Re: Internal Audit Quarterly Report

This report summarizes the internal audit activities from April 1, 2025 through June 30, 2026.

Internal Auditing is an independent appraisal activity established within the District to examine and evaluate its activities. The objective of internal auditing is to assist the Board of Trustees, Superintendent, and management of the District in the effective discharge of their responsibilities by furnishing them with analysis, recommendations, and information concerning the activities reviewed. Types of internal audits that may be conducted include 1) financial, 2) compliance, 3) efficiency, economy, effectiveness, and 4) special reviews.

ACTIVITY FUNDS

Activity funds, which include both campus and student activity funds, are considered an area of high risk because the majority of the revenues are received in the form of actual cash, the number of individuals (employees and students) handling collections and the perception of the community. During the period covered by this report, I reviewed fundraiser applications, fundraiser reports, the monthly income statement reports, interdepartmental charge forms and journal entries related to Activity Funds. There was a total of 83 fundraiser applications approved this quarter, for a grand total of 818 for the year.

Activity Funds Income Statement

The Finance Department prepares a monthly income statement report for all campus and student activity funds. This report reflects columns for the beginning balance, receipts, encumbrances, expenditures and the ending balance. Each campus receives a report for the activity of their campus. I assist each month in generating and creating the reports that Finance Department needs for preparation of the monthly income statement. As of the date of this report, the final income statement report for the year ending June 30, 2026 had not yet been prepared pending the year-end

closing. However, preliminary amounts include a beginning balance at July 1, 2025 of $1,236,723, year-to-date receipts of $2,695,040, disbursements of $2,528,485 and an ending balance of $1,403,278 excluding encumbrances. After the fiscal year is finalized and closed out, any encumbrances (outstanding purchase orders) will be closed out, expensed as liabilities or re-encumbered in the next year. Attached is a summary report of the preliminary balances of campus and student activity funds. My power point presentation that I prepared in conjunction with this report also includes activity fund balances.

Activity funds should typically be spent in the year earned or collected. The bank account used for these funds is an interest-bearing account that is pooled with other District funds. In past years, excess balances were sometimes invested in certificates of deposit, however, currently there are no investments. Interest earned on campus and student activity funds for the year ending June 30, 2026 was $33,981. It has already been allocated to the individual campuses based on their ending balances and is included in the campus balances as reported.

Internal Audits of Activity Funds

Internal audits are performed on evidence selected on a test basis to determine compliance with District policies and procedures. An audit will not necessarily disclose all instances of non-compliance. A report format that uses a scoring system is used for the Activity Fund internal audits. The internal audit consists of testing in five main categories with a maximum of 100 points allocated to each category for a total of 500 points. The five categories include: *Basic Records, Fundraisers, Receipts, Disbursements,* and *Sales Tax and Other Issues.* The campus principal is required to submit a written corrective action plan that addresses any audit findings.

I conducted internal audits of the Activity Funds of ten campuses during this quarter and issued separate reports. Below is a summary of my findings for each campus.

Castro Elementary

This campus received less than the maximum score in two categories for a total of 495 points. Under the category of *Receipts*, the finding was that there was one deposit not taken to the bank for overnight deposit. The first finding under the category of *Sales Tax and Other Issues*, was that sales tax was not correctly calculated for several receipts. The other finding was that the average staff account expenditures exceeded the annual $100 per employee limit.

Cantu Elementary

This campus received less than the maximum score in two categories for a total of 496 points. Under the category of *Receipts*, the finding was that there were a few receipts issued after the fact. The finding under the category of *Disbursements* was that one purchase order was coded to the incorrect account.

Leal Elementary

This campus received less than the maximum score in only two categories for a total of 491 points. Under the category of *Receipts*, the first finding was that there were a few receipts issued after the fact. The other finding was that there were several receipts not deposited timely or taken to the bank for overnight deposit. The finding under the category of *Sales Tax and Other Issues*, was that the average staff account expenditures exceeded the annual $100 per employee limit.

Additionally, there was sometimes a delay in receipting. Under the category of *Sales Tax and Other Issues*, the finding was that one of the student club accounts was in a deficit throughout the year.

K. White Jr. High School

This campus received less than the maximum score in four categories for a total of 490 points. The finding under the category of *Fundraisers w*as that one fundraiser was started prior to the approval of a fundraiser application. Under the category of *Receipts*, the finding was that there was one bank deposit not made timely, plus additional collections were submitted late by a club sponsor. ANNUAL FINANCIAL STATEMENT AUDIT

In June, I scheduled a planning meeting for the District's annual financial statement audit. I also assisted in updating the list of requested items for the audit with due dates and staff assignments. The list was provided to the staff along with an audit calendar that I also updated.

Also in June, the district's external auditors, Carr, Riggs, & Ingram, LLC, began interim work on the annual financial statement audit. Interim work completed by the auditors consisted of evaluating internal controls and IT general controls, performing walkthrough testing of various accounting processes, and fraud interviews. I assisted in updating some of the internal control narratives and obtaining requested information.

The District maintains inventory in the following four departments: Central Warehouse, Child Nutrition Program, Maintenance Department, and Transportation Department. I accompanied the external auditors to each of these locations so they could conduct test counts of the inventory on hand for comparison to the physical inventory. Based on the final inventory reports, the District will have a total of $1,898,892 reflected as inventory on their annual financial statements as of June 30, 2026.

MISCELLANEOUS

During the quarter, I attended two webinars presented by Carr, Riggs, & Ingram that covered recently issued GASB Statement and another webinar hosted by the Texas Society of Certified Public Accountants (TXCPA) that included a presentation on fraud investigations. I also attended a two-day webcast of the *Texas School District Accounting and Auditing Conference* held in June that was sponsored by TXCPA. Some of the topics presented included: legislative update; procurement; financial reporting errors; PEIMS; TEA financial compliance updates; new GASB

standards; AI & Cybersecurity; Single Audit updates; fraud defense; state aid reports; and federal program compliance for: CNP, Title I, and IDEA B.

I also participated in meetings with finance department staff during the quarter on various items, including fixed assets. budget and travel procedures. Additionally, I participated in meetings along with finance department staff, with Givebacks, which is a vendor for online payments and a webstore platform that will be used by the campuses next year for student fundraisers.

7) **DATA SHARING**

FERPA allows protected student data to be exchanged between the College and School District for students that are dually enrolled without requiring the consent of either the parents or the student under § 99.34. If the student is under 18, the parents still retain the right under FERPA to inspect and review any education records maintained by the School District, including records that the College disclosed. The College and the School District are expected to meet FERPA requirements to maintain the privacy of student data.

The School District agrees to provide directory information for all 11th and 12th grade students enrolled in the district for recruitment purposes. The School District will provide an electronic secure file to the Director of Valley Promise for Traditional students by the end of September. The file will include student names, school emails, home phone numbers, and home addresses.

The College will provide data reports to the School District via standard reports as per identified timelines. These reports have been developed in an effort to provide the required data in a timely manner to School Districts pursuant to this IA.

The School District shall provide primary and secondary contact, at the District and at each high school, to receive data via a secure process from the College. These contacts will be responsible for distributing data securely within their assigned area and within FERPA guidelines. Any data received from the College shall not be shared outside the School District without prior authorization from the College.

The School District may request data outside of the scheduled report distribution schedule provided:

- An IA has been executed and is active between the School District and the College.
- The data request is submitted, at minimum, three (3) business days prior to the requested delivery date

PLEASE NOTE: Requests are **NOT** guaranteed to be delivered by the requested delivery date and may be delayed depending on the data team's existing request volume. Requests will be prioritized depending on identified need.

The School District may submit an e-mail request for reports to: dcdatarequest@southtexascollege.edu.

Data Security and Breach Notification

Each party agrees to implement and maintain reasonable administrative, technical, and physical safeguards designed to protect the confidentiality, integrity, and availability of student education records and any other data shared pursuant to this IA, in compliance with FERPA, applicable Texas law, and each party's internal information security policies.

In the event either party becomes aware of an actual or reasonably suspected unauthorized access, acquisition, use, or disclosure of education records or other confidential data exchanged under this IA ("Data Breach"), the affected party shall notify the other party without unreasonable delay, and in no event later than **five (5) business days** after discovery of the Data Breach, unless a shorter notification period is required by applicable law.

The parties shall cooperate in good faith to investigate the Data Breach, comply with applicable legal notification obligations, and take reasonable steps to prevent a recurrence. Nothing in this section shall require either party to disclose information protected by law from disclosure to the other party or compromise an ongoing law enforcement investigation.

Each party shall be responsible for any legally required notifications to affected individuals arising from a Data Breach caused by its own acts or omissions.

8) **RECOGNITION OF HIGHER EDUCATION PARTNER**

The School District, when reporting and publicizing high school *students' completion* of dual credit **hours earned, number of courses completed, course types**, **degrees**, or **certificates**, will recognize all Higher Education partners, including South Texas College. Furthermore, when the School District advertises and/or publicizes including but not limited to, designations, awards received, tuition saved, and articles written in social media, television commercials and print ads for dual credit, the School District will recognize South Texas College as its Higher Education partner. The following statement must be included in all the School District's publications and/or

In addition, the School District shall adhere to the format and style of all advertising, marketing, reporting, and publicity materials, which includes billboards, print ads, and television commercials, as set forth in the College's ***Branding, Marketing, and Advertising Guidelines for South Texas College Dual Credit Programs*** at https://admin.southtexascollege.edu/pr/dual-credit-marketing.html (see Exhibit A for Sample Recognition). Failure to follow this provision will result in a non-compliance notification as stated in Section 9 of this document.

9) **ADMINISTRATION OF STATEWIDE INSTRUMENTS**

Early College High School shall comply with State Board of Education rules regarding administration of the assessment instruments as required by Subchapter B, Chapter 39. In addition **Early College High School** will administer a Texas Success Initiative (TSI) college placement exam to all incoming ninth (9^{th}) graders to assess college readiness and to enable students to begin college courses based on their performance as soon as students are able and ready. Subsequent dates for TSI college placement exams will be scheduled and provided by **Early College High School.**

10) **PROVISIONS FOR REVIEWING DATA FOR PROGRAM IMPROVEMENTS**

School District and the College shall develop a plan for the evaluation of the Program to be completed each year based on the collection and review of data.

11) **TITLE IX OF THE EDUCATION AMENDMENTS 1972**

The School District will comply with Title IX of the Education Amendments 1972 (20 U.S.C. § 1681 et seq.) and its implementing regulations as stated in the College's ***Board TASB Policy FFDA — Freedom from Discrimination, Harassment, and Retaliation: Sex and Sexual Violence*** and the School District Title IX policy in resolving incidents and complaints. An electronic copy of the College's Board Policy may be accessed on following link: https://admin.southtexascollege.edu/president/policies/pdf/4000/4216.pdf.

Title IX of the Education Amendments of 1972 (20 U.S.C. s1681 et seq) and it's implementing regulations, 34 C.F.R. Part 107 (Title IX) state: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Title IX resources, policies, and procedures, including the names and contact information of the Title IX Coordinator and any Title IX Deputy Coordinators for the College are located at the following link: https://www.southtexascollege.edu/about/notices/title-ix.html.

Together with the execution of this IA, the School District will, by completing Exhibit C hereto, designate a specific School District official **who is trained to investigate and address matters relating to Title IX and civil rights issues, including but not limited to Title VI and Title VII of the Civil Rights Act,** to serve as the authorized liaison with the South Texas College Office of Human Resources and/or the Title IX Coordinator.

Pursuant to the following protocol, the School District and the College will work in a collaborative and timely manner in connection with any claims or investigations arising under Section 8 of the South Texas College Dual Credit Programs IA, Exhibit C.

Title IX Protocol

a) The College and the School District acknowledge that jurisdiction over incidents falling within Title IX can be difficult to determine with respect to Dual Credit Programs, and sometimes jurisdiction is shared by both parties. This protocol is agreed to by the College and the School District to establish clarity and coordination with a set of consistent guidelines for each to follow. The general principle is one of establishing a nexus, and determining which party has the strongest nexus to the alleged misconduct, or whether a nexus reasonably exists with respect to the jurisdiction of both parties, in which case jurisdiction exists for both and in most cases will result in collaborative investigations and separate resolutions in accordance with the policies of each party. In all collaborative processes, the parties agree to share investigation-related information with each other to the extent permitted by law.

b) In any complaint where the law permits, the College and the School District agree to share information about the outcome of the complaint with the other party to the extent the outcome impacts the other party or its students/employees.

c) In any circumstance where the parties agree to do so, or where the respondent dual credit student or employee is arguably under the jurisdiction of both parties (regardless of who controls the venue), investigations can be conducted jointly with (at least) one representative from each party. The results of the investigation (one joint investigation report encompassing the policies of both parties) will be made available to both parties, with appropriate redactions as necessary. The parties may then each use the results of the investigation to pursue their own independent resolutions of the complaint. Where investigation procedures of the parties differ substantially, it may be impossible for a collaborative investigation to comply with both, in which case separate investigations should be conducted.

d) Where one party controls the venue of the alleged misconduct and the respondent is a student or employee of that same party, that party shall normally have primary jurisdiction over the complaint.

e) Where a party controls the venue in which the complainant is its student/employee and the respondent is the student or employee of another party, the complainant will have the right to file a complaint within the other party's grievance process. The party in which the complainant is enrolled is responsible for providing supportive measures to the complainant.

f) Where a party provides only instruction/credit for a course, and is not otherwise involved in any way in an act of misconduct, that party shall have no responsibility under this protocol except as policy otherwise requires (e.g., mandated reporting responsibilities).

g) Where a party controls only the venue of a course, and is not otherwise involved in any way in an act of misconduct, that party will review any needed remedial measures related to the safety of the venue and implement them accordingly.

h) Control:
   i. A party who controls the venue and the instruction, provides an employee for instruction, and provides credit for the course controls that course.
   ii. A party who provides instruction in the venue of the other party does not control that venue.

i) Each party's employees are expected/encouraged to participate as witnesses in any resolution process, as necessary.

j) Student:
   i. A student enrolled in a dual-credit course is a student of both parties, regardless of which party has the primary relationship with the student.
   ii. Any party's policies and procedures will explicitly be made applicable to its students, including those who are dual-enrolled/participating in early college.

k) Imposing consequences on a respondent by two parties is appropriate when the student is enrolled within the educational program of both parties, though the parties can agree that only one party will enforce its policies and procedures in a given situation. In such situations, the parties may agree that the party with the primary relationship to the student will take the lead and/or enforce its policies and procedures, or that the party in whose program the incident took place will normally have primary jurisdiction.

l) Each course should clearly designate which party's educational program the course is part of, and/or whether more than one party is the sponsor/provider of a course.

12) **PREGNANT AND PARENTING SERVICES**

The College is committed to creating and maintaining an inclusive and accessible learning environment for all students. Title IX prohibits discrimination on the basis of sex – including pregnancy, parenting and all related conditions – in educational programs and activities that receive federal funding. In addition, pregnant and parenting students who are enrolled at public institutions of higher education are entitled to the protections set forth in the Texas Education Code including Sections 51.982 & 51.983.

13) **NON-DISCRIMINATION**

The College prohibits discrimination, including harassment, and sexual misconduct against any employee, applicant for employment, student or applicant for admission on the basis of any protected class or any other basis prohibited by law. Protected classes at the College include: race, color, national origin, religion, age, sex, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status or any other basis prohibited by law.

Discrimination is defined as prohibited conduct directed at an employee or student on the basis of race, color, national origin, religion, age, sex, including pregnancy and parental status, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status, or any other basis prohibited by law, that adversely affects the employee's employment or that adversely affects the student.

For more information, please visit ***Board TASB Policy FFDB — Freedom from Discrimination, Harassment, and Retaliation: Other Protected Characteristics.***

14) **DISCONTINUATION OF OPERATIONS**

Should the School District or College elect to discontinue the operation of the **Early College High School**, the provisions for serving the students will include the following:

a) Notification of the discontinuation of the operation should be communicated immediately to the partnering high school and College administration.
b) Based on the College's assessment, the last accepted cohort may be allowed to continue as designated until students phase out of the 12th grade.

While in the process of discontinuing operation, the Designated High School may not enroll any additional students in the designated program in grades that have been phased out. In addition, while the designated school is in the process of discontinuing operation, the designated program must continue to meet all of the required design elements and provide full support for all students enrolled in the designated program as mandated by the Texas Education Agency and other regulating partners such as Educate Texas.

15) **INTERLOCAL AGREEMENT(IA)**

This IA may be amended by mutual written agreement of both parties.

The College and the School District reserve the right to terminate this IA, by notice from either party in accordance with this IA or by operation of law. The College or the School District may terminate the IA no fewer than ninety (90) days prior to end of the semester during which notice was given. To be effective, notice must be submitted in writing, signed by the College President or the School District Superintendent and personally delivered to the other party to this IA.

16) **NOTIFICATIONS OF NON-COMPLIANCE AND TERMINIATION OF AGREEMENT**

If a party fail to comply with any provision of this IA, the other party may issue a Notification of Non-Compliance (Notice). The Notice shall be in writing and shall describe in detail the nature of the alleged non-compliance. The Notice will be provided to the College President or to the School District Superintendent for review and action. Failure to correct any condition of non-compliance within ten (10) business days following receipt of the Notice may, at the option of the party which sent the Notice, result in termination of this IA at the end of the semester during which the Notice was sent. Any provision in this IA which requires performance by either party after the termination of this IA including, without limitation, confidentiality obligations, limitations of liability, and exclusions of damages, and any other provision or partial provision that by its nature

would reasonably extend beyond the termination of this IA, shall be and remain enforceable after such termination of this IA for any reason whatsoever.

IN WITNESS THEREOF, the parties have duly approved this Interlocal Agreement, executed in duplicate originals on this ____ day of _____, 2026.

Therefore, in the absence of compelling evidence of discrimination, differential treatment, or procedural irregularities, the decision of the faculty member responsible for the course shall be final. College and School District officials will not unreasonably interfere with the faculty member's authority to assign College grades. The final course grade submitted for the College will be a letter grade. A numeric grade based on a standard 100-point scale will be provided by STC Faculty, upon the School District's request. Students can only be enrolled into courses within their current declared major. Any student approved for enrollment in a non-dual credit section(s) will not be assessed the independent student tuition and fee rates based on the Board Approved Tuition & Fee Schedule.

Non-S section requests for 10 or more students in the same course type during the same semester will require an "S" section to be created by the College. Criteria for "Non-S" section designation are available on the Dual Credit Programs website, which includes the eligibility of enrollment of only 11th and 12th graders.

e) *Dual Credit Sections*
Dual credit sections assigned to an STC Faculty and/or Dual Credit Faculty must have a minimum of ten (10) students enrolled in Academic sections and seven (7) in Career Technical Education sections. Dual Credit Programs will work with the School District to determine options to combine dual credit courses with partnering School District's approval, if available.

f) *Contingency of Enrollment*
Enrollment in dual credit courses is contingent upon **P-TECH School** students' maintaining scholastic progress standards as outlined in the College's Academic Catalog. The **P-TECH School** principal's office and counseling center, working with the College's Dual Credit Programs will maintain a schedule of courses that will be offered to every cohort class for planning and advising and share information regarding student enrollment.

g) *Student Attendance Policies*

P-TECH School students are required to maintain regular and punctual attendance in class and laboratories to meet the required number of contact hours per semester. Therefore, absences, dismissal of classes, and early release (except in emergency or inclement weather or when related to state-mandated assessment days), are in violation of the contract between **P-TECH School**, the College, and the Texas Higher Education Coordinating Board (THECB).

h) *Student Composition of Class*

As outlined in the Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter D, Rule 4.85, the school district may not enroll both dual credit and non-dual credit students in the same section unless the development of a high school credit-only class is not financially viable for the high school and only under one of the following conditions:

i. If the course is required for completion under State Board of Education High School graduation requirements, and the school is otherwise unable to offer such a course.

ii. If the high school credit-only students are College Board Advanced Placement or International Baccalaureate students.

iii. If the course is a career and technology/college workforce education course and the high school credit-only students are eligible to earn articulated college credits.

During each semester, College staff works with eligible dual credit students to begin the admission process and advisement to ensure students are enrolled only into courses from declared majors as agreed upon with each partnering high school Instructional Plan. For non-degree seeking students, College staff will advise based on courses within the Core Curriculum, as established in the campus' Instructional Plan.

In active collaboration with the College, the School District shall take whatever actions deemed reasonably necessary by the College to fully comply with the advising mandates delineated in TX SB 25 (2019) and TX SB 1324 (2019), which collectively address measures public institutions of higher education must take to facilitate successful transfer, academic progress, and timely graduation through, among other things, the filing of degree plans at certain milestones and the publication of course sequences. The College and the School District shall also take necessary actions to ensure compliance with any and all advising requirements of TX SB 1277 (2021), including but not limited to designating at least one employee from either institution to provide academic advising to any student who enrolls in a dual credit course before beginning the course.

If the class is taught at the high school by a Dual Credit Faculty, the School District's high school will be responsible for providing academic accommodation. If the class is taught by a STC Faculty at the high school, the College Counselor will coordinate academic accommodations with the high school's Special Education Counselor. Students are not eligible to receive and/or otherwise utilize Individual Education Plans (IEP's) in Dual Credit courses. All procedures and guidelines are outlined in the College ***Dual Credit Programs Enrollment and Support Services Manual***.

The Code of Student Conduct is an articulation of the College's commitment to maintaining an environment that recognizes and supports the rights of its students, while providing a guide for defining behaviors the College considers inappropriate. Procedures, including a list of violations, potential sanctions, and a list of individual rights for each student, are listed in the College's Student Handbook, Chapter 2, Code of Student Conduct. Dual credit students who receive a sanction of suspension or expulsion from the College must be removed from the college course and placed in a high school credit course or a traditional high school setting by the School District and, in accordance with Texas State law, shall have a transcript notation of suspension or expulsion placed on their official record. On request by the student, the College may remove the notation from the official transcript. Further, the College reserves the right to refer cases to the Behavioral Intervention Team for review and threat assessment. 8) RECOGNITION OF HIGHER EDUCATION PARTNER

The School District, when reporting and publicizing high school *students' completion* of dual credit **hours earned, number of courses completed, course types**, **degrees**, or **certificates**, will recognize all Higher Education partners, including South Texas College. Furthermore, when the School District advertises and/or publicizes including but not limited to, designations, awards received, tuition saved, and articles written in social media, television commercials and print ads for dual credit, the School District will recognize South Texas College as its Higher Education partner. The following statement must be included in all the School District's publications and/or advertisements in regards to the Dual Credit Programs:

In addition **P-TECH School** will administer a Texas Success Initiative (TSI) college placement exam to all incoming ninth (9^{th}) graders to assess college readiness and to enable students to begin college courses based on their performance as soon as students are able and ready. 10) PROVISIONS FOR REVIEWING DATA FOR PROGRAM IMPROVEMENTS

School District and the College shall develop a plan for the evaluation of the Program to be completed each year based on the collection and review of data.

11) TITLE IX OF THE EDUCATION AMENDMENTS 1972

The School District will comply with Title IX of the Education Amendments 1972 (20 U.S.C. §

1681 et seq.) and its implementing regulations as stated in the College's ***Board TASB Policy FFDA — Freedom from Discrimination, Harassment, and Retaliation: Sex and Sexual Violence*** and the School District Title IX policy in resolving incidents and complaints. An electronic copy of the College's Board Policy may be accessed on following link: https://admin.southtexascollege.edu/president/policies/pdf/4000/4216.pdf.

Title IX of the Education Amendments of 1972 (20 U.S.C. s1681 et seq) and it's implementing regulations, 34 C.F.R. Part 107 (Title IX) state: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Title IX resources, policies, and procedures, including the names and contact information of the Title IX Coordinator and any Title IX Deputy Coordinators for the College are located at the following link: https://www.southtexascollege.edu/about/notices/title-ix.html.

Together with the execution of this IA, the School District will, by completing Exhibit C hereto, designate a specific School District official **who is trained to investigate and address matters relating to Title IX and civil rights issues, including but not limited to Title VI and Title VII of the Civil Rights Act,** to serve as the authorized liaison with the South Texas College Office of Human Resources and/or the Title IX Coordinator.

Pursuant to the following protocol, the School District and the College will work in a collaborative and timely manner in connection with any claims or investigations arising under Section 8 of the South Texas College Dual Credit Programs IA, Exhibit C.

Title IX Protocol

a) The College and the School District acknowledge that jurisdiction over incidents falling within Title IX can be difficult to determine with respect to Dual Credit Programs, and sometimes jurisdiction is shared by both parties. This protocol is agreed to by the College and the School District to establish clarity and coordination with a set of consistent guidelines for each to follow. The general principle is one of establishing a nexus, and determining which party has the strongest nexus to the alleged misconduct, or whether a nexus reasonably exists with respect to the jurisdiction of both parties, in which case jurisdiction exists for both and in most cases will result in collaborative investigations and separate resolutions in accordance with the policies of each party. In all collaborative processes, the parties agree to share investigation-related information with each other to the extent permitted by law.

b) In any complaint where the law permits, the College and the School District agree to share information about the outcome of the complaint with the other party to the extent the outcome impacts the other party or its students/employees.

c) In any circumstance where the parties agree to do so, or where the respondent dual credit student or employee is arguably under the jurisdiction of both parties (regardless of who controls the venue), investigations can be conducted jointly with (at least) one representative from each party. The results of the investigation (one joint investigation report encompassing the policies of both parties) will be made available to both parties, with appropriate redactions as necessary. The parties may then each use the results of the investigation to pursue their own independent resolutions of the complaint. Where investigation procedures of the parties differ substantially, it may be impossible for a collaborative investigation to comply with both, in which case separate investigations should be conducted.

d) Where one party controls the venue of the alleged misconduct and the respondent is a student or employee of that same party, that party shall normally have primary jurisdiction over the complaint.

e) Where a party controls the venue in which the complainant is its student/employee and the respondent is the student or employee of another party, the complainant will have the right to file a complaint within the other party's grievance process. The party in which the complainant is enrolled is responsible for providing supportive measures to the complainant.

f) Where a party provides only instruction/credit for a course, and is not otherwise involved in any way in an act of misconduct, that party shall have no responsibility under this protocol except as policy otherwise requires (e.g., mandated reporting responsibilities).

g) Where a party controls only the venue of a course, and is not otherwise involved in any way in an act of misconduct, that party will review any needed remedial measures related to the safety of the venue and implement them accordingly.

h) Control:
   i. A party who controls the venue and the instruction, provides an employee for instruction, and provides credit for the course controls that course.
   ii. A party who provides instruction in the venue of the other party does not control that venue.

i) Each party's employees are expected/encouraged to participate as witnesses in any resolution process, as necessary.

j) Student:
   i. A student enrolled in a dual-credit/early college course is a student of both parties, regardless of which party has the primary relationship with the student.
   ii. Any party's policies and procedures will explicitly be made applicable to its students, including those who are dual-enrolled/participating in early college.

k) Imposing consequences on a respondent by two parties is appropriate when the student is enrolled within the educational program of both parties, though the parties can agree that only one party will enforce its policies and procedures in a given situation. In such situations, the parties may agree that the party with the primary relationship to the student will take the lead and/or enforce its policies and procedures, or that the party in whose program the incident took place will normally have primary jurisdiction.

l) Each course should clearly designate which party's educational program the course is part of, and/or whether more than one party is the sponsor/provider of a course.

12) <u>PREGNANT AND PARENTING SERVICES</u>

The College is committed to creating and maintaining an inclusive and accessible learning environment for all students. Title IX prohibits discrimination on the basis of sex – including pregnancy, parenting and all related conditions – in educational programs and activities that receive federal funding. In addition, pregnant and parenting students who are enrolled at public institutions of higher education are entitled to the protections set forth in the Texas Education

Code including Sections 51.982 & 51.983.

13) NON-DISCRIMINATION

The College prohibits discrimination, including harassment, and sexual misconduct against any employee, applicant for employment, student or applicant for admission on the basis of any protected class or any other basis prohibited by law. Protected classes at the College include: race, color, national origin, religion, age, sex, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status or any other basis prohibited by law.

Discrimination is defined as prohibited conduct directed at an employee or student on the basis of race, color, national origin, religion, age, sex, including pregnancy and parental status, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status, or any other basis prohibited by law, that adversely affects the employee's employment or that adversely affects the student.

For more information, please visit ***Board TASB Policy FFDB — Freedom from Discrimination, Harassment, and Retaliation: Other Protected Characteristics.***

14) DISCONTINUATION OF OPERATIONS

Should the School District or College elect to discontinue the operation of the **P-TECH School**, the provisions for serving the students will include the following:

a) Notification of the discontinuation of the operation should be communicated immediately to the partnering high school and College administration.
b) Based on the College's assessment, the last accepted cohort may be allowed to continue as designated until students phase out of the 12th grade.

While in the process of discontinuing operation, the Designated High School may not enroll any additional students in the designated program in grades that have been phased out. In addition, while the designated school is in the process of discontinuing operation, the designated program must continue to meet all of the required design elements and provide full support for all students enrolled in the designated program as mandated by the Texas Education Agency and other regulating partners such as Educate Texas.

15) INTERLOCAL AGREEMENT(IA)

This IA may be amended by mutual written agreement of both parties.

The College and the School District reserve the right to terminate this IA, by notice from either

party in accordance with this IA or by operation of law. The College or the School District may terminate the IA no fewer than ninety (90) days prior to end of the semester during which notice was given. To be effective, notice must be submitted in writing, signed by the College President or the School District Superintendent and personally delivered to the other party to this IA.

16) NOTIFICATIONS OF NON-COMPLIANCE AND TERMINIATION OF AGREEMENT

If a party fail to comply with any provision of this IA, the other party may issue a Notification of Non-Compliance (Notice). The Notice shall be in writing and shall describe in detail the nature of the alleged non-compliance. The Notice will be provided to the College President or to the School District Superintendent for review and action. Failure to correct any condition of non-compliance within ten (10) business days following receipt of the Notice may, at the option of the party which sent the Notice, result in termination of this IA at the end of the semester during which the Notice was sent. Any provision in this IA which requires performance by either party after the termination of this IA including, without limitation, confidentiality obligations, limitations of liability, and exclusions of damages, and any other provision or partial provision that by its nature would reasonably extend beyond the termination of this IA, shall be and remain enforceable after such termination of this IA for any reason whatsoever.

IN WITNESS THEREOF, the parties have duly approved this Interlocal Agreement, executed in duplicate originals on this _____day of _____, 2026.

An electronic copy of the College's Board Policy may be accessed on following link: https://admin.southtexascollege.edu/president/policies/pdf/4000/4216.pdf.

Title IX of the Education Amendments of 1972 (20 U.S.C. s1681 et seq) and it's implementing regulations, 34 C.F.R. Part 107 (Title IX) state: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Title IX resources, policies, and procedures, including the names and contact information of the Title IX Coordinator and any Title IX Deputy Coordinators for the College are located at the following link: https://www.southtexascollege.edu/about/notices/title-ix.html.

Together with the execution of this IA, the School District will, by completing Exhibit C hereto, designate a specific School District official **who is trained to investigate and address matters relating to Title IX and civil rights issues, including but not limited to Title VI and Title VII of the Civil Rights Act,** to serve as the authorized liaison with the South Texas College Office of Human Resources and/or the Title IX Coordinator.

Pursuant to the following protocol, the School District and the College will work in a collaborative and timely manner in connection with any claims or investigations arising under Section 8 of the South Texas College Dual Credit Programs IA, Exhibit C.

Title IX Protocol

a) The College and the School District acknowledge that jurisdiction over incidents falling within Title IX can be difficult to determine with respect to Dual Credit Programs, and sometimes jurisdiction is shared by both parties. This protocol is agreed to by the College and the School District to establish clarity and coordination with a set of consistent guidelines for each to follow. The general principle is one of establishing a nexus, and determining which party has the strongest nexus to the alleged misconduct, or whether a nexus reasonably exists with respect to the jurisdiction of both parties, in which case jurisdiction exists for both and in most cases will result in collaborative investigations and separate resolutions in accordance with the policies of each party. In all collaborative processes, the parties agree to share investigation-related information with each other to the extent permitted by law.

b) In any complaint where the law permits, the College and the School District agree to share information about the outcome of the complaint with the other party to the extent the outcome impacts the other party or its students/employees.

c) In any circumstance where the parties agree to do so, or where the respondent dual credit student or employee is arguably under the jurisdiction of both parties (regardless of who controls the venue), investigations can be conducted jointly with (at least) one representative from each party. The results of the investigation (one joint investigation report encompassing the policies of both parties) will be made available to both parties, with appropriate redactions as necessary. The parties may then each use the results of the investigation to pursue their own independent resolutions of the complaint. Where investigation procedures of the parties differ substantially, it may be impossible for a collaborative investigation to comply with both, in which case separate investigations should be conducted.

d) Where one party controls the venue of the alleged misconduct and the respondent is a student or employee of that same party, that party shall normally have primary jurisdiction over the complaint.

e) Where a party controls the venue in which the complainant is its student/employee and the respondent is the student or employee of another party, the complainant will have the right to file a complaint within the other party's grievance process. The party in which the complainant is enrolled is responsible for providing supportive measures to the complainant.

f) Where a party provides only instruction/credit for a course, and is not otherwise involved in any way in an act of misconduct, that party shall have no responsibility under this protocol except as policy otherwise requires (e.g., mandated reporting responsibilities).

g) Where a party controls only the venue of a course, and is not otherwise involved in any way in an act of misconduct, that party will review any needed remedial measures related to the safety of the venue and implement them accordingly.

h) Control:
   i. A party who controls the venue and the instruction, provides an employee for instruction, and provides credit for the course controls that course.
   ii. A party who provides instruction in the venue of the other party does not control that venue.

i) Each party's employees are expected/encouraged to participate as witnesses in any resolution process, as necessary.

j) Student:
   i. A student enrolled in a dual-credit course is a student of both parties, regardless of which party has the primary relationship with the student.
   ii. Any party's policies and procedures will explicitly be made applicable to its students, including those who are dual-enrolled/participating in early college.

k) Imposing consequences on a respondent by two parties is appropriate when the student is enrolled within the educational program of both parties, though the parties can agree that only one party will enforce its policies and procedures in a given situation. In such situations, the parties may agree that the party with the primary relationship to the student will take the lead and/or enforce its policies and procedures, or that the party in whose program the incident took place will normally have primary jurisdiction.

l) Each course should clearly designate which party's educational program the course is part of, and/or whether more than one party is the sponsor/provider of a course.

12) **PREGNANT AND PARENTING SERVICES**

The College is committed to creating and maintaining an inclusive and accessible learning environment for all students. Title IX prohibits discrimination on the basis of sex – including pregnancy, parenting and all related conditions – in educational programs and activities that receive federal funding. In addition, pregnant and parenting students who are enrolled at public institutions of higher education are entitled to the protections set forth in the Texas Education Code including Sections 51.982 & 51.983.

Interlocal Agreement
South Texas College Dual Credit Programs

SOUTH TEXAS COLLEGE (herein called the "College") and Mission Consolidated Independent School District (herein called the "School District") enter into the following Interlocal Agreement (IA), and for the terms of which WITNESS THE FOLLOWING:

TERM
This IA shall be in effect from August 17, 2026 to August 17, 2027, and posted during this term on the College's and School District's respective internet websites.

OVERVIEW
The College is committed to serving the students and communities of South Texas through collaborative work with school districts in the College's service area. A major initiative promoting a college-going and college graduation culture is the **South Texas College Dual Credit Programs**, which complies with the rules set forth by the State of Texas (TAC Title:19 Chapter 4, Subchapter D, Rule § 4.84) for dual credit partnerships between secondary schools and Texas public colleges to offer dual credit to qualified students; therefore,

1) **IA PURPOSE**
The purpose of this IA is to outline the roles and responsibilities of the College and the School District that participates in the Dual Credit Programs. This IA is the agreement that encompasses all programs and initiatives under the Dual Credit Programs as required by the Texas Higher Education Coordinating Board (THECB). A separate interlocal agreement is required by the Texas Education Agency for Early College High Schools and P-TECH Schools.

2) **RECOGNITION OF HIGHER EDUCATION PARTNER**
The School District, when reporting and publicizing high school *students' completion* of dual credit **courses**, **degrees**, or **certificates**, will recognize South Texas College. Furthermore, when the School District advertises and/or publicizes, including but not limited to, designations, awards received, tuition saved, and articles written in social media, television commercials and print ads for dual credit, the School District will recognize South Texas College as its Higher Education partner. The following statement must be included in all the School District's publications and/or advertisements in regard to the Dual Credit Programs:

"[ISD name] saves families hundreds of thousands of dollars in tuition and fees by collaborating with South Texas College, our Higher Education partner, to offer college credit hours and college certificates and degrees."

In addition, the School District shall adhere to the format and style of all advertising, marketing, reporting, and publicity materials, which includes billboards, print ads, and television commercials, as set forth in the College's ***Branding, Marketing, and Advertising Guidelines for South Texas College Dual Credit Programs*** at https://admin.southtexascollege.edu/pr/dual-credit-marketing.html (see Exhibit B for Sample Recognition). Failure to follow this provision will result in a non-compliance notification as stated in Section 12 of this document.

3) ACADEMIC POLICIES & PROCEDURES

Academic policies and procedures applicable to regular college courses and students will also apply to dual credit courses and dual credit students. A degree plan with a defined sequence of courses will be available through Degree Works for all dual credit students.

a) *Eligible Courses*

Academic courses offered by the College for dual credit are developed based on the guidelines published in the Academic Course Guide Manual. Workforce courses are developed based on the guidelines published in the Workforce Education Course Manual. The College does not offer kinesiology, guided studies, competency-based or developmental courses for dual credit.

b) *Faculty Qualification, Selection, Supervision, and Evaluation*

The College has established an approval process for selecting and/or approving qualified School District faculty (those approved will herein be called "Dual Credit Faculty") to teach dual credit course(s). Each approved Dual Credit Faculty will be supervised by the College's respective department chair or designee and be evaluated and monitored to ensure the quality of instruction and compliance with the College's policies and procedures in accordance with the standards established by the State of Texas and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). For a comprehensive view of the Faculty Credentials and Qualification, Selection, Supervision, and Evaluation process, refer to the ***Dual Credit Programs Instructional and Quality Standards Manual.***

i. The School District will collaborate with the College to ensure that the School District instructor applying to teach in the Dual Credit Programs meets the credential requirements as stated in the College's ***Board TASB Policy DBA— Employment Requirements and Restrictions: Credentials and Records*** which includes the criteria used by the College to determine teaching eligibility.

ii. The College will ensure that College Faculty requested to teach dual credit courses at the School District sites have met acceptable national criminal background checks.

iii. School District faculty approved as Dual Credit Faculty must be cleared by the College's Office of Human Resources to teach any dual credit courses.

iv. Dual Credit Faculty will submit all required reporting documents such as rosters, learning outcome results, syllabi/section outlines, and grades by the deadlines set by the College.

v. New Dual Credit Faculty approved for the upcoming academic year must satisfactorily complete the LMS Fundamentals and Academic Continuity Certifications offered through the College's Digital Learning Department, prior to teaching dual credit courses.

vi. College and Dual Credit Faculty teaching dual credit courses are required to check their class rosters during the first week of classes by accessing Starfish through JagNet to make sure that all students attending the class are enrolled in the dual credit course and are required to refer any students not on the roster to the appropriate School District counselor and the Dual Credit Scheduling and Enrollment Services Department. Any student not listed on the roster by the 12th day of class (Census Day) will not be enrolled in the dual credit course.

vii. New Dual Credit Faculty approved for the upcoming academic year must satisfactorily complete the *DELTA Online Academy* course offered through the College's Teaching and

Learning Center during the first semester teaching dual credit courses. Dual Credit Faculty not completing this Academy will not be allowed to continue teaching the following academic year. This Academy focuses on relevant College policies, procedures, resources, and faculty responsibilities, as well as on maintaining a college environment in the classroom. The *DELTA Online Academy* course includes required training on Title IX and related Texas laws, and covers topics including but not limited to mandatory reporting duties, sexual harassment under federal and state law, and prevention techniques.

viii. The School District will allow release time from School District duties for all Dual Credit Faculty to attend required College departmental meetings, discipline and course-specific College professional development training, and the two Dual Credit professional development days organized by the College held on the Saturday before each full semester begins. The department chairs will provide the meeting schedule to the Dual Credit Faculty before the beginning of the semester so that the Dual Credit Faculty can coordinate their teaching responsibilities at the high school to attend the required department meetings.

ix. The School District will allow release time from School District duties for all high school librarians to attend no more than two required library summits organized by the College and held on weekdays during the school year.

x. College and Dual Credit Faculty teaching college-level courses are expected to communicate with students who need academic assistance and direct them to the appropriate College or School District support services. The College provides students access to college resources and support services at no cost.

xi. The School District will forward any concerns regarding Dual Credit Faculty or College Faculty teaching the college-level course to the College Department Chair for investigation. To address and resolve the concerns, a meeting shall take place between the College Department Chair (and/or designee) and the School District Principal (and/or other designated high school administrator) to discuss the issues and reach a decision that is mutually agreeable.

xii. The Dual Credit Faculty or College Faculty assigned to teach a dual credit course is charged with the duties and responsibilities as the instructor of record. In cases where the course is a Distance Learning course taught at the partner school, as stated in ***Board TASB Policy EBA — Alternate Methods of Instruction: Distance Education,*** an instructor is an individual responsible for delivering course content and who meets the qualifications for instruction established by an institution's accrediting agency. Online students shall be informed that they are able to access the online course at any time, not only during a designated time at the high school.

xiii. Texas House Bill 3979 and Senate Bill 3 (87th Legislature), **which relate to civic instruction and instruction policies in public schools in the state**, do not apply to community colleges or to dual credit students, as long as the curriculum being taught is the College's curriculum. This is the case even if the College curriculum is taught by a high school teacher in their capacity as a Dual Credit Faculty member.

xiv. This IA recognizes the unique and sometimes challenging position of Dual Credit Faculty. Nevertheless, although Dual Credit Faculty are full-time employees of the School District where they teach College courses(s), Dual Credit Faculty shall follow all applicable College policies during dual credit instructional time. Accordingly, Dual Credit Faculty are

expected to fulfill their responsibilities as Dual Credit Faculty while also complying with the expectations and policies of their School District and Principal.

xv. Expectations of Dual Credit Faculty when teaching a college-level course for the College:

- College-Level Course Work: The rigor of college-level coursework often requires additional time outside of class for students to meet course learning objectives and outcomes. Dual Credit Faculty should not decrease the amount of out-of-class work assigned to students enrolled in Dual Credit course(s).
- Issuing of College Grade: Dual Credit Faculty should not inflate the college letter grade, which might differ from the high school numeric grade.
- Contact Hours Pertaining to Dual Credit Students: Just as Dual Credit Faculty are expected to meet the required number of contact hours per semester, students enrolled in dual credit courses are required to maintain regular and punctual attendance in classes and laboratories. In accordance with ***Board TASB Policy FC — Attendance***, the College shall develop and include in its official bulletins, catalogs, and other appropriate publications a statement regarding its policies and procedures for all excused absences. The student is responsible for communicating with faculty members concerning any absence. The student may be required to present evidence to support an absence, and make–up work for class absences will be permitted only as specified by the faculty in the course syllabus.
- Dual Credit Faculty shall treat students equally and must not use unreasonable measures to help a particular student who, in the estimation of the Dual Credit Faculty member, is failing the course due to the student's classroom performance, lack of participation and/or excessive student absences.

c) *Location, Facilities, Teaching Environment, and College Courses*
Dual credit courses will be held at approved instructional sites in accordance with SACSCOC standards and College policies.

i. Facilities
The School District will work with the College to ensure that the School District's facilities meet the expectations and criteria required for college classes and are appropriate for college-level instruction by the first day of class including the following:

- School District will ensure that College Faculty and dual credit students have appropriate access to all available instructional facilities, resources, and essential technology;
- School District will permit access to the College's electronic learning resources and school library spaces when the course is taught at the School District;
- School District offering science or Career and Technical courses will meet all applicable laboratory safety standards and obtain and install all material/equipment required to meet such standards prior to the first-class day. School District will ensure proper maintenance of all lab material/equipment that is used for the College courses offered by the School District in a manner that complies with the College's program requirement; and
- School District will permit the College to perform safety audits and inspections in dual credit classrooms and laboratories.

ii. Teaching Environment
The School District will ensure that the classroom environment is conducive to college-level learning by:

- Designating a classroom for the dual credit classes;

- Displaying the signs provided by the College outside of the classroom that indicate "College Course is in Session";
- Assuring no unnecessary interruptions take place in the College dual credit class while in session, such as removing dual credit students to participate in high school activities or making announcements except for official business or emergencies and minimizing interruptions for official announcements; and
- Enforcing the faculty members' student attendance requirements as stated in the course syllabus and as supported by ***Board TASB Policy FC — Attendance***.

iii. College Courses

Faculty teaching dual credit courses must use the College's approved Learning Management System. The College maintains security measures to protect faculty and students while learning in an online environment. More detailed information on Dual Credit Programs - Distance Learning Security Measures can be accessed at the following link: https://www.southtexascollege.edu/dual/dual-policies.html.

iv. Course Delivery

The School District will ensure that all dual credit courses taught by Dual Credit Faculty are conducted through face-to-face instruction. Only in circumstances, when a State of Emergency is activated, may a Dual Credit Faculty be approved to conduct online instruction to adhere to the College's Instructional Contingency Plan, using the College's Learning Management System.

d) *Course Curriculum, Instruction, and Grading*

School Districts that participate in the Dual Credit Programs at the College will comply with procedures and guidelines as published in the ***Dual Credit Programs Principal Agreement*** and the ***Dual Credit Programs Instructional and Quality Standards Manual,*** including the following:

i. *Academic Instructional Calendar*

Dual credit classes will follow the College Academic Calendar. Exceptions may be arranged through collaboration between the College and the School District. When the requested exception involves the Final Exam Schedule for full semester classes, the College Department Chair and Division Dean will be involved in any decision. The College requires that the Division Dean approve any exception. Notification of conflicts between mandatory State testing and final exams must be made well in advance of final exams. College courses and exams should take reasonable priority over School District activities.

ii. *Monitoring Instruction*

The School District will work with the College to provide College personnel with opportunity to monitor the quality of instruction in compliance with the College course syllabus and the standards established by the State of Texas, SACSCOC, and the School District.

iii. *Books and Supplemental Materials*

The School District will provide textbooks for each registered student, along with equipment, and supplemental materials required for the cohort (S sections) classes. The College will consider the use of free open educational resources or low-cost educational resources in courses offered under the program for the School District. College-approved textbooks purchased by the School District as required for a college course are allowed to be used for four (4) years. Chairs may request a change of textbooks earlier than four (4)

years, if the textbooks are for technology-based courses or with reasonable justification. Required textbooks and materials shall be available to each registered student on the first-class day. Exceptions must be discussed with the Associate Vice President of Dual Credit Programs and the Department Chair.

iv. *Transportation*

The School District will provide transportation to dual credit students in accordance with State law and School District rules and procedures. Students enrolled in dual credit courses at the College may be transported by the School District.

v. *Grading Procedures*

All Dual Credit Faculty will follow the College Grading System as stated in the College's ***Board TASB Policy EGA — Academic Achievement: Grading and Credit,*** as well as related procedures set forth by the College.

vi. *Submission of College Grade*

The primary responsibility for assigning College grades in a dual credit course belongs to the faculty member. Therefore, and in the absence of compelling evidence of discrimination, differential treatment, or procedural irregularities, the judgment of the faculty member responsible for the course must remain determinant. College and School District officials will not unreasonably interfere with the faculty member's authority to assign College grades. The final course grade submitted for the College will be a letter grade. A numeric grade based on a standard 100-point scale will be provided by STC Faculty, upon the School District's request. Such request must be submitted by the School District to the STC Faculty by the Friday before the beginning of the College's final exams week. The final course grade recorded for the College will be a letter grade and for the high school a numeric grade that may differ from the College letter grade.

vii. *Grade Appeal*

The School District will direct students to follow the College's Grade Appeal process. An electronic copy of these process may be accessed on the Academic Affairs Department webpage at the following link:https://academicaffairs.southtexascollege.edu/grade_appeals/

viii. *Reporting Required: Critical Student Performance Information*

The College has developed guidelines for sharing critical student performance information when needed for high school reporting.

STC Faculty

- Will only provide the School District with final course numeric grades, based on a standard 100-point scale upon the School District's request. Such requests must be submitted by the School District to the STC Faculty by the Friday before the beginning of the College's final exams week.
- Will not be required to submit a midterm course grade.
- Will provide the following Starfish Early Alert Surveys:
    - Fall 2026 and Spring 2027: First Week Attendance Verification, and two Progress Surveys (Weeks 5-6 & Weeks 11-12)
    - Summer 2027: First Week Attendance Verification, and one Progress Survey (Week 3)

Dual Credit Faculty

Programs Instructional and Quality Standards Manual.

4) STUDENT ENROLLMENT & SUPPORT SERVICES

a) *Student Eligibility*

The College requires the School District to follow all College enrollment procedures and guidelines for dual credit students. All students must meet dual credit admissions and eligibility requirements as outlined by the THECB laws and regulations, the Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter D, Rule § 4.85, and as stated in the College's ***Board TASB Policy FB: Admissions.*** The School District will work with the College to make certain that all dual credit students are enrolled by the first day of class to help ensure student success and to comply with the College Dual Credit Programs Admission and Registration Timeline. An electronic copy of this document may be accessed on the Dual Credit Programs webpage at the following link: https://www.southtexascollege.edu/dual/timelines.html

High school students are eligible to participate in the Dual Credit Programs upon meeting the Texas Success Initiative (TSI) Assessment benchmark score requirements established by the THECB and the College dual credit course pre-requisites as published in the College's ***Dual Credit Programs Enrollment and Support Services Manual***.

Dual credit students must comply with the College's Academic Progress Standards as outlined in ***Board TASB Policy EGA: Academic Achievement – Grading and Credit*** and ***Board TASB FEA (Local) Financing Education – Financial Aid and Scholarships.***

b) *Collaboration and Outreach Efforts*

The College provides informational sessions for students and parents regarding dual credit opportunities, benefits, costs, and resources. Sessions are available throughout the academic year upon request by the School District. The College also disseminates the most current dual credit information regarding enrollment, resources, and requirements for the program on the College's dual credit website.

c) *Non-Degree Seeking*

Participating districts may choose to offer the non-degree seeking eligibility at high school sites. Dual credit students selecting the non-degree seeking major may enroll in up to 15 credit hours of dual credit courses without fulfilling Texas Success Initiative (TSI) standards. Non-degree seeking students may not enroll in more than two dual credit courses per semester. Additionally, non-degree seeking dual credit students are not eligible to enroll in Regular (Non-S) sections.

Districts are encouraged to establish and implement internal screening requirements, while also recommending courses from the designated instructional plan. Additionally, Dual Credit Programs advisors are required to meet with non-degree seeking students before they complete the maximum of 15 credit hours.

d) *Degree seeking Course Load*

Degree seeking dual credit students may not enroll in college-level courses until the Spring semester of their 9th grade, and are then limited to no more than two (2) dual credit courses for that semester from an approved list of recommended courses. All 10th grade students are limited to two (2) dual credit courses per Fall and Spring semester. All 11th and 12th grade students must not exceed four (4) dual credit courses per Fall and Spring semesters. Summer session enrollment is limited to two (2) dual credit courses for Summer Term I/III and two (2) dual credit courses for Summer Term II.

Dual credit students shall be limited to courses within their declared major and corresponding degree plan. Students may attempt a maximum of 68 credit hours, with the exception of students pursuing the Associate of Science in Mathematics, Associate of Science in Engineering and Associate of Science in Pre-Pharmacy. Course loads in excess of 68 credit hour maximum shall require approval by the Academic Affairs and Economic Development Division Designee.

Students who declare a major leading to a Career and Technical Education (CTE) certificate or associate degree may enroll in academic dual credit courses aligned with the Dual Credit Workforce General Core Table, subject to the dual credit course limitations per semester established in the College's ***Dual Credit Programs Instructional and Quality Standards Manual***. The Dual Credit Programs is subject to all applicable College policies and procedures.

e) *Non-S Section Enrollment*

Students who want to enroll in non-dual credit section(s) must be approved by the Academic Affairs and Economic Development Division Designee. Students can only be enrolled into courses within their current declared major. Any student approved for enrollment in a non-dual credit section(s) will not be assessed the independent student tuition and fee rates based on the Board Approved Tuition & Fee Schedule. Dual credit students who do not receive approval to enroll in a non-dual credit section(s), may still enroll, but will be assessed the independent student tuition and fee based on the Board Approved Tuition & Fee table.

Non-S section requests for 10 or more students in the same course type during the same semester will require an "S" section to be created by the College. Criteria for "Non-S" section designation are available on the Dual Credit Programs website, which includes the eligibility of enrollment of only 11th and 12th graders.

f) *Student Composition of Class*

As outlined in the Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter D, Rule 4.85, the School District may not enroll both dual credit and non-dual credit students in the same section unless the development of a high school credit-only class is not financially viable for the high school and only under one of the following conditions:

i. If the course is required for completion under State Board of Education High School graduation requirements, and the School District is otherwise unable to offer such a course.

ii. If the high school credit-only students are College Board Advanced Placement or International Baccalaureate students.

iii. If the course is a career and technology/college workforce education course and the high school credit-only students are eligible to earn articulated college credits.

Dual Credit Sections
Dual credit sections assigned to an STC Faculty and/or Dual Credit Faculty must have a minimum of ten (10) students enrolled in Academic sections and seven (7) in Career Technical Education sections. Dual credit sections with fewer than the minimum enrollment will be canceled no later than the advertised semester deadline. Dual Credit Programs will work with the School District to determine options to combine dual credit courses with partnering School District's approval, if available.

g) *Advising*
The College and the School District offer college advising services for dual credit students and the College offers a College Advising Training Program for High School District Counselors.

The College offers advising services for dual credit students regarding transferability and applicability to baccalaureate degree plans of all college credits offered and earned.

During each semester, College staff works with eligible dual credit students to begin the admission process and advisement to ensure students are enrolled only into courses from declared majors as agreed upon with each partnering high school Instructional Plan. For non-degree seeking students, College staff will advise based on courses within the Core Curriculum, as established in the campus' Instructional Plan.

In active collaboration with the College, the School District shall take whatever actions deemed reasonably necessary by the College to fully comply with the advising mandates delineated in TX SB 25 (2019) and TX SB 1324 (2019), which collectively address measures public institutions of higher education must take to facilitate successful transfer, academic progress, and timely graduation through, among other things, the filing of degree plans at certain milestones and the publication of course sequences. The College and the School District shall also take necessary actions to ensure compliance with any and all advising requirements of TX SB 1277 (2021), including but not limited to designating at least one employee from either institution to provide academic advising to any student who enrolls in a dual credit course before beginning the course.

h) *Pathways Alignment*
The College provides a comprehensive guide to the alignment of High School endorsements, dual credit courses, post-secondary pathways, credentials at the institution, and industry certifications.

i) *Course Credit Establishment*
The College provides a procedure for establishing the course credits that may be earned under the Agreement, including developing a course equivalency crosswalk of identifying the number of high school and college credits that may be earned for each course completed through the program.

j) *Counseling and Student Accommodations*
The College and the School District will adhere to Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 (ADA), and the ADA Amendments Act of 2008.

The School District will be responsible for implementing policies and procedures to enable students to identify disability needs and to provide academic accommodations for dual credit students. If the

class is taught at the high school by a Dual Credit Faculty, the School District's high school will be responsible for providing the academic accommodations. If the class is taught by STC Faculty at the high school, the College Counselor will coordinate academic accommodations with the high school's Special Education Counselor. Students are not eligible to receive and/or otherwise utilize Individual Education Plans (IEP's) in Dual Credit courses. All procedures and guidelines are outlined in the College ***Dual Credit Programs Enrollment and Support Services Manual***.

k) *Student Complaints*

The College's Grievance and/or Complaint procedures for handling student complaints regarding college courses are applicable to all students, including those enrolled in dual credit courses. Dual credit students who would like to submit reports or complaints shall adhere to **Board TASB Policy *FLD — Student Rights and Responsibilities: Student Complaints*** and follow the relevant processes and procedures detailed in the College's ***Student Handbook*** and/or ***Employee Handbook***, depending on whether the report or complaint relates to another College student or a College employee. Generally, students should report complaints relating to a Dual Credit course to the College. If the student chooses to report to the School District, the School District shall promptly report the matter to the College. The College shall be responsible for implementing the College's Grievance and/or Complaint procedures only if the College has jurisdiction to do so, including, but not limited to, jurisdiction over the educational program or activity, the complainant, and the respondent.

Student reports and complaints alleging sex-based discrimination, harassment, domestic violence, dating violence, stalking, or other sexual misconduct which targets a student in a Dual Credit course will be handled by the College in accordance with the policy and procedures outlined in ***Board TASB Policy FFDA — Freedom from Discrimination, Harassment, and Retaliation: Sex and Sexual Violence***. A student may report a grievance or complaint at the following link: https://www.southtexascollege.edu/report/index.html.

l) Student Conduct

All students, including dual credit students, are subject to discipline and appropriate sanctions ranging from verbal or written warning to suspension and expulsion from the College and all related programming, under the College's ***Student Handbook*** and ***Code of Student Conduct***. The ***Code of Student Conduct*** is an articulation of the College's commitment to maintaining an environment that recognizes and supports the rights of its students, while providing a guide for defining behaviors the College considers inappropriate. Procedures, including a list of violations, potential sanctions, and a list of individual rights for each student, are listed in the College's ***Student Handbook***, Chapter 2, ***Code of Student Conduct***. Dual credit students who receive a sanction of suspension or expulsion from the College must be removed from the college course and placed in a high school credit course or a traditional high school setting by the School District and, in accordance with Texas State law, shall have a transcript notation of suspension or expulsion placed on their official record. On request by the student, the College may remove the notation from the official transcript. Further, the College reserves the right to refer cases to the Behavioral Intervention Team for review and threat assessment. - The data request is submitted, at minimum, three (3) business days prior to the requested delivery date.

PLEASE NOTE: Requests are **NOT** guaranteed to be delivered by the requested delivery date and may be delayed depending on the data team's existing request volume. Requests will be prioritized depending on identified need.

The School District may submit an e-mail request for reports to: dcdatarequest@southtexascollege.edu.

Data Security and Breach Notification

Each party agrees to implement and maintain reasonable administrative, technical, and physical safeguards designed to protect the confidentiality, integrity, and availability of student education records and any other data shared pursuant to this IA, in compliance with FERPA, applicable Texas law, and each party's internal information security policies.

In the event either party becomes aware of an actual or reasonably suspected unauthorized access, acquisition, use, or disclosure of education records or other confidential data exchanged under this IA ("Data Breach"), the affected party shall notify the other party without unreasonable delay, and in no event later than **five (5) business days** after discovery of the Data Breach, unless a shorter notification period is required by applicable law.

The parties shall cooperate in good faith to investigate the Data Breach, comply with applicable legal notification obligations, and take reasonable steps to prevent a recurrence. Nothing in this section shall require either party to disclose information protected by law from disclosure to the other party or compromise an ongoing law enforcement investigation.

Each party shall be responsible for any legally required notifications to affected individuals arising from a Data Breach caused by its own acts or omissions.

7) HUMAN RESOURCES DEPARTMENT, DATA PRIVACY & SHARING AGREEMENT

The School District will collaborate with the College to ensure that all School District faculty applying to teach in the Dual Credit Programs meet the credential requirements as stated in the ***Board TASB Policy DBA — Employment Requirements and Restrictions: Credentials and Records*** submit all required documents for the approval/hiring process to the Human Resources Department, and agree to full information sharing in the event of an investigation of a personnel matter regarding Dual Credit Faculty.

Any non-academic incidents or complaints against Dual Credit Faculty teaching a college course must be reported to the College's Office of Human Resources to the attention of the Director and/or Employee Relations.

8) TITLE IX OF THE EDUCATION AMENDMENTS 1972

The School District will comply with Title IX of the Education Amendments 1972 (20 U.S.C. § 1681 et seq.) and its implementing regulations as stated in the ***Board TASB Policy FFDA — Freedom from Discrimination, Harassment, and Retaliation: Sex and Sexual Violence*** and the School District Title IX policy in resolving incidents and complaints.

Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et. seq.), and it's implementing regulations, 34 C.F.R. Part 107 (Title IX) state: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Title IX resources, policies, and procedures, including the names and contact information of the Title IX Coordinator and any Title IX Deputy Coordinators for the College are located at the following link: https://www.southtexascollege.edu/about/notices/title-ix.html.

Together with the execution of this IA, the School District will, by completing Exhibit C hereto, designate a specific School District official **who is trained to investigate and address matters relating to Title IX and civil rights issues including, but not limited to, Title VI and Title VII of the Civil Rights Act** to serve as the authorized liaison with the College's Title IX Coordinator.

Pursuant to the following protocol, the School District official and the College representative(s) will work in a collaborative and timely manner to share any and all information necessary in the event of an claims, complaints, reports or investigations arising under Section 8 of this IA (see Exhibit C).

Title IX Protocol

a) The College and the School District acknowledge that jurisdiction over incidents falling within Title IX can be difficult to determine with respect to Dual Credit Programs, and sometimes jurisdiction is shared by both parties. This protocol is agreed to by the College and the School District to establish clarity and coordination with a set of consistent guidelines for each to follow. The general principle is one of establishing a nexus, and determining which party has the strongest nexus to the alleged misconduct, or whether a nexus reasonably exists with respect to the jurisdiction of both parties, in which case jurisdiction exists for both and in most cases will result in collaborative investigations and separate resolutions in accordance with the policies of each party. In all collaborative processes, the parties agree to share investigation-related information with each other to the extent permitted by law.

b) In any complaint where the law permits, the College and the School District agree to share information about the outcome of the complaint with the other party to the extent the outcome

impacts the other party or its students/employees.

c) In any circumstance where the parties agree to do so, or where the respondent dual credit student or employee is arguably under the jurisdiction of both parties (regardless of who controls the venue), investigations can be conducted jointly with (at least) one representative from each party. The results of the investigation (one joint investigation report encompassing the policies of both parties) will be made available to both parties, with appropriate redactions as necessary. The parties may then each use the results of the investigation to pursue their own independent resolutions of the complaint. Where investigation procedures of the parties differ substantially, it may be impossible for a collaborative investigation to comply with both, in which case separate investigations should be conducted.

d) Where one party controls the venue of the alleged misconduct and the respondent is a student or employee of that same party, that party shall normally have primary jurisdiction over the complaint.

e) Where a party controls the venue in which the complainant is its student/employee and the respondent is the student or employee of another party, the complainant will have the right to file a complaint within the other party's grievance process. The party in which the complainant is enrolled is responsible for providing supportive measures to the complainant.

f) Where a party provides only instruction/credit for a course, and is not otherwise involved in any way in an act of misconduct, that party shall have no responsibility under this protocol except as policy otherwise requires (e.g., mandated reporting responsibilities)

g) Where a party controls only the venue of a course, and is not otherwise involved in any way in an act of misconduct, that party will review any needed remedial measures related to the safety of the venue and implement them accordingly.

h) Control:
   i. A party who controls the venue and the instruction, provides an employee for instruction, and provides credit for the course controls that course.
   ii. A party who provides instruction in the venue of the other party does not control that venue.

i) Each party's employees are expected/encouraged to participate as witnesses in any resolution process, as necessary.

j) Student:
   i. A student enrolled in a dual credit is a student of both parties, regardless of which party has the primary relationship with the student.
   ii. Any party's policies and procedures will explicitly be made applicable to its students, including those who are dual credit.

k) Imposing consequences on a respondent by two parties is appropriate when the student is enrolled within the educational program of both parties, though the parties can agree that only one party will enforce its policies and procedures in a given situation. In such situations, the parties may agree that the party with the primary relationship to the student will take the lead and/or enforce its policies and procedures, or that the party in whose program the incident took place will normally have primary jurisdiction.

l) Each course should clearly designate which party's educational program the course is part of, and/or whether more than one party is the sponsor/provider of a course.

9) NON-DISCRIMINATION

The College prohibits discrimination, including harassment and sexual misconduct, against any employee, applicant for employment, student, or applicant for admission on the basis of any protected class or any other basis prohibited by law. Protected classes at the College include race, color, national origin, religion, age, sex, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status, or any other basis prohibited by law.

Discrimination is defined as prohibited conduct directed at an employee or student on the basis of race, color, national origin, religion, age, sex, including pregnancy and parental status, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status, or any other basis prohibited by law, that adversely affects the employee's employment or that adversely affects the student.

For more information, please visit ***Board TASB Policy FFDB — Freedom from Discrimination, Harassment, and Retaliation: Other Protected Characteristics.***

10) PREGNANT AND PARENTING SERVICES

The College is committed to creating and maintaining an inclusive and accessible learning environment for all students. Title IX prohibits discrimination on the basis of sex – including pregnancy, parenting and all related conditions – in educational programs and activities that receive federal funding. In addition, pregnant and parenting students who are enrolled at public institutions of higher education are entitled to the protections set forth in the Texas Education Code including Sections 51.982 & 51.983.

11) INTERLOCAL AGREEMENT (IA)

This IA may be amended by mutual written agreement of both parties.

The College and the School District reserve the right to terminate this IA by notice from either party in accordance with this IA or by operation of law. The College or the School District may terminate the IA no fewer than ninety (90) days prior to the end of the semester during which notice was given. To be effective, notice must be submitted in writing, signed by the College President or the School District Superintendent and personally delivered to the other party to this IA.

12) NOTIFICATION OF NON—COMPLIANCE AND TERMINATION OF AGREEMENT

If a party fails to comply with any provision of this IA, the other party may issue a Notification of Non-

Compliance (Notice). The Notice shall be in writing and shall describe in detail the nature of the alleged non-compliance. The Notice will be provided to the College President or to the School District Superintendent for review and action. Failure to correct any condition of non-compliance within ten (10) business days following receipt of the Notice may, at the option of the party which sent the Notice, result in termination of this IA at the end of the semester during which the Notice was sent. Any provision in this IA which requires performance by either party after the termination of this IA including, without limitation, confidentiality obligations, limitations of liability, and exclusions of damages, and any other provision or partial provision that by its nature would reasonably extend beyond the termination of this IA, shall be and remain enforceable after such termination of this IA for any reason whatsoever.

SUBJECT: Approval of Purchase of College Readiness and Success Program

PRESENTER: Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction

BACKGROUND INFORMATION

As part of the district's College Readiness Program, Mission CISD has been administering the PSAT 8/9 to all 8th graders, the PSAT/NMSQT to all 10th and 11th graders, and the SAT during the school day to 11th graders, rather than only on designated Saturdays.

Participating in SAT School Day provides the opportunity for all students to take a college entrance exam, while assisting with SAT participation for designation distinctions in English language arts and math.

PSAT 8/9 for 925 8th Graders:	$6,835.75
PSAT/NMSQT for 2300 10th/11th Graders:	$16,215.00
SAT School Day test for 1150 11th Graders:	$47,150.00
Total Cost	$70,200.75

As part of House Bill 3 from the 86th Legislature, the state will provide a one-time reimbursement to school systems for the cost of administering one college preparation assessment, in this case, the SAT School Day. This funding is advanced to districts annually in the fall Foundation School Program funding, and later, TEA reconciles these funds for the April settle-up. After this occurs, the actual cost to MCISD for the College Readiness and Success Program is $23,050.75.

ADMINISTRATIVE CONSIDERATIONS

College Board's College Readiness and Success Program will be purchased as a Sole Source Purchase. As per Texas Educational Code 44.031(j) a Sole Source Purchase would be exempt from complying with TEC 44.031(a) requiring an approved purchasing method for contracts valued at $50,000 or more.

SUBJECT: Approval of Purchase of Renaissance-Accelerated Reader and Star Reading Program

PRESENTER: Cynthia Wilson, Assistant Superintendent for Curriculum and Instruction
Dora Villalobos, Executive Director for Elementary Education
Marissa Saenz, Director for Instructional Technology and Library Services

BACKGROUND INFORMATION

Renaissance provides Mission CISD with two integrated literacy solutions: Star Reading and Accelerated Reader. Together, these programs provide educators with reliable assessment data, personalized reading practice, and ongoing progress monitoring to support student literacy growth.

Star Reading is a computer-adaptive assessment that measures students' reading achievement and growth throughout the school year. The assessment provides actionable data that helps teachers identify instructional needs, monitor progress, and make informed decisions to support each student's reading development. Reports include measures such as the Zone of Proximal Development (ZPD), instructional reading levels, growth data, and other indicators that guide targeted instruction and intervention.

Accelerated Reader complements Star Reading by encouraging students to engage in meaningful independent reading. Using each student's reading level and interests, the program recommends appropriate books, sets personalized reading goals, and assesses comprehension through short quizzes. Teachers receive immediate feedback through detailed reports that monitor reading volume, comprehension, and progress, allowing them to celebrate growth and adjust instruction as needed.

Together, Star Reading and Accelerated Reader provide a comprehensive, research-based literacy solution that promotes reading achievement, supports data-driven instruction, and fosters a culture of independent reading. Many campuses also utilize the Accelerated Reader point system as a motivational tool to encourage students to read more frequently and develop lifelong reading habits.

ADMINISTRATIVE CONSIDERATIONS

The purchase will be made using the BuyBoard interlocal purchasing cooperative. This complies with the purchase requirements of TEC 44.031a(5) and with local board policy, which requires an approved purchasing method for contracts valued at $50,000 or more.

SUBJECT: Approval of Out-of-State Travels for Special Invitation, Recognition, or National Competition for Mission CISD Students

PRESENTER: Cynthia Wilson, Superintendent for Curriculum and Instruction

BACKGROUND INFORMATION

Many Mission CISD students competing in Career and Technical Education (CTE), Fine Arts, Destination Imagination (DI), Chess and other academic related competitions have the opportunity to travel out-of-state due to advancement. In addition, Gear Up oftentimes selects students to travel out-of-state for college visits. All out-of-state travel for students requires board approval. In many instances, advancement to state and national competition occurs very quickly with a limited amount of time to make travel arrangements and pay registration fees.

From September 2026 to July 2027, CTE clubs/organizations, Fine Arts, DI, and possibly other academic events will provide opportunities for Mission CISD students to receive special invitations, be recognized or compete in regional/state/national competitions. Since many of the national competitions are out-of-state, the Curriculum and Instruction Department is requesting pre-approval by the board for these travels so needed registration fees and travel arrangements may be made in a timely manner for qualifying students from our various clubs/organizations. Some clubs/organizations require payment as much as a month in advance which will place our students at a disadvantage of not competing should the deadline arrive before board approval may be secured.

Securing pre-travel board approval will ensure that necessary travel arrangements, including registration fees and lodging for students receiving special invitation, recognition or advancing to national competition are able to be submitted by pre-determined deadlines.

As per Mission CISD FMG (LOCAL) policy, Board approval is required for any out-of-state school-sponsored trip.

SUBJECT: Approval of the Final Construction Documents for the Mission CISD Safety & Facilities Enhancement Project (Fencing) Elementary Gym Gates

PRESENTER: Epigmenio "TJ" Gonzalez, Director for Maintenance

BACKGROUND INFORMATION

The Texas School Safety Center requires new school safety standards, and Mission CISD was awarded a Safety and Facilities Enhancement (SAFE) Grant, which allows for additional funding for safety and facilities enhancement. This safety project will address the prevention of school violence and create secure learning environments and other safety enhancements districtwide. This project will support a range of activities and strategic use of funds aimed at fortifying the security infrastructure within Mission CISD schools. Key elements of the SAFE Grant include the purchase of fencing materials, emergency egress gates, anti-scaling devices, fence posts, safety measures for windows and doors, and silent panic alert technology, along with other Texas Education Agency (TEA) approved school safety standards. The implementation of these safety measures aligns with the district's commitment to creating a secure and conducive learning environment for students and staff within Mission CISD.

Administration has been gathering information on the school safety grants, thus we present the Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Safety & Facilities Enhancement Project.

If approved by the Board of Trustees the Purchasing department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services and Administration will schedule presentations to the Board for the selection. A ranking criterion will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method, as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with Texas Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer along with preparing construction documents will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about February, with presentations to the Board of Trustees for evaluation and ranking in March, with possible selection and approval to enter into a design contract in April. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

At the Regular Board of Trustees meeting held on January 24, 2024, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Safety & Facilities Enhancement Project.

Advertisements in local newspapers were posted from March 6, 2024, through March 21, 2024. No firms submitted any proposals during this initial time period. Administration extended the advertisement for an additional week. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was due on March 28, 2024, for proposals to be received. The Administration ranking team reviewed and pre-ranked the single RFQ on April 2, 2024, at 2 p.m.. After the review, Administration will then recommend the top firm to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Martin Castaneda, Director for Safety and Security, and Ms. Anabel Garza, Purchasing Coordinator, who will serve as the facilitator.

Administration presented Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for the Professional Design Services, and Ranking Criteria for the Mission CISD Safety & Facilities Enhancement Project. Only one firm submitted an RFQ for this SAFE project.

At the Regular Board of Trustees meeting held on April 10, 2024, the Board approved to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQs) for the Professional Design Services and Ranking Criteria for the Mission CISD Safety & Facilities Enhancement Project. Only one firm submitted an RFQ for this SAFE project. CG5 Architects was the firm approved to enter into negotiations.

Project negotiations were held on April 11, 2024, April 18, 2024, and April 22, 2024, with Mr. Charlie Garcia from CG5 Architects, Mr. Ricardo Rivera, Mr. Adrian Hernandez, Mr. Joel Garcia, and Mr. Martin Castaneda from MCISD.

At the Regular Board of Trustees meeting held on May 08, 2024, the Board approved the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Safety & Facilities Enhancement Project. CG5 Architects best and final offer (BAFO) of 7.50% of the construction cost and $3,500.00 per campus visit, evaluation, and report was approved.

The Board of Trustees had the option to accept this BAFO or to decline the offer and to direct Administration to re-advertise the project using the same specifications.

Administration will work with our legal counsel to write and execute the contract so that the firm can begin as soon as possible.

At the Regular Board of Trustees meeting held on September 11, 2024, the Board tabled the Construction Documents for the Mission CISD Safety & Facilities Enhancement Project (Fencing) for

bid package #1. The Board of Trustees directed Administration to have the design team look into different options of fencing other than chainlink fencing for those areas that have a direct visual to streets.

At this meeting, CG5 Architects presented that he continues to work on the remaining fencing projects and anticipates submitting those for approval at the October meetings.

Administration is working with CG5 Architects on packaging projects in groups of 3 – 5 and not wait until all are complete, so that we can expedite the projects as quickly as designs are ready. By packaging, it will allow for more contractors to submit proposals because it will allow smaller firms to compete. Smaller firms also may not have the bonding capacity to submit for all, so by packaging it may allow them that capability to submit proposals.

At the meeting, CG5 Architects, for the first time, presented a Summary of Estimated Costs with Options 1-4 on the fencing for package #1. Options #1 & #2 are designed for chain link fencing.

Option #1 is to continue using the same system as has been done, which is of extending the current 6' fencing and adding an additional 2' of fabric material.

Option #2 is to extend the fence posts by the additional 2' needed and remove the existing fabric material, and install new full 8' material. Mr. Garcia stated that either of these options was well below the grant budget for all the remaining campuses. The remaining campuses being addressed are eighteen (18).

Options #3 & #4 are installing a design fence fabric material with a combination of new 8' chainlink fencing fabric material.

Option #3 is providing new 8' fabric material at street sides and extended 8' fencing with new fabric material at sides and back sides.

Option #4 is providing new 8' aluminum picket fencing at street sides and extended 8' fencing with new fabric material at sides and back sides.

Mr. Garcia presented that options #3 & #4 would not be within the grant budget and would exceed by over $1 million dollars. After discussing the current options and estimated costs, Mr. Garcia stated that he will work on an Option #2.5 that may incorporate the others and maybe within budget. We will meet with Mr. Garcia and present this at the Regular Board Meeting.

Currently Administration is presenting to proceed with Bid Package #1 only, and should an option be approved, we will proceed to advertise for competitive sealed proposals. As per Mr. Garcia, the remaining packages of #2 - #4 are ready, and these will be presented in November.

There was a possible concern that by extending the current 6' fence and adding the additional 2' portion that the existing support poles would not handle the additional weight. This is the system that was designed and installed by the previous grant and is being completed currently. Mr. Jose Rios, Project Architect for Sam Garcia Architects, the architect of record for the current fencing, was in the audience and addressed this concern. Mr. Rios stated that all the corner support posts were replaced,

and any others that were deemed as possibly weak were also replaced as part of the project design and scope of work. Mr. Rios stated that there should be no issues with any fencing supports or weight.

If approved we will continue to move forward and work with our Purchasing department to advertise for competitive sealed proposals and continue with the process of selecting a contractor for consideration and approval as per our procurement process for package #1.

At the Regular Board of Trustees meeting held on October 09, 2024, the Board approved the following agenda item.

Construction Documents and Fencing Options for the Mission CISD Safety & Facilities Enhancement Project (Fencing) – Bid Package #1(Leal, Castro, O'Grady, Pearson Elementary and K.White Jr. High with Option 4A.

For Bid Package # 1, advertisements were posted from October 23, 2024, through October 30, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. A pre-proposal meeting was held on October 23, 2024, with only one vendor in attendance. The submission of CSP's were due on November 7, 2024, at 2:00 p.m., with no proposals being submitted.

For Bid Package #1 – #4, advertisementing days were posted the week of November 20, 2024, and the week of November 27, 2024. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. A pre-proposal meeting was held on December 2, 2024, with two vendors attending. The submission of CSP's were due on December 5, 2024, at 2:00 p.m. The Administration ranking team will review and pre-rank the CSP's. As per legal suggestion, this amendment can be done as a change order for CG5.

At the Board Workshop Meeting, Administration presented a comprehensive grant worksheet with the Cycle 1 & 2 safety grants received, project and amounts expended, proposed projects, deadlines, and estimated balances.

Options for fencing projects were presented on a Safety Grant Work Sheet with costs and remaining balances. Option 4 was recommended, which would construct mandated 8' tall chain link campus perimeter fencing and 8' tall decorative fencing in front and sides of campuses that face a street. This option allowed for an estimated grant balance that would allow the district to purchase a new phone system with an emergency push button away from all other phone buttons, thus limiting the accidental calling for emergency services/false alarms. This option would also allow for any balance left to be applied to cover safety and security payroll costs that are currently being paid by district general funds.

Option 4 also reduced each project bid package contingency fund from $50,000.00 each to $10,000.00 each.

Administration will work with CG5 Architects on the design for the elementary gym gates and Mission Collegiate High School pavilion fencing. This will be advertised as a separate fencing project and will use competitive sealed proposals as the procurement method, as in the previous approved fencing projects.

At the Special Board Meeting held on August 20, 2025, the Board approved Substantial completion for the Mission CISD Facility Enhancement (SAFE) Project Package #2.

At the Regular Board Meeting held on October 08, 2025, the Board approved the following agenda items. Substantial Completion for the Mission CISD Facility Enhancement (SAFE) Project Package #1, #3, and #4. This project was completed on time. Substantial completion was September 18, 2025.

The Board also approved Change Order #3 for twelve (12) weather days. The new substantial completion date is September 30, 2025.

Note: Substantial Completion is the stage in the progress of the Work when the
Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

Final completion is due thirty (30) days after substantial completion.

At the Regular Board of Trustees meeting on February 11, 2026, CG5 Architects and Excellent Fence, presented Final Completion, Less Betterment Fund Allowance, Less Liquidated Damages, and Final Payment for the Mission CISD Facility Enhancement (SAFE)
Project Packages #1, #3, and #4. However, after meetings and correspondences with both Excellent Fence and CG5 Architects, change orders continue to be pending presentation to the Board. Change orders for work being done and subsequent work days without prior Board presentation and approval have arisen. Final close-out documents also have not been submitted as per contract agreement and requirements. CG5 has been in continuous communication with Excellent Fence to bring all items forward for Board presentation to possibly close out this project.

As discussed at the Board Workshop of February 04, 2026, the final close-out documents have not been submitted, and, per the contract, "the district will not issue final payment until all documents have been submitted." As per CG5 Architects, they continue to communicate with Excellent Fence on completing all final close-out items that are listed in the contract and required.

CG5 is also working with Excellent Fence on bringing forward all past change orders that have costs associated for Board review. These change orders are being brought forward after the fact and did not follow proper procedures and protocols. These need to be brought forward for Board consideration and action before "Final" is granted.

We currently are also corresponding with Excellent Fence on pending pay applications. On Thursday morning we met with Excellent Fence on what is needed to process partial payment. Ms. DeAnda from Excellent Fence is scheduled to meet with our accounting department and our office next Thursday to clarify some mathematical discrepancies in the pay applications that has delayed

past payments to Excellent Fence. It is agreed that we will process payments for packages #1, #3 and #4 withholding all contingency balances along with 5% retainage of the contract.

The Board tabled the agenda item.

At the same Regular Board of Trustees meeting on February 11, 2026, CG5 Architects and SLR Building Contractors, presented Final Completion, Less Betterment Fund Allowance, Less Liquidated Damages, and Final Payment for the Mission CISD Facility Enhancement (SAFE) Project Packages #2.

However, after meetings and correspondences with both SLR Building Contractors and CG5 Architects, change orders continue to be pending presentation to the Board. Change orders for work being done without Board presentation and approval have arisen. SLR has submitted those change orders along with "credit" due the District for work that was either not installed or changed. We continue to meet and correspond with both SLR and CG5 Architects to verify these changes and credits due to bring all items forward for Board presentation to possibly close out this project.

Changes and credits due are for work at Bryan Elementary and Mims Elementary and calculations were done using the contractors Schedule of Values (SOV) that they submitted. As per meetings with CG5 and SLR it was agreed that calcuations using the SOV for costs and credits is the correct and established process in construction.

"The SOV is the Contractor's detailed cost for construction items and is itemized. It is a detailed breakdown of the costs associated with different phases or items of work within a construction project. It serves as a roadmap for payments, ensuring transparency and accuracy in the billing process. The SOV itemizes all work, assigns a cost to each, and is used to track progress and verity payment applications." "The SOV is crucial for tracking progress payments to contractors. As work is completed, the SOV allows for accurate verification of the value of work performed and facilitates timely payments." "The SOV promotes transparency among all parties involved (owner, architect, contractor) by providing a clear breakdown of project costs." "The SOV can be used to measure project progress, as the percentage of completion for each line item corresponds to the percentage of the total value billed."

Administration continues not to be in agreement with the costs and payments submitted for Midkiff Elementary and for the work that was eliminated from the original plans and specifications that the Board of Trustees did not approve. All parties continue to meet on this matter.

As presented at the Board Workshop of February 04, 2026, my office continues to have questions to work that was either completed or not completed. We continue to meet with SLR Construction and CG5 and have another meeting scheduled prior to the Regular Board of Trustees meeting. Administration wants to ensure that all plans, specifications and fiscal and contractual obligations have been met fully before our office recommends final approval. At the Board Work Shop this agenda was "Pulled" concerning the listed "Subject", however, progress on the project was discussed at the meeting. At this time there are also change orders that need to be presented to the Board that have not been presented as per our procedures and protocols and are after the fact.

The Board approved to delegate authority to the Superintendent and Legal Counsel to review and make a final determination regarding the payment.

As per the Board Workshop, Administration was directed to meet with Excellent Fence prior to the Board Meeting on April 15, 2026, to discuss why proper procedures were not followed as per contract requirements. Excellent Fence was invited to the Workshop meeting but was not in attendance, they will be asked to attend the meeting on April 15th to answer any questions the Board of Trustees may have on this project.

At the Regular Board of Trustees meeting on April 15, 2026, the Board approved Change Order #1 (Excellent Fence) for all three packages, this is being presented due to 122 field modifications and adjustments made by the architect and the general contractor which constituted 32 change orders without Administrations nor the Board's prior knowledge or approval.

As per an email and attachment of the Architects Justification Report and Plans, CG5 Architect has documented the following field modifications as previously discussed. These modifications were performed in the field and considered minor with no costs from the contractor, as has been stated by CG5 Architects in several meetings and documented in email correspondences. The contractor has now informed CG5 and MCISD that costs are now requested for reimbursement on some of the field modifications. The contractor is also offering some credits for certain items, as noted. These field modifications, whether a cost was involved or not, were made in the field between Excellent Fence and CG5 and did not have prior written notice to the Owner as required in the contract(s).

ADMINISTRATIVE CONSIDERATIONS

CG5 Architects has continued to meet with MCISD Administration regarding the design. Questions concerning the dimensions of the gates contributed to delays in the completion of the final design. Those questions have now been addressed; therefore, CG5 Architects is submitting the final design and construction documents for the Elementary Gym Gates.

FUNDING SOURCE

General Funds
Safety & Facilities Enhancement (SAFE) Grant Cycle 1 - $4,768,797.00
Safety & Facilities Enhancement (SAFE) Grant Cycle 2 - $524,062.00
Note: The SAFE Grant incorporates different safety initiatives that have been approved, including and not limited to, fencing, window film, cameras, safety technology, etc. This particular project, CG5 Architects will incorporate those safety initiatives that would pertain to his professional design services, and his project total amount would reflect that.
The Business Office will submit a SAFE Grant Project amendment to transfer as much money as needed to complete the district-wide fencing project, as some money was initially allocated to other projects.

Any safety fencing and window film project amount not covered by the first grant would be transferred to the SAFE Grant for completion.

SUBJECT: Approval to Enter Into Negotiations in the Order of Ranking for the General Construction Services and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs for the Marcell Elementary Roofing – EGV Architect

PRESENTER: Epigmenio "TJ" Gonzalez, Director for Maintenance

BACKGROUND INFORMATION

Due to a severe hailstorm that occurred on April 21, 2023, and a severe windstorm that occurred on April 28, 2023, many of our campus and support services buildings were damaged to different extents. The District utilized the Job Ordering Contract to remediate and/or repair damage to District property that needed immediate repairs.

The Risk Management Department, along with the Business and Finance Department, immediately contacted our insurance carrier, Property Casualty Alliance of Texas, and have continued to work with them on our claims. Sedgwick Adjusters mobilized several adjusters and conducted inspections on all district buildings, climbing on top of all buildings and inspecting roofs and equipment mounted on the roofs.

Ms. Sylvia Cruz and Mr. Garcia have continued to work on the claims reimbursement in order to begin the repairs. Damage from both storms varied from very minor to major roof damage. At the maintenance department, part of the roof structure was completely torn away.

Estimated reimbursement per event:

Hail Storm April 21, 2023:	$7,694,374.83
Wind Storm April 28, 2023:	$1,033,003.78
Deductible #1:	$ (100,000.00)
Deductible #2	$ (100,000.00)
Est. Reimbursement:	$8,527,379.00

Administration has been working closely with the insurance adjuster for an assessment of the damage to the roofs and other structures at campuses and several departments for the needed repairs, thus, we present the approval of the Project, Proposed Budget, and Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Repairs will be prioritized by safety and by damage; not all projects may require extensive or outside vendor repairs, and not all projects listed may be able to be completed with the estimated total claims reimbursement funds.

If approved by the Board of Trustees, the Purchasing Department will proceed with advertisements for this project. Request for Qualifications (RFQ's) will be advertised for professional design services, and Administration will schedule presentations to the Board for the selection. A ranking criteria will also need to be reviewed and approved.

Administration will use Competitive Sealed Proposals (CSPs) as the procurement method, as approved by the Board of Trustees in the February 2021 Board of Trustees meeting. This method was approved as the primary default method for projects.

The Board of Trustees must take the necessary action in accordance with the Texas

Education Code 44.035, which consisted of the selection/designation of an architect and/or engineer to prepare construction documents for this project. The engineer and/or architect selected or designated will have full responsibility for complying with the Texas Engineering Practice Act (Article 3271a, Vernon's Texas Civil Statues) or Chapter 478, Acts of the 45th Legislature, Regular Session, 1937 (Article 249a, Vernon's Texas Civil Statues) as applicable.

If the engineer or architect is not a full-time employee of the District, the Board must select the engineer or architect on the basis of demonstrated competence and qualifications as provided by Section 2254.004, Government Code. The selected architect/engineer, along with preparing construction documents, will be required to provide MCISD with an estimated project budget.

The preliminary timeline is to advertise for RFQ's on or about October, with presentations to the Board of Trustees for evaluation and ranking in November, with possible selection and approval to enter into a design contract in December. The amount of the design contract for this project will exceed the Board approved On-call threshold, thus a request for RFQ's.

Note: Due to the number of roof projects that may need to be designed and the need for a quick turn-around for required designs for the repairs, Administration may present to the Board of Trustees a recommendation of more than one design team. Roof projects may be divided into design packages.

Note: As per the Finance department "Wind and Hail Storm" insurance presentation at the Workshop, any listed project that indicates "Replace" indicates that the roof is a "Total Loss" and is to be replaced, and if not, that building is un-insurable. Should the roof be older than the year 2010, we would only receive the depreciation value. For any roof that is within a total reimbursement amount and not budgeted for that amount, the district will receive full reimbursement. Reimbursements are to include other fees as architect/engineering fees, any over-time fees, and any costs required to meet new building codes.

At the Regular Board of Trustees meeting held on September 13, 2023, the Board approved the Project, Proposed Budget, Request for Qualifications (RFQ's) for Professional Design Services, and Ranking Criteria for the Mission CISD Districtwide Roofing Repairs.

Advertisements in the local newspapers were posted on October 04, 2023, and October 11, 2023. The process is for the submittals to be reviewed by the Purchasing Department Staff and the Administration Ranking Team to assure that firms meet the criteria based on demonstrated expertise, competence, and qualifications. The submission of RFQ's was on October 19, 2023, and seven (7) proposals were received. The Administration ranking team reviewed and preranked the RFQ's on October 23, 2023, at 2 p.m.. After the review, Administration will then recommend the top two firms to be reviewed and ranked in order of selection. The ranking team consisted of Mr. Adrian Hernandez, Maintenance Director, Mr. Leandro Ochoa, Maintenance Coordinator, Mr. Adan Rivera, Assistant Maintenance Coordinator, Mr. Ricardo Rivera, Assistant Superintendent for Operations, and Ms. Daisy Cuevas, Purchasing Specialist, who served as the facilitator.

Administration will be presenting Approval to Enter Into Negotiations in the Order of Ranking for the Request for Qualifications (RFQ's) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

Note: The Board may select one or two firms for this project.

FIRMS	Points
EGV Architects	99.0
Raba Kistner Inc.	98.0
Amtech Solutions	83.0
Armko Industries Inc.	83.0
Gignac Architects	80.0

At the Regular Board of Trustees meeting held on November 08, 2023, the Board approved EGV Architects and Raba Kistner for Professional Design Services for the Mission CISD Districtwide Roofing Repairs.

As per the insurance adjuster inspections, approximately seventy-two (72) roof structures have been deemed to be replaced. Fifty-one (51) are both campus and district building roofs, and twenty-one (21) are portable building composition shingle roofs.

Due to the large number of roof projects and the need to have them repaired as quickly as possible Administration presented, and the Board of Trustees approved to divide the projects with the two top-ranked design professionals, EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on December 13, 2023, the Board approved that the Administration continue to negotiate the Best and Final Offer (BAFO) for Professional Design Services for the Mission CISD Districtwide Roofing Repairs with EGV Architects and Raba Kistner.

At the Regular Board of Trustees meeting held on February 21, 2024, the Board approved EGV Architects 6.5% construction cost fee for design and project administration, and Administration added two additional roof projects to his original listing. The additions are the Maintenance building and the Annex building. Thus, the Administration requested to amend the contract for EGV Architects for the Mission CISD district-wide roofing repairs projects.

At this same meeting, Administration advised the Board of Trustees that after continuous negotiation efforts with Raba Kistner and with the assistance of our Legal Counsel, we were unable to come into a contract agreement, and negotiations were ceased. Administration presented to enter into negotiations with the next two highest-ranked firms, being Amtech Solutions and Armko Industries Inc.. The remaining roof projects will be divided between the two firms if an agreement is reached.

Project negotiation meetings were held on February 22, 2024, one meeting was with Mr. James Robbins and Ms. Chloe Gohr from Amtech Solutions. On February 26, 2024, a meeting was held with Mr. Travis Jones from Armko Industries Inc., Mr. Leandro Ochoa, and Mr. Adrian Hernandez from MCISD conducted negotiations.

Armko was allowed an opportunity to review their initial BAFO; however, they remained at their initial proposal of 6.5% of the construction cost.

The Board of Trustees has the option to accept each separate BAFO, to decline the offer(s), and direct Administration to enter into negotiations with the next firm(s), or to reject all offer(s) and re-advertise the project using the same specifications. If approved, Administration will work with our legal counsel to write and execute the contracts so that the design team(s) can begin as soon as possible.

At the Regular Board of Trustees meeting held on March 20, 2024, the Board approved Amtech Solutions Best and Final Offer (BAFO) of 6.25 % of the Construction cost for the remaining roof projects.

At this same meeting, EGV Architects' temporary design for the Annex and Central Office was placed on hold since the final designs would be presented in April's Board meeting.

EGV Architects and Administration continued to meet on the design for the Annex and Central Office. EGV Architects presented the Construction Documents for the Mission CISD Central Office and Annex buildings. If approved, we will continue to move forward to advertise and possibly award the project. Since this is the final roof design, no temporary roofing is required.

Since the design was not as complicated, the schematic and final designs have been combined in the approval presentation.

As per meetings with Administration and the Insurance Carrier, any costs above and beyond their estimated cost proposals will be covered. Estimated costs do not include any and all professional design fees and will be covered separately.

Both options have a 20 year roof warranty. Exact costs will not be available until the bid process.

(LOCAL) Policy Comparisons

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue font: new text.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes — as in an extensive rewrite — may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.

For further assistance in understanding policy changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

If the Superintendent desires a hearing after receiving notice of the proposed nonrenewal, the Superintendent shall notify the Board in writing not later than the 15th day after receiving the notice. When the Board receives a timely request for a hearing on proposed nonrenewal, the hearing shall be held not later than the 15th day after receipt of the request, unless the parties mutually agree to a delay. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party.

Internal Audit Charter

2026-2027

INTRODUCTION

Internal Auditing is an independent appraisal activity established within the district to examine and evaluate its activities. The objectives of internal auditing are to assist the Board, Superintendent, and management of the district in the effective discharge of their responsibilities by furnishing them with analysis, recommendations, and information concerning the activities reviewed.

Internal auditing is a management control which functions by examining and evaluating the adequacy and effectiveness of other internal controls.

ROLE OF THE INTERNAL AUDIT DEPARTMENT

The internal audit department is established by the Board of Trustees, and its responsibilities are defined by the Board of Trustees. Responsibilities include, but are not limited to, the following:

- Establishing policies for the auditing activity and directing its technical and administrative functions.
- Developing an annual audit plan for anticipated audit coverage for the year.
- Examining the effectiveness of all levels of management in their stewardship of district resources and their compliance with policies and procedures.
- Evaluating the economy and efficiency with which resources are employed, identify opportunities to improve operating performance, and recommend solutions to problems where appropriate.
- Recommending improvement of management controls designed to safeguard district resources, and ensure compliance with government laws and regulations.
- Authorizing the publication of reports on the results of audit examinations, including recommendations for improvement.
- Performing and reporting on special reviews as requested by the Superintendent, the Board of Trustees, or other agencies such as Texas Education Agency, external auditors, or the school attorney.

The Internal Auditor will report administratively to the Superintendent of Schools and functionally to the Board of Trustees. Administrative issues include personnel leaves such as sick leave, vacation, and other type of leave. Functional issues include the carrying out of specific internal audit duties as requested by the Board of Trustees or Superintendent.

TYPES OF INTERNAL AUDITS

Financial - to determine whether financial operations are conducted properly and whether financial reports are fairly stated.

Compliance - to determine whether operations have been carried out in compliance with applicable laws, regulations, and established policies.

Efficiency, Economy, Effectiveness – to determine whether allocated resources are managed and used in an economical, effective and efficient manner.

Special Review – Special review is a miscellaneous category and can include reviews such as advisory reviews, random records review, and fraud audits. Fraud audits are performed where there is primary evidence of fraud or at least a strong possibility that fraudulent activity has occurred.

AUTHORIZATION AND RESPONSIBILITES

Authorization is granted for full and complete unrestricted access to any of the district's records, physical properties, and personnel relevant to a review. Documents and information given to internal auditors during a periodic review will be handled in the same prudent manner as by those employees normally accountable for them.

Internal auditors have no direct responsibility or any authority over any of the activities or operations that they review. They should not prepare records or engage in activities which would normally be reviewed by internal auditors.

DEFINITION OF AUDIT SCOPE

The scope of internal auditing encompasses the examination and evaluation of the adequacy and effectiveness of the organization's system of internal control and the quality of performance in carrying out assigned responsibilities.

- Reviewing the reliability and integrity of financial and operating information and the means used to identify, measure, classify, and report such information
- Reviewing the systems established to ensure compliance with those policies, plans, procedures, laws, and regulations which could have a significant impact on operations and reports and whether the organization is in compliance.
- Reviewing and appraising the economy and efficiency with which resources are employed.
- Reviewing operations or programs to ascertain whether results are consistent with established objectives and goals and whether the operations or programs are being carried out as planned.

PROFESSIONAL STANDARDS

The operating practices and procedures of the internal audit department will be in accordance with the Standards for the Professional Practice of Internal Auditing, established by the Institute of Internal Auditors. These five general standards are as follows:

1. **Independence** - Internal auditors should be independent of the activities they audit and be objective in performing audit assignments.

2. **Professional Proficiency** - Internal audits should be performed with proficiency and due professional care.
3. **Scope of Work** - The scope of internal audit should encompass the examination and evaluation of the adequacy and effectiveness of the organization's system of internal control and the quality of performance in carrying out assigned responsibilities.
4. **Performance of Audit Work** - Audit work should include planning the audit, examining and evaluating information, communicating results, and following up.
5. **Management of the Internal Audit Department** - the Internal Auditor should properly manage the internal auditing department and supervising assistants, if applicable.

REPORTING ACCOUNTABILITIES

A written report will be prepared and issued by the Internal Auditor following the conclusion of each audit and will be distributed to the appropriate principal or department manager. The principal or department manager will be provided an opportunity to respond to the report, and that response will indicate what actions were, or will be, taken in regard to the specific findings and recommendations in the internal audit report.

A written report will be submitted to the Superintendent and Board of Trustees on a quarterly basis on the progress of the audit plan and results of internal audits.

SUBJECT: Budget Amendment

PRESENTER: Jaime Lopez, Assistant Superintendent for Business and Finance

BACKGROUND INFORMATION

In accordance with TEA budget and accounting procedures guidelines, the District's official budget includes the General Fund and Debt Service. The adoption of the budgets associated with these funds, and subsequent amendments, should be approved by the Board of Trustees. The authority to approve a budget or a budget amendment for a grant program, however, lies with the granting agency and not with the District's Board.

ADMINISTRATIVE CONSIDERATIONS

All requests for budget amendments have been reviewed and are justified for the programmatic or policy changes and adjustments of original estimates.

FUNDING SOURCE AND AMOUNT

The District is adding $2,600,000 in other financing sources from the Maintenance Tax Notes Series 2026 and increasing the expenditures budget for the purchase of transportation buses.

The District is carrying forward purchase orders for ongoing construction, Fine Arts, and Technology Projects to ensure funding is available to complete work initiated in the prior fiscal year.

Approval of budget amendment as presented.

Re: 2026-2027 Annual Internal Audit Plan

The development of the annual internal audit plan is an integral part of the internal audit function of the District. The objective of the audit plan is to provide a schedule of audit activities for the year to help minimize internal and external distractions. The audit plan has been developed with the awareness of the limitations of resources in personnel and dollars, and therefore, audits are prioritized based on potential risk and liability to the District.

Campus and Student Activity Funds

Over $2.5 million flowed through the District's Activity Funds this past fiscal year and that amount will likely increase this current year. The potential risk in the area of Activity Funds is greater than other areas because the majority of the revenues are received in the form of actual cash, the number of individuals (employees and students) handling collections, and the perception of the community. Other risk factors include the elimination of the elementary activity clerk positions at most campuses and staff turnover. However, there are some factors that minimize the potential risk. The District uses centralized accounting versus non-centralized, therefore, one bank account is used and all expenditures are processed through the Business Office. Also, the District has a detailed Activity Funds Manual which provides well-defined responsibilities and procedures. The manual is updated every year and training sessions are provided for principals, secretaries, activity clerks and secondary campus sponsors at least annually.

During the year, I will review all Fundraising Applications and Fundraiser Reports as they are submitted. Each month I will review the monthly income statement reports prepared by the Finance Department. I will also continue to assist with generating the reports necessary to prepare the monthly income statement reports. Additionally, throughout the year I will review interdepartmental charges and journal entries related to Activity Funds.

Depending on the volume of activity and available time, internal audits may be performed for the activity funds of the following campuses: Veterans Memorial High School, Mission Jr. High

School, Alton Memorial Jr. High School, Alton Elementary, Bryan Elementary, Marcell Elementary, Mims Elementary, O'Grady Elementary, Escobar Rios Elementary, Waitz Elementary, and Pearson Elementary. Unscheduled safe audits or cash counts may be performed at other campuses not listed.

I will also assist in the continued evaluation of Student Activity Fund club accounts to determine proper accounting and financial reporting under GASB Statement No. 84, *Fiduciary Activities.* This governmental accounting standard establishes criteria for identifying fiduciary activities. Student Activity Fund accounts not meeting the criteria may need to be reported as special revenue funds.

External Audit / Annual Comprehensive Financial Report

Each school district in the State of Texas is required to have an annual financial statement audit and submit the audited financial statements to TEA within 150 days after the fiscal year-end. I will assist in coordinating the audit process by obtaining requested information from the various departments for the auditors. Also, I will assist in the audit process by reviewing schedules prepared by the finance department as well as preparing some of the schedules and end-of-year adjustments. Additionally, I will prepare the notes to the financial statements and some of the financial statements for review by the external auditors. I will also assist in the review or preparation of the Data Collection Form, which reports federal expenditures, and the review of PEIMS reports, which include the audited financial data.

The District will also submit their annual financial report to the Government Finance Officers Association (GFOA) for consideration for the Certificate of Achievement for Excellence in Financial Reporting Program. Additional items required by this award program include: a transmittal letter, combining statements by fund type that include individual funds, and numerous statistical schedules that include historical information. I will assist with updating the statistical schedules and complete the checklist to ensure that the report meets all other the requirements.

SAS 99 – Fraud Hotline

Statement of Auditing Standards No. 99, Consideration of Fraud in a Financial Statement Audit applies to all entities that are audited by an independent auditor. The purpose of this standard is to prompt entities to take proactive steps to diminish the risk of fraud. SAS 99 recommends that entities have an anonymous reporting process for employees to report suspected or actual fraud. The District has established a 24 hours a day, 7 days a week telephone hotline administered by an outside company. Time spent evaluating and providing assistance as requested in investigating the reports received through the hotline will vary depending on the number of reports.

Other

In addition to year-end inventory testing in conjunction with the external audit, my audit plan also includes testing of the Warehouse, Child Nutrition Program, Transportation and Maintenance Department inventories during the year. Other internal audits or reviews included in my plan are: the afterschool child care programs (Bryan, Mims, Cavazos, Midkiff, and Marcell), Fixed Assets

and Payroll, Purchasing or Finance Departments as time allows. Additionally, I will assist administration with efficiency reviews if requested to determine whether allocated resources are managed in an economical, effective and efficient manner.

Attached is a schedule of the internal audits, activities and tasks that are planned to be completed during the school year. This schedule is also subject to change as needed to accommodate special reviews or investigations.
