Dear Trustee:

Linebarger Goggan Blair & Sampson, LLP appreciate the opportunity to report changes made as a result of our 1992 to 2021 Property Value Study appeals. Due to our 2021 Property Value Study appeal, Rains Independent School District received a value reduction of **\$4,588,860** from the Comptroller's preliminary value estimate. This reduction should provide approximately **\$44,000** additional state aid for the 2021-2022 funding year. Our appeals for the 1992 to 2021 studies have resulted in total value reductions of **\$189,687,580** and approximately **\$3,104,500** in additional state aid.

We appreciate your review of our report and the opportunity to continue providing appeal services to the district for the 2022 Property Value Study. While the Comptroller has not released results of the 2022 study, they have been gathering data since January 2022. We will begin our preliminary review of the Comptroller's study and gather the evidence necessary to file an effective appeal to ensure the district qualifies for its full fair share of state aid based on its actual taxable wealth.

Services are provided on a contingent fee, so that the district incurs no fee unless it realizes a gain in state aid. Our fee is payable once the district actually receives its state aid payments. I would be pleased to present our report in person and to answer any questions you may have.

Sincerely,

Robby Harbuck, RPA

An Overview of the 2022 PVS

At this time, we have not seen significant changes from the 87th Legislative Session, in 2021, that would affect the property value study. In 2019 Texas school districts did see a change in the state's public education funding system. The 86th Legislative Session included both property tax reform and school finance reform. These changes provide more Basic Allotment per student, money for classrooms, teacher compensation increases, reduces recapture, and cuts local property taxes. The upcoming 88th Legislative Session is set to begin January 10th, 2023. At this time, we are awaiting to see if any changes may come out of this session that may involve additional state aid for school districts or property tax reductions for tax payers.

In May of 2022 voters approved two property tax relief measures. Proposition 1, a measure to cut school district property taxes for homeowners over 65 and older or disabled. Proposition 2, raised the state's homestead exemption from \$25,000 to \$40,000. Back in 2019 a significant change that affects the 2022 Comptroller's Property Value Study (PVS) from HB3 involved moving to current-year values (2022) for the calculation of state aid (2022-2023). School districts will need to estimate the taxable T2 property value that will eventually come from the 2022 property value study, prior to the adoption of their budgets. In the past, the Comptroller would use a prior year's PVS to set values for current year funding. This switch to current-year values means that the values will not officially be available until closer to settle up. School districts will have to estimate this value for the completion of the state aid template.

Another challenge facing school districts stems from legislative changes made years ago that changed the Comptroller's annual review schedule. The biggest changes were biennial PVS reviews for most school districts and biennial compliance review for appraisal districts. Last year the Comptroller reviewed approximately one-half of

the appraisal districts to determine their compliance with generally accepted standards, procedures, and methodology. School districts located in these appraisal districts were not reviewed in the 2021 Property Value Study and were assigned local value. However, these school districts are being reviewed in the Comptroller's 2022 Property Value Study (this year's study) and the study will determine whether to assign state value, local value, or substitute local value for state value under hold harmless provisions. Every school district that is assigned state value could be subject to losses in school funding.

The other half of Texas school districts, those selected for the 2021 Property Value Study review and assigned valid local values, are excluded from the 2022 Property Value Study while their appraisal districts undergo the compliance review. These excluded school districts will be assigned local value in the 2022 Property Value Study. However, if any of these school districts had invalid 2021 PVS findings, they will be subject to an annual review and will be included in the 2022 Property Value Study. Under this annual review, the Comptroller's staff will determine whether to assign state value, local value, or substitute local value for state value under hold harmless provisions. Any time the Comptroller assigns state value to a school district, it stands to lose school funding.

The Importance of a PVS for 2022

Changes from the 87th Legislative Regular session have not reduced the importance of the Comptroller's PVS. Based on historical school funding distribution and equalization methods, the Comptroller's estimate of total taxable value for every school district should continue to be a significant component in the state funding formula. The 2022 PVS estimate will determine the total taxable value used for all 2022-2023 school district funding. Ultimately, the 2022 PVS value estimate will become one of the most crucial components in determining the cost to every school district and the State for all shared 2022-2023 funding.

»» 2022 PVS Possible Outcomes

If a school district is part of the 2022 PVS, the Comptroller's finding is based on Section 403.3011 of the Government Code. The four possible actions under this section include:

Property Value Appeal Services

- Local value is valid and local value is assigned. Local value is invalid but greater than state value and local value is assigned.
- Local value is invalid, but the school district is eligible to substitute local value for state value for the first year of the two-year hold harmless period. An eligible school district's local value must have been valid in the two previous PVS reports, and its 2022 local value cannot be less than 90% of the lower limit of the Comptroller's margin of error. Eligible school districts qualifying for the second year of the hold harmless period will also have local value substituted for state value.
- Local value is invalid and state value is assigned.
- A provision effective January 1, 2010, requires appraisal districts to comply with the scoring requirement in their most recent Comptroller review.

Challenging Invalid Local Values

The critical issue is losing local value (declared invalid) and being assigned state value. In this case, a school district could lose state aid or be subject to increased recapture. Any school district assigned state value in the Comptroller's 2022 PVS will have to appeal to prevent unnecessary losses in state funding.

Complicating the matter are the limited timeframes and the constant revisions to the rules for filing a protest.

Once the 2022 PVS is released on January 31, 2023, school districts have only 40 days to prepare and submit their appeals. The appeal must comply with the Comptroller's protest rules for evidence submission and State Office of Administrative Hearings review. The Comptroller continues to revise the protest rules, thereby increasing evidence requirements. These rules make compliance difficult and allow the Comptroller to reject protests deemed not in compliance. In addition to complying with the Comptroller's changing protest rules, each school district protest must include evidence sufficient for review by the State Office of Administrative Hearings. Ultimately, if all of these steps fail, school districts may challenge the ruling in district court.

Our school finance system fails to function as intended when estimates of total taxable value are inaccurate or inequitable. Your

Property Value Appeal Services

school district can prevent unfair estimates of total taxable value that reduce state funding and increase local taxes with an effective appeal identifying any inaccuracies in the Comptroller's Property Value Study. We file successful PVS Appeals for numerous school districts across the State and are prepared to assist your district.

Comprehensive Administrative Appeals

When values determined by the Comptroller are inaccurate or inequitable, Linebarger Goggan Blair & Sampson, LLP (Linebarger) is prepared to appeal on behalf of any school district to ensure accurate state funding and prevent unnecessary demands on its taxpayers. As in previous years, successful appeals require solutions to technical, procedural, and legal issues identified in the PVS. We are committed to providing quality appeals services capable of producing the results that every school district deserves. To ensure that we provide results, Linebarger maintains a full-time appeals staff with direct experience in appraising and evaluating categories included in the Comptroller's PVS. In addition, our staff has direct experience in all facets of ratio study methodology and Comptroller procedures.

When necessary, we are prepared to seek additional relief through district court or as an advocate for issues with the Comptroller and Texas Education Agency (TEA). Our experience includes successful litigation on numerous value issues in previous PVS's, to correcting the Comptroller's estimate of value lost to the \$25,000 homestead exemption for our clients.

In addition to your school district, our PVS appeals division represents approximately 174 school districts of various sizes throughout the state. In each case, we provide complete administrative appeals services beginning with a review of unedited preliminary data before the release of the PVS through to representation in post-appeal remedies including audits and litigation. You can be confident that Linebarger will monitor all aspects of the PVS and will be prepared to effectively appeal any issues adversely affecting your state funding.

We believe that our commitment to quality appeals services is demonstrated by our performance and continuing relationships with our clients. The vast majority of school districts provided on our client list on pages 13 - 18 have continuously retained our firm for PVS

Property Value Appeal Services

appeals services for many years. Our best performance indicator is our clients' satisfaction with the services we provided. They demonstrate that satisfaction through their repeated renewal of our service contracts.

Our successful appeals and audits have provided clients with over \$14.9 billion in reductions to the Comptroller's estimate of total taxable value as well as \$168.3 million in additional state aid. These unparalleled results are indicative of our appeals division's commitment and technical expertise.

Administrative Appeals Services

Specific administrative appeals services included in our proposal are:

1. Review sales and appraisals of properties contributing to the Comptroller's invalid local value finding including compliance with Comptroller rules and International Association of Assessing Officers standards.
2. Review Comptroller in-house studies contributing to the invalid local value finding.
3. Review Comptroller statistical measures and sampling procedures.
4. Review tax roll values and submit evidence to ensure Property Value Study accuracy.
5. Gather, prepare, and submit protest evidence for issues related to Items 1-4.
6. Gather, prepare, and submit additional evidence requested by the Comptroller.
7. Represent the school district in all staff resolution conferences related to the appeal.
8. Represent the school district in protest hearings to the State Office of Administrative Hearings including gathering, preparing, and submitting evidence.
9. Advise the school district on post-administrative hearing remedies or judicial action available for unresolved appeal issues.
10. Perform all functions necessary to initiate and complete available post-administrative hearing remedies or judicial review.
11. Gather and prepare all evidence, depositions, retain expert witnesses, and perform other functions necessary to support relief sought under Items 8 and 10.

Property Value Appeal Services

12. Gather, prepare, and submit audits of PVS findings under Section 403.302 of the Texas Government Code.
13. Provide assistance and advice on all issues related to the Comptroller's 2022 PVS and its impact on 2022-2023 school finance.

Although appeals can be prepared after the release of the PVS, their effectiveness may be diminished. Time restraints may prevent a complete analysis of technical appeal issues or the gathering of critical evidence. To ensure the quality of our services to existing clients, we do not perform statewide mass mailings or blind solicitations after the release of the preliminary PVS.

Self-Report Appeals

For each of our school district clients, we conduct a review of self-reported local tax roll values to ensure their accuracy in the Comptroller's PVS. Since original certification, every tax roll has been adjusted due to late exemptions, post-certification changes, and court-ordered reductions. The PVS only removes these losses if a school district prepares and files a self-report appeal. We will continue to file self-report appeals to ensure an accurate assigned value when it is financially beneficial to your school district.

Eligibility Assignment Appeals

Although eligible school districts do not incur any loss in school funding, some school districts appeal to preserve future eligibility. If you believe this type of appeal would be beneficial to your school district, we have the staff and resources to assist in preparing an effective appeal.

PVS Audits

After the appeal deadline, typically in late summer, we review your school district's local tax roll values for a potential audit. Our audit review identifies cases in which reporting tax roll adjustments would improve state funding. If needed, we can also file an audit for some previous tax years to remove court-ordered value losses. As with self-report appeals, these losses are only removed from the PVS when a school district files an audit.

Property Value Appeal Services

At Linebarger, we understand the financial limits facing your school district. We recognize the necessity of maximizing state funding to reduce local revenue demands, and avoid revenue cap limitations. Perhaps of greatest importance is the desire to ensure equity in the distribution of state financial aid to all Texas schools and the students they serve.

Assistant Director, Property Value Study Appeals Division

Valarie Kirkwood, originally from Logansport, Louisiana, has spent decades in East Texas.

Ms. Kirkwood began her career working for Texas State Bank as a computer manager, in the early days of electronic data processing. She has filled roles from benefits coordinator for a large hospital to billing supervisor managing accounts for multiple large insurance clients. Her attention to detail and customer service focus has made her a valuable team member in each role.

As the assistant director of Linebarger's Property Value Study Appeals Division, Ms. Kirkwood will assist with property value study appeals, filing self-report appeals, filing audits and preparing proposals.

Ms. Kirkwood attended Panola College in Carthage, Texas and has an Associate of Science. She lives in Tenaha and enjoys playing piano and is an active member of her local church.

Jim L. Lambeth

Capital Partner, Management Committee Member, and Managing Attorney for the Tyler Office

Mr. Lambeth manages Linebarger's Tyler and Northeast Texas offices, overseeing law firm operations and maintaining good client relations with all Corsicana, Longview, Lufkin and Tyler law offices' clients.

Jim worked as an Assistant District Attorney in Smith County, advising the County Judge and Commissioners' Court on legal matters before joining Linebarger in 2000. He provided legal advice to elected officials, department heads, district judges and the Smith County Juvenile Board. Before his promotion to Assistant District Attorney, he served as the Chief Misdemeanor Prosecutor, a Felony Prosecutor, and a Grand Jury Attorney for Smith County, prosecuting over 50 jury trials to verdict, in both the trial court and the Court of Appeals.

Mr. Lambeth graduated from Texas Tech University School of Law in 1995 with his Juris Doctorate, receiving the prestigious American Jurisprudence Award in Constitutional Studies. During law school, he worked as a Student Researcher, Lecturer, and was a member of the Board of Barristers.

Jim is active in his community as a member of the Smith County Peace Officers Association and was an Advisory Board member of the Tyler Junior College Law Enforcement Academy during its inception. He has served in leadership roles on numerous boards and committees, such as the Tyler Economic Development Council, and has been the Chairman of the Tyler Area Chamber of Commerce. He has volunteered with the Tyler Literacy Council, the CASA program of Smith, Van Zandt, and Wood Counties, and is the Lay Leader and former Trustee of Lanes Chapel United Methodist Church. Jim resides in Tyler and is married with three children.

Jose Padilla

Capital Partner

Mr. Padilla has a strong background in tax and appellate law and is responsible for prosecuting suits filed on behalf of the El Paso Consolidated Tax Office, Hudspeth County and Culberson County. He also serves on the firm's Litigation and Legal Standards Sub-

Property Value Appeal Services

Fees

»» Comprehensive Administrative, Self-Report Appeals and Audits

We provide our appeal and audit services on a contingency fee basis; our clients incur no expense unless an appeal or audit is necessary. We bill our clients only for additional state funding or reductions in shared local revenue (recapture) due to our appeal or audit. When this occurs, we invoice our 10% contingent fee as our clients receive state funding adjustments due to our appeal or audit. This fee arrangement reduces their budget demands and allows a school district access to the additional state aid funds/recapture reduction provided by our appeal or audit.

»» Eligibility Assignment Appeals

Our appeals division can assist your district with an eligibility assignment appeal of the 2022 Property Value Study. Other fee arrangements for appeals related to eligibility assignments under Section 403.3011 of the Texas Government Code are available.

If your district decides to appeal to preserve future eligibility, please contact us to determine our fees and types of assistance available. Since these types of Property Value Study value assignments are not known until the release of the Comptroller's findings on January 31, 2023, time to prepare appeals is limited.

CONTRACT

This Contract is between the law firm of Linebarger Goggan Blair & Sampson, LLP, hereinafter referred to as Firm, and Rains Independent School District, hereinafter referred to as District. This Contract is for the administrative appeal, audit, and any judicial appeal of the property value study findings as conducted by the Comptroller's Office as of January 1, 2019 for the school year 2019-2020 and for each succeeding year's study. Firm and District agree as follows:

I.

Administrative and Judicial Appeal Services

Firm agrees to represent District in the administrative appeal, audit, and any judicial appeal of the property value study conclusions for District. Included in such administrative and judicial appeal representation is research of the preliminary conclusions, the gathering and analysis of property sales, appraisals and such other evidence as may be necessary or appropriate, presentation of the appeal at administrative hearings, and prosecution of any judicial appeal. Firm agrees to retain any necessary consultants or appraisers as required.

II.

Fees and Expenses

Firm agrees to bear the costs of preparing and presenting the administrative appeal, audit, and prosecuting any judicial appeal including the expenses, if any, for appraisers or other consultants.

District agrees to pay Firm as compensation for services under this Contract a contingent fee equal to ten percent (10%) of the additional State aid that District qualifies for as a result of the administrative, judicial appeal, or audit. Payment of the fee to Firm shall be made following the certification of State aid amounts by the Commissioner of Education, or as agreed upon in a letter to District executed by a partner of the Firm.

III.

Termination

This contract covers the 2019 study and each succeeding annual study until this contract is terminated by either Firm or District. Firm or District may terminate this contract by providing 30 days written notice to the other party.

Compliance with Tx. Govt. Code §2270.002. In order to comply with Tx. Govt. Code §2270.002, the Firm verifies that it does not boycott Israel and will not boycott Israel during the term of the contract.

This Contract is executed on Sept 9th, 2019 at Rains County, Texas.

To: Administrative Assistant
From: TASB Legal Services
Date: Sept. 13, 2022
Subject: 2022 Fall Legal Seminars

It's almost time for TASB Legal Services' annual Legal Seminars. We know you are often the go-to person for registering board members and administrators, so we wanted to make sure you had the information necessary to register your district officials.

Included with this letter is a copy of the brochure your superintendent and board members recently received in the mail.

LOCATIONS:

Austin	South Padre	Virtual
Nov. 4	Nov. 19	Available Nov. 21

We will be providing training for board members and administrators on the following topics:

- Governance 101: Board Member Duties
- Beyond "Likes": Your Digital Life as a Trustee
- Controversial Curriculum and Instruction Issues
- Anatomy of a Chapter 21 Contract
- Legal Update

REGISTRATION INFORMATION:

Fee: The \$175 registration fee for the in-person seminars includes breaks and meals.

Register Online: Go to tasb.org/legal-seminars to register. All registrations should be prepaid by check, credit card, or district purchase order. Registrations will not be processed without payment information.

You must have an active myTASB user ID and password to register, whether registering yourself or others. To obtain myTASB access, go to tasb.org, and under the green myTASB login, click "Request Access."

This program offers up to 5 hours of TEA-approved credit in school board member training under the State Board of Education's Framework for School Board Development. An application for accreditation for this activity has been submitted to the MCLE Committee of the State Bar of Texas and is pending.

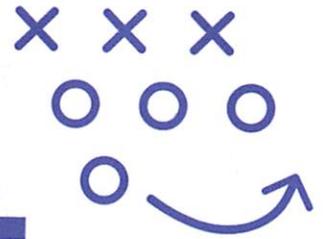

For more information about registration, the seminars, or special requirements, email the TASB registrar at registrar@tasb.org or call **800-580-8272, extension 3611**.

REGISTRATION

The \$175 registration fee for the in-person seminars includes breaks and meals.

REGISTER-ONLINE: Go to tasb.org/legal-seminars to register. All registrations should be prepaid by check, credit card, or district purchase order. Registrations will not be processed without payment information.

You must have an active myTASB user ID and password to register, whether registering yourself or others. To obtain myTASB access, go to tasb.org, and under the green myTASB login, click "Request Access."

For more information about registration, the seminars, or special requirements, email the TASB registrar at registrar@tasb.org or call **800.580.8272, extension 3611**.

CANCELLATION: You must use the TASB cancellation form to have your registration cancellation processed correctly. Access the "Event Cancellation Form" on the Legal Seminars Registration page.

The minimum number of registrants per in-person location is 20. If that number is not met one week before the seminar, TASB reserves the right to cancel the event. If the event must be canceled, TASB will refund registrations in full but will not be responsible for any indirect, special, or consequential damages (including transportation, lodging, and meal costs) sustained by the registrant.

TOPICS

Governance 101: Board

Member Duties: A common question asked by school board members is how to separate their roles from that of the district administration. Many do not realize that the board's role in oversight is not just best practice; it is the law. This session will explore what it means for trustees to hold the district "in trust." Come learn how your legal role as a board member also supports good governance in your district.

Beyond "Likes": Your Digital

Life as a Trustee: We conduct so much of our lives online, but the stakes are higher when you serve on a school board. Trustees access and create public information in the performance of their board duties. This session will focus on legal concerns about the use of social media, personal devices, and district networks, including how the Public Information Act governs the rights and obligations of school districts, requestors, and records custodians, in today's digital environment.

Controversial Curriculum and

Instruction Issues: From critical race theory (CRT) to the library, parents and the media have been increasingly concerned with

curriculum and instruction topics. This presentation will dive into the legal implications on hot button instructional topics including controversial curriculum, social and emotional learning, instructional and library materials, and additional requirements for human sexuality instruction and abuse prevention instruction.

Anatomy of a Chapter 21

Contract: How do administrators decide which employees get contracts? What kind of contracts are issued? What protections does Chapter 21 of the Texas Education Code provide? This session walks through provisions in the TASB Model Contracts, including what a contract says about compensation, supplemental duty assignments, and options to end employment under Chapter 21.

Legal Update: Are you ready for a legal presentation that is informative and fun? Then you'll love our Legal Update! Learn a lot (and laugh a little) about recent developments in school law.

TRAINING CREDIT

This program offers up to 5 hours of TEA-approved credit in school board member training under the State Board of Education's Framework for School Board Development. An application for accreditation for this activity has been submitted to the MCLE Committee of the State Bar of Texas and is pending.
