve communication and perceptions of BPS by engaging our students, families, employees, and the Bellevue/Offutt community.</p>	
<p><b>Performance Indicator 4.1:</b> Increase support for military-connected students and families.</p>	

## Actions:

- 1. Increase communication and support for military students and families as they enter and exit the district.** The district developed an entry and exit survey in the Fall of 2025. The exit survey was sent to all families who had left the district during the 1st semester. Four families completed the survey. The families expressed satisfaction with the district and noted the friendliness and respectfulness of our staff. Families also shared that it was easy to access information when needed and that they especially liked the block schedule. One comment suggested that the district needed to hold students more accountable than the current grading scale provided. They did not elaborate on the comment. The reasons stated for departure were that their child lived so far from the district and that the commute was too long. Overall, the feedback was very positive. The district will again send out the exit survey at the end of this semester. Next Fall, we will send out the entry survey for the first time to get feedback from parents entering the district.

The Offutt school liaisons and BPS communications hold check-in meetings (2-3 times monthly, some months more), which have increased the awareness, support, and partnerships within the schools and the Base. This has allowed the school district and Offutt to provide more student and staff opportunities, such as STEM to Space in the classrooms, enhancements for Month of the Military Child celebrations, military signing days at both high schools, and a military honor cord for seniors at high school graduation. BPS Communications receives a collection of resources monthly from the school liaisons, and we've created a military-connected families section in the BPS Community News publication. We are continuing to explore the development of a quarterly supplemental newsletter in the next school year that targets our military-connected families and will share news/important information that will be relevant to them.

- 2. Provide district support for current Anchored4Life Programs:** The district hopes to expand the program to additional elementary schools over the next few years to better support our military students and all students who enter and exit the district. No new schools have been added this school year.
- 3. Provide training and resources for BPS staff to meet the needs of military students and families:** A key component of the district's participation in the Purple Star School Program is providing all staff members with training that focuses on the needs of our military-connected

students. The district will once again provide training for staff in August. This was our second year of providing this training electronically. Last year's training focused on the effects of Relocation on Military Families and Students. **Click [Here](#) to review content.**

**Performance Indicator 4.2:** Increase engagement with our diverse community of learners and families.

**Actions:**

- 1. Provide programs and resources to increase family engagement and celebrate our school community.** The Communications department continues to train our building leaders on our mass notification system to support schools in providing direct communication to their families via email, text messaging, and push notifications through our mobile app. As of March 2026, 14 schools have been trained on the system. Of those, the active schools consistently using the system are already seeing increased family engagement through event participation and support. In addition, our website vendor, Blackboard, merged with Finalsite, and we migrated content and released the district and school websites in January 2026. The migration was not as clean as expected. The district and secondary schools have been completed, along with half of the elementary schools. We are working through the remaining elementary school sites.

We are evaluating our current community news platform, along with our website/notification system/social media accounts, which will allow us to consider opportunities to share more content specific to school engagement/celebrations. The evaluation of our platforms includes gathering feedback from families, which will help us better understand their needs, preferences, and barriers to school engagement. In addition, we will gather feedback on families' preferred communication methods – this would guide us appropriately as we take action on all 3 performance indicators in Priority 4. We will begin with a communication survey to K-11 parents/families before the end of the school year.

Following the website work and evaluation of platforms, we'll begin working with schools to identify targeted programs/departments/groups and develop a schedule to identify major activities to promote, celebrate, and recognize students, staff, programs, parent groups, etc. Once identified, we will create a master document of all groups/programs for each school and the district. This will be ongoing work into the 2026-27 school year.

- 2. Provide surveys and listening sessions for students, staff, and families:** Dr. Moore and Dr. Rippe conducted listening sessions for staff at each school building in December, January, and February. Staff participation varied by building. In all our meetings, our staff shared their appreciation for the district and offered a variety of insights into their buildings. Most of what was shared with Dr. Rippe and Dr. Moore was also shared in the staff survey.
- 3. Partner with community organizations to better serve students and families in need:** This winter, BPS hosted the Omaha Symphony for the third consecutive year at Bellevue East High School. The event for all our 2nd-grade students allowed them to take a musical journey and search for musical treasures, and the nearly 700 students interacted with the Orchestra.

A variety of schools received a Northrup Grumman STEM grant and have begun to take their students to the Kiwit Luminarium. This year, all students in grades 3-6 at Avery, Wake Robin, Birchcrest, Peter Sarpy, Betz, and Twin Ridge have scheduled a trip to the Luniarium. The schools that have completed their trips have reported on our students' enjoyment of the experiences provided. These funds are provided by Northrup with the understanding that they will be used in schools that have higher percentages of students receiving free and reduced lunches.

**Performance Indicator 4.3:** Increase awareness of student, school, and district success.

**Actions:**

1. **Enhance district and school storytelling through innovative strategies and technology.**  
No action at this time, as this will follow the communication survey and evaluation of current communication tools/apps utilized in the classroom, building, and district levels. We plan to include what platforms are available and who is using them in our research.
  
2. **Expand platforms to foster two-way communication with students, families, and community members.** The first phase, website migration, is nearing completion. A refreshed look of the district mobile app will follow the website transition, which also supports our district and school storytelling abilities. Following this, we'll begin a review of communication platforms, which will provide the opportunity to evaluate tools and enhance our ability to share stories and information. We will explore innovative technologies that are available and research what other districts are using to share their stories. This will include collecting samples of school social media plans, looking for best practice templates. A draft plan will be developed, along with goal-setting to increase our levels of engagement. Then, a communication committee will review the research and the draft social media plan (guidelines) for schools. The goal is a minimum of one social media platform per school, and then to measure our levels of engagement on the selected platforms.

## Rule 10 Compliance Visit 2025-2026

Date: 03/05/2026

Superintendent: Jeffrey Rippe

School District Name: Bellevue Public Schools

Date of Visit: 03/05/26

Dear Superintendent Rippe,

The Nebraska Department of Education Accreditation Section appreciates the time and effort you place into maintaining compliance with the requirements and regulations of **Title 92, Nebraska Administrative Code, Chapter 10**.

**Bellevue Public Schools** has demonstrated compliance through requested evidence presented before, during or immediately after the scheduled compliance visit. No further actions are required from you.

Bellevue Public Schools have very strong systems in place throughout the district, including curriculum and professional development. The learning climate in all the buildings that were visited was very positive, and there is no question that there is strong leadership throughout Bellevue. In some respects, the strategic plan is very ambitious, pointing out that the district is not satisfied with the status quo.

Thank you for your continued efforts in maintaining compliance with **Title 92, Nebraska Administrative Code, Chapter 10**. Please share this information with your local school board as acknowledgement of your compliance.
