SUBJECT: Approval of Kinder-3rd Grade Teachers Professional Development in the Reading Academies

Cynthia Wilson, Superintendent for Curriculum & Instruction

PRESENTER:

BACKGROUND INFORMATION

House Bill (HB) 3 was passed by the 86th Texas Legislature in 2019, and signed into law by Governor Abbott on June 11, 2019, and requires local education agencies to ensure all Kinder through 3rd grade teachers and principals in Texas complete the Reading Academies. All teachers serving children in Kinder through 3rd grades, including children receiving services through special education and dyslexia, are required to successfully complete the Texas Reading Academies.

For the 2025-2026 school year the Texas Reading Academies require implementation of the Comprehensive facilitation model for all ELAR, Biliteracy, and Science of Teaching Reading pathways. This comprehensive model is a face-to-face, in-person learning experience. It includes a combination of online modules, in-person literacy community and learning sessions, as well as coaching support to promote classroom application of the Reading Academy instructional practices. Participants must complete online module assignments and artifacts in the Canvas Learning Management System (LMS), participate in in-person learning sessions, and demonstrate mastery of the Reading Academies content during classroom observations and coaching by a Comprehensive Cohort Leader. The district partners with Region One to provide this professional development. The cost per participant is \$3,000. Currently, the district had anticipated 28 teachers needing to participate in this training; however, upon further review, we are in need of only 21 teachers, with teachers possibly being added prior to the beginning of Region One's next cohort should there be any additional hires or reassignments into teaching positions in Kinder-3rd grade. The total cost of the Texas Reading Academies for the current cohort of 21 teachers is \$63,000, with additional teachers possibly being added by January if needed.

ADMINISTRATIVE CONSIDERATIONS

The purchase will be conducted under 2 C.F.R. 200.320(c)(4), which permits TEA, as the pass-through entity, to authorize noncompetitive procurements in response to a written request. This includes contracted services provided by ESCs to LEAs and other ESCs. Region One Education Service Center is authorized by TEA to consider all products and services for the 2025-2026 year as noncompetitive procurements for both LEAs and ESCs.

Texas Education Code 28.002 and Board Policy BDF(LEGAL) require Board approval of all new members of the SHAC.

We would like to invite a representative of your organization to be a member of the Mission CISD School Health Advisory Council. Input from our community regarding the education, health and wellbeing of our students is essential. Below is a brief description of what the School Health Advisory Council is. Our council meets four times a year and as needed. For further information visit our Mission CISD website page under SHAC.

What is a SHAC?

A School Health Advisory Council (SHAC), sometimes called a “School Health Team” or “Wellness Council,” is a group of individuals who represent both the school and the community. This group acts collectively to provide advice on aspects of the school health policies and programs. SHACs can advise a local education agency (district) or an individual school site (elementary, middle, or high school). To meet the federal requirements, school districts must include the following stakeholders to be part of the process:

- Parents
- Students
- School food representatives
- School board
- School administrators
- Community Members

What does a SHAC do?

A SHAC can have a variety of roles, depending on how it is used by the school or school district. Members of the SHAC work together to give advice and support to all parts of school health programs and policies. This includes addressing the eight components of coordinated school health that include:

- Health Education
- Physical Education
- Mental Health & Social Services
- Health Services
- Nutrition Services
- Family & Community Involvement
- Staff Wellness
- Healthy & Safe Environment

How can I help to improve the health of Mission students?

As people become more aware of and concerned about the health problems of children and youth, they naturally turn to their schools for solutions. However, the most troubling problems cannot be solved by schools alone. Experience has shown that when schools involve parents and other partners from the community, the responsibility is shared and many difficult problems can be successfully addressed.

Why is health important for Mission schools?

The academic success of Mission’s youth is strongly linked with their health. Active, happy, healthy and well-nourished youth are more likely to attend school, be engaged and ready to learn. Yet, an overwhelming number of students come to school with numerous health problems. Issues such as hunger, physical and emotional abuse, and chronic disease can lead to poor school performance. Health-risk behaviors such as substance use, violence, and physical inactivity are consistently linked to academic failure and often affect students’ school attendance, grades, test scores, and ability to pay attention in class. In turn, academic success is related to the overall wellbeing of youth and can impact their health as adults as well as impact the entire community.

“Schools by themselves cannot solve the nation’s most serious health and social problems. However, schools have a critical role to play in partnership with community agencies and organizations to improve the health and wellbeing of young people. ... [A School Health Advisory Council] brings together school administrators, teachers, other staff, students, families, and community members to assess health needs; set priorities; and plan, implement, and evaluate school health activities.” – *Centers for Disease Control and Prevention*

SUBJECT: Approval of Change Order #5 for Delay Days for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Annex Building – EGV Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	\$7,694,374.83
Wind Storm April 28, 2023:	\$1,033,003.78
Deductible #1:	\$ (100,000.00)
Deductible #2	<u>\$ (100,000.00)</u>
Est. Reimbursement:	\$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus we present the approval of Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage, not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statutes) or Chapter 478, Acts of the 45th

Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

<u>FIRMS</u>	<u>Points</u>	
EGV Architects	99.0	
Raba Kistner Inc.	98.0	
Amtech Solutions	83.0	
Armko Industries Inc.	83.0	11
Gignac Architects	80.0	

CG5 Architect 73.0
Sam Garcia Architect LLC 61.0

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD districtwide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO, however, they remained at their initial proposal of 6.5% of construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

Schematic Design:

Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:

Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and are useful to contractors

At the Regular Board of Trustees meeting held on April 10, 2024, the Board approved Construction Documents for the Mission CISD Central Office and Annex buildings.

Advertisements in local newspapers were posted from April 13, 2024, through April 28, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of CSP's was due on April 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the CSP's on April 30, 2024, at 9 a.m.. After the review, Administration will then recommend the top firms to be ranked in order of selection. The ranking team will consist of Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Adan Rivera, Ms. Anabel Garza, and Mr. Daniel Carmona, who will serve as the facilitators.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD District-wide Roofing Repairs for the Mission CISD Central Office and Annex Buildings.

Regular Board Meeting 9-17-25

SUBJECT: Approval of Substantial Completion for the Mission CISD District-Wide Roofing Repairs for the Mission CISD Annex Building – EGV Architects

PRESENTER: Rick Rivera, Assistant Superintendent for Operations

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	\$7,694,374.83
Wind Storm April 28, 2023:	\$1,033,003.78
Deductible #1:	\$ (100,000.00)
Deductible #2	<u>\$ (100,000.00)</u>
Est. Reimbursement:	\$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus we present the approval of Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage, not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statutes) or Chapter 478, Acts of the 45th

Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and pre-ranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD districtwide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO, however, they remained at their initial proposal of 6.5% of construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

Schematic Design:

Rough sketches that develop a feasible conceptual design of the project.

Construction Documents:

Communicating the design intent through further refinement of the written and graphic representation of all building materials, components, and equipment that can be quantified and are useful to contractors

At the Regular Board of Trustees meeting held on April 10, 2024, the Board approved Construction Documents for the Mission CISD Central Office and Annex buildings.

Advertisements in local newspapers were posted from April 13, 2024, through April 28, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of CSP's was due on April 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the CSP's on April 30, 2024, at 9 a.m.. After the review, Administration will then recommend the top firms to be ranked in order of selection. The ranking team will consist of Mr. Adrian Hernandez, Mr. Leandro Ochoa, Mr. Adan Rivera, Ms. Anabel Garza, and Mr. Daniel Carmona, who will serve as the facilitators.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD District-wide Roofing Repairs for the Mission CISD Central Office and Annex Buildings.

SUBJECT: Approval of Amendments to the Student Code of Conduct to Incorporate HB 6
Approved by the 89th Legislature (2025)

PRESENTER: Edilberto Flores, Assistant Superintendent for Human Resources and Support Services
Elisa Pacheco, Executive Director for Human Resources and Student Services

BACKGROUND INFORMATION

Under Texas Education Code Section §37.001(c), any revisions to the Student Code of Conduct (SCOC) must be approved by the Board of Trustees. House Bill 6, passed in the 89th Texas Legislature (2025), introduced substantial required modifications to student discipline procedures, including:

- The law does not provide limits on the length of placement in ISS; however, the CBC must review a student’s ISS placement at least once every ten school days to determine if continued placement is appropriate.
- Limiting out-of-school suspension to no more than three days and reinforcing behavior improvement, restorative practices, and discipline management plans.
- Possession or use of an e-cigarette is now a discretionary removal to a DAEP; however, if a first-time offender is not placed in DAEP, they must be placed in ISS for at least ten school days.
- The DAEP placement may be reduced in length upon the development of a parent and student behavioral agreement with the CBC or campus administrator.
- Many offenses that previously required being on school property or at a school-sponsored activity have been revised so that the location no longer applies to most mandatory expulsion grounds.
- Removal from Class by a Teacher: The bill expanded authority for a teacher to remove a student from their classroom under TEC, §37.002(b), which can be a single incident of misconduct. Other new provisions associated with the removal of a teacher include:
 - A return-to-class plan must be created if a teacher has not consented in writing to the student’s return to class after a removal by the teacher.
 - Students may appeal their removals from class under TEC §37.002 to the campus placement review committee or to the campus threat assessment team.

ADMINISTRATIVE CONSIDERATIONS

The recommendation is to update the 2025-2026 Student Code of Conduct found within the Student Handbook to be in alignment with HB 6. Upon approval from the Board of Trustees, the Student Code of Conduct will be updated and posted on the district website for students, parents, and district administration reference. The TEA “Overview of School Discipline for Parents” will be shared with parents to keep them informed of the latest changes to schools' handling of discipline consequences and developing proactive plans to address consistent misbehavior and discipline incidents.

Training with campus administrators, in particular Campus Behavior Coordinators, will take place to ensure they are familiar with the new law, procedures, and reporting expectations.

RECOMMENDATION

District administration recommends the approval of amendments to the Student Code of Conduct to incorporate HB 6, approved by the 89th Texas Legislature.

about disciplinary matters. Parents will be notified of all code of conduct violations in a reasonable amount of time by telephone or in writing. Campus administrators are not required to notify parents of incidents by telephone on the day of the incident. If the CBC cannot reach you by telephone or in person, written notice will be mailed that day or the following business day to the last address you have provided to the campus.

What consequences will occur when a student is an accomplice in an offense? Any student who assists, encourages, promotes, or attempts to assist in the commission of a serious offense will receive the same punishment as a student who actually engages in the conduct.

What are the expectations for student reporting of offenses? A student who has knowledge that another student or students have committed a serious offense is expected to report that information to a school official. If the administrator learns that a student failed to report the commission of a serious offense, the student will be subject to a lesser disciplinary consequence, either one step lower than that required for the serious offense of which the student had knowledge or a shorter term of discipline.

Physical Restraint

In some circumstances, it may be necessary for a District employee to use force, but not deadly force, to physically restrain a student in order to lead, guide, and direct the student or to protect the student or any other person from physical injury, to obtain possession of a weapon or other dangerous object, to protect property from serious damage, to remove a student who is refusing to comply with a legitimate directive from a school employee from a specific location in order to restore order or to impose disciplinary measures to restrain an irrational student, or to maintain order and discipline in the class or activity.

In-School Suspension

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may assign a student to one or more days of in-school suspension where, under the supervision of a *certified teacher or a paraprofessional*, students will complete assignments given them by their regular teachers. Both the length of the assignment and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC. **As per HB 6, passed in the 89th Texas Legislature, the law does not provide limits on the length of placement in ISS; however, the CBC must review a student's ISS placement every ten school days to determine if continued placement is appropriate.**

If a student is placed in in-school suspension for an extended period of time, he/she will be offered an opportunity to complete the courses in which he/she was enrolled at the time of the removal before the beginning of the next school year. This opportunity may be by via summer school, correspondence courses, distance learning, or other avenues. The parent/guardian will be assessed the ordinary charges associated with the program.

Detention

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may detain students after school hours or during lunch on one or more days. When detention is used, notice will first be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 years of age or older, the detention will not begin until the parents have been notified. The student's parents, if the student is a minor, may be required to provide transportation when the student has been assigned to detention.

Suspension

When and for how long will a student be suspended? The CBC may suspend a student for a maximum of three school days at a time if the student violates the Code of Conduct by engaging in any prohibited conduct. Both the length of the suspension and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC. **In an effort to address concerns leading to the frequent suspensions, behavior improvement plans, restorative practices, and discipline management plans must be developed to demonstrate improved behaviors and expected positive outcomes for students requiring discipline management supports.**

How many times can a student be suspended? Neither state law nor this Code of Conduct imposes a limit on the number of times a student may be suspended during a semester or school year.

Formal Removal from Class by Teacher

What is the difference between being sent to the office and a formal teacher removal? Students may be sent to the CBC's office for committing minor classroom infractions. However, ~~a student who has been documented to repeatedly interfere~~

~~with a teacher's ability to communicate effectively with the students in the class or with the ability of the students to learn, or who behaves in a manner the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students or with the ability of other students to learn will be formal~~

empowered to exercise its authority to honor the removal. Furthermore, even if we do not complete the removal process and issue a removal order, we will send disciplinary records to the next school, and that school has the authority to complete the removal process and issue a removal order.

Students who transfer out of this District to another public or private school, including students who withdraw from this District for the purpose of home schooling, and students who do not attend MCISD's disciplinary alternative education program for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under District policy), will be required upon return to this District to complete the number of days missed in the disciplinary alternative education program before being allowed to return to the regular campus, unless their records indicate that the term of removal was served in another school district or charter school.

EFFECT OF TRANSFER INTO DISTRICT: If a student transfers into this District from another school district in which the student was placed in a disciplinary alternative education program, MCISD may continue the DAEP placement under the terms of the order provided by the sending school district.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the removal order in the records from the other school, the District may enforce the terms of that removal order, provided the grounds for removal to DAEP in the charter school or other state are grounds for removal in the District.

GRADUATING SENIORS IN THE DAEP: When a student is placed in the DAEP during the 12th grade, the District may allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met and provided that the student has successfully completed all of the days that the student was placed in the DAEP. If the student in question has unexcused absences or has not completed his or her days in the DAEP for any other reason, such as withdrawal or transfer to another school district, the student will not be allowed to participate in graduation ceremonies. Any decision concerning participation in graduation ceremonies will be made by the student's home campus principal, whose decision is final.

Conduct That Warrants DAEP Placement

SCHOOL-RELATED CONDUCT: The CBC will place a student in DAEP if the student:

- makes a false report of bombing, fire, or other emergency involving a public school, regardless of when the false report is made or the place from which the false report is made.
- makes a terroristic threat involving a public school, regardless of when the threat is made or the place from which the threat is made.
- Vaping
- E-cigarette (possession or use of an e-cigarette is now a discretionary removal to DAEP; however, if a first-time offender is not placed in a DAEP setting, they must be placed in ISS for at least ten school days).

The CBC will place a student in DAEP if the student commits any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Conduct punishable as a felony
- Assault resulting in bodily injury
- Offenses relating to marijuana, controlled substances, and dangerous drugs
- House Bill (BH) 114 amends Texas Education Code, Chapter 37 to address mandatory discipline requirements related to marijuana, tetrahydrocannabinol (THC), and e-cigarettes.
- This bill requires a student to be placed in the DAEP if the student possesses, uses, or is under the influence of, or sells, gives, or delivers marijuana or THC within 300 feet of school property or at a school-related event.
- Placement in DAEP is also required if a student possesses, uses, sells, gives, or delivers to another person an e-cigarette within 300 feet of school property or at a school-related event.
- Offenses relating to alcohol
- Offenses relating to abusable volatile chemicals
- Indecent exposure
- Public lewdness
- Retaliation against a school employee, regardless of where the conduct takes place

~~removed from the teacher's classroom.~~ Per HB 6 passed by the 89th Texas Legislature, for a formal removal from class, the teacher may remove a student from their classroom under §37.002(b), based on a single incident of misconduct. Other provisions require notification to parents when a student is removed from class under TEC, §37.002. A return-to-class plan must be created if a teacher has not consented in writing to the student's return to class after removal by the teacher. Students may appeal their removal from class under §37.002 to the campus placement review committee.

What is the process for formally removing a student from a teacher's classroom? Within three class days of the removal, a conference will be held between the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, and the student. Pending the conference, the CBC may place the student in another appropriate classroom, in-school suspension, or a disciplinary alternative education program. Following the conference, the CBC will order the placement of the student. The CBC will not return the student to the teacher's class without that teacher's consent, unless the Placement Review Committee determines that such placement is the best or only alternative.

Are there any special limitations associated with formal teacher removal? If a teacher removes a student from class because the student committed any kind of assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent.

Disciplinary Alternative Education Program

General DAEP Information

What is a DAEP? The District operates a Disciplinary Alternative Education Program (DAEP) for students who have committed certain serious offenses (see pages 56-57). The DAEP:

1. is in a setting other than the student's regular classroom;
2. is located apart from the student's regular school campus;
3. separates students in the DAEP from students in the regular program or in another disciplinary setting in the same building as the DAEP;
4. separates elementary school students assigned to DAEP from secondary school students assigned to DAEP;
5. focuses on English language arts, mathematics, science, history, and self-discipline;
6. provides for students' educational and behavioral needs;
7. provides supervision and counseling;
8. is taught by certified teachers; and
9. provides at least a 7-hour school day, including lunch and other breaks, but not longer than 10 hours each day.

No student who has engaged in behavior warranting a DAEP assignment will be placed in an unsupervised setting, other than an out-of-school suspension pending the DAEP conference.

Where is the DAEP? Will it operate during the school day? Is transportation provided? MCISD's disciplinary alternative education program is located at the Roosevelt Alternative School, 407 E. 3rd Street, Mission, TX 78572, and operates between the hours of 7:45 am and 4:15 pm. District transportation is provided, and parents are responsible for making sure students attend while assigned. Failure to attend the DAEP is a violation of compulsory attendance laws. Parents may be prosecuted if their child fails to attend while assigned; students may be referred to Truancy Court for failure to attend while assigned.

What is the DAEP Dress Code? The District has adopted standardized attire for all students assigned to the DAEP at Roosevelt Alternative School. All students assigned to the DAEP will adhere to the standardized dress code. The dress code will be discussed with the students and parents during the scheduled orientation conference.

What kinds of courses are taught at the DAEP? Instruction in the DAEP will focus on English language arts, mathematics, science, history, and self-discipline. The District will provide an opportunity for students who have been placed in the DAEP to complete a foundation curriculum course in which the student was enrolled at the time of removal before the beginning of the next school year, if the term of the student's placement is such that the student is not able to continue enrollment in all his or her courses. The opportunity to complete coursework will be provided through any method available, which may include summer school, distance learning, or correspondence courses. The District will not assess any charge for the student to complete a course under this provision.

TERM OF PLACEMENT: Students are assigned to DAEP with a written removal order that states a specific term of placement that is the number of successful school days that must be served. Students will be credited with a "successful

day” of DAEP assignment if the student is present, completes all assigned work, follows all rules of the DAEP, and engages in no additional violations of the Student Code of Conduct. The length of all DAEP assignments is at the discretion of the CBC, within the guidelines stated below. **Per HB 6 passed by the 89th Texas Legislature, the term of placement may be reduced for a DAEP or expulsion assignment through the development of a parent and student behavior agreement.**

that is sponsored or supported by the Texas Parks & Wildlife Department or a shooting sports organization working with the TPWD. Furthermore, the exception stated in this paragraph does not by itself authorize a student to bring a firearm on school property.

SUBJECT: Purchase of LASO Cycle 3 Strong Foundations Implementation K-5 Math 230-26-17

PRESENTER: Sylvia Cruz, Executive Director for Business and Finance

BACKGROUND INFORMATION

In October 2024, TEA offered the third cycle of streamlined, consolidated grant applications under Learning Acceleration Support Opportunities (LASO) Cycle 3 Grants; the district submitted and was awarded two of the LASO Cycle 3 grants (Strong Foundations Literacy Planning and Instructional Leadership).

In May 2025, MCISD was informed of two additional LASO grant awards for Strong Foundations Implementation for 6-8 Math in the following amounts:

- \$87,000 Strong Foundations Implementation for MCISD
- \$200,000 Strong Foundations Implementation for RCJHS

On June 25, 2025, MCISD was informed of another LASO grant award for Strong Foundations Implementation for K-5 Math in the following amount:

- \$773,000 Strong Foundations Implementation for MCISD

Strong Foundations Implementation (SFI) provides direct grant funds to local educational agencies (LEAs) for technical assistance to support high-fidelity implementation of the Bluebonnet Learning instructional materials, including high-quality professional learning (HQPL) for teachers, coaches, school leaders/campus administrators, and district leaders on effectively implementing Bluebonnet Learning. Strong Foundations Implementation is the OER Instructional Material Support program established by Chapter 31 of the Texas Education Code.

MCISD is required to use:

- 50% of grant funds to contract with a single Approved Provider per instructional material from the LASO Cycle 3 Approved Provider List for Strong Foundations Implementation to support grant activities
- 20% of grant funds for additional support from the Approved Provider and/or salaries or partial salaries for instructional coaches or other positions directly supporting implementation of the instructional materials
- 30% of grant funds for other allowable expenses (e.g., print materials, digital licenses, assessment licenses, teacher stipends, instructional coaches)

In-kind print materials are not included in the grant. LEAs will need to provide all print materials for teachers and students.

ADMINISTRATIVE CONSIDERATIONS

For the Strong Foundations Implementation grant, a committee made up of elementary teachers, assistant principals, and principals was assembled in order to choose from three TEA-approved providers who have worked with the district in the past, providing support for elementary mathematics:

Engage2Learn, Great Minds, and Region One ESC. The committee selected Great Minds as the provider. All documentation is included for final approval at the September 10, 2025, Board of Trustees meeting.

Mission CISD

Dear Sylvia Cruz,

The TASB Risk Management Fund is pleased to provide the following proposal for renewing coverage with the Fund for the coming year. The proposal reflects the Fund's ongoing commitment to the risk-sharing partnership among its more than 1,000 members.

The Fund is the oldest and largest governmental risk pool serving Texas public schools. A 21-member board comprised of school board members, superintendents, and administrators from member districts governs the Fund. The Fund's board of trustees ensures the Fund remains financially strong and responsive to member needs. Fund programs and coverages continue to respond to the risks shared by Fund members and reflect the challenges Fund members face today.

The coverage proposal on the following pages includes terms and contribution amounts for the programs in which your organization participates. A summary of changes and updates to the Fund's Coverage Agreements is included in this proposal. You can also access coverage agreements on the Fund's website.

Please review all terms, provisions, and features of this renewal proposal. When ready, you may accept this renewal proposal by signing the Contribution & Coverage Summary (CCS) and returning it by email to me or TASBRMF@tasbrmf.org. You may also complete the electronic acceptance using the link in the renewal email sent to the designated Program Contact. All provisions and terms of this CCS, including contribution amounts, are offered by the Fund in total as indicated only; if not accepted by the member in total, please contact your underwriter for other pricing and options.

Please note that if you take no action, coverage will automatically renew under the terms of this renewal proposal. If you wish to terminate coverage, the Fund must receive written notice of termination at least 30 days prior to your renewal date. If you are unsure of your plans to renew or have questions about this renewal proposal or any aspect of your Fund membership, please contact Adrian Pena or any member of TASB's Underwriting or Marketing teams at 800.482.7276.

Thank you for your membership in the TASB Risk Management Fund and participation with all Fund members. The Fund is proud to be your partner in managing risk and serving the students and staff in your community.

Sincerely,
Adrian Pena

Unemployment Compensation Participation Period: 10/1/2025 through 9/30/2026 Total Contribution: \$116,500

The following is a description of Unemployment Compensation (UC) coverage.

Unemployment Compensation Coverage	Contribution
UC – Pool	\$116,500

Unemployment Compensation Provisions

Agreement: This Agreement provides coverage for statutory unemployment compensation benefits and assistance with general unemployment compensation matters such as administrative hearings and filings with the Texas Workforce Commission (TWC). Coverage does not extend to litigation involving unemployment claims or other employment related matters.

As part of this Agreement, the Fund assumes responsibility for the Fund Member’s quarterly claim payments payable to TWC during the Participation Period. All benefit credits and reimbursements, including but not limited to federal CARES Act credits, received during or attributable to any period of the Fund Member’s participation in the Fund’s UC program for which the Fund paid benefits, are owed to the Fund. The Fund Member must be a reimbursing employer pursuant to the Texas Unemployment Compensation Act (TUCA) and must execute a Power of Attorney permitting the Fund to represent the Fund Member in its relations with TWC.

The Fund Member agrees to comply with the provisions of the TUCA, to respond timely to TWC requests and reporting requirements, and to comply with TWC rules and procedures. The Fund Member also agrees to implement loss prevention and cost containment recommendations from the Fund related to unemployment compensation benefits. The Fund Member agrees to submit wage reports through electronic reporting to the Fund or TWC according to Fund and TWC requirements. Any fines or penalties imposed for the Fund Member’s failure to comply with the TUCA will be the sole responsibility of the Fund Member. If the Fund advances payment of any fine or penalty, the Fund Member agrees to reimburse the Fund for all such costs. Upon termination of this coverage, the Fund Member agrees to assume responsibility for claim payments and reports due to the TWC.

Contribution: The contribution shown on this Contribution and Coverage Summary (CCS) is developed by the Fund and is based on the Fund’s overall expected unemployment compensation claims costs for the Participation Period and each individual Fund Member’s claims experience. The contribution is not adjustable during the coverage period due to changes in the Fund Member’s wages. However, the contribution may be adjusted by the Fund if payments due to TWC for the Fund Member’s unemployment compensation benefit payments for this Participation Period exceed 300% of the Fund Member’s annual UC contribution. The additional contribution adjustment will be based solely on the Fund Member’s own claims.

Assistance: The Fund’s services include assistance to the Fund Member with TWC hearings. Fund Member’s request for assistance constitutes authorization for the Fund to appoint an attorney to provide representation to the Fund Member before the TWC and for such attorney and other Fund representatives to have privileged communications with the Fund Member regarding claims subject to TWC administrative proceedings. The Fund’s assistance of the Fund Member under this provision does not extend to litigation involving unemployment claims or other employment-related matters.

Program Coordinators

The Fund Member is required to designate a Program Coordinator (Coordinator) with express authority to represent and bind the Fund Member in all program matters. Below are the current Coordinators associated with the Fund Member. If a Coordinator’s name and email address are not listed or the Coordinator identified needs to be updated, please provide updated information to the Fund as soon as possible or include updates in this document.

Contribution & Coverage Summary General Provisions

Coverage: This CCS, the Fund’s corresponding coverage agreements and their endorsements, the Fund Member’s questionnaire, the Interlocal Participation Agreement (IPA), and the documents incorporated by reference into any of those documents, all for this Participation Period, outline the coverage terms and limits.

Claims Reporting: The Fund Member will provide timely notice of all claims to the Fund as required in the IPA, the applicable Fund coverage agreement, and this CCS. The lack of timely notice may result in a loss of coverage.

Definitions: Any terms not defined in this CCS will use the definition for that term from the corresponding Fund Coverage Agreement.

Payment: The Fund Member agrees to pay contributions based on a plan developed by the Fund. All contributions are payable upon receipt of an invoice from the Fund. The Fund will determine the contribution for each program and how each contribution is applied.

Termination: In addition to any CCS-specific provisions, the IPA outlines the termination-related provisions that govern this CCS. These provisions include the following: this CCS may be terminated by either party, with termination effective at the end of the Participation Period, by giving written notice to the other party no later than 30 days before the end of the Participation Period. If the Fund Member ceases to be an Active or Associate member of the Texas Association of School Boards, Inc., this CCS will terminate at the end of the Participation Period, and the Fund will not offer a renewal CCS. If neither party terminates this CCS, any renewal CCS offered by the Fund becomes effective based on the terms of the renewal CCS and will bind the Fund Member.

Fund Member Authorization:

I have read, approved, and agreed to this Contribution and Coverage Summary (CCS) and certify that this information is correct. I affirm that I am duly authorized to approve this CCS and understand that my signature below contractually binds the entity I represent to this CCS and any other coverage-related or Fund participation agreements.

V. Open Session-Possible Action Items

1. Discussion and Possible Action Regarding Superintendent's Recommendation(s) for:

- a. Assistant Principal at Mission High School**
- b. Special Education School Psychologist**
- c. Special Education Speech Language Pathologist**
- d. Special Education Diagnostician (2)**

Mrs. Iris Iglesias stated, "V. Possible Action on discussions we had in executive session."

Mr. Eden Ramirez, Legal Counsel, stated, "For that item with respect to V. Item #1. a., b., c., and d. the Board can take a motion to accept all of them together as discussed in executive session."

Mrs. Iris Iglesias stated, "It has been moved and seconded that we accept the discussion that transpired in executive session and approve those recommendations. Any discussion?"

A Motion was made by Mrs. Natividad Sosa to approve these items. Motion seconded by Mrs. Dolores Reyna. Motion passed. Vote 6-0

2. Discussion and Possible Action on the Compensation Plan for 2025-2026 School Year

No action on this item.

3. Consider and take possible action to approve the conveyance of District-owned real property near Canal Street and Old U.S. Highway 83, including tracts contiguous to the Mission Pump House and adjacent to Leo Peña Placita Park, to the City of Mission for public use as part of a park expansion project, pursuant to the MOU adopted on May 21, 2025; and authorize the Superintendent to execute all necessary documents and conveyance instruments to complete the transaction

Mr. Eden Ramirez stated, "For V. Item #3, on the conveyance of the district-owned property for the adjacent properties to Leo Peña Placita Park and the Mission Pump House, this states back to the May 21 MOU we did when we presented to the Board the land transaction with the City of Mission to address flooding, and also park expansions. This is one of those properties that we have that we don't have use for there; it is landlocked, there's no road, it's over the railroad, and in fact, it costs us money to maintain and keep up, and it's a liability. In this transaction, the district would authorize the Superintendent to convey the property to the city. The city will use this property to expand their pump house project park and connect the Pena Park to the Pump House Park, in a big walking trail and stuff."

A Motion was made by Mrs. Natividad Sosa to approve this item. Motion seconded by Mrs. Petra Ramirez. Motion passed. Vote 6-0

4. Consider and take possible action to approve the conveyance of District-owned property located at or near the corner of Francisco Avenue and Citriana Drive to the City of Mission for public use as part of a flood mitigation and drainage improvement project, pursuant to the MOU adopted on May 21, 2025; and authorize the Superintendent to execute all necessary documents and conveyance instruments to complete the transaction

Mr. Eden Ramirez stated, "With respect to V. Item #4, "That's also one of the other properties that we (inaudible) be exchanging with the City of Mission. This property is in the corner of Francisco Avenue and Citriana. The property is not currently being used by the school. There is a dilapidated building in there, that's not being used for the school, and the Administration has indicated that there are no future plans for that property. That property will be turned into a deep-water retention pond to affect the flooding in that area, that affects students getting to school and those things.

The city will take care of all the renovations for it, fencing it out, making it suitable, and that's going to be used for that."

A Motion was made by Mrs. Natividad Sosa to approve this item. Motion seconded by Mrs. Veronica “Betty” R. Mendoza. Motion passed. Vote 6-0

5. Possible Nomination and Election of Mission CISD Board of Trustees Reorganization

VI. Superintendent's Report

Dr. Cris Valdez, Superintendent of Schools, informed the Board of the following. She stated, "First, we will highlight our Fine Arts Department. Our high school choir students had a successful All-State Camp in our district, where our choir teachers not only taught notes and rhythms but also inspired a deep love for music.

Next, we have a continuation of our Fine Arts Department. Our marching bands are at work. Eagle and Patriot High School bands have been hard at work perfecting their marching productions for this year's UIL competition. We wish them the best of luck. That's our incredible Mission CISD marching bands as they showcase their talent, their gifts, and their dedication to all who come out and watch them. So, good luck to our bands.

Next, we feature CTE, our Career and Technical Education Department. Mission CISD CTE students are raising the bar and proving that career readiness starts now from welding and health science to business and culinary arts, our students dominate in regional, state, and national competitions. Their skills, professionalism, and drive—matched by their compassion through efforts like supporting flood victims—are a testament to the power of hands-on learning and the strength of our CTE programs. In Mission CISD, CTE students don't just prepare for the future—they're already leading it.

In our Health Services, the nurses conducted the Stop the Bleed Training at Marcell Elementary. That was for all the nurses.

In the next slide. Our Transportation and Child Nutrition Program Staff conducted the Mandatory Seizures, Asthma, Bloodborne Pathogens, Diabetes, Narcan, and Epi-Pen Training. These are all mandated professional learning sessions that they engaged in.

In the next slide, big cheers to our top three employee Wellness Champion teams. During the summer, eleven teams joined a Co-Ed Softball League, bringing energy, teamwork, and a lot of fun to the field. Their commitment to wellness is inspiring and making a real difference across MCISD. A big thank you to our volunteers, MCISD leadership, Mission Parks & Recreation, and Employee Benefits staff for making it all possible. The top three teams are 3rd Place-Ballbusters, 2nd Place-Mission High School-Mighty Eagles, and 1st Place-Mission Junior High School Patriots. Congratulations to them.

Next, our Finance Team hosted the 2025 Annual Finance Training and Vendor Fair. It was a packed house, and it was at the Mission Event Center. Campus administrators, secretaries, and staff came together for a day of learning, networking, and gearing up for an amazing new school year. A huge thank you to our Finance Division for making this event a success from start to finish!"

VIII. Discussion and Possible Action

1. SB 13 – School Library Materials

Mrs. Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction, stated, “We brought this item to you last week. We are still pending guidance from the Texas Education Agency in the interim. Mrs. Marissa Saenz and I have put a folder together for your review. Included is the Senate Bill 13-School Library Materials outline that was discussed at last week's meeting. This timeline has the procedures for the procurement of library materials and the receipt of donated library materials. We've also included the target dates of approval for acquisition and information on the local school library advisory council. This is what Mrs. Saenz outlined last week. "As mentioned, as of today, August 13th, the model policy referenced from SB 13 has not been released by the Texas Education Agency. However, TASB has provided two options for EFB (Local), which include an acquisition policy. The policy approved by the board will be dependent on the decision to form a Local School Library Advisory Council (LSLAC). The policies included the requirements for the procurement of library materials and other changes required by the new law. We propose that you take this item for review as we await further guidance from the Texas Education Agency, as this is scheduled to be released in August." “In your folder, you will see the 89th Legislature FAQ’s and high-level overviews. We have been tracking the TEA website for the 89th Legislature timeline. This timeline is included, and as you can see, it has the date of first communication, the bill number, and the topic. The last update was August 7th to House Bill 2, and there are still six more for August to include Senate Bill 13, Library Book Policies. We are proposing that we await that guidance. If TEA does not provide guidance, then our recommendation is to move forward with one of these policies that is in your folder at our next meeting. You do have the two policies. The first one does include the school LSLAC, and the second one is without LSLAC. We are asking that we bring this back at the next meeting.”

Dr. Cris Valdez stated, “No action required for this item; it’s for you all to review the two samples.”

2. Bids, Proposals, and Purchases of \$50,000 and Over

a. Medical and Pharmacy Stop Loss Insurance

Mrs. Sylvia Cruz, Executive Director for Business & Finance, stated, “The district did issue a request for proposals, for Stop Loss Insurance, to secure the most competitive and favorable terms as possible.”

Mr. Zach Gingrich, Insurance Consultant, presented the analysis and made a recommendation.

Mrs. Sylvia Cruz stated, “Administration is recommending American Life Insurance Company through SA Benefits. They came in pretty competitive; we've had them in the past, so we have had no issues (inaudible). This past year, the district received in the \$250,000.00 specific stop loss category, \$257,000.00 in reimbursements from the Stop Loss Carrier. So, we have no issues with the carrier. They are always on top of things. They complete the Stop Loss Claim forms for the district, and then we fill out the documentation and return them for the filing of the claim. Can we have a motion and a second?”

A Motion was made by Mrs. Natividad Sosa to approve this item. Motion seconded by Mrs. Veronica “Betty” R. Mendoza. Motion passed. Vote 7-0

IX. Items to Consider: The Board will consider and may act on the following items under a CONSENT AGENDA Any Trustee may request the removal of an item from the CONSENT AGENDA for Individual consideration and action.

IV. Discussion and Possible Action

1. Discussion and Approval of SB 13 – School Library Materials

Mrs. Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction, stated, “On June 20, 2025, Texas Governor Greg Abbott signed Senate Bill 13 (SB 13) relating to school library material acquisition, reconsideration, and collection development into law. The effective date is September 1, 2025. Senate Bill 13 requires school boards to adopt a policy for the acquisition of library materials before the first day of the 2025-2026 school year. This is an item that we’ve been bringing over the last month. The policy, as stated in Senate Bill 13, will require the board to approve all library materials that have been donated to or that are to be procured by a school library in the district, make a list of library materials that have been donated to or that are proposed to be procured by a school library accessible for review by the public for at least 30 days before final approval, approve or reject the list of library materials that have been donated to or that are proposed to be procured by a school library in an open meeting, and ensure compliance with the library standards set forth in Senate Bill 13. Senate Bill 13 also requires school districts to provide parents access to the library catalog and records of the materials their child checks out. Districts must establish a Local School Library Advisory Council (LSLAC) if a petition signed by 10% or 50 parents, whichever is fewer, is presented to the board. The LSLAC, if established, is comprised of a majority of parents not employed by the district, and must meet in an open meeting and maintain recordings, minutes, and records of votes. Although the district does not currently plan to establish a council due to our existing review process, we are prepared to do so if a valid petition is received. Also, if a library material is formally challenged, the material must be restricted from student access during the review process and removed from classroom libraries if they are no longer approved. The Texas Education Agency (TEA) will release a model acquisition policy for guidance in August; however, a release date has not been provided, and based on the pattern of TEA release dates, we expect this release to be either this Thursday or next Thursday. We have been keeping a tab on that. We are recommending approval of the Proposed Revisions to our EFB Local Policy as revised by TASB. This revision was released to us on Monday, August 18. You can find it in

the packet provided to you this evening. If you look, it is the one that has the red lines; it is in the packet that was just given to you. Are there any questions?"

Mrs. Dolores Reyna stated, "Let the record show that Petra Ramirez joined us at 6:37 PM. Are there any questions on the School Library Materials? If there are no questions, then we can proceed."

Mrs. Dolores Reyna stated, "Mrs. Veronica "Betty" R. Mendoza has left the meeting."

FUTURE OVERVIEW

Our office is committed to making necessary adjustments to our collection procedures and methods to best advocate for Mission Consolidated Independent School District.

Review of Pending Judgments and the Filing of Additional Lawsuits

We will continue to work pending lawsuits for full payment or payment agreements. We will also continue researching the delinquent tax roll for possible new lawsuits; both real and personal property accounts.

Continued Monitoring of Bankruptcy Accounts

As a continuation of our standard operating practice, we will actively monitor and verify accounts in bankruptcy for the payment of taxes, penalties, and interest owed to Mission Consolidated Independent School District.

Mailing Program

We continue to contact your taxpayers through mail correspondence for the remainder of the fiscal year.

Digital Outreach

Our office has implemented a new outreach initiative to delinquent taxpayers by sending text message reminders in addition to traditional mailed notices. These messages are delivered using a short code (a 5-to-6-digit number regulated by mobile carriers) which enhances legitimacy, security, and reliability while ensuring Linebarger’s branding is clearly displayed so residents can easily recognize the sender. Short codes reduce the risk of messages being mistaken for spam, improve delivery rates, and demonstrate compliance with industry standards. A concise summary of the account, a phone number, and direct links to our vetted payment portal—ensuring the process remains simple, transparent, and accessible. When we help people resolve their obligations more easily, we help the district recover vital revenue more efficiently.

Scheduling of Property Sales

As properties are taken to judgment, they will be reviewed and checked for payment. Those judgments with no taxpayer response will be further reviewed and scheduled for possible tax sale.

Execution of the work plan established for Mission Consolidated Independent School District will include the constant monitoring of collection figures in order to adjust resources and enforce the collection of delinquent taxes. We will continue to work closely with you and your administrative staff to provide assistance and advice on all property tax matters, including changes in the law brought about by amendments to the Texas Property Tax Code.
