Subject: **COVID-19 Updates**

**Background:**

At its regular meeting held on Monday, April 13, 2020, the Board of Trustees voted unanimously to delegate authority to Superintendent Dr. Bonny Cain to respond to the COVID-19 emergency. Since that meeting, the district has taken the following steps to respond to COVID-19:

- Full compliance with Governor Greg Abbott’s mandate to close schools for the remainder of the 2019-20 school year.
- Plan in place to continue distance learning through the end of the 2019-20 school year.
- Continued check-out of devices to students, with more than 2,500 devices loaned thus far.
- Distribution of student meals on Mondays, Wednesdays, and Fridays at five locations throughout the district.
- Wi-Fi access available for students at more than 20 locations throughout the district.
- Tentative dates for in-person graduation ceremonies set: Saturday, July 18, for Global High School, and options of Saturday, June 20, Friday, July 17, and Saturday, August 8, for Waxahachie High School.
- Plan in place to allow students to pick up any belongings left on campus, along with end of year items like yearbooks and school pictures. Students will also turn in devices, library books, and other items borrowed from the campus at that time.
- Pre-registration process for pre-K and Kindergarten for the 2020-21 school year, which will enable district administrators to determine staffing for those grade levels.
- Cheerleading and drill team auditions have been conducted via online platforms.

Subject: **Texas Association of School Boards Pay Study**

**Background:**

The Texas Association of School Boards was retained to complete a District pay study that will help to determine how salaries are aligned with similar sized districts and comparative educational markets locally and throughout the state. TASB completed the review and shared recommendations for the District.

Industry best practices call for a compensation review to be performed every three years and a pay study has not been done by the district for more than 10 years.

Subject: Pre-K/K pre-registration and PreK zones for 2020-2021

**Background:**

The district will utilize an online pre-registration format in place of tradition PreK/K round up at campuses.

The district has added 2 additional PreK sites for the 2020-21 school year. Each PreK campuses will have an attendance zone based on enrollment numbers from the 2019-20 school year.

**PreK/Kindergarten Pre-Registration:**

Due to COVID-19 we were unable to hold traditional PreK/K round ups on campuses this year. In order to allocate staff appropriately, we have posted a pre-registration link for PreK/K on the district website. The pre-registration form will gather names, addresses, parent contacts and birthdays into a Google form. Parents can pre-register their children through May 22 using this link.

In addition to posting the link on the website, we have emailed current parents through School Messenger and posted the link to social media pages.

Principals will use the form to mail enrollment packets to families this summer. Parents must complete the enrollment packet and turn in required documentation to the campus to complete the registration process. More information will be available at WISD.org in the “Back to School Toolkit” by Monday, June 8.

**Pre-Kindergarten Campus Assignments:**

Pre-Kindergarten programming will be held at Turner Pre-Kindergarten Academy as well as Marvin Elementary and Northside Elementary for the 2020-2021 school

year. Students will be assigned a campus based on their elementary zoned home address. Children of WISD employees may request a specific campus.

Dunaway attendance zone

Shackelford attendance zone

Clift attendance zone

Simpson attendance zone

Students from all zones in special programs such as bilingual and special education

9. Public funds investment pools as permitted by Government Code 2256.016.

**Safety** The primary goal of the investment program is to ensure safety of principal, to maintain liquidity, and to maximize financial returns within current market conditions in accordance with this policy. Investments shall be made in a manner that ensures the preservation of capital in the overall portfolio, and offsets during a 12-month period any market price losses resulting from interest-rate fluctua-

tions by income received from the balance of the portfolio. No individual investment transaction shall be undertaken that jeopardizes the total capital position of the overall portfolio.

**Investment  
Management**

In accordance with Government Code 2256.005(b)(3), the quality and capability of investment management for District funds shall be in accordance with the standard of care, investment training, and other requirements set forth in Government Code Chapter 2256.

**Liquidity and  
Maturity**

Any internally created pool fund group of the District shall have a maximum dollar weighted maturity of 180 days. The maximum allowable stated maturity of any other individual investment owned by the District shall not exceed three years from the time of purchase. The Board may specifically authorize a longer maturity for a given investment, within legal limits.

The District's investment portfolio shall have sufficient liquidity to meet anticipated cash flow requirements.

**Diversity**

The investment portfolio shall be diversified in terms of investment instruments, maturity scheduling, and financial institutions to reduce risk of loss resulting from overconcentration of assets in a specific class of investments, specific maturity, or specific issuer.

**Monitoring Market  
Prices**

The investment officer shall monitor the investment portfolio and shall keep the Board informed of significant changes in the market value of the District's investment portfolio. Information sources may include financial/investment publications and electronic media, available software for tracking investments, depository banks, commercial or investment banks, financial advisers, and representatives/advisers of investment pools or money market funds. Monitoring shall be done at least quarterly, as required by law, and more often as economic conditions warrant by using appropriate reports, indices, or benchmarks for the type of investment.

**Monitoring Rating  
Changes**

In accordance with Government Code 2256.005(b), the investment officer shall develop a procedure to monitor changes in investment ratings and to liquidate investments that do not maintain satisfactory ratings.

**Funds/Strategies**

Investments of the following fund categories shall be consistent with this policy and in accordance with the applicable strategy defined below. All strategies described below for the investment of a particular fund should be based on an understanding of the suitability of an investment to the financial requirements of the District and consider preservation and safety of principal, liquidity, marketability of an investment if the need arises to liquidate before maturity, diversification of the investment portfolio, and yield.

Subject: Resolution for reimbursement of costs

|                |
|----------------|
| <b>Consent</b> |
|----------------|

When the original May 2020 bond proposal was presented, it contained three components that included purchasing land, performing HVAC and maintenance projects, and designing the next elementary campus. In an effort to tackle needed projects and improve efficiencies going forward, the District is continuing to work on these components even though the bond election has been canceled.

All of these expenditures will be incurred by the general fund and will be funded from fund balance, but they are eligible to be reimbursed with bond proceeds, upon their issuance. The attached resolution expressed official intent to, and authorization for, the reimbursement of certain expenditures with bond funds.

These expenditures are specifically related to the purchase or land for future school sites, HVAC and maintenance projects at existing campuses (specifically Finley roof and Howard geothermal repair/replacement), and design fees with VLK related to a new elementary campus. In all, this authorization would only be eligible for up to \$5,000,000 on these projects, in total.

**Recommendation:**

Approve resolution express intent to, and authorization for, reimbursing certain expenditures with bond funds, upon their approval by voters and issuance.

Subject: Proclamation 2020

**CONSENT**

**Background:**

TEA establishes the curriculum and instruction standards for each grade level and content area. Periodically, these materials are updated and approximately every 8 year in accordance with a schedule published by TEA. As part of the adoption update process, District can utilize their allocated state funding for Educational Materials and Technology (EMAT) to purchase new curriculum materials as part of the adoption process.

Last year, the proclamation cycle included ELAR courses through 7<sup>th</sup> grade. This year's proclamation cycle is HS level ELAR courses including Pre-AP, AP, and practical writing courses.

The curriculum department, through secondary ELAR content coordinator Glenda Anderson, organized groups of teachers in these subject areas to review materials approved by TEA for possible adoption. After the teachers reviewed the materials, they voted on the publisher's materials they most wanted for their sections. These recommendations were reviewed by the EMAT committee for final recommendation and available funding for these purchases.

At this time, the EMAT committee has not made a final review/recommendation, but that process will happen before the board meeting. All materials adopted would be for an 8-year period.

**Recommended Materials from Teachers:**

The practical writing team elected to not purchase materials at this time due to expecting a small number of enrolled students with the EOC waiver this year. Needed materials will be purchased with allotted campus funds.

The ELAR (on-level) team recommend the purchase of materials from McGraw-Hill to include up to two novels. Traditionally, the District has purchased class sets of textbooks with additional books purchased for special education classes, DAEP classes, and for checkout from the library in the event a student needed to take a book home. The recommendation from the teachers is for consumable materials for each student in this adoption. This recommendation (consumable materials) increases the cost of the adoption by approximately \$197,000.

The Pre-AP team recommended the purchase of materials from Springboard, also in a consumable format. These materials come at an additional cost of approximately \$53,000.

The AP team recommended the purchase of materials from Performance Learning at a cost of \$23,897.70.

The total recommendation from the HS ELAR team is for \$541,257.70. Purchasing class sets of materials would be approximately \$291,999.70 for the same adoption materials. The EMAT committee has accepted the teachers' recommendation for consumable materials and recommends to the board to purchase these materials in a consumable format. McGraw-Hill has stated that if consumable materials does not work for us during the course of the adoption, they would allow us to switch to the hard-bound class set of books.

Currently, the EMAT fund has approximately \$483,557.23 in available funds for this purchase. A purchase of all consumable materials will require the use of approximately \$60,000 of local funds to complete.

**Recommendation:**

Approve the purchase of Proclamation 2020 adoption materials for ELAR at a price not to exceed \$541,257.70.

Waxahachie ISD  
BOARD OF TRUSTEES

Date: May 11, 2020

Subject: Facilities/Operations

**CONSENT**

**BACKGROUND INFORMATION:**

WISD facilities department recently went out for proposals for the upcoming expiration of WISD Electricity Provider Contract. Proposals were received and another method of procurement, Reverse Auction, of a contract was discussed. Rejection of proposals received will enable WISD to move forward with the Reverse Auction process.

**BOARD ACTION REQUIRED:**

Consideration to reject all proposals received for Electric Service Provider RFP.

Waxahachie ISD  
BOARD OF TRUSTEES

Date: May 11, 2020

Subject: Facilities/Operations

**CONSENT**

**BACKGROUND INFORMATION:**

The current electrical contract is set to expire December 2020. WISD recently published an RFP seeking proposals from providers for an electricity contract. We received proposals from different providers that were submitted by the same broker (Texzon). In looking for the best electricity rate for the district, the possibility of using a Reverse Auction process makes securing the lowest rate by providers possible. We are looking at going away from the RFP process and utilizing the Reverse Auction process.

**RECOMMENDATION:**

Consideration and possible action to approve using Tradition Energy as provider, utilizing the reverse auction delivery method, for electrical services beginning with the expiration of current contract in December 2020. Contract with Tradition Energy would be for 120 months with a fixed rate of \$0.03589 per kWh.

Waxahachie ISD  
BOARD OF TRUSTEES

Date: **May 11, 2020**

Subject: **Temporary Access And Indemnity Agreement**

**Background:**

Waxahachie ISD has an opportunity to receive land located within Saddlebrook Estates for the purpose of the construction of an elementary school. Prior to committing any investment of funds into this possibility, Waxahachie ISD needs access to the site to conduct testing to determine the suitability for future construction.

**Recommendation:**

Approve the temporary access agreement with 287 Waxahachie LP.

Waxahachie ISD  
BOARD OF TRUSTEES

Date: May 11, 2020

Subject: TASB Delegate and Alternate

**Background:**

TASB's Delegate Assembly, composed of school district trustees from across Texas, is a crucial component of its governance structure. During the assembly delegates cast votes on resolutions that provide direction to the TASB board and staff in representing school district interests before state and national policy makers.

The 2020 Delegate Assembly will meet in conjunction with the TASB/TASA convention in Dallas on October 3. Waxahachie ISD representatives will hear reports from the TASB Board and its committees, elect association officers and trustees, and consider resolutions submitted by member districts.

The last time Waxahachie ISD sent delegates was at the 2015 conference. Mr. Gary Fox was the delegate and Mr. Matt Authier was the alternate.

**Recommendation:**

The Administration recommends that the board designate a delegate and an alternate for the 2020 TASB Delegate Assembly in Dallas.
