Meeting Place and Time

Board meetings shall be held during a time that is outside of typical work hours. [See FA(LEGAL)]

Regular Meetings

Regular meetings of the Board shall normally be held on the second Wednesday of each month at 6:30 p.m. When determined necessary and for the convenience of Board members, the Board President may change the date, time, or location of a regular meeting with proper notice.

Special or Emergency Meetings

The Board President shall call special meetings at the Board President's discretion or on request by two members of the Board.

The Board President shall call an emergency meeting when it is determined by the Board President, the Board Vice President, or any other two members of the Board that an emergency or urgent public necessity, as defined by law, warrants the meeting.

Agenda

Deadline

The deadline for submitting items for inclusion on the agenda is the 10th calendar day before regular meetings and the 10th calendar day before special meetings.

Preparation

In consultation with the Board President, the Superintendent shall prepare the agenda for all Board meetings. The Superintendent shall include on the preliminary agenda of the meeting all topics that have been timely submitted in writing by at least one Board member.

Before the official agenda is finalized for any meeting, the Superintendent shall consult the Board President to ensure that the agenda and the topics included meet with the Board President's approval. In reviewing the preliminary agenda, the Board President shall ensure that any topics the Board or at least one Board member has requested to be addressed are either on that agenda or scheduled for deliberation at an appropriate time in the near future. The Board President shall not have authority to remove from the agenda a subject requested by at least one Board member without specific authorization from that Board member.

Notice to Members

Members of the Board shall be given notice of regular and special meetings at least three business days prior to the scheduled date of the meeting and at least one hour prior to the time of an emergency meeting.

Closed Meeting

Notice of all meetings shall provide for the possibility of a closed meeting during an open meeting, in accordance with law.

The Board may conduct a closed meeting when the agenda subject is one that may properly be discussed in closed meeting. [See BEC]

Order of Business The order of business for regular Board meetings shall be as set out in the agenda accompanying the notice of the meeting. At the meeting, the order in which posted agenda items are taken may be changed by consensus of Board members.

Rules of Order The Board shall observe the parliamentary procedures as found in *Robert's Rules of Order, Newly Revised*, except as otherwise provided in Board procedural rules or by law. Procedural rules may be suspended at any Board meeting by majority vote of the members present.

Record Vote Voting on any item shall be a record vote by show of hands or roll call, as directed by the Board President. Any member may abstain from voting on an item, and a member's vote or failure to vote shall be recorded in the minutes. [See BDAA(LOCAL) for the Board President's voting rights]

Consent Agenda When the agenda is prepared, the Board President shall determine items, if any, that qualify to be placed on the consent agenda. A consent agenda shall include items of a routine and/or recurring nature grouped together under one action item. For each item listed as part of a consent agenda, the Board shall be furnished with background material. All such items shall be acted upon by one vote without separate discussion, unless a Board member requests that an item be withdrawn for individual consideration. The remaining items shall be adopted under a single motion and vote.

Note: This local policy has been revised in accordance with the District's innovation plan.[1]

Superintendent's Authority

All personnel are employed subject to assignment and reassignment by the Superintendent or designee when the Superintendent determines that the assignment or reassignment is in the best interest of the District. Reassignment shall be defined as a transfer to another position, department, or facility that does not necessitate a change in the employment contract of a contract employee. Any change in an employee's contract shall be in accordance with policy DC.

Any employee may request reassignment within the District to another position for which he or she is qualified.

Campus Assignments

The principal's criteria for approval of campus assignments and reassignments shall be consistent with District policy regarding equal opportunity employment, and with staffing patterns approved in the District and campus plans. [See BQ series] In exercising their authority to approve assignments and reassignments, principals shall work cooperatively with the central office staff to ensure the efficient operation of the District as a whole.

In accordance with the District's local innovation plan exemption regarding SBEC certification [see DBA], the Superintendent shall have the authority to approve a request by the principal for a qualified individual with experience in a career and technical education (CTE) field to teach a CTE course. In addition, the Superintendent shall have the authority to approve the principal's request to assign a certified teacher to teach CTE courses outside his or her certified field(s). All other teaching assignments shall require certification in accordance with state law. [See DBA]

Assignment of Relatives

No employee shall be assigned to a position or supplemental duty in which he or she would supervise or otherwise be directly or indirectly responsible for the evaluation of any person related to the employee. Likewise, no employee shall be assigned to a position or supplemental duty in which he or she is supervised or evaluated by any person related to the employee.

For purposes of this policy, a relative shall be defined as the employee's spouse, child, parent, sibling, grandchild, parent-in-law, sibling-in-law, aunt, uncle, niece, and nephew.

Exception

The District shall permit one relative of a head coach of an athletic program to be assigned to coach within that program; however, that coach shall be evaluated by someone other than the head coach, as determined by the principal.

Modified Duty Assignments

Except as otherwise required by federal or state law, modified duty assignments shall only be permitted for an employee who has been injured on the job. When an employee has been released by his or her physician to return to work with restrictions or limitations, the supervisor shall attempt to make a short-term modified duty assignment for the employee in accordance with the following:

1. The supervisor shall attempt to identify suitable work within the department or school consistent with the employee's stated restrictions or limitations.
2. An employee's modified duty assignment shall not exceed 60 workdays per injury.
3. If a suitable assignment consistent with the stated restrictions or limitations is not available in the employee's regularly assigned department or school, the supervisor shall contact the risk management department to determine if a suitable assignment is available in another department or school.
4. An employee on a modified duty assignment shall remain subject to all District policies and procedures.
5. An employee who cannot return to his or her regular assignment without restrictions or limitations after 60 workdays in a modified duty assignment shall be returned to inactive status and shall then be subject to the District's uniform absences policy. [See DEC(LOCAL)]

Supplemental Duties

Noncontractual supplemental duties for which supplemental pay is received may be discontinued by either party at any time. An employee who wishes to relinquish a paid supplemental duty may do so by notifying the Superintendent or designee in writing. Paid supplemental duties are not part of the District's contractual obligation to the employee, and an employee shall hold no expectation of continuing assignment to any paid supplemental duty.

Work Calendar and Schedules

In accordance with the District calendar, daily time schedules for all employees shall be determined by the Superintendent or the employee's supervisor.

(LOCAL) Policy Comparisons

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue font: new text.
- **Mission CISD Proposed Changes have a strike through or are highlighted in Yellow.(D. Trejo)**
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: moved text becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes — as in an extensive rewrite — may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.

Other Complaint Processes

Employee complaints shall be filed in accordance with this policy, except as required by the policies listed below. Some of these policies require appeals to be submitted in accordance with DGBA after the relevant complaint process has been followed:

Notice to Employees

The District shall inform employees of this policy through appropriate District publications and on the District’s website.

Informal Process

The Board encourages employees to discuss their concerns with their supervisor, principal, or other appropriate campus or District administrator who has the authority to address the concerns. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Filing Deadlines

If an employee has engaged in the informal process in an attempt to resolve the complaint with the District and has not reached a resolution during the process, the employee must file a complaint within 15 business days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance.

Deadline Extensions

All deadlines shall be strictly followed unless otherwise required by law or modified by mutual written consent.

Formal Process

An employee may initiate the formal process described below by timely filing a written complaint form.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

The complaint form shall be filed with the lowest level administrator who has the authority to remedy the alleged problem. In most circumstances, the employee shall file Level One complaints with the campus principal for any complaint on a matter related to a campus. For a complaint that arises on a matter that is unrelated to a campus, the complaint shall be filed with the appropriate District-level administrator.

If the subject matter of the complaint requires a Board decision, is a complaint about a Board member, or is a complaint about the Superintendent, the complaint shall be initiated at the Board level. A preliminary hearing to develop a record or recommendation for the Board may be conducted by an appropriate administrator.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

Option to Continue Informal Process

Even after initiating the formal complaint process, the employee is encouraged to seek informal resolution of their concerns. An employee whose concerns are resolved may withdraw a formal complaint at any time.

Notice of Complaint

A District employee against whom a complaint has been filed shall be provided notice of the complaint in accordance with administrative regulations. The employee shall have sufficient opportunity to submit a written response to the complaint that shall be included in the record of the complaint.

Freedom from Retaliation

Neither the Board nor any District employee shall unlawfully retaliate against an employee for bringing a concern or complaint.

Whistleblower Complaints

Whistleblower complaints shall be filed within the time specified by law and may be made beginning at Level Two. Timelines for the employee and the District set out in this policy may be shortened to allow the Board to make a final decision within 60 calendar days of the initiation of the complaint. [See DG]

Complaints Against Supervisors

Complaints alleging a violation of law by a supervisor may be made to the Superintendent. Complaints alleging a violation of law by the Superintendent may be submitted directly to the Board or Board's designee.

Direct Communication with Board Members

Employees shall not be prohibited from communicating with a member of the Board regarding District operations except when communication between an employee and a Board member would be inappropriate because of a pending hearing or appeal related to the employee.

General Provisions

Filing

Complaint forms and appeal notices may be filed by hand-delivery, by electronic communication, or by U.S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Filings submitted by electronic communication shall be timely filed if they are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication. Mail filings shall be timely filed if they are postmarked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three business days after the deadline.

Scheduling Hearings

The District shall make reasonable attempts to schedule hearings at a mutually agreeable time. If the employee fails to appear at a scheduled hearing, the District may hold the hearing and issue a decision in the employee's absence.

Decision

A "decision" shall mean a written communication to the employee from the appropriate administrator that provides an explanation of the basis of the decision, an indication of each document that supports the decision, and any relief or redress to be provided. A decision shall be issued on the merits of the concern raised in the complaint notwithstanding any procedural errors or the type of relief or redress requested.

The decision shall also include information regarding the filing of an appeal in accordance with this policy. After a hearing at Level Three, the decision shall include information on submitting an appeal to the commissioner.

A decision may be hand-delivered, sent by electronic communication to the employee's email address of record, or sent by U.S. Mail

to the employee's mailing address of record. Mailed decisions shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Representative

"Representative" shall mean any person who or an organization that does not claim the right to strike and is designated by the employee to represent the employee in the complaint process.

The employee may designate a representative through written notice to the District at any level of this process. The representative may participate in person or by telephone conference call. If the employee designates a representative with fewer than three business days' notice to the District before a scheduled hearing, the District may reschedule the hearing to a later date, if desired, in order to include the District's counsel. The District may be represented by counsel at any level of the process.

Consolidating Complaints

To promote efficiency in addressing complaints, the appropriate administrator shall determine if separate or serial complaints arising from an event or series of related events shall be consolidated.

Costs Incurred

Each party shall pay its own costs incurred in the course of the complaint.

Complaint and Appeal Forms

Complaints and appeals under this policy shall be submitted on a form provided by the District.

Copies of any documents that support the complaint should be included with the complaint form. SUBJECT: Approval of the Updates to the Student Handbook for the 2026-2027 School Year

PRESENTER: Juan A. Garcia Jr., Director for Guidance and Counseling

BACKGROUND INFORMATION

As part of our ongoing commitment to maintain a safe, respectful, and supportive learning environment for all students, the administration has conducted a comprehensive review of the Student Code of Conduct. In collaboration with guidance and recommendations from a committee of campus principals and central office administrators, and with the Texas Association of School Boards (TASB), a crosswalk of our current Code of Conduct against updated legal requirements, model policies, and best practices has been completed. The revisions presented are primarily intended to modernize the language, improve clarity and consistency, and ensure alignment with current state guidance and district policies. The updates do not change the district's core expectations for student behavior; rather, they provide clearer terminology, more accessible language for students and families, and better alignment with evolving educational standards and practices.

The intent throughout the process has been to ensure that the Student Code of Conduct remains fair, transparent, legally compliant, and student-centered while continuing to support positive school culture and accountability across the district.

ADMINISTRATIVE CONSIDERATIONS

The proposed changes to the Student Handbook for the 2026-2027 school year are being presented to the Board of Trustees. A copy of the entire revised Student Handbook is attached.

Legislative bills passed by the 89th Texas Legislature last summer are incorporated into the Legal Policy section of the Student Handbook.

PHYSICAL ACTIVITY FOR STUDENTS IN ELEMENTARY, JUNIOR HIGH, AND HIGH SCHOOL

On student handbook page 37

~~Parental Access to Student Fitness Results~~ Physical Fitness Assessments (Fitness Gram)

~~Each year, the FitnessGram Physical Assessment must be administered to all students in grades 3-12 who are in P.E. or classes that may be substituted for P.E. Parents may request a copy of their child's FitnessGram~~ Physical Assessment by submitting a letter to the principal at the end of the school year. The Texas Education Code (TEC) §38.101 states that a school district must annually assess the physical fitness of students enrolled in grade three or higher in a course that satisfies the curriculum requirements for physical education under TEC §28.002 (a)(2)(C). With that being said, students are assessed in grades 3-8 as well as assess any student at the high school level enrolled in a Texas Essential Knowledge and Skills (TEKS) based course for physical education or anyone in a substitution for physical education. A school district is not required to assess a student for whom, as a result of disability or other condition identified by commissioner rule, the assessment instrument adopted under Section 38.102 is inappropriate.

Students that are enrolled in athletics, off-campus private or commercially sponsored physical activity programs, or ROTC must always be assessed. Those students that are participating in the activities or drill team, cheerleading, or marching band are only assessed if they are substituting the "activity" for the physical education credit.

Parents may request a copy of their child's fitness gram physical assessments by submitting a letter to the principal at the end of the school year.

Assessments are: *Pacer-20m *Trunk Lift *Push-Up *Curl-Up * Shoulder Stretch *Body Compositions (Height & Weight)

SB 12
Require Parental Rights Form
and Right to Health

(NEW ADDITION)

On student handbook page 39 NEW ADDITION

SB 12

This guidance has been updated as of 9/8/25 and is subject to change: TEC, §26.0083(g), requires each school district and open-enrollment charter school (school system) to provide the parent of each enrolled student before the first instructional day to each school year with written notice of each health-related service offered at the campus the student attends. The notice must include a statement of the parent's right to withhold consent for or decline a health-related service. Health-related service is not defined by the statute. TEC, §26.009, references requirements for prior parental consent before their child can participate in certain activities or receive certain service. Although the agency is not required to create a model notice, we have done so to assist school systems in complying with both statutes. While school systems permitted to modify this model language, certain requirements must be met in this notice to satisfy the statutory requirements. In addition to the notice required under TEC,§26.0083(g), the model language below contains information related to changes in services and monitoring of a student's mental, emotional, or physical health or wellbeing, as described by the remaining subsections of TEC, §26.0083: however, there is no separate statutory beginning-of-school-year notice requirement for those subsections. Additionally, it references the services from TEC, §26.009, that would require prior parental consent before providing to a student.

UNASSIGNED EPINEPHRINE DELIVERY SYSTEMS

(NEW ADDITION)

On student handbook page 46 NEW ADDITION

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized school personnel who have been adequately trained to administer an unassigned epinephrine delivery system to a person who is reasonably believed to be experiencing severe allergic reaction (anaphylaxis). An "unassigned epinephrine" is an epinephrine delivery system, including an auto-injector or nasal spray prescribed by an authorized health-care provider in the name of the school issued with a non-patient specific standing delegation order for the administration of an epinephrine delivery system. Epinephrine delivery systems include brand-name devices such as EpiPens®. Authorized and trained individuals may administer an epinephrine delivery system at any time to a person experiencing anaphylaxis on a school campus. The district will ensure that at each campus a sufficient number of school personnel are trained to administer epinephrine so that at least one trained individual is present on campus during regular school hours and whenever school personnel are physically on site for school-sponsored activities. Authorized and trained individuals may administer an unassigned epinephrine delivery system to a person experiencing anaphylaxis at an off-campus school event or while in transit to or from a school event when an unassigned epinephrine delivery system is available.

Dress Code for Students

On student handbook page 49

Purpose of a Student Code of Conduct

The Student Code of Conduct that follows is the District's response to the requirements of Chapter 37 of the Texas Education Code. The law requires the District to establish standards of student conduct and to identify the circumstances under which a student may be removed from a classroom, campus, or disciplinary alternative education program, transferred to a disciplinary alternative education program, suspended, or expelled. The Code provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

We provide you with a copy of the Code annually; a copy is also available for review in the principal's office of each campus in the District. This Code is not a contract and can be amended by the District at any time. However, any change or amendment to the Code will be approved by the Board of Trustees.

Violations of the Student Code of Conduct are documented by teachers and other professional employees using campus discipline referral forms. Teachers and principals may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not also constitute violations of the Student Code of Conduct.

Expectations for Student Behavior

All appeals shall be processed in accordance with Board Policy *[FNG (Local)]*. In the event of any conflict between this procedure and Board Policy, the Board Policy shall govern.

Questions from parents regarding disciplinary measures should be directed to campus administration. A copy of this policy is available on the District website or at your child's campus.

DAEP placement decisions are made in accordance with the Texas Education Code, including required due process procedures under TEC §37.009, and are subject to appeal as outlined in district policy

Appeals begin at Level One with campus administration. If the outcome is not satisfactory, a Level Two appeal may be requested with the Superintendent's designee. If concerns remain unresolved, a Level Three appeal may be requested before the Board of Trustees through the Superintendent's Office.

The appeal must be in writing and filed with the Superintendent or designee within ten district business days of receipt of the DAEP removal order. The appeal must state all bases for the appeal and what remedy the student or parent is seeking. The Superintendent or designee will review the written appeal and the record of the removal prepared at the campus level. At his or her discretion, the Superintendent or designee may schedule a conference with the student or parent. If a conference is scheduled, it will be held within ten district business days, after which a written decision will be issued within ten business days.~~

PREFACE

To Students and Parents:

Welcome to the 2026-2027 school year. For this new year to be successful for your child, we must all work together. This student handbook is designed to help us do this.

The Mission CISD Student Handbook contains information needed by both students and parents during the school year. The Handbook is divided into three sections:

- The first section (pages 3-47) contains **School-Related Information**, operations and requirements organized alphabetically by topic.
- The second section (pages 48-85) contains the **Student Code of Conduct**.
- The third section (pages 86-92) contains the **Acceptable Use Guidelines for Internet/Extranet System** with Parent Information Letter.

When the Handbook uses "we" or "our," it means the school District and/or school administrators. When the Handbook uses "you" or "your," it means the parent, legal guardian, or person who has accepted responsibility for a student, at least in regard to school matters. From time to time, the Handbook will use more general terms, such as "parents" and "school officials." Regardless of the particular terminology, our intention is to speak directly to you as the adults who are responsible for working with us, the school officials, to make your children's experience with the Mission CISD public schools a positive educational experience.

The Student Handbook has been developed by school District administrators. The content is reviewed by the Board of Trustees and is intended to be consistent with formally adopted School Board policies. If there is an apparent contradiction between information in the Handbook and a formally adopted Board policy, the school administration will interpret the Handbook in a way that is consistent with policy and may request guidance from the Board of Trustees.

The Student Handbook is not a contract between the school and parents or students. It can be amended at any time at the discretion of the school district. If the district makes changes to the Handbook during a school year, the administration of the district and the campus will communicate those changes in ways that are designed to inform parents and students of the new or revised information.

We strongly recommend that parents review the entire handbook with their children and keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact your child's campus principal, teacher or counselor. The inside front cover contains campus phone numbers and the inside back cover contains helpful District Contacts including department names and phone numbers for your assistance. A copy of the District's policy manual is available in hard copy at Central Office by contacting Dimitra Trejo, Director for Public Relations at 323-5530 or on-line at www.tasb.org/policy/pol/private/108908 or at the Mission CISD website at www.mcisd.net.

Thank you for your attention to your child's education. We look forward to the success of the coming year.

ADMISSIONS
A student seeking enrollment in the District for the first time, or who is transferring in from another school district, must begin the enrollment process at the campus the student is zoned to attend. Questions regarding admissions and/or attendance zones are to be directed to the Manager for PEIMS and Student Services at 956-323-5578.

ASBESTOS MANAGEMENT PLAN
The District's Asbestos Management Plan, designed to follow state and federal regulations, is available in the Maintenance Department office. If you have any questions, please contact the Maintenance Department at 956-323-8960.

ATTENDANCE
Regular school attendance is essential for the student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous days, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are outlined in the following sections:

Compulsory Attendance
The state compulsory attendance law requires that a student who is at least 6 years of age and who has not yet reached his or her nineteenth birthday must attend school and District-required tutorial sessions unless the student is otherwise legally exempted or excused. A student who voluntarily attends or enrolls after his or her nineteenth birthday is required to attend each school day. However, if a student who voluntarily enrolls after his or her nineteenth birthday has more than five unexcused absences in a semester, the District may revoke the student's enrollment. The student's presence on school property thereafter is then unauthorized and may be considered trespass.

On enrollment in prekindergarten or kindergarten, a child shall attend school. Pre-K and kinder students are subject to compulsory school attendance rules while they are enrolled in school. However, if the child has not reached mandatory compulsory attendance age (six years old as of September 1 of the current school year) the parent/guardian may withdraw the student from school and the child will no longer be in violation of compulsory attendance rules.

School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, such as basic skills for ninth graders, or from required tutorials will be considered truant and subject to disciplinary action.

Truancy
To ensure your child receives the best education possible, attendance is of utmost importance. House Bill 2398, passed during the 84th Texas Legislative Session, enacted changes to the state's school attendance laws. As of this school year, after the third unexcused absence within a four- week period, the parent is issued a warning notice that the student is subject to truancy prevention measures (TEC §25.095); the parent must be informed:

1. of the student's absence;
2. of the parent's duty to monitor the student's school attendance and require the student to attend school; and
3. that the student is subject to truancy prevention measures. The school district must request a conference between school officials and the parent to discuss absences.

The District Truancy Prevention Measure is implemented to include:

1. a behavior improvement plan;
2. school-based community service [i.e., behavior contract, parenting programs/meetings, drug awareness programs, afterschool tutoring; bullying/harassment counseling, etc.] and/or
3. counseling, mediation, mentoring, teen court, or other in-school or out-of-school services aimed at addressing the truant behavior.

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period, the student shall be referred to truancy court within 10 school days of the student's 10th absence. Students ages 12 to 18 may be referred to truancy court. Students who are at least 12 years of age and under 19 may be referred to truancy court. Students under 12 years of age may not be referred, except as allowed under Texas law."

Exemptions to Compulsory Attendance

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Is enrolled in and attending off-campus dual credit program courses and is not scheduled to be on campus during any part of the school day.
- Is participating in an off-campus work-based learning opportunity and is not scheduled to be on campus during any part of the school day. Students who are participating in an off-campus work-based learning opportunity and are scheduled to be on campus during any part of the school day should have their attendance recorded while they are on campus.
- Is enrolled **full-time** in Texas Virtual School Network (TXVSN) courses. See 12.2 Texas Virtual School Network (TXVSN) for information on recording daily attendance. Students who are enrolled in one or more TXVSN courses but attend a regular campus part of the day and who are not scheduled to be on campus during the official attendance-taking time should have their attendance recorded during the part of the day they are on campus. See 3.6.2.2 Alternative Attendance-Taking Time for Certain Student Populations for instructions on how to record attendance for these students.
- Is participating in an activity that is approved by your local school board and is under the direction of a professional staff member, an adjunct staff member, or a paraprofessional staff member of your school district. The adjunct staff member must have a minimum of a bachelor's degree and be eligible for participation in the Teacher Retirement System of Texas.
- Is participating, with local school board approval, in a short-term (for example, five-day) class that is provided by the Texas School for the Blind and Visually Impaired (TSBVI) or the Texas School for the Deaf (TSD) at a location other than the student's campus. The student must not be considered in attendance for FSP purposes on any day the student is traveling between the student's district and the location of the class but is not attending class. (However, travel days may be excused for compulsory attendance purposes.
- Misses school for the purpose of observing religious holy days, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site where the student will observe the holy days. Your school district may elect to excuse additional travel days; however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Is in grades six through 12 and misses school for the purpose of playing "Taps" at a military honors funeral held in Texas for a deceased veteran.
- Misses school for the purpose of attending a required court appearance, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site where the student is required to appear in court. Your school district may elect to excuse additional travel days however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Is in the conservatorship of the DFPS and misses school: to participate in an activity ordered by a court under the Texas Family Code, Chapter 262 or Chapter 263, provided that scheduling the participation outside of school hours is not practicable or to attend an activity under a service plan under the Texas Family Code, Chapter 263, Subchapter B.
- Misses school for the purpose of serving as a student early voting clerk, if your school district has a policy allowing for this type of excused absence, or an election clerk or student election clerk. Your school district may excuse a student's absence for this purpose for a maximum of two days in a school year.
- Misses school for the purpose of appearing at a governmental office to complete paperwork required in connection with the student's application for US citizenship, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site of the governmental office. Your school district may elect to excuse additional travel days; however, the student would be considered absent for the additional travel days for attendance accounting purposes.
- Misses school for the purpose of taking part in the student's own US naturalization oath ceremony, including traveling for that purpose. Travel days for which the student is considered in attendance are limited to not more than one day for travel to and one day for travel from the site of the ceremony. Your school district may elect to excuse additional travel days; however, the student would be considered

absent for the additional travel days for attendance accounting purposes.

- Is temporarily absent because of a documented appointment for the student or the student's child that is with a health care professional licensed, certified, or registered to practice in the United States. A documented appointment with a health care professional includes an appointment of a student diagnosed with autism spectrum disorder with a health care practitioner to receive a generally recognized service91 for persons with that disorder. To be considered temporarily absent, the student must begin classes or return to class on the same day of the appointment. The appointment must be supported by a document, such as a note, from the health care professional. A consultation over the phone or via (telemedicine) is considered an appointment with a health care professional. An appointment with a school nurse will not count for FSP funding as an appointment with a health care professional.
- Is absent as the result of a serious or life-threatening illness or related treatment that makes the student's attendance infeasible. Documentation from a health care professional licensed, certified, or registered to practice in Texas must be provided that specifies the student's illness and the anticipated period of the student's absence relating to the illness or related treatment.
- Is in his or her junior or senior year of high school and misses school for the purpose of visiting an institution of higher education accredited by a generally recognized accrediting organization to determine the student's interest in attending the institution. Your district must not excuse for this purpose more than two days during a student's junior year and two days during a student's senior year and must adopt a policy stating when an absence will be excused for this purpose and a procedure for verifying students' visits to institutions of higher education.
- Is 17 years of age or older and pursuing enlistment in a branch of the US uniformed services or the Texas Army National Guard. Your district must not excuse the student for this purpose for more than four days of school during the period the student is enrolled in high school and must adopt a policy stating when an absence will be excused for this purpose and a procedure for verifying the student's activities related to pursuing enlistment in a branch of the US uniformed services or the Texas Army National Guard.
- Is absent to visit with a parent, stepparent, or legal guardian who is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or is immediately returned from continuous deployment of at least four months outside the locality where the parent, stepparent, or guardian regularly resides. Your district is required to excuse up to five days for this purpose in a school year. An excused absence for this purpose must be taken no earlier than 60 days before the date of deployment or no later than 30 days after the date of return from deployment.
- Misses school for the purpose of visiting a driver's license office to obtain a driver's license or learner permit. The student must be enrolled in high school and 15 years of age or older. Your district may not excuse the student for more than one day of school during the period the student is enrolled in high school for each purpose (obtaining a driver's license and obtaining a learner license). Your district must verify the student's visit to the driver's license office in accordance with the procedures adopted by your district

In addition, a junior or senior student's absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who is in attendance for at least 75 percent but less than 90 percent of the days the class is offered may be given credit or a final grade for the class if the student completes a plan approved by the school's principal that provides for the student to meet the instructional requirements of the class. An attendance committee (see below) may give class credit or a final grade to a student because of extenuating circumstances. Alternative ways for students to make up work or regain credit lost because of absences are established by the Board and must include at least one option that does not require a student to pay a fee. The availability of such option must be substantially the same as the availability of the educational program for which the District may charge a fee. [See policy FP] The attendance committee shall adhere to the following guidelines to determine attendance for award of credit or a final grade:

- All absences will be considered in determining whether a student has attended the required percentage of days. If make-up work is completed satisfactorily, excused absences that are allowed under compulsory attendance requirements shall be considered days of attendance for this purpose. [See policy FEA(LEGAL)]
- A transfer or migrant student incurs absences only after his or her enrollment in the District. For a

student transferring into the District after school begins, including a migrant student, only those absences after enrollment will be considered.

- In reaching consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or be awarded a final grade.
- The committee may impose any of the following conditions for students with excessive absences to regain credit or be awarded a final grade:
    - Completing additional assignments, as specified by the committee or teacher.
    - Attending tutorial sessions as scheduled, which may include Saturday classes or before- and after-school programs.
    - Maintaining the attendance standards for the rest of the semester.
    - Taking an examination to earn credit. [See policy EHDB]
    - Attending a flexible school day program.
    - Attending summer school.

In all cases, the student must also earn a passing grade in order to receive credit.

The student or parent may appeal the committee's decision to the District's Board of Trustees in accordance with policy FNG(LOCAL).

Absences

When a student is absent from school, the student – upon returning to school – must, within five days, bring a note, signed by the parent, which describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older. Students absent for five (5) or more consecutive days for personal illness need to bring a note from a physician or health clinic. [See policy FEC(LOCAL)] Out of School Suspension (OSS) absences will be considered absences for purposes of perfect attendance.

A student absent from school for any reason, other than for a documented health care appointment, will not be allowed to participate in school- related activities on that day or evening. A student who must leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse or campus staff will notify the student's parent should it be determined that the student should be sent home. Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

To be considered temporarily absent, the student must begin classes or return to class on the same day of the appointment. The appointment must be supported by a document, such as a note, from the health care professional.

Questions regarding absences in any given academic school year should be addressed before the beginning of the next academic school year. Discrepancies in absences not addressed before the beginning of the next academic school year will not be considered.

Driver's License Attendance Verification

To obtain a driver's license, a student between the ages of 16 and 18 must annually provide to the Texas Department of Public Safety a form obtained from the school verifying that the student has met the 90 percent attendance requirement for the semester preceding the date of application. The student can obtain this form at the high school of attendance campus office.

BULLYING (INCLUDING CYBERBULLYING) / DAVID'S LAW

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's

property;

- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

Procedures for Reporting Allegations of Bullying

The district is required to adopt policies and procedures regarding bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property; bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student's educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity. Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent, orally or in writing, to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying. Any retaliation against a student who reports an incident of bullying is prohibited. Upon the recommendation of the administration, the Board may in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parents, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. More information about the District's bullying policy can be found in Board Policy FFI(LOCAL) on the website or at the Central Administration Office.

A student or other may anonymously report an alleged incident of bullying by calling or texting 1-206-406-6485 or www.stayalert.info or emailing report@stayalert.info.

BULLYING PREVENITION (TEA)

Mission CISD adheres to bullying prevention policies and procedures for bullying as determined by Texas Education Code (TEC), §37.0832 are:

(1) ensure and appropriately integrate into instruction research-based content designed to reduce bullying for students in that age group, which are:

a. for students in early primary:
   i. explicit direct instruction designed so students can recognize bullying, including cyberbullying, behaviors, and how to report them;
   ii. age-appropriate classroom culture-building discussions that encourage peers to intervene when they observe bullying occur; and
   iii. explicit direct instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an immutable trait;

b. for students in secondary:

i. explicit direct instruction on the brain's neuroplasticity so the student recognizes bullying, including cyberbullying, the behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an immutable trait; and

ii. classroom-culture or school-culture-building discussions that portray bullying as undesirable behavior and means for attaining or maintaining social status in school, and to dissuade students from using bullying as a tool for reputation management;

iii. explicit direct instruction is designed so students recognize the role reporting plays in promoting a safe school community

(2) define how positive school culture and building healthy relationships between students and staff will be measured in alignment with the school and LEA's mission, vision, and values, using an age-appropriate survey that includes relevant questions on bullying, including cyberbullying, that includes appropriate privacy controls in compliance with the Family Educational Rights and Privacy Act (FERPA, 20 U.S.C. § 1232g), and define who is responsible to develop and oversee the implementation of action plans based on the results that address student concerns regarding bullying, including cyberbullying;

(3) require each LEA campus to establish a committee, which must include parents and secondary level students and may be incorporated into an existing committee that otherwise meets the requirements of these minimum standards, to address bullying by focusing on prevention efforts and health and wellness initiatives;

(4) develop a policy for the reporting of bullying, including cyberbullying, incidents:

a. the policy must outline an easy mechanism(s) for reporting bullying, including cyberbullying, incidents both anonymously and identifiable by students and staff to an appropriate campus staff member(s)

b. the policy should recognize that, while one or more staff members may be designated, students are encouraged to report incidents of bullying to any trusted staff member, and that any staff member aware of such incidents must relay any reports to the appropriate designated staff member(s); and

c. the policy should provide for a tracking mechanism to allow for LEA-level staff to periodically monitor the reported counts of bullying incidents, and that declines in the count of bullying incidents may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents;

(5) provide support for research-based interventions taken both for the students who engage in bullying behaviors and the students who were targeted by the bullying behaviors;

(6) include a rubric or checklist to assess an incident of bullying and to determine the LEA's response to the incident.

(7) in connection with the policy in subsection 4 and the rubric/checklist in subsection 6 any actions taken in response to bullying, including cyberbullying, must comply with state and federal law regarding students with disabilities.

CELLULAR PHONES AND OTHER TELECOMMUNICATIONS DEVICES OR AUDIO OR OTHER ENTERTAINMENT DEVICES

In accordance with House Bill 1481, passed by the 89th Texas Legislature, students may not use phones during the instructional day. Schools must adopt and enforce policies that limit or ban devices during learning time, passing periods, cafeteria, recess and on school grounds refer to Board Policy FNCE(LOCAL). Cell phones, telecommunication and digital devices, smart devices, personal tablets and laptops are not allowed during the instructional day. Cell phones devices referenced must be powered off within the student's backpacks for the entirety of the day while on school property until the last bell or release at the end of the day. For exceptions and consequences regarding violation of the use of these items, see the Student Code of Conduct, page 55, of this booklet.

Mission CISD is not responsible for any loss, monetary or material, incurred as a result of the confiscation of the cellular phone or other telecommunications device, or audio or other entertainment device. Cell phones confiscated on the last day before a holiday will be returned to the parent/guardian on the first business day (at the end of the day) after the holiday. Consequences will be assigned accordingly.

CHANGE OF ADDRESS AND TELEPHONE NUMBER

A student's home campus must be notified immediately of any change of address and telephone number where the student resides or where mail is sent concerning the student. If a student moves out of the District, the student's campus must be notified immediately.

CHILD NUTRITION PROGRAM (CNP) (Food Services)

Mission CISD, Child Nutrition participates in the National School Lunch Program (NSLP), the School Breakfast (SB) Program, the CACFP At-Risk Supper Program, and the Summer Seamless Option (SSO) summer meal program. Mission CISD is a Community Eligibility Provision (CEP) approved district. All MCISD students receive breakfast, lunch and supper at no charge. Interactive program menus and nutritional analysis may be accessed through the Child Nutrition Program web page under MCISD website. Students and parents may sign up on the CNP website to receive monthly menus via email. Menus are posted in each campus front office and/or in each classroom.

Mission CISD CNP follows all state and federal nutritional guidelines, and the Mission CISD Wellness Policy. Further information may be found on the Mission CISD website, on the CNP web pages. The CNP office is located at 1202 W. Griffin Parkway. Information regarding this program may be obtained from the Child Nutrition Program Director at 956-323-3800.

CLOSED CAMPUS

All District schools have been designated as closed campuses. Students are not permitted to leave their campus during regular school hours, unless they are accompanied by their parents, legal guardians or designees of record.

COMMUNICABLE DISEASES / CONDITIONS

To protect other students from contagious illnesses/conditions, students infected with certain diseases/conditions are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease/condition, the parent should contact the school nurse or principal so that other students who might have been exposed can be alerted. The school nurse or the principal's office can provide information from the Texas Department of Health regarding these diseases.

Parents of a student with a communicable or contagious disease/condition should phone the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Among the more common of these diseases are the following:

- Amebiasis
- Campylobacteriosis
- Scabies
- Chicken Pox
- Common Cold w/fever
- COVID-19
- Fifth Disease
- Gastroenteritis, Viral
- German Measles (Rubella)
- Giardiasis
- Hepatitis
- Impetigo
- Infectious Mononucleosis
- **Influenza**
- Measles (Rubeola)
- Meningitis, Bacterial
- Mumps
- Pinkeye (Conjunctivitis)
- Ringworm
- Salmonellosis
- Shigellosis
- Streptococcal
- Tuberculosis
- Typhoid Fever
- Whooping Cough

BACTERIAL MENINGITIS

Schools must exclude a student from attendance while the disease is contagious and until the re-admittance criteria have been met. [See policy FFAD] State law specifically requires the District to provide the following information:

WHAT IS MENINGITIS?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

WHAT ARE THE SYMPTOMS?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

HOW SERIOUS IS BACTERIAL MENINGITIS?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, it can be fatal or a person may be left with a permanent disability.

HOW IS BACTERIAL MENINGITIS SPREAD?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

HOW CAN BACTERIAL MENINGITIS BE PREVENTED?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause the majority of meningococcal cases in the United States. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

WHAT SHOULD YOU DO IF YOU THINK YOU OR A FRIEND MIGHT HAVE BACTERIAL MENINGITIS?

You should seek prompt medical attention.

WHERE CAN YOU GET MORE INFORMATION?
Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention, http://www.cdc.gov/, and the Texas Department of Health, http://www.dshs.texas.gov./.

QUESTIONS AND ANSWERS ABOUT METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS (MRSA) IN SCHOOLS AS PER THE CDC:

WHAT TYPE OF INFECTIONS DOES MRSA CAUSE?
In the community, most MRSA infections are skin infections that may appear as pustules or boils which often are red, swollen, painful, or have pus or other drainage. These skin infections commonly occur at sites of visible skin trauma, such as cuts and abrasions, and areas of the body covered by hair (e.g. back of neck, groin, buttock, armpit, beard area of men).

Almost all MRSA skin infections can be effectively treated by drainage of pus with or without antibiotics.

More serious infections, such as pneumonia, bloodstream infections, or bone infections, are very rare in healthy people who get MRSA skin infections.

HOW IS MRSA TRANSMITTED?
MRSA is usually transmitted by direct skin-to skin contact or contact with shared items or surfaces that have come in contact with someone else's skin infection (e.g. towels, used bandages).

IN WHAT SETTINGS DO MRSA SKIN INFECTIONS OCCUR?
MRSA skin infections can occur anywhere.

Some settings have factors that make it easier for MRSA to be transmitted.

- These factors, referred to as the 5 C's, are as follows: Crowding, frequent skin-to-skin Contact, Compromised skin (i.e., cuts or abrasions), Contaminated items and surfaces, and lack of Cleanliness.
- Locations where the 5 C's are common include schools, dormitories, military barracks, households, correctional facilities, and daycare centers.

HOW DO I PROTECT MYSELF FROM GETTING MRSA?
You can protect yourself by:

- practicing good hygiene (e.g., keeping your hands clean by washing with soap and water or using an alcohol-based hand sanitizer and showering immediately after participating in exercise);
- covering skin trauma such as abrasions or cuts with a clean dry bandage until healed;
- avoiding sharing personal items (e.g., towels, razors) that come into contact with your bare skin; and using a barrier (e.g., clothing or a towel) between your skin and shared equipment such as weight-training benches;
- maintaining a clean environment by establishing cleaning procedures for frequently touched surfaces and surfaces that come in direct contact with people's skin.

SHOULD SCHOOLS CLOSE BECAUSE OF A MRSA INFECTION?
The decision to close a school for any communicable disease should be made by school officials in consultation with local and or state public health officials. However, in most cases, it is not necessary to close schools because of an MRSA infection in a student. It is important to note that MRSA transmission can be prevented by simple measures such as hand hygiene and covering skin infections.

SHOULD THE SCHOOL BE CLOSED TO BE CLEANED OR DISINFECTED WHEN A MRSA INFECTION OCCURS?

Covering infections will greatly reduce the risks of surfaces becoming contaminated with MRSA. In general, it is not necessary to close schools to "disinfect" them when MRSA infections occur. MRSA skin infections are transmitted primarily by skin-to-skin contact and contact with surfaces that have come into contact with someone else's skin infection. When MRSA skin infections occur, cleaning and disinfection should be performed on surfaces that are likely to contact uncovered or poorly covered infections. Cleaning surfaces with detergent-based cleaners or Environmental Protection Agency (EPA) -registered disinfectants is effective at removing MRSA from the environment.

SHOULD THE ENTIRE SCHOOL COMMUNITY BE NOTIFIED OF EVERY MRSA INFECTION?
Usually, it should not be necessary to inform the entire school community about a single MRSA infection. When an MRSA infection occurs within the school population, the school nurse and school physician should determine, based on their medical judgment, whether some or all students, parents and staff should be notified. Consultation with the local public health authorities should be used to guide this decision.

SHOULD THE SCHOOL BE NOTIFIED THAT MY CHILD HAS A MRSA INFECTION?
Parents are not required to notify school officials of an MRSA infection.

SHOULD STUDENTS WITH MRSA SKIN INFECTIONS BE EXCLUDED FROM ATTENDING SCHOOL?
Unless directed by a physician, students with MRSA infections should not be excluded from attending school. Exclusion from school and sports activities should be reserved for those with wound drainage ("pus") that cannot be covered and contained with a clean, dry bandage and for those who cannot maintain good personal hygiene.

I HAVE AN MRSA SKIN INFECTION. HOW DO I PREVENT SPREADING IT TO OTHERS?
Cover your wound. Keep wounds that are draining or have pus covered with clean, dry bandages until healed. Follow your healthcare provider's instructions on proper care of the wound. Pus from infected wounds can contain staph, including MRSA, so keeping the infection covered will help prevent the spread to others. Bandages and tape can be discarded with the regular trash. Clean your hands frequently. You, your family, and others in close contact should wash their hands frequently with soap and water or use an alcohol-based hand sanitizer, especially after changing the bandage or touching the infected wound. Do not share personal items. Avoid sharing personal items, such as towels, washcloths, razors, clothing, or uniforms that may have had contact with the infected wound or bandage. Wash sheets, towels, and clothes that become soiled with water and laundry detergent. Use a dryer to dry clothes completely.

MCISD REPORTING AND OUTBREAK MANAGEMENT:

As per HCHD, Staph is not typically subject to mandatory disease reporting in Texas. If more than two staph infections occur in the same setting (classroom or office), it is possible that transmission is occurring in that setting.

MCISD Communicable Disease Guidelines state parents will be notified in writing when more than 2 communicable disease cases occur in a classroom. For more information on MRSA log onto www.cdc.gov/Features/MRSAinSchools/.

COMPLAINTS AND CONCERNS BY STUDENTS OR PARENTS

Usually, student or parent complaints or concerns can be addressed simply—by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a standard complaint policy at FNG in the District's policy manual. A copy of this policy may be obtained in the principal's office or on-line at **www.tasb.org/policy/pol/private/108908** or at the Mission CISD website at **www.mcisd.net**. In general, the student or parent should first discuss the complaint with the campus principal. If unresolved, a written complaint and a request for a conference should be sent to the Superintendent. If still unresolved, the District provides for the complaint to be presented to the Board of Trustees.

COMPUTER RESOURCES

To prepare students for an increasingly computerized society, the District has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. **Students and their parents will be asked to sign a user agreement, included in this handbook, regarding use of these resource s; violations of this agreement may result in withdrawal of privileges and other disciplinary action.** Students and their parents should be aware that e-mail using District computers is not private and may be monitored by District staff. [For additional information, see policy CQ]

CONDUCT

As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior—both on and off campus—and consequences for violation of the standards. Students and parents need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. See the Student Code of Conduct, pages 48-83, for prohibited behaviors and standards of acceptable behavior. To achieve the best possible learning environment for all students, the Student Code of Conduct and other campus rules of behavior will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities. The District has disciplinary authority over a student in accordance with the Student Code of Conduct.

CORRESPONDENCE COURSES AND DISTANCE LEARNING

Texas Virtual School Network

The Superintendent or designee shall establish procedures for students to enroll in courses provided by the Texas Virtual School Network (TxVSN). Enrollment in courses through the TxVSN shall not be subject to limitations the District may impose for other distance learning courses.

Other Distance Learning

The Superintendent or designee shall establish procedures governing the use of other distance learning courses, including correspondence courses, as a means of earning credit in a subject or course. In order to receive credit, a student shall obtain approval from the principal or designee prior to enrollment in the course. For information, see the student's campus counselor or the student's principal. [For additional information, see policy EHDE]

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn about course offerings, the graduation requirements of various programs, and early graduation procedures. Each spring, students in grades 6 through 12 will be provided information on anticipated course offerings for the next year and other information that will help to make the most of academic and career opportunities. To plan for the future, including attendance at a college, university, or training school or pursuit of some other type of advanced education, students should work closely with the counselor in order to take the high school courses that best prepare them. The counselor can also provide information about entrance exams and deadlines for application, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. School counselors may seek the assistance of a Licensed Professional Counselor. As part of the MCISD's continuing effort to improve our students' educational experience, students now have free access to an MCISD Licensed Professional Counselor. Licensed professional counselors (LPCs) are master's-degreed mental health service providers with extensive training in working with individuals, families and groups to assist in treating their mental health needs. LPCs may also make available information about community resources to address any additional concerns.

Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent, unless required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports. [For more information, refer to policy FFE and FFG(EXHIBIT)]

CREDIT BY EXAM—If a Student Has Taken the Course (With Prior Instruction)

The principal or designee, or the attendance committee, as applicable, shall have authority to offer a student the opportunity to demonstrate mastery in a subject or to earn course credit by examination when the student has had prior instruction in a subject and when:

1. The student is enrolling in the District from a non-accredited school [see FD];
2. The student has failed a subject or course; or
3. The student has earned a passing grade in a subject or course but has failed to earn credit because of excessive absences [see FEC].

Examinations shall assess the student's mastery of the essential knowledge and skills and shall be administered according to established District procedures.

Prior to offering a student an opportunity to demonstrate mastery or earn credit by this method, an appropriate District employee shall review the student's educational records to determine whether the student has had prior instruction in the subject or course. [See EHDB(LOCAL)]

CREDIT BY EXAM—If a Student Has Not Taken the Course (Without Prior Instruction)

A student will be permitted to take an exam to earn credit for an academic course for which the student has had NO PRIOR INSTRUCTION. The passing score required to earn credit on a District-approved criterion-referenced exam is 80%. If a student plans to take an exam, the student (or parent) must register with the principal or designee no later than 30 days prior to the scheduled testing date. If the District agrees to administer an alternate examination or to administer the examination on an alternate date, the parent may purchase the test from a State Board-approved university or shall pay an appropriate fee to the District. [For further information, see policy EHDC] In addition, the District shall give a student in grades 6-12 credit for an academic subject in which the student has received no prior instruction if the student scores:

1. A three or higher on a College Board Advanced Placement examination that has been approved by the Board for the applicable course;
2. A scaled score of 50 or higher on an examination administered through the College-Level Examination Program and approved by the Board for the applicable course; or
3. Eighty percent or above on any other criterion-referenced test approved by the Board for the applicable course.

If a student is given credit in a subject on the basis of an examination on which the student scored 80 percent or higher, the District shall enter the examination score on the student's transcript and the student is not required to take an end-of-course (EOC) assessment 39.023(c) The District shall administer each exam approved by the Board not fewer than four times each year. The District must provide windows to test between January 1 and March 31; April 1 and June 30; July 1 and September 30; and October 1 and December 31, unless the exam's administration date is established by an entity other than the District. The days need not be consecutive but shall be designed to meet the needs of all students. The dates must be publicized in the community. The dates set by Mission Consolidated Independent School District are as follows:

DAMAGE TO SCHOOL PROPERTY

No student shall damage or deface any District building or grounds. A parent or other person who has the duty of control and reasonable discipline of a child is liable for any property damage proximately caused by:

1. The negligent conduct of the child if the conduct is reasonably attributable to the negligent failure of the parent or other person to exercise that duty; or
2. The willful and malicious conduct of a child who is at least twelve years of age but under eighteen years of age.

If a child, age ten through sixteen, engages in conduct that results in damage to District property, the District may institute formal charges for the purpose of having the juvenile court order the child or parent to make full or partial restitution to the District in accordance with law. [For further information, see policy FNCB]

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

The District believes that all students learn best in an environment free from dating violence, discrimination, harassment and retaliation and that their welfare is best served when they can work free from this prohibited conduct while attending school. Students are expected to treat other students and District employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect. The Board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, or disability or any other basis prohibited by law. [See policy FFH]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship intentionally uses physical, sexual, verbal or emotional abuse to harm, threaten, intimidate or control the other partner. Dating violence or abusive conduct of a sexual nature is considered harassment if the conduct is so severe, persistent or pervasive that is affects the student's ability to participate in or benefit from an educational program or activity; or creates an intimidating, threatening, hostile or offensive educational environment; substantially or unreasonable interferes with the student's academic performance; or otherwise adversely affects the student's educational opportunities. Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belong to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment in general terms, is conduct so severe, persistent or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the District's policy is available on the District's Web site. Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

Sexual harassment of a student by an employee, volunteer, or another student is prohibited. Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and District employees are prohibited, even if consensual. Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a District investigation, however, may be subject to appropriate discipline. Retaliation against a student might occur when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other District employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate Districts officials to whom to make a report.

Investigation of Report

To the extent possible, the District will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The District will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the District. In the event prohibited conduct involves another student, the District will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy. If the District's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The District may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful. A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

DISCRIMINATION

See DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

DISPLAY OF YOUR CHILD'S ARTWORK, PROJECTS, AND OTHER SPECIAL WORK PRODUCTS

As a parent, if you choose that your child's artwork, special projects, photographs and the like not be displayed to the community on the District's Web site, in printed material, by video, or any other method of communication, you must notify the principal in writing.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with prior approval by the principal, sponsor, or teacher. Such items may include school posters, brochures, murals, etc. The school newspaper and the yearbook are available to students. All school publications are prepared under the supervision of a teacher, sponsor, and the principal.

Non-school Materials from Students

Unless a student obtains specific prior approval from the principal, written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school may not be posted, sold, circulated, or distributed on any school campus. To be considered, any non-school material must include the name of the sponsoring organization or individual. The decision regarding approval will be made in two school days. The student may appeal the principal's decision in accordance with policy FNG. Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without this approval will be removed.

Non-school Materials from Others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not

sponsored by the District or by a District-affiliated school support organization will not be sold, circulated, distributed, or posted on any District premises by any District employee or by persons or groups not associated with the District, except as permitted by policy GKDA. EMERGENCY MEDICAL TREATMENT AND INFORMATION

Parents/guardians are asked to update their child's medical history yearly, especially current medical conditions and all current medications taken. In case of a medical emergency, the parent is also asked to give their consent to give/obtain emergency medical treatment. Please contact the school nurse to update any new information. MCISD maintains ~~epinephrine auto-injectors~~ epinephrine delivery systems for the emergency treatment of anaphylaxis (a serious and potentially life-threatening allergic reaction). In accordance with Texas Education Code, Chapter 38, and local policy, District nurses and other designated (and trained) school personnel can administer ~~auto-injectable epinephrine~~ epinephrine delivery systems to anyone who is reasonably believed to be experiencing a life-threatening allergic reaction. Trained staff is available at all on-campus events. An immediate 911 call and transport by ambulance to an emergency room is required anytime ~~auto-injectable epinephrine~~ epinephrine delivery systems is administered. The school's emergency epinephrine is not intended to replace student-specific orders and does not extend to activities off the school grounds (transportation to and from school, field trips, etc.). If your child has an allergy or health condition that requires the use of ~~auto-injectable epinephrine~~ epinephrine delivery systems, it is your responsibility to provide the child's ~~epinephrine auto-injector~~ epinephrine delivery systems and medical orders to the school nurse on or before the first day of class.

EXTRACURRICULAR ACTIVITIES, CLUBS AND ORGANIZATIONS

Participation in school and school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law as well as rules of the University Interscholastic League (UIL)— a statewide association overseeing inter-district competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class, other than a class identified as honors or advanced by either the State Board of Education or by the local Board of Trustees, may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.

- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of five absences for post-district competition prior to state, and a maximum of two absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the Board, are subject to these restrictions.
- A student who misses a class because of participation in an activity that has not been approved will receive an unexcused absence. **Please note:** Sponsors and coaches of extracurricular activities, including interscholastic athletics and marching band, may develop and enforce standards of behavior that are higher that the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs at any time, on or off school property. No provision of an extracurricular behavioral standard shall have the effect of discriminating on the basis of gender, race, disability, religion, or ethnicity.

The principal shall approve such behavior standards before they are communicated to students. Students shall be informed of any extracurricular behavior standards at the beginning of each school year or, in the case of interscholastic athletics and marching band, at the time the students report for workouts or practices that occur prior to the actual beginning of classes. Students and their parents shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity.

Organizational standards of conduct of an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of conduct that are also violations of the Student Code of Conduct may result in the independent disciplinary actions. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization. Waiver of Fee

Upon receipt by the District of reliable proof that a student and his or her parent or guardian are unable to pay a fee or deposit required by the school, such fee or deposit shall be waived. Such student and his or her parent or guardian must present evidence of their inability to pay to the appropriate principal who shall determine eligibility for a fee waiver. [For further information, policy FP]

FOOD ALLERGY NOTIFICATION

The District must request, at the time of enrollment, that the Parent or Guardian of each student attending a District school disclose the student's food allergies.

GENERAL EMERGENCY RESPONSE

Your Mission CISD team has an ongoing commitment to the safety and security of your child(ren). A part of that commitment includes responses to situations that may arise, based on a comprehensive emergency response plan that involves all aspects of our operations.

In each situation, our first and primary responsibility is to focus on the safety of our students and staff. We know that communication with you is an important part of any emergency situation and we will always work to provide factual information as quickly as possible. However, even with the technology available for mass communication with you, that communication will not come until we have met our initial safety responsibilities.

In addition to striving for timeliness in our communication, we take great care in providing correct information to avoid confusion and further worry.

After any security situation or emergency in our schools, district administration conducts a review with all parties involved to help identify areas for improvement. Those opportunities for improvement are then incorporated into our plans so we can provide improved responses and service.

[EIC (Local)]

In addition, the calculation of class rank shall exclude grades earned in a distance learning course, unless the grade is earned in a course taken through the Texas Virtual School Network (TxVSN). [EIC (Local)]

Transferred Grades

When a student transfers semester grades for courses that would be eligible under the Regular category and the District has accepted the credit, the District shall include the grades in the calculation of class rank. [EIC (Local)]

When a student transfers semester grades for courses that would be eligible to receive additional weight under the District's weighted grade system, the District shall assign additional weight based on the categories and grade weight system used by the District if a similar or an equivalent course is offered to the same class of students in the District. [EIC (Local)]

Students who transfer into the District with letter grades shall have letter grades converted to numerical grades for purposes of determining grade point averages and class rank using the following scale:

A+	98	C+	78
A	95	C	75
A-	92	C-	72
B+	88	D	70
B	85	F	65
B-	82		

Local Graduation Honors

For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank in accordance with this policy and administrative regulations by using grades available at the time of calculation at the end of the fifth six-week grading period of the senior year.

For the purpose of applications to institutions of higher education, the District shall also calculate class rank as required by state law. The District's eligibility criteria for local graduation honors shall apply only for local recognitions and shall not restrict class rank for the purpose of automatic admission under state law. [See EIC(LEGAL)]

Honor Graduates [EIC (Local)]

The District shall recognize the following two categories of local honor graduates.

Mission Merit Graduate

To be a Mission Merit Graduate, a student must:

1. Receive credit for eight or more state-approved Pre-AP/Honors, AP, and/or dual credit courses;
2. Rank in the top quartile of the class according to the weighted GPAs;
3. Have not earned a failing semester grade in any course; and
4. Complete the graduation requirements for the foundation program with the distinguished level of achievement.

A student who qualifies as a Mission Merit Graduate shall be eligible to wear an honor stole during graduation ceremonies.

Mission Academic Excellence Award

The Mission Academic Excellence award shall be given to the number of students equal to the top five percent of the senior class. Calculation of the weighted GPA for this award shall be based on grades earned through the first semester of the senior year. To be eligible to receive this recognition, a student must:

1. Complete a combined total of eight or more Pre-AP, AP, and dual credit courses during the student's freshman, sophomore, and junior years;
2. Have not earned a failing semester grade in any course; and
3. Complete the graduation requirements for the foundation program with the distinguished level of achievement.

Valedictorian and Salutatorian

The valedictorian and salutatorian shall be the eligible students with the highest and second-highest rank, respectively. To be eligible for this local graduation honor, a student must

1. Have been continuously enrolled in the same District high school for the four regular semesters immediately preceding graduation; and
2. Have qualified for the Mission Academic Excellence Award.

The District shall also recognize the third-ranking student meeting the same eligibility criteria listed above.

Breaking Ties

In case of a tie in weighted GPAs, the District shall apply the following methods, in this order, to determine recognition as valedictorian or salutatorian:

1. Count the number of weighted AP and dual credit courses taken by each student involved in the tie.
2. Calculate a weighted GPA using only AP and dual credit courses.

If the tie is not broken after applying these methods, the District shall recognize all students involved in the tie as sharing the honor and title.

Highest Ranking Graduate

The student meeting the local eligibility criteria for recognition as the valedictorian shall also be considered the highest-ranking graduate for purposes of receiving the honor graduate certificate from the state of Texas.

Certificates of Coursework Completion

The District shall issue a certificate of coursework completion to a student who has successfully completed state and local credit requirements for graduation but has failed to meet all applicable state testing requirements. [See EIF, FMH]

Special Education

A student receiving special education services who successfully completes the requirements of his or her IEP, including performance on a state assessment required for graduation, shall receive a high school diploma. A student's admission, review, and dismissal (ARD) committee shall determine if the student will be required to meet satisfactory performance

on an assessment for purposes of graduation. [See Graduation of Students Receiving Special Education Services, below, and EKB] 19 TAC 101.3023(a). [EIF (Legal)]

HARASSMENT

See DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

HAZING

Students must not participate, either individually or in a group, in hazing behaviors toward another student. Such behaviors involve any knowing, intentional, or reckless act, occurring on or off campus, by one person alone or acting with others, directed against a student, that endangers the mental, physical health or safety of a student for the purposes of pledging, initiation into, affiliation with, holding office in, or maintaining membership in an organization. For a more detailed definition of what constitutes hazing, refer to Student Code of Conduct page 75-76.

HEALTH SCREENINGS

The District will conduct vision, hearing, spinal, and Acanthosis Nigricans checks in designated grades as per Board Policy FFAA. In addition, the District conducts yearly height and weight screenings on all students. Other screenings conducted as needed include dental, head and blood pressure checks. Parents have the option to contact the school nurse if they refuse to have the screenings conducted at school and instead prefer to have their doctor conduct the screenings. Undiagnosed and untreated hearing/vision problems can interfere with learning and contribute to poor performance in school. If your child fails his/her hearing or vision screenings and is referred, you have 30 days from the date of the referral to submit examination results. If there is a financial need, please contact the campus nurse immediately. Vouchers are available for eye exams and glasses if your family meets the requirements. Please be advised that classroom accommodations will be made and implemented pending treatment.

HOMELESS LIAISON

The McKinney-Vento Homeless Assistance Act, reauthorized in January 2002, ensures educational rights and protections for children and youth experiencing homelessness. The Coordinator for Family and Community Engagement is the liaison for services to students who are determined to be homeless, as defined by federal law. If you believe your child may be eligible for services or assistance, contact the office of the Coordinator for Family and Community Engagement at 956-323-5559.

HUMAN SEXUALITY INSTRUCTION

As a part of the District's curriculum, students receive instruction related to human sexuality. As per state law, the curriculum presents abstinence as the preferred choice of behavior and the only 100 percent effective method of preventing pregnancy and sexually transmitted diseases.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of Health, Immunization Division, can be honored by the District. In order to qualify under this standard, a parent must use only an official proper form obtained in writing (after September 1, 2003) from the Texas Department of Health, Immunization Division, 1100 West 49th Street, Austin, TX 78756. The form must be notarized and submitted to the principal or nurse within 90 days of notarization. Each child in the family must have a separate form. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Texas Department of Health. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation. Students cannot register without proper immunization.

For further information, see Texas Administrative Code (TAC) Title 25 Health Services Section 97.61 to 97.72. Students, coming from another school district within Texas, that are unable to provide proper documentation can be given up to 30 days to provide a record. However, if their document shows them to be deficient, they must be immunized before coming to school.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB]

Meningococcal Conjugate (MCV 4) vaccine is being required for entrance by most colleges. ~~If vaccine is administered at 18 years of age or younger, the cost is approximately $7.00; if it is administered at 19 years of age or older, the cost is approximately $25.00. Meningococcal B (Men B) is the second meningitis vaccine. If administered at 18 years of age or younger, the cost is approximately $7.00; if administered at 19 years of age or older, the cost is $215.00.~~

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.
- The principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

Students Taken into Custody

State law requires the District to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- To comply with a properly issued directive to take a student into custody.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective and Regulatory Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student. The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

Notification of Law Violations

The District is also required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication or adjudicated of delinquent conduct for any felony offense or certain misdemeanors.

LEARNING DIFFICULTIES

See SPECIAL PROGRAMS

MEDICINE AT SCHOOL

Often, students have to take prescription medication for a certain period of time as treatment for a medical condition. If

at all possible, we ask that you schedule the timing of the doses so that the child takes the medicine at home. Medications to be given once-, twice-, or three-times- a-day should be given at home unless otherwise medically indicated. Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly labeled in the original container. The school nurse or other authorized school employee will administer medications only from a container that appears to be the properly labeled original prescription container or from a properly labeled unit dosage container filled by the nurse from a properly labeled original prescription container. Only the nurse or other authorized school employees are permitted to administer prescription medicines at school. Other than prescription asthma medicine, diabetic treatment or anaphylaxis treatment for students with severe allergies that may result in anaphylaxis, we do not permit students to carry their own medications and self-administer.
Students with asthma, diabetes or children with severe allergies that may result in anaphylaxis will be allowed to carry and self-administer their prescription asthma, diabetes or anaphylaxis medicine under certain conditions. The student must have demonstrated to his or her doctor and to the school nurse that the child has the skills necessary to self-administer the asthma, diabetes or anaphylaxis medicine. Additionally, the parent/guardian must provide us a written authorization for self-administration and a written statement from student's doctor that the student has asthma and is capable of self-administration and that includes the name and purpose of the medicine, the prescribed dosage, the times and circumstances for administration, and the period for which the medicine is prescribed. [For further information, see policy FFAC]

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Authorized employees, in accordance with policy FFAC, may administer:
  - ➢ Prescription medication, provided by the parent, along with a written request from a medical provider, and in the original, properly labeled container.
  - ➢ Medication from a properly labeled unit dosage container filled by a registered nurse or another qualified District employee from the original, properly labeled container.
  - ➢ Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly labeled in the original container.
  - ➢ Herbal or dietary supplements, provided by the parent, if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the District will maintain and administer to a student nonprescription medication, but only:
  - ➢ In accordance with the guidelines developed with the District's medical advisors; and
  - ➢ When the parent has previously provided written consent to emergency treatment on the District's form.

Controlled medications cannot be carried by students or self-administered. The parent is required to supply the campus nurse with a one-month supply. Medication must be counted upon receipt and signed by two adults. Ex: Nurse/Parent or 2 staff members. Scheduled 2 and schedule 3 pain medications will NOT be administered at school unless the student has documented chronic illness and is on the student IHP.

Nonprescription medication, upon a parent's written request, accompanied by a physician's order and when properly labeled in the original container.

Medications from Mexico will not be given.

All medications will be kept in the nurse's office other than prescription asthma medicine, diabetic treatment or anaphylaxis treatment for students with severe allergies that may result in anaphylaxis, if the prescribing doctor and parent have consented.

OBTAINING INFORMATION AND PROTECTING STUDENT RIGHTS
Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF]

"Opting Out" of Surveys and Activities

As a parent, you also have a right to receive notice and opt your child out of participating in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and schedule by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA]

As a parent, you also have a right:

- **To request information regarding the professional qualifications** of your child's teachers, including whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.
- **To review teaching materials,** textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.
- **To inspect a survey created by a third party** before the survey is administered or distributed to your child.
- **To review your child's student records when needed.** These records include:
  - Attendance records,
  - Test scores,
  - Grade,
  - Disciplinary records,
  - Counseling records,
  - Psychological records,
  - Applications for admission,
  - Health and immunization information,
  - Other medical records,
  - Teacher and counselor evaluations,
  - Reports of behavioral patterns, and
  - State assessment instruments that have been administered to your child.
- **To grant or deny any written request from the District** to make a videotape or voice recording of your child. State law, however, permits the school to make a videotape or voice recording without parental permission for the following circumstances:
  - When it is to be used for school safety;
  - When it relates to classroom instruction or a co-curricular or extracurricular activity; or
  - When it relates to media coverage of the school.
- **To remove your child temporarily from the classroom**, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas

Education Agency.

PARENTAL OBSERVATIONS

Parents are welcome to observe their children in the classroom. In order to preserve an environment that is conducive to learning and for the safety of students, observations must be made in accordance with the following procedures.

1. The term "parents" means biological, adoptive, or foster parents and legal guardians as determined by court order. The term "parents" also includes other relatives with whom a student resides and who are standing in parental relation to the student (e.g., a grandparent with whom the student resides and who is acting as a parent in the absence of a biological or adoptive parent). Unless standing in parental relation to a student, other non-parent relatives or friends of the family are not permitted to observe students at school. Parent representatives and advocates are not permitted to observe students at school.
2. Observations are limited to two times per year (one time per semester).
3. Observations are limited to one class period. (45 minutes)
4. The principal, in consultation with the teacher, will approve the date and time of all parental observations in advance.
5. Parents must first report to the campus office and comply with all procedures for visitors (e.g., showing identification, permitting a background check, if applicable, and obtaining a pass). At the discretion of school staff, a parent may be escorted to the classroom or accompanied during part or all of the observation. For confidentiality and security purposes, parents may not take pictures or make audio or video recordings during observations.
6. If at any time, the teacher or principal determines that the observation is disruptive, the parent must immediately leave. Parents must leave the campus immediately upon the request of any district administrator or security personnel.
7. These classroom observation procedures do not apply to parents' having lunch with their children or classroom parties. However, on such occasions, parents must still comply with other campus rules, such as reporting first to the campus office, showing identification, allowing a background check, obtaining a pass, and leaving campus upon request of a school administrator.

Principals and other school administrators have authority at all times to control access to school property by parents and other campus visitors. Principals and other school administrators may limit the access of parents and other campus visitors to school property, including limiting access to particular parts of a campus or prohibiting access altogether. During school hours, all parents must report to the office before going to any other part of the campus. This is an important security measure, and failure to respect this procedure may result in the parent being denied access to school property.

Requests by an independent evaluator to observe a special education student should be forwarded to the Special Education Department. The Executive Director of Special Education and campus principal will determine the conditions for these observations.

PARENTAL RIGHTS

See OBTAINING INFORMATION AND PROTECTING STUDENT RIGHTS.

PEST MANAGEMENT PLAN

The District applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact the Maintenance Department at 956-323-8960.

PHYSICAL ACTIVITY FOR STUDENTS IN ELEMENTARY, JUNIOR HIGH, AND HIGH SCHOOL

In accordance with EHAB, EHAC, and FFA, the District will ensure that students in kindergarten through grade 5 engage in moderate to vigorous physical activity for at least 30 minutes per day or 135 minutes per week. Students in grade 6 through 8 shall engage in 30 minutes of moderate to vigorous physical activity per day for at least four semesters or at least 225 minutes of moderate or vigorous physical activity within a two-week period for at least four semesters. Students in a high school Physical Education course shall be actively engaged 50% of the time in moderate to vigorous physical activity. A parent's handwritten excuse from physical activity participation will be honored for a maximum of 2 days. A physician's medical excuse will be required for any ailment/injury requiring more than 2 days' exemption. If a child requires more than 2 days' exemption from physical activity, they will be assigned supplemental activities/assignments, as permitted. For additional information on the District's requirements and programs regarding elementary, junior high, and high school student physical activity requirements, please see the campus principal.

~~**Parental Access to Student Fitness Results**~~ **Physical Fitness Assessments (Fitness Gram)**

~~Each year, the FitnessGram Physical Assessment must be administered to all students in grades 3-12 who are in P.E. or classes that may be substituted for P.E. Parents may request a copy of their child's FitnessGram Physical Assessment by submitting a letter to the principal at the end of the school year.~~ The Texas Education Code (TEC) §38.101 states that a school district must annually assess the physical fitness of students enrolled in grade three or higher in a course that satisfies the curriculum requirements for physical education under TEC §28.002 (a)(2)(C). With that being said, students are assessed in grades 3-8 as well as assess any student at the high school level enrolled in a Texas Essential Knowledge and Skills (TEKS) based course for physical education or anyone in a substitution for physical education. A school district is not required to assess a student for whom, as a result of disability or other condition identified by commissioner rule, the assessment instrument adopted under Section 38.102 is inappropriate.

Students that are enrolled in athletics, off-campus private or commercially sponsored physical activity programs, or ROTC must always be assessed. Those students that are participating in the activities or drill team, cheerleading, or marching band are only assessed if they are substituting the "activity" for the physical education credit.

Parents may request a copy of their child's fitness gram physical assessments by submitting a letter to the principal at the end of the school year.

Assessments are: *Pacer-20m *Trunk Lift *Push-Up *Curl-Up * Shoulder Stretch *Body Compositions (Height & Weight)

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Texas law requires students to recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag each school day. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

A minute of silence will follow the recitation of the pledges. The student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others. [See policy EC for more information]

PRAYER

Each student has the right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

In kindergarten, promotion to the next grade level shall be based on the student meeting grade-level standards in the core areas of language arts, mathematics, science, and social studies as measured by attainment of an overall core subject average of Satisfactory (S) or better with a letter grade of at least an S in language arts.

In grades 1-5, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade- level standards for all subject areas and a grade of 70 or above in language arts and mathematics.

In grades 6–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on

course-level, grade- level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In grades 9-12, mastery of at least 70 percent of the objectives on District-approved tests shall be required. Grade-level advancement for students in grades 9–12 shall be earned by course credits. Changes in grade-level classification shall be made at the beginning of the fall or spring semester.

If a student fails to demonstrate proficiency on a state-mandated assessment, the student shall be provided accelerated instruction in accordance with state law.
[For further information, see policy EIE]

PSYCHOTROPIC DRUGS

Teachers and other District employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they will not recommend use of psychotropic drugs. A District employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. "Psychotropic drug" means a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication and intended to have an altering effect on perception, emotion, or behavior. It is commonly described as a mood- or behavior-altering substance. [For further information, see policy FFAC]

RELEASE FROM SCHOOL

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time. Students returned to class should remain in class unless otherwise directed by the campus nurse. Testing days are instructional days, and students will not be released early.

A student who will need to leave school during the day must bring a note from his or her parent that morning. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent. A student will be sent home when the student has a temperature of 100° or higher. Student must be free from fever at least 24 hours without the use of fever-reducing medication such as Tylenol or Motrin before returning to school, or must have a letter from the physician that they do not have a communicable disease.

A student will not be released from school at times other than at the end of the school day except with permission from the principal or designee and according to the campus sign-out procedures. Testing days are instructional days, and students will not be released early, except as previously described.

Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

Students are not permitted to leave their campus during regular school hours, unless they are accompanied by their parents, legal guardians or designee of record.

Withdrawing from School

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student and a copy placed in the student's permanent record.

A student who is 18 or older, who is legally married, or who is an emancipated minor as declared by a court may withdraw without parental signature.

REPORT CARDS

Written reports of absences and student grades or performance in each class or subject are issued to parents each grading period. At the end of the first three weeks of a grading period, parents are notified if the student's grade average is near or below 70, or below the expected level of performance. If a student receives a grade of less than 70 in any class or subject during a grading period, the parents are requested to schedule a conference with the teacher of that class or subject.

RETALIATION

SAFETY

Accident Prevention

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal safety hazards, such as intruders on campus and threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

Accident Insurance

Soon after school opens, parents will have the opportunity to purchase low-cost accident insurance that will help meet medical expenses, in the event of injury to their child.

Except for the purchase of insurance against bodily injury sustained by students while training for or engaging in interscholastic athletic competition or while engaging in school-sponsored activities on a school campus, the District, under state law, cannot pay for medical expenses associated with a student's injury.

SB 12

This guidance has been updated as of 9/8/25 and is subject to change: TEC, §26.0083(g), requires each school district and open-enrollment charter school (school system) to provide the parent of each enrolled student before the first instructional day to each school year with written notice of each health-related service offered at the campus the student attends. The notice must include a statement of the parent's right to withhold consent for or decline a health-related service. Health-related service is not defined by the statute. TEC, §26.009, references requirements for prior parental consent before their child can participate in certain activities or receive certain service. Although the agency is not required to create a model notice, we have done so to assist school systems in complying with both statutes. While school systems permitted to modify this model language, certain requirements must be met in this notice to satisfy the statutory requirements. In addition to the notice required under TEC,§26.0083(g), the model language below contains information related to changes in services and monitoring of a student's mental, emotional, or physical health or wellbeing, as described by the remaining subsections of TEC, §26.0083: however, there is no separate statutory beginning-of-school-year notice requirement for those subsections. Additionally, it references the services from TEC, §26.009, that would require prior parental consent before providing to a student.

1. Health-Related Services (general health support at school)
   Examples may include wellness check-ins, monitoring of student well-being, and access to school health staff for non-emergency concerns.
2. Medication Administration/ Special Procedures (requires current medical orders) Daily or as-needed medication administration, emergency medications (e.g., epinephrine, albuterol), diabetes care, seizure action plans. Required Documents (if OPT-IN):
   - Current physician/provider orders (valid through the school year)
   - Medications(s) in original labeled container(s).
   - Emergency Action Plan(s) where applicable (e.g., asthma, allergy, diabetes, seizures).
3. State-Mandated Health Screenings (as applicable)
   Example may include vision, hearing, spinal and other screenings as required by state rules or district policy.
4. Communication & Records
   Consent to receive health-related communications via phone, email, or secure school systems.
5. Emergency Care (Standing Consent)
   School personnel will provide first aid and activate emergency medical services (EMS) when medically necessary.

You may revoke or change your selections at any time by submitting a written request to the school nurse.

SCHOLARSHIPS AND GRANTS

Many national and local scholarships are available to students. Information on such scholarships is available to students and parents via the school websites along with scholarship flyers posted throughout the school. Applications for scholarships may be picked up in the guidance office. A few scholarships require online submission. Opportunities to file Free Application for Federal Student Aid (FAFSA) are also provided several times within the Spring Semester. For further information, please call the guidance office. Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Distinguished Achievement Program may be eligible under the TEXAS Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. [For further information, see the principal or counselor and policy EJ]

SCHOOL CLINIC INFORMATION

See the "For Parents" section on the Mission CISD Health Services website to access more information regarding the School Clinic [www.mcisd.net – About Us – District Departments – Health Services – For Parents].

SCHOOL HEALTH ADVISORY COUNCIL (SHAC)

The School Health Advisory Council (SHAC) is an advisory group of individuals who represent different segments of the community. By law, a majority of the members must be persons who are parents of students enrolled in the District and who are not employed by the District. The Mission CISD SHAC is made up of parents, community members, students, and District staff working together to improve the health of all students and families through coordinated school health programs. Through a coordinated effort, the District approved the newly revised Mission CISD Wellness Policy. Additional information regarding the District's School Health Education Advisory Council is available on the District website. [See also policies BDF and EHAA]

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time-to-time conduct searches. Such searches are conducted without a warrant and as permitted by law. Students have full responsibility for the security of their lockers, and for vehicles parked on school property. It is the student's responsibility to ensure that lockers and vehicles are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in lockers or in vehicles parked on school property. [For further information, see policy FNF]

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. See also the Student Code of Conduct.

Trained Dogs

The District shall use specially trained non-aggressive dogs to sniff out and alert to the current presence of concealed prohibited items, illicit substances defined in Board policy FNCF, and alcohol. Visits by trained dogs to the schools will not be announced. Trained dogs will be used to conduct random searches in vacant rooms, vacant common areas, around student lockers, and around vehicles parked on school property. If contraband of any kind is found, the student shall be subject to appropriate disciplinary action and will be referred to legal authorities for possible criminal prosecution.

Metal Detector Searches

The District may utilize permanent (walk-through) or portable (handheld) metal detectors on school property if the Superintendent or designee deems the use of such equipment to be in the best interest of the District. When such equipment is deployed, students may be subject to metal detector searches on a daily basis. [For further information, see policy FNF(LOCAL)]

Random Drug Testing

The District requires the random drug-testing of any student in grades 6-12 who chooses to participate in school-sponsored extracurricular activities or request a permit to park a vehicle on school property. [For further information,

see policy FNF (LOCAL)]

SEXTING

Sexting is defined as taking, sending, or forwarding obscene, sexually oriented or sexually explicit nude or partially nude images of oneself or others, or sending or forwarding texts that are obscene, sexually oriented or sexually explicit. In some instances, such acts have been classified as illegal, i.e. child pornography.

SEXUAL HARASSMENT / SEXUAL ABUSE / TRAFFICKING OR OTHER MALTREATMENT OF CHILDREN

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or a District employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and District employees with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop. The District will notify the parents of all students involved in sexual harassment by students when the allegations are not minor, and will notify parents of any incident of sexual harassment or sexual abuse by an employee. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation. A complaint alleging sexual harassment by another student or sexual harassment or sexual abuse by a staff member may be presented by a student and/or parent in a conference with the principal or designee or with the Title IX coordinator, Elisa Pacheco, at 956-323-5641. The student or parent may appeal the decision regarding the outcome of the investigation in accordance with Board policy FNCJ.

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services. [For further information, see policy FFG]

SOCIAL EVENTS

School rules apply to school social events to which a student brings a guest. Guests are expected to observe the same rules as students attending the event, and the person inviting the guest will share responsibility for the conduct of the guest.

SPECIAL PROGRAMS

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For students who are having difficulty in the general education classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other intervention and support services that are available to all students, through the district or school's multi-tiered system of academic and behavioral supports (MTSS). The provision of these intervention and support services, which might include a response to intervention (RTI) process, can have a positive impact on the ability of districts and charter schools to meet the needs of all students.

If a student is experiencing learning difficulties, which could include academic or non-academic difficulties, his or her parent may contact the individual(s) listed below to learn about the school's MTSS. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation, when appropriate, to determine if the student needs specific aids, accommodations, or specialized services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals:

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to an administrative employee of the school district or open enrollment charter school, such as a campus principal, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, a copy of the *Notice of Procedural Safeguards*, and a copy of the *Overview of Special Education for Parents* form created by the Texas Education Agency (TEA). If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard and form requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child

with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school conducts a special education evaluation for a student, it must complete the student's evaluation and evaluation report no later than 45 school days following the date it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period can be extended by the number of school days equal to the number of school days that the student is absent.

There is another exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the evaluation report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply. If a district or charter school receives a parent's consent for the initial evaluation less than 35 school days before the last instructional day of the school year, the general timeline of 45 school days applies to the date the written report of the initial evaluation must be completed, with the same extension for three or more absences during the evaluation period. Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report as soon as possible, but no later than five school days prior to the initial admission, review and determination (ARD) committee meeting, which will determine a student's initial eligibility or no later than June 30 if the parent consent was received at least 35 but less than 45 school days before the last instructional day of the school year. The copy of the evaluation must be provided to the parent at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled Parent's Guide to the Admission, Review, and Dismissal Process.

STATE-MANDATED ASSESSMENT

Annually, students at certain grade levels will take state assessments in the following subjects, as well as routine tests and other measures of achievement:

- Mathematics: Grades 3–8; EOC Algebra I
- Reading: Grades 3–8; EOC English I and II
- Social Studies: Grade 8; EOC U.S. History
- Science: Elementary Science Grades 5 and Middle School Science Grade 8; EOC Biology
- Reading/Writing, Listening/Speaking TELPAS: Emergent Bilingual Students Grades K-12
- Any other subject and grade required by federal law.

NOTE: [See policy EKB]

STEROIDS

Parents and students should be aware that state law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use. Under state law, bodybuilding, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

STUDENT RECORDS (Family Educational Rights and Privacy Act)

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and "eligible" students certain rights. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education.

The law specifies that certain general information about Mission Consolidated Independent School District students is considered "directory information" and will be released to anyone who follows procedures for requesting it. That information includes:

- A student's name, address, telephone number, and date and place of birth.
- The student's photograph, participation in officially recognized activities and sports, and weight and height of members of athletic teams.
- The student's dates of attendance, grade level, enrollment status, honors and awards received in school, and most recent school previously attended.
- The student's e-mail address.

A parent or an eligible student may prevent the release of any or all directory information regarding a student. This objection must be made in writing to the principal within ten school days of the child's first day of this school year. [See the **DIRECTORY INFORMATION ACKNOWLEDGEMENT FORM** attached to this handbook.]

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless parental rights have been legally terminated and if the school is given a copy of the court order terminating these rights. Federal law requires that, as soon as the student becomes 18 or is emancipated by a court, control of the records goes to the student. However, the parents may continue to have access to the records, if the student is a dependent, for tax purposes.
- District staff members who have what federal law defines as a "legitimate educational interest" in a student's records. Such persons would include school officials (such as Board members, the Superintendent, and principals), school staff members (such as teachers, counselors, and diagnosticians), or an agent of the District (such as a medical consultant).

- Various governmental agencies or in response to a subpoena or court order.
- A school to which a student transfers or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer, or for a scholarship application—will occur only with parental or student permission as appropriate. The District must comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the District not to release their child's information without prior written consent.

The principal is the custodian of all records for currently enrolled students at the assigned school.

The Coordinator for Fixed Assets/Warehouse, Valerie M Uresti-Rojas, (956-323-8900), is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student may inspect records during regular school hours. If circumstances prevent inspection during these hours, the District will either provide a copy of the requested records, or make other arrangements for the parent or student to review the requested records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. A parent (or the student if he or she is 18 or older or is attending an institution of postsecondary education) may inspect the student's records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. If the District refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process defined by policy FNG.

Copies of student records are available at a cost of fifty cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Please note: Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the District is not in compliance with federal law regarding student records. The District's policy regarding student records is available from the principal's or Superintendent's office. The parent's or eligible student's right of access to, and copies of, student records does not extend to all records. Materials that are not considered educational records—such as teachers' personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

SUICIDE PREVENTION PROGRAM

Counselors, Mental Health Specialists, and teachers will use the Jason Foundation Curriculum and other suicide prevention programs in a classroom or group setting which provides students with knowledge, skills and strategies that will enable them to help a friend (or themselves) who may be depressed or considering suicide.

TEACHER QUALIFICATIONS:

You may request the following information, which we will provide to you in a timely manner:

1. Whether your child's teacher(s) have met state qualification and licensing criteria for their grade levels and subject areas.
2. Whether your child's teacher(s) are serving under emergency or other provisional status that is less than full state certification.
3. The bachelor's degree major of your child's teacher(s) and any graduate degrees held, and the field of certification or degree.

TELEMEDICINE FOR STUDENTS

Parents or guardians can register during online school registration through the parent portal (https://www.mcisd.net).

TEXTBOOKS

State-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent. However, a student will be provided textbooks for use at school during the school day. [For further information, see policy CMD]

TOBACCO PROHIBITED

The District and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property or at school- sponsored or school-related activities. [See the Student Code of Conduct Handbook and policies FNCD and GKA]

TRANSPORTATION

School-Sponsored

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

School Buses and Other School Vehicles

The District makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. Further information may be obtained by calling the Transportation Department at 956-323-8930 or the individual campus office. See the Student Code of Conduct for provisions regarding transportation to the disciplinary Alternative Education Program.

Students are expected to assist District staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in District vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, band instrument cases, and other objects out of the aisle.
- Not deface the bus or van or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Be seated while the vehicle is moving.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

When students ride in a District van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended. Please see the Transportation Department website for an extensive list of Bus Safety Rules; Infractions and Consequences for Conduct Inside the Bus; and Fee Schedule and Disciplinary Consequences for Vandalism and Defacing [www.mcisd.net – About Us – District Departments – Transportation].

TRUANCY

To ensure your child receives the best education possible, attendance is of utmost importance. House Bill 2398, passed during the 84th Texas Legislative Session, enacted changes to the state's school attendance laws. As of this school year, after the **third unexcused absence within a four-week period**, the parent is issued a warning notice that the student is subject to truancy prevention measures (TEC §25.095); the parent must be informed:

1. of the student's absence;
2. of the parent's duty to monitor the student's school attendance and require the student to attend school; and
3. that the student is subject to truancy prevention measures. The school district **must** request a conference between school officials and the parent to discuss absences.

The District Truancy Prevention Measure is implemented to include:

1. a behavior improvement plan;
2. school-based community service [i.e., behavior contract, parenting programs/meetings, drug awareness programs, after- school tutoring; bullying/harassment counseling, etc.] and/or
3. counseling, mediation, mentoring, teen court, or other in-school or out-of-school services aimed at addressing the truant behavior.

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period, the

student shall be referred to truancy court within 10 school days of the student's 10th absence. Students ages 12 to 18 may be referred to truancy court. "Students who are at least 12 years of age and under 19 may be referred to truancy court. Students under 12 years of age may not be referred, except as allowed under Texas law."

UNASSIGNED EPINEPHRINE DELIVERY SYSTEMS

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized school personnel who have been adequately trained to administer an unassigned epinephrine delivery system to a person who is reasonably believed to be experiencing severe allergic reaction (anaphylaxis).

An "unassigned epinephrine" is an epinephrine delivery system, including an auto-injector or nasal spray prescribed by an authorized health-care provider in the name of the school issued with a non-patient specific standing delegation order for the administration of an epinephrine delivery system.

Epinephrine delivery systems include brand-name devices such as EpiPens®. Authorized and trained individuals may administer an epinephrine delivery system at any time to a person experiencing anaphylaxis on a school campus. The district will ensure that at each campus a sufficient number of school personnel are trained to administer epinephrine so that at least one trained individual is present on campus during regular school hours and whenever school personnel are physically on site for school-sponsored activities.

Authorized and trained individuals may administer an unassigned epinephrine delivery system to a person experiencing anaphylaxis at an off-campus school event or while in transit to or from a school event when an unassigned epinephrine delivery system is available.

For additional information, see FFAC(LOCAL).

UNASSIGNED OPIOID ANTAGONISTS (all grade levels)

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained school personnel at each campus to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose. One or more authorized and trained individuals will be present on each campus subject to this policy during regular school hours.

VENDING MACHINES

The District has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the Director for Child Nutrition Program. [See policies CO and FFA]

Letter to Parent/Students

State Law requires each school district to adopt a Student Code of Conduct. The Student Code of Conduct includes statements of the right and responsibilities of parents, administrators, teachers, and students. It also describes consequences for unacceptable behavior.

All our schools are expected to promote a climate of mutual respect for the rights of all members of the school community. Students are expected to respect the rights and privileges of other students, teachers and District staff members. The District's rules of conduct and discipline are established to achieve and maintain a safe and orderly environment. Students who violate the rights of others or who violate District or school rules will be subject to consequences designed to correct inappropriate behavior. We all need to create an environment where teachers can teach and students can learn.

We wish to express our gratitude to all parents, students and staff members for their role in providing the best possible learning environments where all students can succeed.

Sincerely,

Dr. Cris Valdez
Superintendent of Schools

Purpose of a Student Code of Conduct

The Student Code of Conduct that follows is the District's response to the requirements of Chapter 37 of the Texas Education Code. The law requires the District to establish standards of student conduct and to identify the circumstances under which a student may be removed from a classroom, campus, or disciplinary alternative education program, transferred to a disciplinary alternative education program, suspended, or expelled. The Code provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

We provide you with a copy of the Code annually; a copy is also available for review in the principal's office of each campus in the District. This Code is not a contract and can be amended by the District at any time. However, any change or amendment to the Code will be approved by the Board of Trustees.

Violations of the Student Code of Conduct are documented by teachers and other professional employees using campus discipline referral forms. Teachers and principals may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not also constitute violations of the Student Code of Conduct.

The Texas Legislature has delegated the authority to manage independent school districts and discipline students to the Board of Trustees and its employees. The school has the authority to administer discipline whenever the interest of the school is involved, on or off school property, in conjunction with or independent of classes and school-sponsored activities. The District's disciplinary authority applies:

- within 300 feet of school property;

- for any school-related misconduct, regardless of time or location;
- when the student retaliates or threatens retaliation against a school employee, regardless of time and location;

Disciplinary Consequences

In deciding concerning suspension, removal to the DAEP, expulsion, or placement in a JJAEP, regardless of whether the decision concerns mandatory or discretionary disciplinary action, the Campus Behavior Coordinator (CBC) and other administrators shall consider:

1. Self-defense.
2. Intent or lack of intent at the time the student engaged in the conduct.
3. A student's disciplinary history.

4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.
5. Student's status in the conservatorship of the Department of Family and Protective Services.
6. Student's status as a student who is homeless.

The following discipline management techniques may be used, alone or in combination, for misbehavior that violates the Student Code of Conduct or campus or classroom rules:

- Oral correction
- Cooling-off time or "time-out" in a setting separate from other students that is not locked and from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object
- Seating changes within the classroom
- Counseling by teachers, counselors, or administrative personnel
- Parent-teacher conferences
- Temporary confiscation of items that disrupt the educational process.

On June 20, 2025, House Bill 1481, which was passed by the 89th Texas Legislature, took effect, and brings about important changes to how students can use cell phones, smart watches, tablets, or any other electronic devices capable of telecommunication or digital communication during the day.

The law states:

- Students may not use cell phones (digital communication devices) during the instructional day;
- Schools must adopt and enforce policies that limit or ban device use during learning time, passing periods, cafeteria, recess, and on school grounds;
- School districts must have a written policy in place no later than September 18, 2025;
- Local school boards must adopt policies to support the law, Board Policy FNCE(LOCAL). The bill is designed to help students stay focused by reducing distractions and fostering learning environments that support their success.

  Exceptions:
- The student's use is necessary for implementation of the student's individualized education program, a 504 plan, or a similar program or plan;
- The student's use is required due to a documented need based on a directive from a qualified physician, licensed to practice in Texas;
- The student's use is necessary to comply with a health or safety requirement imposed by law or as part of the District or campus safety protocols.

In compliance with HB 1481, Mission Consolidated Independent School District enforces a district-wide policy prohibiting the use of personal digital communication devices during the instructional day. This includes earphones/AirPods, iPads/tablets, personal laptops, iPods/MP3 Players, Walkie-Talkies, smart watches, smart glasses, and other devices used for personal communication. Students are allowed to bring their cell phones and other communication devices to school, Board Policy FNCE(LOCAL), but **MUST be powered off** and kept in their **BACKPACKS** for the entirety of the school day while on school property until the last bell or release at the end of the school day. Students may use the devices before and after school. Students may use their cell phones or electronic and telecommunication devices on the bus. Any student using or publicly displaying a cellular telephone or other digital or telecommunications device during the instructional day will have their item(s) confiscated.

Consequences:

1st offense – Item(s) will be confiscated and returned to the parent/guardian ONLY after school.

2nd offense – Item(s) will be confiscated and the student will be assigned a maximum of one day in ISS. The device will be returned to the parent/guardian ONLY after school.

3rd offense – Same or other item(s) will be confiscated and parent/guardian will have to pay a $15.00 administrative fee before the item is released after school.

4th offense – Same or other item(s) will be confiscated and kept by the school for 45 calendar days. The device will be returned to the parent during after school hours.

5th offense – Student or other item(s) will be confiscated and returned to the parent/guardian ONLY after school. The student will be assigned to DAEP.

Confiscated devices will be stored in a secure and approved location approved by campus administration. Confiscated devices will be properly logged with the student's name, date/time, and the number of times a device has been confiscated from the student. When a device is confiscated, the campus administration will communicate with the parent/guardian to inform them of the phone confiscation. Confiscated devices may be disposed of by the district after 90 days with a written notice to parents.

Refusal to surrender the item, upon request by an administrator, shall result in placement in the Disciplinary Alternative Education Program (DAEP). **Mission CISD is not responsible for any loss, monetary or material, incurred as a result of the confiscation of the cellular phone or other telecommunications device, or audio or other entertainment device. Cell phones confiscated on the last day before a holiday will be returned to the parent/guardian on the first business day (at the end of the day) after the holiday. Consequences will be assigned accordingly.**

Confiscation of food items being sold at school, unless as part of a school-approved activity

Since the Mission CISD Nutrition Policy, approved by the School Health Advisory Council, states that no food may be provided other than by food services during the instructional day, and since Mission CISD follows all state and federal nutritional guidelines, food items may not be sold at school, unless as part of a school-approved activity. Violations of this prohibited conduct will result in the following consequences:

1st offense – Item(s) will be confiscated and returned to parent/guardian at mandatory parent conference

2nd offense--Item(s) will be confiscated, money will be temporarily confiscated and returned to parent at mandatory parent conference; student will be placed in ISS for three days

3rd offense – Item(s) will be confiscated, money will be temporarily confiscated and returned to parent at mandatory parent conference; student will be placed in OSS for three days

4th offense – Student will be placed at DAEP

Refusal to surrender item, upon request by an administrator, shall result in placement in the Disciplinary Alternative Education Program (DAEP):

- Grade reductions as permitted by policy
- Rewards or demerits
- Behavioral contracts
- Sending the student to the office or other assigned area Assigned school duties other than class tasks
- Withdrawal of privileges, such as participation in extracurricular activities, participation in graduation exercises, and eligibility for seeking and holding honorary offices, and/or membership in school-sponsored clubs or organizations
- Consequences or penalties identified in individual student organizations' codes of conduct bylaws, constitutions, or rules Withdrawal or restriction of bus privileges
- School-assessed and school-administered probation
- Citation or ticket from School Resource Officers or school security personnel
- Referral to outside agency and/or legal authority for criminal prosecution in addition to disciplinary measures imposed by the District.

The following disciplinary measures may be used, alone or in combination with each other or any of the above techniques, for misbehavior that violates the Student Code of Conduct or campus or classroom rules:

- In-school suspension
- Detention
- Suspension from school, not to exceed three school days at one time
- Formal removal from class by the teacher
- Removal to a disciplinary alternative education program
- Extension of disciplinary alternative education program removal term for additional offenses while in the alternative program
- Expulsion from school

What minimum procedures will be provided each student facing discipline other than detention? Each student will be told what infraction the CBC believes the student to have committed. Each student will then be given the opportunity to tell his or her side of the incident. The student's admission of the offense negates the need for further investigation or procedures, though the CBC may seek further information if desired.

How and when will we contact you about disciplinary action? Parents are responsible to provide to the campus administration each year the address and telephone number(s) at which parents can be reached and to update those numbers as necessary during the school year. School officials will use the information provided by the parent to contact parents

about disciplinary matters. Parents will be notified of all code of conduct violations in a reasonable amount of time by telephone or in writing. Campus administrators are not required to notify parents of incidents by telephone on the day of the incident. If the CBC cannot reach you by telephone or in person, written notice will be mailed that day or the following business day to the last address you have provided to the campus.

What consequences will occur when a student is an accomplice in an offense? Any student who assists, encourages, promotes, or attempts to assist in the commission of a serious offense will receive the same punishment as a student who actually engages in the conduct.

What are the expectations for student reporting of offenses? A student who has knowledge that another student or students have committed a serious offense is expected to report that information to a school official. If the administrator learns that a student failed to report the commission of a serious offense, the student will be subject to a lesser disciplinary consequence, either one step lower than that required for the serious offense of which the student had knowledge or a shorter term of discipline.

Physical Restraint

In some circumstances, it may be necessary for a District employee to use force, but not deadly force, to physically restrain a student in order to lead, guide, and direct the student or to protect the student or any other person from physical injury, to obtain possession of a weapon or other dangerous object, to protect property from serious damage, to remove a student who is refusing to comply with a legitimate directive from a school employee from a specific location in order to restore order or to impose disciplinary measures to restrain an irrational student, or to maintain order and discipline in the class or activity.

In-School Suspension

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may assign a student to one or more days of in-school suspension where, under the supervision of a *certified teacher or a paraprofessional,* students will complete assignments given them by their regular teachers. Both the length of the assignment and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC. As per HB 6, passed in the 89th Texas Legislature, the law does not provide limits on the length of placement in ISS; however, the CBC must review a student's ISS placement every ten school days to determine if continued placement is appropriate.

If a student is placed in in-school suspension for an extended period of time, he/she will be offered an opportunity to complete the courses in which he/she was enrolled at the time of the removal before the beginning of the next school year. This opportunity may be by via summer school, correspondence courses, distance learning, or other avenues. The parent/guardian will be assessed the ordinary charges associated with the program.

Detention

For minor infractions of the Student Code of Conduct or campus or classroom rules, teachers or administrators may detain students after school hours or during lunch on one or more days. When detention is used, notice will first be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 years of age or older, the detention will not begin until the parents have been notified. The student's parents, if the student is a minor, may be required to provide transportation when the student has been assigned to detention.

Suspension

When and for how long will a student be suspended? The CBC may suspend a student for a maximum of three school days at a time if the student violates the Code of Conduct by engaging in any prohibited conduct. Both the length of the suspension and restrictions on participation in school-sponsored or school-related extracurricular activities during the suspension are left to the discretion of the CBC. In an effort to address concerns leading to the frequent suspensions, behavior improvement plans, restorative practices, and discipline management plans must be developed to demonstrate improved behaviors and expected positive outcomes for students requiring discipline management supports.

How many times can a student be suspended? Neither state law nor this Code of Conduct imposes a limit on the number of times a student may be suspended during a semester or school year.

Formal Removal from Class by Teacher

What is the difference between being sent to the office and formal teacher removal? Students may be sent to the CBC's

office for committing minor classroom infractions. Per HB 6 passed by the 89th Texas Legislature, for a formal removal from class, the teacher may remove a student from their classroom under §37.002(b), based on a single incident of misconduct. Other provisions require notification to parents when a student is removed from class under TEC, §37.002. a return-to-class plan must be created if a teacher has not consented in writing to the student's return to class after removal by the teacher. Students may appeal their removal from class under §37.002 to the campus placement review committee.

What is the process for formally removing a student from a teacher's classroom? Within three class days of the removal, a conference

will be held between the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, and the student. Pending the conference, the CBC may place the student in another appropriate classroom, in-school suspension, or a disciplinary alternative education program. Following the conference, the CBC will order the placement of the student. The CBC will not return the student to the teacher's class without that teacher's consent, unless the Placement Review Committee determines that such placement is the best or only alternative.

Are there any special limitations associated with formal teacher removal? If a teacher removes a student from class because the student committed any kind of assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent.

Disciplinary Alternative Education Program

General DAEP Information

What is a DAEP? The District operates a Disciplinary Alternative Education Program (DAEP) for students who have committed certain serious offenses (see pages 61-62). The DAEP:

1. is in a setting other than the student's regular classroom;
2. is located apart from the student's regular school campus;
3. separates students in the DAEP from students in the regular program or in another disciplinary setting in the same building as the DAEP;
4. separates elementary school students assigned to DAEP from secondary school students assigned to DAEP;
5. focuses on English language arts, mathematics, science, history, and self-discipline;
6. provides for students' educational and behavioral needs;
7. provides supervision and counseling;
8. is taught by certified teachers; and
9. provides at least a 7-hour school day, including lunch and other breaks, but not longer than 10 hours each day.

No student who has engaged in behavior warranting a DAEP assignment will be placed in an unsupervised setting, other than an out-of- school suspension pending the DAEP conference.

Where is the DAEP? Will it operate during the school day? Is transportation provided? MCISD's disciplinary alternative education program is located at the Roosevelt Alternative School, 407 E. 3rd Street, Mission, TX 78572, and operates between the hours of 7:45 am and 4:15 pm. District transportation is provided, and parents are responsible for making sure students attend while assigned. Failure to attend the DAEP is a violation of compulsory attendance laws. Parents may be prosecuted if their child fails to attend while assigned; students may be referred to Truancy Court for failure to attend while assigned.

What is the DAEP Dress Code? The District has adopted standardized attire for all students assigned to the DAEP at Roosevelt Alternative School. All students assigned to the DAEP will adhere to the standardized dress code. The dress code will be discussed with the students and parents during the scheduled in-take conference.

What kinds of courses are taught at the DAEP? Instruction in the DAEP will focus on English language arts, mathematics, science, history, and self-discipline. The District will provide an opportunity for students who have been placed in the DAEP to complete a foundation curriculum course in which the student was enrolled at the time of removal before the beginning of the next school year, if the term of the student's placement is such that the student is not able to continue enrollment in all his or her courses. The opportunity to complete coursework will be provided through any method available, which may include summer school, distance learning, or correspondence courses. The District will not assess any charge for the student to complete a course under this provision.

TERM OF PLACEMENT: Students are assigned to DAEP with a written removal order that states a specific term of

placement that is the number of successful school days that must be served. Students will be credited with a "successful day" of DAEP assignment if the student is present, completes all assigned work, follows all rules of the DAEP, and engages in no additional violations of the Student Code of Conduct. The length of all DAEP assignments is at the discretion of the CBC, within the guidelines stated below. Per HB6 passed by the 89th Texas Legislature the term of placement may be reduced for a DAEP or expulsion assignment through the development of a parent and student behavior agreement.

What are the guidelines for the term of DAEP placement? A removal to DAEP may be from as brief a time as 5 school days up to one full year from the date of the order. The CBC issuing the removal order will use his or her best professional judgment, considering the factors considered in all disciplinary actions, in making a DAEP placement. The duration of the placement will be determined by the sending CBC. In some circumstances, a placement term may be longer than one year if, after a review, the CBC determines that the student is a threat to the safety of other students or to employees or that an extended placement would be in the student's best interest.
Ordinarily a DAEP assignment will not extend beyond the end of a school year. However, if the CBC making the placement determines:

1. that the student's presence in the regular classroom or at the student's regular campus poses a danger of physical harm to the student or another individual; or
2. the student has engaged in serious or persistent misbehavior that violates the District's Student Code of Conduct, then the assignment may be continued to the next school year.

"Serious misbehavior" and "persistent misbehavior" are defined on pages 77-80 of this Code.

The DAEP administrator may extend the original term of removal based on new violations that occur while the student is assigned to the DAEP, including violation of DAEP rules, by following the procedures for initial DAEP placement, i.e., a conference with student and parents.

House Bill (HB) 114 amends Texas Education Code, Chapter 37 to address mandatory discipline requirements related to marijuana, tetrahydrocannabinol (THC) and e-cigarettes.

- This bill requires a student to be placed in the DAEP if the student possesses, uses, or is under the influence of, or sells, gives, or delivers marijuana or THC within 300 feet of school property or at a school-related event.
- Placement in DAEP is also required is a student possesses, uses, sells, gives, or delivers to another person an e-cigarette within 300 feet of school property or at a school-related event.

If a DAEP is at capacity, a student who commits an offense related to marijuana, THC, e-cigarettes, alcohol, or abusable volatile chemicals shall be placed in in-school suspension (ISS) until a place in a DAEP becomes available or the period of the student's placement ends. If a DAEP is at capacity when a student who engaged in violent conduct needs to be placed, a district may move a student placed in DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical to ISS to make room for the student who engaged in violent conduct. If a district removes a student from a DAEP to ISS, the student must be returned to a DAEP if a place becomes available before the end of the period of placement.

Are some offenses subject to a different length of assignment? Yes. A student who has received punishment through the criminal justice system for continuously sexually abusing or sexually assaulting another student, regardless of whether the conduct occurred on or off school property, and who cannot be assigned to a campus other than a campus where the victim of the assault is assigned may be assigned to the DAEP for so long as both students are enrolled in the District. Assignment to an alternative education program based on Title 5 or aggravated robbery felony conduct may also be subject to a different length of assignment.

SCHOOL-RELATED ACTIVITIES: Students assigned to the DAEP may not attend or participate in extracurricular activities during the term of their assignment.

STUDENTS YOUNGER THAN TEN: Students younger than ten who commit an expellable offense will be placed in a disciplinary alternative education program for elementary age students.

STUDENTS YOUNGER THAN SIX: Students younger than six will not be placed in a disciplinary alternative education program for any reason other than bringing a firearm to school.

STUDENTS 21 OR OLDER: Students twenty-one years of age or older who have been admitted to the District for the purpose of completing the requirements for a high school diploma will not be placed in the DAEP. If the student engages in conduct that would otherwise require placement in DAEP, the District will revoke the admission of the student.

EFFECT OF WITHDRAWAL: Withdrawing a student from school does not affect the District's authority to schedule and conduct a conference on the conduct and enter an order of removal, regardless of whether the student or parent is present to participate. The order of removal will be included with the records sent to any transferring school, including another public school, a campus charter program, or an open- enrollment charter school, and that district or school will be empowered to exercise its authority to honor the removal. Furthermore, even if we do not complete the removal process and issue a removal order, we will send disciplinary records to the next school, and that school has the authority to complete the removal process and issue a removal order.

Students who transfer out of this District to another public or private school, including students who withdraw from this District for the purpose of home schooling, and students who do not attend MCISD's disciplinary alternative education program for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under District policy), will be required upon return to this District to complete the number of days missed in the disciplinary alternative education program before being allowed to return to the regular campus, unless their records indicate that the term of removal was served in another school district or charter school.

EFFECT OF TRANSFER INTO DISTRICT: If a student transfers into this District from another school district in which the student was placed in a disciplinary alternative education program, MCISD may continue the DAEP placement under the terms of the order provided by the sending school district.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the removal order in the records from the other school, the District may enforce the terms of that removal order, provided the grounds for removal to DAEP in the charter school or other state are grounds for removal in the District.

GRADUATING SENIORS IN THE DAEP: When a student is placed in the DAEP during the 12th grade, the District may allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met and provided that the student has successfully completed all of the days that the student was placed in the DAEP. If the student in question has unexcused absences or has not completed his or her days in the DAEP for any other reason, such as withdrawal or transfer to another school district, the student will not be allowed to participate in graduation ceremonies. Any decision concerning participation in graduation ceremonies will be made by the student's home campus principal, whose decision is final.

Conduct That Warrants DAEP Placement

SCHOOL-RELATED CONDUCT: The CBC will place a student in DAEP if the student:

- makes a false report of bombing, fire, or other emergency involving a public school, regardless of when the false report is made or the place from which the false report is made.
- makes a terroristic threat involving a public school, regardless of when the threat is made or the place from which the threat is made.
- Vaping
- E-cigarette (Possession or use of an e-cigarette is now a discretionary removal to DAEP; however, if a first-time offender is not placed in a DAEP setting, they must be placed in ISS for at least 10 school days).

The CBC will place a student in DAEP if the student commits any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Conduct punishable as a felony
- Assault resulting in bodily injury
- Offenses relating to marijuana, controlled substances, and dangerous drugs
- House Bill (BH) 114 amends Texas Education Code, Chapter 37 to address mandatory discipline requirements related to marijuana, tetrahydrocannabinol (THC), and e-cigarettes.
- This bill requires a student to be placed in the DAEP if the student possesses, uses, or is under the influence of, or sells, gives, or delivers marijuana or THC within 300 feet of school property or at a school-related event.
- Placement in DAEP is also required if a student possesses, uses, sells, gives, or delivers to another person an e-cigarette within 300 feet of school property or at a school-related event.
- Offenses relating to alcohol

- Offenses relating to abusable volatile chemicals
- Indecent exposure
- Public lewdness
- Retaliation against a school employee, regardless of where the conduct takes place
- Serious or persistent misbehavior, subject to administrative discretion as described in the following section. Definitions of the above offenses can be found in the Definition section of the Code of Conduct, pages 55-69

A student who is charged with an offense warranting expulsion will be suspended for three class days and then placed in the DAEP pending the expulsion hearing.

What is "serious offense" or "persistent misbehavior?" "Serious offense" includes the following offenses, which will always result in DAEP placement:

Conduct punishable as a felony, which includes, without limitation:

- Distribution of any substance represented to be an illegal drug, a dangerous drug, a controlled substance, or alcohol
- Placing graffiti on any tangible property owned by the District
- Harassment of any public servant, i.e., causing an employee to be in contact with the blood, bodily fluids, saliva, urine, or feces of any person or animal with the intent to assault, harass, or alarm
- Assault resulting in bodily injury, which may include dating violence
- Making a false report of bombing, fire, or other emergency involving a public school, which includes the following offenses:

- Offenses relating to abusable glue, volatile chemicals and aerosol paint
- Indecent exposure
- Public lewdness

    c. Verbal abuse or derogatory or offensive remarks addressed to others, which may include dating violence
    d. Damaging or vandalizing property of other students
    e. Conduct that constitutes sexual harassment or sexual abuse whether the conduct is by word, gesture, or any other sexual conduct, including without limit, requests for sexual favors, which may include dating violence

"Persistent misbehavior" consists of two or more separate violations of the Student Code of Conduct in general or repeated violations of the same offense.

CONDUCT UNRELATED TO SCHOOL - TITLE 5 OFFENSES + FELONY AGGRAVATED ROBBERY:

A student will be removed from class and placed in a disciplinary alternative education program based on off-campus criminal conduct punishable as a felony under Title 5, Texas Penal Code or felony aggravated robbery. However, if more than a year passes from the date of the off-campus criminal offense to the time that the CBC learns of the offense, the CBC is not required to place the student in the DAEP.

What are Title 5 offenses? Title 5 offenses are crimes against the person, identified in Title 5 of the Texas Penal Code. Specifically, Title 5 offenses include: murder; capital murder; manslaughter; criminally negligent homicide; kidnapping; aggravated kidnapping; continuous sexual abuse of young child or children; indecency with a child; improper photography or visual recording; sexual assault; aggravated assault; aggravated sexual assault; injury to a child, elderly individual, or disabled individual; abandoning or endangering a child; deadly conduct; terroristic threat; aiding a person to commit suicide; and tampering with a consumer product.

CONDUCT UNRELATED TO SCHOOL - NON-TITLE 5 OFFENSES: A student will be removed from class and placed in a disciplinary alternative education program for off-campus criminal conduct punishable as a felony, other than offenses defined by Title 5, Texas Penal Code, or felony aggravated robbery if the administration determines that the student's continued presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process. However, if more than a year passes from the date of the off-campus criminal offense to the time that the CBC learns of the offense, the CBC is not required to place the student in the DAEP.

RELATIONSHIP OF CRIMINAL JUSTICE SYSTEM AND THE SCHOOL DISTRICT: The school District may place a student in the DAEP regardless of any action or lack of action taken by the criminal justice system. However, in some circumstances, the District may re-assess the punishment based on information from law enforcement authorities.

Does a student have to be arrested or convicted of a felony offense before the District can place the student in a DAEP? No. A student may be removed from class and placed in the DAEP if the CBC determines that the student committed an offense requiring DAEP assignment while he or she was under the school's jurisdiction. The District will send the required information about the removal to the juvenile authorities.

When the assignment is necessary because of CONDUCT UNRELATED TO SCHOOL, the removal is based on the CBC's reasonable belief that the student has committed a felony offense. If the out-of-school offense is neither a Title 5 felony nor felony aggravated robbery, before the student is placed in the DAEP, the CBC must also determine that the continued presence of the student in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

In determining whether there is a reasonable belief that a student has engaged in conduct defined as a felony offense in the Penal Code, the CBC may consider all information available, including information furnished by law enforcement.

What options does the school have if the student is found guilty of a Title 5 felony offense **or felony aggravated robbery*?*** The CBC must place the student in DAEP if the conviction, deferred prosecution, or determination of

delinquency occurs during the school year while the student is enrolled in a District school and the student is not otherwise confined under the authority of the criminal justice system. The CBC also has the authority to expel the student to the DAEP or JJAEP in which the District participates. See Permissive Expulsion to JJAEP or DAEP of Students with Criminal Histories in the Expulsion portion of the Code for more complete information.

What happens if the courts say the student did not commit the offense or the student is not prosecuted for other reasons? If, after the placement, the superintendent receives notice from an appropriate law enforcement agency that the student was found not guilty of the felony offense and the case was dismissed with prejudice, or that the student was not prosecuted and no formal proceedings, deferred adjudication, or deferred prosecution was initiated, the superintendent will review the student's placement in the DAEP. **This review is not necessary if the reason for the removal is an offense that must result in DAEP placement because the conduct occurred on or within 300 feet of school property or at any school-related activity or event, regardless of time or place. The student will ordinarily remain in the DAEP until the term of removal has been completed, regardless of additional information from an appropriate law enforcement agency**.

The student will remain in the DAEP pending the review, which will take place within three class days of the superintendent's receiving the notice. The parents or guardian will be provided an opportunity for input. However, if after the review the superintendent believes that the presence of the student in the regular classroom threatens the safety of other students or teachers, the superintendent may continue the student's placement in the DAEP.

If the student is not being prosecuted for the out-of-school offense, but the school wants to continue the DAEP placement, what rights of appeal does the student have? The student or the parent or guardian may appeal the decision of the superintendent to continue the student's placement in the DAEP to the MCISD Board of Trustees. The appeal will be heard at the next regularly scheduled board meeting, where the board will review the notice letter from law enforcement and receive information from the superintendent and the student or the student's parent or guardian. The decision of the Board of Trustees is appealable to the Commissioner of Education. The student remains in the DAEP pending all appeals.

JUVENILE COURT-ORDERED PLACEMENT IN DAEP: The juvenile court may order a student to attend the District's DAEP as a condition of probation, regardless of whether the school District has a basis for imposing discipline on the student. When the juvenile court orders a student to attend the DAEP as a condition of probation, the District, after receiving a copy of the order, will immediately transfer the student to the DAEP for the period of time designated by the court. However, state law prohibits the juvenile court from ordering a student who has been expelled from the District to attend the DAEP.

OTHER COURT-ORDERED PLACEMENT IN DAEP: When the District receives a copy of an order from a justice or municipal court indicating that a student must attend the DAEP as a condition of a term of probation under Code of Criminal Procedure 45.051, the CBC will hold a conference as described in Procedures for Removal to an DAEP and determine whether the student should be assigned to the DAEP or should remain in the regular school setting. The CBC will consider the nature of the misdemeanor offense resulting in the order in making this determination.

SEX OFFENDER PLACEMENT IN DAEP: A student who is currently required to register as a sex offender may be removed from the regular classroom and placed in another setting according to the requirements of state law.

A student who is a registered sex offender under any form of court supervision must be placed in the DAEP or a JJAEP in which the District participates, in accordance with the District's agreement with the juvenile board or in accordance with a court order, for at least one semester. If a student who is a registered sex offender under court supervision moves or transfers into the District, the District may require the student to complete an additional semester in the appropriate alternative setting without conducting a review or it may count any time the student has been in an alternative setting toward the mandatory one semester assignment.

A student who is a registered sex offender and who is not under any form of court supervision may be placed in the DAEP or a JJAEP in which the District participates, in accordance with the District's agreement with the juvenile board or in accordance with a court order, for at least one semester or in the regular classroom. However, the District may not place a student in the regular classroom if District officials determine that the student's presence in the regular classroom (1) threatens the safety of other students or teachers, (2) will be detrimental to the educational process, or (3) is not in the best interest of the District's students.

At the end of the first semester of placement in an appropriate alternative setting, the District shall convene a committee to review the student's placement. The committee will be composed of a teacher from the student's home campus, the student's parole, probation, or juvenile probation officer, an instructor from the alternative setting, the principal of the home campus or CBC, and a District counselor. The committee by majority vote will determine a recommendation to be

made to the superintendent or designee regarding whether the student should continue placement in the alternative setting or be returned to the regular campus.

The superintendent or designee shall follow the committee's recommendation on placement unless the superintendent or designee determines that the student's presence in the regular classroom (1) threatens the safety of other teachers and students, (2) will be detrimental to the educational process, or (3) is not in the best interest of the District's students. If the superintendent or designee determines that the student should remain in the alternative setting, then before the beginning of the next school year, and any additional school years, the District must convene the committee to review and determine the student's placement, using the same standards set out in this paragraph.

A student who is a registered sex offender not under court supervision who moves or transfers into the District will be placed in the regular classroom or an appropriate alternative setting using the committee recommendation and review process described above.

The student or parent may appeal the District's decision regarding placement by asking for a conference among the superintendent or designee, the parent, and the student. The conference is limited to the factual question of whether the student is or is not a registered sex offender. If the District determines that the student is a registered sex offender, then student will be placed as described above, and that decision is final and cannot be appealed.

An ARD committee will make decisions about placement of a student with disabilities who is a registered sex offender.

Procedures for Removal to DAEP

Will the student have a chance to dispute the allegations? Before a student is placed in a disciplinary alternative education program, the principal or other administrator will tell the student briefly why he or she is being removed to that program and explain that the student will have an opportunity to give his or her version of events at a conference to be scheduled and held within three class days. In most circumstances, the student will be suspended pending the placement conference.

Will parents have an opportunity to provide input? Within three class days after the date the student is charged with the offense, the CBC will contact the parent by telephone or in writing to schedule and hold a conference with the student, the teacher who removed the student from class (if any), and the parents and will make efforts to ensure that all invited parties can attend.

What if the parent cannot attend the conference? The District may proceed with the conference without the parents or student present, so long as the parents and student have been notified of the conference. Whether or not the parents attend the conference, the student will receive oral or written notice at the conference from the CBC of the reason(s) for the removal and the offense the student is charged with violating. The student will have an opportunity at that time to explain or respond to the reasons for removal. The student and parents will receive a written notice no later than two business days after the conference memorializing the conference and stating the length of the removal to the DAEP, if applicable, and any conditions or other requirements related to the DAEP assignment, i.e., a written removal order.

What information will be provided to the juvenile authorities? When a student is placed in the DAEP for a mandatory placement reason, a copy of the removal order, the child and parent's names and address, names and address of any witnesses, and a complete
statement of the circumstances surrounding the conduct will be forwarded to the authorized officer of the juvenile court in the county in which the student resides.

Emergency Placement

The CBC may order a student immediately placed in a disciplinary alternative education program if his or her behavior is so unruly, disruptive, or abusive that it seriously interferes with school operations or activities. At the time the student is placed in DAEP under this emergency provision, the student will be told of the reason for the placement, which must be one of the District's reasons for DAEP placement under this Code.

Appeal of DAEP Placement

The student remains in the DAEP during all appeals. The student will immediately begin attending the DAEP and will remain assigned to the DAEP for the duration of the removal unless the placement is shortened or overturned through the appeal process.

~~A decision by the CBC to place a student in the DAEP may be appealed to the district Superintendent or designee. The appeal must be in writing and filed with the Superintendent or designee within ten district business days of receipt of the DAEP removal order. The appeal must state all bases for the appeal and what remedy the student or parent is seeking. The Superintendent or designee will review the written appeal and the record of the removal prepared at the campus level. At his or her discretion, the Superintendent or designee may schedule a conference with the student or parent. If a conference is scheduled, it will be held within ten district business days, after which a written decision will be issued within ten business days.~~

~~If no conference is scheduled, the Superintendent or designee will issue a written decision within ten district business days after the appeal is received. The Superintendent or designee's decision may be appealed to the Board of Trustees by filing a written appeal with the Superintendent within ten district business days after receipt of the decision. The written appeal must state all the bases for appeal and the remedy the student or parent is seeking. At the next regular Board meeting after the appeal is received and for which proper notice can be posted, the Board will review the complete record of the disciplinary action, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the last administrative decision. The Board may also choose to schedule an appeal at a future meeting at which the parents and administration may make an oral presentation. The Board's decision in either case is final and may not be appealed. [Refer to FNG Local]~~

All appeals shall be processed in accordance with Board Policy *[FNG (Local)]*. In the event of any conflict between this procedure and Board Policy, the Board Policy shall govern.

Questions from parents regarding disciplinary measures should be directed to campus administration. A copy of this policy is available on the District website or at your child's campus.

DAEP placement decisions are made in accordance with the Texas Education Code, including required due process procedures under TEC §37.009, and are subject to appeal as outlined in district policy

Appeals begin at Level One with campus administration. If the outcome is not satisfactory, a Level Two appeal may be requested with the Superintendent's designee. If concerns remain unresolved, a Level Three appeal may be requested before the Board of Trustees through the Superintendent's Office.

Level One Appeal – Campus Administrator

1. The parent/guardian or eligible student should submit a written appeal to the Campus Principal or Campus Behavior Coordinator within three (3) school days of receiving the DAEP placement notice.

2. **The written appeal must include:**

    - **Date of placement decision**
    - **Specific reason(s) for the appeal**
    - **Requested resolution**
3. **The Campus Administrator shall review the disciplinary record, supporting documentation, and any additional information provided by the parent/guardian or student.**
4. **A conference may be scheduled at the discretion of the administrator.**
5. **A written response shall be provided within five (5) school days of receipt of the appeal when reasonably possible.**

Level Two Appeal – District Administration

1. **If the parent/guardian is dissatisfied with the Level One decision, a written appeal may be submitted to the Superintendent or designee within three (3) school days of receiving the Level One response.**
2. **The Superintendent or designee shall review:**
    - **The original disciplinary referral**
    - **Documentation and evidence**

4. **A written decision shall be issued within seven (7) school days following receipt of the appeal, when reasonably possible.**

Level Three: Board Appeal (Board of Trustees)

If the parent/guardian is not satisfied with the Level Two decision, a final appeal may be made to the Board of Trustees.

- Deadline: **Must be submitted in writing within 20 calendar days of the Level Two decision (or decision deadline).** ***[FNG (Local)]***
- **The Board will review the record from prior levels and may allow a presentation in accordance with district procedures.**
- **The Board will consider the appeal within 60 calendar days, and issue a decision within 30 calendar days after the meeting.** ***[FNG (Local)]***
- **The Board's decision is final at the district level.**

All appeals must comply with Board Policy *[FNG (Local)]*): Student and Parent Complaints/ Grievances. Timelines may be adjusted as permitted under this policy. Failure to follow required procedures or timelines may result in dismissal of the appeal.

60-Day Review of DAEP Status

What does a review consist of? Who attends? Both the discipline and the academic status of students assigned to the DAEP will be reviewed in 60 school days, but in any event, at least every 120 calendar days. At the review, the parents may make arguments for the student's return to the regular classroom. If the student is in high school and is to remain in the DAEP, the administration, together with the parents, will establish a plan designed to assist the student's progress toward meeting high school graduation requirements. The District is not required to provide all a student's courses necessary for graduation while the student is assigned to the DAEP, but must offer an opportunity for the student to complete courses before the beginning of the next school year without charge to the student.

An assessment of DAEP Students

What does an assessment consist of? Who will be assessed? How often? The District will assess a student who is placed in the DAEP for 90 school days or longer for academic growth in the areas of reading and mathematics. The assessment will be administered initially on placement of the student in the DAEP and subsequently on or near the date of the student's release. This assessment is in addition to the state-mandated STAAR assessment.

STUDENTS YOUNGER THAN TEN: Students younger than ten who commit expellable offenses will be placed in a disciplinary alternative education program.

Expulsion

STUDENTS YOUNGER THAN SIX: Students younger than six will not be expelled or placed in a disciplinary alternative education program for any reason other than bringing a firearm to school.

STUDENTS 21 OR OLDER: Students twenty-one years of age or older who have been admitted to the District for the purpose of completing the requirements for a high school diploma will not be expelled to the JJAEP. If the student engages in conduct that would otherwise require placement in JJAEP, the District will revoke the admission of the student,

Conduct that Warrants Expulsion

MANDATORY EXPULSION: A student will be expelled if the student, on school property or while attending a school-sponsored or school-related activity on or off school property:

1. Intentionally, knowingly, or recklessly carries on or about his person a handgun, illegal knife, or club, or intentionally or knowingly possesses a prohibited weapon, unless pursuant to written regulations or written authorization of the District;
2. Commits aggravated assault, sexual assault, aggravated sexual assault, arson, murder, capital murder, criminal attempt to commit murder or capital murder, indecency with a child, aggravated kidnapping, aggravated robbery, manslaughter, or criminally negligent homicide, or continuous sexual abuse of a young child or children;

3. Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana or a dangerous drug, if the conduct is punishable as a felony.
4. Sells, possesses, gives, or delivers to another person an alcoholic beverage, or commits a serious act or offense while under the influence of alcohol, or uses or is under the influence of an alcoholic beverage, if the conduct is punishable as a felony.

A student will also be expelled if he or she commits any offense listed in items 1-4 above against a District employee or volunteer in retaliation for or as a result of the person's employment or other work in the District, without regard to where the conduct occurs.

Please note that a student **will not** be expelled **solely** because of a firearm offense when the use, possession, or exhibition of the firearm occurs at an approved target range facility that is not located on school property while the student is participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Texas Parks & Wildlife Department or a shooting sports organization working with the TPWD. Furthermore, the exception stated in this paragraph does not by itself authorize a student to bring a firearm on school property.

Definitions of the above offenses can be found in the Definitions section of the Code of Conduct.

PERMISSIVE EXPULSION FOR CONDUCT ON OR IN PROXIMITY TO SCHOOL: A student may be expelled, in the discretion of the superintendent or CBC in view of all the facts and circumstances, for any of the following offenses when they occur on or within 300 feet of school property, as measured from any point on the school's real property boundary line:

1. Drug, alcohol, or abusable volatile chemical offenses, regardless of the amount.
2. Assault resulting in bodily injury against a school employee or volunteer.
3. Deadly conduct.
4. Making a false alarm or report of bombing, fire, or other emergency involving a public school.
5. Making a terroristic threat involving a public school.
6. Committing any offense stated in item 1 and 2 under MANDATORY EXPULSION.
7. Committing documented serious misbehavior while assigned to the DAEP despite documented behavior interventions. "Serious misbehavior is defined on pages 80 of this Code.

PERMISSIVE EXPULSION FOR CONDUCT OUTSIDE OF SCHOOL: A student may be expelled, in the discretion of the superintendent or CBC in view of all the facts and circumstances, for any of the following offenses, regardless of where they occur. A student may be expelled for actions taken outside of school or district jurisdiction whether or not they are participating in a school sponsored activity, per HB 6 passed by the 89th Texas legislature:

1. Intentionally or knowingly damaging personal property, including real estate and tangible personal property belonging to any public school or institution of higher education, and the amount of loss is greater than $1,500.
2. Intentionally or knowingly damaging the property of any other person without the person's consent, and the amount of losses greater than $1,500.
3. Making a false report or alarm or a terroristic threat involving a public school.
4. Assaulting an employee or volunteer in retaliation for or because of the person's relationship with the school and the assault results in bodily injury.
5. Committing aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, criminal attempt to commit capital murder, or aggravated robbery against another student.
6. Committing any offense listed at items 1-4 under MANDATORY EXPULSION on the school property of another Texas school district or while attending a school-sponsored or school-related activity of another Texas school district.

TITLE 5 FELONIES OR FELONY AGGRAVATED ROBBERY: The administration also has the authority to expel a student to the Juvenile Justice Alternative Education Program (JJAEP) or the DAEP, after an opportunity for a hearing, if it determines that the student's presence in the regular classroom threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interest of the District's students. Expulsion to JJAEP or DAEP is not limited in this instance to when the student has received deferred prosecution or has been determined delinquent for a Title 5 felony offense or felony aggravated robbery, but may also be imposed if the student is charged with engaging in conduct defined as a Title 5 felony offense or felony aggravated robbery, has been referred to a juvenile court for allegedly

engaging in delinquent conduct for conduct defined as a Title 5 felony offense or felony aggravated robbery, has received probation or deferred adjudication for a Title 5 felony offense or felony aggravated robbery, has been convicted of a Title 5 felony offense or felony aggravated robbery, or has been arrested for or charged with a Title 5 felony offense or felony aggravated robbery if the administration determines that the student's presence in the regular classroom threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interest of the District's students.

The administration can order expulsion to JJAEP or DAEP based on Title 5 felony conduct or felony aggravated robbery regardless of the date of the conduct, where the alleged offense occurred, whether the student was enrolled in the District at the time, or whether the student has successfully completed any court disposition requirements. A student expelled and ordered placed in an alternative setting in this circumstance is subject to that placement until: (1) the student graduates from high school; (2) the Title 5 felony or felony aggravated robbery charges are dismissed or reduced to a misdemeanor offense; or (3) the student completes the term of the placement or is assigned to another program, even if the student transfers to another Texas school district.

The decision regarding expulsion placement in this circumstance is final and may not be appealed.

PERMISSIVE EXPULSIONS

The expulsion committee may, instead of sending a student to the JJAEP, send the student to the DAEP and determine the time for the placement. The committee may not send a student to the DAEP in cases where there is a mandatory expulsion.

Procedures for Expulsion

Before a student is expelled, the student will have an opportunity for a due process hearing that will include the following:

1. At least three business days prior written notice of the charges and the proposed sanctions so as to afford a reasonable opportunity for preparation, including a written invitation to the student's parent or guardian to attend the expulsion hearing. The notice will also include the date, time, and location of the hearing and the names of adult witnesses who will present evidence at the hearing;
2. Right to a hearing before the Superintendent or a designee;
3. Opportunity to testify and to present evidence and witnesses in his or her defense; and
4. Opportunity to examine the evidence presented by the school administration and to question the administration's witnesses.

REPRESENTATIVE: At the hearing, the student is entitled to an adult representative or legal counsel who can provide guidance to the student and who is not an employee of the District. The District may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends, provided the District makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing.

EVIDENCE: In an expulsion hearing, the District may rely on hearsay evidence of school administrators who investigate disciplinary infractions. This means that the school administration may present evidence or statements taken from students without revealing the identity of the student. The decision will be based exclusively on the evidence presented at the hearing. The student may be expelled based on the Superintendent or designee's reasonable belief that the evidence shows it is more likely than not that the student committed the offense(s) with which he or she was charged.

EXPULSION ORDER: The administration will deliver a copy of the order expelling the student to the student's parent or guardian, who is responsible for providing adequate supervision for the student during the period of expulsion.

In addition to notifying the parents, and not later than the second business day after the date an expulsion hearing is held, the administration will deliver a copy of the expulsion order to the authorized officer of the juvenile court in the county in which the student resides. The administration will also provide the child's and parent's names and address, names and addresses of any witnesses, and a complete statement of the circumstances surrounding the conduct to the juvenile board, as required by Family Code § 52.041.

GUIDELINES FOR TERM OF EXPULSION: An expulsion may be for as brief a time as four school days up to one full year from the date of the order. The administrator issuing the expulsion order will use his or her best professional judgment, taking into account the factors considered in all disciplinary actions, in setting a term of expulsion. In some circumstances, an expulsion term may be longer than one year if, after a review, the administrator determines that the student is a threat to the safety of other students or to employees or that an extended expulsion would be in the student's best interest.

EFFECT OF WITHDRAWAL: Withdrawal from school does not affect the District's authority to schedule and conduct a hearing on the conduct and enter an order of expulsion, regardless of whether the student or parent are present to participate. The order of expulsion will be included with the records transferred to the new school district, including another public school, a campus charter program, or an open- enrollment charter school, and that district will be empowered to exercise its authority to honor the expulsion. Furthermore, even if we do not complete the expulsion process and issue an expulsion order, we will send disciplinary records to the next school, and that school has the authority to complete the expulsion process and issue an expulsion order.

Students who transfer out of this District to another public or private school, including students who withdraw from the District for the purpose of home schooling, and students who do not attend the Juvenile Justice Alternative Education Program for the duration of the placement for any reason (other than reasons that constitute an "excused absence" under District policy), will be required upon return to the District, to complete the number of days missed in the JJAEP program before being allowed to return to the regular campus, unless the student's records indicate the student served the days of expulsion in another district.

EFFECT OF TRANSFER INTO DISTRICT: If a student transfers into this District from another school district in which the student was expelled, MCISD may continue the expulsion under the terms of the order provided by the sending school district.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the expulsion order in the records from the other school, the District may enforce the terms of that expulsion order, provided the grounds for expulsion in the open-enrollment charter school or other state are grounds for expulsion in the District.

If a student transfers into this District from another school district in which the student was placed in the juvenile justice alternative education program, this District shall continue the term of expulsion at the juvenile justice alternative education program under the previous school's order.

EFFECT ON CREDITS: Expelled students will not receive credit for courses not completed because of an expulsion. Students may use correspondence courses or credit by examination, within the limits set by District policy, to earn graduation units. Students are responsible for all costs associated with correspondence courses or credit by examination.

GRADUATING SENIORS AND EXPULSION: When a student is expelled during the 12th grade, the District may allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met. Any decision concerning participation in graduation ceremonies will be made by the student's home campus principal, whose decision is final.

Appeal of Expulsion to Board of Trustees

A student is expelled during all appeals.

A decision by the superintendent or designee to expel a student may be appealed to the Board by filing a written appeal within three business days receipt of the expulsion order. The written appeal must state all the bases for appeal. At the next regular meeting after the appeal is received and for which proper notice can be given, the Board will review the complete record of the expulsion, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the expulsion. The Board may also choose to schedule an appeal at a future meeting at which the parents may make an oral presentation of the appeal. The Board's decision regarding an oral appeal is final and may not be appealed.

If the Board permits an oral presentation, the administration may also be asked to speak. No new evidence or information, including witnesses or documents, will be permitted or considered. The Board may set reasonable time limitations for presentations.

Emergency Expulsion

A CBC or the superintendent may order the immediate expulsion of a student if the administrator reasonably believes that the action is necessary to protect people or property from imminent harm. At the time of the emergency expulsion, the student will be given oral notice of the reasons for the action, which must be a reason for which the student could be expelled on a non-emergency basis. Formal due process as explained on page 59-60 will occur within a reasonable time thereafter.

Summer School

Our summer school program is not part of the regular school year program. MCISD students, enrolled during the previous school year, voluntarily and/or by invitation, attend summer school to earn additional credits, to re-take courses they did not pass in the regular school year, to receive intensive instruction in subject areas where they did not demonstrate mastery on the state assessment instruments, or to complete courses necessary for graduation that were incomplete because of the student's placement in DAEP. During summer school, students are expected to abide by the rules of conduct that are in place during the school year. We will handle minor, isolated violations of conduct expectations through parent conferences; however, students who commit serious offenses or who have persistent behavior problems while enrolled in summer school will be withdrawn from the program.

ACCEPTABLE USE GUIDELINES

SECTION III

MISSION CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

INTERNET / EXTRANET SYSTEM

Mission Consolidated Independent School District
Internet Acceptable Use Agreement

Please read this document carefully before signing.

Internet access is available to students and teachers in the Mission Consolidated Independent School District.

We are very pleased to bring this access to Mission Consolidated Independent School District and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and teachers have access to:

1. Electronic mail (e-mail) communication with people all over the world.
2. Information and news from research institutions.
3. Public domain software and graphics of all types for school use.
4. Discussion groups on a plethora of topics ranging from Chinese culture to the environment to music to politics.
5. Access to many University Library Catalogs, the Library of Congress, and ERIC, a large collection of relevant information to educators and students.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Mission Consolidated Independent School District has taken precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information. We (Mission Consolidated Independent School District) firmly believe that the valuable information and interaction available on this worldwide network far outweigh the possibility that users may procure material that is not consistent with the educational goals of the District.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical and legal utilization of the network resources. If a Mission Consolidated Independent School District user violates any of these provisions, his or her account will be terminated and future access could possibly be denied.

The Mission CISD *Student Code of Conduct* identifies violations and additional consequences that may be considered. The signature(s) on the Student Participation Agreement page is(are) legally binding and indicate(s) the party(parties) who signed has(have) read the terms and conditions carefully and understand(s) their significance.

Internet--Terms and Conditions of Use

1) **Acceptable Use** - The purpose of the backbone networks making up the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. The use of your account must be in support of education and research and consistent with the educational objectives of the Mission Consolidated Independent School District. Use of other organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any national or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

2) **Privileges** - The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. (Each student or teacher who receives an account will be part of a discussion with a Mission Consolidated Independent School District staff member pertaining to the proper use of the network.) The system administrators will deem what is inappropriate use and their decision is final. Also, the system administrators may close an account at any time as required. The administration, faculty, and staff of Mission Consolidated Independent School District may request the system administrator to deny, revoke, or suspend specific user accounts.

3) **Network Etiquette** – Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:

- Be polite. Do not become abusive in your messages to others.
- Use appropriate language. Do not swear, use vulgarities or any other inappropriate language.
- Illegal activities are strictly forbidden.
- Do not reveal your personal address or phone numbers of students or colleagues. Alert your teacher if you meet a suspicious person on the Internet. Know where you are in cyberspace and follow that site's rules.
- Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users.
- All communications and information accessible via the network should be assumed to be private property. Don't cut, copy, or plagiarize Internet content. Always cite your sources.
- Cyberbullying is strictly prohibited.
- The use of unauthorized software to bypass our internet filter is strictly prohibited and will result on immediate account suspension.

4) Mission Consolidated Independent School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Mission Consolidated Independent School District will not be responsible for any damages you suffer. These include loss of data resulting from delays, non- deliveries, mis-deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. Mission Consolidated Independent School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

5) **Security** - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator or your Mission Consolidated Independent District Administrator for Technology Systems. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to logon to the Internet as a system administrator will result in cancellation of user privileges and/or other disciplinary actions as described in the *Student Code of Conduct*. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

6) **Vandalism** - Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to any of the Internet backbones. This includes, but is not limited to,

1. The uploading or creation of computer viruses.
2. Use of any software having the purpose of damaging the Mission Consolidated Independent School District's systems or other user's system.

TERMINATION/REVOCATION OF SYSTEM USER ACCOUNT

The District may suspend or revoke a system user's access to the District's system upon any violation of District policy and/or administrative regulation. Prior to suspension or revocation of system service, or as soon as practicable, the principal or designee will inform the system user of the suspected violation and give him or her an opportunity to present an explanation, as outlined in the *Electronic Communication and Data Management CQ (Regulations)*.

INDIVIDUAL USER RESPONSIBILITIES

The following rules will apply to all users of the District's electronic information/communications system.

INFORMATION CONTENT/THIRD PARTY SUPPLIED INFORMATION

System users and parents of students with access to the District's system should be aware that use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material.

A student knowingly bringing prohibited materials into the school's electronic environment will be subject to disciplinary action in accordance with District Policy.

Use of Handheld Devices

These devices include: iPhone, smart phone, tablets, or other mobile devices (this list is not exhaustive).

- Unless express permission is granted, mobile devices should not be used to make calls, send messages, search the internet, take photos or use any other application during school lessons and other educational activities, such as assemblies.
- Mobile devices must not disrupt classroom lessons with ringtones or beeping.
- Using mobile devices to bully and threaten other students is unacceptable and will not be tolerated. In some cases, it can constitute criminal behavior.
- It is forbidden for students to "gang up" on another student and use their mobile devices to take videos and pictures of acts to denigrate and humiliate that student and then share the recording/pictures to other students or upload it to a website for public viewing. This also includes using mobile devices to photograph or film any student without their consent. It is a criminal offense to use mobile devices to menace, harass or offend another person and almost all calls, text messages and emails can be traced.
- Mobile devices are not to be used in changing rooms or toilets or used in any situation that may cause embarrassment or discomfort to their fellow students, staff or visitors to the school.

ONLINE CONDUCT

The individual in whose name a system account is issued will be responsible at all times for its proper use.

System users may not use another person's system account without written permission from the campus administrator or Network Administrator, as appropriate. Attempts by a user to log on to the District's system as another user will result in cancellation of user privileges and shall result in other disciplinary action.

Transmission of material, information, or software in violation of any District policy or local, state, or federal law is prohibited.

System users must not encourage the use of tobacco, alcohol or controlled substances or otherwise promote any other activity that is prohibited by District policy or state or federal law.

System users identifying a security problem in the District's system must notify the appropriate teacher, Network Administrator, or immediate supervisor.

To reduce unnecessary system traffic, a student may use real-time features such as talk/chat/Internet relay chat only as approved and supervised by the classroom teacher.

System users must remove electronic mail in accordance with established retention guidelines. Such messages will be removed by the principal or designee if timelines are not respected by the system user. The principal may remove the file of a user who continues to exceed disk space quotas after seven calendar days of notification.

System users may not download copyrighted material exclusively for their own use.

System users may redistribute noncommercial copyrighted programs or data only with the express permission of the owner or authorized person. Such permission must be specified in the document or must be obtained directly from the author in accordance with applicable copyright laws, District policy and administrative regulations. System users may upload public domain programs to the system.

System users may also download public domain programs for their own use or non-commercially redistribute a public domain program. System users are responsible for determining whether a program is in the public domain.

GENERAL MISCONDUCT VIOLATIONS

State law requires that the following violations be reported to the principal or other appropriate administrator, who will send notification to the parent or guardian within 24 hours of receiving the report. Whereas, Chapter 791 of the Texas Government Code authorizes local governments to contract with each other to provide governmental functions and services, and

SUBJECT: Property Values Discussion for Tax Year 2026

PRESENTER: Jaime Lopez, Assistant Superintendent for Business and Finance

BACKGROUND INFORMATION

As part of the Financial Integrity Rating System of Texas (FIRST) public reporting requirements, we are providing an update on property values for Tax Year 2026.

This update is critical because property values directly impact the amount of tax revenue available to fund our district's operations. In accordance with Texas Administrative Code §109.1001(o), FIRST requires school districts to publicly report financial information that affects fiscal stability, including changes to the local tax base.

Stable or increasing property values contribute to a strong financial outlook and support higher FIRST ratings, demonstrating the district's continued commitment to sound financial management.

ADMINISTRATIVE CONSIDERATIONS

The discussion on property values fulfills a key component of the FIRST reporting requirements and helps position us to make fiscally responsible decisions for the coming year.

SUBJECT: Reduce General Fund Committed Fund Balance

PRESENTER: Sylvia Cruz, Executive Director for Business and Finance

BACKGROUND INFORMATION

In accordance with Board Policy CE (Local), the committed fund balance classification includes amounts that may be used only for the specific purposes established through formal action by the District's Board of Trustees. These committed amounts cannot be used for any other purpose unless the Board of Trustees formally removes or modifies the specified use.

The unassigned fund balance includes amounts available for any lawful purpose. This portion of the general fund balance is available to finance operating expenditures.

ADMINISTRATIVE CONSIDERATIONS

The District has various construction projects that will be discontinued in the 2026–2027 school year. Accordingly, these projects will be reclassified from the General Fund Committed Fund Balance to the General Fund Unassigned Fund Balance. Administration recommends reducing the General Fund committed balance by $5,689,222 for projects that will be placed on hold.

FUNDING SOURCE AND AMOUNT

Increase the General Fund Unassigned Fund Balance by $5,689,222.
Decrease the General Fund Committed Fund Balance by $5,689,222.

RECOMMENDATION:

Approval of Reduction of General Fund Committed Fund Balance.

TIPS Contract No.: 250106

Re: Renewal Proposal for AI-Enhanced Brandished Firearm Detection & Alerting -- Mission Consolidated ISD

Dear Mission Consolidated ISD Leadership,

Angel Protection is a Texas-based safety company founded with one clear purpose: to stop mass shootings and protect lives. We exist to help schools act earlier -- before chaos, before confusion, and before more lives are at risk. Our work is rooted in a simple belief: every second matters, and every child, educator, and first responder deserves a faster path to safety.

Our vision is a future Left of Bang -- where threats are identified at the first visible sign of danger, not after shots are fired. Through our Triangle of Survival, Angel Protection delivers immediate, coordinated alerts to three critical points at once: the school, 911 dispatch, and nearby hospitals. This synchronized response model helps reduce delays, improve decision-making, and support rapid protective action when time is most critical.

We are honored to continue our partnership with Mission Consolidated ISD. Since the original award in 2024, Angel Protection has updated our pricing structure, moving to a flat per-camera model to ensure districts are billed only for the specific hardware being monitored. As a valued returning partner, we have applied a 40% loyalty discount to this renewal.

Investment Summary

- **Number of Camera Streams:** 688
- **Standard Rate per Stream (Annual):** $200.00
- **Loyalty Renewal Discount (40%):** - $55,040.00
- **Total Annual Investment:** $82,560.00

Partnership & Multi-Year Pricing Options

We value long-term partnerships and are happy to offer multi-year pricing discounts for districts interested in a longer-term commitment. If Mission Consolidated ISD would like to explore multi-year options, please let us know and we would be glad to provide pricing scenarios that fit the district's needs and budget cycle.

Payment Terms

Annual payment is due upon receipt and may be made via:

- Check
- Bank transfer (ACH/wire)
- Credit card

Quote Validity

This quote is valid for 90 days from the date issued and references TIPS Contract No. 250106. To support your review, we have attached a proposed service agreement that reflects the terms outlined in this quote. If Mission Consolidated ISD chooses to move forward, we can begin the next steps without delay.

We are honored to continue this partnership and remain committed to the safety of every student, educator, and staff member in your district. Please don't hesitate to reach out with any questions.

Sincerely,

Lewis Matthews

SUBJECT: Budget Amendment

PRESENTER: Jaime Lopez, Assistant Superintendent for Business and Finance

BACKGROUND INFORMATION

In accordance with TEA budget and accounting procedures guidelines, the District's official budget includes the General Fund and Debt Service. The adoption of the budgets associated with these funds, and subsequent amendments, should be approved by the Board of Trustees. The authority to approve a budget or a budget amendment for a grant program, however, lies with the granting agency and not with the District's Board.

ADMINISTRATIVE CONSIDERATIONS

All requests for budget amendments have been reviewed and are justified for the programmatic or policy changes and adjustments of original estimates.

FUNDING SOURCE AND AMOUNT

The budget amendment reflects the reallocation of funds across functions to better support campus and departmental operations.

Other financing sources and uses have been adjusted to budget auction sale proceeds and funding for the Print Shop, resulting in a net other uses total of $75,000.

RECOMMENDATION

Approval of budget amendment as presented.

VI. Oath of Office

Patricia O'Caña-Olivarez, Judge of County Court at Law #9, administered the oath of office to Victor Daniel O'Caña for Place 6 of the Mission CISD Board of Trustees.

Tano E. Tijerina, Webb County Judge, administered the oath of office to Humberto Garza III for Place 7 of the Mission CISD Board of Trustees.

Following the administration of the oath of office, the Board Members thanked their families, friends, and supporters and expressed their commitment to continuing to serve the District and act in the best interest of the students.

Legal Counsel Eden Ramirez stated that some community members may be wondering why only two Trustees took the Oath of Office that evening. Mr. Ramirez explained that the district received a Petition for Recount for the remaining Trustee position. Pursuant to Texas law, the district's post-election procedures, and Board Policy BBBB, the Board may canvass the election and swear in candidates for positions not involved in the recount. However, for the position subject to the recount, the Certificate of Election and Oath of Office must be delayed pending completion of the recount process.

Mr. Ramirez further stated that this is not a matter of District discretion, but rather the process required by law. During this period, the incumbent Trustee for that position will continue to serve until the recount process is completed. If the recount results in a different vote total, the Board will be required to re-canvass that Trustee position as required by law. If the recount results in no changes, the Certificate of Election may then be issued, and the Trustee may proceed with the Oath of Office.

Mr. Ramirez stated that this information was provided solely as an explanation of the legal process and was not a statement regarding the merits of the recount or the election outcome.

Employee Benefits Group Health Insurance

Mission CISD

Proposed Effective Date: October 1, 2026

1. Medical Administration

	Current Carrier	Recommended Carrier
Carrier	BCBSTX	BCBSTX (admin) + carved-out stop loss
Current Admin PEPM	$54.21	$55.31 (with carved-out SL) / $54.31 (bundled)
Wellness Allowance	$25,000/year	$25,000/year

Recommendation Rationale: BCBSTX is recommended to remain as the medical administration platform. After a detailed claim analysis, taking into account historic and future healthcare expenses, BCBSTX provided a decrement of 8.4% in the lowest claim costs. Additionally, BCBSTX will continue to provide performance guarantees based on claims processing, discount guarantees, and network access.

2. PBM (Pharmacy Benefit Manager)

	Current Carrier	Recommended Carrier
Carrier	Prime Therapeutics	RxBenefits-ESI
Net PMPM	$120.56 (BCBSTX)	$84.35
	Current Carrier	**Recommended Carrier**
Total Projected Rebates	Baseline	+14%
Rebate Efficiency	33.4%	41.4%
Member Disruption	Baseline	2.6% impacted

Recommendation Rationale: RxBenefits-ESI is recommended as the #1 PBM based on the combination of lowest member disruption, highest total rebates at $2,407,460 (41.4% rebate efficiency vs. 33.4% for BCBSTX), and transparent cost structure with full line-item visibility into gross cost, AWP shifts, fees, and clinical savings. RxBenefits-ESI is modeled to produce $985,920 in savings.

3. Dental (Low Plan)

	Current Carrier	Recommended Carrier
Carrier	MetLife (PDP Plus)	Ameritas
EE Only	$15.43	$16.44
EE + Family	$53.70	$64.28
Rate Guarantee	Expiring (renewing at +25%)	24 months
BAFO Rate (EE)	$19.29 (standalone) / $18.75 (w/ VB)	$16.44

Recommendation Rationale: At $2.85/mo less than MetLife's standalone BAFO and $2.31/mo less than MetLife's VB-bundled BAFO, Ameritas is the clear cost leader on the Low Plan. The same Lifetime Deductible and Dental Rewards features apply. Keeping both High and Low plans with one carrier simplifies administration.

4. Dental (High Plan)

	Current Carrier	Recommended Carrier
Carrier	MetLife (PDP Plus)	Ameritas (A New Choice Plus)
EE Only	$24.97	$30.00
EE + Family	$87.27	$109.48
Rate Guarantee	Expiring (renewing at +25%)	24 months
BAFO Rate (EE)	$31.21 (standalone) / $30.34 (w/ VB)	$30.00

Recommendation Rationale: MetLife's BAFO increases the High Plan by +25% standalone or +21.5% with voluntary benefits, driven by a loss ratio exceeding 100%. Ameritas is the lowest-cost market replacement at $30.00 EE — lower than MetLife's BAFO at either tier — with a 24-month rate guarantee vs. MetLife's 12-month. Ameritas also provides two unique value-adds: a Lifetime Deductible (pay the $50 deductible once and never again) and Dental Rewards that increase the annual maximum by $250/year up to $1,000 for members who use less than their annual max. Plan design (100/80/50, $1,250 max, 50%/$1,000 ortho) matches MetLife exactly.

5. Vision

	Current Carrier	Recommended Carrier
Carrier	Davis Vision / MetLife	NVA (Option 1)
EE Only	$6.09	$5.07
EE + Family	$16.91	$14.10
Rate Guarantee	Locked through 9/30/2027	48 months
Network	Davis Vision	NVA (118K+ access points)
Implementation Credit	—	$5,000

Recommendation Rationale: NVA Option 1 is recommended as the #1 vision replacement at $5.07 EE — $1.02/mo less per employee and $2.81/mo less per family than the current Davis Vision/MetLife rates.

NVA provides the longest rate guarantee of any vision carrier at 48 months, a $5,000 implementation credit, and 10% commission. Benefits match the current plan ($10 exam copay, $25 lens copay, $150 frame allowance, $150 contact lens allowance, 12/12 exam/lens frequency). NVA uniquely includes Low Vision benefits ($1,000/2 years) not offered by the current carrier. Note: Davis Vision/MetLife is locked through 9/30/2027, so the NVA transition would take effect at the next available renewal. NVA's network includes 118,000+ access points nationwide.

6. Group Basic Life / AD&D

	Current Carrier	Recommended Carrier
Carrier	The Standard	The Standard (No Change)
Basic Life Benefit	$10,000 (Employer-Paid)	$10,000
Life Rate (per $1,000)	$0.059	$0.059
AD&D Rate (per $1,000)	$0.015	$0.015
Vol Life GI	$200,000 EE / $50,000 Spouse	$200,000 / $50,000
Rate Guarantee	3 years	3 years

Recommendation Rationale: As the incumbent, they maintain established enrollment, a 3-year rate guarantee, and $200K GI for voluntary life. The district-paid basic life at $0.76/mo per employee is minimal cost. Key features include Accelerated Death Benefit, Portability, Conversion, and Life Services Toolkit. No market alternative was submitted, and the competitive rates support renewal.

7. Accident

	Current Carrier	Recommended Carrier
Carrier	The Standard (Enhanced Plan 8)	The Standard (No Change)
EE Only	$7.23	$7.23
EE + Family	$21.31	$21.31

Recommendation Rationale: While competitors offer lower rates ($6.51–$6.72 vs. $7.23), The Standard is recommended based on richer benefits — the Enhanced Plan 8 includes $2,000 ICU admission vs. $750 from Cigna and $1,500 from Hartford, $200/day hospital confinement for 365 days, $50,000 AD&D, and a $100/year wellness benefit. The $0.72/mo EE premium difference is justified by the richer ICU benefit structure and avoidance of full re-enrollment.

8. Critical Illness

	Current Carrier	Recommended Carrier
Carrier	The Standard (Premier Plan 1)	The Standard (No Change)
GI Amount	$30,000	$30,000
Benefit Options	$5,000–$30,000	$5,000–$30,000
Rate at $10K, Age 40-44 NT	$6.00	$6.00
Cancer Coverage	Included (Invasive 100% / CIS 25%)	Included
Covered Conditions	21 conditions	21 conditions

Recommendation Rationale: The Standard is recommended based on three factors: (1) Cancer coverage included — The Standard covers Invasive Cancer at 100% and Carcinoma in Situ at 25%, which Aflac's BAFO proposal explicitly excludes; (2) Established enrollment — employees have already elected benefit amounts up to $30,000 GI, and switching carriers would require re-enrollment and potentially EOI for higher amounts; (3) No bundling constraints — Cigna's lower rate ($5.58) requires all three VB lines to be placed with Cigna. While Hartford and Aflac (no cancer) offer lower rates, neither includes cancer, which is already embedded in the current plan and valued by employees. Aflac's "with Cancer" version at $6.56 is more expensive than The Standard's $6.00 at the same benefit level.

9. Hospital Indemnity

	Current Carrier	Recommended Carrier
Carrier	The Standard	The Standard (No Change)
	Current Carrier	**Recommended Carrier**
EE Only	$13.46	$13.46
EE + Family	$33.61	$33.61
Hospital Admission	$1,500 (1x/year)	$1,500
Daily Confinement	$100/day, 90 days	$100/day, 90 days
Wellness Benefit	$50/year	$50/year

Recommendation Rationale: The Standard is recommended based on: (1) Established enrollment — employees are already enrolled with elected benefit levels, and switching requires full re-enrollment across a voluntary product where participation is fragile; (2) Richer Waiver of Premium — The Standard waives premiums after 30 days of disability vs. ManhattanLife at 90 days; (3) Carrier consistency — maintaining Accident, CI, and HI with the same carrier provides a single enrollment platform, unified claims experience, and one service relationship for all three supplemental health lines.

10. Cancer

	Current Carrier	Recommended Carrier
Carrier	Colonial Life	Colonial Life (No Change)
EE Only (Level 2 / Level 3)	$10.70 / $17.30	$10.70 / $17.30
Family (Level 2 / Level 3)	$17.85 / $28.75	$17.85 / $28.75
Lowest Competitor (EE Low)	Guardian at $10.33	—

Recommendation Rationale: Colonial Life is recommended to remain as the cancer carrier based on incumbent status with established employee enrollment and the availability of the Initial Diagnosis of Cancer Rider.

11. Long Term Disability (LTD)

	Current Carrier	Recommended Carrier
Carrier	The Standard (Educator Options)	The Standard (No Change)
90/90 EP — 5-Year (per $100)	$0.56	$0.56
90/90 EP — To SSNRA (per $100)	$0.86	$0.86
Rate Guarantee	3 years	3 years
Only Competitor	NYLGBS at $0.86 (standard) / $0.82 (full bundle)	—

Recommendation Rationale: The Standard is recommended based on three factors: (1) Educator Options plan — specifically designed for school districts with flexible elimination periods (0/3 through 180/180) and benefit duration options (5-year or to SSNRA); (2) Rate parity — The Standard's 90/90 SSNRA rate of $0.86 is identical to NYLGBS standard; NYLGBS only beats it at $0.82 when bundled with all three voluntary lines; (3) Re-enrollment risk — switching LTD carriers requires employees to re-elect benefit amounts and may require Evidence of Insurability for increases. Key incumbent features include Survivors Benefit (3x unreduced benefit), First Day Hospital Benefit, and an integrated EAP.

12. Permanent Life Insurance

	Current Carrier	Recommended Carrier
Carrier	Texas Republic Life	Texas Republic Life (No Change)
Product	TrueFlex Universal Life	TrueFlex Universal Life
$50K at Age 45 NT	$48.08/mo	$48.08/mo
GI Max	$100,000	$100,000
Closest Competitor	Texas Life at $55.25	—

Recommendation Rationale: Texas Republic Life is recommended as the permanent life carrier based on the lowest cost among all permanent life options ($7.17/mo less than Texas Life at benchmark age), Texas domicile, the highest GI at $100,000, and the Chronic Care ADB rider that accelerates the death benefit for chronic illness (2 of 6 ADLs, cognitive impairment, or terminal illness). Full portability allows employees to continue coverage at the same premium via bank draft after separation. Texas Life offers a longer rate guarantee (45 vs. 30 years) and higher AM Best rating (A+ Superior), but the cost premium does not justify the switch given established enrollment.

13. Legal Plan

	Current Carrier	Recommended Carrier
Carrier	MetLife	MetLife (No Change)
Monthly Rate	$17.25 (covers EE + spouse + dependents)	$17.25
Network	18,000+ attorneys, all 50 states	18,000+ attorneys

Recommendation Rationale: MetLife is the sole incumbent legal plan provider. The $17.25/mo rate covers the entire family and provides unlimited consultations, estate planning, family law, real estate closings, and immigration assistance through a network of 18,000+ attorneys averaging 25 years of experience. Recommend renewal.

14. Pet Insurance

	Current Carrier	Recommended Carrier
Carrier	MetLife	MetLife (No Change)
Reimbursement	50%–100% options	50%–100% options

Recommendation Rationale: MetLife is the sole incumbent pet insurance.

The program allows any U.S. licensed veterinarian, offers family plans covering multiple pets on one policy, and includes 24/7 telehealth concierge. Rates are individually underwritten per pet. Recommend renewal.

15. Medical Transportation

	Current Carrier	Recommended Carrier
Carrier	MASA Medical Transport Solutions	MASA (No Change)
Monthly Rate	$14.00	$14.00
Competitors	None submitted	—

Recommendation Rationale: MASA is the sole incumbent medical transportation provider with no competing proposals. At $14/mo, the Emergent Plus membership covers both air and ground emergency transport, protecting employees against catastrophic transport costs that can exceed $60,000 for air transport. Recommend renewal.

16. Identity Theft Protection

	Current Carrier	Recommended Carrier
Carrier	Experian	Experian (No Change)
EE / Family Rate	$7.50 / $14.00	$7.50 / $14.00

Recommendation Rationale: Experian is the sole incumbent identity theft provider. The Elite plan at $7.50 EE / $14.00 Family includes Dark Web monitoring, Medical Identity monitoring, CreditLock, Secure VPN, password manager, and AI-powered credit insights. Recommend renewal.

17. Section 125 / FSA / COBRA Administration

	Current Carrier	Recommended Carrier
Carrier	Creative Benefit Administrators (CBA)	Creative Benefit Administrators (CBA) (No Change)
Rate Guarantee	Not specified	3 years
Setup Fees	—	$0 (waived)

401

Recommendation Rationale: Creative Benefit Administrators is the current Section 125 administrator and will not increase pricing for 2026.
