SUBJECT: Self – Funded Health Insurance Benchmark and Performance Review

PRESENTER: Sylvia Cruz, Executive Director for Business and Finance

BACKGROUND INFORMATION

This report provides a comprehensive benchmark and performance review of Mission Consolidated Independent School District's (CISD) self-funded health insurance plan, comparing it to regional ISDs and identifying key cost drivers and utilization trends.

Mission CISD offers three medical plans through Blue Cross Blue Shield of Texas, featuring deductibles ranging from $750 to $3,000 and competitive copays. Overall, the district's plan designs compare favorably against Region 1 ISD benchmarks, with lower deductibles and pharmacy copays. The average base plan deductible is $2,000, with a coinsurance of 20%, both lower than regional averages.

From March 2024 to February 2025, the district experienced a 12.1% increase in total medical claims paid, reaching $17.7 million. However, its paid PMPM ($484.44) remained 20.5% below the benchmark ($609.43), demonstrating cost efficiency. Pharmacy and outpatient services were the highest-cost categories, at $149.41 and $130.24 PMPM, respectively. High-cost claimants—51 members—accounted for 40.1% of total spend, a figure slightly below the benchmark of 48.6%.

Despite a slight decrease in membership (−3.3%), the fund remained financially strong, with an operating surplus of $2.05 million and a year-to-date net position of $5.13 million. Enhanced in-network utilization (100%) and improved discount rates contributed to this performance. However, significant cost increases in categories like musculoskeletal (84.3%) and neoplasms (33.4%) underscore the need for targeted management strategies.

Overall, Mission CISD's self-funded health plan remains sustainable and fiscally sound, outperforming regional peers in key financial and utilization metrics while identifying areas for continued health management focus.

v. 5/2025

SUBJECT: Approval of the Optional Flexible School Day Program

PRESENTER: Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction

BACKGROUND INFORMATION

The Optional Flexible School Day Program (OFSDP) is an alternate method of attendance accounting, allowing flexible hours and days of attendance for students who have dropped out of school or are at-risk of dropping out of school. A student attending an OFSDP under the TEC, §29.0822, may be counted in average daily attendance (ADA) for purposes of funding under the TEC, Chapters 46, 48, and 49, only for the actual number of contact hours the student receives, not to exceed 720 hours or 43,200 minutes per 12-month period. Students enrolled in the traditional program for part of the year and the OFSDP program for part of the year may not earn more than one ADA**.**

The district has been using the OFSDP program since 2011 for high school students and since 2021 for kinder through 12th grade to recover days of attendance. Administration is recommending using the Optional Flexible School Day Program for all eligible at-risk students in Kinder through 12th grades who as a result of attendance requirements under the TEC, §25.092, will be denied credit or a final grade for one or more classes in which the student has been enrolled.

ADMINISTRATIVE CONSIDERATIONS

Approval of the Optional Flexible School Day Program for Kinder-12th grade at-risk students. The district is required to maintain progress reports based upon pre-determined criteria including demographic data and student graduation and progress, which is required to be submitted to the commissioner of education should it be requested.

Texas Education Agency

APPLICATION

Updated May 2025

Optional Flexible School Day Program (OFSDP)

2025-2026 **School Year**

ELIGIBLE APPLICANTS: The Texas Education Agency (TEA) will make available to eligible school districts and open-enrollment charter schools an application form that must be completed and submitted annually to the TEA for approval.

Board Workshop: June 4, 2025
Board Meeting: June 18, 2025

Definition of Program Provisions

Eligible Students

A student in any grade level is eligible to participate in an OFSDP authorized under the TEC, §29.0822, if the student is:

- at risk of dropping out of school, as defined by the TEC, §29.081,
- attending a campus implementing an approved innovative campus plan,
- attending a TEA-designated ECHS as defined by the TEC, §29.908, P-TECH, or ICIA,
- attending a community-based dropout recovery education program, as defined by the TEC, §29.081(e-1) or (e-2), or
- not meeting attendance requirements under the TEC, §25.092, resulting in denied credit for one or more classes in which the student has been enrolled.

AND

There must be an agreement in writing to the student's participation:

- by the student, if the student is over 18 years of age; or
- by the student and the student's parent or person standing in parental relation to the student, if the student is less than 18 years of age and not emancipated by marriage or court order.

Board Approval

The board of trustees of a school district must include the OFSDP as an item on a regular agenda for a board meeting. The board of trustees of a school district must discuss the progress of the program before approving the program and applying to operate an OFSDP (see Appendix Two). Please note that, pursuant to TAC 129.1027, a progress report for OFSDP may be required to be included in subsequent annual applications starting the 2026-2027 school year.

Attendance Credit

A student attending an OFSDP under the TEC, §29.0822, may be counted in average daily attendance (ADA) for purposes of funding under the TEC, Chapters 46, 48, and 49, only for the actual number of contact hours the student receives, not to exceed 720 hours or 43,200 minutes per 12-month period. **Students enrolled in the traditional program for part of the year and the OFSDP program for part of the year may not earn more than one ADA.**

Assessment

The student must take the required state assessments specified under the TEC, §39.023, during the regularly scheduled assessment calendar.

Continuation or Revocation of Program Authorization

Applications are approved for a period of one (1) school year. Continuation of the approval for the OFSDP will be contingent on the demonstrated success of the program. Determination of success will include a review and analysis of data provided in the mandatory final progress report(s). The commissioner of education may revoke authorization for participation in the OFSDP after consideration of relevant factors, including performance of students participating in the program on assessment instruments required under the TEC, Chapter 39; the percentage of students participating in the program who graduate from high school; and other criteria agreed to in the application and adopted by the commissioner of education. A decision to revoke approval of the program by the commissioner of education is final and may not be appealed.

Reporting Requirements

Following approval of the application, the applicant may be required to submit progress reports based on criteria selected by the applicant and agreed to by the commissioner. When requested, reports will require applicants to disclose the overall progress of the students in the program, the number of students enrolled in the program (disaggregated by ethnicity, age, gender, and socioeconomic status), the number of students graduating from high school (disaggregated by ethnicity, age, gender, and socioeconomic status), and additional criteria selected by the applicant and agreed to by the commissioner. The TEA will provide notice to applicants and additional instructions for completion of reports at least 45 days before the date a report is due, or as soon as possible, in order to give school districts and charter schools adequate time to prepare and submit the reports to the TEA. The TEA may request additional reports as necessary to monitor and assess the progress of students participating in the program.

Participation in University Interscholastic League (UIL)

A student enrolled in an OFSDP under the TEC, §29.0822, may participate in a competition or other activity sanctioned or conducted under the authority of the University Interscholastic League (UIL) only if he or she meets all UIL eligibility criteria.

June 18, 2025

Expected Start Date of OFSDP: August 18, 2025

1. **Program Goals:** The goals of Mission CISD's Optional Flexible School Day Program is to ensure students at-risk of dropping out of school are afforded every opportunity to graduate on time by ensuring they do not get behind in school credits due to not being able to meet attendance.

   Program Objectives: All at-risk students will have every opportunity to learn the required curriculum, earn all their credits, and meet attendance requirements for promotion to the next grade level and graduate on time with their cohort.

2. **Proposed Schedule:** In addition to regular school hours, students in OFSDP may continue in school for extended hours such as, but not limited to 7:00 p.m. from Monday-Friday, and on Saturday from approximately 8:00 a.m. to 3:00 p.m. Students needing to continue to earn credits will have the opportunity to be served in the district's summer school program, so they are able to earn their credits and be promoted.

3. **Outline of Staff Positions and Resource Personnel:** All students in OFSDP will be served by a certified teacher at the same ratio as regular school participants (22:1 from K-4th grade, 25:1 for 5th Grade, and up to 32 students in secondary grades 6th-12th). An administrator and/or a counselor will be available during times students are served in extended hours and on Saturdays. Students must attend a minimum of 45 minutes on any given day for OFSDP instructional contact minutes to be recorded. In addition, students receiving services through special programs will be served by certified teachers with the appropriate credentials. Campuses will determine the days of the week and the extended hours that best meet the needs of the at-risk students being served with the requirement that students are able to be in attendance for at least 45 minutes, and are served by a certified teacher credentialed to meet the individualized learning needs of students (i.e. Bilingual/ESL, Special Education). In addition, the program will be under the supervision of a campus administrator and/or counselor. Generally, each campus will be able to extend hours until 7:00 p.m. and on Saturdays from 8:00 a.m. to 3:00 p.m. However, if a group of students needs to work until 8:00 p.m., and the appropriately certified teachers/administrator are able to work, the needs of the students will be accommodated.

4. **Procedures for identifying students and obtaining consent:** Each campus will coordinate meetings with parents of students (or the student if the student is 18 years of age or emancipated) identified at risk through the Public Education Information Management System to inform them of the benefits of participating in the Optional Flexible School Day Program. Questions will be answered and parental consent to participate in OFSDP will be obtained. Documentation is through the district's student information system and as described later in Appendix 3.

5. **Number of OFSDP students served by teacher:** Each teacher will serve approximately 22-25 students, depending on student need for OFSDP.

6. **Special Programs:** Services through Special Education, Career and Technology Education, Pregnancy Related Services, and Bilingual/ESL are provided for students who are identified for these services.

Special Education services are provided by highly qualified, certified teachers in special education; they will serve the respective students through the inclusion model as per the student's individual education plan.

Bilingual services are provided by the certified Bilingual/ESL teachers implementing the K-5th grade Dual Language Program and the 6th-12th Grade Sheltered Instructional Observation Protocol (SIOP) Model throughout the instructional day. The bilingual department also provides resources and support to the teachers and students.

Career and Technology Education (CTE) course recruitment is offered to all students in 7th-12th grades, so all students are encouraged to graduate with the Foundation High School Program with Endorsement (FHSP-E). In addition, CTE certificates and certifications are provided to 9th-12th grade students meeting the criteria for certifications through programs offered through partnerships. CTE certified teachers are hired to serve participating students in OFSDP.

The Teen Pregnancy and Parenting teacher serves students on a weekly basis, which will continue with the OFSDP.

The services provided to students in regular ADA attendance are afforded and provided to students participating in the Optional Flexible School Day Program. If students receiving pregnancy related services are placed on Compensatory Education Home Instruction (CEHI), then they will be removed from the OFSDP attendance accounting process.

7. **OFSDP Teacher of Record Instructional Time Records, including limiting summer attendance to only time needed to recover class credit:**

a. Upon receiving written consent from the student and the student's parents or guardian (if the student is under the age of consent), the teacher of record records the student's instructional contact time upon the student's arrival to class and departure from class, beginning with the student's first day of OFSDP participation. The teacher of record calculates the number of minutes the student is in attendance on a daily basis.
b. Students who did not attend a minimum of 45 minutes will be noted, so the minutes are not calculated into the OFSDP for funding. On a weekly basis, the campus administrators review each student's eligibility to ensure the minimum 45 minutes/day in attendance is met; for students not meeting the 45 minutes, the minutes are not reported for funding.
c. Students will NOT receive more than 10,800 minutes per course of instruction. Moreover, students will not be enrolled in both OFSDP and traditional programs simultaneously.
d. Should a student be enrolled in OFSDP, the student's attendance will no longer be recorded through traditional program attendance, but will be recorded and reported through the OFSDP (42401) Special Programs Reporting Period Attendance Extension.
e. In addition, a log of program instructional contact time is separately maintained on the district's Student Information System (SIS) for each student participating in the OFSDP. The student's teacher of record records the daily OFSDP contact minutes in compliance with the 45-minute minimum time requirement; the precise contact time is entered on the student's individual log as well as entered into the district's student information system through an "entry" log-in screen and an "exit" log-in screen. Actual contact minute reports are generated daily so the OFSDP teacher of record may print, sign, and date the OFSDP Daily Contact Register Form. In addition, reports are generated weekly, and signed by the OFSDP teacher of record for documentation purposes.
f. As needed, reports may also be generated on a monthly basis as well as for specified time periods, particularly each grading period; these reports include student information, contact minutes for the specified time period and demographic data.

OFSDP records are verified through a cross-reference audit at each campus. The daily report forms are submitted to the campus attendance clerk to be kept on file; the attendance clerk prints weekly reports to cross-reference the daily report forms with the "entry" and "exit" logs. At the end of the school year, all attendance records including the daily log of program instructional contact time, attendance records signed by the OFSDP teachers of record, and verified weekly and monthly reports are submitted to the Student Information Systems Department to be stored and archived for seven years.

Reports will be generated to verify and cross-check for compliance. The district and campus will apply the following formula to determine the maximum OFSDP minutes a student is eligible: Calendar School Days – Traditional Days Present x 240).

In addition to Entry/Exit logs entered by the teacher, to ensure attendance practices and records comply with the Student Attendance Accounting Handbook, assigned teachers enter times daily. They log into the student information system using personal logs-ins and passwords to record assigned student data to ensure secure and accurate data. Each assigned teacher provides a signature to secure data authenticity.

For each reporting period, Information Systems generates a report for cross-checking with the campus. The Student Detail Audit reports for OFSDP are reviewed and certified by the assigned teachers and program administrator each grading period; the assigned teachers and program administrator provide signatures verifying they have cross-checked, reviewed, and certify the accuracy of the reports.

Prior to the beginning of summer school, each student's attendance report is generated and monitored to ensure additional minutes are not reported for funding. While attending summer school OFSDP, minutes calculated for OFSDP will be limited only to the time needed for students to recover class credit, not to exceed the 90% attendance requirement for earning credit.

8. **The summer school teacher of record** will be provided with the list of OFSDP students identifying the number of minutes for OFSDP that are available to each student for the summer program to recover credit. The teacher will record the daily OFSDP contact minutes in compliance with the 45-minute minimum time requirement; the precise contact time is entered on the student's individual log as well as entered into the district's student information system through an "entry" log-in screen and an "exit" log-in screen. Actual contact minute reports are generated daily so the OFSDP teacher of record may print, sign, and date the OFSDP Daily Contact Register Form. Only the allowable minutes for each student to receive credit within the 90% rule will be calculated for OFSDP attendance.

9. The district will not offer a dropout recovery program.

10. The district will not offer a dropout recovery program.

PREFACE

To Students and Parents:

Welcome to the 2025-2026 school year. For this new year to be successful for your child, we must all work together. This student handbook is designed to help us do this.

The Mission CISD Student Handbook contains information needed by both students and parents during the school year. The Handbook is divided into three sections:

- The first section (pages 3-34) contains **School-Related Information**, operations and requirements organized alphabetically by topic.
- The second section (pages 36-65) contains the **Student Code of Conduct**.
- The third section (pages 66-73) contains the **Acceptable Use Guidelines for Internet/Extranet System** with Parent Information Letter.

When the Handbook uses "we" or "our," it means the school District and/or school administrators. When the Handbook uses "you" or "your," it means the parent, legal guardian, or person who has accepted responsibility for a student, at least in regard to school matters. From time to time, the Handbook will use more general terms, such as "parents" and "school officials." Regardless of the particular terminology, our intention is to speak directly to you as the adults who are responsible for working with us, the school officials, to make your children's experience with the Mission CISD public schools a positive educational experience.

The Student Handbook has been developed by school District administrators. The content is reviewed by the Board of Trustees and is intended to be consistent with formally adopted School Board policies. If there is an apparent contradiction between information in the Handbook and a formally adopted Board policy, the school administration will interpret the Handbook in a way that is consistent with policy and may request guidance from the Board of Trustees.

The Student Handbook is not a contract between the school and parents or students. It can be amended at any time at the discretion of the school district. If the district makes changes to the Handbook during a school year, the administration of the district and the campus will communicate those changes in ways that are designed to inform parents and students of the new or revised information.

We strongly recommend that parents review the entire handbook with their children and keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact your child's campus principal, teacher or counselor. The inside front cover contains campus phone numbers and the inside back cover contains helpful District Contacts including department names and phone numbers for your assistance. A copy of the District's policy manual is available in hard copy at Central Office by contacting Dimitra Trejo, Director for Public Relations at 323-5530 or on-line at www.tasb.org/policy/pol/private/108908 or at the Mission CISD website at www.mcisd.net.

Thank you for your attention to your child's education. We look forward to the success of the coming year.

ADMISSIONS
A student seeking enrollment in the District for the first time, or who is transferring in from another school district, must begin the enrollment process at the campus the student is zoned to attend. Questions regarding admissions and/or attendance zones are to be directed to the Manager for PEIMS and Student Services at 956-323-5578.

ASBESTOS MANAGEMENT PLAN
The District's Asbestos Management Plan, designed to follow state and federal regulations, is available in the Maintenance Department office. If you have any questions, please contact the Maintenance Department at 956-323-8960.

ATTENDANCE
Regular school attendance is essential for the student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are outlined in the following sections:

Compulsory Attendance
The state compulsory attendance law requires that a student who is at least 6 years of age and who has not yet reached his or her nineteenth birthday must attend school and District-required tutorial sessions unless the student is otherwise legally exempted or excused. A student who voluntarily attends or enrolls after his or her nineteenth birthday is required to attend each school day. However, if a student who voluntarily enrolls after his or her nineteenth birthday has more than five unexcused absences in a semester, the District may revoke the student's enrollment. The student's presence on school property thereafter is then unauthorized and may be considered trespass.

On enrollment in prekindergarten or kindergarten, a child shall attend school. Pre-K and kinder students are subject to compulsory school attendance rules while they are enrolled in school. However, if the child has not reached mandatory compulsory attendance age (six years old as of September 1 of the current school year) the parent/guardian may withdraw the student from school and the child will no longer be in violation of compulsory attendance rules.

School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, such as basic skills for ninth graders, or from required tutorials will be considered truant and subject to disciplinary action.

Truancy
To ensure your child receives the best education possible, attendance is of utmost importance. House Bill 2398, passed during the 84th Texas Legislative Session, enacted changes to the state's school attendance laws. As of this school year, after the third unexcused absence within a four- week period, the parent is issued a warning notice that the student is subject to truancy prevention measures (TEC §25.095); the parent must be informed: 1) of the student's absence; 2) of the parent's duty to monitor the student's school attendance and require the student to attend school; and 3) that the student is subject to truancy prevention measures. The school district must request a conference between school officials and the parent to discuss absences. The District Truancy Prevention Measure is implemented to include: 1) a behavior improvement plan; 2) school-based community service [i.e., behavior contract, parenting programs/meetings, drug awareness programs, afterschool tutoring; bullying/harassment counseling, etc.] and/or 3) counseling, mediation, mentoring, teen court, or other in-school or out-of-school services aimed at addressing the truant behavior.

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period, the student shall be referred to truancy court within 10 school days of the student's 10th absence. Students ages 12 to 18 may be referred to truancy court.

Exemptions to Compulsory Attendance
State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Is enrolled in and attending off-campus dual credit program courses and is not scheduled to be on campus during any part of the school day.
- Is participating in an off-campus work-based learning opportunity and is not scheduled to be on campus

during any part of the school day. Students who are participating in an off-campus work-based learning opportunity and are scheduled to be on campus during any part of the school day should have their attendance recorded while they are on campus.

- Is enrolled **full-time** in Texas Virtual School Network (TXVSN) courses. See 12.2 Texas Virtual School Network (TXVSN) for information on recording daily attendance. Students who are enrolled in one or more TXVSN courses but attend a regular campus part of the day and who are not scheduled to be on campus during the official attendance-taking time should have their attendance recorded during the part of the day they are on campus. See 3.6.2.2 Alternative Attendance-Taking Time for Certain Student Populations for instructions on how to record attendance for these students.
- Is participating in an activity that is approved by your local school board and is under the direction of a professional staff member, an adjunct staff member, or a paraprofessional staff member of your school district. The adjunct staff member must have a minimum of a bachelor's degree and be eligible for participation in the Teacher Retirement System of Texas.
- Is participating, with local school board approval, in a short-term (for example, five-day) class that is provided by the Texas School for the Blind and Visually Impaired (TSBVI) or the Texas School for the Deaf (TSD) at a location other than the student's campus. The student must not be considered in attendance for FSP purposes on any day the student is traveling between the student's district and the location of the class but is not attending class. (However, travel days may be excused for compulsory attendance purposes.
- Misses school for the purpose of observing religious holy days, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site where the student will observe the holy days. Your school district may elect to excuse additional travel days; however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Is in grades six through 12 and misses school for the purpose of playing "Taps" at a military honors funeral held in Texas for a deceased veteran.
- Misses school for the purpose of attending a required court appearance, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site where the student is required to appear in court. Your school district may elect to excuse additional travel days however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Is in the conservatorship of the DFPS and misses school: to participate in an activity ordered by a court under the Texas Family Code, Chapter 262 or Chapter 263, provided that scheduling the participation outside of school hours is not practicable or to attend an activity under a service plan under the Texas Family Code, Chapter 263, Subchapter B.
- Misses school for the purpose of serving as a student early voting clerk, if your school district has a policy allowing for this type of excused absence, or an election clerk or student election clerk. Your school district may excuse a student's absence for this purpose for a maximum of two days in a school year.
- Misses school for the purpose of appearing at a governmental office to complete paperwork required in connection with the student's application for US citizenship, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site of the governmental office. Your school district may elect to excuse additional travel days; however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Misses school for the purpose of taking part in the student's own US naturalization oath ceremony, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site of the ceremony. Your school district may elect to excuse additional travel days; however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Is temporarily absent because of a documented appointment for the student or the student's child that is with a health care professional licensed, certified, or registered to practice in the United States. A documented appointment with a health care professional includes an appointment of a student diagnosed with autism spectrum disorder with a health care practitioner to receive a generally recognized service91 for persons with that disorder. To be considered temporarily absent, the student must begin classes or

return to class on the same day of the appointment. The appointment must be supported by a document, such as a note, from the health care professional. A consultation over the phone or via (telemedicine) is considered an appointment with a health care professional. An appointment with a school nurse will not count for FSP funding as an appointment with a health care professional.

- Is absent as the result of a serious or life-threatening illness or related treatment that makes the student's attendance infeasible. Documentation from a health care professional licensed, certified, or registered to practice in Texas must be provided that specifies the student's illness and the anticipated period of the student's absence relating to the illness or related treatment.
- Is in his or her junior or senior year of high school and misses school for the purpose of visiting an institution of higher education accredited by a generally recognized accrediting organization to determine the student's interest in attending the institution. Your district must not excuse for this purpose more than two days during a student's junior year and two days during a student's senior year and must adopt a policy stating when an absence will be excused for this purpose and a procedure for verifying students' visits to institutions of higher education.
- Is 17 years of age or older and pursuing enlistment in a branch of the US uniformed services or the Texas Army National Guard. Your district must not excuse the student for this purpose for more than four days of school during the period the student is enrolled in high school and must adopt a policy stating when an absence will be excused for this purpose and a procedure for verifying the student's activities related to pursuing enlistment in a branch of the US uniformed services or the Texas Army National Guard.
- Is absent to visit with a parent, stepparent, or legal guardian who is an active duty member of the uniformed services and has been called to duty for, is on leave from, or is immediately returned from continuous deployment of at least four months outside the locality where the parent, stepparent, or guardian regularly resides. Your district is required to excuse up to five days for this purpose in a school year. An excused absence for this purpose must be taken no earlier than 60 days before the date of deployment or no later than 30 days after the date of return from deployment.
- Misses school for the purpose of visiting a driver's license office to obtain a driver's license or learner permit. The student must be enrolled in high school and 15 years of age or older. Your district may not excuse the student for more than one day of school during the period the student is enrolled in high school for each purpose (obtaining a driver's license and obtaining a learner license). Your district must verify the student's visit to the driver's license office in accordance with the procedures adopted by your district

In addition, a junior or senior student's absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who is in attendance for at least 75 percent but less than 90 percent of the days the class is offered may be given credit or a final grade for the class if the student completes a plan approved by the school's principal that provides for the student to meet the instructional requirements of the class. An attendance committee (see below) may give class credit or a final grade to a student because of extenuating circumstances. Alternative ways for students to make up work or regain credit lost because of absences are established by the Board and must include at least one option that does not require a student to pay a fee. The availability of such option must be substantially the same as the availability of the educational program for which the District may charge a fee. [See policy FP] The attendance committee shall adhere to the following guidelines to determine attendance for award of credit or a final grade:

- All absences will be considered in determining whether a student has attended the required percentage of days. If make-up work is completed satisfactorily, excused absences that are allowed under compulsory attendance requirements shall be considered days of attendance for this purpose. [See policy FEA(LEGAL)]
- A transfer or migrant student incurs absences only after his or her enrollment in the District. For a student transferring into the District after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.

- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or be awarded a final grade.
- The committee may impose any of the following conditions for students with excessive absences to regain credit or be awarded a final grade:
    - Completing additional assignments, as specified by the committee or teacher.
    - Attending tutorial sessions as scheduled, which may include Saturday classes or before- and after-school programs.
    - Maintaining the attendance standards for the rest of the semester.
    - Taking an examination to earn credit. [See policy EHDB]
    - Attending a flexible school day program.
    - Attending summer school.

In all cases, the student must also earn a passing grade in order to receive credit.

The student or parent may appeal the committee's decision to the District's Board of Trustees in accordance with policy FNG(LOCAL).

Absences

When a student is absent from school, the student – upon returning to school – must, within five days, bring a note, signed by the parent, which describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older. Students absent for five (5) or more consecutive days for personal illness need to bring a note from a physician or health clinic. [See policy FEC(LOCAL)] Out of School Suspension (OSS) absences will be considered absences for purposes of perfect attendance.

A student absent from school for any reason, other than for a documented health care appointment, will not be allowed to participate in school- related activities on that day or evening. A student who must leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse or campus staff will notify the student's parent should it be determined that the student should be sent home. Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

To be considered temporarily absent, the student must begin classes or return to class on the same day of the appointment. The appointment must be supported by a document, such as a note, from the health care professional.

Questions regarding absences in any given academic school year should be addressed before the beginning of the next academic school year. Discrepancies in absences not addressed before the beginning of the next academic school year will not be considered.

Driver's License Attendance Verification

To obtain a driver's license, a student between the ages of 16 and 18 must annually provide to the Texas Department of Public Safety a form obtained from the school verifying that the student has met the 90 percent attendance requirement for the semester preceding the date of application. The student can obtain this form at the high school of attendance campus office.

BULLYING (INCLUDING CYBERBULLYING) / DAVID'S LAW

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or

- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

Procedures for Reporting Allegations of Bullying

The district is required to adopt policies and procedures regarding bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property; bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student's educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity. Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent, orally or in writing, to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying. Any retaliation against a student who reports an incident of bullying is prohibited. Upon the recommendation of the administration, the Board may in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parents, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. More information about the District's bullying policy can be found in Board Policy FFI(LOCAL) on the website or at the Central Administration Office.

A student or other may anonymously report an alleged incident of bullying by calling or texting 1-206-406-6485 or www.stayalert.info or emailing report@stayalert.info.

BULLYING PREVENITION (TEA)

Mission CISD adheres to bullying prevention policies and procedures for bullying as determined by Texas Education Code (TEC), §37.0832 are:

(1) ensure and appropriately integrate into instruction research-based content designed to reduce bullying for students in that age group, which are:

a. for students in early primary:
   i. explicit direct instruction designed so students can recognize bullying, including cyberbullying, behaviors, and how to report them;
   ii. age-appropriate classroom culture-building discussions that encourage peers to intervene when they observe bullying occur; and
   iii. explicit direct instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an immutable trait;

b. for students in secondary:
   i. explicit direct instruction on the brain's neuroplasticity so the student recognizes bullying, including cyberbullying, the behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an immutable trait; and
   ii. classroom-culture or school-culture-building discussions that portray bullying as

undesirable behavior and means for attaining or maintaining social status in school, and to dissuade students from using bullying as a tool for reputation management;

iii. explicit direct instruction is designed so students recognize the role reporting plays in promoting a safe school community

(2) define how positive school culture and building healthy relationships between students and staff will be measured in alignment with the school and LEA's mission, vision, and values, using an age-appropriate survey that includes relevant questions on bullying, including cyberbullying, that includes appropriate privacy controls in compliance with the Family Educational Rights and Privacy Act (FERPA, 20 U.S.C. § 1232g), and define who is responsible to develop and oversee the implementation of action plans based on the results that address student concerns regarding bullying, including cyberbullying;

(3) require each LEA campus to establish a committee, which must include parents and secondary level students and may be incorporated into an existing committee that otherwise meets the requirements of these minimum standards, to address bullying by focusing on prevention efforts and health and wellness initiatives;

(4) develop a policy for the reporting of bullying, including cyberbullying, incidents:

a. the policy must outline an easy mechanism(s) for reporting bullying, including cyberbullying, incidents both anonymously and identifiable by students and staff to an appropriate campus staff member(s)

b. the policy should recognize that, while one or more staff members may be designated, students are encouraged to report incidents of bullying to any trusted staff member, and that any staff member aware of such incidents must relay any reports to the appropriate designated staff member(s); and

c. the policy should provide for a tracking mechanism to allow for LEA-level staff to periodically monitor the reported counts of bullying incidents, and that declines in the count of bullying incidents may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents;

(5) provide support for research-based interventions taken both for the students who engage in bullying behaviors and the students who were targeted by the bullying behaviors;

(6) include a rubric or checklist to assess an incident of bullying and to determine the LEA's response to the incident.

(7) in connection with the policy in subsection 4 and the rubric/checklist in subsection 6 any actions taken in response to bullying, including cyberbullying, must comply with state and federal law regarding students with disabilities.

CELLULAR PHONES AND OTHER TELECOMMUNICATIONS DEVICES OR AUDIO OR OTHER ENTERTAINMENT DEVICES

Unless specifically permitted by District- or campus-level administration, the District prohibits students from using or publicly displaying cellular telephones or other telecommunication devices before the last bell at the end of the school day. The District also prohibits using or publicly displaying audio or other entertainment devices at any time. For consequences regarding violation of the use of these items, see the Student Code of Conduct, page 42, of this booklet.

The District will not be responsible for damaged, lost or stolen telecommunications devices.

CHANGE OF ADDRESS AND TELEPHONE NUMBER

A student's home campus must be notified immediately of any change of address and telephone number where the student resides or where mail is sent concerning the student. If a student moves out of the District, the student's campus must be notified immediately.

CHILD NUTRITION PROGRAM (CNP) (Food Services)

Mission CISD, Child Nutrition participates in the National School Lunch Program (NSLP), the School Breakfast (SB) Program, the CACFP At-Risk Supper Program, and the Summer Seamless Option (SSO) summer meal program. Mission CISD is a Community Eligibility Provision (CEP) approved district. All MCISD students receive breakfast, lunch and supper at no charge. Interactive program menus and nutritional analysis may be accessed through the Child Nutrition Program web page under MCISD website. Students and parents may sign up on the CNP website to receive monthly menus via email. Menus are posted in each campus front office and/or in each classroom.

Mission CISD CNP follows all state and federal nutritional guidelines, and the Mission CISD Wellness Policy. Further information may be found on the Mission CISD website, on the CNP web pages. The CNP office is located at 1202 W. Griffin Parkway. Information regarding this program may be obtained from the Child Nutrition Program Director at 956-323-3800.

CLOSED CAMPUS

All District schools have been designated as closed campuses. Students are not permitted to leave their campus during regular school hours, unless they are accompanied by their parents, legal guardians or designees of record.

COMMUNICABLE DISEASES / CONDITIONS

To protect other students from contagious illnesses/conditions, students infected with certain diseases/conditions are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease/condition, the parent should contact the school nurse or principal so that other students who might have been exposed can be alerted. The school nurse or the principal's office can provide information from the Texas Department of Health regarding these diseases.

Parents of a student with a communicable or contagious disease/condition should phone the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Among the more common of these diseases are the following:

- Amebiasis
- Campylobacteriosis
- Scabies
- Chicken Pox
- Common Cold w/fever
- COVID-19
- Fifth Disease
- Gastroenteritis, Viral
- German Measles (Rubella)
- Giardiasis
- Hepatitis
- Impetigo
- Infectious Mononucleosis
- **Influenza**
- Measles (Rubeola)
- Meningitis, Bacterial
- Mumps
- Pinkeye (Conjunctivitis)
- Ringworm
- Salmonellosis
- Shigellosis
- Streptococcal
- Tuberculosis
- Typhoid Fever
- Whooping Cough

BACTERIAL MENINGITIS

Schools must exclude a student from attendance while the disease is contagious and until the re-admittance criteria have been met. [See policy FFAD] State law specifically requires the District to provide the following information:

WHAT IS MENINGITIS?
Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

WHAT ARE THE SYMPTOMS?
Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

HOW SERIOUS IS BACTERIAL MENINGITIS?
If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, it can be fatal or a person may be left with a permanent disability.

HOW IS BACTERIAL MENINGITIS SPREAD?
Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

HOW CAN BACTERIAL MENINGITIS BE PREVENTED?
Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause the majority of meningococcal cases in the United States. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

WHAT SHOULD YOU DO IF YOU THINK YOU OR A FRIEND MIGHT HAVE BACTERIAL MENINGITIS?
You should seek prompt medical attention.

WHERE CAN YOU GET MORE INFORMATION?
Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention, http://www.cdc.gov/, and the Texas Department of Health, http://www.dshs.texas.gov./.

QUESTIONS AND ANSWERS ABOUT METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS (MRSA) IN SCHOOLS AS PER THE CDC:

WHAT TYPE OF INFECTIONS DOES MRSA CAUSE?
In the community, most MRSA infections are skin infections that may appear as pustules or boils which often are red, swollen, painful, or have pus or other drainage. These skin infections commonly occur at sites of visible skin trauma, such as cuts and abrasions, and areas of the body covered by hair (e.g. back of neck, groin, buttock, armpit, beard area of men).

Almost all MRSA skin infections can be effectively treated by drainage of pus with or without antibiotics.

More serious infections, such as pneumonia, bloodstream infections, or bone infections, are very rare in healthy people who get MRSA skin infections.

HOW IS MRSA TRANSMITTED?
MRSA is usually transmitted by direct skin-to skin contact or contact with shared items or surfaces that have come in contact with someone else's skin infection (e.g. towels, used bandages).

IN WHAT SETTINGS DO MRSA SKIN INFECTIONS OCCUR?
MRSA skin infections can occur anywhere.

Some settings have factors that make it easier for MRSA to be transmitted.

- These factors, referred to as the 5 C's, are as follows: Crowding, frequent skin-to-skin Contact, Compromised skin (i.e., cuts or abrasions), Contaminated items and surfaces, and lack of Cleanliness.
- Locations where the 5 C's are common include schools, dormitories, military barracks, households, correctional facilities, and daycare centers.

HOW DO I PROTECT MYSELF FROM GETTING MRSA?
You can protect yourself by:

- practicing good hygiene (e.g., keeping your hands clean by washing with soap and water or using an alcohol-based hand sanitizer and showering immediately after participating in exercise);
- covering skin trauma such as abrasions or cuts with a clean dry bandage until healed;
- avoiding sharing personal items (e.g., towels, razors) that come into contact with your bare skin; and using a barrier (e.g., clothing or a towel) between your skin and shared equipment such as weight-training benches;
- maintaining a clean environment by establishing cleaning procedures for frequently touched surfaces and surfaces that come in direct contact with people's skin.

SHOULD SCHOOLS CLOSE BECAUSE OF A MRSA INFECTION?
The decision to close a school for any communicable disease should be made by school officials in consultation with local and or state public health officials. However, in most cases, it is not necessary to close schools because of an MRSA infection in a student. It is important to note that MRSA transmission can be prevented by simple measures such as hand hygiene and covering skin infections.

SHOULD THE SCHOOL BE CLOSED TO BE CLEANED OR DISINFECTED WHEN A MRSA INFECTION OCCURS?
Covering infections will greatly reduce the risks of surfaces becoming contaminated with MRSA. In general, it is not necessary to close schools to "disinfect" them when MRSA infections occur. MRSA skin infections are transmitted primarily by skin-to-skin contact and contact with surfaces that have come into contact with someone else's skin infection. When MRSA skin infections occur, cleaning and disinfection should be performed on surfaces that are likely to contact uncovered or poorly covered infections. Cleaning surfaces with detergent-based cleaners or Environmental Protection Agency (EPA) -registered disinfectants is effective at removing MRSA from the environment.

SHOULD THE ENTIRE SCHOOL COMMUNITY BE NOTIFIED OF EVERY MRSA INFECTION?
Usually, it should not be necessary to inform the entire school community about a single MRSA infection. When an MRSA infection occurs within the school population, the school nurse and school physician should determine, based on their medical judgment, whether some or all students, parents and staff should be notified. Consultation with the local public health authorities should be used to guide this decision.

SHOULD THE SCHOOL BE NOTIFIED THAT MY CHILD HAS A MRSA INFECTION?
Parents are not required to notify school officials of an MRSA infection.

SHOULD STUDENTS WITH MRSA SKIN INFECTIONS BE EXCLUDED FROM ATTENDING SCHOOL?
Unless directed by a physician, students with MRSA infections should not be excluded from attending school. Exclusion from school and sports activities should be reserved for those with wound drainage ("pus") that cannot be covered and contained with a clean, dry bandage and for those who cannot maintain good personal hygiene.

I HAVE AN MRSA SKIN INFECTION. HOW DO I PREVENT SPREADING IT TO OTHERS?
Cover your wound. Keep wounds that are draining or have pus covered with clean, dry bandages until healed. Follow your healthcare provider's instructions on proper care of the wound. Pus from infected wounds can contain staph, including MRSA, so keeping the infection covered will help prevent the spread to others. Bandages and tape can be discarded with the regular trash. Clean your hands frequently. You, your family, and others in close contact should was their hands frequently with soap and water or use an alcohol-based hand sanitizer, especially after changing the bandage or touching the infected wound. Do not share personal items. Avoid sharing personal items, such as towels, washcloths,

razors, clothing, or uniforms that may have had contact with the infected wound or bandage. Wash sheets, towels, and clothes that become soiled with water and laundry detergent. Use a dryer to dry clothes completely.

MCISD REPORTING AND OUTBREAK MANAGEMENT:

As per HCHD, Staph is not typically subject to mandatory disease reporting in Texas. If more than two staph infections occur in the same setting (classroom or office), it is possible that transmission is occurring in that setting.

MCISD Communicable Disease Guidelines state parents will be notified in writing when more than 2 communicable disease cases occur in a classroom. For more information on MRSA log onto www.cdc.gov/Features/MRSAinSchools/.

COMPLAINTS AND CONCERNS BY STUDENTS OR PARENTS

Usually student or parent complaints or concerns can be addressed simply—by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a standard complaint policy at FNG in the District's policy manual. A copy of this policy may be obtained in the principal's office or on-line at **www.tasb.org/policy/pol/private/108908** or at the Mission CISD website at **www.mcisd.net**. In general, the student or parent should first discuss the complaint with the campus principal. If unresolved, a written complaint and a request for a conference should be sent to the Superintendent. If still unresolved, the District provides for the complaint to be presented to the Board of Trustees.

COMPUTER RESOURCES

To prepare students for an increasingly computerized society, the District has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. **Students and their parents will be asked to sign a user agreement, included in this handbook, regarding use of these resource s; violations of this agreement may result in withdrawal of privileges and other disciplinary action.** Students and their parents should be aware that e-mail using District computers is not private and may be monitored by District staff. [For additional information, see policy CQ]

CONDUCT

As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior—both on and off campus—and consequences for violation of the standards. Students and parents need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. See the Student Code of Conduct, pages 36-65, for prohibited behaviors and standards of acceptable behavior. To achieve the best possible learning environment for all students, the Student Code of Conduct and other campus rules of behavior will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities. The District has disciplinary authority over a student in accordance with the Student Code of Conduct.

CORRESPONDENCE COURSES AND DISTANCE LEARNING

Texas Virtual School Network

The Superintendent or designee shall establish procedures for students to enroll in courses provided by the Texas Virtual School Network (TxVSN). Enrollment in courses through the TxVSN shall not be subject to limitations the District may impose for other distance learning courses.

Other Distance Learning

The Superintendent or designee shall establish procedures governing the use of other distance learning courses, including correspondence courses, as a means of earning credit in a subject or course. In order to receive credit, a student shall obtain approval from the principal or designee prior to enrollment in the course. For information, see the student's campus counselor or the student's principal. [For additional information, see policy EHDE]

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn about course offerings, the graduation requirements of various programs, and early graduation procedures. Each spring, students in grades 6 through 12 will be provided information on anticipated course offerings for the next year and other information that will help to make the most of academic and career opportunities. To plan for the future, including attendance at a college, university, or training school or pursuit of some other type of advanced education, students should work closely with the counselor in order to take the high school courses that best prepare them. The counselor can also provide information about entrance exams and deadlines for application, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. School counselors may seek the assistance of a Licensed Professional Counselor. As part of the MCISD's continuing effort to improve our student's educational experience, students now have free access to a MCISD Licensed Professional Counselor. Licensed professional counselors (LPCs) are master's-degreed mental health service providers with extensive training in working with individuals, families and groups to assist in treating their mental health needs. LPC's may also make available information about community resources to address any additional concerns.

Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent, unless required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports. The principal or designee, or the attendance committee, as applicable, shall have authority to offer a student the opportunity to demonstrate mastery in a subject or to earn course credit by examination when the student has had prior instruction in a subject and when:

1. The student is enrolling in the District from a non-accredited school [see FD];
2. The student has failed a subject or course; or
3. The student has earned a passing grade in a subject or course but has failed to earn credit because of excessive absences [see FEC].

Examinations shall assess the student's mastery of the essential knowledge and skills and shall be administered according to established District procedures.

Prior to offering a student an opportunity to demonstrate mastery or earn credit by this method, an appropriate District employee shall review the student's educational records to determine whether the student has had prior instruction in the subject or course. [See EHDB(LOCAL)]

CREDIT BY EXAM—If a Student Has Not Taken the Course (Without Prior Instruction)

A student will be permitted to take an exam to earn credit for an academic course for which the student has had NO PRIOR INSTRUCTION. The passing score required to earn credit on a District-approved criterion-referenced exam is 80%. If a student plans to take an exam, the student (or parent) must register with the principal or designee no later than 30 days prior to the scheduled testing date. If the District agrees to administer an alternate examination or to administer the examination on an alternate date, the parent may purchase the test from a State Board-approved university or shall pay an appropriate fee to the District. [For further information, see policy EHDC] In addition, the District shall give a student in grades 6-12 credit for an academic subject in which the student has received no prior instruction if the student scores:

1. A three or higher on a College Board advanced placement examination that has been approved by the Board for the applicable course;
2. A scaled score of 50 or higher on an examination administered through the College-Level Examination Program and approved by the Board for the applicable course; or
3. Eighty percent or above on any other criterion-referenced test approved by the Board for the applicable course.

If a student is given credit in a subject on the basis of an examination on which the student scored 80 percent or higher,

the District shall enter the examination score on the student's transcript and the student is not required to take an end-of-course (EOC) assessment 39.023(c) The District shall administer each exam approved by the Board not fewer than four times each year. The District must provide windows to test between January 1 and March 31; April 1 and June 30; July 1 and September 30; and October 1 and December 31; unless the exam's administration date is established by an entity other than the District. DAMAGE TO SCHOOL PROPERTY

No student shall damage or deface any District building or grounds. A parent or other person who has the duty of control and reasonable discipline of a child is liable for any property damage proximately caused by:

1. The negligent conduct of the child if the conduct is reasonably attributable to the negligent failure of the parent or other person to exercise that duty; or
2. The willful and malicious conduct of a child who is at least twelve years of age but under eighteen years of age.

If a child, age ten through sixteen, engages in conduct that results in damage to District property, the District may institute formal charges for the purpose of having the juvenile court order the child, or parent, to make full or partial restitution to the District in accordance with law. [For further information, see policy FNCB]

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

The District believes that all students learn best in an environment free from dating violence, discrimination, harassment and retaliation and that their welfare is best served when they can work free from this prohibited conduct while attending school. Students are expected to treat other students and District employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect. The Board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, or disability or any other basis prohibited by law. [See policy FFH]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship intentionally uses physical, sexual, verbal or emotional abuse to harm, threaten, intimidate or control the other partner. Dating violence or abusive conduct of a sexual nature is considered harassment if the conduct is so severe, persistent or pervasive that is affects the student's ability to participate in or benefit from an educational program or activity; or creates an intimidating, threatening, hostile or offensive educational environment; substantially or unreasonable interferes with the student's academic performance; or otherwise adversely affects the student's educational opportunities. Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belong to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment in general terms, is conduct so severe, persistent or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the District's policy is available on the District's Web site. Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

Sexual harassment of a student by an employee, volunteer, or another student is prohibited. Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and District employees are prohibited, even if consensual. Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment

is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a District investigation, however, may be subject to appropriate discipline. Retaliation against a student might occur when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

Reporting Procedures
Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other District employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate Districts officials to whom to make a report.

Investigation of Report
To the extent possible, the District will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The District will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the District. In the event prohibited conduct involves another student, the District will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy. If the District's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The District may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful. A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

DISCRIMINATION

See DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

DISPLAY OF YOUR CHILD'S ARTWORK, PROJECTS, AND OTHER SPECIAL WORK PRODUCTS

As a parent, if you choose that your child's artwork, special projects, photographs and the like not be displayed to the community on the District's Web site, in printed material, by video, or any other method of communication, you must notify the principal in writing.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials
Publications prepared by and for the school may be posted or distributed, with prior approval by the principal, sponsor, or teacher. Such items may include school posters, brochures, murals, etc. The school newspaper and the yearbook are available to students. All school publications are prepared under the supervision of a teacher, sponsor, and the principal.

Unless a student obtains specific prior approval from the principal, written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school may not be posted, sold, circulated, or distributed on any school campus. To be considered, any non-school material must include the name of the sponsoring organization or individual. The decision regarding approval will be made in two school days. The student may appeal the principal's decision in accordance with policy FNG. Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without this approval will be removed.

Non-school Materials from Others
Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the District or by a District-affiliated school support organization will not be sold, circulated, distributed, or posted on any District premises by any District employee or by persons or groups not associated with the District, except as permitted by policy GKDA. DRESS CODE FOR STUDENTS

See page79 in the Student Code of Conduct portion of this document

EMERGENCY MEDICAL TREATMENT AND INFORMATION

Parents/guardians are asked to update their child's medical history yearly, especially current medical conditions and all current medications taken. In case of a medical emergency, the parent is also asked to give their consent to give/obtain emergency medical treatment. Please contact the school nurse to update any new information. MCISD maintains epinephrine auto-injectors for the emergency treatment of anaphylaxis (a serious and potentially life-threatening allergic reaction). In accordance with Texas Education Code, Chapter 38, and local policy, District nurses and other designated (and trained) school personnel can administer auto-injectable epinephrine to anyone who is reasonably believed to be experiencing a life-threatening allergic reaction. Trained staff is available at all on-campus events. An immediate 911 call and transport by ambulance to an emergency room is required anytime auto-injected epinephrine is administered. The school's emergency epinephrine is not intended to replace student-specific orders and does not extend to activities off the school grounds (transportation to and from school, field trips, etc.). If your child has an allergy or health condition that requires the use of auto-injected epinephrine, it is your responsibility to provide the child's epinephrine auto-injector and medical orders to the school nurse on or before the first day of class.

EXTRACURRICULAR ACTIVITIES, CLUBS AND ORGANIZATIONS

Participation in school and school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law as well as rules of the University Interscholastic League (UIL)— a statewide association overseeing inter-district competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class, other than a class identified as honors or advanced by either the State Board of Education or by the local Board of Trustees, may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.

- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of five absences for post-district competition prior to state, and a maximum of two absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the Board, are subject to these restrictions.
- A student who misses a class because of participation in an activity that has not been approved will receive an unexcused absence. **Please note:** Sponsors and coaches of extracurricular activities, including interscholastic athletics and marching band, may develop and enforce standards of behavior that are higher that the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs at any time, on or off school property. No provision of an extracurricular behavioral standard shall have the effect of discriminating on the basis of gender, race, disability, religion, or ethnicity.

The principal shall approve such behavior standards before they are communicated to students. Students shall be informed of any extracurricular behavior standards at the beginning of each school year or, in the case of interscholastic athletics and marching band, at the time the students report for workouts or practices that occur prior to the actual beginning of classes. Students and their parents shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity. Organizational standards of conduct of an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of conduct that are also violations of the Student Code of Conduct may result in the independent disciplinary actions. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization. [For further information, see policies FM, FO and FNC]

The fee will be charged only if the parent or guardian signs a District-provided request form.

Waiver of Fee

Upon receipt by the District of reliable proof that a student and his or her parent or guardian are unable to pay a fee or deposit required by the school, such fee or deposit shall be waived. Such student and his or her parent or guardian must present evidence of their inability to pay to the appropriate principal who shall determine eligibility for a fee waiver. [For further information, policy FP]

GENERAL EMERGENCY RESPONSE

Your Mission CISD team has an ongoing commitment to the safety and security of your child(ren). A part of that commitment includes responses to situations that may arise, based on a comprehensive emergency response plan that involves all aspects of our operations.

In each situation, our first and primary responsibility is to focus on the safety of our students and staff. We know that communication with you is an important part of any emergency situation and we will always work to provide factual information as quickly as possible. However, even with the technology available for mass communication with you, that communication will not come until we have met our initial safety responsibilities.

In addition to striving for timeliness in our communication, we take great care in providing correct information to avoid confusion and further worry.

After any security situation or emergency in our schools, district administration conducts a review with all parties involved to help identify areas for improvement. Those opportunities for improvement are then incorporated into our plans so we can provide improved responses and service.

Local Graduation Honors

For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank in accordance with this policy and administrative regulations by using grades available at the time of calculation at the end of the fifth six-week grading period of the senior year.

For the purpose of applications to institutions of higher education, the District shall also calculate class rank as required by state law. The District's eligibility criteria for local graduation honors shall apply only for local recognitions and shall not restrict class rank for the purpose of automatic admission under state law. [See EIC(LEGAL)]

Honor Graduates [EIC (Local)]

The District shall recognize the following two categories of local honor graduates.

Mission Merit Graduate

To be a Mission Merit Graduate, a student must:

1. Receive credit for eight or more state-approved Pre-AP/Honors, AP, and/or dual credit courses;
2. Rank in the top quartile of the class according to the weighted GPAs;
3. Have not earned a failing semester grade in any course; and
4. Complete the graduation requirements for the foundation program with the distinguished level of achievement.

A student who qualifies as a Mission Merit Graduate shall be eligible to wear an honor stole during graduation ceremonies.

Mission Academic Excellence Award

The Mission Academic Excellence award shall be given to the number of students equal to the top five percent of the senior class. Calculation of the weighted GPA for this award shall be based on grades earned through the first semester of the senior year. To be eligible to receive this recognition, a student must:

1. Complete a combined total of eight or more Pre-AP, AP, and dual credit courses during the student's freshman, sophomore, and junior years;
2. Have not earned a failing semester grade in any course; and
3. Complete the graduation requirements for the foundation program with the distinguished level of achievement.

Valedictorian and Salutatorian

The valedictorian and salutatorian shall be the eligible students with the highest and second-highest rank, respectively. To be eligible for this local graduation honor, a student must

1. Have been continuously enrolled in the same District high school for the four regular semesters immediately preceding graduation; and
2. Have qualified for the Mission Academic Excellence Award.

The District shall also recognize the third-ranking student meeting the same eligibility criteria listed above.

Breaking Ties

In case of a tie in weighted GPAs, the District shall apply the following methods, in this order, to determine recognition as valedictorian or salutatorian:

1. Count the number of weighted AP and dual credit courses taken by each student involved in the tie.
2. Calculate a weighted GPA using only AP and dual credit courses.

If the tie is not broken after applying these methods, the District shall recognize all students involved in the tie as sharing the honor and title.

Highest Ranking Graduate
The student meeting the local eligibility criteria for recognition as the valedictorian shall also be considered the highest-ranking graduate for purposes of receiving the honor graduate certificate from the state of Texas.

Certificates of Coursework Completion
The District shall issue a certificate of coursework completion to a student who has successfully completed state and local credit requirements for graduation but has failed to meet all applicable state testing requirements. [See EIF, FMH]

Special Education
A student receiving special education services who successfully completes the requirements of his or her IEP, including performance on a state assessment required for graduation, shall receive a high school diploma. A student's admission, review, and dismissal (ARD) committee shall determine if the student will be required to meet satisfactory performance on an assessment for purposes of graduation. HAZING
Students must not participate, either individually or in a group, in hazing behaviors toward another student. Such behaviors involve any knowing, intentional, or reckless act, occurring on or off campus, by one person alone or acting with others, directed against a student, that endangers the mental, physical health or safety of a student for the purposes of pledging, initiation into, affiliation with, holding office in, or maintaining membership in an organization. For a more detailed definition of what constitutes hazing, refer to Student Code of Conduct page 58.

HEALTH SCREENINGS
The District will conduct vision, hearing, spinal, and Acanthosis Nigricans checks in designated grades as per Board Policy FFAA. In addition, the District conducts yearly height and weight screenings on all students. Other screenings conducted as needed include dental, head and blood pressure checks. Parents have the option to contact the school nurse if they refuse to have the screenings conducted at school and instead prefer to have their doctor conduct the screenings. Undiagnosed and untreated hearing/vision problems can interfere with learning and contribute to poor performance in school. If your child fails his/her hearing or vision screenings and is referred, you have 30 days from the date of the referral to submit examination results. If there is a financial need, please contact the campus nurse immediately. Vouchers are available for eye exams and glasses if your family meets the requirements. Please be advised that classroom accommodations will be made and implemented pending treatment.

HOMELESS LIAISON
The McKinney-Vento Homeless Assistance Act, reauthorized in January 2002, ensures educational rights and protections for children and youth experiencing homelessness. The Coordinator for Family and Community Engagement is the liaison for services to students who are determined to be homeless, as defined by federal law. If you believe your child may be eligible for services or assistance, contact the office of the Coordinator for Family and Community Engagement at 956-323-5559.

HUMAN SEXUALITY INSTRUCTION
As a part of the District's curriculum, students receive instruction related to human sexuality. As per state law, the curriculum presents abstinence as the preferred choice of behavior and the only 100 percent effective method of preventing pregnancy and sexually transmitted diseases.

IMMUNIZATION
A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of Health, Immunization Division, can be honored by the District. In order to qualify under this standard, a parent must use only an official proper form obtained in writing (after September 1, 2003) from the Texas Department of Health, Immunization Division, 1100 West 49th Street, Austin,

TX 78756. The form must be notarized and submitted to the principal or nurse within 90 days of notarization. Each child in the family must have a separate form. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Texas Department of Health. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation. Students cannot register without proper immunization.

For further information, see Texas Administrative Code (TAC) Title 25 Health Services Section 97.61 to 97.72. Students, coming from another school district within Texas, that are unable to provide proper documentation can be given up to 30 days to provide a record. However, if their document shows them to be deficient, they must be immunized before coming to school.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB]

Meningococcal Conjugate (MCV 4) vaccine is being required for entrance by most colleges. If vaccine is administered at 18 years of age or younger, the cost is approximately $7.00; if it is administered at 19 years of age or older, the cost is approximately $25.00. Meningococcal B (Men B) is the second meningitis vaccine. If administered at 18 years of age or younger, the cost is approximately $7.00; if administered at 19 years of age or older, the cost is $215.00.

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.
- The principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

Students Taken into Custody

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student. The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

Notification of Law Violations

The District is also required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication or adjudicated of delinquent conduct for any felony offense or certain misdemeanors.

MEDICINE AT SCHOOL
Often, students have to take prescription medication for a certain period of time as treatment for a medical condition. If at all possible, we ask that you schedule the timing of the doses so that the child takes the medicine at home. Medications to be given once-, twice-, or three-times- a-day should be given at home unless otherwise medically indicated. Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly labeled in the original container. The school nurse or other authorized school employee will administer medications only from a container that appears to be the properly labeled original prescription container or from a properly labeled unit dosage container filled by the nurse from a properly labeled original prescription container. Only the nurse or other authorized school employees are permitted to administer prescription medicines at school. **Other than prescription asthma medicine, diabetic treatment or anaphylaxis treatment for students with severe allergies that may result in anaphylaxis, we do not permit students to carry their own medications and self-administer.**
Students with asthma, diabetes or children with severe allergies that may result in anaphylaxis will be allowed to carry and self-administer their prescription asthma, diabetes or anaphylaxis medicine under certain conditions. The student must have demonstrated to his or her doctor and to the school nurse that the child has the skills necessary to self-administer the asthma, diabetes or anaphylaxis medicine. Additionally, the parent/guardian must provide us a written authorization for self-administration and a written statement from student's doctor that the student has asthma and is capable of self-administration and that includes the name and purpose of the medicine, the prescribed dosage, the times and circumstances for administration, and the period for which the medicine is prescribed. [For further information, see policy FFAC]

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Authorized employees, in accordance with policy FFAC, may administer:
  - ➢ Prescription medication, provided by the parent, along with a written request from a medical provider, and in the original, properly labeled container.
  - ➢ Medication from a properly labeled unit dosage container filled by a registered nurse or another qualified District employee from the original, properly labeled container.
  - ➢ Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly labeled in the original container.
  - ➢ Herbal or dietary supplements, provided by the parent, if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the District will maintain and administer to a student nonprescription medication, but only:
  - ➢ In accordance with the guidelines developed with the District's medical advisors; and
  - ➢ When the parent has previously provided written consent to emergency treatment on the District's form.

Controlled medications cannot be carried by students or self-administered. The parent is required to supply the campus nurse with a one-month supply. Medication must be counted upon receipt and signed by two adults. Ex: Nurse/Parent or 2 staff members. Scheduled 2 and schedule 3 pain medications will NOT be administered at school unless the student has documented chronic illness and is on the student IHP.

Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly

labeled in the original container.

Medications from Mexico will not be given.

All medications will be kept in the nurse's office other than prescription asthma medicine, diabetic treatment or anaphylaxis treatment for students with severe allergies that may result in anaphylaxis, if the prescribing doctor and parent have consented.

OBTAINING INFORMATION AND PROTECTING STUDENT RIGHTS
Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF]

"Opting Out" of Surveys and Activities
As a parent, you also have a right to receive notice and opt your child out of participating in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and schedule by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA]

As a parent, you also have a right:

- **To request information regarding the professional qualifications** of your child's teachers, including whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.
- **To review teaching materials,** textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.
- **To inspect a survey created by a third party** before the survey is administered or distributed to your child.
- **To review your child's student records when needed.** These records include:
  - Attendance records,
  - Test scores,
  - Grade,
  - Disciplinary records,
  - Counseling records,
  - Psychological records,
  - Applications for admission,

- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

- **To grant or deny any written request from the District** to make a videotape or voice recording of your child. State law, however, permits the school to make a videotape or voice recording without parental permission for the following circumstances:
  - When it is to be used for school safety;
  - When it relates to classroom instruction or a co-curricular or extracurricular activity; or
  - When it relates to media coverage of the school.
- **To remove your child temporarily from the classroom**, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

PARENTAL INVOLVEMENT PROGRAM

PARENTAL OBSERVATIONS

Parents are welcome to observe their children in the classroom. In order to preserve an environment that is conducive to learning and for the safety of students, observations must be made in accordance with the following procedures.

1. The term "parents" means biological, adoptive, or foster parents and legal guardians as determined by court order. The term "parents" also includes other relatives with whom a student resides and who are standing in parental relation to the student (e.g., a grandparent with whom the student resides and who is acting as a parent in the absence of a biological or adoptive parent). Unless standing in parental relation to a student, other non-parent relatives or friends of the family are not permitted to observe students at school. Parent representatives and advocates are not permitted to observe students at school.
2. Observations are limited to two times per year (one time per semester).
3. Observations are limited to one class period. (45 minutes)
4. The principal, in consultation with the teacher, will approve the date and time of all parental observations in advance.
5. Parents must first report to the campus office and comply with all procedures for visitors (e.g., showing identification, permitting a background check, if applicable, and obtaining a pass). At the discretion of school staff, a parent may be escorted to the classroom or accompanied during part or all of the observation. For confidentiality and security purposes, parents may not take pictures or make audio or video recordings during observations.
6. If at any time, the teacher or principal determines that the observation is disruptive, the parent must immediately leave. Parents must leave the campus immediately upon the request of any district administrator or security personnel.
7. These classroom observation procedures do not apply to parents' having lunch with their children or classroom parties. However, on such occasions, parents must still comply with other campus rules, such as reporting first to the campus office, showing identification, allowing a background check, obtaining a pass, and leaving campus upon request of a school administrator.

Principals and other school administrators have authority at all times to control access to school property by parents and other campus visitors. Principals and other school administrators may limit the access of parents and other campus visitors to school property, including limiting access to particular parts of a campus or prohibiting access altogether. During school hours, all parents must report to the office before going to any other part of the campus. This is an important security measure, and failure to respect this procedure may result in the parent being denied access to school property.

Requests by an independent evaluator to observe a special education student should be forwarded to the Special Education Department. The Executive Director of Special Education and campus principal will determine the conditions for these observations.

PARENTAL RIGHTS

See OBTAINING INFORMATION AND PROTECTING STUDENT RIGHTS.

PEST MANAGEMENT PLAN

The District applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact the Maintenance Department at 956-323-8960.

PHYSICAL ACTIVITY FOR STUDENTS IN ELEMENTARY, JUNIOR HIGH, AND HIGH SCHOOL

In accordance with EHAB, EHAC, and FFA, the District will ensure that students in kindergarten through grade 5 engage in moderate to vigorous physical activity for at least 30 minutes per day or 135 minutes per week. Students in grade 6 through 8 shall engage in 30 minutes of moderate to vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within a two-week period for at least four semesters. Students in a high school Physical Education course shall be actively engaged 50% of the time in moderate to vigorous physical activity. A parent's handwritten excuse from physical activity participation will be honored for a maximum of 2 days. A physician's medical excuse will be required for any ailment/injury requiring more than 2 days' exemption. If a child requires more than 2 days' exemption from physical activity, they will be assigned supplemental activities/assignments, as permitted. For additional information on the District's requirements and programs regarding elementary, junior high and high school student physical activity requirements, please see the campus principal.

Parental Access to Student Fitness Results

Each year the Fitnessgram Physical Assessment must be administered to all students in grades 3-12 that are in P.E. or classes that may be substituted for P.E. Parents may request a copy of their child's Fitnessgram Physical Assessment by submitting a letter to the principal at the end of the school year.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Texas law requires students to recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each school day. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

A minute of silence will follow recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others. [See policy EC for more information]

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

In kindergarten, promotion to the next grade level shall be based on the student meeting grade-level standards in the core areas of language arts, mathematics, science, and social studies as measured by attainment of an overall core subject average of Satisfactory (S) or better with a letter grade of at least an S in language arts.

In grades 1-5, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade- level standards for all subject areas and a grade of 70 or above in language arts and mathematics.

In grades 6–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade- level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In grades 9-12, mastery of at least 70 percent of the objectives on District-approved tests shall be required. Grade-level advancement for students in grades 9–12 shall be earned by course credits. Changes in grade-level classification shall be made at the beginning of the fall or spring semester.

If a student fails to demonstrate proficiency on a state-mandated assessment, the student shall be provided accelerated instruction in accordance with state law.
[For further information, see policy EIE]

PSYCHOTROPIC DRUGS

Teachers and other District employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they will not recommend use of psychotropic drugs. A District employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. "Psychotropic drug" means a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication and intended to have an altering effect on perception, emotion, or behavior. It is commonly described as a mood- or behavior-altering substance. [For further information, see policy FFAC]

RELEASE FROM SCHOOL

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time. Students returned to class should remain in class unless otherwise directed by the campus nurse. Testing days are instructional days, and students will not be released early.

A student who will need to leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent. A student will be sent home when the student has a temperature of 100° or higher. Student must be free from fever at least 24 hours without the use of fever-reducing medication such as Tylenol or Motrin before returning to school, or must have a letter from the physician that they do not have a communicable disease.

A student will not be released from school at times other than at the end of the school day except with permission from the principal or designee and according to the campus sign-out procedures. Testing days are instructional days, and students will not be released early, except as previously described.

Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

Students are not permitted to leave their campus during regular school hours, unless they are accompanied by their parents, legal guardians or designee of record.

Withdrawing from School

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student and a copy placed in the student's permanent record.

A student who is 18 or older, who is legally married, or who is an emancipated minor as declared by a court may withdraw without parental signature.

REPORT CARDS

Written reports of absences and student grades or performance in each class or subject are issued to parents each grading period. At the end of the first three weeks of a grading period, parents are notified if the student's grade average is near or below 70, or below the expected level of performance. If a student receives a grade of less than 70 in any class or subject during a grading period, the parents are requested to schedule a conference with the teacher of that class or subject.

RETALIATION

See DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

SAFETY

Accident Prevention

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal safety hazards, such as intruders on campus and threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

Accident Insurance

Soon after school opens, parents will have the opportunity to purchase low-cost accident insurance that will help meet medical expenses, in the event of injury to their child.

Except for the purchase of insurance against bodily injury sustained by students while training for or engaging in interscholastic athletic competition or while engaging in school-sponsored activities on a school campus, the District, under state law, cannot pay for medical expenses associated with a student's injury.

SCHOLARSHIPS AND GRANTS

Many national and local scholarships are available to students. Information on such scholarships is available to students and parents via the school websites, Channel 17 and Channel One along with scholarship flyers posted throughout the school. Applications for scholarships may be picked up in the guidance office. A few scholarships require online submission. Opportunities to file Free Application for Federal Student Aid (FAFSA) are also provided several times within the Spring Semester. For further information, please call the guidance office. Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Distinguished Achievement Program may be eligible under the TEXAS Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. [For further information, see the principal or counselor and policy EJ]

SCHOOL CLINIC INFORMATION

See the "For Parents" section on the Mission CISD Health Services website to access more information regarding the School Clinic [www.mcisd.net – About Us – District Departments – Health Services – For Parents].

SCHOOL HEALTH ADVISORY COUNCIL (SHAC)

The School Health Advisory Council (SHAC) is an advisory group of individuals who represent different segments of the community. By law, a majority of the members must be persons who are parents of students enrolled in the District and who are not employed by the District. The Mission CISD SHAC is made up of parents, community members, students, and District staff working together to improve the health of all students and families through coordinated school health programs. Through a coordinated effort, the District approved the newly revised Mission CISD Wellness Policy. Additional information regarding the District's School Health Education Advisory Council is available on the District website. [See also policies BDF and EHAA]

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law. Students have full responsibility for the security of their lockers, and for vehicles parked on school property. It is the student's responsibility to ensure that lockers and vehicles are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in lockers or in vehicles parked on school property. [For further information, see policy FNF]

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. See also the Student Code of Conduct.

Trained Dogs

The District shall use specially trained non-aggressive dogs to sniff out and alert to the current presence of concealed prohibited items, illicit substances defined in Board policy FNCF, and alcohol. Visits by trained dogs to the schools will not be announced. Trained dogs will be used to conduct random searches in vacant rooms, vacant common areas, around student lockers, and around vehicles parked on school property. If contraband of any kind is found, the student shall be subject to appropriate disciplinary action and will be referred to legal authorities for possible criminal prosecution.

Metal Detector Searches

The District may utilize permanent (walk-through) or portable (handheld) metal detectors on school property if the Superintendent or designee deems the use of such equipment to be in the best interest of the District. When such equipment is deployed, students may be subject to metal detector searches on a daily basis. [For further information, see policy FNF(LOCAL)]

Random Drug Testing

The District requires the random drug-testing of any student in grades 6-12 who chooses to participate in school-sponsored extracurricular activities or request a permit to park a vehicle on school property. [For further information, see policy FNF (LOCAL)]

SEXTING

Sexting is defined as taking, sending, or forwarding obscene, sexually oriented or sexually explicit nude or partially nude images of oneself or others, or sending or forwarding texts that are obscene, sexually oriented or sexually explicit. In some instances, such acts have been classified as illegal, i.e. child pornography.

SEXUAL HARASSMENT / SEXUAL ABUSE / TRAFFICKING OR OTHER MALTREATMENT OF CHILDREN

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or a District employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and District employees with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop. The District will notify the parents of all students involved in sexual harassment by students when the allegations are not minor, and will notify parents of any incident of sexual harassment or sexual abuse by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation. A complaint alleging sexual harassment by another student or sexual harassment or sexual abuse by a staff member may be presented by a student and/or parent in a conference with the principal or designee or with the Title IX coordinator, Elisa Pacheco, at 956-323-5641. The student or parent may appeal the decision regarding the outcome of the investigation in accordance with Board policy FNCJ.

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services. [For further information, see policy FFG]

SOCIAL EVENTS

School rules apply to school social events to which a student brings a guest. Guests are expected to observe the same rules as students attending the event, and the person inviting the guest will share responsibility for the conduct of the guest.

SPECIAL PROGRAMS

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For students who are having difficulty in the general education classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other intervention and support services that are available to all students, through the district or school's multi-tiered system of academic and behavioral supports (MTSS). The provision of these intervention and support services, which might include a response to intervention (RTI) process, can have a positive impact on the ability of districts and charter schools to meet the needs of all students.

If a student is experiencing learning difficulties, which could include academic or non-academic difficulties, his or her parent may contact the individual(s) listed below to learn about the school's MTSS. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation, when appropriate, to determine if the student needs specific aids, accommodations, or specialized services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to an administrative employee of the school district or open enrollment charter school, such as a campus principal, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, a copy of the Notice of Procedural Safeguards, and a copy of the Overview of Special Education for Parents form created by the Texas Education Agency (TEA). If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard and form requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school conducts a special education evaluation for a student, it must complete the student's evaluation and evaluation report no later than 45 school days following the date it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period can be extended by the number of school days equal to the number of school days that the student is absent.

There is another exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the evaluation report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply. If a district or charter school receives a parent's consent for the initial evaluation less than 35 school days before the last instructional day of the school year, the general timeline of 45 school days applies to the date the written report of the initial evaluation must be completed, with the same extension for three or more absences during the evaluation period.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report as soon as possible, but no later than five school days prior to the initial admission, review and determination (ARD) committee meeting, which will determine a student's initial eligibility or no later than June 30 if the parent consent was received at least 35 but less than 45 school days before the last instructional day of the school year. The copy of the evaluation must be provided to the parent at no cost.

Dyslexia
In Texas, the identification and instruction of students with dyslexia and related disorders are mandated and structured by the Texas Education Code and the Texas Administrative Code. The Texas Education Agency provides procedures for early identification, instruction, and accommodations for students with dyslexia and related disorders in **The Dyslexia Handbook, Procedures Concerning Dyslexia and Related Disorders, 2024 Update.** (https://tea.texas.gov/academics/special-student-populations/dyslexia-and-related-disorders)

STATE-MANDATED ASSESSMENT

Annually, students at certain grade levels will take state assessments in the following subjects, as well as routine tests and other measures of achievement:

- Mathematics: Grades 3–8; EOC Algebra I
- Reading: Grades 3–8; EOC English I and II
- Social studies: Grade 8; EOC U.S. History
- Science: Grades 5 and 8; EOC Biology
- Reading/Writing, Listening/Speaking TELPAS: Emergent Bilingual Students Grades K-12
- Any other subject and grade required by federal law.

NOTE: [See policy EKB]

STEROIDS

Parents and students should be aware that state law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Under state law, bodybuilding, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

STUDENT RECORDS (Family Educational Rights and Privacy Act)

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and "eligible" students certain rights. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education.

The law specifies that certain general information about Mission Consolidated Independent School District students is considered "directory information" and will be released to anyone who follows procedures for requesting it. That information includes:

- A student's name, address, telephone number, and date and place of birth.
- The student's photograph, participation in officially recognized activities and sports, and weight and height of members of athletic teams.
- The student's dates of attendance, grade level, enrollment status, honors and awards received in school, and most recent school previously attended.
- The student's e-mail address.

A parent or an eligible student may prevent the release of any or all directory information regarding a student. This objection must be made in writing to the principal within ten school days of the child's first day of this school year. [See the **DIRECTORY INFORMATION ACKNOWLEDGEMENT FORM** attached to this handbook.]

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless parental rights have been legally terminated and if the school is given a copy of the court order terminating these rights. Federal law requires that, as soon as the student becomes 18 or is emancipated by a court, control of the records goes to the student. However, the parents may continue to have access to the records, if the student is a dependent, for tax purposes.
- District staff members who have what federal law defines as a "legitimate educational interest" in a student's records. Such persons would include school officials (such as Board members, the Superintendent, and principals), school staff members (such as teachers, counselors, and diagnosticians), or an agent of the District (such as a medical consultant).
- Various governmental agencies or in response to a subpoena or court order.
- A school to which a student transfers or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer, or for a scholarship application—will occur only with parental or student permission as appropriate. The District must comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the District not to release their child's information without prior written consent.

The principal is the custodian of all records for currently enrolled students at the assigned school.

The Coordinator for Fixed Assets/Warehouse, Valerie M Uresti-Rojas, (956-323-8900), is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student may inspect records during regular school hours. If circumstances prevent inspection during these hours, the District will either provide a copy of the requested records, or make other arrangements for the parent or student to review the requested records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. A parent (or the student if he or she is 18 or older or is attending an institution of postsecondary education) may inspect the student's records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. If the District refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process defined by policy FNG.

Copies of student records are available at a cost of fifty cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Please note: Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the District is not in compliance with federal law regarding student records. The District's policy regarding student records is available from the principal's or Superintendent's office. The parent's or eligible student's right of access to, and copies of, student records does not extend to all records. Materials that are not considered educational records—such as teachers' personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

SUICIDE PREVENTION PROGRAM

Counselors, Mental Health Specialists, and teachers will use the Jason Foundation Curriculum and other suicide prevention programs in a classroom or group setting which provides students with knowledge, skills and strategies that will enable them to help a friend (or themselves) who may be depressed or considering suicide.

TEACHER QUALIFICATIONS:

You may request the following information, which we will provide to you in a timely manner:

1. Whether your child's teacher(s) have met state qualification and licensing criteria for their grade levels and subject areas.
2. Whether your child's teacher(s) are serving under emergency or other provisional status that is less than full state certification.
3. The bachelor's degree major of your child's teacher(s) and any graduate degrees held, and the field of certification or degree.
4. Whether your child receives services from paraprofessionals and, if so, their qualifications.

TELEMEDICINE FOR STUDENTS

Parents or guardians can register during online school registration through the parent portal (https://www.mcisd.net).

TEXTBOOKS

State-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent. However, a student will be provided textbooks for use at school during the school day. [For further information, see policy CMD]

TOBACCO PROHIBITED

The District and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property or at school- sponsored or school-related activities. [See the Student Code of Conduct Handbook and policies FNCD and GKA]

TRANSPORTATION

School-Sponsored

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

School Buses and Other School Vehicles

The District makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. Further information may be obtained by calling the Transportation Department at 956-323-8930 or the individual campus office. See the Student Code of Conduct for provisions regarding transportation to the disciplinary Alternative Education Program.

Students are expected to assist District staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in District vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times. 87

- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, band instrument cases, and other objects out of the aisle.
- Not deface the bus or van or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Be seated while the vehicle is moving.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

When students ride in a District van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended. Please see the Transportation Department website for an extensive list of Bus Safety Rules; Infractions and Consequences for Conduct Inside the Bus; and Fee Schedule and Disciplinary Consequences for Vandalism and Defacing [www.mcisd.net – About Us – District Departments – Transportation].

TRUANCY

To ensure your child receives the best education possible, attendance is of utmost importance. House Bill 2398, passed during the 84th Texas Legislative Session, enacted changes to the state's school attendance laws. As of this school year, after the **third unexcused absence within a four-week period**, the parent is issued a warning notice that the student is subject to truancy prevention measures (TEC §25.095); the parent must be informed: 1) of the student's absence; 2) of the parent's duty to monitor the student's school attendance and require the student to attend school; and 3) that the student is subject to truancy prevention measures. The school district **must** request a conference between school officials and the parent to discuss absences. The District Truancy Prevention Measure is implemented to include: 1) a behavior improvement plan; 2) school-based community service [i.e., behavior contract, parenting programs/meetings, drug awareness programs, after- school tutoring; bullying/harassment counseling, etc.] and/or 3) counseling, mediation, mentoring, teen court, or other in-school or out-of-school services aimed at addressing the truant behavior.

If a student fails to attend school without excuse on **10 or more days or parts of days within a six-month period**, the student shall be referred to truancy court within 10 school days of the student's 10th absence. Students ages 12 to 18 may be referred to truancy court.

VENDING MACHINES

The District has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the Director for Child Nutrition Program. [See policies CO and FFA

Letter to Parent/Students

State Law requires each school district to adopt a Student Code of Conduct. The Student Code of Conduct includes statements of the right and responsibilities of parents, administrators, teachers, and students. It also describes consequences for unacceptable behavior.

All our schools are expected to promote a climate of mutual respect for the rights of all members of the school community. Students are expected to respect the rights and privileges of other students, teachers and District staff members. The District's rules of conduct and discipline are established to achieve and maintain a safe and orderly environment. Students who violate the rights of others or who violate District or school rules will be subject to consequences designed to correct inappropriate behavior. We all need to create an environment where teachers can teach and students can learn.

We wish to express our gratitude to all parents, students and staff members for their role in providing the best possible learning environments where all students can succeed.

Sincerely,

Dr. Cris Valdez
Superintendent of Schools

Purpose of a Student Code of Conduct

The Student Code of Conduct that follows is the District's response to the requirements of Chapter 37 of the Texas Education Code. The law requires the District to establish standards of student conduct and to identify the circumstances under which a student may be removed from a classroom, campus, or disciplinary alternative education program, transferred to a disciplinary alternative education program, suspended, or expelled. The Code provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

We provide you a copy of the Code annually; a copy is also available for review in the principal's office of each campus in the District. This Code is not a contract and can be amended by the District at any time. However, any change or amendment to the Code will be approved by the Board of Trustees.

Violations of the Code of Conduct are documented by teachers and other professional employees using campus discipline referral forms. Teachers and principals may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not also constitute violations of the Student Code of Conduct.

Expectations for Student Behavior

- Behave in a responsible manner.

General Authority to Impose Discipline

The Texas Legislature has delegated the authority to manage independent school districts and discipline students to the Board of Trustees and its employees. The school has the authority to administer discipline whenever the interest of the school is involved, on or off school property, in conjunction with or independent of classes and school-sponsored activities. The District's disciplinary authority applies:

- during the regular school day and while the student is going to and from school on District transportation;
- within 300 feet of school property;
- while the student is participating in any activity during the school day on school grounds;
- during lunch (whether on or off school campus);
- while the student attends any school-related activity of the District, regardless of time or location;
- while the student is on school property of another Texas school district or attending a school activity of a school in another Texas school district;
- for any school-related misconduct, regardless of time or location;
- when the student retaliates or threatens retaliation against a school employee, regardless of time and location;
- when the District has a reasonable belief that the student has engaged in conduct that would be punishable as a felony, as provided by Texas Education Code § 37.006;
- when the student is involved in criminal mischief on or off school property or at a school-related event;

All District facilities, any other real property that is owned, rented, or leased by the District, and the area within 1,000 feet of any of those facilities is a **gang-free zone** under state law. The penalties from the juvenile or criminal justice systems for certain organized criminal activity occurring within a "gang-free zone" will be enhanced. See "Gang-Free Zones" in the Definitions, page 57, for more complete information.

Disciplinary Consequences

In deciding concerning suspension, removal to the DAEP, expulsion, or placement in a JJAEP, regardless of whether the decision concerns mandatory or discretionary disciplinary action, the Campus Behavior Coordinator (CBC) and other administrators shall consider:

1. Self-defense.
2. Intent or lack of intent at the time the student engaged in the conduct.
3. A student's disciplinary history.
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the

student's conduct.

5. Student's status in the conservatorship of the Department of Family and Protective Services.
6. Student's status as a student who is homeless.

The following discipline management techniques may be used, alone or in combination, for misbehavior that violates the Student Code of Conduct or campus or classroom rules:

- Oral correction
- Cooling-off time or "time-out" in a setting separate from other students that is not locked and from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object
- Seating changes within the classroom
- Counseling by teachers, counselors, or administrative personnel
- Parent-teacher conferences
- Temporary confiscation of items that disrupt the educational process.

Unless specifically permitted by District- or campus-level administration, any student using or publicly displaying a cellular telephone or other telecommunications device before the last bell at the end of the school day, or using or publicly displaying an audio or other entertainment device, will have the item confiscated. Persistent violation will result in the following consequences:

1st offense – Item(s) will be confiscated and returned to the parent/guardian only after school.

2nd offense – Same or other item(s) will be confiscated and parent/guardian will have to pay a $15.00 administrative fee before the item is released.

3rd offense – Same or other item(s) will be confiscated and kept by the school until the end of the semester or 60 days, whichever is longer.

4th offense – Student will be placed at DAEP

Refusal to surrender item, upon request by an administrator, shall result in placement in the Disciplinary Alternative Education Program (DAEP). **Mission CISD is not responsible for any loss, monetary or material, incurred as a result of the confiscation of the cellular phone or other telecommunications device, or audio or other entertainment device.**

Confiscation of food items being sold at school, unless as part of a school-approved activity

Since the Mission CISD Nutrition Policy, approved by the School Health Advisory Council, states that no food may be provided other than by food services during the instructional day, and since Mission CISD follows all state and federal nutritional guidelines, food items may not be sold at school, unless as part of a school-approved activity. Violations of this prohibited conduct will result in the following consequences:

1st offense – Item(s) will be confiscated and returned to parent/guardian at mandatory parent conference

2nd offense – Item(s) will be confiscated, money will be temporarily confiscated and returned to parent at mandatory parent conference; student will be placed in ISS for three days

3rd offense – Item(s) will be confiscated, money will be temporarily confiscated and returned to parent at mandatory parent conference; student will be placed in OSS for three days

4th offense – Student will be placed at DAEP

Refusal to surrender item, upon request by an administrator, shall result in placement in the Disciplinary Alternative Education Program (DAEP):

- Grade reductions as permitted by policy
- Rewards or demerits
- Behavioral contracts
- Sending the student to the office or other assigned area Assigned school duties other than class tasks
- Withdrawal of privileges, such as participation in extracurricular activities, participation in graduation exercises, and eligibility for seeking and holding honorary offices, and/or membership in school-sponsored clubs or organizations
- Consequences or penalties identified in individual student organizations' codes of conduct bylaws, constitutions, or rules Withdrawal or restriction of bus privileges
- School-assessed and school-administered probation
- Citation or ticket from School Resource Officers or school security personnel
- Referral to outside agency and/or legal authority for criminal prosecution in addition to disciplinary measures imposed by the District.

The following disciplinary measures may be used, alone or in combination with each other or any of the above

techniques, for misbehavior that violates the Student Code of Conduct or campus or classroom rules:

- In-school suspension
- Detention
- Suspension from school, not to exceed three school days at one time
- Formal removal from class by the teacher
- Removal to a disciplinary alternative education program
- Extension of disciplinary alternative education program removal term for additional offenses while in the alternative program
- Expulsion from school

What minimum procedures will be provided each student facing discipline other than detention? Each student will be told what infraction the CBC believes the student to have committed. Each student will then be given the opportunity to tell his or her side of the incident. The student's admission of the offense negates the need for further investigation or procedures, though the CBC may seek further information if desired.

How and when will we contact you about disciplinary action? Parents are responsible to provide to the campus administration each year the address and telephone number(s) at which parents can be reached and to update those numbers as necessary during the school year. School officials will use the information provided by the parent to contact parents about disciplinary matters. Parents will be notified of all code of conduct violations in a reasonable amount of time by telephone or in writing. Campus administrators are not required to notify parents of incidents by telephone on the day of the incident. If the CBC cannot reach you by telephone or in person, written notice will be mailed that day or the following business day to the last address you have provided to the campus.

What consequences will occur when a student is an accomplice in an offense? Any student who assists, encourages, promotes, or attempts to assist in the commission of a serious offense will receive the same punishment as a student who actually engages in the conduct.

What are the expectations for student reporting of offenses? A student who has knowledge that another student or students have committed a serious offense is expected to report that information to a school official. If the administrator learns that a student failed to report the commission of a serious offense, the student will be subject to a lesser disciplinary consequence, either one step lower than that required for the serious offense of which the student had knowledge or a shorter term of discipline.

Physical Restraint

In some circumstances, it may be necessary for a District employee to use force, but not deadly force, to physically restrain a student in order to lead, guide, and direct the student or to protect the student or any other person from physical injury, to obtain possession of a weapon or other dangerous object, to protect property from serious damage, to remove a student who is refusing to comply with a legitimate directive from a school employee from a specific location in order to restore order or to impose disciplinary measures to restrain an irrational student, or to maintain order and discipline in the class or activity.

In-School Suspension

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may assign a student to one or more days of in-school suspension where, under the supervision of a *certified teacher or a paraprofessional,* students will complete assignments given them by their regular teachers. Both the length of the assignment and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC.

If a student is placed in in-school suspension for an extended period of time, he/she will be offered an opportunity to complete the courses in which he/she was enrolled at the time of the removal before the beginning of the next school year. This opportunity may be by via summer school, correspondence courses, distance learning, or other avenues. The parent/guardian will be assessed the ordinary charges associated with the program.

Detention

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may detain students after school hours or during lunch on one or more days. When detention is used, notice will first be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 years of age or older, the detention will not begin until the parents have been notified. The student's parents, if the student is a minor, may be required to provide

transportation when the student has been assigned to detention.

Suspension

When and for how long will a student be suspended? The CBC may suspend a student for a maximum of three school days at a time if the student violates the Code of Conduct by engaging in any prohibited conduct. Both the length of the suspension and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC.

How many times can a student be suspended? Neither state law nor this Code of Conduct imposes a limit on the number of times a student may be suspended during a semester or school year.

Formal Removal from Class by Teacher

What is the difference between being sent to the office and formal teacher removal? Students may be sent to the CBC's office for committing minor classroom infractions. However, a student who has been documented to repeatedly interfere with a teacher's ability to communicate effectively with the students in the class or with the ability of the students to learn, or who behaves in a manner the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students or with the ability of other students to learn will be formally removed from the teacher's classroom.

What is the process for formally removing a student from a teacher's classroom? Within three class days of the removal, a conference
will be held between the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, and the student. Pending the conference, the CBC may place the student in another appropriate classroom, in-school suspension, or a disciplinary alternative education program. Following the conference, the CBC will order the placement of the student. The CBC will not return the student to the teacher's class without that teacher's consent, unless the Placement Review Committee determines that such placement is the best or only alternative.

Are there any special limitations associated with formal teacher removal? If a teacher removes a student from class because the student committed any kind of assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent.

Disciplinary Alternative Education Program

General DAEP Information

What is a DAEP? The District operates a Disciplinary Alternative Education Program (DAEP) for students who have committed certain serious offenses (see pages 44-49). The DAEP:

1. is in a setting other than the student's regular classroom;
2. is located apart from the student's regular school campus;
3. separates students in the DAEP from students in the regular program or in another disciplinary setting in the same building as the DAEP;
4. separates elementary school students assigned to DAEP from secondary school students assigned to DAEP;
5. focuses on English language arts, mathematics, science, history, and self-discipline;
6. provides for students' educational and behavioral needs;
7. provides supervision and counseling;
8. is taught by certified teachers; and
9. provides at least a 7-hour school day, including lunch and other breaks, but not longer than 10 hours each day.

No student who has engaged in behavior warranting a DAEP assignment will be placed in an unsupervised setting, other than an out-of- school suspension pending the DAEP conference.

Where is the DAEP? Will it operate during the school day? Is transportation provided? MCISD's disciplinary alternative education program is located at the Roosevelt Alternative School, 407 E. 3rd Street, Mission, TX 78572, and operates between the hours of 7:45 am and 4:15 pm. District transportation is provided, and parents are responsible for making sure students attend while assigned. Failure to attend the DAEP is a violation of compulsory attendance laws. Parents may be prosecuted if their child fails to attend while assigned; students may be referred to Truancy Court for failure to attend while

assigned.

What is the DAEP Dress Code? The District has adopted standardized attire for all students assigned to the DAEP at Roosevelt Alternative School. All students assigned to the DAEP will adhere to the standardized dress code. The dress code will be discussed with the students and parents during the scheduled in-take conference.

What kinds of courses are taught at the DAEP? Instruction in the DAEP will focus on English language arts, mathematics, science, history, and self-discipline. The District will provide an opportunity for students who have been placed in the DAEP to complete a foundation curriculum course in which the student was enrolled at the time of removal before the beginning of the next school year, if the term of the student's placement is such that the student is not able to continue enrollment in all his or her courses. The opportunity to complete coursework will be provided through any method available, which may include summer school, distance learning, or correspondence courses. The District will not assess any charge for the student to complete a course under this provision.

TERM OF PLACEMENT: Students are assigned to DAEP with a written removal order that states a specific term of placement that is the number of successful school days that must be served. Students will be credited with a "successful day" of DAEP assignment if the student is present, completes all assigned work, follows all rules of the DAEP, and engages in no additional violations of the Student Code of Conduct. The length of all DAEP assignments is at the discretion of the CBC, within the guidelines stated below.

What are the guidelines for the term of DAEP placement? A removal to DAEP may be from as brief a time as 5 school days up to one full year from the date of the order. The CBC issuing the removal order will use his or her best professional judgment, considering the factors considered in all disciplinary actions, in making a DAEP placement. The duration of the placement will be determined by the sending CBC. In some circumstances, a placement term may be longer than one year if, after a review, the CBC determines that the student is a threat to the safety of other students or to employees or that an extended placement would be in the student's best interest.
Ordinarily a DAEP assignment will not extend beyond the end of a school year. However, if the CBC making the placement determines:

1. that the student's presence in the regular classroom or at the student's regular campus poses a danger of physical harm to the student or another individual; or 2) the student has engaged in serious or persistent misbehavior that violates the District's Student Code of Conduct, then the assignment may be continued to the next school year.

"Serious misbehavior" and "persistent misbehavior" are defined on pages 61-63 of this Code.

The DAEP administrator may extend the original term of removal based on new violations that occur while the student is assigned to the DAEP, including violation of DAEP rules, by following the procedures for initial DAEP placement, i.e., a conference with student and parents.

House Bill (HB) 114 amends Texas Education Code, Chapter 37 to address mandatory discipline requirements related to marijuana, tetrahydrocannabinol (THC) and e-cigarettes.

- This bill requires a student to be placed in the DAEP if the student possesses, uses, or is under the influence of, or sells, gives, or delivers marijuana or THC within 300 feet of school property or at a school-related event.
- Placement in DAEP is also required is a student possesses, uses, sells, gives, or delivers to another person an e-cigarette within 300 feet of school property or at a school-related event.

If a DAEP is at capacity, a student who commits an offense related to marijuana, THC, e-cigarettes, alcohol, or abusable volatile chemicals shall be placed in in-school suspension (ISS) until a place in a DAEP becomes available or the period of the student's placement ends. If a DAEP is at capacity when a student who engaged in violent conduct needs to be placed, a district may move a student placed in DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical to ISS to make room for the student who engaged in violent conduct. If a district removes a student from a DAEP to ISS, the student must be returned to a DAEP if a place becomes available before the end of the period of placement.

Are some offenses subject to a different length of assignment? Yes. A student who has received punishment through the criminal justice system for continuously sexually abusing or sexually assaulting another student, regardless of whether the conduct occurred on or off school property, and who cannot be assigned to a campus other than a campus where the victim of the assault is assigned may be assigned to the DAEP for so long as both students are enrolled in the District.

Assignment to an alternative education program based on Title 5 or aggravated robbery felony conduct may also be subject to a different length of assignment.

SCHOOL-RELATED ACTIVITIES: Students assigned to the DAEP may not attend or participate in extracurricular activities during the term of their assignment.

STUDENTS YOUNGER THAN TEN: Students younger than ten who commit an expellable offense will be placed in a disciplinary alternative education program for elementary age students.

STUDENTS YOUNGER THAN SIX: Students younger than six will not be placed in a disciplinary alternative education program for any reason other than bringing a firearm to school.

STUDENTS 21 OR OLDER: Students twenty-one years of age or older who have been admitted to the District for the purpose of completing the requirements for a high school diploma will not be placed in the DAEP. If the student engages in conduct that would otherwise require placement in DAEP, the District will revoke the admission of the student.

EFFECT OF WITHDRAWAL: Withdrawing a student from school does not affect the District's authority to schedule and conduct a conference on the conduct and enter an order of removal, regardless of whether the student or parent is present to participate. The order of removal will be included with the records sent to any transferring school, including another public school, a campus charter program, or an open- enrollment charter school, and that district or school will be empowered to exercise its authority to honor the removal. Furthermore, even if we do not complete the removal process and issue a removal order, we will send disciplinary records to the next school, and that school has the authority to complete the removal process and issue a removal order.

Students who transfer out of this District to another public or private school, including students who withdraw from this District for the purpose of home schooling, and students who do not attend MCISD's disciplinary alternative education program for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under District policy), will be required upon return to this District to complete the number of days missed in the disciplinary alternative education program before being allowed to return to the regular campus, unless their records indicate that the term of removal was served in another school district or charter school.

EFFECT OF TRANSFER INTO DISTRICT: If a student transfers into this District from another school district in which the student was placed in a disciplinary alternative education program, MCISD may continue the DAEP placement under the terms of the order provided by the sending school district.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the removal order in the records from the other school, the District may enforce the terms of that removal order, provided the grounds for removal to DAEP in the charter school or other state are grounds for removal in the District.

GRADUATING SENIORS IN THE DAEP: When a student is placed in the DAEP during the 12th grade, the District may allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met and provided that the student has successfully completed all of the days that the student was placed in the DAEP. If the student in question has unexcused absences or has not completed his or her days in the DAEP for any other reason, such as withdrawal or transfer to another school district, the student will not be allowed to participate in graduation ceremonies. Any decision concerning participation in graduation ceremonies will be made by the student's home campus principal, whose decision is final.

Conduct That Warrants DAEP Placement

SCHOOL-RELATED CONDUCT: The CBC will place a student in DAEP if the student:

- makes a false report of bombing, fire, or other emergency involving a public school, regardless of when the false report is made or the place from which the false report is made.
- makes a terroristic threat involving a public school, regardless of when the threat is made or the place from which the threat is made.
- Vaping
- E-cigarette

The CBC will place a student in DAEP if the student commits any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Conduct punishable as a felony
- Assault resulting in bodily injury
- Offenses relating to marijuana, controlled substances and dangerous drugs
- House Bill (BH) 114 amends Texas Education Code, Chapter 37 to address mandatory discipline requirements related to marijuana, tetrahydrocannabinol (THC) and e-cigarettes.
  - This bill requires a student to be placed in the DAEP if the student possesses, uses, or is under the influence of or sells, gives, or delivers marijuana or THC within 300 feet of school property or at a school-related event.
  - Placement in DAEP is also required if a student possesses, uses sells, gives, or delivers to another person an e-cigarette within 300 feet of school property or at a school-related event.
- Offenses relating to alcohol
- Offenses relating to abusable volatile chemicals
- Indecent exposure
- Public lewdness
- Retaliation against a school employee, regardless of where the conduct takes place
- Serious or persistent misbehavior, subject to administrative discretion as described in the following section Definitions of the above offenses can be found in the Definition section of the Code of Conduct, pages 52-65.

A student who is charged with an offense warranting expulsion will be suspended for three class days and then placed in the DAEP pending the expulsion hearing.

What is "serious offense" or "persistent misbehavior?" "Serious offense" includes the following offenses, which will always result in DAEP placement:

Conduct punishable as a felony, which includes without limitation:

- Distribution of any substance represented to be an illegal drug, a dangerous drug, a controlled substance, or alcohol
- Placing graffiti on any tangible property owned by the District
- Harassment of any public servant, i.e., causing an employee to be in contact with the blood, bodily fluids, saliva, urine, or feces of any person or animal with the intent to assault, harass, or alarm
- Assault resulting in bodily injury, which may include dating violence
- Making a false report of bombing, fire, or other emergency involving a public school, which includes the following offenses:
  a. pulling a fire alarm or discharging a fire extinguisher in a building owned or operated by the District when there is no smoke, fire, or danger that required evacuation
  b. calling 9-1-1 when no emergency exists
- Terroristic threat involving a public school
- Offenses relating to marijuana, controlled substances and dangerous drugs
- Offenses relating to alcohol
- Offenses relating to abusable glue, volatile chemicals and aerosol paint
- Indecent exposure
- Public lewdness
- Retaliation against a school employee, regardless of where the conduct takes place
- Online harassment

Serious misbehavior also includes the following offenses. The CBC will exercise discretion in making assignments for the serious offenses listed here and will consider all the facts and circumstances in determining appropriate disciplinary action:

- Using profanity, lewd or vulgar language, or obscene gestures directed at a school employee
- Lying about the conduct of other students or making false accusations about District employees
- Failing to comply with campus or District policies
- Bullying, cyberbullying, harassment, and making hit lists, which include the following offenses:
  a. Committing extortion, coercion, or blackmail (obtaining money or another object of value from an unwilling person), or forcing an individual to act through the use of force or threat of force
  b. Making ethnic, racial, or religious slurs or any other harassment based on race, color, national

origin, religion, or disability, against students, employees, or volunteers

c. Verbal abuse or derogatory or offensive remarks addressed to others, which may include dating violence
d. Damaging or vandalizing property of other students
e. Conduct that constitutes sexual harassment or sexual abuse whether the conduct is by word, gesture, or any other sexual conduct, including without limit, requests for sexual favors, which may include dating violence

- Committing or assisting in a robbery, theft, or burglary
- Damaging or vandalizing District property when the value of the damage is less than $1,500
- Using or possessing a pellet gun, air-powered rifle, toy gun, or any other instrument that may be perceived by a third party as a firearm
- Using or possessing a taser, stun-gun, or similar device
- Possessing or using martial arts objects, unless the conduct amounts to an assault resulting in bodily injury
- Inappropriate physical or sexual contact, whether or not it is consensual
- Inappropriate or indecent exposure of a student's body parts, including exposure of any portions of the body that are ordinarily covered by clothing or required to be covered by the dress code

- Committing any act listed as "Prohibited Conduct" in this Code of Conduct

"Persistent misbehavior" consists of two or more separate violations of the Student Code of Conduct in general or repeated violations of the same offense.

CONDUCT UNRELATED TO SCHOOL - TITLE 5 OFFENSES + FELONY AGGRAVATED ROBBERY:

A student will be removed from class and placed in a disciplinary alternative education program based on off-campus criminal conduct punishable as a felony under Title 5, Texas Penal Code or felony aggravated robbery. However, if more than a year passes from the date of the off-campus criminal offense to the time that the CBC learns of the offense, the CBC is not required to place the student in the DAEP.

What are Title 5 offenses? Title 5 offenses are crimes against the person, identified in Title 5 of the Texas Penal Code. Specifically, Title 5 offenses include: murder; capital murder; manslaughter; criminally negligent homicide; kidnapping; aggravated kidnapping; continuous sexual abuse of young child or children; indecency with a child; improper photography or visual recording; sexual assault; aggravated assault; aggravated sexual assault; injury to a child, elderly individual, or disabled individual; abandoning or endangering a child; deadly conduct; terroristic threat; aiding a person to commit suicide; and tampering with a consumer product.

CONDUCT UNRELATED TO SCHOOL - NON-TITLE 5 OFFENSES: A student will be removed from class and placed in a disciplinary alternative education program for off-campus criminal conduct punishable as a felony, other than offenses defined by Title 5, Texas Penal Code, or felony aggravated robbery if the administration determines that the student's continued presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process. However, if more than a year passes from the date of the off-campus criminal offense to the time that the CBC learns of the offense, the CBC is not required to place the student in the DAEP.

RELATIONSHIP OF CRIMINAL JUSTICE SYSTEM AND THE SCHOOL DISTRICT: The school District may place a student in the DAEP regardless of any action or lack of action taken by the criminal justice system. However, in some circumstances, the District may re-assess the punishment based on information from law enforcement authorities.

Does a student have to be arrested or convicted of a felony offense before the District can place the student in a DAEP? No. A student may be removed from class and placed in the DAEP if the CBC determines that the student committed an

offense requiring DAEP assignment while he or she was under the school's jurisdiction. The District will send the required information about the removal to the juvenile authorities.

When the assignment is necessary because of CONDUCT UNRELATED TO SCHOOL, the removal is based on the CBC's reasonable belief that the student has committed a felony offense. If the out-of-school offense is neither a Title 5 felony nor felony aggravated robbery, before the student is placed in the DAEP, the CBC must also determine that the continued presence of the student in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

In determining whether there is a reasonable belief that a student has engaged in conduct defined as a felony offense in the Penal Code, the CBC may consider all information available, including information furnished by law enforcement.

What options does the school have if the student is found guilty of a Title 5 felony offense* or felony aggravated robbery*? The CBC must place the student in DAEP if the conviction, deferred prosecution, or determination of delinquency occurs during the school year while the student is enrolled in a District school and the student is not otherwise confined under the authority of the criminal justice system. The CBC also has the authority to expel the student to the DAEP or JJAEP in which the District participates. See Permissive Expulsion to JJAEP or DAEP of Students with Criminal Histories in the Expulsion portion of the Code for more complete information.

What happens if the courts say the student did not commit the offense or the student is not prosecuted for other reasons? If, after the placement, the superintendent receives notice from an appropriate law enforcement agency that the student was found not guilty of the felony offense and the case was dismissed with prejudice, or that the student was not prosecuted and no formal proceedings, deferred adjudication, or deferred prosecution was initiated, the superintendent will review the student's placement in the DAEP. **This review is not necessary if the reason for the removal is an offense that must result in DAEP placement because the conduct occurred on or within 300 feet of school property or at any school-related activity or event, regardless of time or place. The student will ordinarily remain in the DAEP until the term of removal has been completed, regardless of additional information from an appropriate law enforcement agency**.

The student will remain in the DAEP pending the review, which will take place within three class days of the superintendent's receiving the notice. The parents or guardian will be provided an opportunity for input. However, if after the review the superintendent believes that the presence of the student in the regular classroom threatens the safety of other students or teachers, the superintendent may continue the student's placement in the DAEP.

If the student is not being prosecuted for the out-of-school offense, but the school wants to continue the DAEP placement, what rights of appeal does the student have? The student or the parent or guardian may appeal the decision of the superintendent to continue the student's placement in the DAEP to the MCISD Board of Trustees. The appeal will be heard at the next regularly scheduled board meeting, where the board will review the notice letter from law enforcement and receive information from the superintendent and the student or the student's parent or guardian. The decision of the Board of Trustees is appealable to the Commissioner of Education. The student remains in the DAEP pending all appeals.

JUVENILE COURT-ORDERED PLACEMENT IN DAEP: The juvenile court may order a student to attend the District's DAEP as a condition of probation, regardless of whether the school District has a basis for imposing discipline on the student. When the juvenile court orders a student to attend the DAEP as a condition of probation, the District, after receiving a copy of the order, will immediately transfer the student to the DAEP for the period of time designated by the court. However, state law prohibits the juvenile court from ordering a student who has been expelled from the District to attend the DAEP.

OTHER COURT-ORDERED PLACEMENT IN DAEP: When the District receives a copy of an order from a justice or municipal court indicating that a student must attend the DAEP as a condition of a term of probation under Code of Criminal Procedure 45.051, the CBC will hold a conference as described in Procedures for Removal to an DAEP and determine whether the student should be assigned to the DAEP or should remain in the regular school setting. The CBC will consider the nature of the misdemeanor offense resulting in the order in making this determination.

SEX OFFENDER PLACEMENT IN DAEP: A student who is currently required to register as a sex offender may be removed from the regular classroom and placed in another setting according to the requirements of state law.

A student who is a registered sex offender under any form of court supervision must be placed in the DAEP or a JJAEP in which the District participates, in accordance with the District's agreement with the juvenile board or in accordance with a court order, for at least one semester. If a student who is a registered sex offender under court supervision moves or transfers into the District, the District may require the student to complete an additional semester in the appropriate alternative setting without conducting a review or it may count any time the student has been in an alternative setting

toward the mandatory one semester assignment.

A student who is a registered sex offender and who is not under any form of court supervision may be placed in the DAEP or a JJAEP in which the District participates, in accordance with the District's agreement with the juvenile board or in accordance with a court order, for at least one semester or in the regular classroom. However, the District may not place a student in the regular classroom if District officials determine that the student's presence in the regular classroom (1) threatens the safety of other students or teachers, (2) will be detrimental to the educational process, or (3) is not in the best interest of the District's students.

At the end of the first semester of placement in an appropriate alternative setting, the District shall convene a committee to review the student's placement. The committee will be composed of a teacher from the student's home campus, the student's parole, probation, or juvenile probation officer, an instructor from the alternative setting, the principal of the home campus or CBC, and a District counselor. The committee by majority vote will determine a recommendation to be made to the superintendent or designee regarding whether the student should continue placement in the alternative setting or be returned to the regular campus.

The superintendent or designee shall follow the committee's recommendation on placement unless the superintendent or designee determines that the student's presence in the regular classroom (1) threatens the safety of other teachers and students, (2) will be detrimental to the educational process, or (3) is not in the best interest of the District's students. If the superintendent or designee determines that the student should remain in the alternative setting, then before the beginning of the next school year, and any additional school years, the District must convene the committee to review and determine the student's placement, using the same standards set out in this paragraph.

A student who is a registered sex offender not under court supervision who moves or transfers into the District will be placed in the regular classroom or an appropriate alternative setting using the committee recommendation and review process described above.

The student or parent may appeal the District's decision regarding placement by asking for a conference among the superintendent or designee, the parent, and the student. The conference is limited to the factual question of whether the student is or is not a registered sex offender. If the District determines that the student is a registered sex offender, then student will be placed as described above, and that decision is final and cannot be appealed.

An ARD committee will make decisions about placement of a student with disabilities who is a registered sex offender.

Procedures for Removal to DAEP

Will the student have a chance to dispute the allegations? Before a student is placed in a disciplinary alternative education program, the principal or other administrator will tell the student briefly why he or she is being removed to that program and explain that the student will have an opportunity to give his or her version of events at a conference to be scheduled and held within three class days. In most circumstances, the student will be suspended pending the placement conference.

Will parents have an opportunity to provide input? Within three class days after the date the student is charged with the offense, the CBC will contact the parent by telephone or in writing to schedule and hold a conference with the student, the teacher who removed the student from class (if any), and the parents and will make efforts to ensure that all invited parties can attend.

What if the parent cannot attend the conference? The District may proceed with the conference without the parents or student present, so long as the parents and student have been notified of the conference. Whether or not the parents attend the conference, the student will receive oral or written notice at the conference from the CBC of the reason(s) for the removal and the offense the student is charged with violating. The student will have an opportunity at that time to explain or respond to the reasons for removal. The student and parents will receive a written notice no later than two business days after the conference memorializing the conference and stating the length of the removal to the DAEP, if applicable, and any conditions or other requirements related to the DAEP assignment, i.e., a written removal order.

What information will be provided to the juvenile authorities? When a student is placed in the DAEP for a mandatory placement reason, a copy of the removal order, the child and parent's names and address, names and address of any witnesses, and a complete
statement of the circumstances surrounding the conduct will be forwarded to the authorized officer of the juvenile court in the county in which the student resides.

Emergency Placement

The CBC may order a student immediately placed in a disciplinary alternative education program if his or her behavior is so unruly, disruptive, or abusive that it seriously interferes with school operations or activities. At the time the student is placed in DAEP under this emergency provision, the student will be told of the reason for the placement, which must be one of the District's reasons for DAEP placement under this Code.

Appeal of DAEP Placement

The student remains in the DAEP during all appeals.

A decision by the CBC to place a student in the DAEP may be appealed to the district Superintendent or designee. The appeal must be in writing and filed with the Superintendent or designee within ten district business days of receipt of the DAEP removal order. The appeal must state all bases for the appeal and what remedy the student or parent is seeking. The Superintendent or designee will review the written appeal and the record of the removal prepared at the campus level. At his or her discretion, the Superintendent or designee may schedule a conference with the student or parent. If a conference is scheduled, it will be held within ten district business days, after which a written decision will be issued within ten business days.

If no conference is scheduled, the Superintendent or designee will issue a written decision within ten district business days after the appeal is received. The Superintendent or designee's decision may be appealed to the Board of Trustees by filing a written appeal with the Superintendent within ten district business days after receipt of the decision. The written appeal must state all the bases for appeal and the remedy the student or parent is seeking. At the next regular Board meeting after the appeal is received and for which proper notice can be posted, the Board will review the complete record of the disciplinary action, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the last administrative decision. The Board may also choose to schedule an appeal at a future meeting at which the parents and administration may make an oral presentation. The Board's decision in either case is final and may not be appealed. Refer to FNG Local

60-Day Review of DAEP Status

What does a review consist of? Who attends? Both the discipline and the academic status of students assigned to the DAEP will be reviewed in 60 school days, but in any event, at least every 120 calendar days. At the review, the parents may make arguments for the student's return to the regular classroom. If the student is in high school and is to remain in the DAEP, the administration, together with the parents, will establish a plan designed to assist the student's progress toward meeting high school graduation requirements. The District is not required to provide all a student's courses necessary for graduation while the student is assigned to the DAEP, but must offer an opportunity for the student to complete courses before the beginning of the next school year without charge to the student.

An assessment of DAEP Students

What does an assessment consist of? Who will be assessed? How often? The District will assess a student who is placed in the DAEP for 90 school days or longer for academic growth in the areas of reading and mathematics. The assessment will be administered initially on placement of the student in the DAEP and subsequently on or near the date of the student's release. This assessment is in addition to the state-mandated STAAR assessment.

STUDENTS YOUNGER THAN TEN: Students younger than ten who commit expellable offenses will be placed in a disciplinary alternative education program.

Expulsion

STUDENTS YOUNGER THAN SIX: Students younger than six will not be expelled or placed in a disciplinary alternative education program for any reason other than bringing a firearm to school.

STUDENTS 21 OR OLDER: Students twenty-one years of age or older who have been admitted to the District for the purpose of completing the requirements for a high school diploma will not be expelled to the JJAEP. If the student engages in conduct that would otherwise require placement in JJAEP, the District will revoke the admission of the student,

Conduct that Warrants Expulsion

MANDATORY EXPULSION: A student will be expelled if the student, on school property or while attending a school-sponsored or school-related activity on or off school property:

1. Intentionally, knowingly, or recklessly carries on or about his person a handgun, illegal knife, or club,

or intentionally or knowingly possesses a prohibited weapon, unless pursuant to written regulations or written authorization of the District;

2. Commits aggravated assault, sexual assault, aggravated sexual assault, arson, murder, capital murder, criminal attempt to commit murder or capital murder, indecency with a child, aggravated kidnapping, aggravated robbery, manslaughter, or criminally negligent homicide, or continuous sexual abuse of a young child or children;
3. Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana or a dangerous drug, if the conduct is punishable as a felony.
4. Sells, possesses, gives, or delivers to another person an alcoholic beverage, or commits a serious act or offense while under the influence of alcohol, or uses or is under the influence of an alcoholic beverage, if the conduct is punishable as a felony.

A student will also be expelled if he or she commits any offense listed in items 1-4 above against a District employee or volunteer in retaliation for or as a result of the person's employment or other work in the District, without regard to where the conduct occurs.

Please note that a student **will not** be expelled **solely** because of a firearm offense when the use, possession, or exhibition of the firearm occurs at an approved target range facility that is not located on school property while the student is participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Texas Parks & Wildlife Department or a shooting sports organization working with the TPWD. Furthermore, the exception stated in this paragraph does not by itself authorize a student to bring a firearm on school property.

Definitions of the above offenses can be found in the Definitions section of the Code of Conduct.

PERMISSIVE EXPULSION FOR CONDUCT ON OR IN PROXIMITY TO SCHOOL: A student may be expelled, in the discretion of the superintendent or CBC in view of all the facts and circumstances, for any of the following offenses when they occur on or within 300 feet of school property, as measured from any point on the school's real property boundary line:

1. Drug, alcohol, or abusable volatile chemical offenses, regardless of the amount.
2. Assault resulting in bodily injury against a school employee or volunteer.
3. Deadly conduct.
4. Making a false alarm or report of bombing, fire, or other emergency involving a public school.
5. Making a terroristic threat involving a public school.
6. Committing any offense stated in item 1 and 2 under MANDATORY EXPULSION.
7. Committing documented serious misbehavior while assigned to the DAEP despite documented behavior interventions. "Serious misbehavior is defined on pages 60-61 of this Code.

PERMISSIVE EXPULSION FOR CONDUCT OUTSIDE OF SCHOOL: A student may be expelled, in the discretion of the superintendent or CBC in view of all the facts and circumstances, for any of the following offenses, regardless of where they occur:

1. Intentionally or knowingly damaging personal property, including real estate and tangible personal property belonging to any public school or institution of higher education, and the amount of loss is greater than $1,500.
2. Intentionally or knowingly damaging the property of any other person without the person's consent, and the amount of losses greater than $1,500.
3. Making a false report or alarm or a terroristic threat involving a public school.
4. Assaulting an employee or volunteer in retaliation for or because of the person's relationship with the school and the assault results in bodily injury.
5. Committing aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, criminal attempt to commit capital murder, or aggravated robbery against another student.
6. Committing any offense listed at items 1-4 under MANDATORY EXPULSION on the school property of another Texas school district or while attending a school-sponsored or school-related activity of another Texas school district.

TITLE 5 FELONIES OR FELONY AGGRAVATED ROBBERY: The administration also has the authority to expel a student to the Juvenile Justice Alternative Education Program (JJAEP) or the DAEP, after an opportunity for a hearing, if

it determines that the student's presence in the regular classroom threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interest of the District's students. Expulsion to JJAEP or DAEP is not limited in this instance to when the student has received deferred prosecution or has been determined delinquent for a Title 5 felony offense or felony aggravated robbery, but may also be imposed if the student is charged with engaging in conduct defined as a Title 5 felony offense or felony aggravated robbery, has been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as a Title 5 felony offense or felony aggravated robbery, has received probation or deferred adjudication for a Title 5 felony offense or felony aggravated robbery, has been convicted of a Title 5 felony offense or felony aggravated robbery, or has been arrested for or charged with a Title 5 felony offense or felony aggravated robbery if the administration determines that the student's presence in the regular classroom threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interest of the District's students.

The administration can order expulsion to JJAEP or DAEP based on Title 5 felony conduct or felony aggravated robbery regardless of the date of the conduct, where the alleged offense occurred, whether the student was enrolled in the District at the time, or whether the student has successfully completed any court disposition requirements. A student expelled and ordered placed in an alternative setting in this circumstance is subject to that placement until: (1) the student graduates from high school; (2) the Title 5 felony or felony aggravated robbery charges are dismissed or reduced to a misdemeanor offense; or (3) the student completes the term of the placement or is assigned to another program, even if the student transfers to another Texas school district.

The decision regarding expulsion placement in this circumstance is final and may not be appealed.

PERMISSIVE EXPULSIONS

The expulsion committee may, instead of sending a student to the JJAEP, send the student to the DAEP and determine the time for the placement. The committee may not send a student to the DAEP in cases where there is a mandatory expulsion.

Procedures for Expulsion

Before a student is expelled, the student will have an opportunity for a due process hearing that will include the following:

1. At least three business days prior written notice of the charges and the proposed sanctions so as to afford a reasonable opportunity for preparation, including a written invitation to the student's parent or guardian to attend the expulsion hearing. The notice will also include the date, time, and location of the hearing and the names of adult witnesses who will present evidence at the hearing;
2. Right to a hearing before the Superintendent or a designee;
3. Opportunity to testify and to present evidence and witnesses in his or her defense; and
4. Opportunity to examine the evidence presented by the school administration and to question the administration's witnesses.

REPRESENTATIVE: At the hearing, the student is entitled to an adult representative or legal counsel who can provide guidance to the student and who is not an employee of the District. The District may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends, provided the District makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing.

EVIDENCE: In an expulsion hearing, the District may rely on hearsay evidence of school administrators who investigate disciplinary infractions. This means that the school administration may present evidence or statements taken from students without revealing the identity of the student. The decision will be based exclusively on the evidence presented at the hearing. The student may be expelled based on the Superintendent or designee's reasonable belief that the evidence shows it is more likely than not that the student committed the offense(s) with which he or she was charged.

EXPULSION ORDER: The administration will deliver a copy of the order expelling the student to the student's parent or guardian, who is responsible for providing adequate supervision for the student during the period of expulsion.

In addition to notifying the parents, and not later than the second business day after the date an expulsion hearing is held, the administration will deliver a copy of the expulsion order to the authorized officer of the juvenile court in the county in which the student resides. The administration will also provide the child's and parent's names and address, names and addresses of any witnesses, and a complete statement of the circumstances surrounding the conduct to the juvenile board, as required by Family Code § 52.041.

GUIDELINES FOR TERM OF EXPULSION: An expulsion may be for as brief a time as four school days up to one full year from the date of the order. The administrator issuing the expulsion order will use his or her best professional

judgment, taking into account the factors considered in all disciplinary actions, in setting a term of expulsion. In some circumstances, an expulsion term may be longer than one year if, after a review, the administrator determines that the student is a threat to the safety of other students or to employees or that an extended expulsion would be in the student's best interest.

EFFECT OF WITHDRAWAL: Withdrawal from school does not affect the District's authority to schedule and conduct a hearing on the conduct and enter an order of expulsion, regardless of whether the student or parent are present to participate. The order of expulsion will be included with the records transferred to the new school district, including another public school, a campus charter program, or an open- enrollment charter school, and that district will be empowered to exercise its authority to honor the expulsion. Furthermore, even if we do not complete the expulsion process and issue an expulsion order, we will send disciplinary records to the next school, and that school has the authority to complete the expulsion process and issue an expulsion order.

Students who transfer out of this District to another public or private school, including students who withdraw from the District for the purpose of home schooling, and students who do not attend the Juvenile Justice Alternative Education Program for the duration of the placement for any reason (other than reasons that constitute an "excused absence" under District policy), will be required upon return to the District, to complete the number of days missed in the JJAEP program before being allowed to return to the regular campus, unless the student's records indicate the student served the days of expulsion in another district.

EFFECT OF TRANSFER INTO DISTRICT: If a student transfers into this District from another school district in which the student was expelled, MCISD may continue the expulsion under the terms of the order provided by the sending school district.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the expulsion order in the records from the other school, the District may enforce the terms of that expulsion order, provided the grounds for expulsion in the open-enrollment charter school or other state are grounds for expulsion in the District.

If a student transfers into this District from another school district in which the student was placed in the juvenile justice alternative education program, this District shall continue the term of expulsion at the juvenile justice alternative education program under the previous school's order.

EFFECT ON CREDITS: Expelled students will not receive credit for courses not completed because of an expulsion. Students may use correspondence courses or credit by examination, within the limits set by District policy, to earn graduation units. Students are responsible for all costs associated with correspondence courses or credit by examination.

GRADUATING SENIORS AND EXPULSION: When a student is expelled during the 12th grade, the District may allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met. Any decision concerning participation in graduation ceremonies will be made by the student's home campus principal, whose decision is final.

Appeal of Expulsion to Board of Trustees

A student is expelled during all appeals.

A decision by the superintendent or designee to expel a student may be appealed to the Board by filing a written appeal within three business days receipt of the expulsion order. The written appeal must state all the bases for appeal. At the next regular meeting after the appeal is received and for which proper notice can be given, the Board will review the complete record of the expulsion, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the expulsion. The Board may also choose to schedule an appeal at a future meeting at which the parents may make an oral presentation of the appeal. The Board's decision regarding an oral appeal is final and may not be appealed.

If the Board permits an oral presentation, the administration may also be asked to speak. No new evidence or information, including witnesses or documents, will be permitted or considered. The Board may set reasonable time limitations for presentations.

Emergency Expulsion

A CBC or the superintendent may order the immediate expulsion of a student if the administrator reasonably believes that the action is necessary to protect people or property from imminent harm. At the time of the emergency expulsion, the

student will be given oral notice of the reasons for the action, which must be a reason for which the student could be expelled on a non-emergency basis. Formal due process as explained on page 48-52 will occur within a reasonable time thereafter.

Summer School

Our summer school program is not part of the regular school year program. MCISD students, enrolled during the previous school year, voluntarily and/or by invitation, attend summer school to earn additional credits, to re-take courses they did not pass in the regular school year, to receive intensive instruction in subject areas where they did not demonstrate mastery on the state assessment instruments, or to complete courses necessary for graduation that were incomplete because of the student's placement in DAEP. During summer school, students are expected to abide by the rules of conduct that are in place during the school year. We will handle minor, isolated violations of conduct expectations through parent conferences; however, students who commit serious offenses or who have persistent behavior problems while enrolled in summer school will be withdrawn from the program.

MISSION CONSOLIDATED INDEPENDENT SCHOOL DISTRICT
INTERNET / EXTRANET SYSTEM

Mission Consolidated Independent School District
Internet Acceptable Use Agreement

Please read this document carefully before signing.

Internet access is available to students and teachers in the Mission Consolidated Independent School District.

We are very pleased to bring this access to Mission Consolidated Independent School District and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and teachers have access to:

1. Electronic mail (e-mail) communication with people all over the world.
2. Information and news from research institutions.
3. Public domain software and graphics of all types for school use.
4. Discussion groups on a plethora of topics ranging from Chinese culture to the environment to music to politics.
5. Access to many University Library Catalogs, the Library of Congress, and ERIC, a large collection of relevant information to educators and students.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Mission Consolidated Independent School District has taken precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information. We (Mission Consolidated Independent School District) firmly believe that the valuable information and interaction available on this worldwide network far outweigh the possibility that users may procure material that is not consistent with the educational goals of the District.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical and legal utilization of the network resources. If a Mission Consolidated Independent School District user violates any of these provisions, his or her account will be terminated and future access could possibly be denied.

The Mission CISD *Student Code of Conduct* identifies violations and additional consequences that may be considered. The signature(s) on the Student Participation Agreement page is(are) legally binding and indicate(s) the party(parties) who signed has(have) read the terms and conditions carefully and understand(s) their significance.

Internet--Terms and Conditions of Use

1) **Acceptable Use** - The purpose of the backbone networks making up the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. The use of your account must be in support of education and research and consistent with the educational objectives of the Mission Consolidated Independent School District. Use of other organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any national or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

2) **Privileges** - The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. (Each student or teacher who receives an account will be part of a discussion with a Mission Consolidated Independent School District staff member pertaining to the proper use of the network.) The system administrators will deem what is inappropriate use and their decision is final. Also, the system administrators may close an account at any time as required. The administration, faculty, and staff of Mission Consolidated Independent School District may request the system administrator to deny, revoke, or suspend specific user accounts.

3) **Network Etiquette** – Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:

- Be polite. Do not become abusive in your messages to others.
- Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.
- Illegal activities are strictly forbidden.
- Do not reveal your personal address or phone numbers of students or colleagues. Alert your teacher if you meet a suspicious person on the Internet. Know where you are in cyberspace and follow that site's rules.
- Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users.
- All communications and information accessible via the network should be assumed to be private property. Don't cut, copy, or plagiarize Internet content. Always cite your sources.
- Cyberbullying is strictly prohibited.
- The use of unauthorized software to bypass our internet filter is strictly prohibited and will result on immediate account suspension.

4) Mission Consolidated Independent School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Mission Consolidated Independent School District will not be responsible for any damages you suffer. These include loss of data resulting from delays, non- deliveries, mis-deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. Mission Consolidated Independent School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

5) **Security** - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator or your Mission Consolidated Independent District Administrator for Technology Systems. Do not demonstrate the problem to other users. Do not use another individual's account without written permission

from that individual. Attempts to logon to the Internet as a system administrator will result in cancellation of user privileges and/or other disciplinary actions as described in the *Student Code of Conduct*. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

6) **Vandalism** - Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to any of the Internet backbones. This includes, but is not limited to,

1. The uploading or creation of computer viruses.
2. Use of any software having the purpose of damaging the Mission Consolidated Independent School District's systems or other user's system.

TERMINATION/REVOCATION OF SYSTEM USER ACCOUNT

The District may suspend or revoke a system user's access to the District's system upon any violation of District policy and/or administrative regulation. Prior to suspension or revocation of system service, or as soon as practicable, the principal or designee will inform the system user of the suspected violation and give him or her an opportunity to present an explanation, as outlined in the *Electronic Communication and Data Management CQ (Regulations)*.

INDIVIDUAL USER RESPONSIBILITIES

The following rules will apply to all users of the District's electronic information/communications system.

INFORMATION CONTENT/THIRD PARTY SUPPLIED INFORMATION

System users and parents of students with access to the District's system should be aware that use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material.

A student knowingly bringing prohibited materials into the school's electronic environment will be subject to disciplinary action in accordance with District Policy.

Use of Handheld Devices

These devices include: iPhone, smart phone, tablets, or other mobile devices (this list is not exhaustive).

- Unless express permission is granted, mobile devices should not be used to make calls, send messages, search the internet, take photos or use any other application during school lessons and other educational activities, such as assemblies.
- Mobile devices must not disrupt classroom lessons with ringtones or beeping.
- Using mobile devices to bully and threaten other students is unacceptable and will not be tolerated. In some cases, it can constitute criminal behavior.
- It is forbidden for students to "gang up" on another student and use their mobile devices to take videos and pictures of acts to denigrate and humiliate that student and then share the recording/pictures to other students or upload it to a website for public viewing. This also includes using mobile devices to photograph or film any student without their consent. It is a criminal offense to use mobile devices to menace, harass or offend another person and almost all calls, text messages and emails can be traced.
-

- Mobile devices are not to be used in changing rooms or toilets or used in any situation that may cause embarrassment or discomfort to their fellow students, staff or visitors to the school.

ONLINE CONDUCT

The individual in whose name a system account is issued will be responsible at all times for its proper use.

System users may not use another person's system account without written permission from the campus administrator or Network Administrator, as appropriate. Attempts by a user to log on to the District's system as another user will result in cancellation of user privileges and shall result in other disciplinary action.

Transmission of material, information, or software in violation of any District policy or local, state, or federal law is prohibited.

System users must not encourage the use of tobacco, alcohol or controlled substances or otherwise promote any other activity that is prohibited by District policy or state or federal law.

System users identifying a security problem in the District's system must notify the appropriate teacher, Network Administrator, or immediate supervisor.

To reduce unnecessary system traffic, a student may use real-time features such as talk/chat/Internet relay chat only as approved and supervised by the classroom teacher.

System users must remove electronic mail in accordance with established retention guidelines. Such messages will be removed by the principal or designee if timelines are not respected by the system user. The principal may remove the file of a user who continues to exceed disk space quotas after seven calendar days of notification.

System users may not download copyrighted material exclusively for their own use.

System users may redistribute noncommercial copyrighted programs or data only with the express permission of the owner or authorized person. Such permission must be specified in the document or must be obtained directly from the author in accordance with applicable copyright laws, District policy and administrative regulations. System users may upload public domain programs to the system.

System users may also download public domain programs for their own use or non-commercially redistribute a public domain program. System users are responsible for determining whether a program is in the public domain.

Board Workshop: June 4, 2025
Board Meeting: June 18, 2025

SUBJECT: Approval of Final Completion, Less Betterment Fund Allowance, Less Liquidated Damages, and Final Payment for the Mission CISD Resurfacing of the Tracks and Field Events for the Veterans Memorial High School Stadium Project – Javier Hinojosa Engineering

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

The initial installation of synthetic turf and resurfacing of existing tracks at Tom Landry Stadium and VMHS Stadium was approved by the Board of Trustees on Wednesday, March 19, 2014. At the meeting, the Board approved the best and final offer (BAFO) with Hellas Construction at a construction cost of $2,712,000.00. Notice to Proceed (NTP) was issued on April 11, 2014, and the projects were substantially completed in early August, and the final completion was in early September 2014. Javier Hinojosa, Civil Engineering, was the design professional for this project.

As per initial planning and design meetings with firms, the synthetic field turf longevity is from eight to ten years due to the extreme heat conditions in our area. At the Regular Board of Trustees meeting held on June 08, 2022, the Board approved the replacement of synthetic turf at both stadiums.

At the Regular Board Meeting held on February 15, 2023, the Board approved the Final Completion and Final Payment. The final cost was approximately $1,550,000.00 for turf only, and no work was done on the track and field events area.

The track and field events surfaces have reached their life expectancy of 10 years. It's recommended to resurface the track to help ensure the safety of the athletes.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

At the Special Board of Trustees meeting held on October 02, 2024, the Board approved the Project, Proposed Budget, and Procurement Method, and Utilized the On-call Professional Services for the Resurfacing of the Tracks and Field Events for the Tom Landry and Veterans Memorial High School (VMHS) Stadium Projects.

Administration requests to use our on-call civil engineer, Mr. Javier Hinojosa, as the design professional for this project. Mr. Hinojosa was the initial design firm for the turfs and tracks and subsequent replacement of the turf.

The Board can also direct Administration to advertise for Request for Qualifications (RFQ's) for professional design services, and Administration will schedule presentations to the Board for selection should they not want to utilize the on-call method for this project.

The Board of Trustees must take the necessary action in accordance with Texas Education Code 44.035, which consists of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the

engineer or architect based on demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

Upon continuous communication with Coach Lee, MCISD Athletic Director, Tom Landry Stadium is scheduled to be the host for this coming year's district track and field championships. Both tracks were done at the same time, and the Administration recommends once again resurfacing them equally possibly obtaining better pricing.

Time is of the extreme essence to begin the process, should it be approved as per the Athletics department. If approved to move forward, the need for special called Board of Trustees meetings will be required. During construction, there may be some inconveniences to other sports and events that utilize the construction area, such as soccer, however, Coach Lee will coordinate that matter with the campus Athletic Directors and campus Administration. The goal is for the projects to begin in December and be completed by the end of January 2025. The weather may play a factor in the project timelines, thus, plans will need to be in place for delays.

At the Special Board of Trustees meeting held on Wednesday, October 02, 2024, Administration presented and the Board approved the agenda item Consideration and Approval of the Project, Proposed Budget, Procurement Method, and Utilize the On-Call Professional Services for the Resurfacing of the Tracks and Field Events for the Tom Landry and Veterans Memorial High School (VMHS) Stadium Projects. Our on-call professional for this project is Mr. Javier Hinojosa, a Civil Engineering who also initially designed both stadium tracks and synthetic turfs. Administration will use competitive sealed proposals (CSP's) as the procurement default method for this project.

On Monday, October 07, 2024, the initial design meeting was held with Coach Lee (by phone), Coach Longoria, Coach Gilpin, Mr. Joel Garcia, Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Javier Hinojosa, and Mr. Rick Rivera. The campus Principals were not able to attend. At the meeting, it was discussed the importance of receiving all the recommendations from the coaching staff for the project to meet the tight timeline. The goal is for the Tom Landry Stadium track project to begin in December and be substantially completed by mid-January 2025. It was suggested and agreed by the coaches that the VMHS track will not begin construction until April of 2025, so as to not interfere with late fall or early spring sports competition.

On Tuesday, October 22, 2024, an on-site design meeting was held at each field with the entire project team to review and discuss any additional and possible recommendations. At MHS, there was a recommendation of removing and relocating some chain-link fencing, however, this minimal work will be done through our maintenance department and not through the project scope of work. The Team continues to work diligently on the design and specifications and continues to schedule project meetings.

At the Special Board of Trustees meeting held on October 31, 2024, the Board approved Consideration and Approval of Construction Documents for the Resurfacing of the Tracks and Field Events for the Tom Landry and Veterans Memorial High School (VMHS) Stadium Projects. This will be the approval of both schematic and final designs. If approved, the design team and the Purchasing department will begin work on the advertisement/procurement front-end specifications bid package.

Schematic Design:
Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and useful to contractors.

Advertisements were posted from November 06, 2024, through November 13, 2024. Advertisements were posted on Bonfire, The Monitor, and at the Association of General Contractors Office (AGC). The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. A pre-proposal meeting was held on November 14, 2024, with two (2) firms attending. A walkthrough of Tom Landry Stadium was conducted after the meeting with the two firms. The firms felt no need to visit the VMHS track site.

The submission of CSP's was opened publicly on November 21, 2024, at 10:00 a.m., with only Hellas Construction submitting a proposal package. The Administration ranking team reviewed and pre-ranked the CSP's. The ranking team consisted of Mr. Adrian Hernandez, Mr. Ricardo Rivera, Coach Tom Lee, Mr. Daniel Carmona, and Ms. Anabel Garza, who served as the facilitators.

Hellas Const. Proposal:			
Tom Landry Stadium	$439,350.00	Incl. Contingency $30,000.00	30 days
VMHS	$389,140.00	Incl. Contingency $30,000.00	30 days
Total:	$888,490.00		

At the Special Board meeting held on November 21, 2024, the Board approved Consideration and Approval to Enter Into Negotiations in the Order of Ranking for the Resurfacing of the Tracks and Field Events for the Tom Landry Stadium and Veterans Memorial High School Stadium Projects.

Negotiations were held with Hellas Construction on Friday, November 22, 2024. The firm has presented its Best and Final Offer (BAFO) to be presented at the meeting.

The Board of Trustees has the option to accept the BAFO, to decline the offer(s), to reject all offer(s), and to re-advertise the project using the same specifications.

If approved, Administration will work with our legal counsel to write and execute the contract so that the firm can begin as soon as possible.

At the Special Board of Trustees meeting held on December 04, 2024, the Board approved the Best and Final Offer (BAFO) and entered into a Contract for the Mission CISD Resurfacing of the Tracks and Field Events for the Tom Landry and Veterans Memorial High School (VMHS) Stadium Projects. Notice to Proceed for Tom Landry Stadium was December 19, 2024, with 30 construction days. Substantial Completion is January 17, 2025.

A separate Notice to Proceed for VMHS Stadium will be issued in April 2025 with 30 construction days.

The project was completed on time, and there are no LD's for this project. The project contingency amount from this project will carry over to the VMHS project.

Note: There is one item that Coach Lee has noted of possible lifting in one area of the track in three lanes, however, this does not affect the use of the track. Hellas is aware and will conduct any repairs needed. This concern has been addressed, and there are no further lifting or concerns.

At the Special Board meeting held on May 1, 2025, the Board approved Consideration and Approval of Substantial Completion for the Mission CISD Resurfacing of the Tracks and Field Events for the Veterans Memorial High School Stadium Project.

SUBJECT: Approval of Change Order #3 for Delay Days for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Annex Building – EGV Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	$7,694,374.83
Wind Storm April 28, 2023:	$1,033,003.78
Deductible #1:	$ (100,000.00)
Deductible #2	$ (100,000.00)
Est. Reimbursement:	$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus we present the approval of Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage, not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering

Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

FIRMS	**Points**
EGV Architects	99.0
Raba Kistner Inc.	98.0
Amtech Solutions	83.0

Armko Industries Inc.		83.0
Gignac Architects		80.0
CG5 Architect	73.0	
Sam Garcia Architect LLC	61.0	

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD districtwide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO, however, they remained at their initial proposal of 6.5% of construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

The submission of CSP's was due on April 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the CSP's on April 30, 2024, at 9 a.m.. SUBJECT: Approval of Change Order #5 for Delay Days for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Central Office Building – EGV Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	$7,694,374.83
Wind Storm April 28, 2023:	$1,033,003.78
Deductible #1:	$ (100,000.00)
Deductible #2	$ (100,000.00)
Est. Reimbursement:	$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus we present the approval of Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage, not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering

Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

FIRMS	**Points**
EGV Architects	99.0
Raba Kistner Inc.	98.0
Amtech Solutions	83.0

Armko Industries Inc.		83.0
Gignac Architects		80.0
CG5 Architect	73.0	
Sam Garcia Architect LLC	61.0	

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD districtwide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO, however, they remained at their initial proposal of 6.5% of construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

Schematic Design:
Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and are useful to contractors

At the Regular Board of Trustees meeting held on April 10, 2024, the Board approved Construction Documents for the Mission CISD Central Office and Annex buildings.

Advertisements in local newspapers were posted from April 13, 2024, through April 28, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of CSP's was due on April 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the CSP's on April 30, 2024, at 9 a.m.. After the review, Administration will then recommend the top firms to be ranked in order of selection. The ranking team will consist of Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Adan Rivera, Ms. Anabel Garza, and Mr. Daniel Carmona, who will serve as the facilitators.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD District-wide Roofing Repairs for the Mission CISD Central Office and Annex Buildings.

At the Regular Board of Trustees meeting held on April 09, 2025, the Board approved the following three items: Construction Change Directive (CCD) #1 for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Annex Building – EGV Architects

CCD#1 - On February 10th, American Contracting conducted an inspection on all the roofs of the Annex with Justin Cruz of Tremco. On roof E, American Contracting opened an area of 2x3' and found that the decking was completely deteriorated. The area they opened also had a large hole that was covered with plywood. Upon finding the corrosion, they opened up more areas. American Contracting believes most of the decking needs to be replaced. The allowance includes 100 sq ft of metal deck replacement. American Contracting is requesting to replace 704 sq ft of decking.

SUBJECT: Approval of Substantial Completion for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Central Office Building – EGV Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	$7,694,374.83
Wind Storm April 28, 2023:	$1,033,003.78
Deductible #1:	$ (100,000.00)
Deductible #2	$ (100,000.00)
Est. Reimbursement:	$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus we present the approval of Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage, not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering

Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

FIRMS	**Points**
EGV Architects	99.0
Raba Kistner Inc.	98.0
Amtech Solutions	83.0

Armko Industries Inc.	83.0
Gignac Architects	80.0

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD districtwide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO, however, they remained at their initial proposal of 6.5% of construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

Schematic Design:
Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and are useful to contractors

At the Regular Board of Trustees meeting held on April 10, 2024, the Board approved Construction Documents for the Mission CISD Central Office and Annex buildings.

Advertisements in local newspapers were posted from April 13, 2024, through April 28, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of CSP's was due on April 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the CSP's on April 30, 2024, at 9 a.m.. After the review, Administration will then recommend the top firms to be ranked in order of selection. The ranking team will consist of Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Adan Rivera, Ms. Anabel Garza, and Mr. Daniel Carmona, who will serve as the facilitators.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD District-wide Roofing Repairs for the Mission CISD Central Office and Annex Buildings.

SUBJECT: Approval of Allowance Expenditure Authorization (AEA) #3, #4, #5, and Change Order #2 for the Indoor Air Quality Project at Bryan Elementary and Alton Memorial Jr. High School (AMJH) – DBR Engineering

PRESENTER: Ricardo Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Mission CISD prioritizes the safety and health of its students, staff, and community and ensures that all safety and health measures, including air quality, are addressed as a priority. School indoor air quality is particularly important as it may affect the health, performance, and comfort of school staff and students. The MCISD Five (5) Year Improvement Plan consists of facilities improvements district-wide that include improvements for drainage, roof replacements, lighting improvements, and replacement of HVAC systems. The plan shows that due to the campuses' age, certain items need to be assessed, such as air handlers, blowers, and control systems.

Due to laws and requirements that regulate such equipment and the cost, this project is being considered a construction project, and as such, the Texas Education Code 44.031 (a) requires the board of a school district considering a construction project to comply with bidding requirements.

Administration will use competitive sealed proposals (CSP's) as the procurement method as approved by the Board of Trustees in the January 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

At the June 01, 2021, Board of Trustees Workshop, DBR Mechanical, Electrical, Plumbing (MEP) Engineering made an air quality Heating, Ventilation and Air-Conditioning (HVAC) presentation.

At the August 11, 2021, Board of Trustees meeting, the Board approved an Indoor Air Quality (IAQ) project, proposed budget, and competitive sealed proposals (CSP's) as the procurement method. Administration presented, and the Board approved the implementation of replacements and repairs to district-wide HVAC systems utilizing the Five (5) Year Plan.

At this same meeting, the Board approved soliciting for Request for Qualifications (RFQ's) for MEP Engineering Professional Services for the IAQ study and projects.

At the Regular Board of Trustees meeting held on September 8, 2021, the Board approved to accept Administrations rankings and enter into negotiations in the order of ranking for MEP professional design services for the IAQ projects. The highest-ranked firm was DBR MEP Engineering.

At the Regular Board of Trustees meeting held on October 20, 2021, the Board approved to enter into a contract with DBR MEP Engineering for the IAQ projects at a 5.5% construction cost fee.

In November of 2021, DBR began to conduct on-site building reviews.

On May 24, 2022, DBR submitted preliminary IAQ study reviews with priority rankings and estimated costs and began designs for Salinas, Cavazos, and Midkiff Elementary schools.

At the Regular Board meeting held on January 25, 2023, the Board approved the Final Design for the Indoor Air Quality Projects for Cavazos, Midkiff, and Salinas Elementary – DBR MEP Engineering.

Note: Most campuses are scheduled for air quality projects, with some more complicated and intensive than others. These three can be worked on quicker than others, and we will begin. We continue to be in the design phase, and those will be presented as completed by DBR MEP Engineering.

Salinas Elementary School (Est. Cost $2,775,000.00) (revised)
The project scope consists of replacing the aging 27-year-old HVAC systems. This work includes air handlers, VAV boxes, air-cooled chillers, and associated pumps. The design increased air quality by providing air handlers with higher MERV filter rating capabilities and replacing the existing HVAC control system. In addition, the project includes converting the heating from hot water to electric heat to reduce maintenance upkeep.

Hurla M. Midkiff Elementary School (Est. Cost $2,325,000.00) (revised)
The project scope consists of replacing the aging 21-year-old HVAC systems. This work includes outside air units, VAV boxes, and air handlers. The design increased air quality by replacing the nonfunctioning outside air units, providing air handlers with higher MERV filter rating capabilities, and replacing the existing HVAC control system.

Raquel Cavazos Elementary (Est. Cost $2,325,000.00) (revised)
The project scope consists of replacing the aging 21-year-old HVAC systems. This work includes outside air units, VAV boxes, and air handlers. The design increased air quality by replacing the nonfunctioning outside air units, providing air handlers with higher MERV filter rating capabilities, and replacing the existing HVAC control system.

At the same Regular Board meeting, the Board approved the Construction Documents for the Indoor Air Quality Projects for Bryan Elementary and Alton Memorial Jr. High School - DBR Engineering.

Administration will proceed to advertise for competitive sealed proposals (CSP's). At this meeting, DBR MEP Engineers advised Administration and the Board of Trustees that there is no change in the estimated construction costs. As per DBR, the project budget estimates are current. Mr. Hugo Avila – DBR MEP Engineering presented.

Administration plans to present proposals and rankings for Bryan Elementary and AMJH at the May meetings.

Alton Memorial Junior High School
The project scope consists of replacing the aging 21-year-old HVAC systems. This work includes replacing 23 roof-mounted air handlers, fan-powered terminal units, air-cooled chillers, chilled water pumps, building automation systems, and re-insulating chilled water lines above the ceilings. The design will increase air quality by providing air handlers with higher MERV filter rating capabilities, increased ventilation air, and better HVAC controls. In addition, the fan-powered terminal units will be replaced with single duct boxes, which helps reduce maintenance up-keep.

Project Budget: $7.9M
Design Development Documents: Completed February 7, 2023
Time to complete Construction Documents: March 3, 2023

Bryan Elementary School

Construction Documents:
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and useful to contractors.

A virtual project negotiations meeting was held on March 10, 2023, with Mr. Jeff Matz from Central Air and Heating Service Inc. (CAHS), Mr. Adrian Hernandez, Mr. Ricardo Rivera from MCISD, and Mr. Hugo Avila from DBR Engineering. During the negotiation, Central Air and Heating Service Inc. (CAHS) presented their Best and Final Offer (BAFO) of $8,045,000.00 with no decrease in their initial proposal, with 240 days of construction time from the notice to proceed (NTP). Central Air and Heating (CAHS) only negotiated on the value engineering (VE) options to lower the years of warranty for parts. DBR Engineering did not recommend the option.

The Board of Trustees has the option to accept this BAFO, decline the offer, direct the Administration to continue negotiations with the contractor, or to reject all offers and re-advertise the project using the same specifications and design, or direct the engineer to re-design the project.

If approved, Administration will work with our legal counsel to write and execute the contract so that the contractor can begin as soon as possible.

Note: The project's Best and Final Offer (BAFO) is $145,000.00 over the estimated project budget.

At the Regular Board of Trustees Meeting held on April 19, 2023, the Board approved Consideration and Approval of the Best and Final Offer (BAFO) for the Indoor Air Quality Projects for Cavazos, Midkiff, and Salinas Elementary in the amount of $8,045,000.00 with 240 construction Days with CAHS.

At the Regular Board of Trustees meeting held on June 21, 2023, the Board approved Consideration and Approval of the Best and Final Offer (BAFO) for the Indoor Air Quality Projects for Bryan Elementary and Alton Memorial Jr. High School with Johnson Controls Inc., with total budgets of $6,600,225.63 with 396 construction days. Substantial Completion is October 24, 2024.

The Board of Trustees had the option to accept this BAFO, or to decline the offer and direct Administration to enter into negotiations with the next contractor, or to reject all offers and re-advertise the project using the same specifications and design, or direct the engineer to re-design the project. The Board approved JCI's BAFO.

On September 6, 2023, at the Board of Trustees Workshop, a district-wide air-conditioning status presentation was given.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved Request for Qualifications (RFQ's) for professional HVAC commissioning. This project requires

HVAC Commissioning by a Mechanical, Electrical, and Plumbing (MEP Engineering) firm. Administration will advertise, and rankings will be submitted to the Board for the selection.

If the commissioning firm is not a full-time employee of the District, the Board must select the firm on the basis of demonstrated competence and qualifications.

What is HVAC Commissioning?

Commissioning is the process of thoroughly verifying and proving that building systems are installed and operating according to the criteria in the original design and engineering documentation.

Commissioning is basically a startup process for newly installed equipment, and it's just to make sure that everything is operating within the manufacturer's specifications. There's data that is collected during the operation of the equipment, so we can set a baseline and figure out where your systems at, what we need to tweak, and make sure that it is set up properly.

We use this baseline during maintenance, this baseline helps us keep in line to maximize comfort, to extend the life of the system, and to make sure that we are saving as much energy as possible.

This process cannot be completed until the system is completely installed and operable.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's will be on October 19, 2023, and three (3) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top firm to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved to Enter Into Negotiations in the Order of Ranking for Professional Design Services for the HVAC Commissioning Services for Mission CISD Indoor Air Quality Project.

Firms	**Points**
DBR Engineering	92
LEAF Engineering	91
Terracon Consultants Inc.	86

On November 9, 2023, a conference with Mr. Tim Kilby and Mr. Hugo Avila from DBR Engineering was held.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved DBR MEP Engineering (BAFO) in the amount of $106,050.00 for Heating/Ventilation/Air Conditioning (HVAC) commissioning for the five (5) current air quality HVAC projects.

The Board of Trustees had the option to accept this BAFO, to decline the offer and direct Administration to enter into negotiations with the next firm, or to reject all offers and re-advertise the project using the same specifications.

Administration will work with our legal counsel to write and execute the contract. DBR Engineering is the awarded professional design service for the Indoor Air Quality projects, and they are also the on-call Mechanical, Electrical, and Plumbing (MEP Engineers).

Also presented at the December 13, 2023, meeting was Consideration and Approval of Change Order #1 for five hundred seventy-seven (577) Delay Days for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary. If approved, the new substantial completion would be August 27, 2025.

After a lengthy discussion on the long delay request, this agenda item was "pulled," and the Board directed Administration to continue communicating with DBR on why the contractor cannot use a different electrical equipment supplier and brand. As per DBR, the issue is only for the Salinas Elementary project.

DBR has also stated that the equipment currently at Salinas Elementary is equal to "best" practices, is still in good condition, and meets all electrical and building codes, and could be used.

At the Regular Board of Trustees meeting held on Wednesday, January 24, 2024, Administration presented and the Board approved this agenda item. DBR and Central Air and Heating Service Inc. (CAHS) are requesting days due to the manufacturer's shipping delays for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary, thus they present Consideration and Approval of Change Order #1 for Two hundred Twenty (220) Delay Days for the Mission CISD Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary. If approved, the new substantial completion will be August 31, 2024.

The change order for delay days now encompasses all three project campuses.

A credit for Salinas Elementary electrical gear will be applied to project contingency. The amount is yet to be determined.

At the June 05, 2024 Board Workshop, a presentation was made on the Mission CISD Review of Current Heating/Ventilation/Air Conditioning (HVAC) Systems. At the presentation, information was given on addressing the current five (5) HVAC projects being addressed. We addressed how these first five projects were selected by DBR MEP Engineering and the order of future projects, using the air quality as the standard. Air standard was the primary standard at the time of selection due to the information and guidance from health officials.

Since the time of its first selection, the Center for Disease Control (CDC) has since classified COVID as a "flu-like" virus, and the priority signification has changed. If Administration is to continue with HVAC projects, we will now need to evaluate the priority of the next projects by the age of the equipment and other current operational factors.

Mission CISD shows a balance from ESSER funding of approximately $14 million for the repair and replacement of HVAC systems. Charts shown at the meeting show projects listed as a priority by air quality and a chart listing as a priority by equipment age.

Primary factors and other HVAC information, as well as our Energy Management Plan that we have were discussed. Future funding considerations and financial challenges were also discussed.

If we are to proceed, direction will be needed as to how to allocate the remaining balance and to which campuses. As per the age chart, MHS and VMHS are the next projects, however, these two campuses will absorb all the balance. Pearson and O'Grady Elementary campuses

are currently having equipment breakdowns, even though they are not next in line for repairs and replacement. As per DBR MEP Engineers, some work may be done at both high schools, and the repairs will also be done at the two elementary campuses. However, at a later time, we would need to go back to the high schools and complete the work.

At the Regular Board Meeting held on June 19, 2024, the Board approved the Consideration and Approval of Heating, Ventilation, and Air Conditioning (HVAC) Projects for the remaining balance of partial sections at Mission High School and Veterans Memorial High School and recommended systems at Pearson and O'Grady Elementary.

At the Regular Board meeting held on August 14, 2024, the Board approved Allowance Expenditure Authorization (AEA) #2 and #3 for providing a control transformer and control wiring to each of the terminal units in the mechanical rooms at Midkiff and Cavazos Elementary. The cost will be taken from the contingency allowance balance.

Contingency Allowance Cavazos Elem.	$140,000.00
AEA #2 replace control transformer & wiring	$ 35,200.00
Contingency Allowance Balance:	$104,800.00

Contingency Allowance Midkiff Elem.	$140,000.00
AEA #3 replace control transformer & wiring	$ 35,200.00
Contingency Allowance Balance:	$104,800.00

At the September 04, 2024, Board Workshop, the agenda item for approval of substantial completion for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary was pulled since CAHS was not substantially complete.

Note: Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

At the Regular Board of Trustees meeting held on September 11, 2024, the Board approved Consideration and Approval of Change Order #2 for Twenty-one (21) Delay Days for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary. During the Twenty-one (21) delay days, in the process of replacing the ductwork that crossed the fire-rated walls, there was no proper support for the existing CMU brick above the ductwork. CAHS properly sealed the fire-rated wall for the Indoor Air Quality Project at Salinas Elementary. There is no additional cost for this, just the days. The new substantial completion date will be September 21, 2024.

At the same Board meeting, the Board approved of Allowance Expenditure Authorization (AEA) #1 and #2 for the Temporary Chillers for the Indoor Air Quality Project at Bryan Elementary. The cost will be taken from the contingency allowance balance.

Throughout the project, Bryan Elementary continued to use their old chiller; however, daily, continuous issues of the chiller shutting down were occurring. With the school year beginning, we could not risk the chiller shutting down and impacting student learning. A temporary chiller #1 is installed, and a temporary chiller #2 will be installed until the new replacement chiller arrives and is installed by the contractor. The new chiller is scheduled to arrive by the end of September. Substantial completion is still scheduled for October 24, 2024.

Contingency Allowance Bryan Elem.	$130,000.00
AEA #1 Temporary 100 Ton Chiller #1	$ 23,380.67
	$106,619.33

Contingency Allowance Bryan Elem: $106,619.33
AEA #2 Temporary 200 Ton Chiller #2 $ 36,500.56
Contingency Allowance Balance: $ 70,118.77

At the same Board meeting, the Board approved the Construction Documents for the Indoor Air Quality Projects at O'Grady and Pearson Elementary. We will continue to move forward to advertise and follow the procurement process with our Purchasing department.

Schematic Design:
Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and useful to contractors.

O'Grady Elementary School:
The project scope consists of work that includes the District considering retro-commissioning the campus to ensure that the systems operate correctly and that the required outside air is introduced correctly. As part of the Retro-Commissioning, the system's air flows must be verified and rebalanced accordingly to meet the code.

Project Budget: $1M
Design Development Documents: Completed
Time to complete Construction Documents: August 21, 2024

Pearson Elementary School:
The Project scope consists of the majority of the units that were manufactured in 2000 and are now 22 years old. Since these units are past their useful life, they should be replaced with like-size units that meet all the current codes. Existing piping and ductwork may be reused where possible to help with constructability and lower construction costs. A new HVAC control system is recommended to integrate the mechanical upgrades.

Project Budget: $3.1M
Design Development Documents: Completed
Time to complete Construction Documents: September 06, 2024

At the Regular Board of Trustees meeting held on October 09, 2024, the Board approved. Change Order #1 for One Hundred and Eighty-seven (187) delay days for the Indoor Air Quality Project at Alton Memorial Jr. High (AMJH) and Bryan Elementary.

DBR Engineering and JCI have determined that an attempt to replace large equipment (air handling units) during regular school days would cause extensive downtime and disruption to student instruction. It is recommended that the large equipment be replaced during the school holidays, including Thanksgiving, Christmas, and Spring Break, if needed. There is no additional cost for this, just the request for the delay days. The new substantial completion day will be April 30, 2025.

At the same Board meeting, the agenda item for substantial completion for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary was pulled by DBR Engineering because the project was not ready for consideration and approval.

At the Regular Board meeting held on November 13, 2024, the Board approved Substantial Completion for the Indoor Air Quality Projects at Cavazos, Midkiff, and Salinas Elementary. Original substantial completion was due on September 21, 2024, and achieved on October 23,

2024. The project was substantially late by 32 days, and possible liquidated damages will be presented at "Final" completion. Final completion is due 30 days after substantial completion has been achieved and approved. Final completion is due on or about November 23, 2024.

Note: Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

NOTE:
The contract's original substantial completion date was due September 21, 2024, this project has possible liquidated damages of approximately 32 days for not meeting the substantial completion date. As presented at previous meetings, controls were delayed.

32 days X $1,500.00 per day = $48,000.00

At the same Board meeting of November 13, 2024, the Board approved to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Indoor Air Quality Projects at O'Grady and Pearson Elementary.

Note: The advertisements for O'Grady and Pearson Elementary Indoor Air Quality were posted from October 09, 2024, through October 31, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The pre-proposal meeting was held on October 18, 2024. The submission of CSP's was due on October 31, 2024, at 2:00 p.m.. The Administration ranking team reviewed and pre-ranked the CSP's. After the review, Administration recommends that the top firms be reviewed and ranked in order of selection. The ranking team consists of Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Adan Rivera, Ms. Anabel Garza, Mr. Ricardo Rivera, and Mr. Daniel Carmona, who will serve as the facilitators.

Note: As per a meeting with Mr. Hugo Avila, DBR MEP Engineering, Mr. Adrian Hernandez, and I on Tuesday, December 03, 2024, he is not totally convinced that final completion has been met or will be met by meeting day. He is scheduled to meet with CAHS on Thursday, December 05, 2024, to discuss this matter. In our meeting, MCISD stressed the importance and requirement that only when all contractual obligations stated in the contract are met will final completion be presented by Administration. MCISD recommended to Mr. Avila and DBR to advise CAHS to review their contract for final project closeouts. Mr. Avila is to present this agenda item and may elect to "Pull" this item at the time of the meeting. Possible liquidated damages of $500.00 per delay day for not meeting "Final" completion may be applicable and yet to be determined.

The total amount of the contingency allowance to be credited back is still being finalized. In addition, a credit back is due from the Salinas project on using existing equipment that was still in compliance, in lieu of new equipment that had long delivery delays.

At the Regular Board meeting held on January 22, 2025, the following items were pulled by DBR Engineering and CAHS. Approval of Change Order #3 for the Indoor Air Quality Project at Cavazos, Salinas, and Midkiff Elementary.

Approval of Final Completion, Less Betterment Fund Allowance, Less Liquidated Damages, and Final Payment for the Indoor Air Quality Project at Cavazos, Midkiff, and Salinas Elementary. Final completion was due November 22, 2024. The project had not been completed at this time.

At the Regular Board of Trustees meeting held on May 14, 2025, the Board approved change order #3 for an additional 36 delay days requested during the Allowance Expenditure Authorization (AEA)#2 and AEA #3 for the Indoor Air Quality Project at Cavazos, Salinas, and Midkiff Elementary. If approved, the new substantial completion will be October 27, 2024.

Substantial completion was achieved on October 23, 2024. Final completion was due November 22, 2024, and is anticipated to be achieved in May 2025, as per DBR Engineering.

Note: As per a meeting with Mr. Hugo Avila, Mr. George Castaneda from DBR MEP Engineering, and myself on Wednesday, February 26, 2025, CAHS requested additional delay days not previously accounted for while submitting Allowance Expenditure Authorization (AEA) #2 and #3.

SUBJECT: Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD Jose "Joe Correa Jr. Agricultural Science Lab Construction Project – PBK Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations
Gerardo Gonzalez, Director for Career and Technical Education
Anabel Garza, Coordinator for Purchasing

BACKGROUND INFORMATION

In May of 2008, a successful construction bond election was concluded for a total amount of $59,000,000.00. In August of 2008, the Texas Education Agency (TEA) approved the District's application for the Instructional Facilities Allotment (IFA) program.

During the district-wide needs assessment for 2006 and 2008, bond construction and renovation projects were identified and subsequently ranked by priority. The projects selected by this process were funded and completed. There continued to be a need district-wide for improvements that were not funded by either the 2006 or 2008 bonds.

On Saturday, March 24, 2012, a Facilities Committee Bond Workshop was held to consider projects utilizing the remaining funds from the proposed new elementary school, which no longer was to be built.

At the Facilities Committee meeting held on April 11, 2012, one of the projects discussed for possible Board recommendation was the renovation and construction of the Agricultural Science Facility.

At the Regular Board of Trustees meeting held on Wednesday, April 18, 2012, the Board approved PBK Architects for administrative construction services for the renovations at the Agricultural Science Facility. At this same meeting, the Board approved a total budget of $700,000.00 for the renovations.

The new facility will provide additional holding pens for goats, sheep, pigs, hogs, and steers with wash racks, sand pits, lighting, and a parking area. If the budget allows, a possible show arena, classroom, office, concession area, etc., may be built. The Agricultural Science Facility would be utilized by the district's agricultural and FFA programs.

At the Facilities Committee meeting held on Wednesday, December 05, 2012, PBK presented preliminary drawings of potential renovations and additions to the site along with preliminary drawings of a new MCISD driveway and parking area. Discussed at the meeting were possible budget constraints, particularly what the Agricultural instructors at both high schools are initially recommending. Possibly, only a driveway and parking area may be able to be constructed with the current budget.

At the Regular Board of Trustees meeting held on Wednesday, January 23, 2013, the Board considered and approved PBK Architects for a master plan design assessment for the agricultural science facilities renovation project. At this same Board of Trustees meeting, the Board decided to proceed to only fund the driveway and parking area at this time.

At the Facilities Committee meeting held on May 07, 2014, Committee Members reviewed two options for a master plan for the Agricultural Science Facility. After numerous design meetings with the Agricultural Instructors from both MHS and VMHS, PBK Architects presented a master plan. The master plan incorporated those recommended suggestions

into two designs. One design is to construct one large facility to be shared by both schools. The second design is for individual facilities. The plan consists of individual hog, pig, goat, lamb, and steer pens, with storage rooms, classrooms, concession stands, wash racks, an arena, loading shoots, and parking lots. To proceed with the project, the Board of Trustees must approve the construction project, approve an estimated total construction budget, approve the procurement method, and select an architect for the full design, development, and administration. The Facilities Committee tabled this project due to the probability that the master plan would be over budget.

The administration continued to meet with MHS and VMHS Agricultural Instructors, along with PBK Architects, on the master plan and has agreed to a conceptual preliminary design that will be suitable to both instructors and campuses. The next phase of this project is requesting consideration and approval for the construction of a new Agricultural Science Facility and a proposed budget.

At the Special Board of Trustees Meeting held on Wednesday, October 01, 2014, the Board approved the construction of a new Ag Facility and Budget.

At the Regular Board of Trustees Meeting held on Wednesday, March 11, 2015, the Board approved “Final” designs. PBK Architects will proceed to complete construction documents. The construction of the driveway and parking lot is under a separate budget and contract. Mr. Javier Hinojosa, Civil Engineering, is under contract for this portion of the work.

At the Special Board of Trustees meeting held on Wednesday, August 26, 2015, the Board approved entering into a contract with D. Wilson Construction.

General Funds

Construction Budget:	$2,750,000.00
Total Construction Budget:	$3,500,000.00
Wilson Const. BAFO:	$2,607,000.00

Project final completion: 08/20/2016

At the Regular Board of Trustees Meeting held on November 11, 2020, the Board was informed that discussions with the previous Administration were held concerning what to do with the old agricultural farm. Discussions centered on the that the old farm was in bad shape structurally and aesthetically and needed to be torn down since we now had built a new facility for both campuses. Discussions then were held on trying to keep some of the structure, pour concrete flooring, install tables, and make this into a picnic area. This did not occur and was not a priority project.

Recently, parents and students continue to use these old facilities. Upon inspecting the conditions and makeshift electrical and power installations, we declared that this area was not safe, and the maintenance department proceeded to disconnect all electrical power to these buildings due to a potential fire and electrical hazard.

The question has now been asked, what are we to do with these old structures, thus, this presentation to the Board of Trustees. Current pictures are attached to show the conditions of the buildings. A consideration is that the center structure is demolished due to its poor condition. With work and funding, possibly the west and east structures may be salvaged for temporary holding pen(s) during livestock shows at the new facility. The other structure may be converted into a picnic area. Work that would need to be done is: (not all-inclusive)

- Demolition of at least one structure
- Removal of old electrical, plumbing, and camera devices
- Sandblasting of the structures
- Preparing and painting the structures
- Concrete flooring
- New installation of electrical, plumbing, and camera/security systems
- Possible repairs of pens
- Civil work
- Does not include any roofing work

Administration recommends Consideration and Approval of the Project and Proposed Budget for the Demolition of the Old Agricultural Science Barns Project.

Due to the increasing number of animal science projects for both Mission High School and Veterans Memorial High School, the CTE department is requesting to increase the number of animal pens at the current facility. The plan is for the current hog and goat/lamb pens to be split into two pens, allowing additional project animals. This project will be a turn-key construction project to include the additional electrical outlets and water troughs needed. Due to the nature of the project, design engineering will be required. PBK Architects was the original design team for the Agricultural Science Barn.

At the Regular Board of Trustees meeting held on August 11, 2021, the Board approved the project, proposed the budget, and utilized the on-call professional services for the Additional Animal Pens for the Agricultural Science Barns Project – PBK Architects. PBK Architects estimated project cost is $50,000.00

At the Regular Board of Trustees meeting held on February 09, 2022, the Board approved the Schematic Design for the Additional Animal Pens for the Agricultural Science Barns Project – PBK Architects. Designs have been reviewed and approved by staff.

<u>Schematic Design:</u>
Rough sketches that develop a feasible conceptual design of the project.

<u>Construction Documents:</u>
Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and useful to contractors.

At the Regular Board meeting held on April 13, 2022, the Board approved the Final Design for the Additional Animal Pens for the Agricultural Science Barns Project.

Existing animal pens – 48 pens
Additional animal pens – 28 pens
Total animal pens: 76 pens

Advertisements in the local newspapers were posted on May 11, 2022, and May 23, 2022. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The bid opening was on June 9,

2022, and received two (2) proposals. The Administration Ranking Team reviewed the rankings on June 21, 2022, they were ranked using the approved criteria.

At the Regular Board of Trustees meeting held on Wednesday, August 10, 2022, the Board approved Consideration and Approval of Rankings and Enter Into Negotiations in the Order of Ranking for the Additional Animal Pens for the Agricultural Science Barns Project – 8/A Builders.

Firm	Proposal	Pts.
8/A Builders	$66,000.00	93.7
G&G Contractors	$259,800.00	67.0

A virtual project negotiations meeting was held on August 15, 2022, with Mr. Adan Rivera, Mr. Adrian Hernandez from MCISD, and Mr. Arnoldo Ochoa. from 8/A Builders. During the negotiations, 8/A Builders presented as their Best and Final Offer (BAFO) $75,000.00 with an increase of $9,000.00 from their initial proposal of $66,000.00 with 84 days of construction time from the notice to proceed (NTP).

The Board of Trustees has the option to accept this BAFO, to decline the offer and direct Administration to enter into negotiations with the next contractor, or to reject all offers and re-advertise the project using the same specifications and design, or direct the engineer to re-design the project.

If approved, the Administration will work with our legal counsel to write and execute the contract so that the contractor can begin as soon as possible.

At the Regular Board Meeting held on Wednesday, September 21, 2022, the Board approved Consideration and Approval to Accept the Best and Final Offer (BAFO) for the Additional Animal Pens for the Agricultural Science Barns Project.

8/A Builders $75,000.00 with 84 days of construction time from notice to proceed (NTP). Notice to proceed (NTP) was to be issued on Monday, October 17, 2022, with a Substantial Completion date of January 9, 2023.

At the meeting on Wednesday, October 12, 2022, Mission CISD, 8/A Builders, and PBK Architects discussed the notice to proceed (NTP) timing for the commencement of the construction of additional pens at the Joe Correa Ag Farm. It was previously discussed the NTP to be either Friday, October 07, 2022 or Monday, October 17th, however, in review of the timing commencing the project now would not be in the best interest of our students and their projects due to many projects already in their pens and new projects arriving weekly and the RGV Livestock Show being in March.

In the meeting, MCISD offered two options, one of which was to terminate the contract entirely or to keep the contract, and PBK would then issue a change order now with a new notice to proceed date of March 26, 2023, as was the date given by Mr. Sergio Pena, CTE Director. By this date, Mr. Pena is to have parents and students vacant the facility of all projects from the pens. As per the meeting, there may possibly be a few steers still being housed on the south end of the building, and this should not be an issue. This option of delaying the project until March of 2023 was accepted by 8/A Builders. This was presented at the Regular Board of Trustees meeting held on Wednesday, October 12, 2022.

PBK Architects will submit a change order reflecting the change of notice to proceed. Also discussed was that any current expenses that have been incurred to date may be invoiced through the standard pay application process, and they will be reviewed and processed for

payment if approved. Furthermore, it was discussed that due to the continuous rising costs of materials and possible delays, all materials needed for this project should be purchased now and stored, and can be invoiced for payment. The original NTP was to be in October, so materials should have already been ordered and likely stored. we are not anticipating change orders for the cost of material increases. Only the Board of Trustees can approve change orders for additional time or additional costs. Due to the current use of the building by the CATE/FFA Program, an extension time of two hundred forty-five (245) days is requested.

At the Regular Board of Trustees meeting held on November 09, 2022, the Board approved, Change Order #1 for Delay Days for the Additional Animal Pens for the Agricultural Science Barns Project. If approved, the new construction start date is March 27, 2023, and the new substantial completion date will be June 19, 2023.

At the Regular Board of Trustees meeting held on May 10, 2023, the Board approved, Consideration, and Approval of Substantial Completion of the Additional Animal Pens for the Jose "Joe" Correa Jr. Agricultural Science Lab Project.

Note: Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

At the Regular Board meeting held on June 21, 2023, the Board approved Final Completion, Less Betterment Fund Allowance, Less Liquidated Damages, and Final Payment for the Jose "Joe" Correa Jr. Agricultural Science Lab Project. The project was completed on time with all punch list items completed. This project has no liquidated damages, and the owner's contingency balance is to be credited back for the amount of $10,000.00.

The Career and Technical Education Program (CTE), is proposing two additional construction projects at the Jose "Joe" Correa Jr. Agricultural Science Lab Facility.

Electrical

During the initial construction of Jose Correa Agricultural Farm, electrical plugs for fans were not installed on the southside of the farm. This was not done because the number of

animals at the time did not merit the need for such. The growing interest has now changed the number of animal projects and needs at the farm. We have added new steer pens, and this requires upgrades to the electrical infrastructure. The electrical circuits at the agricultural farm are being overloaded by students attempting to cool animals in this area. Electrical extension cords are used to run electricity for fans. These overload current circuits and cause the electrical breakers to shut off very frequently. This is caused by current wires overheating from the overloaded circuit. Some of the potential risks of this are an electrical fire, student safety by all the extension cords run, and the safety of animals at the farm. Funding for this project will be from general funds.

Bird Control

The open structure at the farm, nesting areas, and the food fed to student project animals have invited some unwanted birds to the FFA farm. We are looking to remedy the situation by adding bird prevention methods, of spikes and/or mesh. The main problem is pigeons, but there are other types of birds that nest in the facility. Birds carry a great deal of diseases that have caused the demise of several student projects in the past. The birds' fecal matter is being swept in animal pens. Furthermore, birds swim in drinking water troughs, which results in project animal illnesses. The project animals develop diarrhea, and may also result in coccidiosis. These conditions counter-effect the steady progression of fattening the animal for shows. Bird fecal matter is left on corral rails. These bird types of diseases are known to also be transmitted to humans, causing a safety issue for students. Funding for this project will be from general funds.

On October 10, 2023, Mr. Gerardo Gonzalez, CTE Director, met with the campuses Agricultural Instructors at the facility to discuss their needs and a plan if this agenda was to be approved. The Instructors asked for the electrical outlets for the south steer pens and the temporary pens located in the south center areas. They also have requested that wire mesh be installed on the exterior perimeter of the building. The mesh will extend from the top of the exterior wall to the roof to cover all open areas. The purpose is to try to prevent any birds from entering the areas with animal projects. Wire mesh will also be used to cover the door and other openings for the prevention of birds. As per the meeting, the dates available for work to be done will be from March 25th – July 21st, 2024.

Teacher commitments:

All teachers have agreed to teach their students and make themselves and students responsible for keeping doors closed. This will be done as a classroom lesson that includes maintaining to the best possible the farm area. The lessons will emphasize the expectations on how to secure doors so that birds are kept out of the facility as much as possible. If the electrical project extends after these dates, Teachers will move any animals away from areas where work is being done to allow for the completion of the electrical project.

The Board of Trustees must take the necessary action in accordance with Texas Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved Consideration and Approval of the Project, Proposed Budget, and Utilize the On-call Professional Services of PBK Architect for the Mission CISD Jose “Joe” Correa Jr. Agricultural Science Lab Construction Project.

PBK Architects, Campus Administration, respective Campus Agricultural Instructors, Mr. Gerardo Gonzalez-CTE Director, and Administration have continued to meet on the design as per the scope of work and budget approved by the Board of Trustees.

On Wednesday, May 22, 2024, a meeting was held with each respective H.S. Ag Instructor(s) and an Asst. Principal (Principals were not available), along with Mr. Adrian, Mr. Gonzalez, PBK MEP Engineer Mr. Joe Dahr, and myself to finalize the plans and specifications in preparation to advertise for contractors. VMHS was in agreement with Option I which consisted of the bird screen and those electrical improvements and additions that both H.S. had originally requested. This scope of work was what was originally asked for by both H.S. and was presented and approved by the Board of Trustees with a budget of $103,000.00, which included design fees. The design fee is $35,000.00, which leaves a balance of $68,000.00 for construction. With preliminary estimates from PBK, we will be a little short on the funding, however, we will not know until we receive actual proposals. Option I was designed with the input from both campuses.

After meeting with VMHS and they approved Option I, we proceeded to MHS and met with them for their possible final approval. While discussing the project and Option I, they are requesting additional work to be done at the Ag facility, which was not in the original request and not in the scope of work being designed by PBK. In addition to the bird screen and the electrical outlets they initially requested, they are requesting:

- That the most recent electrical outlets installed when we added the additional animal pens (May 2023) be raised at approximately a six-foot height level. These most recent outlets are on top of the masonry walls, which are at about 42” from the ground. They are requesting for all of them to be mounted higher because, at this level, they state that the animals are chewing on the heat lamp and fan cords that they each install. They request that all of this be raised so the animals do not chew on the cords, however, this entails designing and building a metal structure to mount the outlets and strong enough to sustain the weight of whatever they plug in such as the heaters and fans plus the design and cost of moving the electrical outlets higher

- MHS states that the 9’ high exterior brick walls are too high to allow sufficient air circulation into the building and that the animals may get sick or even die due to not enough air ventilation at ground level. They are requesting that fans be installed throughout the facility at ground level, which will entail more electrical work, or that

air vents be installed into the masonry walls all around the facility to possibly provide air ventilation at ground level. More structural design work and cost will be required.

At this MHS meeting, it was communicated that the original scope of work that was requested and the budget that the Board approved was what PBK Architects was contracted to design, and that due to these additional requests, the project cannot move forward.

Only the Board of Trustees has the authorization to approve a change of scope of work, and only the Board can approve a change in the project budget. PBK Architects are not authorized to design or work outside the scope of work and the estimated established project budget, thus, they have been directed to cease design work until further direction.

Cost estimates for the additional work suggested will not be known until a more definite request is discussed and engineering and design work is done.

The additional requested work will require changing the scope of work and budget, thus, the presentation to Change Scope of Work and Budget for the Mission CISD Jose “Joe” Correa Jr. Agricultural Science Lab Construction Project.

The Board of Trustees had the option to approve the recommendations or direct PBK Architects and Administration to proceed as per the original scope of work and estimated budget.

Campus Administration, CTE Department, and respective Agricultural Instructors have been given the approval to bring in animal projects into the facility. Should the project begin, contractors will work collaboratively with the Instructors on temporarily relocating animal projects within the facility as needed.

Note: Prior to the Board meeting, visits was conducted to other Ag Facilities and communications was scheduled with field experts concerning the additional requests. Information was presented at the meeting.

At the Regular Board of Trustees meeting held on June 19, 2024, the Board approved to proceed with the original scoop of work and budget for the Mission CISD Jose “Joe” Correa Jr. Agricultural Science Lab Construction Project.

At the Regular Board of Trustees meeting held on December 18, 2024, the Board approved Construction Documents for the Mission CISD Jose “Joe” Correa Jr. Agricultural Science Lab Construction Project. Mr. Gerardo Gonzalez, CTE Director, has reviewed and approved the designs. PBK Architects presented an updated estimated construction cost.

Advertisements were posted from January 08, 2025, through January 23, 2025. The process is for the submittals to be reviewed by the Purchasing Department Staff and the

Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. A pre-proposal meeting was held on January 16, 2025. The submission of CSPs were due on January 23, 2025, at 2:00 p.m., with four (4) proposals submitted. The Administration ranking team reviewed and pre-ranked the CSP's. After the review, Administration will then recommend the top firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Mr. Leandro Ochoa, and Mr. Ricardo Rivera, with Mr. Daniel Carmona and Ms. Anabel Garza who served as the facilitators.

Pre-ranking of proposals by Administration is merely a district process to pre-check if all requested documents and information in the request for proposals (RFP) was submitted. The pre-ranking of proposals is strictly unofficial. The Board of Trustees has the option to accept Administrations ranking or has the option to re-rank.

At the Board of Trustees Workshop on Wednesday, February 05, 2025, Administration presented Consideration and Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD Jose "Joe Correa Jr. Agricultural Science Lab Construction Project.

Company	**Base Bid**	**Days**	**Points**
Calidad Const.	$90,000.00	50	85
8/A Builder	$94,800.00	60	84
SKOE Lite	$148,273.00	60	54
Urbe 21	$97,914.18	75	43

After reviewing the rankings and the closeness of the point totals, my office and Administration decided to once again reconvene the ranking team to review the vendor packets and review them for accuracy.

Initially, Mr. Adrian Hernandez reviewed one vendor packet, Mr. Leandro Ochoa reviewed one vendor packet, and I reviewed two vendor packets. Mr. Carmona and Ms. Garza were just the facilitators of the process and did not rank.

On Friday, February 7, 2025, Mr. Hernandez, Mr. Ochoa, and myself reviewed the vendor packets once again, with each of us evaluating all four packets. Mr. Carmona, Ms. Garza, and Ms. Sylvia Cruz were the facilitators.

Once the review was completed, the individual totals were then averaged for each vendor. As you will see as per the attachment and the rankings below, there were some changes in the ranking score per each question, which did change the final rankings, this was unintentional and an honest oversight and has been corrected for the February's Regular Board of Trustees Meeting.

Company	**Base Bid**	**Days**	**Points**
8/A Builder	$94,800.00	60	94
Calidad Const.	$90,000.00	50	74
SKOE Lite	$148,273.00	60	54
Urbe 21	$97,914.18	75	43

Upon discussing this with the group and the process, the Business & Finance Office in conjunction with the Purchasing Department will make recommended adjustments to the process along with recommendations to make the ranking form simpler and more objective

allowing the vendors to submit a more comprehensive package of what we are requiring while also making it simpler for those ranking. The Purchasing Department will make the

recommended changes to the form and have our legal counsel review them. The Purchasing Department will then submit the revised form for Board approval.

Another recommendation is to follow the process of all ranking participants reviewing and ranking each package, and then averaging each individual score for a total score. The Business & Finance Department, along with the Purchasing Department, are reviewing the ranking sheet for possible changes, along with improving the entire process to avoid any future oversights.

The attachments will be the first Bid Tabulation Sheet, the first Bid Ranking Sheet, and the initial individual ranking sheets. Also attached will be the final reviewed package.

At the Regular Board meeting held on February 12, 2025, administration recommends to table this item.

At the Regular Board meeting held on April 9, 2025, the Board approved the new procurement bid evaluation process refinements. Additionally, transitioning from paper-based evaluations to electronic evaluations through the Bonfire software.

A pre-proposal meeting was held on May 15, 2025. The submission of CSPs was due on May 22, 2025, at 2:00 p.m.. The Administration ranking team will review and pre-rank the CSPs. ADMINISTRATIVE CONSIDERATIONS

In accordance with Texas Government Code Section 2254.1036, the District must take the following steps prior to entering into the new agreement:

Provide public notice detailing the necessity for legal services and the intended outcome.

Evaluate and disclose the qualifications and experience of the proposed attorney or law firm.

Document the reasons why these services cannot be adequately performed by District staff or through an hourly fee arrangement.

Approve the contract in an open meeting and issue written findings confirming that the contingent fee arrangement is in the best interest of the District and its taxpayers.

This process ensures legal compliance, promotes transparency, and helps safeguard the District's ability to collect owed property taxes efficiently and effectively.

Approval of contract for Delinquent Tax Collection Services with Linebarger, Goggan Blair & Sampson, LLP.

NOTICE OF A PUBLIC MEETING

Notice is hereby given that a meeting of Mission Consolidated Independent School District will be held on June 18 at 6:30 pm for the purpose of considering and taking action on all matters on the agenda for the meeting, including approval of an agreement with the law firm of Linebarger Goggan Blair & Sampson, LLP as special counsel to perform all legal services necessary to collect delinquent property taxes and authorizing the execution of such agreement.

The agreement to be considered is necessary for the delinquent taxes owed to Mission Consolidated Independent School District to be collected in the most effective manner. The School District desires that such delinquent tax, penalties and interest be collected as provided in the Texas Tax Code.

The Linebarger Goggan Blair & Sampson, LLP firm is fully qualified to provide this representation, being the largest delinquent tax collection law firm in the State of Texas, as well as the United States and having been engaged in this specialized legal service for more than 40 years. In addition, the Linebarger Goggan Blair and Sampson, LLP firm possesses infrastructure and technology, such as call center technology, that the School District does not currently possess.

Linebarger Goggan Blair & Sampson, LLP has represented School District for the past 16 years with competence and professionalism, in the collection of delinquent property taxes, beginning on January 12, 2009.

The specialized legal services required by this agreement cannot be adequately performed by the attorneys and supporting personnel of the School District due to the high cost of implementing the appropriate infrastructure and technology and employing sufficient in- house attorneys and staff with the level of experience and competence necessary to perform these activities.

Linebarger will be compensated on a contingent fee basis as provided in the Texas Tax Code Sections 6.30, 33.07, 33.08, 33.11, and 33.48. These Texas Tax Code sections specifically provide for an additional penalty on delinquent taxes to compensate collection attorneys. A contract to pay inside or outside attorneys on an hourly basis would represent an additional cost to the District.

Entering into the proposed agreement is in the best interests of the residents of the School District because the delinquent taxes will be professionally and competently collected without the additional costs to the School District of implementing infrastructure and technology, and employing in-house personnel or paying outside counsel on an hourly fee basis which would otherwise be required.

ACTION APPROVING CONTRACT
WITH LINEBARGER GOGGAN BLAIR & SAMPSON, LLP

After having provided adequate notice as required by Sec. 2254.1036 of the Texas Government Code, the Agreement for Delinquent Tax Collection Services with Linebarger Goggan Blair & Sampson, LLP is approved and the Board President is authorized to execute this Agreement.

After exercising its due diligence, the Mission Consolidated Independent School District (the "School District") finds that:

1. There is a substantial need for the legal services to be provided pursuant to the Agreement for Delinquent Tax Collection Services;

2. These legal services cannot be adequately performed by the attorneys and supporting personnel of the School District at a reasonable cost;

3. These legal services cannot reasonably be obtained from attorneys in private practice under a contract providing only for the payment of hourly fees, without regard to the outcome of the matter, because of the nature of delinquent tax penalties provided by Texas Tax Code Sections 6.30, 33.07, 33.08, 33.11, and 33.48 and because the School District does not have the funds to pay the estimated amounts required under a contract only for the payment of hourly fees;

4. Linebarger Goggan Blair & Sampson, LLP, is well qualified and competent to perform the legal services required to comply with the terms of this contract;

5. Linebarger Goggan Blair & Sampson, LLP has provided these specialized legal services to Mission Consolidated Independent School District in the past and the School District has been well satisfied with the quality and outcome of the legal services provided.

6. The contract with Linebarger Goggan Blair & Sampson, LLP is the result of an arm's length transaction between the School District and Linebarger Goggan Blair & Sampson, LLP and is fair and reasonable.

Agreement for Tax Collection Services

This Agreement is made between Linebarger Goggan Blair & Sampson, LLP (hereinafter referred to as the "Firm") and Mission Consolidated Independent School District (hereinafter referred to as the "Client").

Article I
Nature of Relationship

1.01 The parties hereto acknowledge that this Agreement creates an attorney-client relationship.

1.02 The Client hereby employs the Firm to provide the services hereinafter described for compensation hereinafter provided.

Article 2
Scope of Services

2.01 The Firm shall take reasonable and necessary actions to collect property taxes that are owed to the Client and that are subject to this agreement, as hereinafter provided.

2.02 The Client may from time-to-time specify in writing additional actions to be taken by the Firm in connection with the collection of taxes that are owed to the Client. Client further constitutes and appoints the Firm as Client's attorneys to sign all legal instruments, pleadings, drafts, authorizations and papers as shall be reasonably necessary to prosecute the Client's claim for taxes.

2.03 Taxes owed to the Client shall become subject to this agreement upon the following dates, whichever occurs first:

(a) On February 1 of the year in which the taxes become delinquent if a previously filed tax suit is then pending against the property subject to the tax;

(b) On the date any lawsuit is filed with respect to the recovery of the tax if the tax is delinquent and is required to be included in the suit pursuant to TEX. TAX CODE § 33.42(a);

(c) On the date of filing any application for tax warrant where recovery of the tax or estimated tax is sought and where the filing of an application for tax warrant by the Firm is at the request of Client's Tax Assessor-Collector;

(d) On the date of filing any claim in bankruptcy where recovery of the tax is sought; or

(e) In the case of tangible personal property, on the 60th day after the February 1 delinquency date; or

(f) On July 1 of the year in which the taxes become delinquent.

Article 3
Compensation

3.01 Client agrees to pay to the Firm, as compensation for the services required herein, fifteen (15%) percent of all taxes, penalty and interest subject to the terms of this contract as set forth in Paragraph 2.03 above, collected and paid to the collector of taxes during the term of this contract, as and when collected.

3.02 The Client shall pay the Firm by the twentieth day of each month, all compensation earned by the Firm for the previous month as provided in this Article 3. All compensation above provided for shall become the property of the Firm at the time payment of the taxes, penalty and interest is made to the collector.

Article 4
Intellectual Property Rights

4.01 The Client recognizes and acknowledges that the Firm owns all right, title and interest in certain proprietary software that the Firm may utilize in conjunction with performing the services provided in this Agreement. The Client agrees and hereby grants to the Firm the right to use and incorporate any information provided by the Client ("Client Information") to update the databases in this proprietary software, and, notwithstanding that Client Information has been or shall be used to update the databases in this proprietary software, further stipulates and agrees that the Client shall have no rights or ownership whatsoever in and to the software or the data contained therein, except that the Client shall be entitled to obtain a copy of such data that directly relates to the Client's accounts at any time.

4.02 The Firm agrees that it will not share or disclose any specific confidential Client Information with any other company, individual, organization or agency, without the prior written consent of the Client, except as may be required by law or where such information is otherwise publicly available. It is agreed that the Firm shall have the right to use Client Information for internal analysis, purposes of improving the proprietary software and database, and to generate aggregate data and statistics that may inherently contain Client Information. These aggregate statistics are owned solely by the Firm and will generally be used internally, but may be shared with the Firm's affiliates, partners or other third parties for purposes of improving the Firm's software and services.

Article 5
Costs

5.01 The Firm and Client recognize that publication costs for citations and notices of sale and title abstract costs will be incurred in the process of providing the litigation services contemplated in this Agreement. All such costs shall be billed to the Client, in care of the Firm, and the Firm will advance the payment of such costs on behalf of the Client. Upon recovery of such costs from the defendants or from the tax sale of defendants' property, the Firm shall be reimbursed for the advance payment. Alternatively, the Firm may arrange with the vendor or agency providing the service that actual payment of the costs of services is wholly contingent upon recovery of such costs by the Client or the Firm from the defendants or from the tax sale of defendants' property. In such contingent arrangements, the Client has no responsibility or liability for payment or advancement of any costs, other than forwarding to the vendor or service provider any cost amounts received from defendants or from the tax sale of defendants' property.

5.02 The Client acknowledges that the Firm may provide services, such as title research, with its own employees or with other entities or individuals who may be affiliated with the Firm, but the Firm agrees that any charges for such services will be reasonable and consistent with what the same services would cost if obtained from a third party. The Client agrees that upon the recovery of such costs, the Client will: (i) pay the Firm for any such costs which have been advanced by the Firm or performed by the Firm, and (ii) pay any third party agency or vendor owed for performing such services.

Article 6
Term and Termination

6.01 This Agreement shall be effective on July 1, 2025 (The "Effective Date") and shall expire on June 30, 2028 (the "Expiration Date") with the option to renew for two (2) additional one (1) year terms.

6.02 Unless prior to 60 days before the Expiration Date, the Client or the Firm notifies the other in writing that it does not wish to continue this Agreement beyond its initial term, this Agreement shall be automatically extended for an additional one year period without the necessity of any further action by either party. In the absence of any such 60 day notice by either the Client or the Firm, the Agreement shall continue to automatically renew for additional and successive one-year terms in the same manner at the end of each renewal period.

6.03 If at any time during the initial term of this Agreement or any extension hereof, the Client determines that the Firm's performance under this Agreement is unsatisfactory, the Client shall notify the Firm in writing of the Client's determination. The notice from the Client shall specify the particular deficiencies that the Client has observed in the Firm's performance. The Firm shall have sixty (60) days from the date of the notice to cure any such deficiencies. If at the conclusion of that sixty-day remedial period, the Client remains unsatisfied with the Firm's performance, the Client may terminate this Agreement effective upon the expiration of thirty days following the date of written notice to the Firm of such termination ("Termination Date").

6.04 Whether this Agreement expires or is terminated, the Firm shall be entitled to continue to prosecute any tax suits, applications for tax warrants or bankruptcy claims pending on the Termination Date or Expiration Date for an additional six months following termination or expiration. The Client agrees that the Firm shall be compensated as provided by Article 3 for any base tax, penalties and interest collected in the pending matters during the six-month period.

6.05 The Client agrees that the Firm shall be reimbursed for any costs advanced and shall be paid for any services performed pursuant to Article 5 when such costs are recovered by or on behalf of the Client, regardless of the date recovered. It is expressly agreed that neither the expiration nor the termination of this Agreement constitutes a waiver by the Firm of its entitlement to be reimbursed for such costs and to be paid for such services. It is further expressly agreed that the expiration of any six-month period under Section 6.04 does not constitute any such waiver by the Firm.

Article 7

SUBJECT: Reduce General Fund Committed Fund Balance

PRESENTER: Jaime Lopez, Assistant Superintendent for Business and Finance

BACKGROUND INFORMATION

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by formal action of the District's Board of Trustees. The committed amounts cannot be used for any other purpose unless the board of trustees removes or changes the specified use.

ADMINISTRATIVE CONSIDERATIONS

As of the fiscal year ending June 30, 2024, the General Fund Committed Fund Balance totaled $32,081,362.38. Following several weekly capital facilities planning meetings, the administration is requesting that the Board approve the reclassification of $20,293,276.70 from the General Fund Committed Fund Balance to the Unassigned Fund Balance. After this reduction, the remaining General Fund Committed Fund Balance as of June 2025 will be $11,788,085.70. This adjustment will provide the District with greater financial flexibility in planning for ongoing and future construction needs. SUBJECT: 2024-2025 Final Amended Budget

PRESENTER: Jaime Lopez, Assistant Superintendent for Business and Finance

BACKGROUND INFORMATION

In accordance with TEA budget and accounting procedures guidelines, the District's official budget includes the General Fund and Debt Service. The adoption of the budgets associated with these funds, and subsequent amendments, should be approved by the Board of Trustees. SUBJECT: Renewal of Administrative Services with Blue Cross Blue Shield of Texas and Prescription Benefits Management with Prime Therapeutics

PRESENTER: Sylvia Cruz, Executive Director for Business and Finance

BACKGROUND INFORMATION

Mission Consolidated Independent School District (CISD) has renewed its agreement with Blue Cross Blue Shield of Texas (BCBSTX) for Administrative Services Only (ASO) for the 2025–2026 plan year. The renewal also includes the continued use of Prime Therapeutics as the district's Pharmacy Benefit Manager (PBM), utilizing the Balanced drug list and Advantage network.

The administrative fee under the ASO contract will be $46.33 per employee per month (PEPM), representing a modest 3.1% increase from the prior year. Additional services, such as wellness management, virtual behavioral health visits, and an employee assistance program, remain unchanged in cost. Notably, prescription drug rebate credits have increased by 9.6%, offering greater cost offsets for the district.

Projected enrollment is 2,013 employees, and the total projected fixed costs are at no cost to the District since the rebates cover all the administrative fees. A multi-year fee guarantee has been established, providing rate stability through 2027, with modest annual increases to the base administrative fee.

ADMINISTRATIVE CONSIDERATIONS

This renewal ensures the district continues to provide high-quality healthcare benefits while maintaining cost-effective administrative and pharmacy management services.

FUNDING SOURCE AND AMOUNT

Self Insurance Fund (753) – No cost

RECOMMENDATION

Administration recommends renewal of Administrative Services with Blue Cross Blue Shield of Texas and Prescription Benefits Management with Prime Therapeutics.

SUBJECT: Renewal of Endpoint Central Software #TIPS 230105

PRESENTER: Sylvia Cruz, Executive Director for Business and Finance

BACKGROUND INFORMATION

This contract intends to provide a method to procure Endpoint Central Software to meet the District's needs. Endpoint Central is a unified endpoint management and security solution that helps manage servers, laptops, desktops, iPads, and tablets from a central location. It's a modern take on desktop management that can be scaled as per organizational needs.

Endpoint Central enhances traditional desktop management by offering greater depth, automation, and customization. It streamlines routine endpoint management tasks such as patch installation, software deployment, OS imaging, and provisioning.

Beyond these core functions, Endpoint Central provides tools to:

- Manage hardware assets and software licenses
- Monitor software usage statistics
- Control USB device usage
- Access and troubleshoot remote desktops

As a comprehensive desktop management solution, it supports both Windows and macOS environments.

In addition to desktops, Endpoint Central also enables efficient mobile device management. You can deploy profiles and policies, configure Wi-Fi, VPN, and email accounts, enforce restrictions on app installations, camera usage, and browser settings, and apply security controls such as passcodes, remote lock, and wipe capabilities.

All your iOS, Android, and Windows mobile devices can be managed seamlessly from a single, unified console.

Curriculum Associates®

Information on Professional Learning Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PL sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PL sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put it employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PL Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.

Board of Trustees Minutes

The Board of Trustees of the Mission Consolidated Independent School District held a **Special Meeting** on **Thursday, May 1, 2025, scheduled to begin at 5:30 p.m.** in the **Mission CISD Administration Office Eagles Staff Development Room, 1201 Bryce Drive, Mission, TX 78572**.

I. Call Meeting to Order and Establish Quorum

President Iris Iglesias called the meeting to order at 5:30 PM. The meeting was properly posted, and a quorum was present. Board members in attendance, besides Iris Iglesias, included Jerry Zamora, Dolores Reyna, Petra Ramirez, Veronica "Betty" R. Mendoza, Natividad Sosa, and Superintendent of Schools, Dr. Cris Valdez. (Danny Martinez was absent.)

II. Pledge of Allegiance and Moment of Silence

1. U. S. Flag and Texas Flag

Mrs. Iris Iglesias asked if we could rise for the Pledge of Allegiance, the Texas Flag, and a Moment of Silence.

III. Public Comment(s) on Specific Agenda Item(s)

None

IV. Discussion and Possible Action

1. Consideration and Approval of Substantial Completion for the Mission CISD Resurfacing of the Tracks and Field Events for the Veterans Memorial High School Stadium Project – Javier Hinojosa Engineering

Mr. Ricardo Rivera, Assistant Superintendent for Operations, stated, "We do have Consideration and Approval of Substantial Completion for the Veterans Track. We have Mr. Javier Hinojosa, who is our Design Team Engineer, to present this one item."

Mr. Javier Hinojosa with Javier Hinojosa Engineering, stated, "Yes, this project was performed by Hellas Construction. The construction started on April 1st and it was completed on the 29th. I have received substantial completion. I've walked the field with Coach Lee, Coach Gilpin, Coach Longoria who is the Track Coach, and Coach Howell showed up a little bit later, so they're all very pleased with the project as well as I am, so, the project came in on time under budget, so, I recommend substantial completion. I don't know if anyone has had a chance to go by there, but it's pretty much identical to the Tom Landry."

Mrs. Iris Iglesias, Board President, stated, "From the road, it looks nice."

Dr. Cris Valdez, Superintendent of Schools, stated, "I just want to share for this item, the reason for us expediting this whole meeting and not till next week is that we have our Veterans Memorial Patriot Football, who's currently engaged in spring football. And so, we want them to already gain access to the football field. That's important. So, thank you so much for coming together this afternoon."

A Motion was made by Mrs. Veronica "Betty" R. Mendoza to approve the recommendation. Motion seconded by Mrs. Natividad Sosa. Motion passed. Vote 6-0

V. Executive Session

1. Private Consultation with Board Attorney (Texas Gov't Code §551.071)

VII. Presentation(s) to the Board of Trustees

1. 2023 Accountability

Mrs. Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction, stated, "The 2023 district-level and campus ratings were made publicly available and accessible on Thursday, April 24, 2025." Mrs. Cynthia Wilson presented the Mission CISD state accountability data for the 2022-2023 school year, as well as each campus' overall rating, student achievement, academic growth, and closing the gaps. Overall score or rating updated as a result of a Data Compliance Review. Overall Scaled Score 78 Rating C, Student Achievement Scaled Score 75 Rating C, School Progress Scaled Score 81 Rating B, Academic Growth Scaled Score 69 Rating D, Relative Performance Scaled Score 81 Rating B, and Closing the Gaps Scaled Score 75 Rating C.

VIII. Discussion and Possible Action

1. Discussion and Approval of the Purchase of Instructional Materials for Social Studies, Math, and Science

Mrs. Cynthia Wilson stated, "House Bill 1605 was passed during the 88th Texas Legislature and established an expanded process for the State Board of Education to approve high-quality instructional materials (HQIM), increased funding for HQIM, supported parent transparency with instructional materials, created clear teacher protection guidelines for planning time, and provided new requirements for Texas Essential Knowledge and Skills review and revision. The Instructional Materials Review and Approval (IMRA) is a new process that replaced the traditional Proclamation process. Social Studies was under Proclamation 2015 with eight-year contracts for elementary and secondary education. In 2023, Curriculum and Instruction asked the board for two additional "gap years". Under the HB 1605 Instructional Materials Review and Approval process, new social studies instructional materials are due for consideration in 2029, so the district is seeking approval for two additional gap years in social studies for Kinder-12th grade at this time. The adoption cycle for math also expired in 2022, so the district brought before the board approval for gap years in math. IMRA implementation for math is in August 2026, and the district is planning to implement Bluebonnet Learning in math from Kinder through Algebra I, which was presented at the board workshop last week. At this time, the district is needing to purchase high quality instructional materials in Geometry and Algebra II. In 2024, science was under Proclamation 2024. The district purchased digital access for eight years, and one year of printed consumables, as well as science kits in Kinder through high school. Kinder through 8th-grade science needs consumable printed material. In reviewing costs, the most effective purchase is two-year printed consumables for Kinder-5th grades, and seven years of printed consumable materials for 6th-8th grade. Kinder-5th grades are also in need of additional science kits and refills for previously purchased kits. The Administration is seeking approval of the Purchase of Instructional Materials for Social Studies, Math, and Science, and we do have the recommendations for those textbooks. Are there any questions?"

Mrs. Petra Ramirez, Board Member, asked, “Are these going to be bought as class sets or per student?”

Mrs. Cynthia Wilson responded, “Per student, according to our numbers.”

Mrs. Petra Ramirez stated, “According to attendance or whatever, we have ok, so, it will be per student?”

Mrs. Cynthia Wilson responded, “Yes. Of course, the science kits, that’s a little bit different for the science kits, as it’s per classroom for the group of students.”

Mrs. Petra Ramirez responded, “Kits would be per room, per classroom, or for whatever you are assigned to, ok.”

Mrs. Cynthia Wilson asked, “Are there any other questions?”

Mrs. Dolores Reyna, Board Member, responded, “On this curriculum, I do have a question. Was there a committee to review all of these vendors?”

Mrs. Cynthia Wilson responded, “Yes. A meeting does occur, and the committee is all together to determine what we are going to go with as a vendor for science. Science did select Kinder through 5th grade, McGraw-Hill, and so that group did get that. What we are asking for is consumables to continue with the curriculum.”

Mrs. Dolores Reyna responded, “And those consumables will meet the curriculum that we have right now in science, is that correct?”

Mrs. Cynthia Wilson responded, “Yes, that’s correct.”

Mrs. Natividad Sosa, Board Member, responded, “Is that this survey that was attached?”

Mrs. Cynthia Wilson responded, “So, the attached documents are the quotes that we have received (inaudible).”

A Motion was made by Mrs. Natividad Sosa to approve Section 8 Item #1, the recommendation by Administration. Motion seconded by Mr. Jerry Zamora. Motion passed. Vote 7-0

2. Bids, Proposals, and Purchases of $50,000 and Over

a. Renewal of On-Call Professional Services

Mrs. Sylvia Cruz, Executive Director for Business & Finance, stated, “The item before you is the Renewal of Contract for On-Call Professional Services. The purpose of the contract is to provide a method to procure On-Call Professional Services, as you recall from last week's Budget Workshop, we discussed this more thoroughly, and the recommendation from the Board, and in collaboration with the Administration. We are recommending that we go out for requests for Qualifications for Professional Services, for each discipline under the guidance of legal counsel, and possibly have different vendors on a wheel or rotation basis.”

A Motion was made by Mr. Jerry Zamora to approve the recommendation by the Administration on Section 8 Item #2. Motion seconded by Mrs. Natividad Sosa. Motion passed. Vote 7-0

3. Discussion and Approval of the Revised BDAA(LOCAL): Officers and Officials: Duties and Requirements of Board Officers

Dr. Cris Valdez stated, “This item was placed on the Agenda as requested by a Board Member. The revised copy is in your folder.”

Mrs. Iris Iglesias stated, “On the change, I can read that. Board officers shall serve for a term of, it is crossed out from two years to one year or until a successor is elected. Election of Officers shall occur after each election during election years or at the June meeting for non-election years.”

A Motion was made by Mrs. Natividad Sosa to approve the changes on the revised BDAA Local on Section 8 Item #3. Motion seconded by Mr. Jerry Zamora. Motion passed. Vote 7-0

IX. Items to Consider: The Board will consider and may act on the following items under a CONSENT AGENDA Any Trustee may request the removal of an item from the CONSENT AGENDA for Individual consideration and action

Mrs. Iris Iglesias asked, “On the Consent Agenda, does anyone want to pull anything?”

Mr. Jerry Zamora, Board Member, responded, “I do. I just have a question, Mrs. Cruz, for number #7m, which is the Renewal of Student/Athletic Accident Insurance. In the prior Administration, they moved it to the Consent Agenda; before that, it was on the Regular Agenda. I'm asking if we can put it back on a Regular Agenda and not on Consent Agenda for reviews for the future."

Dr. Cris Valdez responded, "Not today?"

Mr. Jerry Zamora responded, "Not for today, for the future, because, put it back to where it was before."

Dr. Cris Valdez asked, "In Possible Action?"

Mr. Jerry Zamora responded, "Yes, Possible Action."

Mrs. Natividad Sosa asked, "Why would it have been on the Consent before it was approved?"

Mr. Jerry Zamora responded, "That was the previous Administration that changed it, so, I don't know."

Mrs. Iris Iglesias asked, "The one today, Mrs. Sosa?"

Mrs. Natividad Sosa responded, "Jerry is saying in the future let's move to bringing it up to the Board and not automatically putting it on the Consent Agenda."

Mr. Jerry Zamora asked, "Does everybody understand my question?"

Mrs. Natividad Sosa responded, "Yes, I was just wondering why that was done before."

Mr. Jerry Zamora responded, "I don't know. It was moved. Okay, and I don't think it should be there. It should have been where it was before in the Regular Agenda."

Mrs. Sylvia Cruz responded, "Mr. Zamora, in prior years, this item was placed on Possible Discussion, and then what they did they would put it under the purchasing $50,000.00 or less approval items discussion. So, he wants to pull it out and bring it up as a discussion."

Mr. Jerry Zamora responded, "You said it for me. Thank you."

Mrs. Petra Ramirez responded, "Because in the Consent, all you're doing is just renewing, and no discussion or not bringing it, if you want to change, right?"

Mrs. Iris Iglesias responded, "They brought that up to us at the Workshop."

Mrs. Petra Ramirez responded, "That's what I mean, you know, if we just put it on the Consent, we just approve it. He wants it on the regular, so, we can discuss it, and if we have a chance, we can do it. Is that possible?"

Mr. Jerry Zamora responded, "Yes, ma'am."

Mrs. Petra Ramirez responded, "That's what I am hearing. I am just asking."

Mrs. Sylvia Cruz, "For future reference, we would put the item under discussion and make the presentation to the Board."

Mr. Jerry Zamora responded, "Right."

Mrs. Iris Iglesias responded, "We have that opportunity during the Workshop."

Mrs. Veronica "Betty" R. Mendoza, Board Secretary, responded, "We do discuss it at the Workshop."

Mrs. Petra Ramirez responded, "Yeah, we did, but no, since he wants it moved from the Consent to the Discussion Agenda."

Mr. Jerry Zamora responded, "It was done before to hide certain things, so, I would like to put it back the way it was done before."

Mrs. Veronica "Betty" R. Mendoza stated, "I have a question on 7b the Instructional Materials for Bluebonnet Learning. I believe Dr. Roberts, I believe you presented at the Workshop. It's K-Algebra 1 Math, all these Bluebonnet learning, are they just for Kinder, or is it Pre-K as well?"

Dr. Cris Valdez responded, "It's for Math through 5th, 6th, 7th, and 8th, it's all Kinder through Algebra I all the way."

Mrs. Veronica "Betty" R. Mendoza asked, "So, nothing for Pre-K?"

Dr. Cris Valdez responded, "No, Pre-K uses a different one."

Mrs. Veronica "Betty" R. Mendoza responded, "Ok, thank you."

Mrs. Dolores Reyna responded, "On the same note, on the Bluebonnet Curriculum, I have a concern with the Bluebonnet Curriculum itself."

Dr. Cris Valdez asked, "The reading language arts or math?"

Mrs. Dolores Reyna responded, "The math, I would like for the district to meet the needs of our district because the way it's broken up, it has, like, the first section, is this child has seven minutes to do a problem. If the child doesn't have the background to complete the little assignment, like the brain teaser, and stuff like that. He finds difficulty with those seven minutes or the three-minute period that he's doing. So, when we get to curriculum writing with this Bluebonnet, I think if we focus on time allotments during the instruction, I think it would be better for the students, because there are little breakout little activities that they do before they get the teacher gets into the curriculum. So, that's just, you know, me reading up on the Bluebonnet Curriculum, and because some kids are still not passing STAAR, and they don't have the background and the foundation for the skills."

Mrs. Petra Ramirez responded, "So, in other words, you're asking that they do the prerequisite check before, is that what you are asking?"

Mrs. Dolores Reyna responded, "Yes, it's in the curriculum for them to do (inaudible) before they do the curriculum."

Mrs. Natividad Sosa responded, "Mrs. Wilson needs to come back up."

Dr. Cris Valdez asked, "Do you want to pull this item from Consent?"

Mrs. Dolores Reyna responded, "No, I don't want to pull it. I just want to bring it to the Administration's attention, just when they write the curriculum, to emphasize the time allotment that these little children have to do, the little brain teasers that they do, that's it."

Mrs. Cynthia Wilson responded, "I also want you to keep in mind that within the classroom, differentiated instruction does need to occur because all of our students are not the same, and so, those are things that I
will be discussing with the parent."

A Motion was made by Mr. Jerry Zamora to approve Item 9 #1 through #10b on the Consent Agenda. Motion seconded by Mrs. Veronica "Betty" R. Mendoza. Motion passed. Vote 7-0

IV. Discussion and Possible Action

1. Discussion and Possible Action on the Memorandum of Understanding (MOU) with the City of Mission Related to Real Estate Transactions and Land Donations

Mr. Eden Ramirez stated, “Members of the Board, Members of the community, importantly, this item reflects an MOU between the School District and the City of Mission. Oftentimes, I think that we make the largest and biggest strides in our communities. When entities work together to solving common problems that solve everybody. I think this is a really good example of that spirit of trying to solve issues that affect us dearly, especially issues that affect Mission CISD. A while back, the City of Mission had approached us regarding a need for some parcel of lands that we own near Leo Pena Placita Park that are not currently in use, that are landlocked, that are near the railroad, that are costing us money for maintenance, etc. and could become a public nuisance, when they approached us for those parcels, for their expansion. We began a broader conversation about land issues in our city, specifically as it relates to flooding and how it affects our schools. As we know, recent rains, we experienced flooding in different areas of our community that greatly affected, not just the community, but the instruction and affected the school district, it means that kids couldn't come to school, buses couldn't transport through those areas, but even more than that, right? You have students who also suffer damage to their own valuable needs for the school, textbooks, books, backpacks, all those things, and so, in an effort to address some of those things, we had a broader conversation about a larger MOU to address these things. And so, what that now includes and what we have here before you is not only are we working collaboratively with them to expand a recreational facility for the entire community and our kids with the expansion of a future potential park, but we're also going to be having an exchange of land. That one is going to work towards solving some of the flooding issues by getting new retention areas for this water to avoid flooding in the future, that will prevent our kids from getting to school. In addition to that, the school is also going to be the recipient of a much-needed piece of land in front of Bryan Elementary. That's going to contribute to our overcrowding in our flooding of parents. When they come in, where they can't find where to park or anything like that. So, we're trying to solve multiple things with this, and I think this really highlights the solution to all of this, right? This today commemorates a well-put-together MOU that grants us new public spaces for enjoyment and quality of life. That affects the flooding issues to try to address them, to ensure our kids can get to school and also helps us with one of our campuses trying to gain additional land, that can be conveyed over to us for parking and for overflows, so, our parents will not have to park in the streets anywhere and so, the MOU all lengthy encapsulates, a lot of what I mentioned right now.”

A Motion was made by Mrs. Veronica “Betty” R. Mendoza to accept the MOU with the City of Mission. Motion seconded by Mrs. Dolores Reyna. Motion passed. Vote 6-0

Mrs. Iris Iglesias stated, “We look forward to working with the City of Mission and moving forward with this project that will benefit both of us.”

Mrs. Natividad Sosa, Board Member, stated, "Thank you, Eden, for just being highly involved in this and guiding us. I felt very comfortable knowing that you've been guiding us through all of this process."

Mr. Eden Ramirez responded, “(inaudible) Thank you.”
