School District of Seward Board Report

September 12, 2022

Jessica Dominy, Principal

Seward Elementary School

Enrollment: as of September 12, 2022

- Preschool: 71
- Kindergarten: 95
- 1st Grade: 86
- 2nd Grade: 102
- 3rd Grade: 91
- 4th Grade: 108
- Total: 553

Upcoming Seward Elementary Events:

- September 7th-September 21st: NWEA Testing (2, 3, 4)
- Monday, September 19th: No School - Staff Development Day
- Thursday, September 22nd: Plum Creek Literacy Festival
- Monday, September 26th: PTO Meeting @ 5:30 PM
- Wednesday, September 28th: Cherrydale Kick Off (PTO Fundraiser)
- Friday, October 7th: No School - Elementary Plan Day

Plum Creek Literacy Festival:

Seward Elementary is extremely fortunate to have two famous authors visit our school on September 22nd, thanks to Concordia University's Plum Creek Literacy Festival. Our students will be listening to two authors this year: Tim Bowers and Guy Francis! Both of these authors have written amazing children's books that are an absolute hit with our students. A HUGE thank you goes out to Concordia University for planning this special event for our students. We are so excited to meet these famous authors!

PLC (Professional Learning Communities):

Our PLC's are up and running for the 22-23 school year. Each certified teacher belongs to a PLC at our school. Every other week throughout the school year, we will meet to have professional conversations about how to challenge each student and how student needs connect to our instructional model, problem solve instructional issues/interventions/enrichments, as well as analyze data (both behavioral and academic). From my perspective, PLC meetings are wonderful times to work closely with each grade level team and the specials team. The conversations about instruction and student growth are very productive and worthwhile.

Character Recognition Program:

Because we have a nautical theme this year, our character award for students is called the SES Character Crew. We will focus on one character trait a month, beginning in September with responsibility. Teachers are working with students to teach them what it means to be responsible. As the month progresses, adults at SES will watch for students who are demonstrating respect and students will be recognized at the end of the month. Students who are recognized will have their picture in the paper, in our trophy case, and be given a small prize. Our hope is that students will learn character development skills at an early age and understand the importance of demonstrating these skills their whole lives. Skills being taught include responsibility, kindness, leadership, self-control, respect, encouragement, perseverance, and effort.

Homecoming Week:

Seward Elementary is looking forward to participating in Homecoming Week again this year! Our students enjoy being included and we feel this helps build unity within our school district.

PTO Ice Cream Social:

The Seward Elementary PTO sponsored an ice cream social for our families on Tuesday, September 6th. We enjoyed welcoming families to the 22-23 school year and had a great turn out! Thank you to the PTO for sponsoring this fun event!

3. Parent Teacher Conferences. They will take place Monday, 26 September, from 1600 to 2000 hrs. (4:00-8:00 pm). Our 5th grade teachers will continue to have both of their conferences

in the fall semester with their additional conference for parents on Thursday, 22 Sept., which is the week prior.

4. Student Wellness Day. Scheduled for Friday, 30 September. This is a full day of activities with our entire student body. Students will walk from our building along the Plum Creek trail then back to Plum Creek Park for wellness clinics with CU coaches and students. Mr. Makey coordinates this activity and does a very nice job organizing everything. This day is designed to bring awareness of the importance for adolescents to establish healthy lifestyles.

5. Plum Creek Literacy Festival. This will take place Thursday, 22 September. Our students will be bussed to and from the high school (7/8 in the morning and 5/6 in the afternoon) with each group hearing two authors.

6. MAP (NWEA) Testing. These assessments took place in August, some in early September with only a few make-up tests remaining. We test every student in the middle school with students missing less than one day of instruction during the testing period.

7. Happenings at the Middle School.

1. After School Programs. No after school programs currently scheduled with UNL Extension in September.

8. Student Council. Our Student Council members have not yet been determined for this school year. Mrs. Gebhardt and Ms. Gannon have taken on the responsibilities as supervisors of that program this school year. They will organize the election process this month for students to vote on their grade level representatives then organize the activities. Students only vote for those in their own grade.

9. Strategic Plan Update. Our School Improvement action teams met during our staff development days in August. Action teams usually meet monthly to make progress towards their goals. Our middle school improvement goals are:

1. We will address the physical, emotional, mental and social health needs of our students by implementing programs that support the student and cultivate healthy, supportive relationships between students and staff.

2. We will provide a streamlined yet effective system of communication.

3. We will optimize staffing, scheduling, instruction and grading to meet the needs of the whole child.

4. We will expose and guide students in exploring, connecting with and learning more about the variety of business and career opportunities in the community and beyond.

**Board of Education Report
September 2022
Seward High School
Scott Axt-Rich Eber-John Moody**

The 2022-2023 is off to a great start! Students and teachers are getting settled into their schedules, fall sports are in full swing and we are doing great across the board in all activities. We are really excited about the direction of the school year. We would encourage any and all board members to stop in at the High School to see some of the exciting things going on in our classrooms or in our extracurricular activities.

Safety Drills: We have completed two fire drills, a tornado and a bus drill this school year. We do ten fire drills per year by law, one crisis drill per term, and one bus and tornado drill per semester. We have really made building security an increased priority this year. Our staff has done a very good job on making sure interior and exterior doors are secure at all times. Both High School admin assistants have participated in a school safety office staff training at ESU 6 and they were very thankful for the opportunity and came away with great information.

Parent Teacher Conferences: We will host conferences on Wednesday, September 14th. This is a new day of the week. We are going to give Wednesday a try as we often always conflict with many activities pulling away parents, students and staff so we help this will improve our overall attendance numbers..

Homecoming Week: Homecoming week is the week of September 19th. The BlueJay Leadership Team is planning activities for the week and we have been granted permission to start the game at 6:30pm, this will allow more time between the game and the dance so students can change and have more time at the dance.

Freshman Orientation: We had an extremely well attended Freshman Orientation Event, we only were missing one student! Feedback from parents and students indicated that the information and experiences provided as part of this orientation was very well received. The vast majority of the attendees commented how they enjoyed the open house format and the goosechase game that students and parents participated in as they made their way around SHS.

NWEA Testing : We will begin with fall NWEA testing the week of September 21st for students in grades 9-10. Students will be tested in math, reading, science, and language usage. The results of these assessments will be used to guide our instruction, intervention practices, and provide students and parents an indication of their growth and progress. NWEA assessment results serve as an important barometer within our comprehensive assessment system.

ACT Testing: All Juniors will be taking the ACT on October 18th. This was new last year and we were pleased with the results as we saw huge improvements from fall to spring in our scores. We had one student score 8 points higher! Thank you to the board for allowing us to continue to offer the ACT in the fall.

Enrollment Numbers:

Grade Level	Enrollment
Grade 9	126
Grade 10	128
Grade 11	121
Grade 12	128
Total	503

Activities:

Currently SHS has the following numbers participating in Fall activities:

Football - 85

Cross Country - 39 (21 boys and 18 girls)

Volleyball - 37

Softball - 24

Girls Golf - 19

Cheer - 18

Clubs are currently enrolling students this Fall. * We will get you updated numbers in October.

Fall sports are off to a good start, football is 1-1, volleyball 5-1, softball 8-2. Cross country and girls golf have had strong showings this year too.

School District of Seward

Board Report

Shannon Hall-Schmeckpeper, Director of Special Services

September 12, 2022

As with every year things have been busy in Special Services. There are a number of state reports that are coming due.

We have also had several new students move into and out of the district. As of September 1, we have 9 new students who have an IEP from their previous school district enrolled in Seward. We had 14 students on an IEP transfer to another school district before the start of the year.

Our HAL report has been submitted to NDE. We currently have 140 HAL students for the 2022-203 school year. This includes 7 newly identified 3rd grades students who we are still working on getting paperwork from their families to get them enrolled. As part of the report that was submitted to NDE, I outlined how we would use the state funds of \$11,780 that we were allotted. A portion of that money is used to send students to competitions such as Quiz Bowl and other student activities such as the science fair and Science Olympiad.

We welcomed 65 preschool students into Seward Elementary School in 4 classes. There are 27 students that receive special education services and 38 students who are peer models. As of now, 3 more students that are currently being serviced at home on an IFSP will transition to the preschool classroom in January 2023. This is a wonderful opportunity for our students to learn together in a structured, nurturing environment.

The current NDE Exempt School List indicates that we have a total of 33 families that have fully submitted applications for 69 students to be homeschooled. The total of 69 students is approximately 4% of our K-12 population.

We are currently working on Staff Reporting which is due on September 15th. Our final Flex Funding report is due September 30th. And Indicator 11 and 12 which look at the number of special education referrals that we completed within the 45-day timelines is also due September 30th. We will then start working on SPEDFURS which is our final financial. I am so appreciative of the work that Heidi Covert and Christine Towle do to help complete these reports.

September 2022 Board Report for Curriculum and Staff Development

Board Members,

The first few weeks are complete and I shared with the staff that as I walk around our buildings, I see students and teachers back into routine and learning, smiles on students faces, and unlimited potential for a great school year.

Curriculum

This year we are in the English Language Arts curriculum cycle and it will be an important year to address some of our curricular gaps in reading instruction as well as create a strong match between the Nebraska ELA standards and the materials that we teach from. In September our ELA staff will break into two groups, K-6 and 7-12. These groups will have presentations about current research in literacy instruction as well as instructional shifts that the standards require. The staff will also have opportunities to experience the research with hands-on activities that are similar to what they will be teaching.

Instruction

Our focus for our professional learning communities and our district strategic plan is grading and assessment. We are answering the following question at each building: How can we better communicate to parents where their child is achieving on the priority standards for each course we offer K-12? At one building this may be through a revised report card while another building may look at parent teacher conferences and talking points for these meetings. We are also looking at gathered data regarding grading practices used in surrounding districts and seeking consensus on how/if we move forward in some of these areas.

Staff Development

Our September staff development day will start with a presentation on Suicide Prevention. Our new LMHP and other LMHP's from Wellness 4 All will present QPR(Question, Persuade, Refer)

training to our staff. All elementary teachers and 7-12 ELA teachers will have a presentation regarding current research in reading instruction as mentioned above. We will also have a large number of staff complete CPR training. As a reminder- All coaches, preschool teachers and paras, as well as our Emergency Response Teams are trained in CPR.

Assessment

You may have heard information about concerns regarding the NSCAS Growth assessment that was scheduled to be given in the Fall, Winter, and Spring of this year. A number of superintendents and other administrators had real concerns about the reliability of the NSCAS Growth assessment at its current implementation. We make important decisions in the Fall (Reading intervention placement, High Ability Learning, class placement) using student achievement data and in the past, we have used NWEA MAP Growth (Normed over many years and students from across the nation) to make these decisions. Leaders in our state felt like the NSCAS Growth assessment needed more time to increase reliability before we could use this assessment to inform high level decisions about student learning. NDE agreed to this and will only require that we give NSCAS Growth in the Spring.

Our Juniors will be taking what we call the "District ACT" test on October 18th. The ESSER grants allowed for funding to be used to support students with assessment efforts that may have been impacted by the Pandemic. We started offering this additional ACT test last year and we saw students make considerable gains from Fall to Spring ACT testing. This is quite a service that we will be providing these students and families as they will get the opportunity to take the ACT at the beginning of their Junior year.

My plan is to provide a presentation about our assessment data at the October Board Meeting. This will include information about ACT and NSCAS.

Thank you for your support.

September Staff Dev. Newsletter

A newsletter for the Seward Staff by Dr. Dominy

Welcome Back!

It has been great to see all of you during our first few weeks of school and our Fall Workshop. Our students are fortunate to have you in their lives and our community is blessed to have you educating our youth. As I make my way around the buildings, it is evident that we are starting to get back into the groove with our procedures, routines, and processes.

The coming weeks will provide opportunities for our students to grow academically, physically, emotionally, and socially. I hope that you will take some moments to celebrate this growth and recognize your role in making this happen. You do have a greater purpose here and every position we have in Seward Public Schools should feel ownership in the success of our students.

This newsletter features an article by Jon Gordon who has been an inspirational speaker for the past several years. You will also find an article that may be useful regarding parent communication as well as an opinion piece about reading instruction to get our minds thinking about our ELA adoption.

Thank you!

Matt

Building Greatness by Jon Gordon

I wrote a book called [The Carpenter](#) but it's really about being a craftsman/craftswoman. What's the difference? A carpenter builds things. But a craftsman/craftswoman puts their heart and soul, spirit and passion into their work to create a masterpiece.

The truth is it's easier to just show up. It's easier to go through the motions at work, at home, in your job, or sport. It's easier to be mediocre.

But nobody remembers average. Going through the motions won't make an impact. Just showing up doesn't lead to greatness.

Michelangelo said, "If people knew how hard I worked to get my mastery it wouldn't seem so wonderful at all."

It's hard to be great. It's difficult to create a masterpiece. But it's well worth the effort. So if I just work hard I can become a craftsman many ask? Actually it requires more than effort. It's not just about hard work. It's about what drives you to work hard in the first place.

I was speaking to a group of professionals one time and I asked, "Who believes they can work harder than they already are?" Everyone raised their hand.

So what's the next question? Why aren't you?

We discussed it and decided that to work harder you have to care more. When you care more you will do more, create more and become more.

When Steve Jobs was a boy his father was building a fence in the backyard. Steve noticed that his father was using the finest wood and applying special care for the back of the fence just like the front. Steve asked his dad why he was doing this since no one would see it and no one would know. Steve's dad looked at him and said, "You will know. I will know."

Steve said it was a defining moment in his life and is the reason why he designed Apple products with such craftsmanship and care. Even the inside of the iPhone is designed beautifully because Steve was a craftsman. In fact Apple's Chief Designer Jonathan Ive famously said, "We believe that our customers can sense the care we have put into our product and design."

When you are a craftsman in a world of carpenters, people will clamor for your product or service and your craftsmanship.

And here's the great news. We can all be a craftsman or craftswoman. It doesn't happen right away. There's no such thing as an overnight success. You will have to try new things, fail, learn, improve and grow. You'll face countless challenges and tons of rejection that make you doubt yourself and cause you to want to quit. But if you see yourself as an artist dedicated to your craft with a desire to get better and you show up each day and put your heart and soul into your work you'll get there and the world will be better for it.

There's a word I love and it's called Meraki. It sounds like it's a Japanese word but it's actually a Greek word and it means to do something with love, creativity and soul; to leave a piece of yourself in your work; to leave something behind.

Meraki.

Being a craftsman/craftswoman is all about Meraki.

Put your love and soul into it.

Leave a piece of yourself in whatever it is you are building.

Leave something behind.

Create a masterpiece that reflects the essence of your love, energy, effort and craft.

Talking to Parents

Parent teacher conferences will be happening at the Middle and High School in September. Below you will find a few tips when working with parents regarding behavior as well as a few tips to talk about academics.

Behavior Conversation

What to think about before parents arrive

All behaviors can fall under one of four goals:

They want their child to be **Smart, be Liked, Feel Good, Feel Taken Care of.**

Be aware of:

Their readiness level to receive information.

Your need to have control and power in the situation.

The parents may not process all the information given to them.

Talking Points

When talking with parents, keep the emphasis on the 4 goals that parents want above.

Be Smart

My Goal for your child is to be successful and learn...When s/he:

- Talks out
- Makes noises
- Loses or does not complete assignments
- Plays with things in their desk
- Bothers others
- Interrupts the teacher

This interferes with their ability to be as academically successful as they can be.

Be Liked

My goal for your child is to be liked by others and have friends at school...when s/he:

- Bosses others around
- Rolls her eyes
- Calls people names
- Destroys property
- Lies
- Steals
- fights

This stops others from liking your son/daughter

Feel Good

My goal for your child is to feel good about him/herself...when s/he:

- Argues
- Rolls eyes
- Does not follow instructions
- Calls people names
- Does not complete assignments
- Curses
- Hits people

It may affect how s/he feels about him/herself

Taken care of

My goal for your child is to take good care of him/herself and avoid getting into trouble..when s/he:

- Yells
- Rolls on the floor
- Curses
- Runs out of the room
- Talks back
- Calls names
- Becomes angry

It interferes with his/her learning and ability to make good decisions.

Academic Conversation

This quarter we have been focused on the following learning goals: Your child showed great progress with _____ learning goal as they did this project/assignment/paper. The learning goal that your child struggle with the most was _____ a few examples of what we did related to this learning goal are _____ The next quarter will be focused on these learning goals _____ as a parent, you can help your child the most by watching for these activities/asking these questions/sharing information about/etc.

As you know, we will be in an ELA curriculum review cycle. The article below is an "Opinion" piece. The author of the article is a well-renowned educational expert and has some good thoughts regarding literacy instruction. This article is not meant to be an endorsement of how to teach ELA, only to provoke thoughts and questions as we move into the ELA curriculum review process.

September Holidays

Nebraska Revised Statute 79-724 requires the following:

Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King Jr.'s birthday, Native American Heritage Day, **Constitution Day**, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

Constitution Day is September 17!

September 2022 BOE Meeting

The school year is off to a great start! Leadership Team's main focus this year is to create improved unity in our school, as well as with our community. In order to achieve this goal we have set up some creative ideas, involving several different parts in the school:

- ★ The Leadership Team has created locker magnets that we have put on each of our 18 lockers that include a barcode, so that students can scan the magnet and leave ideas and suggestions for school improvement that will go directly to us as BLT members.
- ★ We have created a "Student Hub" board, so that students can have a landing point where they can find information about club meetings, game days, and testing information. Here is our August Board:

- ★ We have begun preparations for Homecoming as well! We are so excited about our theme this year, "Game on Homecoming!" Homecoming is September 23rd, and the football team will be playing Gerring. Go Bluejays!

Another exciting piece to our school year is the new lunch program! Kids seem to really enjoy the new food, and all of the options that are available.

I have included a list of all the fall activities and direct quotes from activity representatives:

Crayton Koranda (FFA President): This month for FFA has started with our first chapter meeting which takes place every month. We are having Husker harvest Days on September 14 which is a day for FFA members to go to a massive farm show allowing for networking opportunities, booths, and free stuff. After that on the 22 of September we have the elementary school come to the fairgrounds for Agriculture Safety Days in which we are creating a committee with three members from the chapter and two officers to plan out this event. In this event we led elementary students around different booths to show them the cool things of Agriculture and how to be safe with farm equipment. Our first competitions are coming up such as regional land evaluation along with Feed a Farmer where we have members go to grain Co-ops to hand out food to farmers when they are delivering to show support for our community. FFA has a ton of exciting activities going on every month in which we get to serve the community or compete in competitions. I'm looking forward to making this year one of the best for members with the help of my officer team and advisors!

Rorie Filbert (FBLA President): FBLA kicked off the season with our annual party for new and old members. At this kickoff we ate some food, played games, and really talked about our plans for the year as a club. We had a great turn out of not only upperclassmen but also underclassmen. We are looking forward to all the competitions planned. A big part of our goal this year is to also get more involved in our community such as touring local businesses and participating in more community service projects.

Emma Lowther (Drum Major): Marching band is starting with a great start to our season! September 2nd will be our first half time show of "The Incredibles" which was learned at a band camp we had over the summer. We will have five competitions this year, our first being September 24th at Columbus. We hope for a full superior season, and a great performance at state. Everyday we meet on the practice field at 7:45, working on the music and drills of our show. We are excited for our upcoming season and can't wait for everyone to see the progress of The Pride of Seward High throughout the fall. As a drum major this year, I am already proud of the hardwork and dedication shown in the band, and hope to share this spirit to all of Seward.

Kaylie Nelson (FCCLA President): FCCLA was able to host their kickoff party for new and recurring members to start off the year. We are looking forward to districts and state conferences as our members have started planning their competitive projects. As a club, we plan on using our resources to do a variety of community service projects this year to further the connection between the public and the students.

Rachel (Skills USA): SkillsUSA is getting started with their Fall Leadership Conference in September to kick off the year! With such success last year in the State Conference, and a great time from those represented in Nationals, SkillsUSA is back with the theme "Our Time is Now" to drive us into another successful year!

Kalen Knott (Football): The football team has started off their season with an exciting win against Norris (24-44). Where the team lacks in size they make up in heart as they are the always hardest workers out on that field and not willing to rollover and get beat. Seward Football has many new young additions to the team and first year starters. This provides a glimpse of a compelling season to come as they plan to keep the win streak alive and look forward to having a successful season.

Keira Lliteras (Volleyball): Volleyball has started out strong. We won both of our jamboree games against Lincoln Christian and Syracuse. Then this past weekend we had our first Saturday tournament in Plattsmouth. Even though it was an early morning we went 2-1, beating both Plattsmouth and Nebraska City, and then losing a good match to Norris for the Championship. Overall we are really excited to continue into our season and plan to keep racking up wins along the way!

Alex Tonigges (Boys XC): Boys' cross country has gotten off to a solid start. Last week's time trial saw several personal records and great performances. The team has become more focused and have been working harder than ever before to constantly improve themselves. The lineup is strong and hopes are high for our upcoming first meet and the rest of the season as great success is expected this year.

Karnie Gottschalk (Girls XC): The girls cross country team has been very exciting to be a part of this year so far. We were able to recruit a lot of newcomers from multiple grades this year, so it is super exciting being able to be a part of this team and watch all of the teammates connect and grow in more ways than one. This group of girls is ready to get the season rolling and see what we are able to accomplish. There is a lot of potential in this group. During our time trial last week, we were already able to see significant improvement in multiple teammates' times. We actually had our first meet of the year today at Concordia also. It was an amazing experience for all of the girls. They were able to dive right in and experience the crazy, tough, and exhilarating sport that is cross country. We have a really hard working group of girls and we are all very enthusiastic about getting stronger and faster and seeing where this season leads us!

Audrey Dobesh (Girl's Golf): The Girl's Golf team has been having an exciting season with a great group of girls, many of whom are new members! We started the season with our home varsity meet on August 26th and played on September 1st in York. From just one week, we have seen significant improvement in each of our games, and we are looking forward to seeing the improvement we will make throughout the season. Our new members have been focusing on learning the game and are making great progress! We have many top competitive players, which keeps things exciting. Our team is looking forward to the rest of our tournaments throughout the season, all of which we have been working very hard in preparation for. From spending individual time at the range and putting green, to playing lots of holes, our girls are incredibly dedicated to their sport, putting in extensive time and effort to improve their game. As a senior, I am proud of the work our team has put in, and I look forward to a successful and enjoyable season.

Tarryn Hartman (Softball): This year we have had a great season so far! Our overall season record is 7-2. We just got done with a big week going 5-0 and winning the Seward Tournament. On Thursday, September 1st we play Norris here at Plum Creek Park. Next week we play Beatrice on Thursday, September 8th, and will end our week with a tournament in Hastings. Our next home game is September 15th against Milford. (Senior Night) Another fun thing we do all season is that Coach Carr has two unicorns that are given to different people every game. One of them is for an offensive player of the day, so whoever hit the ball well, moved runners around, those types of things, and the other unicorn is defensive player of the day, so who played their role in the field really well during that game.

Brenna McAdam (Show Choir): So far this year we have had our Show Choir camp where we learned all of our new songs! Upcoming, we have our choreography for our first two songs where we'll learn some of our dances! Our first performance will be at Opening Night in October, and so far we've had lots of successful practices during the mornings!

Olivia Haney (Cheer): Our season has been amazing so far! We have 16 fun and positive girls on the team that are always willing to help out and cheer on our fellow students. Our main focus at the moment is working on this year's homecoming routine that will be performed at the pep rally. We're all super excited to see everyone perform this year and to compete in January and February!
