***** End of report *****

Rains Independent School District
For the Consideration of the Board of Trustees

Date of Board Meeting:
07/8/2024

Topic: Budget Review and Forecast

Background and Rationale:

A complete line-by-line review of the 2023-24 Budget has been completed as of 6/30/2024. See below for a summary of the near-final projection:

FUND	REVENUE	EXPENSE	NET
General (199)	\$19,480,125	\$18,802,929	\$677,196
Food Service (240)	\$1,274,415	\$1,280,094	(\$5,679)
Debt Service (599)	\$1,064,809	\$1,066,000	(\$1,191)

The General Fund undesignated fund balance at 8/31/2023 was **\$3,486,797**.

The projected net surplus from 2023-24 of \$677,196 less funding for Item III.B.4. of approximately \$300,000 would leave a remaining net surplus of about \$370,000. This would increase the GF FB at 08/31/2024 to about **\$3,856,797**. This is equivalent to about 2.5 months of expenditures in reserve.

Relationship to Strategic Plan:

Personnel Affected:

Budget Implications:

- Include in this year's budget
- Amendment of this year's budget required
- Increase in this year's budget required
- Expenditures required for next year's budget
- N/A

Recommendation:

Report only.

Rains Independent School District

Professional Development Plan

24-25

Created by: John Portwood, Assistant Superintendent of Student Services

Plan Overview

The Rains ISD department of student services will annually recommend a district professional development plan to the Superintendent and School Board for approval. The plan will be guided by the State Board for Educator Certification (SBEC) clearinghouse training recommendations and include a schedule of the required professional development.

The mission of the professional development plan is to connect, inspire, and empower educators to positively impact classroom instruction and student outcomes.

The goal of the professional development plan is to increase student achievement across all disciplines in the district.

STANDARDS FOR PROFESSIONAL LEARNING			
<i>Professional learning that increases educator effectiveness and results for all students ...</i>	LEARNING COMMUNITIES: Professional learning that increases educator effectiveness and results for all students occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.	LEADERSHIP: Professional learning that increases educator effectiveness and results for all students requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.	RESOURCES: Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.
DATA: Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.	LEARNING DESIGNS: Professional learning that increases educator effectiveness and results for all students integrates theories, research, and models of human learning to achieve its intended outcomes.	IMPLEMENTATION: Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long-term change.	OUTCOMES: Professional learning that increases educator effectiveness and results for all students aligns its outcomes with educator performance and student curriculum standards.

Professional Development Plan Details

Rains ISD professional development will be aligned with the Texas Teacher Evaluation Support System (T-TESS), which is designed by educators to support teachers in their professional growth.

RHS Course Catalog 2024-2025

Rains High School Students,

We are very pleased to present the Rains High School Course Catalog. Please use it as a guide for designing a successful academic path at RHS. As you choose your classes, consider your future very purposefully. Do you plan to enter college, a technical school, serve in the Armed Forces, or move directly into a chosen career upon your graduation from Rains? You will need to be enrolled in the courses our state has mandated, but you may choose electives that will lead you to your future goals.

Rains Independent School District is committed to guiding you in making your future goals a reality. We are extremely fortunate to have the staff and course offerings that will provide you with an endorsement in the area(s) of your choosing. Additionally, as you are charting your course for your future, take a close look at our honors and dual credit offerings. Numerous pathways and honors options are available over the course of your high school career. We also strongly encourage you to become and remain an active member of our campus life. Consider one of our many clubs, organizations, and/or extracurricular activities!

We look forward to the coming school year and want it to be a positive building block for your future, and we take our partnership in your educational success very seriously. We are committed to excellence and your academic success, now and in the future!

GENERAL INFORMATION

Grade Classification

A student in grades 9-12 will be advanced with their cohort based on the number of course credits earned. Students who accelerate or intend on graduating early will be reclassified as a senior upon successful completion of the appropriate number of credits.

Earned Credits	Earned Classification
6.5	Grade 10 (Sophomore)
13	Grade 11 (Junior)
20	Grade 12 (Senior)

Class Load

All students must take a full class load each semester. Options for work study will be considered upon completion of appropriate application.

Scheduling

Rains High School operates on a traditional 8-period schedule / 4 instructional days per week.

Schedule Changes

Course selections made during pre-registration are considered final. Any request for a change in course(s) after spring registration must be made in writing. Changes at the beginning of the school year will be limited due to the effect those changes have on classroom enrollment and the disruption of classroom instruction.

Testing Requirements

Students will be required to demonstrate success on the following STAAR End-of-Course (EOC) Exams to meet graduation requirements: Algebra I, Biology, English I, English II, and U.S. History.

Registration Information

- The RHS Counselor will schedule academic conferences with students and parents to ensure proper academic placement. These conferences take place late January through early February.
- After academic counseling has been completed, students will select their desired courses.
- Teachers/staff are hired (as needed) and the master schedule is set, with careful attention to class sizes. Staffing needs are dependent upon the integrity of the course selection process.
- Courses listed in this catalog are subject to student selection patterns and staffing availability, and though offered may not actually become part of the final master schedule.

ESSENTIALS FOR GRADUATION

I. ATTENDANCE

Students must comply with all local and state laws regarding attendance and awarding of credit.

II. COURSE REQUIREMENTS

For students entering the ninth grade in the fall of 2014 or later, the Foundation Plan with a selected endorsement is the default graduation plan. (Committee and parent approval after completion of 10th grade will be required for a student to graduate on the Foundation Plan.) *See Graduation Credit Requirements on p. 2

All students shall complete a minimum of:

22 units of credit to receive a high school diploma on the **Foundation High School Plan,**

or

26 units of credit to receive a diploma on the **Foundation High School Plan with an Endorsement,**

or

26 units of credit to receive a diploma on the **Foundation High School Plan with an Endorsement and Distinguished Achievement (must include Algebra II)**

III. TEST REQUIREMENTS

Students entering the ninth grade in 2011 and later must successfully complete the required measures of the State of Texas Assessments of Academic Readiness (STAAR) for high school graduation.

GRADE REPORTING

Each year is divided into two semesters. Report cards will be issued at nine-week intervals during the school year. A student may earn credit for each semester if the passing semester average is a 70 or higher. A student may earn yearly credit for courses in which the first and second semester average to a 70 or higher (for students completing first semester courses at Rains High School).

FOUR YEAR PLANS

Prior to entering high school, each student will meet with the high school counselor to develop a 4-year Personal Graduation Plan (PGP) that outlines the courses the student will take throughout high school. The PGP serves as a guide for the student and may be changed as needed from year to year.

CAREER AND TECHNICAL PROGRAMS- Career and Technical Education programs offer a sequence of courses that provide students with coherent and rigorous content. CTE content is aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions.

ENDORSEMENTS- Under House Bill 5, students may graduate, not only with a high school diploma, but they may also earn an endorsement. An endorsement is a formal acknowledgement that a student has completed a program of studies in a specific discipline. A student may choose one of the

endorsement-focused plans that RHS has to offer. Each specific plan satisfies the requirement of one of the five endorsement areas:

- Business and Industry
- Public Service
- Science, Technology, Engineering and Mathematics (STEM)
- Arts and Humanities
- Multidisciplinary

Students may receive credit for some courses through Credit by Exam as outlined in the Student Handbook and in accordance with state and local policy. Please refer to the RHS Student Handbook and/or school board policy EHDB (LOCAL) and EHDC for more information.

ADVANCED PLACEMENT & HONORS COURSES

Advanced Placement (AP) Courses:

Why take AP courses?

AP courses are set up to prepare students for college by allowing them to study subjects they love at a more rapid pace. These courses cover more material than regular high school courses and go further in depth, allowing students to work independently to research and analyze.

How do AP courses benefit students?

Not only do AP courses help prepare for the college transition, but these classes can also help boost a student's GPA with weighted credits. In addition to this, when students take the AP exam for the course at the end of the year, they have the opportunity for colleges to accept the score, if they score high enough. If scores are accepted, it allows students to earn college credit without paying tuition for the course.

**Any student enrolled in a College Board AP course may complete the AP exam at the end of the school year.

Honors Enrollment and Requirements:

1. Grades: Overall average of 90 or above in the previous course in the same academic area as the advanced course for which the request is being made (85 or above if the previous course was an advanced course).
2. STAAR: Achieved at least "Meets Grade Level" on the most recent state assessment in the same academic area as the advanced course for which the request is being made.
3. Teacher Approval: the teacher of record in the enrolled course will complete a review at the 3-week grade mark during the first 9 weeks of the semester. At this time, any student not being successful in the course, who may lose credit due to a failing grade point average, may be removed from the course, at the teacher's discretion and with approval from an administrator.
4. As juniors and seniors, any students enrolled in advanced courses are required to take the SAT/ACT by the 2nd semester of their junior year or at least one time in their senior year.

**Students wishing to take an honors level course will receive approval from the Dean of Students or Counselor to ensure all requirements have been met.

DUAL CREDIT PROGRAM

Students may take college courses and receive dual credit through our partner schools, Texas A&M University-Commerce (TAMU-C) and Trinity Valley Community College (TVCC). All courses taken through TAMU-C are face-to-face with an instructor on campus at least two days a week, while most courses taken through TVCC are online. Students who choose to take online courses will be given an “online” and/or “study hall” class period to complete these dual credit courses. The student is responsible for all tuition fees to the partner school in which the student is enrolled. Rains ISD purchases the required textbooks for each course. Please visit the RHS Counseling Center for more information.

Dual Credit Course Sequence

There are 3 Dual Credit pathways that a student can follow while at Rains High School.

- **Dual Credit Basic**-a student takes just a few courses during their high school to transfer to their college of choice after graduation.
- **Dual Credit Core Complete**-a student can complete 42 semester hours that will transfer to any public college or university in the state of Texas.

- **Dual Credit Associates degree**-a student can complete 60+ semester hours and will receive an Associate of Arts degree, Liberal Arts major (AA), or the Associate of Arts degree, Teaching major (AAT) from TVCC.

What does it mean to be core complete?

To receive a bachelor's degree from a public university, Texas law requires that students complete a core curriculum of 42 credit hours. Each college or university identifies which of its courses fit into the core curriculum.

- Bachelor degree programs consist of two components: core curricular coursework and coursework required for major area of study.

What are the Benefits?

- If you complete the core curriculum with grades of "C" or better and transfer, **the entire core curriculum transfers and substitutes for the core curriculum you would have taken at your state college or university.**
- Many courses within the "core" also meet high school graduation requirements.
- Students can complete coursework that also may be required for bachelor's degree programs.
- Saves students/parents money on college tuition.
- Significantly reduces the amount of time required to receive a bachelor's degree.

Dual Credit Requirements:

1. Acceptance to the college/university
2. Complete TSI Assessment (TSIA2) (limit of 3 attempts), unless exempt through ACT/SAT/EOC or Texas College Bridge
3. Approval from high school counselor and/or Dean of Students
4. Meet ALL scheduled deadlines for dual credit advising and enrollment

TSIA2 Testing

Testing or proof of testing is required for registration for academic dual credit classes. Students must meet the requirements of the Texas Success Initiative (TSIA2) for the subject(s) that correspond to the course. (ie. math course=pass math TSI). RHS is a TSIA testing site and will offer 2 FREE tests per subject (math, ELA). If an additional test is required in order to pass, the cost is \$10 (each).

Passing scores administered AFTER January 11, 2021

Mathematics	Greater than or equal to 950 OR Less than 950 PLUS a diagnostic = 6
English Language Arts	Greater than or equal to 945 AND essay greater than or equal to 5 OR Less than 945 AND essay greater than or equal to 5 AND diagnostic greater than or equal to 5.

Texas College Bridge

The Texas College Bridge Program is a free program for juniors and seniors that have not demonstrated college readiness in math and/or English. Students are invited to take this online, personalized college prep course. Students may work at their own pace and will be monitored by a staff member that can provide assistance, if needed. When complete, the student will earn course credit and possibly a TSI exemption, depending on their intended college.

College Transfer Concerns: Things to Consider Regarding Credit Transfer

College Transfer Concerns: Things to Consider Regarding Credit Transfer

1. It is the student's responsibility to check with the institution they plan to transfer to, concerning the transferability of a course before they register for the course. Some private universities will not accept college credit if used for high school credit.
2. Texas public colleges and universities generally transfer courses which have common course numbers and designations. For example: ENGL 1301 is a common course that all Texas public colleges and universities carry. If a course does not carry the same number or designation at the transferring institution it may or may not transfer. The student should contact the receiving institution with concerns regarding transferability.
3. When a course transfers from one institution to another, the course may not count toward the courses needed for completion of a particular major. Transfer guides for most Texas institutions are available through the TVCC or TAMU-C advisors. The student is responsible for checking with the receiving institution regarding required courses for particular majors.
4. Private and out-of-state institutions will decide which courses will transfer individually. The student must contact the private or out-of-state institution to determine if a course will transfer.

****For any student requesting Late Arrival, they must be TSIA2 or Texas College Bridge complete in both math and English.****

COURSE DESCRIPTIONS

All courses listed in this guide will be open for students to request in the spring when choosing classes for the next school year. However, due to the number of student requests and available staffing, every course listed may not make the final schedule of classes.

ENGLISH LANGUAGE ARTS

ENGLISH I

Service ID: 03220100

Grade Level: 9

Prerequisite(s): None

Credit: 1 English Language Arts credit

English I studies include grammar and various types of literature, i.e. the novel, short story, drama, poetry. Students will read and study at least one novel per semester in class and also work to improve writing skills and oral communication. While various forms of writing may be explored, this course focuses on expository writing techniques. Preparation for the English I STAAR EOC is an integral part of this course.

Honors ENGLISH I

Grade Level: 9

Prerequisite(s): None, approval needed

Credit: 1 English Language Arts credit

This course will address the same objectives as English I, as well as prepare students for future advanced English classes. Students will be required to utilize higher-level thinking skills while studying advanced topics related to research, oral language development, literature concepts and skills, and literary appreciation. Geared to be challenging and college preparatory, the course demands substantial outside reading and study. Preparation for the English I STAAR EOC is an integral part of this course.

ENGLISH I for Speakers of Other Languages

Service ID: 03200600

Grade Level: 9

Prerequisite(s): None

Credit: 1 English Language Arts credit

ESOL I is a course for students who receive services as English Learners (EL). This course takes the place of and addresses the same objectives as English I with a focus on developing students' pre-academic language proficiency in the areas of listening, speaking, reading, and writing. Preparation for the English I STAAR EOC is an integral part of this course.

ENGLISH II

Service ID: 03220200

Grade Level: 10

Prerequisite(s): English I

Credit: 1 English Language Arts credit

English II studies involve students assimilating information, drawing conclusions, and expressing ideas in both oral and written composition for effective communication. In order to enhance composition, a sound vocabulary is stressed in readings of various prose and poetry selections from the adopted textbook and supplemental novels. Increased comprehension of figurative, literal and implied meanings is facilitated. Grammar and writing mechanics are stressed to strengthen writing skills. While various forms of writing may be explored, this course focuses on persuasive writing techniques. Preparation for the English II STAAR EOC is an integral part of this course.

Honors ENGLISH II

Grade Level: 10

Prerequisite(s): English I, approval needed

Credit: 1 English Language Arts credit

This course will address the same objectives as English II, as well as prepare students for future advanced English classes. Students will be required to utilize higher-level thinking skills while studying advanced topics related to research, oral language development, literature concepts and skills, and literary appreciation. Geared to be challenging and college preparatory, the course demands substantial outside reading and study. Preparation for the English II STAAR EOC is an integral part of this course.

ENGLISH II for Speakers of Other Languages

Service ID: 03200700

Grade Level: 10

Prerequisite(s): English I or ESOL I

Credit: 1 English Language Arts credit

ESOL II is a course for students who receive services as English Learners (EL). This course takes the place of and addresses the same objectives as English II with a focus on the continued development of students' pre-academic language proficiency in the areas of listening, speaking, reading, and writing. Preparation for the English II STAAR EOC is an integral part of this course.

ENGLISH III

Service ID: 03220300

Grade Level: 11

Prerequisite(s): English II

Credit: 1 English Language Arts credit

English III covers American Literature from the Colonial era through the present, with emphasis on analytical structure appropriate for understanding each genre, i.e. prose, poetry, short fiction, the novel, etc. This course is designed to introduce students to various American authors and literary movements. Students are presumed to have basic knowledge of English grammar, mechanics, and rhetoric, and the course focuses on refining and expanding these skills. Emphasis will be on coherence, ideas, elaboration, and organization. While various forms of writing may be explored, this course focuses on analytical writing techniques.

Honors ENGLISH III

Grade Level: 11

Prerequisite(s): English II, approval needed

Credit: 1 English Language Arts credit

This course will address the same objectives as English III, as well as prepare students for future advanced English classes. Students will be required to utilize higher-level thinking skills while studying advanced topics related to research, oral language development, literature concepts and skills, and literary appreciation. Geared to be challenging and college preparatory, the course demands substantial outside reading and study.

ENGLISH IV/COLLEGE PREP ENGLISH LANGUAGE ARTS (TEXAS COLLEGE BRIDGE)

Service ID: 03220400/CP110100

Grade Level: 12

Prerequisite(s): English III

Credit: 1 English Language Arts credit

English IV prepares students to make personal progress in speaking, listening, reading, and writing. British literature, from its origins to the present, is a major area of study in this course. Oral discussion and written composition related to the literature enables the student to understand characters and conflicts, as well as improve upon communication skills. Literary analysis and argumentative writing are emphasized, and preparation for college English is an integral part of this course.

TEXAS COLLEGE BRIDGE is designed to help students reach the required CCMR benchmark in English and math. Each course uses PEIMS assigned course names and numbers, and upon successful completion, students can earn credit for the college prep course as well as a CCMR indicator for A-F accountability.

Advanced Placement (AP) ENGLISH Literature and Composition

Service ID: A3220200

Grade Level: 12

Prerequisite(s): English III, approval needed

Credit: 1 English Language Arts credit

The AP English Literature and Composition course is aligned with introductory, college-level literary analysis and writing. Students are engaged in various forms of writing opportunities, including reading response journals, reaction writing, timed writings,

expository/argumentative writings, critical analyses, and additional creative writing. This course allows students to read a mixture of British, American, and World Literature. The readings engage students in the study of major authors, periods, genres, and themes—with a focus on drama, fiction, poetry, and prose. Students will be expected to closely read selections and examine the use of language, structure, style, and theme, as well as smaller elements like figurative language, imagery, symbolism, tone, attitude, diction, and mood and analyze how it affects a literary work.

MATHEMATICS

ALGEBRA I

Service ID: 03100500

Grade Level: 9

Prerequisite(s): None

Credit: 1 Mathematics credit

Algebra I provides students a foundation for advanced mathematics courses in high school. This course focuses on algebraic thinking and symbolic reasoning that can be used to generalize mathematical situations; the relationship between equations and functions, and function concepts; representations, tools, and technology for expressing functions; and equations and the underlying mathematical processes of Algebra. Preparation for the Algebra I STAAR EOC is an integral part of this course.

Honors ALGEBRA I

Grade Level: 9

Prerequisite(s): None, approval needed

Credit: 1 Mathematics credit

This course will address the same objectives as Algebra I, as well as prepare students for future honors classes. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of mathematical concepts that are necessary for college and career readiness. Preparation for the Algebra I STAAR EOC is an integral part of this course.

GEOMETRY

Service ID: 03100700

Grade Level: 9-10

Prerequisite(s): None

Credit: 1 Mathematics credit

Geometry provides students the opportunity to study concepts and skills involving the language of geometry (points, lines, planes and angles), reasoning and proofs (paragraph, two column, flow, indirect, and coordinate), parallel and perpendicular lines, congruent triangles, applications of congruent triangles, quadrilaterals, similarity, right triangles and trigonometry, circles, polygons and area, surface area and volume, coordinate geometry, and

transformations. Students will connect algebraic concepts to geometric ideals and real-world applications.

Honors GEOMETRY

Grade Level: 9-10

Prerequisite(s): None, approval needed

Credit: 1 Mathematics credit

This course will address the same objectives as Geometry, as well as prepare students for future honors classes. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of mathematical concepts that are necessary for college and career readiness.

ALGEBRA II

Service ID: 03100600

Grade Level: 10-12

Prerequisite(s): Algebra I

Credit: 1 Mathematics credit

Algebra II allows students to build on knowledge and skills learned in Algebra I and Geometry. Students will further their study of quadratic functions, exponential functions, and systems of equations, as well as study logarithmic, square root, cubic, cube root, absolute value, rational functions, and their related equations. Connections between functions and their inverses and associated equations and solutions will be made mathematically and applied to real-world situations.

Honors ALGEBRA II

Grade Level: 10-12

Prerequisite(s): Algebra I, approval needed

Credit: 1 Mathematics credit

This course will address the same objectives as Algebra II, as well as prepare students for future advanced level courses such as Pre-Calculus and College Math. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of mathematical concepts that are necessary for college and career readiness.

ALGEBRAIC REASONING/COLLEGE PREP MATH (TEXAS COLLEGE BRIDGE)

SERVICE ID: 03102540/CP111200

Grade Level: 10-12

Prerequisite(s): Algebra I

Credit: 1 Mathematics credit

In Algebraic Reasoning, students will build on the knowledge and skills for mathematics in Kindergarten-Grade 8 and Algebra I, continue with the development of mathematical reasoning related to algebraic understandings and processes, and deepen a foundation for studies in subsequent mathematics courses. Students will broaden their knowledge of functions and relationships, including linear, quadratic, square root, rational, cubic, cube root, exponential, absolute value, and logarithmic functions. Students will study these functions through analysis and application that includes explorations of patterns and structure, number

and algebraic methods, and modeling from data using tools that build workforce and college readiness such as probes, measurement tools, and software tools, including spreadsheets.

TEXAS COLLEGE BRIDGE is designed to help students reach the required CCMR benchmark in English and math. Each course uses PEIMS assigned course names and numbers, and upon successful completion, students can earn credit for the college prep course as well as a CCMR indicator for A-F accountability.

PRE-CALCULUS

Service ID: 03101100

Grade Level: 11-12

Prerequisite(s): Algebra I, Geometry & Algebra II

Credit: 1 Mathematics credit

In Pre-Calculus, the student will explore advanced mathematical concepts. The course will include a study of the properties and applications of circular and trigonometric functions; Cartesian and polar coordinates; vectors; conic sections; advanced properties of points, lines and planes; functions and matrices will be considered. The course will conclude with an introduction to integral and differential calculus. Logic and analytic thinking will be emphasized. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of mathematical concepts that are necessary for college level mathematics courses.

SCIENCE

BIOLOGY

Service ID: 03010200

Grade Level: 9

Prerequisite(s): None

Credit: 1 Science credit

Biology includes useful terms, vocabulary, facts, basic laws, and theories of living organisms. It also develops an understanding of the relationships of man to his environment, of one organism to another, of structures to their functions, and of biological laws and principals to their applications. Biology provides extensive individual laboratory experiences. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

Honors BIOLOGY

Grade Level: 9

Prerequisite(s): None, approval needed

Credit: 1 Science credit

This course will address the same objectives as Biology, as well as prepare students for future advanced level science courses. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of scientific concepts that are

necessary for college and career readiness. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

INTEGRATED PHYSICS AND CHEMISTRY

Service ID: 03060201

Grade Level: 9-10

Prerequisite(s): none

Credit: 1 Science credit

IPC is the foundational study of chemistry and physics concepts, which includes the study of the relationship between matter and energy, the study of actions and reactions, atomic structure, physical laws and chemical processes. Laboratory work and demonstrations are performed in this class to improve ability to distinguish experimental facts from theoretical concepts. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

CHEMISTRY

Service ID: 03040000

Grade Level: 10-11

Prerequisite(s): Biology & Algebra I

Credit: 1 Science credit

Chemistry is an introduction to the study of the properties and changes in matter. Students will study the characteristics and classification of matter, use of the Periodic Table, development of atomic theory and structure, the mole, chemical bonding, nomenclature, chemical stoichiometry, gas laws, solution chemistry, thermochemistry, and nuclear chemistry. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

Honors CHEMISTRY

Grade Level: 10-11

Prerequisite(s): Biology, Algebra I, approval needed

Credit: 1 Science credit

This course will address the same objectives as Chemistry, as well as prepare students for future advanced level science courses. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of scientific concepts that are necessary for college and career readiness. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

PHYSICS

Service ID: 03050000

Grade Level: 11-12

Prerequisite(s): Algebra I

Credit: 1 Science credit

Physics is a course designed to give students the opportunity to study concepts in the area of physical science. Students will learn about the interactions of matter and energy, velocity, accelerations, force, energy, momentum, and charge. This course requires students to

engage in thinking about physical relationships thoroughly, such as consequences of a physical interaction, and experimenting and interpreting the results of a physical interaction, as well as develop a basic knowledge of the structure of matter and the nature of energy. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

ANATOMY & PHYSIOLOGY

Service ID: 13020600 (1 credit)

Grade Level: 11-12

Prerequisite(s): Biology and one additional science course, approval needed

Credit: 1 Science credit

A&P is the study of the structure and function of the human body. This course is designed to prepare students for careers in the Health Science field. Students will investigate the body's responses to forces, maintenance of homeostasis, electrical interactions, transport systems, and energy systems. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of scientific concepts that are necessary for college and career readiness. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

ENVIRONMENTAL SYSTEMS

Service ID: 03020000

Grade Level: 11-12

Prerequisite(s): Biology & Physics or IPC

Credit: 1 Science credit

Environmental Systems is a course that extends on life and physical science topics, including factors in habitats; ecosystems and biomes; interrelationships among resources and an environment system; sources of energy through an environmental system; relationship between carrying capacity and changes in populations; and changes in environments. Students will make predictions and examine alternative solutions to environmental issues of today. This course includes at least 40% laboratory investigation and fieldwork using appropriate scientific inquiry.

FORENSIC SCIENCE

Service ID: 13029500 (1 credit)

Grade Level: 11-12

Prerequisite(s): Biology & Chemistry

Credit: 1 Science credit

Forensic science is a course that uses a structured and scientific approach to the investigation of crimes of assault, abuse and neglect, domestic violence, accidental death, homicide, and psychology of criminal behavior. Students will learn terminology and investigative procedures related to crime scene, questioning, interviewing, criminal behavior characteristics, truth detection, and scientific procedures to solve crimes, as well as the history, legal aspects, and career options for forensic science. The student, for at least 40% of instructional time, conducts laboratory and field investigations using safe, environmentally appropriate, and ethical practices. These investigations must involve actively obtaining and analyzing data with physical equipment, but may also involve experimentation in a simulated environment as well as field observations that extend beyond the classroom.

FOOD SCIENCE

Service ID: 13023000 (1 credit)

Grade Placement: 11–12 Credit:

Prerequisites: Three units of science, including Chemistry and Biology.

In Food Science students conduct laboratory and field investigations, use scientific methods during investigations, and make informed decisions using critical thinking and scientific problem solving. Food Science is the study of the nature of foods, the causes of deterioration in food products, the principles underlying food processing, and the improvement of foods for the consuming public.

SOCIAL STUDIES

WORLD GEOGRAPHY STUDIES/HONORS WORLD GEOGRAPHY STUDIES

Service ID: 033201100

Grade Level: 9

Credit: 1 Science credit

Students in World Geography Studies examine people, places, and environments at local, regional, national, and international scales from the spatial and ecological perspectives of geography. Students describe the influence of geography on events of the past and present with emphasis on contemporary issues. A significant portion of the course centers around the physical processes that shape patterns in the physical environment; the characteristics of major landforms, climates, and ecosystems and their interrelationships; the political, economic, and social processes that shape cultural patterns of regions; types and patterns of settlement; the distribution and movement of the world population; relationships among people, places, and environments; and the concept of region.

WORLD HISTORY STUDIES

Service ID: 03340400

Grade Level: 10

Prerequisite(s): None

Credit: 1 Social Studies credit

World History is a global study of humankind's achievements from the beginning of written records to the present. Special emphasis is given to cultural patterns that have arisen as a result of the interrelation of geographic, social, economic and political factors, specifically since the 17th century. Attention to current world affairs is provided in an attempt to understand the past in terms of present-day forces and problems.

Honors WORLD HISTORY STUDIES

Grade Level: 10

Prerequisite(s): None, approval needed

Credit: 1 Social Studies credit

This course will address the same objectives as World History Studies, as well as prepare students for future advanced level social studies courses. Students will be required to utilize higher-level thinking skills while constructing in-depth understanding of social studies concepts that are necessary for college and career readiness.

UNITED STATES HISTORY

Service ID: 03340100

Grade Level: 11

Prerequisite(s): None

Credit: 1 Social Studies credit

U.S. History covers the time and events between 1877 and the present.
