DISCUSSION

Leander ISD Board Meeting Agenda Item Information

Meeting Date: Monday, February 22, 2021

Agenda Item:	Consider Approval of Class Size Waivers
Purpose (this meeting):	<input type="checkbox"/> Discussion Item/Report Only <input checked="" type="checkbox"/> Action Requested
Administrator Responsible:	Karie Lynn McSpadden
Attachments:	TEA Waiver Request Class Size Compliance Plan Classroom Sections Report Over Limit Report 2-1-21

Background Information:

At the beginning of the school year, each school district in Texas is required to review its class size enrollment to determine whether its class sizes for grades kindergarten (K) through four meet the requirements of TEC §25.112. If the review indicates that any class for grades K-4 exceeds the allowable class size limit of 22 students per class (22:1), the district must submit a request to TEA for a class size exception. The district's board of trustees must approve this request within 30 days after the class size was exceeded. Note: class size limits do not apply to physical education classes or fine arts classes.

As of 2/1/21, Leander ISD has exceeded the 22:1 ratio in the following K-4 sections:

- (104) Cypress Elementary 1 section (Average class size in K-4 is 16.8, ratio exceeded in grade 4)
- (109) Bagdad Elementary 1 section (Average class size in K-4 is 17.9, ratio exceeded in grade 4)
- (112) Knowles Elementary 2 sections (Average class size in K-4 is 19, ratio exceeded in grade 3,4)

It is recommended that a Class Size Waiver Request be submitted for the campuses listed above. To ensure social distancing for in person students, this request is being submitted for the following reasons:

- All classes on the waiver are virtual empowered learning classes.
- Each campus average of grades K-4 remains at or below the 22:1 ratio.
- 686 K-4 sections are under the 22:1 ratio, the remaining 77 sections are only slightly over the 22:1 ratio
- the overall K-4 district student to teacher ratio is 18.1.

Administrative Recommendation:

It is recommended that you approve the waiver as presented.

Sample Motion:

I move that the Board approve the Class Size Compliance Plan and submit an application to the Texas Education Agency with class size waivers at the elementary campuses as presented.

Class Size Compliance Plan 2020-2021

The Leander Independent School District has made every effort to be in compliance with the class size limit of 22:1 in Kindergarten through Grade Four for the 2020-2021 school year. The district has monitored student enrollment on a daily basis since the school year began and will continue to monitor throughout the 2020-2021 school year.

The monitoring report indicates enrollment has exceeded the 22:1 ratio in the following K-4 sections:

- (104) Cypress Elementary 1 section (Average class size in K-4 is 16.8, ratio exceeded in grade 4)
- (109) Bagdad Elementary 1 section (Average class size in K-4 is 17.9, ratio exceeded in grade 4)
- (112) Knowles Elementary 2 sections (Average class size in K-4 is 19, ratio exceeded in grade 3,4)

Even though Leander ISD is submitting a class size waiver for the campuses mentioned above, the overall District student teacher ratio in grades K-4 is 18.1. The district's current compliance plan endorses the following actions:

- Leander ISD will monitor In-Person class size in order to support social distancing.
- Leander ISD will monitor Virtual Learning students return to campus and make staffing adjustments as needed.
- Leander ISD will monitor daily enrollment of students in order to make staffing decisions.
- Leander ISD will review annual demographer reports to assess growth occurring in the school district for projecting student enrollments and teacher needs.
- Leander ISD will review approved student transfers to campuses that exceed the 22:1 ratio.
- Leander ISD will plan, budget, and hire an adequate number of teachers to enhance more flexibility for growth and/or shift in student enrollments at elementary campuses once the school year begins.
- Leander ISD will review and evaluate staffing guidelines on a yearly basis to meet enrollment needs.

Leander ISD Board Meeting Agenda Item Information

Meeting Date: Monday, February 22, 2021

Agenda Item: Consider Approval of External Auditor for 2020-2021 Audit Services
Purpose (this meeting): Discussion Item/Report Only Action Requested
Administrator Responsible: Elaine Cogburn
Attachments: Whitley Penn 2020-2021 Engagement Letter

Background Information:

Section 44.008 of the Texas Education Code states “the Board of school trustees of each school district shall have its school district fiscal accounts audited annually at district expense by a certified or public accountant holding a permit from the Texas State Board of Public Accountancy. The audit must be completed following the close of each fiscal year. A copy of the annual audit report, approved by the board of trustees, shall be filed by the district with the agency not later than the 150th day after the end of the fiscal year for which the audit was made.”

The selected audit firm would provide audit services for the 2020-2021 fiscal year, with those services beginning in April 2021. Throughout the year, the firm also provides technical assistance in an advisory capacity.

While a managing partner is assigned to the district account, the field audit staff generally rotate each year. This has provided continuity with a firm that understands the district while maintaining independency in the fieldwork.

The current contract with Whitley Penn resulted from an RFP process in 2017. The contract allows for up to four annual renewable agreements (this would be the fourth annual renewal). Audit services include the independent audit, Federal single audit, as well as any additional audits imposed by state or federal regulation/legislation. According to the bid, the estimated cost for the 2020-21 audit work is \$75,300.

Administrative Recommendation:

The administration recommends that the Board of Trustees approve Whitley Penn be engaged to provide annual audit services for the 2020-2021 fiscal year.

Sample Motion:

I move that the Board of Trustees approve Whitley Penn be engaged to provide annual audit services for the 2019-2020 fiscal year.

January 18, 2021

To the Board of Trustees and Management
Leander Independent School District
204 W. South Street
Leander, Texas 78646

You have requested that we audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Leander Independent School District (the "District"), as of June 30, 2021 and for the year then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. In addition, we will audit the District's compliance over major federal award programs for the period ended June 30, 2021. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audits will be conducted with the objectives of our expressing an opinion on each opinion unit and an opinion on compliance regarding the District's major federal award programs.

Accounting principles generally accepted in the United States of America require that *the management's discussion and analysis* be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America:

- 1) Management's Discussion and Analysis
- 2) Budgetary Information
- 3) Pension and OPEB System Information

Supplementary information other than RSI will accompany the District's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on the following supplementary information in relation to the financial statements as a whole:

- 1) Combining and individual nonmajor fund financial statements and schedules
- 2) Texas Education Agency mandated Schedules

Schedule of Expenditures of Federal Awards

We will subject the schedule of expenditures of federal awards to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the schedule to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on whether the schedule of expenditures of federal awards is presented fairly in all material respects in relation to the financial statements as a whole.

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the financial statements:

- 1) Introductory Section
- 2) Statistical Section

Data Collection Form

Prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form is required to be submitted within the *earlier* of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

Audit of the Financial Statements

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we will request written representations from your attorneys, and they may bill you for responding. At the conclusion of our audit, we will also request certain written representations from you about the financial statements and related matters.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance (whether caused by errors, fraudulent financial reporting, misappropriation of assets, detected abuse, or violations of laws or governmental regulations) may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America and in accordance with the Uniform Guidance. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

In making our risk assessments, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit. Our responsibility as auditors is, of course, limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of the District's basic financial statements. Our report will be addressed to the governing body of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

We also will issue a written report on the District's compliance with the Uniform Guidance as it related to each of the major federal awards upon completion of our audit.

Audit of Major Program Compliance

Our audit of the District's major federal program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; and the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance and other procedures we consider necessary to enable us to express such an opinion on major federal award program compliance and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the District has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major federal award programs. Our procedures will consist of determining major federal programs and performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the District's major federal programs. The purpose of those procedures will be to express an opinion on the District's compliance with requirements applicable to each of its major federal programs in our report on compliance issued pursuant to the Uniform Guidance.

Also, as required by the Uniform Guidance, we will perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the District's major federal award programs. However, our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report.

We will issue a report on compliance that will include an opinion or disclaimer of opinion regarding the District's major federal programs, and a report on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such report will not express an opinion on internal control.

Management's Responsibilities

Our audit will be conducted on the basis that management and, when appropriate, those charged with governance acknowledge and understand that they have responsibility:

1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
2. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements;
3. For safeguarding assets;
4. For identifying all federal awards expended during the period including federal awards and funding increments received prior to December 26, 2014, and those received in accordance with the Uniform Guidance generally received after December 26, 2014;
5. For preparing the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the Uniform Guidance requirements;
6. For the design, implementation, and maintenance of internal control over compliance;
7. For identifying and ensuring that the District complies with laws, regulations, grants, and contracts applicable to its activities and its federal award programs and implementing systems designed to achieve compliance with applicable laws, regulations, grants, and contracts applicable to activities and its federal award programs;
8. For identifying and providing report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented;
9. For addressing the findings and recommendations of auditors, for establishing and maintaining a process to track the status of such findings and recommendations and taking corrective action on reported audit findings from prior periods and preparing a summary schedule of prior audit findings;
10. For following up and taking corrective action on current year audit findings and preparing a corrective action plan for such findings;

11. For submitting the reporting package and data collection form to the appropriate parties;
12. For making the auditor aware of any significant vendor / contractor relationships where the vendor / contractor is responsible for program compliance;
13. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, and relevant to federal award programs, such as records, documentation, and other matters;
 - b. Additional information that we may request from management for the purpose of the audit; and
 - c. Unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.
14. For adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;
15. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets; and
16. For confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility (a) for the preparation of the supplementary information in accordance with the applicable criteria, (b) to provide us with the appropriate written representations regarding supplementary information, (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information, and (d) to present the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management and, when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with the audit.

We understand that your employees will prepare all confirmations we request and will locate any documents or invoices selected by us for testing.

If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Fees and Timing

The timing of our audit will be scheduled for performance and completion as follows:

Document internal control and preliminary tests	April 2021
Perform year-end audit procedures	September 2021
Issue audit reports	November 2021

We anticipate meeting these deadlines barring any delays.

Celina Cereceres, CPA is the engagement partner for the audit services specified in this letter. Her responsibilities include supervising Whitley Penn, LLP's services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fee for the audit services will be based on the amount of time required and the difficulty of the work involved which we estimate to be \$75,300 and as stated in RFQ #FIN17CK – *Financial Audit Services*. The fee estimate for the audit is based on anticipated cooperation from the District's personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will keep you informed of any problems we encounter and our fees will be adjusted accordingly.

Our invoices for these fees will be rendered each month as work progresses and are payable on presentation and payment is due in Tarrant County. You agree to pay reasonable attorney fees and collection costs incurred relating to collection of fees for services performed under the terms of this engagement. In accordance with Whitley Penn, LLP policy, work may be suspended if your account becomes 30 days or more past due and will not resume until your account is paid in full. In addition, invoices not paid in full by the last day of the month after becoming 30 days or more past due will be assessed interest at a rate of one percent per month. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been complete even if we have not issued our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination. Our final auditors' report will be released upon final payment of any outstanding invoices.

You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you concerning the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

We would like to make the following comments regarding the fee estimates:

1. Our fee estimates have not considered the effects of any changes to auditing standards and accounting principles, which may be promulgated by the AICPA, Congress, or any other regulatory body in the future and are unknown to us at this time. If significant additional time is necessary resulting in increased fees, we will endeavor to notify you of any such circumstances as they are assessed.
2. The Organization's personnel are responsible for the preparation of all items requested in the Prepared by Client ("PBC") listing and received by the date requested. Any delays caused by not preparing the items when requested may result in additional fees, as well as the possibility of postponing our fieldwork. The PBC listing will be provided to you during the planning process of the engagement.
3. Time incurred for audit adjustments identified during our audit and the related additional testing required has not been considered in our fee estimates. Prior to performing any additional testing, we will notify you of the exceptions and obtain approval for any additional fees which may be incurred.
4. Our fee estimates are based on all general ledger sub ledgers being reconciled to the general ledger balance and any adjustment necessary should be recorded to the general ledger prior to our fieldwork start date.

The ethics of our profession prohibit the rendering of professional services where the fee for such services is contingent, or has the appearance of being contingent, upon the results of such services. Accordingly, it is important that our bills be paid promptly when received. If a situation arises in which it may appear that our independence would be questioned because of significant unpaid bills, we may be prohibited from issuing our auditors' report.

This letter replaces and supersedes any previous proposals, correspondence and understanding, whether written or oral. The agreements contained in this engagement letter shall survive the completion or termination of this engagement.

To ensure that Whitley Penn, LLP's independence is not impaired under the AICPA Code of Professional Conduct, you agree to inform the engagement partner before entering into any substantive employment discussions with any of our personnel.

In the unlikely event that differences concerning our services or fees should arise that are not resolved by mutual agreement, to facilitate judicial resolution and save time and expense of both parties, the District and Whitley Penn, LLP agree not to demand a trial by jury in any action, proceeding or counterclaim arising out of or relating to our services and fees for this engagement. Any controversy, dispute, or questions arising out of or in connection with this agreement or our engagement shall be determined by arbitration conducted in accordance with the rules of the American Arbitration Association, and any decision rendered by the American Arbitration Association shall be binding on both parties to this agreement. The costs of any arbitration shall be borne equally by the parties. Any and all claims relating to or arising out of this contract/agreement shall be governed by the laws of Texas and any dispute shall be finally resolved by the Texas courts as mutually agreed.

Other Matters

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

In the course of our services, our firm may transmit confidential information that you provided us to third parties in order to facilitate our services. As applicable, we require confidentiality agreements with all our service providers to maintain the confidentiality of your information and additionally the firm will take reasonable precautions to determine that our service providers have the appropriate procedures in place to prevent the unauthorized release of confidential information to others. We will remain ultimately responsible for the work provided by any third-party service providers used under this agreement. By your signature below, you consent to having confidential information transmitted via our portal Suralink. Please feel free to inquire if you would like additional information regarding the transmission of confidential information to entities outside the firm.

The audit documentation for this engagement is the property of Whitley Penn, LLP and constitutes confidential information. However, we may be requested to make certain audit documentation available to your pass-through regulatory entity and federal agencies and the U.S. Government Accountability Office pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision Whitley Penn, LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to these agencies and regulators. The regulators and agencies may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies. We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

With respect to any nonattest services we perform, the District's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities. Nonattest services include the preparation of the financial statements and full accrual entries.

During the course of the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

You agree to inform us of facts that may affect the financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

At the conclusion of our audit engagement, we will communicate to the Board of Trustees the following significant findings from the audit:

- Our view about the qualitative aspects of the District's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

In accordance with the requirements of *Government Auditing Standards*, we have attached a copy of our latest external peer review report of our firm for your consideration and files.

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the financial statements compliance over major federal award programs including our respective responsibilities.

We appreciate the opportunity to be your financial statement auditors and look forward to working with you and your staff.

Respectfully,

House Bill 3 (HB 3) Update: Board & District Goal Setting

House Bill 3 (HB 3) was passed by the 86th Texas Legislature in 2019 and signed by Gov. Greg Abbot. HB 3 requires school boards to adopt early literacy and mathematics proficiency and CCMR plans to post on their website:

- Boards must set specific annual goals for each campus for five years
- Goals are adopted for all students and for disaggregated student groups
- School boards must monitor progress toward these goals at least annually

The data below has been collected as a form of progress monitoring towards our annual update.

There are many other ways for students to achieve the CCMR standard beyond meeting TSI, but they are more difficult to predict (passing an Industry-Based Certification, enlisting in the Military, a Special Ed student graduating with a Workforce Readiness diploma plan, etc...). For context, in the Class of 2019 (most recent available), 74% of the graduates met TSI, while 88% met the CCMR criteria overall. This means 14% of students did not meet TSI, but demonstrated College, Career, or Military readiness through another metric. (For Class of 2018, the numbers were 72% and 86% - also a 14% difference). So we would project about 14% of the graduates will meet CCMR outside of TSI. (For 2020 & 2021, this may be even higher, since it has been a challenge to take SAT/ACT/TSI-A, but these students may have passed an AP exam or taken Dual Credit courses, in addition to the other possible metrics).

- B. Recognizing that Board members serve the Leander Independent School District without compensation for their service as trustees while also maintaining separate employment, Board members are permitted to engage in limited work on private or personal matters while travelling on school business, so long as the work or personal/private matter does not interfere with the Board member's ability to attend to the business of LISD.
- C. The District may not pay the travel expenses of spouses and other persons who have no responsibilities or duties to perform for the Board when they accompany a Board member to Board-related activities.
- D. For specific policies related to Board Member Travel Reimbursement, see Board Policy BBG. <http://pol.tasb.org/Policy/Code/1248?filter=BBG>

2. Meals: Without receipts, for overnight travel, Board members may claim per diem in the same manner and at the same rates as specified for employees in the Leander ISD Business Operating Guidelines. With receipts, meals for overnight and non-overnight travel may be reimbursed up to the rate for key officials as stated by the Texas Comptroller for the current fiscal year.

2. Entertainment or in-room movies
3. Alcohol
4. Souvenirs
5. Spouse/family expenses

Cancellation of conference registration, hotel, travel accommodations, etc. must be completed within the allowable “cancellation” timeline established by the vendor or sponsoring entity. Every attempt must be made by the Board Member to notify the Superintendent’s Administrative Assistant of such cancellation plans as soon as plans need to be changed. For cancellations not completed within the designated timeline, the loss of reimbursement eligibility and/or monetary commitment of the District shall be borne by the individual Board Member responsible for the cancellation, unless the cancellation is the result of personal illness or a family emergency or natural disaster.

Accounting records shall accurately reflect that no state or federal funds were used to reimburse travel expenses beyond those authorized for state employees.

A statement shall be submitted for all authorized expenses incurred, including receipts to the extent feasible, documenting actual expenses and in accordance with procedures applicable to employee expense reimbursement.

XVI. Conflicts of Interest

- A. Board members are expected to avoid conflicts of interest involving any matter pending before the Board. A conflict of interest is deemed to exist when a member is confronted with an issue in which the member has a personal or pecuniary interest or an issue or circumstances that could render the member unable to devote complete loyalty and singleness of purpose to the public interest. Accordingly:
1. If a Board member has a substantial personal or private interest in any matter pending before the Board, the member shall disclose such interest to the Board and shall not vote on the matter.
 2. A member of the Board shall not also be an employee of the district, nor shall a member receive any compensation for services rendered to the district. This provision shall not prohibit members from receiving reimbursement for authorized expenses incurred during the performance of Board duties.
 3. The Board shall not enter into any contract with any of its members or with a firm in which a member has a financial interest unless one or more of the following conditions apply:
 - a. The contract is awarded to the lowest responsible bidder based upon established competitive bidding procedures; or
 - b. The Board member is the highest bidder for merchandise sold at a public auction.
 4. A Board member is expected to avoid conflict of interest in the exercise of the member’s fiduciary responsibility. Accordingly, a Board member may not:
 - a. Disclose or use confidential information acquired during the performance of official duties as a means to further the Board member’s own personal financial interests or the interests of a member of the Board member’s immediate family;
 - b. Accept a gift of substantial value or economic benefit which would tend to improperly

Leander Independent School District Board Operating Procedures

- c. Engage in a substantial financial transaction for private business purposes with a person whom the Board member directly or indirectly supervises;
 - d. Perform an official act, which directly confers an economic benefit on a business in which the Board member has a substantial financial interest or is engaged as a counsel, consultant, representative or agent.
- B. Board members are encouraged to file an affidavit disclosing a substantial interest in a business entity or real property to identify potential conflicts of interest to the public and vendors. See Board Policy BBFA (EXHIBIT).
- C. For specific policies related to Board Member Ethics and Conflicts of Interest, see Board Policies BBFA(LEGAL and LOCAL).

XVII. Addressing Board Member Violations

- A. The Board and each of its members are committed to faithful compliance with the provisions of the Board's policies. In the event of a member's willful violation of policy, the Board will seek remedy by the following sequential process:
- 1. Private conversation between the offending member and the Board president or other Trustee;
 - 2. Discussion in executive session between the offending member and the full Board; and
 - 3. Upon an affirmative vote of a simple majority, public censure of the offending member of the Board.
- B. For specific policies related to Board Member Removal from Office see BBC(LEGAL).

Leander ISD Board Meeting Agenda Item Information

Meeting Date: Monday, February 22, 2021

Agenda Item: Consider Approval of Emergency Declaration to Expedite Procurement of Facility Repairs

Purpose (this meeting): Discussion Item/Report Only Action Requested

Action Requested (future meeting): February 22, 2021

Administrator Responsible: Jimmy Disler, Shawn Swisher

Attachments: N/A

Background Information:

Board Policy CH(LEGAL) provides that "If school equipment, a school facility, or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and a board determines that the delay posed by the methods provided for in Education Code 44.031 would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or the part of the school facility may be made by methods other than those required by Education Code 44.031." (Education Code 44.031(h))

Leander ISD, like many area school districts, has experienced weather related damage to a number of our facilities. This is due to the extensive amount of time the interior of some facilities were below 32 degrees during the power blackouts. Approval of this motion will allow the superintendent to delegate to the construction department the ability to expedite the contracting with companies to perform the needed repairs and waive the requirements for competitive bidding under Texas Government Code 2269.

Administrative Recommendation:

The administration recommends the Board approve an emergency declaration giving the superintendent and designees the ability to begin repairs to district's facilities due to recent severe weather per Policy CH(Legal).

Sample Motion:

I move the Board of Trustees approve an emergency declaration allowing the superintendent and his designees the ability to begin repairs to district facilities due to the recent severe weather event per Policy CH(Legal).

Meeting Date: Monday, February 22, 2021

Agenda Item:	Discussion of All Matters Incident and Related to Opportunities for the Refunding of Certain Outstanding Bonds of the District for Debt Service Savings, including a Discussion Regarding the Plan of Finance for the Issuance of Refunding Bonds
Purpose (this meeting):	<input checked="" type="checkbox"/> Discussion Item/Report Only <input type="checkbox"/> Action Requested
Action Requested (future meeting):	February 25, 2021
Administrator Responsible:	Elaine Cogburn, John Crumrine (PFM)
Attachments:	PFM – Market Update and Refunding Opportunity Debt Service Model – PFM (<i>to be loaded prior to the Board meeting</i>) Glossary: Terms Associated with Bond Transactions

Background Information:

The current bond market and low interest rates have created an attractive environment to advance refund some of the district's outstanding bond obligations under a taxable refunding. PFM, the district's financial advisor has prepared an analysis of the savings the district could experience by refunded specific bond issues. Based on today's interest rates, a refunding would generate \$63 million in present value savings or 22.7%. The savings impact greatly reduces the districts debt obligation in years 2039 & 2040 and brings savings to years 2023-2025. The information presented at this time focuses solely on the savings generated from a stand along refunding. The options for adding an issuance of new money under the 2017 Bond Authorization will be brought forward separately.

John Crumrine, Director, PFM Financial Advisors LLC will participate in the meeting to discuss the refunding opportunities. If the Board agrees with the proposal, a Parameter Order will be submitted for approval at the February 25, 2021 meeting.

Also attached is a glossary of terms associated with bond refundings.

Glossary: Terms Associated with Bond Transactions

Arbitrage

Arbitrage is earned when the proceeds of a tax-exempt or tax-advantaged bond issue are invested at a rate that earns a yield greater than the bond yield (or arbitrage yield), the average yield issuers pay to their bondholders. For example, the district issues bonds that yield a rate of 3% and the bond proceeds are placed in investments that earn more than 3%. *(Source: PFM Financial Advisors LLC)*

Defeasance

A defeasance is a financing tool by which outstanding bonds may be retired without a bond redemption. Cash is used to purchase government securities. The principal and interest earned on the securities are sufficient to meet all payments of principal and interest on the outstanding bonds as they become due.

Essentially, defeasance allows an issuer to collateralize outstanding debt with a portfolio of "risk-free government securities", thereby instantly removing the debt from the issuer's balance sheet. This occurs because the government securities generate the cash flow needed to pay all interest and principal on the outstanding bonds when due. In a legal context, defeasance renders the outstanding bonds paid thereby removing all obligations of the issuer for payment of the bonds. *(Source: Municipal Bond Advisor)*

Negative Arbitrage

Negative Arbitrage on a bond refinancing is the amount of debt service savings lost due to proceeds being invested at a lower interest rate in the escrow than the interest rate on the new bonds. When a district refunds (refinances) debt prior to its call date or maturity date, funds are placed into an escrow account to pay the bond payments as they come due. When the earnings on that escrow account are less than the interest rate on the new debt, negative arbitrage reduces the amount of overall savings gained.

Refunding

Bond refundings or "refundings" are used by state and local governments most frequently to achieve debt service savings on outstanding bonds. Refunding bonds are characterized as either current refundings or advance refundings. A current refunding is one in which the outstanding (refunded) bonds are redeemed within 90 days of the date the refunding bonds are issued. In an advance refunding, the refunded bonds are redeemed more than 90 days from the date the refunding bonds are issued. Changes to federal tax law in late 2017 eliminated the ability of governments to issue tax-exempt advance refunding bonds. Taxable advance refundings of tax-exempt or taxable bonds are still permitted. *(Source: GFOA)*

Leander ISD Board Meeting Agenda Item Information

Agenda Item:	Discuss Leander Police Department Interlocal Agreement Third Amendment	
Purpose (this meeting):	<input checked="" type="checkbox"/> Discussion Item/Report Only	<input type="checkbox"/> Action Requested
Action Requested (future meeting):	Thursday, February 25, 2021	
Administrator Responsible:	John Graham and Brandon Evans	
Attachments:	Leander Police Department Interlocal Agreement Third Amendment	

Background Information:

Attached is 2020-2021 Leander Police Department interlocal agreement. An amendment was added to the agreement that will allow one uniformed Leander Police Officer to provide law enforcement services at the regularly scheduled school board meetings each month.

While there is no reason to believe that the board meetings or any trustee is in immediate harm, and there has not been any prior events that have prompted this change, it is vital to be prepared for all events that may potentially occur. As we continuously review our emergency preparedness plans a uniformed officer will allow us to be better prepared to prevent, mitigate and respond to any emergency. When an emergency strikes, our immediate response and prompt recovery will depend on the existing levels of preparedness among trustees and staff.

This service will be provided as long as the board of trustees' desire the service. The board of trustees may vote to discontinue this service at any time and provide written notice to the Leander Police Department a month in advance.

THIRD AMENDMENT TO THE INTERLOCAL COOPERATION AGREEMENT

This **THIRD AMENDMENT TO THE INTERLOCAL AGREEMENT** ("Third Amendment") is made and entered into by and between the City of Leander, a Texas home-rule municipal corporation ("City") and the Leander Independent School District, an independent school district and political subdivision of the State of Texas ("LISD"), acting by and through their duly authorized representatives. City and LISD are sometimes referred to herein jointly as the "Parties".

WHEREAS, City and LISD are parties to that certain Interlocal Cooperation Agreement dated August 1, 2000 ("Interlocal Agreement");

WHEREAS, City and LISD desire to amend the Interlocal Agreement in certain respects including school resource officer responsibilities and other terms, all to be effective and binding on City and LISD;

NOW, THEREFORE, for and in consideration of the mutual covenants, conditions and undertakings hereinafter described, the Parties agree as follows:

A. Article 1., Section 1.02. of the Interlocal Agreement shall be **revised to have the last current section labeled as section (c) and new section (d) added** as follows:

"Section 1.02. Campus Police Services. The police officers to be provided by the City Pursuant to the agreement may be assigned to any LISD campus on each day; in which classes for the campuses are in session for the purpose of providing traffic control, law enforcement and assisting the administration with general public safety services during school hours. The SRO shall assist the superintendent, principals, faculty, and staff in enforcing the campus code of conduct and other school rules in order to maintain a safe learning environment.

(a) When it pertains to preventing a disruption that would, if ignored, place students, faculty and staff at risk of harm, the SRO will resolve the problem to preserve the school climate.

(b) In all other cases, disciplining students is LISD responsibility and the SRO will intervene and take students who violate the code of conduct to the principal where school discipline can be meted out.

(c) The officers will also be available to the LEO Center. Each officer will generally be on a campus for the hours mutually agreed upon by the Chief of Police of the City and the campus principal each day of the school year on which classes are held. Each officer shall work and coordinate with the campus principal or official designated by the campus principal but shall be directly supervised by their police department supervisor. The duties, schedule and

responsibilities of the officer on days and during periods when classes are not in session at the campuses shall be determined solely at the discretion of the Chief of Police. The officers that are regularly assigned to duty pursuant to this section shall be subject to the approval of the Superintendent and the campus principal; provided that officers that are only temporarily assigned to such duties will be subject to approval by the Superintendent and campus principal only if other officers are readily available to the police department supervisor for such assignment.”

(d) One police officer will provide law enforcement services at the regularly scheduled school board meetings each month. This service will be provided as long as the school board desires the service. The school board may vote to discontinue this service at any time and provide written notice to the Leander Police Department a month in advance. Once stopped, it may be restarted in the same manner with written notice a month in advance. An addendum to this inter-local will not be required in either case. This section is intended to provide the mechanism for this service. The service will be charged to LISD via the city’s standard billing agreement for the account designated by LISD. This service is not intended to extend to any special school board meetings unless written notice to the Leander Police Department a month in advance of the special meeting.

B. In the event any provision of this **Third** Amendment shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof, but rather this entire agreement will be construed as if not containing the particular invalid or unenforceable provision or provisions, and the rights and obligations of the Parties hereto shall be construed and enforced in accordance therewith. Action Requested (future meeting):	Thursday, February 25, 2021	
Administrator Responsible:	Jimmy Disler, Corey Ryan	
Attachments:	Elementary School Attendance Zoning Presentation Scenario 28B Scenario 29B	

Background Information:

With the opening of Tarvin ES in 2021, and Elementary 29 in 2022, administration will present information to the Board related to elementary school attendance zone changes. As a reminder, this zoning process will include changes to the bilingual attendance zones/feeder patterns. Once the Board adopts an elementary attendance zoning scenario, administration will begin developing bilingual attendance zone/feeder pattern scenarios for community feedback. The same community input process will be followed as the elementary attendance zoning process and a scenario will be presented to the board for approval and adoption.

Administration published its first two scenarios, 28A and 29A, on November 10, 2020. Below is a brief summary of these two scenarios.

Scenario 28A

- Provided Tarvin Elementary with an efficient opening enrollment
- Provided some crowding relief at Parkside ES, Pleasant Hill ES, and Akin ES
 - To provide Akin ES relief, neighborhood codes (NBCDs) 1675 (Cold Springs) and 1680 (Hazlewood) moved to Pleasant Hill ES
 - Akin ES maintained a healthy enrollment for future years and provided potential stability for NBCDs 1675 and 1680
- Middle school feeder patterns aligned better
 - NBCDs 1675 and 1680 moving to Pleasant Hill ES which feed Wiley MS
- Tarvin ES would feed Danielson MS (30%), Stiles MS (39%) and Wiley MS (31%) until MS 10 opens in 2024-25

Scenario 29A

- Provided ES 29 with an efficient opening enrollment
 - All of Summerlyn (NBCDs 1100, 1105, 1115 and 1120) move to ES 29
- Provided some crowding relief at Larkspur ES and Plain ES
 - Plain ES receives additional relief with ES 32 opening in 2024-25
 - In 2026-27, ES 29 is projected to reach 122% capacity (978 students) while Larkspur ES is at 86% capacity (722 students)
 - In 2030-31, ES 29 is projected to reach 134% capacity (1075 students) while Larkspur ES is at 91% capacity (759 students)
- Middle school feeder patterns percentages for ES 29, Larkspur ES and Plain ES are 100% to Danielson MS and Glenn HS

Administration conducted a ThoughtExchange survey and informational webinar in order to gather community feedback. Most of the feedback was from the Hazelwood and Cold Springs community expressing their desire to remain zoned to Akin Elementary. Scenario 28A and 29A accomplish the first and fourth priority of the attendance zoning charter which are school size and feeder pattern.

As a result of that feedback, administration published two additional scenarios, 28B and 29B. Below is a brief summary of these two scenarios.

Scenario 28B

- Provides Tarvin Elementary with an efficient opening enrollment
- Provides some crowding relief at Parkside ES and Pleasant Hill ES
 - NBCDs 1675 and 1680 remain at Akin ES in proximity to their community
 - Akin ES does not see relief until the opening of ES 30 in 2023-24
- Could require moving NBCDs 1425 (Vista Oaks East) and 1450 (Mayfield Ranch) further from their current school to ES 30 in 2023-24
 - NBCDs 1425 and 1450 were rezoned in 2017 to Akin ES
 - NBCDs 1675 and 1680 could be rezoned from Akin ES in 2029 based on current growth projections
- NBCDs 1675 and 1680 remain the only neighborhoods going from Akin ES to Wiley MS instead of Stiles Middle School (25%)

Scenario 29 B

- Provides ES 29 with an efficient opening enrollment and room to grow over the next ten years
 - A portion of Summerlyn (NBCDs 1105) remains at Larkspur to allow for growth
- Provides long term crowding relief at Larkspur ES and Plain ES (Plain ES will likely need additional in the future)
 - In 2026-27, ES 29 is projected to reach 100% capacity (802 students) and Larkspur ES is at 108% capacity (898 students)
 - In 2030-31, ES 29 is projected to reach 113% capacity (902 students) and Larkspur ES is at 112% (932 students)
- Middle school feeder patterns percentages for ES 29, Larkspur ES and Plain ES are 100% to Danielson MS and Glenn HS

Virtual town hall meetings were held on February 2nd and 4th to gather additional feedback from the community on Scenario 28B and 29B. Feedback regarding these two scenarios have indicated some support due to keeping Hazelwood and Cold Springs at Akin, some community concern about the continued overcrowding at Akin Elementary, and some concern regarding splitting the Summerlyn (1105) community between Larkspur Elementary and Elementary 29. Scenario 28B and 29B accomplish the second and third priority of the attendance zoning charter which are proximity and minimize change.

When considering all community feedback for the published scenarios, administration recommends the Board adopt Scenario 28B and Scenario 29B. Additionally, administration recommends the following student transfer exceptions be adopted along with Scenario 28B and Scenario 29B. These student transfer exceptions will apply only to this elementary school zoning process and will not change our current student transfer guidelines.

Elementary School Transfer Exceptions:

A reverse moratoria will be placed on Tarvin Elementary School for the 2021/22 school year, therefore, no transfer requests out of the campus would be approved. However, administration recommends the Board allow incoming 5th grade students and their siblings who are rezoned beginning in 2021/22, to apply for a transfer and remain at their current zoned campus. This would apply for the 2020/21 school year only and any sibling(s) must attend the campus in the same school year for the sibling rule to apply.

A reverse moratoria will be placed on Elementary 29 for the 2022/23 school year (or the year the campus opens), therefore, no transfer requests out of the campus would be approved. However, administration recommends the Board allow incoming 5th grade students and their siblings who are rezoned beginning in 2022/23, to apply for a transfer and remain at their current zoned campus. This would apply for the 2022/23 school year only and any sibling(s) must attend the campus in the same school year for the sibling rule to apply.

Any elementary school student attending a campus under an approved voluntary transfer will not be eligible for transportation. Parents would be required to provide transportation for their transfer students.

Please contact Jimmy Disler with any questions.

Administrative Recommendation:

Administration recommends the Board adopt Scenario 28B as the 2021/2022 attendance zones, Scenario 29B as the 2022/23 attendance zones (or the year the campus opens), and the student transfer exceptions, as presented.

Sample Motion:

I move that the Board adopt Scenario 28B as the 2021/2022 attendance zones, Scenario 29B as the 2022/23 attendance zones (or the year the campus opens), and the student transfer exceptions, as presented.

Attendance Zoning

Tarvin Elementary (ES28) and Elementary 29

General Description:

Recommend attendance zone boundaries for elementary schools beginning with the 2021-2022 school year with the opening of Nancy Tarvin Elementary School, (Elementary 28).

Expected Results:

Develop and recommend a detailed attendance zone plan for elementary schools beginning in 2021-2022.

Scenario Development Criteria for Regular Zoning: (in order of priority from community feedback)

Theme	Description
1. School Size	relieve overcrowding; reduce class size; reduce student to teacher ratio
1. Proximity	geography; closeness to school; keeping neighborhoods together
3. Minimize Change	want students to remain at the school they're currently at; don't want to be rezoned multiple times; happy with the way things are, difficulty on students to change
4. Feeder Patterns	keep students together as they transition to the next level, not splitting an elementary school when going to middle school

Scenario Development Criteria for Bilingual Zoning: (in order of priority from community feedback)

Theme	Description
1. Proximity	geography; closeness to school; keeping neighborhoods together
2. Feeder Patterns	keep students together as they transition to the next level, not splitting an elementary school when going to middle school
3. Minimize Change	want students to remain at the school they're currently at; don't want to be rezoned multiple times; happy with the way things are, difficulty on students to change
4. School Size	relieve overcrowding; reduce class size; reduce student to teacher ratio

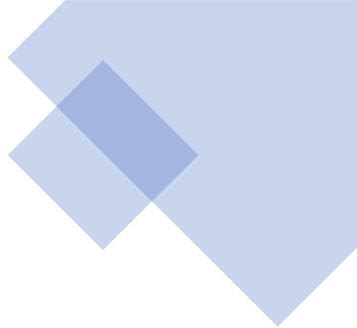

Operating Guidelines:

- Administrative staff will try to honor the priority criteria as close as possible, however there may be situations where criteria could conflict with another criteria's priority.
- Scenario development criteria for regular zoning will take precedent over scenario development criteria for bilingual zoning.
- Administrative staff will use the enrollment projections and other pertinent data provided by the district as a basis for developing the attendance boundary plan.
- Administrative staff recommendation is not constrained by previous attendance zoning actions or guidelines.
- Administrative staff recommendation is not constrained by the current attendance zone boundary lines.

Virtual Town Hall Zoning Feedback

Leander ISD hosted two virtual meetings via Zoom on Feb. 2 and Feb. 4 to present data and scenario maps. At the end of the webinar, attendees participated in a short survey.

Zoning Charter Priority	Weighted Score
Agreement scores about scenario B's alignment with the charter priority (higher score reflects higher agreeability).	
School Size	116
Proximity	326
Change	316
Feeder Patterns	171

NBCD 1675 and 1680 (Cold Springs and Hazlewood) expressed support for scenario B, keeping them at Akin.

NBCD 1400 and 1425 (Vista Oaks East and West) shared concern about potentially being rezoned to Elementary¹²⁸ School 30 in 2023 or 2024 (Ranch at Brushy Creek site) as well as being split between Akin and ES 30.

Heard some concern about crowded Akin but not specific to a specific neighborhood.

Leander ISD Board Meeting Agenda Item Information

Meeting Date: Monday, February 22, 2021

Agenda Item:	Bond Election Scenarios	
Purpose (this meeting):	<input checked="" type="checkbox"/> Discussion Item/Report Only	<input type="checkbox"/> Action Requested
Administrator Responsible:	Jimmy Disler	
Attachments:	Bond Election Scenarios Packet	

Background Information:

At the January 14, 2021 meeting, Dr. Gearing presented a timeline that depicted various options of when a bond election might be held. In addition, it showed the timeline and impact of a bond election illustrating when new schools would open and when the necessary milestones of each project would need to begin in order to meet the school opening deadline.

Administration will present several bond election scenarios that show different timing options for a possible bond election and will discuss the pros and cons of each scenario. Each 3-year bond scenario shows the number of schools that would be needed and the impact to the operating budget. While reviewing these scenarios, it's important to consider not only the size of the bond, but also the impact it will have on the operating budget.

The November 2021 bond election scenarios all show COVID impact students returning to school. Each of the May and November 2022 bond election scenarios show both COVID impact students returning, and COVID impact students not returning.

Please contact Jimmy Disler with any questions.
