PROPOSED REVISIONS (See pg. 3)

**Consistent
Application for
Graduating Class**

The District shall apply the same class rank calculation method and rules for local graduation honors for all students in a graduating class, regardless of the school year in which a student first earned high school credit.

Calculation

For students in the graduating classes of 2026, 2027, 2028, and 2029, the District shall include in the calculation of class rank semester grades earned in high school credit courses taken in grades 9-12 only, unless excluded below, and only in the following subject areas: English language arts, mathematics, science, and social studies, as outlined in the foundation program for graduation.

The calculation shall include failing grades until a failing grade is replaced with a passing grade.

Beginning with students in the graduating class of 2030, the District shall include in the calculation of class rank semester grades earned in high school credit courses taken at any grade level, unless excluded below, and only in the following subject areas: English language arts, mathematics, science, and social studies.

The calculation shall include failing grades until a failing grade is replaced with a passing grade.

The class rank calculation shall not include semester grades from a course that is retaken after a passing grade has been earned.

Exclusions

The calculation of class rank shall exclude grades earned in distance learning courses; local credit courses; nonaccredited instructional settings; any course for which a pass/fail grade is assigned; or through credit by examination, with or without prior instruction.

**Weighted Grade
System**

Categories

Tier I

The District shall categorize and weight eligible courses as Tier I and Tier II in accordance with provisions of this policy and as designated in appropriate District publications.

Eligible Advanced Placement (AP) courses, dual credit courses, and courses locally designated as honors shall be categorized and weighted as Tier I courses.

Tier II

All other eligible courses shall be categorized and weighted as Tier II courses.

**Weighted Grade
Point Average**

The District shall convert semester grades earned in eligible courses to grade points in accordance with the following chart and shall calculate a weighted grade point average (GPA):

Transferred Grades

When a student transfers semester grades for courses that would be eligible under the Tier II category and the District has accepted the credit, the District shall include the grades in the calculation of class rank.

When a student transfers semester grades for courses that would be eligible to receive additional weight under the District's weighted grade system, the District shall assign additional weight to the grades based on the categories and grade weight system used by the District.

Local Graduation Honors

For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank in accordance with this policy and administrative regulations by using grades available at the time of calculation at the end of the first semester grading period of the senior year.

For the purpose of applications to institutions of higher education, the District shall also calculate class rank as required by state law. The District's eligibility criteria for local graduation honors shall apply only for local recognitions and shall not restrict class rank for the purpose of automatic admission under state law. [See EIC(LEGAL)]

Valedictorian and Salutatorian

The valedictorian and salutatorian shall be the eligible students with the highest and second-highest rank, respectively. To be eligible for this local graduation honor, a student must:

1. Have been continuously enrolled in the same District high school for the four semesters immediately preceding graduation;
2. Be graduating after exactly eight semesters of enrollment in high school; and
3. Have completed the foundation program with the distinguished level of achievement.

Breaking Ties

In case of a tie in weighted GPAs, after calculation to the fourth decimal place, to determine recognition as valedictorian or salutatorian, the District shall calculate a weighted GPA using only eligible grades in Tier I courses taken by each student involved in the tie.

If the tie is not broken after applying these methods, the District shall recognize all students involved in the tie as sharing the honor and title.

**Recognized
Graduates**

District-recognized graduates at the graduation ceremony shall meet a minimum of one of the following criteria:

1. Have completed the foundation program with the distinguished level of achievement; and
2. Have met the following GPA requirements based on a weighted GPA using Tier 1 courses at the end of the seventh semester by the tenth decimal without rounding:
 - a. Cum laude: 4.00-4.49
 - b. Magna cum laude: 4.50-4.79
 - c. Summa cum laude: 4.80-5.00

**Highest-Ranking
Graduate**

The student meeting the local eligibility criteria for recognition as the valedictorian shall also be considered the highest-ranking graduate for purposes of receiving the honor graduate certificate from the state of Texas.

Agenda Item Memorandum

To: MVISD Board of Trustees

Date: May 26, 2026

Agenda item: Consider approval of Middle School Attendance Zones for 2027-2028

Background Information

As we prepare for the opening of Middle School #3 Medina Valley ISD is presenting proposed attendance zones for our middle school campuses. This marks an important step in our planning process to support the successful launch of the district's third middle school and to ensure balanced enrollment across campuses.

This recommendation is being presented on behalf of our Attendance Rezoning Committee made up of MVISD parents and staff, whose recommendation supports future growth while prioritizing student needs, efficient use of resources, and community impact.

Administrative Consideration

The proposed middle school attendance zones align with the district's current high school feeder patterns and would make Middle School #3 the only middle school serving students who will attend both Creek View High School and Medina Valley High School. Students that attend Medina Valley Middle School would attend Medina Valley High School, and students that attend Loma Alta Middle School would attend Creek View High School. This recommendation supports transportation efficiency, improves student access, and reflects thoughtful consideration of community geography, future district growth, and balanced enrollment across middle school campuses.

COMMITTEE CHARGE

The Attendance Rezoning Committee is charged with developing an attendance zone recommendation that best **aligns with future growth** projections while also prioritizing **student needs**, considering efficiency of **programs/resources**, and **community** impact.

TOPICS REVIEWED AND DISCUSSED

- Demographic Reports
- Enrollment Projections
- Bond Project Updates & Timelines
- Middle School Attendance Zone Options
- Elementary #7 Attendance Zone Concepts
- Elementary #8 Attendance Zone Concepts
- Feeder Patterns
- Transportation
- Grandfather Eligibility

COMMITTEE POLL ON MS ATTENDANCE ZONES

- **13 out of 13 parents voted for the option being recommended to the Board.**

Many members shared that their experience on the committee was positive, stating, “I appreciate the district including community input and involvement!”

Several members also expressed that the committee process was “productive overall and that it will positively impact the district and community,” with one member adding, “It is incredibly important for the district to continue this committee.”

MS ATTENDANCE ZONE RECOMMENDATION

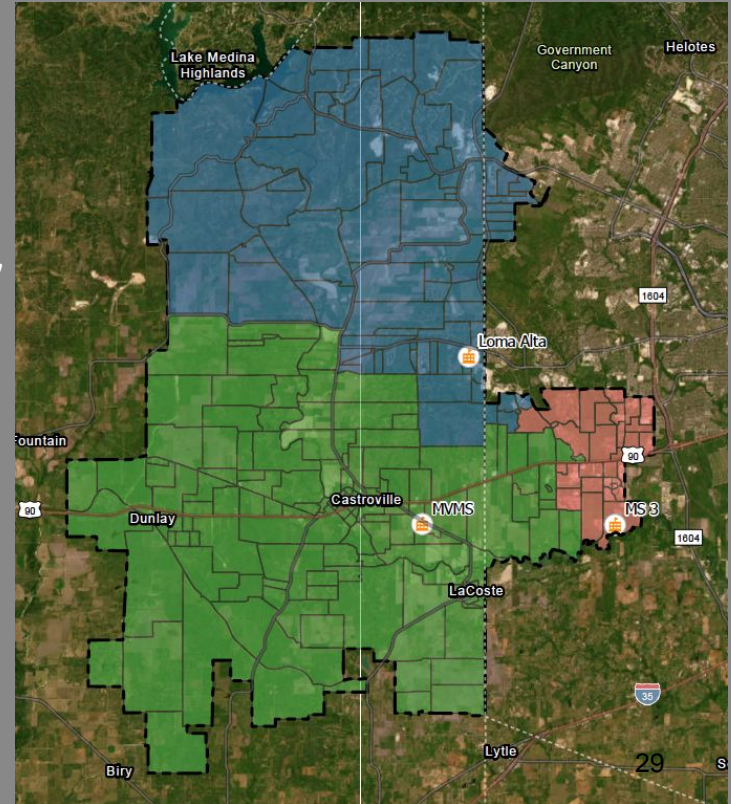

The proposed middle school attendance zones align with the district's current high school feeder patterns and would make Middle School #3 the only middle school serving students who will attend both Creek View HS and Medina Valley HS.

This recommendation supports transportation efficiency, improves student access, and reflects thoughtful consideration of community geography, future district growth, and balanced enrollment across middle school campuses.

Agenda Item Memorandum

To: MVIDS Board of Trustees

Date: May 26, 2026

Agenda item: Consider Approval of Medina Valley ISD's Educational Specifications for Elementary Schools.

Background Information

As of November 01, 2022, the Texas Education Agency Educational rule (Sec.61.1040) went into effect. The rule is designed to ensure districts meet educational adequacy with their capital improvement projects; a component of this rule is the adoption and formal School Board approval of Educational Specifications.

Administrative Consideration

Educational Specifications are written documents that serve to outline the design standards and functional needs for new school facilities and major renovations. They bridge educational programs and facility design, address instructional goals, district mission and values, as well as spatial relationships and technology. Effectively, they are created to ensure buildings and spaces support student learning.

These Educational Specifications will guide architects and designers in creating effective and engaging learning environments for Medina Valley ISD with future Elementary School projects.

Recommendation:

Administration recommends the Board approve the Medina Valley ISD's Educational Specifications for Elementary Schools as presented during the construction briefing report.

Agenda Item Memorandum

To: MVIDS Board of Trustees

Date: May 26, 2026

Agenda item: Consider Approving Texas Tile Company for Medina Valley High School floor renovations.

Background Information:

The flooring renovation will address the flooring in the cafeteria, foyer between the Gym and the Cafeteria and the hallway between the two gyms. The total square footage is 13,000.

The District solicited bids from three flooring contractors for the Medina Valley High School flooring renovation project. The project includes removal of the existing tile, grinding and polishing of the original concrete flooring, and replacement of all baseboards and ramp/stair treads.

Administrative Consideration:

Three bids were received with only one bid being part of the BuyBoard Co-Op.

Agenda item: Consider award of RFCSP 26-003 for the Multi-Campus Kitchen Freezer and Cooler Refrigeration Upgrades Project to WR Griggs in the amount of \$325,000.00.

Background Information

District staff and SKYE MEP engineers worked together in preparing an RFCSP for the multi-campus kitchen freezer and cooler refrigeration upgrades project. The proposing companies were to be evaluated on relevant experience, project management ability, subcontractor, and price/financial stability.

Administrative Consideration

The District accepted bids for this RFCSP on April 30, 2026 where 2 bids were submitted. Base Bids ranged from \$325,000.00 to \$577,092.59. District Staff and SKYE MEP engineers have reviewed and ranked the proposals based on the information provided by the contractors using the published selection criteria. Bidders were instructed to separate the equipment cost from the infrastructure material cost due to the need to split fund the project.

After reviewing and checking references the ranking is as follows:

Evaluation Summary

Contractor	Contractor Qualifications (20) Points	Project Management (20) Points	Fees (60) Points	Total (100) Points	Contract Amount
ARI	20.00	12.00	45.00	77.00	\$577,092.59

Funding Source:

Child Nutrition Capital Project Fund (240) - \$112,000.00

Capital Project Budged Funds (199) – \$213,000.00

Recommendation:

It is recommended that the Board approve the award for the Multi-Campus Kitchen Freezer and Cooler Refrigeration Upgrades Project to WR Griggs for an amount of \$325,000.00 and authorize the superintendent to negotiate the terms of the contract.

Agenda Item Memorandum

To: MVIDS Board of Trustees

Date: May 26, 2026

Agenda item: Consider Approval of Capital Improvement Fund Expenditures to Purchase Additional Portable Building Material, Furniture, Fixtures, and Equipment.

Background Information

As part of previously approved portable purchases, additional materials, fixtures, and equipment will be required to equip the portables in preparation for the 26-27 school year. Some of these items include permits, technology racks, metal ramps, and security items.

Administrative Consideration

The District staff procured and budgeted items as listed below

Attendance Areas	All students must attend the school in the attendance area in which the parent/guardian resides, unless a transfer is granted.
Categories of Intradistrict Transfers	To facilitate communication, an intradistrict transfer shall be categorized as follows.
Program Transfer	A student may apply to attend another District school in order to attend a specific education program if the program is not offered at the school to which the student is assigned. Such a request shall be dependent upon the student being admitted to the specific program and shall require continuous enrollment to remain in effect. District-approved UIL guidelines apply if a student is withdrawn from the program.
Parent Choice Transfer	Parent Choice Transfers allow students not zoned to the school to attend on a yearly basis. Transfers are approved based upon the criteria for transfers set forth in policy and this regulation A parent may request assignment of his or her child to a different school under the provisions of policy FDB(LEGAL). Parental choice transfer requests may be denied on the basis of the student's record (e.g., excessive absences, tardies, or poor conduct), for lack of timeliness in filing the request, for lack of space, or for the absence of needed program services or support facilities. Spaces available for parental choice transfers may be calculated based upon facility capacity, class size, projected enrollment, and growth. District-approved UIL guidelines govern.
Employee's Children Transfer	<p>As a benefit to a full-time employee of the District, a transfer shall be available for the employee's child to the campus the employee chooses.</p> <p>Children of employees are defined as those who are:</p> <ul style="list-style-type: none">• the biological child to the employee,• under legal guardianship of the employee by court order, or• the step-child of the employee residing in the same residence as the employee. <p>Transfers of children may be non-renewed if the parent is no longer an employee of the district.</p>
Students Who Are Victims of Bullying	If an investigation reveals that bullying occurred, the Superintendent or designee may approve a classroom or in-District transfer of the student who is a victim of bullying. Transfer

of a student who is the victim of bullying will be based on the following:

- Severity of the bullying incident(s).
- Persistence of the bullying incident(s).
- Frequency and number of incidents involved.
- Number of students involved in the incident(s).
- Past behavior and disciplinary history.
- Likelihood of the bullying to continue.
- Student response to intervention(s), including, but not limited to counseling and discipline, as applicable.
- Mitigating factors related to the bullying incident(s).
- Continuity of instruction.
- Age and grade of placement of the student.
- Time remaining in the year.

Parent Request

If an investigation reveals that bullying occurred, the parent(s) of a student who is the victim of bullying may request a classroom or intradistrict transfer for his or her child. Requests must be made on the District form provided and should be submitted to the Superintendent or designee.

Students Who Engage in Bullying

If an investigation reveals that bullying occurred, the Superintendent may make a recommendation to the Board regarding the classroom or in-District transfer of the student who engaged in bullying. A recommendation to transfer a student who engaged in bullying will be based on the following:

(Revise this list based on District policy and practice)

- Severity of the bullying incident(s).
- Persistence of the bullying incident(s).
- Frequency and number of incidents involved.
- Number of students involved in the incident(s).
- Past behavior and disciplinary history.
- Likelihood of the bullying to continue.
- Student response to intervention(s), including, but not limited to counseling and discipline, as applicable.

- Mitigating factors related to the bullying incident(s).
- Continuity of instruction.
- Age and grade of placement of the student.
- Time remaining in the year.

The transfer of a student with a disability who receives special education services and who engaged in bullying may be made only by a duly constituted ARD committee under Education Code 37.004.

Harassment

Allegations of harassment will be addressed in accordance with Board policy FFH.

Procedures

Student transfer applications will be accepted during a designated time frame each year (specific dates determined and advertised annually).

Once a transfer is approved, the expectation is that the student will remain at the requested campus until the student has completed all grades offered at that campus. The student will not be allowed to apply for a transfer to a different campus for the remainder of their elementary, middle, or high school tenure.

Closed Campuses

A list of closed campuses will be available on the district's website. When a campus becomes closed to transfers, students currently enrolled at the campus on transfer status and who are in good standing regarding the criteria will be allowed to continue on transfer status for the upcoming years if space permits.

Siblings

Siblings of students on transfer may receive preference in attending the same school on transfer status during the same school year in which a sibling is assigned, and where such sibling has previously attended. However, transfers are not guaranteed for the sibling and criteria must continue to be met and space available.

**Space and
Instructional Staff**

Elementary

- Projected enrollment for the campus must be below 90% of the capacity of the campus.
- Pre-K students must meet eligibility requirements and enroll through the pre-K registration process.
- Kindergarten through fifth grade classrooms are open to transfers if they do not exceed district established class size ratios.

Secondary

- Projected enrollment for the campus must be below 90% of the capacity of the campus.
- The class size ratio in any course the student is scheduled for may not exceed district established ratios.

Minimum Standards In consideration of a student transfer, the following guidelines must be met:

Student Discipline

- A student should have no more than three (3) PEIMS reportable discipline violations in any school semester resulting in in-school suspension or out-of-school suspension.
- A student should have no more than six (6) discipline referrals for the previous two school semesters.
- A student may not have been assigned to, attended, or otherwise withdrawn from a Discipline Alternative Educational Placement (DAEP) program or Juvenile Justice Alternative Education (JJAEP) Program, during the previous school year, when applying for a student transfer.

Student Attendance

A student should have an attendance rate of 90% or better in any school semester for the previous year.

Transportation

Except as otherwise provided by state law, District policy, or Board action, transportation for a transfer student shall be the responsibility of the student and family.

UIL Eligibility

University Interscholastic League (UIL) participation or eligibility will not be a consideration during the process of approving or denying an intradistrict transfer. The approval of an intradistrict transfer does not guarantee UIL eligibility. University Interscholastic League (UIL) guidelines on eligibility as it relates to transfer students shall be followed for all extracurricular activities.

A student approved as an intradistrict transfer at his or her first opportunity may gain UIL varsity eligibility provided all UIL guidelines have been met.

If the student returns to his or her home campus, or if the transfer is revoked for academic, attendance, or behavioral purposes, he or she shall lose UIL eligibility for varsity athletics for at least one calendar year from the date of enrollment in the home campus.

Appeals

If a transfer request is denied, the parent/guardian or person standing in parental relation to the student may appeal the

decision in accordance with FNG(Local) and GF(Local) as appropriate.

Transfers Revoked

In all cases, MVIDS reserves the right to revoke a transfer if the receiving school becomes overcrowded and/or other circumstances merit reconsideration.

The campus administrator may revoke a transfer for the following reasons:

- Persistent and documented Student Code of Conduct infractions
- Violation of the Student Code of Conduct that results in assignment to the district or Juvenile Alternative Education Program
- Documented patterns of absences, truancy, late arrivals
- Student arrest
- Failure to maintain enrollment in a programmatic transfer

Except in cases involving student safety concerns, transfer status will be reviewed every six weeks and may be revoked at the end of the current semester.

A student who has their transfer revoked will be ineligible to apply for transfer for one calendar year.

Disclaimer

The district understands that unique situations may arise. Extenuating circumstances may be considered on a case-by-case basis at the Superintendent's discretion, in accordance with district policy.
