

**Special Meeting Agenda
Thursday, February 2, 2023
LEO Conference Center
300 S. West Dr.
Leander, TX 78641
6:15 PM**

During meetings of the Board of Trustees, we want to give our public access while providing a safe and secure environment. If you're planning to attend the meeting, please review the meeting protocols designed to help manage health, safety, decorum and citizen comments. The Board meeting protocols are available at <https://bit.ly/3DHAR4v>.

Note, the district has instituted a clear bag policy for members of the public at all Board meetings (see the link above for details).

Doors will open to the public at 5:30 PM.

Members of the public may access this meeting via live stream at <https://live.myvrspot.com/st?cid=MmVIZD>. Please note, this link will not be active until approximately 5 minutes before the scheduled meeting time.

This is a Special Meeting of the Board of Trustees. At Special Meetings, Citizen Comments will be limited to topics listed on the agenda.

Citizens wishing to address the Board of Trustees may do so in person at the meeting location noted on the agenda. In order to address the Board, individuals must sign up online at <http://bit.ly/3XJ8mhh>, between noon the day prior to the meeting and noon the day of the meeting. Citizens who need special accommodations or assistance with sign-up should contact the office of the Superintendent (512-570-0000) during regular business hours.

The notice of this meeting was posted in compliance with the Texas Open Meetings Act on January 30, 2023, at 3:37 PM.

The subjects to be discussed or considered or upon which any formal action may be taken are as listed below. Items do not have to be taken in the order shown on this meeting notice. Unless removed from the consent agenda, items identified within the consent agenda will be acted on at one time.

- 1. CALL TO ORDER AND DECLARATION OF QUORUM**
- 2. CITIZEN COMMENTS (Citizen comments will be limited to topics on the agenda. See notes at the top of the agenda for instructions on how to sign up and details regarding speaking.)**
- 3. DISCUSSION / ACTION ITEMS**
 - A. Discussion of Public School Finance 3
 - B. Discussion of Citizens' Facilities Advisory Committee (CFAC) and Long Range Planning Committee Recommendations and Other Items Related to Possible Future Bond Election 24
- 4. BOARD MEETING DEBRIEF**
- 5. ADJOURNMENT**

If, during the course of the meeting, discussion of any item on the agenda should be held in a closed meeting, the board will conduct a closed meeting in accordance with the Texas Open Meetings Act, Government Code, Chapter 551, Subchapters D and E or Texas Government Code section 418.183(f). Before any closed meeting is convened, the presiding officer will publicly identify the section or sections of the Act authorizing the closed meeting. All final votes, actions, or decisions will be taken in open meeting. [See BEC(LEGAL)]

Leander ISD Board Meeting Agenda Item Information

Meeting Date: Thursday, February 2, 2023

Agenda Item: Discussion of Public School Finance
Purpose (this meeting): Discussion Item/Report Only Action Requested
Administrator Responsible: Pete Pape
Attachments: Discussion of Public School Finance Pres (*to be loaded to BoardBook prior to the meeting*)

Background Information:

At the January 26, 2023 Board meeting, the Citizens' Facility Advisory Committee (CFAC) recommended to the Board of Trustees to call for a May 2023 bond election. By statute, the Board must call for a May bond election no later than February 17, 2023. In preparation for this decision, district administration will provide an overview of the current Texas school finance system with particular emphasis on how funds can be used in the Maintenance & Operations (M&O) fund which is funded by the M&O portion of the tax rate and the Interest and Sinking (I&S) fund which is funded by the I&S portion of the tax rate.

Administrative Recommendation:

Discussion of Public School Finance

February 2, 2023

Seeing Both the Details and the Big Picture

What are Maintenance & Operations (M&O) and Interest & Sinking (I&S) Tax Rates

A school district's property tax rate is made up of the M&O tax rate and, if applicable, an I&S tax rate.

- As its name suggests, the M&O tax rate provides funds for the maintenance and operations costs of a school district.
 - The calculation of both Tiers I and II and the revenue at the maximum compressed rate (MCR) is tied to a districts M&O tax rate.
- The I&S tax rate provides funds for payments on the debt that finances a district's facilities.
 - The calculation of facilities funding is tied to a district's I&S tax rate.

6

M&O Funds Restrictions

Can Use Toward...

- Employee salaries
- Employee benefits
- Student educational resources
- Classroom supplies and equipment
- Utilities
- Insurance
- Legal and audit services

Cannot Use Toward...

- Paying debt when raising M&O rate while lowering I&S rate

I&S Funds Restrictions

(can only be used to pay outstanding debt)

Can Use Toward...

- Paying off bonds sold for construction, renovations
- Early repayment of outstanding debt

Cannot Use Toward...

- Maintenance and Operations
- Employee salaries
- Employee benefits
- Student educational resources
- Supplies and equipment
- Utilities
- Insurance
- Legal and audit services

Bond BACKGROUND

2021 Bond History

Proposition A

A measure to use \$727.2 million to pay for five new schools, renewal and renovation for several campuses, and fine arts equipment failed by 215 votes.

Proposition B

29

The proposition to fund \$33.3 million in technology replacements passed by more than 800 votes.

Proposition C

Voters rejected this bond measure to use \$11.7 million for lighting and sound upgrades for high school performing arts centers by 765 votes.

Bond BACKGROUND

USD TAX RATE

INTEREST &
SINKING

\$0.33

total

\$1.27

per \$100 valuation

Interest & Sinking Explained

Funding for new construction, repairs, renovations, HVAC systems, roofing, and technology comes from the I&S portion of the district's tax rate. In August 2022, the Board approved decreasing the Interest & Sinking tax rate by 13.5 cents. In November 2022, voters approved a measure that would increase the Maintenance & Operations portion of the tax rate by 9 cents to help pay for day-to-day operations, including teacher and staff salaries. This change reduced the overall tax rate by 6.5 cents.

Can we pay for new debt without raising I&S?

Yes. While certified home values increased by 27% in 2022, we are conservatively estimating home valuation growth of 10% for the next two years, 5% in 2026, 3% in 2027, and 2% for the following 6 years. This allows for a debt capacity of \$900 million – \$1.4 billion over 5–7 years at an I&S tax rate of 33 cents.

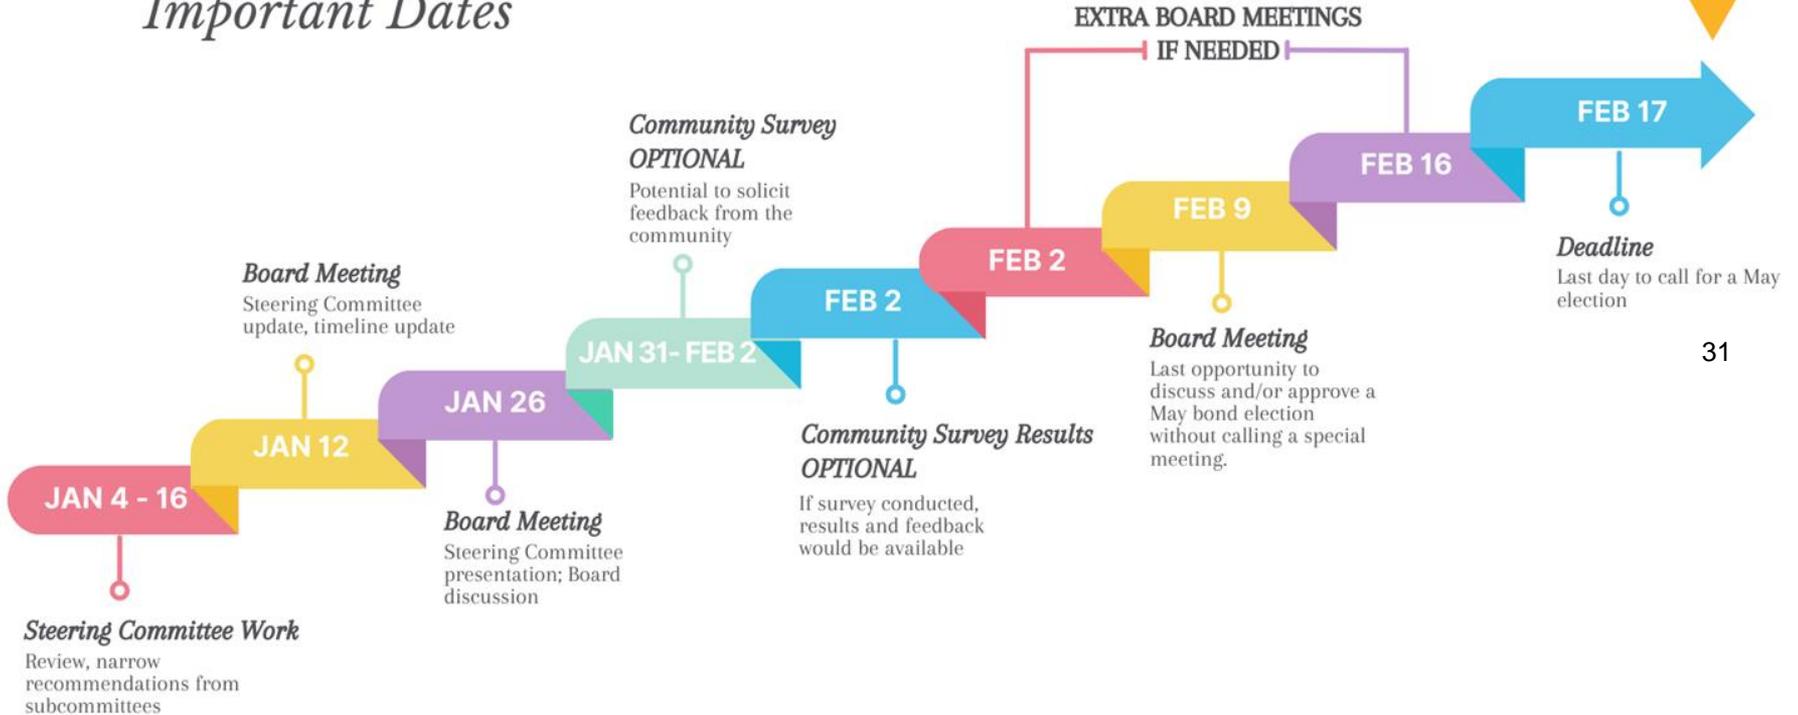

Thanks to prudent fiscal management, Leander ISD is:

- on target to meet the Board's goal of reducing its overall Capital Appreciation Bond (CAB) debt portfolio to 25% by 2030.
- defeasing \$27 million this year as part of a total \$44 million in defeasance over the next three years.

Important Dates

Bond RECOMMENDATIONS

1

Subcommittees

From September to December, CFAC members reviewed demographic data, the 10-year capital renewal plan, campus needs assessments as well as visited schools and facilities. They also considered feedback from staff, parents and the community. Each subcommittee identified critical needs and prioritized projects in tiers 1-3 (highest to lowest). In total, the committee recommended \$448,796,136 in Tier One projects.

Steering Committee

From January 4-16, the Steering Committee reviewed each recommended item. Members referenced the district's Long-Range Plan in an effort to balance continued growth while maximizing use of facilities. Of the \$448,796,136 Tier One items identified, the Steering Committee agreed to recommend more than \$119 million.

2

*Process for
making a May
2023 bond
recommendation*

3

Steering Committee

Through "hot dotting", members prioritized the remaining projects up for consideration. The committee felt it was best to recommend a range in dollar amount of projects to give the Board flexibility in adding any items.

Board of Trustees

The Steering Committee presents its list of recommended bond items to the Board, who have the option for a community survey. The Board will then decide whether or not to call a bond election with authority to revise and finalize the list.

Citizens' Facility Advisory Committee (CFAC) and Long-Range Planning Committee Recommendations and Other Items Related to Possible Future Bond Election

46

February 2, 2023

Long-Range Planning Committee

The Long-Range Planning Committee (LRPC) was charged with developing a ten-year facilities plan, focused on student learning and anchored in our core beliefs that take into consideration the following criteria:

- student access to learning experiences that interest them
- facility optimization
- fiscal responsibility
- changes in population over time

47

History of Long-Range Planning committee and timeline for the development and implementation of the plan can be found at <https://www.leanderisd.org/longrangeplan/>

Campuses Projected to Remain Under Capacity

Long-Range Planning Committee identified campuses projected to remain under capacity that may be considered for a modified utilization to accommodate other district needs in the near future.

2 or 3 Central Elementary Schools

(for consideration - listed in alphabetical order)

- Cypress
- Faubion
- Giddens[^]
- Mason
- Naumann
- Reed
- Westside
- Winkley

1 South Elementary School

(for consideration- listed in alphabetical order)

- Bush
- River Ridge
- Steiner Ranch

53

The Long-Range Plan also noted that one Middle School in the southern portion of the district could be considered for a modified utilization at a later date (would not be a consideration in this bond election, but would be needed in a future bond election).

[^]While Giddens is not projected to remain under capacity, the central location of the campus is a reason it is being considered for a modified utilization.

Long-Range Plan Considerations for Next Bond Election

The following components are built into the Long-Range Plan and could be accommodated through the renovation/modified utilization of current district buildings:

- New Hope HS
- Early Childhood Center(s) (ECC)
 - *If the district chooses not to utilize ECC's, then another new elementary will need to be added to the next bond to accommodate growth*
- LEO Campus (*if current LEO campus is utilized as an Early Childhood Center*)
- Schools of Choice
- Additional Administrative Offices

Possible Timeline for Modified Utilization and Renovation of Elementary Campuses Projected to Remain Under Capacity

If a bond election is proposed and is successfully approved by voters, then:

2026-2027

- The identified campuses could reopen and operate as their new purpose

2025-2026

- Renovations for the Elementary campuses could occur

55

2024-2025

- Final year that two identified Central ES and one identified South ES could operate as their current campus

Fall 2023

- Zoning process for Elementary School (ES 30) will occur (to be effective Fall 2024)
- Zoning process for modified utilization of identified Elementary campuses could occur (to be effective Fall 2025)

****Timeline for discussion purposes only; no decisions have been made at this time***

Additional Considerations - Renovations and Repairs

The recent winter weather reminded us of the importance of ensuring we have resources for the scheduled maintenance of district facilities. We are appreciative that CFAC has already included some of these items in their recommendations.

- Modernization Updates at CPHS, VRHS, RBMS, Bagdad, and Naumann
- Design of Modernization Update at CRMS and HMS

56

Additional Considerations - Leander HS Master Plan

LHS Master Plan Timeline

- Board approved funding for architectural services to facilitate the creation of the LHS Master Plan July 2022
- Purchasing department completed process to be able to hire architect in November 2022
- Design Committee will meet throughout spring 2023
- LHS Master Plan anticipated to be finalized May/June 2023
- Construction phases of renovation would be included in future bond elections
 - A placeholder for Phase One construction to be included in the next bond election
 - Design of remaining phases would also be included in the next bond election

57

Additional Considerations - Technology

Interactive Flat Panels

- Our LISD community voted **in favor** of interactive flat panels for every classroom in Prop B of the 2021 Bond Election. However, the funding to install the interactive flat panels had to be included in Prop A which the voters **did not pass**.
- In order to fulfill our community's desire to have interactive flat panels in every classroom, the installation costs would need to be included in the next bond election.

58

Additional Considerations - Security

- **Projects required due to TEA proposed safety standards requirements (must be completed by May 2023 or have a contractor procured with timeline to complete):**
 - Campus exterior and interior door numbering
 - Fencing for areas with roll up doors (AG shops and athletic weight rooms)
 - Forced entry resistant film on exterior glass doors and adjacent windows for 44 schools
 - Portable exterior classroom door handles replacements

- **Replacing existing Camera, Camera Servers, and Access Control Panel equipment due to Aging Systems:**
 - Aging camera servers needing replaced
 - Aging camera replacement
 - Aging access control panel replacements (badge reader system)

59
